VOL. X. NO. 4042

HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, JULY 1, 1908

PRICE 5 CENTS

COFER'S APPOINTMENT MAY BE MADE VOID CUSTOM HOUSE MAKES NEW RECORD

Second Division Of Fleet To South

SAN FRANCISCO, Calif., July 1.—The second division of the Pacific Fleet sailed for Southern California today.

Wright Takes Charge

WASHINGTON, D. C., July 1.—Ex-Governor Luke E. Wright of the Philippines today succeeded Taft as Secretary of War.

Bartnett Sentenced

SAN FRANCISCO, Calif., July 1. Vice President Bartnett of the California Safe and Deposit Co., who was found guilty of embezzlement of the Calton securities last week, has been sentenced to ten years' imprisonment in the penitentiary.

ORCHARD'S NECK SAVED
BOISE, Idaho, July 1.—The death sentence of Harry Orchard has been commuted to life imprisonment. Orchard confessed to fearful crimes, among which was the killing of ex-Governor Steunenberg. His commutation of sentence was due to the fact that his testimony was the backbone of the prosecution of Moyer and Haywood.

Tells Of Natal Sugar

Interesting light was thrown on the sugar industry in South Africa in an after-luncheon talk given by Dr. David Russell, the missionary from Cape Colony, at the Commercial Club this noon.

Dr. Russell was introduced by President C. W. Smith. In making the introduction, Mr. Smith mentioned the fact that the evangelist had recently met Mr. Bryan, our next President—or otherwise.

After thanking the club members for their courtesy, and mentioning some of the particulars of his recent trip through the United States, he said in referring to his coming to Hawaii: "I came, I saw, and I was conquered."

(Continued on Page 4)

POINTED EVIDENCE IN AFONG CASE

Henry Afong And His
Wife On Witness
Stand

Henry Afong, called yesterday afternoon, was the first witness named by Frank Thompson, who is representing Mrs. Bessie R. Burns. His statements on the stand, brought out by Thompson on direct examination, were vehement, to say the least, and his story did not altogether tally with the tales told of various meetings of the family by the other children. Frank Thompson gently led the witness up to the alleged "scandalous" happenings at the Nuuanu residence of Mrs. Afong, but after Henry Afong had told about four of the sons-in-law being called "murderers" by his mother, the Court ruled that this matter should not be gone into any further.

His story of the meeting when the compromise agreement between the children was signed, was graphic. At one time, just before Mrs. Alice Hutchinson was to sign the agreement, some one spoke to her about it, and she is said to have answered: "I have been a fool all my life, and I might as well be one now." The two lawyers who were representing Mrs. Afong at the time, were known as Robinson Crusoe and his man Friday, according to Henry Afong's testimony.

Henry Afong was subjected to severe cross-examination this morning by Judge Perry, who attempted to prove that the witness had perjured himself in a certain statement, relative to the signing of the compromise agreement. Stenographic reports of yesterday's doings were read in Court, and for a time it looked as if the witness had made a bad mess of affairs. However, this was straightened out to a great degree by Thompson on re-direct examination.

The calling of Mrs. Henry Afong on the stand created a stir, for it was not thought that she would be brought in to the case. She, like her husband, was a very willing and straightforward witness, answering questions without any show of hesitation. The most startling thing about her testimony was that regarding a conversation between herself and Mrs. Afong about the time that Maegon is alleged to have choked the latter. From the testimony, which was of scandalous nature, it would appear that Mrs. Afong had misrepresented matters to Mrs. Henry Afong. The introduction of testimony regarding this conversation was objected to by Withington, who represents Mrs. Afong, on the ground that the Court had already made a ruling excluding all unclean statements, but the action of Judge Lindsay favored Thompson in this instance, for he stated the matter was now brought up in a new light, showing that Mrs. Afong intentionally deceived certain of the parties in the case.

Court adjourned shortly before noon.

SUGAR

SAN FRANCISCO, Calif., June 30. SUGAR: 88 analysis, Beets, 11s. 3-4d. Parity, 4.32 cents. Previous quotation, 10s. 9 3-4d.

SPECIAL BENEFITS

The new Accident Policy of the Standard Insurance Company pays \$5.00 for each \$1,000 of the principal sum for medical attendance where the injury does not result in either disability or death, but does require medical attention.

ANOTHER RECORD FOR CUSTOM HOUSE

June the 30th, 1908, closed another record-breaking year at the Honolulu custom house. The officials of the department will not give out the figures of the collections made during the present fiscal year but it can be stated on the best of authority that the imports duties collected will amount to approximately \$1,549,375.

This is the highest figure on record and again proves the value of the Territory of Hawaii as a revenue producer for the Federal government. Last year Honolulu stood twelfth among the ports of the country in the order of the amounts collected. The others will have to gain considerably to prevent this port advancing a point this year.

CHOLERA IS SPREADING

MANILA, P. I., July 1.—Cholera has spread to the province of Nueva-Cija, but has not yet reached Manila.

AIRSHIP STEERABLE

LUCERNE, Italy, July 1.—Count Zeppelin has made a successful test of a steerable airship.

TABRIZ, Persia, July 1.—There was fighting in the streets today with eighty killed.

ST. LOUIS MAKING ONLY 12 KNOTS

Last night, the St. Louis was again heard from, at the Kahuku wireless station. This time, the ethergram was dated 8:35 p. m., and stated that she was 320 miles out, and making 12 knots.

This shows that she is trying for no record, and seems to bear out the story, not officially confirmed while she was here, that she had her boilers in rather bad fix after her speedy run down here.

FLEET MEETING

At the meeting of the Fleet Executive Committee this afternoon, it was decided that notices of welcome be printed for distribution to those who desire to welcome the men of the Fleet during their stay here. Rev. John W. Wadman wrote to the committee informing them that the Korean Institute on Punchbowl street near Beretania would be open to the men of the Fleet.

There being no other matters presented, the meeting adjourned. Present were George R. Carter, H. P. Wood, A. L. C. Atkinson, J. E. Morgan, C. H. Dickey, George W. Smith, Col. Jones, and F. L. Waldron.

COURT CALENDAR

Judge Lindsay's Court: Afong case; continued.
Judge Robinson's Court: John Marks case; continued.
Judge Dole's Court: Nothing set.
Judge De Bolt's Court: Territory v. Manuel Cruz; trial continued.

A panic in the Bronx zoo in New York was caused by the explosion of a box of matches which an elephant tried to eat.

LADY CHAFFEUR MUST FACE COURT

Dr. Burnham Charged
With Running Into
Japanese

Another automobilist fell into the clutches of the police today. This time it was a lady, Dr. Mianette Burnham, the superintendent of the Chinese hospital. A penal summons was issued against her this forenoon charging her with heedless driving, because she knocked down with her automobile a Japanese on Hotel street.

The Japanese, who was not badly hurt, arrived at the police station shortly after the accident had taken place and swore to the summons. He gave through an interpreter the story of the accident as follows:

"I am a storekeeper from Aiea, and I came to town this morning with a one-horse brake to buy goods. My rig was standing outside Murakami's store, and I was busy loading goods into it when the accident happened. I was standing on the sidewalk by the brake, when the automobile came along bound for Palama. It ran right into the side of my rig, which was telescoped together. I was struck by the rig in the abdomen and fainted. A man who was in the auto came up to me and felt my side to see if I was hurt. He said that it was the fault of the car track. It was a lady who was driving the machine."

The number of the car was 216. It is understood that the passenger referred to was Dr. Moore.

SPILLNER WANTS \$3500 DAMAGES

August Spillner has filed a suit against S. Yokomizo and K. Pashiro for damages on two counts, amounting in all to \$3500 alleging that they fired off explosives in the neighborhood of his houses, damaging them to a great extent and also by so doing caused great annoyance, danger and terror to himself, wife, and daughter. Clem Quinn is attorney for the plaintiff.

NEW RECORD

The month of June was record-breaking for recording fees in the Department of Public Conveyances, the sum of money received for this purpose amounting to \$3277.25. The most of it came through the canal-planting contracts.

\$15,000 Lahainaluna Claim Knocked Out

The claims against the Territory of F. J. Lowrey, J. B. Castle, and W. O. Smith, trustees, for \$15,000 for an alleged breach of agreement by the Government in the matter of the running of the Lahainaluna School, was today knocked out by the Supreme Court. The breach of agreement alleged is that since 1903 the Territory has changed the institution to an agricultural school and has taught no religious doctrine whatever, nor sound literature nor solid science, while originally the transfer by the Board, of which the trustees claim to be the successors, of the lands and the school buildings, furniture, etc., was made to the Government on the condition that it would continue the institution for the cultivation of solid science and sound literature, and would not teach any religious tenet or doctrine contrary to those hitherto taught, and that in case of nonfulfillment of these conditions the property should revert to the Hawaiian Mission, or the Government should at its option pay the sum of \$15,000.

The defendant's demurrer to the petition was sustained on the ground that no condition was made which required the Government to give religious instruction, but merely that no religious doctrine contrary to those formerly inculcated should be taught; and that the agreement to teach those branches otherwise than they would be required to be taught

in a technical school and a school of agriculture.

The United States Supreme Court reversed the decision on the demurrer on the ground that in view of the surrounding circumstances preceding the contract and the construction placed upon it by both parties, the agreement required the giving of religious instruction "upon the lines formerly pursued by the mission and subsequently by the Government."

"The cause," says the opinion, "having been remanded with directions to proceed in conformity with the opinion, has been heard upon a large amount of documentary and other evidence."

The opinion goes on to state at great length the findings resulting from the review of this evidence, and arrives at the conclusion that "the only serious questions at issue are whether there has been a breach of the contract in question; if so, whether this action is barred by the statute of limitations; and whether the deed from the American Board to the plaintiffs gives them a right to maintain this action."

The opinion goes on with a review of the various evidence heard and states that "unless the condition prescribed the amount and extent of religious instruction it has not been broken. From 1877 until the present date the course of religious instruction has been substantially the same." Further on it says: "So far

(Continued on Page 4)

Humphreys Certain Of Dr. Cofer's Retirement

That there will be a strenuous fight put up to oust Dr. L. E. Cofer from his Territorial position as President of the Board of Health has now developed as a result of the letter handed to Attorney General Hemenway by Judge A. S. Humphreys yesterday.

Judge Humphreys stated this morning that the action had not been instituted by himself, but that he was merely acting for other parties. Who these are, he did not care to state.

"While I do not wish to go into the matter in detail as yet," Humphreys said, "I will say that the action against Dr. Cofer has not been started by me, nor am I actuated by any feeling personally against Dr. Cofer or the government. I am representing clients and am carrying out their wishes in the matter. I do not think that my clients are taking this action as a result of personal feeling, but I do not doubt for a moment but that it will result in Dr. Cofer's retirement. It is believed that, besides the statute cited in Humphreys' letter con-

cerning the eligibility of Dr. Cofer to hold the position, another point will be brought up against him. It is stated on good authority that Dr. Cofer has been drawing the sum of \$150 per month from the Territory under the head of "personal expenses," while, when he accepted the position, he stated that he would serve without pay, and by so doing take a heavy load from the shoulders of the taxpayers. The Legislature had appropriated the sum of \$275 per month for the President of the Board of Health, and it was much commented upon at the time of Cofer's appointment that this amount would be saved the Territory. It is understood that those representing the prosecution of the case will bring up this matter.

Attorney General Hemenway is working on the matter this morning. The names of those who are behind the effort will be known as soon as definite action is taken. There is hardly any doubt but that permission will be allowed Humphreys to institute quo warranto proceedings.

Coat your iron roofs with "Arabic." You will be surprised at its cooling and preservative properties. California Feed Co., agents.

An effort is being made to keep Saturday baseball going by getting a Riverside League game to supplement the Press-Aala game, in which case the latter will not be called off.

Those who have dogs in the twilight pound prepare to save them now, for after the noon hour tomorrow, when an auction sale of the best dogs will take place, the remainder will be executed by Officer Apana.

An announcement of a Tuberculosis Congress has been received by Governor Frear, and he has been asked to have a representative there. The Congress will meet September 21, and will be in session until Oct. 12.

Governor Frear is in receipt of a letter from Mr. Smiley, requesting that Hawaii send a good strong delegation to the conference at Lake Mohonk, for subjects relative to Hawaii, will be given a vast amount of consideration at this session.

Dr. Wilcox, who will take charge of the government experiment station, was officially introduced to Governor Frear this morning by Dr. Jared Smith, although the Governor was already acquainted with him, having come down on the steamer with Dr. Wilcox.

H. E. Cooper, president of the College of Agriculture and Mechanic Arts, yesterday accepted bids for the furnishing of school supplies for the equipment of the institution. The contracts signed Tuesday were as follows:

A declaration has been filed by Superintendent of Public Works Marston Campbell, giving Thomas W. Hobron, for certain services rendered the department, free water privileges to all water that comes from a 1-2 inch tap in Nuuanu valley forever.

Gasoline, ignited under peculiar circumstances was the cause of a blaze on the Kinau wharf, about 9:30 o'clock last evening, which kept the fire department occupied for half an hour, and destroyed a part of the woodwork on the pier before it was extinguished.

The original American flag raised by Col. John C. Fremont in California in 1846 is now on exhibition in the window of the Hawaiian News Company, having been secured from John Cooke, of this city, who secured it in 1849. The old flag has a most interesting history. Fremont raised it in the vicinity of Monterey, the inauguration of the supremacy of the Stars and Stripes in that State, which was brought on the map two years later by the discovery of gold at Sutter's mill. Cooke was given the flag by a scout of Fremont's, who died in San Francisco when that city was still a village of huts, in 1849.

WATERFRONT NOTES

THE LURLINE arrived in San Francisco last evening, making her time about 7 days. She was not trying to make any speed on her run to the Coast. The Hilonian sailed from San Francisco today with the remainder of the shipment of armament for Diamond Head, the first part of which came two trips back.

THE MEXICAN sails today from Kahului, where she has been loading, for Hilo, whence she sails for Salina Cruz. The Texan leaves San Francisco today for this port, and the Virginian sails from San Francisco on the 17th. The next American-Hawaiian boat sailing from the Sound is the Alaskan, sailing on the 19th.

A GOOD CROWD of people saw the Florence Ward sail. She carried a good deal more than her usual freight for Midway. She had 20 tons of iron, 30 tons of coal, 15 tons of food stuffs and meat, with other goods. The schooner has largely a green crew this trip.

THE KINAU arrived this morning from Kaula, with 5000 bags sugar, 20 bags taro, 30 bags mochigomo, 25 barrels empty bottles, 18 empty wine barrels, 108 bundles hides, 22 cases salmon, 10 bags coconuts, 5 cases coconut plants, 25 crates pears, 1 auto, and 100 packages sundries.

THE STEAMSHIP Invradell, due here on the 6th from Auckland, New Zealand, consigned to Theo. H. Davies & Co., with coal, will not arrive until the 16th, according to a cable received by the agents here this morning. She belongs to the New Zealand-Canadian line.

THE BROTHERS, gas launch, caught fire in the harbor yesterday, but the flames were extinguished after the house had been pretty badly charred. Asa Miller was in charge. An investigation will be held today.

THE BUCRANIA, which is here now with coal for the big fleet, has been chartered to carry lumber from Portland to Japan and China, for the Pacific Export Lumber Company.

THE COMMERCIAL Pacific Cable supply schooner Florence Ward, sailed this afternoon at 1 o'clock for Midway.

THE MIKAHALA last night had a drunk overboard when just off port. The man was soon picked out of the water.

THE NOEAU sailed at 5 o'clock last evening for Honokaa and Kukulhaele.

HONOLULU WEATHER

GUY OWENS KILLED BY ELECTRIC SHOCK

Was Working On Electric System Of Kamehameha Schools

Guy Owens, the well-known electrician, died last night a little after 8 o'clock from an electric shock received while attempting to disconnect the current between the Hawaiian Electric and Kamehameha School electric systems. His death took place on the cross-bar where he had rested after climbing a pole in the school tool shop. He had been warned against climbing the pole, but he paid no attention to the warning.

Owens completed the installation of the electric plant for the Kamehameha Schools very recently, it being operated by a gasoline engine.

A little after 8 o'clock last night some trouble with the school system had been repaired and its own current was turned on. Owens then told Mr. Gill, the chief electrician of the schools, that he would disconnect the Hawaiian Electric system. Gill told him not to try to do this.

Owens left the building and went outside. As he did not return, A. Lota, a Kamehameha student who has been assisting Owens with the electric installation, went out with a lantern to see what Owens was doing. On reaching the pole, Lota observed a small electric light on the pole burning, showing clearly that Owens was apparently seated on a wooden crossbar, with arms and hands higher than his body, resting on wires, as if at work. Lota called out to Owens, but received no response. He returned and told those in the building what he had seen.

Frank Richardson, Chief Electrician G.H. Clifford Thompson, and several of the Kamehameha boys went out to see what was the trouble. Richardson, after he had seen the situation, telephoned down to the Hawaiian Electric Co. to disconnect the current from that circuit, which was done. The body was then lowered and conveyed into the building, while Dr. C. B. Cooper was sent for. Life, however, was extinct when the physician arrived. The body was laid on the floor, where it was viewed by Deputy Sheriff Jarrett, the coroner, and the jury, which adjourned until 7 o'clock tonight. In the meantime Dr. McDonald was notified and a post-mortem held. News of Mr. Owens' death was a terrible shock to his wife, who when she heard the auto bearing her brother with the sad news, thought her husband was returning home.

Guy Owens was principally instrumental in securing the Standard Telephone franchise.

In August, 1903, he married Miss Jennie Murray, who survives him. At the time of his mother's death, which occurred in the Iroquois Theater disaster at Chicago, it was said that her surviving children besides Guy Owens were Mrs. J. W. Kinsey of Los Angeles, Miss Ivy Owens of Chicago, and Roy Owens of Chicago, who was in Hawaii for a time.

The funeral will take place this afternoon at 4 o'clock from the Williams undertaking parlors. The interment will be in the Nuuanu valley cemetery. The pallbearers are as follows: E. R. Bath, I. C. Carter, Geo. A. Martin, C. H. Bellina, F. E. Richardson, A. S. Prescott.

"BROWN'S IN TOWN" VERY FUNNY COMEDY

A real farce-comedy, all for fun, is "Brown's In Town." For tangled complications of irresistibly funny conceit, the piece is almost unique. Its originality, which distinguishes it from many farce-comedies on the stage today, renders it particularly enjoyable, and it is safe to say that the audience, not so large as the show deserved, which was at the Orpheum last evening, enjoyed the production in the truest sense from the rise to the fall of the curtain.

Unusually clever stage business helped to make all of the play that can be gotten out of it. But the greater part of its success is certainly due to the work of Richard Montgomery and Miss Mae Keane, in the leading roles, together with some of their support. These people have been seen in the same production in some of the large show houses on the Coast, and they certainly have the hang of it. Miss Harriet Jocelyn ably furnishes the rough-house fun, and Elmer E. Ballard some very excellent character work as old Mr. Preston.

WARNING TO ALL PEOPLE

"Your duty is to poison rats," says the Citizens' Health Committee, "and in this way prevent the spread of the dreaded bubonic plague."

This warning of danger from the plague epidemic must impress every citizen with the imperative necessity of destroying the rats that infest our city and are a menace to our very life.

The most reliable poison and one that is recommended by national and local authorities is Stearns' Electric Paste, which drives rats out of the house to die.

Wherever used it kills off the rats, usually in a single night. It is absolutely guaranteed to exterminate them or the money will be refunded.

Protect your home and your city with Stearns' Electric Paste.

2 oz. box 25c; 16 oz. box \$1.00.

WEDNESDAY JULY 1, 1908

Honolulu's response to the large appropriations made by Congress is a record-breaking year for custom-house collections. Hawaii has more than paid for all it gets.

What has become of the search for the man or men who exploded the water-tank of Chief of Detectives Taylor? Can't the police department find the criminals? If not, why not?

JAPANESE AT SEATTLE.

More complete details of why the Japanese of Seattle have withdrawn their children from the public schools will be awaited with much interest.

There are two possibilities: Either the Japanese children have found it unpleasant at the public schools on account of outcroppings of racial prejudice, or the Japanese are discovering that the influence of the American public school is to make their children more American and less Japanese.

Seattle is one of the cities of the Coast that has been represented as friendly to the Japanese. It has been quite unlike San Francisco, and many of its petitions and memorials have been favorable to the Japanese residents. Consequently it is hard to believe that these children have been forced out.

It is very apparent that while the Japanese are very jealous of the recognition of the rights and privileges granted in the public schools—and properly so—they are also very careful that the children shall receive a complete course of Japanese instruction from Japanese instructors. The purpose must be to hold the children loyal to their native country. The large number of Japanese private schools in this Territory is ample evidence of this.

It is unfortunate that any action should be taken that will make the barriers of prejudice more permanent. The American public school will Americanize the children of any race or nation if given an even chance.

PROSPECTS BRIGHTENING.

A writer for Harper's Weekly in discussing the financial situation recently remarked that conditions had so far returned to normal that they were abnormal. The financial dangers were things of the past, the banks were full of money, but very little of it was going into the general arteries of trade—money was cheap but business dull.

We are almost inclined to think that Honolulu is having a taste of the same thing, although so far as panics are concerned these Islands have known of them only indirectly.

In reviewing the general business condition of the country, however, it is pleasing to find that the authorities of the mainland are uniting in a more cheerful tone. Business is not lively, but the prospects are good and the agricultural outlook is exceptionally happy.

Henry Clews' latest banking circular comments as follows:

"The one feature of encouragement which now stands out more prominently than all others is the crop outlook. Present indications point to large crops of all the important staples. Cotton, wheat, and hay are each reported in high condition, and with larger acreage the promise is almost certain as to a big yield. The three summer months are frequently periods of deterioration; but, allowing for these usual declines, our crops are still sure to be heavy. Both winter and spring wheat are in excellent condition, and the outlook, according to some authorities, is for a crop of about 700,000,000 bushels, or the second-largest on record. Big oat and hay crops are also almost certain. Moreover, there is an unusual absence of injury by insects, and the ground has been so well saturated as to make damage from froth or hot winds much more remote than usual. Corn is late; therefore somewhat uncertain. This is our most important crop; but, as the soil is generally in good condition, a few weeks of hot weather would quickly compensate for present back-

HARTWELL DECIDES IN MAGO CASE

Chief Justice Hartwell has given a decision in the cases of Sjo and Mago, accused of assaulting with a dangerous weapon, one Henry Strange, to the effect that "an assault with a sheathed sword-cane is an assault with a weapon obviously and imminently dangerous to life," and also, on another point, that "a new trial is not a matter of right when the stenographer fails to file his transcribed notes within the time specified in R. L. Sec. 1800."

James J. Hill, who is on his way to Labrador for a hunting and fishing trip, while in New York predicted countful crops this year despite the heavy rains.

***** provinces in glowing colors. Durban, in Natal, his adopted home, he says, is a good deal like Honolulu.

"Almost identically the same products are grown," he said, "in this colony as are grown here in Hawaii, except coconuts and royal palms, which the people do not seem to be able to make grow there. Natal does a great deal in the way of sugar, I wish that I could give you something in the way of definite statistics, but I cannot. The sugar is grown along the coast line, and about 8 miles from the shore. The Hon. Marston Campbell is one of the directors of the large mill in the colony, and I have given his names to your secretary so that you can get in communication with him, and learn something of the sugar industry in South Africa."

"At first, every planter owned his own little mill, and of course they all failed. But the second generation of planters, so to speak, were successful. The business is carried on according to the central mill plan, which I think I need hardly to explain. Each grower has his own plantation of 100 acres or 3000 acres, or 5000 acres, as the case may be, and merely takes his cane to the mill and receives a check for such and such a weight, and then the cane is processed and made into sugar."

"The profits made here fairly astounded me. I have remarked that any month waters here, not because of the sugar, but because of the money it brings in."

"You have a great advantage here. The United States protects the sugar industry, and it is wise to do so. In South Africa, most of the sugar produced is consumed there."

"Tea is produced there extensively, and I am surprised that it has not been tried here. Take my tip, and try raising tea."

He spoke in high terms of the prospects offered now in Rhodesia. Among those present to hear Mr. Russell speak were: Captain Penhalow, Arthur Wall, R. A. Jordan, Captain Griffiths, J. P. Cooke, Captain Lydecker, Chas. Crane, M. P. Robinson, P. C. Jones, Chas. Fakin, W. T. Lucas, Postmaster Pratt, Ed Towse, J. W. Jones, W. W. Hall, F. J. Lowrey, G. W. Smith, H. P. Wood, E. O. White, President Griffiths, J. P. Cooke, A. L. C. Atkinson, Judge Weaver, Marston Campbell, F. W. Macfarlane, Robert Anderson, Marshal Hendry, R. H. Trent, Frank Atherton, G. P. Castle, W. A. Tane, George Robertson, C. E. Childs, J. W. Roth, W. W. Hall, Rev. Hanna, R. W. Shingle, Edward Politz and others.

and others.

Where Do You Spend Your Holiday?

REDUCED RATES FOR THE SUMMER AT THE VOLCANO HOUSE.

For three months, beginning June 30th, a special ticket will be issued, covering a stay of nine days at the Volcano House, and transportation to and from that resort, per S. S. "MAUNA KEA."

PRICE, \$50.00. To the business man or woman, looking for rest and recreation, the Volcano in its present intense activity, the many points of interest in its neighborhood, and the cool, invigorating atmosphere of the mountain at that altitude (4200 ft.), together with the comforts of a first-class hotel, such as the Volcano House, offer unusual attractions as a place to spend the summer vacation.

CHRONIC CATARRH RELIEVED BY PE-RU-NA.

MRS. F. CARR.

MRS. F. CARR, Vineland, Ont., Can., writes:

"For several years I was afflicted with catarrh, which made life a burden. The coughing and hacking which accompanied the disease was terrible."

"The complaint finally extended to the stomach and I was in a wretched condition."

"I tried different remedies and the best professional treatment all in vain."

"Finally, as a last resort, I tried Pe-ru-na upon the recommendation of my sister in Hamilton."

"I could see steady improvement and after using four bottles of that precious medicine I was feeling well again, my old trouble being completely a thing of the past."

"To-day I would not take one thousand dollars for what this grand medicine has done for me."

Pe-ru-na is a universally recognized catarrh remedy. It will relieve catarrh in its most obstinate form.

(Continued from Page 1)

as the condition respecting the cultivation of sound literature and solid science is concerned a glance at the curriculum for 1900 and 1906 will show that there is no room for the contention that this condition has been broken."

The court also says: "While we base our decision upon the consideration of the substantial rights involved, we are also of the opinion that the present plaintiffs are not entitled to maintain this action."

The findings of the court are briefly set down in the syllabus as follows:

The syllabus says:

Contracts—construction of condition: A condition attached to the transfer of a school that the grantee shall not teach or allow to be taught any religious tenet or doctrine contrary to those theretofore inculcated by the grantor and summarized in the correspondence, is not, as interpreted by surrounding circumstances and subsequent practice, broken by a course of study including morning and evening prayer, compulsory attendance at Sunday school with preparation of the International Sunday school lessons, and compulsory attendance at Christian Endeavor exercises.

Contracts—construction of condition: A condition that a school shall be continued as an institution for the cultivation of sound literature and solid science is satisfied by a curriculum including classic and modern literature, geography, physiology, history, agriculture, arithmetic, bookkeeping, algebra and geometry.

Deeds—construction: A claim for a liquidated sum of money, arising as an alternative from the refusal of a third party to convey land upon condition broken, is not assigned by a previous conveyance of all lands in or to which the grantor has any claim or demand.

JAPS HOLD FOURTH SPORTS

BULLETIN ADS. PAY

BY AUTHORITY

SEALED TENDERS FOR STEAMSHIP, FREIGHT AND PASSENGER DEPOT ON ALAKEA STREET WHARF.

Sealed Tenders will be received by the Superintendent of Public Works until 12 m. of Monday, July 13th, 1908, for the construction of the Steamship, Freight and Passenger Depot on Alakea Street Wharf, Honolulu, T. H.

Plans and specifications are on file in the office of the Superintendent of Public Works, copies of which will be furnished intending bidders on receipt of Twenty-Five Dollars (\$25.00) which sum will be refunded on return of said plans and specifications.

All tenders to be on blanks furnished by the Superintendent of Public Works and to be accompanied by certified checks made payable to the Superintendent of Public Works. Separate tenders will be accepted for painting, plumbing, electrical work, sheet metal work and staff work.

The Superintendent of Public Works reserves the right to reject any or all bids.

All intending bidders are requested to be present at the office of the Superintendent of Public Works at 11 a. m. of July 13th, the day of opening tenders.

MARSTON CAMPBELL,
Superintendent of Public Works.
Honolulu, June 13th, 1908.
4028—June 15, 16, 17, 18; July 1, 2, 3.

Corporation Notices

NOTICE TO BONDHOLDERS OF KOHALA SUGAR CO.

In accordance with the terms under which its bonds were issued, the Kohala Sugar Company will pay, with accrued interest, on August 1st, 1908, Thirty thousand and 00-100 dollars (\$30,000.00) of its bonds. The numbers of the bonds to be paid are as follows:

8	42	73	97	135
13	44	74	99	136
19	50	77	105	142
28	54	78	109	143
29	60	81	110	144
37	64	88	120	145

Notice is hereby given to the holders of these bonds to present the same for payment at the banking house of The Bank of Hawaii, Limited, in Honolulu, on August 1st, 1908, and that interest on same will cease on and after that date.

STAMP DUTY MUST BE PAID

In an opinion written by Justice Winder on an appeal from the decision of the Treasurer assessing stamp duty on three conveyances to Robert Love Estate, Limited, the Supreme Court has decided in favor of the Treasurer, holding that stamp duty on these conveyances must be paid.

At the most the case was merely carried to the higher court on a test, for the Love Estate had but little to lose by so doing and had something over two hundred dollars to gain if it had been decided in their favor. The Robert Love Estate was incorporated to take over the property and conduct the business of Robert Love deceased, and the Treasurer assessed a stamp duty of \$266 on the deed, being \$1 on the money consideration named and \$265 on the shares mentioned. The decision of the Treasurer was upheld.

JAPANESE BARBERS WILL CONTRIBUTE

The Japanese barbers, numbering about seventy, through their committee, met this morning at the barber-shop of R. Yasui on Hotel street, to discuss the plans of contributing funds for the reception and entertainment of the Atlantic fleet, which is due to arrive here July 16th. Although no definite action was taken; it was generally agreed that they would contribute at least \$100. Chairman Yasui said that they intend to contribute liberally for the purpose of giving the men of the fleet a grand time here. He intimated, however, that the times were hard and that some of the barbers might not be able to give large donations. The general decision, however, is that they do the best they can under the circumstances. Another meeting will be held some time this week at which it is expected that definite understanding will be arrived at. The contributions of the Japanese business community will probably total \$2000.

J. WALTER DOYLE HAS A NEW ONE

When J. Walter Doyle shows up without a good story, he is sick. He wasn't sick this morning, for he was ready with the usual fairy-tale, and, to make it all the better, Walter vouches for it. He only returned from Kauai the other day, where he has been collecting booze tales.

His latest is to the effect that "Dooney" Hartman, who is known to keep a vicious dog in his yard, has dispensed with the aforesaid canine, and is using a special brand of barking sands which he scattered over the roof of his dog-house just after it had been freshly painted. Walter vouches for the story, so it must be true.

He also states that everybody up in that section of the country reads the Evening Bulletin, and this last is no barking sand dream.

GARFIELD MET SAITO

Before taking his departure for San Francisco on the cruiser St. Louis, Secretary Garfield, accompanied by Secretary Mott-Smith, called on Miki Saito, the Japanese Consul General, at the Consulate, at 3:30 o'clock, Monday afternoon. During the interview, Garfield asked Saito about the general condition and treatment of the Japanese in the Islands. Saito informed him that everything was satisfactory. He also told him that there are about 70,000 Japanese in the Islands. The question of further immigration of the Japanese was not discussed. Saito stating that such matters do not come under the jurisdiction of the Secretary of Interior.

GARFIELD AT WORKS

During his stay here Secretary Garfield paid a visit to the Honolulu Iron Works accompanied by Governor Frazier. He was taken all over the plant by Manager Hedemann and other officials and directors of the company, and expressed himself as much interested in all he saw. The Secretary asked a great many questions regarding the status of the local mechanics and other features.

MADAM ARRAL BEST HONOLULU HAS HEARD

The enthusiasm with which the audience at the Opera House received Madame Arral last evening was inspiring. The size of the audience that greeted this magnificent vocalist could not produce much happiness in the heart of a man scheming to satisfy the Honolulu demand for high class attractions.

Madame Arral is quite the sweetest and the most powerful soprano that Honolulu has heard. The outbursts of applause were as spontaneous and long sustained as those that greeted Kubelik. Madame Arral was recalled on every number and responded very graciously. She was treated to a sign of approval not usual in the Honolulu Opera House. After the close of the last number the people remained in their seats and were not satisfied until a final encore number had been rendered.

Madame Arral's program was unique for this city and especially attractive in a community that never hears grand opera and never before listened to the songs of the operas with the costuming and atmosphere which Madame Arral makes so real.

The most powerful number of the program was reserved for the last, the famous aria from Traviata. The sketch from Carmen and the Jewel song from Faust were magnificent interpretations of old favorites. Madame Arral's range is almost phenomenal and her high notes bird-like in every sense. Honolulu has never had the opportunity to hear such a singer as Madame Arral and she should be greeted by a larger audience on her next appearance, on the evening of Tuesday, July 7.

SOME COSTLY FUNERALS.

Some foreign papers have been discussing the cost of the recent funeral of King Carlos and the crown prince of Portugal, incidentally recalling the reported outlay on other royal obsequies. Tit-Bits says that no modern ruler has been buried at the cost of Alexander the Great, at whose funeral \$5,000,000 was spent, part of the money going toward buying a solid gold coffin for the dead ruler. Emperor William of Germany was buried at a cost of \$125,000, and the last rites of the Grand Duke Nicholas used up about \$200,000. At the funeral of President Carnot \$30,000 was spent on flowers alone. When the duke of Wellington was laid to rest in 1852 \$350,000 was spent, giving him what has been described as the most splendid funeral of the nineteenth century.

WU TING FANG GIVEN DEGREE

IOWA CITY, Ia., June 17.—Minister Wu Ting Fang delivered the commencement address at Iowa University today, speaking upon "Chinese Students in America," upon whose influence, he said, he relied "for preservation and furtherance of friendly relations between the United States and China." At the conclusion of his address Minister Wu was given the honorary degree of LL. D.

Mrs. Matilda Fisher told the Pittsburg police that Michael Rando, arrested with her following the murder of the woman's husband, Charles J. Fisher, admitted to her he had committed the murder, but threatened to kill her if she told on him.

A statement issued at the White House last night denies a report that Attorney General Bonaparte will resign as a result of differences with the president on the ousting of Federal officials in Idaho.

"Alabastine," a Fire Proof Cement

ALABASTINE is not only the best inside coating in the world for churches, opera houses, club houses, office buildings, and dwellings, but is used everywhere for factories, cotton mills, army posts, plantation buildings, hospitals, asylums, etc., largely on account of its fire-proof properties. ALABASTINE is perfectly fire-proof in its nature, is a cement that can be mixed thick and used in filling cracks, and sets very hard over night. Is cheaper than and superior to paint.

Wall Paper vs. Alabastine

Think of having bedrooms covered with layers of moulding flour paste to feed vermin, with paper to hide them and to absorb the moisture of respiration, and an animal glue culture ground on its face for disease germs; also of repeating this papering without removing the old, and a number of times, at that, as many do. Then think of a room coated with pure, permanent ALABASTINE, which is retinted with but little trouble or expense, and is purifying and sweet-smelling. ALABASTINE cements cracks, shutting out vermin.

ALABASTINE in White and a large assortment of Tints to be had in 5-lb. packages at

Congestion of Sporting Events On For Saturday

A congestion of sporting events in the Islands, owing to the fact that Saturday is the Glorious Fourth, keeps people guessing just now. The Saints had a ball game on with the Puns. The managers facetiously talked of deciding the rivalry by a toss-up, as the teams would undoubtedly be somewhat changed around, and things made the more uncertain thereby. The game is now scheduled, on account of the crush.

Alf Williams, of the Saints, is to go to Hilo with the soccer team.

Lyman, who holds the backstop position for the Puns, wanted badly enough to go down to Hilo on the Fourth, as his home is on Hawaii, but he also wanted to stay and play the deciding game, or what may prove the deciding game, with his team. The postponement decided him.

Figuring out his lineup, Pat Gleason said he would probably have Barney behind the bat, Bushnell or Johnnie Williams in the box, himself at the initial sack, Markham at second, Bushnell or Williams at short, En Sue on third, Plada in right garden, Aylett in center, and En Gee in left.

It can be seen that the team would have been weak.

This is the great week among the fans. With races at Lahaina and Hilo, and soccer at Hilo, and the Jewels going to Maui to play ball, the start of the Trans-Pacific Yacht Race, and the 45-round Gans-Nelson go in San Francisco, there are enough events on the tapis for Saturday to keep the "boys" in or out of pocket for many moons.

Saturday Baseball Postponed--Triangle Schedule Arranged

Owing to a congestion of sports on Saturday, the Glorious Fourth, plans have been somewhat rearranged and the baseball game—Puns vs. Saints—which was on for Saturday has been postponed until some date to be fixed later. Bushnell will probably not be here; Alf Williams will go with the soccer team to Hilo; and the Saints' team will be generally shot to pieces, and it was thought better, in consideration of this fact, and of the fact that the Puns will have two of their best fielders, Bruns and Kila, out of the game also, to hold this postponed match at some date when the best that each bunch could put in the field could be obtained. The Press-Aala game is also postponed.

In this way the best baseball will be offered the public and the character of the game which is being offered will be kept up, as is very much desired, in view of coming big events. At the same meeting of managers at which this postponement was made, a partial schedule for the games when Santa Clara, Kelo, and the Fleet are here was arranged.

This schedule is as follows:
July 11—Punahou vs. Kelo; St. Louis vs. Santa Clara.
July 12—Kams vs. Kelo; Diamond Heads vs. Santa Clara.
July 13—All-Hawaii vs. Fleet; Punahou vs. Santa Clara.
July 14—All-Hawaii vs. Fleet; St. Louis vs. Kelo.
July 15—Kams vs. Santa Clara; Diamond Heads vs. Kelo.
July 16—(Not arranged); Kelo vs. Santa Clara.

August 1, 2, 8, 9 are yet to be arranged.

SPORTIVE SPLURGES

The following teams have been entered in the tug-of-war tournament to be pulled off at the Midway theater in the near future:

Alohas; captain, Harry Klemme.
Japanese; captain, I. Onouye.
Honolulu; captain, Ed. Hopkins.
Hawaii; captain, C. Foster.
Portuguese; captain, J. Luiz.
Polos; captain, D. Kaakani.

All the teams have been formed and have commenced training. The date of the first round contests will be announced tomorrow.

There will be a match race at Kapiolani Park on Saturday afternoon at half a mile, starting at 4 o'clock, between Silent Beauty and Candy Boy.

The regular weekly shoot of the Hawaii Gun Club will be held at the Kakaako traps this afternoon.

Jim Barry was knocked out by Sam Langford.

Scully To Sign Pugs

Arriving by the Alameda at San Francisco, Jack Scully, the local boxing promoter, is arranging with the best boxers of the Atlantic Fleet to appear in the ring here in bouts which he will conduct at Independence Hall during the time the Fleet is staying in this port. Jack got into communication with the Fleet at once, and cables as to his success, which is hardly to be doubted, are expected here at any time.

Scully went to the Coast with this end largely in view. He didn't want any doubt about what was to be done when the ships got here. For this reason, he had most of the best men among the local talent optioned before he left, and will probably have signed the best men in Uncle Sam's Navy by the time he is ready to return to Honolulu.

The boxing contests which he recently held in Independence Hall were decidedly the best which have been seen in this city, and now that Jack has time to arrange a classy card, big things may be expected. The other bouts were arranged on a few days' notice; he can now pick his talent carefully.

Young Nelson, the durable boy, who fought ten rounds to a draw with Rafferty, lightweight champion of the Navy, and who would have won with rounds of usual length and straight rules, will be in the ring again for Scully, probably to furnish the big attraction while the Fleet is here. Cabral and Young Helme, who put up a good four rounds, will probably be seen in a longer go this time. Cabral won the decision, but Helme is confident now, and the go ought to be a hot one. Young Sharkey and Wahlan, who furnished a slap-bang preliminary during the recent boxing carnival, and furnished at the same time royal fun for the crowd, will appear again. They fought to a draw last time.

Others of the good ones among the locals have been "promised" to Scully, and things look decidedly good for the best bouts which have ever been seen in a ring in this city.

Soccer Team To Sail Friday--Line-up Announced

The All-Oahu soccer team, in good condition and keen for another victory, journeys to Hilo on Friday night to play the Hawaii United team on the morning of the Fourth. The game is for the cup, which is now held by the locals, as a sign that they are lords of all they survey in soccer on the Islands. And they expect to bring it home again when they return.

Captain Ed. Fernandez has had his men out hard at work. This morning the line-up was for the first time officially announced. It is as follows: C. Dickson, goal; D. Center and J. Clark, backs; Ziegler, J. Anderson, Mon Yin, halves; and F. B. Bailey, H. C. Bailey, J. Woo, Alf Williams and Ed. Fernandez (Captain), forwards.

The Hawaii United team has been announced as follows: Geo. Desha, goal; William Irvine and H. K. Kellner, backs; R. M. Lindsay, A. Rattray and B. Walker, half backs; A. Hunter, D. Donald, R. M. Lindsay, J. S. B. McKenzie and J. Craik, forwards.

SPARKLES SPARKLES

Just the thing for children for the 4th of July. Will have a display this Saturday evening. Come and see them.

KING AND BETHEL STS.

THE DOCTOR says "drink beer" when you're worn out and run down; because good beer is a food and a tonic. If it will strengthen the weak and the nervous isn't it reasonable to say that it will keep you strong?

The virtue of Primo is not in the alcohol. There is only 2 1-2 per cent of that.

It is in the malted barley - adigested food. And in the hops---a tonic and an aid to sleep.

There is nothing more healthful than Primo Beer; because it is rightly made and absolutely pure

**THE PROPER DRINKING OF PRIMO BEER
---NOT THE ABUSE OF IT---IS GOOD FOR THE
WEAK AND THE WELL.**
