

By Authority

Sale of Lease of Five Tracts of Government Land at Hamakua, Hawaii.

On THURSDAY, July, 16, 1891, at 12 o'clock noon, at the front entrance of Aliolani Hale will be sold at Public Auction, the Lease of Five Tracts of Government Land at Nienie and Ninole, District of Hamakua, Hawaii, viz:

- Tract 1—In Nienie, 10,000 acres. Upset rental per annum, \$500.
- Tract 2—In Kaohoe, 15,000 acres. Upset rental per annum, \$400.
- Tract 3—In Kaohoe, 37,000 acres. Upset rental per annum, \$300.
- Tract 4—In Kaohoe, 138,000 acres. Upset rental per annum, \$300.
- Tract 5—In Kaohoe, 25,000 acres. Upset rental per annum, \$300.

Term—Lease for 15 years.
Rental—Payable semi-annually in advance.
The lease of these tracts of land are sold with the condition that the Government may at any time during the term of the lease, enter upon, take possession, and dispose of all or any portion of the same for homestead purposes, the Government allowing in such case a corresponding reduction on the rents.

The time of the above sale has been postponed until WEDNESDAY, September 9, 1891, at the same hour and place.

C. N. SPENCER,
Minister of the Interior,
Interior Office, July 20, 1891.
2821-2t

THE DAILY PACIFIC COMMERCIAL ADVERTISER

Be just and fear not;
Let all the ends thou aim'st at be
Thy Country's, thy God's, and Truth's.

WEDNESDAY, JULY 22, 1891.

FOREIGN PERSONALS AND GLEANINGS.

On July 4th in London died W. H. Gladstone, eldest son of the great English statesman. The deceased was born at Hawarden in 1840, was educated at Eton and Christchurch, Oxford, and entered Parliament in 1865 as member for Chester and subsequently represented Whitby (Yorkshire) and East Worcestershire. He was a Lord of the Treasury from 1869 to 1878 but of late years had been living in retirement, suffering from brain disease and partial paralysis, and had been recently operated upon for the removal of a tumor which was pressing on the brain.

The Rt. Hon. W. E. Gladstone was at Lowestoft for rest and the benefit of his health after an attack of influenza, and was desirous of coming up to London on learning of his son's dangerous illness, but was persuaded by his physicians to remain at the seaside. Dispatches were frequent between Gladstone and his family and on the morning of the 4th he left Lowestoft for London being summoned by the intelligence that the worst might be expected. Unhappily the father reached the city too late to be present at his son's death. Gladstone's grief upon reaching the death chamber was terrible in its intensity, so much so that with his enfeebled health and advanced age his friends feel very anxious as to the result.

The Emperor William is making good use of his time in England. He was present at a grand state banquet at Windsor on July 7th, and has been feasted by the Lord Mayor at the Guildhall, attended a grand review of regulars and volunteers at Wimbledon, garden parties at Marlborough House, grand opera at Covent Garden, has visited and been feted by Lord Salisbury at Hatfield House and has gone on to Scotland.

A report that Minister and Mrs. Lincoln and leading officials of the United States Legation were absent from the garden party of the 9th was inaccurate. They have been present at every important function.

Mr. Spurgeon, the celebrated Baptist preacher, was reported (London, July 10) delirious and growing weaker.

The election at Carlow for a successor in Parliament to the late O'Gorman Mahon resulted in a crushing defeat for the Parnellite candidate.

The Cunard steamer Servia which sailed from New York for Liverpool on July 4th with 1,153 passengers, including Prince George of Greece, was returning in tow of the S. S. Chester and was expected to reach New York on the morning of the 7th. The Servia had broken her high-pressure crank-pin, and was unable to proceed.

Secretary Blaine was out driving on the 13th inst. at Bar Harbor in an open carriage. His physician says he is rapidly improving. His friends feel confident that he will return to Washington in the fall perfectly well and will enter into active political life. It is confidently stated that the Secretary does not suffer from any of the deadly diseases which were reported to be the cause of his illness, but wear and tear of nerves, which necessitates rest.

The celebrated Itata under convoy of the U. S. S. Charleston arrived in San Diego on the morning of July 4th. No person was allowed on board the Itata but the necessary revenue and quarantine officers, but several of her officers and some passengers she had brought from Iquique were allowed to land. The Itata was under Chilean colors.

H. B. M. Flagship Warspite is reported as having arrived at Victoria B. C., on July 6th. Reports of the bombardment of Iquique are said to have been greatly exaggerated. It is stated that the Itata landed 2,000 cases of arms. When the Warspite entered the port of Caldera, the Aconcagua, Congressional gunboat, was engaged, with but one gun, in fighting two torpedo boats. The latter mistaking the Warspite for an insurgent warship made off.

Sir George Baden Powell, M. P., of the British Behring Sea Commission, arrived in New York by the Cunard steamer Euribia on the morning of July 5th. He proposes first to visit Sir Julian Pauncefote, the British Minister at Washington, and to start for Behring Sea within a few weeks.

There was great excitement throughout Paris on the 13th inst., caused by the report that President Carnot had been shot. The truth proved to be that the President had been present at the ceremonies of the official opening of a new thoroughfare, where he received an enthusiastic welcome. Suddenly a man making insane gestures forced his way through the crowd, rushed to the carriage and fired a pistol at Carnot, shouting, "I'll prove there are more Bastilles to be demolished." The man was promptly arrested, and was with difficulty saved by the officers from popular fury. He proved to be a madman who had been just lately released from confinement in a lunatic asylum.

OUR SAN FRANCISCO LETTER.

Per S. S. Australia, San Francisco, July 14, 1891.

(From our special correspondent.)

Sugar Notes.

New York, July 14.—Cuban centrifugal 96 deg. 3.5-16c.; granulated 4 1/2c. The local price of granulated is 5 1/2c. cents and the market is devoid of any special feature save the importation of a large quantity of German beet sugar by way of Panama. The importation was made by D. Ghirardelli & Sons, the chocolate manufacturers, and consisted of 1,350 bags, each of 224 pounds. It is understood that it cost them about 4 1/2 cents per pound duty paid laid down in San Francisco which is half a cent less than the refinery charge.

Speaking of the importation Mr. Ghirardelli says that as long as the refinery keeps up to the present standard, he shall bring his refined sugar from Germany, Hongkong or even Vancouver.

A fight is brewing between the local refiners and the Vancouver refinery. The rice market is rather more in buyer's favor, except for island grades, which are firm. On Tuesday, 500 bags of new crop were received by the steamer Australia, only one-fourth of the quantity expected, and sold readily at \$6.00 per hundred pounds, usual time.

Steamship Subsidies.

No action has yet been taken by the Pacific Mail in regard to the Postal subsidy law passed at the last session. Neither has there been any movement on the part of the Oceanic people. The President and Postmaster-General have not yet agreed about the administration of the law.

The Mail Company will shortly send to this coast the new steamers Costa Rica and Guatemala just built at Philadelphia for the Central American trade. The company also contemplates building a sixteen knot 5,000 ton vessel for the China line when the new mail contracts are awarded. Action will be suspended on the rebuilding of the City of Rio de Janeiro until mail contracts are awarded.

Both the Pacific Mail and Oceanic companies will shortly be put to immense trouble and expense by the resurrection of an old law or regulation about "light money" which provide that every time a vessel built abroad but owned in America enters an American port she shall pay 50 cents for every ton of her register. The money is to go to the benefit of the lighthouse service. This onerous law can be enforced against the Australia of the Oceanic Company's fleet and the China, to say nothing of several sailing vessels owned here, such as the bark Margaret, ship Kenilworth and bark Annie Johnson. The enforcement of the law will assuredly lead to its repeal.

The California Steamship Company, a new corporation, has established a line of steamers between New York and San Diego, San Francisco and Seattle, via Cape Horn. The steamers will make the trip in sixty days and will be independent of railroads, the Pacific Mail or the clippers. Four steamers have been engaged and one is now loading in New York.

The Chilean War.

Conflicting reports come from Chile about the war. The Trans-Andean telegraph service, controlled by Balmaceda, states that the insurgents are losing ground. The insurgent advances via Panama state that Balmaceda's cause is gone.

Telegrams are at hand stating that the Balmaceda forces have been beaten at Vallemar, and Balmaceda also claims the fight. Iquique is in a state of constant alarm, fearing Balmaceda's troops. Balmaceda has received notice that one of the new cruisers is on the way from Paris. She will be met at Cape Horn by insurgent vessels.

Several steamers have sailed the past two weeks for Iquique with provisions, etc. In all six steamers will go from San Francisco laden with 13,000 tons of supplies.

The men-of-war Charleston and Itata have arrived at San Diego. The insurgent agents in San Francisco are trying to release the Itata on bonds, so that she can load supplies here for their forces.

It is stated that the Itata tried to escape from San Diego again on the 8th. She is still in the harbor, closely watched by the Charleston. There have been several entertainments on both vessels, and John D. Spreckels has entertained the United States and Chilean officers on board his yacht, Lurline, and at the Hotel Coronado.

San Francisco News.

Judge C. de Cederkrantz, the new Chief Justice of Samoa, has written a friend here that all he has yet done is to draw and some passengers she had brought from Iquique were allowed to land. The Itata was under Chilean colors.

Coast with headquarters somewhere in San Francisco. All of the city funds are exhausted and the deficiency this year is estimated at \$200,000.

The annual report of the City and County Assessor shows a total assessment roll of \$312,062,960, as against \$301,438,040 last year.

The city had a heated spell the first few days of July. The mercury touched 100 deg., the hottest ever known here. It rose to 127 in the shade at Fresno.

C. A. Buckley has returned from his seven months' European tour and the Examiner has started a campaign against his re-instatement as Democratic boss.

Prof. Mendenhall and Merriam, the United States Commissioners who are to investigate the Behring Sea question for this government, will leave for the Behring next week on the Fish Commissioners' steamer Albatross.

The value of the Hearst estate as stated by appraisers as \$8,788,137.

American News.

On July 8th at Sing Sing, New York, four murderers were put to death by electricity, in accordance with the new law, under which the notorious Kemmer was executed. Great public interest was taken in the matter, but for the first time in the history of executions there the prison officials succeeded in preventing the reporters from getting any authentic news regarding the manner in which the men died. The legal witnesses who were present nearly all of whom were physicians, declare that death was instantaneous and painless. The men were subjected to the force of 1,500 volts, and the success of these executions practically establishes the law providing for electrical executions in that State.

It is announced that David B. Hill, Governor of New York, will be out as a candidate for the Presidency in 1892 against Grover Cleveland.

Ex-Vice President Hanibal Hamlin, died on July 4th, in his club room, at the age of 82 years. He was once Vice President of the United States and served as Senator and Congressman several times.

The widow of the late Jeff Davis has at last decided to give to the city of Richmond the custody of the remains of her husband.

Foreign News.

Emperor William of Germany arrived at Port Victoria, England, on July 4th. He received a most royal reception and since his arrival there has been honored by the British in every possible way. He is much pleased with his visit and in a public speech declared his wish to preserve peace in Europe.

London philanthropists are taking steps to send the Jews expelled from Russia to Palestine.

Wm. Henry Gladstone, eldest son of the great English statesman, died on July 4th at the age of 51 years.

Advancing from the Congo Free State say that in the early part of the year several bloody battles were fought on the Upper Congo between State troops and Arab slave traders. The latter were badly routed and sued for peace.

The Anarchists of London have flooded that city with circulars denouncing King William and "damning him and the funkeys who cheer."

Queen Victoria's granddaughter, Princess Louise of Schleswig-Holstein, was married on July 6th to Prince Albert Anhalt. The wedding was a very brilliant one and held at Windsor Castle. It required 1,500 policemen to keep the crowd in bounds.

The recent elections and the treatment that the natives have received from the supporters has proved that Parnell, the ex-Irish leader, has been relegated to obscurity. He hoped by his marriage with Mrs. O'Shea to regain his old position, but that act only made matters worse.

Reports from Hayti are to the effect that the natives have had recourse to the voodoo dances and have returned to the practice of cannibalism as a part of their religious ceremony. It is stated that the country is again on the verge of civil war, and that a new man has arisen who will attempt to depose and succeed Hyppolite.

Shipping News.

The man-of-war Marion has gone north to assist in the enforcement of the Behring closed season.

The Fulton Iron Works have been awarded the contract for building the new quarantine boat at a cost of \$26,500.

The Nicaragua bark Don Carlos, owned by N. Richard and laden with nitrate from Caleta Buena, ran ashore on the beach south of the Cliff House on the evening of the 10th, and remained on the sand for three hours. She was pulled off by the Spreckels tug Relief, assisted by the Alert, a contract for the service being made for \$8,000. The total damage to the bark and cargo is estimated at \$14,000.

News reached here July 9th of the wreck at the harbor of Butaritari, in the south seas, of the Hawaiian bark George H. Douglass. The vessel sailed hence March 22d, and the disaster is understood to have occurred on May 14th or 15th. She struck on a coral reef while entering the harbor and soon became a total loss. Part of the cargo was saved. No lives were lost. The vessel was not owned by Wightman Bros. of this city.

"German Syrup"

For Coughs & Colds.

John F. Jones, Edom, Tex., writes: "I have used German Syrup for the past six years, for Sore Throat, Cough, Colds, Pains in the Chest and Lungs, and let me say to anyone wanting such a medicine—German Syrup is the best."

B. W. Baldwin, Carnesville, Tenn., writes: "I have used your German Syrup in my family, and find it the best medicine I ever tried for coughs and colds. I recommend it to everyone for these troubles."

R. Schmalhausen, Druggist, of Charleston, Ill., writes: "After trying scores of prescriptions and preparations I had on my files and shelves, without relief for a very severe cold, which had settled on my lungs, I tried your German Syrup. It gave me immediate relief and a permanent cure."

G. G. GREEN, Sole Manufacturer, Woodbury, New Jersey, U. S. A.

Hawaiian Hardware Co., Ltd.

MONDAY, July 20.

Every steamer, as well as sailing vessel, brings us something useful and often ornamental; things which you are, perhaps, in daily need of. An agate potato fryer is one of them. They save trouble, prevent dyspepsia, and give you potatoes that are palatable and free from grease. They are so superior to the old style utensil that you will not be without one once you have tried it.

You know what it is to have a miserable light dangling under your brake, don't you? Well, we offer you a lantern that does not need another one to show where the light is. We refer to the "Dietz Carriage Lamps." A perfect miniature head light that throws the light twenty feet ahead of the horse. We've sold a lot of them, and people tell us that they are the best they have ever tried. Nickel or Japan as you prefer. The price is the same. So is the light.

How do you do about ice water; make it in a pitcher or use a cooler? We like a cooler, (if you don't use a filter), because it saves trouble, and the water is iced at all times. The ice lasts longer, you know, if kept from the air. This last lot of Coolers received includes some in imitation hard woods, shaped like a small keg. Others are the regular shape, and a decided ornament to any room. They're all good in quality and will last a life time.

We have another novelty this week,—came just in the nick of time too. It's a little pocketable dark lantern, in nickel; throws a good light, and is as pretty as it is useful for what it is intended. The mysterious individual who prowls around at night in his bare feet makes it necessary for one to look about the house before retiring. Dirty foot prints are not desirable anywhere, and this lantern is just the thing to enable one to see in the dark corners without being seen. Policemen in England use them altogether. So do bicyclists. We think they are handy to have about the house, if only to use in going to the stable occasionally.

More Ice Chests and Refrigerators—best made whether on scientific principles or on a bench. Earthenware lined and nothing about them to become ill smelling, not even the price. There's no question about it, food lasts longer and keeps better in them than in any other refrigerator ever brought here. We're talking about Monroe's make now! same one we mentioned two weeks ago. If you want a good refrigerator this is the one to buy,—if you are not particular, anything will do.

The little filters and candlesticks we told you of last week are going about as rapidly as anything we have offered you lately. Customers seem to think as we do about them: everyone says they are a good thing. What do you say?

RESIDENCE LOTS!

For Sale at Auction.

I have received instructions to Sell at Public Auction, at my Salesroom on Queen Street,

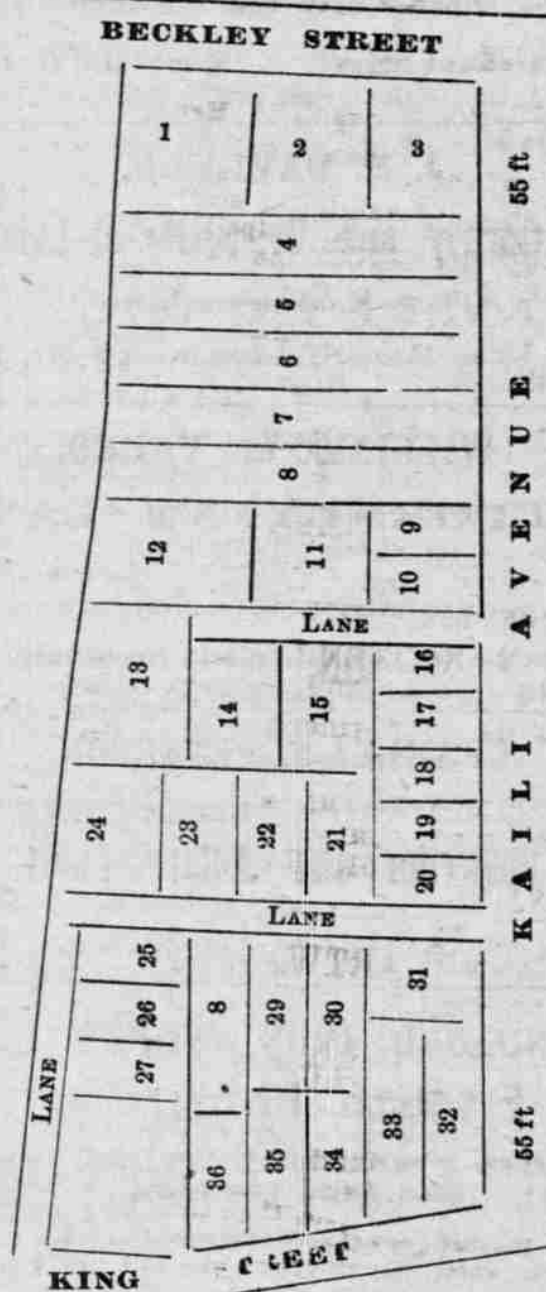

ON SATURDAY, AUGUST 1ST, AT 12 NOON,

36

Unrivaled Residence Lots

AT KALIHI,

About a quarter of a mile beyond the Kamehameha School. Following is a plan of the lots:

The lots have been laid out and divided in such a manner and size as to bring them within the reach of all who desire a home of their own within convenient distance from the business center of the city.

The location and general advantages of these lots are unequalled by any property of the kind offered in this city for years. Situated at the mouth of Kalihi valley, at a good elevation, pure air and healthy conditions are assured.

All these lots front on Kalihi avenue 55 feet wide, running through the place connecting King and Beckley streets, and being the widest streets in the suburbs of Honolulu.

The lots are situated at less than 3 minutes' walk from the terminus of the King street Tram Cars.

WATER—The plans are perfected, and it is now the intention of the Government to lay an 8 inch water main along the line of King street from the foot of Liliha street to the road passing the Kalihi churches, from which extension water is expected to be available within 8 months. For the present, water for domestic purposes can be obtained from Kamehameha School premises.

TERMS—ONE HALF CASH, Balance in one year at 9 per cent, secured by mortgage.

A large map of the property can be seen at my Salesroom, Queen street, where all desired information can be given.

Jas. F. Morgan,

2820-td AUCTIONEER.

LOCAL AND GENERAL.

The O. S. S. Australia sails for San Francisco on the 28th inst.

The Australia's mail consisted of 6,071 letters and 10,309 papers.

The pioneer F. Horn has something new. See "Special Business Items."

Per Australia, the Cala. Fruit Market received ice house fruits, vegetables, etc.

J. Lycurgus has all the latest fruits obtainable on the Coast, in his refrigerator at 87 King street.

During one of the days from San Francisco, the Australia made 362 miles, a pretty good twenty-four hours' run.

A package containing an ulcer was picked up on the street yesterday and left at this office. Will the owner call for it.

Invitations are out for a ball to be given to-morrow evening at the Hawaiian Hotel by Major W. H. Cornwell in honor of his daughter.

The San Francisco Call states that a company was incorporated in San Francisco July 6th to build an iron ship in the British Isles to be sold in Hawaii.

The tourists returning from the Volcano give a glowing account of its activity. The lava is still rising, and is estimated to be within about 300 feet of the top of recent break down.

The contract to dig an artesian well at Waikiki on a piece of land given by the Queen Dowager for that purpose, has been awarded to McCandless Bros. The best standard oil well casing will be used.

The Legation of the United States and the United States Consulate-General will display their flags at half mast to-day, as a tribute of respect to the memory of the late Vice-President Hamlin, who died at Bangor, Maine, July 4th.

When the wedding cake at the marriage Tuesday evening was about to be cut, the sound of music was heard, and whence it came was a matter of conjecture till the cake was sliced into, when the mystery was solved by finding a small music-box.

Mrs. G. W. C. Jones died Tuesday forenoon at her residence Palaua. She was 49 years old, and leaves a husband and a large family to mourn their loss. Her death was caused by dropsy. The funeral takes place from the residence at 11 A. M. to-day.

Successful Teachers.

Of the thirteen applications for teacher's certificates only eight were granted. The following named, with results given of each, are the successful ones:

Two Years' Certificate—May Alatau Atkinson, 91 per cent.; Molly Alatau Atkinson, 90 3-10 per cent.; Inez Perry, 87 1-10 per cent.; Carrie P. Green, 86 1-10 per cent.

One Year's Certificate—Margaret Roach, 82 1-10 per cent.; William Cuello, 78 per cent.; Edith Mist, 75 1-10 per cent.

Six Months' Certificate—C. D. Harding, 69 1-2 per cent.

Still at Large.

King Bro's. art store and Hart & Co's. ice cream parlors were raided Monday night by the same barefooted chap, the foot print in Hart's store measured ten inches. Two or three drawers were broken open in the ice cream parlors, but no cash was found. The thief, however, took a fresh supply of tobacco and cigarettes. In King Bro's store he ransacked drawers but as usual failed to find anything, having missed the one that contained some cash.

Hawaiian Hotel Arrivals.

The following named guests are registered at the Hawaiian Hotel: John A. Blanchard, Matthew Luce, Jr., Boston, Mass.; R. P. Rithet, W. R. Whittey, Milton Jones, San Francisco; Chas. Parsons, Wm. G. Pettus, C. P. Pettus, St. Louis; Robt. Halstead, J. F. Smithies, Waialua; A. M. McBryde, Mrs. E. A. McBryde, Waialua.

O. S. S. Australia.

The S. S. Australia, H. C. Houdlette, master, sailed from San Francisco Tuesday, July 14th, at 2 P. M., with 21 cabin and 50 steerage passengers. Freight—1,413 tons merchandise. Importations—\$75,000 specie. Weather—light trades, fine weather and smooth sea the entire voyage. Arrived at Honolulu July 21st.

Supreme Court—July Term.

JUSTICE DOLE PRESIDING.

TUESDAY, July 21. The attention of the Court was occupied all day with the Chinese murder trial.

AT CHAMBERS.

TUESDAY, July 21.

In re bankruptcy of Wong Hop. Proof of claims. Five creditors proved their claims amounting to \$1,740.08 and San Chong appointed assignee under \$500 bond.

There were over twenty fire alarms in San Francisco on the Fourth. The principal fire was on Bush street near Gough, where the century Baptist church and four dwellings were burned to the ground. The loss was \$100,000.

To those who need a pleasant Tonic for any kind of debility, we can recommend Clements' as the best. For sale by HOLLISTER & Co.

WEDDED.

Miss Annie Walker and Mr. E. F. Bishop United in Marriage.

Ceremony at the Residence of the Bride's Parents—Large and Brilliant Reception.

Tuesday evening, July 21st, some of the near relations and closer friends of the families of the bride and groom assembled at the residence of Hon. John S. Walker, the bride's father, to witness the marriage ceremony uniting in the holy bonds of wedlock Miss Annie S. Walker and Mr. E. F. Bishop, nephew of the Hon. Charles R. Bishop.

At 7:30 o'clock Rev. Alexander Mackintosh, pastor of the Second Congregation of St. Andrew's Cathedral, performed the ceremony according to the marriage rites of that church. The vows were spoken in front of a large mirror almost hidden by wreaths of evergreens, and bunches of flowers, tastily and beautifully arranged.

At the entrance to the hall on either side was a palm leaf, while a large, beautiful bouquet of roses filled a table in the hall with a basketful of the same and a Japanese vase of ferns and flowers added a very pretty effect on the opposite side. Over the lower part of the stairway were arched two palm leaves, tied with a white ribbon. Handsome bouquets of choice flowers, such as can be grown only in the Islands, lent fragrance and beauty to some of the other rooms.

The ushers were Mr. John Walker, brother of the bride, and Mr. James Wilder. Misses Mary Bell and Agnes Walker acted as bridesmaids. Mr. Oscar Herold presided at the piano.

The bride wore a magnificent dress made of fine French silk, V shaped, short sleeves, and trimmed with pearl beading. The usual veil and orange blossoms adorned her head, while the only ornaments worn were diamonds, the gift of the groom.

Hardly had the marriage vows been given, and the hearty congratulations of those present at the ceremony expressed, than the guests invited to the reception commenced to arrive. It was but a few minutes till there was a continuous throng passing to present their compliments and congratulations to the newly-married couple. The spacious parlors were filled with the host of friends.

Among the large number who attended the reception were noticed the following: Her Majesty Queen Liliuokalani, accompanied by the Princess David and Kalaupuanole, and attended by H. M.'s Chamberlain, Jas. W. Robertson, Mrs. Jas. W. Robertson and Mrs. W. H. Aldrich. Mr. and Mrs. A. T. Atkinson, Misses Atkinson (2), Mr. A. T. Atkinson, Jr., Mr. and Mrs. S. C. Allen, Miss Atherton, Dr. Anderson.

Judge and Mrs. F. Bickerton, Mr. and Mrs. E. Boardman, Dr. and Mrs. E. G. Beckwith, Miss Beckwith, Mr. C. Bosse, Miss B. Barnard, Mr. and Mrs. J. F. Bowler, Miss L. Brown, Mr. and Mrs. C. H. Brown. Mr. and Mrs. G. L. Carter, Mr. and Mrs. J. O. Carter, Misses Carter, Mr. J. O. Carter, Jr., Mrs. G. Cornwell, Misses Cornwell, Major W. H. Cornwell, Mr. and Mrs. Bruce Cartwright, Mr. A. J. Cartwright, Jr., Mr. and Mrs. Charles Creighton, Mr. and Mrs. W. R. Castle, Mr. C. E. Coville, Miss May Cummins, Mr. T. Cummins.

Judge and Mrs. S. R. Dole, Mr. and Mrs. S. M. Damon, Mr. W. W. Dimond, Miss May Dillingham, Miss Hattie Dickson, Mons. d'Anglade. Mr. and Mrs. C. H. Eldridge, Mr. J. Egan, Mr. and Mrs. George R. Ewart. Mr. and Mrs. Wm. Foster, Miss Mary E. Foster, Mr. and Mrs. W. E. Foster, Miss Fuller, Mr. H. Focke, Mr. W. F. Frear.

Mr. and Mrs. H. F. Glade, Misses Glade (2), Mr. and Mrs. W. M. Giffard, Mr. and Mrs. N. E. Gedge, Mr. and Mrs. C. T. Gulick, Mr. and Mrs. J. Gillfillan, Mrs. J. L. Graham, Mr. M. L. Goldberg, Mr. W. Williams, Mr. V. Ward, Misses Ward, Mr. H. M. Whitney, Mr. H. M. Whitney, Jr., Miss Nellie White, Mr. W. H. Wichman, Hon. and Mrs. R. D. Walbridge. Mr. and Mrs. Alex. Young, Misses Young.

The presents are so numerous and handsome that it would take several columns to name them even without an attempt at description. One, though, a most valuable present, was the gift of Hon. Charles R. Bishop of one hundred shares, par value \$100, in the C. Brewer & Co., of which Mr. E. F. Bishop is the recently elected secretary.

A most delicious luncheon was served shortly before 10 o'clock, to which all did ample justice. During the evening a band of musicians enhanced the time with both vocal and instrumental selections.

The newly married couple will leave to-day for Waialua to be the guests of Mr. Paul Isenberg. They will return to their home in the valley August 9th.

With their hundreds of friends the ADVERTISER joins in wishing them a long, happy and prosperous life.

NEW ADVERTISEMENTS.

No Steam! No Fire! No Boiler! No Danger!

REGAN VAPOR ENGINE!

The above cut is an excellent illustration of our Horizontal Engines which we manufacture in sizes from 1/4 to 20 Horse Power, and are adapted for Pumping, Electric Lighting, Running Elevators, Harvesting and Threshing Machines, Printing Presses, Boat and Sloop Machinery, Grinders, Band and Jig Saws, Hoisting, Mill and Mining Machinery, Coffee Mills and Roasters, Polishing and Finishing Machines, Ventilating Apparatus, Emery Wheels, etc.; in fact everywhere power is needed.

The REGAN VAPOR ENGINES having more than realized the anticipations of purchasers, we have now the pleasure to submit Local References.

REFERENCE:

Mr. JOSEPH TINKER: DEAR SIR—I put on hand from you one of your 2 Horse-Power Horizontal REGAN VAPOR ENGINES, and after four months' trial it has worked in every way most satisfactorily. The Engine making 220 Revolutions and running a Rotary Pump with a belt making 180 Revolutions without any effort. It is doing the work with great force, at the rate of 30 gallons per minute, or 1800 gallons per hour. It is run by the yard man, and he finds no trouble whatever in running it. It is doing everything that was claimed for it, and I should consider it a very handy, safe and simple engine for anyone to run who is not an engineer, and therefore recommend these engines to anyone. I remain, yours respectfully, MARK P. ROBINSON. HONOLULU, June 1, 1891.

Illustrated Catalogues can be had and the Engine can be seen running in full operation at the City Market, Nuuanu street.

JOS. TINKER, Sole Agent

To All Those Contemplating Building!

I would feel grateful at any time to have an opportunity to tender for any kind of building where the plans and specifications are complete; but I positively decline to give an estimate to any parties where the specifications constantly refer to DETAIL DRAWINGS HEREINAFTER FURNISHED. Why not do the fair and proper thing by the owner and contractor, furnish detail drawings if any are required for the work, together with the plans and specifications. Otherwise say nothing about details but leave them for the Contractor's imagination: guess work is good if you guess right. Respectfully,

GEO. W. LINCOLN.

Oceanic Steamship Company
