MORMON ELDER IS KILLED

BIG BOND ISSUE FOR WATER WORKS

Swept To Death Over Maui Cliff

Missionary From Utah Loses Life In Journey Over Treacherous Trail

(Special Bulletin Wireless).

HANA, Maui, Jan. 10.—Losing his footing in a swift stream that swept over the cliff and down to the sea more than a thousand feet below, Elder J. E. Kirkman, of the Mormon church, was killed today on the road between Kipahulu and Kaupo.

Elder Kirkman accompanied by Elder Frank McMasters set out this morning to go to Kaupo from Kipahulu, a distance of about fourteen miles. The mountain path is one of the most dangerous in the entire Territory. It skirts the edges of the cliffs, crosses deep gulches and dashing streams, and almost anywhere along its course a misstep means death or accident.

The two Mormon leaders were riding on mules. At Alelele, some two miles from Kipahulu, the trail crosses a swift and treacherous stream close to the edge of the cliff. It is supposed that Elder Kirkman's mule lost its feet in the water. Both mule and rider were swept over the cliff and down into the sea far below. So far the body has not been recovered, although efforts are being made to do so.

According to local members of the church, both Elders Kirkman and McMasters are residents of Utah and were sent here to carry on the missionary work of their faith. They arrived less than a year ago and lately have been doing church work on Maui. Their home was previously in Salt Lake City. The Bulletin's message today was the first received here telling of the accident.

EXPECTED OPPOSITION TO HOLSTEIN SHOWN IN ATTITUDE OF TWO OAHU MEN IN CAUCUS

H. L. Holstein of Hawaii promised to have a fight on his hands in getting the speakership of the next Legislature. Although the caucus of Republican members of the next House from Oahu last night showed that the majority of the Oahu delegation favors Holstein, it was evident that the opposition here is unexpectedly strong. The Bulletin's prediction of a split was fulfilled.

Eleven members of the twelve in the delegation attended the meeting, the absent one being S. K. Mahoe of Wailuku, who did not come because of the distance. An informal vote on the speakership question showed nine as in favor of Holstein, although several of these, it is understood, are not fully decided to back him vigorously.

The caucus was executive, but it was admitted today that at least the sentiment was such as to show that Sam Kellinof of Maui may prove a more formidable candidate than Holstein anticipates. Kellinof is said to have at least the tacit support of two Oahu men, A. Q. Marcellino and J. K. Kamanoulu, although neither of these will declare himself openly.

PROMOTION WORK MAY BE HALTED

That the work of the Promotion Committee will be seriously hampered if the board of supervisors takes away the county appropriation of \$250 monthly, is the declaration of members of the committee and of Secretary H. P. Wood, who supports the declaration with a statement of work being done and planned for the future. It shows that the committee actually needs more money than is now available.

"In the next year we should have at least \$20,000," said Secretary Wood this morning. "Our income is about \$1000 a month, including the county appropriation.

"The work that has been done has brought the committee to the point where it should not go back. We have organized an immense system of distributing promotion literature. Our printing, our postage and our

Sixty-four out of every 1,000,000 persons the world over are blind.

CALIFORNIA FOR INSURGENT SENATOR

(Associated Press Cable.)
SACRAMENTO, Cal., Jan. 10.—John D. Works of Los Angeles, insurgent Republican, was victorious today on the first ballot taken by the California Legislature on the United States Senatorship. Works received 92 votes in both houses. The "regular" Republican nominee, E. R. Spaulding, was given only 21, while reentering ballots were: Mervise, 1; Kent, 1; and Raker, Democrat, 3.

REPUBLICANS NAME EX-GOVERNOR McLEAN

(Associated Press Cable.)
HARTFORD, Conn., Jan. 10.—Former Governor George P. McLean of this city was today named for United States Senator at a caucus of the Republican members of the Connecticut Legislature. Governor Payne is one of the most prominent men in public life in this State.

FOURTEEN DIE WHEN BARGES ARE STRANDED

(Associated Press Cable.)
HIGHLAND LIGHT, Mass., Jan. 10.—Fourteen people were drowned today in the stranding of three barges.

PENSION BILL HAS PASSED THE HOUSE

(Associated Press Cable.)
WASHINGTON, D. C., Jan. 10.—The Pension Bill, which includes practically all veterans of the Civil and Mexican wars, passed the House today.

COMMANDER LUBY IS DEAD AT SEA

(Associated Press Cable.)
WASHINGTON, D. C., Jan. 10.—Notices have been received here of the death of Commander Luby on board his vessel at sea.

DEMOCRAT NAMED FOR SENATE BY OHIOANS

(Associated Press Cable.)
COLUMBUS, O., Jan. 10.—Atlee Pomarine, Democrat, was today elected United States Senator by the Ohio Legislature.

SAN FRANCISCO, Jan. 10.—Sugar: 96 degrees test, 3.61c. Previous quotation, 3.675c. Beets: 88 analysis, 8s. 10 1/2-2d; parity, 3.85c. Previous quotation, 3s. 11d.

150 TEACHERS HEAR GOOD TALKS

One hundred and fifty teachers of the public and private schools attended the meeting of the Teachers' Association held in the city last evening. It was one of the largest and most enthusiastic assemblies of teachers that has been held for months, if not years, under the auspices of this organization.

Commissioner Worth Aiken of Maui was one of the speakers who attracted particular attention by his vigorous utterances in favor of the Territorial system of public school administration.

Among the other speakers was President Gilmore of the College of Hawaii, who set forth the details of the DeWitt-Davis bill now before Congress. This bill passed will give Hawaii Federal funds for industrial high schools on each of the islands of the group. This is the bill for which the Delegate to Congress is pledged to work and one that is being considered with general favor by the educators of the mainland.

McKinley Statue Here; Another Chapter Added To Long Delays

Bills of Lading for Pedestal Lost Between Honolulu and Maine.

The McKinley statue is here at last.

After nearly ten years of agitation in the community, the heroic figure in bronze that will stand in front of the McKinley High School has been finished, is in Honolulu, and within a few weeks the metal statue of the martyred President will be erected.

As a climax to the many delays which the making of the statue has undergone, there is now a hitch in the delivery of the handsome granite pedestal. The pedestal comes from Rockland, Me., and the bills of lading for it have been lost. Until they are found the statue faces another wait.

For more than two weeks the statue has been lying boxed up on the American-Hawaiian wharf, where it was delivered by steamer from the Coast. Few have known of it—its whereabouts—but Curzon Osborne of Honolulu, the sculptor who has created the statue, today said that the committee wished to get everything ready before announcing the unveiling. The delay in getting the pedestal proved another upset to Mr. Osborne's plans. However, cable and telegraph are now busy in an effort to locate the missing bills, and they will be found in a short time.

The statue and pedestal when set up will be seventeen feet in height. The statue itself is eight and the pedestal nine. The statue is a bronze.

TO ENTERTAIN THE SHRINERS

Committees All Named to Look After the Visitors.

Everything is now in working shape for the entertainment of visiting Shriners next month. Coming on the chartered Argus, all the committees which are to have charge of the entertainment have been named.

In addition to the executive committee, the names of which were published last Friday, the following committees have been named:

Finance Committee—R. W. Shingle, chairman; E. I. Spaulding, L. C. Ables, Abr. Lewis Jr., D. W. Anderson, J. D. Tucker.

Reception Committee—C. G. Bockus, chairman; G. S. Burrill, Charles Bon, O. A. Bierbach, P. T. P. Cleghorn, C. J. Campbell, H. E. Cooper, J. H. Craig, B. F. Dillingham, M. M. Johnson, Thos. J. King, F. M. Lewis, Robert Lewers, John A. McCandless, E. B. McStocker, T. H. Petrie, J. G. Pratt, J. W. Pratt, M. P. Robinson, F. E. Richardson, Geo. F. Renton, J. G. Rothwell, M. N. Sanders, E. M. Scoville, H. E. Webster, Thos. E. Wall, A. C. Wall, E. O. White, Charles F. Murray.

Banquet Committee—M. Phillips, chairman; J. H. Craig, K. B. Porter, F. L. Waldron, W. T. Rawlins.

Loan Committee—Lester Petrie, chairman; Arthur M. Brown, H. P. DeKley, W. F. Heffron, J. E. Hamilton, A. Jungelaus, W. Starbird, Sam Parker, K. R. G. Wallace.

Ball Committee—C. B. Cooper, chairman; George H. Angus, E. B. Blanchard, G. S. Burrill, Chas. Bon, W. R. Coombs, P. T. P. Cleghorn, C. R. Frazier, M. M. Johnson, C. A. Mackintosh, H. G. Plummer, W. T. Rawlins, R. W. Perkins, R. W. Shingle, W. F. L. Stanley, Thos. E. Wall, A. C. Wall, L. M. Whitehouse.

Parade Committee—F. E. Richardson, chairman; J. J. Belser, D. B. Macphachie, L. M. Whitehouse, Transportation and Automobile Committee—F. L. Waldron, chairman; E. E. Dodge, Chas. Bon, N. E. Gedge, Peter Johnson, Alexander Pratt, Fred C. Smith, E. J. Lord.

Printing and Program Committee—W. H. Goetz, chairman; Chas. R. Frazier, R. H. Trent, Thos. E. Wall, Hilo Committee—John T. Moir, chairman; W. H. C. Campbell, Wm. McKay, H. H. Renton, Sam Johnson, J. F. Woods.

Home Committee—John A. McCandless, chairman; Geo. A. Davis, Chas. R. Frazier, C. S. Holloway, F. R. McStocker, Norman Watkins, E. O. White.

Hotel Committee—R. W. Breckons, chairman; H. Armitage, A. Berg, J. E. Hamilton, John Kidwell, J. G. Pratt.

Decorations Committee—Theo. Hoffman, chairman; Thos. Sharp, Stanley Stephenson.

Music—W. G. Ashley.

MAINE PAPER AND WOOLLEY

Portland Argus Condemns Attempt to Force Prohibition on Hawaii.

Declaring that the people of Hawaii have emphatically rejected prohibition, the Argus, of Portland, Me., makes a strong editorial attack on the attempt now being made to pass a prohibition bill in Congress for this Territory. The Argus says:

"What the Rev. Dr. Blanchard referred to as the 'tyranny' of prohibition, in his recently-published article on resubmission, is pertinently illustrated by the effort now making in Congress to obtain the passage of legislation forcing prohibition upon the Territory of Hawaii. It appears that the past Congress authorized an election in Hawaii to determine whether the Territory favored the abolition of the liquor traffic. This election, held in August last, resulted in the defeat of the prohibition proposition by a heavy majority. It was submitted to the people of Hawaii and the people rejected it with emphasis. Now the prohibitionists of that Territory are seeking to have Congress force a prohibition act upon it. That the majority of the people are opposed to it, and have so declared in an election held for the purpose of ascertaining their will, makes no difference to these prohibitionist zealots. They think Hawaii ought to have prohibition whether the people want it or not. They propose through Congress, to bend the Hawaii neck to the prohibition yoke. If this isn't tyranny, the tyranny of medieval bigotry, what is it?"

Stocks were firm and tendency upward today, with Paauhau selling at 19, an advance of a point from the recent price. In San Francisco this security has been 19 1/2 for two weeks and local sentiment reflects the San Francisco feeling largely in the advance here.

Hawaiian Pineapple is firm at 32.50 the recent news of the building of another plant for pineapple products stimulating the stock somewhat. A good deal of activity in Brewery stock is manifest and the fact that the annual meeting is to be held tomorrow morning has given rise to unconfirmed reports that the present monthly dividend of 15 cents will not be reduced and may even be raised to twenty cents, which if true, accounts readily for the buoyancy of this stock.

Oahu is much in demand at 25 1/2, while Ewa sells readily at 27.50. Two dividends were declared today, Hutchinson making its fifteen-cent per share and Wailuku its \$1.50 per share.

STOCKS FIRM AND TENDENCY UPWARD

Water Works Need \$500,000

Next Legislature Will Be Asked To Vote Bond Issue---Fire Protection Essential

A bond issue of \$500,000 will be urged upon the next Legislature, convening the 15th of next month, for the purpose of improving and extending the water system of Honolulu. This sum, it is believed by the Territorial administration, is essential for the bringing of the water system of the city to a basis that will provide adequately for all eventualities of the future and meet the needs of the community as a growing city.

The greatest difficulty that has been encountered in distributing the water has been the smallness of the mains, which were laid at a time when the necessities of the future were not taken into consideration.

The improvement of the water system is of critical importance in the opinion of Superintendent of Public Works Marston Campbell. He states that two of the populous residential districts of the city, Manoa Valley and Kaimuki, are practically without fire protection.

In connection with the water situation, Campbell defends the action of the department in forcing the placing of about fifty-five meters upon city water mains. Campbell declares that this action, which had aroused protests, has been taken under authority granted by act of the last Legislature. He declares that the meters have stopped wastes in many cases and will be continued to be used when thought necessary by the department.

TO COMBAT INFECTIOUS DISEASE IS THE MISSION OF NEW SEPTIC TANK

To more successfully serve in combat with a possible invasion of infectious disease from Oriental or other quarters of the globe, the new septic tank system for a disposal of sewage now under construction at the plant of the United States Marine Hospital and Quarantine Station is destined to prove a pronounced factor in the maintenance of healthful conditions.

Through the efforts of Dr. Carl Rasmus and his corps of assistant medical officers, the necessity of keeping the Honolulu quarantine station up to the highest standard of efficiency as regards modern equipment has been constantly brought before the proper officials at Washington who in turn have induced Congress to make a suitable appropriation to complete the work.

A septic tank for the disposal of sewage on Quarantine Island is assured. The work of installing a plant that will cost between fifteen and twenty thousand dollars is well under way. It will be several months before the system will be ready to be placed in operation.

United States government engineers have completed their survey for the plant. They also made a series of borings to determine the necessary grades and sub-stratum suitable for the large tank foundations. A force of men are now going forward with the construction of a receptacle which will be divided into two portions, arranged in the form of practically two separate tanks each will be so situated that the contents can be heated to a boiling point. The system of handling sewage is declared as the only solution of combating a possible epidemic of cholera.

The sewage and drainage from the quarantine camp is confined to the tanks there treated by heat and chemicals which serve to destroy all germs and bacteria. The tanks are to be closed and the effluent after treatment is turned into conduits which lead into the sea.

An electrical centrifugal pumping plant is to be installed to assist in the movement of sewage from the tanks to the ocean.

The septic tanks will have a capacity of one hundred and fifty gallons sewage per capita per day.

While this plant now under construction is considered rather large in size it is claimed by the local authorities that the system is none too great for the possible demands that may be made upon it through the increase in shipping at the port of Honolulu. It is also stated that this being a tropical country in every sense the demands upon such a system will be far greater than a similar system for one of the coast cities.

An appropriation sufficient to cover the cost of construction of the system is one of many matters that will be brought before the present session of Congress at Washington.

Sweden has 101,000,000 acres of land. Half of it is forest land. Most of it is private forests. Finland has more forests than Sweden.

reared except among those suspects held in quarantine.

Regarding the assertion that a number of Maui residents have expressed the wish that the Territorial Health authorities would leave off their labors and come back to Honolulu, Dr. Pratt stated that during his hurried trip of investigation to the island he found general satisfaction with the work of Mr. Charlock and his assistants and a desire that they remain and continue their fight that resulted in the curbing of the epidemic.

LOCAL AND GENERAL

Try a case of Pinetax. It is pure Phone 1557.

Whitney & Marsh's sale of rain coats is now on.

It goes without saying that everything is Best at The Enclave.

The Anchor is the only genuine curio saloon in Honolulu. "Sure, Mike."

The Merchants' Association will hold its annual election tomorrow afternoon.

E. J. Lord left for Hilo on the Mauna Kea today to look over breakfast work.

For distilled water, Hire's Root Beer and all other popular drinks, Ring up Phone 2171. Consolidated Soda Works.

Costumes for the Floral Parade and Carnival may be ordered through the Hawaiian News Co., Young Bldg. One price for both events. Orders must be in soon.

The civic section of the Men's League of Central Union church will discuss "A Direct Primary Law" at a meeting to be held next Thursday evening at 8 o'clock at the parish house. Judge Whitney is the leader.

PINEAPPLE IS LIVE INDUSTRY

Deal Made for New Plant and Another Deal On For Sale of Company.

Pineapple business is humming these days. With the California Fruit Packers' Association considering taking over the property of the Consolidated Pineapple Company, and announcement of the purchase of a tract of land by the Hawaiian Pineapple Company, the industry is evidently flourishing.

The Consolidated Pineapple Company is to hold a meeting this afternoon to talk over the deal with the California concern. The meeting may result in the formation of a new concern or in the purchase of the local concern by the California people. R. I. Bentley of the California corporation is engaged today in conference with the Consolidated directors.

The Hawaiian Pineapple Company, which includes the Dole interests and is a separate proposition, yesterday afternoon concluded the details of the purchase of an acre and a fraction of land in Palama, from the Kaneohe Rice Mill Company. On this land will be erected a plant for bottling pineapple juice by the Hawaiian Pineapple Products Company, a subsidiary of the other. The consideration for the land is said to be about \$10,000.

MACHINES WILL BE NO CHEAPER

Should Selden Patent Cease to Have Force, Is the Opinion.

That automobiles will be practically no cheaper if the Supreme Court of the United States sustains the decision of the United States Circuit Court of Appeals of New York, reversing the decision of the lower courts upholding the Selden patent on automobiles, is the opinion of a local automobile dealer who is well versed in all aspects of the trade.

The patent has but one year more to run anyway, and even if it is renewed, which is thought unlikely, for a further period of seven years, it will have little effect one way or the other on the price of American cars.

It is believed by the trade that no steps will be taken for renewal on account of the fact that the fight made against the patent by Henry Ford of the Ford Motor Company has cost the Selden interests so much money that the patent has not proved a valuable asset.

For several years the fight was carried on by independent automobile manufacturers, and then taken on by Ford alone after the others had dropped out. More than eight years' suit after suit has been brought by the independents and Ford, and it has taken a great deal of money to fight these suits.

The royalty that manufacturers have been obliged to pay the holder of the patent is an infinitesimal sum in comparison with the price of a standard car, and on this account there could be no reduction in price, should the patent cease to hold force.

"Automobiles will become cheaper from time to time, the same as a bicycle or any other commodity," stated a Honolulu dealer this morning, "but this difference in price will have nothing to do with whether the machines are manufactured under and have to pay a royalty to the Selden patent."

FILIPINOS FINALLY PASS MUSTER; SENT TO ISLAND PLANTATIONS

Mauna Kea Carried Eighty-Four Little Brown Brothers and Sisters—Sierra First to Report Arrival at San Francisco—Large Shipments of Lumber Leaving for Islands.

After a detention at the Federal quarantine station covering a period from December 23, a number of Filipinos who arrived at Honolulu by the Pacific Mail liner Mongolia have been released, and they took passage for the island of Hawaii by the inter-island steamer Mauna Kea, sailing at 10 o'clock this morning.

Eighty-four Filipinos—men, women and children—together with their goods and chattels, were among the picturesque assortment of humanity that will occupy the lower decks of the steamer, which makes calls at several plantations on the Big Island.

Included in the number were several natives of the Philippines who had arrived here as stowaway passengers by the Pacific Mail liner Korea last Saturday.

At the close of a conference between officials connected with the United States Marine Hospital and Quarantine Service, the Territorial Board of Health and the Hawaiian Sugar Planters' Association, the Filipinos have been given opportunity of taking up work on island plantations.

There are fifteen Filipinos still under detention at Quarantine Island. It will require several days to determine their status. They arrived here with an assortment of diseases and ailments, some loathsome and others contagious.

The Filipinos who departed today will be distributed at the various sugar estates on Hawaii.

Change of Flag May Bring Subsidy.

The transfer of the British steamer Rubi and Zafro which for several years were operated between Manila and Hongkong under the management of the China-Manila Steamship Company has awakened much comment in the Orient and the mainland as well.

The two steamers have been granted an American registry. American Consul Anderson stationed at Hongkong commenting on the transfer of the China & Manila Steamship Co. fleet from the British to the American flag he states that the change was made in order to enjoy the Philippine trade, which offers special inducements.

This transfer, says Mr. Anderson, was brought about by the discovery in the annual report of business, that the company had dropped about \$15,000 local currency or \$6,300 gold in the operation of its vessels. By reorganizing under the laws of the Philippine Islands the company can enjoy the inter-island trade, a business which is growing rapidly, and in addition, counts upon securing a \$20,000 a year, gold, mail subsidy from the government.

Other Eastern companies, however, are operating at as great a loss, according to the same authority. The Douglas Steamship Co., an English corporation is reported to have cleared about \$205,000, net profit from the last year's business. For the past five years, Mr. Anderson reports, the company has lost money.

Mr. Anderson gives a table showing the proportion of business enjoyed by various mercantile fleets in the British port of Hongkong for the past five years. This shows that British vessels in 1905 enjoyed 55.5 per cent. of the business and, by steady losses, are now taking but 49.4 per cent. of trade. The Japanese vessels, with government aid, are the only ones showing great gain in business, enjoying 5.2 per cent. of trade in 1905 and 16.4 per cent. in 1909.

American ships, which carried 4.7 per cent. of cargoes in 1905, carried, in 1909, 2.7 per cent. A similar table, printed for all Chinese ports, shows that the British trade fell away from 48 per cent. in 1905 to 39.2 per cent. in 1909 while the Japanese trade

Lumber Laden Steamers Sail.

Laden with large shipments of lumber the inter-island steamers Mauna Kea for Hilo and way ports and the Mauna Loa for Kona and Kauai coasts of Hawaii got away this morning. The Mauna Kea carried a mail for the mainland that will be transhipped to the Matsun Navigation chartered freighter Hyades at Kahului. The Hyades is expected to arrive at San Francisco on January 22nd two days after the departure of the steamer Lurline from Honolulu. The Mauna Kea and Mauna Loa carried a full quota of cabin and deck passengers. Besides consignments of lumber there were quantities of fertilizer and stores for island ports of call. The Hawaiian band was not present at the sailing of the steamers.

Mongolia a Sunday Arrival.

The quiet and gloom that usually pervades a Honolulu waterfront on Sunday will be partially dispelled by the probable arrival of the big Pacific Mail liner Mongolia from San Francisco. This vessel has sailed from the coast with a shipment of six hundred and fifty tons of general cargo. Should the Mongolia show up off the port at an early hour on Sabbath morning there is every possibility of the steamer being dispatched for Japan ports and China the same evening.

There is nothing that serves to bring forth broad ranged expressions of gladness upon the faces of customs officers and steamship representatives than the arrival of a foreign steamer

Honolulu's annual poultry show will be held this year on February 15-18, according to a decision reached last night at a meeting of the Executive Committee of the Poultry Association. It is planned to hold the show in the armory drill-shed, and application will be made to Governor Frear for permission to use the shed.

on Sunday. Therefore, grins are in order.

Prepare for T. K. K. Agency.

As stated in the first edition of yesterday's Bulletin Castle and Cooke will take over the agency of the Toyo Kisen Kaisha at Honolulu beginning with January 26th. In response to a query sent to the head offices of the Japanese steamship company at Tokio, General Manager E. D. Tenney of Castle and Cooke has received a cable confirming the rumor that has been current here for weeks that the T. K. K. agency would be transferred from H. Hackfeld & Co. to Castle and Cooke.

The business connected with the arrival and departure of the Toyo Maru on or about January 24th will be looked after by H. Hackfeld & Co.

Today's Departures.

Today's departures in coastwise vessel included the sailing of the steamer Likiep for Honolulu and Kure, the Maui for Paahoa and Kure, the Oahu for Lanai and Lanai for Kure, the Oahu for Lanai and Lanai for Kure, the Oahu for Lanai and Lanai for Kure.

Noeau to Sail This Evening.

Taking ten thousand feet of dressed lumber and a quantity of other freight the inter-island steamer Noeau is scheduled to sail for Kauai ports at five o'clock this evening.

SECOND FEDERAL SITE DEMURRER

There will apparently be many legal entanglements in the way of the Federal government's requirement of the property on Fort street necessary to enlarge the Mahukona site to an entire block for the United States building.

A demurrer to the proceedings of condemnation, instituted by United States Attorney Breckons, has been filed in the Federal Court by Thompson, Clemens & Wilder, attorneys for E. O. Hall & Sons. The demurrer covers practically the same grounds enumerated in the one filed in behalf of the Cummins estate several weeks ago.

The E. O. Hall demurrer declares there are seven good and sufficient reasons why the condemnation proceedings should not be heard. It states that it does not appear from the condemnation papers that money has been appropriated by Congress for the purpose of acquiring the property; that it does not appear that the land is necessary for public use; also that a map is missing and the conclusions contained in the condemnation papers are of law and not of fact.

FILIPINOS ARE READY TO GO

Fifteen Filipino indestrables will be sent back to their native land on the Pacific Mail liner Mongolia, sailing Sunday. The medical examinations have been continued under the direction of Dr. Sinclair, representing the Territorial Board of Health and Dr. Ramon of the United States Marine Hospital Service and as a result those who have been found to be afflicted with infectious and contagious diseases are being segregated with the intention of sending them back.

There is no objection upon the part of the Filipinos, and they express themselves as being perfectly satisfied with the arrangement. There is likewise no objection from the Planters' Association, which has expressed itself officially as being glad to pay the way of all of the immigrants who are declared by the physicians to be undesirable additions to the people of the Territory.

Skin of Beauty is a Joy Forever.

Yokohama—Per Mongolia, Jan. 15.

Vancouver—Per Zealandia, Jan. 31.

Sydney—Per Makura, Feb. 3.

TRANSPORT SERVICE.

Dix arrived from Seattle, for Honolulu, Jan. 8.

Logan, arrived Manila, Jan. 4.

Sheridan, sailed from Honolulu for San Francisco, Jan. 5.

Sherman, sailed from San Francisco, for Manila, Jan. 5.

WATERFRONT NOTES

St. Ronald May Sail Wednesday.

Fred Waldron the local representative for the British freighter St. Ronald hopes to be able to dispatch that vessel for San Francisco, Portland and Vancouver by Wednesday or Thursday of this week. The steamer has arrived with a considerable quantity of cargo for Honolulu. Bringing 2000 tons fertilizer, 1400 cases of assorted liquors and 500 tons stores, the vessel was sent to Hakefield wharf to discharge. The St. Ronald comes from European ports calling at Antwerp, Leith for freight. Captain Shine reports a fair trip with a little rough weather in coming up the West coast.

Alden Besse to Sail Saturday.

Captain McAllister hopes to be able to dispatch the American bark Alden Besse for San Pedro on Saturday. The vessel went to the railway wharf yesterday there to take on a consignment of pineapples and fertilizer. The bark will be supplied with a shipment of scrap iron also. The Alden Besse brought a goodly shipment of general cargo including plaster, hay, grain and lumber from Southern California ports and has been discharging the same at the Oceanic wharf.

Manila First to Enter S. E. Loch.

The American schooner Manila with a shipment of lumber is said to bear the distinction of being the first deep sea vessel to enter the southeast lochs at Pearl Harbor. The vessel arrived here with material for the docks and other improvements at the new naval base. It is expected that the Manila will be discharged and ready for sea on Saturday. She will be followed by the American schooner Crescent also at Pearl Harbor with lumber.

Rice from Kauai.

With a shipment of 1315 sacks paddy and 474 sacks rice, the inter-island steamer Keauhou is an arrival at the port from Anahola, Kauai. In addition, the steamer brought 20 sacks coffee and 44 packages sundries. The officers report variable winds, heavy northeast swells and a considerable amount of rain.

Pyrography Materials

Sets and complete instructions for beginners, with beautiful designs on wood ready to be burned.

More advanced and difficult designs for more practised workers.

McKINLEY STATUE HERE

(Continued from Page 1.)
cast, and it is interesting to note that it is made by a lately-discovered process which originated in Italy.
Mr. Osborne first made his miniature model, then cast this in plaster, and the big cast was sent in sections to New York City. There the bronze figure was cast by the new system, which is called the "lost wax system." The plaster cast is encased in wax, then sand is banked around the wax and heated. The wax runs away, leaving the shell of sand ready to receive the molten bronze. This avoids the necessity of sectional casting and seams.

The process is handled by the Bartlett firm of New York, which is Italian and employs only Italian workmen. It is the only one of its kind in this country, says Mr. Osborne.

The statue weighs close to 1600 pounds. The pedestal is made of Hawaiian Island granite, polished, and comes from the Bardwell granite company of Rockland, Me. Hurricane Island is off the coast of Maine, and from the quarry the Bardwell people secured the granite for the pedestal.

The martyred President is represented as standing in a noble and dignified attitude, with one hand a little outstretched, the other at his side holding a scroll. The scroll represents the treaty of annexation between the United States and Hawaii. It is a striking conception, and those who have seen Mr. Osborne's design pay him high tribute.

The history of this statue is full of trials and tribulations. Shortly after

er the death of President McKinley, a movement here to erect a statue in his memory was started, and developed into a public subscription for the statue as well as for a memorial library. The contract was let only two years ago, after long periods of delay. Mr. Osborne's work was done in a comparatively short time, but the time required for completing the bronze casting was very long. However, the library has been in use for two years. The cost of the statue is a little in excess of \$6000.
The committee in charge consists of Judge S. B. Dole, chairman; Rev. W. D. Westervelt, T. Clive Davies, J. A. McCandless, J. G. Rothwell, secretary, and F. A. Schaefer.

JAPANESE GIRLS' SCHOOL IS OPEN

Emperor of Japan Sends Imperial Order of Instruction to Hawaii.

In the presence of the Imperial order of instruction, received from Emperor Mutsuhito of Japan, which was hung on a conspicuous place on the wall yesterday, the Japanese Boarding School for Girls on South street, was dedicated yesterday afternoon.

The ceremony was in charge of Rev. Y. Ito and Principal Nagai of the school. They were assisted by volunteers who came from all parts of Honolulu.

The Hawaiian band under the leadership of Captain Berger, stationed at the entrance of the school premises played several Oriental selections. At one o'clock, the large assembly room on the second floor was crowded to the door by spectators. They listened with interest to the reading of the Emperor's orders of instruction, which orders, by the way, are seldom received by any institution of learning. Japanese Consul-General Uyeno, who was expected to be present, was represented by Secretary Ito of the Consulate. Both Mr. Ito and secretary Naito of the Consular staff made able speeches, upon the educational progress of the Japanese in Hawaii. Y. Akai, manager of the Yokohama Specie Bank, also talked to the audience. He told the pupils to be obedient to their teachers.

At the close of the ceremony, Captain Berger and his boys played the "Kimigayo," the National anthem of Dai Nippon, the entire audience stood until the last note had been played. The guests after the exercises were ushered to the tables, where refreshments were prepared for them.

BEACHY TO LOAD SUGAR MILL

A 1200-ton sugar mill, the product of the Honolulu Iron Works, which has been set up and on exhibition at the plant for some weeks past, will be transported to the Philippines by the British steamer Beachy.

The Beachy is a vessel that has recently passed into charter to the well-known Dollar Line.

The vessel is reported to have sailed from Puget Sound ports Sunday, and according to the local agents, she should arrive here on or about January 16.

The British freighter is of sufficient tonnage to accommodate a mill such as has just been completed by the local plant for a large sugar company organized to do business in the southern Philippine Islands.

The Beachy is a comparatively new steamer, having been launched in 1909. She is registered at 2997 net tons and has been operated by the Clyde Shipping Company, with headquarters at Glasgow, Scotland. Captain F. Walker is reported as in command of the vessel. The steamer will remain here several weeks in order to properly load the mill.

SIMPLE WASH CURES ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousands of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ, and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and thereby prove they have no diseased blood.

Sneaky salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol glycerine and other healing agents. This compound, known as D. D. D. Prescription, stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. D. D. D. Prescription kills the germs in the itching skin. Its effect is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with the treatment.

Honolulu Drug Co., Fort Street.

Mamma—And you say your Uncle Titewad gave you a penny, Tommie?
Tommie—Yes, ma'am. "And what did you say?" "I was so surprised I couldn't say anything, mamma!"

ARMY AND NAVY

ROOSEVELT ORDERS WERE TOO STRENUOUS

WASHINGTON, Dec. 17. — The strenuous exercises for naval officers prescribed under the Roosevelt administration has failed in its purpose, in the opinion of Secretary of the Navy Meyer, and a general order was issued today greatly modifying the severity of the physical tests.

Under the old order every officer of the navy and marine corps was required to walk fifty miles within three days every six months, the actual walking time to be within twenty hours total; or he might ride one hundred miles on a bicycle within three consecutive days, the actual riding time to be within fifteen hours, or he might ride a horse ninety miles within three days, actually riding 7½ hours on each of two days and 6 hours in one day.

The bicycle and horseback rides have been abandoned and a simple walking test established. This walk is to be of 25 miles in two consecutive days, five consecutive hours being allowed for each day, and the walk for each day (12½ miles) not to be completed in less than four hours. In the tropics the distance walked and time required will be two-thirds of those above named.

REVISITS OLD HOME WITH YOUNG BRIDE

Robbins B. Anderson Sees Bismark, North Dakota, On Way to Honolulu.

The Bismark, North Dakota, Tribune contains the following comment on the marriage of Robbins B. Anderson of this city, a member of the law firm of Kinney, Bailou, Prosser & Anderson:

Wednesday morning on No. 3, Mr. and Mrs. Robbins B. Anderson passed through the capital city en route to their future home in Honolulu, where the groom has a very lucrative law practice. The couple were married on November 1 in Duluth, the home of the bride, who was formerly Miss Mary Morris, a daughter of Judge Page Morris of that city.

Mr. Anderson is the son of Rev. James Anderson, who was formerly pastor of the First Presbyterian church of Bismarek. It was largely through the instrumentality of Rev. Anderson that the present church edifice of the Presbyterians in this city was assured.

Mr. Anderson has been a resident of Honolulu for some years past and about the first of August left his home for a trip around the world. He went from Honolulu to Vladivostok, and thence across Asia via the Trans-Siberian railway. He was a delegate to the triennial conference of the Episcopal church which convened in Cincinnati during October. He went from Cincinnati to Duluth, where he was united in marriage to Miss Morris, announcement of the wedding having been published in these columns some time ago.

After the wedding the bridal pair departed for the East, where they spent several weeks on a wedding trip, and then left for the West for their home.

Mrs. Robert Chase, formerly Miss Jessie Anderson, a sister of the groom, is now a resident of Newburyport, Mass. Miss Agnes Anderson is yet singing in Brooklyn, and Miss Elizabeth Anderson has spent the greater part of the past three years traveling throughout Europe.

Grandma—Why don't you play with that little girl who lives across the street, Nettie? I'm sure she's a nice girl. Nettie (aged 6)—But, grandma, you surely don't want me to play with a girl who lives in a frame house! I only play with brown-stone-front girls.

A. M. BROWN IS PARADE MARSHAL

Director Wall Names Chief Officer With C. F. Chillingworth Assistant.

Director Wall has appointed as marshal of the Floral Parade Arthur M. Brown, with Charles F. Chillingworth as assistant marshal. Both Mr. Brown and Mr. Chillingworth have had experience in this kind of work in former parades, which is sufficient guarantee that the parade will be handled in first-class shape.

It is possible that there may be a number of changes this year in the line of march and in the manner of formation. It has been suggested by several that the start could be made by the formation of the parade on the square formed by the junction of King, Richards and Merchant street, with the various component organizations resting on these side streets.

It has also been proposed to put the automobile section in the rear of the horse and foot sections of the parade, in order that the whole may be kept intact and not scattered over the entire line of march, as has been the case in some former parades. Objection, however, will probably be made to this proposal by the automobile owners on the grounds that the motor cars cannot be run on such low speed without injury to the engines.

The matter of policing the streets and keeping the street cars from breaking the formation still receives the attention of Director Wall and his committees, but will probably be settled in a very short time, since everybody concerned is anxious that the parade shall be held under the most auspicious circumstances.

The Fifth Cavalry, which it was lately learned had cause for complaint with reference to the policing of the streets and interference from street cars and automobiles while their march was in progress, has been practically guaranteed that this trouble will not occur this year.

Sheriff Jarrett states that he contemplates no difficulty whatever in protecting the paraders from the crowd of sightseers. He explains some of the difficulties of last year by the fact that a considerable portion of his force had to be withdrawn that day to the waterfront, to take care of threatened trouble with the Russian immigrants, he himself not being able to spare the time to even see the parade.

Inter-Island and O. R. & I. Shipping boats for sale at the Bulletin office, 50c each.

INSTALLATION OF ODD FELLOWS

Presentation of Memento to Hendry Feature of Occasion.

United States Marshal Hendry is a good fellow as well as an Odd Fellow. This was the conclusion reached by his comrades in Harmony Lodge, and they manifested it last night by presenting him with a beautiful jeweled pin. The occasion was the joint installation of Harmony and Excelsior lodges.

The big hall was packed with members of the order. Marshal Hendry has been an active member for thirty-three years and is now ending his service. The memento bears inscriptions testifying to long and faithful work, and was presented by Brothers Douthitt and Magoon.

After the installation, the members sat down to a banquet on the roof garden.

The following are the names of the officers who were installed by D. D. Brother Lester Petrie: For the Harmony Lodge—Cameron, N. G.; E. A. Douthitt, V. G.; E. R. Schwartzberg, R. S. N. G.; W. R. Foster, L. S. N. G.; C. Evenson, warden; H. T. Holliman, conductor; A. Myhre, R. S. S.; C. E. Calvert, L. S. S.; H. B. Ryan, inside guardian; C. T. Rodgers, chaplain; P. Smith, secretary; J. Brickwell, treasurer.

For the Excelsior Lodge—Frank O. Boyer, N. G.; H. M. Mix, V. G.; S. Paxson, warden; L. Blaisdell, conductor; J. Dutoit, chaplain; R. McNaugh, L. G.; W. Martinsen, O. G.; R. A. Woodward, R. S. N. G.; M. T. Simonton, L. S. N. G.; J. Hodson, R. S. V. G.; B. F. Lee, L. S. V. G.; L. La Pierre, secretary; E. A. Jacobson, treasurer.

WATERFRONT NOTES

Nocau Here With Sugar.
A shipment of sugar amounting to 1470 sacks has arrived at the port as part of the cargo by the steamer Nocau. The vessel took cargo at Koloa and a large boiler was also shipped to Honolulu for needed repairs. The Nocau sails for Kaula tonight.

Mongolia Off for Honolulu.
A delay of two days resulted in the Pacific Mail liner Mongolia sailing from San Francisco yesterday on a voyage to Honolulu, Japan ports and Manila. The vessel is due to arrive here on next Sunday.

Seventy head of cattle from the Greenwell ranch have arrived at the port by the Inter-Island steamer Helene.

RUSSIAN TRIED GET-RICH-QUICK

Former Interpreter Fleeces His Own Countrymen and Is Arrested.

In the police court this morning, Leon Dembresky, former Russian interpreter appeared before Judge Lynner on charges of gross cheat. His case, however, were postponed until next Tuesday. Captain Lake of the County office police staff has been working on the case for some time, until he was convinced of the substantiality of the evidence, which will be brought out in the trial of the defendant.

According to the police, Dembresky, collected on misrepresentation from a large number of Russians certain amounts of money, which he said, would be used for purchasing steamship tickets for their return to Russia. Instead of using the money for that purpose, he pocketed the entire amount for his own use, which resulted in his arrest.

Peter Stanley, an American, who was charged with assault and battery upon a Russian, was sentenced to thirty days' imprisonment by Judge Lynner. Stanley, the reason why he "beat up" some Porto Ricans. He is also charged with running an immoral house, Tahara, a Japanese, who formerly pleaded not guilty, appeared in court this morning and changed his plea to that of guilty. The Judge will sentence him on Friday. Tahara assaulted a Chinese school boy.

John Manawa, who beat Jack a well known filian, was sentenced to thirty days' imprisonment by Judge Lynner. Jack, according to the police is nursing his bruises. Martin McArthur, a habitual drunkard, was fined twelve dollars and costs. Lillieburn, Kahai and Kalua were each fined three dollars and costs for getting drunk.

WATERFRONT NOTES

Helene Made Fair Passage.
Twenty days after leaving Honolulu the American schooner arrived at Aberdeen, Wash. This vessel brought a shipment of lumber to the islands. The schooner arrived at its destination on last Thursday according to late cables.

Hall Brought Sugar.
Bringing the regulation 5500 sacks of sugar the Inter-Island steamer W. G. Hall made a special trip to Honolulu arriving here Sunday. She sailed yesterday for Garden Island ports, afternoon.

Reporting rough weather at all ports of call, the Inter-Island steamer Mam has returned to Honolulu with a small shipment of sundries.

TUESDAY JANUARY 10, 1911

Our estimate of a character always depends much on the manner in which the character affects our own interests and passions.—Macaulay.

Republican members of the Legislature should remember that they were elected to work, not fight.

If Kellinof is the administration candidate for Speaker of the House, where does he stand on the public school question?

The person who cannot see a way to help along the One Hundred Thousand scheme without it being pointed out to him is to be pitied.

No one expects the Gallinger subsidy bill to get through Congress with the Pacific left out as a factor in developing the merchant marine of the country.

Always bear in mind that the ability of a city to draw more people rests on its capacity to care for a crowd and make everyone comfortable when they arrive.

If the Supreme Court can render a decision that will lessen the price of automobiles, there may be some hope for lower figures in the cost of living by way of the Supreme Court.

Nothing could be more dangerous to the usefulness of the Republican Territorial Committee than active participation in a factional contest for the control of the House of Representatives.

A fight between Holstein and Kellinof resulting in the election of Charles Rice as Speaker of the House would still leave the honor plum of the lower house in the hands of the outside islands.

Senator Elkins left millions in money, but unless he has constructive national work to his credit, his name will be forgotten in a few months. Mere dollars will not make a permanent name for any man.

There is no place on the face of the earth with better opportunities for the investment of capital, either local or outside, than Hawaii at the present moment, and the door to opportunity is always open.

It is gratifying to know that the McKinley statue is more than a name, and after these many months there will be further evidence that the people of Hawaii revere the memory of the martyred President.

Our worthy Mayor will do well to drop his fight for a technical road supervisor when the people are entirely satisfied with putting the street construction and repair work in the hands of an efficient city engineer.

When Hawaii makes a business of teaching its own children the dignity of agricultural labor, it will have solved over half the problem of how to populate these islands with independent, self-respecting, homebuilding small farmers.

When the Territorial administration of the Honolulu water bureau finds apologists, you may know that the enemies of local self-government are still on the alert and ready to knife the local government in the hope of feathering their own nests.

Republican party platform promises must be kept, if the organization expects to retain the respect and support of the people. This is the third time in the history of the Territory that the Republicans have promised the people a direct primary law.

If it were not so exceedingly unpleasant for Mr. Bridgewater, the Kauai incident investigated by the Federal Grand Jury would be amusing. The fact of the matter seems to be that the Chinese who laid the complaint had never before met a live country newspaper editor bent on

doing something in the way of reform. Kauai people have so long been kept free from such worldly influences that the Chinese probably didn't know that it was not one of his overloids collecting the usual toll.

Don't let the struggle for the Speakership resolve itself into a contest that has for its motto "A public office is a private graft." What the people want is efficiency and harmony, whether that serves the private schemes of would-be bosses or not.

If Kauai should run away with the Speakership owing to the bitterness of the strife between Hawaii and Maui, and then land the chairmanship of the House Finance Committee as well as of the Senate, it would be further evidence that Kauai men do their legislative business in the same thorough style that they build roads and run a County government.

On the face of it the proposal to spend the Promotion Committee appropriation on the Hawaiian band looks like a fling at the Promotion Committee. Second thought, however, should convince one that the Hawaiian band is one of the best assets of the Promotion workers, whose other needs should be provided for by a larger appropriation by the Legislature.

WHAT TEXAS HAS DONE FOR AGRICULTURE THROUGH ITS SCHOOLS.

Texas is another of the States that has made a grand and successful fight for the education of its youth in a manner that will equip them for the practical work of life.

Texas is different from all other States of the Union and like Hawaii, in one particular. The big State, unlike her sisters, came into the nation a republic, in fact an empire in size. Unlike the other States, Texas retained for her own the public lands within her borders; she did not cede them to the nation.

As a result, Texas has today a common school fund, dowered with allotments of her public lands, that exceeds \$60,000,000. Out of that school fund each year each county receives for each of its children of school age \$6.25. The annual allotment for each child grows larger every year, as the permanent school fund increases. The fund increases in three ways, chiefly: First, the sale of school lands; second, the rental of lands; third, the interest on municipal, school and improvement district bonds bought and held by the fund. Of these bonds the fund's average holdings totals about \$12,000,000.

This enormous permanent school fund, with the annual allotment of \$5 to \$6 per child of school age, has been both a blessing and a handicap to public education in Texas. It has been, in too many rural districts, the sole support of country schools. Relying upon the allotment from the state's big fund, too many rural school trustees have neglected to call for a local school tax levy. Consequences: Short school terms, poorly built and equipped schoolhouses, immature and inefficient teachers.

Education waits on wealth. Texas is growing rich. Hence Texas is now experiencing an intense new interest in education.

Recent constitutional amendments have made it possible for rural school districts to levy taxes, for school purposes, sufficient to provide good schools and efficient teachers, and these are being provided. There is a constant and rising flood of district school bond issues sent up to Austin, the State capital, for the approval of the attorney-general. Likewise, and of the same significance, a flood of road bond issues, of irrigation and drainage bond issues. Texas has learned at last that the vast prairies which very recently she thought were worthless—so nearly worthless that she could afford to allow 20 acres to pasture a \$10 steer—are in fact rich

areable lands, ready, under skillful cultivation, to pour forth fortunes in grains, grasses, fruits and vegetables, in the fashion of the virgin prairies of the central West when that was a new country.

In the old South, higher education meant classical education. In the new South—or perhaps we should classify Texas as the Southwest, since its human type is unlike either the South's the East's or the West's—the early favor shown the classics, in the higher institutions of learning, is giving way before an irresistible demand for education that will equip its possessors to render present social service.

The new spirit of education in Texas is apparent in the widespread, vigorous demand for the expansion of the Texas Agricultural and Mechanical College. Texas wants men who can apply modern sciences to her farms, or ranches and her orchards. She realizes that if she can get them, in sufficient numbers, soon, she can escape the wasteful farming, in large portions of her new territory, which has impoverished the lands of all older American States. Texas wants this practical education not for her sons alone, but for her daughters also.

Thus, in the State College of Industrial Arts, at Denton, up near the Oklahoma line, 250 Texas girls, many of them from the first families of the State, are being fitted for self-support in the practice of trades and callings, ranging from photography and gardening to applied chemistry. When Colonel Roosevelt recently visited the municipal trade schools of

FORT AND MERCHANT STREETS HONOLULU, T. H.

Milwaukee, and was both surprised and delighted to find boys there actually learning trades, in which they could support themselves after graduation, he found something that Texas has had in operation five years.

Although the university is regarded by all as the crown of the state educational system, and has by far the largest student body of any of the educational institutions of Texas, the school which commands the largest amount of public attention and interest at this time is the Texas Agricultural and Mechanical College, established under the same act and operating along the same lines as the College of Hawaii.

Two years ago it had less than 500 students enrolled. Only a very small percentage of them were listed in the agricultural courses. Nearly all looked to engineering and the mechanic arts for a career. Today the school has more than 1000 students and its demand for separation from the university, and for independent maintenance, is backed by an unmistakable majority of the citizens of Texas, so that the next Legislature will certainly heed that demand. It is well within the probabilities that, if the Legislature will provide accommodations and equipment, the agricultural college of Texas will within five years far surpass the university in the size of its student body and faculty.

Texas "A. & M." has a feature not yet common in colleges; it may, indeed, be unique. This is a press agent. This agent was not appointed to loiter the college, nor to herald its athletic victories; nothing so monumental as that. He is there to serve the farmers of Texas. His work supplements that of the experiment station bulletin makers. The bulletins are mailed on request to the relatively few citizens who are sufficiently progressive to desire them. The press agent, a skilled newspaper man—Col. James Hays Quarles—supplies the daily and weekly newspapers of Texas with an amazing variety of "news stories" relative to farming, stock breeding, fruit growing and gardening in the different sections of Texas. His brief, newsy bulletins carry agricultural education each day and each week to hundreds of thousands who in no other way would acquire this information. The farmer who never has seen one of the experiment station pamphlet bulletins picks up his favorite country weekly or his farm paper to find therein one or more of Colonel Quarles' fact stories derived by him from the experts in the college departments. The farmer who gets sleep too soon after supper to pore through a 40-page bulletin written in technical language takes in the substance of that bulletin in a few brisk newspaper paragraphs and is the richer, perhaps, by one or more facts useful to him in his business of raising hogs, or growing Elberta peaches or Satsuma oranges.

Uncle Sam, through the Federal department of agriculture, is a powerful factor in the educating of the people of Texas. Nor is Uncle Sam concerned only to educate the "grown-ups" in respect to growing more and better cotton and corn and hogs and grain and fruit; his agents were chiefly instrumental in the organization of the Boys Corn Clubs of Texas, which has enrolled more than 12,000 members. The easiest way to educate a boy is to get him interested in the chosen subject. Twelve regiments of Texas boys are tremendously interested in the corn club competitions. Each boy selects his seed and prepares, plants, cultivates and harvests an acre of corn. This excites interest in soil preparation, in fertilizers, in modern systems of cultivation, in profitable uses of the crop after it is harvested. These boys have done amazing things on their 12,000 separate acres. For example, one lad of 12 years, taking an acre of poor land in a field which had never been known to produce more than 20 bushels of corn per acre, made it yield, in last year, 104 measured bushels of corn.

The Boys Corn Clubs would be well worth while, if their only result was to stimulate better methods of corn-doing that, and more. They are doing that, and more. They are stimulating the rising demand for the teaching of agriculture in all the rural schools of Texas; for the creation of a system of county agricultural high schools, and especially for the uniting of neighboring one-room country schools into district graded schools. These developments are working out.

Does it not occur to the reader that there is a wealth of example and instruction for Hawaii in the experience of Texas?

PRIZES WILL BE GIVEN IN PARADE

Floats and Autos Get Pennants and Bicycles Will Receive Cash Prizes.

At the meeting of the Floral Parade Executive Committee held last evening several important matters were decided, and the whole tone of the discussion was decidedly optimistic.

For one thing, the matter of prizes for the floats and automobiles entering the parade was decided in the affirmative, the prizes however to be banners and pennants and not cups. Everyone entering will receive some souvenir of the parade.

Cash prizes will be given the bicycle section, but aside from this section the prizes will be merely pennants suitably inscribed.

There will be no spectacular burning of "pillikie" this year, and the idea of a "malihini princess" has not met with special favor from the committee. The suggestion was made that a whole section be given to a "malihini" section and this may be done, but there will be no princess in modern costume to ride with the pa-u riders.

It was decided to give the local pools, or stevedores, some financial assistance in preparing a float representing some historical event in the history of the islands, but the Elks were not thought to need any assistance this year.

The meeting was presided over by Director-General Arthur F. Wall, and there were present also, H. H. Walker, treasurer; Will J. Cooper, secretary; Willard E. Brown, chairman of the military and naval committee; Miss Rose Davison, chairman of the inter-island princesses committee; Mrs. Eben Low, chairman of the pa-u riders committee; W. A. Bowen, chairman of the finance committee and J. B. Freitas, chairman of the bicycle committee. The meeting was held at promotion committee headquarters.

OPPOSITION TO HOLSTEIN

(Continued from Page 1)

Informal discussion of bills to carry out the ideas of the Republican platform. The executive committee of the Republican Territorial central committee will have charge of the drafting of the bills. Several local attorneys have volunteered their services free of charge in drawing up party measures. The succeeding caucuses will be to pass judgment on these bills.

Before the Legislature meets, a general caucus of all members will be held to determine the official slate.

COOPER SAYS OAHU MEMBERS IN HARMONY

Chairman A. D. Cooper of the Republican Territorial central committee, who presided at the caucus last night, said today that the central committee's executive committee and the Oahu delegation to the House will work in the greatest of harmony and that the Oahu House members are a unit in their desire to carry out party measures.

"It is more than gratifying to the committee to know the spirit of the House members as displayed at the caucus last night," said Chairman Cooper. "The delegation is unanimously in wishing to carry out every measure called for in the platform. The difference over the speakership is aside from this entirely."

"Whatever choice of speaker is made, the committee will work with him. The Oahu delegation has manifested the right spirit, and this will be of the greatest assistance to the Republican party."

CHINESE LIBEL CASE STILL ON

That Chinese Consul Liang Kwo Yang, who is suing Hee Fat on a charge of criminal libel intends to re-enforce his legal strength during the continuation of the case before Judge Lymer, is evidenced by the appearance in police court this morning of Attorneys Clemons and Biting of the law firm of Thompson, Clemons & Wilder.

Consul Yang, stated through his English secretary that he had not decided to secure the services of the law firm of Thompson, Clemons & Wilder; but added that it is likely that he will employ them in the future. Before the trial of the case proceeded in court this morning, Consul Yang, accompanied by Attorneys Clemons and Biting came into the court room. The Consul took his seat

by his attorney, C. H. McBride.

A large number of prominent Chinese merchants appeared in court this morning as witnesses, subpoenaed by Judge Humphreys for the defense.

When the court resumed its work today, to listen to the testimony of the witnesses, McBride, for the Consul announced that he had closed his case. This necessitated the calling of the witnesses, who were summoned to appear in court today. Consul Yang, who stated yesterday that he would enable to the Chinese Minister in Washington for permission to divulge his official communication, did not mention anything about it in court.

The defense, at the opening of the court called Yee Chin, former President of the United Chinese Society to the stand and asked him numerous questions. In response to one of the interrogations, the witness stated that he had seen the name of one Lun Yoon, one of the local Chinese, which it is claimed was reported by the Consul to China as being one of the revolutionists.

The witness proceeded to tell of how he, with others, went to the Consulate and talked over the proper method of handling the Chinese affairs, by the Consul, here in Hawaii. Some of the suggestions, which were made to the Consul were sidetracked and others, were promised consideration.

Chu Gen, President of the United Chinese Society next took the stand and told of the meetings between the committee and the Consul. He said that he was one of the census agents, officially appointed by the Consul. There were twenty agents census agents, he said.

He admitted that he was opposed to the Consul, because he said, he did not do the proper thing by the Chinese. At the noon hour the case was continued until tomorrow morning.

RECREATIONS

CIRCUS AT NEW ORPHEUM

A wireless just received gives the information that Si-gist & Sibson's Great American Show and Circus will arrive from Hilo per the steamer Claudine tomorrow morning and will open at the Orpheum Thursday night.

All the acts shown under the tent will be given, and in addition several vaudeville stunts that could not be shown to advantage under canvas will be added to the bill.

With thirty performers, all of whom are artists of the first magnitude, the public is assured of the largest and best vaudeville show ever given in Honolulu.

As the prices of admission remains at the popular standard, packed houses should be in vogue. The engagement is for a limited time, and the sale of seats begins tomorrow morning.

THE BIJOU ENTERTAINERS

The change of program at the Bijou last night was a good one, and served to introduce some new people—Charles Lewis and the Hawaiian Quartet. Lewis came here with a high reputation as a tenor singer, and he maintained it last night. He has been well-trained, and does not commit the faults so apparent in many others who possess a good voice, but lack proper training. He was a success last night, and was recalled twice, his three songs being well-selected. The Hawaiian Quartet graduated from the amateur status to professionalism by their trial at the Bijou on Friday evening last. These four boys were a great success last night. Their voices are good, and their plantation songs were well rendered, and enthusiastically applauded. This method of unearthing promising material from among the ranks of amateurs will no doubt appeal to many, and act as an incentive to them to try their voices, or their turns. Manager Kuby will be glad to hear from any such aspirants.

The change of bill also enabled Perry and Rowe to add to their reputations. Perry came out alone dressed as a ballet girl. He sang a parody on "In the Shade of the Old Apple Tree," and created a great deal of laughter, but the audience shied at his efforts to imitate the graceful evolutions of the fair exponent of the terpsichorean art. He was a thorough success, and so was Rowe, who has forsaken his Dutch character. Rowe was well received for his song and dance, and the cross-gagging of the pair proved new and funny. These two capable performers are in their last nights. Miss Gladys Middleton, who is also leaving shortly, sang some new songs, and as usual she went well. So did Ed. Quiley, who changed also. R. Kipling sang some fresh songs, which were well illustrated. There are some acts to arrive tomorrow by the Larline. These will be shown on Thursday night, and the bill to be presented for the balance of the week will certainly eclipse anything ever seen at any of the picture houses.

EMPIRE PLAYS TO USUAL CAPACITY HOUSE

The Empire last night played to full houses, at each performance, interest centering largely on the appearance of the Gladstone Sisters again in acrobatic stunts. Some of their maneuvers are marvelous, especially their single hand cartwheels. Their act is original and is the essence of grace and flexibility. Their singing, as well as that of Miss Randall is pretty and catchy and reaches a popular desire.

Manager Scully is preparing for a big amateur night on Friday when all the best amateur talent in town will have an opportunity to show the audience what it can really do in the way of entertainment. Amateurs can report daily to the Empire box office between three and four and arrange for a scene with the pianist.

NOVELTY.

Big houses were the rule last night when the Van Barkley Co. put on another change of act. It was no surprise as the patrons know this big trio has something new all the time. All their acts are laugh producers. Mr. Van states he still has twenty farces left in his repertoire. Miss Clyttie Barkley is doing a pleasing single act this week; Miss Howell is singing two songs; Master Jimmie received a big reception on his entrance last night. The Novelty Baby contest starts tonight in earnest. Three silver cups will be given away, one to the most popular Chinese, Japanese and Hawaiian baby. Voting slips are passed out by the ticket seller. Wednesday night, the amateurs will hold forth. Two prizes will be awarded.

"How's Mamie getting along with her shopping?" "Fine. She's got dad down to his last two-dollar bill."—Washington Herald.

BANDMEN NEED MORE SALARY

Efficient Musicians. Have No Time for Anything Else, Says C. F. Kraber.

Christian F. Kraber, member of the band, today declared that the Board of Supervisors' proposal to reduce the salary of the new men and give more to the old ones will not result in increased efficiency. In discussing band matters, he said:

"Yesterday a committee of the supervisors, who had charge of raising or lowering its pay, waited upon the band. They said as they had not enough money, they would have to reduce the band to twenty-two or twenty-four members, whereas it now has about thirty. Also to discharge the singers and reduce the salary of the new men and give more to the old ones. This will mean poor music for the public, as no bandmaster can give good music without the instrumentation. It is according to the instrumentation that he must arrange the salary for the men who play, whether they are old or new men.

"As the bandmaster is a servant of the public and must try his best to please them, he can not afford to lose his singers, for they are the drawing-card of the band, and when they sing, the public listens, especially the American tourists.

When the Christmas presents were being distributed on the Capitol grounds, there were many strange faces looking on. When the singing started in the band, they all flocked towards the bandstand. One distinguished-looking gentleman, with his family, who were passing by said: "Now, I want to hear you play, for we have traveled many miles to hear you."

"As the public likes good music, for the bandmaster to render such he ought to be allowed to increase the band so as to get the proper instrumentation instead of decreasing it. If the new men's salary is reduced—who play important instruments—they will be forced out of the band. For to play an important harmonious instrument perfectly one has got to love music and devote all his time to much practicing at home. The new men who wish to give satisfaction and devote all their time to music can not do so and support their families on less than \$50 a month, as they will be asked to do under the new band wage scale.

"Bandmaster Berger has had so many compliments from the public that he is confident they would help support the band if they were given the opportunity. He asked the waiting committee if he would be allowed to pass the hat and take up collections. The committee threw up their hands in horror and said, 'Why, that would disgrace the band!' Yes, and the band felt that it would disgrace their salary-paying committee also.

LAREDOS MAKE BIGGEST HIT AT SAVOY THEATER

The Laredos, contortionists, made their initial appearance at the Savoy last night and scored a popular hit making an impression on the patrons which augurs well not only for their engagement but for the popularity of the theatre. As flexible wonders the Laredos may be hard to excel. Their work is original and above all there is not a single movement which could be termed repulsive. Snook freed himself easily from a coil of rope fifty feet long wrapped around him and a chair by a special committee. He emerged from the calibrator in twelve minutes. This week's bill is well worth seeing.

MAUI BOARD IS READY TO WORK

Supervisors Organize With Much Politics Rife in County.

(Special Bulletin Correspondence.)

WAILUKU, Jan. 6.—The new Maui County Board of Supervisors consisting of W. P. Hala, W. F. Pogue, Wm. Henning and Chas. Lake (T. T. Meyer absent) met on New Year's day for their inauguration. They soon adjourned, however, and met again on the following day for real business. On Tuesday, January 3, all were regularly installed including the county officials—Treasurer, Auditor, Sheriff, County Attorney, and all the deputies.

The Republican Executive County Committee made the following recommendations for deputy sheriffs: Levi Joseph for Hana, John Ferreira for Wailuku, and Joel Nakaleka for Molokai. There were no other applicants for these offices so the County Committee nominees went in with flying colors without a single opposition, for not as much as a hair's opposition was raised against them. But it was not so with the Lahaina and Makawao deputy sheriffs. The Committee recommended Chas. Makekua first choice for Lahaina, and C. R. Lindsay for second choice. Sheriff Crowell recognizing Mr. Lindsay's fifteen years of faithful service as an officer in the public service, appointed him. There the matter ends. But it is not so with the Makawao district. The Committee made the following recommendations: W. B. Scott first choice, Ed. Monon (present incumbent) second choice, Davis Norton third choice, P. N. Kahukoula fourth choice. Mr. Scott was the choice of a majority of the County Committee and also of Hamakua people. Sheriff Crowell, however, made an investigation at the end of the year and found out that Mr. Scott had not been completely sold his liquor business at Paia, and for various other reasons. Sheriff Crowell considered Edgar Morton, the present incumbent, as the best fitted for the important post, and so issued the commission to him.

The County Committee is not satisfied and has adopted another resolution asking the Sheriff to reconsider his appointment.

The standing committees are:

Finance—W. Henning, chairman; W. P. Hala.

Public Improvements—W. F. Pogue, chairman; C. Lake.

Committee on Police—W. P. Hala, chairman; C. Lake.

Public Health—W. F. Pogue, chairman; W. Henning.

Legislation—W. P. Hala, chairman; T. T. Meyer.

Committees on Education, Miscellaneous and Roads and Bridges will be considered later.

Rivers was following through the telephone to his wife, six miles away. "If you'll raise the window," said Brooks, "you won't have to use the telephone."—Chicago Tribune.

3.49 PRICE OF FEBRUARY SUGAR

Sales of Futures Begin to Show Influence of World Crop.

Sugar circulars received by the last mail show that the downward tendency in the price of sugar has become a reality.

Although the Willett & Gray circular of December 22 reported that February futures were selling at 3.55c and therefore suggesting an element of unexpected strength in the market for the future, the later circulars indicate that the prices for all of February delivery are considerably lower.

A private New York letter to one of the sugar men of the city reports that futures for all of February were being offered in the New York market at 3.49c, and the refiners were not interested. This means, of course, that the refiners expect lower prices.

The latest Federal Reporter circular coming in the last mail from the Coast bears the New York date of December 23, and the main features of it follow:

Raw Sugar.

The market has been quiet, with buyers disposed to hold off, and no business is reported. Quite a line of sugar, for all January shipment, is offered on the basis of 2.5-16c cost and freight, the equivalent of 6.67c duty paid New York, with first half January shipment held at 2.7-16c cost and freight, the equivalent of 3.79c duty paid New York, and all February shipment offered at 2.1-8c cost and freight, the equivalent of 3.48c duty paid. Rumor has it that one small lot of March sugar has been sold on this basis. About all of this week there has been more or less of a holiday tone to the market, and it was apparent that buyers would do nothing until after the Christmas holidays. The closing is quiet, with the spot quotation nominally on the basis of 3.98 1/2-2c to 4.00c duty paid for 96-degree centrifugals, 3.48 1/2-2c to 3.50c duty paid for 89-degree Murovados, and 3.23 1/2-2c to 3.25c duty paid for 89-degree molasses sugars. The world's visible supply is 3,650,000 tons, as compared with 2,790,000 tons last year. Messrs. Willett & Gray figure the total stocks in the United States and Cuba together as 57,042 tons, a decrease of 32,204 tons from last year. Estimated alfalfa to the United States, 52,000 tons, against 24,000 tons last year.

Cuba.

Yesterday our correspondent wired us that there were 19 centrals grinding. Today Guma reports to Messrs. Willett & Gray that 21 are at work. The weather continues dry and favorable for grinding, so it is probable that the centrals that begin now will have even a better yield than they had last year. One of the reasons given for the late start is the fact that many centrals have been putting in new machinery, and this has delayed their getting under way.

Europe.

Light wires us today that the weather is unfavorable for field work. On the whole the market remains steady, as follows:

December—Buyers 8s 10 3/4d, equals 3.85c, duty paid New York.

January—Buyers 8s 10 3/4d, equals 3.85c, duty paid New York.

May—Buyers 9s 1 1/2d, equals 3.91c, duty paid New York.

August—Buyers 9s 3 1/4d, equals 3.93c, duty paid New York.

Domestic Beets.

There is nothing new in the market. The price remains on the basis of 4.60c for the territory east of Pittsburg, and 4.70c for Western New York and Pennsylvania.

Refined Sugar.

All refiners quote on the basis of 4.80c, with the exception of Messrs. Arbuckle Bros., whose price is 4.90c, but they are taking business on the basis of 4.80c for all grades excepting cubes. The trade are buying on a hand to mouth basis. The Federal Sugar Refining Company announce that they will probably start work during the first week in January.

BAND CONCERT

The Hawaiian Band will give a moonlight concert this evening at Thomas Square, beginning at half-past seven. The program follows:

March—Angelina.....Scottie

Overture—Tutu.....Mozart

Intermezzo—Turkish.....Hays

Selection—Yedda.....Metra

HOUSE and ALLAN W. T. BOT-
TOMLEY, Trustees under the Will
of James Wright, deceased; KOHALA
RANCH COMPANY, LIMITED, an
Hawaiian Corporation having its
principal office at Paheke, District of
Kohala, Island and Territory of Ha-
waii; JOHN DOE, MARY DOE, and
RICHARD DOE, unknown owners
and claimants, defendants, in case
they shall file written answer with-
in twenty days after service hereof
to be and appear before the said
Circuit Court at the term thereof
holding immediately after the ex-
piration of twenty days after service
hereof; provided, however, it no
term be pending at such time, then
to be and appear before the said
Circuit Court at the next succeed-
ing term thereof, to wit, the Jan-
uary 1911 Term thereof, to be hold-
en at the City and County of Ho-
nolulu, on Monday, the ninth day
of January next, at 10 o'clock a.
m., to show cause why judgment
of condemnation of the lands de-
scribed in the Petition herein and
for any other relief demanded in
the petition should not be awarded
to Marston Campbell, Superinten-
dent of Public Works, pursuant to the
tenor of his annexed Petition.

And have you then there this
Writ with full return of your pro-
ceedings thereon.

WITNESS the Honorable Presid-
ing Judge of the Circuit Court of
the First Circuit, at Honolulu afore-
said, this 1st day of September,
1910.

(Seal.)

(Sgd.) HENRY SMITH,
Clerk.

(Endorsed) L. No. 7202, Reg. 3,
pg. 165, Circuit Court, First Cir-
cuit, Territory of Hawaii. Marston
Campbell, Superintendent of Public
Works of the Territory of Hawaii,
Plf. and Petitioner, vs. Isabella H.
Woods et al., Defs. and Respondents.

Original summons filed and
issued September 1, 1910, at 2:25
o'clock p. m. A. K. Aona, Asst.
Clerk. Returned October 4, 1910,
at 1:05 p. m. A. K. Aona, Asst.
Clerk. For further service this 4th
day of October, 1910, at 1:55 o'clock
p. m. A. K. Aona, Asst. Clerk,
Territory of Hawaii,
City and County of Honolulu, ss.

I, Henry Smith, Clerk of the Cir-
cuit Court of the First Judicial Cir-
cuit, Territory of Hawaii, do hereby
certify the foregoing to be a full,
true and correct copy of the origi-
nal summons in the case of Mar-
ston Campbell, Superintendent of
Public Works of the Territory of
Hawaii, vs. Isabella H. Woods et
al., as the same remains of record
and on file in the office of the Clerk
of said Court.

IN WITNESS WHEREOF, I have
hereunto set my hand and affixed
the Seal of said Circuit Court this
17th day of November, 1910.

HENRY SMITH,
Clerk of the Circuit Court of the

Just opposite Hotel St. Francis

European Plan \$1.50 a day up
American Plan \$3.00 a day up

Steel and brick structure, furnis-
hings cost \$250,000. High class
hotel at moderate rates. Omnibus
meets all trains and steamers.
Hotel Stewart now recognized as
Hawaiian Island headquarters.
Cable address, "Trawets" A. B. C.
Code. Reservations made through
Trent Trust Co., Fort Street,
Honolulu.

Hotel St. Francis

Union Square, San Francisco
Under the Management of
James Woods

FACING the beautiful park
in the heart of the city,
which is the theatre of
the principal events of
the famous festivals of San
Francisco, this hotel, in en-
vironment and atmosphere, ex-
presses most pleasantly the
comfortable spirit of old Cal-
ifornia.

The royalty and nobility of
the Old World and the Far
East and the men of high
achievement in America who
assemble here contribute to the
cosmopolitan atmosphere of an
institution which represents
the hospitality and individual-
ity of San Francisco to the
traveler.

The building, which marks
the farthest advance of science
in service, has now the largest
capacity of any hotel structure
in the West, and upon com-
pletion of the Post street annex
will be the largest caravansary
in the world.

WHILE THE SERVICE IS UN-
USUAL, THE PRICES ARE

Cable News
AUTOMOBILES
MAY BE CHEAPER

NEW YORK, Jan. 9.—One of the
most important court decisions, from
a commercial standpoint, ever hand-
ed down by the United States Circuit
Court of Appeals, was announced to-
day, when the court reversed former
decisions upholding the Selden patent
on automobiles, which has been
fought in the courts for years.

This is a sweeping victory for the
independent automobile manufactur-
ers, and it upheld in the United
States Supreme Court, to which it
will undoubtedly be carried, will
mean throwing the automobile indus-
try wide open to all manufacturers.

Romantic Legal Story.
The story of the Selden patent is
one of the most remarkable records
of such cases. George B. Selden of
Rochester, in 1879, filed with the
patent office in Washington an appli-
cation for a patent on a road loco-
motive very similar in design to that
of the present day gasoline automob-
ile. His claim lay in the office until
1895, more than sixteen years, when
it became the center of the great
legal fight which has been waged
ever since.

A number of automobile manufactur-
ers acknowledged the validity of
the Selden patent and formed an as-
sociation which paid a royalty on the
autos turned out. But other firms
fought the case to the United States
District Court, southern district of
New York, where Judge Hough sus-
tained the validity of the patent.

Give Up Fight.
Half a dozen big firms then gave
up the fight and joined with the li-
censed dealers in paying the royalty.

But Henry Ford of the Ford Motor
Company of Detroit continued the
fight, and now wins in a decision
which affects this great industry from
one end of the country to the other,
and which, if finally sustained, will
have much to do to make all automob-
iles much cheaper than at present.

SOUTHERN PACIFIC
COMPANY REIMBURSED

WASHINGTON, D. C., Jan. 9.—
The Senate today passed the special
bill authorizing the reimbursement
of \$773,947 to the Southern Pacific
Railroad, for its expenditures, in
part, in stopping the break in the
Imperial Valley canal, Southern Cal-
ifornia, when the Colorado River
overflowed its banks and former Salt-
on Sea, destroying hundreds of thou-
sands of dollars' worth of property.

The cost of curbing the river
brought the California Development
Company on the financial rocks and
gave the Southern Pacific control of
the Imperial Valley, where it spent
\$2,500,000 in turning back the Colo-
rado to its old channel.

ELKINS LEFT \$20,000,000.
ELKINS, Jan. 9.—The will of Ste-
phen B. Elkins, filed here today,
leaves property valued at \$20,000,-
000. It creates a trust for five years,
subject to an in in one to the widow
of \$25,000 a year, at the end of
which time it is to be equally divided
between the seven children.

SENATORIAL FIGHT
ON AT SACRAMENTO

SACRAMENTO, Jan. 9.—This city
is seething with politics. The insur-
gent Republicans are fighting with
every ounce of influence that can be
brought to bear to assure the election
of John D. Works of Los Angeles
as the next United States Senator
from California. The regular Repub-
licans are supporting E. R. Spauld-
ing of San Diego for the position.

The State Legislature will begin
ballotting tomorrow upon the question
of which candidate was actually nomi-
nated at the recent election.

Each side claims enough votes to
win, but until the votes are counted
the result is uncertain.

"PACKEY" MAC FARLAND

KANSAS CITY, Jan. 9.—In a hard-
fought ten-round battle here tonight,
between "Packey" MacFarland and
Johnny McCarthy, the former won
the decision.

STANDARD OIL PAYS THE FINE.

BUFFALO, Jan. 9.—Further pro-
ceedings in the courts in regard to
the case against the Standard Oil Co.
for rebating, ended today, when the
fine imposed of \$23,760 was paid
into the United States District Court.

ELITE BUILDING

MANY EVENTS IN ATHLETIC WORLD DURING TWO MONTHS

Honolulu to Give Sport Followers Great Variety During January and February—Will Range From Tennis to Fighting and from Soccer Games to Haleiwa Road Race.

The next two months promise well in the sporting field, and in all lines there will be something doing in Hawaii, which will keep the followers of the different forms of athletics busy with each kind of sport.

This week the regular season's basketball starts at the Y. M. C. A. gymnasium, and with the opening of the schools of the Territory after the Christmas holidays, athletics of all kinds are looking up.

This week and next will see the final games played in the soccer series of the Hawaiian Association Football League, the next games being on Saturday, and the finishing ones, unless there is a tie, on Saturday of next week.

The soccer series being played this year is one of the most successful ever attempted here on account of the fact that in previous years one team has taken the lead soon after the start and kept it to the end.

This year it has been, and still is, anyone's series. The Iron Works aggregation led up to last Saturday, and then the Puns jumped ahead, putting the Iron Workers back to third place.

By the result of the games next Saturday there may be still another change in the standing, and then the last day may make the champion some team least expected.

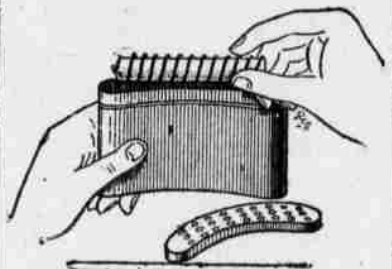

In the fight game there will be something doing this month, as Promoter Jackson plans four bouts for January 28 at the Asahi Theatre. The preliminary card is an exceptionally good one, and Sarcone has one out with a challenge to Young Jackson, which should make the evening of the evening prove a drawing card.

The Sarcone-Nelson go will be a fifteen-round affair, and those who know the two men say that it will be one of the fastest fights ever pulled off in this city.

Both men have done some good work in shorter events, and their road over the fifteen-round route will be well worth watching.

Then beginning with February 1, tennis takes the field and play in the Wall Cup tournament begins on the Beretania courts on the first day of the month.

SIMPLY LIGHT AND INSERT TUBE Warmer does the rest

The Welkom Warmer
Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a bluish, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.

By placing the Warmer on the affected part the heat being dry, not moist, bakes out the cold. Physicians say that the moist heat of the hot water bag will not cure but aggravate the ailments above mentioned.

Many have been sold—not a single complaint.

Complete outfit including Warmer, bag, belt, coil and 10 tubes of fuel sent prepaid to any part of the U. S. upon receipt of \$1.00.

If you wish to know more about this wonderful device write today for free descriptive booklet.

WELKOM WARMER MFG. CO.
108 Fulton St., New York.

Following the Wall Cup play, the Hall Cup will be contested for by the experts of the city and Territory. The play in the Wall Cup being limited to Beretania players.

There is always tennis that is worth going a long distance to see put up in these two tournaments, and this sport will occupy most of the time of the enthusiasts and a great deal of space in the sporting paper sheets during the time that the play is on.

Then on February 22 comes the Marathon race, providing that Soldier King comes back by that time. This will be the big event of the season in the athletic world of Honolulu, for it is at that time the better man, Kaoo or King, will be known over the full Marathon distance.

King defeated Kaoo on the fifteen-mile course a short time ago, but it was believed then and still is believed by many that over the full Marathon distance of 26 miles 385 yards, the Waiwala Horse is the better man.

Besides King and Kaoo in the race there will be other noted runners, Jackson, Ornellas and Tsukamoto all being entered in the contest.

On the same day as the Marathon here, there will be held automobile and motor cycle races at Hilo which will attract a number of the local cycle riders to the Big Island.

To put the right finish on the month's doings, in February the great Haleiwa road race will come off and the big excursion with a special train will be run to the hotel to see the men come across the finish line.

Besides the regular road race, there will be both bicycle and motor cycle races on the same day, and it will be the biggest of any of the races held, thus making the third annual race one long to be remembered.

DOTS AND DASHES.

Packey McFarlane won the decision in a ten-round go with Johnny McCarthy last night at Kansas City. Packey has had four previous fights this year, three of them being in England and the last in New York on September 27, when he fought Dick Hyland.

On Thursday evening there will be fights at Leliehua, Fink of the Marines and Terrien of the Fifth furnishing the event of the evening.

Mrs. Crawford—How is it you get more rest since you live in the suburbs? Mrs. Crabshaw—I don't have to sit up all night for my husband. When he doesn't arrive by the last train I know he won't be home till the next day.—Judge.

QUEUE CUTTING IN SOUTH CHINA

More Than Fifteen Thousand Chinese Trimmed Their Hair in December.

According to a Hongkong dispatch of December 10, twelve thousand more Chinese had cut off their queues, and the movement was spreading rapidly from South China, where it originated.

The first cutting occurred on December 5 at Hongkong, and the South China Morning Post had the following account of the ceremony:

Yesterday morning, under the auspices of D. Kwan Sam Yin, Chan Tsze and Chan Po Tung, a remarkable demonstration took place at the Chinese club in Queen's Road Central, when six well-to-do elders of the town publicly "docked their tails" and set an example which was speedily followed by hundreds.

The gathering was representative of the Chinese business community. Flowers adorned the portals of the club, which both externally and internally was gay with banners and mottoes.

Under the direction of Bandmaster Coke, the band of the 13th Ruffs discoursed delightful selections of the "Chin-chin Chinaman, chop, chop, chop" variety from Gilbert and Sullivan's repertoire, while amid all the enthusiasm engendered, there was an undercurrent of suppressed emotion and seriousness when the votaries of the new order presented themselves for "before and after" inspection.

It is estimated that eleven thousand Chinese have discarded their queues in Hongkong during the past few days. The movement, initiated some few weeks ago, is a widespread one and has made remarkable strides.

Free of cost, facilities extended by the "cutting of the queue without changing the dress" societies have helped it along, while an accident at the tram station on Friday last, whereby a Chinese lost his life through his queue entangling in the machinery, has brought home to the public the inconvenience and danger of the fashion.

Again, in a less dramatic direction, there was the incident at the Nanking athletic meeting, when one of the contestants lost his place in the high jump through his queue knocking over the cross piece. These two illustrations, perhaps, are at either end of the argument in favor of abolition, which, so far as Hongkong is concerned, is hardly necessary to drive home, for on all sides there is abundant evidence of the sincerity of the feeling.

Barely a week ago there was a demonstration in the Central market by the members of the Sze-Yip Queueless Society, through whose influence nearly 4000 people have become queueless. Since then there has been the demonstration at the

Automobile and Motorcycle Races at Hilo.
February.
Annual Haleiwa Road Race—Starting from Aala Park.

Central market when no less than 800 men got rid of their queues, while on Saturday last a thousand subjected themselves to the same treatment.

The movement obviously is in its infancy, and reports from far and wide show that it has spread throughout the empire. Further afield, too, the Chinese are taking it up, and at Manila on the 25th of December, there is to be a hair cutting ceremony, while two or three already have taken place in the Straits Settlement.

Where it will end it is impossible to predict, for the Chinese of the higher classes are holding back pending the receipt of the imperial decree. When that decree comes, it will, as so many of the speakers predicted, mean the severance of the ties uniting modern China with the past? Such a result would, in many degrees, indeed be a calamity.

DO EASTERN COLLEGES STICK TO THE RULES?

NEW YORK, Dec. 24.—Do the big colleges stick to the scholarship rule in athletics? Are all the players on the football and baseball teams bona fide students in good standing? That's what they try to make us believe.

Of course, it is understood that in the olden days certain burly gladiators were hired for the season for the glory of alma mater. But the ever-watchful eye of the moderator is supposed to do away with anything like that in present day football. Therefore listen to a little conversation in the early morning hours of yesterday, the principal speaker being a member of one of the big Eastern college teams and generally chosen by the experts for the All-American team in his position.

"When are you going back to college?"
"Some time next fall," replied the college star. "Let me whisper a secret: I'm in college for what it brings me in salary for playing football."

"Surely you matriculated in some special course?"
"Oh, sure—Bull Durham and astronomy," he said.

"So-and-so has picked you for the All-American eleven," was next ventured.

"Why shouldn't he? He pays me," came the ready answer.
No wonder Princeton doesn't win championships. They say a player not regularly enrolled and up in his studies at Old Nassau can't break into an athletic game there with an axe.
