THE MORTUARY REPORT

There were 95 deaths in the district of Honolulu in January, of which 28 were of infants under one year. From birth to 20 years of age the mortality was 48, or more than half the total of all ages. According to this showing it is eminently dangerous to be young in Honolulu.

By nationalities the numbers are: 48 Hawaiians, 16 Chinese, 4 Portuguese, 12 Japanese, 9 United States and 5 others.

Causes of death are thus summarized: febrile 14, diarrheal 9, diphtheria 5, constitutional 11, developmental 5, nervous 14, circulatory 3, respiratory 10, digestive 18, accident and violence 2, suicide 1 and three from functional troubles.

The monthly death rate a thousand of population was 2.414. Marriages reported were 35, and births 54.

THE WAY IT IS.

It's just this way: If you make up your mind to cling to old customs and regard everything new and up-to-date as an interloping intrusion on your grandfather's habits; if you are satisfied to drag along in the same old rut and will not lift up your head to scientific advances; if you discountenance the results of studious men who apply their lives to the advancement of humanity; how do you profit? Do you put your hand to the plow for the benefit of your fellow-men?

The drone is born, dies and leaves no mark of honor in the Hall of Fame; the worker, the man who understands, accepts the situation and advances with the times. The public knows a good thing and adopts it. Take, for instance, the DOUGLAS PATENT CLOSET, guaranteed against leakage and the annoyance of running water. The DOUGLAS came, the people saw, and—the DOUGLAS conquered! It won the hearts of the people. Bath, The Plumber, handles the DOUGLAS.

To Translate Rules.

The following resolution was introduced by Mr. Kumalae and adopted:

Be it Resolved, by the House of Representatives, That the rules and regulations of the Board of Health, as received by the special committee of this House, be translated into Hawaiian and said translation be printed, so that enough copies can be supplied to the members of this House.

A Bad Precedent.

Mr. Andrade wanted the resolution amended so that enough copies might be printed to furnish both the Senate and House. The Speaker said this would be setting a bad precedent, for the Senate might come back at the House and make the latter pay the whole expense. Mr. Andrade withdrew his amendment and, on the resolution being adopted, the Speaker instructed the Printing Committee to confer with the like committee of the Senate with reference to the printing of the rules and regulations of the Board of Health.

To Exempt From Taxation.

Notice by Mr. Kuphea:

1. An Act to exempt from taxation all citizens of the Territory of Hawaii having five or more children.

2. An Act to prohibit the sale or peddling of fish of all species by persons other than citizens of the Territory of Hawaii.

3. An Act to prevent Asiatics or aliens from fishing in all bays, rivers, gulfs, streams, harbors, sea coasts, rivulets, auwals, and in any other places of the Territory of Hawaii.

4. An Act to provide for a reservation for the protection of all citizens or of those who suffered by the great conflagration of January 20, 1900, and why by act or action of Government that may hereafter be caused to occur.

5. An Act to prohibit all persons other than citizens from being employed on all inter-island fleets and the labor about the Esplanade in Honolulu and other places of the Islands, discharging and loading foreign vessels.

Resolution by Mr. Long, referred to the Committee on Public Lands:

1. Road into Palolo valley, beginning from the Waialae road, \$10,000.

Board of Health Expenditures.

Resolution by Mr. Kuphea, laid on the table on motion of Mr. Harris:

Whereas, it is the bounden duty of the members of this House to know how the public money has been expended by the Board of Health; be it

Resolved, That this House do request the President of said Board to present to this House a full statement of the expenditures of the Board of Health, the list of all its officers and their salaries and all persons employed by the said Board in whatsoever capacity during the last biennial period.

There was considerable discussion on this resolution, it being contended by Messrs. Chillingworth and Kellinot that the measure introduced by Mr. Kuphea provided for just the thing which the Committee on Public Health and Education was supposed to do. Mr. Kuphea himself did not offer much objection to the motion to lay the resolution on the table.

Resolution by Mr. Hala, referred to the Committee on Public Health and Education:

1. Teacher's cottage, Keanu, \$1,200.

2. New school house, Nahiku, \$1,200.

3. Teacher's cottage, Kipahulu, \$1,500.

5. Teacher's cottage, Hana, \$1,500.

Resolution by Mr. Pali, referred to the Committee on Education:

1. School house at Olowalu, \$1,200.

2. One-room addition to Lahaina school house, \$1,000.

3. New school house, Honokohau, \$700.

4. New school house, Kahakuloa, \$700.

Resolution by Mr. Kalli, referred to the Committee on Education:

1. For enlarging the school house at Hanalei, Kauai, \$500.

Resolution by Mr. Kellinot, referred to the Committee on Internal Improvements:

1. New court house and jail at Wailuku, Maui, \$15,000.

Doyle's Appointment Questioned.

Resolution by Kumalae, unanimously adopted:

Be it Resolved, by the House of Representatives, That the Judiciary Committee be and it is hereby directed to look into the appointment of Chester Doyle as Japanese interpreter and translator for the courts of this Territory and to report to this House as soon as practicable.

Mr. Kumalae said it was very important that this resolution should pass, as there had been a great deal of criticism against the appointment of Mr. Doyle. A capable young Hawaiian had been put out of office and an incompetent white man had been put in his place. He himself had been to the judges who appointed Mr. Doyle to the position of Japanese interpreter for the Circuit Court and he had been told that the young Hawaiian referred to had expressed a desire to leave this work. As a matter of fact, he had been put out. When he asked the Judge why this thing had been done the latter answered that that was his business, and he considered he had a perfect right to appoint whomsoever he pleased. Mr. Kumalae suggested that Mr. Doyle and the young Hawaiian be brought before the House and that a competent Japanese who understood English, be brought in to decide on the standard of efficiency of the two men. Mr. Doyle was certainly not qualified to hold the position of interpreter in the courts.

Mr. Kanihoku said he was of the same opinion as Mr. Kumalae and urged that the resolution be adopted at once. He had had some experience with Doyle when he was a police officer on Hawaii and he believed that Judge Little had refused to have Doyle as an interpreter because he knew he was not competent as an interpreter.

Mr. Harris wanted to know of Mr. Kumalae by whom Judge De Bolt was appointed and if the House had any right interfering with Federal appointments. Mr. Kumalae responded quickly that he knew the Judge was the appointee of the President, but he also knew that the salary paid him was from the public treasury of the Territory, over which the Legislature had control. The Legislature had refused to appropriate any money for the Judge or the interpreter.

Mr. Aylett said he was not familiar with the Japanese language, but he was familiar with how to give out the public funds. He did not propose to stand by and appropriate any money for officers where injustice was done.

Mr. Harris explained to the House that his questions had not been asked because of any desire to oppose the resolution. For himself, he favored the measure, but he wanted the House to proceed with care in all matters of the kind.

Three bills of which Mr. Kumalae had given notice were read first time by title, passed and referred to the Printing Committee. The first provides for the macadamizing of Sheridan avenue, between King street and the Ala Moana road. The second provides for the defraying of the expenses in connection with the fire claims, and the third relates to the sending abroad of youths to be educated.

For County Bill Committee.

Resolution by Mr. Andrade, tabled.

Be it Resolved, by the House of Representatives of the Territory of Hawaii, That the Speaker of said House, appoint a special committee consisting of seven members of said House, said committee to consider the County Bill.

Be it further resolved that the Speaker of this House instruct said committee to confer with the Senate committee, which has the same subject under consideration.

tee, which has the same subject under consideration.

Mr. Kumalae made the principal fight against this resolution of Mr. Andrade. He stated that the thing proposed was impossible at the present time as the Senate has introduced a county bill, the House had introduced another and there was still another that would come in later, as notice to that effect had already been given.

Resolution by Mr. Pali, referred to Public Lands Committee:

1. Repair of road from Maalea to Lahaina, on the island of Maui, \$5,000.

Resolution by Mr. Vida, referred to public improvements:

1. Repairing and macadamizing asphalt road in Kapalama, Oahu, and for lighting said roads, \$10,000.

Expense Bill Passes.

The order of the day was next taken up and House Bill No. 1, relating to the expenses of the House, passed third reading.

The Speaker stated that there was nothing more on the regular order of the day but that he had on his desk a request from the secretary of the Republican Central Committee for a half dozen copies of each of the House bills as they were printed. The Republican party was dominant in the House and if there was no objection, he would order the clerk to send the copies requested.

Mr. Kellinot said he saw no reason why these copies should not be sent but while this was being done, the same favor ought to be shown the Home Rule party. Speaker Beckley said he would order the clerk to send the six copies to the Republican Central Committee and on request being made, the same favor would be extended to the Central Committee of the Home Rule party.

Mr. Fernandez said he had something of an important nature to communicate to the House. On the previous day, there had been a meeting of the Printing Committee, of which he was the chairman. There had been much discussion and he had found that the disposition of the majority of the members was that they should be allowed to choose their own chairman. The argument had been kept up and nothing had been done so that the work of the committee was at a standstill. He wanted the Speaker to instruct the committee as to what it should do as he for one wanted to get ahead with the work.

Mr. Harris, a member of the Printing Committee, said he did not quite agree with the last speaker. True, they had held a meeting but it had been decided that everything was to be settled on at a meeting to be held during the morning.

Mr. Beckley then read the rules, showing that the Printing Committee was really subordinate to the Committee on Accounts and that the position of chairman of the Printing Committee was, after all, not so important. The work could go along just as well no matter who might be the chairman. Each committee had the right to choose a chairman of its own outside of the member who might be mentioned by the Speaker in announcing the various standing committees.

This ended the matter and nothing more was said. The House then adjourned until this morning at the usual hour.

BAND NOTES.

The band played on the Oceanic wharf last night as a compliment to Captain Whiting, late commandant at the Naval Station, who was bound for the Coast in the Sonoma with Mrs. Whiting.

The band plays on board the Solace today.

Playing at various places during the week has been very disagreeable work for the boys on account of the cold. Then, too, the attendance at the various concerts has been very small for the people do not seem to care to stand out in the chilly atmosphere even if there is good music to listen to.

After the concert on the Oceanic wharf last night previous to the departure of the Sonoma, Captain Berger and some of the boys went up to the moving pictures of the Passion Play at the Orpheum.

LILIHUA STREET FIRE.

A little after midnight last night, the fire department was summoned to the corner of Liliha and Kaikini streets. The grocery store of Lum Po Kee in a new one-story building in an otherwise empty lot, caught fire in some inexplicable way. The whole front part of the store was ablaze before anyone was aware there was a fire.

The Chinese proprietor, his wife and child, were sleeping in a back room. There were some bombs and fire-crackers in the front window and upon these exploding, they were awakened and rushed from the house. The fire-works saved their lives.

WEDNESDAY, FEBRUARY 25, 1903.

Kaual citizens leave no doubt in the public mind that they mean business.

Here's hoping that the gas will not turn at the Territory's expense while W. O. Smith is waiting.

Russia's next move to relieve starving peasants will be a call to war and consequent reduction of the population.

Representative Carlos Long has set the Honolulu municipal bill rolling and unless all signs fail it will be pushed along by the solid support of the party.

The idea that because a man has an opinion he is necessarily a job chaser is fast becoming stale. The people are not slow to appreciate the unfair spirit behind the charge.

Honolulu is hardly in a position to object to more wires in the streets and more wire-using companies provided the wires are put underground and an improved service results.

Plantation reports during this season of annual meetings show that the main industry has weathered the gale and finds itself in good shape to make the most of improving opportunities.

In view of the recent reminders of George Washington's virtues, a confession without prejudice from the Republican minority that we did it with our little hatchet would be in order.

Members of the Legislature should as far as possible endeavor to enter their deliberations on measures rather than men, unless incompetence or misconduct makes men a serious issue.

Kahuku leads off with the announcement of dividends to be resumed. If other plantations are able to follow a good example, the return of good times will be something more than a passing dream.

Hawaii will be slow to take up the subject of government control of public utilities while its government is undergoing a complete transformation that is causing an opportunity for a wide range of opinions.

It is a good proposition for Uncle Sam to have a first class naval station and coaling station on the coast of Cuba, but the joy over this event ought not to cause Congress to forget that Pearl Harbor, in the Pacific, deserves attention.

The only way to put an end to the everlasting scrimmage over the Board of Health regulations is to pass plumbing and sewerage laws. The regulations are, at best, makeshifts unsatisfactory to officials as well as the public.

CO. F TO GIVE LUAW.

Company F, National Guard of Hawaii, which won the prize drill on Saturday last and puled up the unprecedented percentage of 99.3, will give a luau in the drill-shed Saturday night next, in honor of Companies E and G. The boys recognize the splendid work of the two native companies and mean to show them that their appreciation is genuine. Invitations have already been sent to the officers and men of the two companies mentioned, and it is certain that there will be a very large attendance. After the luau, there will be informal speeches by some of the officers and men. A fine time is expected.

RESEMBLED CHINESE THEATER.

Judge Wilcox's courtroom resembled a Chinese theatre more than anything else this morning. There were one hundred and ninety-eight Chinese, all charged with gambling and they were arranged in lines across the room as they answered "present." The men were captured last evening as a result of a raid made by Detectives Kapai, Chun Poon and Ah On. They were each liberated upon the payment of fifteen dollars cash bail and will have their trial on Friday morning. Attorney Francis Brooks appears for them.

Including the Chinese gamblers there were two hundred and seventeen cases on the Police Court calendar this morning.

Ah Lee and Ah Pong, spectators at the trial of their countrymen in Judge Wilcox's court this morning, forgot themselves and got into a wordy discussion regarding the merits of the case. As they disturbed the proceedings of the court, they were sent below for twenty-four hours.

KAUAI TEACHERS APPROVE COUNTY CONTROL

Editor Evening Bulletin:—Enclosed you will find, for publication, a teachers' petition to the Legislature, in regard to the school system, with an endorsement to the fellow-teachers and the general public.

Kaual is not a stickler for the identical school bill endorsed in this petition, but it is unanimously believed here that a school law along the general lines of Mr. Tople's bill would be an improvement on the present system. The Advertiser asserts in an editorial of last Thursday that this school amendment is being pushed by Mr. Tople, and that he is doing this because he believes it will create a fat job for him. This is very unjust, and it is altogether unworthy the cause the Advertiser pretends to be fighting for. Mr. Tople drafted this bill at the special request of Republican party leaders of Kaual, and he has not personally turned his hand over to further its adoption.

Such a change in the educational system as this bill provides for is believed in and is being advocated by the most intelligent and influential men of the island, such as Francis Gay, W. H. Rice Sr., Senator S. W. Wilcox, and, in fact, by nearly every man of influence, wealth and position on this island, as well as by all of Kaual's members in the Legislature, her entire corps of teachers and the people in general. Certainly the wealth and the intelligence of this island, as it pays the taxes and is responsible in the greatest degree for the island's political and social condition, ought to have a respectful hearing as to how Kaual schools should be conducted.

And I speak for the entire Republican party of Kaual when I say that the base slur cast upon Mr. Tople by the Advertiser will not be remembered kindly.

If the Advertiser can suggest any better method of school administration than that proposed by Kaual's Republican district committee and Kaual's teachers, let it be brought forward by all means.

Party leaders of Kaual won the last election by honesty and sincerity, and one of the pledges to the people was a conservative change in the school system, such as would be necessarily a part of county government.

The school question is one easily open to an honest difference of opinion, but we believe that no upright discussion of it can involve charges of job-casting and political intrigue, and that therefore when the Advertiser resorts to such charges as arguments it is because its motive for opposing such a change as is proposed, is neither honest nor public-spirited.

Yours very truly,
JOHN D. WILLARD,
Republican Central Committeeman,
Lihue, Kauai, Feb. 24, '03.

KAUAI TEACHERS' VIEW

We, the undersigned teachers in the Government schools of Kaual hereby petition the Legislature of the Territory of Hawaii to change the school system of the islands by placing school matters under the control of these several counties provided for in the Republican county bill as proposed in P. L. Tople's School Bill Amendment. We believe such change would result beneficially to the schools and especially so to those outside of Honolulu.

Lihue, Feb. 12, 1903.
LIHUE—John B. Alexander, Principal; Susie Akamuhon, teacher grammar grade; Emma L. Kalpu, teacher primary grade; Mattie Ticer, first primary; Anna Thronas.

HANAMAULU—C. A. Mumford, Principal; Russel Mumford, teacher; Lottie Jordan, teacher.
KEALIA AND KAPAA—Prince L. Tople, Principal Kapaa; Agnes E. O'Connell, Mollie Aloia; Rose Aloia; Carrie E. Tople, S. W. Meheula, Principal Anahola school.

KILAUEA—Isaac M. Cox, Principal; Catharine E. B. Cox, teacher; Mary K. Yanagihara.
KEKAHA—Claire Barron, Principal; Christina Finkler, Mabel Mossman.

WAIMEA—Lucy Wright, second assistant; Beatrice K. Mahiuni, Mabel G. Ranham, Jean Harwood.

Charlotte Stewart, Principal Makaweli; Anna Danford, assistant Makaweli.

The teachers of Kaual take especial pleasure in recommending the Tople School Bill Amendment of the proposed Republican County Bill to the studious consideration of their fellow teachers and of the general public.

It is believed this measure remedies the defects both of our present too-centralized system and of the perhaps too-decentralized system in vogue in many States of the Union, and offers us a conservative, scientific scheme for the regulation of our educational matters admirably adapted to the needs and circumstances of the varied population of this Territory.

POLICE COURT NOTES.

Detectives Chun Poon and Ah On had some disagreement this morning on the stairway leading to the Police Court and as a result they clinched and rolled downstairs, creating a deal of excitement. Chun Poon's ankle was badly twisted and Ah On was slightly shaken up.

CATARRH THIRTY YEARS.

The Remarkable Experience of a
Prominent Statesman—Congressman
Meekison Gives Pe-ru-na
a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State. Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peru-na came to the rescue. He writes:

"I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

For special directions every one should read "The Ills of Life," a copy of which surrounds each bottle. Peru-na is for sale by all chemists and druggists at one dollar per bottle, or six bottles for five dollars.

Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply, should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A.

Benson, Smith & Co. will supply the retail drug trade in Honolulu.

WAIMEA MEETING

At the annual meeting and election of officers of the Waimaea plantation held this morning at the rooms of Castle & Cooke, the following were elected to office for the ensuing year: W. E. Rowell, president; J. A. Gilman, vice president; E. D. Tenny, secretary; W. A. Bowen, treasurer; E. P. Chapin, auditor.

Manager John Fassoth says in his report:

During the past period of twelve months we have taken off 165 acres cane, yielding an average of 334 tons to the acre. For the coming crop of 1903 we will take off about 90 acres plant cane and 90 acres ratoons. The above result is extremely disappointing, and until the new water is up on the land and we have time to judge of the results, it is more than difficult to make an estimate for the coming crop. If the fields yield no better than last year, we can only look for 750 tons. But I feel that we are fully justified in looking for a material increase.

Crop of 1904 will consist of 110 acres plant cane and in addition to this there are 115 acres of ratoons.

As regards labor contracts made with the Japanese Company for the entire care of our fields and delivery of cane to our mill, I am glad to say that the contractors have started well, their work so far being very satisfactory. This, with the saving in wages paid to them, is quite a hopeful feature.

Our mill and pumps are in fairly good condition and no improvements other than ordinary repairs are necessary.

We commenced work on the 17th of January, 1903, on the new ditch, and, if no unforeseen delay arises, we expect to have the water by June 1st, 1903, on the plantation. The outlay for this new water development will be more than compensated for by the future prosperity of the plantation.

FOR CITY GOVERNMENT

The Republicans of the Seventh Precinct of the Fifth District have called a special meeting of their precinct club at Waiakamilo Camp to petition the Legislature to pass an act for the incorporation of the city and county of Honolulu. The people of the precinct desire a city government and are everywhere expressing their expectations that the Legislature will carry out the promises made by the party. They say that city as well as county government was promised by every legislative candidate in the last campaign, and it now remains for them to fulfill their pledges. The meeting will be a large and earnest one.

Markham's Minority Report

George Markham, a member of the Grand Jury called in Judge De Bolt's court has presented to the Court the following minority report:

Honolulu, H. T., February 21, 1963.
To the Honorable J. T. De Bolt, First Judge, First Judicial Circuit, Territory of Hawaii.

Minority Report of Grand Jury.

In conformity with the usages of procedure of business by a body of men for its guidance, its findings are set down by rules, either by law or otherwise, and in accordance with such rules, I beg to submit to your Honor, Judge of this Honorable Court, a "minority report" of the Grand Jury of the February term, A. D., 1963, of the First Judicial Circuit, Territory of Hawaii.

Having taken the oath as a member of the Grand Jury of the above said said term, and in conformity with the charge by said court to the members thereof, a part of which charge reads as follows, to-wit: "You must conscientiously, fearlessly, courageously and conscientiously discharge your duties as Grand Jurors, etc." I beg to submit, in addition to the report of the majority of said jury, the following:

The Reform School.

In reviewing the testimony of the Superintendent and two guards of the Reform School, that was presented before the Grand Jury, it is the candid opinion of the minority that the management or supervision of said institution needs an immediate, radical change from top to bottom.

The Reform School is an institution under the control of the Educational Department of the Territory of Hawaii for the maintenance of young men who have a tendency toward misbehavior; for the correction of their bad morals, and providing for their becoming good law-abiding citizens. It is a school that is looked upon by the community for bringing up these juveniles to a standard of moral perfection, education and useful citizenship in the land of their birth, instead of being a burden upon the community and criminals in the penitentiary.

That owing to the management, or rather lack of management, of said institution there has been brought to light a charge for which an indictment has been returned against an inmate of said school, that is a disgrace to the school and the community at large. It is a crime that has occurred at various times in the past and will occur again if the school is not brought to a higher perfection of care and training in the true spirit of love and the ideals of higher education.

The two guards that are appointed and who are in charge of the boys in said school are men unfit and incompetent to discharge the duties imposed upon them as a criterion to the young men, numbering in the neighborhood of fifty. Upon the testimony declared before the Grand Jury it appears that there are two dormitories set apart, one for the elder and one for the younger boys, and that upon the retiring of the boys to sleep the guards also retire, and until morning they are left to themselves without anyone to guard over them, or to prevent depredations of any nature that may occur during their hours of slumber.

The minority recommends a larger appropriation for the care and maintenance of the Reform School, and that a perfect and strict system be inaugurated in order that perfect surveillance may be maintained, and men selected who are in constant touch with the boys and who understand their handling, and know the temperament of each and every individual and his tendency, whether for good or evil; who are strict disciplinarians, but of a humane and contrite heart.

Police Department.
With all due courtesy to this department it is known and remarked in connection with the numerous crimes of various nature that have been brought before the Grand Jury (more especially burglaries, robberies, etc., that have occurred in the past), that a reign of terror did exist in and about the city of Honolulu. Upon the various crimes of a felonious nature presented before the Grand Jury indictments have been returned against criminals of a vicious character and for atrocities committed.

As Hawaii is an integral part of the United States, and is now in cable connection with the mainland, prosperity reigns supreme in the hearts and minds of men, and crime, no doubt, will be on the increase as prosperity increases, to a degree that will astound a Christian or a law-abiding citizen.

This is not only true of Hawaii, but of towns and cities of the civilized world and in the history of nations as they grow in wealth and prosperity.

As history repeats itself, which, of course, is a well known and positive fact in the minds of the present generation, in that the welfare of our homes and the peace and happiness of our families may be protected as near as possible by the authorities appointed for such purpose, the minority recommends a larger appropriation and the employment of more men that understand their duties, and know a criminal by his countenance and actions, for the district of Honolulu, Kona, Honolulu, Island of Oahu.

These numerous robberies, burglaries and hold-ups of late have been committed in the suburbs of Honolulu, and people living in said communities are terrified by such atrocities committed and do not feel safe on their roads or streets. It is the duty of every law-abiding citizen to urge upon the Legislature an increase of funds sufficient to meet the demands of an emergency of any nature, and to cope with the conditions that may arise; but the minority upholds the honor and integrity of the Police Department of the City of Honolulu, considering its inadequate force, in the discharge of its official duties.

CAPTAIN D. H. WARD

Manila, Jan. 28.—The Philippines Shipping Co., with a capital stock of \$1,000,000 all of which has been subscribed, has been incorporated for the purpose of engaging in a general shipping business with headquarters at Manila. The directors of the company are:

Captain D. H. Ward, president; J. E. Norton vice president; R. J. Harrison, secretary, L. D. Hargis and J. W. Marker.

The company has already purchased the Alta, a steel brigantine, now lying in the harbor with a cargo of lumber for the California Manila Lumber and Commercial Co. and will be placed in commission by the company as soon as her present charter expires.

The purchase of other vessels are in contemplation and by the first of July, the company will operate a fleet of large vessels from this port.

The plans of the company have not yet been made public but it is known from reliable sources that this new factor in the oriental shipping world will add greatly in revolutionizing the shipping trade, in the east. As this coastwise shipping laws admit vessels from foreign and American ports, the operations of this company's fleet of vessels will not be confined to American and Chinese trade.

It is the purpose of the company to secure large vessels and this will possibly prevent them from booking freight to the less accessible harbors in the archipelago but with the improvements in the leading ports completed, a large coastwise business will be included in their work.—Manila American.

Captain Ward is well known at this port, where for years he was engaged in the shipping business.

ASSESSED DAMAGES.

A board of survey has assessed the damage done to the Navy wharf by the Solace at \$750, and lays the blame for the damage on the commander of the Navy vessel. The latter claims that the accident happened as the result of a strong current, but a current in the neighborhood of the Navy slips is a surprising discovery to the men who have been handling vessels here in the harbor for years.

In astigmatic eyes, rays of light bearing the image of the point from whence they proceed pass through an irregularly curved cornea and consequently are focused irregularly upon the retina, unless in its effort to give good vision the ciliary muscle strains itself to overcome the irregularity. Headaches, eye-aches, etc., are often due to astigmatism and can be relieved by the application of accurately made and properly fitted glasses. Examinations free, and when glasses are needed our prices are reasonable.
