RESOLUTIONS OF THE PRIVY COUNCIL.

At a meeting of the Privy Council of State, held at Iolani Palace on Thursday, Jan. 29, 1891, the following resolutions were unanimously adopted:

After a reign longer than that of any other sovereign of Hawaii but one, the earthly life of our beloved King, Kalakaua, was closed at 2:30 o'clock on Tuesday, the 20th day of January, 1891, in San Francisco, California, United States of America.

Failing health for some months past made it seem advisable that he should seek to regain it by a voyage to the more bracing climate of California, and inspired with this hope, he left his kingdom in November last. The voyage and change of circumstances at first seemed to benefit him, but at length mortal disease appeared with increased vigor, and he sunk to sleep scarce nine days ago in a foreign land. The friendly ship which the Hawaiian people were waiting for with expectant eyes, came this morning, bringing back, not their Sovereign in renewed health, but, alas, his lifeless remains. The decorations of loyal affection preparing for his reception are speedily changed into those of mourning, and we meet to-day in the impulse of a common sorrow.

The reign of our departed King was memorable as an era of remarkable and increasing prosperity. In the seventeen years of his reign, now closed, this nation has made rapid strides in its material industries, education and the arts of civilization.

But death comes alike to King and commoner, and the seventh sovereign of Hawaii has gone to join the roll of the illustrious dead. We humbly bow to the will of God.

RESOLVED, That the Privy Council of State here assembled, join with his beloved Consort, His Royal Sister and relatives, and the Hawaiian people, in expressing our great sorrow at this untimely decease of our late King.

RESOLVED, That the foregoing preamble and resolutions be entered upon the records of the Privy Council and published in the newspapers of this city, and RESOLVED, That the members of this Council wear the customary mourning for a period of thirty days.

C. P. IAUKEA,

Secretary.

CHAMBERLAIN'S NOTICE.

The Court will go into full mourning for His late Majesty Kalakaua from the date of this notice until two weeks after the funeral, and will wear half mourning from that time until the expiration of two months from the day of the funeral. Ladies will wear black with white trimmings for full mourning, and white with black trimmings for half mourning.

All members of the Government and all persons connected with the Court will wear crape on their several uniforms. Gentlemen being civilians will wear black suits and hat bands, and crape on the left arm during the period of full mourning.

All representatives of foreign countries, Consuls and commercial agents are invited to observe the period of mourning herein prescribed, and the public generally are requested to show their respect for the memory of the late lamented Sovereign by wearing badges of mourning during the time specified.

Vice-Chamberlain.

FOREIGN OFFICE,

Honolulu, Feb. 3, 1891.

The following Resolution of sympathy and condolence upon the demise of His late Majesty King Kalakaua have been received at the Department of Foreign Affairs:

[SEAL]

MAYOR'S OFFICE,

San Francisco, Jan. 24, 1891.

HON. D. A. MCKINLEY, Consul-General of the Hawaiian Islands at San Francisco.

DEAR SIR:—Allow me as a representative of the City of San Francisco to tender through you to the Minister of Foreign Affairs of the Hawaiian Government, my heartfelt condolence to the widow and relatives of the late King David Kalakaua and to the people of the Hawaiian Islands in your terrible loss.

Believe me the citizens of San Francisco mourn with you with the deepest solicitude in this your affliction and mingle their prayers with yours, that the Giver of every good thing may aid you in bearing the heavy burden of sorrow.

We realize that the widow of our deceased friend has lost the staff of oak she has so long leaned upon, but there is one on whom we can all cast our burdens.

"That one who left his home to die for us."

We hope the kind loving care of Jesus may sustain her in her dark and lonely hours.

To all her friends and family we offer our earnest prayers and sympathies and pray that heaven may take them under its kind protection.

We all mourn but still look forward to that bright day when Monarch and people will be united. Let us look forward to that land beyond the stars where parting is forever unknown.

With the kindest wishes for your future welfare and for the people of the Hawaiian Islands, I remain, yours truly,

GEO. H. SANDERSON,

Mayor of San Francisco, Cal.

WHEREAS, It has pleased Almighty God to call unto Himself

KALAKAUA,

King of the Hawaiian Islands, at a time when he was visiting our country and people as a Friend and Guest, and

WHEREAS, The sudden death of the Ruler of the Hawaiian People, away from his country and family, and his subjects, is an affliction which appeals to our sympathies as citizens and as a commercial organization deeply interested in the progress and prosperity of the Hawaiian Islands,

THEREFORE, be it

RESOLVED, That the Chamber of Commerce of San Francisco send to the Family and Countrymen of their departed Ruler its profoundest sympathy for the loss they have sustained at the hand of a Majesty before whom all on Earth must bow in humble submission.

RESOLVED, That the Trustees of the Chamber of Commerce are requested to appoint a committee to attend the obsequies of His Majesty, and that attested copies of these Resolutions be forwarded to the Royal Family at Honolulu and the Hawaiian Government.

SHIPPING NOTES.

The bark Coryphene will leave to-morrow for San Francisco. She will receive sugar by the steamer J. A. Cummins this morning.

The steamer Kaimiloa reported very rough weather on Kaula. She brought 2,202 bags sugar for the barkentine Mary Winkelman from Oahu.

The barkentine S. N. Castle and Mary Winkelman will finish unloading to-day.

The barkentine Planter shifted from the Pacific Mail Co.'s wharf to the Fish Market wharf yesterday to give room for the bark Charlotte to unload her cargo.

An iron ship-building yard is to be opened this year on Puget Sound by Detroit capitalists. Honolulu shippers will perhaps prefer to have their iron vessels constructed there rather than elsewhere, its nearness to us rendering it so.

The bark C. O. Whitmore, Captain D. H. Ward, is 65 days out from Newcastle, New South Wales, with a cargo of coal for this port.

The bark Nicholas Thayer is the only vessel from San Francisco which is expected to arrive at this port during this week.

The British ship Wayfarer from Antwerp reports an interesting happening on November 12th last. In latitude 50 deg. 30 min. south and longitude 65 deg. 20 min. west the barometer fell to 25.50 deg., the sky suddenly became cloudy and a heavy darkness prevailed, while the sea was extremely smooth. A few minutes later the surface of the ocean became a sheet of phosphorescent light, so brilliant that the beams of the sails could be distinguished. This curious appearance lasted several seconds and then passed away, the clouds lifting and a moderate breeze springing up. — S. F. Chronicle.

LOCAL AND GENERAL.

A special drill of the Uniform Rank, K. of P., this evening at 7:30.

The Ladies' social at the Central Union Church is postponed.

The meeting of the Y. M. C. A. boys has been postponed for one week.

A special meeting of the Sailors' Home Society will be held Wednesday, Feb. 11th.

At 10 A. M. to day Mr. Jas. F. Morgan sells at auction the household effects of Dr. Tucker at the latter's residence.

The February number of the Friend, an eighteen page journal, is out. It contains many interesting articles, and is a good number to send away by the Australia.

Among the telegrams, etc., received at the Foreign Office is one from President Harrison, expressing his regret and sorrow for the country's loss in the death of King Kalakaua.

The plans (of which there are six) for the New Sailors' Home may be seen at the Chamber of Commerce by any persons desirous of inspecting them. See notice in another place.

Court Diary—Thursday, Feb. 5, Estate of C. W. Hart; petition for administrator; Kaniku vs. Monsarrat, before McCully, J., at 2 p.m.; J. W. Puni et al. vs. A. K. Mika, before Dole, J., at 10 A. M.

From Mrs. Thos. Lack we have received a copy of the very pretty chromo calendar of the Union Metallic Cartridge Co., of Bridgeport, Conn. Like their cartridges, the calendar is always in demand.

The auction rooms of Mr. J. Levey presented rather a greenhouse appearance yesterday, a large number of Japanese plants, etc., were sold, bidding for the same being quite lively. The two jirickishas were also sold.

A large attendance should be had at the mass meeting to-night at the Kaunakapili Church. All nationalities should attend. The object is to pass resolutions of sympathy for the Royal Family and gratitude to America.

The fire yesterday afternoon at Mr. H. Dow's house was supposed to have been started by a child setting fire to a box of shavings placed on a veranda. No other damage was done than slightly charring the side of the building.

Yesterday C. Brewer & Co., Ltd., elected the following named officers: P. C. Jones, President and Manager; J. O. Carter, Treasurer and Secretary; W. F. Allen, Auditor. The directors chosen are Hon. C. R. Bishop, Hon. H. Waterhouse and Mr. S. C. Allen.

The following named have taken out naturalization papers from the Office of the Interior for the month of January, 1891: Thow Chay, native of San Ning, Canton, China; C. C. Anan, Macao, China; Chung Hoy, Canton, China; Ching Shai, Canton, China; Chuck Hoy, Canton, China; and Y. Ahin, Canton, China.

Disgusted Mormons.

A native Hawaiian Mormon with his wife and four children returned on Tuesday by the steamship Australia. They left Hawaii nei about two years ago on the steamship Umata for Salt Lake City, Utah, which the Mormon elders had painted to their imagination as the promised Zion. They were well to do when they left their native land, but returned needy. They stated that when they resided at Salt Lake City they fared well; but when they were removed to another town, about sixty miles away, they were treated like prisoners, not being paid for their services, and not even receiving any pecuniary help whatever. According to their statement, there are still seventy Hawaiian Mormons left at Salt Lake City. Some of them have accepted the tickets forwarded to them for their passage home by Hawaiian Consul General McKinley of San Francisco, and will return at an early date; but others have determined to remain at Salt Lake City and endure poverty and hardship rather than come home, because they think that after having sold all their lands here at the persuasion of the Mormon elders, they cannot overcome their sense of shame.

The Late King's Protege.

Among the passengers by the Australia was a telegraph messenger, a protegee of the late King. While in California King Kalakaua took a fancy to the little fellow, and persuaded him to leave the messenger service to enter his employ, intending to bring him to the Islands on the King's return. By the King's death the boy lost both a royal friend and a position. He was not without a friend, for Col. Geo. W. Macfarlane took him under his care, and the boy came to Honolulu after all.

Sailors' Home Society.

The Trustees of the Sailors' Home Society met yesterday forenoon in the Chamber of Commerce rooms. The principal object of the meeting was to consider the building plans. The plans were given in competition for prizes. Messrs. C. B. Ripley, George L. Dall and Harry Mills submitted plans. A meeting of the Trustees will be held next week, when the prizes for the plans will be awarded. The plans are to be seen on the walls of the Chamber of Commerce.

CHAMBER OF COMMERCE.

The meeting of the Chamber of Commerce was largely attended yesterday afternoon. The objects of meeting are set forth in the following copy of the remarks made before the meeting by Mr. F. A. Schaefer, the Vice President of the Chamber of Commerce:

"This meeting of the members of this Chamber of Commerce has been called for the purpose of giving the members individually and the Chamber as a corporation an opportunity of expressing their feelings of deep sorrow at the demise of his late Majesty King Kalakaua in the prime of life, and of heartfelt sympathy with the bereaved Royal Family; also, for the purpose of expressing to the noble men and women of the United States, and especially of the State of California and of the City of San Francisco, as well as the Admiral in Command of the United States Pacific Squadron, the Captain, officers and men of the United States ship Charleston, the sense of the high esteem the members of this Chamber of Commerce entertain for them for all they have done for the late King while in life and then while death had laid him low. Such kindness, such demonstrations of respect and sympathy, such devotion and love as shown on this occasion by a large-hearted, friendly nation form ties of mutual friendship and esteem which, being firmly founded, will last through time and space."

Addresses were made by different members of the Chamber, expressive of the deep feeling felt by all. The committee consisting of Messrs. A. J. Cartwright, T. R. Walker and W. G. Irwin, reported the resolutions they had drafted to be presented to the Queen, the Queen Dowager and the officers of the U.S. Charleston. The report of the resolutions was accepted and the resolutions will be engrossed and presented to those for whom they are intended. The resolutions will be published in due time.

Meeting at Wailuku.

As mentioned in Tuesday's issue of the ADVERTISER, a mass meeting was held at Wailuku, Maui, for the purpose of passing resolutions in regard to the death of King Kalakaua. Below are given the resolutions as passed at the meeting and presented to the Royal Family:

To QUEEN DOWAGER KAPIOLANI and TO QUEEN REGNANT LILIUOKALANI:

We pray the Almighty to alleviate Your Majesty from your present bereavement.

The Mechanic Engine Company No. 2 held its annual meeting yesterday evening at their hall on Union street, Foreman James H. Hunt presiding, and Mr. H. C. Smith in the absence of Mr. W. H. C. WHY IS IT?

That an engineer, running perhaps only a donkey engine, will constantly have his oil can in reach, and apply it to all parts of his engine freely; and a man owning a watch that costs him a great deal of money will let it run for years without a particle of oil. Why is it?

On the one hand a heavy, clumsy piece of machinery; on the other, a delicate piece of machinery, a great many times more valuable; and yet less attention paid the latter than the first.

True, you cannot take an oil can and fill your watch with oil, that would be worse than none at all, but you can take it to a skillful man and have it done for you.

Remember that even the comparatively simple process of cleaning a watch should be done by a SKILLED WORKMAN, or more harm than good may result therefrom.

The annoyance of finding it necessary to send your watch abroad for repairs has entirely been done away with. Your time-piece, no matter how valuable, nor in what condition it may be, can be repaired at home, and in such a manner that it will be a pleasure to you.

My watch repairing department is now so perfect and in a position to do the most intricate work to your entire satisfaction, and at no greater expense than the same would be charged for in the United States. If your time-piece is beyond repair, you will be told so, and put to no expense in having it overlooked.

NOW THAT THE RAINY SEASON

is upon us, everybody wants a Door Mat that will be an ornament at the front door, and will thoroughly do the work required of it. The

Hartman Steel Wire Mat

Is just the thing. It cannot become soaked by rain, as is the case with fiber mats, and it always keeps clean. Being made of Galvanized Wire

They Cannot Rust

As do many of the wire mats now in use. They are far superior to and far more durable than fiber or rubber. Can be had of Steel Wire at

HE WILL SHOOT BACK.

Joaquin Miller Declares War
Against Trespassing Hunt-
ers.

SAN FRANCISCO, Jan. 10.—Back
of Oakland, on the pretty heights
of Fruitvale, lives Joaquin Miller,
the poet, with his mother. His
place is very secluded, and he has
done all in his power to keep it
remote from tourists. But the ama-
teur hunters, who curse the suburbs
of every large city, are making
life a burden to the poet of the
Sierras. Last year they slaughtered
all his choice imported pheasants
while he was away in the In-
dian country. When Joaquin
returned and saw the ravages they
had made he was mad, swore a
mighty oath that he would shoot
the next trespasser on his land
who carried a gun. He put up the
following notice:

"TO GENTLEMEN—These grounds
are for my own private use, where
I desire absolute quiet and seclusion
(verbum sap).
To Hoodlums, Tramps and House-
breakers:
I am again stocking these
grounds with imported birds. I
also wish to preserve the native
ones. Now, as you have no busi-
ness here, except to destroy, you
will be treated as thieves and burg-
lars, if found on these grounds, and
anyone shooting at this notice, or
shooting in this direction, will be
effectively fired at in return."
JOAQUIN MILLER.

Amount of Sleep Required.

The Rev. T. DeWitt Talmage is
credited with the following: There
is not one man or woman in 10,000
who can afford to do without seven
or eight hours' sleep. All those
stories written about great men
and women who slept only three or
four hours a night make very in-
teresting reading; but I tell you,
my readers, no man or woman ever
yet kept health in body or mind for
a number of years with less than
seven hours' sleep.

Americans need more sleep than
they are getting. This lack makes
them so nervous and the insane
asylum so populous. If you can
get to bed early, then rise early.
If you cannot get to bed till late,
then rise late. It may be as Chris-
tian for one man to rise at 8 as it is
for another to rise at 5.

I counsel my readers to get up
when they are rested, but let the
rousing bell be rung at least thirty
minutes before your public appear-
ance. Physicians say that a sudden
jump out of bed gives irregular mo-
tion to the pulse. It takes hours to
get over a too sudden rising. Give
us time after you call us to rise
over, gaze at the world full in the
face, and look before we leap.

Among the largest sums paid out
by the Pension Agent in New York
city are those received by Mrs.
George B. McClellan and Mrs.
Ulisses S. Grant. The former re-
ceives \$2,000 annually and the lat-
ter \$5,000.

"You told me a falsehood last
night, Ethel," said Ethel's father.
"I asked you if Charlie Hicks had
gone, and you said ye."

"No, you didn't. You asked: 'Is
that young man gone yet?' He was
—awfully gone."—[New York Sun.
