No. 5686

BILLION DOLLAR CONGRESS

HAWAIIAN CORPORATIONS ARE DISAPPOINTED

OCEANIC BOATS MAY VISIT HILO

"The question of putting on either the steamer Sonoma or Ventura with the Sierra for a bi-monthly run which will include Honolulu, Hilo and San Francisco, will be taken up by the Merchants' Association with the Oceanic S. S. Co.," said one of the members of the association this morning.

"The need for a better passenger and freight service with the 'Rainy City' is something that the Merchants' Association have been thinking of for a long time and we feel that if we can prove to the Oceanic people the necessity of placing another steamer on we will get it in the near future.

"The present schedule that the Sierra is maintaining is excellent but the passenger who wants to make the volcano trip is obliged to wait from Friday to Tuesday to get away on the Mauna Kea. With another steamer on a bi-monthly schedule with the Sierra the many patrons of the Oceanic line will be able to make close connections with the Inter-Island steamers that ply between here and Hilo.

"The question will be taken up possibly with Mr. Cockcroft, the agent of the Oceanic Co., who is at present in the city; but if we are unable to get our plans formulated before he leaves the matter will be taken up at the home office as soon as possible. Several people have been to different members of the association asking them for their co-operation in securing another steamer to run in connection with the Sierra, and if we can prove to the California shipping concern that we can give them freight as well as passengers, we will soon have no trouble in getting away on the popular steamers of the Oceanic line to Hilo and San Francisco."

RECEPTION ON U. S. S. CLEVELAND

Captain Hugh Rodman, commanding the U. S. S. Cleveland, and senior officer in command of the two ships now in port, will be the host this afternoon with Mrs. Rodman at a reception on board his trim fighting ship in honor of Acting Governor Mott-Smith and a number of Rodman's old time friends.

The quarter deck of the fighting craft was being transformed this morning from a man of war's deck to a reception room, and when the guests arrive this afternoon they will be greatly surprised to see what can be done with flags and potted plants.

All who have ever enjoyed an afternoon function on a warship know how they are received by the officers of the United States navy who are famous all over the world as hosts, and today's affair in honor of some of the popular commanders' friends will be no exception to the rule.

No official word has been received from Washington about the departure of the two ships now in port, and the general opinion aboard the ships is that they will not leave before the tenth of next month.

CAVALRY'S FINE BALL

The grand military ball given by the Fifth Cavalry Social Club composed of the privates of that fine organization last Saturday night, was one of the most successful and pleasant military social events that has ever taken place in the Hawaiian Islands.

The "Horse Soldiers" of the rear rank certainly did themselves proud, and the town folks who were present are still remarking on the good time that they had at Schofield Barracks.

A special train was provided to transport the invited guests to and from the post. Not only were civilians largely represented, but every branch of the service in Oahu, Navy, Marines, Artillery, Engineers and Infantry. The music rendered by the famous Fifth Cavalry band, under the direction of Bandmaster Cain, was "something swell."

The decorations of the fine amusement hall were also a work of art on the part of the boys in khaki. Refreshments in the shape of lemonade, claret punch, and excellent sandwiches were more than appreciated by the guests of the evening.

These social functions that are being given by the different branches of the service are to be commended.

"And bright the lights shone o'er fair women and brave men,

A thousand hearts beat happily, and when music arose with its voluptuous swell, Soft eyes looked love to eyes which spake again."

NEW RICE MILL.

The K. Yamamoto Rice Mill is the largest as well as the finest in the islands. All machinery is of the very latest pattern. The famous Tengu Rice is cleaned at this mill. With the large cleaning capacity they are able to handle considerable outside particular work which they guarantee.

BIG THINGS DOING AT SACHS.

We are making great preparations for our annual sale. It will be a record breaker. Notice will appear in a few days. Be on the lookout. Sachs Dry Goods Co., corner Fort and Beretania streets.

A prohibition service was held at the Kaumakapili church yesterday. J. Taggart and John Martin delivering the addresses.

MUST PAY \$125,000 IN THREE DAYS OR SUFFER PENALTY

There is \$125,000 due the United States Internal Revenue Department, payable to the local office in the capitol, and that amount must be paid before the office closes its books for the afternoon of Thursday next, this week, June 30, or the Hawaiian corporations that owe the money mentioned, by way of taxes, will have a 5 per cent penalty added, to say nothing of 1 per cent interest per month for as long thereafter as the Federal corporation tax remains overdue.

Local corporations, and there are between four and five hundred corporations in this territory, though some are taxable and some are not, have been holding out with a vain hope that the Congress just adjourned would extend the time for the payment of these taxes another six months, or pending the decision of the United States Supreme Court on the constitutionality of the law which provides for the corporation tax.

But Congress has adjourned, the same Congress that passed the law, and there is no hope for the dalliers. They must come up and pay the \$125,000 and they have only three days in which to pay it; and they must pay it in U. S. gold coin, for such is the law.

No receipts will be given unless the gold is forthcoming.

LIFE MATES DOOMED TO SEPARATE ISLES

Sentence was suspended for thirteen months in Circuit Judge Cooper's court this morning in the matter of the charge of alleged incest against Keleikua Kipapa and Lahapa, his wife.

The utter heartlessness of a property owner was responsible, directly or indirectly, for the separation of man and wife, a man and woman who had for twenty years been married and had lived happily and had nine children.

It developed through a property contest that the man and wife were also brother and sister, although there is nothing to show that they were aware of that fact until a certain busybody wrecked their happiness. Brother and sister were separated when they were babies, not meeting for many years, when they were grown and he fell in love with her.

They were charged with incest, because the courts can't wink at technical violations, and in all decency, sentence was suspended for thirteen months, which means nothing more nor less than that they will be arrested again if they are alleged to live again as husband and wife.

The sad part comes in where, to shut the mouths of gossips, they have decided to live on separate islands, the wife and sister going to Hana with the children and the husband working on Oahu, and supporting his wife and her children through sending money by mail.

The law in this case seems to say that brother and sister can't live on the same island.

TAFT'S SON BOB HITS A LABORER

(Associated Press Cable to The Star.)

BEVERLY, Mass., June 27.—Robert Taft, son of President Taft, while automobiling today, struck and seriously injured an Italian laborer.

KILLS THREE IN RESISTING ARREST

(Associated Press Cable to The Star.)

ATLANTA, Ga., June 27.—W. B. Twick, accused of committing an assault and sought to be arrested on that account, defended himself against a posse, killing three and wounding three more of his opponents. Then seeing that further resistance was useless, he took his own life.

SUBSIDY LOBBY CHARGES

WASHINGTON, D. C., June 27.—The ship subsidy campaign investigation is practically completed. It is said that the investigators have come to the conclusion that the charge that a lobby was maintained, for the purpose of bringing about legislation favoring the shipping interests, has not been sustained.

SAN PEDRO, June 27.—The yachts Winsome, Sweetheart and Heilley have entered the transpacific yacht race between this port and Honolulu.

APPROPRIATIONS BEAT REGULAR SESSION ACCOUNT

(Associated Press Cable to The Star.)

WASHINGTON, D. C., June 27.—The total appropriations made by Congress during the session just closed amount to one billion twenty-seven million, one hundred and thirty-three thousand, four hundred and forty-six dollars, exceeding the regular session's appropriations by fifteen million seven thousand nine hundred and nine dollars.

CHINESE DEMAND YANKEE PROTECTION

(Associated Press Cable to The Star.)

CANANEA, Mexico, June 27.—The Chinese residents are demanding American protection from the warlike hordes along the border of Mexico. They have appealed to their minister at Washington, declaring that the Mexicans threaten to dynamite their homes and expel them from the region.

ITALY WANTS TO PUNISH SLAYER

(Associated Press Cable to The Star.)

ROME, June 27.—The Italian government has come to the decision to demand of the United States government the extradition of Carlton, who murdered his wife, mutilated her body, and cast it in a trunk into Como Lake, then fleeing to America, where he was arrested at New York the other day and confessed, when confronted with the facts, to having slain the woman after a sustained quarrel.

It is desired to recover Carlton and make him answer for his horrible crime.

FIGHTERS FIT FOR FOURTH

(Associated Press Cable to The Star.)

RENO, Nevada, June 27.—Jeffries and Johnson are in splendid condition, and are ready to enter the ring on July 4, Johnson to defend his title as heavyweight champion of the world and Jeffries determined to take the belt away from him.

The big fighters, white and colored, will step into the roped arena at 1:30 p. m. of Independence Day.

THE "FAN" AND HIS WAY.

Strange as it may appear, some of the players who retire from the game to enter other lines of life-work make the most rabid kind of "fans." With their association for years with certain teams, they develop likes and dislikes that are constantly cropping out during the games they attend as spectators. Certain clubs fail to appeal to them at all. They cannot be persuaded to appear in their regular places when the series continues. The reverse holds true in other cases, and there is a former player, now well established as a lawyer in New York, who never misses a game when the Cincinnati "Reds" play in either National League in the greater city. The reason for this habit is a mystery to his friends, since he never played with Cincinnati teams, but he has never offered an explanation of his admiration for that particular club. That the "fan" has his personal vag-

THE QUALITY OF LEADERSHIP.

Sir Earnest Shackleton, leader of the "Furthest South" expedition, furnishes a good study on the qualities of leadership. Even in hearing him lecture, though he is very modest as to what he did himself, one can see the qualities that made the expedition a success shining through his personality.

"But," one will say, "I do not expect to head an expedition to discover the South Pole, and so I do not need the qualities of leadership; and as for the North Pole, that has been over-discovered."

But one needs the qualities of leadership in many places. The mistress of the home needs it, if she is to manage her maids most successfully, for together they form a party for the conquest of dust and dirt, for the proper preparation of food, for accomplishing all the many other things essential to a well-equipped home.

The qualities of leadership are necessary in business if one has under him even so few as two or three people. And one never knows where he will be promoted to a position where he will have the management and direction of many. So it is well to cultivate the qualities that will make for success.

What then are the qualities that this intrepid conqueror of the southern wastes of snow and ice showed?

He was quick to meet an emergency, to devise ways on the instant to overcome difficulties. The boat that was purchased for the expedition, when loaded, sank below the line prescribed in England for this class of ships. He immediately converted it into a yacht for which there was no such law. One could see this ingenuity was ready to meet any difficulty that turned up.

No matter how long the party tramped over trackless fields of snow, how short were the rations, how utterly discouraged and exhausted never let his men know his exhaustion and discouragement. He might sympathize with theirs, but he himself was, in their eyes, always up to the mark, and by this very seeming vigor and hopefulness put strength and heart into them. What he could endure, they felt they could also.

When long, monotonous days in camp with nothing to do told upon the spirits of the men and predisposed them to homesickness, he arranged all sorts of jokes and amusements from the scanty material at hand to keep them in good spirits. No doubt he felt as little disposed to mirth, as homesick as they, but his keen eye took in the situation and he knew this state of mind must be broken up.

These qualities and many more one could see as he lectured, and one understood why the men with him were so faithful and indefatigable. These same traits will make for success in the management of the home, in business, as well as in discovering an elusive pole. Simmered down, isn't it a matter of supreme devotion to the cause in hand and utter unselfishness. The thing he was working for had all his heart and soul. He thought of it and of his men, but he rarely thought of himself except to realize that he must keep his health as far as possible in order to accomplish his object and that he must keep a stiff upper lip to inspire the others. But all selfish considerations of comfort or easy work were absolutely put aside. He didn't pick out the easy jobs for himself; he wasn't lazy, neglectful, or self-pitying that such a superhuman undertaking was on foot.

Every kind of work has certain special requirements for successful leadership. But a man or woman can study these out, and by adding these general qualities, make a success.

THE INCOME TAX

Senator William E. Borah discusses the "Income-Tax Amendment" in an able article in the June issue of The North American Review. He is a supporter of the amendment and not in sympathy with those who feel its passage would place limitations upon the powers of the state. Nor does he agree with those who think it foreshadows an assault on wealth. In concluding, he writes:

"Some seem to think that this amendment foreshadows an assault upon wealth. No sane man would take from industry its just reward or rob frugality of a fair and honest return. I believe in protection to wealth legitimately acquired, and the absolute guarantee to property and property rights. These things are essential to the welfare of those who do not possess property as well as those who do, and no man would render them less efficient than they now are. But equality of burden and equal opportunity in the struggle for existence are also essential to any successful and continued plan for the protection of wealth and property. We lose sight of the fact that, after all, in a government like ours statutes and constitutions cannot of themselves protect property. In the last analysis property can only be protected through an intelligent, law-abiding and loyal citizenship. There is nothing in this world so blind, so incapable of appreciating the forces which in the end will destroy it as wealth. If it were not, it would realize that every time it invades the law of equal opportunity or the rule of equal burdens it is undermining its own stability and inviting its own ruin. Those who honestly and faithfully contend for the equal distribution of the great burdens of government, year by year increasing, who seek to protect the less fortunate and prosperous against the unjust accusations of selfishness and greed, are the real friends of property and the true defenders of law and order."

aries is well known to those who are of their favorite spot. Others want brought into contact with the game and to be near third base, or behind its many angles. Certain regulars home plate. The true bleacherite will sit nowhere except back of first laughs at the grandstand occupant base, and will go to the grounds an hour ahead of the throng in order to secure the desired position, and will grumble all afternoon if crowded out.

Floor Wax for Finished Floors

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. — "I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages. Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough." — Mrs. LIZZIE HOLLAND, Noah, Ky.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

SPECIAL STOCKHOLDERS' MEETING.

MONDAY JUNE 27, 1910

ENCOURAGEMENT FOR COTTON.

Cotton statistics lately issued by the census bureau are encouraging for this new industry of Hawaii. They show a rising value for the commodity, prove the advantages of intensive farming, and demonstrate that cotton is a staple which the small farmer can successfully produce. These revelations, taken with the authoritative statement that Hawaii can raise a cotton superior to most others, ought to have a stimulating effect upon the industry here. With the advent of the new era in homesteading in Hawaii, the scientific resources of the Territorial government should be at the disposal of homesteaders, so that those taking up cotton or any other new product may be properly directed in operations at the outset. There is good reason to believe that this will be the case, from what is already being done by the experiment station people.

Less cotton was produced in the United States last year than in any year since 1903, and the crop as a whole brought the farmers more money. This is the statement of the census bureau issued a few weeks ago. The estimated value of the 1909 crop is given by the bulletin at \$812,089,833, as compared with \$681,230,956 for 1908, and running down to \$632,298,320 for 1905. Therefore the value of the 1909 crop is 19.2 per cent over that of the previous period.

This showing is due to the higher price of cotton, the smaller area planted, better labor conditions, and more intensive methods of cultivation. The price of cotton in 1898 was about at the worst. Cotton was then selling at 4.9 cents per pound, but the price rose gradually, and the independence of the cotton raisers really began in 1903, when the price touched 12.2 cents a pound.

The effect of the present conditions on the small grower is best shown by the statement that the planter who raised twenty bales in 1898 realized from it \$604, and that the same crop now is worth \$1,686, meaning all the difference between a mere living and independence.

A number of states show a decided falling off in cotton production most of which is attributed to the ravages of the cotton boll weevil. Both Federal and state experiment stations have been doing all in their power to check the ravages of the boll weevil, and by means of seed selection, better preparation of the seed bed and planting of earlier maturing crops, they have succeeded to a considerable extent. It is said that very much depends upon the weather conditions as to the spread of the boll weevil, and that wet weather, over which, of course, the farmer has no control, is the most favorable for the spread of the pest.

There is about \$1,000,000 per year spent in cotton education, practically one-third of this being devoted to cotton at the experiment station, one-third to statistical inquiries, and the remaining third to the special inquiries as to the plant and its enemies.

There is a very large importation of long staple Egyptian cotton and it has been found that cotton of this breed is best adapted to regions where there are very high temperatures and dry seasons toward the end of the crop-maturing period. Much has been done in the cultivation of long staple upland cotton, and the work of the Department of Agriculture in this direction has been exceedingly gratifying. Much of this cotton ranks almost with the long staple Sea Island cotton. There is not much prospect of an extension of the area in which Egyptian cotton is produced, and the Indian cotton is not adapted to the consumption of English mills. Probably two-thirds of the world's supply of commercial cotton is confined to the United States, and the report says this supply can be largely increased by intensive cultivation without extending the present area planted. In all probability the world will have to look to the United States for an increasing supply of cotton, as this is demanded by the mills of the world.

From all of which it would appear that opportunity in the form of cotton is knocking at the door of Hawaii.

"Boss" Quinn and his organ, the Pacific Commercial Advertiser, have conjured up a vision of municipal bankruptcy from the voting of an automobile to the chief of the fire department. It is a little rough on the Quinn automobile outfit that any money should be spent on automobiles without its consent.

TAFT TRIUMPHANT.

President Taft has come through the session of Congress with flying colors. A Washington despatch of Monday last says:

The success which the Taft administration has attained in the last week or so in rushing matters through Congress, and in bringing the solid Republican vote in behind them is being reflected in reports which are coming to Washington from all parts of the country of the growth of the President's popularity. Congressmen from the West and Middle West sections that only a few weeks ago were bitter in their criticisms of the Taft administration have been receiving letters and telegrams which indicate that the passage of the railroad bill and other administration measures has done much to rehabilitate the President's standing. The growing impression that Roosevelt will come out strongly in support of Taft also is helping to clear the situation in the West, and President Taft's friends here are in better spirits now than they have been any time this session. They believe that insurgency is on the wane, and that when the present Congress finishes its work and lays before the country an impressive list of bills passed, Taft's hard-earned victory will be generally recognized.

It was added that the President himself was greatly pleased with the way Congress had responded to his requests. Besides the administration bills already passed he had strong hopes of having others pushed through before the close. The cable has shown us that he had not hoped in vain. Practically his whole program has been given legislative effect.

For the information of the Advertiser and its protege it may be mentioned that the building ordinance is not in the hands of the health and sanitation committee. Mr. Quinn should have told his newspaper something about the sidewalk ordinance referred to the roads committee a long time ago.

Uncle Walt

The Poet Philosopher

The world rolls on, from day to day, and idle men are in the way; the loading graft will never pay; get busy, then, get busy! The man who loiters in the shade to watch the busy men's parade will find his hopes of fortune fade; get busy, then, get busy! If you in feeble style depend upon assistance from a friend you're sure to fail before the end—get busy, then, get busy! Make up your mind that you will pack your burden on your own broad back, and, brave and buoyant, hit the track—get busy, then, get busy! Just feel that you're of equal worth with any doggone man on earth, regardless of his age or birth; get busy, then, get busy! And, having made your mind up quite, show by your acts that you are right! Cut grass, cut grass, by day and night! Get busy, O get busy!

WALT MASON.

PALAMA SETTLEMENT

Palama settlement report for 1909-1910 has been received in neat oblong book form, its 52 pages bordered in light red. There is a history of the institution from its start as the Palama Chapel, the gift of Mr. and Mrs. P. C. Jones to the community, which was dedicated on June 1, 1896, down to its present comprehensive status of schools, clubs, library, reading room, gymnasium, pure milk dept, dispensary, nursing headquarters, tuberculosis day camp, cottages and dormitories.

"The Settlement workers have not confined their effort to the neighborhood alone, they have interested themselves in movements outside of the settlement," the report says. Mention is made of an inquiry into the standards of living among workmen and their families, now under way as part of the census, which had its origin at the Settlement, a study of Honolulu's tenements made by one of the workers at the request of the Civic Federation; sympathy and co-operation of two of the workers in the juvenile probationary court, and the serving as members of the Territorial milk commission of a worker and a director of the Settlement.

Superintendent J. A. Rath presents certain needs in buildings and lands calling for \$40,000, which would save the Settlement a rental of \$1080 a year. He also asks for an endowment of \$40,000 for the purchase of cottages and tenement, which would give the settlement an annual income of \$3000 as also control of desirable property.

Receipts for the year were \$25,148.23, including ledger credits of \$6756.21, an overdraft at bank of \$791.08 and cash in hand of \$53.72. Expenditures balance receipts and include ledger debits of \$4359.65.

The book contains several fine illustrations and loose colored map insertion showing the nursing districts.

There is pure foolishness in buying beef at a store where there is little or no attention paid to sanitary regulations or to cooling the beef. The best beef is to be had at the Metropolitan Market, tel. 45.

DAY'S DEVILTRY

Edward Bruce, soldier, from Fort Shafter, who with one White, attempted to hold up a resident of Iwilei for the purpose of robbery, was committed to the circuit court for trial from the police court. The woman on whom the assault was made is still unable to go out, and the chances are that she will carry the scars she received from the two men the rest of her life.

Six gamblers who had been caught playing the popular game "come seven, come eleven" were found guilty and fined eight dollars each.

Three drunks were fined four dollars each.

J. E. R. Johnson, charged with having no lawful or visible means of support, had sentence suspended for a term of thirteen months as he had found a job.

Frank R. Phillips, for the same offense fared less fortunately, as he was found guilty and sentenced to 30 days imprisonment.

Hana Hanale, charged with being concerned in a gambling game that was raided several weeks ago, had his case continued until July 11.

The Fire WHISTLE

You will not have occasion to worry when the fire whistle blows if you have your property insured. Have you taken out a policy on your home and on your household goods.

Supervisors, Material & Supplies, not pro rated.....		60 00
Treasurer, Office Employees.....	150 00	900 00
Treasurer, Material & Supplies.....	25 00	150 00
Witness Fees, not pro rated.....		900 00

BE IT FURTHER RESOLVED, that the following sums amounting to EIGHTEEN THOUSAND NINE HUNDRED DOLLARS (\$18,900.00), are hereby appropriated to be paid out of all moneys in the Road Tax Special Fund of the City and County of Honolulu for the building and maintenance of roads and bridges in the respective districts named herein, said payment to be made pro rata monthly subdivision of said amount as stated in the schedule thereof herein contained:

	Per Month.	Six Months.
District of Honolulu.....	\$ 1,500 00	\$ 9,000 00
District of Ewa & Waiānae.....	1,000 00	6,000 00
District of Waiānae.....	450 00	2,700 00
District of Koolauloko.....	200 00	1,200 00

AND BE IT FURTHER RESOLVED, that the Auditor of the City and County of Honolulu is hereby authorized and directed to draw warrants on the City and County Treasurer for any of the sums named herein, or parts thereof, upon having filed with him schedules of salaries fixed by law, and other salaries, of donations named herein, of payrolls and of accounts for materials and supplies, accompanied by original vouchers and certified by the Clerk as having been duly passed and allowed by the Board of Supervisors at any regular meeting, or any special meeting called for the purpose of considering expenditures;

AND BE IT FURTHER RESOLVED, that to make expenditures under this Resolution, it shall be necessary that all salary lists, items of donations, payrolls, items of material and supplies and accounts of general expenses shall before being presented to the Board of Supervisors, be passed upon by a Committee or Committees, and by such be reported to the Board of Supervisors with the recommendation of such Committee or Committees, and sums found to be lawfully due and payable may then be voted upon singly or collectively as convenient on a call of the ayes and noes. In the event of any such Committee failing or neglecting to so pass upon any such matters, or to make any recommendations in regard thereto, the Board may thereupon act.

AND BE IT FURTHER RESOLVED, that no payments under this Resolution be incurred in any month in excess of the monthly pro rata sums herein authorized.

Introduced by Supervisor DANIEL LOGAN.

Honolulu, T. H., June 7, 1910.

Approved this 23rd day of June A. D. 1910.

JOSEPH J. FERN,
Mayor.

THEY SHY AT THE NEW GOLD MONEY

In the lots of gold coin recently arriving here from the Coast for the local banks are a very large number of the new coins issued first in 1909. A few of these had arrived here before, but not enough to familiarize the public with their appearance. Thus it has come about that in the past few days no small amount of annoyance has resulted on account of the pieces—particularly the \$10 denomination.

This piece is some larger than the old one, and is widely different. The Indian's feathers have grown a great deal, and he is no longer a wild man of the West but seems to be a Carlisle student, or a "made-up" savage like they have in the moving picture shows. Even the Chinamen look askance at the face on the new money and assert positively "Me no likee."

On the other side of the coin is a bird that looks like a buzzard with cow-boy pants on—the beak alone convicting him of the charge of ever having been an eagle in real life. "In God We Trust," "E Pluribus Unum," "Ten Dollars" and "United States of America" are distributed around wherever they will fit the easiest, without any regard for artistic arrangement or balance.

However the money is good. All the bankers say so, and they know. And as the city and islands will now be literally flooded with the new pieces it would be well for the butcher, baker, etc., to be prepared to receive them in large numbers.

SAN FRANCISCO TO COIN GOLD MONEY

Report comes from Washington that in future San Francisco will mint all the gold money of the United States, giving the Pacific coast a monopoly of that part of Uncle Sam's business. Following is the dispatch on the subject:

WASHINGTON, June 14.—Secretary McVeagh of the treasury department carrying out the policy of economy, has decided that henceforth all coining of gold shall be in the San Francisco mint and that all coining of silver is to be done in the Denver mint.

This order takes away from the Philadelphia mint all the coining of gold and silver. The Philadelphia mint will hereafter be confined to 1 and 5 cent pieces. When sufficient of these are on hand it is feared that the Quaker City institution will have to go out of business.

Secretary McVeagh says that he has found that the coining of gold can be done more economically if confined to the San Francisco mint, and in line with this all the work will be done there.

This undoubtedly will mean that the San Francisco mint will be able to keep a full force of employees at work constantly. Incidentally it will mean increased revenues to the railroads. Bankers in Philadelphia are compelled to pay \$7.50 freight charges for each \$1,000 worth of gold shipped to the east.

sons are welcome to consumers goes without saying, especially as the movement toward high levels tended to produce considerable discontent, and incidentally to restrict consumption. However, the developments of the past few months have turned more in consonance with the desires of a larger part of the public. In any event, prices, which had shown a weaker undertone by May 1, continued to pursue that course throughout the month of May, so that Bradstreet's index number as of June 1 stood at 8,8105. This number reflects a decline of 2.5 per cent. from the figures registered on May 1, and this ratio represents the most substantial decrease for a monthly period that has occurred in some time. It mirrors forth a loss of 4.7 per cent. from the high point which was established on January 1, and the index number itself is the lowest that has been recorded since October 1 last. Yet the figures show an increase of 4.9 per cent. over those of June 1 last year, and they display an advance of 14 per cent. over June 1, 1908, when prices as a whole receded to a rather low point, influences growing out of the depression engendered in October, 1907, having superinduced considerable weakness by that time.

On the other hand, the index number for June 1 of this year is 1.9 per cent. below that reported for the like date in 1907, a year of very high prices. Contrast with June 1, 1906, shows a gain of 5.8 per cent., while comparison with the like date in 1905 reveals an increase of 11.3 per cent. In fact, the index number for the first

of June this year was the highest with one exception that has ever been recorded on that date, the exception being furnished by the figures noted on June 1, 1907. Before closing this phase of the study it will be apropos to add that the index number for June 1 of this year exceeded that of June 1, 1901, by 18.7 per cent.; it surpasses that of the like date in 1900 by 12.8 per cent., and it runs 54.5 per cent. above the lowest prices ever established within the life of our data, viz., those for July 1, 1896, when the index number was \$5.7019.—Bradstreet.

WHY IT IS DULL.

"I estimate that there are something like 2000 money-spending residents of Honolulu out of the city at this time—touring abroad and visiting on the other islands. I am basing my calculations upon the business of the Rapid Transit Company, which is a pretty accurate gauge.

This statement was made by Superintendent Pratt, of the Rapid Transit Company, in answer to questions calling for some such information. He had stated that business was slack, and was asked for the reason. Upon replying that "the people are not here," he was asked for an estimate of the number "not here."

Of course a large number of the people who travel abroad own automobiles, but they are also car patrons; and it is safe to say that all who travel and do not own machines are car patrons—regular patrons. By comparison month after month and year after year, the superintendent has been

able to figure quite closely on the rise and fall of the city's population.

SPRECKELS' TAX.

L. A. Thurston, administrator of the estate of Claus and Anna C. Spreckels, has paid into the Territorial treasury the sum of nearly \$6,000, due as inheritance tax under the new law. The amount assessed against Anna C. Spreckels was \$525, and against Claus Spreckels \$5,475.

BIG MORTGAGE PAID.

The big \$300,000 mortgage given by Princess David Kawanakoa and Kaniannole on May 31, 1902 to the German Savings & Loan Society, of San Francisco, has been paid off in full and cancellation was filed today. In this deal the two princesses had mortgaged their interests in the Kapiolani Estate for the amount indicated.

HEDEMANN TO JAPAN.

Manager S. Hedemann of the Honolulu Iron Works, will be a passenger in the Nippon Maru for Tokio, where he has been called on business in connection with a new sugar mill for Formosa. This new mill will be a very elaborate affair—something after the order of the one at Oahu Sugar company's plantation. Mr. Hedemann will make a flying trip, probably returning by the first steamer from the Orient.

TO TOUR HAWAII.

One of the several parties leaving for Hawaii on the Mauna Kea at noon tomorrow will consist of Dr. C. B.

THE STOCK MARKET OPENS QUITE WEAK

The stock market opened unexpectedly listless this morning there being little demand for any grade of paper as well as no particular anxiety to sell. Hawaiian Commercial showed more new life, perhaps, than anything else, 15 shares selling at \$41. At the close of the session the same was bid for more, but holders were demanding \$41.50.

Between boards 100 Oahu found a buyer at \$32.50, and 10 shares sold on the board at the same. The market is firm at that figure.

McBryde remained on the old basis of last week. On the street 17 shares sold at \$5.625 and on the board this morning the same was bid for more, but \$5.75 was asked.

On the board 5 Honokaa sold at \$19.50, the same being bid for more but holders demanding \$19.875. The stock is strong at these figures.

Honolulu Brewery was again in evidence, 10 shares selling on the streets and 15 on the board at \$18.50.

Other interesting quotations, without sales, were: Waialua, \$130 bid; Pioneer, \$215 bid; Ewa \$23.50 bid and \$34 asked.

ANOTHER DROP IN COMMODITY RATES

Two factors stand out prominently in connection with the recent tendency of commodity prices to recede. In short, these two are lack of demand and seasonal influences incident of the progress of plant life. That the reces-

NEW RESERVOIR FOR M'BRYDE CO.

Says The Garden Island of Saturday last:

In addition to the 4 large reservoirs now in process of construction near especially for use during any temporary large one in the Wahiawa mountains at an elevation of about 2000 ft. By a series of tunnels aggregating about half a mile in length the water will be led out of the Wahiawa stream and impounded in a tributary ravine. The embankment will be sluiced in with the water thus led out, and will be about 35 ft. high. In addition to its storage value for irrigation purposes, this reservoir will conserve water for the development of electric power. Some distance below there is an ideal site for a power plant, with a drop of 600 ft. It is proposed to use this ultimately as an alternative to the Wahiawa plant. Lawai, McBryde will put in another arid shut down of the latter.

If a man is as old as he feels, then these fellows must be about ten years old. They don't intend to grow old. They know that Ayer's Sarsaparilla gives new life, strength, vigor. Makes them feel like boys again.

Improves the appetite, aids digestion, keeps the nerves strong and steady, and the brain clear and active.

AYER'S Sarsaparilla

is a great preventive of Bright's disease and other kidney affections. It purifies the blood, restores good appetite, sound digestion, and robust health.

As now made, Ayer's Sarsaparilla contains no alcohol.

There are many imitation Sarsaparillas.

Be sure you get "Ayer's."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

AYER'S PILLS, "The Blood Purifier" from the same firm.

POOR EXHIBITION IN MILITARY LEAGUE

Two uninteresting games of baseball were played in the Military League on Saturday afternoon, the Marines winning from Fort Shafter by a 13-4 score, while the Hospital Corps had little trouble in defeating Fort Ruger 15-0.

All four teams played in a listless sort of way, twenty-eight errors being made in the two games. The "stretchers" played the best game of any of the teams, but their playing could have been improved upon with very little effort.

The summaries of both games follow:

Fort Shafter.	ABR	BH	PO	A	E

turn game will probably be played in the near future.

RACES ARE EXCITING.

Several thousand people turned out to see the bicycle races at Kaplani park yesterday morning which were held under the auspices of the Honolulu Japanese Bicycle Association.

Judging from the interest shown, bicycle racing promises to become the rage in the near future.

The first race of the day a five mile free for all for boys under fifteen, was won by C. A. Rawlins who forged ahead in the last lap and came home a winner by several lengths.

The ten mile race was won by Ah Chew from a big entry list, his time being 31:53.

The third race a ten mile affair for Japanese only was won by Harano, his time being 32:01.

The fourth race a fifteen mile event was won by Yoshiga who covered the distance in 49:55. Ah Chew and Sylvester who were the favorites, led the field during the entire race, but the fall they received in the fourteenth mile put them out of the running.

The last event a three mile championship race for the winners of the previous races was won by Harano with Sylvester a close second.

The committee of Japanese business men who had charge of the day's sport, deserve credit for the way the races were run and for the delicious luncheon served the officials.

FIGHT ROUND BY ROUND.

Dick Sullivan has made arrangements with the cable company for the returns round by round of the Jeffries-Johnson fight which will be fought next Monday at Reno, Nevada.

Sullivan cordially invites all his friends to be present at his place of business during the hours that the fight will be held, which will be after noon Honolulu time.

GUARDS DEFEAT CAVALRY.

Only one game of baseball was played at Lihue yesterday between the National Guards and 5th Cavalry, the second game being called on account of rain in the third inning with the score 2-1 in favor of the guards.

The first game ended with a 5-4 score. Both teams made costly errors in the first game, the errors made by the horsemen causing their defeat. The officers and men at Lihue did everything to make the N. G. H. feel at home, the team on their arrival in the city last night expressing their appreciation of the Cavalry's hospitality.

BLUE TEAM WINS.

An exciting game of polo was played at Moanalua Saturday afternoon between the Red and Blue teams of the Oahu polo club, the Blues winning a well earned game after four periods of play by the score of 10-2.

Sam Baldwin and Harold Dillingham for the winners played the best game although Ed Lewis and Ali Magoon for the losers proved that they knew a great deal about the game.

On Wednesday afternoon another practice game will be played which will be the last before the game with the Cavalry next Saturday.

ALUMNI WIN EASILY.

The crack baseball team of the U. S. S. Cleveland went down to defeat at the hands of the Punahou Alumni team on Saturday afternoon at Athletic park, the score at the end of the game being 8-1.

Hitchcock who did the twirling for the collegians was in excellent form, having fifteen strike outs to his credit, and only allowing two hits during the entire game.

De Goto who pitched for the sailor lads was hit at will during most of the game, his place being taken by a Filipino in the ninth inning who should have been put in the box at the start of the game. The youngster with good coaching will be a danger-man in the box.

The teams lined up as follows: Alumni—W. Desha, cf; D. Desha, rf. Ordenstein rf; Fernandez 1b; Akina, 2b; Hitchcock p; Lota, 3b; Hoogs, ss; Winnie c; Gay, lf. Sailors—Lotterly, 2b; Dyson, ss; Hale, lf; Monahan 1b; De Goto, p; Sandestrom c; Dolan cf; Lark, 3b; Fairbairn rf.

HARVEY IS CHAMPION.

The all day shoot held yesterday at the Kakaako traps under the auspices of the Hawaii Gun Club was a complete success in every way, J. W. Harvey, the club's crack shot winning the majority of the events as well as the championship of the club.

Following are the results of each event:

First event—Six entries, 50 birds, handicap unknown angles from "Leggett Trap."

First prize—Refrigerator basket, won by C. F. White, 23 out of 50 and plus 20 handicap, 43.

Second event—Eleven entries, 10 won by J. W. Harvey, 40-50 scratch.

Third prize—50 Pacific cartridges,

DEATH IN FIRE ON STEAMER

LACROSSE, Wisconsin, June 27.—Three are dead and more than sixty injured as a result of the fire that destroyed the Mississippi packet last Friday. Hundreds were prevented from jumping into the river to escape the flames by the bravery and coolness of the crew of the steamboat. Panic prevailed on board the vessel for a time, but it was finally quieted, though not until three had been killed and many others injured in the wild scramble to escape death.

DR. ROLLER MATCHED.

WINNIPEG, June 27.—A match between Doctor Roller and Hackenschmidt for the heavyweight wrestling championship of the world has been announced here. The contest will take place in Australia next September. Frank Goth has retired from the game, thus leaving the championship open to the winner of the Roller-Hackenschmidt match.

DIAZ REELECTED.

MEXICO CITY, June 27.—President Porfirio Diaz is reelected president of the republic of Mexico and Roman Corral vice-president by an overwhelming majority. Notwithstanding their pre-election boasts, the opponents of President Diaz polled only about two per cent of the total vote.
Much threatening talk was heard prior to election day, but it all came to nothing. The balloting throughout the country took place quietly, and there were no demonstrations of a threatening character.
Porfirio Diaz has been president of Mexico ever since his first election in 1877, and this reelection probably insures his remaining at the head of the government the rest of his life, as he is now nearly eighty years old. He was born September 30, 1839.

CONGRESS ADJOURNS.

WASHINGTON, June 26.—Congress adjourned at eleven o'clock last night. Speaker Cannon, in a closing statement to the members of the house, declared that he was leaving without a feeling of malice toward any of the members, politically opposed to him or not.

An investigation into the charges of attempted bribery made by Senator Gore in connection with the opening of Oklahoma lands has been ordered by the senate.

In response to the message that was sent to congress by President Taft, urging that a special fund of \$1,000,000 be placed at his disposal, congress granted the necessary authorization.

Senator Flint of California first presented the request in behalf of the Southern Pacific Railroad Company, which has suffered heavily by the floods from the Colorado River.
The government was without funds to reimburse the company.

THREW BABIES INTO RIVER.

LACROSSE, Wisconsin, June 26.—A steamer carrying one thousand excursionists took fire near here yesterday and burned to the water's edge. All the passengers were taken off the steamer in plenty of time, although it is reported that several ladies threw their babies into the Mississippi to save them from what they believed to be an awful death by fire. Prior to the rescuing of the passengers there was a bad panic aboard, during which time the children are said to have been sacrificed through ill-founded fear.

TEDDY, JUNIOR, IS TO BE LEFT ALONE.

SAN FRANCISCO, June 26.—Theodore Roosevelt, Jr., and his bride arrived here yesterday on their honeymoon trip. Young Mr. Roosevelt stated that he wanted to live quietly and desired no notoriety.

His wishes in this respect are to be observed, and he will be let alone by the local press.

CANNOT KEEP OUT.

NEW YORK, June 26.—Theodore Roosevelt, in spite of his repeated statements that he would take no active part in politics for several months, refraining even from discussing the local political situation, is said now to be preparing to plunge actively into the thick of the political fight, to save the Republican party from the defeat in the State that he believes menaces it.

His resolve to abandon his on-the-fence attitude and become once more an active aggressive force in New York politics has inspired the greatest enthusiasm among the State Republicans.

Society

The ladies at the Herbert-Vetlesen table at the Pacific Club were very attractively gowned. Mrs. Herbert wore a handsome importation of lavender satin with an elaborate trimming of point lace. Miss Allen was dainty in a robe of soft white lace, while Mrs. Johnson presented a striking appearance clad in a creation of black spangled net.

Other dinner hosts on Thursday evening at the Pacific Club were Captain Low, who entertained two guests; Mr. C. P. Morse, four; Mr. W. Wolters, eight; Mr. G. B. Isenberg, four; Mr. George E. Schaefer, three; Mr. Focke, four; Major Haines, three; Mr. H. W. Walker, twelve; Mr. Richard Ivers, four; Mr. H. C. Carter, eight; and Honorable A. S. Cleghorn, four.

The dance given at the Moana hotel last Friday evening by the graduating class of the McKinley High School was a very beautiful affair, over two hundred guests being present. The decorations were elaborate and gracefully arranged, the main hall being lined on either side with palm fronds, and the dance hall representing a gala scene with the scores of pretty gowns and bevels of girls. This pavilion was a mass of the school pennants and palms, the insignia of the occasion being prominently displayed where all might see.

Above the alcove where sat the Hawaiian orchestra, against a green background, was a replica of the class pin in yellow flowers, a large triangle within which were displayed '10' for the class year and each corner held letters which, combined, formed the initials of the school.

A most delightful evening was spent in dancing to enticing music and at eleven o'clock a delicious buffet supper was served the guests who sat at small tables on the lanai. Special cars awaited the guests, leaving the hotel at 1 a. m.

Four girls attracted especial attention during the evening, being unusually pretty and wearing most beautiful gowns. Foremost of these was Miss Edith Smith, who was entrancing in a lovely soft evening gown of Nile green net over messaline satin and wearing delicate Lo France roses in her pretty golden hair and massed on her bodice in a corsage bouquet. Miss Aileen Nott was very attractive in an evening gown of pale cherry blossom messaline satin, and wearing pinks. Miss Florence Ferguson was in canary colored satin and wearing Marshal Niel roses, and Miss Irene Gertz was remarkably pretty in a dainty evening frock of soft pink silk.
The dance committee comprised Misses Aileen Nott and Florence Ferguson, Messrs. Gavin Bush, Austin White, Armeiger, Dredge and Ed Carden.

Mademoiselle Daisy Gras was a luncheon hostess Friday entertaining seven friends at the British consulate. The table was gracefully arranged in maidenhair fern, with clusters of pretty La France roses in small vases. The place cards were Japanese scenes in water colors, and those present were Misses Irma Ballentyne, Marie Ballentyne, Beatrice Holdsworth, Ethel Spalding, Kathryn Stephens, Dorothy Wood and Edith Meyer.

Friday afternoon at the Walkiki home of the Clive Davieses Miss Misi entertained at a delightful swimming party in honor of Miss Meyer, who after an enjoyable visit in these islands, will leave for her home in Germany in the next Wilhelmnia. After a merry time spent in the water, the guests repaired to the large lanai and enjoyed tea informally, which was a pleasant feature of the occasion.

Mrs. Manuel Garrett, Mrs. Kenyon and Mrs. Smith were the honored guests at a charming tea given by Miss Constance Restarick at her home on Thursday. Potted maidenhair in profusion formed the prevailing feature of decoration on the spacious lanai where the hostess and her guests refrained even from discussing the of honor received.

Miss Restarick was attired in a becoming afternoon frock of pale blue figured Mousseline de soie, and Mrs. Kenyon and Mrs. Smith were respectively gowned in lavender satin trimmed with gold and lavender crepe de chine respectively. Mrs. Garrett was most beautiful in pink brocaded silk.

Among those who called between 4 and 6 to meet these charming ladies were Misses Blanche Soper, Ethel Spalding, Irma Ballentyne, Marie Ballentyne, Alice Cooper, Anna Tucker,

SHARP SIGNS

AT THE THEATERS

The weather was very favorable Saturday evening, and people took advantage of it, being abroad in large numbers and crowding the theater district. The Park and Empire were overcrowded a large part of the evening, but as one is wide open and the other well ventilated no discomfort was suffered by anyone. The Art and Novelty also played to about all the business they could handle.

"THE ROCKY ROAD."

The big feature film at the Park theater this evening will be "The Rocky Road," and the big vaudeville stunt a "coon" act that proved a rip-roarer in the States and is bound to make a hit here. In it the Desmond sisters and Mr. Thompson appear to great advantage. "Aunt Dinah" is a hummer. J. V. Gibson, a new headliner from the Colonies, will appear for the first time in song and dance specialties.

AT THE NOVELTY.

Saturday night was a banner occasion at the Novelty theater. Orton and Leota proved themselves a great drawing card. Their jokes and songs are of the latest and most cateney. During their twenty minutes of fun Miss Leota makes three complete changes of costume—the most gorgeous gowns ever worn by a vaudeville team. Tonight there will be a change of pictures which have been well chosen to suit the Novelty's patrons. Those requiring seats should arrive early.

GAY REUNION OF ST. LOUIS COLLEGE ALUMNI

More than three hours passed away joyously at the annual reunion of St. Louis College Alumni Association, which was held at the college hall on Saturday evening. A great profusion of American flags, interspersed with the alumni colors, made the hall gay, while an arc light in the middle added to the regular installation of incandescents produced a cheerful illumination.

The celebration was in the form of a smoker, members and guests being seated at tables for four, on which were supply of requisites and playing cards. A n excellent salad was served early, and light beverages were supplied throughout the evening.

Music and speeches, with an occasional comic recitation, alternated. Kaali's orchestra, the Brothers' chorus, an alumni quartet and Henry Clark, vocalist, furnished the music. A great hit was made by the chorus, conducted by Bro. Francis, which had to respond to an encore.

Hon. John C. Lane was toastmaster and gave the opening address.

Bro. Louis, professor of science, told of the present status of the college. He gave the figures of the various nationalities making up the total attendance of 659. There was not accommodation for nearly all that applied for admission at the beginning of each term. At this year's commencement nine had graduated against five last year. Bro. Henry laid stress on the opportunity now offered, since the addition of the science department, to students of St. Louis to enter the College of Hawaii. No examination was necessary for holders of a diploma from St. Louis to enter the Territorial college. There was an erroneous impression that the College of Hawaii was only an agricultural college. Although its beginnings were small, it was destined to cover the field of higher education as completely as the mainland colleges.

Bro. Henry, principal of St. Louis College, concluded a humorous exordium with an eloquent reminder to the former students of the cardinal principles for which the institution stood.

Other speakers were Dr. John F. Cowes, president of the association; Bro. Frank, principal of St. Anthony's School, Wailuku, a former preceptor of St. Louis; Wm. Welsh, Caesar Mo-

delros Bettencourt, Eli J. Crawford, B. Zablan, Carlos A. Long, J. Rocha, Bro. Matthias of St. Mary's school for boys, Hilo; Supervisor Logan, Emil A. Berndt, Chas. Osborne, John Cook, Pat Gleason, Sheriff W. P. Jarrett, Deputy Sheriff Charles H. Rose, James Williams and Bro. Alfred.

A comical speech on prohibition by Geo. McCorriston in Hawaiian interpreted in pidgin English by H. Vierra, caused roars of mirth, as did a monologue by Vierra representing a Chinese kicker at some county ordinance.

Mr. Rocha was asked to give the closing toast, but first gave one in affectionate remembrance of former Principal Bertram, who was sent away to take charge of an institution on the mainland. This was enthusiastically honored after which the gathering dispersed with the sentiment, "Happy to meet, sorry to part but glad to meet again."

Consider

How many steps an ELECTRIC IRON will save you when sewing.

Instead of taking a garment down to the hot stove to be pressed, you can have the iron right in the sewing room and do the pressing there.

It will save many steps and much time and enable the sewing to go on without interruption, for the iron will be ready for use as often as you need it.

NEWS IN A NUTSHELL

Paragraphs That Give Condensed News of the Day.

An administrator's sale of real estate is published in this issue.

Harmony Lodge No. 3 I. O. O. F. meets this evening at 7:30 o'clock.

Rev. A. A. Ebersole, assistant pastor of Central Union church, is expected from Kailua on July 1.

During E. W. Quinn's absence from the Territory W. L. Emory will act for him under full power of attorney.

Noite's restaurant opens at 5 a. m. and keeps open until 7:30 p. m. Meals at all intervening hours promptly served.

Prince Kuhio, returning home from Washington in the party of Secretary of War Dickinson, is reported to be very sick with throat trouble.

Have you tried Pete, the champion shoe shiner at the Silent Barber shop, Honolulu. Open all business hours.

Mr. and Mrs. L. Tenney Peck, Newton T. Peck and Mrs. A. N. Locke of Honolulu arrived at Chalfonte, Atlantic City, June 15.

We have several mottoes, but all mean that "the best meal in the city for the money, served in the most satisfactory manner is to be found at Noite's."

C. W. Baker, veteran hackman and kamaaina, popular with all who knew him, father of the well known police officer, Captain Baker, died yesterday at 9 p. m. after a stroke of apoplexy the night before. Forty years ago Mr. Baker came here from Portland, Oregon, having been a member of a prominent family there. He was sixty-two years of age. The funeral will take place at 3 p. m. today from Silva's. Besides his son, deceased is survived by a daughter.

Cut out this and take it to Yat Loy Co. corner King and Nuuanu street, and on your making a cash purchase of 50 cents or upwards you will receive ten green stamps in addition to those usually given.

Supervisor Quinn at the next meeting of the board will inquire, he says, what has become of the building ordinance.

Alford Thayer, a local newspaperman who went to the Philippines as agent to buy up friar lands and who gave it out that he represented the Honolulu Dillinghams, is now said also to have endeavored to interest W. R. Castle in the deal.

A cable has been received of the marriage of Miss Zillah Hart of Honolulu to W. G. Allen, and they are now on the way to Switzerland.

Noite is an institution, along with big business houses and banks that have stood the varying conditions of time and the city's growth. It is the people's standard cafe.

Seven boys, ranging in years from twelve to seventeen, escaped from the Boys' Industrial school at Waialea yesterday afternoon and early this morning. A complete description of the youthful prisoners has been sent to the different sheriffs on the island.

David B. Lyman, a prominent lawyer of Chicago and a son of the late Rev. David B. Lyman of Hilo, and his wife were among the arrivals by the S. S. Manuka Friday and are stopping at the Moana hotel.

MR. NORTH RETURNS.

William W. North, treasurer of C. Brewer & Company, returned by Saturday's steamer from a tour of two months in Japan. He was accompanied in his travels by his wife and daughter. Most points of interest in the Mikado's realm were visited. The tour was made in the interest of Mr. North's health. He returned in better shape physically, but considerably fatigued as a result of somewhat strenuous travelling.

MYERS TO HILO.

Zeno K. Myers, treasurer and manager of the First Trust Company, of Hilo, will sail in the Mauna Kea tomorrow for his new post of duty.

NIPPON ARRIVES FROM THE COAST

Reporting a pleasant voyage with the son like a full pond the entire way from San Francisco, the Japanese liner Nippon Maru, Captain H. S. Smith arrived off port shortly before ten o'clock and came alongside of the Alakea street wharf at eleven o'clock.

Thirty five first and one hundred and ten steerage passengers are being carried through on the yacht like liner. Two thousand tons of freight are for the different oriental ports. Two hundred and twenty three bags of mail are for Honolulu.

At ten thirty last night the Manchuria was passed by the Nippon Maru and signals exchanged between the two ships. Nothing else was sighted although wireless communication held between the Waimanalo and the Nippon Maru for two or three days.

On account of a case of smallpox developing on the Nippon on her last voyage to San Francisco, the officers and passengers were obliged to stay in quarantine for the regulation seven days. The treatment received by the passengers from the officers was the cause for several testimonials being presented, as well as a letter to the General Agent of the company in San Francisco praising Captain Smith and Purser Roberts for their courtesies.

The Nippon Maru with a number of passengers from here in the steerage will sail at ten o'clock tomorrow morning for Yokohama.

Hon. M. Hamihara, is the first Secretary of the Japanese Embassy in Washington. The majority of the other passengers are employed by the United States government in Manila.

IMITATION BOOZE TABU ON KAUAI

At a meeting of the Board of License Commissioners for Kauai the following resolution was adopted:

"Resolved, that from and after the first day of August, 1910, no compounded or imitation spirituous liquors or any liquors marked Misbranded or Type, shall be sold within jurisdiction of this board, and all licensees are hereby warned against selling or being in possession of same after the date above mentioned.

"All licenses now in force and hereafter to be issued by this Board shall be subject to the above regulation."

Those present were W. H. Rice, chairman; John K. Apolo, and W. D. McBryde, secretary. Absent, G. N. Wilcox, and Augustus F. Knudsen.

The resolution was presented by Mr. McBryde.

Renewals of wholesale liquor licenses were granted to J. I. Silva, Hanalei; Waima Wine Co., Waima; C. W. Spitz, Niihau; and Kapaa Wine Co., Kapaa.

The application of John K. Gandall, was deferred to June 27 to enable him to perfect his bond.

No retail licenses are granted on Kauai.

TWO GOOD BALL GAMES PLANNED

Alfred Castle, captain of the Oahu College Alumni baseball team, has made arrangements with the baseball teams from the United States ships Cleveland and Chattanooga for two games, which will be played tomorrow and Thursday afternoon at Alexander field.

These games will be more for practice than anything else, as the old time Punahou players are anxious to take the honors in the international series which start next Sunday with the Waseda University team. Daily practice is being held at Punahou in preparation for the series, and tomorrow and Thursday's games will give the old players a chance to correct any arrangement of their team that they see fit. The game tomorrow will be against the Cleveland team, the Thursday game being Oahu vs. the Chattanooga.

WARM WEATHER THOUGHTS.

A week at Haleiwa will build up a system that is run down. It will bring back the lost energy to the man or woman who has had business worry or social cares during the season. There is something in the atmosphere and surroundings that brings new life to the frame that has lost its suppleness. Being within telephone call of the city, on the line of the railway and a couple hours ride by auto it may be considered conveniently located.

A JOKE ON PROSECUTION

David Manuel was before Judge Cooper in circuit court this morning charged with larceny in the second degree, in that he is alleged to have stolen and carried away a safe some two and a half years ago.

Judge Cooper ordered the defendant discharged and his bonds cancelled, forasmuch as the statute of limitations had run on the defendant and, if there was to have been any complaint made it should have been made before two years had expired after the alleged safe stealing.

Attorney Lightfoot brought all this out in plea at bar, said plea in bar being sustained. The joke is on the prosecution.

Judge Cooper gave Hong Loy, burglar, indeterminate sentence of not less than two years and not more than twenty years imprisonment, which means that Mr. Loy, if he behaves, may be paroled after two years.

YOUNG GRACES OFF TO MAUI

Three young graces, now that vacation has opened and there is no more study for a month or so, will make a merry departure for the island of Maui tomorrow. Miss Emma Nahalelua, carrying with her a prize won for excelling in art needle work and known to her chums as "Little Queen Emma" is one of the trio. Another is Miss Hannah Cummings, just graduated from the Normal school, who will next term probably teach at Wailuku. If wedding does not interfere with the school plans, Miss Lucy Richardson, who is a school teacher at Wailuku, goes on a well earned vacation. She may quit teaching next year to travel.

Miss Eliza Kamaka, the popular young lady pianist at the Novelty theater, who enjoys the reputation of being one of the most versatile operators of the pianoforte in this city, was to have accompanied the party above named, but cannot well be spared from her much appreciated duties at the Novelty.

There will be a considerable number of pupils and teachers making their departure on steamer day, tomorrow, and the attendant crowd of farewellers with the usual accompaniment of leis and music, will make an interesting event.

SENATOR HARVEY LAID TO REST

One of the greatest funeral processions seen here in a long time occurred yesterday on the occasion of the ceremonies over the remains of the late Senator Harvey.

Services by the various lodges, commencing at 2 p. m. at Silva's undertaking parlors were followed by services at the Catholic Cathedral, and then the procession got under way, led by the Hawaiian band playing the dead march in Saul.

The Oiw sisters followed, with the Hui Koku next in line. Then came the Order of Kamehameha, presenting an impressive spectacle, each member wearing the red and yellow cape adornments of the order. The Hui Poola followed, after which moved the hearse drawn by Pools of the Inter-Island Company of which the deceased had been shipping superintendent.

Solemn services were held about the grave at the Catholic cemetery on King street, a tent having been erected for the purpose.

Monday, June 27.

Port Townsend, arrived, June 25, Alice Cooke, from Honolulu.

Gaviota, sailed June 23, ship M. Chilcott for Honolulu.

San Francisco, arrived June 25, 4 p. m., S. S. China from Honolulu.

Seattle, sailed June 25, S. S. Hilo for Honolulu.

Delaware Breakwater, arrived June 26, bk. Nuuanu from Kaaanapali.

San Francisco, sailed June 27, U. S. C. Prometheus and two barges.

BANK OF HAWAII.

A meeting of the directors of the Bank of Hawaii will be held at the regular hour tomorrow. Being so near the end of the month, this meeting is set for Tuesday in place of Wednesday.

MERCHANTS' ASSOCIATION.

An important business meeting of the directors of the Merchants' Association will be held at 3:30 Wednesday afternoon. This meeting will be held in the Young in place of the McCandless building.
