MR. TENNEY SHOWS FALSITY OF \$18 CRY SUGAR SCHEDULE IS NOT CHANGED

COUNTY SCHOOLS NEED MUCH MONEY

Superintendent Babbitt Will Ask Supervisors For Many New Buildings, Cottages, Repairs, Desks, Fences and Other Improvements

The City Fathers are liable to get a severe shock to their nervous systems when they learn what Superintendent Babbitt expects them to do for the schools of the county. A loud wail of despair is due to arise from the municipal offices when they receive the communication the Superintendent is going to send them, telling them the needs of the public schools of this island, and there will be a running around in circles and a hasty chattering of the blue pencil.

But it will all be to no purpose. The Legislature has placed the care and maintenance of the schools on the counties, and they must be cared for and maintained somehow. It is up to the Supervisors to find out how.

Superintendent Babbitt has prepared a list of things the Oahu school system needs. This includes new buildings, repairs to old buildings, additional rooms, new roofs, new fences, new blackboards, new desks, new teachers' cottages, painting, whitewashing, clearing, trimming, grubbing up of roots, replacement of chairs, and a myriad of other things, all of which cost real money. The list is too long to be

printed in full, but following are a few of the items Mr. Babbitt will ask the Supervisors to provide for:

Manoa—A new one-room school house, properly lighted, ventilated and supplied with patent desks;

Mohihi—A two-room building should be provided at once, as there is very serious over-crowding at this school and a large number of children cannot be admitted on account of lack of accommodations;

Pohukahi—Filling up additional rooms, painting of the Hopper building and a few other things;

McKinley High School—Curbing and macadamizing the roadway, concrete walks to side entrances, additional desks;

Kalihiwaena—Erection of janitor's cottage;

Pearl City—Painting all buildings;

Kaneohe—Addition of two or three rooms to cottage of erection of new cottage;

Kalihi—New building;

Waimanalo—Additional room to school building, general repairs;

(Continued on Page 2)

WATERHOUSE FINDS CUBA PROSPEROUS

Though little or no rubber is being cultivated in Cuba, the people of that island are beginning to take a lively interest in the industry, and experimental planting will soon be undertaken, according to F. T. P. Waterhouse, who has just returned from a tour through Mexico, Cuba and the United States.

Everywhere in Cuba that Waterhouse went he found people interested in the rubber industry, and he believes that planting, as an experiment at least, will probably be taken up in several sections.

The sugar industry, Mr. Waterhouse found to be in a flourishing condition everywhere in Cuba, despite the unsettled political conditions. He found the plantations

thrifty and the planters comfortable financially.

"On one plantation that I visited," said Mr. Waterhouse this morning, "the owner told me that he had planted no cane since 1894. Nevertheless he is still cutting on an average of twenty-six tons of cane per acre. That amounts to rather more than eight tons of sugar an acre. That was without irrigation. I should say that that showing was rather better than the average, however. I believe that a better showing could be made by irrigating and replanting."

"When the wet weather comes, the Cuban sugar planter cannot handle his cane owing to the mud. The

KAHUKU JAPANESE WILL ADOPT SUGAR RATE ALL BE PAID AND QUIT BUT CLAY MAY TALK

DISCHARGE OF 50 IS NOT APPROVED

Mgr Adams' Firm Stand; Agitators Meet Tonight

All the Japanese will be paid off at Kahuku.

The statement of the situation over the signature of Manager Adams follows:

"A committee of the striking Japanese at Kahuku waited on me yesterday morning at my request, and I gave them the notices of discharge of fifty Japanese employees, together with the numbers of the men who were to be discharged."

"On Wednesday I had told this same committee that fifty men were to be discharged because the plantation had for a long time been considering the policy of cutting out certain unprofitable fields and that we had now determined to put this policy into effect. I explained fully to the committee what fields we intended to abandon, quoting as our reasons our cultivating statistics as to costs, etc."

"After several meetings yesterday, the committee asked me, if the fifty men were discharged, could the balance of the men be allowed to remain in the camp. I informed them this was a policy on which I had no authority to act. They informed me that this was a controversy of wages and that they had decided that the fifty men should remain in the camp, together with the rest of the men, until the wage question was settled. I replied finally that irrespective of the question of wages, the fifty men were unnecessary to the plantation because of the policy which I had outlined above; and I said furthermore that after the crop of 1910 had been harvested we should be able to dispense with other laborers as well, since the policy was not one of a moment, but one for the future. They replied again that they wanted the fifty men to remain in the camp until the wages question was settled. I assured them that the plantation controlled the property and that it was entirely within our province to discharge, whether or not we wished to reduce the size of the plantation, and that we couldn't possibly allow the Japanese to decide whether the fifty of their number were to remain or not, so long as we did not need them. But irrespective of the wages question, which this did not concern in the slightest degree, the fifty men must leave."

"Finally they replied that all the Japanese were united on this question, and that if the fifty men were to be discharged, they would all leave."

"I replied that that of course was something for them to determine, and that if they wished to leave we would pay them off."

"They again held a meeting in the camp and returned to me the reply that all the men wished to be paid off. Therefore the men will be paid off at the very earliest possible moment."

WHAT TENNEY SAYS

Mr. E. D. Tenney, manager of Castle & Cooke, gave out the following statement today on the present labor situation:

The cry of the agitators in connection with the strikes now in progress is that \$18.00 per month, the wages paid the Japanese, is totally insufficient for the people to live on and far below that paid to other nationalities. The statement being untrue and the amount named so far below the real wage earned by these people, I have been tempted to make a public statement setting forth in some detail the facts of the case in so far as the plantations are concerned, with which I am connected.

For the year 1908 the average wages earned by and paid to the Japanese men, women and children employed upon the Ewa Plantation were \$21.80 per month of 26 days.

I have before me the labor statement for the month of April just passed. The average earnings for that month were \$23.16 for each 26 days labor performed. While the ostensible rate of wages paid Japanese day laborers is \$18.00 per month of 26 days work, under the system now in vogue, of special contracts for special work, this rate is a fictitious one in so far as the great majority are concerned. The contracts are open to every employee of every race or color but are taken advantage of by few outside of the Japanese. They afford the industrious and energetic man an opportunity to earn large wages. Take for instance, cane cutting contractors. There were eight Japanese companies engaged in this work during April, the contract rate and conditions under which they were working were identical; nevertheless the amount of work performed and consequent wages earned varied from 5.24 tons cane per day, and \$22.48 earned per month to 7.96 tons of cane, and \$30.28 earned.

There were 2075 Japanese on the April 30th payroll. Of this number 291 were working at the \$18.00 rate. Naturally among them are the least efficient, least industrious, and least ambitious men on the place and among them are many, doubtless, of much less value to the plantation.

The wages paid these laborers in cash by no means represent their cost to the plantation; there are several perquisites enjoyed by them such as free homes, fuel, hospital and medical attention, assistance in maintenance of schools and churches which annually total up no mean sum. Their houses are constantly being improved and in the case of a married man, the expense to the company on this item alone is equivalent to at least \$5.00 per month. When all is considered, I am of the opinion that these people, if in Honolulu, would be compelled to earn an average of at least \$12.25 per day or \$32.50 per month of 26 days in order to provide themselves with earnings, comforts and conveniences equal to those they obtain on the plantation.

The Ewa Plantation Company aims to treat its employees fairly, perhaps liberally is a better word, and enable them to earn wages commensurate with their industry. These remarks apply equally to conditions as they exist upon Waioluwa Plantation excepting that the average amount of wages earned by the Japanese laborers is about 60c per month less than at Ewa.

cern in the slightest degree, the fifty men must leave."

"Finally they replied that all the Japanese were united on this question, and that if the fifty men were to be discharged, they would all leave."

"I replied that that of course was something for them to determine, and that if they wished to leave we would pay them off."

"They again held a meeting in the camp and returned to me the reply that all the men wished to be paid off. Therefore the men will be paid off at the very earliest possible moment."

"ANDREW ADAMS, "Mgr. Kahuku Plantation Co. "Honolulu, May 28, 1909."

The action of the Planters' Association, published exclusively in the Bulletin Thursday afternoon, has put the stiffening into the planters' side of the strike situation

REFINERIES NOT IN TRUST

WASHINGTON, May 28.—The duties on raw and refined sugars were adopted by the Senate today as recommended by the Finance Committee. These are the same figures that were in the tariff bill as it passed the House of Representatives.

The schedule was adopted with the understanding that it may be reconsidered to allow Senator Clay of Georgia advocate an amendment cutting the duties in half. Senator Clay has made the sugar schedule a special object of attack from the beginning of the session. The Senate adopted the tariff rate of four cents a pound on maple sugar syrup, one and one-half cents per pound of glucose, and twenty per cent ad-valorem on sugar cane.

A number of the sugar refining companies of the country have filed statements in which they protest against the charge that they are controlled by the American Sugar Refining Company, commonly known as the Sugar Trust, and which was so recently found guilty of defrauding the Government of millions of dollars in import duties.

Perola Won Oaks

EPSOM DOWNS, England, May 28.—The Oaks was won today by Perola, with the King's Princess de Colles second.

29 Knot Battleship

PORTSMOUTH, England, May 28.—The new battleship invincible made a speed record today of nearly twenty-nine knots.

More Thugs Arrested

Four more Japanese, suspected of being concerned in the brutal assault on Tsuchiya Gichi were arrested at Ewa yesterday afternoon by High Sheriff Henry and are now lodged in the County Jail awaiting trial. The names of three of them are Nitani, Kuabara and Wada.

And Gichi is also in jail—not because he has committed any crime but because the authorities fear that the Thugs will try to murder him to prevent him from testifying.

R. D. Mead stated this afternoon that two hundred additional men will be taken on to the strike-breaking force tomorrow morning.

BARNEY JOY GETS \$300 SALARY OFFER

Barney Joy has received a contract from the Boston Nationals, offering him \$300 a month. He has not yet decided whether or not he will sign the contract and accept the offer. He is inclined to think that the season is too far advanced to make it worth while, however, and intimates that, though he may go to the mainland next season, he is inclined to pass up the present offer.

FIGHT AVERTED IN HALL OF SOLONS

But Mayor and County Fathers Argue Excitedly

For a short time last night it seemed as if there would be a real all-out fight between the Mayor and Supervisor Aylett. In fact, most of those present were waiting for the "Shake." But nothing in the scuffling was happened, and what promised to be a real lively meeting rapidly developed into a talking match.

Aylett held the floor most of the time, and when Supervisor McClellan was not engaged in reading his report on the probable cost of running the prison department, he was busy engaged in explaining to Aylett that the board would not be \$19,000 behind the proposition, but on the other hand would be saving money by the change—that is, once the necessary buildings were completed. And as McClellan explained, the buildings had to be erected, and it was just as well to do it at once.

The matter of a Spanish interpreter was then discussed, and a letter from Judge Andrade that reads as follows was presented:

"It is necessary for the proper transaction of business to have a Spanish and Porto Rican interpreter, and I have only been able heretofore to have business properly attended to through the services of Mr. Minville. Now that he is not employed by the City and County I cannot secure his services as such interpreter. It is as well also that the court interpreter should not be connected with the police department.

"I would ask that the board approve his appointment and fix his salary at the sum of \$75 per month." The District Magistrate's suggestion was approved of after a long discussion on the amount of the salary to be given the interpreter. Some of the Supervisors seemed to think that \$75 was too much money, but Supervisor Cox pointed out that the Magistrate was the man who knew most about the matter, and the item went through.

The committee on public expenditure reported on the resolution providing for the payment of mileage to Supervisors. The report, which was adopted, states that the committee is in favor of tickets being purchased for the Supervisors from the outside districts to be used in traveling from their places of residence to Honolulu.

DEATHS BRING INVESTIGATION
—Denver, May 19.—The death yesterday of C. C. Hill, sergeant of the hospital corps. Twenty-first infantry, and the death on April 18 of Private McDonald of Company L of the same regiment, as a result, it is said, of exposure on the rifle range at Parker, will result in an investigation into methods at Fort Logan.

JAPANESE GAMBLERS ARRESTED—Pasadena, May 10.—Sixteen Japanese were arrested yesterday in a raid headed by Chief of Police Favour and charged with gambling. They were put under \$50 bonds each for their appearance in court today.

LOCAL AND GENERAL

Twelve hundred sheets of good paper for twenty-five cents at the Bulletin office.

Ten good auto-hacks. Phone 6. Al Thurlow of the Royal Annex serves the finest meals in town. The Hawaiian band gave a concert at the Moana hotel last evening. Mrs. Nina Fraser leaves in the China for a vacation trip to the States. The Waikane Democratic club will hold a luau and celebration on June 11. Take your carriage or automobile to Hawaiian Carriage Manuf. Co. for up-to-date repairs.

Inter-island and O. R. & L. shipping books for sale at the Bulletin office, 50 each. Judge J. W. Kalua of Wailuku, Maui, is in town. He arrived this morning in the W. G. Hall. Alexander Hume Ford is due to arrive in Hawaii some time in July, according to Burton Holmes.

Anything new in the sporting line? Anything good in the liquor line? You can find it at "The Two Jacks." Mae Lobert, who made night hideous with awful noises, had to pay \$11 for the amusement at the Police Court this morning.

St. Clair Bidgood of Haleiwa hotel is leaving for the coast in the near future. He will be away for about six or seven weeks. Dr. J. Uchida left on the Korea last evening for Japan, whence he will proceed to Germany to attend the World's Medical Conference.

J. Anderson was sentenced to nine months imprisonment this morning by Judge Andrade for obtaining a sum of money by false pretences. Mary Adele Case, whose engagement to Claus Spreckels, Jr. is rumored, is well known in Honolulu, having been heard here in concert work.

The Royal School alumni will hold a special meeting next Thursday, June 3, at the A. Patria Society hall, corner Emma and Vineyard streets. Kinolai, who was run in under the vag act, was sentenced to ten days on the reef, and to pay a fine of \$1, by Judge Andrade this morning.

The case against Ah On, charged with stealing a lot of carnations, is being heard at the Police Court. Attorney Peters is defending and Clem K. Quinn prosecuting.

The Royal School alumni will again this year, on June 10, give another social hop at the Knights of Pythias hall. Besides the dance, refreshments will be served free during the evening.

Seven Chinese gamblers who were arrested in a raid last night were each fined \$8 this morning at the Police Court. An appeal was noted and the accused allowed out on bail of \$7 each.

Any one having rents, dividends and other income to collect, and who wish to be relieved of the time and worry, may leave such matters with Bishop Trust Co. and know they will receive careful attention.

Among the arrivals this morning on the W. G. Hall was Judge J. L. Kaukon of Kona, Hawaii. He came down to attend the annual evangelical convention, which meets at Kawaiahae church tomorrow morning.

W. F. Lehigh, the retiring superintendent of the Mutual Telephone Company, was agreeably surprised today by receiving a beautiful silver fern dish, a present from his former employees, with their aloha.

The annual meeting of the Daughters of Hawaii will be held at the residence of Mrs. Bathsheba M. Allen tomorrow, May 29th, at 4 p. m. All members are urged to attend as business of importance is to be transacted.

JACK LONDON'S
Own account of the abandonment of the voyage of the Snark as told in a letter to Dr. E. S. Goodhue will appear in SATURDAY'S BULLETIN.

Geo. B. McClellan has written to the Honolulu Merchants' Association regarding the Federal building here, stating that he has taken the matter up with the Secretary of the Treasury and hopes that early action will be had on it.

Nori and Ma See were up before Judge Andrade this morning on a charge of misconducting themselves and after hearing the evidence the Judge fined the man \$25 but allowed the lady to depart under a suspended sentence of thirteen months.

OUR MINISTER TO CHINA

WASHINGTON, May 27.—It is reported here that Professor Jeremiah W. Jenks of Cornell University is being considered for the appointment as Minister to China, to succeed W. W. Rockhill.

YOUNG SPRECKELS TO WED MISS CASE.
PARIS, May 27.—It is rumored here that young Claus Spreckels is engaged to Miss Mary A. Case. Miss Case is a musician from Portland, Oregon.

Miss Case visited Honolulu with Mrs. E. T. Weathered and gave a concert in the Opera House.

GOVERNOR HASKELL INDICTED.
TULSA, Oklahoma, May 27.—Former Governor Haskell has been indicted for complicity in the town-lots frauds.

MURDERERS WILL BE HANGED.
MANILA, May 27.—Three natives, who murdered Dr. Jones of the Field Museum, have been sentenced to death.

DISCHARGE OF FIFTY.
(Continued from Page 1)
The resolution passed unanimously by the planters and agents representing four hundred and seventy-five thousand tons of sugar is worth reading again:

"Resolved, it is the sense of this meeting that the plantations represented in this association make no concession to the striking employees in the nature of increased compensation." Back of this is believed to be a great strike fund of millions that will be held in readiness to meet emergencies on any plantations on any island that is made the object of attack by agitators and their Thug agents.

In all the discussions of the meeting of planters and managers there was a manifest sentiment for fair play with the workmen of the plantations. No desire was shown in any section to refuse the workmen their just due. On the other hand, there was the most vigorous expression from every island against the agitators and the sort of campaign that had been carried on in misleading the laborers and striving to deceive the public.

The agitators will go to work with renewed energy, but their cause is a falling one. They cannot hold the support of the Japanese merchants because the latter must soon face failure if they are forced to continue contributing food to the strikers, and there are no Japanese workmen on the plantations to buy their goods.

Chinese Taro Planters.
The Chinese taro and rice planters claim to be short of men. Their taro planters and the rice planters have deserted them and gone to work on the plantations. The wages of \$1.50 a day, which the sugar planters are paying to their strike-breakers are so attractive that some decided to quit their Chinese bosses and work for the haoles.

One of the poi men stated this morning that three of his men had gone to work on the plantations because the planters were paying \$1.50 a day. He stated that he could not afford to give his men that wage. He tried to hold back his men by offering them about \$24 a month each, but they refused to listen to him.

Price of Poi May Go Up.
Under the circumstances, it is apparent that the price of poi will be raised. Two of the proprietors of poi shops said this morning that the price of poi will be raised if the Chinese taro planters continued to work in plantations.

\$18 Per Month Idea Is Exploded.
A statement has been given out showing the rate of wages earned by Japanese laborers on Kahuku plantation for the six months ending April 30, 1939, and completely refuting the \$18 a month misrepresentation:

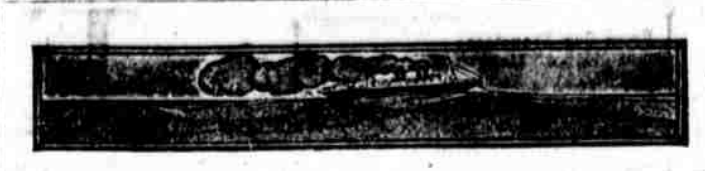

Average rate per month (26 days)
Cutting cane, men 90-120
Loading cane, men 46-36.40
Loading cane, women 46-24.15
Trackmen 16-32.54
Mill men 54-23.24
Mill women 4-15.00
Steam-plow plowmen 9-23.00
Shindry special rate 49-29.50
Teamsters 10-24.16
Ditchmen 24-21.14
Day nursery (women) 4-15.00

288 men Special Rates as above; 8 women case cultivating contractors, will probably earn 70c per day; 165 men field hands at \$14.00 per month of 26

Total men on payroll, 398.
54 women Special Rates as above; 8 women case cultivating contractors, will probably earn 70c per day; 165 women field hands at \$14.00 per month of 26

PALI ROAD IS NOW BEING REPAIRED
Oiling Of King Street Will Be Finished Today

The road department is now busy putting into good shape the Pali road, which is badly run down and cut up. For the past ten days Road Supervisor Wilson has been busy moving his force and equipment to a point on the Pali road near P. C. Jones' place. The new plant is now set up and the laborers are at work macadamizing the road from that point down toward the electric light power station, this being the worst stretch of road.

The oiling of King street will be completed today, and the thoroughfare will be open on both sides for traffic shortly. During the month of April the department oiled 3,517 feet of road, 21 1-2 feet wide—a total of 13,530 square yards, at a cost of \$3,800, or 31 cents a yard.

During the month of May 5,555 feet of road have been oiled at a cost of \$3,333.99, or 31 cents a yard. The increased cost per yard, the Road Supervisor says, is owing to the ruling of the Road Committee that the teamsters need not go to the stables to hitch up until 8 o'clock, instead of being obliged to have their teams on the job at that hour as ordered by Wilson. This ruling has increased the cost of macadamizing about three cents per yard.

MORE THUGS ARRESTED.
(Continued from Page 1)
vent his appearance as a witness against his assailants.
Glechl was ordered by Judge Robinson to be placed in the county jail up on affidavit by High Sheriff Henry that the wounded Japanese is in fear of his life and that, if released from the hospital at Waipahu, he would be prevented from appearing as a witness against the Thugs who assaulted and nearly murdered him.

Every effort is being made to apprehend all who had any part in the assault on Glechl. Yesterday Attorney Kinney, accompanied by Japanese interpreter Chester Doyle, again went down to Ewa to collect evidence against the Thugs and Agitators.

ACQUITTED OF BURNING STORE—Redwood City, May 10.—P. J. Sullivan of San Bruno, who was arrested on February 8 on a charge of having set fire to the establishment of a rival grocery firm, Debenedetti Brothers, was acquitted in a few minutes by a jury this afternoon.

Between twelve and fifteen hundred men go "down the country" every day. The trains leave so that the men are at the plantations early, and the gangs are organized permanently so that laborers are set at the tasks for which they are best fitted, and return to the same field each day.

SAMOA WANTS MORE PASSENGER SHIPS

Secretary Wood Sends
Important Letter
To Committee

At yesterday afternoon's meeting of the Promotion Committee Secretary H. P. Wood will submit the following letter:

Gentlemen:—By the last mail special letters were sent out to all the trans-Pacific steamship companies, as well as to all trans-continental railways, enclosing a list of the books on Hawaii kept by our local book stores, suggesting that more of these volumes should find a place in the libraries on board the steamers and limited trains.

The following letter and article from the Samoan Zeitung are of interest:

"Apia, Samoa, April 24, 1909.
H. P. Wood, Esq.,
Secretary Hawaii Promotion
Committee, Honolulu, Hawaii.

Dear Mr. Wood:—I beg to acknowledge your interesting letter of March 10, also the enclosure of the pamphlet in regard to your efforts and mode of procedure.

Have taken the liberty of copying part of the same in an article which I enclose printed in the Samoan Zeitung of April 24.

Am trying to stir up the people here to the importance of following in your footsteps re the advertising and placing before the public the beauties of picturesque Samoa. I cannot tell what the result may be, but if not successful it will not be for want of effort on my part.

Any assistance I may be able to render will be a pleasure.

With kindest regards, I remain
Very sincerely yours,
(Sgd.) MASON MITCHELL,
American Consul.

"POSSIBILITIES OF SOMOA."
I beg to call the attention of the "Verkehrverein" society to the efforts of the Hawaiian Promotion Committee and some data relative to mode of procedure and results accomplished by that body.

The Samoan islands rank second to none in the world in beauty and general interest of picturesque native life. To be sure, they are handicapped at the present time by the want of a direct and regular line of steamers to America, the country that furnishes the majority of moneyed tourists, but with the present Congress of America, there is reason to hope it will pass the shipping subsidy bill, whereby the Oceanic line of steamers, running from San Francisco to Australia via Samoa, will be restored.

There are hundreds of plans for attracting the attention of desirable people as settlers or as sojourners, but no intelligence department of any experience tries to employ them all at once. Hawaii's committee is working consistently and within the amount of funds available, on a number of general systems. These include: (a) Distribution of folders and printed matter; (b) correspondence with similar bodies and with travel agents; (c) information bureaus in Honolulu and Los Angeles; (d) a news service designed

to furnish matter on Hawaii to mainland publications.

In the way of printed matter, the committee is covering a very large field in a careful and judicious manner at a minimum of cost. During the past year, 267,000 separate pieces of descriptive matter were sent out to all parts of the world, or an average of upwards of 700 pieces daily. At the present time the publications are handled by practically every excursion bureau, railway and steamship agency throughout the United States and Canada, as well as by many hotels. In this connection the Pacific Coast and the Pacific Northwest have received especial attention.

Throughout the Orient, in Java, Australia, New Zealand and Ceylon, the most pleasant relations exist with the official tourist and intelligence departments. This is especially true in Japan, where the Japanese Welcome Society has for a number of years been working in most cordial and effective co-operation with Hawaii's bureau. For both Australia and New Zealand, Hawaii rendered important service in distributing among the men of the Atlantic fleet large quantities of matter just before they sailed, and, in return, is getting every possible assistance from the bureaus of the southern lands in its own work.

The work of preparing promotion literature is something that has been years of careful work by the committee, and the matter in this line published today will compare favorably with that of any other country or section of country in the world.

The committee consistently tries to avoid intruding in any way on the field of private enterprise, believing that wherever possible it is its province to encourage such enterprise.

For this reason partially the plan of very elaborate "souvenir" booklets and historical "or descriptive books, is not now followed by the committee, the call for this class of matter being amply supplied by local dealers at reasonable rates. Instead, the aim of the committee is to furnish data on the islands of every description that could be of use to the tourist or prospective resident, in clear, concise form, and in such manner that the seeker for information may find it without undue difficulty.

It was formerly estimated when the Oceanic steamers touched at Apia, each ship was worth \$1,000 to the ton. A resumption of the service would bring as much and probably more. It is therefore advisable for the Verkehrverein to put themselves in touch with the Hawaii Committee, as Australia and New Zealand have done. Acting in unity with these societies and using the same methods of advertising as far as their means will allow, much can be gained towards attracting the settler and tourist to Samoa.

MASON MITCHELL,
Respectfully submitted,
(Signed) H. P. WOOD,
Secretary.

STORE BURNED IN HOLEALOA

News Jottings From
Circuit Court At
Kailua

(Special to the Bulletin.)

KAILUA, Hawaii, May 27.—The Holealoe, North Kona, store of T. Shibayama, one of the chain of supply places run by that man in West Hawaii, was burned to the ground last Tuesday night. At present no cause has been found for the blaze. The insurance people are investigating and will probably contest payment of the claim, as giant powder and caps were in the building. The explosions were heard at Kailua—three miles away.

Circuit Court of the Third Circuit has extended its term for the trial of lengthy civil cases brought against the Hutchinson plantation, one action having taken up a couple of weeks' time and the ordinary term being of insufficient length.

W. Wolters and Wm. Mann were indicted on April 29th by the Grand Jury in connection with testimony given by them to the court. Judge Stanley has been retained to defend at the Kona court.

Stenographer Coombs has been reprimanded by Judge Matthewman on account of his failure to properly take down testimony in the latter's court.

IMMIGRATION BOARD INSTRUCTS CAMPBELL

The Board of Immigration met yesterday afternoon in the board's offices in the Stangenwald Building to hold a final conference with Immigration Agent A. J. Campbell, prior to his departure on the China. Matters were informally talked over and various members of the board expressed their opinions. Campbell was given a free hand regarding the employment of such assistants as he may find necessary from time to time. His first visit will be to the Azores.

Pursuant to a resolution passed at a recent meeting, a large advertisement has been inserted in newspapers of the Territory, calling upon agriculturalists to notify the Board of Immigration at once regarding the number of immigrants that they can make use of and the inducements that they are prepared to offer.

MRS. HASSINGER DEAD

Mrs. J. A. Hassinger, mother of Mrs. C. J. Falk, died very suddenly yesterday afternoon at the von Holt cottage in Waikiki, where she was visiting her daughter. Heart disease was the cause of Mrs. Hassinger's sudden end.

Mrs. Hassinger had resided here for many years and was very well known. When but a little girl she came here from Tahiti, her birthplace, and made her home here thereafter. She leaves two daughters, Mrs. Falk and Mrs. J. J. Sullivan, and a sister, Mrs. C. G. Ross. Mrs. Hassinger was 65 years old.

Funeral services will be held this afternoon at 3 o'clock from the von Holt cottage.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Font, 1828 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

MEMORIAL DAY

The parade for Memorial Day will form on Miller, between Hotel and Beretania streets, five mounted police in advance to prepare the way for the parade. The Marshal, the United States Marines, Hawaiian Band, National Guard of Hawaii, Kamehameha Cadets, Governor and Staff, G. A. R., Spanish War Veterans, the public. The parade right will rest on Beretania. The march will start promptly at 9 o'clock.

The line of parade will be: Emma to Beretania to Alakea—to King—to Fort—to School—to Nuanu—to cemetery. Return: Nuanu to School to Vineyard to Emma, and there pass in review, right resting on Emma and Hotel streets.

THE ART THEATRE.

The beautifully colored films that the Art Theatre has been running have been a great drawing card. "The Rose and the Rose," which goes on tonight is a photographic reproduction of a fantastic opera. "In Shenandoah Valley" is continued by request.

THE PARK THEATRE.

The reception of the American fleet at Sydney is the latest at the Park Theatre, and is very interesting. The Malay orchestra and the singing of the Melotte sisters adds to the enjoyment of the entertainment.

BANKS TO CLOSE.

The banks of the city will observe Memorial Day by closing on Monday the 31st.

JACK LONDON'S

Own account of the abandonment of the voyage of the Snark as told in a letter to Dr. E. S. Goodhue will appear in SATURDAY'S BULLETIN.

The committee appointed by the Board of Directors of the Board of Trade to look into the new Hilo hotel matter has received a reply to its letter to Irwin & Co., inquiring as to the terms on which the old hotel could be secured. The letter states that the matter has been covered in a communication sent to Spreckels Brothers in San Francisco, the owners of the property, and that an out-and-out sale of the property has been recommended.—Hilo Tribune.

FRIDAY MAY 28, 1909

It is just as easy to form a good habit as it is a bad one. And it is just as hard to break a good habit as a bad one. So get the good ones and keep them.—William McKinley.

Run in the Thug. Run out the Agitators.

Perseus is fighting for self-government. Therefore its cause is just.

Honolulu continues to grow. There is no stopping it, whatever the Agitators and Thugs of one section of our community may do.

Kaloua stands pat when it comes to a question of whether they may shut out the plantation. That's business. But they should be set back.

Now the White House has no objection to a change of mind. The Senate is to do the talking. The House is to do the listening.

Agitators and Thugs will find that all Hawaii backs up the response of the Planters' Association. When common decency in industrial life is attacked the issue cannot be met too promptly.

Things are in jail. When full justice is done, the Agitators who instigated the whole campaign of intimidation will be sent to the same place to keep their agents from becoming lawless.

San Francisco's graft prosecution is now bringing out how many times a detective can be bought and sold. The head detective of Calhoun's force is selling the story for the benefit of the prosecution. Great business, this life of the detective.

When the complacent realize that the rotating fire of charges of the school house smokes and improve morals, the scolding of the Superintendents will draw larger audiences, and the people will see to it that the public school accounts are properly cared for.

It is safe to predict that the Republican congress will not adopt the income tax amendment of Senator Bailey, a Democrat. If the income tax scheme is to go through it will have a Republican tag on it, though the tag may be about the same as Bailey's.

Reports from Chicago are that Honolulu's bigamist, Baker, is all he is charged with being. Evidently he had heard of Honolulu as a place to be worked as a good thing. He should be treated in a manner that will prevent those following after from deceiving themselves.

The more prolonged the strike the more thoroughly will the Agitator and the Thug be eliminated from the Japanese labor circles of the Territory. The final result will be that the highest type of manhood and womanhood will remain and become a part of the respected permanent population of the Territory.

Honolulu has been so busy with the strike that it hardly had time to notice that the Governor appointed to the Minor Commission Alfred Castle, who holds no other position under the Territorial government. Even this slight departure from the algebrical policy of one man for forty-four positions should not fail of commendation.

Commission government in mainland cities is always accompanied by the right of popular recall. The people are always free to retire offenders who are not meeting popular demands. This feature is far removed from the desires and ideas of the Honolulu reactionaries that have harked so long on government by commission, on the Washington, D. C., plan.

Now is the opportunity for the Japanese merchants of Honolulu to demonstrate their power as conservative leaders and honest advisers of the Japanese laborers. The Agitators have deceived the laborers, and they stand to lose everything by

counting away from their work. The merchants should step in and skin the belly of the present course, which makes impossible any consideration of the wage question.

Three men have been offered the privilege of representing our country at Peking. Either there are three conscientious men who recognize their shortcomings, or the Peking post offers a great amount of most serious diplomatic work. Those after honors only, shy.

THE PLANTERS' REPLY.

Agitators and Thugs have their answer from the Planters' Association—an expression of striking employees.

This is short, to the point, easily understood and has the right ring. In common decency there could be no other response and for all time there will be no other prospect in this community for the Agitator whose weapons are Misrepresentation and Intimidation and whose agent is the Thug.

The strikers who have been misled now have an opportunity to look about them and realize the position in which they have been placed by the Thug leaders who are primarily traitors.

These workmen having left good positions and the prospect of good income from growing crops are out and injured. They are subject to the charity of the Japanese merchant who in his turn has been intimidated by the Agitators. But the merchant can stand the pressure for a shorter period than the laborer. His income depends on the Japanese workman. When that is cut off, he must go out of business as the supply house cannot afford to advance goods on credit when the laborers have no money to pay and having left the plantations, stand to lose all they have invested in growing crops.

Consequently the most misguided strike is thrown back on the Agitator who recruited him that the whole strike would be over and won by the end of a week.

It will not be surprising if the Agitators and the Thugs are seen appealing for assistance to the forces of law and order which they have so outwitted and assaulted in word and deed. It would not be an unusual exhibition of human nature if the strikers who have treated the advice of the Agitators so implicitly should turn on them and demand redress for the deception that has been practiced. And what can the Agitator say?

THE SUGAR TARIFF.

The vote of the United States Senate to support the sugar tariff as passed by the House of Representatives means much to these islands and all producers of sugar throughout the country.

There has been a feeling of confidence from the first that the sugar tariff would be upheld, but with the forces of revision so active and the Sugar Trust having been caught in such outrageous violations of the law, it was impossible to forecast the future with absolute surety.

Since the Senate has approved the schedule as passed by the House, sugar is taken out of the list of congressional trading issues. The majority by which it passed is so large that little or no prospect of a reversal in the Senate, and this removes it from the matters to be passed upon in the final conference committee that will adjust the differences between the two Houses.

It is entirely safe for the American producers of sugar to base their plans for the future on the retention of this tariff for ten years at the least. The country is opposed to tariff agitation, and though the bill as finally passed be ever so unsatisfactory, it must quiet the tariff agitators for a considerable period.

The only cloud in the sky that the American sugar man can manufacture is the annexation of Cuba. This is a possibility that depends on international events, and if annexation should be forced it is not a foregone conclusion that Cuba's sugar would be given free entry any

Own a Chicken Ranch

A stream of running water through place, which is used for irrigation. Price \$3,250.

Trent Trust Co., Ltd.

more than free trade is granted the Philippines.

So far as the tariff is concerned, all signs and facts point to increased stability for the American sugar producer, who is free to expand his enterprises so that home production shall more nearly supply the home market.

This simplifies Hawaii's problems down to the labor question. Continued agitation will cause losses in all quarters. But as common sense eventually prevails, the people of the islands have reason to expect that by the time the new tariff law is in effect the labor agitators who are now in the foreground will be retired to their proper position and labor and capital will be sharing in the general prosperity that accompanies co-operation and mutual consideration.

Fred Miller forfeited his ball this morning in preference to appearing before Judge Andrade. Fred is said to have put up a remarkable effort to set a new mark in the local horse competition, and only failed through the police interfering while P. M. was still going strong; the next attempt will be made in private, and no doubt the old figures will be beaten; the present champion is on the reel.

JACK LONDON'S Own account of the abandonment of the voyage of the *Snark* as told in a letter to Dr. E. S. Goodhue will appear in SATURDAY'S BULLETIN.

EHLERS

Do Not Delay A Day

WE are making home furnishing in Hawaii easy. By our system of "Pay-A-Little-At-A-Time" of furnishing homes you are allowed to make your residence a real home at a comparatively small initial outlay, and with small payments regularly afterwards you will not meet with hardships in paying for as well-furnished a place as your neighbors. We sell the every-day piece of furniture—the absolute need of every man's home—or the goods counted as luxuries, all on the same EASY PAYMENT system. We would like to tell you of it. You can buy a rocker for \$4.00 on this plan or as much as you wish—we want the trade, no matter how small the purchase. A liberal discount made for cash purchases. Ask us about it.

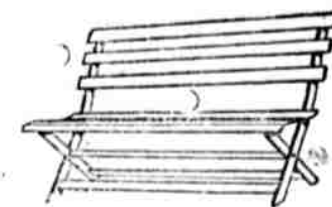

J. HOPP & CO.

Oldest and Largest Furniture House in the Islands

We carry a complete stock of everything you can use in a house.
Below are a few of our offerings at present. ALL NEW GOODS JUST RECEIVED.

Complete line of baby carriages, with hoods and parasols, and a good variety of go-carts.

Lawn benches, each three feet long, and made of well-seasoned mahoe—prices, while they last, \$1.50 each.

Similar to above
Large well-made porch rocker, of fine design, and exceptionally good value, \$4.50.

Lanai Goods

CHIFFONIERS from \$10.00 each up.

DRESSERS or Bureaus from \$12.00 up.

LOUNGES—While they last we will sell a shipment of upholstered lounges, just the thing for the small cottage, at \$7.50 and \$10.00 each.

LAWN SWINGS—Large enough to accommodate four persons, painted red or green. Needed to keep the youngsters home during the school vacation period.

We welcome a comparison of prices—ours is always lowest when compared with other goods of same quality.

CHINA CABINETS—In fumed, golden, or weathered oak. All sizes. Some exceptionally large cabinets just received at moderately low prices.

BUFFETS AND SIDEBORDS in all colors of oak and all sizes and styles.

We have three full floors of samples. Wander in and look them over. The quantity, number of patterns, style, and value are all that can be wished. The Summer season is usually the time when people fix up their homes. Make your plans early. A little money spent today and a little at even periods later will make your home so attractive that it's more than worth while.

J. HOPP & CO.,

Prompt deliveries made from our big King street store by automobile.

Framed Pictures

We have many new framed pictures of popular subjects, frame and picture in some cases selling as low as 25c. All excellently framed in the dull colors and brown, fumed, Early English and weathered oak finishes.

If you are having trouble collecting rents; or are in doubt as to the safety of some of your securities, we can help you.

We know we can save you time and anxiety and we believe we can save money for you. Consultation is free.

Divorces Kellogg

Mrs. Alice S. Kellogg was today granted a divorce by Judge Whitney from her husband, L. G. Kellogg, the pineapple man. The grounds of the libel were extreme cruelty.

Chief Leal was presented with a gold police star this morning by the rest of the detective staff. The badge, which is of 22 carat gold, is the same size as the ordinary ones, and bears an inscription saying that it was presented by his fellow officers.

Kwong Chong was arrested this afternoon on the complaint of Gus Cordes, who states that the Chinese assaulted the Cordes children.

Three ships of the American-Hawaiian Steamship Company are now on their way around Cape Horn. The first of the vessels to arrive here will be the Massachusetts, which will reach here about the middle of June. She has on board a heavy cargo of coal for the Navy Yard at Bremerton, At Puget Sound she will take on a general cargo of freight for these islands. On her departure from here she will have on board 12,000 tons of sugar.

Following the Massachusetts, will come the Alaskan, due here about August 1. This is the second trip of the Alaskan around Cape Horn. She sailed from New York about a month ago.

The Arizona, which is just starting on her long voyage from New York, probably will not touch here. She was scheduled to come, but delay in leaving the Atlantic seaboard has made it necessary to rearrange her sailing dates.

The next sailings of American-Hawaiian ships from the Pacific Coast for this port will be: From Puget Sound to Honolulu, direct, S. S. Mexican, on June 10; San Francisco to Honolulu, direct, S. S. Peleides on June 2.

WATERHOUSE FINDS. (Continued from Page 1)

portable tracks are not used there, and ox carts are utilized in transporting the cane from the fields. This is partly owing to the fact that broad-gauge railroads run to the different plantations, and to load cane in cars in the field, which of necessity would mean cars of narrow gauge, would necessitate reloading at the point of shipment.

Sisal plantations are expanding rapidly, says Mr. Waterhouse. On the other hand, practically none of the sisal is being shipped from the island, the 2,000,000 inhabitants making use of all that is produced.

Mr. Waterhouse says that the pineapple industry seems to be flourishing, though all of the fruit is shipped from the country in its natural state, there being no canning done.

In Mexico, says Mr. Waterhouse, land speculators are doing a thriving business. They purchase pieces of land, organize excursions from the States, and unload their property in small holdings on the American farmer, but a large number pay a few installments, get disgusted, and go home, after paying a few installments. As the first installment covers the original cost of the land, the speculator reaps a rich harvest by unloading the forfeited property on some one else.

In many cases American farmers are paying, for land remote from any means of communication, as high or higher prices than the natives pay for land right on the railroads, according to Mr. Waterhouse.

In one instance Mr. Waterhouse found a flourishing city—on paper. There was nothing other than plots and town lot stakes to show that a city existed, but corner lots, 50 by 150 feet, were selling at \$300 (Mexican) each. Inside lots sold at \$200 (Mexican).

Mr. Waterhouse made a thorough tour of Mexico, then crossing over into Cuban territory and entering the United States via the Florida, East Coast Railroad, Flagler's great viaduct system. His trip was largely made to inspect rubber conditions in Mexico, local capitalists having considerable money invested there. He says that that part of his journey had to do with private affairs, and that his report must go to those in whose interest he made the trip.

The Board of Trade has received from Secretary O'Brien of the newly founded Kohala Civic League a letter, the text of which is as follows: "At a meeting held this day of the representative men of Kohala, County of Hawaii, in which organization was perfected, I was instructed to communicate to you of the existence of this association, whose purpose is the betterment of this district and of conditions generally throughout the Territory, working in connection with your esteemed organization for the common welfare of the territory. You will kindly place this organization on the list of your correspondents."—Hilo Tribune.

J. M. Silva of Elele, bought an automobile runabout, a Maxwell, last week, and is making fast time on his trips around the island now. His first long ride was last Monday, when he and Mrs. Silva motored over to his branch store at Kalihiwai and had a successful run of it, returning to Elele on Tuesday. Mr. Silva is making good progress as a scientific chauffeur.—Garden Island.

JACK LONDON'S Own account of the abandonment of the voyage of the Snark as told in a letter to Dr. E. S. Goodhue will appear in SATURDAY'S BULLETIN.

WHO GOT COUNTY'S SIX DUMP CARTS? AMERICAN-HAWAIIAN HAS THREE ON WAY

Dark Mystery Surrounds Disappearance Of Dirt Wagons

LOST—Six dump carts. If finder will return to the City Fathers he will receive their sincere thanks and no questions asked.

The above is a free add for the benefit of the County. No bill will be preferred.

The County is shy six dump carts and is anxious to find out who got away with them. Under a new law passed by the last Legislature it is necessary for each county to take an inventory of stock and find out what it has on hand. Some time ago a lot of property, including a few dump carts and other apparatus for road work, was turned over to the County by the Territory. When the work of taking stock began a short time ago, it was learned that six dump carts had disappeared. No trace of them has been found, and nobody has any definite idea what has become of them. Road Supervisor Wilson is inclined to believe that they have been worn out and discarded, but no record thereof appears, and the disappearance of the dump carts remains a dark mystery.

So far nobody has made away with a steam roller, but there is danger that some dark night one of them may disappear, and as a precaution it is proposed that the steam roller be locked up in the safe each night or that Private Secretary Rhodes stand guard over them and insure their being on hand in the morning.

MAUI WANTS SLICE OF PUBLIC FUNDS

THEY HAVE COME

ANOTHER SHIPMENT OF

READING-STANDARD

The motorcycle that is noted for its Simplicity, Durability, Strength, Power and Speed.

The economy of the motor bicycle appeals to all. Its cost of maintenance and operation is so insignificant as to make motorcycling the most economical form of transportation known today. When you stop to consider the vast amount of recreation and pleasure obtained at such low operating cost, it is not surprising that motorcycling is steadily gaining in public favor. And when you bring to these conditions a machine that is perfect in construction, and dependable under the most severe service conditions, there can be little cause for wonder that the "R-S" Motor Bicycle has gained such a strong hold on public favor.

BUSINESS ASSET

GAS

Gas Is Demanded for Economy

GAS has supplanted wood and coal in the kitchen. The thrifty housewife and all well-regulated hotels use Gas for cooking.

WHY? Because it is Cheap, Quick, Clean, ready for instantaneous use day or night.

The Fire Insurance Companies make a reduction of 25 per cent when Gas only is used for cooking. WHY?

BECAUSE IT IS ABSOLUTELY SAFE.

Contrast your overheated kitchen with its coal hods, ash pans, wood boxes and other dirt producers with the modern Gas Kitchen.

WHAT IT COSTS TO COOK A BREAKFAST WITH GAS.

2 Eggs, boiled 3 minutes	Cost
1 Pot Coffee, boiled 10 minutes	1-3c
3 Slices Toast, 3 minutes	2-3c

Rowing

All Yachts Will Start From Scratch

The four yachts that are going to take part in the race to Kahului will all sail from scratch, and there will be no handicap in connection with the event. Commodore Wilder is anxious to try the Hawaii against all the other boats on even terms, and he wants to see how the yacht will stack up against the larger craft.

It is expected that the yachts will make the journey across to Kahului in about twenty-six hours, and it is planned to start the race so that the boats will arrive off Kahului on Friday, June 11. To manage this would mean that the yachts would have to leave Honolulu on Thursday morning, which is impossible for quite a number of the crews.

The regatta committee will hold a meeting this afternoon at 5 o'clock, and the matter of the time of starting the race will come up for consideration. All those who are interested in the matter are invited to attend the meeting, and any suggestions will be welcome. The Concord arrived in port yesterday morning, and Captain Low will have the cargo taken out of her as quickly as possible and will get her into shape for the race.

Members of the yacht club who wish to go on the cruise are requested to make early application. There will be room for quite a number on board the Hawaii, and no doubt the Concord, Luka and Ka Mo'i will be crowded, as several private parties have been arranged.

BOCKUS-CASTLE CUP FINAL THIS AFTERNOON.

The final match of the Bockus-Castle cup tournament will be played this afternoon on the Beretania courts. Cunha-Bockus will play Lowrey-Gee, and a very fine exhibition of tennis is expected by everybody who knows how the four men play.

The tournament has attracted a lot of attention and no doubt there will be a good number of spectators present this afternoon to watch the expert racket wielders at work. Gee

May 31: Open Bogey.
Marathon
June 11: Y. M. C. A.

and Lowrey give their opponents 15 in every fourth game, and they will have to play up a lot to overcome that handicap.

Cunha is deadly on the net, and all his smashes are winning strokes every time. He and his partner should go very close to winning, but, all the same, Gee and Lowrey are a very strong pair and are playing in tip-top form just now.

The match will be for the best three out of five sets, and in all probability the whole five sets will have to be played before the winning stroke is made. All tennis lovers are invited to drop into the courts this afternoon and watch the match, which certainly will be one of the best played in Honolulu for many a long day.

The Oahu Baseball League Juniors will hold a meeting tonight at 7 o'clock in the office of the Real Estate Exchange. Some important matters are to be considered, and it is requested that all members attend.

JACK LONDON'S
Own account of the abandonment of the voyage of the *Snark* as told in a letter to Dr. E. S. Coochue will appear in SATURDAY'S BULLETIN.

The Industrial Edition of the Evening Bulletin, wrapped ready for mailing, 50 cents at Bulletin office.

Guards and Fort Shafter Meet Sunday

The Shatters and Guards will try conclusions on the diamond on Sunday, and although the Forts have gone down in defeat so very often, they are sticking to their guns like the good bunch of sports that they are. Everyone would like to see the Shatters win a game before the series is over, but as their last match is against the unbeaten guards the hope is not likely to be realized.

Still the Shatters have shown themselves to be sports, and the whole team has pleased everybody by the way they have come up smiling every time after defeat. Boloun will, as usual, pitch for the Shatters, and if Bateman is able to play as catcher, the Shafter team will be stronger than last week.

The Guards will probably pitch Bushnell right through, and will not make use of Burns. Barry's bunch will no doubt play at their top rate, although they cannot possibly lose the championship—even if defeated by the Shatters they will retain the laurels—because to lose even only one game in the series would tarnish the luster of their many victories.

Lieutenant Chilton of Fort Shafter has invited the members of the visiting team to lunch at the Fort. A number of the Guards will be out at the Fort during the morning engaged in a shooting match, and as it would mean a journey to town and back in order to get lunch the Lieutenant very kindly made arrangements to dine the Guards at the Fort.

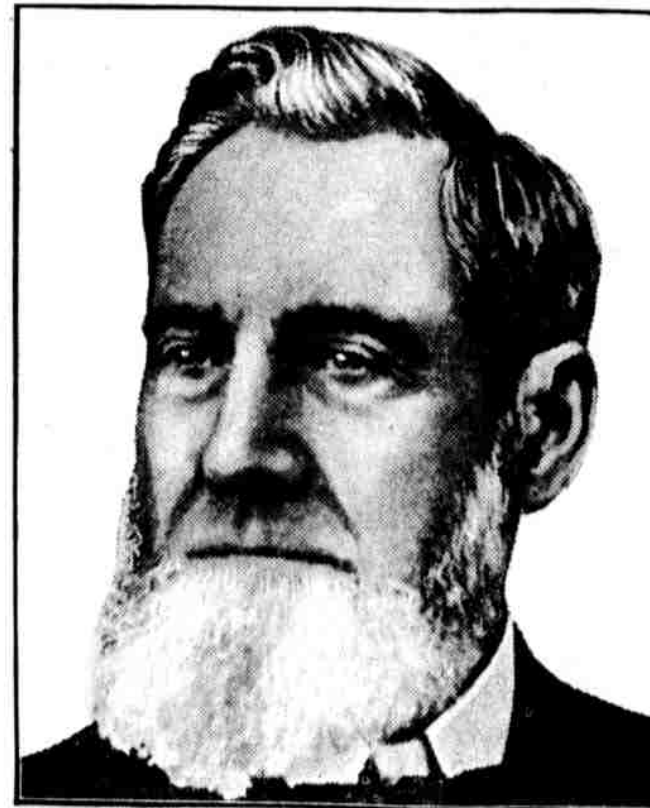

Sergeant Barry has issued the following order: "The following members of the N. G. H. baseball nine will play the last game of the present Military League series on Sunday at 2 p. m. on the Fort Shafter diamond: Louie Soares, Henry Bushnell, Lieutenant Marcellino, Lieutenant Sumner, Sam Kala, Henry Kaai, Dudley Lemon, Abraham Lota, Paul Burns, Manuel Moses, Alex May and Sam Chillingworth. Dinner at Fort Shafter at 12:30. E. S. Barry, Manager."

Additional Sports on Page 7

Mr. SWAHN

Formerly cutter for H. P. Roth, is now in charge of L. B. KERR & CO.'S TAILORING DEPARTMENT.

Prominent Churchman and Mason Extols Great Body Builder.

Mr. E. D. Foster, of Elkhart, an active Methodist 40 years, prominent in Temperance and Masonic Circles in Indiana, who is 83 years old, expresses his convictions on the world's greatest tonic and stimulant.

Recently Mr. Foster wrote: "I have felt for some time that I ought to let you know what your medicine has done for me. I have been using Duffy's Pure Malt Whiskey for a year. My son from New York City was visiting me and gave me a bottle of your medicine. It commenced to restore my strength at once. I use it every day now."

"I can do a good day's work in the blacksmith shop at the age of 83 years, and I attribute this to three table-spoonfuls of Duffy's Pure Malt Whiskey a day. I have taken no other medicine. Duffy's Pure Malt Whiskey is a wonderful builder for an old man."

"I have been a member of the Methodist Church for over 40 years and believe in the temperate use of all good things."

Men and women in all walks of life testify to the great good derived from the world's great medicine.

Every testimonial is guaranteed genuine and is published in good faith with full consent.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system; is a promoter of health and longevity; makes the old young and keeps the young strong.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only aboriginal medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Consulting Physician, Duffy Malt Whiskey Co., Rochester, N. Y., U. S. A., for free illustrated medical booklet and free advice.
