# KUHIO TELLS WHY

## "I am Not a Prohibitionist" Now Declares Prince Kuhio

DELEGATE TO CONGRESS EXPLAINS HIS VIEWS

The following letter, addressed to John Lane, has been received from Prince Kuhio and explains his stand on the question of prohibition and temperance. The letter in full is as follows:

San Francisco, July 1, 1910.  
My Dear Mr. Lane:

I have been invited to go home on the yacht "Hawaii," by Captain Wilder, and have concluded to accept. I shall enjoy the trip and believe that it will benefit my health, which you know is by no means what it ought to be, and if I can help a little to get the boat in first, so much the better.

The only point against it is the vote on the liquor question to be taken on the 26th, but I have come to the conclusion that my being there is going to drive that election right into politics, and it will be used and handled only to get some advantage, one way or the other, for the regular elections in November.

I allowed my name to go on the

Committee handling the temperance side of the fight, because on the temperance question I want to be with temperance, not against it. I also believe that many of the saloon men have forfeited all right to consideration by the way they have been handling their business, particularly among Hawaiians, and I felt a vigorous protest of some kind was necessary. Personally I would be pleased to see every Hawaiian cut liquor out altogether. They would be better off without it, but this is as far as my mind has gone.

You know I am not a teetotaler and not a prohibitionist and I certainly want no laws which work along race lines. The day for that in Hawaii is past. What the Hawaiians as Hawaiians do must be a matter of free will and personal choice, but general laws reaching all races that curb the evils of liquor I will always help, and I am glad to hear that the liquor agitation has already cut out many saloons and

shut off the sale of the worst kind of liquors. The present law is showing up well in these respects.

However, as I have already said, I don't propose so far as I am concerned, that the special election shall be used to do politics. Proper consideration of the rights of the Republican party alone, which has made no party declaration on the subject, would require this from me. The cause of temperance itself will be injured by allowing the special election to take any such turn, but I have felt at liberty to express my personal sympathy and good will for the cause of temperance and to aid in the enforcement of the laws from that standpoint, and this I have already fully done.

So I am making my plans to go on the Hawaii and let us hope for once that a Jonah on board will bring good luck.

Yours with aloha,  
KUHIO.

## Pirates Are Slain In Battle

HONGKONG, July 13.—Many have been killed as a result of hostilities that have broken out between Chinese pirates and the Portuguese.

A Portuguese gunboat and troops attacked the pirate settlement at Colowan, killing many of the pirates, and in retaliation the Chinese stormed and captured the Portuguese military post nearby. Reinforcements have been hurried from the Portuguese island of Macao, and the situation is critical.

## S. P. Co. Pays Up

SAN FRANCISCO, July 13.—The Southern Pacific Railroad Company today paid into court the sum of \$18,000, for conviction on eighteen counts for rebating. One hundred and fifty similar counts against the railroad corporation have been dismissed.

## Death In Dirigible

LEIGHEN, July 13.—A large dirigible was today destroyed while high in the air. The benzine tank exploded, causing the total destruction of the airship. Aeronaut Erbsloch and crew of four were instantly killed.

## DAILY SCORES OF BIG LEAGUES

(Special Bulletin Cable.)  
Scores in the big leagues' play today are:

National—St. Louis 5, Boston 7 (yesterday); Pittsburgh 4, New York 0; Cincinnati 2, Boston 0; Chicago 1, Philadelphia 2; St. Louis 9, Brooklyn 3.

American—Boston 5, Chicago 1; New York 2, Cleveland 9; Philadelphia 2, St. Louis 1 (fourteen innings); Detroit 7, Washington 6.

Club	W.	L.	Pct.
Philadelphia	47	23	.671

## KING'S FUNERAL COST \$200,000

LONDON, July 13.—The total funeral expenses show that the funeral of the late King Edward cost \$200,000.

## Head Of Lutheran Church Declares Against Prohibition

DR. FELMY POINTS TO LESSON FROM MOSLEM STATES

"To my mind there is but one way to look at the success or failure of prohibition, and that is to compare the Moslem and Christian during past centuries. The Moslems are the only people who have tried prohibition long enough for it to be judged, and from the history of the two peoples it must be granted that the Christian with his drink has done a larger work in the world than the followers of Mohammed."

Such is the broad view taken by Rev. Wilhelm Felmy, pastor of German Lutheran Church and stated by him at his home on Beretania Avenue yesterday afternoon in response to a question as to his belief in prohibition.

Rev. Felmy was reluctant at first

to express himself on this question, which had so much to do with local politics, in view of the fact that he is not an American citizen but owes allegiance to the German Emperor, and such a thing as prohibition is unknown in Germany.

He said that he could understand the question from an American standpoint but that from a German one he could not. Such a thing as a man-made law for controlling the consumption of liquor was unknown to the Teutonic mind.

"I can see how some people can believe in prohibition as the best thing to control the traffic and I can see just as well how others can see no good in such a prohibitory law," he said. "For myself I do not think

that such regulation should come from a law but it should be from a man's own inner self, he should be the one to decide the question. It should be one of education and not of drastic law, which wherever it has been tried has failed to prohibit.

"In America you have had prohibition for how many years, little more than a generation. That is not long enough to arrive at a conclusion even if no liquor of any kind had been sold in all that time, a condition which has not existed, I am told.

"I look at the question from the standpoint of history, and Moslems are the only people who have had absolute prohibition, and this under religious belief. What has become of

(Continued on Page 2)

## SMALL STOCKS HOLD THEIR OWN

Olas and McBryde were again the center of trading in stock circles today, and they closed firm at the latest quotations.

The market appears to have been thoroughly cleaned up of the McBryde offered lower than 6.50, and Olas has sagged slightly if the closing quotation of the Exchange continued to hold through the day.

The general history of these stocks has been that they sag a little after the first spurt and then take a new start and increase the limit.

Considerable trading is going on in Ewa, Waiwala and Oahu. Not a little of this money is going into the cheaper stocks, as it is felt by the buyers that they can make a very large profit in a comparatively short time. Ewa was sold at 34.50 yesterday, but fell off twenty-five cents a share on sales made on the exchange today. Waiwala has sold in small lots at 130. Honokaa's drop back to 18.25 appears to be permanent, as it is changing hands in fair-sized blocks at that figure.

Generally speaking, the market is stronger on the cheaper stocks than with the old established favorites among the dividend-payers. Hilo Railway appears to hold strong at 12.25, with comparatively little offering.

## DEATH TAKES YOUNG MAN

John Kawaihewa, the third son of the Hon. Edward Liliuokalani, died yesterday morning of heart disease. The funeral was held yesterday at 3 o'clock, the interment being in Kawaiaho cemetery.

The young man was 19 years of age at his death. He was educated at the Royal School and afterwards entered Kamehameha Schools. He was a valued member of the Kamehameha Sunday school and Christian Endeavor Society.

## MILVERTON RECOMMENDS REJECTION OF BONDS

Two applicants for licenses to conduct a plumbing business in the city of Honolulu have been turned down at the suggestion of First Assistant City and County Attorney Milverton who has rendered an opinion that out of eleven applications for licenses and bonds attached, he recommends that the bond filed by Messrs. U. Shingawa and Chee Hoon Kee be declined.

## CRUISERS ARE STILL DELAYED

It is the repairs to the powerful engines in the fine United States navy auxiliary Prometheus that have thus far delayed the departure of the protected cruisers Cleveland and Chattanooga.

The Prometheus arrived here the first of the week after a fair run down from Mare Island. As the voyage to Honolulu was the initial cruise of the \$2,000,000 supply ship and collier, her engines had not heretofore received a lengthy tryout. Some defects developed as the voyage progressed, and upon arrival at this port considerable repairs were found necessary before the return to the Coast and Puget Sound navy yard with the crippled Chattanooga could be made with safety.

According to present calculations the Prometheus and Chattanooga are expected to sail for the Northwest coast on July 20.

The United States cruiser Cleveland, Captain Hugh Rodman commander, was shifted to Naval Wharf No. 2 this morning in order to make room for the big French cruiser Montcalm, hourly expected at the port of Honolulu.

The Chattanooga continues to remain at the berth on the Ewa side of No. 3 naval wharf, where she will remain until such time as the United States naval auxiliary Prometheus is prepared to take up the lines from the Chattanooga and commence the tow of the cruiser to the mainland and Bremerton navy yard.

It is reported that the cruiser Charleston, a vessel which, with the Cleveland and Chattanooga, made up the first division of the Asiatic fleet, under the command of Admiral John Hubbard, will be relieved at the Far East by the New York, which has sailed from the Atlantic coast and was last reported on June 19 at Alexandria, Egypt. Upon the arrival of the New York at Manila or the China coast, the Charleston will proceed to the United States, and it is believed that the cruiser will be ordered home by the way of Suez Canal.

While nothing of an authentic nature has been gleaned, the orders from the Navy Department are that the Charleston proceed to Bremerton navy yard, and unless that order is revoked, the vessel will sail across the Pacific to join the ships of the Pacific fleet. In this event Honolulu will receive a call from the Charleston.

## WAS VICTIM OF ACCIDENT

On the evening of June 21, while driving with a lady in New Brunswick, N. J., Rev. Frank Scudder, daughter of the late Rev. John Drury, was driving on George street when they were run into by an automobile.

The news, as contained in a dispatch to Newark Star from New Brunswick, is that Rev. Scudder, accompanied by Miss Charlotte Drury, daughter of the late Rev. John Drury, was driving on George street when they were run into by an automobile. James H. Edgar was running the machine which caused the accident, and as a result of the smash, Miss Drury was thrown from the vehicle and painfully injured.

Mr. Scudder escaped injury in the accident. He was in New Brunswick to attend commencement at Rutgers College.

## EARTHQUAKES KILL AND MAIM

(Special Bulletin Cable.)  
MUNICH, July 13.—Heavy earthquakes have taken place in Bavaria and throughout the Tyrol district. Many buildings have been damaged. At Utterheim, one person was killed and twenty injured.

## EIGHTY-FOUR PERSONS PROTEST OVER ROAD

A petition signed by eighty-four property-owners and residents along what is known as Holokahana lane, have protested to Mayor Joseph J. Fern that the thoroughfare is in deplorable condition and, furthermore, that it is not safe for traffic. The petitioners ask that the road be macadamized, and they also suggest that the installation of several electric lights would add materially to the safety and comfort of those who have to travel the highway. The supervisors have taken the matter under advisement.

## SAILOR BEATEN BY CAPTAIN

This morning at 9 o'clock a Korean named Cho Hong Sung, who was formerly employed on the schooner Mot Wahine, dropped in on the captain of that trim little craft and asked for some wages that were due him. The captain was not pleased when he heard the request and demanded that Cho should beat it for the shore as quickly as a rowboat could take him.

The Korean sailor was ready enough to go back to the wharf from which he had come, but once more demanded the money that was coming to him. The second request enraged the captain, and he is alleged to have picked up a shovel and hit the Korean several times over the head with it. The unfortunate sailor, who had gone to get money, received a broken head instead, and when rendered unconscious was placed aboard a rowboat and taken ashore. The police patrol wagon, with Captain Baker in charge, made a quick run to the foot of Fort street, and from there conveyed the Korean to the Queen's Hospital.

A warrant will be sworn out for the arrest of Captain "Dick," and he will, it is said by the police, be taken some time this afternoon.

## "FARMER'S" BASEBALL

It may turn out that the Ewa and Aiea baseball games will play a game on the Ewa grounds in the near future. Secretary Girvin of the Ewa combination has written Sergeant Barry asking him if it would be possible for the plantation men to get the use of the grounds.

Sunday, July 17, was mentioned as the day on which the game—which is a tie one—could be best played, and if it is arranged, the town people will have a chance of seeing the "farmers" in action.

## FULL PAY FOR SHARPSHOOTERS

The City and County Board of Supervisors have granted six weeks' leave of absence with full pay to those employees of the municipal government who participate in the match to take place at Camp Perry, Ohio, in August.

It is expected that the local marksmen will leave Honolulu on or about July 20th.

A communication was received from Acting Governor Mott Smith who expressed the hope that the Supervisors would see their way clear to grant leave to all participants who are engaged in the service of the City and County.

## RAPID TRANSIT STARTS THINGS

The Rapid Transit Company has made the initial move in the general improvements to the entire system that have been contemplated for some time.

The trenching of King street for the proposed double track on that thoroughfare between Kawaiaho church and the fire station at Palama was commenced yesterday and the work will be pushed through as rapidly as possible. This will do away with intermediate switches and is thought to add to the regularity of the service.

It is stated that Alakea street will

(Continued on Page 5)

## SUGAR

SAN FRANCISCO, July 13.—Sugar: 96 degrees test, 4.315c. Previous quotation, 4.33c.

## MONTCALM HERE FOR CELEBRATION

The fine French cruiser Montcalm, enroute from an extended cruise throughout the Orient has arrived at Honolulu and will be on hand at the local celebration of the anniversary of the Fall of Bastille, which will take place tomorrow.

The Montcalm made her appearance off Barber's Point shortly after two o'clock this afternoon. The vessel is berthed at Number 3 naval wharf and will remain at the port for some little time in order to take on supplies and coal.

The Montcalm is one of the largest war vessels that has ever honored Honolulu with a visit. Her tonnage is 9517 and she carries 613 officers and men. The vessel is capable of making 21 knots under forced draft. She carries a powerful armament and is also provided with torpedo tubes. The vessel has been making Saigon and other French possessions in Indo and Cochinchina her headquarters.

Keola Lum Cheong was today granted divorce from Lum Cheong the ground being cruelty and non-support. The complaint alleged that Cheong was a pipe hitter, and that most of his earnings went for poppy instead of being spent for his wife and child.

ADVISED received from Sydney announce the arrival of the Canadian Australian liner Makura at the Colonial port yesterday. The vessel sailed from Honolulu on June 25th.

## H. P. WOOD IS COMING HOME

H. P. Wood, secretary of the Promotion Committee, will arrive in Honolulu on the Wilhelmshafen next trip, sailing from San Francisco August 3.

This news was contained in a cablegram received at Promotion headquarters today from him at Atlantic City. He leaves there on July 19 and is coming to San Francisco by way of Chicago, Winnipeg, Spokane and Seattle.

In a letter written June 29 Mr. Wood states that business is looking up and that the aviation meet which was to be held the first of July promised to bring a record crowd to Atlantic City.

The weather, which had been disagreeable for the first part of June, had picked up during the latter part of the month and at the time of writing it had held good for several days, which did a great deal for business along the board walk.

Sales of pineapples and curios had been good and for the time until he expected to start for Honolulu prospects for record sales were excellent.

The promotion work which Mrs. Headlee is doing in Seattle and the northwest is bearing fruit and she is giving several lectures each week, three being on for the first week in July, according to information received from her in this mail.

Mrs. Headlee is advertising Honolulu and Hawaii throughout the northwest and speaking before commercial bodies and clubs on the Territory, its history, climate and resources.

## ALLEGED ASSAULT BY OVERSEER

After an argument over the way water should be applied to young pine, a Chinese laborer at the Pau-loa section of Aiea plantation alleges that the overseer in charge of the work struck him with his fists and knocked him down. As soon as the Chinese fell to the ground, he alleges, the overseer took a hoe and hit him over the head with it.

The man was badly bruised and cut about the head and face, and had to be taken to the Queen's Hospital, where he is at present confined. As soon as the Chinese is able to swear out a warrant, the overseer will be arrested and charged with assault.

Honolulu Branch of the Harrison Mutual Association

Has been called and is DUE JUNE 15 and DELINQUENT on JULY 15.

## ELECTRICAL CURE INSTITUTE OPENS

With many distinguished people in attendance, the Honolulu Institute for Physiotherapy, corner of Beretania and Richards streets, Monday night opened its doors to suffering humanity. The medical manager, Dr. Straub, after welcoming the guests and a few introductory remarks regarding the destination and working plan of the institution, led the visitors through the different rooms, explaining the various apparatus and their uses. The guests never stopped wondering, the climax being reached by Mr. Doran, the technical manager's demonstration of the powerful X-ray apparatus and the workings of the high frequency currents. Electricity sparked out of every corner, and even by going into other rooms the guests could not escape the penetrating magnetic power of the X-rays. A few radiographs were taken and the plates developed in presence of the visitors.

The institution is magnificently equipped and especially designed for treatment of ailments prevailing in these islands. The waiting-room leads into the consultation room. From there one walks through the operating room, laboratory and dark-room into the power station. Here the visitor finds the seven-horsepower direct current generator installed by the Hawaiian Electric Co. Then follow three rooms with resting beds, massage benches and electric light baths for local treatment.

There is one room with the big electric light bath for general treatment, where one can have his body bathed in red, white, blue and chemical rays, just as he requests and the doctor pleases. Next one comes to a compartment with a steam and hot-air bath, and from there to the shower room, where water flows from every direction. This is directly adjoining the bathroom for medicated, carbonic acid and oxygen baths. Going across the hall the visitor enters the gymnasium, with all kinds of gymnastic apparatus, and another bathroom for hydro-electric baths. From there one steps through the electric treatment room with the four-cell bath and the big Dermo lamp, and into the X-ray department. Here we find an immense X-ray coil, giving an 18-inch spark, with all other utensils for up-to-date X-ray work, and instruments for the production of high-frequency currents of immense energy, curing disease and stimulating vitality, but absolutely harmless under the guidance of the expert operator.

After one and a half hours' demonstration, the visitors departed, convinced of the fact that physiotherapy, or treatment by forces of nature, has by this day conquered a place amongst the other branches of modern medicine and that, applied scientifically, regarding success it can very well stand comparison with many other healing measures, even such which medicine rightfully used to be proud of.

Arrangements are under way by which the institution will offer its services to the general medical profession, with the result that physicians will be able to send patients for treatment under their own directions. The institute will be open for inspection by the general public on Sunday, July 17, from 9 to 10:30 a. m.

## TWENTY YEARS FOR KAUAI MURDERER

Felix Mansan, a Porto Rican who killed his wife on March 28 of this year at Elele, Kauai, was sentenced to twenty years' imprisonment on Saturday last. The murder was committed with a sharp-pointed dagger and was the result of a family row.

The charge against the man was that of murder in the second degree, and the minimum sentence is twenty years. Mansan was brought to town on the steamer W. G. Hall this morning, and was at once taken to Oahu prison, where he will begin his term of imprisonment.

## SYSTEM RESPONSIBLE

"System," said Mott Smith in referring to the finding of all the ballot boxes in all the precincts of the Territory this morning. There are three boxes for each of the eighty-one precincts and with the exception of those in Honolulu they are turned over to deputy sheriffs for care. It has been twenty months since these boxes were last used and every one of them has been located as ready for use on July 26. The only exceptions are those which have to be supplied with new locks. Preparations for the election are nearly completed and with the fixing up of the ballot boxes will be finished.

## LOCAL AND GENERAL

Order a case of Pineapple Leafhopper & Woodward, Phone 537. It goes without saying that everything is best at The Enclave. The Woman's Society of Central Union church will hold a meeting at the church tomorrow morning at 10 o'clock.

Hemis Hanaief, who was caught gambling was found guilty and sent to take a chance with Vaillet & Co. at Asch's sanatorium. Jordans have decided to quit all makes in Corsets excepting Madame Irene and G.D. Just rite a sale of all others begins tomorrow.

There will be an important meeting of the Oahu League tomorrow evening at half-past seven o'clock at the office of Senator C. F. Chillingworth. Manuel Rawlins who was found guilty of having assaulted his wife was sent over to Asch's hotel for sixty days this morning by Judge Andrade.

The tired business man finds comfort in the attractive surroundings of the Criterion, corner of Hotel and Bethel Sts., where the best liquor and beer is served.

Defendant's bill of costs, in the suit brought by Mary T. Herbert against William Henry et al., has been filed with the court. It amounts to \$69.75.

Motion has been filed by Au S. Kwal, defendant in the suit brought by Emmeluth & Co., to have hearing and final determination pursuant to the opinion of the Supreme Court.

Lucy Thomas was today adopted by Joseph and Antonia Silva, the decree being signed by Judge Robinson. The girl is eleven years old (and the daughter of Antonio and Mary Thomas).

By Wireless you can reach friends and customers on the other islands without any delay. This is important when time is a consideration. On Sunday mornings the office is open from eight to ten.

No one ever succeeds until the lessons of saving and method are learned. Start the lessons today by opening a Savings Account with the Bank of Hawaii, Ltd., corner of Merchant and Fort streets.

William Henry, as appraiser, has reported to the court that he failed to find any property left by the late Thomas R. Lucas, either personal or real, which was subject to an inheritance tax.

Three cocktail champions were on the police court calendar this morning and only two put in an appearance. One got a suspended sentence of thirteen months, and the other a fine of \$4. The third thirsty Tim forfeited his bail of \$5.

Information was given to Chief McDuffie this afternoon that a terrible crime had been committed by a Porto Rican on a young girl of eleven years of age on July 6, at Puncbowrie. The man has gone down the country to a plantation and McDuffie has left town on his trail. Death is the penalty provided by law for the offense and there appears to be no doubt of the Porto Rican, who is a married man, being the guilty person.

## COMMISSION ENDS ITS LABORS

This afternoon at one o'clock the education commissioners met at the office of Superintendent Pope to finish up the business which called them together. The only matter to be considered this afternoon was the looking over of the estimates to find if the appointments made were covered by the appropriation available, and as soon as this was ascertained the meeting adjourned having completed its labors for this session.

## DR. COOPER WILL VISIT HOSPITALS

Dr. C. B. Cooper, after completing his tour of military duty at Camp Perry with the riflemen of the National Guard, will make a tour of the leading hospitals of the country and get in touch with the leaders of medicine and surgery in the East. He is to include Johns Hopkins, leading New York hospitals and the famous establishment of the Mayo Brothers in Rochester, Minn., and take up observation and study of special lines of surgery.

## COURT WAS QUIET

Attorney General Lindsay has returned from Kauai where he went to attend court session and assist the county attorney in handling some cases. Lindsay says there were but two important cases before the court, one being that of a Porto Rican murderer who received a sentence of twenty years and a Japanese who had mistimed another and was punished by two years' imprisonment. Other than these two cases the term was quiet. No so with the water and on the Hall coming over last night the robust Attorney General was some seasick.

## BAGGAGE

City Transfer Co.,

JAS. H. LOVE.

PHONE 182.

## DR. FELMY FOR TEMPERANCE

(Continued from Page 1)  
the Modern nations? In early history they were powerful, especially in war, and they have gone down steadily, while the Christian nations have come to the front more and more, and all over Europe the Christian nations are nations of drinkers.

Rev. Felmy did not care to express an opinion as to the effect of prohibition here in the Territory except in this general way looking at the success of the prohibition idea through centuries rather than through years. "I am in favor of temperance in all things, drinking as well as everything else."

"I am of the opinion of Bishop Rea-tarick in the matter of drink," said he, "and I think the Bishop expressed a fair opinion in the matter. I do not believe, however, that churches should take decided stands, that is I don't think that ministers should preach prohibition or anti-prohibition from the pulpit. I am sorry that the churches are divided among themselves over this question. It makes a bad impression upon both church-goers and non-church-goers. I have never mentioned the subject from my pulpit, nor would I do so, and I do not know how my congregation feel about it. I have never asked them. There are prohibitionists and anti-prohibitionists, but they both can be good Christians."

"We are Germans, and are used to drinking. When I came here I missed the German custom of taking the family out to the beer garden where there was music and the wife could have coffee and the children something while the husband and father drank his beer. The saloon might be changed to the German 'Kneipe' perhaps where everyone could go and nothing would be thought of it."

"It is impossible to suit all people. John the Baptist neither ate nor drank and they said he had a devil. Christ ate and drank and they called him a glutton."

"In this question the people refer to Christ as a prohibitionist but I think that the other side could claim Him as well. I do not wish to be more of a Christian than Christ was, and He drank wine which from all accounts was real wine. He made no law except one 'Love one another' and I think that we should have no law to say a man shall not drink."

## PINES AND COFFEE FOR N.G.H. TEAM

Through the generosity of several firms, the N. G. H. team will take with them a supply of Kona coffee, pineapples, and juice from the fruit. Hackfeld & Co. have donated the coffee, which will be much appreciated at the N. G. H. headquarters at Camp Perry.

The canned pineapples and Dole's new pineapple juice have been given by the Hawaiian Pineapple Company, and the juice should make a decided hit with the thirsty soldiers.

## GOLF CLUB PLAY

On Sunday next the Honolulu Golf Club will have a medal play tournament at Moanalua, and the entry list will close at E. O. Hall & Son's at 5 o'clock on Friday afternoon.

The play promises to be good, as all the best players of the club have signified their intention of entering for the competition. The Moanalua links are in the best possible condition, and Squire Damon's beautiful place is looking its best nowadays.

Given fine weather, there should be a big turn-out of golfers at Moanalua on Sunday, and some fine play should be seen. Play will start at half-past ten o'clock, and by that time intending contestants should be on hand to take part in the competition.

## THREE MONTHS LEAVE FOR ENGINEER DEERING

August Deering, who has served the Honolulu Fire Department for the past nine years without leave of absence has been granted three months' vacation by an action taken at today's meeting of the City and County Supervisors. Mr. Deering will commence his respite from duty with the department with the first of the coming month.

## WATERFRONT NOTES

THE UNITED States army transport Sheridan which sailed from Honolulu on July 4th arrived at San Francisco yesterday. Four days after leaving Honolulu the Sheridan met with the troopship Sherman coming from San Francisco and the transfer of a dozen stowaways from the Sheridan to the Sherman was effected. The uninvited passengers were returned to Honolulu they being landed here yesterday afternoon.

ACCORDING to Purser Kibling of the steamer Claudine the following vessels were at the port of Hilo on last Monday. The American bark Albert was discharging lumber. The schooner W. H. Marston was taking on sugar as was the Matson steamer Hilonian. Both vessels were loading for San Francisco. The American-Hawaiian freighter Columbian having finished taking on sugar sailed for Salina Cruz on that date.

WITH THE ARRIVAL of the Pacific Mail liner Manchuria from San Francisco on next Monday morning, General Manager R. P. Schwerin is expected to be a passenger by the vessel enroute to the Far East on a regular tour of inspection of the various agencies. In Pacific Mail circles a number of changes are believed will result from the trip of the "high chief."

THE AMERICAN schooner C. S. Holmes was reported as discharging a shipment of lumber at Ahukini at the time of departure of the steamer Hall. The Inter-island steamer Nilahu was taking on sugar at the port of Nilahu while the steamer Noan was discharging freight and taking on cargo at windward ports of Kauai.

THE DEPARTURE of the Pacific Mail steamer Manchuria from San Francisco enroute to the Far East was reported yesterday afternoon. The Manchuria is due to arrive at Honolulu at an early hour on Monday morning. The vessel will probably make a stay of about twelve hours at this port.

JOHN F. SCHERR, outside freight man for the Pacific Mail company at San Francisco and one of the best known men in the local shipping world, died at his home in Berkeley, July 3, a victim of Bright's disease. He was 58 years of age and a native of New York.

THE BATTLESHIP Delaware was successfully docked for the first time at the navy yard, Norfolk, Va., June 23. She will have her hull cleaned and painted before proceeding to New York for her wireless equipment prior to joining the Atlantic fleet.

ALL THE SUGAR at Honouapohuli has been cleaned out by the shipment taken by the steamer Iwalei on her last trip to Kona. The vessel brought 4812 sacks of this commodity and a deck load of cattle. Purser Stone states that the Honouapohuli mill has stopped grinding and will not resume business for some time.

A WIRELESS received by C. Brewer and Company representing the Oceanic Steamship Sierra gives that vessel's position at nine o'clock last night as 876 miles out (en route to Honolulu); moderate N. E. winds; moderate sea; cloudy weather; barometer 30.34; temperature 55.

PURSER SHELTON of the steamer Mauna Loa reports the following sugar awaiting shipment at Kona and Kau ports: Paauhau 2306; Kukula 5627; Kukula (D) 1486; Paauhau 15,806; Paauhau 2600; Honokaa 3000; Kukulahele 1900.

BUT FEW ASIATICS left for the Orient by the Pacific Mail steamer China which sailed for Japan ports and Hongkong at five o'clock last evening. Several cabin passengers departed for the Far East by the ever popular China.

TAKING EXPLOSIVES for all Maui ports of call the Inter-island steamer Iwalei has been placed on the berth to sail at five o'clock this afternoon. The vessel will call at Kipahulu and Mokuauia before returning to Honolulu.

THE FREIGHT LIST of the steamer Mauna Loa from Kona and Kau ports included brought 8500 sacks of sugar, 222 bags of coffee, 14 barrels pears, 21 cases pears, 30 head cattle, 205 packages sundries.

AFTER A PASSAGE of twenty-two days the American schooner Sequola from Hilo to Port Townsend arrived at the latter port yesterday. The vessel brought a shipment of lumber from the sound.

THE AMERICAN-Hawaiian freighter Virginius enroute from Salina Cruz to Honolulu by California and Puget Sound ports cleared San Diego yesterday with destination as San Francisco.

## WATERFRONT NOTES

A CABLE received at the agency of H. Hackfeld and Company announces the departure of the Toyo Kisen Kaisha steamer Hongkong Maru from Yokohama. The vessel sailed yesterday and is expected to arrive at Honolulu enroute to Central and South American ports on or about July 25th. The Hongkong Maru is bringing no freight for the Hawaiian Islands. The vessel will probably remain outside the harbor during her brief stay at the port.

A CHANGE has been made in the sailing orders for the dispatch of the United States army transport Sherman and that vessel is announced will depart for Manila by the way of Guam at six o'clock this evening. While at Honolulu the Sherman left about seventy tons of general and cold storage supplies and provisions and her bunkers were replenished by the addition of seven hundred tons of coal. The Sherman will depart from the Oceanic wharf.

VERY PLEASANT weather is reported by Purser Kibling of the steamer Claudine which vessel arrived from Hawaii and Maui ports this morning. The steamer brought a large number of cabin and 65 deck passengers. The freight list included among other items: 30 cords wood, 50 cases honey, 2 mules, 69 hogs and 179 packages sundries.

BY THE STEAMER W. G. Hall from Kauai ports this morning there arrived a number of cabin passengers and 5500 sacks of sugar. Purser James Logan reports moderate weather on both outward and inward trips of the steamer. Forty-eight packages sundries arrived by the vessel.

THE STEAMER Claudine sailing for Maui and Hawaii ports of call at five o'clock on Friday evening will not call at Kipahulu on this trip. The freight for the port will be taken by the steamer Iwalei sailing for Maui this evening.

PURSER JAMES LOGAN of the steamer Hall reports the following sugar awaiting shipment: K. S. M. 3100; M. A. K. 40,325; K. K. B. 4400; M. B. 30,626; K. P. 4719; M. S. Co. 7090; K. S. Co. 1715; P. L. 215; H. M. 6900.

THREE HUNDRED and ninety tons of mainland cargo will arrive at Honolulu on next Monday by the Pacific Mail liner Manchuria. This vessel has sailed from San Francisco with a large number of passengers.

KAWAHAE, Mahukona, Paauhau, Kohalahele, Kukula, Okaia and other Kona ports will be visited by the Inter-island steamer Maui sailing at four o'clock this evening.

THIRTY MILES from Honolulu enroute to San Francisco a wireless from the Matson Navigation steamer Lurline reports moderate north east trades and choppy seas.

THE AMERICAN ship Marion Chittcott which arrived at the port some days ago with a quantity of fuel oil is expected to sail for Gaviota this afternoon.

## DEPARTED

Wednesday, July 13.  
Kipahulu, Mokuauia and Maui ports—Iwalei, str., 5 p. m.  
Kawahae, Mahukona and Kona coast ports—Maui, str., 4 p. m.

## JAPAN TO BE REPRESENTED

Japanese Ambassador Inouye, who has been selected by His Imperial Majesty, the Mikado of Japan, to represent his government in a centennial anniversary to be held in one of the small republics in South America, in August, will arrive on the steamship Hongkong Maru, from Yokohama, on the 25th.

The ambassador was formerly in Germany and is considered one of the shrewdest diplomats in Japan. While here he will be the guest of Consul-General Uyeno. He is accompanied on his important mission by the military and naval attaches and members prominent in the diplomatic circle.

THE FIRST DIVISION of the Pacific fleet, under the command of Rear-Admiral G. B. Harber, U. S. N., consisting of the California (flag-ship), the Washington, the Colorado and the Pennsylvania, will leave San Francisco on August 14 for Valparaiso, Chile, arriving at that place on September 10, to take part in the Chilean centennial celebration, beginning September 12. This is in accordance with a formal invitation extended by the Chilean Government. Rear-Admiral Harber is the commander-in-chief of the Pacific fleet. After the celebration the Washington will proceed to Hampton Roads by way of the Straits of Magellan, arriving not later than November 16. The other vessels will return to San Francisco, arriving not later than October 22. The division will sail at Chimbote, Peru, en route to Valparaiso and on the return voyage. The Glacier will accompany the division as far south as Chimbote.

Kiel, Germany, July 2.—The Mainz, bearing Prince Henry and the entire complement of the Zeppelin party to arrange preliminaries for the North Polar balloon expedition, sailed for Spitzbergen today. Several scientists, who will study conditions in the Far North with a view to determining whether the project is practicable, are included in the company.

WEDNESDAY JULY 13, 1910

"I have had a life of nearly thirty years here as priest and bishop, and have intimate relations with the native people and with the families of my faith who have made their homes in Hawaii.

"In times when liquor was taboo to the natives they were greatly harmed. They wanted freedom and their answer to prohibition was the manufacture and abuse of liquor in every settlement, hamlet and neighborhood. The situation was ruinous. They are a temperate people. The Hawaiians are not a nation of drinkers. Temperance work amongst them is constantly carried on by the Catholic church. We say to them, 'Don't drink,' but neither the church nor the state, in my judgment, has the right to use force in this matter, with or against the natives or any other people.

"The liquor traffic here can be controlled effectively and fairly by our own existing laws and laws to be made by us untrammelled in the future, not by the radical notions of men who have no real concern for us. Let us have liberty. There will be no abuse of it."—Bishop Libert.

Prohibition? Aole-No.

Delegate Kuhio says he is not a Prohibitionist, but stands for temperance. That shows very plainly he must have associated himself with Woolley and Thurston under a misapprehension of what the Prohibition gang is driving at.

Kuhio declares for equal rights for all races. But Woolley, the sponsor for Prohibition, told Congress that "the native population needs and deserves prompt and powerful intervention." So the only thing for the supporter of equal rights to do in the plebiscite is to vote, Aole-No.

That statement from Governor Fernald of Maine, published by the Prohibitionists, carefully avoids any remarks on whether Prohibition prohibits. No one knows better than Governor Fernald that Prohibition is a perfect farce. Every child of school age knows that the drug store is the State of Maine saloon.

Gifford Pinchot, coming West to help William Kent in his fight for Congress, is bound to provide many bad moments for the anti-prosecution people of San Francisco who appeared to find favor with President Taft when he visited the West. Yet Kent was one of the most ardent and loyal supporters of Taft, and is now when Taft stands by the cause of the people.

## KUHIO AND PROHIBITION.

Delegate Kuhio in his very interesting letter to Senator Lane makes it clear that he is neither a teetotaler nor a Prohibitionist.

He allowed his name to be used with those on the Committee of One Hundred because he assumed that that organization stood for temperance, when as a matter of fact it has come before the people as a Prohibition League with a Prohibition platform, and its sponsor is Woolley, the man whom Kuhio upset in Washington.

It is not surprising therefore that the Delegate should not care to take part in the campaign of the Prohibition League that is taking a false position and saddling upon his shoulders association with and joint responsibility for a false cause.

## PROHIBITION? AOLE--NO.

Prohibition in Hawaii will be the signal for labor troubles throughout the sugar industry of the islands.

Prohibition will put an immediate damper on the tourist trade of Hawaii from which the people of the islands expect much through the addition of a good class of transient and permanent residents.

Prohibition will result in a large trade in alcoholic liquors from the Pacific Coast sent in bottles and cases direct to the consumer; the Territory will have no authority over the traf-

fic for the regulation of the purity of the commodity sold; the Territory will be swamped in a saturnalia of malibni booze that pays no taxes.

Prohibition will immediately add to the life of Hawaii a new factor, the pocket peddler of vile whiskey and the kitchen barroom sometimes known as the Blind Pig, worse and more numerous than the most evil saloon.

Prohibition will overthrow a law that has been accepted by all temperance people and a good share of the Prohibitionists as effective and well adapted to the conditions in the Territory.

Prohibition, if given a majority vote by the people of Hawaii, will be accepted as an endorsement of what Woolley said of the Hawaiian-American citizens of the islands when comparing them with the Indians who have no franchise, and declaring that the "native population needs and deserves prompt and powerful intervention in the matter."

Prohibition will bring a new train of evils in its wake without giving any compensating good.

Prohibition answers no demand made by the people of the Territory of Hawaii.

Prohibition as it is presented to the voter is the cause of an intolerant minority that have fostered and supported every scheme for limiting the franchise of the people and taking from them all their rights and privileges of self-government.

Prohibition in Hawaii therefore deserves from the voters of this Territory a decisive and overwhelming negative vote.

Aole-No, is and should be the response of Hawaii to the Woolley-made scheme of Prohibition.

Prohibition? Aole--No.

## THE PRESENT LAW.

A vote against Prohibition is a vote for the present license law of the Territory.

That is the obvious and declared trend of public sentiment among the people of these islands. Attempt at deception or evasion of the fact would be as foolish and silly as the things Woolley and Thurston are saying for their mendacious and intolerant Prohibition.

The people are satisfied with the present law and they resent the interference of either the Federal government or the Government by Commission schemes, or the salaried agitators of Prohibition, to make it appear otherwise.

That is why every voter of this Territory who believes in the proper control of the liquor traffic should go to the polls on the 26th and in response to the question, Shall the Legislature pass a law prohibiting the sale and manufacture of intoxicating liquors? place their vote mark opposite the words

Aole-No.

## WOOLLEY, ATHLETES AND PIE.

John G. Woolley in his platitudinous writing on his schemes for saddling the Territory with Prohibition, that does not pretend to prohibit, wishes it known that athletes are always cautioned to abstain from alcoholic beverages when they are in training.

Mr. Woolley also religiously forgets to mention that these same athletes are also prohibited from eating pie, mince pie, and other kinds of pie.

Now what the people want to know is whether Woolley would get out and talk for the prohibition of pie, and in the cause of the prohibition of pie would call the Hawaiian-Americans names, as he did in Washington, if he were paid a regular salary by the Anti-Pie League?

It would also be interesting to learn if Mr. Woolley himself is a total abstainer; whether he does not find that there is a use for alcoholic beverages as well as pie; whether he has not also found that one can ruin his digestion, put kinks in his head, upset his whole outlook upon the affairs of this world, and make a hog of him-

## HOW TO VOTE

When you receive your ballot at the polling place on July 26—the day of the plebiscite to determine whether Hawaii is to continue under the best liquor law in the United States or be afflicted with a Woolley-made statute—the voting form will appear as follows:

SPECIAL ELECTION JULY 26, 1910.

TERRITORY OF HAWAII

Vote by marking a cross (X) after the word "Yes," or "No" in the square ruled space provided for that purpose.

Koho ma ke kaha ana i ke'a, (X), mahope o ka hnaolelo "Ae," a i ole, "Aole," maloko o ke kua i rula ia, i hoomakaukau in no ia mea.

Shall the legislature to be elected in November, nineteen hundred and ten, be requested to pass, at its first regular session, a law prohibiting the manufacture or sale within the Territory of intoxicating, spirituous, vinous, and malt liquors, except for medicinal and scientific purposes?

E kolia akuanei ka ahaolelo e koliaho aku ana ma Novemaba, umikumamaua haneri me umi, e hooheolo ma kona kau mau mua i kanawai e hookapu loa ana i ka hanaia ana ame ke kuaiia ana maloko o ke Teri-tore, i na waiona, na waiona i puhia, i hoawaawaiia, a i hooheuluia, koe wale no na hana lapaan ame na hana ake-akamai?

YES ☐  
AE ☐  
NO ☒  
AOLE ☐

To vote against the proposed Woolley-Thurston law place a cross mark in the square opposite the words "NO" and its Hawaiian equivalent "AOLE."

THIS IS A VOTE IN SUPPORT OF THE EXISTING LIQUOR TRAFFIC CONTROL LAW, ADMINISTERED IN EACH COUNTY OF THE TERRITORY BY A BOARD OF FIVE COMMISSIONERS, APPOINTED BY THE GOVERNOR OF HAWAII.

self generally by eating too much pie, promises rivers of whiskey, wine and Can it be that Woolley is planning beer from the Pacific Coast or the to follow Thurston's advice and do Orient, he will then take up the cam-one thing at a time; that after enact- paign against those enemies of good ing a Prohibitory law for Hawaii that digestion, good health, morals and

been spending the estate, according to the other executor, and the latter has asked the court to discharge him. The petition alleges that Dang Poi withdrew from the First National Bank the sum of \$807 on deposit there by his father and that he has never made an accounting to Ching Shay for this money. He paid funeral expenses and has collected other money due the estate but has refused to make an accounting to the other executor.

Ching also alleges that the son has deposited to his own account the sum of \$170 which was a part of the amount he withdrew from the bank belonging to the estate.

Judge Robinson has issued an order for Dang to appear in court on July 15 and show why he should not be discharged as an executor of the estate.

The total estate was estimated at \$4000.

## THE AMATEUR SPEEDERS.

Wilton—Hear you bought an automobile the other day?

Cogger—Yes, and had bad luck! Took my first spin around town late the other evening, came home and found myself locked out.

The rising generation should be trained to temperance and to rely on strength of character, and not be put into a straight-jacket to make up for lack of character.

Drink if you want to, but be temperate.

And vote against "prohibition."

### CALIFORNIA OIL INVESTMENTS.

\$1000 invested in the stock of the Claremont only a comparatively short time ago is returning \$1398 in dividends, and the shares can now be sold for \$13.653. This is one of the many instances we can cite you where large returns have been made in oil stocks.

The officers of the Lincoln Mortgage & Loan Co. make frequent trips through the oil fields to inform themselves at first hand of the condition of properties whose stock they offer to the public. They are the largest dealers in oil stocks in California.

A branch office has been established here for the accommodation of their many clients on these islands, who are now able to make their purchases of oil stocks in Honolulu.

Of the active low-priced stocks we recommend the immediate purchase of shares of the Ventura Oil Development Co. at 15c. each. The progress of this company has been very rapid and its present outlook indicates a quick advance in the price of these shares in the near future.

This stock offers an excellent opportunity for the small investor to make large profits. Take your shares now. It is your opportunity. Your fortune. Buy without delay.

P. E. R. STRAUCH

## IOWA AND PROHIBITION

[From Harper's Weekly, June 19.]

If some student of social and economic conditions, who had visited Iowa between 1884 and 1894, and who had since been out of touch with conditions in that State, should return to the scenes of his former observations now, he could not be otherwise than impressed by the change which has taken place for the better relative to the regulation of the liquor traffic, evidences of which are present everywhere.

From 1884 to 1894 the saloon was outlawed in every portion of the commonwealth. A constitutional amendment had been adopted in 1882, prohibiting the manufacture and sale of all intoxicating liquors within the State. This amendment was nullified by a decision of the Supreme Court on account of technical irregularities in the matter of its submission. But the dominant party had, by legislative enactment, established prohibition as completely as it could possibly have been done had the amendment stood the test of judicial examination.

How comes it, then, that one who had observed conditions in Iowa during that decade from 1884 to 1894 must, of necessity, note a change for the better at this time? Iowa abandoned state-wide prohibition in 1894. Why should the observer, after the lapse of these years, not note a change for the worse rather than a change for the better? It is the same old story over again, so far as efforts at state-wide prohibition are concerned. Prohibition did not prohibit.

Never was a reform entered upon more confidently on the part of its advocates than prohibition in Iowa. The experiment, however, was a failure from the beginning. In many of the larger cities no notice of the prohibitory law was taken. In the so-called "River Cities," like Burlington, Davenport, Clinton and Dubuque, prohibition meant unrestricted traffic in liquors from the first day of its reign until the last. Saloonkeepers in these cities boasted that they had thrown the keys of their places into the Mississippi. Some of them locked their front doors from midnight until dawn week-days, and during the entire day Sundays, but the back doors were never locked. Efforts at enforcement were so feeble in such cities as to make it possible to say that no such effort was ever attempted.

In the interior cities and towns, where sentiment against prohibition was not so pronounced—cities like Cedar Rapids, Des Moines, Council Bluffs and Sioux City—vigorous efforts at enforcement were made. Enforcement leagues were organized, money raised, the best legal talent employed; but for the most part the battle was a losing one from the beginning. Liquor continued to be sold

in drug-stores, and in out-of-the-way places—in basements, in back rooms to restaurants, in barns, cellars, and even in kitchens of private homes. Juries would not convict even when the evidence of guilt was overwhelming. It soon became impossible to elect peace officers not pledged in advance to the nullification of this statute. Blackmail flourished and perjury became so common it ceased to excite comment. Meantime in many of the smaller towns of the state conditions were little better than in the larger places. Here the drug-store saloon became a prominent feature in the demoralization of the community. Now and then one of these whiskey-druggists would be convicted and fined, but what was a fine to one who had entered upon the business of selling the vilest whiskey and the cheapest beer for the money there was in it? The profits were enormous.

As a case in point this illustration may be cited: In a town of less than two thousand people, with what seemed to be a sufficient number of whiskey drug-stores to satisfy the demands of "illegal thirst," a man personally known to the writer to be possessed of less than \$500 capital established an alleged drug-store for the express purpose of selling intoxicants. He had scarcely enough money to get together a make-believe stock of drugs. In less than ten years this man sold out and removed from the scene of his miserable activity, taking with him drafts for something in excess of \$50,000. Every dollar of that money represented profits from liquor sold behind the prescription case, practically without hindrance, in violation of the law. During his career as a whiskey-druggist he lived extravagantly, according to the standards of the community in which he resided; and, strange as it may appear, he and his family were accepted and treated by society as though he had been engaged in a lawful and thoroughly respectable business. It was one of the anomalies of the period that whereas saloon-keepers who had conducted their business openly for what it was, and according to law, had been looked down upon, men known of every one to be nothing else than saloon-keepers could and did maintain their standing in society, and often, in the church, so long as they were disguised as druggists, no matter how thin that disguise was. This case was not exceptional. It was typical throughout a considerable portion of the State.

Year by year the conditions grew worse. Drunkenness was never so prevalent and young men never went to ruin more rapidly. In Cedar Rapids, in 1893, the last year under prohibition, the arrests for disturbance of

the peace numbered 1,314. In 1908, with a population thirty per cent greater than in 1893, the total number of arrests for this cause was only 571. Other cities show like improvement.

Today open saloons are to be found in Iowa to the number of 1,632. They are, perhaps, as decently conducted places of their kind as can be found anywhere.

What wrought this change? The Mule Law. What is the Mule Law? It is the direct outgrowth of the failure of prohibition to prohibit in Iowa. It came into existence in this wise: For ten years the dominant political party, in obedience to the demand that "the will of the people as expressed in the non-partisan election which adopted the amendment should be enforced in the statutes," stood squarely for the law which established prohibition in Iowa. For ten years prohibition was the overshadowing issue in every election of state and county officers. In 1889 the Republican party, which had not failed of victory in Iowa in more than thirty-five years, met defeat. Horace Boies was chosen governor on a platform demanding repeal of the law; but his party failed to gain legislative control and prohibition was not repealed. In 1891 the issue of enforcement versus repeal was again joined. Horace Boies was elected by an increased majority; but again the Democrats failed by a narrow margin to win the legislature. It was evident, however, that the people were weary of the experiment. The law had been reasonably well enforced in perhaps sixty per cent of the counties, but elsewhere conditions had become intolerable. In many places the municipal governments entered into tacit agreements with saloon-keepers, according to the terms of which they were to pay monthly fines into the city treasuries, and in return received police protection. The debauchery of it all can scarcely be described. By reason of the open contempt for this law, respect for law as law was everywhere weakened. The Republican party accepted its two defeats as evidence that public opinion on this subject had undergone a change, and in the election of 1893 refused longer to stand for the retention of state-wide prohibition, promising not straight-out repeal, as its opponents did, but such legislation as would result in "maintaining the present law in those portions of the state where it is now or can be made efficient, and giving to other localities such methods of controlling and regulating the liquor traffic as will best serve the cause of temperance and morality."

With this pledge in their platform the Republicans elected their candidate for governor by a plurality of 30,000 votes. The Mule Law was the fulfillment of that pledge. This law has been upon the statute books fifteen years. It is perhaps as illogical a law, theoretically, as can be found anywhere. It satisfied no one at the time of its enactment. It did not operate to repeal the prohibitory law. To quote a favorite expression, "Prohibition still remains the settled policy of the state." The Mule Law simply provides a way whereby the penalties of the prohibitory law may be avoided. Briefly stated, its provisions are as follows: Any city in the state having a population of more than 5,000 may, upon the filing of what is known as a petition of consent, signed by a majority of the electors who voted at the last election, secure immunity from the penalties of the prohibitory law. Towns of more

## SUMMER SCHOOL IS PROGRESSING

Attendance Is 146 And Many Have Been Turned Away

Work at the summer school for teachers being held at the Normal School is progressing finely and everything points to a most successful session.

The total enrollment of the school is now 146 and many more could have been taken in except that their qualifications were such that it would have been impossible to appoint them to teaching positions during the coming year.

In this case it was considered better that the time of the instructors might be spent to better advantage in working with those who were eligible for appointment as teachers than in taking in some who could not be appointed anyway and take so much time from the bona fide teachers.

The first of the lectures to be given during the session will be on Friday afternoon of this week at 2:45 o'clock, when Dr. Hobdy will address the teachers upon "Prevention of Tuberculosis." The second lecture will be one by J. W. Gilmore during the early part of next week, the subject which he will present to the teachers being "Teaching of Agriculture in the Public Schools." Other lectures will be given from time to time but it is not known as yet in what order they will be given and so far no announcement has been made as to the lecturer for Friday of next week.

The six weeks term of the school will close the middle of August.

It is rumored that Anderson Grace intends to promote a boxing show in the near future and that the main event will be between Duck Soon and another gentleman, who is figuring on leaving his training quarters at Henry's within a few days. Tin Soon may act as referee—that is if he returns in time.

\*\*\*\*\*  
tahn 2,500 population and less than 5,000 may secure similar immunity by filing a petition of consent signed by eighty per cent of those who voted at the last election. Counties, as such, may take advantage of the provisions of this statute if sixty-five per cent of the electors consent in writing. Having obtained consent, the saloons thus established must pay a tax of \$600 each—one half of which sum goes into the treasury of the county, the other half into the treasury of the municipality in which the saloon is located. Municipalities may impose such additional tax as the governing bodies thereof shall see fit to impose. There is no limit. Saloons operating under this law must be closed between 10 p. m. and 5 a. m., and on Sundays and all legal holidays. The business must be conducted in a single room having but one entrance or exit, which opens upon a business street. No screens, blinds or other device of similar character are permitted. No furniture of any character is allowed in front of the bar. No female may be employed about the premises. All forms of gaming, amusements, and obscene pictures are prohibited. The provisions relative to the establishment of a saloon near a church or school house are drastic, and the consent of adjacent property owners must be obtained before saloons can be established anywhere.

The beneficial results of this legislation soon became apparent as to practically silence all criticism. The Mule Law, until very recently, was accepted as the final solution of the liquor problem in this state. One of the best features of the law is the one which provides that a saloon may be established only by petition. There is no recurring turmoil in Iowa by reason of the "wet or dry" proposition incident to a local option law. If a community wishes to rid itself of the saloon the petition of consent may be withdrawn and the prohibitory law brought into force. The burden of expense and effort in the establishment of saloons is put upon those who expect to profit through them. Those who favor the establishment of saloons must do so openly, over their own signatures. Fraud is thus placed out of the question. The good effects of this single provision can scarcely be overestimated.

The Mule Law has been amended in no important particular since its enactment fifteen years ago. No serious thought of a return to prohibition was entertained prior to 1908. The general agitation for prohibition throughout the country, and the failure on the part of some communities to live up to the strict provision of this statute, have lately caused a considerable revival of prohibition sentiment, strange as this may appear in view of the state's bitter and somewhat recent experience in state-wide prohibition. A recommitment resolution passed the house of representatives during the recent session of the general assembly, but it was killed in the senate.

## Nursing Mothers

must keep in the prime of health. Each mother owes this not only to herself, but more to the child whose present and future strength and development depend upon its mother's condition during the nursing period. A pure, gentle and invigorating stimulant and tonic is necessary to insure perfect health to the mother, and there is none so good as

Duffy's Pure Malt Whiskey

It is a medicine, and used as such it aids digestion, stimulates and enriches the blood, nourishes the brain, builds up the nerve tissues, and tones up the entire system. Taken in milk three or four times a day it produces excellent results. It keeps the old young, makes the young strong. Be sure you get the genuine; substitutes and imitations are injurious. ## SAILORS LOSE EXCITING GAME

JAPANESE MAKE ONE RUN  
IN THE TWELFTH INNING

Eleven Long Innings Played Without Score Being Made—The Cleveland Jackies Play Good Ball.

Yesterday afternoon another long-drawn-out game of baseball was played at the Athletic Park, and although it did not last as long as the famous eighteen-inning one of Sunday, twelve innings were necessary to decide the Waseda-Cleveland game. And it was not till the twelfth inning that any score was made; for inning after inning both sides were retired in quick order, and nothing that looked like a run was seen till the Wasedas made one in the twelfth.

The Cleveland boys put up a great struggle, and even the score just was made by the Wasedas was a matter more or less of luck. It happened this way: Matsuda hit a beauty right out over center's head, and the batsman got to third before the ball started on its way back to the home plate. The fielder's throw went over third baseman's head and buried itself among the bats and bags of the Cleveland nine. By the time the ball was found and returned to the catcher, Matsuda had slid through the legs of that individual and was safe.

The Japanese fans went mad with joy, and pandemonium reigned for several minutes. The Cleveland went up for their half of the twelfth and failed to score. The game ended in a victory for the Wasedas by a score of 1 to 0, and the spectators were worked up to a great state of excitement over the match.

Devoto pitched for the Cleveland, and he did good work right through the game. He struck out eleven men and was well backed up by Catcher Sunstrom. Omura and Yamaguchi formed the battery for the Wasedas and did well. Ol, the biggest man on the team, held down first in his own brilliant fashion. This man is good all round, and can pitch a beautiful game whenever he is used in the box.

A Filipino named Reyes played in the left field for the Cleveland, and he was sure to hold anything that went his way. The little fellow did a fine stunt that advanced one of his side to second, and he showed that he knows all about the game. The official score was as follows:

WASEDA.  
Runs ..... 0 0 0 0 0 0 0 0 0 1—1

#### ALL-MILITARY TEAM TO

#### PLAY WASEDA NINE

Great Game of Ball Tomorrow at Athletic Park—Soldiers to Have Strong Lineup.

Tomorrow afternoon at the Athletic Park, the picked military baseball nine will go up against the Wasedas, and if the visitors are not beaten there will be a lot of surprised and disgruntled soldiers on Oahu.

This afternoon a bunch of "probables" will turn out for practice at half-past three o'clock, and judging from the men who have been invited to be on hand, there is all the material necessary to form a really good nine that should make the Wasedas get a move on.

The following men will turn out today: N. G. H.—Johnnie Williams, J. Flores, Bill Hampton, H. O'Sullivan, Henry Walker and Townsend Marines—Peyton, Sinclair, Davis Storp and Gaw. Fort Shafter—Lenn, McCall, Kistler and Kentnor. Cavalry—Wolter and Robinson. Fort Ruger—Daly, Brannon and Bentz.

From the above twenty men a strong team can be selected, and with Williams and Sinclair forming the battery, a fine start can be made on a nine that should uphold the honor of the Military League. In Williams, Peyton and Hampton, the team has three good pitchers, and the first named is the candy kid, all right.

There should be a big turn-out of fans tomorrow afternoon at the Athletic Park, and it may be that the Wasedas will meet with their second defeat at the hands of the soldier boys.

The race for the Governor's Cup is set for Saturday and Sunday next, and the course is the around-the-island one. The Gladys, Kamehameha, Helene, Charlotte C. and Hawaii I. are expected to start in the event.

#### RIFLE TEAM.

## MEN SELECTED FOR BIG SHOOT

N. G. H. SELECTIONS LEAVE  
FOR CAMP PERRY, JULY 20

Nineteen in All to Go on Sierra—Team Expected to Do Well on Range.

Once again the time has come for a N. G. H. rifle team to go to the mainland and compete in the national shoot which is to be held at Camp Perry. The final selection of the men who are to represent Hawaii was made last night, and the list of names posted by Adjutant-General Jones. The nineteen men who are to make the trip will leave on the Sierra on July 20, and will reach Camp Perry, O., in plenty of time to have some practice before the shoot begins.

Sergeant John Stone is making the trip, and it is a matter of congratulation that it is so, as he is a fine shot and is the holder of the individual average for last year's shoot.

Among the men who are making the trip this year are several who last year did well on the Camp Perry range. The new men are shooting in great form also, and the prospects of the N. G. H. team finishing higher up this year than last, are considered bright by men who should know.

Major W. R. Riley is team captain, and he reckons that the men who go with him to Camp Perry should give a good account of themselves at all distances. The major is at excellent shot himself, and will probably put up some scores that will look good on the sheets.

The selected team is as follows: Team captain, William R. Riley, major, First Infantry; team coach, John W. Short, lieutenant-colonel, quartermaster department; team spotter, Fred R. Angus, captain, First Infantry; team surgeon, Charles B. Cooper, lieutenant-colonel, medical department.

Principals—Maj. Gustave Rome, Capt. Merle M. Johnson, Capt. Chas. M. Coater, Capt. Edward Hopkins, First Lieut. Luther A. K. Evans, Com. Sergt. Edward B. Blanchard, Sergt.-Maj. Dude K. Lemou, First Sergt. Thomas J. K. Evans, Sergt. John Stone, Sergt. Manuel M. Silva, Sergt. William Huthul, Pvt. James K. Evans.

Alternate—Sergt. Samuel Plaso. Two additional alternates will be detailed in subsequent orders.

All the men named and any others who may be mentioned in subsequent orders detailing alternates, will report to the team captain at the headquarters on Wednesday, July 20, preparatory to leaving on the steamship Sierra for San Francisco. Lieut.-Col. John W. Short, United States disbursing officer for Hawaii, has been authorized to provide all necessary transportation, pay and subsistence for the rifle team on its tour of duty, in conformity with existing regulations.

The Hawaii seems to be meeting with bad luck, and according to yesterday's cable was becalmed in the lee of Catalina Island. It is too bad, considering that the local yacht got away so well in the race and showed every sign of defeating her two opponents.

### WILLO TENNIS TOURNAMENT

### PROVED VERY EXCITING

Mrs. Patten Wins Ladies' Singles and Also Mixed Doubles With L. S. Connors—Great Tennis Played.

(Special to Bulletin.)

The tennis tournament came to an end last Saturday, when several championship matches were played. Mrs. Patten, whose splendid and consistent play has called forth much admiration from those who have followed the tournament, defeated Mrs. Bartels, who plays a good game at that, by a score of 6-0, 6-1. Mrs. Patten thereby became the possessor of the new championship cup which was given by Manager Molt of Onomea for the winner of the ladies' singles.

On the previous day Mrs. Patten had also been the winner of a championship match, when she and L. S. Connors won the mixed doubles championship by defeating Mrs. Bartels and H. Vickers. The game was a hard fought one, and the score was 6-3, 6-4.

The match played on Saturday afternoon for the men's doubles championship was one of the most exciting and strenuously fought matches of the season. Connors and Mr. Irwin defeated Willifong and Stephen Desha, and won the euff links which were the prizes for the winners, but they had to work hard for their honors. This will be seen from the score, which was as follows: 3-6, 6-4, 6-3, 4-6, 9-7. At one time the youngsters—who were playing an excellent game until towards the last, when the grueling length of the sets showed its effect on Desha—looked as if they were going to win the match, and the excitement was great. The winners won by hard work and well earned their prize, and the youngsters, while defeated, showed that they had the right stuff in them and in future days they will undoubtedly be heard from.

### CORDELL IS WAITING FOR PAT CORNYN

Middleweights Will Be Matched When Sierra Comes In on Friday—Should Be Good Go.

Jack Cordell is training for his match with Pat Cornyn, which is to come off at the end of the month, and it is probable that he will do most of his work down on the waterfront. Nothing definite can be said about the match till Cornyn arrives from the mainland on Friday next. It will then be seen who is to handle the show and where it is to come off.

Cornyn and Cordell boxed a four-round draw some months ago in San Francisco, and a second meeting between the pair should be interesting. Cordell is taking care of himself and should be in the best of trim at the end of the month.

Pat Cornyn is an unknown quantity in Honolulu, as on the only occasion that he appeared in the local ring he was up against an amateur who could not extend him. With a seasoned boxer like Cordell in front of him Cornyn would have to do his best and be in perfect condition.

### CAMP VERY BASEBALL EXCITING AND GOOD

Company C Now Leads in Series—A and B Are Tied for Second Place.

Company C now leads in the Camp Very baseball series, and it was by defeating Company D yesterday that they headed the rest of the teams. The score was 3 to 1 in favor of the C bunch, and the game was snappy right through. There was no score by either side till the seventh inning, when the Company D lads broke the ice and made one run.

In the very next inning Company C changed the luck, and three runs came in quick order. There was no further scoring, and the game ended as related. Corey pitched a great game for the Ds, and he struck out thirteen men. Several men who used to play with the regular Marine team were back in the game yesterday, and Makin and Cull were a couple of them.

At present the standing of the teams in the Military League is as follows: Company C, 665; Company A, 599; Company B, 599; Company D, 533. The final promises to be exciting, with the four teams striving for the best and two of them being so close.

Dick Cullen is pretty sure to be on board the Makura, which is due to arrive here on July 18. The little scrapper is hoping to get a match here, with some local boxer, and it would be a treat to see the man who beat Boer Unholz in action. Unholz may possibly be on the Makura, and in that case a match between the two may be made by some local promoter.

## WALDRON OFF FOR AUSTRALIA

According to present arrangements Fred L. Waldron and wife will depart for Australia on the 22nd of this month. It is understood Mr. Waldron's ultimate destination will be the Chambers of Commerce gathering at Shanghai, but he figures on taking in Australia on the way, both on a business and pleasure trip.

Mr. Waldron will pass over the route recently traversed by Secretary Wood of the Promotion Committee, but will go in the opposite way while doing it.

He expects to be away from the islands till the middle of November.

## Cable News

(Continued from Page 1.)

### PROSPECTS LOOK BRIGHT TO TAFT

BEVERLY, Mass., July 12.—After  
a conference this afternoon with  
Senator Murray Crane of Massachu-  
setts, Attorney-General Wickham  
and Secretary of Commerce Percy  
Nagel, President Taft announced  
that he was satisfied with conditions  
and that he was hopeful of Repub-  
lican success all along the line.

The next Congress, the President  
believes, will be strongly Republican  
in spite of the claims of the opposi-  
tion.

President Taft is deeply concern-  
ed with the bitter factionalism that  
exists in Alaska, and he has decided  
to have Attorney-General Wick-  
ham accompany Secretary Nagel to  
that region for the purpose of look-  
ing into the causes of the trouble.  
The two cabinet officers will leave  
Monday for the North.

### NEW TREATY MADE PUBLIC.

WASHINGTON, D. C., July 12.—  
The proceedings of the Manchurian  
convention, held for the purpose of  
settling the differences between Rus-  
sia and Japan, were made public  
tonight. The official news was pre-  
sented to the Secretary of State Knox  
by the Russian and Japanese am-  
bassadors.

The treaty is the shortest one in  
modern times. It contains but 237  
words.  
It is a reiteration of the intention  
of the two nations to maintain the  
status quo in Manchuria and to co-  
operate in increasing and improving  
the facilities for railway traffic.

### PASS WOMAN'S SUFFRAGE BILL.

LONDON, July 12.—The House of  
Commons today passed on the sec-  
ond reading the woman's suffrage  
bill by a vote of 298 to 150. There  
was much excitement over the vot-  
ing, although the bill was expected  
to pass. After the halloing the bill  
was referred to a committee of the  
whole, which means that it will not  
be voted upon finally till next year.  
The suffragettes and suffragists  
are confident the bill will eventually  
become a law, as their strength in  
numbers and in public sentiment has  
increased rapidly during the past  
year.

### CURTISS PLAYS AT WAR.

ATLANTIC CITY, July 12.—  
Using oranges as mimic bombs, Glen  
Curtiss in the opinion of experts  
demonstrated the utility of the aéro-  
plane to wreck battleships and fortifi-  
cations.

### ROOSEVELT AND HUGHES.

OYSTER BAY, July 12.—Govern-  
or Hughes of New York was here  
today and held a conference with  
Colonel Roosevelt. Their conversa-  
tion was not made known.

### FALL FROM AEROPLANE.

ST. LOUIS, Mo., July 12.—How-  
ard Gill, an amateur aviator, today  
fell 150 feet from a machine of his  
own construction. He was seriously  
if not fatally injured.

### AN INVITATION TO WOMEN

The Lydia E. Pinkham Medicine  
Company of Lynn, Mass., cordially  
invite any woman interested to call  
at their laboratory at Lynn, Mass.,  
and see for herself the care which is  
taken with the vast correspondence  
received from the women of this  
country. No letter or testimonial  
has ever been made public without  
the written wish or consent of the  
writer. No confidence has ever been  
violated, and never in their history  
have they sold or disposed of any of  
their letters from women. It is for  
these reasons that thousands of suf-  
fering American women every year  
feel free to write Mrs. Pinkham for  
her valuable advice, which is always  
given free of charge.

### BAND CONCERT.

The Hawaiian band will play this  
evening at Ala Park as follows:  
The Fair of the Fair, Sousa.  
Overture—Martha, Flotow.  
The Vision of Salome, Joyce.  
Selection—Yedda, Ar. by Berger.  
Vocal—Three Duets, Ar. by Berger.  
Selection—The Tattooed Man, Herbert.  
Nouano and Walpio, Ar. by Berger.  
Finale—Powhattan's Daughter, Sousa.  
The Star Spangled Banner.

### MARRIED.

LUIGIENS JUD—In New Haven,  
Conn., June 11, 1910, Louise Lu-  
giens to Charles Sheldon Judd of  
Honolulu.

**D**OES the soap you  
use rinse easily?  
Yes? Then it  
has at least one of the  
qualities of a good soap.

Apply this test to  
Ivory Soap. Note the  
lightness and brightness  
of the lather. Note also  
how easily it is removed  
—dip your hands in the  
wash-bowl and off comes  
the lather.

**The Old, Old Story**

Is most effective when told person-  
ally with the environments in keep-  
ing. But if it must be written be  
careful about the writing paper you  
employ. A love letter written on  
"any old kind" of paper would indi-  
cate a lack of sincerity or else woe-  
ful carelessness on the part of the  
writer.

The kind of writing paper usually  
used for love letters as well as all  
other kinds of particular correspond-  
ence is the kind "Made in Berkshire"

# THEODORE ROOSEVELT'S

Own Story of His African Hunting Trip

## "African Game Trails"

WILL be ready for delivery within a few weeks. Colonel Roosevelt in writing his publishers, Charles Scribners Sons, says: "I regard this book as a serious thing. I have put my very best into it and I can not consent to have it appear in any but FIRST-CLASS FORM."

In the foreword he writes: "I speak of Africa and golden joys; the joy of wandering through lonely lands; the joy of hunting the mighty and terrible lords of the wilderness, the cunning, the wary, the grim. Apart from this, yet mingled with it, is the strong attraction of the silent places—where the wanderer sees the awful glory of sunrise and sunset in the wide waste spaces of the earth."

**Brown & Lyon Co., Ltd.,**

have arranged with Messrs. Charles Scribners Sons, publishers for Colonel Roosevelt, for the exclusive sale of this book on the Hawaiian Islands. The work will be in one large volume. The "trade" or book store

edition will contain about forty (40) illustrations, selling for four dollars. By special arrangement, Brown & Lyon Co. have secured the magnificent

### Subscription Edition

containing nearly TWO HUNDRED ILLUSTRATIONS from photographs taken by Kermit Roosevelt and the naturalists of the party—these illustrations being selected by Colonel Roosevelt himself. Only a limited number of these, the best edition, could be secured, and those who will sign the coupon below will be given the following special prices:

CLOTH (200 Illustrations instead of 40) ..... \$4.00  
HALF MOROCCO (200 Illustrations instead of 40) ..... 6.75  
HALF PIG SKIN (200 Illustrations instead of 40) ..... 8.00

Subscribers sending check or P. O. order with order may deduct 5% from above prices.

### COUPON

Those who find it inconvenient to send cash may sign coupon, and pay for the book on delivery.

## OTHER TEACHERS ARE ASSIGNED

At the session yesterday afternoon nearly all the important work of the education commissioners was completed and assignments of teachers made.

The Central Primary and Central Grammar schools are centralized, with Mrs. F. W. Carter as supervisor. T. H. Gibson was appointed normal inspector in place of Charles King, who goes to West Hawaii as supervising principal. The matter of the superintendency of the Boys' Industrial School, which has been held by Mr. Gibson, has not been filled.

William McCluskey will be supervising principal of East Hawaii and principal of Papakou school. Mr. Wells will be principal of Lahaina school and supervising principal of Maui and Molokai.

Teachers' appointments made late yesterday were:

### Maui and Molokai.

Hauku—Miss Agnes Pieper, Benj. Brightwell, Miss Musie Keakona. Keokea—D. Kapohakimohewa, Mrs. D. Kapohakimohewa, Manuel Carvalho.

Kekaha—Mrs. Hodge, Miss Bella Mejdell, Miss Mary Kong.

Maha—D. Priggle. Niihau—Edward Kahale.

## RECREATIONS

### THREE TWINS MUSIC.

No one should miss hearing the music introduced in the "Three Twins" at the New Orpheum tonight. There are some numbers exceptionally pretty. Miss Rockwell has a medley of old southern songs that strikes home, and Olga Steck sings "The Ideal of My Dreams," a song that has never been heard here, very artistically. After hearing her work in light soubrette songs this sentimental effort is a pleasing surprise. Miss Atkins has a very good number, "Fishing," in which she uses clever facial expressions which add much to the success of the song. Miss Schuyler, Carleton Chase and Miss Vilma Steck have some clever songs, and the work of the comedians is excellent.

### THE PARK.

"Standing Room Only" is the sign out early at the Park these nights. Ethel May and Chas. Gardner are the leading attractions but Carl Wallner gets his share of the applause. The Desmond sisters have some very pretty dances and Thompson and Gibson contribute to the entertainment. With all these numbers the Park is getting to be a prominent vaudeville house instead of a moving picture house.

### THE NOVELTY.

Orton and Leota continue to please at the Novelty Theater and the films, which are remarkable for their clearness, are of the best. Orton and Leota have some new songs tonight and the piano playing of Mr. Orton is one of the best features of the program.

### THE EMPIRE.

Manager Overend is very well pleased with the success of his Vest Pocket Musical Trio. The house has been filled every night and repeated encores attest the success of the artists. His new films are very good.

## SIERRA REPORTS

The following wireless message has been received by the agents from the S. S. Sierra:  
"S. S. Sierra, At Sea, July 12, 1910, 8 p. m. 1224 miles from light-ship. Moderate N. E. winds, moderate sea, cloudy weather. All well. Bar, 30.34, air, 68."

### NOTICE TO MARINERS.

SAN FRANCISCO BAY ENTRANCE.  
Notice is hereby given that San Francisco Light-Vessel No. 70 was replaced on her station June 30, and Relief Light-Vessel No. 76 was then withdrawn. No changes have been made in the characteristics of the lights or fog-signals of Light-Vessel No. 70.

## MANY CALL TO PAY RESPECTS

The remains of the late George C. Beckley, who died in San Francisco on July 4, and were brought to this city on the Wilhelmina, were taken to the family residence last evening and placed in the parlor amid the hundreds of beautiful floral tributes that had previously been sent to the home. Members of the various lodges to which the deceased had belonged during life, kept watch and ward during last night, and all day today the house has been open for the reception of friends who wished to pay their respects to the departed.

There will be a private service at the family home at 2 o'clock, and at 3 o'clock there will be services at the Masonic Temple under the auspices of Hawaiian Lodge.

Last evening the old Kawaihau Club serenaded the home, singing Kuu Ipo Kuu Lei, composed by Mrs. Beckley, with flute solo by F. Malulani Beckley, and Ahi Wela, composed by Mrs. Beckley, and other appropriate selections.

Under the old monarchical system, the late George C. Beckley ranked as a high chief, and he will be accorded the honors of his rank by Hawaiians. Among those who visited the Beckley home yesterday were Queen Liliuokalani and Princess Kawanakoa.
