## THE BAR AGAINST LIEUT. PATTERSON TO BE COURTMARTIALED IN MANILA

ANILA, April 25.-Lieutenant William Patterson, of the coast artillery, formerly a Philadelphia lawyer, is to be tried by court-martial for misappropriating the company funds.

The statement in the above dispatch is but the continuation of a story which Lieutenant Patterson, as an officer of Battery N. Sixth United States Artillery, stationed at Camp McKinley, Honolulu, began almost as soon as he came here, in 1899, and continued until the hour when Batteries N and M boarded the transport Ohio for Manila, where the batteries had been assigned

When Patterson came to Honolulu as a second lieutenant he became a favorite in certain social circles. He was admitted to the Pacific Club and the Officers' Club, and he entered into the whirl of society with a vim. His whirl was a costly one, and rumors flew around that the officer was getting himself into deep water by the number of debts he was piling up.

When the batteries were ordered to prepare to leave for Manila Lieutenant Patterson's financial troubles began. He was besieged with bills. They were fired at him point-blank, and he was under the necessity of keeping up a continual retreat to dodge them. There were bills at the hotel, clubs and other places where the officer was in the habit of "hanging out" and obtaining credit for his wants and luxuries. Bills came also from stores and livery stables. When the officer marched with his battery to the wharf he was followed by a small army of bill collectors. The troops remained on the wharf for nearly an hour before embarking, and Patterson was almost surrounded by his creditors. He finally got aboard the vessel, and as civilians were not allowed on board at that time, he was safe from his pursuers for the time being. Statements of Patterson's misconduct here were placed in the commanding officer's hands and forwarded to Manila. In the light of Patterson's escapades here it is not surprising that he has got himself into Honolulu, Haw. Ter., May 28, 1901.

ourt of Judge Humphreys, had his career as such brought to a sudden termination yesterday afternoon. He is no longer the additional bailiff in the court to which he owed his appointment. Lewis, who gained favor in the eyes of Judge Humphreys and was appointed to the responsible and honorable position, "resigned" his office, and the "resignation"

was promptly accepted by the Judge. The "resignation" came after the summoning of the bailiff to appear before the Grand Jury, together with his pal, Frank Turk. Lewis was charged by A. W. Pearson, manager of the Advertiser, with having approached the latter with a proposition to pack the next petit jury which would try Walter G. Smith. The offer was made known to the public in Monday's Advertiser through the sworn affidavit of Manager Pearson, and was partially aired in Humphreys' court yesterday when "Colonel" Fitch, whose name is mentioned in the affidavit, aros in court and denied any connection with Lewis and his jury-packing proposition. Lewis was not in the court while the discussion was going on, but remained in the hallway, an eager listener.

Resolved, by the Republican Territorial Committee of the Territory of Hawaii, That because of his integrity, ability and legal experience, and because ne is a Republican in principle, this committee hereby indorse and recommend Edgar A. Caypless, Esq., for appointment as Inird Judge of the Territory of Hawaii; and,

Resolved, That we heartily concur in the resolution of the Bar Association, showing the need of speedy action in the matter of the appointment of a Third Judge because of the accumulation of legal business in our courts.

\*\*\*\*\*\*\*\*

Edgar Caypless, the well-known attorney, who is at present the Secretary of the Hawaiian Senate, is being urged for the position of Third Circuit Judge of the First Judicial Circuit, Oahu, which office was created by the Legislature during its regular session. Mr. Caypless has for his backers the Republican members of the Senate, as well as the Independents. Petitions are being circulated by various citizens, Senator George P. Carter, Republican member from Honolulu, having taken the initiative.

Mr. Caypless seems fairly assured of an appointment by the President, it being understood by the Republicans that it was practically agreed in Washington at the time he left there to return to Honolulu that a judgeship could be had by him upon a proper representation of citizens here. Although nominally an Independent man, and by them appointed to the position of Secretary of the Senate, Mr. Caypless has friends in the Republican ranks. Behind the circulation of the petitions, in which the initiative is being taken by a Republican member of that branch of the Upper House of the Legislature, there is a story of an agreement upon the part of the Republican members whereby they pledged themselves to support the aspirations of Edgar Caypless for the third judgeship.

Representative Dickey introduced the bill in the House of Representatives providing for the appointment of a third judge for the First Judicial Circuit. The measure was so introduced by reason of an increasing amount of court business requiring a division of the various actions brought before such courts. All went well until the bill was about to be passed and sent to the Governor, when some of the Independent members advanced the theory that Representative Dickey was putting the bill through in the interests of his son. Lyle A. Dickey, who now occupies the position of Second District Magistrate in Honolulu. They claimed that Representative Dickey would bring the influence of the Republican party to bear

upon the claims of Judge Dickey for the coveted third judgeship. The Independents bolted, and the bill failed Two or three weeks subsequent to the killing of the first bill it was brought

OSCAR LEWIS, BAILIFF IN THE to the attention of the Republican members that it was imperative that provision be made for the appointment of a third judge, as the docket was jammed with cases which could not possibly be heard during the term with but two judges on the bench. Senator George R. Carter brought the matter up amongst his colleagues, and it was agreed that it should be pressed and pains taken to dispossess the Independents of their fears that the measure was being carried along in the interest of Judge Dickey or any other aspirant. J. B. Atherton was asked to confer with Delegate Wilcox on the matter. Mr. Atherton vouched for the sincerity of (Continued on Page 1.)

#### MURDER TOLD IN A DREAM

All the Same a Bloodstained Club Was Found Under a Jap's House.

woman's alleged vision in a dream may bring to light a foul and hitherto unsuspected murder.

The friends of an old native man who was supposed to have died a natural death on the windward side of this Island in December last, have gathered enough evidence that he was killed to warrant their putting the case into the hands of the police.

In the Advertiser of December 10, 1900, appeared the following:

"Joseph N. Keliiolono, one of the best known natives of windward Oahu, went to his rest last Saturday at Makao. Koolauloa, as the result of pulmonary hemorrhage. He was fifty-six

years of age.
"'Old Joe,' as his many friends used to call him, had been an old retainer in the Lane family for many years and was considered invaluable both for his honesty and kindly and affectionate disposition.

"When Dr. A. B. Carter and Mrs. Carter, formerly Miss Lane, went East a few years ago they took 'Old Joe' with them, and the wide-awake Kewith them, and the wide-awake Kelliolono, who had something of the reputation of a kahuna while he was alive, fell deeply in love with New York and eastern ideas.

"When Dr. Carter and his family returned from New York, Keliiolono accompanied them. He lived nearly all

his life on the Lane lands, and has watched over the children of two generations. "Now Makao is lone without him, for

he was most excellent company and a never-ending source of interesting information in regard to the ancient manners and customs of the Hawaii-"The mortal remains of 'Old Joe' will

be laid to rest today at Makao, Dr. It is now suspected that "Old Joe"

was put to death by certain Japanese in the neighborhood, gold being the Short Length When the body of the old native was

found it was lying face downwards directly in front of the house of a number of Japanese. Blood had, flowed from the mouth and nose and ears, and these signs very likely had much to do with the supposition that the man had died as the result of a hemorrhage.

"Old Joe" was rather eccentric in his manner, and was in the habit of burying all the money that he could save. He had been saving for years, spending very little and living on the smallest allowance. Whenever he secured a certain amount of money he would invariably convert it into gold and then, at stated intervals, he would hide his

wealth away in the earth.

A Honolulu lady, who is well acquainted with the history of the man, and who knew him as a most interesting character, and also as a man who was supposed to have something of the powers of a kahuna, says she recently had a dream in which "Old Joe" appeared to her in a vision. The woman was at first very much frightened. However, according to her story, the vision assured her that she need not be frightened, and proceeded to tell her that he, "Old Joe," had not come to his death naturally, but that he had been murdered by certain Japanese laborers who were anxious to get his treasure. The vision stated further that he, "Old Joe," had been hit in the back of the head by one of the Japanese. It went on to describe the club which had been used, saying that if the woman would go to the of Aguinaldo. He says that though he place and make a search under the house where the Japanese lived she would find the identical weapon which

The dreamer, upon awaking, decided to follow out the instructions. She went to the place on the windward side of this Island, made a search under the house where the Japanese had lived (they have since moved, it is said) and, sure enough, found the club which

Believing that "Old Joe" had in realty been murdered, she made others acquainted with the facts as she had them, and the result is that now the matter is in the hands of the police. and Deputy Sheriff Chillingworth has a couple of men working on the case

The Japanese who were living in the neighborhood of the Carter farm at the time of the death of "Old Joe" have since moved away. If any of them were guilty of the murder of the old native, if he was murdered, it is impossible to tell whether they secured the buried gold.

It will not be possible to determine this until the murderers are run to earth, or until some clue is found as to the whereabouts of the treasure, amounting to a few hundred dollars. Now comes one of the most interesting parts of the whole story-"Old always methodical in his manner, was in the habit of keeping a diary. #### UTAH SUGAR ALL MARKETED. Remainder of Output Is Taken by Jobbers.

SALT LAKE, May 18,-The remainder of the output of the Utah Sugar Company and the Ogden Sugar Company for the season of 1900-1901 has been marketed. A few days ago the balance remain ing on hand was apportioned among the jobbers of this city and Ogden, and the season's business closed. The jobbers have advanced the price of beet sugar to the retailers, making the price now came numerous, and from 1840 to 1860 the same as that asked for the Califortwo months.

The early closing of the season for the two Utah refineries is believed to be due in a measure to the marketing of a considerable quantity of the season's output at outside points, notably upon the Missouri river, to which they have a fifty cents per 100 pounds rate.

There are other matters in this affidavit which are perhaps more the business of the Attorney General than they are of mine, relating to an attempt of the bailiff to sell what he did not have and could not get if he did that to Mr. Smith-a verdict of acquittal from a jury to be picked for that purpose. I thank your Honor for having given me your attention on this matter to set myself right, as I have stated.

The Court, The Court is very much obliged to Colonel Fitch for having called its attention to so much of the matter set forth in the alleged affidavit as Gerardy the Celloist Will Give upon Colonel Fitch. reflects upon the Court and as reflects

The Court never at any time had any conversation, as Colonel Fitch has stated, with him with reference to his duties as amicus curae in the matter of Henry E. Cooper and in the matter of McCandless and in the matter of E. P. Dole, except a conversation of the most formal character in which the Court indicated to the amicus curae the points which it thought were involved and the arguments which it thought likeearly in August, upon his return from ly to be urged at the Bar, so that he might properly prepare himself for presenting them to the Court. These points were not amplified upon by the Court, nor did the Court, in discussing them passed through here a few weeks since, with Colonel Fitch, follow them in their various ramifications. As before stated, the conversation was of the most informal character, not enduring for a period of time exceeding perhaps five minutes, and I think there was only one conversation with Me. Thompson, one of the amici curae, and some conversation with Colonel Fitch, but it is now under and a letter was sent to Mr. Neili asking the impression that it had only one conversation with each of those gentlemen. As to the other matters set forth in the affidavit and to which my attention ardy's concert providing the Australian has been unofficially called, I desire to that the alleged offer of Bailiff Lewis to corrupt himself in the interests of one who stands indicted in this court, is alleged to have been made on May 23d. If that offer was made-if the offer was made by the bailiff of this court on May 23d to any reputable citizen in this community, it was the bounden duty of that citizen, bound by all the obligations and by all the ties of civil duty, to report that matter at once either to the Court or to the Grand Jury or to the Attorney General, in order that it might be taken

Instead of that, the affidavit was put in pickle, apparently, brined until the 27th day of May, when it was published among other attacks upon the Court. Now, no matter what a man's character and position and standing may be in this community in the estimation of some of it, any considerable portion of it, or in the estimation of all of it, this Court, in the discharge of its duties, cannot act upon a copy of an affidavit appearing in the newspapers. It is not customary to invoke the process of courts of justice by publications in the public prints. There is no affidavit before this Court; there is no complaint before this Court. The Court's attention has now been officially called, not so much to the alleged corruption of its imprisoned for thirty days. the Republicans to the extent that it was not a party move, but in the interests of justice. Mr. Atherton asked the delegate to use his influence with his party members in both houses of the Legislature to pass the bill. The Independents mentioned the name of Edgar Caypless for the judgeship, and the Republicans agreed to endorse his candidacy. Without further ado the bill was carried along nicely to ultimate passage in both houses and was signed by the Governor. Representative Dickey is said to have

not be divided. In Mr. Yardley's front page cartoon this morning the two gentlemen pictured have each a black leg. The appropriateness of this badge of demerit

needs no diagram.

The Republican hints that the whole judiciary of Hawaii should feel insulted in the person of Humphreys. No doubt it does. Likewise the Bar Association and the public generally.

The judge was most considerate of his intimate friend Lewis yesterday, but he was filled with scorn of the citizen who signed and published the bombshell affidavit without giving his paper an equal chance at the news.

By the way, what regiment was Tom Fitch "colonel" of? From all accounts he gained the title by his celebrated retreat from Iowa in 1862, a movement said to have been executed between sunset and sunrise with the enemy in full pursuit. Tom coloneled his way to California, and ought to have become a general by this time.

Though the old bar may be against him, the judge can still fall back on the seventeen lawyers he created by a simple turn of the wrist. Why not manufacture some more and have a new Bar Association? The bailiff can probably get seventeen more law-students from the waterfront by simply raising a gin bottle on the judiciary flagstaff.

Mr. "Hen" Wise whose Christian name may have been derived from certain experiences with poultry, is to come here with a band of fifteen black cake-walkers to compete with the courts and other local shows. We trust that Mr. Wise will not take it to heart if people put extra locks on their henyard doors and continue to show preference for a cake-walking judiciary.

Uncle Sam is beginning to see that his proverbial Yankee shrewdness failed in regard to land at Pearl Harbor. For years the owners of the property most needed for a naval station there offered sites at the prevailing price of harbor-frontage. But Uncle thought the figures too high. Now the value of the land for sugar having been shown, prices have risen accordingly. On that account Uncle may not buy. It is a sad case of misdirected economy.

We hardly think the French fleet would, in any event, try to force the Dardanelles. Ships are no match for well-manned modern forts, especially when trying to pass between them subject to a plunging fire. The Dardanelles are well fortified, and there are no better fighters in the world than the Turks. Probably France will think mines that guard the Western sea approach to the Ottoman capital.

Observe this cutlet from the Bulletin: In the midst of all this slander, attacks upon the court and bitter strife carried on to reek Thurstonian vengeance on an appointee of the President it is well to look back to the source of the struggle. This source is none other than the charge of bribery launched against the Legislature by the Governor of the Territory. When called upon to prove their charges, the Governor through his official associates and appointees has used every means within his grasp to defeat the investigations of the Grand Jury and has yet failed to prove that this serious charge was based on any more positive grounds than hear-

It was understood when the Governor said he had information of an attempt at bribery in the Home Rule Legislature, that the evidence, though conveying a moral certainty, needed more time to be put in provable shape. A court desirous of furthering the ends of justice would have given the Governor what time he reasonably required. Instead, the judge-whom the representative of the Home Rule Legislature now in San Francisco, says is in direct affiliation with the Home Rule partyhurried a jury together composed of ing larger amounts on "margins" from To the serious people who look carefourteen : of Governor Dole's political friends. #### TWO TONES IN HIS VOICE.

In his effort to let Oscar Lewis down easily, Judge Humphreys said yesterday from the bench:

The Court will not call upon any of its officers, whatever may be the opinion of this community of those officers -this Court will not call any of its officers to account upon street rumors or dences was given when the new British upon published statements made against him in the press of the City. . . . The Court in discharge of its duty cannot act upon a copy of an affidavit appearing in

the newspapers.

Why this sudden indisposition on the part of the court to credit the importance of newspaper charges? Has the judge read his own paper too much? It was the existence of newspaper charges lotment for the New York bankers. against the Legislature which, in a large degree, determined Humphreysso he said-to call the present Grand interest in all foreign money markets, Jury together. Witness this extract from his charge:

made charges of bribery against members of the Legislature, and that such a charge was of too grave and serious a nature to be disregarded; if the charges were true, the facts were a menace to society and to the country's best inter-

#### FOR JUSTICE'S SAKE.

The attempt which will be made to get a new judge for the First Circuit Court in place of A. S. Humphreys is not in any sense vindictive, but is guided by sentiments which go to the root of the administration of justice here. As things now are no defendant having causes of a civil or criminal nature before the presiding judge can feel assurance that justice will be done him. Nor can any lawyer, defending the vital interests of his client, approach the bench without a sense of personal restraint and misgiving which may work disadvantageously to the interests committed to his care. The natural feeling is that a bench which permits politics, self-interest, private enmities and the like to sway its judgement is neither safe nor clean; and that the sooner it is removed and washed with soapsuds and disinfectants, the better for the whole community. Upon these points the Star, which is dealing with the Humphreys case in a series of powerful leading articles, observes:

"No one can regret more than the Star does the unfortunate train of events which has come up in Honolulu. It has done no one any good, and it has caused us as a community much harm. Out of it the judiciary has come with besmirched plumes. It may be right, it may be wrong, but the belief in impartiality and the freedom from personal bias has gone. It will probably take years before it will return. Serious dissension has been caused and wounds have been given and received which it will take years to heal, if they are ever healed."

This morning at half-past nine the Bar Association will meet in the Judiciary building to vote upon resolutions in favor of the removal of A. S. Humphreys from the bench. Such a procedure is as serious as it is locally unprecedented, but the leading attorneys of this city are taking it up with a courage and candor which argues well for their professional self-respect, and for their high sense of public duty. Whatever may be the blemishes of the bench the bar does not propose, if we judged its feelings aright yesterday, to either share the responsibility for them or to give them even tacit countenance. The highest duty of a lawyer is to keep the administration of justice pure. In Honolulu it has been befouled. The fact is so plain that it leaves the Bar Association with no alternative but to appeal to the Chief Magistrate of the nation for his aid in cleansing the dishonored court.

After the lawyers have done their duty, as they may without fear of self-reproach, something remains for the business and political community. There are very many business concerns in this capital which, from their social and other affiliations, cannot hope for justice at the hands of a judge who measures every cause by his own rancor and vindictiveness, and who awards enormous and unjust fees to favorites and people whose good will he wants, and whom he has put in administrative relations to helpless litigants. Business men, therefore, need to organize in their own defense and assist the lawyers. If they do not, the time must come when they will pay for their lenity in the presence and by orders of a court that has no conscience and no sense of justice.

We have spoken also of political duty. In some degree, although they had no chance to vote upon the subject, the Republican and Democratic parties-the latter represented by Senator Sullivan and Representative Allen of Mississippi-were responsible for the elevation of Mr. Humphreys to the Hawaiian bench. That responsibility ought to be cast off forthwith. Judge Humphreys betrayed the Republican party in cold blood; he has not returned to the Democratic party; he belongs to the anti-American and anti-white man Wilcox party. There should be no compunctions on the part of the American political parties in appealing to the President to remove this man, whose daily work is to throw contempt upon those who aided his upward climb, and upon the appointees of the President who hold high Territorial

Summing the case up there are no classes in the community save the predatory class and the Home Rule politicians-perhaps convertible termsthat do not owe it to themselves and to these Islands to cleanse the judiciary. The government, the bar, the commercial interests, the American parties, all are summoned to the performance of the same grave but sovereign duty.

THE COVERING UP OF HUMAN SIN

Edgar Geil Scores the Weaknesses of Church Members Who Are Not Sincere.

Evangelist Geil delivered a lively disourse on "Covered Sin" last night at ereth his sins shall not prosper," and using the words as a central point upon which to hang anecdotes, he proceeded o assail the weaknesses of humanity forcefully, laying bare the various types of religious shirkers relentlessly as ne pointed out the different garbs worn to cover up sin and avoid the responsibility

That's what the Lord had told him to do at first; but he wouldn't do it. It took all these trials and intenations to teach him that We Lord knew best, but when the whale threw him up on the shore, he made a bee line for the northeast, and when he came to the city of Nineveh he began to preach, and he preached with ralment for a garment of sackcloth; as the preaching of Jonah increased in power, the King sat down on an ash heap, and taking handfuls of ashes, he threw them into the air so that they might fall upon his royal person. That was a great revival, the one begun by Jonah when he was brought to do the Lord's bidding. It was one of the greatest religious revivals in history, and it caused 120,000 people to turn to the right."

The evangelist made a concluding reference to the snuffing of the lights by the great high priest of the tabernacie the wilderness, relating how the lamps were made to burn brightly and with renewed force when the priest applied the gold snuffers and removed the carbon. There were a great many people, he said, who needed to be snuffed; their sins hindered their light, as did the carbon that made the lamps of the taber-

He merely took up the Bible, quoting from various places, and commenting on them. It was called merely a Bible meeting, and savored of nothing more than the usual discussion of such subjects. SOUTH AFRICAN BOOM.

Mining Operations Being Resumed Around Johannesburg.

NEW YORK, May 18.-Evidence h not lacking, says the Tribune's London correspondent that there will be a South African mining boom before many weeks. Johannesburg is gradually filling, the mines are reopening, and arrangements are making for the reorganization of the government of the town. The reopening of the "Kaffir circus" would have at least one good result-it would engross the attention of the capitalist class, and allow it less leisure for meadling in the government of the new British colonies, Some of Sir Alfred Milner's recent appointments in the Transvaal have exsited much criticism. The eight powerful groups of capitalists have been represented too conspicuously in those appointments, and a feeling of distruct has been created, which tends to retard the pacification of South Africa. It is said that General Botha, as soon as he learned that Sir Alfred Milner was about to leave South Africa, sent a mounted messenger to General Kitchener with view to the reopening of peace negotiations. Botha wanted to communicate with Mr. Krueger, but Lord Kitchener said he could have no dealings with the

Miss Ahana Married to Hon. J. Kumalae.

#### PRETTY WEDDING IN HISTORIC CHURCH

Reception at Kawaiahao Seminary and a Honeymoon Week Billeted for Waialua.

Amid the melodies of the street songs of the girl students of Kawaiahao seminary, Miss Ahana, daughter of the late Mr. and Mrs. C. Ahana, and a former student of the school, was married last evening to Mr. Jonah Kumalae, the young Republican Representative in the House of Representatives from Honolulu. The ceremony took place in Kawaiahao Church, which was filled with the friends and well-wishers of the young couple.

The old edifice was artistically decorated with a wealth of island flowers, palms, palm flowers, stalks of banana plants and a mass of greenery, almost concealing the pulpit platform and the choir railing. Immediately before the platform a beautiful arch composed of sugar cane tassels, white carnations and maidenhair ferns formed a fitting bower, beneath which the two young people were made man and wife.

Shortly before the bridal party entered the church the girls of Kawaiahao Seminary filed into the choir loft and sang several choruses. During the intervals Professor Berger rendered appropriate selections upon the pipe organ. Shortly after 8 o'clock the organist commenced beautiful Mendelssohn Wedding March as the bridal party made their appearance at the main portals of the church. They were preceded by twenty Kawaiahao Seminary girls, all dressed in white and carrying streamers of white silk over their shoulders. Near the arcn they formed an avenue, guarding the enclosure with their ribbons. Mr. James Hakuole and Mrs. Kelijaa followed, cing up the aisle in slow, measured

The bride and groom, the former leaning upon the arm of her intended husband, followed. The bride was attired in a pretty creation of white chiffon trimmed with white silk ribbons, and wore a white tulle veil, caught in the hair with orange blossoms. She presented a picture of Hawaiian loveliness and was indeed one of the season's prettiest

Rev. Henry Parker, pastor of Kawaiahao Church, met the party beneath the floral arch, where the simple marriage ritual of the church was read and he pronounced them one. Rev. W. D. Westervelt pronounced a blessing over the couple and the benediction was said by the pastor. The happy couple turned about upon the completion of the ceremony and left the church, while the organ pealed forth the joyous music of the Lohengrin March. The party went to Kawaiahao Seminary, where the reception was held. The grounds were prettily lighted and the reception hall was tastefully decorated in honor of the nuptials of the bride, who was for six years a favorite student in the institution. Congratulations were showered upon the young people and "all went merry as a wedding bell."

Mr. and Mrs. Kumalae will spend their honeymoon at the Waialua Hotel. They will remain there for a week, Mr. Kumalae having been granted a week's leave of absence from his duties in the legisla

tive chamber. The fellow-members of the groom in the House of Representatives presented the benedict with a handsome sliver service, consisting of a massive coffee service, salver, cream ewer, sugar bowl and coffee pot, which were sent over to the Seminary in the afternoon. On the salver was engraved the following inscrip-

> From the Fellow-Members and Officers of the House of Representatives First Legislature of the Territory of Hawaii to the Hon. Jonah Kumalae.

A large number of presents was received showing that the friends of the couple are legion. The bride is a Hawaiian-Chinese and blessed with a beautiful face. Her late father was one of Honolulu's leading merchants. Among those present at the church were Mr. and Mrs. Frank Damon, Mr. J. B. Atherton, Mrs. Frear, Rev. O. P. Emerson, Prof. and Mrs. Alexander, Rev. Alexander Mackintosh, Mrs. A. Coney, Mrs. C. Robinson, Mrs. L. H. Auid, Mrs. H. A. Holt, Mrs. E. A. Nawahi, Mrs. A. K. Nawahi, Mrs. H .A. Heen, Mr. and Mrs. Chang Kim, Judge Lyle A. Dickey, Mr. and Mrs. J. K. Kamanoulu, Mr. and Mrs. S. M. Kanakanui, Mr. and Mrs. J. D. Paris, a large number of members of the Legislature.

The Hawaiian Band played last evening at the reception to the bride and groom, the public generally being invited to be present.

#### Morgan and Negroes.

NEW YORK, May 18 .- Senator Morgan of Alabama is as outspoken in his opposition to negro suffrage in Alabama now, says a Washington special to the Times, as he was when he began his campaign for re-election in the Senate. In an interview lately in speaking of the coming constitutional convention and

what it will do, he said: "There is not the shadow of a doubt that without doing violence to the fourteenth and fifteenth amendments to the Federal Constitution the ignorant, irrement will be deprived of the power to participate to its detriment in the administration of the affairs of the State.

And by this action true liberty and the state. publican institutions will be strengthened and restored to the full character of manhood."

It is expected that Russia will soon be able to supply her own needs in cotion, according to a consular report.

#### TELEPHONE POLES MENACE TO LIFE

Mounted Patrolmen Blame Public Works and 'Helio Co. for Wulbers' Death.

Members of the mounted patrol of the Police Department blame the Mutual Telephone Company and the Department of Public Works for much of the cause of the death of the late J. W. Wullbers, a mounted patrolman, who, in the line of his duties, received injuries which resulted in his death a week ago. They state that when the Magoon tenement building was erected at the corner of South and Queen streets, changes were made in he old street lines which caused the telephone poles to stand in such a position in the streets as to be a constant menace to life. Magoon exchanged with the Government land fronting on Queen street for government land on South street. The telephone poles formerly stood the regulation distance from the fence line, but when the building was erected about 5:30 twenty feet back from the telephone poles, the latter were left practically

in the middle of the street. When Wullbers attempted to stop the runaway it was one of those telephone poles that he struck. A telephone pole stands in a dangerous position on the Daily Daily Daily Daily Ewa-mauka corner of South and Queen streets in such a position that accidents could easily result. The members of the mounted force, who were deeply attached to their deceased comrade, are generally of the opinion that when the exchange of land was made and the sidewalk line was moved back from its former position, the Department of Public Works should have ordered the poles moved back correspondingly. They still maintain that it is the department's duty to have them placed in a safe position, as in the dark accidents there are almost unavoidable.

#### CAPTURED ONE OF PAIN'S TRAMS

Corporal Hocton and Private McCarty, Artillery Corps, stationed at Camp McKinley, were arrested this morning shortly after 1 o'clock, on the charge of malicious mischief, and spent the night in jail. Their crime consisted in deliberately driving off a tram car from Pawaa to Waikiki against the wishes of the driver. The soldiers boarded the tram down

town. It was the last car on King TO RENT-A furnished cottage of street, and does not go to Walkiki, but continues on up to Beretania street, and thence to the barn. The two soldiers attempted to make the driver go to Waikiki with them. The driver protested, saying that his car was not scheduled on that line at such a late hour. He started on toward the stables when the soldiers detained him and made a show of force. The driver held on, but finally said he would call Manager Pain to the scene. He went away, and the soldiers took possession of the car. They switched in to the Waikiki road and started toward the terminus. At the Hopkins switch 'he tram was met by Mounted Patrolmen Spillner and Guenther, who, observing that soldiers had possession of the tram, promptly halted them.

The soldiers could give no good excuse for driving the car and the pair, together with the tram and mules, were started back toward town. The car was turned over to the driver and the soldiers brought to the police station. They claimed they had paid the ten-cent fare to Walkiki. The driver maintains that tetes. The time whistle blows at 1:20 they only paid him the regular fare of

Members of Emmeluth's sent its appearance. committee have complained that that gentleman was not only recreant in calling meetings, but oftener than not, did not himself appear in his capacity Hon. J. A. Azina, Speaker House of of chairman. "Mr. Emmeluth's time," said one Representative yesterday, has been taken up so much in writing letters to the papers, that he has had none for committee work, and it looks as if he did not want any."

The session has achieved practically nothing; indeed the Republican members have lately taken to making only a perfunctory visit to the House of a day, and then going about their longdelayed business; so monotonous have the sessions been of late. With the Mome Rule members it is different; they have little or no business to attend to, and while they sit as legislators they achieve importance in the eyes of their constituents and themselves, besides having the pleasant knowledge that their crass ignorance and laziness is a constant thorn in the flesh of their fellow members of the opposite party and the taxpayers gener-

Monsarrat, in a sarcastic resolution, forced the hand of the majority yesterday morning, probably only by a few port may be signed by residents of Paminutes, however, as the letters produced showed that the Home Rulers intended adjournment anyhoy, and intended to state their reasons plainly. Monsarrat's resolution read as follows:

"Whereas, this extra session of cers are stricken from the salary list, but and receipt for the salary list, what can such a report be worth? Here Best and receipt for the Oahu Hawaii has been in session for sixteen they have gone to work and stricken out days, and nothing has been accomplishing the doctors and raised the wages of the week's absence in

The resolution raised a storm of discussion, Makekau asking to adjourn until the 12th, as his brain needed relief from the overwhelming exertions entailed by his conscientious course of always 'wanting to know, you know."

Makekau occupies a peculiar position with his party; he is a flagrant example of a bolter and yet is invariably admitted to all the private councils of the Home Rulers.

Prendergast then disclosed the hidden hand by saying that there was no need for a long adjournment as three days would be ample.

Emmeluth corroborated the statement that three days was sufficient, adding that he had a letter with him from Beckley stating that the latter would be

back by the 30th. Then Dickey, who has wasted many hours waiting for Emmeluth to show up at committee meetings, got mad, and voiced the sentiments that he and the rest of the minority have been repressing for some time,

"It is plain to be seen," said Dickey. do a stroke of work until Beckley comes back. Can't the machinery of this House move without Beckley? You people sent him away and now you find you can't ley extended his tour as he spoke of doing? Suppose he went to the East or Europe? The whole Territory should not be made to suffer because Beckley happens to be away."

To save further trouble, Monsarrat ers have been educated of late in satire

## CHINESE LAUNDRYMEN STRIKE FOR HIGHER WAGES

TIVE hundred Chinese laundrymen of this city struck on Saturday for higher wages and fewer hours. The strike is still on and is likely to last for some time unless the bosses of the washhouses come to an agreement with their employees. In the meantime those who are dependent upon Chinese to wash their clothes may have to look elsewhere.

The strike, amusing as it may seem to some, is in reality quite serious to most of the households in Honolulu. If the strikers win out, householders will be under the necessity of paying more per week for washing than here-tofore, and there is a probability that many a \$5 a week Chinese employed in the kitchens will leave to go into the washhouses as washermen

There are forty washhouses in the city which are now in the throes of the strike. In these there are about 400 Chinese employed as first and second-class ironers, and 100 who are known as washermen. The first-class ironers, or those who gloss-up the cuffs and shirts and finer pieces of women's wear, have been receiving \$6 a week, and the second class, \$5. The washermen were paid \$4 a week. Besides this schedule of pay the bosses in most instances supplied food to their employees. A large number of the bosses also provide sleeping quarters for their men.

Now the first-class ironers demand \$8 per week, the second-class, \$7, and the washermen, \$6, an increase of \$2 per week in each instance. The bosses are in a quandary. The increase is a large one for this class of work, yet the men are experts in their special lines, and their places, to a large extent, would be difficult to fill on short notice.

If the bosses grant the increase asked for, they will in turn be obliged to advance the charge for washing. For instance, households that are now having their washing done for \$1 a week, will be charged \$1.50, while the 50-cent a week washing of the bachelors will cost in the neighborhood of 75 cents or \$1 a week in the future.

Several householders have been given notice by their cooks of the latters' intention of leaving them this week in order to take jobs in the laundries. Cooks who receive from \$3.50 to \$5 a week see an opportunity to slip into the places made vacant by the strikers, and performing the work for at least \$1 less than the new schedule demanded by the laundrymen. It is the money that these workers are after, and laundering pays better than cooking, although the hours are much longer,

The strikers also demand that the hours of work be shortened. At present the ironers commence their week's work on Tuesdays. Mondays being washdays. They go to work at 6:30 or 7 a. m., and continue with various washdays. They go to work at 6.30 or 7 a. m., and continue with various intervals for rest and eating until 11:30 p. m., with the exception of Saturday night, when they work until midnight. They now demand that all work be stopped at 9 p. m. The Chinese laboring community is much worked up over the strike, it being the largest ever experienced among them

Emmeluth stated it as his opinion that he Health bill was lacking in practicability; that there was no one in authorbility; that there was no one in authority, no executive officer; that the ball Auction Sale contained no safeguards for the preservation of the public health, and that money spent under such conditions the provisions of the bill would inaugurate might as well be dumped into the

Dickey then moved that the bill be returned to confer with the Board of Health upon its provisions.

The motion was lost and the House adjourned for three days or until Beckley's expected return on the 30th. Representative Emmeluth, who is pop-

ularly supposed to have contributed largely towards the filling up of Beckley's scrip for the journey, has received two letters from that gentleman in which the latter writes that Colonel Parker, Delegate Wilcox and himself were all successful in obtaining an interview with President McKinley, Beckley indeed having had the honor of an interview on two occasions, the 18th and the 21st insts. Colonel Parker presented the President with the documents with which he was entrusted, but the date of his return to Hawaii was not obtained. Delegate Wilcox left for Washington on the 20th.

Eastern and Foreign Markets-Latest mail advices from New York under date of 16th inst. indicate a quiet and steady market for raws, while refiners are willing purchasers of centrifugals at current quotations. Prices and conditions in refined are unchanged, with light demand. European markets are steady at unchanged quotations for raws and refined.

In their letter of May 17, which reached Honolulu on the Zealandia, they Eastern and Foreign Markets-According to latest mail advices from New York under date of 11th inst., the market for raws is quiet and steady, while the advance of the previous week appears to have been fully maintained and holders continue to evince confidence in the future, particularly since the quan-

tity still available from Cuba, as the season there draws to a close, can be estimated with more precision. Javas are again freely offered, but ruling quotations in this article appear to be above buyers' views and transactions are limited. A slight reaction has occurred in European beets, for although an active demand from America has continued, nevertheless it would seem that buyers are in no wise dependent upon Europe for their immediate requirements. New York market for refined has been firm but quiet and the ordinary demand has been checked somewhat by the temporary disturbance in financial circles.

#### **ROCKEFELLER'S** RAILROAD PLANS

Will Be a Transcontinental Line Composed of Twenty Railway Systems.

NEW YORK, May 18 .- The World says: It is stated upon positive authority that John D. Rockefeller's railroad plans the establishment of a through line from New York to San Francisco under one management.

The great combination will consist of the following roads: New NEW HATS BY THE MARIPOSA. Central, Chicago and Eastern Illinois, ficially denied.

Evansville and Terre Haute, St. Louis and Southwestern, Denver and ...lo Grande, Rio Grande Western, Southern Pacific, Central Pacific, Mexican Central, Missouri, Kansas and Texas, Kansas City Southern.

All of these roads will work in close conjunction and will act as feeders for the Atlantic and Pacific Air Line, as the Rockefeller transcontinental road will probably be known. It will be the shortest road across the continent by many miles. It will be the pleasantest route, because it goes through temperate climes from ocean to ocean. It is said that the aim of the new road is to reduce the time between New York and San Francisco by from twelve to fourteen hours.

#### The Coptic Sails and Gaelic Arrives.

#### Zealandia for Coast---Big Opium Ring Discovered.

HE departure of the Occidental and Oriental steamship Coptic for the Orient yesterday and the arrival of the Gaelic, of the same line, from the land whither the Coptic is bound, were the principal events on the water-

The Coptic was booked to sail at 3 o'clock in the afternoon for Yokohama and Hong Kong. She got away from Navy wharf No. 1 shortly after that time. There were many people on the wharf to see the vessel off, and the Territorial band was on hand to delight the travelers and the crowd. The band played in honor of United States Minister Buck, who is returning to the Orient to resume the duties of office. Just as the Coptic was getting away from the wharf, Captain Rinder, who was on the bridge, glass in hand, sighted the smoke of the approaching Gaelic low down on the Western horizon. The officers of the Coptic regretted very much that the Gaelic did not make port while the former vessel was in the harbor. As it was, the two vessels passed within hailing distance a few miles outside of the harbor.

The Gaelic was whistled about 3:15; a little after 5 o'clock she was alongside the Pacific Mail wharf.

The Gaelic sailed from Yokohama on the 18th instant, experiencing fresh to strong southeast gales with very rough head seas. It was on account of the severe weather that she was delayed. She brought a number of passengers for Honolulu, and has a large through list. About ninety Orientals are for this port; seventy-two Chinese and the rest Japanese. There were also a few in the European steerage. The Gaelic is on the boards to sail for San Fran-I will offer for sale at my salesroom, cisco today at noon. She will take sev-

It is expected that the Gaelic will arrived at San Francisco ahead of the Zealandia, which sailed late last night. Passengers for Honolulu, arriving on the Gaelic, were J. P. Barker, R. S. Corson, Rev. D. J. McKinnon, B. N. Stevens, Mrs. J. L. Zabriskie, Dr. Edwin G. Zabriskie, Mrs. J. W. Bulkley, B. Richardson and S. H. Hackett to Ward, Miss L. G. Zabriskie.

An Opium Bing Discovered.

The arrest of J. W. Wolf, expressman, by customs officers, in San Francisco, on the 14th instant, for having unstamped opium in his possession, was the result of a three months' espionage maintained by the federal authorities on this traffic from British Columbia. The risk run by the smugglers is to save a duty of \$6 a pound on the opium, and to accomplish this the launch recently captured at Seattle was built. It was not constructed by any boatbuilder, but was the re- houses and docks, and narrowly essult of day labor, and before its con- caped going aground. About that time, through a pebeing used to carry the contraband drug to San Francisco. That vessel was found to leak mysteriously on a voyage to Seattle, rendering constant use of the pumps necessary. Investigation showed that one of the bunker ports at the water line had been loosened from within, as though some person had attempted to remove it. The guilty person could not be located, but it was declared that the attempt must have been made at San Francisco, and the only reason possible to assign was a desire to pass something through the opening to persons outside. The investigation apparently brought about a change in procedure and Loftus learned that the railway was being utilized as a carrier. At the same time he located the naphtha launch used to bring the opium from Victoria, and captured her, together with 585 pounds of the drug. An expressman who had hauled trunks from the boathouse to his stable in South Seattle was then taken into custody. It was found that he had been checking the trunks to Spokane, Wash., to a station in Idaho, Marion Chilcott, Am. sp., Weedon, and to another in Montana. Oplum valued at \$2,250 was found in trunks in his possession, while over \$4,000 worth of the drug was discovered in his stable. From these inland stations confederates supplied with checks are supposed to have reshipped the baggage to San Francisco to other confederates, of whom Wolf is thought to be one. The checks were sent by mail, and no trouble was experienced in obtaining the baggage. Finding a trunk was en S. route, Loftus came to etaoshrdluaoo

The Nova Scotia bark Stillwater, with \$00,000 feet of lumber aboard, sprang a leak and was beached to save her. The bark Highland Light was discharging ballast in the stream when it was found that water was pouring into her hold as fast as the ballast came out. She will be sent to the drydeck. Robertson & Wilder are attorneys for defendants.

The motion of Robertson & Wilder, attorneys for T. W. Hobron, for a new trial of the case of T. W. Hobron against C. I. Helm, has been granted. O. Charles Lewis yesterday afternoon tendered his resignation as bailiff of the First Circuit Court. His resignation was accepted by Judge Humphreys, to

take effect at once. The defendant in the case of M. Gusmao Silva vs. J. A. Magoon et al., yesterday filed an answer to plaintiff's complaint, making general denial of plaintiff's allegations and demurring on the ground of insufficiency of facts to con-

The annual account of W. O. Smith as guardian of the minor children of Geo. E. Richardson, deceased, has been filed, showing charges against the administrator of \$2,777, with balancing expenditures. ADOPTION OF INFANT.

Petition has been filed by Maria Makanani, showing that she is the mother of one Kelia Makia, a female intant which has been in the care and custody of Mrs. Haripo ..akia and John Makai since the day of its birth; that said Mrs. Haaipo Makia and John Makai have repeatedly requested the petitioner to give them the said chad for adoption, and that they are well able to educate, clothe, maintain and care for said child, and that they are persons of good moral character, that on May 27 petitioner and said Mrs. Hacipo Makia and John Makai entered into an agreement of adoption, a copy of which is filed, and wherein petitioner consents to the adoption of said child by said parties.

Petitioner prays that such agreement of adoption be legalized and the signatures of the adopting parents are also affixed to the petition.

DIVORCE MATTER.

In the matter of Virginia M. Lancaster vs. Millie Lancaster, notice has been given by Cecil brown, attorney for Mulie Lancaster, that on Saturday, June 1, at 10 o'clock a. m., he will move the Court for an order appointing Millie Lancaster guardian of the person and property of the minor child, Irene Blanche, and for an order of Court annulling the former order which commands Millie Lancaster to pay to Virginia M. Lancaster \$7 per week, the motion to be based on an affidavit which is filed with the notice.

The affidavit is by the divorced husband and sets out that he has paid regularly the weekly sum ordered to be paid by him to the plaintiff for the maintenance, care and education of said child; that the order of Court that said child be brought to the home of the defendant by mother one day of each week, so that defendant might enjoy the company of said child has been entirely disregarded by plaintiff, and that he has not been permitted to see her since the granting of the divorce; that plaintiff, instead of spending the \$7 per week upon said child, has been spending it supon herself, neglecting the needs of the child; that the child is in need of clothes and is being neglected and uncared for; that since that granting of said divorce, the actions of plaintiff have been improper and of such nature as to show her an unfit custodian of the child. Therefore defendant prays for an order awarding him the custody of the child and releasing him from the payment of the said sum per week.
