

HOUSE WILL KILL NEW LIQUOR LAW

SPEAKER'S CABINET, BIG STICK AND AXE

HOLSTEIN AND COMMITTEE HEADS TO MEET TO ENGINEER WORK OF THE HOUSE—WILL CRUSH SENATE LIQUOR BILL, SLASH PROPOSED APPROPRIATIONS, AGREE ON TAXATION MEASURES AND SMOOTH THE WAY FOR QUICK AND EFFECTIVE LEGISLATION.

The "big stick" is looming up and along with the "big stick" will soon be observed the "axe."

This afternoon, or tomorrow at the noon recess, there will be a "cabinet" meeting, the first of the kind this session and the first of its peculiar kind in the history of Hawaiian legislative work.

Speaker Holstein of the House of Representatives wields the "big stick" and it will quickly show itself, together with the aforesaid axe.

Speaker Holstein and the chairman of all the standing committees of the House are to gather in the chamber of the Secretary of the Territory for the following definite purposes:

First. To kill the Senate liquor bill.

Second. To slash proposed appropriations.

Third. To agree on taxation measures.

Fourth. To make sure of the accomplishment of the work of the House in regular session and so to avoid an extra session.

In a way the last purpose is the

that of killing the liquor bill.

President indications are that unless prompt action is taken and a speedy understanding reached the appropriations will drag in Committee of the Whole over a long, dreary space of time, and but little satisfaction will be reached.

The idea is to go through all resolutions for appropriations, amounting to about three millions of dollars over and above the moneys required for current expenses, and to cut out all items not essential, necessary or reasonable. For example, if an amount is asked that is exorbitant or not absolutely necessary, it will not be considered at all; it will not be reduced or modified, it will be killed; it will get the axe.

Taxation matters must be agreed on according to the "big stick" policy for satisfactory legislative work, and the "cabinet" will agree to a method in this regard, as it will probably agree to everything else, and the idea of the cabinet will go flying through the

SENATE COMMITTEE DRAFTS LIQUOR LAW

A majority report of the Ways and Means Committee of the Senate on the Moore liquor bill was presented this morning. George H. Fairchild did not concur, believing that the present law should not be changed. The majority consists of J. T. Brown, W. J. Coelho, H. T. Moore and E. W. Quinn. The majority submits a substitute bill retaining the provision for appeals from the boards of license commissioners on refusals of renewals, refusals of transfers, and revocations and suspensions of licenses. Following are sections of the substitute bill:

"Section 4. Each Board within its own County shall have the sole power and authority to grant, refuse, suspend, revoke, regulate and control licenses to sell intoxicating liquors in such County, subject to the provisions and directions in this Act contained. The exercise of the power and authority by this Act vested in the Board, shall be final in each case, and shall not be reviewable by appealable to any court or tribunal except as herein provided."

"Section 31. In the exercise of the power and authority by this Act conferred, each Board of License Commissioners may revoke any license issued by it, or suspend the right of the licensee to use his license, or reprimand a licensee, either for the viola-

tion of any condition of such license or upon the conviction at law of a licensee of the violation of any of the provisions of law relative to his license or the proper exercise thereof; provided, however, that in every case where it is proposed to revoke or suspend the exercise of any license, written notice shall be given the holder of such license, specifying the cause or causes for which it is proposed to take such action and fixing the date of hearing, such notice to be given at least five (5) days before such hearing. At such hearing, before final action is taken by the Board, the licensee shall be entitled to be heard in person or through counsel and shall be given a full and fair opportunity to present any facts showing that the alleged cause or causes for such proposed action do not exist, or any reason why no penalty should be imposed. And provided further, that all licenses of the third class shall be subject to summary revocation for any violation or of evidence of intent to violate the proper exercise thereof, without hearing before the Board."

"Section 35A. Appeals shall be allowed from decisions of Boards refusing applications for renewals of licenses, refusing transfers of licenses,

CARTER TALKS TO THE CLUB

In his talk before the Commercial Club at 12:30 this afternoon Hon. George R. Carter dealt a rather severe blow to the "small farmer" propaganda advocated by some people in Hawaii. His talk was to something like sixty members of the club, and this feature of the address was a surprise to many of them. The former Governor reviewed his travels in the States and Cuba. His talk was replete with funny anecdotes, eliciting rounds of applause at frequent intervals.

The feature of his address was a comparison of local farming methods with those of Georgia. Prior to his visit to the South he had received with favor the arguments advanced locally for the promotion of small farming. He had come to regard some such plan as necessary for the upbuilding of a good citizenship in the future. In Georgia, however, he had seen "small farming" in all its glory, and he had been disheartened at the sight and prospect.

There the country planters were raising cotton on about forty acres apiece. It was a hand-to-mouth proposition, the importer of goods and the buyer of cotton getting the lion's share and the "small farmer" continuing on indefinitely and hopelessly in poverty and ignorance. Undoubtedly the influence of the large corporations that had gone in there and entered the cotton business on a vast and intelligent scale saved the situation.

"While looking these facts squarely in the face," said the speaker, "my faith in 'small farming' was cracked if not shattered altogether. I could not help asking myself: 'Is it possible that in the next twenty years we in Hawaii will be doing what the people of Georgia are now doing, and the people of Georgia will be doing what we are now doing?' I thought of it with a gulp. Our plan has been successful; theirs has been anything else."

The remainder of Mr. Carter's address was devoted to Cuba, which he described as a most beautiful country with endless possibilities. It was hampered, however, with a mixed electorate and all the evils of race prejudice. In the latter respect Hawaii was far better off than either Cuba or the Southern States.

DOUTHITT DOCTORING

Representative Douthitt this morning introduced a bill in the House which will prohibit praying for cures, absent treatment, suggestion, hypnotism, anaesthesia, kahunism, voodooism, the water cure, electricity, and everything else unless practiced by a duly licensed physician who cannot be licensed until he passes an examination by a Board of Medical Examiners appointed by the Governor and gets the recommendation of the Board of Health.

All examinations must be held in English and this alone is a point that may create a sensation, if the law is intended to be enforced.

Douthitt's bill amends Chapter 89, Revised Laws, relating to the practice of medicine and surgery, and provides for compulsory license from Treasurer upon Board of Health recommendation of the Board of Examiners.

Practice of medicine shall include the use of drugs, medicines, water, electricity, hypnotism, and any means or method and any agent, "tangible or intangible," for the treatment of disease, injury or deformity of human beings, except in cases of emergency or the domestic administration of family remedies.

The Governor is authorized to appoint a Board of Medical Examiners, three persons, licensed physicians, appointed for three years, to serve without pay. Examinations of applicants for licenses must be conducted in the English language.

Senate Passes Honolulu Bill Unanimously

QUEEN LILUOKALANI'S CLAIM RESOLUTION HELD UP IN SENATE ON OBJECTION OF HARVEY THAT IT INFRINGES ON THE FUNCTIONS OF DELEGATE KALANIANAOLE—MANY REPORTS FROM COMMITTEES AND MUCH PROGRESS.

THE SENATE, EIGHTEENTH DAY.

Coelho presented a report of the Health Committee on House bill to amend the Honolulu Municipal Act, relating to the construction and regulation of workshops, factories, laundries, etc., recommending the passage of the bill. "The object of the bill," the report says, "is to provide means by which nuisances arising from the construction of such structures as are mentioned in said bill may be prevented. The public safety demands the summary abatement of any evil which might be the cause of injury or which might be considered a menace to public health, life and property."

HOSPITALS IN COUNTIES.

For Senate bill to provide for a hospital at Lahaina, the Health Committee submitted a substitute bill. This authorizes boards of supervisors of counties to establish and maintain hospitals for indigent persons, with permission to require moderate and reasonable payments from patients who are able to pay the same. The report says:

"The object sought by the bill would not be accomplished by the provisions

now embodied in the proposed act because of the lack of fund with which it is necessary to establish same. The committee feels that the several subdivisions of the Territory, the counties, would be greatly benefited by the passage of an act which would authorize the boards of supervisors to establish and maintain hospitals, and to provide for the free treatment and dispensing of medicines to all indigent persons."

THE LIQUOR BILL.

A majority report on Moore's liquor law amendment bill was received, submitting many amendments to the bill. Fairchild signed nonconcurrence as he did not believe the present law should be changed.

On motion of McCarthy the amended bill was ordered to be printed.

JUDICIARY MATTERS.

Knudsen presented a report of the Judiciary Committee on House bill relating to the appointment and removal of district magistrates, submitting amendments with which it is recommended the bill pass. As changed the main provision reads thus:

"There shall be appointed one or

SALVAGE AWAITING EBEN LOW

BRITISH WARSHIP CAMBRIAN
ARRIVING THIS MORNING, VISITED CHRISTMAS ISLAND.

The British cruiser Cambrian, which arrived this morning from the South Seas, brought an immensely interesting story of the condition of the Aeon, the vessel wrecked on Christmas Island, and the story makes it appear not at all unlikely that Eben Low and the Concord expedition may make a winning out of their venture.

The cruiser arrived at Christmas Island on March 4, or only six days ago. As was to be expected, the wreck of the Aeon was the most conspicuous and interesting thing about the war ship steamed as close to her as possible. Her bow end was stuck on the reef, but the remainder of the vessel seemed to have broken away and either sunk or been carried off by the tide.

The entire length of the beach on the side nearest the wreck was strewn with goods from the stranded ship. The merchandise was, in most cases, ruined by water and sand, much of it being buried in the latter. No attempt was made to board the small part of the wreck left in sight, as there was nothing of value exposed to the view, the appearance being that the entire cargo had disappeared.

Officers and a boat's crew landed and took a survey of the beach drift. It was a sorry looking spectacle. As far as the eye could see on either side the stuff was washed up with the sand. Not a soul was on the island. After a short stay on the island the crew returned to the ship and the Cambrian steamed away.

The story from Sydney that pirates

had looted and blown up the Aeon is doubted by officers aboard the Cambrian; but when questioned as to the reason for this opinion, they seemed to have none other than the general impression that there were no longer any pirates in the Pacific Ocean.

It was evident that something out of the ordinary had happened to the Aeon. She may have broken up on the reef, but, if so, must have experienced an extremely severe storm to have gone to pieces in so short a time.

The report of dynamiting was new to the officers of the Cambrian, but they readily assented that such was possible. There was not enough left of her to tell from the wreck just what had happened. If pirates were there, however, they had certainly left an immense lot of stuff on the beach, and this constituted the only reason, other than the general one above given, for doubting that pirates had been there. It is easily possible, however, that the pirates took away all they could carry and expected to return for more. The old butts of the Aeon's crew were still there.

If Eben Low's outfit arrived there shortly after the Cambrian's visit, the chances are that a full load of stuff, of more or less value, was picked up.

TWO COUNTIES FOR ISLAND OF HAWAII

KAWAHEHI INTRODUCES BILL FOR WEST HAWAII AND EAST HAWAII COUNTIES—CASTRO WOULD PAY INCAPACITATED WORKERS \$10 PER WEEK—FURTADO HAS WORK FOR TRENT AND HIS SUCCESSORS—APPEAL FROM BOARDS OF SUPERVISORS.

Representative Kawawehi wants Hawaii Island made two counties, West Hawaii with the county seat at Kailua, and East Hawaii, with the county seat at Hilo, and he this morning introduced a bill in the House to that effect. If the bill becomes law the first election for two counties in Hawaii will be at the next general election, November, 1910, and the two counties will be born in January, 1911.

Castro today introduced a bill to provide for the payment by the Territory, County or Municipality, as the case may be, of \$10 per week to government employees while incapacitated for labor to endure no longer than ten weeks. This may have been inspired by the sickness for many weeks of the bandsman who has served thirty years or so and concerning whom the Honolulu supervisors recently had a debate.

Furtado has in a bill which will add to the duties of the Honolulu Treasurer, to take effect October 1, this year, giving him the duties of Registrar of

THE LOG-BOOK

The oil tank steamer Santa Rita arrived this morning from Gaviota bringing a cargo of fuel oil.

The W. G. Hall, which arrived this morning from Kauai, will sail again at 5 o'clock tomorrow afternoon for her regular ports.

The lighthouse tender Kukui returned this morning from Kauai. Her trip was considerable of a failure, as, on account of rough seas, she was unable to land at Waima yesterday morning. The party contented themselves with a deck view of lighthouse possibilities there.

The oil ship Marion Chilcott was towed out this morning and sailed for Gaviota. She will return at once with oil.

In the American-Hawaiian line the freighter Texan will be due here Saturday morning from Tacoma and Seattle. She will take sugar at island ports to be decided upon later and sail for Salina Cruz. The Columbian will sail from Hilo direct on Saturday for Salina Cruz, taking a full load of sugar.

A report has leaked out from San Francisco that the Matson Company will take all of their sailing vessels out of the Hawaiian run, leaving the sugar business entirely to the steamers. If this proves true, the sailors will likely go in the lumber trade.

H. P. Wood, of the Hawaii Promotion Committee, yesterday received a cablegram reading as follows: "Korea settled, 26 Honolulu, 155 through." This means that when the big liner arrives next Monday she will leave only 26 passengers here, an unusually small number for this season of the year.

Cargo brought by the W. G. Hall, arriving this morning from Kauai, consisted of the following: 2000 bags sugar, 66 bbls. hides, 22 mt wine bbls, 67 pkgs. Purser Chaney reports the following sugar left on Kauai: Diamond W 4000; K. S. M. 2900; V. K. 750; G. R. 5385; Mak. 5700; M. S. B. 23,862; P. 1000; M. S. Co. 25,000; K. S. Co. 5000.

THE AFTERNOON SESSIONS

THE HOUSE

SEVENTEENTH DAY.

Kealawa's bill, H. B. 112, to make Lincoln's birthday a holiday, came up for third reading at the afternoon session of the seventeenth day of the Legislature, yesterday.

Like dropped a bombshell when he moved to amend to provide for March 17 being a Territorial holiday.

Naturally most of those within hearing thought of Saint Patrick's Day and believed that it was like's intention to do honor to Saint Pat whom all good Irishmen honor on March 17. But like explained that it was to honor a great Hawaiian statesman, no longer with us, who had opened the public lands to the people. He referred to Kaalikeouli, King Kamehameha the Third, who was born on the seventeenth day of March.

Affonso thought anybody who could open Hawaii's public lands to the people deserved a holiday in his honor after his death.

The amendment was adopted. Rice then successfully moved to refer the bill back to the military committee to be put in proper shape, the technique of the proposed measure being prominent by its absence.

The House, going into Committee of the Whole, with diguified Waiwale in the chair at the Clerk's desk, Rice's three bills H. B. 88, 89 and 90, concerning increasing powers of counties were before the members for general discussion.

Rice explained that the objects of his bills was to give the counties more powers, to turn over to them the care of jails, district courts, hospitals, etc. The Oahu prison, being a penitentiary, would remain with the Territory for the present, and the appointment of jailors should rest with the County sheriff. Water works were already provided for in the county act. It would be simple to turn the water works over to the counties, just as the roads could be turned over. The counties can run the jails, etc., cheaper than the Territory can. A bill was already in to turn over to the counties the fines and costs. Then, if the bills go through, the counties would have more money to run these things. He would like to see the counties advance; he wanted to see the counties collecting taxes but some seemed to think that the time was not right. County government had for some time been in effect but no progress had been made. Now it was time to advance, for counties to take more responsibility. He wanted to see county government go ahead.

Nawahine suggested deferring the bills until it could be ascertained if fines and costs were to be turned over to the counties, where the money was to come from and the like.

Rice declared this was not the moment of proposed passage on third reading; what he wished was to learn the sense of the members in this committee of the whole in regard to his bills under consideration.

Furtado desired to inquire what would become of Honokaa's chances for a new court house if the counties were given charge.

Rice replied that the counties could then pay for their own new court-houses, jails, hospitals and other institutions.

Affonso raised his voice to declare that Oahu was hogging everything, getting seventy-five per cent of the good things. He was willing to support Rice's bills if it was provided that all fines and costs in each county were to become realizations for that particular county.

Moderator Sheldon with his voice like the sound of the sea on a shelving shore, eloquuted to the effect that this was not the occasion of the final disposition of the bills. Other islands had received scarcely their share of benefits, to be sure, and for this reason should the Rice measures be seriously considered, for the benefit of the other islands. Appropriations as was known, for hospitals and the like on other islands had been cut out. The bills under consideration would largely change such conditions. Hawaii County, for example, with increased revenues planned could well take care of her own institutions without having to call on the Legislature. If requests for appropriations from various districts were figured up, it would be found they would total about \$15,000,000. It was impossible to suppose that everybody could have what they wanted.

Cohen figured there'd be plenty of money for the counties under increased taxation proposed. He favored the Rice bills to support jails, etc.

Douthitt found a flaw in the bill in re jails, in that the language indicated that jailors were in the custody of the High Sheriff, instead of prisoners being in custody.

Douthitt asked how the House could intelligently act on the appropriation bill, coming up tomorrow, unless it knew what the counties would have to maintain.

It should be first determined whether it was wanted that the counties control the various institutions refer-

red to, then fix appropriations accordingly.

Rice moved that Committee of the Whole rise, report progress and recommend that bills 88, 89 and 90 pass second reading. This motion carried and put an end to discussion.

On Rice's motion his bills were placed on the order of the day for Tuesday next.

Furtado fathered a resolution for appropriation items as follows: \$50 per month for Hamakua government physician; \$100 per month for S. Koa-hala government physician.

Castro introduced a bill to repeal section 1418A Chapter 102, Revised Laws, as enacted by Section 1, Act 96, S. L. 190, relating to licenses.

Land Commissioner Pratt wrote to say that he was at the service of the House for any information in regard to his department in the matter of the appropriation bill.

House Bill 105, by Shingle, to provide for validating the incorporation of railway and transportation companies heretofore incorporated under charters granted by the Treasurer with the consent of the Governor or by their predecessors in office, contracts made and proceedings had, etc., was referred to the finance committee.

MARATHONITES.

The band will play at the start of the race.

The bicycle race will start five minutes before the running race.

Excursion tickets are going like hot cakes. Better get in line if you want one.

Sheriff Jarrett will detail a squad of police to keep the crowd from interfering with the starters.

"Little Ray of Sunshine" Albright, a member of the Advertiser's official and

all-star staff, denies that he will be a starter in Sunday's race.

All members of the Marathon committee are requested to attend an important meeting to be held at 7:30 today at the Young Hotel.

The Park Theatre management is arranging to get out a free program of the starters in the Marathon race, giving their names and the numbers they will wear.

In order that everything shall be fair and square any starter in the Marathon race shall be disqualified as soon as he enters a vehicle for any purpose whatever during the contest.

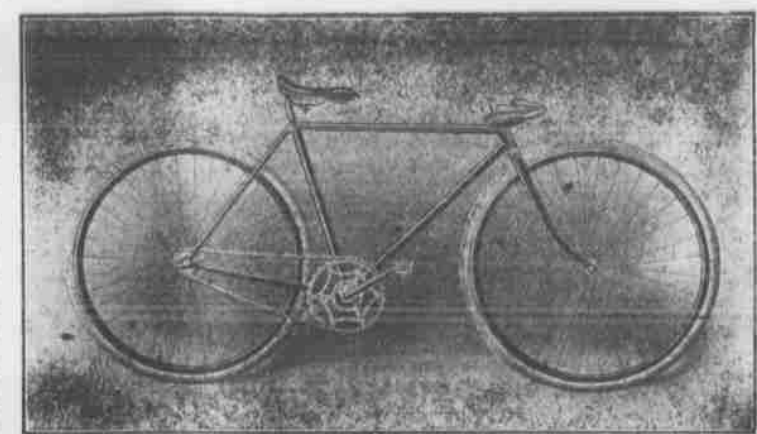

A committee representing the Honolulu Cricket Club will go aboard H. M. S. Cambrian today to make arrangements for a match with the visitors.

When the Cambrian was last here, about three years ago, a game between the cruiser and a H. C. C. eleven, resulted in an easy win for the former. The Cambrian is said to have a particularly strong team at present.

This year the club has a lot of new blood and should be able to put a strong team in the field. The coming game will be one of the most important sporting events that has occurred here for a long time.

A CLERGYMAN'S OPINION

Time was when men were ashamed to admit that they owned an interest in a mining proposition. They bought mining stock on the sly and kept it dark from their friends and families because they regarded their investment as a pure speculation, a bet and a gamble, and a long chance. But times have changed in recent years, and so has mining. The mining business has advanced just the same as has the sugar business. Men of national importance, identified with banking, insurance, railroads and the leading industrialists are now interesting themselves in mining because mining has been reduced by modern methods, a knowledge of geology, and the expertness of modern engineers to a science and a sure thing. Mining is today a very important and basic business and it's a good deal safer than most businesses according to the tale of tell-tale statistics. Also it is one of the cleanest business under the sun. A Methodist minister was recently reproached by one of his flock for identifying himself with a gold-mining proposition, and this was his retort, in substance, in an open letter published in his local broadsheet:—

"Conscientious scruples AGAINST buying stock in a gold mine? I have no such scruples. I purchased my stock as a matter of principle. The sermon on the Mount and the ten commandments don't come into the matter and theology needn't. The fact is, I admire a miner's wealth. It is clean. There is 'no blood or orphan's or widows' tears on it. It is acquired away from the scheming and cut-throat competition that characterizes ordinary ventures, where the success of one man so often means the disaster and downfall of some other man, or, perhaps, a number of men. Nobody has been pinched; nobody has been wronged. The miner who digs a fortune out of the ground has the satisfaction that he hasn't 'robbed a soul, even though he becomes a hundred times a millionaire. As I look at the matter, there 'are few producers of wealth. The many live on the few. The only man comparable with the miner is 'the farmer. He gets what he has direct from nature, but he produces perishable wealth. While he 'meets a want, his contribution to the world's wealth therefore is not a permanent one like the miner's. 'The gold miner is today the king wealth producer of the country, and I honor him above all others. It 'is no dishonor; it needs no apology to emulate his example or assist him in his efforts. That is the 'whole question in a nutshell."

And who shall say that this clergyman wasn't right, he his critic a Methodist, an Episcopalian, a Catholic, or a Chinese Confucian?

Apart from being the cleanest business, mining is one of the best and safest and soundest and most conservative business under the sun PROVIDED you get into the right mine with the right people.

The "MAYFLOWER" Mine is a proven gold mine and certified as such by the U. S. Government, the Nevada County Promotion Committee who are on the spot, and by several Honolulu gentlemen who have been on the spot, and it is in the hands of honest and honorable men. Its guiding spirit is an American who located and developed by his genius one of the greatest mines that exist in Canada—the "Regina"—a man who was honored on his last visit to Europe by being elected a Fellow of the Royal Geographical Society of England, and that honor is not conferred promiscuously on Tom, Dick, Harry, or your Uncle Annie. Enough said. BUY MAYFLOWER STOCK. BUY IT NOW!

GEORGE F. HENSHALLMANAGER

WEDNESDAY.....MARCH 10, 1909

Roosevelt's retirement to private life is something of a joke. The press of the civilized world, regardless of language or location, from the Far East round till it becomes Far East again, teems with cartoons of lions, South Africa and Roosevelt. And it is safe to say that if Roosevelt gets a white rhinoceros or a long-nosed monkey, the news will make press correspondents hustle like a declaration of war.

WHAT IS THE VALUE OF A PLEDGE?

The liquor plank in the Oahu county Republican convention of last September,—the convention which nominated the Oahu Republican members of the House now in session as well as the Republican Senator,—went further than the Territorial convention in explicit opposition to amendment of the liquor law. The Territorial convention platform opposed any "general revision of the liquor law." The county platform convention struck out the word "general" and passed the following: "We endorse the present Territorial liquor law and oppose any attempted revision thereof."

This was not passed carelessly. It happens to have been the only plank in the whole platform that was openly discussed. Delegate A. V. Gear rose to oppose it. He based his opposition upon the very arguments now being made against the law,—and the convention voted him down,—by a vote of 237 to one.

After the adoption of the platform including the sentence just quoted, the convention called all the aspirants for nominations before it, and each and every one of them made an address in which, as required by the rules of the party, was a statement something like the following: "I accept the platform of the party as adopted by this convention and agree if elected to support it to the best of my ability."

This is the pledge that Republicans in the legislature have taken. It is too plain to need comment. If it is going to be ignored the voters will have little reason to place confidence in any platforms the party may put forth hereafter.

LOOKING TO AN ALLIANCE.

Carnegie's plan to have peace assured by an agreement under which Great Britain will defend American possessions in the Pacific, and America will protect British possessions along the Atlantic coast, offers a queer sort of bargain unless it be accepted by Great Britain as a step towards an alliance. Great Britain has no possessions along the Atlantic coast which need much defense except from the United States and none of them are of vital importance,—they could not be used as a base for operations against England as Hawaii could be used for operations against America. It would be necessary for the British fleet in the Orient to be increased, to carry out the Carnegie scheme and this would be at the expense of home protection. Great Britain would probably welcome an alliance, pure and simple, and such an alliance would create the strongest possible combination in the world, but the United States has been most inhospitable towards overtures even for a treaty of arbitration. This country is far behind Great Britain in the matter of making international arbitration agreements.

PAYING OUT MONEY FOR NOTHING.

The Senate's amendments to the municipal enabling act makes it a most evil measure, and it may be assumed that some of those who voted for it as thus amended did so with the idea that it made the bill so absurd that it would necessarily be killed. At the beginning of the year both the supervisors and the mayor claimed the right to appoint certain employees,—quite a long list,—and both made appointments. Those named by the supervisors, generally speaking, actually performed services. The House passed a bill providing that they should be paid, which though just in intent, was at this time a very undesirable legislative "butting in" to a proposition that should have been settled in court. The Senate yesterday amended the law, and passed it unanimously, making it provide for paying both sets. In other words a long list of men who haven't done a stroke of work are voted ten weeks' wages.

Those who have worked should be paid, even if they have worked under unlawful appointments. But to pay a long list of men who admittedly didn't do anything but seek jobs is surely a queer idea. The Senate is keeping up its lead in the sort of stunts popularly supposed to come from the "lower house."

THE HOUSE

(Continued from Page Four.)

Conveyances. Furtado makes two of the matter, to make the County and Municipal acts jibe.

Vice-Speaker Rice occupied the chair during this morning's session, Speaker Holstein being afflicted with a severe cold.

EIGHTEENTH DAY.

Morning Session.

TWO HAWAII COUNTIES.

Kawewehi introduced a bill to divide the present County of Hawaii into two counties and to provide for the gov-

ernment thereof.

Providing for the County of West Hawaii and the County of East Hawaii.

West Hawaii's county seat at Kailua; East Hawaii's county seat at Hilo. North Kohala, S. Kohala, North and South Kohala and Kailua shall be West Hawaii; and the rest shall be East Hawaii.

Each of the Counties shall have the powers and be subject to the liabilities and limitations to and imposed on the Counties of Maui and Kauai.

Two-thirds of the electors of either county can vote a change of County seat at general elections.

Officers of each county are provided as county officers in other counties.

West Hawaii County's Board of Supervisors shall consist of three members at large.

East Hawaii's Board shall consist of five members at large.

West Hawaii sheriff must give \$3,000 bond; East Hawaii sheriff \$5,000. Salaries: All supervisors, \$600.

Sheriffs: W. Hawaii, \$1,500; E. Hawaii, \$1,500.

Clerks: W. Hawaii, \$1,200; E. Hawaii, \$1,400.

Attorneys: W. Hawaii, \$1,800; E. Hawaii, \$2,000.

Treasurers: Same as clerks.

Auditors: Same as clerks and treasurers.

Elections: Same as Maui and Kauai systems.

First election under this bill is set for the next general election, 1910, following proclamation by present Hawaii County Board of Supervisors.

Balloting, polling places, etc. are all provided for in the bill. Transfer of balance of Hawaii County funds to the counties of West Hawaii and East Hawaii is provided for and it is also provided that Hawaii county real and personal property shall be sold at auction and the proceeds transferred to the funds of the two counties of the Big Island, half and half.

The twin counties of Hawaii Island are to be born on the first Monday of January, 1911.

DISPOSAL OF LAND FUNDS.

Kalelopu introduced a bill to provide for the disposition of funds received upon sale of certain public lands: "Whenever any land held under the agreement of sale provided for in Section 276, R. L., revert to the government by reason of the determination of such agreement, are again sold, the Commissioner of Public Lands shall set apart from the proceeds of such sale the amount due the original purchaser and shall make a special deposit of such sum with the Treasurer of the Territory payable to the outgoing tenant by warrant drawn by the auditor upon a certified voucher of the Commissioner."

PROVIDES FOR APPEAL.

Waiwale entered a bill to amend Section 60, Chapter 13, Act 39, S. L., 1905, adding that "an appeal may be taken from the decision of the Board of Supervisors to the Supreme Court on the proceedings."

FOR SICK EMPLOYEES.

Castro introduced a bill to provide for the care and maintenance of employees injured while actually engaged in government work, Territorial, County or Municipal. Providing for \$10 per week during incapacitation, up to \$100, or for ten consecutive weeks.

Nakaleka put in a resolution for \$500 to repair the Kamalo wharf, Molokai.

POI LAW REPEALED.

Third reading of H. B. 48, by Kama, was up. This seeks to repeal Sections 1067 and 1069, Revised Laws, relating to manufacture of poi. Consideration at a future date was suggested, owing to opposition, but the motion lost. Kalelopu drew attention to the fact that Douthitt had introduced a bill which gave to the Supervisors the control of poi shops, therefore the law sought to be repealed in Kama's bill should be repealed. Kaniho did not know what the Senate might do with Douthitt's bill and it would be better to defer action on Kama's bill until it was known what the Senate would do with E. A. Douthitt's bill which gives Supervisors the say over the laundries, poi-shops and a host of things. The Speaker found Kaniho out of order, a motion

to defer to a certain date having already been lost.

Sheldon didn't think it would be a hardship even if the Senate did kill Douthitt's bill, for the Board of Health was supposed to have jurisdiction over such institutions as washhouses and poi-shops, though he'd like to see Douthitt's bill passed. He thought Kama's measure should be adopted.

The bill passed third reading.

HOLIDAYS ADOPTED.

The military committee, Alfonso chairman, reporting on Kaulawaa's bill to make Lincoln's birthday a Territorial holiday, recommended passage with an amendment which is really a substitute measure for the present law and which recites all the holidays of the year, including like's amendment of yesterday afternoon that March 17, Kamehameha Third's birthday, be a holiday. The precise military committee provides for everything from New Year's to Christmas. The report was adopted.

COVERED BY BILL.

Moanau's House joint resolution, No. 3, providing that government officers or employees draw only one salary was up for third reading.

Castro said if this resolution passed it would have absolutely no effect, but there was a bill before the House covering the subject, and he moved the resolution be tabled to be considered with the bill.

Sheldon wished to know definitely, if there were such a bill. The clerk reported House bill 115, in the hands of the printing committee. The resolution was tabled.

BILLS REFERRED.

House Bill 119, by Carley, to define the meaning of the word "garage"—see Webster's Imperial Dictionary—referred to committee on judiciary.

House Bill 125, by Douthitt, to amend Act 118, S. L., 1907, an act incorporating Honolulu, providing for the publication of bills or resolutions for the appropriation of money over \$200, publication of ordinances, etc., was referred to the committee on judiciary.

EXTRA WORK FOR TRENT.

Furtado introduced the following bills:

To amend Chapter 16, Section 96 Municipal Act.

To amend the County Act.

The first of the above is an amendment by sub-section which provides that on and after October 1, 1909, the City and County Treasurer shall perform the duties heretofore imposed upon the Registrar of Conveyances under Chapter 151, Revised Laws.

The County Act amendment gets an added sub-section covering the provision added to the municipal act, so that they conform.

THIRD READINGS.

House Bill 64, by Waiwale, relating to inheritance tax, passed third reading. It was heartily recommended by committee.

Senate Bill 33, Knudsen's measure, to amend Section 1634, Revised Laws, relating to substitute justices of the Supreme Court, passed third reading. Consideration of Senate Bill 52, relating to divorce, was deferred.

Committee's report with amendments to S. B. 17, protecting citizen labor, was adopted and the bill will come up for third reading tomorrow.

President Cooper of the Board of Regents of the College of Hawaii sent in detailed accounts of expenditures.

FRANKLIN Automobiles

"Which is the best road?" How often automobilists ask that question.

ROADS

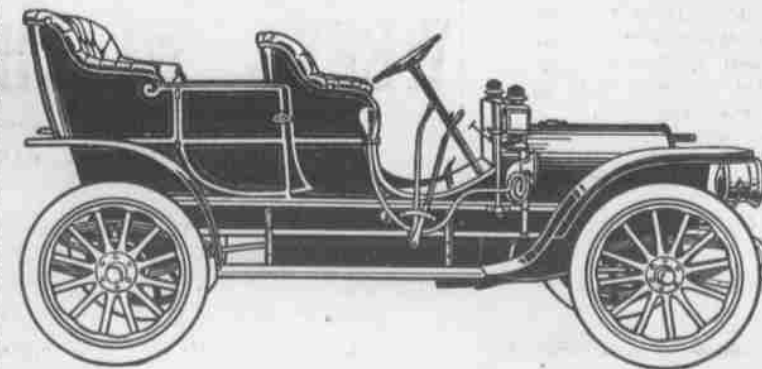

"We had a fine trip except for the roads" is a remark you have heard many a tourist make—showing that automobilists experience discomfort and fatigue, that there is hard riding and difficulty of management, that their automobile is not suited to road conditions.

THE MISTAKE

Go back to your experience with carriages and road wagons. You were very particular as to their riding quality—the kind of springs they had, their weight and the way they stood up. They had to be light, flexible and strong. They had to stand rough roads and at the same time ride easily.

You have not applied these principles to your automobile. You have accepted it as something totally different—a machine the discomforts of which you were obliged to put up with. A mistake.

You can be as particular about your automobile as you were about your carriage. The Franklin automobile, like your carriage, has a wood chassis frame and full elliptic springs front and back. And like your carriage it rides easily. It is light; it stands up. It is manageable. It meets the conditions of Hawaiian roads, gives the highest comfort and pleasure at all times.

WEEKLY WEATHER BULLETIN CAMBRIAN IN FROM TAHITI

FOR THE WEEK ENDED FEBRUARY 27, 1909.

Honolulu, March 1, 1909.

GENERAL SUMMARY.

Usually strong winds, generally "trades," prevailed throughout the week over the entire section.

The mean temperatures were higher than those of the preceding week—and generally considerably so, excepting in the Honolulu district of Oahu, the Koolau district of Maui, and in portions of the Koolau, Hamakua and Hilo districts of Hawaii, where they were slightly lower.

The relief afforded by the rainfall during the preceding two weeks was but temporary, and the need of rain is again being felt in the districts of Hawaii and Maui which have so long and so severely suffered from drought.

The rainfall was below the average for the week of ten or more years at all stations having such records, excepting in the Hamakua and northern portion of the Hilo districts of Hawaii, where it was above.

The deficiencies, in inches, in the several districts were: Kauai—Koolau 1.42, and Waimea 0.87; Oahu—Koolauloa and Koolau 1.12 to 1.41, Honolulu 0.57, Ewa 1.32, and Waianae 1.42; Maui—Hamakua 0.54, Wailuku 0.06, and Lahaina 0.83; and Hawaii—Kona 1.08, Kau 1.26 to 1.32, Puna 1.24, Kohala 0.56 to 0.68, and central and southern portions of the Hilo district 0.14 to 0.97. The excesses in the northern portion of the Hilo district of Hawaii ranged from 0.05 to 1.02, and in Hamakua district of the same island 0.64.

The greatest amounts of rainfall for the week were reported from the windward districts of Hawaii and the higher levels of the Ewa district of Oahu.

The amounts, in inches, in the several districts were: Hawaii—Kohala 0.51 to 0.67, Hamakua 1.59 to 2.08, Hilo 1.56 to 3.12, Puna 0.93 to 2.98, Kau 0.00 to 0.08, and Kona 0.00; Maui—Koolau 1.34 to 1.88, Hamakua and Hana 1.00 to 1.27, Kula trace, Wailuku 0.39 to 0.54, and Lahaina 0.16; Oahu—Koolauloa 0.19, Koolau 0.17 to 1.06, Honolulu 0.59, Ewa 0.20 at the lower altitudes and 1.73 to 2.69 at the higher, and Waianae 0.06; Kauai—Koolau 0.26, Puna 0.00 to 0.23, and Waimea 0.07 to 0.12; and Molokai, 0.23 in the southeastern portion and 1.52 in the interior.

There was more rain than during the preceding week in the Hilo—generally, the southern portion of the Hamakua and interior of the Puna districts of Hawaii; at all stations on Oahu, excepting in the Waianae and the northern portion of the Koolau districts; in the Koolau district of Kauai, and in the interior of Molokai. The differences, as a rule, were not material—the greatest excess being 2.30 inches, and the maximum deficiency 1.98 inches.

The following table shows the weekly averages of temperature and rainfall for the principal islands and for the Group:

	Temperature.	Rainfall.
Hawaii	69.0 deg.	1.39 inches.
Maui	70.6 deg.	0.82 inch.
Oahu	71.4 deg.	0.80 inch.
Kauai	71.0 deg.	0.14 inch.
Molokai	71.6 deg.	0.92 inch.

Entire Group..... 70.2 deg. 1.00 inch.

At the local office of the U. S. Weather Bureau in Honolulu partly cloudy and cloudy weather obtained, with rainfall on six dates amounting to .59 inch, .57 less than the normal for the week, and .58 more than during the preceding week. The maximum temperature was 78 deg., minimum 63 deg., and mean 70.4 deg., .05 deg below the normal, and .08 deg lower than last week's. Easterly winds prevailed on the 24th and 27th, and northeasterly on the remaining dates, and for the week, with the unusually high average hourly velocity of 12.4 miles. The mean daily relative humidity ranged from 66 per cent to 74 per cent, and for the week was 69.4 per cent. The barometer was unusually high throughout the week, and ranged from 30.15 to 30.20 inches. The mean for the week was 30.17, 0.21 inch above normal.

CAMBRIAN IN FROM TAHITI

The British second class cruiser Cambrian-Lewes, was sighted shortly before daylight this morning and at 8 o'clock exchanged salutes with the naval station in port. She was given a berth at Naval Wharf No. 1.

The Cambrian, although a second rate, even in the old classification of ante-dreadnought days, is a pretty smart chunk of a ship, being 4360 tons, carrying ten guns in her main and ten in her secondary batteries and having a crew of 317 men. She will take coal here, will remain about ten or eleven days and will then sail, in company with H. B. M. S. Flora, due next week, for South America.

The present cruise of the Cambrian began at Auckland, whence she sailed on February 6 for Rarotonga. There she picked up Colonel Gudgeon, British Commissioner to the Cook Islands, and landed him later at Tahiti. From Rarotonga, the vessel went to Manahiki, and thence to Rakahanga, where court was held, several accused persons being tried in the admiralty court there. From there the voyage was continued to Penryn and other islands in the neighborhood, stops of a couple of hours being made at each. The next important stop was at Tahiti, where the Cambrian remained about a week, the men having shore leave and the vessel taking on 800 tons of coal.

On February 27 the cruiser sailed from Tahiti for Christmas Island, the scene of the wreck of the Aeon, arriving there, as reported elsewhere in this issue, on March 4. A stop of only a few hours was made there, the Cambrian then proceeding to Fanning Island. At Fanning a stop of six hours was made, Governor Greigg coming off to the war ship and some of the officers going ashore for cable news and advices. The vessel then sailed for Honolulu direct, and experienced the best of weather all the way.

The Cambrian found mail of several weeks awaiting her here, and for two or three hours this morning a detail of men were busied assorting and distributing it.

The Britisher has an excellent cricket team on board, although the men claim to be a bit out of practice. The players were waited upon this morning by a committee of the local cricket club and a series of matches was arranged.

AMUSEMENTS

Somebody has at last had the courage to suggest that evening dress is not obligatory in attendance at every entertainment given in the Hawaiian Opera House. This is delightfully refreshing, for really one can laugh more at his ease without a boiled shirt. It was noticed that at Bonine's moving-picture show, recently, at the Opera House, seven men out of ten were in evening dress, probably because the show was at the Opera House and the hypnotic suggestion of the "Opera House" immediately mesmerized the evening dress out of the wardrobe for parade. Now the management of the wonderful Lilliputians sounds a note of freedom and democracy and invites folks to see the splendid little actors without being uncomfortable. The Lilliputian entertainment is so great a show in itself that the audience does not have to make a show of itself. Last night "The Belle of New York" was given as will be the case tonight, and "Plethora" comes on tomorrow night for the rest of the week. There was as big a house last night as on Monday and the continuous ripples and rows of applause could be heard for blocks. Eva Pollard in the boy's part, that of Harry Bronson, is better than ever. The perfect little actress has the character part. There are some immense hits in "The Belle of New York" and the play entire is made a hummer throughout by the real, vivacious performance of each and every entity of the great aggregation of clever kids.

ATTORNEY WIN

A verdict for the full amount claimed was rendered in the suit to recover attorney's fees brought by A. G. M. Robertson against Frank Godfrey. The trial by jury before Judge Lindsay ended yesterday afternoon. The verdict carries \$1300 for Robertson and \$550 for Thompson & Clemons. It was based on an agreement between his attorneys and the defendant in connection with his extensive litigation as trustee of Thomas Metcalf.

DARK HORSE DOWNEY WORKING TO FRONT

Cheatham continues to head the Marathon competition list and has now 114 votes against his name. He is a very firm favorite and is generally expected to win the race with something to spare.

The sensation of yesterday's voting was the strong support accorded Downey, whose name only appeared in the list yesterday. Next to Cheatham he was most strongly fancied yesterday and closed with 33 votes to his credit.

Sam Hop, Scharsch, Nelson, Ayres, Kuhns, Lebreseu, Walsh and Kaoo all received many votes and the latter is rapidly working his way up among the leaders. Kaoo was once a great long distance runner, being known all over Oahu as "The Waiwala Horse."

Other probable competitors who received support worth mentioning were: Cockburn, Kops, Doss, Jack Frost, and D. Mahukona.

Newcomers in the list are M. Smith, E. W. Graves, J. Pulaa and L. Kaupike, the latter of whom started off with a small boom.

The standing of the contestants to date is as follows:

E. M. Cheatham	114
F. Scharsch	69
Sam Hop	70
G. H. Nelson	60
H. M. Ayres	59
M. Lebreseu	46

The contest will remain open till next Saturday and changes in the standing of the intending competitors will be published every day this week.

Voting in the Marathon competition was very brisk yesterday and a number of notable changes were made in the list of competitors.

Henry Chillingworth received more votes than anyone else and is now in second place, close behind Cheatham.

Cheatham, Frank Bechert and F. Scharsch were the next best gainers. Sam Hop, Nelson, Walsh and Ayres also received fair support.

Dal Fahy and Tom Honan each received a few votes, as did Kops, Jackson, Lebreseu and Schuman.

New blood was introduced into the competition in the shape of Messrs. Grace, Downey, D. Mahukona and Melvin. Downey starts with five votes to his credit and Mahukona with three.

The contest furnishes a chance for anyone who has an opinion as to what men will be first home or what time the race will be won in, to earn a couple of prizes well worth winning. It costs nothing to enter. All that is necessary is to fill in the appended form and forward same to the Sporting Editor of The Hawaiian Star.

The sender of the list corresponding most closely with the placings of the first six men in the race will receive \$10.

The nearest estimate to the actual time made in the race will gain for the sender a prize of \$5.00.

There is no limit to the guesses allowed but a fresh coupon must be filled out in every case. In case of a tie the coupon bearing the prior date will win.

The contest closes on Saturday March 13 at noon.

The distance of the course from Honolulu to Haleiwa is about 28 miles. The official list of entries is as follows:

Chas. M. Albrecht, Geo. H. Nelson	9
John S. Nascento, Maurice Lebreseu	9
Harry Gorman, John Kops, Fred W. Graves, Herbert Cordelero (Ewa), E. M. Cheatham, Antone Kaoo, Sam Hop (for Mu Hock Society), William Schumann, T. Downey, Wilson Feagler	5

TWO NOTABLE WITHDRAWALS

Two notable withdrawals have been made from the Marathon race.

F. A. Bechert will be unable to take part owing to a sore foot which his doctor advises him to nurse.

Henry Chillingworth called at The Star office this morning and stated that he would not be a starter in the race owing to objection on the part of his parents.

Both Bechert and Chillingworth were strongly fancied to win the race and their withdrawal is much to be regretted, although it gives the race a much more open look.

Despite reports to the contrary H. M. Ayres will start with the rest of

the field on Sunday and will try to establish a new walking record over the course.

People sending in guesses for The Star's Marathon competition, by mail, must affix a two-cent stamp. This precaution on their part will save annoyance and delay.

BOTH BOXERS IN EARNEST

Dick Sullivan and George Peterson are going about their training as though they meant it and when they meet something, or someone will surely drop.

There is no love lost between these two boxers and each is just aching to put it on the other, a state of affairs

which delights the heart of the fan and maketh his soul glad, for verily it betokeneth tall slugging.

Peterson is working with his sparring partner Eddie Hines at the Orpheum. Sullivan is doing his stunts at Fort Shafter and has no lack of sparring partners, of whom Hercules II, craftily covered with a baseball body protector, is the lord high muck-amuck.

Peterson is a slight favorite in what little betting that has already been done. Among the crowd who don't wager but who are free to express their opinion, Peterson is strongly favored to turn the tables on Sullivan. It's money that talks, however.

The preliminaries are exciting considerable interest. Bird is a slight favorite over Kid Terry and McCullough occupies the same position over Young Sharkey.

The advance sale of seats has been exceptionally brisk and it looks as if the biggest crowd that ever poured into the Orpheum would witness Saturday night's racket.

BOWLING ALLEYS PAU

The Hotel Baths bowling alleys have been torn up, having been bought outright, and will be removed to Palama.

Many an interesting match has been played on the Hotel street alleys and it is too bad that Honolulu should be without an easily accessible alley, especially as bowling was just commencing to "catch on" here.

SPORTDRIFT

A noted tennis player arrived by the S. S. Siberia in the person of Edwin S. Gee, Pay Department, U. S. A. Mr. Gee who has won many tournaments in Manila, will be stationed here permanently. He is personal clerk to Major B. B. Ray, Paymaster, U. S. A., who also arrived by the S. S. Siberia.

Sergeant Barry will send his N. G. H. nine against the All-Prestidges at the ball park next Saturday afternoon. There will be no charge for admission, which is just as well.

Mike Paton, the heavyweight boxer and boiler maker, has followed Jim Jeffries example and gone into the wet goods business. He is now associated with Louis Warren at the Emcore.

Bill Hurley has went. It's a mighty good thing for one Jack (Norman) Densham that Bill won't see the latter's jingle on him till he's in Frisco. Bill has a nice, easy-going disposition but the worm will turn. It's the Hurley worm, bye the bye, that feeds the bird.

WORLD REVIVAL PLANS OF THE COMING EVANGELIST

The churches of the city represented in the Ministerial Union have taken up with enthusiasm the preparation for the coming of the Rev. J. Wilbur Chapman, America's most distinguished evangelist.

Dr. Chapman and Mr. Alexander, the famous gospel singer who accompanies him will be in Honolulu April 1st and 2nd, en route to Australia where they open a 3 month's evangelistic campaign.

It is proposed to hold a great, union, evangelistic meeting—if time permits perhaps two meetings, in Central Union church while they are here. These meetings will serve as an introduction to a series of meetings which the ministerial union hope they can get Dr. Chapman and Mr. Alexander to hold in Honolulu upon their return from Australia. Never before writes history has the city of Boston and its suburbs been roused to so high a pitch as in the great campaign which Dr. Chapman is just closing there now.

Unlike other great evangelists Dr. Chapman plans not one big meeting but scores of meetings held simultaneously throughout the city. In this way a great many more people are reached than by the single meeting.

After finishing the Boston campaign that is now in progress the Rev. Dr. J. Wilbur Chapman is to start on a journey of world-wide evangelism. The method by which they will work is called the "simultaneous revival" which was first put into operation in Pittsburg six years ago and continued in many large cities of the United States and Canada. The campaign now in Boston is said to employ one hundred evangelists and pastors in assisting Dr. Chapman. Each district has a special soloist and choir, and Mr. Alexander is said to have an unusual number of voices in his central choir. Nearly all the churches of Boston are actively helping. The Congregationalist and Christian World (Boston) has this statement:

"The fight is on. After weeks of agitation and provision, the Church forces of Boston have united with the Chapman-Alexander corps in an attack upon the city's indifferent and unchurched. Two dozen outposts and a central base of operations describe the scope of the battle area; and among the twenty-five division leaders are eleven Congregationalists. The first meetings were held on the evening of January 26 in these outlying groups, and the following noon, Dr. Chapman and Mr. Alexander began the central meetings with a monster mass-meeting in Tremont Temple. Up to the time of going to press, the interest aroused by the simultaneous method has shown no signs of flagging. The attendance appears to be gradually increasing, showing in the districts from 600 to 1,200 at the evening services, and at the Tremont Temple meetings overflowing congregations."

The New York Evening Post gives the following statement of the contemplated revival journey to begin March 24:

"The Itinerary includes Australia, China, Japan, Korea, the Philippines, and Europe. In the party will be Charles M. Alexander, the singing evangelist, who toured the world with the Rev. Dr. R. A. Torrey; Mrs. Alexander, Robert Harkness, composer of Gospel hymns, and Mr. and Mrs. William Asher, the 'saloon evangelists.' The latter will take with them the little organ which was presented to them by the saloon men of Minneapolis. It is a small hand affair, which they can carry through the streets. The Rev. Dr. Ford C. Ottmon, an evangelist, will also be a member of the party."

"Various missionary boards will be represented in this movement, but particularly those of the Presbyterian Church, as Dr. Chapman is national corresponding secretary of the evangelistic committee of the Presbyterian Church. The work, however, is non-sectarian in character."

"In the old-fashioned revival in the days of Moody and Sankey, people gathered in one big central hall to hear the gospel, and from 8,000 to 10,000 people were attracted to the services. This simultaneous campaign, however, is on a much vaster scale. Each city visited will be divided into sections, with an evangelist or helper for each section. All the churches, Young Men's Christian Associations, and other Christian organizations will prepare months ahead for the evangelists and work with them when they arrive. Dr. Chapman and Mr. Alexander will, of course, conduct the great central meeting in the city hall or auditorium in each place, but other evangelists and pastors will hold similar services at the same hour. In the saloons, or in jails or penitentiaries, Mr. and Mrs. Asher will hold services."

"The campaign will not only be an impetus to Christian churches in the Orient, but will extend the gospel to hundreds of thousands who have never heard the Word. In Hongkong alone more young men pass in and out than in any port on the globe, and to most of them in the Christian religion probably will be a new topic."—Literary Digest.

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

CARNEGIE'S ODD IDEA ON HAWAII

British Defense of Islands In Return For American Defense of British America.

HIGH INCOME TAX IN FRANCE.

Likely to Drive Away Foreign Colony—Libeler of Worcester at Manila Imprisoned.

NEW YORK, March 10.—Andrew Carnegie has suggested a plan for permanent international peace. He proposes that America shall agree to defend the British possessions along the Atlantic coast, and Great Britain shall defend the American Pacific coast, including Hawaii and the Philippines.

EXODUS FROM FRANCE.

PARIS, March 10.—The Chamber of Deputies has passed the income tax measure. It is said that the result will be the exodus from France of the large foreign colony. The measure provides that the income to be taxed shall be calculated at seven times the amount of rent paid.

ELECTION OF SENATORS.

SACRAMENTO, March 9.—After the bitterest debate at this session, the Assembly went on record as favoring the election of United States Senators by an advisory vote by legislative districts instead of by an advisory vote of the State.

LIBELER IS SENTENCED.

MANILA, March 10.—Todoro Kalaw, editor of El Ranacimento, has been sentenced to nine months in Bilibid prison for libeling Commissioner Worcester.

WRONG BOAT TO PELEKUNU

Passengers departing by the Mauna Loa at noon yesterday, as well as visitors to the I. I. S. N. dock at that time, were treated to a show not down on the program. It was the sight of a very old man—and a parson at that—leaping from the deck of the Kona liner, swimming for the shore and being drawn to terra firma by a boat hook in the hands of a swarthy wharf-linger.

The chief actor in this unexpected drama was none other than old Rev. Mr. Himeni, taro planter and preacher of Pelekunu, Molokai. This aged monument to missionary effort of the long ago had come to Honolulu on church business. He had finished his work, told such members of the Legislature as he happened to know, just what to do and had bought his ticket to go by the Mikahala to his dear Pelekunu.

At 11:30 the whistles of the Mauna Loa and the Mauna Kea let go, and old Himeni thought that it was the call for him. Bowed with the weight of eighty winters, he toddled down to the inter-island wharf. Seeing people going aboard the Mauna Loa and the vessel preparing to leave, he ascended the gangway, unmindful of the fact that other vessels were departing than his own Mikahala for Pelekunu, and that he was making an awful blunder.

To make a long story short, the Mauna Loa cast off her lines and slowly drifted away from the dock toward the channel. When the steamer was clear and just about ready to move ahead at full speed, an acquaintance on board saw the old preacher, became suspicious that all was not right, questioned him, found out the truth and quickly warned him that he was on the wrong steamer. Himeni paused a moment in horror. The ship was not going to his dear Pelekunu but was taking him to faraway Kona or Kau.

He did not pause for long. With a look of desperation on his face he sprang, like a young man of fifty, to the rail and went over—clothes, hat, shoes and all. Striking the water, he went down but was soon up and started out swimming like a good fellow. He had a clever stroke, although, on account of age, it was weak. Several younger men on the dock started to peel off and go to him, but this was unnecessary. He was soon alongside, a boat hook was inserted in the proper place and willing hands dragged the old man upon the wharf. He was wet, but still game.

Friends hurried the old preacher to a place where dry clothing was provided, and at 5 o'clock they saw that he got away on the proper steamer—the good ship Mikahala, Captain Pitts—and today he is doubtless telling his friends of his world-beating adventure, in shade of the mango trees at his dear Pelekunu.

THE KAUAI MURDERER.

Nakashone Tara, the Japanese arrested on Kauai and charged with almost cutting off the head of another Japanese at Makaweli, causing death, pleaded guilty over there last Friday to murder in the second degree. A rumor has been started that the Japanese, who is a mere boy of 16 or 17, is weak-minded or, perhaps, insane; and this may have the effect of inducing a modification of his sentence.

DEADLOCK LOOSENS

HARMONIOUS MEETING OF MUNICIPAL BODY INDICATES AN EARLY SETTLEMENT.

A number of bills for material and supplies to different departments, alterations in the city hall and repairs to band instruments were ordered paid by the Board of Supervisors last night. Mayor Fern put all the motions, thus at last recognizing the committee of the Board.

This left as the only remaining sub-

ject of difference the board's right to pass on the Mayor's appointments, which is involved in Wilson and Paele's quo warranto suits now pending. It is expected that the Mayor will concede this point and that all necessary appointments and confirmations will shortly be made under amicable arrangement. The point only exists in relation to the present term of the board, turning on the construction of the section for appointments before the municipal government was inaugurated.

After the meeting the whole board met the Mayor in his office and held a conference with him lasting about an hour. It was agreed to keep the proceedings secret. The results will probably appear at the adjourned meeting to be held at 4 o'clock this afternoon.

At the regular meeting the Mayor invited the Supervisors by letter to

attend the starting of the Marathon race on Sunday.

A complaint that Japanese were removing material from roads at Kaimuki was referred to the Roads committee, Chairman Quinn promising to have an officer sent out there to stop the vandalism.

House, so that revenue will be increased and properly apportioned between Territory and counties, not forgetting the need of the counties for more money in view of the probable passage of the bills which will give added responsibilities to the several counties.

The Senate liquor bill will not be tolerated in the House. It appears to be the sense of the majority that it is objectionable radical to a great degree and, besides, the cabinet intends to crush it, and more than this, intends to guard against any radical measure of an objectionable nature, liquor or otherwise.

One member of the cabinet remarked this morning to a Star representative that it struck him as not a bit odd that such a situation as that regarding the liquor question in the Senate should come as a boomerang to the so-called Civic Federation, for the Civic Federation had advocated the split ticket at the elections and their men were the men now fighting for the liquor law amendment.

The cabinet, the Speaker and the heads of standing committees, have had one or two brief preliminary meetings of an informal nature and the sentiment expressed, as it permeates from the consultation chamber, establishes the facts above reported.

THE SENATE

more district magistrates for each judicial circuit of the Territory; such appointment shall be made by the Chief Justice of the Territory. Each magistrate shall reside in the district for which he is appointed. To qualify as such magistrate, it shall be necessary that he be a duly licensed practitioner in the district courts of this Territory.

The Judiciary Committee recommended the passage of Senate bill raising the bonds of county auditors, from \$5000 to \$20,000 in the County of Hawaii, and from \$2500 to \$15,000 in the counties of Maui and Kauai. The object is to make the bond of the auditor as large as that of the treasurer, the committee regarding the office of auditor as just a responsible one as that of treasurer.

A similar report was made on Senate bill to raise the bond of the auditor of the City and County of Honolulu from \$500 to \$25,000.

The Judiciary Committee recommended the passage of House bill to authorize certain public officials to designate persons to act in their absence and to define the powers of persons so designated.

Recommending the passage of House bill to define and regulate the treatment and control of dependents, the Judiciary Committee says: "The object of the bill is to take children out of the regular police courts so that they will not have to associate with hardened criminals, thus giving the child who has a tendency to become a criminal a chance to reform. In other countries where such juvenile courts have been established they have proved of immense value and many children have been reformed."

The Judiciary Committee recommended the passage of House bill amending the incorporation law, saying: "The object of the bill is to authorize the Treasurer, subject to the consent of the Governor, to grant charters of incorporation for cemetery associations, as well as charter other corporations, either aggregate or sole, ecclesiastical or law. Your committee sees no reason why such corporations should not be subject to the general laws relating to corporations."

On House bill to amend the jury law, of which it recommends the passage, the Judiciary Committee remarks: "The law follows the Massachusetts law and instead of making trial by jury obligatory on parties unless they file a waiver, makes it optional with the parties concerned whether they have a jury trial or not."

"Such an act would be a great saving to the Territory as a large number of cases that now go to the jury would go into the jury waived list." House bill to amend the tax law, making it easier for a taxpayer to give notice of appeal, was recommended for passage by the Judiciary Committee.

Robinson presented a report on Senate resolution for many appropriations for school houses for the County of Hawaii, saying: "While this committee favors the erection of all school houses needed, we still cannot see the money in sight to do so at present. We therefore recommend that the resolution be laid on the table to be considered with the appropriation bill."

the man who fell into the soap vat at Iwilei Monday afternoon: "Joao Jacquin do Reis came to his death on the 8th day of March, 1909, from shock due to extensive burns caused by accidentally falling into a kettle partly filled with boiling soap, at the Honolulu Soap Works, Iwilei."

SENATE COMMITTEE DRAFTS LIQUOR LAW

and revocations and suspensions of licenses, to the Circuit Court of the same Circuit wherein the party appealing, as a licensee, has his, their, or its licensed premises the license for which has been suspended or revoked or for which a renewal or transfer of the license has been refused whenever the party appealing shall file with the Secretary of the Board from which said appeal is taken, his notice of appeal and bond as is now or may hereafter be provided in the case of appeals in civil cases from district magistrates to circuit courts. And such appeals shall operate to the same effect as civil appeals from district magistrates to the circuit courts, subject to appeal by exceptions or writ of error to the Supreme Court as is now or may hereafter be provided for appeals from circuit courts to the supreme court.

"Upon appeals from Boards to circuit courts, the hearing before the circuit court shall be de novo under rules and procedure which shall be fixed by the court, and the judgment thereon of the circuit court or of the supreme court upon exceptions or writ of error, therefrom shall be binding upon the Board from whose decision or action the appeal shall have been taken."

"An appeal from a decision of a Board refusing to renew a license or revoking or suspending a license shall operate as a supersedeas, and the party appealing may, pending appeal, continue the exercise of the license suspended or revoked or of which a renewal has been refused, as the case may be, upon executing to such Board a bond in the sum of One Thousand Dollars (\$1000) conditional upon said party appealing, in case he is defeated in his said appeal, paying to the Secretary of such Board the proportionate part of the annual license fee for each day that such license shall have been exercised by him pending said appeal."

After stating the license fee for restaurants—\$750 for Honolulu and Hilo, \$500 for elsewhere—the bill contains this provision:

"Provided, that if the terms of any license shall include the right to sell intoxicating liquors in any restaurant at all times after the usual closing hours and during election hours, with or without meals, and on Sundays, with meals, there shall be paid therefor in addition a further fee of two hundred and fifty dollars (\$250); and provided further that if the terms of any license shall include the right to sell intoxicating liquors in any hotel at all times after the usual closing hours and on Sundays and during election hours, with or without meals, there shall be paid therefor in addition a further fee of two hundred and fifty dollars (\$250)."

PILIKIA AT AN END

The supervisors and Mayor have practically reached an agreement and J. H. Wilson will this afternoon be confirmed as road supervisor. The supervisors' standing committee remain as they are, the mayor conceding the right of the Board to choose them, and the mayor will nominate and the board confirm many of those whom the board attempted to appoint. On this basis, it is expected that all will be harmony and the mayor will duly preside over board meetings.

For Medium and Slender Figures

IT RESTS YOUR BACK
NEW **Nemo**
TRIPLE-STRAP
BACK-RESTING CORSET

A MOST VALUABLE INVENTION

DON'T THINK that all Nemo Corsets are for stout women, though over a million stout women will wear no corset but the famous "Self-Reducing."

Our new Back-Resting Corset is designed for medium and slender figures. It supports the very spot where you need it most—the small of the back. It relieves backache like magic. The back steels cannot turn and dig into the flesh—the back-resting straps prevent this. And it gives the "new figure" to perfection.

Elastic Decorated Dinner Service

No; It is not made of rubber, made of clay. But it admits of extension, and is, therefore, figuratively speaking, elastic.

You can buy a few articles today and add a few more to the collection tomorrow—or a month from now. First thing you know you have a service for a large gathering, same decoration. Is not that elasticity? We control for this vicinity the choicest elastic patterns made.

All prices. Take a look at them.
