SKIN DISEASE

CURED BY
Ayer's Sarsaparilla

Mr. Geo. W. Burtner, Keosauqua, Va., writes, as follows:

"Shortly after leaving college, I was troubled with a skin disease which showed itself, first, at the ankles. Physicians pronounced it eczema, and treated me for that complaint. The eruption crept slowly up my limbs, and on the body, until it enveloped the whole frame. I gave me infinite trouble with constant itching, casting off of dry scales, and a watery liquid which would exude from under the scales. I treated it for over three years unsuccessfully, and was unable to check it until I began using Ayer's Sarsaparilla. I used three bottles of this medicine and was completely cured - my skin becoming as smooth and clear as before."

THE LEGISLATURE.

A HEAVY DAY'S WORK IN THE UPPER HOUSE.

The Land Bill After Being Touched Up and Altered Finally Passes the Senate.

TWENTY-SEVENTH DAY, JULY 16TH.

THE SENATE.

The Senate was called to order at 10 a. m.

After the usual preliminaries Senator Rice of the Printing Committee reported the Joint Resolution in regard to the liquor traffic and the bills making supplementary appropriations, the military act and the act to prevent foot binding as engrossed and ready for further action.

Senator Brown from the Committee on Passed Bills reported that the Joint Resolutions on the P. N. road, the fresh meat trade and the system of auditing accounts, together with the Hilo Electric Light act and the act to Prevent the Wanton Destruction of game had been presented to the President for signature.

Senator Brown from the Judiciary Committee reported in favor of the passage of the bill to change the location of the Circuit Court from Kau to Kailua, Hawaii, and the bill to exempt canaigre and its products from taxation. In the latter bill the committee recommends that the title be changed to conform to the requirements of the Constitution.

Senator Lyman of the Special Committee on the Land Bill reported an amendment to Section 80 which was adopted. The amendment reads as follows:

Section 80. Any person holding land individually or in conjunction with others, situate in the Ahupuaa of Olaa, District of Puna, on the Island of Hawaii, under a Lease from the Commissioners of Crown Lands (not reserving rent for the first three or five years of such lease,) shall, at any time after the payment of rent, which is hereby reduced for such leases to one dollar per acre annually in the case of all leases reserving a larger amount, upon the improvement of not less than fifteen per cent of the area of the land to be patented, to the satisfaction of the Commissioners - which improvement shall include the bona fide cultivation of coffee or fruit, field or garden crops, or all or any of such crops - and payment to the Commissioners of the unimproved value of the premises to be patented according to the appraisalment stated in Section 33, be entitled to receive from the Government a Land Patent for any portion of his leased premises in one parcel within two hundred acres in extent and including such improved portion, if all the conditions of such lease to be performed by such lessee up to such time shall have been substantially performed. Provided, however, that condition five of such lease, for the purpose of making such lease good, shall be deemed to have been substantially performed when improvements or cultivation shall have been made on such premises to the aggregate value of five hundred dollars. No Land Patent, however, shall be issued for any portion of said premises until improvements or cultivation to the extent of five hundred dollars in addition to the fifteen per cent above named shall have been shown to have been made.

Section 81 was amended to read in conformity with the above.

Section 83 brought up the old question of the value to be fixed on the lands. Senator Waterhouse moved to amend by making

the price of the lots \$6, \$4 and \$3 according to location. Carried by a vote of 11 to 3, those voting against the amendment being Lyman, Nottley and Wright.

Section 90 was stricken out and the remaining sections passed as in the engrossed copy.

Referring back to section 24, Senator Baldwin moved to amend that the time of notice given to leaseholders by the government be made three years instead of two. After considerable discussion in which Senators Brown and Baldwin and Ministers Hatch and Smith took part the amendment was withdrawn.

The bill then passed its third reading by a unanimous vote.

Under suspension of the rules the Attorney-General introduced his bill relating to the Labor Commission. Bill read the first time by title. The bill repeals Acts 4 and 11 of the Republic of Hawaii and cuts down the number of commissioners to three who are to serve without pay.

Minister Hatch reported that the President had signed the act allowing deputy sheriffs to administer oaths and act relating to Chinese restriction.

On motion the bill to incorporate the Honolulu Electric Railway Company passed its first reading and was referred to the Printing Committee to be reprinted as passed by the lower House.

The Act relating to the Withdrawal of Kerosene Oil from the custom house was read the first time and passed.

Senator Baldwin was granted three days absence in order to go to Maui and attend a little ceremony that has to come off once in a while, as he expressed it.

Recess to 1:30 p. m.

AFTERNOON SESSION.

Senator Wilcox's Footbinding bill came up first. After striking out the preamble the bill passed its third reading.

House bill 11 was next taken up. This bill changes the place of holding the Circuit Court from Kau to Kailua.

Senator Hocking moved to amend by changing the place of holding the Maui Court from Lahaina to Wailuku.

Senator Horner objected to the matter being brought up on such a short notice, and further that it was a matter that did not properly belong to the special session.

Senator Baldwin moved that the matter be referred to a special committee. Lost by a tie vote, the president voting in the negative.

Senator Hocking's amendment was lost by a vote of 8 to 4.

The bill then passed its second reading.

On motion the Military Act was taken up to be read the third time. The bill was read through and referred back for correct engrossment.

THE REPRESENTATIVES.

The House met at 10 a. m.

A report from the committee on passed bills was to the effect that the following documents had been presented to the President for his signature: The bill to prevent the wanton destruction of game; the bill granting an electric franchise for the town of Hilo; the joint resolution for a commission to report on the Pali road; the joint resolution for a commission to investigate the fresh meat trade; joint resolution for a commission to report on the Auditor-General's department.

Mr. Robertson submitted the question to the Minister of the Interior: "Is the land at Kipahulu public or private property?"

The bill to regulate the acquisition of rights of way over the land

of others was passed on third reading unanimously.

The bill extending the term of the licenses of certain holders of retail spirit licenses was taken up for second reading.

Mr. Bond did not see why these dealers should be compensated, when they were reported to have done a side door business when under orders to keep their places closed.

Mr. Robertson asked where such was charged against the dealers in the judiciary committee's report.

Mr. Bond understood that the committee had stated the amount of sales made in the time of martial law.

Mr. Robertson explained that those sales were by jobbers under official permits.

Mr. Kamaooha explained the committee's reasons for the bill, which was deemed to afford a reasonable settlement.

The bill passed, to be read a third time tomorrow.

The Registration bill came up for second reading.

Mr. Richards moved that the bill be referred to a commission, the members of which not necessarily to belong to this House, to report at next session of the Legislature.

Mr. Kamaooha questioned the power of the Speaker to go outside of the House for members of the commission. He moved that the bill be considered in committee of the whole.

Mr. Rycroft favored having the bill go to a commission. They ought to consult their constituents about the measure. It was going to make a little trouble for many people, and, although he was heartily in favor of it, he wanted to obtain the views of his constituency.

The motion to refer the bill to a commission carried.

At 10:55 the House took a recess of half an hour.

Minister Hatch announced that the President had signed the bill restricting Chinese immigration and the bill authorizing deputy sheriffs to administer oaths.

At 11:55 the house adjourned for the day.

TO TOUCH AT HONOLULU.

New Oriental Steamship Line to Make This a Port of Call.

Walter Topping, agent at Portland of the Oregon Railway and Navigation Company's oriental steamship line, states that arrangements are about completed to have each vessel touch at Honolulu both ways. On top of this coast newspaper information comes the announcement by Theo. H. Davies & Co. that the first steamer will sail hence for Yokohama on or about August 8.

A New York dispatch says that President Hill of the Great Northern road has for some time been preparing plans for a Northern Pacific steamship line to be established in connection with that road and to run in opposition to the Canadian Pacific steamship lines.

Auction Sale.

Tomorrow morning at 10 o'clock

Auctioneer Levey will sell the household furniture of Mrs. P. M. Rooney at her residence on Wilder Avenue, between Piikoi and Pensacola streets. The furniture consists of black walnut, ash and oak bedroom and dining sets, rockers, chandeliers, ice chest, stoves and kitchen utensils. A horse and carriage and a quantity of ferns and plants will also be sold.

The Stars are already the favorites for Saturday's game.

Popular Topics of the Day.

This filibustering business is growing monotonous; the people who are engaged in manufacturing rumors should switch off and do something else or the government will lose confidence in them. Such reports do the country no good and we fail to see where the rumor makers are benefited—Hawaii does not seem to mind it much for things are as quiet and peaceful here as in a well-conducted grave-yard.

We believe we have quite the best stock of leather in Honolulu and it comprises besides sole leather the celebrated Spoits light and heavy harness leather, and leather for saddles. The best of russett and red calf skins. Leather for carriage makers, colored lining skins and soft dash leather. All kinds of leather is higher today than it was two months ago; in some instances it has advanced as much as ten per cent, but as we were well stocked before the rise we can sell at the same old price and perhaps a little lower. We have a very complete stock of Shoe and Harness findings and tools for all kinds of leather work—the price of which is entirely satisfactory to all of our customers.

We have the goods and the prices will suit you.

IT IS TO BE "short horse soon carried" with this session of the Legislature, and it is probable that some important measures will be overlooked. The matter of inducing immigration from the United States is one that should have the attention of the members without much delay. The more people that are here permanently the better will be the business of every store keeper on the islands.

A good farmer is worth something to the store keeper who sells household goods at low prices, that's us. We are offering ribbons all widths at prices that actually make us ashamed to tell you what they are. The coats of our rivals turn green with envy when they hear of them. We have them in every conceivable shade.

Our stock of underwear has never been equalled, much less excelled in either quality or price. It is absolutely the best at what you pay for a second or third class article. It was only by chance that we secured the stock of a well known dealer in San Francisco, (overstocked was his excuse for disposing of it), and as we got them far below the market value we are enabled to give you the benefit of our good luck. They're going rapidly, these suits, and you must speak quick if you want them.

If you are thinking about getting a riding or bicycle suit you had better look into our ladies, cloth and serges. The quality is right and so is the price. All shades and desirable widths.

(Continued from 2nd page.)

The Fourth of July parade of patriotic societies in Boston ended in a bloody battle. A spectator was shot dead in the street, and another man was carried dying to hospital with his head split open. The riot was caused by the appearance in the parade of the "little red schoolhouse," an emblem of the American Protective Association.

There is serious rioting by miners in West Virginia, and militia are being hurried to the scene.

A Mexican company at Tucson, Arizona, is to be disbanded in disgrace for disloyalty on the Fourth of July. It left the parade to appear in the line of march of a bicycle club. An order is to be issued forbidding the enlistment of anyone who cannot read and write and speak the English language.

JAPAN AND CHINA.

Ozaki Yukio, leader of the Progressist party in Japan, unburdened his party feeling to Col. Cockerill, the New York Herald correspondent. At the next session of Parliament the Ministry would be attacked for incapacity and for the utter injustice and scandalous nature of the revised compact with China. "Japan should have presented a bold front, in which case neither Germany nor France would have carried matters to extremes. We should have only Russia to deal with," Mr. Yukio said, "and we are not afraid of Russia." He predicted the fall of the Cabinet, saying Count Kuroda was about to resign, Count Matsuoka had already done so, and Viscount Mutsu's resignation was no less certain.

John W. Foster has arrived in Washington from China, where he took a conspicuous part in the negotiations with Japan for peace. He said there was good reason to expect permanent peace between Japan and China as the result of the treaty of Shimonoseki. The treaty has been observed and carried out by China with scrupulous faith. Her conduct in this respect has created a very favorable impression in Japan.

The loan just concluded through Russian influence will enable China to pay the first two instalments, being one-half of the indemnity. As the balance will extend over six years, it will be comparatively an easy burden for the Government if any skill is shown in the management of the imperial revenues.

The intervention of Russia was not unexpected, and that France followed the lead of Russia created no surprise, but that Germany should join in a display of force against Japan was entirely unexpected and is not yet understood. British residents in China and Japan are bitter in criticising their government for its lack of action in the matter. They allege that its failure to join with the other powers has lost for their country its prestige and has left Russia a free hand in its influence and control at Peking.

Of all the countries diplomatically concerned in the contest the United States has come out of it with better grace than any other, Mr. Foster says. From the first hour it has been recognized by both belligerents as purely disinterested, her only desire being to render such service as would bring about an honorable and lasting peace.

Mr. Foster said he declined the invitation to remain in China as the adviser of the Government because he had spent the greatest portion of the past twenty-five years in foreign lands and he desired to spend the remainder of his life at home.

The naval commission of the Argentine Republic reported that the Italian cruiser Garibaldi is the most perfect naval vessel yet offered. At once the Government signed the contract and ordered the home minister in London to pay the first instalment. This, with the other cruisers the Government contemplates purchasing, will make Argentine a power of the first importance in South America.

ODIOUS BILL DEFERRED.

Procrastination has been again resorted to by the House of Representatives, for avoiding a knotty subject. It has relegated the Registration bill to a commission to report at next session. The reason given, that the mind of the people should be ascertained, is rather weak from the legislative standpoint, when it is remembered that universal registration was discussed by the planters many years ago, as a means of controlling Chinese labor, and that a bill to effect the object actually passed the Legislature of 1892 but unaccountably disappeared and did not get its place in the Session Laws. There was always a very strong public opinion against such a measure, and reference to the electorate at any time would have resulted, doubtless, in its overwhelming defeat. Members of the present Legislature ought to know well enough how their constituents regard the proposal. There is matter for gratification in the postponement of the bill, however, if there was a liability of its passage, from the considerations about to be presented.

There is not the same reason now for universal registration as existed previously. An absolute bar to class legislation stood in the monarchical constitution, which prevented the enactment of any law for registering Chinese or people of any other distinct nationality. The constitution makers for the Republic of Hawaii, however, removed the bar against class legislation for the obvious purpose of admitting special laws of the kind in question. Section 3 of Article I. of the Constitution reads as follows:

The Legislature may provide by law, however, for the supervision, registration, control and identification of all persons, or any class or nationality of persons; and may also by law restrict and limit the term of residence, and the business or employment of all persons or of any class or nationality of persons coming into the Republic.

In view of this plain constitutional authority registering contract laborers of any nationality, why should all other males of fifteen years and upward be required to submit to the annoyance of registering, and the perpetual worry of having to carry a registration tag about their persons wherever they go? The argument that the registration would be valuable as a means of collecting and preserving vital statistics is all moonshine. What is the good of a register limited to males of fifteen and upward? It is well, again let it be said, that the House has deferred the bill's consideration. Before next session the people will have an opportunity to make themselves heard against the odious and unnecessary measure.

It is hardly the right thing for the Advertiser to publish an alleged interview of the Figaro with the American Ambassador at Paris, with that official's emphatic denial of having been interviewed at all clipped off the dispatch as it appeared in the San Francisco papers.

THE CABLE BILL.

Discussion of the ministerial cable bill in the Senate has brought out the fact that the Government has no definite proposal before it relating to a Pacific cable. The seven different modes of assistance, to make a choice from which the Government desires legislative authority, are therefore to be regarded as so many baited hooks with which it is tawling for a proposal from some quarter. It remains to be seen whether the enlarged scope of action will be more availing than the simple granting of a reasonable subsidy which has been the practice of every Legislature for many years past. This Government is handicapped in being under the obligation to consult the United States Government before it can grant territorial privileges to a cable under any other Government's auspices. From this fact it might be expected that this Government would perceive its best course to lie in urging action upon the United States Government. That Government, having recently gone so far in the matter as to make thorough surveys of two routes from the islands to the Pacific Coast, ought to be regarded as the most promising agency to be invoked by the Hawaiian Government for securing the boon of direct cable communication with the United States and through that country with the world. Connection by a branch line with the proposed British cable would in all probability involve dearer messages than a direct cable would afford. This Government has also apparently put the group out of the calculations of the British promoters by its interference with their plans, either for the sake of the worthless sovereignty of a few desolate rocks or to curry favor with the United States by extending the agis of republican rule over the gooneys that inhabit them. As, however, whatever plan out of the seven stated and any "other proper method" to be imagined will have to be ratified by the Legislature, there may be no harm in giving the Government at this session all the power it wants to its elbow.

Timely Topics

July 8, 1895.

Now that the excitement of hearing the annual screeches of the great American and small Hawaiian eagles has died out and people have got tired of talking about the dressing down that the great Joe Cook received at the hands of Minister Willis and have settled down to their usual avocations again, it is time for us to do a little business ourselves. Not that we have not done any business during the last week by any means, for the contrary is the case. We have sold every Monarch bicycle we had on hand and have taken orders for as many more to arrive. We think that is a pretty good showing for an off week.

Chicago is a pretty nice village and San Francisco a fair second-class metropolis, but they are not in it with Honolulu either in climate, scenery, bicycles or pretty girls to ride them with or without bloomers. In proportion to the white population there are more bicycles in use in Honolulu today than in either of the above mentioned places, and yet the wheel craze is said to have cost California two million dollars so far this year. At least Chicago claims to have sold California bicycle dealers wheels to that amount. In this connection we might ask why the city of Chicago is like the Hawaiian Hardware Company? It is because when we make a claim we always substantiate it. We claimed that the Monarch was the best bicycle in existence and we have proved it to the satisfaction of all who have purchased of us. We have claimed to be the sole agents for the handling of these wheels in the Hawaiian islands. We had the documents to substantiate our assertion on exhibition at the time we made the claim and have received others by the last mail which puts the matter beyond the shadow of a doubt.

We expect a full line of Monarch bicycles by the Australia next week and in the meantime we shall be pleased to show the sample specimens we have left and take orders to arrive. We are always glad to have intending purchasers call on us, especially when they are of the tender sex.

Yale's La Freckla

is Mrs. Yale's infallible cure of Freckles, Tan and Sunburn. It is the only remedy ever compounded that will remove freckles completely and surely.

The fairer and more delicate the skin, the more likely it is to freckle and the worse it will look after it is freckled.

Thousands of women, otherwise beautiful, are disfigured by these unsightly, brown blotches. Nothing will hide them. They are a source of misery, but they can be cured. La Freckla is the death-warrant to freckles. The preparation of La Freckla is one of Mrs. Yale's greatest achievements. There are many imitations, some of them very dangerous and hurtful to the skin; none of them really effective. For safety and certainty, insist always on getting the genuine and original La Freckla.

New Process Stove

F R E E.

No lottery, raffle or game of chance, but a straight business proposition. Every person who purchases one of our New Process Stoves between Thursday Morning, JUNE 27, and One o'clock WEDNESDAY, AUGUST 7, will be entitled to one guess as to how many of these stoves will be sold up to that time, it being then just five months since the first stove was purchased. The person guessing correctly, or coming nearest to the correct number, will receive at once a present in cash of the full amount paid for his stove; in case of two or more persons guessing the winning number, each shall make a further guess on the sales of the following week, one person thus finally receiving the prize.
As the stoves will be sold at regular price, no one risks anything, only if you guess nearest to the right number your stove costs you nothing. The prize being simply an ad. for New Process Stoves.
Seal your guess in an envelope and place your name and address on the inside, and some private mark on the outside. The envelopes will be carefully kept and no one but the guessers will know what is inside each until the date of opening. A correct list of stoves sold will be hung up before the opening of envelopes, which will be done at our store in the Waring Block, Fort and Beretania, at 1 p.m. on August 7, in the presence of stove purchasers and the public.

Little May Bentley is an accomplished elocutionist and natural born speaker of only 13 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass."

"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse. I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted ef-

fectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." LILLIE MAY BENTLEY, Shelbyville, Indiana. Get HOOD'S.

MRS. AUG. DARROW.

Wells, Richardson & Co.,

Gentlemen:—I was very much run down, had no appetite at all, was very nervous, had no sleep night or day: to sum it all up, I was perfectly wretched. But thanks to Paine's Celery Compound I can now eat and sleep and work just as well as I could before I was taken sick. When I commenced taking the Compound I weighed 136 pounds; I now weigh 158 pounds and do all the work for my family of five. I have recommended the Compound to three families already and they are very much pleased with it. I am now taking my fifth bottle, and would recommend it to all who are suffering with stomach trouble or nervous trouble.

Yours respectfully,
MRS. AUG. DARROW.

MONTROSE, PA., Sept. 25, 1894.

Perfectly Wretched!

THE AUSTRALIA ARRIVES.

TUESDAY'S FLEET OF ISLAND
STEAMERS GO OUT.

Items Alongshore—Big Passenger
List—The Largest Sailing Vessel
Launched—Other Items Today.

Busy day on Oceanic dock.

A murky sticky day alongshore.

Lets were in demand this afternoon.

The Oriental liner Peking is due tomorrow
morning.

The lightning Kapaa express which goes
to Keala this afternoon is being loaded at the
Mall wharf.

The Kauhau is taking one hundred and
twenty-five tons of coal to Waimea and Eleie
plantations today.

The steamer Iwaleia is still on the marine
railway. She will resume her Kaula route
the end of the week.

The steamer Kinau took a big passenger
list to Hawaii, and the Likelike was equally
well loaded for Maui points.

The steamer Mikahala sailed for Kaula
ports with her usual cargo of freight and a
full list of passengers—every room taken and
cots down besides.

The schooner Volant sailed from San Fran-
cisco June 29th for Hilo, the schooner Mary
Dodge for Kahului and Fanning's Island July
14th, and the schooner Robert Lewers for
this port July 6th.

The steamer Aaloun will leave Portland,
Oregon, on or about August 1st for Yoko-
hama, via Honolulu. Theo H Davies & Co are
the agents, to whom application should be
made for freight and passage rates.

The steamship Australia was signaled at
three o'clock yesterday afternoon off Waimea
and docked at Oceanic wharf about half
past five. She brings 34 cabin and 18 steerage
passengers and an average cargo.

On June 8th there was launched at Gies-
tomunde, Germany, a steel five-masted sailing
vessel for Messrs F Laisel's (Hamburg) fleet.
She was christened the Potosi. Her carrying
capacity is 6000 tons and she is the largest
sailing vessel at present afloat, the French
five-master, France, being of smaller dimen-
sions.

Complaints were numerous from inter-is-
land voyagers today on account of the vast
clouds of dust from the esplanade which
made travelling to and from the wharves ex-
ceedingly disagreeable. It is thought by
many that a sprinkler could be sent along the
esplanade at least once a week—say Tuesday
—to alleviate this nuisance.

The schooner Anna arrived in San Fran-
cisco, 27 days from Kailua on June 27th, the
steamer Alameda from this port July 3rd, the
brig J. D. Spreckels 16 days from Kailua,
July 3rd, the schooner Transit 19 days from
this port July 5th, and the bark Alden Besse,
24 days from this port July 6th. The ship
Charmer arrived in New York July 5th from
this port in the quick trip of 99 days.

FITS CURED

(From U. S. Journal of Medicine.)
Prof. W. H. Pecke, who makes a specialty of Epilepsy,
has without doubt treated and cured more cases than
any living physician; his success is astonishing. We
have heard of cases of 30 years' standing cured by him.
He publishes valuable work on the disease which he
sends with a large bottle of his absolute cure, free to
any sufferer who may send their P.O. and Express ad-
dress. We advise anyone wishing a cure to address,

SEQUAH'S

WORLD

RENOWNED

REMEDIES.

To SEQUAH, Sir: I feel it my duty to inform you of the benefit I had derived from the
use of your Remedies, Sequah's Cure and Oil. I have been troubled with Rheumatism ever
since 1862 and since 1887. I have spent all I could earn in trying to cure myself but failed.
I came to you in April unable to walk without the aid of sticks. The pains in my legs being
fearful. I was treated by you in presence of several witnesses and received great relief. I con-
tinued the use of your remedies using only four bottles of Oil and two of the Cure, and now
not only am I cured of the Rheumatism, but my limbs have become stronger, it is now nearly
three months since receiving your treatment, and I feel all right. I was unable to work for
1 1/2 year (18 months) before coming to you, and I have now been at work for over five weeks
past. I cannot find words to sufficiently thank you for the good your visit here has done
me. I am yours gratefully,
