## LEADER ON RUN

**Aguinaldo Makes Escape in a Carriage.**

**A REBEL GENERAL FOR PEACE**

Says the Insurgent Government Has Deserted Him—General Lawton Advancing.

MANILA, May 16.—Aguinaldo is reported to have fled into the province of Nueva Ecija. He left Balingag on April 29th, and at that town and at San Isidro nothing is known definitely as to where he is. He fled to the rear in a carriage.

The rebels have moved 5000 Spanish prisoners north of San Isidro, and it is believed they have divided them up into small detachments. It will be difficult for the Americans to reach them this season. General Gregorio del Pilar has offered to surrender providing he gets satisfactory terms. The rebel hospital at San Isidro is filled to overflowing, and many of the wounded soldiers are in shocking condition from lack of care.

Lieut. Cole today escorted Legarda, Aguinaldo's former Minister of Finance, who is friendly to the Americans, from Manila, to an appointed place of meeting, where Legarda conferred with Gen. Trias, the insurgent Minister of War, concerning the negotiations for peace. Legarda returned to Manila this evening.

Popular sentiment has forced the retreating rebel army to stop burning towns. The American policy of respecting property has won favor. Five American prisoners were taken north through San Isidro a few days ago. Their identity is not known. Gen. Pilar says his willingness to surrender comes from the fact that the insurgent Government has deserted him.

NEW YORK, May 15.—A cable to the Sun dated Manila, May 15, 11:20 a. m., says: Gen. Lawton advanced this morning toward San Isidro from San Miguel, leaving a garrison at Balingag. Gen. MacArthur, with his command, remains at San Fernando.

WASHINGTON, May 14.—The following dispatch from Maj. Gen. Otis, giving the status of the military situation as it now exists in the operations against the insurgents, was received at the War Department today:

"MANILA, May 14.—Adjutant-General, Washington: The situation is as follows: Lawton from Balingag has taken Idefonso and San Miguel to the north, with slight loss, after driving out a considerable force of the enemy. Gunboats and canoes accompany 1500 men, under Maj. Kobbe, up the Rio Grande River from Calumpit, to depart the 16th. MacArthur remains at San Fernando, covering the country. "Yesterday a messenger arrived from Aguinaldo, expressing a wish to send a commission to Manila for a conference with the United States Commission to arrange terms of peace. Directions were given to pass the body of representatives of the insurgents to Manila should it present itself.

"OTIS."

FROM AGUINALDO.

LONDON, May 15.—The Filipino junta here has received the following message from Aguinaldo cabled from Hongkong under date of May 12th: "The Filipino Government, in accordance with the general feeling of the country, has decided to continue the war at all costs until independence is secured. The Filipinos energetically refuse the Americans' peace overtures, based on restrictive autonomy coupled with promises of a subsequent self-government."

GOMEZ GIVES UP.

HAVANA, May 15, 8:40 p. m.—Gen. Maximo Gomez informed Governor-General Brooke today that he must withdraw from the plan of distributing the \$3,000,000 appropriated to the payment of the Cuban troops to the extent that he will not name any other commissioners to replace those originally named by him who have refused to serve.

Governor-General Brooke is to go ahead with a new plan, Gomez remain-

ing in an attitude of friendly inactivity.

MCKINLEY TO MEET THEM.

HOT SPRINGS, Va., May 15.—It is the intention of President McKinley to be in the Western States at the time of the return of the volunteers who have done heroic service in the Philippines. It is expected that the necessity for the retention of the volunteers in the island of Luzon will not exist much longer, and when the volunteers reach their native States for muster out Mr. McKinley hopes to be there to greet and honor them.

CHINESE OPPOSITION.

HONGKONG, May 15.—The native opposition to the occupation by British forces of the new territory, Kowloon opposite Hongkong, has suddenly been renewed. One thousand three hundred and fifty soldiers, 100 artillerymen, 50 engineers and 500 marines have gone to the scene. The greatest secrecy is observed as to the plans of the British authorities, and nothing is definitely known.

BATTLE AT PRINCETON.

PRINCETON, N. J., May 15.—Princeton's students and Pawnee Bill's Wild West employes indulged in a pitched battle today, and serious rioting was prevented only by the presence of men with cool heads and the action of President Patton of Princeton University, later in the day, in calling a mass meeting of all the students.

RIOTING IN CIENFUEGOS.

One Man Killed and Several Hurt in a Fight—Capt. Barker.

CIENFUEGOS (Cuba), May 15, 8 P. M.—About 5 o'clock this afternoon a gang of Cuban dock laborers called upon Captain Barker, Captain of the Port, and made a demand for back pay. As they were violent, Captain Barker drew his revolver. The laborers retired, but returned soon after with fifty others and made a similar demand, using obscene and profane language, insulting Captain Barker and offering threats.

The Cuban police were ordered to arrest the malcontents and a general street fight followed, in which one laborer was killed and several persons were wounded, including three members of the police force. As the Cuban populace became very insulting and threatened revenge, an outbreak was expected, and the Second United States Infantry was ordered into the city. The troops are patrolling the town this evening.

TRANSVAAL WAR CLOUD.

LONDON, May 14.—The Cape Town correspondent of the Daily Mail says: At a meeting of the commandants on the western border of the Transvaal yesterday (Saturday), instructions were issued to the burghers to prepare to take the field at a moment's notice.

The negotiations are still pending for the proposed meeting between President Kruger and Sir Alfred Milner, Governor of Cape Colony.

Mr. Chamberlain (British Colonial Secretary) is said, will not assent to the conference unless the Transvaal executive pledges himself to initiate bona fide reforms.

JOHANNESBURG, May 14.—The work of fortifying the redoubts and the hill tops at points of strategic importance is progressing rapidly.

HAVANA FORTS WORTHLESS.

HAVANA, May 15.—Colonel Reide has been making an inspection of the forts around Havana preparatory to a report to General Brooke. He says that enormous sums were spent by the Spaniards upon defenses that are now utterly worthless. Cabanas fortress alone cost originally \$14,000,000, but two or three well-directed shells almost demolished it, and the same is said to be the case of all the rest of the fortresses, including Morro Castle. Col. Reide says that one sharpshooter stationed on the roof of the Tacón Theater, with an ordinary service rifle, could practically render any Havana fort untenable. A single artillery shot could, in many instances, make a whole wall crumble into dust.

RETURN OF VOLUNTEERS.

WASHINGTON, May 11.—In response to requests for information sent by the War Department General Otis today cabled that he would begin sending home the volunteers about the end of May. The first troops to be returned will be the First California Infantry, two battalions of which are at Negros and one in General Owenshine's brigade, south of Manila.

## FAULT OF A GUN

**Official Story of Samoan Ambush Given.**

**PRAISE FOR THE HEROISM**

Briton and Yankee Side By Side—The Colt Machine Gun—Report of Admiral Kautz.

WASHINGTON, May 15.—Secretary Long today made public so much of a recent letter from Admiral Kautz on the Samoan affair as touched the killing of a number of American sailors by Mataafa adherents near Apia on the 1st of April.

The report is an elaboration of the description of the affair which was cabled at the time from Auckland. No mention is made at any point of the reported participation in the affray of the German, Hufnam, the manager of the plantation where the fight occurred. It is shown that the failure of the Colt gun to work properly was in a large measure the cause of the American and British defeat.

Admiral Kautz says the expedition was protected by Captain Sturdee of the Porpoise. For several nights preceding, the sentries had been fired upon by the natives, and it became necessary to drive them away. Kautz says that it was the opinion of all the officers who had the matter in charge that the force was ample to do the work without risk, especially as it was to move out along the beach and return the same way, under the protection of the guns of her majesty's ship Royalist.

It is safe to say, says the Admiral, that after Lieutenants Freeman and Lansdale had conferred together they did what they deemed best under the circumstances and the disaster that followed could not be foreseen. Admiral Kautz appends the reports of the surviving officers of the expedition, which were transmitted by Captain White of the Philadelphia. In his letter of transmittal the Captain commends in the strongest terms the work of Passed Assistant Surgeon G. A. Lung. He says: "At times when the fire from the concealed natives was thickest, and at all times, by his example, he encouraged the young and inexperienced men to the proper performance of duty. At the completion of the work of his profession he assumed command of our bluejackets and marched them to the United States Consulate."

Captain White describes at some length the happenings of April 1st as gathered from a close examination of the petty officers and men engaged in the fight. He says that several excursions had been made into the brush back of Apia during the last ten days of March. Very few natives had been observed and when seen they always fled when fired upon by the Colt automatic gun. Lieutenant Lansdale set great store by the gun and frequently operated it himself.

Says Captain White: "He appeared to depend greatly on the gun when the party was ambushed on April 1st. Twice it did not work and time was lost in overhauling it and great delay was consumed in trying to get it through the wire fence. Lieutenant Lansdale was loath to abandon it, but the fire was so galling that before he was wounded he was compelled to scatter the important parts and leave it behind. Prudence led him to deploy his men in open order. The thicket was so dense that after the order for retreat was sounded it was not possible for the groups to render each other mutual support."

EUROPE AND DEWEY.

WASHINGTON, May 14.—Admiral Dewey's home-coming by way of the Mediterranean is likely to give occasion for distinguished honors from the navies of Europe, most of them being represented by extensive squadrons in those waters, and some of them having their chief naval stations at Mediterranean ports.

HOYT AND A DOCTOR.

NEW YORK, May 15.—Dr. William J. M. Barry has brought an action in

the Supreme Court to recover \$1000 from Charles B. Hoyt, the theatrical manager.

COMPRESSED AIR IN CHICAGO.

CHICAGO, May 13.—The first trip in Chicago of a car operated by compressed air was made this morning over the tracks of the North Chicago Street Railroad Company between the barns and Washington street. The run was made in the place of the first "Owl" car. The experiment was so successful that the company will supply at once all its North Side lines with similar cars in place of horse cars, which now make night trips.

TO SUCCEED DEWEY.

Among the through passengers on the Peking is Rear Admiral Geo. Watson. He is to proceed at once to Manila where he will relieve Admiral Dewey. Admiral Watson will take command of the naval forces in the Philippines. Dewey is to return home at once by way of the Suez canal and \$150,000 has been appropriated by New York City to give him a fitting reception.

BRITISH PACIFIC CABLE.

VICTORIA, B. C., May 10.—Matters are going forward toward the establishment of the trans-Pacific cable. A week ago the government of the province of British Columbia wrote to the Ottawa government offering to contribute \$1,000,000, a ninth of the cost of the cable. Today the news is given on good authority from Esquimaux, the British naval station on this coast, that H. M. S. Egeria, Captain Smythe, is to be commissioned within a few days to survey for a cable between British Columbia and New South Wales. The route chosen, said the officer, would be an all British one. It would extend from Victoria to Norfolk Island, or perhaps Tonga, and thence to Sydney, New South Wales.

MILES.

WASHINGTON, May 8.—"The President is commander-in-chief of the ment to make. It would be an unsold army and my superior. He has approved the findings of the Wade court of inquiry. Therefore I have no comment to make. It would be an unsoldierly act were I to do so."

The report finds that Gen. Miles' charges that the refrigerated beef was embelmed or unfit for use as food for troops were not sustained and that he had not sufficient justification for these charges. With respect to the canned roast beef, the court supports so much of the allegations of the Major-General commanding as relate to its unsuitability for food as actually used on the transports, and as to its extensive or long-continued use as a field ration. None of the other charges as to the canned beef are sustained.

QUIET AT APIA.

WASHINGTON, May 10.—Rear-Admiral Kautz cables from Apia, under date of May 3d as follows:

"The Brutus arrived April 29th. The condition of affairs is much improved. I have withdrawn the marines from the shore, as their presence is no longer required."

CHINESE AND HAWAII.

WASHINGTON, May 10.—Assistant Secretary of War Meiklejohn denies saying the Chinese exclusion act does not apply to Hawaii and that they may enter there unrestricted. The solicitor of the Department of Justice recently rendered an opinion that the Chinese exclusion act did not apply to those Chinese residents of Hawaii who were visiting China when the United States acquired Hawaii, but in all other respects the law applies.

RUSSIA TURNED DOWN.

SHANGHAI, May 14.—The Tsung-li Yamen (Chinese Foreign Office) has replied to the Russian Minister at Peking, M. de Giers, that the Government is unable to accede to the Russian demand, made last Wednesday, for a new railway concession connecting Peking with Russia's present system in Manchuria.

## PLEAS OF GUILTY CHANGED A BIT

Some of the Japanese Murderers Now Own Up.

### CAPITAL CASES AT AN END

Two Admit Killing Work-Sentence of Death Passed on Ihara—He Wept—To Die Aug. 28

The Kahuku Japanese were brought before Judge Perry again yesterday afternoon to answer to the last two indictments of murder in the first degree. The charge of the first was brought for the killing of Yee Fook Sing. The second was for the killing of Yee Ling Chong. The defendants were arraigned before the court and called to state their pleas.

In the matter of the killing of Yee Fook Sing, Chida Manziboro pleaded guilty to manslaughter in the first degree.

In the second indictment Yamane pleaded guilty to manslaughter in the second degree.

Fujimoto and Danjro, who figured in both indictments, were nolle pross'd on account of lack of evidence.

Ihara, who had been sentenced to death, was also nolle pross'd.

After the pleading Judge Perry delivered sentence upon the two who had confessed their guilt.

Upon Chida, manslaughter in the first degree, the maximum penalty of twenty years was imposed.

Yamane, manslaughter in the second degree, received the maximum penalty of ten years to take effect at the expiration of any previous sentence. As he had already been sentenced to five years upon being convicted of manslaughter in the third degree under the first indictment this means that he will spend the next fifteen years on the reef.

The prosecution was notified last Saturday that Chida and Yamane would plead as they did yesterday morning. Although the Attorney-General felt that it was possible to convict Chida of murder it was deemed best to accept the plea as offered.

Yesterday morning Ihara, Osaki and Yamane were summoned before the court to receive sentence according to the verdict of the jury.

Ihara, murder in the first degree, received the death penalty. There was quite a dramatic scene in the courtroom when the doomed Jap was asked if there were any reasons why sentence should not be imposed upon him.

His frame shook with sobs as the question was put. As there was no answer the judge pronounced the sentence that Ihara be hanged between the hours of 8 o'clock and noon at Oahu Prison August 28th.

Osaki received twenty years for manslaughter in the first degree.

Yamane, convicted of manslaughter in the third degree, was sentenced to five years imprisonment.

This concludes the famous case of the Kahuku riot with the exception of the trial of the fourteen Japanese charged with rioting. The trouble occurred on the afternoon of Sunday, March 26th. The whole police department at once took a special train for the scene. The trouble was quelled and steps taken to arrest the leaders of the Japanese who had made the murderous assault upon the defenseless Chinese.

The matter of gathering evidence that would be conclusive was a difficult task. Three Chinese lay dead, but to fix the guilt upon the parties who were actually engaged in the killing was not easily accomplished.

Three indictments of murder in the first degree were presented. Out of these one Japanese was convicted of murder in the first degree, two of manslaughter in the first degree, one of manslaughter in the second and third degree.

The indictment charging the fourteen Japanese with rioting will be presented this morning.

### NO DOUBLE KILLING.

Startling Story From Waimanua Was a Fabrication.

Marshal Brown has received word from Sheriff Andrews of Hawaii in regard to the child murders that were reported to have been committed on that island. The Sheriff states that the foundation for the startling rumor was the fact that a short time previous a woman had cruelly beaten her child in Waimanua. Some time afterward the child died. Whether death resulted from the effects of the beating could not be proved, so the case was nolle pross'd. From this material the story was formed.

When told here the tale related that a woman had in a fit of anger killed her stepchild. A woman who lived near by heard the screams of the little one and ran to the house. To punish the cruel woman the neighbor immediately killed the murderess' own child by breaking its neck. This startling tale was brought to Honolulu. Not only did the steamer people hear it, but a young lady of this city received a letter from Hawaii in which mention was made of the reported atrocity.

Marshal Brown immediately investigated the rumored murders with the result that a double tragedy narrowed down to a case of cruelty to children.

STOP AT THE OWL LUNCH WAGON and take home a Hot Chicken Tamale.

IF YOU LOVE your wife take her to the ORPHEUM tonight.

Promoters of Second Hilo Railway Recede Somewhat.

### THEY MODIFY THE PETITION

Mr. Hatch Continues Argument Against Granting Franchise—No Necessity Shown.

The promoters of the second Hilo Railroad had another hearing before the Cabinet yesterday. They submitted an amended petition modifying the scope of the one originally filed. The arguments presented for and against the second franchise were very similar to the ones presented last week. Mr. Hatch, in opposition to the franchise, made the further point that the right of eminent domain—the right to condemn a right of way through a man's land without his consent—was at best a harsh invasion of private rights, only justifiable where there was the clearest necessity. By granting the first franchise the Government had expressed its opinion that the public interests required the condemning of one right of way. The burden of proof is now on the petitioners to show the necessity of again subjecting the landowners to this harsh measure. What necessity do they show? They admit there is no business for more than one road. It is bad enough for a plantation to have one swath cut through its fields, with the consequent loss, injury and inconvenience, besides damage from fire to the cane fields. This could be borne, for the sake of the benefits to be derived from a railroad; but what excuse is there for subjecting landowners to a repetition of this loss and damage, simply to allow some one the opportunity to run out the first company. The landowners have rights which the Government should respect and protect. If a second road was permitted the same reasoning now urged would apply in favor of a third and a fourth road.

The Cabinet announced no conclusion, but took the matter into consideration.

### COMFORTABLE COMPANIONSHIP.

He cannot be an unhappy man who has the love and smile of a woman to accompany him in every department of life. The world may look dark and cheerless without—enemies may gather in his path, but, when, on his journey, he has the companionship of one whose presence cheers and strengthens him, he can smile at the mishaps, the trials and tribulations that may beset his way. He is but half prepared to wrestle with this "up-to-date" life who does not provide himself with that friend who will lighten his labors, increase his joys, lift evil from his heart and throw him in the way of sunshine and health. And a Sterling companion may be found in a Sterling bicycle, which the Pacific Cycle and Mfg. Co., on Fort street, will cheerfully introduce and endorse.

Are you oppressed with business cares? Are you a student, with muscular and nervous system disordered? Are you troubled with insomnia or melancholia? Or

Is your brain from hard work weary? Are your tired eyes all bleary? Does the whole world seem so dreary? That your senses fairly reel? Are you nervous or rheumatic? Are there cobwebs in your attic? Cast all this off and feel ecstatic, Mount, and ride, a Sterling Wheel.

### AT KERR'S.

Economy in these times is the watchword of success and those prudent mothers and housewives are going to Kerr's for table linen, sheetings and the like, that they may need while they send their daughters to get one or two of those beautiful shirtwaists that are being sold at half the value and former price, which even then was cheap.

## MEN STILL PLAY

Preliminary Games in the  
Tennis Tournament.

Down to Four Winners—Quality of  
Games Improves—Smashing  
Contests in Prospect.

The last round of the preliminaries in the tennis tournament was played yesterday. There are now only four undefeated players left and these will contest this afternoon in the semi-finals. These matches should bring out the best tennis of the tournament. Each of the men has fought his way up to this point by winning on merit. They are all cool and skillful players and to pick the two that will meet in the final would be a difficult task.

The first match of yesterday was between F. C. Atherton and A. Waterhouse. There was some good playing, but the result was never in doubt as Atherton had his opponent well under control. The score was 6-1, 7-5 in favor of Atherton.

C. A. Elston and Geo. Waterhouse played well. The feature was Elston's ability to cover all parts of his court. The match was won by Elston, 6-2, 6-4.

E. R. Adams and S. G. Wilder put up one of the best exhibitions of the day. Every game of the first set was closely contested, and only after a hard fight did Adams win. In the second set the sure, steady play of Adams told and he won out easily. The score was 6-4, 6-0.

The last and longest match of the day was between C. H. Cooke and D. Howard Hitchcock. The games alternated back and forth until the first set was five all. The drives of Hitchcock and ground-covering ability of Cooke were features. The set finally went to the latter player, 5-6. The second set was not so long drawn out, but it was productive of much good tennis. This also went to Cooke, 6-3. A peculiar feature of this match was that although the sets were long and closely contested, the first one being a deuce set, there were only two deuce games in the whole contest.

Today on the Pacific Tennis Club courts the semi-finals will be played. The players will be F. C. Atherton vs. C. H. Cooke and E. R. Adams vs. C. A. Elston. The first match will commence at 4 o'clock and the second at 5 o'clock.

## STEVEDORE COMPANY.

New Concern Will Use Electric  
Power on the Docks.

The Honolulu Stevedore Company, Ltd., has been organized and will soon be one of the active corporations of the city. The capital stock, which is the sum of \$5000, is fully subscribed. The shares are for the most part in the hands of members of the largest importing firms of Honolulu. This practically assures the future of the enterprise, which, from its inception, met the approval of representative business men. It is figured that with the moderate capital enlisted the company will be able to secure a first-class modern equipment. The plant will be something new to this country, but long since recognized in the States, and in use at many well-known ports. Electric power is to be used. A considerable selection of motors have been ordered. These will be placed at various points along the water front. There will be portable motors for special service. The attachments to the power source will be simple and can be used without any delays. The Stevedore Company will secure the best that money can buy in the way of tackle, etc., and will have a corps of skilled men under capable direction. The projectors are well-known men, and announce that they are in the field for business, and to remain. It is expected that the new company, having its capital available, will be ready for business in a few weeks. The motor instead of the donkey engine will be something new on the docks to surprise the visiting masters and the old-timers.

## Vacation Club.

The Vacation Club met at the Y. M. C. A. last evening. The following program had been arranged by the entertainment committee:

1. Mandolin Solo ..... C. Frazer.
2. Reading—Memory ..... F. J. Cody.
3. Song—"I Love Some One Just Like You" ..... R. Weedon.
4. Mandolin Solo ..... Chas. Frazer.

Each of the numbers was well rendered and well received. The debate on the subject "Shall we Cremate our Dead" was postponed as some who were to take part were not prepared. A number of designs for badges were submitted and a choice will be made at the next meeting. The attendance last evening was small and it is desired that there be a full turnout at the meeting as there will be several important and interesting features.

The New England Steam Baking & Candy Co., Hotel street, manufacture a full line of bread, pastry, cake, ice creams, sherbets, water ices, frozen drinks, hand made chocolates, cream candies and crystallized fruits.

## PROTECT CHARTERS.

In 1895 responsible promoters asked the Government to grant a charter for a Rapid Transit line. The Government, among several reasons that it gave for refusing the request, said that the Royal Mule line had received rights and privileges from the State, which it was under an implied contract to protect so long as the owners of the mule line supplied the public with "cannon-ball trains," and other facilities. But it was then said that although the owners of the mule line had not complied with the requirements of their charter that it would not be for the public interests to make undue haste in legally authorizing other rival concerns to impair its value by competition. And it was not until the mule transit concern had stolidly refused to accommodate the public for some years that the indignation of the community found expression in the just act of chartering another company which would virtually parallel it.

The same rule should be applied to the Hilo Railway Company, but it should be done with promptness and severity. After that company has had a reasonable time to furnish what it has agreed to furnish in the way of transportation, and it fails to do it, then it would be the duty of the Government to create new corporations that may meet the public requirements.

It is not to be assumed or suggested that the promoters of the proposed new line of railway are not acting in good faith. But they must come within the social rule "first come, first served." They may have intended for many months to have asked for the charter they now apply for. They delayed to make the application for good reasons. But their intentions give them no rights. A intends to buy a certain piece of valuable land. B buys it. Does the fact of A's intention create rights for him to the injury of B?

Some people who have not studied the matters involved in these proceedings, believe that rival roads benefit the public. In thickly settled sections, where there is really insufficient carrying power in the existing roads, this is a correct proposition. In the sparsely settled districts rivalry means bankruptcy or combination, and higher rates for transportation. The public is not benefited, directly or indirectly, by the misfortunes of any industry.

Perhaps those who represent the capital offered to build the Honolulu and Hilo railway will find other openings for investment. This capital ought to find some occupation here. Our policy is, as a community, to put all of our eggs in the sugar basket, and this capital may be a little suspicious that the bottom of that basket may fall out some time or other. Perhaps the Hilo company will take the new promoters to its heart, and divide the honors with them. It would be a commercial crime to permit them to return home with their money uninvested.

## CARE OF LABORERS.

The National Register Company of Dayton, Ohio, has a business man, a missionary and a genius for president. The company has been very successful financially. Mr. Patterson, the president, resolved, some years ago, to make the business a philanthropy also. It was a dangerous undertaking. But there were some precedents for the proposition that the better the condition of the laborers, the better the permanent prosperity of the business. The eight-hour system secures as much labor as the ten-hour system elsewhere. This genius, Patterson, having shown what dividends he could make, then gave his odd notions free play. The working rooms are fully ventilated. Twenty minutes of the company's time is allowed for pleasure. The company furnishes food at cost for luncheon. The houses of the employees are neat and the gardens pretty. The small boys of the families are furnished with land, and they cultivate and sell vegetables.

This place is like one of about a dozen in New England where great profits are made, and the owners of the factories are missionaries. The silk factory of the Cheneyes, near Hartford, Ct., is another of the double dividend players—one dividend to the stockholders, another dividend to humanity. One of the owners of the factory said, several years ago, that some of the young women employed in it refused to marry and leave it, until they were satisfied that homes elsewhere would be as comfortable.

In a public discussion of the subject of the relation of employers and employees, held in Albany in 1892, it was said that those employers of laborers in New England who had placed the very best environment about them suffered from no strikes.

George Kennan says of the Cubans:

"The condition of many of the children in Guantanamo would excite the sympathy and pity of the most hard-hearted or indifferent observer. Before I saw them I should have thought it impossible that childish faces—faces of boys and girls only five or six years old—could so completely lose every vestige of youthfulness, and acquire such an expression of apathy, debility, and decrepitude. I saw on the streets, more than once, pale, anaemic children, who could not have been more than five years of age, but who looked like worn, sickly dwarfs of fifty. The only expression in their thin, chalky faces was one of settled and habitual gloom—such an expression as comes into the faces of aged men and women who have endured a whole lifetime of privation and misery. I have since seen, in other parts of Cuba, more emaciated children, and children nearer, perhaps, to death; but never elsewhere have I seen children with the five-year-old bodies and the fifty-year-old faces of the children in Guantanamo."

These sufferings come from a revolution of the Cubans which almost destroyed the sugar industry of Cuba, and put the price of sugar so high that "millions" are quoted rather more freely in Honolulu than in Broad Street, N. Y. It is a rare event in history when the self-sacrifice of a community directly puts vast profits into the pocket of another community, as the Cuban revolutionists have done to Hawaii. No doubt, if the Cubans had come in advance to Hawaii and said, "We will destroy the cane industry of Cuba, and put up the price of sugar provided you will divide the profit with us over and above the normal price," Hawaii would have blessed the Cubans for the chance and paid for their machetes, and the share of profits remitted up to this date to the Cubans would exceed two millions of dollars.

Stupid Cubans! You are, like your Spanish oppressors, bad at making bargains! If you had less patriotism and more business ways your children would not all now have the expressions which "come into the faces of aged men and women who have endured a whole lifetime of privation and misery."

Hawaii feels that there can be no nobler sacrifice than that of suffering for the sake of another's prosperity. If she has given nothing to feed these miserable children, it is the decree of a mysterious Providence who is amply able to send the ravens with bread to these "sickly dwarfs of fifty." And it is rather an unkindly suggestion that Hawaii is under the slightest obligation to the Cubans arising out of sugar profits made by the Cuban revolution. There is no human law that requires it, and as for moral laws; they are annoying things that the courts, thank God, have no jurisdiction over.

## First Hilo Railway Co. Has No Blanket Charter

Editor Advertiser: The assertion has been made, both publicly and privately, by several gentlemen connected with the proposed second Hilo Railroad, that the numerous privileges asked for by them in addition to the right to run a railway, were the same as those asked for by the existing company.

This statement is entirely incorrect. The only semi-extraneous privilege asked for by the existing company was to be allowed to run a steamer from ports on Hawaii to connect with the railroad. This the Government objected to, and it was omitted. The only privileges granted to the existing company, besides the right to build a railroad, are those directly incidental to the construction, or maintenance of the road.

LORRIN A. THURSTON,  
Secretary Hilo R. R.

## Nothing So Bracing AS PURE AIR

Everyone enjoys it; your health depends upon it. You can just as well have it as your prudent neighbor. Old and young alike endorse it.

## DISINFECTINE

With the heat of summer comes the foul and disease producing air from the cesspool, vault and cellar. You must be on your guard against the accumulation of trash, garbage, etc.; it is dangerous to have around.

## INSURES

No skill is required to have the air about your home pure. The cost is trifling and effect is wonderful. Disinfectine as prepared by us will serve the purpose.

## PURE

We have it prepared in quantities to supply any or all demands. We will deliver to your home, if within the city limits, a trial bottle at 25 cents. Don't neglect to order a bottle at once.

## AIR.

Those who are familiar with the article order it by the gallon, which proves beyond all doubt that it is the proper thing.

Manufactured only by

**HOLLISTER DRUG CO.**

SOLE AGENTS.

Is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit

**Hood's Sarsaparilla** possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to itself and absolutely unequalled in its powers as a blood purifier, and as a tonic for building up the weak and weary, and giving strength to the nerves. Be sure to get

**Hood's Sarsaparilla**

Sold by all druggists. \$1; six for 5. Prepared only by C. I. Hood & Co., Apothecaries, Lowell, Mass.

**Hood's Pills** are the only pills to take with Hood's Sarsaparilla.

## TIMELY TOPICS

April 12th, 1899.

The cool weather we are having now won't last long, all probabilities are that after this cold snap is over we may have hotter weather than ever we had before. If this is the case, we would advise you to secure some means of keeping your butter and vegetables fresh, and at the same time making your ice bill a small item of expense.

If you are open for suggestions let us mention a few things about our

**Alaska Refrigerators.**

We can honestly say it is the best constructed refrigerator ever put on the market. It will keep provisions longer and use less ice than any other made.

The inner frame is made from perfectly odorless wood, and is lined with zinc, polished as bright as a mirror, presenting a very clean and attractive appearance.

They are also supplied with Patent Syphon and solid metal shelves.

Our space will not permit us to say anything more in regard to this article, so we would like you to call and inspect them yourself. We have them in all sizes and are from \$15 to \$50.

If you get more ice than your refrigerator will hold we would advise you to get one of our

**Ice Chests.**

We also have them in all sizes, from \$8.50 to \$25.00.

We have just received some very pretty

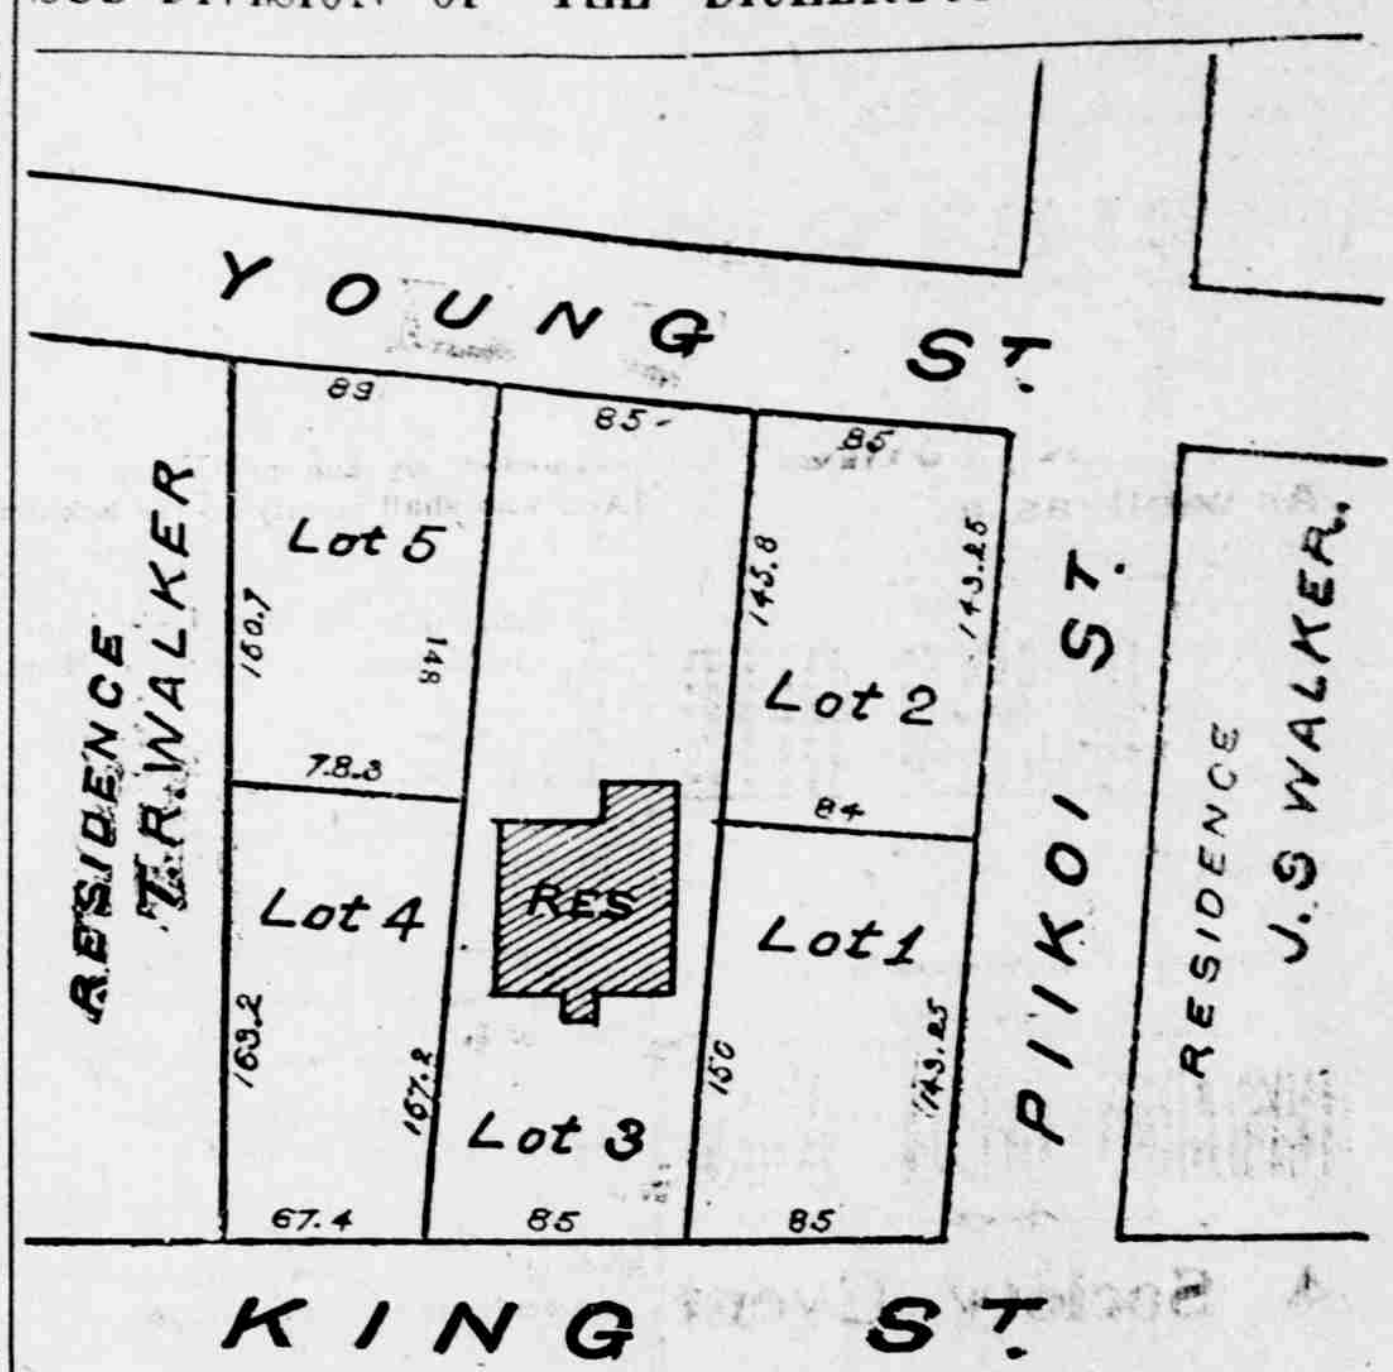

**Water Coolers.**

These coolers have wrought iron lining, with pure agate enamel, preserving the water and freeing it from metallic oxide, which is impossible to avoid with ordinary lining. Sizes are 2, 3 and 6 gallons, and range in prices according.

**IS A BIG PROJECT**

Philadelphia's Cordial Call to a Great Exposition.

**INTERNATIONAL — COMMERCIAL**

One of the Great Events of the Year—Auspices of the Museum—Many Attractions.

THE INTERNATIONAL COMMERCIAL CONGRESS AND NATIONAL EXPOSITION OF AMERICAN MANUFACTURES—TO THE GOVERNMENT, PEOPLE AND PRESS OF THE HAWAIIAN ISLANDS. GREETING:

**A GREAT PROJECT.**

In pursuance of its policy as an institution designed to encourage, foster and build up international trade, the Philadelphia Commercial Museum takes pleasure in announcing an International Commercial Congress, in connection with the National Exposition of American Manufactures, which is to be held under its auspices, in the City of Philadelphia, during the Autumn of the present year.

**EXPERIENCE.**

The first Commercial Congress, held by it in 1897, fully demonstrated the international character of this Institution and showed that it was well qualified to bring about better and closer trade relations between the United States and the rest of the world. The second, or International Commercial Congress, which it will hold as above stated, will be an additional demonstration of this fact, and will be conducted upon still broader and more extensive lines. All the more important nations of the earth will be represented by specially appointed Government delegates. There will also be present many influential business men appointed as delegates from the leading Chambers of Commerce and other organizations of like character in Latin America, Europe, South Africa, India, Australasia, China, Japan and other countries. These gentlemen, who are leading merchants and buyers in the open markets of the world, will come prepared to discuss the commercial conditions affecting trade relations between the United States and the countries which they represent. American Chambers of Commerce, Boards of Trade, and similar organizations, will be represented at the Congress to the number of several hundred. The delegates will be business men of high

standing from every part of the United States. There will be every opportunity for a full and fair discussion of all topics affecting international trade, by men particularly interested and competent to consider every phase presented.

Officially appointed government delegates and regularly appointed delegates from the various commercial bodies in foreign countries will be the guests of the City of Philadelphia during the Congress.

In addition to the accredited delegates, about 20,000 leading foreign business houses will be invited to send representatives to the Congress and Exposition. Those who accept this invitation will be able to attend at a minimum expense, as arrangements are being made for reduced transportation rates, etc. To all who come there will be afforded an exceptional opportunity to inspect and compare the best products of the world's industries; to meet the world's leading business men, and to establish new and valuable business connections.

**NOTABLE CONGRESS.**

Taken all in all, the Congress will be a most notable one. It will be certain to arouse world-wide interest, and its recommendations will have much weight in shaping the future legislation of this country. The opening session, on October 10th, 1899, will be presided over by the President of the United States, and the entire Diplomatic Corps stationed at Washington will be in attendance.

The National Exposition of American Manufactures will be the first of its kind ever held in America. It will be an Exposition entirely devoted to products and manufactures which figure in the commerce of the United States with the various nations of the earth.

**FEDERAL PATRONAGE.**

The enterprise has the sanction, endorsement and support of the Government of the United States, the State of Pennsylvania and the Municipality of Philadelphia. Altogether there has been appropriated and subscribed nearly one million dollars to defray the cost of buildings and other expenses.

The Exposition will open on September 1st, and continue until November 30th, 1899. In the series of imposing buildings now being erected for it there will be displayed such American manufactures as are most representative, and best adapted to foreign requirements. That this feature of the Exposition will be a most striking and magnificent one, in fact, one worth going many thousands of miles to see, is indicated by the mere mention of the fact that the principal Chambers of Commerce, Boards of Trade and other trade organizations represented throughout the United States have endorsed and are giving support to the enterprise. The manufacturers and business men represented in these bodies will take pride in showing to the world the latest and best results of American skill and enterprise.

**EXHIBITS.**

The exhibits of the manufactured

## IS A BIG PROJECT

(Continued from Page 5.)

goods and products of the United States will be arranged in a separate department, which will include numerous sections, classified according to the nature of the goods exhibited. There will be a textile section, showing American piece goods of weight, widths and patterns most in favor abroad; sections for hardware, electricity, machinery supplied with necessary power, in which the best types of American inventive genius will be displayed; a section devoted to agricultural machinery, implements and tools, farm wagons, carts, and the thousand-and-one devices which have placed American farms in the forefront of the world's agriculture; a shoe, belt and leather section, of great interest now that American products in these are in such growing demand; a furniture section, in which there will appear articles unapproachable in excellence or cheapness by any other country; a section of household novelties; of carpets, floor coverings and upholstery; of food products; of drugs and chemicals; of wearing apparel, notions, etc.; a section devoted to transportation, of particular importance now that surface railways of every kind are being so extensively constructed in new countries; and finally a miscellaneous section including all other products which figure in the various lines of goods designed especially for export trade.

### PACKING AND SHIPPING.

Another department of the Exposition will show in detail how American goods should be packed, labeled and put up for shipment in order to meet the approval and requirements of foreign trade. The value of the exhibits of this department can hardly be overestimated. In some countries, for instance, forms of packing that are usual with us entail heavy losses on foreign merchants through increased import duties. In other countries goods must be carried into the interior in carts or on mule back, and must, therefore, be put up in water-proof packages of convenient size and weight. In still other cases custom house regulations require packages to be marked on the sides with stencil, or in other ways not usual in the United States. Ignorance of these requirements has more than once led to serious losses, and even ill feeling between the manufacturer, who does not realize the necessity of departing from home methods and the foreign merchant, who thinks he is being intentionally injured. This department of the Exposition will aim to include all necessary specimens, models, photographs and exhibits to obviate in future all difficulties of this character.

### POPULAR ATTRACTIONS.

While the Exposition is held strictly and wholly in the interests of commerce and the development of closer international trade relations, there will also be provided such other features as will attract the general public and secure a large and constant attendance.

### BUILDINGS.

The Exposition buildings are to embody all of those features of design and construction which the experience of other Expositions has demonstrated to be most desirable. They are to be largely substantial in character and unique and artistic in design and decoration, and to be absolutely staunch and fire proof. The main building is to be constructed of brick, iron and glass. It will consist of a large central portion, 290 feet wide and 380 feet long, roofed with glass, and connecting two great wings, 90x180 feet each and two stories high. In addition to this great building, of temporary character, there will be another of similar design and finish, containing two immense halls, in one of which are to be held the sessions of the Commercial Congress. A total area of 200,000 square feet of space is available in the main buildings for exhibits.

### GROUNDS.

The Exposition grounds comprise 55 acres, the property of the Museum, and are attractively situated on the west bank of the Schuylkill river, adjoining the University of Pennsylvania, in the City of Philadelphia. These grounds are within ten minutes' ride, by trolley lines, from the City Hall. They are easy of access also by railway, so that the exhibits can be taken into the grounds in the cars in which they are shipped. There is ample room, also, in the spacious grounds for the erection of such other buildings as may be found necessary.

### THE INSTITUTION.

The Philadelphia Commercial Museum, under whose auspices the Exposition will be held, is well and favorably known throughout the business world. The scope of its labors in behalf of trade and commerce is not only national but international, and the benefits it confers are felt everywhere. Its first aim and object is to foster and promote, by practical and systematic efforts, and by new, original and effective methods, the foreign trade of America. In this work it has the support of an Advisory Board comprising representatives of the leading Chambers of Commerce and similar organizations in the United States as well as in foreign countries. It also has the benefit of similar advice from an honorary Diplomatic Board, comprising the Ministers of many of the foreign countries resident in Washington. Through its Board of Trustees, its Director, and the heads of its various departments, it is in constant communication with over 20,000 foreign correspondents, through whom it keeps in touch with every possible phase of international commerce. It has many skilled representatives sent abroad for the purpose of gathering data and making reports of practical value. Catalogues, containing full records of desirable foreign merchants, are circulated confidentially among the Chambers of Commerce and individual firms in America, and similar files, containing records of trustworthy American manufacturers and exporters, are placed in the principal trade centers abroad. The Museum also possesses large and valuable collections

of the raw and manufactured products of foreign countries, and maintains technical laboratories in which tests are made for all commercial purposes. In every other legitimate way the Museum acts as an international trade stimulus and center for commercial information.

It will thus be seen that it is an institution peculiarly fitted to carry out a project of this kind, and we are happy to announce that in conducting the Exposition it will also have the active co-operation of the celebrated Franklin Institute of Philadelphia, which will formally celebrate its seventy-fifth anniversary on this occasion.

In view of all these facts briefly set forth, it may be confidently predicted that both the Exposition and Congress will prove a brilliant and memorable success.

For any further information that may be desired, address  
W. P. WILSON,  
Director General,

## Hawaiian Scenic Photos

Whether you want to buy now or not you are cordially invited to inspect our stock of

Hawaiian Scenes and Subjects

In the matter of Colored Photos we yield the palm to none.

A collection of a dozen or more of these neatly mounted and done up in a native made Laubala folder, could not be excelled as a gift.

Should we chance not to have some desirable view we would engage to make it and be thankful for the suggestion.

See our display of Island Views in our Show Case at the Post Office.

**KING BROS.**  
110 HOTEL ST.

THE BREW OF OLYMPUS.

THE "HOFFMAN," corner of Hotel and Nuuanu streets, claims to be the "Banner" resort for gentlemen and holds the flag. L. H. Dee, the proprietor, has attained success in his line, by specially and personally supervising everything connected with his establishment. He now introduces to his patrons "Olympia Beer." This brew is from the "Capital Brewing Co." of Olympia, the capital of the State of Washington, and was received by the "Garonne." Mr. Schmitt, the leading spirit of this corporation, is a practical Chemist and Brewer, and after years of search and investigation located his plant at Olympia, on account of the peculiar virtues of the water of the Tum Falls, a stream that is noted for its distinctive qualities of clearness, coldness and lack of mineral and decaying vegetable impurities. Pure beer can only be made with pure water, and Tum water is traditional in Washington with the Indians and original white settlers. The "Olympia Draught" is under the special control and agency of Mr. Dee and he invites his patrons and friends to a personal test and is willing to abide by their judgment on the merits of his latest venture.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engines, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

## Platinotype Photographs.

Mr. L. HART, F. R. M. S., lecturer at the Ballarat School of Mines, and at the Working Men's College, Melbourne, writes as follows:

"The Platinotype process is decidedly the most perfect process of photographic printing, as the metal is not affected by any sulphurous fumes or compounds such as are found in the atmosphere, whereas other processes are easily attacked by them.

"The impression is indeed unalterable and were it possible to hold a platinotype print in the hand for several hundred years the paper would crumble and rot away, but the photographic platinotype image would remain intact.

"L. HART."

If you wish your pictures printed in platinum, see that you do not get imitations.

## HORSES MAY GO

Hilo Man to Introduce Electric Hacks in Honolulu.

**LOUIS T. GRANT PROMOTER**

He has Investigated—Lands of New Olaa Reservation—Survey Work for Hilo Railway.

### ELECTRIC VEHICLES.

(Hilo Herald.)

The Horseless Age, a periodical published in New York, has the following regarding the manager of the Hilo Electric Co.:

"Louis T. Grant, representing Hawaiian capitalists, has been traveling in the United States for several weeks investigating the motor vehicle industry, with the object of introducing both business and pleasure vehicles in Honolulu and vicinity.

"The roads in and around Honolulu are admirably adapted for motor traffic, Mr. Grant says, being of fine hard surface, and having few grades of any degree. That it is a great country for driving will be seen when it is stated that there are in the city of Honolulu 600 licensed vehicles.

"The company for whom Mr. Grant is acting propose first to introduce public hacks, and then, as experience widens, to enter the freight transportation business.

"In Mr. Grant's opinion, the electric system would be best suited to conditions they have to meet, inasmuch as a flourishing electric plant is in operation in the city, and the roads are so level and smooth.

### IT IS GOOD LAND.

(Hilo Tribune.)

Land Agent Baldwin takes exception to the statement made in a recent issue of the Tribune that an area of assorted rocks had been reserved for the Olaa settlers who still have more land coming to them. Mr. Baldwin says that the people who went in to spy out the country evidently struck the wrong trail and must have landed somewhere near the fifteenth or fourteenth mile. The land in question is situated back of twenty-one and twenty-two miles, and includes some of the finest soil in Olaa. He wishes the Tribune to correct the wrong impression and allay the wrath of the Olaa-ites.

### A WOMAN'S NOTION.

Ingenious Proposal to Simplify a Great Political Problem.

(Washington Star.)

"Charley, dear!" exclaimed young Mrs. Torkins.

He had been for some time apprehensive that the opening of the base ball season would attract her attention and lead her to conversational perplexities. He looked at her uneasily, but said nothing.

"Charley, dear!" she repeated. "There is a prospect of a real interesting time pretty soon, isn't there?"

"I don't know," he answered. "I haven't read anything in the papers except politics for the last six weeks."

"Why, it's politics I'm talking about," she rejoined, with sweet assurance. "Men are so foolish!"

"Are they?"

"Yes. They are all worried to death about a little Jefferson dinner party. They are making more fuss over it than if it were a pink tea."

"This is a very different affair from a pink tea," he observed, a little sternly.

"Of course, it is," she answered; "and that is why I say men are so foolish. They are going to make each guest pay for what he eats, and in order to get customers they cut the prices all the way from \$10 down to \$1."

"Well, that was done so as to give them a bargain," said her husband, facetiously.

"Yes. But there wasn't any use of their sacrificing all that money. Of course, an experienced shopper like me understands about these tricks, but a great many people don't. All that would have been necessary was reduce the price of the dinner to \$9.99. Anything with 99 cents to it always looks like such a bargain!"

### CAPTIVATING ELOQUENCE.

Booker T. Washington's recent address before an "exclusive white men's club" at Birmingham, Ala., captivated the hearers. Says the Birmingham News: "For an hour and a half the speaker held the audience, and held it well. His wit was at times superbly brilliant. He received more applause than any speaker who has been in Birmingham in years. The force of truth was in him, and that is the secret of his power."

MAPS, MAPS, MAPS, of Honolulu, just issued by the Hawaiian Gazette Co., von Holt Block, King street. Secure one before they are all gone. 50

Real Estate Agent.  
410 Montgomery St.  
San Francisco, California.

The attention of those having capital to invest is called to the fact, that no city in the United States or probably no city in the world offers better opportunities to make profitable or fortunate investments in Real Estate than does the city of San Francisco at the present time.

A great many reasons can be given why San Francisco realty will advance in value from now on.

I offer my experience and knowledge of values to intending buyers of business properties or residence sites. I can submit some very desirable purchases of Real Estate that will yield a fine income and steadily advance in value.

Information cheerfully given. Parties coming from the Islands who desire to invest are requested to call. I will be happy to correspond with any who may wish to obtain information in regard to San Francisco Real Estate.

Full charge taken of property and taxes paid for absent owner.

**W. J. GUNN,**

## TOO MUCH GOLD

Plethora of Yellow Coin  
Reported From East.

Storage Facilities of Banks Over-  
taxed—Payment of Customs—  
Theories Are Confuted.

(New York World.)

The banks and the treasury alike are suffering a novel embarrassment. They have too much gold.

There is a cash balance of \$281,350,878 in the treasury, of which \$241,496,016 is in gold, while the small remainder is divided between treasury notes, greenbacks and about four and a quarter millions of net silver.

At the same time the banks have so great a glut of gold that their storage facilities are overtaxed, and to get rid of the burden they are paying a larger proportion than ever before of customs dues in the yellow metal. Thus during March, 1897, no gold was received for customs; during March, 1898, the proportion of gold received was 17.6 per cent; during March, 1899, it was no less than 85.6 per cent, and during the first ten days of April it rose to 89.1 per cent.

Americans do not and will not use gold in ordinary business. This is partly because of long habituation to the more convenient paper money and partly because we have small notes. In England, where the smallest Bank of England note is for £5, or \$25, and in France, where the smallest is 50f., or \$10, gold passes freely from hand to hand and a large amount of it is kept in circulation. Here we hurry our gold to bank and the banks hustle it into the treasury.

The present plethora of the more precious metal confutes some economic theories and disproves a great many political prophecies, but "facts are stubborn things."

## COLLEGE PROGRESS.

A generation ago there were only two colleges in the United States drawing interest on funds reaching \$1,000,000. Now a Chicago college asks an addition of \$9,000,000 in a single year, although it already has productive funds amounting to \$5,800,000. A single individual within a comparatively few years has bestowed upon it \$7,426,000. Harvard's interest-bearing

funds last year were \$8,963,653; Yale's, \$4,500,000; Columbia's \$9,500,000; Cornell's, \$6,446,818; Girard's, \$15,948,146; and Leland Stanford, Jr.'s, \$3,500,000.

## ITCHINESS OF THE SKIN.

Everybody has their hour of trouble. But people having any irritation of the skin.

Have many hours of trouble. Nothing so annoying, nothing so irritating.

It's a hard and trying position. Leave it alone and you can hardly bear the misery.

Relief and cure have come at last. Melbourne has put it to the test.

Doan's ointment cures every form of skin irritation.

People at home are learning that this is so.

Here is proof in a statement:

Mr. William Preston has been a resident of Victoria for over half a century, and, therefore, will be known to many of our readers. Mr. Preston is at present residing at No. 68 Argyle St., St. Kilda. He says: "For some considerable time I have been troubled with Eczema on my legs. The irritation at times was very great, especially at night, and it caused me considerable annoyance. I obtained a pot of Doan's Ointment, and I must say that it allayed the irritation almost immediately. Doan's Ointment is a good remedy, and I can highly recommend it for Eczema."

Doan's Ointment is splendid in all diseases of the skin, eczema, piles, hives, insect bites, sores, chilblains, etc. It is perfectly safe and very effective.

Very frequently two or three boxes have made a complete cure of chronic cases that have not yielded to other remedies for years.

Doan's Ointment is sold by all chemists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price, Hollister Drug Co., agents for the Hawaiian Islands.

## Minerva Mirillo.

The new effervescent aperient for the Liver, Blood and Stomach.

Invaluable for persons of sedentary habits.

SOLD ELSEWHERE.

## Minerva Mirillo

Is a mild and pleasant, but exceedingly effective aperient, keeping the blood pure, regulating the liver, clearing the complexion, removing gouty matter from the system, and generally warding off disease. Made from, and containing all the valuable properties of, ripe fruit. Prized by travelers, seafaring men, and residents in hot climates. A sure preventive of diarrhoea, and a delightful invigorator of the constitution. When used simply as an effervescent beverage, it has most salutary results. Valuable for all persons of sedentary habits, removing depression and head affections, and generally bracing up the nervous system.

### NOTICE

AT A MEETING OF THE STOCK-  
holders of the Olaa Sugar Company,  
Ltd., held on the 13th day of  
May, 1899, at the office of R. F. Dil-  
lingham, Esq., the following officers  
were elected to serve for the ensuing  
year:

L. A. Thurston ..... President.  
H. P. Baldwin ..... Vice-President.  
A. W. Carter ..... Secretary.  
J. B. Castle ..... Treasurer.  
E. E. Paxton ..... Auditor.

who, together with B. F. Dillingham  
and A. E. Nichols, constitute the Board  
of Directors.  
The foregoing directors were substituted  
for those named in the Charter  
to act from the date of said meeting,  
with the exception that E. E. Paxton  
shall continue to act as Treasurer,  
until June 1, 1899.

E. E. PAXTON,  
Treasurer Olaa Sugar Co., Ltd.  
5237-31.

Eczema, scald head, bites, itchiness  
of the skin of any sort, instantly and  
permanently cured. Doane's Ointment,  
at any chemist's, 50 cents.

## BY AUTHORITY. A GOOD FELLOW

### NOTICE TO LABOR CONTRACT AGENTS.

The attention of Agents to take ac-  
knowledgements to Labor Contracts is  
particularly called to the following ex-  
tracts from the laws relating to their  
duties:

Penal Laws 1897, Section 1371--  
"Any Agent to take acknowledgements  
authorized by the provisions of this  
Act, who shall certify to the acknowl-  
edgement of any contract not fully  
stamped, shall be liable to a fine not  
exceeding fifty dollars, upon convic-  
tion thereof before any District Magis-  
trate."

Civil Laws 1897, Section 941--  
Schedule, Stamp duties:  
Contracts between Masters and  
Servants, for labor ..... \$1.00  
If more than one year, then for  
each year or part of a year ..... 1.00  
This duty to be charged on the origi-  
nal and duplicate copies, fifty cents  
on each copy, for each year or frac-  
tional part thereof, of the term of the  
contract, and to be paid by the em-  
ployer.

S. M. DAMON,  
Minister of the Interior, ad interim.  
Interior Office, May 19, 1899.  
5237

### SEALED TENDERS

Minister of the Interior till 12 o'clock  
noon of Monday, June 12, for the con-  
struction of Homestead Roads at Na-  
nawale and Kaohoe.

Specifications at office of Superin-  
tendant of Public Works and at office  
of E. D. Baldwin, Hilo.

The Minister does not bind himself  
to accept the lowest or any bid.

S. M. DAMON,  
Minister of the Interior ad interim.  
May 20th, 1899. 5237-31.

### SEALED TENDERS

Will be received at the office of the  
Minister of the Interior till 12 o'clock  
noon of Monday, June 12th, for Sewage  
Pumping Machinery, to be delivered  
in Honolulu.

Specifications at office of Superin-  
tendant of Public Works.

The Minister does not bind himself  
to accept the lowest or any bid.

S. M. DAMON,  
Minister of the Interior ad interim.  
May 20th, 1899. 5237-31.

### SCHOOL VACATION NOTICE.

The Government Schools throughout  
the Hawaiian Islands will close for the  
Summer Vacation on Friday, June  
23rd, and will reopen on Monday, Sep-  
tember 11th.

By order of the Department of Pub-  
lic Instruction. C. T. RODGERS,  
Secretary. 2074-31.

## NOTICE.

THE UNDERSIGNED BEG LEAVE  
to notify their patrons and the public  
that the Grocery and Provision busi-  
ness of their respective firms will be  
consolidated and incorporated under  
the name and style of HENRY MAY &  
Co., Limited, on June 1, 1899. All ac-  
counts contracted prior to that date  
will be due to the undersigned and not  
to the Corporation.

Pending the erection of the new  
stores to be occupied by the Corporation  
on the site of the present store of  
H. May & Co., the Company will oc-  
cupy as a retail department the store  
now occupied by H. E. McIntyre &  
Bros., at corner of Fort and King  
streets, telephones Nos. 22 and 92, with  
Messrs. H. E. McIntyre and Day, of  
May & Co., in charge. The Wholesale  
and also the Retail Department of the  
Company will be conducted at the J. T.  
Waterhouse stand on Bethel street,  
Telephones Nos. 24 and 949, with Mr.  
T. May and Mr. F. Waterhouse in  
charge.

The undersigned desire to express  
their thanks to their patrons and the  
public for past favors and ask that  
same be continued to the Company suc-  
ceeding them.

H. MAY & CO.,  
H. E. MCINTYRE & BROS.,  
J. T. WATERHOUSE.  
Dated, Honolulu, May, 1899. 5236

5238 Sec'y Kamalo Sugar Co., Ltd.

### NOTICE.

G. SOMMA WILL OPEN A BARBER  
Shop in the New Orpheum Block, Fort  
Street, on Saturday, May 20th. First  
class work by skilled artists will be  
executed.

## A Stranger in New York Pleases Everybody.

Good Comedy and Excellent Music.  
A Fault or Two--Play to Close  
the Season.

"A Stranger in New York," the third  
farce-comedy in the repertoire of the  
Hoyt-McKee Madison Square Theater  
company, was given to "big business"  
at the Opera house last evening, and  
was voted the best of the plays so far  
produced. It has much more of a story  
than either Rag Baby or Chinatown,  
affords more opportunity for real act-  
ing. While horse play is restricted,  
there is no limit to the amount of fun  
produced and the entertainment pre-  
sented. Though the production, on  
account of lack of rehearsal, could not  
be called smooth, there was very little  
to criticize. Bernard, the stage  
manager, fell from grace in his bung-  
ling work as Mr. Wright limit. He  
was entirely out of it when it came to  
knowing lines, was himself embar-  
rased a score of times, and he must  
have been quite trying to a number of  
people in the cast. To the French ball  
scene there was added a zest that is  
scarcely appreciated here. Miss Mer-  
rill and her tight were rather pitch-  
forked into the affair. The shapeli-  
ness of her limbs cannot be denied,  
but there was no reasonable excuse for  
the display. The little Siegel over-  
acted as usual. She did not get a  
chance to dance last evening. The  
principal dancing was by the McCoy  
sisters and Marion. Mr. Conner made  
the hit of the engagement. He was  
the Stranger. The character was nov-  
el and Mr. Conner was in his element  
as the mysterious good fellow. Next  
in order of merit was Mr. Ward as  
Baron Sands. This was excellent act-  
ing. Mr. Caspary did quite well with  
a rather lean part. Miss Crater, who  
has an awful cold, did all she could  
to please, and won applause at every  
effort. All of the music was good.  
The audience revelled in the tune-  
fulness and wit of the evening, and  
many who saw "A Stranger in New  
York" for the first time will want to  
be with him again this evening, when  
the Hoyt-McKee company closes its  
Honolulu engagement.

### Out of Trouble and In.

The case of E. Allen Sherman, who  
was arrested on the charge of gross  
cheat, was nolle prossed in the Police  
Court yesterday morning. The claim  
of Robertson, who was the chief com-  
plainant, was settled out of court, and  
the matter dropped.

Yesterday afternoon another war-  
rant, sworn out by Marshal Brown,  
was issued for Sherman's arrest. The  
charge this time is obtaining money  
under false pretenses. The authorities  
say they intend to see this charge  
through. Two officers were stationed  
on the China up to the time of her  
leaving, but saw nothing of Sherman  
at the water front. The young man  
will likely be found this forenoon.

### Two Running Horses.

An offer was made yesterday on be-  
half of a gentleman having confidence  
in the running qualities of the gallop-  
er Bobolink, to match that animal  
against the well-known Sympathetic's  
Last. The proposal was made to Gus  
Schuman, the owner of Sympathetic's  
Last, by MacAuliffe, who is training  
Bobolink. The challenge was for three-  
quarters of a mile or a mile for a  
purse of fair dimensions. The match  
could not be arranged. Both animals  
are imported. Bobolink has yet to  
make his Island record. Sympathetic's  
Last has shown true form several  
times.

### At the Orpheum.

The performance at the Orpheum  
last evening was good, although the  
attendance was not up to the aver-  
age. Barton does quite a clever act in  
which he proves his ability as a dan-  
cer. Violet Dale still retains her hold  
on the spectators. Glorine's volcano  
act is beautiful. One of the features  
last evening was throwing on the cloth  
the pictures of prominent local young  
men. Tonight the same will be put  
on.

### Presentation.

Before Miss Alice Hoffman left on  
the China last night she was presented  
with the silver cup which she won in  
the mixed doubles of the tennis tourna-  
ment. She also selected the Campbell  
racket, one of which was offered by  
Pearson, Potter & Co. to each of the  
winners of the ladies' doubles. There  
was a large party of tennis players  
in attendance at the presentation, and  
all wished her bon voyage and a  
speedy return.

All of the N. G. H. boys said yester-  
day that they enjoyed the encampment.  
Some of them were quite tired and  
sleepy throughout the day. In the  
sham battle it was H company that  
captured the water works. F and A  
shared honors in a charge on the cold  
storage.

## LOCAL BREVITIES.

Sugar, 4 1/2, steady.  
H. C. \$117 asked.  
Peauhan, sale \$12.75.  
Onomea, sale \$45.50.  
Hutchinson, sale \$35.87 1/2.  
Hana Plantation, sale \$17.50.  
Sir Henry Irving is seriously ill.  
The Francis Gays return to Kanai  
next Tuesday.

The bark Diamond Head arrived in  
San Francisco after a run of thirty-five  
days.

Capt. Barker, of the Oregon, is senior  
naval officer at Manila on the departure  
of Dewey.

The organization of the cycle trust  
has been completed with a capital of  
\$80,000,000.

Lieutenant-Colonel Duboce has been  
appointed to the Colonelcy of the Cali-  
fornia Volunteers.

Dewey goes home in his flagship, the  
Olympia. He was to sail from Hong-  
Kong on the 20th.

Major Metcalf has succeeded Brigadier  
General Fred Funston as Colonel  
of the 20th Kansas.

Mrs. Minton, wife of Mr. Minton of  
Gear, Lansing & Co., arrived by the  
Peking this morning.

The cruiser Boston was to leave San  
Francisco for this port shortly after  
the Peking's departure.

The annual California 100 mile bicy-  
cle relay race was won by the Olympic  
club of San Francisco.

The news was brought by the Pe-  
king that the Iroquois has been or-  
dered to proceed at once to Manila.

The Western Addition Improvement  
Association of San Francisco proposes  
to exclude Japanese children from the  
public schools.

What is probably the largest trust  
in the world has just been organized.  
It is the steel and iron combine with  
a capital of \$800,000,000.

On the 14th inst. Grover Cleveland  
returned from a hunting trip and stated  
that the report of his death had been  
greatly exaggerated.

The transport Centennial left San  
Francisco for Manila on the 15th. The  
Valencia arrived in San Francisco  
from Manila the same day.

The Call publishes a cut showing  
the magnificent residence that is to be  
erected by Wm. G. Irwin in San Fran-  
cisco. It is to be Italian Renaissance,  
three stories.

Among the passengers to arrive by  
the Moana will be Miss Virginia Mc-  
Ara of San Jose who upon her ar-  
rival here will become the bride of Geo.  
Ordway of this city. The young lady  
is a well-known California girl.

### S. S. Elihu Thomson.

The Elihu Thomson has reached  
San Francisco. She touched first at  
Santa Cruz. When she arrived there  
she was in a very disabled condition.  
A San Francisco tug was immediately  
telegraphed for and towed the Thom-  
son to San Francisco, where she is  
being repaired.

It is folly to suffer from that hor-  
rible plague of the night, itching piles.  
Doane's Ointment cures quickly and  
permanently. At any chemist's.

## NOTICE.

NOTICE IS HEREBY GIVEN that  
the subscription list of the M'BRIDE  
SUGAR COMPANY, LIMITED, will be  
open at the office of F. W. Macfarlane,  
Esq., No. 402 Judd Building, fourth  
floor, ON FRIDAY and SATURDAY,  
May 26th and 27th next, between the  
hours of 9 a. m. and 5 p. m. of each  
day.

A deposit of ten per cent of the par  
value of the stock subscribed for will  
be required, in cash or certified check,  
at the time the subscription is made.

If the subscriptions are in excess of  
the amount of available stock, such  
stock will be assigned pro rata to the  
subscribers, and the balance of cash  
on deposit, after applying the first as-  
sessment of 10 per cent on the shares  
allotted, will be returned when the cer-  
tificates are issued, less the amount re-  
quired for revenue stamps. A tempo-  
rary receipt will be given for the cash  
deposited until the issue of the certifi-  
cates, which will be immediately after  
the allotment is made, and of which  
due notice will be given.

B. F. DILLINGHAM,  
Promoter.

# AFTER

Repeated Trials we have at last found the article we wanted. It came by the Albert and is now offered for sale to the public of Hawaii at the same prices as sold in the United States. Come and see for yourself and be convinced that the above statement is true in every respect.

Housekeepers will appreciate our effort after they have seen and tried our new

## Scotch Granite Ware

and found it will not chip and then rust through, after it has been in use a few days. These goods when they once get into your house are there to stay.

## Aluminum Ware

Is something that has been sold in Honolulu some time but the prices we are offering these goods at is a new departure altogether.

Another thing we have pleasure in bringing before the public, especially those who have youngsters in the family, and have more or less washing to have done at home, is a Wash Tub with an attachment on the side, for fastening a wringing machine to, thereby obviating the necessity of screwing your wrists all out of kilter, by wringing out clothes by hand power. These wringers we have in three sizes.

# EXCHANGE NO. 2

"Hawaiian" Closes List  
and Elects Officers.

Eight Names on the Roll—E. C. Winston Is President—Session to Be Held at 1 p. m. Daily.

An association to be known as the Hawaiian Stock Exchange, composed of brokers trading in the various securities handled in the local market, has been formed. The first session will be held at 1 p. m. on Thursday of this week, and thereafter daily at the same hour. For the present the meeting place will be in the office of J. H. Schnack, Merchant street, the Irwin building. These are the officers of the second stock exchange to come into the field here:

President—E. C. Winston.  
Vice-president—J. H. Schnack.  
Secretary—William Savidge.  
Treasurer—J. S. Walker.

The other members are: James H. Love, E. R. Biven, A. Gartenberg, Charles Phillips. There are eight names on the roll, with five applications for membership pending.

The Hawaiian will do business upon the lines of the existing exchange, with a few departures. There will be no fee for the listing of securities. All stocks in which there are dealings will be called without charge. Reports will be published daily. At the rooms of the Hawaiian will be kept the exhibits of the various corporations and much other matter of interest to members and patrons of brokers.

Organization of the second exchange has grown out of dissatisfaction in certain quarters over the methods or rules of the pioneer or the action of some of the members of the old exchange. Promoters of the rival say they are confident of keeping it a live and of gaining for it a standing in the community. There has been talk of the Hawaiian for a couple of months. Its members, with the exception of Mr. Biven, a quite recent arrival, are all well known to Honolulu people.

# OVER THE SIDE.

Rig Chartered By Tourists Overturns on Punchbowl.

A party of pleasure seekers had a narrow escape from death yesterday afternoon. Three tourists, two ladies and a gentleman, from the China, had hired a carriage to visit Punchbowl to obtain from its heights the famous view of the city. Everything went along nicely until that point in the road near the old cannon was reached. Suddenly the horse veered and plunged his forefeet over the wall. The incline at that point is very steep. The driver braced himself and put all his strength on the reins. The downward descent of the horse was checked. The ladies and gentleman instantly got out of the rig. In the meantime the horse was plunging and the driver's strength waning. He handed the reins to the gentleman of the party and jumped to the ground. But in doing this the pull was relaxed. In a moment horse and carriage were rolling down the incline. For about forty feet they crashed through the brush and over the rocks. It seemed impossible that the horse would not be killed and the carriage smashed to kindling wood. Help was summoned and after much exertion the horse was released and the rig drawn up to the road. The horse escaped without a scratch, and the sum total of the damage to the carriage was a shaft broken. The tourists returned to the city, took another rig and went back to their sight seeing, which had received such a startling interruption.

# "FANS" WILL BE OUT.

Exhibition Base Ball Game Tomorrow.

The exhibition baseball game between the Stars and Artillery will be played tomorrow afternoon at the Makiki grounds. Both teams have spent the last few days in good hard practice and the game should be in a measure free from the errors which are usually so plentiful at the beginning of a season. As these two teams are to play throughout the season the "fans" will be out to try to draw a line on the play and forecast the future.

During the practice of the Stars yesterday Duke McNichol, one of the old reliables, had the misfortune to break one of his fingers. This will put him out of some if not all of the games. However, he will try to make up for this by increasing his efforts in the coacher's box.

As tomorrow will be generally observed as a holiday it is expected that a large and enthusiastic attendance should be on hand when the umpire calls "Play ball."

The RED RUBBER STAMPS made by the HAWAIIAN GAZETTE CO. outwear those of any other make.

# OUR REPRESENTATIVES.

We have Shoes for those too young to walk, for those too old to run; for those who dance with merry feet, or through weary years still shuffle on.

Shoes as light as the heart of youth, as strong as manly courage, as beautiful as woman's grace and firm as truth most chaste.

Shoes for dry and wet, for cold and storm, for week day and Sunday, and always to be depended on.

All our Shoes are like good ministers--they wear themselves out in the service of mankind.
