## IN MEMORY OF BRAVE MEN DEAD

**Decoration Day Fittingly  
Observed by People  
of Honolulu.**

Veterans of the Civil War, comrades of George W. De Long Post No. 45, Department of California and Nevada, wearing badges showing their rank and former army corps, gathered in the little G. A. R. burial plot in Nuuanu Cemetery yesterday afternoon and did honor to the memory of their comrades buried under the little flower and flag-bedecked mounds. At the foot of the flagstaff, from which hung the Stars and Stripes at half-mast, an old fashioned cannon mounted on a wooden carriage was covered with ilima leis and maile, its muzzle was filled with the lilies of peace.

A great concourse of people turned out in honor of the day when the veterans of the Civil War lay flowers on the graves of their dead comrades and listen to the patriotic address which tells them that the deeds they performed in smoke and flame have passed into glorious history.

The procession formed at the corner of Emma street and Beretania avenue. At the head of the column was Marshal Charles T. Wilder, son of a deceased veteran, and his aide, Frank Andrade. Next came a platoon of mounted police commanded by Captain Leslie. After these guardians of the city's peace came the St. Louis College band, and then two companies of the 10th United States Infantry from Camp McKinley, in khaki uniforms. Four companies of the Hawaiian National Guard, commanded by Col. Ziegler, followed and then a detachment of marines from the Naval Station and sailors from the U. S. S. Iroquois, the Kamehameha School cadets in uniforms of gray. The veterans of the Civil War, members of George W. De Long Post No. 45, G. A. R., were in carryalls, each veteran wearing the black G. A. R. slouch hat with gold-cord.

The orator of the day, Principal Perley Horne of Kamehameha Schools, rode in a carriage with General Hartwell, who commanded a regiment during the war. Following came invited guests in carriages. It was a fine turnout.

At the cemetery the guests of honor, including the orator of the day, General Hartwell, Col. Soper and Major Reilly, the latter two being members of the Governor's staff, occupied seats in an enclosure overlooking the little G. A. R. plot. Mrs. L. L. McCandless, who was a participant in the exercises was also given a seat of honor. The veterans occupied chairs facing the graves. Kaahumani school girls under their principal, Miss Felker and Mrs. Tucker, were grouped behind the flag-staff and in rear of them was Company H, N. G. H., commanded by Captain Sam Johnson.

The program was as follows:

Decoration Day.....School Children  
Directed by Madame Annie B. Tucker  
Music.....St. Louis College Band  
Ritual.....  
.....Robert Nelson, Post Commander  
Prayer.....L. L. La Pierre, Chaplain  
Ritual.....Post Commander  
Reading—"The Blue and the Gray"  
.....Mrs. L. L. McCandless  
Music.....Band  
President Lincoln's Gettysburg Address.....Richard Mossman  
Address.....Perley H. Horne  
Principal Kamehameha School.  
Song Decoration Day.....  
Words by Mrs. Lilitia Walker of Kaula School.  
Roll Call of the Dead.....  
.....John W. Francis Adjutant  
Ritual.....Chaplain  
Decoration of Graves.....Fred Turrill  
Office of the Day and School Children  
Salute the Dead.....  
.....Firing Squad, National Guard  
Song—"Now the Day is Over"  
.....School Children  
The recitation of the Blue and Gray by Mrs. McCandless was a splendid effort, and Richard Mossman who recited Lincoln's Gettysburg address, showed that he was an orator in embryo.  
Perley H. Horne, Principal of the Kamehameha Schools, made an able

ENA OF BATTENBERG, WHO WILL BE QUEEN OF SPAIN TODAY, AND HER FUTURE HUSBAND, ALFONSO XIII.

## KOREANS AND CARL SMITH

**Bar Association Calls  
the Hilo Attorney  
to Account.**

Carl S. Smith, the Hilo attorney and a member of last Legislature, is called upon by the Hawaiian Bar Association to defend his professional conduct with relation to the case of the five Koreans lately condemned to death for murder. Two of the men were saved from the gallows at the eleventh hour partly in spite of Mr. Smith, although he was the counsel assigned by the court for the defense of the six Koreans accused of the crime.

It is not exactly for Mr. Smith's mere opposition to the movement for commutation that he is brought to book, but for his having exposed in writing the confidences of his unfortunate clients. A resolution passed by the Bar Association, at a meeting held yesterday morning, in its preamble referred to a letter purporting to have been signed by C. S. Smith, a member of the Association, in reply to a letter by F. W. Milverton, Deputy Attorney General, to him, and submitted both letters as exhibits. The resolution itself follows:

"Resolved, That a committee of three members of this Association be appointed by the President with directions to investigate the matter of the conduct of said Smith in the premises, and all other circumstances surrounding the matter, and to report the result of its investigation with its recommendations, to this Association at a special meeting to be called by the President for that purpose."

### THE LETTERS.

Following are the letters exhibited:

"Honolulu, April 10, 1906.  
"Carl S. Smith, Esq., Hilo, Hawaii.  
"Dear Sir:—Friends of the Koreans who were convicted of murder in the first degree at the present term of the Fourth Circuit Court and sentenced by Judge Parsons to be hung, are about, through the Rev. Wadman, in charge of the Korean mission, to intercede with the Governor, with a view of having the sentence imposed commuted.  
"I would appreciate it very much if you could advise me as to whether you have any facts to present which in your opinion would warrant any reduction of the sentence, and whether you

(Continued on Page 3)

## KING OF SPAIN TO WED TODAY

(Associated Press Cablegrams.)

MADRID, May 31.—Today the Princess Ena of Battenberg becomes the wife of the King of Spain. The royal wedding will be celebrated with all the pomp that attends such ceremonies in the Spanish court.

### PLOT TO KILL ALFONSO.

LONDON, May 30.—It is reported that a plot to assassinate King Alfonso of Spain, has been discovered by the secret police.

Of course it is possible that a plot to assassinate the King of Spain on the eve of his wedding has been discovered. The party of violence in Europe likes to do spectacular things, and to slay Alfonso XIII on his wedding day would be spectacular enough to satisfy the most exacting.

If the plot has been found, of course it will be frustrated, and it may be expected that nothing will be permitted to mar the royal ceremony to occur at Madrid today. And so, for the second time in history, an English Princess will contract a Spanish marriage, which it is to be hoped will be more happy than was the wedding of Philip and Mary. The match, however, has been most distasteful to the masses of the English nation, largely of course on the religious side.

## BRITISH SHIP WRECKED AND MANY DROWNED

CONCEPCION, Chile, May 31.—The ship Lismore, from Melbourne to Coronel, has been wrecked near Santa Maria. Twenty-two of her crew were drowned.

The Lismore was a British ship of 1598 tons, commanded by Capt. Cowell, and sailed from Melbourne for Coronel on April 29. Santa Maria, where she has been lost, is a rocky islet in the mouth of Arauco Bay, not very far from her port of destination.

## RISE IN RICE CAUSES FOOD RIOTS IN CHINA

SHANGHAI, May 31.—Rice is abnormally high, and there are food riots in the Yangtze valley.

The valley of the Yangtze, the heart of China, is one of the most densely populated regions on the globe, and one where the mass of the people are so extremely poor that a rise of a few cents in the price of rice, the food staple of the country, would necessarily be followed by consequences the most appalling. A famine in the Yangtze valley would be one of the most dreadful calamities possible to humanity.

## ADMIRALS TO BE COURT-MARTIALED.

ST. PETERSBURG, May 31.—The trial by court martial of Admirals Nebogotoff, Grigorieff and Smirnoff for surrendering to the Japanese will commence in June.

## SUGAR PLANTERS OF PORTO RICO FACE BIG STRIKE

**Several Cane Fields Are Burned, and the Situation Is Grave Because the American Federation of Labor Aids the Strikers.**

(Associated Press Cablegrams.)

SAN JUAN, Porto Rico, May 31.—Strikes of field workers are having a serious effect upon the sugar plantations, the situation being the more grave because the American Federation of Labor is openly aiding the strikers.

Several cane fields have been burned.

It is not Hawaii alone that has trouble with plantation laborers, but in these islands at least there has been no interference of the mainland labor organizations in the troubles that have arisen between the planters and their laborers. Strikes are few here, and have so far not extended from one plantation to another.

Throughout Porto Rico the average wage paid in the cane fields is considerably below the standard for labor in the United States, ranging, according to the World's Work, from 30 cents to \$1.20 a day. The working day consists of from 10 to 12 hours, although the productiveness of labor is not as great as it is with shorter hours on the mainland.

The native population is two-fifths negro in number and up to a year ago there had been a serious trouble between labor and capital. The American Federation of Labor extended its jurisdiction to the island in 1901.

The have been, as a rule, law abiding and appreciative of the efforts made to improve their condition by the United States government.

## REBELS IN GUATEMALA STILL VERY ACTIVE

TAPACHULA, CHAPAS, Mexico, May 31.—General Toledo is preparing to invade Central Guatemala and give battle to President Cabrera at the gates of the capital. Cabrera's statement that the revolt has been crushed is ridiculed among Guatemalans.

### SENTIMENT FOR BARILLAS.

There is a very strong sentiment favoring ex-President Barillas for the Presidency of Guatemala.

Evidently Mexico is not doing a great deal to prevent the invasion of the neighboring republic from points within its borders. The first cablegrams containing information of the rebellion against the authority of Cabrera indicated that Mexican territory was being used as a base by the filibusters, and now news of a second invasion come directly from a town in Mexico. That, however, is the usual Latin American manner.

The cablegram from Tapachula makes it clear, that President Cabrera is not going to crush his foes with a proclamation.

## GREAT FLOODS SWEEP DOWN WALLA WALLA

WALLA WALLA, Washington, May 31.—A swift rise in the Walla Walla river has flooded this city, and many houses are threatened.

Outside the city, conditions are even more serious. People in the lowlands are fleeing to the hills, railway tracks are undermined, and many bridges are gone.

It is said the losses in this city alone will amount to a quarter of a million dollars.

Walla Walla, a thriving town in southeastern Washington on the Walla Walla river, is the county seat of the county of the same name. It is on the line of the Union Pacific railway, and has a population of probably ten thousand.

## BATTLESHIP MONTAGU WILL BE TOTAL LOSS

LONDON, May 31.—It is feared that the British battleship Montagu, which is ashore near Lundy Island, will be total loss.

The battleship Montagu, of 14,000 tons displacement and with a complement of 750 men, was built at Devonport in 1902. She carried four twelve-inch, twelve six-inch and twelve three inch guns, and a strong secondary battery, with four submerged torpedo tubes.

## AN AUSTRIAN STATESMAN TO FORM A CABINET

VIENNA, May 31.—Baron Von Beck is forming a new Cabinet.

The cables on Wednesday carried the information that the Emperor of Austria had accepted the resignation of the Cabinet, the crisis arising because the Austrian statesmen were dissatisfied with the terms of the settlement of the difficulties between the two parts of the dual empire, Austria and Hungary.

## Ruberoid for Dwellings

Tin, iron or shingles will not last as long as Ruberoid roofing and are far more expensive. Ruberoid roofing obviates the danger of rust, rot and corrosion and costs little or nothing to keep in repair. It is also absolutely waterproof and fire resisting.

No skill required to lay it. We furnish the nails and instructions, and any handy man can do the job.

Gives a handsome and finished appearance to a residence.

# PROGRESS AT NEW POST

## Kahauiki Will Be New Beauty Spot for Honolulu.

Peerless for scenic beauty of situation, beyond comparison for salubrity of climate, graceful in architectural composition and commodious in detail, the Kahauiki Army Post overlooking Honolulu, when its buildings are completed and its grounds brought under cultivation, cannot fail to be the joy of the whole military establishment of the United States.

Riding out to the reservation in an electric car, on reaching the summit of the hill by the Pacific Fertilizer Co.'s works, one catches the first glimpse of the Post buildings. Without knowing what they are the visitor would say that it is no ordinary suburban village—the irregular appearing group of imposing structures as yet unpainted upon the opposite hill beyond the gulch—which bursts on his view. Honolulu could hardly, notwithstanding its rapid suburban development, produce such a simultaneous erection of so many houses upon a single tract, and houses so large, in one solitary scheme of real estate enterprise.

There are twenty-three buildings at the Kahauiki Army Post completed, all but the finishing touches by the carpenter inside and the painter all over. On the south side of the Ewa road or King street, the hospital stands apart though of course within the reservation. All of the other buildings are upon the plateau on the north side of the road. The hospital is two-story, about fifty feet square, with a truncated roof. It has deep verandas on both floors. There are small square lights above the second floor windows, probably intended for ventilation with avoidance of strong drafts. A house for the hospital steward is to be erected on the same grounds.

Entering an old gateway at the corner of the parade ground site, from the road just after it crosses the gulch, a two-story building 170 feet long stands close on the left. This is the subsistence storehouse. It is profusely lighted with iron-barred windows and topped with a ridge roof.

Proceeding along the line of the street to be, passing the building just mentioned, in one or two hundred yards the first of twin barracks is reached. These are long, well lighted and ventilated, two-story structures. A canopied cross hallway section is in the middle, dividing each building into two wings. Rows of seven windows extend on either hand from the hallway entrances. The barracks are in line a few yards apart. Each building will accommodate one company of soldiers.

Facing the barracks, across the street, are three single-story buildings of bungalow type. Two of them are lavatories and one is the mess hall.

A cluster of buildings two or three hundred yards eastward from the barracks group consists of the quartermaster's storehouse, stable, wagon shed, forage storehouse and mechanics' shop. An oil warehouse will be added to this cluster.

Making a fresh start from the Ewa road, a few hundred feet beyond the gateway westward, the line of a curving street of officers' residences is entered. Four next the road are for lieutenants. Then come three for captains with two more for lieutenants beyond. They are comely looking two-story cottages with pavilion roofs and have verandas and balconies on their eastern fronts and northern sides. There are two smaller cottages, two-story, at the end of the row for non-commissioned officers.

Between the last of the lieutenants' houses and the pair for non-coms, stands the administration building, of two stories with truncated roof and ground dimensions, judging by eye, of about sixty feet square. It is one of the most imposing structures upon the reservation and to all appearances one of the most comfortable—as it should be, considering that the business of the Post will be done inside of it.

All of the buildings thus far mentioned are wooden, but they are of especially strong construction. The underpinning consists of concrete pillars upon hard pan. One end of each of the barracks is enclosed, beneath the ground floor, by concrete walls.

A bakery of concrete is under construction between the subsistence storehouse and the barracks.

A magazine of iron and concrete is advanced in construction as far as the laying of the first floor joists. This structure lies beyond rough ground several hundred yards to the northward of the barracks.

The underpinning is in place for a guardhouse near the bakery.

Altogether twenty-seven or twenty-eight buildings are included in the present contract of the Burrell Construction Co., of which twenty-three are practically finished on the exterior save the painting. The remainder are either under way or to be started soon. Work began about the first of the year and it is expected that the contract will be fulfilled about the first of October.

H. H. Burrell personally superintends construction for his company. Mr. Hassfurther is the structural engineer for the company, and J. L. Young structural engineer and inspector for the U. S. Government.

Contracts have been let for the sewers and septic tanks, also for the water system including artesian wells. The Post will have its own power house for electric lighting, etc.

A spacious parade ground will be prepared between the officers' row and the barracks. There will be beautiful lawns on all sides.

No spot in all the beautiful environs

of Honolulu has a grander background of mountain scenery than the Kahauiki military reservation. The domes and serrated ridges of the Koolau range for miles of a stretch are in view. Punchbowl shows its emerald diadem over the low ridge on the town side and Diamond Head beyond rears its peaked crown. Away to the south the ocean sparkles into infinity and in the immediate foreground a silvery inlet meets the vivid greenery of Mr. Damon's park at Moanalua. Withal there is no place on the island more deliciously favored of the cooling trade winds.

Kahauiki Army Post will shortly be one of the greatest show places of Honolulu. Every army officer—every man in Uncle Sam's uniform—ever having the fortune to be quartered there may be counted in advance as a volunteer member of the Hawaii Promotion Committee.

## IN MEMORY OF BRAVE MEN DEAD

(Continued from Page 1.)

Memorial Day address to the veterans. He said in substance:

Veterans of the War, Sympathetic Friends, All: Forty and five years have passed away since there sprung into existence, as in no other time, mighty armies in response to Lincoln's call for volunteers. Created almost out of nothingness these armies at the beginning were poorly equipped, without training, and without officers. Oh, the glorious history of that war that has called out in the lessons derived therefrom a heroic devotion and self-sacrifice, brilliant achievements that marked the whole course of the war of '61. Never will it pass from the minds of the veterans here present, or throughout the world, memories of those days. Well will they remember the tattered uniforms, the unbeatable infantry, the unconquerable cavalry, the wild charge, the roar of battle and at times the terrible retreat. We sons of veterans, who glory in the days of the past, who hung at our fathers' knees eager to gather the story of that war, will always remember the past as well as our children and our children's children, the story of those days as it has come to us. One of the armies followed a flag in that war, created in the din and roar of battle, and after the four years it was fought for, it disappeared from the earth. The other army followed the glorious old Stars and Stripes, created in the days of the Revolution.

Thirty-seven years after the opening of the Civil War another war broke out and then our fathers from the North and from the South vied with each other in seeing who would be first ready to respond to the call of the nation, and South and North and North and South fought side by side to prove that there is only one American nation, that there is but one flag and that the glorious Stars and Stripes.

Soon after the Civil War, one fair Sunday in the month of May the people gathered together and with music, flowers and song and prayer dedicated the decoration of graves of those who had fallen in the strife. That act itself brought out the greatest feeling throughout the United States. It was the symbol that the perils of war were over and there was ushered in a reign of peace and year by year that simple service has by deep consecration cemented the union of this great nation.

Naturally, directly after the great war, it was the personal element that made Memorial Day so attractive. Many were the graves that were decorated; many the friends that gathered around to decorate the graves, and naturally as the years have gone by that personal element has somewhat disappeared and today we commemorate the ideals of the American soldier. We see the ranks of the veterans grow thinner year by year. Theirs is an army to which there can be no recruits. The artillery of time is making terrific ravages in their ranks, but while they live Memorial Day will live and flourish. And when they have all passed away Memorial Day will still live in the hearts of Veterans and when they have passed away the glorious ideals will live in their children.

Today, all through the broad land, East and West and North and South and even in these islands of the sea, we see people gathered together to do honor to the day. Let no man make you believe that this day will die. It is not so. This day represents freedom. It is as old as the world. It has found its greatest response among the American people. We cherish its principles and pass them on to our children. This same principle was evidenced in those who fought at Lexington and hung on the retreat from Concord, and faced death at Bunker Hill and experienced the horrors of famine at Valley Forge. This principle is imbedded in the hearts of the English people from Runnymede to Gettysburg and to the terrible charge up San Juan hill. This principle of liberty is what we celebrate today.

We have two national holidays, the Fourth of July which ushered in the birth of the nation, and Memorial Day the preservation of that nation.

The war teaches us of courage in the standing up for principle, of standing by the truth and sincere self-sacrifice.

You veterans of the war, you know what all this means. As the years go by it crystallizes in your memory. What then is the lesson for us, not in words only, but in deeds. Let us train our children also in the way you have trained your children. I shall ever remember the lessons I gathered at my father's knee, as he told me of the war of '61. Never can I forget those stirring campaigns of three years. They have become a part of my life, an inspiration to me and will ever remain with me and will be transmitted to my children and to their children and on down through time so long as this nation shall have before it this day of memory. Show the children the graves of the soldiers; let them understand the meaning of such names as Washington, Lincoln, Grant and Lee.

This Memorial Day shall never pass from our understanding. Never let us hear that this day is liable to die because of lack of sympathy. People come in increasing numbers to these

services all over the land. As the ranks of the veterans grow thinner the principle grows larger and goes more and more to the heart of the American people. Let us ask the Almighty Giver to help us to be worthy of the heritage we have received and pass this day on to our children that they in turn may pass it on to the coming generations. God save the American nation.

After the firing of three volleys across the graves of the veterans by Capt. Johnson's guardsmen, the people dispersed.

## ONE MORE VOTE GIVEN TO AMERICA

ROME, May 5.—At today's session of the executive committee of the international postal convention, Edward Rosewater, of Omaha, Neb., one of the American delegates, moved that the United States be allowed one additional vote to represent her island possessions, namely Hawaii, Porto Rico and the Philippines.

The motion, seconded by M. Jacoty, head of the French delegation, was carried unanimously.

The success of the United States was emphasized by the warm debate which followed the British propositions to increase Great Britain's vote by one, to represent the Transvaal and Orange River colonies and by another vote to represent New Zealand, which were defeated by a majority of five.

### AN AMERICAN REMEDY.

There is probably no medicine manufactured that can be found in more homes in the United States than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has been in general use for over thirty years and each successive epidemic of diarrhoea and dysentery during this time has tested its merit and proved its superiority over all similar preparations. The reliability and prompt cures of this remedy have won for it the confidence of many physicians who often prescribe it in their practice. No case has ever yet been reported where its use has failed to give relief. This remedy is for sale in this city by Benson, Smith & Co., Agents for Hawaii.

### AILING WOMEN

Are greatly benefited by taking a few doses of the Bitters, especially in cases of monthly irregularities, or general weakness. It has a wonderful toning and strengthening effect on their weak organs and never fails to give satisfaction. Hundreds of women use

### A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, as it were, of the vital forces that sustain the system. No matter what may be its cause (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, some of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is INCREASED VITALITY—vigorous—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings, and experience be more certainly secured by a course of the celebrated life-reviving tonic

**THERAPION No. 3**  
than by any other known combination. So surely as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXHAUSTED LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and valueless. This wonderful medicament is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and ages, to either sex; and it is difficult to imagine a case of disease or derangement, whose main feature are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

**THERAPION**  
is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapion" appears on a red ground stamp (the white letters on a red ground) attached to every package by order of His Majesty's House of Commons, and without which it is a forgery.

## FOR THE BATH

M'lady realizes "In the good old  
Summer time" that frequent ablu-  
tions are necessary and that in-  
dulgence in extracts and perfumes  
of the strong-smelling varieties is  
more offensive to the average per-  
son than the odor from perspira-  
tion. For the bath, and as a  
preventative to the unpleasant re-  
sults from offensive body odors,  
Toilet Ammonia is strongly re-  
commended. It gets to the bottom  
of the trouble, down to nature it-  
self, and corrects the difficulty. A  
few drops in the bath is all that  
is necessary. Combined with a ju-  
dicious use of Colgate's or Lubin's  
toilet soaps, the most satisfactory  
results ensue.

After the bath a light toilet  
water, violet or delicate lavender,  
is suggested as the means to a de-  
lightful end. These waters are  
prepared with due regard to the  
pungency of the odor and with a  
care that will prevent the users  
being referred to as coarse and  
vulgar. The lady who adopts  
these preparations may go on the  
street carrying with her the de-  
licate fragrance of the rose and not  
cause unfavorable comment. Hob-  
ron has them and others of differ-  
ent makes and odors.

HOBRON DRUGCO.

## Moana Hotel Summer Rates:

On and after May 1 the Moana Hotel  
at Waikiki will offer special rates for  
the summer season, up to November 1.  
The Moana Hotel is located on the  
most delightful curve of Waikiki Beach,  
and, with the bathing facilities, added  
to the excellent cuisine, service and  
cool rooms, single and en suite, make  
the Moana Hotel a delightful summer  
home. The Moana is a modern, thor-  
oughly up-to-date hotel and its superb  
location makes it doubly attractive to  
townsfolk.

J. H. Hertsche,  
MANAGER.

## LIQUOR MEN BADLY HURT

### Still the San Francisco Wholesalers Approve Saloon Closing.

SAN FRANCISCO, May 18.—Chief  
Deputy C. G. Fowler in the office of  
United States Internal Revenue Col-  
lector John C. Lynch was asked yes-  
terday as to the effect upon internal  
revenue business and the liquor trade  
of the action of the city authorities  
in preventing the sale of intoxicants  
here.

Mr. Fowler replied that a sufficient  
length of time had not yet elapsed to  
show the effects of the Mayor's order  
upon internal revenue business, but  
there could be no doubt as to the ef-  
fect upon the business of the breweries  
and distilleries of this peninsula. Local  
breweries have lost heavily, not  
only by the fire, which destroyed much  
cooperage, but in business, while brew-  
eries in the interior have profited cor-  
respondingly.

San Francisco was a heavy exporter  
of beer for interior towns, but the fire  
having destroyed the largest breweries  
in the city and crippled many more,  
this trade is lost for the present at  
least. The demand is being supplied  
by the local interior establishments  
and those at Seattle and Tacoma, but  
on the other hand those of the last-  
named cities have lost a big trade  
which they possessed in San Fran-  
cisco previous to the fire.

The whisky rectifiers are also heavy  
losers, for the fire destroyed the bulk  
of the spirits and the chemicals out of  
which they manufactured a strong  
drink called by courtesy whisky, and  
Eastern rectifiers have come into the  
field and are beginning to supply the  
Coast with rectified "goods." They are  
also making strenuous efforts to gain  
permanently the trade that was once  
San Francisco's.

### WHOLESALE LIQUOR MEN FAVOR TEMPORARY CHECK

Mr. Fowler added that some of the  
local rectifiers had already started up  
to do business, but they were seriously  
handicapped by the scarcity of coop-  
erage and appliances and also because  
of the difficulty of obtaining good  
water here. He said that the Hoteling  
establishment had paid as high as  
\$2.50 per barrel for distilled water to  
use in its work of rectifying spirits.

Many wholesale liquor men and  
some of the more prosperous class of  
retailers have expressed their opinion  
to Deputy Fowler that the city author-  
ities were right in stopping the sale of  
liquor for, say, six months, in the  
present crisis, as they realize that any  
disorders or crimes traceable to over-  
indulgence in intoxicating drinks  
would be laid at their doors.

The San Francisco Real Estate  
Board met yesterday and adopted res-  
olutions asking the Board of Super-  
visors to adopt an ordinance fixing the  
price of a retail liquor license in the  
city at \$1000 a year, payable quarterly  
at the rate of \$250 a quarter, to go  
into effect July 1, 1906, and also rec-  
ommending to the Mayor and Board of  
Police Commissioners that no retail  
liquor license shall be issued prior to  
July 1. The resolutions follow:

Whereas, Owing to the disaster of  
April 18, 1906, the conditions prevailing  
in the city of San Francisco have  
changed; and

Whereas, The closing of retail liquor  
saloons in San Francisco during the  
past four weeks has demonstrated be-  
yond any question the splendid fact  
that the good order and freedom of the  
city from any crime has been almost  
entirely due to such closing of sal-  
oons; and

Whereas, Many people who, prior to  
the 18th of April, 1906, were engaged  
in the retail liquor business, have  
sought other employment and are en-  
gaged in other business; and

**REAL ESTATE DEALERS  
ADVOCATE HIGH LICENSE**

Whereas, The municipal departments  
of this city will require for some time  
to come large sums of money which  
must be raised from the available  
sources of revenue upon which the  
city is dependent, namely, taxation and  
licenses; and

Whereas, It has been shown in the  
past that fully 50 per cent and more  
of the energy and time of the Police  
Department has been spent in making  
arrests of what is termed on the prison  
registers as "drunk"; and

Whereas, A large percentage of the  
other misdemeanors and crimes are di-  
rectly traceable to the influence of in-  
toxicating drink; and

Whereas, The San Francisco Real  
Estate Board believes that the expense  
of maintaining the San Francisco police  
force should be largely or almost  
entirely contributed by the revenue  
derived from the retail liquor li-  
censes; and

Whereas, The San Francisco Real  
Estate Board believes that upon the  
withdrawal from the city of a large  
number of United States troops and  
National Guard now on duty and the  
consequent necessity for the employ-  
ment of the entire available police  
force for patrol duty in protecting  
property and maintaining peace and  
order in the community; and

Whereas, The San Francisco Real  
Estate Board believes that in order to  
properly accomplish this that the present  
police force should be increased;  
be it therefore

on the first day of July, 1906; and be  
it further  
Resolved, That the San Francisco  
Real Estate Board recommends to the  
Mayor of San Francisco and Board of  
Police Commissioners that no retail li-  
quor license be issued to any one prior  
to that date.

## KOREANS AND CARL SMITH

(Continued from Page 1.)

have any reason to urge why the death  
penalty should not be imposed.  
"A reply by return mail will greatly ob-  
lige, as the Governor desires to take  
up this matter immediately. I am very  
truly yours.

"FRED W. MILVERTON,  
"Deputy Attorney General."

"Hilo, Hawaii, April 12, 1906.

"Fred W. Milverton, Esq., Deputy At-  
torney General, Honolulu.

"Dear Sir:—In answer to your com-  
munication numbered D 115, under date  
of the 10th inst., I beg to say that while  
I have a natural prejudice against the  
execution of criminals, still I believe  
that this punishment is one of the best  
safeguards which we have in deterring  
persons from committing crime. I have  
carefully considered the question which  
you submit to me, which is whether I  
have any facts to present which would  
warrant interference of the executive  
in reduction of the sentence, and must  
reply in the negative. As counsel for  
the defendants, assigned by the court  
to represent them upon an indictment  
found, I examined into the facts and  
details of the case and must confess  
that in all of the experience which I  
have had, directly and indirectly, with  
criminal law, I have never known of a  
case in which the death penalty was a  
more fitting punishment for the crime  
of homicide. Each of the defendants  
plainly stated to me that what he did  
was done with the most absolute delib-  
eration, being affected neither by  
frenzy of any description, nor intoxica-  
tion. Each defendant explained to me  
that he was well aware of the unlaw-  
fulness of their assault and homicide,  
and that the law of the country from  
which they came is identical with the  
law of this country. Each man seems  
to be possessed of a normal mind and  
of sufficient intelligence to enable him  
to carry on the work of a laborer in his  
station of life. So far as the law is  
concerned, the homicide was committed  
with the most undeniable premeditation  
and neither from the standpoint of  
legal ethics or from any normal senti-  
ment does any reason occur to me why  
there should be any executive interference  
in this matter.

"Very truly yours,  
"CARL S. SMITH."

### THE PROCEEDINGS.

Judge A. Perry presented the original  
resolution, but it was abbreviated from  
his draft to the above form. Many  
members spoke on the resolution, but  
a request was made that individual  
opinions be not published. The sense  
of the meeting, however, was prac-  
tically unanimous that Smith had vi-  
olated the confidential relations that  
must exist between attorney and client,  
in disclosing the statements of fact  
made to him by the defendants which  
nowhere appeared in the record of the  
case and which would never have been  
made public except through the attor-  
ney's own divulgence.

It was urged by some speakers that  
the offense was one which could not  
be overlooked by the Association and  
preserve its dignity. In answer to a  
question why the Supreme Court had  
not taken notice of the incident, it was  
said that the Supreme Court did not  
feel justified in taking up such matters  
of its own motion when no statute on  
the subject existed.

The resolution having passed by  
unanimous vote, the president appoint-  
ed A. Perry, W. L. Stanley and D. L.  
Withington as a committee of investi-  
gation.

### OTHER BUSINESS.

The Association elected the following  
officers for the ensuing year: W. L.  
Stanley, president; S. M. Ballou, vice-  
president; R. B. Anderson, secretary;  
W. L. Whitney, treasurer. W. C.  
Parke as appointed auditor by the  
chair. A. G. M. Robertson, the presi-  
dent for two years past, declined re-  
nomination.

S. B. Kingsbury was elected a mem-  
ber. The application of Harry T. Mills  
was tabled.

S. M. Ballou reported for the com-  
mittee on Supreme Court rules that a  
fairly satisfactory code, though not al-  
together such as the committee asked,  
had been promulgated by that tribunal.  
The report was adopted.

A. G. M. Robertson reported for the  
committee on legislation that it had  
communicated with Delegate Kuhio,  
urging the passage of the bill authoriz-  
ing the Federal Judge to appoint a sub-  
stitute in cases where he was disquali-  
fied.

A. Perry, for the library committee,  
reported a failure to induce the Su-  
preme Court Justices to accept any of  
the plans submitted whereby the law  
library would be accessible at night to  
members of the Association. They went  
no further than to concede the use of  
the clerk's duplicate key to the library  
on special occasions. The committee  
recommended asking the Legislature  
for an appropriation for a night librar-  
ian, and the Association gave it per-  
mission to prefer such a request to the  
Legislature.

C. L. Clemons reported having ob-  
tained the consent of the Chief Justice  
to placing the reports of mainland bar  
associations in the law library.

Those present at the meeting were  
A. G. M. Robertson, C. L. Clemons,  
A. Perry, L. A. Thurston, H. G. Mid-  
dleditch, S. M. Ballou, W. A. Kinney,  
Geo. A. Davis, H. E. Highton, W. W.  
Thayer, B. L. Marx, W. T. Rawlins,  
W. L. Stanley, A. W. Carter, C. R.  
Hemenway, Avon H. Crook, L. J.  
Warren, W. C. Parke, F. E. Thompson,  
T. M. Harrison and D. L. Withington.

The S. S. Mowera arrived off port  
about 10 o'clock last night coming from  
Sydney, via Brisbane, Suva and Fanning  
Island. The vessel will enter port  
early this morning and tie up at the  
Bishop wharf. No passengers can be  
taken from here as all her accommoda-  
tions were booked at the colonial ports.

## CUT WITH BIG KNIFE

### Two Portuguese Fight and One Is Injured.

Two Portuguese engaged in a fierce  
fight last night about 8:30 at the corner  
of Kaulahao lane and Queen street  
and one was so badly hurt that he was  
taken to the Queen's Hospital.

Vierra and Mariano have been at out  
for some time, although once they were  
bosom friends. Recently they have  
had little tiffs and it is said that Mari-  
ano had chased Vierra with the intent  
to do him bodily harm.

Last night Mariano started a fight  
with Vierra and used a butcher knife  
on him. He made a deep gash on the  
back of the neck, causing considerable  
loss of blood. The worst of the fight  
was seen by a night-watchman who  
was passing and he notified the police.  
Mariano was held by the night-watch-  
man and turned over to the officers.  
Vierra was quite weak from his wounds  
on being taken to the hospital, but  
was reported to be resting easily late  
in the night.

### THE BRIGHT SIDE

of life. It is a feeling common  
to the majority of us that we  
do not get quite the amount of  
happiness we are entitled to.  
Among the countless things  
which tend to make us more or  
less miserable ill health takes  
first place. Hannah More said  
that sin was generally to be at-  
tributed to biliousness. No doubt  
a crippled liver with the result-  
ing impure blood, is the cause of  
more mental gloom than any  
other single thing. And who  
can reckon up the fearful aggre-  
gate of pain, loss and fear ar-  
ising from the many diseases  
which are familiar to mankind;  
like a vast cloud it hangs over  
a multitude no one can number.  
You can see these people every-  
where. For them life can scarce-  
ly be said to have any "bright  
side" at all. Hence the eager-  
ness with which they search for  
relief and cure. Remedies like  
WAMPOLE'S PREPARATION  
have not attained their high po-  
sition in the confidence of the  
people by bald assertions and  
boasting advertisements. They  
are obliged to win it by doing  
actually what is claimed for them.  
That this remedy deserves its  
reputation is conceded. It is  
palatable as honey and contains  
the nutritive and curative prop-  
erties of Pure Cod Liver Oil,  
combined with the Compound  
Syrup of Hypophosphites, Ex-  
tracts of Malt and Wild Cherry.  
Nothing has such a record of  
success in Scrofula, Influenza,  
Throat and Lung Troubles, and  
emaciating complaints and dis-  
orders that tend to undermine  
the foundations of strength and  
vigour. Its use helps to show  
life's brighter side. Professor  
Reddy, of Canada, says: "I have  
much pleasure in stating that I  
have used it in cases of debility  
and found it to be a very valu-  
able remedy as well as pleasing  
to take." You cannot be disap-  
pointed in it. Sold by chemists.

### THE FUNDAMENTAL LAW OF HAWAII CONTAINS:

1. The first Constitution of Kamehameha III, 1840, including the previously issued Bill of Rights.
2. The first laws of Hawaii, enacted under Kamehameha III, (1833-1842), published together in 1842.
3. The law creating and principles guiding the Land Commission.
4. The second Constitution of Kamehameha III, 1852.
5. The Constitution of Kamehameha V, 1864.
6. The Constitution of Kalakaua, 1887.
7. The Proclamation and orders incident to the establishment of the Provisional Government, 1893.
8. The Constitution of the Republic of Hawaii, 1894.
9. The treaty annexing Hawaii to the United States, 1897.
10. The Resolution of the Hawaiian Senate ratifying the annexation treaty 1897.
11. The Joint Resolution of Congress annexing Hawaii, 1898.
12. The documents and procedure incident to the transfer of the sovereignty and possession of Hawaii to the United States, 1898; and the executive orders of President McKinley, relating to the government of Hawaii, issued during the transition period between the date of annexation and the passage of the Organic Act, 1898-1900.
13. The Act of Congress organizing Hawaii into a Territory, 1900.

## PAY OF TEACHERS.

It is pleasing to know that a concerted movement is afoot to have the pay of teachers in the public schools restored to the former figure—and it may be, as the Acting Governor suggests, to have even more than that done. Restoration, however, is enough to strive for, for the present. The pay of the teachers should never have been reduced, in the first instance—but, the reduction having been made, the next best thing is to remedy the injustice as speedily as may be.

It has been said, in circles where the subject is discussed with most animation just now, that there is a doubt as to the best method of procedure to secure from the political parties the pledges which all should be compelled to make in their platforms. The first and most essential thing is an organized movement by the teachers themselves—and at once. Whatever is done must be done before the party primaries are held, because it is the delegates to the conventions who frame the platforms.

Following organization, there are several ways of going to work, any one or all of which can be tried. In the first place, there are the Territorial committees, whose chairmen are easily approachable and who would no doubt be very glad to facilitate the movement for restoration by calling their committees together and pledging the parties in the required way. These committee chairmen are shrewd politicians and appreciate the force of having the teachers with them—and of being the first to have them.

Then, there are the other ways of going to the precinct clubs for pledges, and to the men who want to be delegates. The candidates come last and they must follow party platforms, in any event. That is why the need for organization is immediate. The teachers must have their plank drawn and accepted before the candidates are named at all.

It has been urged that, as most of the teachers are women, their power in politics is nil. This urgency is made by some of the teachers themselves. And they never made a greater mistake in their lives. The power of women in politics has never been really exercised in Hawaii, it is true, but where it has been exercised, intelligently, and tactfully, it is a power of almost infinite possibilities. Almost every woman, if she sets her mind to it, can control the vote of at least one man—and many women can control the votes of more.

The main thing, however, at this juncture, is to organize. Methods of procedure can be discussed later—but not much later, if they are to be effective.

It is a pretty weak sort of an earthquake that does not shake down good for somebody, wherefore it will be observed that Mr. Hearst plucked his customary amount of advertising out of the San Francisco disaster, posing in the midst of the fire of calamity as the only real and genuine agency for the relief of the distressed. Whether it was worth while for San Francisco to have gone through so much to have found out so little is debatable.

The Czar being in doubt as to how he will meet the parliamentary crisis, the opposition will play trumps.

## NEED OF MORE STEAMERS.

It looks as though the Canadian-Australian Steamship Company would have to consider the advisability of putting another boat on the Canadian-Australian line, and have four instead of three regular steamers. By having four boats a three-week service could be easily maintained. After one more round-trip the company proposes withdrawing the Maheno, according to advices received from headquarters. Would it not be a better plan to add her to the line, and thus make the fourth regular boat?

During the past few years this line has been growing constantly in favor with the Honoluluans, until during the past six months it has been almost impossible to secure any kind of accommodation to the Coast. On the last trip up the Maheno was full before she reached this port: and now comes word that there is no more room on the Miowera due here today. There has been a heavy increase in the summer travel between this port and Canada; and now since the San Francisco disaster, the increase is bound to be even greater than ever. Even a three-week service during the summer months, say from April to October, would be of a great benefit to this community as well as to the steamship company financially.

Of course there will be some discussion as to the tearing down of Honolulu Hale, but nobody will dispute the fact that a park at that particular point on Merchant street will be a good thing.

A vote of want of confidence by the Douma slides off the back of a Czar's minister like rain from a mud-hen.

## CARTER COMES HOME.

On the steamer Manchuria, to reach this port from the Coast today, Governor Carter is due to come home again. Tomorrow, if present prospects do not miscarry, the Governor will move in and Governor Jack will move out of the Robins-egg Blue chamber. The Governor will find that, on the whole; the Acting Governor has done well. The ship of state has weathered several small storms, very successfully, and matters have been kept well in hand. There have been no factional disturbance of moment, the land policy has made substantial advances against some small discouragements, and the general concerns of the community are in very good shape. In other words, the Acting Governor, a clever and adroit man, has held down the lid in such fashion that all the things on the inside have been kept inside—and the outsiders have been unable to form disturbing chemical compounds with escaping creators of disturbance. Governor Atkinson has done things, but wisely.

Governor Carter, it is to be hoped, comes back restored to complete health and strong enough to do things himself. He does do them, when he is strong enough.

The Marblehead, if it went to sea at all, may have been in chase of those Guatemalan filibusters, some hundreds of whom are said to hail from San Francisco.

Maybe Carl Smith of Hilo will begin to wish now that he had been quite such a complete letter-writer.

## THE CALIFORNIA LEGISLATURE.

The coming extra session of the California legislature, called to meet on June 24, will be one of the most important sessions ever held by an American law-making body. A great crisis, involving the need for changes in many laws, has arisen in California from the earthquake of April 18th, and the destructive fires that followed. Thousands of public documents and records have been swept out of existence, along with private documents whose loss is calculated to give rise to endless disputes and most acrimonious litigation, if wise provision be not made for their replacement in some way.

The people of California and of San Francisco have met disaster very bravely, showing for each other a kindly consideration that makes men proud of their humanity, but it remains to be seen whether the legislators, elected prior to the calamity and in the traditional and generally not creditable way, will be animated by the same spirit that has marked the conduct of the disaster sufferers.

The California legislature is the same body that met in Sacramento last winter—an average California legislature, not particularly creditable to itself nor to the state that it made laws for. All of its members did not land in jail, although some of them did—and more of them deserved to. The legislature spewed out four boodlers, after their guilt was established. There was, however, plenty of graft that was not traced home to the grafters—and other boodlers consequently whose sins did not find them out, and who will presumably participate in the extra session.

The California papers were full of all this during the session, as they generally are, muck-raking to little or great purpose but muck-raking steadily and consistently because of the duty that they owed to the people. News-

papers have to muck-rake, in legislative times. If they did not, small statesmen might carry away state houses a brick at a time—if they found themselves unable to carry two bricks.

Whether the members of the California legislature will rise out of calamity superior to their former character and the manner of their election, whether the great misfortune that has come upon the state will sober the thoughtless ones to obedience to the will of the thoughtful, are questions whose answers are within the womb of the future. It is to be hoped and even to be believed that the answers to them will be to the credit of the legislators. At all events, the members of both Houses gave ample pledges of good conduct before the Governor issued his call for the extra session.

It is a new version of the trite old story about the power of light in dark places, that English use of the searchlight to frighten the Zulus out of their seven small senses.

## HAWAIIANS ASK TO KEEP MR. FITZ.

Eighty members of the Hawaiian congregation have signed the following petition to Bishop Rastarick:

"To the Right Rev. Henry Bond Rastarick, Bishop of Honolulu.

"We, the undersigned, on behalf of the Hawaiian congregation of St. Andrew's Cathedral, respectfully submit, that

"Whereas, The Rev. F. Fitz has faithfully ministered to the Hawaiian people of this missionary district for many years, during which time he has by unremitting care and sympathy won the confidence and love of this congregation, and

"Whereas, If the Rev. F. Fitz relinquish his work among us, a long time must necessarily elapse before another pastor can minister and preach to us in our proper tongue.

"Therefore, We the undersigned, expressing the desire of the Hawaiian congregation of St. Andrew's Cathedral, do respectfully pray your fatherly consideration to grant us the following request:

"That the Rev. F. Fitz be allowed to sever his connection with the English-speaking congregation of St. Andrew's Cathedral, and also with school work, and in future devote the whole of his labors to the welfare of the Hawaiian congregation, who shall from this time be responsible for his stipend.

"And we hereby express our sincere wish that the Bishop will in future appear frequently in our midst, and assure him of our submission to his fatherly direction."

## NOTICE.

HONOLULU HOME FOR INCURABLES.

A special meeting of the members of this corporation, for the purpose of considering a change of name of said corporation, to that of "THE LEAHI HOME," and adopting same if approved, will be held at the office of Messrs. Theo. H. Davies & Co., Ltd., on Thursday, the 31st day of May, 1906, at 1:30 o'clock p. m.

T. CLIVE DAVIES, Secretary Honolulu Home for Incurables. 7428

ABE RUEF  
MAY COMESan Francisco's Boss  
Proposes to Visit  
Honolulu.

Abe Ruef, the "Boss" of San Francisco and manager for Mayor Schmitz, may visit Honolulu in about six months. This is a promise he is said to have made J. F. Morgan during one of their conferences on the relief situation in the burned city.

The six months' limit is made so that matters will be in running order again and city affairs shaped up to permit the "Boss" to leave town. It is said that ex-Mayor Phelan and other prominent San Franciscans may be in the party.

They will undoubtedly travel in one of the Pacific Mail liners as the guests of Harriman.

THE KOA VENTURE  
AT THE VOLCANO

The papers of the company organized for the purpose of getting out Koa timber in the islands and marketing it will be filed with the government today. The company will have a capitalization of fifty thousand dollars, with the usual privileges as to increasing it.

The first forest to be operated upon is the one back of the Volcano House, the lease to the company being granted by the Bishop Estate trustees for the term of fifteen years. It is understood that the company will harvest only logs of a certain diameter and they will be mainly those that are on the ground. These have been passed upon by L. A. Andrews, on behalf of the estate, the first time, and later on behalf of the incorporators of a company that was contemplated a year ago.

He reported upon his observations from two distinctly different viewpoints, with the result that the company was willing to let the forest and the incorporators were willing to place the capital upon his recommendations. According to the terms of the lease the estate is to be paid a stipulated price for all lumber taken from the land during the life of the lease, the rate being an advantageous one to the company. O. T. Shipman holds a five-year lease to the property, but he has acquiesced in the plan and benefits to the extent of having the lands for the additional period and in other ways. He is, besides, a holder of some of the shares in the company. George Lycurgus is a large stockholder. The stock is largely over-subscribed, and there is no promotion stock.

The enterprise was first taken up by A. Richley, a Hilo contractor, and to him is due the organization of the company, which is financed by Mr. Henry Waterhouse Trust Co. Mr. Shingle has been active in completing the plan of organization. A year ago Mr. Richley paid a visit to the leading manufacturers in Grand Rapids and received a great deal of encouragement. There is no doubt this species of American mahogany will be largely used there in the manufacture of desks and house furniture. The builders of palace cars also took up the matter with Mr. Richley and will use the wood in their manufacture.

Mr. Shingle and Mr. Richley will probably go to Hawaii next week and arrange for the installation of machinery.

## ECONOMY IN THE END.

A few doses of Chamberlain's Cough Remedy will cure your cold and perhaps save a doctor's bill later on. It always cures and cures quickly. For sale by Benson, Smith & Co., Agents for Hawaii.

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT, TERRITORY OF HAWAII, AT CHAMBERS—IN PROBATE.

IN THE MATTER OF THE ESTATE OF JOSE DA SILVA BARBOZA, DECEASED. ORDER OF NOTICE OF HEARING PETITION FOR ADMINISTRATION.

On reading and filing the petition of Maria Joaquina da Silva of Honolulu, Oahu, alleging that Jose da Silva Barboza of said Honolulu died intestate at said Honolulu on the 27th day of April, A. D. 1906, leaving property in the Hawaiian Islands necessary to be administered upon, and praying that Letters of Administration issue to her, said petitioner.

It is ordered that Tuesday, the 19th day of June, A. D. 1906, at 10 o'clock a.m., be and hereby is appointed for hearing said petition in the court room of this court at the Judiciary building in said Honolulu, at which time and place all persons concerned may appear and show cause, if any they have, why said petition should not be granted, and that notice of this order be published in the English language once a week for three successive weeks in the Pacific Commercial Advertiser newspaper in Honolulu.

Dated at Honolulu, May 16, 1906.

W. J. ROBINSON,

Third Judge of the Circuit Court of the First Circuit.

Attest:

J. A. THOMPSON,

Clerk of the Circuit Court of the First Circuit.

Antonio Perry, attorney for petitioner.

7417—May 17, 24, 31; June 7.

KAUAI JAPANESE APPEAL  
TO THE HOME GOVERNMENTWant the Flow of Asiatic Labor Into Hawaii  
to Continue, Lest Other Laborers Should  
Get the Upper Hand.

The Kani Shuho has the following:

As a result of the meeting of the Representative Men's Association of the island of Kauai, Territory of Hawaii, held at the Koloa Japanese School, Koloa, Kauai, T. H., in which were present forty-nine representatives of the Japanese residents of the said island, we have subscribed to this petition, which we have the honor to present to the inspection of your Excellency, Minister for Foreign Affairs. In view of the unsettled condition of Japanese laborers on this island which number no less than 5000, as in others of this group, endangering Japanese interest from the very foundation, we are constrained to memorialize your Excellency seeking a relief at your hand from the impending danger.

The island of Kauai ranks, in size next to that of Oahu, in the group of the Sandwich Islands. It has nine large sugar plantations. There was a time when the number of Japanese laborers in these plantations aggregated 7000, when the religious educational and social institutions founded by them were making healthy growth, and the foundation of their commercial, agricultural and other profitable enterprises was being strengthened day by day. Never for a moment have we forgotten that we are the subjects of the Emperor, and, in all national calamities, we have done our duty with heart, and money and blood. And it has never for a moment escaped our mind to preserve untarnished the glory of the Emperor and of our being his loyal and faithful subjects. We respectfully venture to believe that we are entitled to the protection of the Japanese government.

We beg respectfully to submit that the demand for labor has remarkably increased in the States during the last year, and its effect has been severely felt in Hawaii. Labor has been taken away from here, until now there remains in this island only two-thirds of the former number. All plantations are crying for more labor. But the situation is such that while the number of those departing is increasing, the number of arrivals has decreased. The supply of labor falls far short of the demand. Should the present condition be continued longer the plantations would be compelled to seek their labor from some other source than Japan. Should this come to pass, the Japanese interests, built up by years of hard labor, will be snatched away by other people, and those following independent pursuits will be the heaviest losers thereby, for they will have to face the distressing necessity to seek some other occupations.

The petitioners, residing in this far away island, detached from the fatherland by thousands of miles of ocean and having no means of knowing the real situation at home, are informed, whether rightly or wrongly, that the emigration companies, in their sordid attempt to profit themselves alone and utterly unmindful of the interest of the general public, and in order to bring pressure on the planters, are attempting to induce the government to stop temporarily the emigration to Hawaii. This information is by no means improbable, in the light of their past history. Should the intrigue be consummated, while the damage to the plantations will be direct and great, the indirect damages which the Japanese community here will suffer thereby will be infinitely greater and more permanent. To recount another and more reprehensible sin of the emigration companies, the greater part of the money, earned by the emigrants by the sweat of their brow in the tropical cane-field and sent to enable their wives or children to join them in Hawaii are destined to flow into the emigration companies' pockets on one pretext or another, because they, the emigrants, are compelled to ask the "assistance" of the companies in coming here. Wherever we go, there the emigration companies follow us, and we are the losers thereby.

We respectfully beg you, sir, that the emigration policy of the Empire be put on a rational basis, and unnecessary restrictions be removed therefrom, and the door of emigration be made free and wide open; and, particularly, we beseech your Excellency to give us relief in this present predicament and assist us to safeguard the growing interest of the Japanese residents of this little island.

Representing 5000 Japanese subjects on this island, we humbly present this petition to your Excellency, leaving it all to your Excellency's best judgment.

SOME REMARKS ON  
THE COMMUNITY

Editor Advertiser: I have heard quite a few comments upon the Acting Governor's memorial address in the church Sunday night, and although I was a little disappointed that the dear old veterans (whom I can not look at together without feeling a wave of love and pride, knowing that they by their suffering and brave conduct helped (each one) to uphold the glorious flag of freedom which represents Christian America); although they were not more noticed and a few reminiscences related with comments upon the Civil War, still, as I listened, I thought that speech in every essential most fitting to the conditions existing here and one of the bravest and noblest that I have ever heard in this small, mean-spirited, sordid community.

Is it right that a person who gives an honest opinion with a view to improving conditions here, or who puts up as candidate for an office, with an honest desire to do his duty in the same, should be subject to gross insults by a clique who have not at heart the wish to bring about the right kind of Americanization for these beautiful islands? Would it not be better for some of these parasites, slanderers and gossip-loving people to put their shoulders to the wheel and give some of their leisure time to the task of uplifting and influencing a large portion of this community who seem to find their chief amusement in deriding the small discrepancies of their neighbors, so that, by comparison, they may appear a little better than the person maligned and support without criticism those brave people whom God has chosen to represent the law-making and enforcing of this Territory?

It is most reprehensible to use the money of manufacturers—non-residents—in the production of sugar, the laborers' wages for which is mostly sent out of the country. How can these islands ever grow and flourish without the backbone of the laborers' wage, as in California, for instance? Let each one strive to uphold anything and everything of good that we see or know of, and so help to bring about a Christian and American community.

Yours respectfully,  
J. MYERS.FERNANDEZ ON A  
POLICE STORY

Pearl City, May 29, 1906.

Editor Advertiser: You will please note, referring to an article advertised in your paper of the 29th inst. of one T. Ueoka of Aiea, for the habitual violation of the law, by furnishing intoxicating liquor to persons on Sundays. Furthermore, that complaints have been made to me.

I received no complaints and none whatever have been laid before me. To my knowledge T. Ueoka has been once arrested for the selling of intoxicating liquor without a license, and for so doing paid a fine of one hundred dollars.

Such residents of Aiea making such complaints will please prove as to the time making such complaints to me.

Complaints of the violation of the laws of this Territory in my jurisdiction, laid and made to me shall be looked into and, furthermore, that such violation will be prosecuted.

Hoping a space in your paper be reserved for this article, I am, respectfully yours,

JOHN FERNANDEZ,  
Deputy Sheriff, Ewa.LEFT BABY AND  
FAILED TO RETURN

A Honolulu family which has relatives in San Francisco who suffered with the rest in the destruction of their homes and about everything they owned, have received a letter in which a strange incident is narrated.

A husband and wife were standing on a corner watching the flames creep up on their home, when a young woman raced up the street. She carried a baby in her arms. At the corner she stopped and going up to the lady there asked her to hold the baby while she returned to get some of her things. The young woman never returned and the lady still has the baby, which is about six weeks old.

### BUSY DAY ANTICIPATED.

This should be a lively day along the waterfront. The Pacific Mail liner Manchuria is due this morning from San Francisco. It is understood she is loaded with passengers and freight. The O. & O. liner Coptic is also due this afternoon from the Orient, and the Canadian-Australian liner Miowera from the Colonies. Then the American-Hawaiian freighter Nebraskan is due from Seattle. The island steamer Claudine will get in from Maui this morning and the Mikahala will depart for Kauai at 5 p. m. The Manchuria will undoubtedly sail for the Orient late in the afternoon and the Miowera will proceed to Victoria. The Coptic is not likely to sail for San Francisco until Friday morning.

### MAY CHARTER WAIALEALE.

Negotiations are under way for the charter of the steamer Waialeale by the American Trading Company. However, details have not been completed. If the charter is made, the Waialeale will be dispatched to Nome by the end of the month, carrying general cargo. It is understood that the steamer will then be kept in the North, trading along the coast.

The Waialeale was brought from Honolulu last fall by Cook & Co., and during the winter was practically rebuilt in this port. She was on the run between here and Vancouver, B. C., while the regular steamer Ramona was undergoing repairs.—Tacoma Ledger, May 17.

### ALAMEDA CARRIED CROWD.

The Alameda departed at 10 o'clock yesterday morning for San Francisco, carrying seventy-three cabin passengers. The vessel also carried a full shipment of freight, including bananas, rice, pineapples and coffee. Among those leaving were Mr. and Mrs. Swanny and daughter, Mr. and Mrs. Mannie Phillips and family, Major Thomas Wall, M. M. O'Shaughnessy, Adolph Wall, Mrs. Charles L. Rhodes, Mrs. W. C. Peacock and James Lyle.

### CAPTAIN WARLAND'S LOG-LINE.

On board the bark Amy Turner, running between here and the Hawaiian Islands, is a log-line that has a peculiar history. In the opinion of Capt. Warland, who has sailed the sea for half a century, there is no other log-line like this one. Captain Warland, who is a fine type of the old school mariner, could tell many a good story, even about the Vigilante days here in San Francisco, for he was here then as a sailor boy, and saw two men hanged at old Fort Gunnybags, and later sailed in the same ship that carried two deported desperadoes away from these shores with orders to stay away or be hanged. But when Capt. Warland was asked for a story a few days ago he chose the tale of the log-line:

"When I was bringing the Amy Turner out around the Horn some years ago," he said, "and the ship was sailing along the coast of Patagonia, a big school of porpoises played and leaped in our wake. I was afraid the line or the little propeller at the end might be broken by them, and I was about to order it hauled in when it suddenly tautened and seemed on the point of breaking. We hauled it in with some difficulty, for a porpoise had got afoul of it, and up came line, porpoise and all. How do you suppose that fish got caught? By his tail. There were at least twenty turns of the line about his tail, wound tighter than a man could wind it, and he couldn't get loose. We ate that big fellow with some relish."

"Later, when the Amy Turner was sailing along on the way from here to Honolulu the carpenter fell from a staging on the main rigging, and went overboard. He was a big man, and could not swim. I immediately called to the mate to let the ship luff around, at the same time ordering the second mate to get a boat over the side. Then I looked astern and was astonished to see that the carpenter had a hold on the log-line. Half the time he was under water, but he held on, and was being yanked along at seven knots an hour. How he managed to hold on, or even to get hold of the line in the first place, was something remarkable."

"Within a few minutes the second mate had him in the boat, and a minute later the man was hauled on deck, apparently dead. But in his right hand, in a death grip, was the log-line. We worked over him for an hour before he regained consciousness."

"On another occasion we ran into a big school of dolphins, when one of the

fish was caught by the little propeller at the end of the log-line. Upon hauling it in we found it wedged tightly between the jaws of the dolphin, so tightly that the fish could not shake it loose, and so he was caught as securely as though he had swallowed it. Take it all around, it is a great log-line, and very serviceable, withal."—Chronicle.

### SHIPPING NOTES.

The Pactolus has finished discharging cargo at Elele.

There was very little work done on the waterfront yesterday.

The bark Edward May departed from Makawell for San Francisco on May 30.

The steamer Mikahala arrived from Kauai yesterday morning with 5000 bags of sugar. The Nihau arrived also from Makawell with 5000 bags.

A beautiful wreath was laid upon the vault in which lie the remains of the late H. Alexander Isenberg, the gift of the officers and cadets of the German training ship Herzogin Sophie Charlotte.

It is said there has been a shortage of stevedores along the waterfront recently. There is an unusual number of vessels in port at present discharging cargoes and loading sugar, requiring a large force of men.

Flags were displayed from the mast-head all day yesterday. The sailors say that the flag on Memorial Day should be flown from the peak and not at half-mast. Flags over buildings were generally at half-mast, while the American and Hawaiian flags over the Capitol building were flown from the tops of the masts.

A new oil-tank steamer, the property of the Union Oil Company, is expected to come to Honolulu in the near future. She will have a carrying capacity of about 48,000 barrels, double the capacity of any boat now coming to the islands. The vessel is to operate mainly between Port Harford and Honolulu, although she may make occasional trips elsewhere.

Owing to delay in getting the cargo out of the freighter American, that vessel was unable to leave yesterday afternoon for Kahului. Heavy machinery for Kahului was in the way of freight for this port and had to be shifted before the stevedores could get at the local freight. The 3700 tons of sugar awaiting the vessel here is all in the holds, however. The vessel will depart some time today for Kaanapali.

## Can't Be Separated.

Some Honolulu People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Backache Kidney Pills make strong, healthy kidneys.

S. Hanoland, of this city, is a Custom House guard. He writes: "Having been afflicted with an aching back for some time, I procured a supply of Doan's Backache Kidney Pills at Hollister Drug Co.'s store, and used them. The results were most satisfactory and I know that the pills are a valuable medicine for a lame back."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Ltd., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no substitute.

### LAME BACK.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by Benson, Smith & Co., Agents for Hawaii.

GEORGE W. DAVREN.

## The "Nervous" Condition.

The term "nervous" is a broad term used to denote a diseased condition of the nerves that is very common. The disease is a debility or weakness that affects especially the nervous system. There may be no well-defined trouble, yet those who suffer with nervousness will complain of many things, mental depression, inability to rest well, twitching, aching limbs, and hundreds of nervous disorders. Sleep is not refreshing and the patient wakes up tired. Although the lungs, heart, liver and kidneys are sound, yet there seems to be serious disease in these vital organs, and sufferers with weak nerves feel that all their physical powers are failing.

Nervousness is wholly the result of wear and tear of the nervous system, caused by irregular habits, long-continued anxiety or worry, too great business responsibility, and any cause which tends to diminish the vigor of the body.

The beautiful delicacy of the nervous system can be appreciated when it is considered that the nerve fibres do not exceed one-fifteen-hundredth of an inch in diameter.

Each of these nerve fibres proceeds from the nerve centre with which it is connected, to the point at which it terminates, without uniting with any other.

So delicate is the structure and so intimately associated are its parts, that the nervous system can be deranged easily, and diseased or weakened.

Often sufferers from nervousness do not realize that their nerves need nourishing and strengthening. They wait and hope until the condition is of long standing before acting. Here is a case in point.

Brooklyn, N. Y., Aug. 2, 1904.—"It affords me pleasure to voice my appreciation of Paine's Celery Compound, as I think it a truly wonderful remedy. It cured me of nervousness and stomach trouble of long standing when all other remedies failed."

—Geo. W. Davren, 5401 Fifth Ave.

Victims of nervousness—those whose very life hangs heavy on their hands, depressed by their existence, or borne down by stress of overwork; Paine's Celery Compound stands ready to build the nerves back to their healthy condition—to put an end to sleeplessness, and to drive away every ache and pain.

Two days' treatment with Paine's Celery Compound will give proof of its marvelous powers.

For 17 years this famous prescription has been the most universally used tonic in the world. It has stood the test of time. Physicians constantly use and prescribe it. No prescription has ever been formulated that equaled it in curative power.

Remember this.—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

## A NIPPY CONTEST

Oahus Down Champions--Score Two to One.

### STANDING OF THE TEAMS.

	Won.	Lost.	Per Cent.
Oahus .....	3	9	1000
H. A. C.'s .....	2	1	.666
Punahous .....	2	2	.500
Kamehamehas .....	1	2	.333
Mallies .....	0	3	.000

Oahu 2; H. A. C. 1.

The opening game in the league series yesterday, when the Oahus took the champions into camp by the score of 2 to 1, was the kind of a match that the fans play over again whenever they foregather. It was a splendid exhibition of the national game and the issue was in doubt until the last man went out. Eleven hits in seventeen innings and 15 strike-outs, evenly divided, show the work of the pitchers, and three errors, two of them on desperate chances, evidence that the field work backed up the batteries in earnest.

Hampton pitched the game of his life and never a man got the fourth ball. The five hits he allowed were well scattered and at no time did he weaken. Joy also was in fine form and only in the one inning was he found effectively, and there was a good deal of luck coming the way of the winners in that inning, for had Gleason not tripped in backing for Evers' easy fly the result might easily have been different.

There was a record crowd out to see the battle royal and there was not a dissatisfied person in the stand.

En Sue was put up to open the game for the Champions, hitting to third and going down the line at a ten seconds clip. He arrived a fraction late, Gorman having made a good stop of Davis' low throw. E. Fernandez fanned, J. Williams sent one to Vannatta and the side was ready to take the field.

Three men were entered by the Oahus. Davis slashed at three of Barney's slants, Hampton sent a little one to short and White's effort for a money order lit in Louis' glove.

Joy began in the second by putting fouls all over the grandstand and one in the field, which Davis missed. Then he lammed a liner to first, which settled him. A. Williams gave Hampton a hot one which reached first in time and Louis sent a long skyscraper out to center, which young Davis snatched after a hard run.

One man got to first for Oahus, Vannatta coming up after Evers had gone down and hitting between first and second. Williams made a good try but was too late at the bag. Ringland fanned and Flanagan finished the innings, second to first.

The feature of the third was Gleason's ice wagon slide for second, after he had been given first on a warm one in the bread basket. Bruns had sent one to first and Soares had given Flanagan a catch, when Gleason did his stunt.

Kia walked, Gorman flew to Bruns and Davis fanned. When Joy was busy Kia sneaked to second, Williams dropping the catch, this being the first error of the game and the first man to see the second bag. Hampton put a foul tip within Soares' reach.

En Sue fanned in the fourth. Fernandez put a fly near second which Evers dropped and the fans cheered as the first red sweater earned a place on first. J. Williams came to bat and Louis sent a long skyscraper out to center, which young Davis snatched after a hard run.

One man got to first for Oahus, Vannatta coming up after Evers had gone down and hitting between first and second. Williams made a good try but was too late at the bag. Ringland fanned and Flanagan finished the innings, second to first.

## SLAUGHTER CLAY BIRDS

The Hawaiian Gun Club Has Interesting Shoot.

A notable gathering of shotgun experts was present at the picturesque headquarters of the Hawaiian Gun Club, in Manoa Valley, yesterday. The occasion was the sixth semi-annual shoot of the club and it turned out to be the most successful ever held.

Some excellent shooting was done and competition was exceedingly seen throughout the program.

A large number of visitors were present, many of whom participated in events arranged for their benefit.

Lunch was served in the clubhouse at noon and everyone on the premises was invited to partake of the club's hospitality, an invitation which was very generally accepted. A great measure of the enjoyment of the day was due to the House Committee of the club, Messrs. J. W. Harvey, I. Spalding and H. E. Walker.

Shooting commenced at 9 a. m. with the club championship, D. L. Austin took first honors with a "possible" of 29 birds, a remarkably fine performance. J. W. Harvey won the second and fourth events, thereby securing a leg in two very desirable cups. He also won other prizes during the day.

The combination match was calculated to try a shooter to the limit of his skill and fully came up to expectations in this respect. D. L. Austin took first prize, Harvey and Spalding being second place. On the shoot-off, Spalding won by a bird.

The visitors' matches discovered a very promising shot in C. Ahrens, a youth of 15 years. He secured second prize in the first visitors' event and won the second event outright. He shot coolly and showed surprisingly good form for his years.

The prizes in the merchandise shoot fell to W. E. Wall, J. W. Harvey, I. Spalding, T. Treadway and H. E. Walker, in the order named.

Consolation honors fell to F. Damon, with F. S. McMunn second and J. Connor third.

Summary of events:

First Event, 9 a. m.—20-bird scratch, known angles. First prize, Directors' Cup; Champions, 29 of the club.

D. L. Austin, 29; H. E. Walker, 19; J. W. Harvey, 18; I. Spalding, 17; W. E. Wall, 14; W. Lanz, 12.

Second Event, 9:30—10-bird scratch, unknown angles. First prize, E. O. Hall & Son cup, to be won twice. Won once each by K. B. Porter, H. E. Gares, W. E. Wall. Second prize, cup. Third prize, hunter's safety axe.

J. W. Harvey, 9; D. L. Austin, 9; W. E. Wall, 7; I. Spalding, 6; G. A. Jordan, 5; H. E. Walker, 3. Harvey won the shoot-off.

Third Event, 10:15 a. m.—Visitors' match, 10-bird scratch, known angles. First prize, Winchester rifle; second prize, framed photos of Gun Club.

T. J. Crawley, 8; R. C. Ahrens Jr., 6; A. Ahrens, 4; A. Jacobson, 4; C. K. H. Ching, 3; A. Waterhouse, 3; W. Wright, 1.

Fourth Event, 11 a. m.—20-bird handicap, known angles. First prize, Walrod cup, presented by Woods & Sheldon, to be won twice. Won once each by K. B. Porter, H. E. Gares, L. C. King. Second prize, cup. Third prize, game carvers. Fourth prize, pocket flask.

J. W. Harvey, 19; I. Spalding, 19; D. L. Austin, 18; H. E. Walker, 17; J. A. Robb, 17; G. A. Jordan, 15; R. W. Shingle, 14; W. Lanz, 14; W. E. Wall, 13; F. B. Damon, 12; T. Treadway, 11; J. Connor, 11; F. S. McMunn, 7; H. Jaouen, 7. Harvey won the shoot-off.

Fifth Event, 1 p. m.—Combination match: 24 birds; 6 known angles; 6 unknown angles; 6 unknown traps and angles; 3 doubles; each bird broken to score one point. First prize, Koa cup (silver mounted). Second prize, cup. Third prize, hunting knife.

## MICHAEL DAVITT, PATRIOT, IS DEAD

(Associated Press Cablegram.)

DUBLIN, May 31.—Michael Davitt is dead.

Statesman, author, Irish agitator, Michael Davitt was born on the 25th of March, 1846. He joined the Fenian Brotherhood in 1865, and was tried in London for treason and sentenced to fifteen years' penal servitude. He was released on ticket-of-leave in 1877, and two years afterwards was associated with Parnell and others in the formation of the Irish Land League. A few years later he came to America to organize the auxiliary Land League, and on his return was arrested and sent back to penal servitude. He was released in 1882, but the next year was imprisoned for three months for seditious speeches. He was first elected to Parliament when he was a prisoner in Portland prison, but was disqualified by special vote of the House of Commons. Later he entered Parliament and did much work for the Irish cause. He has been a voluminous writer, his literary labors taking a wide range.

## CHOKED TO DEATH IN EATING LUNCH

Edward Dunn choked to death while eating lunch at the horseshoe saloon, Hotel street, at noon yesterday. The meal had been brought to his order from the California restaurant across the street. While eating in company with the bartender, Dunn was suddenly taken choking and dropped dead on the floor. Dr. Cooper was quickly called but there was no sign of life in the man when he arrived.

Dr. McDonald held a post mortem examination and will report the result to a coroner's jury today. Dr. Cooper did not pronounce the cause of death, but it is said that a piece of gristly meat stuck in Dunn's throat.

Dunn was head lineman for the Hawaiian Electric Co. He was 45 years of age and belonged to Uleia, N. Y. The funeral takes place today as elsewhere announced.

SAML. McKEAGUE, W. P.  
H. T. MOORE, Sec'y.

THEODORE ROOSEVELT,  
Camp No. 1, U. S. W. V.

Meets every 1st and 3rd Wednesday, Suites 15 and 16 Progress Block, Fort and Beretania streets, at 7:30 p. m. Visiting comrades cordially invited to attend.  
H. T. MOORE, Comdr.  
R. H. LONG, Adjutant.

## SPORTS

NOTHING  
BUT SCOTSCannie Cricketers Win  
Easily From All  
Comers.

Scotland defeated the All Comers at cricket yesterday in the easiest possible manner, so the score book shows. In reality it was R. Anderson who won the game for the sons of Scotia, for he compiled 135 of the total of 191 scored by the side. His innings was a very fine one and was unmarred by a chance. Anderson's score is the highest made this season.

The All Comers batted first and were dismissed for 92, of which R. de B. Layard was responsible for 34. He played his usual steady, effective game.

The next highest scorer was A. St. C. Pianaia, who made 29 by extremely pretty cricket.

D. L. Withington (13) was the only other member of the side, with the exception of Mr. Extras (14), to get into double figures.

The bowling of J. C. McGill and R. R. Catton for Scotland was of a deadly nature.

The Scots lost 7 wickets for 71 runs, and for a time the issue of the game seemed dubious. The All Comers' bowling went all to pieces, however, and Anderson, with his eye nicely in, played havoc with the tired trundlers.

The second highest scorer for the winning team was J. M. McConnell, a new hand in local cricket, and who made a very auspicious debut.

Morse took bowling honors on the All Comers' side, securing 6 wickets for 31 runs.

Score and bowling analysis:

NOTES OF THE GAME.

## NOTES OF THE GAME.

There was a good turnout.  
Thirteen played on each side.

The All Comers were fatigued, fagged and depressed toward the end of the game.

Fiddes made the winning hit, a swipe to leg, which went to the boundary.

The Cattons were on the Scotch team. Dick, the junior member of the trio, scored 8 runs.

J. M. Tucker kept his wicket up while Anderson brought the runs home.

Anderson made 35 runs off 11 consecutive hits. That's going some!

Hatfield came into the game again yesterday. He bowled Maclean in his first over and had all his old pace, although, naturally, he showed lack of practise.

## A Challenge.

The Honolulu Iron Works swimming team has challenged the Myrtle Boat Club to a six-man relay race, to take place on Saturday at 4 p. m. in the Bishop slip.

ANCIENT  
ORDER HIBERNIANS,  
DIVISION NO. 1.

Meets every first and third Wednesday, at 8 p. m., in C. B. U. Hall, Fort street. Visiting brothers cordially invited to attend.

F. S. CREDON, Pres.  
J. QUINN, Sec'y.

MIRTH UNDER  
MANY MASKSFun Galore at Queen  
Street Rink Last  
Night.

It was a jolly, joshing crowd that filled the Queen street skating rink last night to participate in the masked carnival. The place was jammed to the doors, both the rink itself and every available viewpoint in the hall. Honolulu's youth and beauty were out in force and the strains of an excellent band put rare spirit into the proceedings.

The costumes were numerous and in many cases highly original. Cowboys, Happy Hooligans, minstrels, sailors, soldiers, tramps, policemen, niggers, follies, dominoes and hoc omne genus were out in force and their tricks and quips kept the rink in a roar of laughter.

The grand march took place at 9:30 p. m., after which the prizewinners were selected.

The floor was then cleared and the winners skated a few whirls by themselves, being awarded their prizes after everyone had had a chance to fully admire their chaste costuming.

A general unmasking took place at 10 o'clock and everyone who wanted to skated for half an hour. At 10:30 skating gave place to dancing, which continued till midnight.

The prizewinners were as follows:  
Most handsome costume, ladies—Girl in Purple, Miss Lily Hopkins. Prize, chafing-dish.

Most original costume, ladies—News-paper Girl, Mrs. Reuden. Prize, silver perfume bottle.

Best sustained character, ladies—Professional Nurse, Miss Wolf. Prize, cut-glass dish.

Most handsome costume, men—Japanese Samurai, Major Hart. Prize, decanter.

Most original costume, men—La Palloga, Mr. Ferris. Prize, stag-horn and silver cork-screw.

Best sustained character, men—Farmer "Cy," W. J. Harvey. Prize, silk umbrella.

Princess Kawanakoa, Mrs. Helen Noonan and Mrs. C. F. Chillingworth officiated as judges.

COURSES FOR  
YACHT RACES

The Hawaii Yacht Club has decided upon the following courses for the races to take place on June 10 at Pearl Harbor:

## THIRD-CLASS YACHTS.

Start from a line between a stake boat and the flagpole of the Hawaii Yacht Club's house, at the Peninsula, thence out Pearl Harbor channel, and rounding the outside Waikiki buoy, thence returning, rounding Ford's Island, keeping the island on the starboard, to the finishing line, inside the stake boat off the clubhouse.

This class will include all yachts except the Gladys, Helene, Spray, Kapolei and Hawaii.

## FIRST-CLASS YACHTS.

Will start from same line off clubhouse, thence out channel, keeping outside the furthest out Waikiki buoy at entrance to harbor, thence on to and rounding bell buoy, returning over same course, and finishing by crossing line, inside of stake boat, off clubhouse.

Entries will be made just before the start at clubhouse, Peninsula.

Both events to start from anchorage, all sails down.

Yachts must be anchored, not moored.

Handicaps to be delivered sealed by the judges on return of yachts to clubhouse.

The chowder will be served at about 6 p. m., and will be in charge of Mr. George Crozier.

Judges will be decided on later.

Races will be held under the auspices of the Regatta Committee and the rules of the Hawaii Yacht Club.

SECOND PRIZE  
MAY BE FIRST

Secretary Wood of the Promotion Committee sent to San Francisco by the Alameda yesterday the fine Hawaiian calabash trophy offered by the Hawaiian Yacht Club to the winner of the trans-Pacific Yacht Race to start on June 11 from San Pedro and end at Honolulu. The calabash is the second prize and will be placed on exhibition in the Southern Pacific Passenger office at Los Angeles. It will be flanked by pineapples growing in tubs, which were also forwarded yesterday.

In this way Secretary Wood believes that a fine advertisement for the islands will be secured.

If the first prize, which was being made by Shreve & Co., is destroyed the Yacht Club will in all probability not order it duplicated, and the calabash will be made to serve as first prize.

## The Jolly Trolley.

The members of the girls' hockey team of Oahu College gave a trolley ride last Friday evening, the guests being taken over every route in the city. About thirty-five young people enjoyed the ride.

BOXED IN  
NEW YORKStranger Put Gloves on  
With Sullivan and  
Wilted.

There was a let-up on work in the Sullivan camp yesterday. This was justified by the hard work done of late by the boxers, and the excellent shape they are in.

Today will see some hard drilling which will practically signalize the close of the training spell.

On Tuesday afternoon a stranger dropped in at Sullivan's quarters and said that he was a bit of a boxer himself, and had fought some round New York. It's a strange thing, by the way, that pretty nearly every club boxer who blows into Honolulu, brings a New York record with him.

The scrapper from Gotham was invited to put the gloves on with Sullivan and did so. He made a haystack showing. Afterwards he went a couple of rounds with "Spider" Jackson and there wasn't so much difference between them.

Silva is said to be getting better all the time and to be confident of winning. He figures that he has it on Sullivan under straight rules and will probably force matters from the start.

Silva's best remembered battles were with the giant Ackerman, whom he fought twice, and with Mattox.

In his first go with Ackerman, Silva got the decision. The verdict in the second contest was a draw. Silva beat Mattox in three rounds.

The referee will be chosen today. This is as it should be for it is an insult to the crowd to leave the selection of a referee until the boys enter the ring. Wrangling over a referee at the ringside is one of the things which Honolulu ring-goers have in the past had to grin and bear.

The management of the fight fest will see to it that the program is run through without unnecessary delay and no effort is being spared to make the entertainment as successful as any of the kind that has taken place here.

ADJOURNED  
AT SIXTEENTH

The Riverside League game between the Japanese and Chinese nines, which was to have been played at Aala Park yesterday, was declared postponed, the players electing to take in the big league games.

The Dixies and New Yorks played a 16-innings game, at the end of which the score was 2 to 2. The nines then gave up the battle in despair.

The teams:  
Dixies—Tom Price, c.; Everette, p.; A. Espinda, 1b.; Cummings, 2b.; A. Palupalu, 3b.; W. Billay, ss.; Helene, rf.; Ah Fat, cf.; Halamano, lf.

New Yorks—J. Butler, c.; Ah Sing, p.; J. Nahi, 1b.; Kupa, 2b.; J. K. Kauana, 3b.; A. Silva, ss.; Wahilani, rf.; J. Lee, cf.; H. Thomas, lf.

ROLLER POLO  
GAME DRAWN

There was skating at the Zoo rink all day yesterday and some interesting roller polo was played.

The Myrtle Juniors captained by Willet Grace lined up against a picked team made up mostly of Healan boys and captained by Harold Gear.

The game was a close one and ended in a draw of 2 goals each. There was no scoring in one half of the game.

Here's a  
Nice to Do!

So many people are lunching at the ANNEX every day that if the rush continues extra accommodation for patrons will have to be provided. There's something about the ANNEX lunches which attracts people day after day and the price is only 25c., with a drink thrown in as a souvenir.

WHERE WILL HONOLULUANS  
SPEND THE SUMMER?

The calamity that has befallen San Francisco has caused many changes in the plans of Honolulu people with reference to their summer vacations, and many who have been in the habit of spending two or three months in the Coast metropolis during the heated term are casting about for new places of retreat. Refugees from San Francisco will doubtless crowd all adjacent towns, even down to Los Angeles, for many months to come, and hotel and boarding house rates will be correspondingly high. In such circumstances Honolulu people are fortunate in having a splendid mountain resort close at hand, where a whole month can be spent, including traveling expenses from Honolulu and return, for less than the cost of a round trip steamer ticket to the Coast. In fact, Messrs. Trent & Co. are offering purchasers of \$40 volcano tickets, a whole week's extra board at the popular Volcano House for only one additional five dollar gold piece. This is an expensive kind of advertising, but it will probably result in keeping the Volcano House full to the doors all summer.

People who have bought our wines pronounce them pure. There is not a headache in a gallon.

C. J. McCARTHY,  
'Phone Main 36.

Your valuables or the Burglar's? Your treasures or the Flame's? Better be sure of their safety than sorry you lost them. Five dollars gives you yearly insurance against such a calamity.

Get a safe deposit box at the Henry Waterhouse Trust Co., Ltd., today.

"SOUTHERN CALIFORNIA  
GIRLS" ENTERTAINED

The "Southern California Girls" were entertained last evening by Mr. and Mrs. Alexander Craw at their King street residence. There were about thirty Californians present and a very jolly evening was spent. Mr. and Mrs. Craw are ex-Californians and during the three hours of the reception the entire party almost felt themselves back in the Golden State. There was music, instrumental and vocal, and a delicious collation was served toward the close of the entertainment.

## BUSINESS LOCALS.

Great embroidery sale at Whitney & Marsh's tomorrow.

A stenographer and typewriter is wanted. See classified ads.

If you are seeking real estate investments, see Savidge, 79 Merchant street.

Inter-Island and O. R. & L. shipping receipt books, 50c, each, at the Gazette office.

Honolulu Candy Co., plantation stores and wholesale trade solicited. Candies, chewing gum and fireworks.

In the days of perspiration look to your supply of toilet requisites. Hobron has the assortment for the ladies.

The Harrison Mutual Burial Association have removed to new quarters in the Kaplani building on Alakea street.

Better be sure than sorry. Get a safe deposit box at the Henry Waterhouse Trust Co., Ltd., and provide against loss.

This is a time when your clothes should be laundered at the Sanitary Steam Laundry. Everything is thoroughly disinfected.

Try Luttred's Hawaiian Taro bread and breakfast food. Simply delicious. H. May & Co., C. J. Day & Co., and New England Bakery.

First-class tickets to all stations on the Oahu Railroad and Haleiwa coupon tickets are now on sale at the office of Trent & Co., 235 Fort street.

Miss Power has just received new sailors and walking hats in all the latest brands and colors. Millinery parlors, Boston Building, Fort street.

Good beer is good for you. But you should insist on getting a pure beer—one that's not fortified with injurious acids. That's the Primo beer. The only beer that should be introduced into Honolulu homes.

The American Mercantile Co. of Seattle, Wash., solicits Honolulu orders. This firm carries on a general exporting, importing and commission business. A. F. Cooke is given as reference for the standing of the firm.

COTTAGE AND BUILDING SITE IN  
EXCELLENT NEIGHBORHOOD.

Owing to my early departure from Honolulu, I offer my cottage at 1817 Anapuni street for sale. Servable quarters (with three rooms), stable, electric lights, etc.; also a splendid building site on the hill between Sea View and College Hills. Good view of Manoa Valley and Diamond Head. Easy terms. Apply to J. T. Crawley, Hawaiian Fertilizer Co., Brewer Bldg.

## LOCAL BREVITIES.

Rails are being laid on the Wahiawa branch, which will be completed early in July.

There was no session of the Stock Exchange yesterday on account of its being Memorial Day.

Don't forget the minstre's tomorrow evening in Bishop hall. Tickets only 75c, and sold to ladies only.

Mrs. William Schmidt, with her infant, left in the Alameda to visit her mother at Goldfields, Nevada.

Clarence Crabbe is reported to be working the precincts strongly for his candidature for county sheriff.

Saturday is the last day on which work for the coming spring exhibition of the Kiloahana Art League will be received.

Will the author "W. P." of a letter on capital punishment please telephone the Advertiser's editorial room at one p. m. today?

H. G. Glnaca will have his cane harvester put together at the Honolulu Iron Works when its parts arrive from the mainland.

Young Brothers, the launchmen, entertained the "Southern California Girls" Tuesday evening by giving them a launch ride to Diamond Head and return.

J. S. Martin requests the Advertiser to state that his grandchild, whose hand was bitten by a coyote at the Zoo last Saturday, is recovering and that amputation is not deemed necessary.

Both the fruit cannery and the can factory of the Hawaiian Pineapple Co. at Iwilei are likely to be completed by the middle of June. Tracks connecting the factories with the main line will be laid by the O. R. & L. Co.

There will be a meeting of the Honolulu branch of the Theosophical Society in the Kaplani Building at 8 p. m. today. The subject of the discussion will be "The Law of Cause and Effect." The public are invited to attend.

Elizabeth Eames, daughter of A. W. Eames of Wahiawa, fell with a horse at Los Angeles a few days ago and was seriously hurt. The horse stumbled, falling on the young girl, breaking her leg in two places. She narrowly escaped a fractured skull.

A musical entertainment and dance will be given for the benefit of the Hoamauna Nahuua Kuokoa Society at Progress Hall on Saturday evening, June 2, 1906, at 7:30 p. m. Music will be furnished by the Ernest Kaai's Quintet Club. Tickets are \$1 and 50 cents.

A special meeting of the College Club will be held at 4 o'clock Friday at the residence of Prof. W. D. Alexander, Punahou street, to consider the advisability of employing a special visiting nurse for tuberculosis cases in Honolulu. Anyone interested is cordially invited to attend.

As will be seen by official notice elsewhere, a reception will be held at the Catholic Mission tonight to welcome His Lordship the Bishop of Zeugma and his guest, Right Rev. Bishop Verdier of Tahiti. During the reception the Catholic Mission orchestra will give some select pieces of its repertory.

Water pipes for the Waiata road line arrived in the steamer American. Hustace-Peck Co., Ltd., draymen, took advantage of the blank day on the waterfront to deliver the pipes. It was a big hauling job, there being 1702 pieces of pipe. As soon as the pipe is laid the remaking of Waiata road can be completed.

Sada Kuribara, the Japanese who used to dress in fantastic garb and perform unearthly music in a hack to advertise a Japanese theatre, having made a goodly fortune as fortunes go in Japan, lately returned to his native land. Before leaving he gave Editor Shiozawa \$7 for charities. The sum of \$3 he directed to be spent on bananas for prisoners.

James Lyle accompanied his sister, Mrs. A. E. Lawlor of Halifax, N. S., in the Alameda to the Coast. He will visit his daughter, Mrs. Herbert Winslow, in Portland, and his son Horace in the Sound country before returning. Mrs. Lawlor spent some months here, visiting the volcano with her brother, and was greatly delighted with the islands.

Ladies who would be correct should read the advertisement of Hobron Drug Co., in this issue.

A Handsome Display of  
New Millinery!

PUT BABY ON ICE  
FOR SAFEKEEPING

During the Memorial Day exercises at the cemetery yesterday the Japanese and Chinese soda water vendors did a big business. It was a hot day and everybody seemed thirsty. One of these busy carts was in charge of a Japanese woman who had her baby with her. The youngster became burdensome to

her after a while, and fretted owing to the heat. Finally to accommodate the youngster and the crowds, the woman took the baby from her back and wrapping it up securely, laid it away in the icebox of the little wagon.
