

# GERMAN WARSHIPS LOSE SEA-FIGHT

## Sheriff Rose Calls Out Police Department to Carry His Election

### POLICE ORDERED TO SEE THAT CHIEF IS WINNER

Whole Fleet of Automobiles Used, While Traffic Officers Are Taken Off Streets and Patrolmen Drafted Into Service to Beat Hopkins

Sheriff Rose today drafted into service to win his election virtually the entire police force of the city and county.

Every traffic officer was taken from the streets and only one patrolman left on beat, so far as could be learned by observation around the city and by inquiry at the police station.

The traffic men, patrolmen, some of the desk men, members of the detective squad and a crowd of police station habitués were called on to see that Rose is reelected and they went out in the precincts assigned to try to "deliver" the goods.

Old-timers in the political game in Honolulu said this morning that no such use of the police department has ever before been made since local government was established.

It is no new thing for many of the police to be taken off duty on election day and sent out to "do politics" for the sheriff running for reelection, or for some other man. But veterans in campaigns declare that in no previous city or county election has the sheriff ever drafted into service the entire force as, it is asserted, Rose has done today.

In the eleventh precinct of the fifth district, it was reported at noon, no less than eight members of the force, including Peter Rose, the tall, good-natured traffic "cop" at Merchant and King streets, were busy working for Rose, and they admitted they did it under orders.

Though Honolulu's downtown corners were unusually busy this morning, with steamers coming into port and thousands of autos in rapid motion, the usual safeguards of the traffic men were gone. As a result, there were repeated instances of autos almost colliding and a great deal of trouble as well as danger for all kinds of traffic, vehicle and pedestrian.

Only one lonely and forlorn "cop" walked his regular beat this morning—and the best of many others, too—trying to cover up the disappearance of his brothers. He went as many places as possible, but try as he might he could not look like the whole police department.

Not only is the regular shift on duty but every officer is "on the job"—on Charlie Rose's job.

Every traffic officer, every mounted patrolman, every "bull" of any description, except the one above enumerated and two bicycle policemen and a driver at the police station, has been sent to the polls.

"What are they doing?" one policeman was asked this morning. "Keeping order," he replied with a broad grin. "There's lots of trouble today."

### CHANGE IN COASTWISE SHIP LAW NOT EXPECTED TO WORK RADICAL EFFECT ON HONOLULU SEA TRADE

While Proposed Suspension Would Open Way for Transpacific Lines to Carry Passengers and Freight to Islands, They Will Hardly Do So in View of Present Crush of Business

Prospective suspension of the coastwise shipping laws for the duration of the war, to permit vessels of foreign steamship firms to engage in coastwise trade, will not affect American steamers plying between San Francisco and Honolulu, local shipping men believe.

Last night's Associated Press despatches carried the news that Washington is considering suspension of the coastwise shipping laws during the war, to allow foreign shipping to

Representatives of Honolulu steamship agencies said this morning that as the foreign lines, nearly all Japanese, have all the business they can handle carrying cargo from San Francisco to the Orient, and vice versa, they cannot afford to drop this business and compete with American lines, whose rates are comparatively lower in every instance.

"I do not think the suspension of the coastwise shipping laws would have any effect whatever on the Matson line's business," said E. D. Tenney, president and general manager of Castle & Cooke, the local Matson Navigation Company agency, today. "In the first place, the Matson line has sugar carrying contracts which must be fulfilled and which will not expire for some time. In the second place, the Japanese lines already have all the through freight they can handle, and at any price they see fit to ask. Third, the Matson line's rates, \$4.25 a ton from San Francisco to Honolulu, are lower in proportion than those of any foreign line. The Japanese lines are getting many times that right now, from \$20 to \$30 a ton from Hong Kong and Yokohama here, and are turning business away. It certainly would not be good business policy for them to drop through freights to compete with us."

One American line which would be

### BIG VOTE IS CAST AT QUIET ELECTION

Republicans Confident Mayor Lane is Reelected and Expect Majority of Board

Good weather early in the morning, even if a bit showery, and a lively interest by the people in the general election, with hot fighting in spots, is bringing to the polls at the close of the city campaign today a large vote. Predictions were made early this morning that at least 75 and probably 80 to 85 per cent of the city registration would be cast. As the day progressed it was expected that the advance predictions would be upheld.

As usual in Honolulu elections in late years, the day was quiet around the polls. There was virtually no disorder, and only a few cases of drunkenness were reported.

From the start, the fight for sheriff was the feature of the day, with Rose calling on the police department to get out and use every possible bit of influence to elect him. It was reported that in the country precincts the deputy sheriffs were also working hard for the sheriff.

Rose has probably the largest personal organization in the election today. It is estimated that not less than 50 autos are used by his workers, and there were 34 ready to start out at 8 this morning.

In the fifth district, it is said, some who call themselves Republicans are working openly for Rose. "Willie" Crawford and a large group of his political and social associates are said to be among these. It was said that

(Continued on page two)

### HSU SHIH-CHANG IS PROCLAIMED HEAD OF CHINA

Former Premier Named President, Says Cable to Honolulu; Tientsin New Capital

(Special Cable to Nippon Jiji) TOKIO, Japan, June 5.—Hsu Shih-chang has been named as the new president of China. Following the announcement that Li Yuan Hung had resigned, the provisional government forces appointed a new provisional president and moved the capital from Peking to Tientsin.

Hsu Shih-chang was formerly premier of China under the regime of the late Yuan Shih-kai. He is considered to be in accord with the principles of Tuan Chi Juli, who resigned as premier of China at the time of the vote on the war measure.

Local Chinese in discussing the situation say that they expect the revolution to be short-lived as the people of China are not back of this movement. No word has yet been received by the Chinese newspapers as to the resignation of Li or the appointment of Hsu Shih-chang.

### VOTING BOOTHS ARE TO REMAIN FOR WAR DRAFT

Polling booths about the city and throughout the territory are to be left standing by order of the governor, for the war draft registration.

Governor Pinkham stated today that he had issued such orders in view of the tentative plans for the registration in Hawaii.

As the plans are only tentative, the governor does not discuss them, saying they will not be authoritative until such time as the President issues his proclamation covering Hawaii and other territories which were not included under the draft orders effective today throughout the states.

### REPUBLICANS IN TWO DISTRICTS LOSE CONTESTS

At two precincts in the fifth district this morning the Republican party went down to defeat.

In the ninth precinct Henry James, chairman of the inspectors is away and for the primary election E. J. McCandless, Democrat, was chosen by the governor as chairman. This morning Inspector Henry James, Republican, tried to get the chairmanship by declaring that McCandless was appointed only for the primary but the county clerk refused to uphold his claim.

The trouble at the Fourteenth precinct was an overabundance of inspectors. Daniel McGregor, Republican, was asked to resign as inspector last week because he is a territorial official, being inspector for the board of health, and John Baker was appointed in his place, with the result that all inspectors now are Democrats. This morning McGregor attempted to take up the duties of an inspector. A heated argument arose which lasted until the arrival of the county clerk who decided against McGregor.

### SYDNEY DIVINE STOPS OFF HERE

En route to Rome from Sydney, Australia, where he has been papal delegate to the commonwealth for the last two years, Archbishop Cerretti of the Roman Catholic church is in Honolulu today.

His Grace declined to talk for publication. It is said that he is going to Rome to take charge of the department of Latin letters, succeeding the previous head of the department, who was transferred to Vienna.

Archbishop Cerretti is a close personal friend of Chaplain Ignatius Fealy of Schofield barracks. Father Fealy was an altar boy in Washington, D. C., when the archbishop was secretary to the papal delegate in the national capital.

The eminent Catholic divine was met at the wharf by a number of Catholic priests of this city, including Father Maximin, Father Ulrich and Father Valentini.

### Children Capture Cruisers

Rear-Admiral Iwamura, Commandant of Japanese naval training squadron now in Honolulu port

Today was school children's day aboard the visiting cruisers of the Japanese naval training squadron. More than a thousand boys and girls, born of Nipponese parents in Honolulu, boarded the war vessels, accompanied by their teachers.

### INTER-ISLAND SHUTS OFF BUNKER COAL OWING TO LACK OF BOTTOMS

Company Will Hold Tight For Its Own Vessels Pending Future Outlook

The Inter-Island is and has for six weeks been refusing to supply bunker coal to certain steamers, and is refusing to book any more for bunkers until such a time as it can make sure whether it will be able to get more coal. It has warned vessels to divert their routes and not call here for bunkers until further notice.

Unless the situation improves the company will not sell a ton of coal to boats calling here, and will hold its present supply for the use of its own steamers and island plantations.

It is not the lack of coal, but the lack of bottoms in which to bring it to Honolulu, that has created the present shortage in the company's coal department. The average coal freight last year at this time was \$10 a ton; now it is \$20 and no vessels can be secured even at this figure.

These are a few facts given out today by President James A. Kennedy of the Inter-Island, following his testimony last night before the public utilities commission, at the continuance of the commission's general investigation of the steamship company. An adjournment was taken to Friday evening by the commission.

For the last six weeks we have been warning owners of certain steamers that we could not book them for bunkers any longer," said Kennedy, this morning. "We have had to send cables to London telling them that we cannot get bottoms to bring coal to Honolulu, and consequently will have to refuse to book them ahead until such a time as we can see whether we can get more coal."

Kennedy says the vessels booked before the present shortage will be here within a month and that no new bunker bookings are being taken whatever.

### GERMAN RADIO PLOT EXPOSED

(Associated Press by U. S. Naval Communication Service) NEW YORK, N. Y., June 5.—The New York police have learned through unannounced channels that the wireless messages and systems unearthed yesterday have been arranged for German spies in the United States by the head of the German wireless system, who had disappeared and has probably gone to Mexico.

### BRITISH CHASE DESTROYERS, SINK ONE; ALLIES LAUNCHING ANOTHER OFFENSIVE ON WEST

Tremendous Smash Begun in Corner of Belgium--Italians Cut Further on Austrian Front--Russians Start Against Turks

(Associated Press by U. S. Naval Communication Service.)

LONDON, England, June 4.—Reports from Tyrwhitt say that a flotilla of British light warships has won a sea-fight from a squadron of six German destroyers. British light cruisers and destroyers sighted the six Germans and gave chase.

In the ensuing long-range battle the British sank one of the German warships and severely damaged another.

The British suffered no casualties. They took prisoner seven survivors of the S-20, the German destroyer sent to the bottom.

### New British Offensive Against Germans on West is Day's Feature

The Associated Press today confirmed yesterday's reports that the Allies are apparently launching a new and tremendous offensive on the west front. The summary of the day's events contains the following:

"Signs are developing of preparation for a great offensive movement on the British front. The bombardment which is of great proportions is heaviest at Wytschaete, in Belgium, five miles south of Ypres.

"British air attacks were made today on the German bases in Belgium, and simultaneously the British warships heavily bombarded Ostend and the naval base there, all of the attacking vessels returning uninjured.

"The French today took captured points on the Aisne front, forcing the Germans further back."

ROME, Italy, June 5.—The Italians won several marked successes on the Austrian front today, repulsing massed attacks and succeeding in their fight to take advanced positions on the Gorizia front.

PETROGRAD, Russia, June 5.—It is announced here that the Russian army campaigning against the Turks along the Persian frontier has advanced to Baneh.

### Russian Council Calls For Peace Without Annexation or Indemnity

PETROGRAD, Russia, June 5.—The Council of Soldiers and Workmen today issued a public appeal to Socialists and Laborites all over the world for the bringing about of "peace without annexation or indemnities, and on the basis of the right of nations to decide their own destinies."

Further complication of the political and army conditions of the new Russian Republic developed yesterday in the resignation as commander in chief of the Russian armies of Gen. Alexieff. The retired army head was succeeded by Gen. Brusiloff, hero of the successful campaign in Galicia a year ago, whose powerful trusts, dogged persistence and indomitable courage forced the enemy back so rapidly as to make the retirement bear a semblance at times to a rout.

Gen. Gontor, who has been commander of the western division of the army, succeeds to the position left vacant through the advancement of Brusiloff.

### FRANCE STANDS BY ALSACE-LORRAINE MONGOLIA FIGHTS U-BOAT; UNINJURED

(Associated Press by U. S. Naval Communication Service)

PARIS, France, June 5.—The chamber of deputies by a vote of 453 to 55 today passed a resolution declaring that the terms of peace must include the cession of Alsace-Lorraine to France and an indemnity for the regions of France invaded by the enemy.

### MONSARRAT CONFIRMED AS SECOND LIEUTENANT

Marcus Monsarrat, son of Dr. and Mrs. W. T. Monsarrat of this city and formerly a student in McKinley High School, today received word from Delegate Kubio that his appointment as a second lieutenant in the army has been confirmed by the senate.

Monsarrat took the examination prior to returning to Honolulu and only recently received word that he had passed. He has applied for an assignment to the 4th Cavalry, now stationed in Hawaii. Last October and November were spent by Monsarrat on the Mexican border, he having gone there as a second lieutenant in the 69th New York, a National Guard unit known as the "Fighting Irish."

(Associated Press by U. S. Naval Communication Service)

LONDON, Eng., June 5.—The American steamer Mongolia, it was learned here today, fired four shots, on June 1, at a German U-boat, which discharged a torpedo at the big liner. Neither the Mongolia nor the U-boat was damaged in the exchange.

The Mongolia was 250 miles off the coast of Britain when the submarine appeared. The liner avoided the torpedo by skilful maneuvering. The submarine escaped unhurt after the failure of its missile to land.

The Mongolia attained fame a few weeks ago by sinking an attacking German submarine, the naval gun crew destroying the submarine at their first shot.

### U.S. SQUADRON GUARDS OCEAN

RIO JANEIRO, Brazil, June 5.—The American squadron relieving the Anglo-French patrol has arrived here. It will patrol the South Atlantic seelanes to guard against German raiders or submarines.

## VOTE COMES OUT STRONGLY AROUND PRECINCTS; MORNING HOURS BUSY

Workers Around Polling Booths Report Quiet Day: Plenty of Balloting

With few visible indications of political activity, and with very little campaigning at the polls, voting in the fourth district this morning was fairly quiet, and at noon several of the precincts reported that nearly half of the registered voters had cast their ballots.

Following are the results of the voting in the fourth district, as reported by the Republican and Democratic candidates during the campaign, political workers around the polls this morning, and the straight-ticket vote which has been reported by the precincts.

The following summary shows how the vote went this morning:

**Fourth District**

First precinct—Voting in this precinct was heavy throughout the morning and at 10:35 172 ballots had been cast.

Second precinct—In the second precinct 174 votes had been cast up to 10:25 o'clock, the voting being fast.

Third precinct—At 10:45 o'clock the vote had been cast in this precinct. This was one of the busiest precincts in the fourth district.

Fourth precinct—The heaviest voting of the morning was done in this precinct, 181 ballots having been cast up to 10:15 o'clock.

Fifth precinct—Up to 10:15 o'clock 181 votes had been received in the fifth precinct. Governor Purnham voted here at 9 o'clock.

Sixth precinct—The voting in the sixth was fairly heavy, 156 persons having marked their ballots up to 10:35 o'clock.

Seventh precinct—With a total registration of 355, the voting in the seventh was slow, only 54 votes having been cast up to 10:14 o'clock.

Eighth precinct—Fairly heavy voting prevailed at this precinct throughout the morning, 142 votes having been cast up to 10:54 o'clock.

Ninth precinct—At 11:05 o'clock the vote in the ninth was 174, which the inspectors declared was slow.

Tenth precinct—Seventy-five votes had been cast in the tenth up to 10 o'clock, the total registration being 160.

Twelfth precinct—Out of a total registration of 443 voters, 142 votes had been cast in the 12th up to 10:57 o'clock.

The eleventh, Waimanalo, is an out-town precinct.

## FERN OPTIMISTIC AS VOTERS IN FIFTH HASTEN TO BALLOT EARLY

At noon today, Joseph Fern, Democratic candidate for mayor, expressed confidence of victory. Fern was interviewed by the Star-Bulletin at the famous "fighting ninth" of the fifth district. He was raily decorated with leis from the hands of admirers.

"I will poll 400 votes in the ninth of the fifth, 275 in the 10th of the fifth, 375 in the 11th of the fifth and 400 in the sixth of the fourth," said Fern.

Voting was heavy in the early part of the day throughout the entire fifth, Aala park, which is proverbially slow in voting, having almost 50 per cent of its registered voters in by noon. Voting by precincts was as follows:

**FIFTH DISTRICT.**

Ninth Precinct—At noon today 287 votes out of 698 registered voters had been cast in this precinct with polling place near the Kalihi pump. Votes during the first hour after the polls opened reached the total of 112.

Tenth Precinct—Out of 409 registered, 145 voters had cast their ballots just before noon today at the Kalihi-waena school. This is one of the

strong Democratic precincts and the Republican vote floated from the hands of many bystanders. Eighty votes were cast in the first hour, 102 up to 10 o'clock.

Eleventh Precinct—At 11:45 a total of 370 voters had cast their ballots. The total registration in this district, near Kalia school, is 721.

Twelfth Precinct—Voting here was fairly light through the morning hours, only 70 votes out of 226 registries having been polled at 11:40 o'clock.

Thirteenth Precinct—At 11:05 o'clock 138 votes had been cast in this precinct. L. L. McCandless is said to have protested against handing folded ballots to the voters, asserting they should be allowed to fold their own ballots after they had voted.

Fourteenth Precinct—Early voting characterized the activity in this precinct also, 212 out of 632 votes being recorded up to 11:30 o'clock. With many of the voters from this precinct busy at Fort Shafter and Watertown it was expected that there would be a rush toward the closing hours this evening.

Fifteenth Precinct—At 12:05 o'clock today 124 voters out of 357 in the Aala park district had been recorded. This is considerably heavier than the voting in either of the last three elections for the same length of time.

## BALLOT BOX CHARGES MERE CANARD, ASSERT REPUBLICANS

That charges by the Democrats that there were irregularities in the primary election because a block of 32 unused ballots was found outside of Bourbon headquarters near midnight on May 19, and intimations that the Republicans "stuffed" the ballot boxes, formed nothing more than an eleventh hour political canard, is the opinion expressed today in Republican circles.

County Clerk David Kalauekalanani says that the ballots actually used at the primaries check up correctly with the number of persons who voted, and he has so informed Attorney-General I. M. Stainback.

"As a rule, all unused ballots are thrown away, or laid away, after 5 o'clock on election day," said Kalauekalanani. "We do not have to check up on the number of ballots issued; only on the number of ballots actually used."

"After 5 o'clock anyone could have gotten unused ballots from almost any of the polling places. They could have been secured at the clerk's office, for that matter, after 5 o'clock."

"Elections in Honolulu are conducted properly and the inspectors always have been fair, irrespective of whether the judges were Republicans or Democrats. As far as I know there is absolutely no evidence of 'stuffing' the ballot boxes at the primaries."

W. A. Bryan, one of the Democratic managers, yesterday requested the attorney-general to ascertain from the county clerk the results of the final checking up of the ballots. The following letter was sent by the clerk's office:

"Your letter of June 4, 1917, was received in my absence, and on being informed of your request, I have asked my deputy to make the following reply to you:

"As to your oral request of May 21, as you know press of business in this office in preparing for the final election of June 5, has caused your request to be temporarily overlooked."

"I call your attention to such records as were submitted to this office showing that the report of the number of ballots cast in each precinct tallies with the number of voters reported as signing the roster at the primary election."

"Nothing in these records show anything abnormal nor has any complaint been made by any election inspector on any voters to show that this tally of voters and ballots was in error or that any voter's name was scratched wrongfully or wrongfully entered upon the roster in any precinct. To tally the blanks would add nothing to such an inquiry and to check the blanks with the used ballots would require opening of the sealed packets in the presence of a justice of the supreme court."

"This office knows no facts making such a judicial inquiry warranted. If you, however, have such facts at your command and desire to open and check the official returns of this election, this office is ready to bring such records as you desire before the supreme court."

"The records submitted to this office would indicate that there was no irregularity in the primary election which would affect the official returns published by this office in any way, shape or manner."

"Your letter of June 4, 1917, was received in my absence, and on being informed of your request, I have asked my deputy to make the following reply to you:

"As to your oral request of May 21, as you know press of business in this office in preparing for the final election of June 5, has caused your request to be temporarily overlooked."

"I call your attention to such records as were submitted to this office showing that the report of the number of ballots cast in each precinct tallies with the number of voters reported as signing the roster at the primary election."

"Nothing in these records show anything abnormal nor has any complaint been made by any election inspector on any voters to show that this tally of voters and ballots was in error or that any voter's name was scratched wrongfully or wrongfully entered upon the roster in any precinct. To tally the blanks would add nothing to such an inquiry and to check the blanks with the used ballots would require opening of the sealed packets in the presence of a justice of the supreme court."

"This office knows no facts making such a judicial inquiry warranted. If you, however, have such facts at your command and desire to open and check the official returns of this election, this office is ready to bring such records as you desire before the supreme court."

"The records submitted to this office would indicate that there was no irregularity in the primary election which would affect the official returns published by this office in any way, shape or manner."

the information that the machines were for the sole purpose of taking voters to the polls where, it was expected, they would vote for the present sheriff in return for the ride, if for nothing else.

In the primary campaign it was thought that J. C. Cohen, who was after John C. Lane's job in the mayor's office, had reached the limit mark in the number of automobiles a candidate might secure for election day purposes, but Sheriff Rose has gone Cohen one, and perhaps two, better, as may be seen from the flotilla of machines which parade the highways and byways today flying the "Vote for Charles H. Rose" banner.

## CANDIDATE D. KAHAELELO VICTIM OF PRACTICAL JOKE?

"Secret Invisible Government" is "Exposed" By Lahui Party Creator, Said to Be Only "Obi, Obi, Obum!"

Obi, Obi, Obum! That is a wireless code stopped by the censor—it is the kernel of a political joke that is circulating the Honoluluans who know the story.

Honolulu's "Secret Invisible Government" once which David Kahaelelo, Lahui candidate for mayor, has waxed consequently indignant in circular letters mailed to hundreds of Honoluluans in the past few days, is the political joke—a practical joke de luxe.

The joke, it is whispered, was played on Kahaelelo by a well-known official who is also a humorist. He put up a "plant" for the candidate and had a trap into which the unwitting victim fell—or rather walked.

All of the voters and other fellow citizens who have received Kahaelelo's campaign literature in the present campaign, last week got through the mails a remarkable printed statement in which he declared that a gigantic business graft conspiracy had been hatched in Honolulu. He said, the graft ring had first taken him up, knowing his great influence and splendid character, and intended to use him in a mock-reform program, to stave off real reform, but that when they found he was for real reform, and couldn't be "used," they dropped him and took up one of his opponents.

In the course of this statement, Kahaelelo went into some alleged history of the existence of this organization came when last August he received the following letter—the letter being duly quoted in his statement:

OFFICE OF THE NON-PARTISAN SECRET FEDERATION FOR MUNICIPAL REFORM.

Honolulu, T. H., Aug. 9, 1916.

David K. Kahaelelo, Esq., 604 Kalia Road, Honolulu.

Sir: The organization of the Secret

passengers between San Francisco and Honolulu. However, they are now carrying capacity cargoes to and from the Orient, so it is not likely they would drop this profitable business to take up local freight, shipping men think.

According to T. M. Church, manager of the merchandise department of Alexander & Baldwin, rates on freight from the Orient to Honolulu have tripled in the last year, are still going up, and the Japanese lines are getting any price they want.

**COASTAL CHANGE WILL NOT HURT LOCAL SHIPPING**

(Continued from Page 1)

rice rates have

"Up to three weeks ago the freight rate on rice from Kobe here was \$17 a ton," he said. "On the last two boats it went up to \$3, and there are rumors here that it rose to \$35 on the first of this month. We have cabled to the Orient for information but have not had a reply. Tramp steamers from the Orient are now asking \$45 a ton to bring rice to Honolulu. This doesn't look as though the Japanese lines would care to compete with the Matson company's \$4.25 rate, the lowest of any Pacific line today."

From other sources on the waterfront it was learned today that local Japanese have been trying to contract with the M. B. K. to bring 20,000 tons of freight, mostly rice and salt, to Honolulu from the Orient. The T. K. K. has refused this class of freight owing to the low rate it has been carried for.

Local Chinese importers say that the freight rate on tea from Hongkong here has soared to \$51 a ton.

**BIG VOTE CAST, ELECTION QUIET**

(Continued from Page 1)

a strong attempt is being made to swing the "Chinese vote"—about 500—solely for the sheriff.

At noon today the Republican organization felt confident that Mayor John C. Lane would be re-elected and was fairly sure of a majority of the board of supervisors.

As the day progressed the prophets began to say that Lester Petrie, Democratic candidate for supervisor, does not look as strong as he did a few days ago, and that while they rather think William H. McClellan will be elected to the board, his fellow-Democrat's chances are not so good.

Many of the observers say that Daniel Logan's strength has developed to such an extent that he is extremely likely to poll a higher vote than Petrie.

As usual, the "slates" came forth early in the day. Several reports reached the Star-Bulletin that the race issue had been raised in fifth district and that Hawaiians there were voting a straight Hawaiian ticket. On the other hand, many declared this to be an unjust exaggeration, saying that the same stories are raised every year, and every year it is found that the race-issue voting has been confined to a few ballots only.

Enlisted men of the 25th Infantry are to give a dance tonight at the National Guard armory in honor of the 50 non-commissioned officers who were recently ordered to the mainland for appointment as lieutenants. These appointees will sail on the next transport for the mainland. The armory is gay with flags, special music has been procured and a good time is expected by the infantrymen.

## Star-Bulletin Election News

Star-Bulletin election returns will be shown tonight at the usual location—on King street, west of Fort. The Star-Bulletin's special election headquarters being in the Waiy building, and the illuminated screen across the second-floor front of W. W. Dimond & Company.

And as usual, everybody is invited and "Star-Bulletin Service" will be the slogan in putting out the figures. Arrangements are being made for rapid collection of the figures throughout the voting precincts and they will be put on the screen as quickly as received.

Each election night the friends of the Star-Bulletin in the various precincts give very helpful cooperation in telephoning in the count as it progresses, or in many cases, send in messengers with ballots marked up with the latest figures. It enables this paper to give the news to the public quickly and accurately and every such bit of assistance is much appreciated.

The Star-Bulletin's special telephone number for tonight is 2160.

Ring up this number if you have any news to send in, or if you are unable to come down town and join the big crowd getting the returns on the street.

The illuminated screen will be in operation as soon as dusk comes. As the ticket is short, the result of the election should be known by 9 or 10 o'clock, perhaps earlier.

**THE CANDIDATES**

**REPUBLICAN.**

For Mayor—John C. Lane.

For Sheriff—Edward Hopkins.

For Auditor—James Bicknell.

For Supervisors—William C. Achi, William Ahi, Charles N. Arnold, Charles H. Bellina, Ben Hollinger, Daniel Logan, E. A. Mott-Smith.

**DEMOCRATIC.**

For Mayor—Joseph J. Fern.

For Sheriff—Charles H. Rose.

For Auditor—Albin Blom.

For Supervisors—F. C. Benevise, Hugo Kanoe, J. P. Makinai, John Markham, W. H. McClellan, Lester Petrie, Jesse Uluihi.

**AD MEN TO ENTERTAIN JAPANESE NAVAL CHIEFS**

Five officers from the two Japanese cruisers, the local Japanese consul and vice-consul, and representatives of the Army and Navy will be guests at the Ad Club luncheon tomorrow. War rations will be served, but it is promised that the luncheon will be an appetizing one. Postmaster Hastings MacAdam will speak and a program of patriotic songs has been arranged. All members are urged to be present.

M. Sevastopoulo, counselor of the Russian embassy in Paris, has been appointed Russian minister to Denmark, in succession to Baron Buxhoe-

Five officers from the two Japanese cruisers, the local Japanese consul and vice-consul, and representatives of the Army and Navy will be guests at the Ad Club luncheon tomorrow. War rations will be served, but it is promised that the luncheon will be an appetizing one. Postmaster Hastings MacAdam will speak and a program of patriotic songs has been arranged. All members are urged to be present.

M. Sevastopoulo, counselor of the Russian embassy in Paris, has been appointed Russian minister to Denmark, in succession to Baron Buxhoe-

**Army Registration Proceeding Quietly**

(Associated Press by U. S. Naval Communication Service)

WASHINGTON, D. C., June 5.—News from all over the country, coming into the war department and elsewhere in Washington, shows that registration under the new army law is proceeding quietly everywhere in the United States. The percentage of evasion of the law is believed to be small.

No organized disturbances have taken place. Only in a few cases have disorderly opposing individuals been arrested.

The government, it was announced here last night, will have no definite figures regarding the registration until after the state officials have completed their work of gathering in the names of those liable for military service.

It was also announced that the proclamation including Hawaii and Alaska in the selective draft, will not be forthcoming until the governors of those territories have completed their preparations.

In spite of spasmodic moves against the draft in various parts of the country, mostly by pacifists and socialists, aided and abetted by anarchists, there is no sign of any widespread or organized opposition to the draft measure, the whole nation apparently realizing that by this means only can a sufficient number of men be raised in a fair and just manner to meet the demands of the greatest war the United States has ever embarked on.

The complete failure of the volunteer system throughout the nation to supply the number of men required is recognized everywhere. With the exception of Indiana practically all of the states are far below their quota of men.

The latter will continue to reside in Copenhagen in a private capacity.

# Bridging Your Wants

THE thing you want is on one side—price on the other—and running between the two are the waters of expense. When selling expense is great, the waters are wide—the article you want is a great distance from the price—and it takes a lot of money to connect the two.

NEARLY every day we, you, all of us, are greeted by the announcement of "another advance in prices" of this, that, and other things—advances that come faster than our advances in income. Nearly everything we use is affected until, in fact, many have become disheartened.

BUT there are things which we want and that can be had at prices which we can afford. But where are they? Ah, that's the question—where are they? Well, just to satisfy yourselves, turn to the Classified Advertising in today's Star-Bulletin and there you will find much for sale and for rent that fit your needs and your pocketbook, too.

## OFFICERS FROM PHILIPPINES ON WAY TO COAST

Sixty-five officers from the Philippine Constabulary are expected to arrive in Honolulu today on the transport ship *Albatross*. They are the first of a detachment of 100 men to be sent to the Hawaiian Islands to assist in the training of the Hawaiian Constabulary.

The detachment is composed of 65 officers and 35 men. They are being sent to the Hawaiian Islands to assist in the training of the Hawaiian Constabulary.

## ALIEN ENEMY ORDERS ARRIVE

"If you find that alien enemies are not complying promptly with the President's proclamation, or applying for permits, you should confer with the United States attorney with a view to having public warning issued through the newspapers (and especially through German newspapers), that any alien enemy found in a forbidden area after June 1, 1917, without a permit, is liable to summary arrest and detention."

This is a portion of additional instructions received today by Marshall J. J. Smiddy with regard to the issuance of permits to alien enemies under regulation No. 4 of the President's proclamation.

Paragraph 17 of the instructions reads as follows:

## CHINESE ORATORICAL ASSOCIATION TO GIVE BENEFIT ENTERTAINMENT

Members of the Chinese Oratorical Association will hold a benefit entertainment at the Hawaiian Board Auditorium Saturday evening, June 3. Musical numbers and gymnastic work will be featured.

The association was organized in 1912 by ten young men of the Chinese community. The organization now has 80 members. The receipts from the entertainment will be used to defray the expenses of the educational work.

The Y. M. C. A. orchestra will furnish music for the evening, while several of the leading gymnasts of the city will be seen in new numbers. Tickets have been placed on sale at the Y. M. C. A., Y. W. C. A. and Territorial Messenger Service. The program follows:

1. Introduction, by Lee Young.  
2. Medley—Standard American Airs, by Y. M. C. A. Orchestra.  
3. See America First.  
4. Address, A. E. Larimer of the Y. M. C. A.  
5. Concert wait—"Wedding of the Winds," by Y. M. C. A. Orchestra.  
6. "A Bit of Minstrelsy," Herman Luis, J. Kelly and Al Spencer.  
7. Real Life.  
8. Gymnastic stunts—Pyramids, Diving and Tumbling, by S. W. Robley and his traveling team.  
Overture—"The Golden Sceptre," by Y. M. C. A. Orchestra.  
10. Closing remarks, by Lee Young.

## WAR RISK RATE ON PACIFIC IS DECREASING NOW

The war risk rate on the Pacific is decreasing now, according to a report from the United States government. The rate has been falling steadily since the beginning of the year.

## RUSH WORK FOR KAMEHAMEHA DAY

Most of all Pacific races are at work now building the stands for the Kamehameha Day celebration. The stands are being built in the area around the Kamehameha monument.

The stands are being built in the area around the Kamehameha monument. The stands are being built in the area around the Kamehameha monument.

## Kahaulelio Talks To Empty Chairs

"I'm all alone, all alone, there's no bud-buddy here but me," David Kahaulelio, candidate for mayor on the Lahuli ticket, might well have sung this refrain at Aala park last night. It would have been appropriate, very much so, for David was quite alone in his corner of the grassy area while on each side of him boomed the husky voices of Republican and Democratic candidates for city and county offices.

Kahaulelio had erected a small platform on the waikiki edge of the park and circled it with chairs. Promptly at 7:30 o'clock he mounted the rostrum to let all the people know that he was running for mayor on the Lahuli ticket. Five or six persons dropped into the chairs, apparently to rest before fighting their way toward the Republican or Democratic grand stands.

David talked in Hawaiian, but the soft evening breeze was the best audience he had. Over at the bandstand, where the G. O. P. held forth, the Hawaiian band blared forth and the crowd flocked toward it. At David's right a quainter dispensed soothing Hawaiian melodies—this was a flourish drawing-card—and the crowd flocked there, too.

## JUPE PLUVIUS FAILS TO DAMPEN ARDOR OF BOURBON ORATORS

Just why old Jupe Pluvius dared to turn on the tap at the critical moment last night is more than the Democrats can understand. But he did turn it on, and the speakers' platform at Aala Park was flooded several times. Some of the speakers bared their heads to the storm and orated in English and Hawaiian. And the big crowd stood by and cheered for everybody from Joe Fern down. It was an enthusiastic crowd of more than 100 persons.

Associate Justice E. M. Watson spoke on behalf of the party. "There is only one candidate in the Republican party that I am afraid of," he said. "He is the only man in the Republican party who has done anything. He is Ben Hollinger."

## LETTERS

### PORTUGUESE TEACHER TO ADVISE HAWAII

Honolulu, May 30, 1917.  
Editor Honolulu Star-Bulletin.

Sir: I thank you for the gracious reference that you made of me in the issue of your journal on the 24th day of May.

### SUPERVISOR HORNER NOT ON LEGISLATIVE COMMITTEE

Honolulu, T. H., June 4, 1917.  
Editor Honolulu Star-Bulletin.

Sir: I see in your Star-Bulletin of even date Mr. Farrington, in summing up the various candidates and giving a last little dig at Horner, saying that the legislative committee was made up of excellent gentlemen, but they did not have any definite program for what they were to secure from the legislature, and least of all did not have any comprehensive financial program for the construction of the roads of the city, within the lifetime of the present generation, etc.

I cannot say whether this is Mr. Farrington's last knock at Horner, or whether he has not taken the trouble to find out the personnel of the legislative committee. Horner never was a member of the legislative committee, about the only special committee that I was ever appointed on by the mayor was chairman of the committee on minutes, and if Mr. Farrington had been "set on" as many times as Horner has been during his term of office, he certainly would not suggest anything to any committee before they brought in their report.

As to a program on roads for the city and county, I will say that I have given you a program on roads, time and time again at the meetings of the supervisors, at the Ad Club and at the Rotary Club, and I have always stood for a concrete foundation, and I have on all occasions voted against any thing else.

I remain, very truly yours,  
ROBERT HORNER.

## LOCAL AND GENERAL

A son was born on Sunday to Mr. and Mrs. F. P. Johnson of Pearl City.

The Commercial Club will be open to ladies today. Election returns and dinner this evening.

Bids for plastering the administration building at the new territorial prison will be opened at 11 o'clock tomorrow in the office of the superintendent of public works.

James Thomson, aged 10 years, broke his wrist and was treated at the emergency hospital yesterday evening. He fell from the slide at the Kamaulahi playgrounds at Fort and School streets.

Within three weeks the new organ now being installed in the Christian church will be ready for service. The instrument was secured through the efforts of Minister David Gary Peters and cost \$500.

Commencement exercises of the Bible school of the Hawaiian Board will be held at 7:30 o'clock this evening in the Mission Memorial building. Those who will receive diplomas are Miss W. H. Lo, James Akino and C. E. Cortezan. Rev. J. H. Williams will deliver the address. Akino and Cortezan will go to the mainland for a year's additional training.

NOTICE OF CHANGE IN ANTHRAX CLARIFICATION AREA.

## HONOLULU REGISTERS FOR U. S. DRAFT SERVICE

Eaton Macoon son of the late J. A. Macoon of this city, is mentioned in San Francisco papers as having been one of those who registered prior to today, the date on which the official war draft began on the mainland.

Macoon gave his home as Honolulu and claimed no exemption. He is a Harvard man.

Up to May 25, a total of 500 citizens had registered in San Francisco, according to the official records. It was expected that 15,000 to 20,000 persons would present themselves in that city today for registry and that a force of 1000 or 1500 clerks would be required to handle the names.

## PERSONALITIES

MRS. A. G. SPENCER will leave shortly for El Paso, Texas, to join her husband, who is quartermaster sergeant in Company G, Engineers, U. S. army.

MR. AND MRS. E. W. RAPHAEL of 1043 Heulu street are receiving congratulations on the birth of a baby girl Monday at Queens Hospital. Mother and child are doing well.

A threatened split in the New South Wales cabinet over the proposal to spend large sums on grain elevators has been averted. The acceptance of the tenders is postponed while Mr. Holman, the premier, is making inquiries in England.

## ATTENTION, YE UKULELE AND GUITAR LOVERS!

The last ukulele class that we will form, at large, before Mr. Kaai leaves for the mainland, is now forming; so, if you desire to take advantage of our remarkable offer, giving you a guaranteed six dollars and a half ukulele and a full course of ten one-hour lessons under the personal tutelage of Ernest K. Kaai, "Hawaii's Music Man," all for six dollars and a half, you should take advantage of the opportunity to join this interesting and instructive class forming now.

We are also forming a steel-guitar class, offering you a complete course of six one-hour lessons for only four dollars—if you already have your instrument. If you buy your guitar from us the course will cost you but two dollars.

And, by the way, have you bought your copy of Kaai's latest popular hit—one-step "Honey-moon Blues"? It's a wonder! For sale at all music stores, our new Union Street store and our studios, rooms 51 and 52, Young building.

Call at new store, or phone 202, regarding classes and books.

# COMMERCIAL NEWS

## BRITISH BUYING SUGAR STEADILY

NEW YORK, May 25.—(Special correspondence from New York & Calcutta, 59 Wall Street.) The market was comparatively inactive during the past week and the small transactions reported showed no important change in prices. The sentiment from day to day was largely influenced by the fluctuations in the price of options on the exchange. On Saturday a sensational advance took place in September options which rose within a few minutes from 5.30 to 5.40 and then quickly dropped back to 5.30. No tangible reason appeared to exist for such an erratic movement and holders of actual sugar either withdrew their offerings pending further developments, or advanced their ideas on Cubas from 4.70 to 5.00 basis 96° c. and f. During the next few days moderate sales were consummated at 5.00 basis 96° c. and f. for May and June shipment Cubas, say 50,000 to 60,000 bags to operators and refiners, but a further decline in option prices made further business on this basis impossible and the market assumed an easy tendency. Small sales of Cubas at 4.15-16c were followed by small sales June shipment Cubas at 4.70 basis 96° c. and f. but at the latter basis there were more buyers than sellers. At the close of the week operators bought a small quantity of June shipment Cubas at 4.15-16c basis 96° c. and f. The British commission has been in the market quite steadily throughout the week for moderate quantities of Cubas for June and July shipment and has bought, it is estimated, about 10,000 to 15,000 tons, at prices ranging from 4.00 to 4.50 f. o. b. Cuba. A moderate business has also been done with European buyers in granulated for export and while the full details of this business has not been published the sales made within the past ten days are estimated at 35,000 to 40,000 tons at prices ranging from 6.50c to 6.90c in bond.

The domestic demand for refined sugar has been quite light. During the week Arbuckle Bros. reduced their quotations from 8.50c to 8c less 2 per cent, but the lower price failed to attract any considerable new business. The Pennsylvania Sugar Co. reduced prices temporarily to 7.50c less 2 per cent, subsequently advancing again to 8c less 2 per cent. The American S. R. Co. and the National S. R. Co. have made no change in their respective quotations of 7.50c and 8c less 2 per cent. The Warner S. R. Co. and Federal S. R. Co. have withdrawn from the market temporarily.

## OFFERS TRACTORS GALORE TO ADD TO FOOD ACREAGE

Meetings called by "community defense committees" to take steps to increase the available food for man and livestock have gained definite momentum. Many proposals have been offered to a few important lines of action. Five acres of green feed in July has become a slogan of the meetings as well as "grow a garden" and "more sheep, more wool."

The green feed will be needed to maintain the normal supply of milk for babies through the summer, fall and winter in spite of high prices and scarcity of all feed. Wholesale aid for this form of food defense has been offered, the agents of Libby, McNeill & Libby having been authorized to announce that they will furnish for plowing of an increased acreage as many tractors as are necessary to handle the work that comes to them in each community.

"We realize," said an official of that firm, "that every one of us must do our little bit to increase, as well as to conserve, foods in this country."

## NAVAL CENSORSHIP WORKS HARDSHIP ON HONOLULU BANKERS

With some of the rigid provisions of the naval censorship becoming operative local bankers assert their exchange business with coast institutions is conducted under many hardships.

According to a local banker it is now about an even chance that a message ordering the payment of money by a person here to a person or firm on the coast will not be delivered. This is explained by the fact that all money orders usually contain a "test" word which is absolutely necessary to protect against fraudulent payments.

Why some are passed and others thrown out is hard to answer but, according to the banker, it is probably due to the picking of men in charge who are unfamiliar with business methods and the most disagreeable part is that the sender is seldom notified that his message has been held up.

Group discussions occupied much of the time at the concluding sessions of the annual meeting of the National Association of Cotton Manufacturers at Boston.

## TEN DAYS OF GRACE ALLOWED TAXPAYERS TO U. S. TREASURY

John F. Haley, collector of internal revenue, today called attention to the fact that 10 days remain in which corporations, individuals and withholding agents may pay income taxes.

Formerly, said Haley, these taxes were due on June 30, but now the date stands at June 10. Though there has been a splendid response to the call for tax money since the declaration of war, a few—probably 200—are still unpaid.

"We should like," says the collector, "to make Hawaii's score perfect again this year as it has always been in the collection of federal taxes."

## M'RAE WOULD SERVE COUNTRY

After fighting in France with the Allies through last winter, Lieut. Donald M. McRae, son of Lieut. Col. and Mrs. James H. McRae of Honolulu, has placed his services at the disposal of the American government, as soon as the British authorities see fit to let him go.

In a letter to an old friend, now serving in the United States army, Lieut. McRae writes from London under date of April 22, that he listened to the American embassy on the day the United States declared war on Germany and "put my services at the disposal of the American government, as soon as the British government sees fit to spare those services."

Lieutenant McRae is in London recuperating from shock which he suffered when three trench mortars were discharged almost at once in the German trench which has party was attacking. For his bravery in this raid he has been awarded the order of the military cross. McRae is serving in a Canadian infantry battalion.

### Children must have rich, pure milk!

Every mother knows how essential this is. She knows, too, the difficulties of doing so—especially in warm climates.

There is no food so suitable for baby as that provided by Nature, but in some cases Condensed Milk has at times to be used, and no Condensed Milk will be better for baby or give better results than Highlander.

It is here that Highlander Condensed Milk will prove of such value to her. Tens of thousands of mothers throughout Australasia and the Pacific use it.

Absolutely germ-free, Highlander Milk is prepared by a process that ensures sterilization. It is the richest, purest milk from specially selected herds in the famous dairying pastures of Southland, New Zealand—with part of the water evaporated and the purest No. 1A Cane Sugar added.

# Highlander Condensed Milk

There's a free copy of the Highlander Cookery Book awaiting you—nearly 200 beautifully illustrated pages of practical economical tested recipes. Send your name and address today to "Highlander," Dept. "A," Fred L. Waldron, Ltd., Agents, Honolulu.

## EWA MAKES BIG SUCCESS OF RED CROSS MUSICAL

(Special Star-Bulletin Correspondence)

EWA, Oahu, June 5.—Ewa society turned out in force last Friday evening and gave hearty support to a Red Cross musical given by the ten little ladies of Miss May Hayward's class in music.

An appreciative audience heartily applauded the efforts of the participants and more entertainments of the kind are hoped for in the near future.

After the completion of the musical program the Ewa orchestra played for several very enjoyable dances and between dances the cream cornopops were sold to the delight of all the children who were even more delighted when they were informed that the proceeds of the evening netted \$100 which has been forwarded by Miss May Hayward to the American Red Cross Society.

The program was as follows:

<p>Selection      Orchestra</p> <p>Six Little Studies      Grifflitt</p> <p>Two Marches      Morning Prayer, etc.</p> <p>Sunshine Morning, etc.      Northern</p> <p>Strains, etc.      By the Spring, etc.</p> <p>Slumber Song</p> <p>Eleanor Hattie</p> <p>Boogie Man      Swift</p> <p>Old Dixie      Brown</p> <p>Hilda Fiddes</p> <p>Post. H. Travatore      Verdi</p> <p>Oliver McKeever</p> <p>Alfred Fernandez</p> <p>Waltz      Kullak</p> <p>In Holstienne      Van Giel</p> <p>Sascha Muller</p> <p>Consolation      Westoby</p> <p>Kathleen O'Leary</p> <p>Violin obligato, Mr. Neumann</p> <p>Polyphonic      Van Giel</p> <p>Maudie McKeever</p> <p>To a Wild Rose      MacDowell</p> <p>Alice Fernandez</p> <p>Sunset Hour      Barth</p> <p>Margaret Kiesel</p> <p>Dance      Reinecke</p> <p>On Leichen, the Morning Prayer</p> <p>Hilda Fiddes</p> <p>Kathleen O'Leary</p> <p>Polish Dance      Scharwenka</p> <p>Oliver McKeever</p> <p>Soldier Song      Steinheimer</p> <p>Heather Rose</p> <p>Angeline Fernandez</p> <p>Slumber Song      Sartorio</p> <p>Eleanor Hattie</p> <p>Dance on the Green      Bohm</p> <p>Kathleen O'Leary</p> <p>To Spring      Gounod</p> <p>Hilda Fiddes</p> <p>Schumann</p> <p>Oliver McKeever</p> <p>Violin obligato, Mr. Neumann</p> <p>Flower Song      Burg</p> <p>Alice Fernandez</p> <p>Selection      Orchestra</p>	<p>First Goodson Event Tomorrow</p> <p>The first of the two Katharine Goodson piano recitals will take place tomorrow evening at the Mission Memorial hall at 8:30 p. m. Such recitals are not over frequent in Honolulu, and the event should bring together a large assembly of music lovers and students of the pianistic art in particular.</p> <p><b>BUSINESS MEN RETURN HOME FROM THE COAST</b></p> <p>Included in a number of business men who returned from vacations on the mainland on the last boat from the coast are W. N. Patten, president of the Patten company, successors to A. H. Arleigh &amp; Co., and George H. Robertson, manager of C. Brewer &amp; Co.</p> <p>Mr. Patten has spent just a little over a month away from home and was in San Francisco most of the time.</p> <p>Mr. Robertson says he has enough business at home and refused to bother about it while on the coast. He was there for a complete rest and got it at Byron Hot Springs where he goes every year for his vacation.</p> <p><b>CUNHA AND BERGSTROM STORES CONSOLIDATE</b></p> <p>A sale of special interest to music buyers in Honolulu is that of the Cunha Music Company to the Bergstrom Music Company and the consolidation of the two stores. "Sonny" Cunha, owner of the Cunha company, will remain with the new company as manager of the sheet music department.</p> <p>"I want to be a bugler in the marines," a 15-year-old lad told the recruiting officer at Cleveland, saying his grandmother approved his idea. He was not accepted.</p> <p>In the Swedish town of Vestervik, a number of the workers entered the office of the food authority and threateningly demanded more bread rations and cheaper potatoes.</p>

## FIRST GOODSON EVENT TOMORROW

(Special Star-Bulletin Correspondence)

WAILUKU, Maui, June 1.—Maui will not have a county fair this year, but she will have a hog show, sometime in October or November.

This has been decided upon by the local Berkshire Breeders' Association, and at the meeting of the county fair directors, last Friday afternoon, official sanction was given to the project.

H. W. Rice, who is one of the leading swine breeders in the territory, brought the matter to the attention of the directors and asked that a committee be named to handle the enterprise.

**Much Interest Given**

Maui county is known to have some of the bluest blooded porkers in the territory—or the country, for that matter, for breeding stock has been brought here from the finest herds in the United States. A big impetus was given hog raising by the county fair last year, Mr. Rice stated, and the leading breeders believe that it would be a mistake not to push along the interest already aroused.

**Killing Breeding Stock**

It was stated at the meeting that owing to the high price of feed, hog raisers in Kula and other sections have begun to slaughter their brood sows. Because of the probable increasing importance of pork in the next few years, an effort will be made to check this practice.

## GROSS CHEAT IS CHARGED GYPSIES

(Special Star-Bulletin Correspondence)

WAILUKU, Maui, June 1.—The prosperous band of gypsies which for the past two weeks has been touring Maui in a big automobile, telling fortunes and in divers other ways turning an honest penny (our police didn't arrest them) were arrested, however, on Tuesday of this week by Police Officer Sam Kaula of Hilo, who came over armed with a warrant charging the gang with gross cheat or obtaining money under false pretenses. The party, which consists of two men, two women and a dozen children, more or less, departed on Wednesday night for Hilo to answer the charge.

According to the Big Island officer the warrant was sworn out by a native of Hawaii, who claimed to have paid the gypsies \$150 on their promise to cure a case of tuberculosis, or some other chronic disease.

The party was very averse to going back to Hilo, and after consulting an attorney, they offered to refund the money and to pay costs amounting to some \$40 if the matter could be dropped. This proposition was wirelessly to Hilo, but the answer came right back that there was nothing doing in the compromise line. The party left their big touring car at Lahaina.

## FLAG DAY PROGRAM NEARING COMPLETION

(Special Star-Bulletin Correspondence)

With all speakers secured and the cooperation of many organizations, including the army, navy, clergy and the territorial and municipal governments assured, preparations for a general patriotic celebration of Flag Day are rapidly nearing completion, according to the Elk Flag Day committee.

A big platform is to be erected in front of the Capitol and decorated with the American colors and brilliantly illuminated. The Hawaiian band will play and a seating capacity of 2400 is being arranged. U. S. Attorney S. C. Huber will speak, Lorin Andrews will read the history of the Flag and Harry Murray will deliver the Elks' Tribute to the Flag.

Seats are to be reserved for the Elks, Boy Scouts, army, navy, guard, G. A. R., veterans of the Spanish and of foreign wars.

## "ISLE OF JEWELS" GIVEN BY CADETS

(Special Star-Bulletin Correspondence)

With practically the entire cadet corps taking part, a clever operetta entitled "The Isle of Jewels" was presented Saturday evening at the Honolulu Military Academy as a part of the closing exercises. The operetta was followed by a cotillion. About 100 persons were present, including Brig. Gen. and Mrs. Frederick S. Strong, Brig. Gen. and Mrs. Samuel I. Johnson, Judge and Mrs. Walter F. Frear and Mrs. B. F. Lillingham.

The cast of the operetta was as follows:

King—Isadore Rosenberz  
Queen—Diamond of the Isle of Jewels  
Princess Emerald, of the Isle of Jewels—Kathleen Stone  
Princess Sapphire, of the Isle of Jewels—Walter Strong  
Princess Ruby, of the Isle of Jewels—George Baker  
Lady Ruby, a royal consort—William Worthington  
Court Beignees—  
Lady Turquoise—Francis Bottomley  
Lady Pearl—Allen Elston  
Lady Garnet—Richard Penikese  
Lord Topaz—Bonamy H. Browning  
Lord Akate—Norris Parlow  
Others—Bruce Cruikshank and Paul Rice.  
Pages—R. Hode and R. Perry.  
Pearls—Richard Shelton, Duncan Thompson, William Brown, Robert Deyrell and James Bell.  
Onyxes—James Cruikshank, Bonamy H. Browning, Richard Stuzett, Lane Felson and Jan Martin.  
Turquoises—Francis Johnson, Elmer Harpham, Paul Parker and Robert Wall.  
Sapphires—Charles Eckart, Frederick Steers, David Penikese, Michael Palmer and Arthur Burns.  
Orals—William Lawson, George Robertson, Gardner Richardson and Thomas Lillie.  
Amethysts—Gordon May and Roy Wall.  
Emeralds—Alexander Ross and George Kimball.  
Rubies—Francis Judd, Robert Perry, Ronald Bonamy and Robert Hode.

## NO MAUI FAIR BUT HOG SHOW

(Special Star-Bulletin Correspondence)

WAILUKU, Maui, June 1.—Maui will not have a county fair this year, but she will have a hog show, sometime in October or November.

This has been decided upon by the local Berkshire Breeders' Association, and at the meeting of the county fair directors, last Friday afternoon, official sanction was given to the project.

H. W. Rice, who is one of the leading swine breeders in the territory, brought the matter to the attention of the directors and asked that a committee be named to handle the enterprise.

## LIHUE CLASS IN FIRST AID ENDS WORK OF COURSE

(Special Star-Bulletin Correspondence)

LIHUE, Kauai, June 1.—The first aid class which has been conducted by Mr. Frank L. Penikese, of Honolulu, has ended its work in Lihue, and on Friday afternoon took the final examination.

The examination was conducted by Mr. Penikese, who was assisted by two other men, who had been in the class at first and then acted as examiners. About 25 men took the examination.

## ANTHRAX TABU AREA LESSENED

(Special Star-Bulletin Correspondence)

TOROKA, a district in the territorial islands of Hawaii and adjacent islands, has been declared free of anthrax, and the area of the tabu has been lessened.

From a point on the coast, extending to the north and south, the line dividing the tabu and the area of the tabu, down this line to the side of the bluff in the middle of the tract, along the bluff to a point opposite the lava corner of the ball park and thence to Beretania avenue, along Beretania for about half the distance of the area on Menifield street, then parallel to the middle of the tract, running parallel with the Menifield street line until opposite the point of beginning.

Most of the land released under the change is lava and waste of the remaining district and several flower and vegetable gardens formerly restricted are no longer tabu.

Dr. Victor A. Nordmark does not fear another outbreak of the disease in this district owing to the shortness of time in which the ground has had of becoming infested. Also, no animals died without being promptly burned.

It was decided at the meeting yesterday afternoon not to remove any of the herd from the dairy at present.

Throughout France the sessions of the general councils of the departments have been opened. Since the last meetings two departments, those of the Somme and the Oise, have been freed from the Germans, and the Pas de Calais has been almost entirely freed.

## A SOUND TICKET FOR THE CITY ELECTION

For Mayor—John C. Lane, Republican.  
For Sheriff—Edward Hopkins, Republican.  
For Auditor—James Bicknell, Republican.  
For Supervisor (seven to be elected)—

Voters are earnestly advised to concentrate on the following five Republicans who led in the primary election and who will make up a strong, able majority of the board:

William Ahia, Charles N. Arnold, Charles H. Bellina, Ben Hollinger, E. A. Mott-Smith.

Four candidates, two Republicans and two Democrats, remain as available for conscientious and discriminating voters to pick from: Daniel Logan and W. C. Achi, Republicans; W. H. McClellan and Lester Petrie, Democrats. The situation gives the independent voter, the voter who is not necessarily bound up to a straight-ticket idea and program, an opportunity for a range of choice in selecting the remaining two to round out the seven.

Under no circumstances should voters "scratch" any of the first five Republicans named above. To switch support from these men or any of them and scatter it among the remaining candidates, imperils the able majority of the board and endangers some of the best men before the Honolulu public.

Concentrate—and make the sound majority safe beyond question!

## Russia and the War-Cloud

No critic of recent developments in Europe need be accused of being an alarmist in saying that this is a dark hour for the Allies.

It is an hour when the sobering realization of war's imminent possibilities must be felt throughout the United States, by every American in whatever corner of the globe.

"Russia is through" is the common expression of well-informed men on reading the news from Petrograd in the past two days. And with Russia "through," Germany moves forward swiftly on a new program, with immensely heightened optimism and good reason for it.

The immediate effect of Russia's weakness is the detaching of hundreds of thousands of German troops from the east front, and the placing of them on the thinned western line. It is commonly estimated that Germany has had from 1,300,000 to 1,500,000 men on the eastern line from Riga down through the Carpathians into shattered Rumania. Even should Russia not make a separate peace, Germany will be able to detach most of these men, for plainly, under present conditions, the Russian forces will not undertake a concerted offensive.

It is fairly certain that already the western line is receiving reinforcements from the east. And it must be remembered that the troops from the east are not only hardened by actual experience in modern warfare in the field, but are fresh, well-knit and have the confidence that comes from a measurable success against the enemy. The effect of these fresh troops in stiffening the hard-battered units which have been trying to hold the Hindenburg and Wotan lines on the west cannot easily be overestimated.

But the immediate accession of fresh troops to hurl at the French, British and Belgians is hardly the greatest advantage to the Central Powers from Russia's impotence and chaos. The real advantage is in the political possibilities offered to the chancellery at Berlin. Russia is honeycombed with German intrigue. It is no secret that the Trepoff and Sturmer downfalls were due to deep plots with Germany. It is no secret that German influence is not only active in Russia but active with impunity.

Germany needs food and munition material almost if not quite as badly as men. With Russia out of the fight, a tremendous new field from which to draw supplies is open to the Central Powers. And, if Russia yields and either makes separate peace or remains quiescent, there are other portentous political possibilities which the diplomats of the Allies know full well.

So much for the possible results. What about Russia herself? What hope is there for her to evolve order out of chaos?

Various commentators in the last few weeks—during which Russia's internal disorders became evident—have attempted to draw a parallel between what is happening in the great Slav nation and the events of the French revolution. They have recalled that in 1792 and 1793 the French democracy, composed of wildly discordant elements, was able to get together and defeat the Austrian and Prussian armies and in the months following to carry out a series of land operations which remain as one of the world's military object lessons.

But there is one fundamental difference. The French people were willing to follow commoners; the Russian people apparently are not. Preceding the downfall of Louis XVI and the storming of the palace by the mobs, there had been many years when democracy had been coming to the ascendant. Religion was at a low ebb; rank failed to hold the people in respect; political ties were almost wholly absent. Those three words "Liberty, Equality, Fraternity" had been received with immense popular enthusiasm. The result was that the people were ready to follow their own leaders, and leaders could arise from the people.

Somehow out of the remnants of state and city troops and out of the ragged mobs, the French democracy made a new army to meet the threat of Austro-Prussian intervention. The abortive battle

of Valmy, in which the Duke of Brunswick failed to press his charge to what might have been a victory, had all the effect of a triumph for the French republicans and the army went on to the greater victory at Jemappes. The Committee of Public Safety, essentially military, in the next year and a half aided in bringing to the front generals who were followed by the people, and one of the military leaders who emerged from those bloody days was afterwards master of Europe, Napoleon Bonaparte.

But the French revolution has little in parallel with the Russian revolution. The Russian people with the fervor of mystics hold to their national religion and largely to the forms, ceremonies and traditional leaders. The Russian generals, great families and wealthy classes will not follow the commoners. Already demands are made that the councils of workmen and soldiers be abolished as to "bourgeois." What have the grand dukes and princes to do with the frocked moujiks and the peasantry? What have they to do with the Duma? The fact seems to be that democracy will not enlist either the enthusiasm or the military support of the classes whose help is needed to make it stand through such a war as this.

Moreover, the first victory of the French revolutionary army was made by the blundering indecision of the enemy. That victory united and inspired the discordant elements. There will be no such colossal luck for Russia. Germany strikes with decision and remarkable strength.

Obviously the German high command is not striking on the east now. There are two reasons for this. The first is that German diplomacy wishes to soothe, conciliate and influence the Russians. A separate peace is wanted, and while that is possible there will be no smashing blows to arouse the Russian to anger and strong, if blind, retaliation. The second reason is that Germany is sending her troops to the west, probably also to the south to reinforce the Italians on the Carso-Gorizia front.

The sum of it all is that the Central Powers are likely to be able to hold out much longer against the Entente Allies than Americans have believed.

Germany's U-boat campaign is having a serious effect. The administration at Washington knows this, and the army and navy leaders are under no misapprehension as to the task ahead of the United States. It is a task that will demand a wholeness of national service, and an organization for war scarcely guessed at as yet. But unless Russia "comes back" in some miraculous fashion, unless the Allies find a way to stop the U-boats—and both of these contingencies are perilously remote, the United States is in for real war.

Today's news that General Brussiloff has accepted supreme command of the Russia armies may be a gleam of hope in the dark sky, but Napoleon himself would have a herculean task in remaking the broken elements into a definite force. The best that can be hoped, at least this year, is that Russia will somehow hold a German army on the east.

## THE HANDWRITING.

Prohibition is coming in California—steadily and with increasing rapidity. A few days ago the farmers of the state in their state convention passed the following resolution:

Resolved, That we strongly recommend the national government to forbid the use of grains in the production of whisky and other distilled spirits; and that we look upon the saloon in agricultural counties and districts as a distinct menace to the production of food.

And still the liquor men in their rapidly decreasing strongholds are unable to see the handwriting on the wall and voluntarily abdicate.

As a reward for the loyalty and valuable service of the women of Great Britain during the war a bill has been introduced to give them the right of suffrage. But the voting age is fixed at thirty years. This, however, is not the minimum limit of the working age, so the government has decidedly the best of the bargain.—Baltimore American.

How many times has the newspaper censorship section been "finally eliminated" by Congress? A half dozen at least. It has as many lives as a cat. The administration has insisted upon it and what the administration insists upon it usually gets, but in this case the sentiment of the country is against a press-muzzling program.

The reason why the Kaiser summoned his American dentist has leaked out, despite the vigilance of the censorship in Berlin. It appears that the Kaiser bit off more than he could chew.—Philadelphia Ledger.

If Elihu Root can find a way out of the Russian chaos and can help to mould a government that will stand fast by the Allies, he will have accomplished one of the greatest feats of statesmanship in the history of the world.

Whether you voted the straight Republican ticket, the straight Democratic ticket, the split ticket or no ticket at all, you are cordially invited to watch Star-Bulletin election returns tonight, on King street west of Fort.

Uncle Sam is promptly mailing the busybodies who would interfere with the operations of the selective draft. Some people evidently do not realize their country is at war.

While Maximilian Harden lives, Germany will not be wholly without a vision of truth.—New Haven Evening Union.

Whatever else happens, this war threatens to make ducks and drakes of the divine right of kings.—Baltimore American.

## There's a Great Deal of Interest In--

voting straight tickets, and this is how the situation looked today to the average citizen.

## PERSONALITIES

MRS. R. L. WILCOX is in the city from Kauai.

W. W. THAYER will leave soon for Hawaii on a business trip.

MRS. FRANK CRAWFORD is here from Kauai visiting friends.

MRS. B. D. BOND and daughter are visiting in the city from Hawaii.

ATTORNEY EUGENE MURPHY arrived Sunday from Maui for a visit here.

MR. AND MRS. HAROLD RICE are Maui residents visiting in Honolulu.

LIEUT. CHARLES LYMAN is ill at Fort Shafter with a severe case of dengue.

MR. AND MRS. FRANK L. PUTMAN are Kauai people registered at the Young.

MR. AND MRS. ZENO K. MYERS are home from a four months' visit on the mainland.

FRANK SUMMERFIELD is a recent arrival from Hawaii. He is at the Young Hotel.

MR. AND MRS. P. E. SPALDING have returned from their honeymoon on the Pacific coast.

MR. AND MRS. A. S. WILCOX and their son, Allen C. Wilcox, and Mrs. Wilcox are spending a few days at the Young Hotel.

CAPT. P. SANDERS is back from the mainland, where he went with a crew of men to take one of the refugee German ships.

D. C. LINDSAY of Maui and Eric Knudsen of Kauai are in Honolulu to attend the annual meeting of the school commission.

MR. AND MRS. O. A. GREEN of 843 Cooke street welcomed at their home on Saturday a son who has been named Robert Edward.

MR. AND MRS. GAYLORD P. WILCOX of Kauai are registered at the Young Hotel. They arrived on the Kinau yesterday morning.

MR. AND MRS. CHARLES A. RICE are here to meet their daughters, Miss Edith and Juliet Rice, who arrived on the last boat from the mainland.

MR. AND MRS. ALEXANDER CRAIG of King street near Kama lane became the parents on Saturday of a daughter who has been christened Sarah Kaupae.

MRS. HEENEY, wife of Thomas J. Heeneey, U. S. steamboat inspector, with Master Heeneey, will leave soon for the mainland for an indefinite period. Heeneey expects also to go for a vacation later in the year.

DR. W. T. BRIGHAM, director of the Bishop Museum, has resigned after long service. The Bishop estate trustees have asked him to reconsider the decision and a new arrangement may be carried out whereby Dr. Brigham will remain with the museum.

but this has not been definitely settled. He has planned a long trip to the mainland, during which he will publish a scientific book.

JOHN ADAMS BAKER has been appointed by Governor Pinkham as a member of the board of election inspectors for the fourteenth precinct of the Fifth district, with polling place at Vineyard, west of Nuuanu street.

R. A. McNALLY, well-known newspaperman of Denver, Salt Lake City and other cities, who arrived last week from the mainland, has entered the local field as city editor of the Star-Bulletin, to take which position he left Salt Lake City. He is a newspaperman of wide experience and success, having resigned the managing editorship of the Salt Lake Herald-Republican to come to Hawaii.

## VITAL STATISTICS

## THE CHEERFUL CHERUB

I would not strive with anyone for money or for might. We're here for such a little while. I want to live, not fight.

## WITH OUR VISITORS

Mrs. F. W. Law and daughter, Miss Kathleen Law, arrived on the last ship from the coast for their first visit in Hawaii and to join the husband and father, who is at the Pier-point hotel on Waikiki beach.

George A. Cool, manager of the Hilo Tribune, is in the city for a few days on his way home from the coast to the Big Island with new equipment to install one of the most up-to-date daily printing establishments in the islands.

Consul George H. Pickrell reports from Para that the total exports of hides and skins from Fortaleza, Ceara and Pernambuco, Brazil, during 1916 amounted to 11,668,424 pounds. Shipments to the United States aggregated 7,530,313 pounds; Europe 4,118,147 pounds; and to Buenos Aires, 19,964 pounds.

## LITTLE INTERVIEWS

A. E. ("NICK") CARTER: They are better new hats and new suits of clothes along the waterfront today, that Sheriff Rose will be reelected.

"DAN" KUHN: It certainly gave me that "grand and glor-yus feeling" to get a message from my wife saying she and the kids are safe in the Indiana "cyclone belt."

JOHN M. MARTIN: It would be well for all the young men and women, boys and girls who are graduating from colleges and schools this year to take note of one of Mr. Huber's remarks in his address at commencement exercises of the College of Hawaii: "Any person who fails to maintain a right relation to God, his Maker, his life spells—Failure."

## HONOLULU REAL ESTATE

## The wisest Investors are putting their money into Honolulu Real Estate.

There can be nothing more certain in these times than that realty values in this city are on the upward trend. These properties are worth looking into.

Two cottages on one lot, 50 by 135 feet. Close in walking distance. Highly improved property on all sides. Live in one and rent other cottage.

A modest home property on upper Fort Street, within easy walking distance to city. Modern cottage. Lot 52 by 120.

## 8 LOTS IN KAIMUKI

\$800 EACH

In the most desirable part. Fine extensive views of ocean and city. Lots 75 by 150 feet. Help in building if desired.

# McKINLEY HIGH TO GRADUATE ANOTHER RECORD CLASS OF YOUNG FOLK

## 38 McKinley Students to Receive Diplomas Soon

McKinley High School, of which Prof. Marion M. Scott is principal, will graduate another record class this month, 38 students to receive diplomas at the graduation exercises. In the accompanying pictures the members of the class of 1917 are, reading from left to right, as follows: Top row—Thelma Auerbach, Fred Awana, Alfred W. Bush, Mendel Borthwick, Marie T. Corras, Tai Tong Ching, Fook Tan Ching, Hasachi Tsuehlyama. Second row—Lum Chang, Dai Chow Chang, Ah Leong Char, Violet Chung Hoon, Marie Davison, Elizabeth Fuller, Kiyoshi Hosoi, William Thompson. Third row—Asachi Horibe, Tsune Iwanaga, Hen Yung Ing, Esther Kahn, Masachi Kugie, Raymond Kong, Wada Kamao, James Woolaway. Fourth row—Senichi Kobayashi, Samuel Lujan, Ken Kul Liu, Yayeko Morinaga, Taijro Miyahara, Sadami Nishimoto, Alice Wong. Bottom row—Robert Nui, George Needham, Hattie Paule, Quan Doo Park, Yoshio Terada, Frank Tyau, Watt Tim.

## MILITARY REGISTRATION ORDERS ARE DETAILED BY WAR DEPARTMENT

[By Associated Press] WASHINGTON, D. C., May 5.—An official outline of the method by which military registration is to be carried out under the selective conscription bill was made public today with an appeal from the war department for the voluntary services of state election and other officials in order that there may be no delay in enrolling and classifying millions of men for army duty. Careful preparation has been made to place the whole task in the hands of civilian officials of the states and to remove every suggestion of military force in putting the measure into effect. The only function of the federal government will be supervision through the office of the Provost Marshal General. The department's statement follows:

"There was a time in the country's history when military enumerators, backed by bayonets, went among the people to take a compulsory service census. Today under the principle of universal liability to service the execution of the law is put into the hands of the people.

**Proclamation At Once**

"The approval of the new national army bill and the President's proclamation thereunder will be coincidental. All persons within the age limits prescribed are required to present themselves for registration at the customary voting place in the voting precincts in which they have their permanent homes, on a day which the President will announce. The probability is that from 10 to 15 days will elapse between approval of the bill and registration day.

"The governor of each state will be the chief of registration therein. The machinery of registration in each county is to be in charge of the sheriff, the county clerk and the county physician, acting ex-officio, unless a different board will be announced by the governor. In cities containing populations of more than 30,000 the registration will be under the control of the mayor and selected boards of registration. In order that the designated county and city officials, and the people generally can get a clear understanding of the census methods the following brief outline is given.

"The sheriffs or other designated officials, immediately upon receiving notice from the governor, shall appoint registrars for each voting precinct.

**Proportion of Registration**

"The proportion of registrars shall be one for each 100 persons to be registered. Each age to be registered will comprise about one per cent of the population. If, for instance, all men between 19 and 25 years of age, inclusive, are to be registered, the registrar would have to enroll about seven per cent of the precinct population.

"It is desirable to accept the services of competent volunteer registrars, to serve without compensation. All registrars must be sworn.

"The voting place in each precinct must be prepared for registration. Full printed instructions covering every detail of registration will be in the hands of the sheriffs and mayors on the fifth day after the President's proclamation.

"The mayor of a city containing more than thirty thousand inhabitants, of the officials designated by the governor therein, shall with approval of the governor, appoint for each ward or convenient minor subdivision containing about thirty thousand people one registration board and shall designate one officer of each board to perform duties similar to those imposed on the sheriff, as heretofore outlined. If the mayor desires he may appoint a central board to coordinate the work of minor boards.

"On the fifth day after the President has issued his proclamation, clerks of counties and cities of over 30,000 must secure a supply of blanks and copies of the registration regulations from the sheriff or from the mayor. Absentees and the sick will apply to such clerks to have their registration cards filled out. In no case shall such persons be given registration certificates. They are to be instructed by the clerk that the burden is on them to see to it that the cards each the registrars of their precincts by registration day.

**Absent From Home**

"Persons absent from their homes counties may be reentered by mail. If so absent, a man should go to the clerk of the county where he may be staying, on the sixth day after the date of the President's proclamation. If he is in a city of over 30,000 population, the city clerk is the official to whom to apply. The absentee will be told how to register but he must mail his card in time to reach his precinct by the registration day.

"Persons too sick to present themselves for registration must send a competent person to the county or staying, on the sixth day after the issuing of the proclamation. The clerk will give instructions for registration.

"Officials of educational, charitable and other institutions should apply for instructions to the county or city clerk on the sixth day after the date of the proclamation for instructions as to a convenient method of registration.

"The wardens of jails, penitentiaries and reformatories should apply to the county or city clerk for instructions on the sixth day.

"Five days after the date of the proclamation complete regulations will be in the hands of all sheriffs and of the officials of cities of over 30,000 population.

"The President is authorized to call upon all public officers to assist in the execution of the law. The plan is, however, to rely on the people for the proper execution of the law. It is expected that services will be gratefully acknowledged. Volunteers for this service should communicate immediately with the proper officials."

## MOVIES PICTURE OUR SAILORS IN BRITISH WATERS

An official British admiralty film showing the arrival of the American fleet and the landing of an American naval commander on British soil in war time, a century and a quarter after John Paul Jones did the same thing at Whitehaven, is being shown in London.

The appearance on the horizon of the American destroyers is dramatic, it is said, and the welcome of the ships and men by the Queenstown people and British naval officers is enthusiastic.

In the picture the American destroyers look to be of the latest and fastest type and their crews the best of sailors.

Americans in London are losing no time to do everything to make the sailors of the United States naval craft in British waters comfortable when they have shore leave. Many well known men and women are subscribing to a fund to erect a commodious hotel at the American fleet base. This is in line with what the British people have done for their own sailors and soldiers.

At a meeting of the American Women's Club the problem was discussed of forming committees in the big cities of England to visit and provide recreation for American soldiers in hospitals. Mrs. Robert P. Skinner, wife of the consul general, heads the committee.

There are 170 American wounded in hospitals in London at present, many of whom were in the Vimy ridge fight.

Fifteen thousand acres of land, to be used as a gun testing ground for the Rock Island arsenal, have been obtained by option for the United States Government.

## THREE COLLEGE STUDENTS GET THEIR DEGREES

Degrees were conferred upon three graduates at the sixth annual commencement exercises of the College of Hawaii held yesterday afternoon. The exercises were held beneath a canopy of canvas which was stretched from the administration building out onto the campus. A large audience heard the program.

The exercises were opened by Wallace R. Farrington, chairman of the board of regents, who told of the unique place occupied by the college in educational life, and of its aims and objects. The invocation was offered by Rev. J. H. Williams, acting minister of Central Union church.

U. S. Attorney S. C. Huber delivered the principal address, his topic being "Some Opportunities, Obligations and Rewards of a College Education." His talk teemed with sound advice to the graduates, as well as to other young men and women within his hearing.

Going back a quarter of a century, Attorney Huber told of the wonderful progress made in the fields of science, invention and manufacture, declaring that in these fields opportunity still exists, as well as in countless others. The college man and woman, he asserted, is looked to for the great advancement of the world in general.

Pres. A. L. Dean conferred degrees upon A. Hebard Case, bachelor of science; Leslie Asa Hicks, bachelor of science in civil engineering; and Donald Francis Nicholson, Jr., bachelor of science in sugar technology.

## KAUAI WONERS AS TO NATIONAL GUARD'S FUTURE

(Special Star-Bulletin Correspondence.) LIHUE, Kauai, June 4.—The recent orders announced for the national guard have caused a great deal of comment among the guard members of the 4th Regiment.

The regiment was fully officered and had some 55 commissioned officials. It is said that under the new plans Kauai will have but one battalion and this will cut the number of commissions to about fourteen, with the rank of major as the highest.

There is considerable speculation as to who will accept appointment in the readjustment and as to what disposition will be made of the hospital corps, supply and machine gun companies.

Several of the officers, it is said, will ask to be placed on the reserve list.

The plans for reorganization on the new basis are not complete but it is expected that four companies will be raised to full war strength by transfer and enlistment, and that they will be stationed at Lihue, Keala, Homesteads and Waimea or Makaweli. There are ample men to fill the ranks at each of these centers.

The smaller organization will greatly relieve the present fear of scarcity of labor for if mobilization of the regiment had been ordered many of the plantations would have been very seriously handicapped. While mobilization will be keenly felt on the plantations, the effect will be much lessened by the reduction of the guard.

## WAKING UP TO WAR SAYS LOWREY

"They're waking up to the war on the mainland now." This is a report which F. J. Lowrey, president of Lowers & Cooke, makes upon his return from a three months' trip to the states.

The Lowrey party included Mrs. F. J. Lowrey and Mrs. F. D. Lowrey, infant and children. Fred and John Lowrey. They visited mostly in California, touring places of interest, but went as far east as the Grand Canyon of Arizona.

Although on a pleasure trip, Mr. Lowrey did not confine all of his time to recreation and made some interesting observations on coastwise shipping and business with an eye to his own line, the lumber industry.

"Since the government has started war activities by building submarine chasers of timber and of erecting whole new towns for training camps, you may rest assured the lumber is certainly going down and up," he says; "down in the forests and up in the price."

Mr. Lowrey also reports that freight rates are leaping on apace.

## SALVATION ARMY MAN HERE TO SUPERVISE HAWAIIAN AFFAIRS

As an advance guard of Commissioner and Mrs. Thomas Estill, who are arriving soon to dedicate the new Salvation Army boys' home in Manoa valley, Capt. Albert E. Marburg of Chicago arrived on the last boat from the coast and is now the guest of Brigadier and Mrs. Robert Dubbin.

Captain Marburg represents the territorial headquarters of the Salvation Army and comes here largely in the capacity of auditor to make a complete supervision of the Army's Hawaiian affairs. He will remain for the dedication ceremonies.

The captain is a Hollander by birth and an American by choice. He has never been to Hawaii and is already delighted with the southern islands.

For several years the captain was in Holland, later took up work in Chicago and for the last three years has been secretary of the boys' and girls' home in California.

## MUN LUN TEAMS PLAY 15 INNING GAME IN LEAGUE

By SUNN HUNG  
(Special Star-Bulletin Correspondence)  
MUN LUN SCHOOL, June 5.—The longest game of ball ever played in local schools was pulled off at the Mun Lun school last Saturday afternoon between the Seniors and a team of the Mun Lun Boys' club. The score was 14 to 13 in favor of the Senior lads, but the game had been going on for 15 innings, before the winning run was made. It was certainly some game and without a doubt no other school teams in the territory had ever played a game in 15 cantos. The oriental lads did it, and this game caused more excitement than the Braves-St. Louis game which went for 12 frames at the Moillili Field Sunday. The club players are oldtimers in a way and some of them started to play ball when the winners were still kids and knew very little then of the great American game. But as the days go by the youngsters have been showing more improvement than their elders. They pounded Kong Kai and Ah Kee of the losers for 14 safeties, while on the other hand Kam Bung, Jan Fui and Fook Low were touched for only nine bingles. Both teams made eight errors apiece, but the club members made many star catches. Look Ching at center was the particular star of the game. He prevented the Seniors from scoring in the tenth and thirteenth innings when he made two sensational catches. A miss would have resulted in a ten inning battle, and his last catch of a swift liner was a peach. When the ball was caught he rolled over and made a somersault which brought the 500 student fans and fanettes to their toes.

**Lai Sinn Played 28 Innings**  
It certainly takes a husky player to perform in 28 innings of play, especially in such hot weather. The player who did it was no other than Lai Sinn, the first sacker of the St. Louis nine. However, he played short and third base for the losers and after the game journeyed to Moillili and played another 13 inning game against the Braves. In the first game he collected a homer and two singles, the only player who made three safeties for his team. For the winners, Willie Ching, Kam Bung and Fook Low played good ball. In a week or so the old timers will no doubt regain their battling eyes and when the two teams meet again woe to the Seniors.

## PUNAHOU PLANS SHOOT CONTEST

(Special Star-Bulletin Correspondence)  
OAHU COLLEGE, June 5.—Punahou is making plans for the big shooting contest which is to be held this coming Saturday on the Punchbowl range. It is an inter-company shoot for the General Johnson cup, a handsome engraved honor now on display at Punahou.

Sixteen men, eight from each of the two Academy companies, have been practicing for a month for this match. They have been under the personal care of General Johnson and they have also had the instruction of Sgt. Stevenson, a crack shot of the National Guard. Their scores have been steadily improving and it is believed that they will make good records on Saturday.

All students and friends of Punahou have been invited to the shoot, and it is believed that a large crowd will turn out to see this end of the season contest.

## CARL MORRIS BEATS MORAN IN 10 ROUNDS

NEW YORK, June 5.—In a ten-round bout here last night Morris out-fought and was given a newspaper decision over Moran. The fight was a tame one and there was general disappointment over the showing of the two men.

"Little boy," asked the well-meaning reformer, "is that your mamma over yonder with the beautiful set of furs?"  
"Yes, sir," answered the bright lad.  
"Well, do you know what poor animal it is that has had to suffer in order that your mamma might have the furs with which she adorns herself so proudly?"  
"Yes, sir. My papa."

Aspiring Author—Candidly, now what do you think of my new story?"  
The Critic—"Please don't ask me. You are so much bigger and stronger than I am." —Puck.

## BIG FOUR WILL SWIM IN EVENT AT HILO JULY 4

Duke Kahanamoku, Harold Kruger, Clarence Lane and John Kelli are invited

Duke Kahanamoku, world's champion sprint swimmer, Harold Kruger, world's champion in the back stroke, Clarence Lane and John Kelli will go to Hilo on July 4 to compete in the swimming races which will be held on Hilo harbor. This will be the first time that the Big Four has been asked to come to Hilo.

M. A. Nicoll, chairman of the committee on aquatic sports, has written that Hilo will pay all of the expenses of the swimmers from the time that they leave Honolulu on June 30 until they return on Friday, July 6. It is also expected that the boys will be given a trip to the volcano during the time they are on the big island.

**Three Events**  
According to the plans for the Hilo meet the first race will be staged at 10:30 a. m. just before the barge race. This will be a 50-yard event. The second race will follow after the barge race over 100 yards, and following three or four boys' events the swimmers will be asked to meet in the 200-yard race which will complete the program. Harold Kruger may give an exhibition in backstroke swimming.

Duke Kahanamoku and Harold Kruger may have a place in the barges on July 4, but both said that they would compete in the meet. Clarence Lane and John Kelli have also said that they would make the trip which will be a real feature event in every way.

Prospects are bright for a big aquatic program on July 4, as a new barge has arrived in Hilo, and the Crescent City oarsmen are going to go after the laurels this time. Among the candidates for positions on the Hilo crews are: H. K. Kellner, R. B. Dodge, M. A. Nicoll, F. W. Koehn, George Todd, William Brown, J. S. O'Dowda, E. S. Elmore, Faatola, F. J. Cooper, George Willfong, B. Landes, C. W. Vannatta, Andrews, Jack Kennedy, Tom Forbes, Gilbert Patten, Harry Spencer, Jack Bal.

## KAM-PUNAHOU GAME HAS BEEN CALLED OFF

(Special Star-Bulletin Correspondence)  
OAHU COLLEGE, June 5.—The Kam-Punahou baseball game which was to have been played last Saturday and which was the last game of the interscholastic schedule, has been called off. Owing to the fact that the Kam schools were conducting their examinations on last Friday and Saturday the game was postponed. In this week Punahou has two postponed games already—Mills and St. Louis—so it is impossible to play the postponed Kam game for another week. This brings the baseball after Kam's commencement, which is June 4, and therefore Kam prefers to declare the game a forfeit in favor of Punahou. Punahou is playing the much discussed Mills game today on Alexander field.

## Doings on the Circuit

Fun Luke, the diminutive left fielder of the St. Louis College ball team, is the lead-off man for his team. He steps to the plate as a little lamb from the fold, and sizes up the opposing pitcher's delivery. Once on to it, he informs his team-mates of the peculiar twists and bends, and thus accomplishes his duty as lead-off man.

Chun Chew, the Saints' centerfielder, is one of the bright lights of the interscholastic league. Chunny covers his position gracefully and, above all, is a mighty man with the willow. Journey down to Athletic Park this p. m. and you will have a glimpse of a second tier.

Last Sunday at Moillili Field, Henry Walker was the choice for base umpire for the Electric-Reach game. His decisions were impartial and at no time were there any disputes over them. Henry is just the man for the position. He also umpired the Advertiser-von Hamm-Young game.

Jimmie Aylett, the umpire-in-chief for the Commercial League at Moillili Field, must not be forgotten. This young man handles his position to the satisfaction of all. With Aylett looking them over behind the plate and Walker watching the bases, the Commercial teams ought to be proud of being able to secure the services of this combination.

Hawaiian Preserving Company team defeated Ewa in the Plantation League on Sunday by a score of 5 to 3. Wai-pahu won from the Aiea team by a score of 7 to 3. Both games were witnessed by large crowds.

T. Murashige, who takes care of the center garden for the Electric, demonstrated to the Reach team last Sunday that they either have to get up before the dawn of day or secure the services of a faster infield. This youngster, in fact, the shortest man on his team, got safely to first on a single, stole second and, gaining his second wind, successfully pilfered third. On a signal by the coach for a squeeze, Murashige sneaked in for a run, under the very eyes of Pitcher Joseph.

John Perry, who has been playing first for the Electric, handles his position well. He covers plenty of ground and with his long reach has saved the Electric many a run. Perry is hitting the ball fairly well and with plenty of practice will no doubt increase his batting average.

Among the many spectators present at the Electric-Reach game last Sunday, was Mr. F. E. Blake, general manager of the Hawaiian Electric Co. Ltd. Mr. Blake was well pleased with the playing of his team. He knows baseball from A to Z and is a lover of the great national game.

Ernest Heine, who sometimes covers right field for the Electric, did good and effective coaching for his team down the third base line during the Electric-Reach game. He is always present with lot of "pep" whenever his team plays.

## SATISFAIR WILL MEET ONEONTA IN MILE EVENT

Mary Jay Also Entered; Prospects Bright for Successful Meet; Railbirds Out

## FIRESTONE TEAM MAY TAKE PLACE SAINT TOSSERS

Pat Gleason Would Play St. Louis Under Name of Firestones; Many Applicants

Shortmen should be interested to learn that this is the open season for "railbirds" and that they are to be found in goodly numbers in the vicinity of Kapiolani Park almost any morning these days, apparently drawn hither by the horses being given work-outs prior to their participation in the racing meet of the Hawaii Racing and Polo Association scheduled for Saturday next, the Monday following and the following Saturday, the dates being June 9th, 11th and 15th.

The "railbird" is a peculiar specimen of the bird family, being about as much given to feathers as a Chihuahua dog is to hair. But it is an impossibility to eliminate them from the vicinity of race horses as they insist on being on hand for all work-outs, and in general, in "doping" for future use, being well supplied with inside information when the starter's flag is dropped.

Occasionally there is discovered among the "railbird" family owners of racing entries, but more frequently they are the outsiders getting on the inside of happenings well in advance of the uninitiated public that only turns out on the days the big events are scheduled to take place.

One of the peculiarities of the "railbird" is that he is more prominent early in the morning than at any other time during the day, the reason for this probably being that then the ponies are their busiest on the track. The "railbird" knows all the horses to speak to, knows and often is part of the jockey system, is on familiar terms with the pedigree of the stock, not overlooking the owners.

The entries, to date, are:  
Creola Challenge Cup: Carmalta, Theo. Roosevelt and Bill Boy.  
Five furlongs, free-for-all: Umpqua, Robert and Fair Mary.  
One-eighth, Oriental stakes: Pawaa Boy, Akibono and Mount Girl.  
Five-eighths, Hawaiian bred: Copra, Kapiolani and Bubbling Water.  
One mile Oneonta stake: Oneonta, Satisfax and Mary Jay.  
Three-eighths, Hawaiian bred: Oneonta, Knight of Glenn and Lunu.  
One and one-half miles: Sea Bolt, Mohawk Boy and Robert.  
Second Day, Monday, June 11:  
2:15 class: Sinner, Carmalta, El Oro and Roosevelt.  
Queen's cup (3/4 mile): Frances B., Bubbling Water and Kapiolani.  
Special event, 3/4 mile, for enlisted men.  
Half mile, free-for-all: Copra, Umpqua, Satisfax and Lahontan Water.  
Oriental stakes (5/8 mile): Pawaa Boy, Akibono and Golden Spray.  
Mile race (entries not listed) the following are entered as jockeys: R. W. Shingle, C. H. Rice, Allan Lowrey, Louie Beard, George H. Angus, H. K. Angus, H. K. Castle, John S. Grace and H. G. Dillingham.

Pat Gleason has decided to change the name of the St. Louis team to the Firestones, according to Arthur Wayne, manager of the Smoot & Steinhauser Company, Gleason, who guides the destinies of the St. Louis team in the Honolulu league, believes that the Firestone name will be a big boost, and has offered his team to play under the Firestone name. If his offer is accepted this will leave only one team playing under the St. Louis name, this being the St. Louis team of the Pacific League, as the interscholastic season will soon be over.

Pat Gleason has Bill Inman, Bill Janassen, Peterson and a number of other players, and the new Firestones, if the offer is accepted, will perhaps play in the Honolulu League this year. Smoot has another offer from Fort De Russy, and the Pauoa, Kaimuki, Moillili, Chaffeurs, Bishop Park, Kaka and hundreds of other teams want to play under the name of Firestone.

# SHIPPING & WATERFRONT NEWS

## INTER-ISLAND HARD HIT BY RISING PRICES

Company Will Have to Increase Rates or Quit Freight Business

So hard has the inter-island steam navigation company been hit by war prices on numerous commodities that the abandonment of the freight business is being seriously considered, with the alternative of increasing the company's freight and passenger rates.

This was the gist of the testimony of President James A. Kennedy last night at a meeting of the public utilities commission in the public works department office.

Mr. Kennedy asserted that the cost of carrying for meals to passengers is higher by \$2.00 a month than it was a year ago, and that in the first three months of the present year the earnings of the transportation department were less by \$26,000 than for the same period one year ago.

The securing of coal is the hardest problem the company is facing, said Mr. Kennedy, who added that the company was refusing to make contracts for coal longer than for June, July and August. Prices of coal are going up rapidly.

The shipping president stated further that if the Matson Navigation Company should put its boats on the Newport News-Mediterranean run it would receive \$10 a ton for carrying coal.

## New Shipyard Is Building at S. F.

Dan Hanigan will have the most up-to-date and efficient steel ship construction yard on the Pacific Coast, according to his announcement yesterday. He will introduce the best features of the yards in the North-west combined with what he saw during his recent trip East, says the San Francisco Examiner of May 22.

A. T. Highfield, one of the best steel construction men on the coast, left the Northwest Steel Company in Portland and came back here with Hanigan, arriving last Saturday night. Highfield has had experience at Newport News, Cramps, Union Iron Works under the Dickie regime, Moore & Seatz and then to Portland.

Highfield went to work yesterday morning laying out the plans for the steel construction yards of the Hanigan Dry Dock and Shipbuilding Company. He will arrange for the installation of the very latest devices.

Hanigan, who returned with Highfield in tow on Saturday night, yesterday gave out something of his plans for the future. He is backed by some of the soundest financial organizations in California and has capital enough to put through his ideas. Here is what he said in part:

Within six months I will have a steel construction yard that will be the most up-to-date on the coast, not excepting any of them. They talk about shortage of experts. I already have brought one of the best and I have half a dozen others on call. The members of my staff will be the best.

As to the features of my yard all I can say is that I have definitely decided to install the trolley line system. With two cables, 100 feet above the ground, one on each side of the endless cable service to the trolleys, I expect to give service of plates to the sides of the two vessels we are about to construct that cannot be equalled otherwise.

I have been notified by the shipping board officials that the two steel steamers for which I have signed up will not be interfered with as they are for an American firm for their own business.

## N. Y. K. TO RAISE ITS RATES ON FREIGHT TO EUROPE NEXT MONTH

It is reported that the Nippon Yusen Kaisha is again planning to raise its freight rates on the intermediate service between Europe and Japan, starting July 1. As no objection has been raised by the local shippers, it can be said it is almost decided. It is proposed to increase the charges on general goods from 131 shillings to 145 shillings.

From September of this year the rates will be further increased by thirty per cent. In order not to cause any inconvenience on the part of the shippers, the N. Y. K. has decided to wait three months before the latest increased freight rates will become effective.—Japan Advertiser.

A majority of the inmates of the Massachusetts State Prison have volunteered their services to Governor McCall in any capacity in connection with the national crisis.

The Montclair, N. J., authorities have directed that the playing or singing of the national anthem shall conclude all entertainments in places of amusement licensed by the town.

The New York State Automobile Association notified Governor Whitman that it would place the cars of all its members at the disposal of military authorities in event of an emergency.

## More Steerage Than Room For

There are more Asiatics wanting to get away from Japan and China than the Japanese lines can take, according to the Japanese Advertiser of May 19, which says:

It is estimated that there are now about 2000 Japanese waiting in Kobe, Yokohama and other ports for a chance to get to America. The lines of these two ports, it was learned by an advertiser reporter yesterday, are full of these would-be emigrants, some of whom have waited for three months and whose hotel bills have mounted higher than the sums charged by the steamship companies for steerage passage.

Because the Government requires all emigrants to undergo a physical examination just before departure from this country, it is impossible for emigrants to remain in their home villages while waiting for steamers. They have to go to Yokohama or Kobe for this examination and must there await their steamers.

Because of the steerage of the British steamers on the trans-Pacific run are no longer available for ordinary steerage passengers, due to the requirements of the British Government, Japanese who desire to leave this country for America are having a hard time getting passage.

Chinese emigrants used to rely on the British liners for steerage passage. Since the British vessels were put to other uses, however, the Chinese have taken to the Japanese boats, which, heretofore, they have strictly boycotted. As a result the Japanese emigrants have been crowded off their own boats to a large extent.

It was learned yesterday that there are now six hundred Japanese waiting for passage on the Nippon Yusen Kaisha liners, while the Toyo Kaisha Kaisha and the Osaka Shosen Kaisha also have long steerage waiting lists.

## 20,000 Japanese Are Going South

As the result of negotiations between the South American Emigration Association and the Nippon Yusen Kaisha in connection with the transportation of 20,000 Japanese emigrants to Brazil during the next four years, it has been decided that the Osaka Shosen Kaisha will carry a part of these laborers, says the Japan Advertiser.

For some time great rivalry has existed between the two steamship companies. With about 1300 Japanese emigrants, the Wakasa Maru of the Nippon Yusen Kaisha left Japan for Brazil recently. Owing to the great scarcity of available bottoms, however, the N. Y. K. has decided it cannot carry all of these emigrants, so has yielded to the requests of the O. S. K. that it be allowed to take some of them.

The Seattle Maru, which will be third ship of the O. S. K. since that company inaugurated a new line to South America, left Kobe yesterday for Nagasaki where she will stay for several days undergoing necessary preparations for her long trip to South America. She will be thoroughly overhauled there while special quarters to accommodate the emigrants will be provided. From Nagasaki the Seattle Maru will arrive at Yokohama in the latter part of the month and will sail 1 for Rio de Janeiro and Buenos Aires via Kobe, Nagasaki, Hongkong, Singapore, Durban, and Cape Town. She will carry a heavy consignment of general Japanese merchandise destined both to South Africa and South America.

## MUCH CRITICISM OF BOAT PLANS

Captain A. F. Pillsbury, representative of the United States Shipping Board on the Pacific Coast, returned to San Francisco from Washington with a few plans and little to say. What he would say was about like this:

General Goethals is against talking. But I may answer a few questions if they are not too intimate. Yes, some contracts have already been let. They are given to representatives of Pacific Coast firms who were in Washington and who named prices that were considered fair by the board. Some were for steel and some for wooden construction.

No contract will be let under percentage. I have brought back with me some of the plans, including the general offsets of the wooden vessels to be built. The balance of the plans will arrive by mail shortly.

The number of wooden ships to be built on this coast is still problematical. I do not think that more than 100 contracts for delivery within a year will be given, as we have been given to understand that that is about the limit.

As soon as the last plans arrive I shall call for tenders all along the Pacific coast. The wooden vessels will be of one design. The plans were drawn by Theodore Ferris of New York and call for a vessel of 3,500 tons deadweight carrying capacity with steam engines of 1,500 horsepower.

Much criticism The shipping board, or rather Ferris, plans for one-design wooden ships which have so far arrived here, have been subjected to a severe criticism by local wooden construction architects and builders. But the general consensus of opinion seems to be that while there is a definite lightness of construction and fastenings, the Ferris wooden ships will float.—S. F. Examiner.

## CAPTAIN LYONS WRITES GRAPHIC STORY OF MISSOURIAN SINKING

(Special Star-Bulletin Correspondence)

HILO, June 1.—When the good ship Missouriian was sunk by a submarine in the Mediterranean on April 4 last, Captain William Lyons was in charge of the vessel. Captain Lyons is well known in Hilo and all other island ports and he has written to a friend of his in this city, telling the full story of the disaster. The captain is a facile writer and his story is written in the style that a newspaperman likes to see. So, as there is no reason to edit the story, it is told as related by Captain Lyons.

How the Missouriian Went

"We sailed from Genoa at sixteen minutes past 10 o'clock on the morning of April 4, and at 3 o'clock that afternoon, the first intimation that we had of any danger was when we saw the white, foamy track of a torpedo coming toward us. That torpedo was missed by a few feet and then the submarine that had fired the deadly missile emerged from the water and, upon reaching the surface, commenced to shell us. The shelling was kept up all the time that we were getting into the boats and until we got away from the ship on the starboard side. Then the submarine went around to the port side of the Missouriian and shelled the ship from that position.

A Second Torpedo

"After firing about a dozen shots

into the port side of the ship, the submarine again went to the starboard side and launched another torpedo which caught the poor old Missouriian well aft and did the deadly work too well. Twenty-seven minutes after the sinking of the good old ship went down stern foremost and in nearly a perpendicular position.

Ship Stood on End

"When the ship was nearly standing on end with about 100 feet of her hull sticking straight up in the air, her bulkheads evident gave way and the Missouriian went out of sight forever. It was then that I said farewell to the ship that had been my home for nearly ten years and I must admit that tears came to my eyes for the first time in many years. Well, such is life, and I am ready to take another ship into the war zone, but it will be a vessel with guns, face and art and I hope to have the pleasure of sinking a few of those horrible pirates that are breaking every law of man and God.

Submarine Followed Boats

"After we got away in the boats and started for shore, the submarine followed us for some distance but when a patrol boat came up they fired three shots at her and then submerged. The patrol boat fired at the Hun diver but she was too quick in diving to allow of a shell hitting her."

## SECOND EXPERT SOUGHT BY MAUI

MAUI, June 5.—If the plan to build a second expert station on Maui is to be carried out, the Hawaiian Electric Co. must have a second expert station on Maui. The company has been unable to find a second expert station on Maui. The company has been unable to find a second expert station on Maui.

Mr. Krauss stated that the Hawaiian Electric Co. is planning to build a second expert station on Maui. The company has been unable to find a second expert station on Maui. The company has been unable to find a second expert station on Maui.

On the presumption that the county agent idea, which had been proposed by J. R. Mathews, of the Alexander House Settlement, might be a "slam" at Krauss, Harold Rice and other members at the meeting paid extremely high tribute to the Haiku agriculturalist, whose painstaking and conscientious work for the past five years on Maui has won the confidence and admiration of those who have come in contact with him.

Mr. Mathews and other repudiated the suggestion that there had been any thought back of the county agent idea other than that of enlarging the scope of scientific agricultural work in the county.

WANT COMMISSIONER NAMED  
WAILUKU, Maui, June 1.—Why Governor Pinkham has neglected to appoint the three members of the territorial food commission outside of Honolulu is a matter that is causing considerable comment. The act as passed by the legislature, creating the new commission, provides for a board of nine members, six from Honolulu and one from each of the other islands.

The Oahu delegation was announced immediately following the close of the legislative session and has organized, formulated plans, and is calling upon the other islands to get back of it and push. There is no doubt that Maui will do her part, but it is the same old story of taxation without representation that is not pleasant—particularly when the outside islands will probably be called upon to do more than Oahu in the food producing business.

GOVERNOR TO VISIT MAUI  
Governor Pinkham will visit Maui within the next two weeks, according to word brought by Superintendent of Public Works Forbes, who arrived this morning. The chief executive is coming in connection with the food conservation and production campaign. Mr. Forbes and others of the governor's official family may be along at that time, as well as members of the new Oahu food commission.

MISS TRABUS WEDS  
At the home of the bride's parents, Mr. and Mrs. Herman Trabus, on Mill street, Wailuku, occurred the marriage of their daughter, Miss Annie E. Trabus to Mr. George A. Fak, on Saturday evening, May 19, at 8 o'clock. The ceremony was performed by the Rev. R. B. Dodge of the Wailuku Union church, in the presence of a small number of intimate friends of the bride's family.

SET COMMENCEMENT DATE  
Commencement week at the Maui High School will be held this year on June 22. There are but two members in the graduating class—Miss Constance Kinney and Douglas Wells.

## ADDITIONAL TELEGRAPH NEWS

BIG MONEY IN SHIPS  
NEW YORK, N. Y., June 5.—The International Maritime Marine Corporation management yesterday announced that during the year 1916 the company had earned approximately \$2,000,000. It was also officially announced that a dividend of \$51.23 would be paid on the preferred stock.

CHICAGO BOARD FIXES MAXIMUM PRICE FOR CORN  
CHICAGO, Ill., June 5.—To check inflated values of foodstuffs and prevent further upward soaring in the price of corn, the Chicago Board of Trade yesterday afternoon fixed \$1.45 a bushel as the maximum price for corn on future contracts.

ANTI-DRAFT MEETING CAUSES RIOT IN BRONX  
NEW YORK, N. Y., June 5.—In patriotic wrath at the holding of an anti-draft meeting in the Bronx, several thousands of men and women vainly sought to break through the cordon of police that had surrounded the pacifists for protection. As the attack became more and more violent and pushed forward more closely, clubs were drawn and a number of arrests were made.

GUNBOAT GEIER TO BE RECHRISTENED SCHURZ  
WASHINGTON, D. C., June 5.—The German gunboat Geier, which was seized by the federal authorities following the declaration of war against Germany, and which is now at Pearl Harbor, undergoing repairs, will be renamed when she goes into service of the United States. She will be called the Schurz, after Carl Schurz, the celebrated German-American citizen who won fame and honor for himself in the Civil War.

RADIO OUTFITS FOR SPIES SENT TO MEXICO  
NEW YORK, N. Y., June 5.—Evidence that two wireless plants have been shipped piecemeal into Mexico, supposedly for the use of spies, has been unearthed by the secret service. This development came in connection with the arrest of three men here in the investigation of the leak to Berlin of the news of the departure of the U. S. naval flotilla for England and service in putting down the undersea boat menace.

BANKS ARE WARNED TO WATCH GOLD SHIPMENTS  
WASHINGTON, D. C., June 5.—It was formally announced by the federal reserve board here last night that a survey of the business conditions throughout the country showed that conditions are most healthy. The economies which have been brought about by the war are being felt in many sections of the land. It was said, but that these economies have not seriously interfered with business.

BANK ASSETS REFLECT PROSPERITY OF COUNTRY  
WASHINGTON, D. C., June 5.—The comptroller of currency yesterday announced that the bank assets of the United States as of May 1 amounted to \$16,144,000,000. These figures show an increase over the assets reported as of May 1, 1916, of nearly two billion dollars clearly reflecting the vast volume of trade, satisfactory business conditions and the general prosperity of the nation as well as its splendid preparedness from the financial viewpoint to enter upon the great and costly war upon which it has now embarked.

EXPECT TO MAKE KAUHANE WINNER  
HILO, June 1.—Although there are rumors that there will be no continuation of opposing forces to try and overthrow Chairman Kaubane at the regular election, nothing very definite is known about the matter. It is stated in some quarters that Democratic Candidate Ewaliko will have to run on his own hook and that he will receive no support from the voters who voted for Norman Lyman and James Lewis at the primaries. That this is a fact, is the wish of the intelligent citizens of the community.

## MAUI ELECTION TO GO TO COURT

MAUI, June 5.—The election of Lyman, Democratic candidate for county clerk, to the office of county clerk, is being contested by the Republican candidate, County Clerk Kaue, to the office of county clerk. The election is being contested by the Republican candidate, County Clerk Kaue, to the office of county clerk.

As stated in the Maui News last week, the county clerk acting on an order of the County Attorney, J. R. Deane, has issued certificates of election to all the voters who had voted at the election. This is the first time since the election that the county clerk has issued certificates of election to all the voters who had voted at the election.

The board of supervisors on the authority of the county clerk, has declared, however, that the 1917 ballots cast should not be counted, but that the 1916 ballots should be counted. The board of supervisors has declared, however, that the 1917 ballots cast should not be counted, but that the 1916 ballots should be counted.

Should the courts support Lyman in his claim, it will mean that Kaue has not been elected, and inasmuch as the period for calling the general election has passed, it will be necessary to call a special election after the first of July to fill the vacancy, as provided by the new law passed by the last legislature.

Cockett's Seat Also Shaky  
It is also reported that the Democrats may try to upset Pin Cockett's majority of 115 votes on ground of error. The returns sent to the Democratic headquarters from Kipahulu precinct for Cockett were 49, while the returns found by Clerk Kaue from the precinct are 42.

However as Lyons was the only Democrat in the field, and he is after Kaue's scalp, Cockett's narrow margin may be allowed to go uncontested.

## TRIES GUN PLAY, HIMSELF SHOT

HILO, June 1.—Ole again has a Filipino used a gun in an attempt to kill a man and this time it is to be reported that the gunman himself was shot and wounded after he had tried to shoot a police officer. The Filipino is an employee of Ooakala plantation and the officer whose life was attempted is Joe Amos. The shooting took place on Monday last and it caused a sensation in the district.

It appears that the Filipino, Clemente, was chasing a dog around one of the camps and was firing a revolver at it. The noise attracted the attention of the police officer and he made his way to the camp. He, upon seeing what the Filipino was doing, called upon him to stop shooting. The man replied by firing four shots at the dog and then turned the gun on the officer and fired at him. The bullet went wide and the officer replied with a shot that hit the Filipino in the fleshy part of the thigh. The man then ran into a cane field and disappeared from sight.

The police later on caught the man along the Hamakua line and he was taken to the hospital to have his wound dressed.

SEALED TENDERS.  
Sealed tenders will be received by the Board of Harbor Commissioners until 2:00 p. m. Thursday, June 28, 1917, for the placing of fill behind wooden bulkhead wall at Pier 2, Honolulu, T. H.

Plans, specifications and blank forms of proposal are on file in the office of the Board of Harbor Commissioners, Capitol Building, Honolulu, T. H.

The Board of Harbor Commissioners reserves the right to reject any or all tenders.

CHARLES R. FORBES,  
Chairman, Board of Harbor Commissioners.  
Dated: Honolulu, June 1, 1917.  
5891-10t

THE PUBLIC ARE HEREBY INVITED TO CONSIDER THE COMMERCIAL LAW POINTS OF A PATENT. BEFORE MAKING AN APPLICATION FOR AN IMPROVEMENT.

When an inventor claims an improvement, he is given credit for new idea only, although such idea have led to the perfection of the device. So therefore what we now present want is, new discoveries and ones that contains merits.

HONOLULU STAR-BULLETIN, TUESDAY, JUNE 5, 1917.

## MOVIE MATINEES FOR CHILDREN FAILURE, SAYS MRS. LINDEMAN

But Good Films League Will Not Give Up Its Work, President Asserts

Mrs. F. J. Lindeman, president of the League for Good Films in Honolulu, believes in speaking "straight from the shoulder." After trying out a Friday afternoon movie matinee for children for several months she sincerely believes it has failed. But she does not propose that her organization shall give up striving for better movies for everybody. She tells of this and many other things of interest relative to the movement in a terse, well written annual report which she delivered Saturday morning to members of the league at their last meeting until October. The report which is well worth any one's while to read follows.

The last meeting of the league in January was so poorly attended that the general impression might be gained that there is no interest being taken in our work. The contrary, however, seems to be so, for day after day I find evidence that the sentiment of the community is with us, even though there is no time to attend committee meetings.

The league is in this work to stay and some day will prove a powerful factor in the community's social welfare, but the growth is slow, and we have to be gradually educated, which naturally entails some self-sacrifice. It has been suggested that we should all pledge ourselves to avoid plays that are questionable. Whether that be the will of the league, I cannot say. It does seem as though we might wield an influence toward bettering the tone of the general programs.

Must Do Pioneer Work

This sort of work is not confined to Honolulu, it is extremely widespread, and although war conditions may interfere to an extent with amusements and recreations, it remains that the movies are the cheapest form of entertainment and will endure. Also, the money of the people continues to be invested in the production of pictures.

Invariably to an inquiry, "Why do the theaters show such trash?" a movie man will tell you: "Because that is what the public demands. The box office shows it." If that be the case, I think that unless some of us are willing to take hold and do pioneer work, the next generation will drift hopelessly upon moral reefs. A man interested in the production of the moving pictures said, in answer to the above question: "Why do the Cosmopolitan and Hearst's magazine have such a tremendous sale? The same houses that leave those magazines carelessly upon their tables for half grown children to read, are the same houses that provide a family audience to see indifferently moral pictures."

Court Backs Censors

There seems to be, however, considerable difference of opinion as to the standard of moving pictures, and in many conversations upon the subject, I have heard this same criticism: "Why should a handful of women dictate to the whole of Honolulu what it should or should not see?" and for a second or two the instinct of mindless one's own business proves so strong that one stops and wonders why indeed. There are precedents, however. I received through the courtesy of the Pennsylvania board of censors, and let me say, ladies, their power is not a nominal one, and whatever or whoever dictates the standards they maintain, they have been backed by the courts of their state in every instance where an appeal has been made. This board is supported by the state, the money incident to its support is paid by the state and the governor of the state accepts its report. To be brief, the number of reels they examined in the year 1915-16 was 17,020, and heavy fines were meted out to those who violated the order of the censor board and these fines were sustained, as I said before, by the supreme court. This is an illustration which proves that in some states a handful of people dictate what shall be seen by an entire state and no one but the producer feels that his liberty is infringed upon.

Friday Matinee Failure

During the last year, several lines of active work have been tried out by the league. The principal source of activity, the Friday matinee, has proven a failure. At least, so it appears to me, and those of us who have followed the try-out can understand readily why it has proven so. Since last January a continuous moving board of selection has attended the Empire theater for possible short reels and up to the present time not more than a dozen reels have been reported to me as possible, so that one may readily see that the material for the children's matinees has not been prolific. Many people have objected to the length of the matinees and the personal attitude of the children toward these programs will be found in the teachers' reports.

Special Matinees?

Personally, I am opposed to carrying on the Friday matinee under our auspices any longer. I would suggest that when, at any time, there comes here a film that is attractive to the children let us run it as a special matinee if it can be placed at our disposal, but let us discourage any so-called children's matinee which may be advertised without our sanction or consent. It has been suggested that we stand for something more definite than we have heretofore, and pledge ourselves, as members of the league, to refrain from taking our children to promiscuous movie shows. This may

prove a hardship to many children who up to this time have gone continuously, but if the parents of these children do not care to place them selves under the ruling of the league in this matter of it be a failure it is of course their privilege to withdraw. For I can see no other alternative for getting the results we are looking for.

How About Family Night?

It has also been suggested that we go on record as forcibly urging a family night, preferably Friday. I can see the producer's side of the argument in this, and realize how difficult it would be to work it up, for unless the amusement company can see some assurance of success it will not attempt it. The chief objection being the same old situation that we are too far from ordinary exchanges to cater to one show and if the program at the liberty, which, so far, seems to be the logical place for a family night, during the latter half of the week should be showing a tragedy or a sex play, as it often is, what is to be substituted for a family program that will prove as lucrative as the regular bill? If any one can answer this argument with a possible suggestion, it would be appreciated.

And so, with this report, ends the year's work. It has been hard, but the lessons learned are valuable for our future guidance.

In October I hope we start a new year and a new sphere of activity. A committee is to be formed, consisting of a delegate from our league and the various women's organizations to take up the subject in a more general way during the summer. I hope that the results will prove a working basis for our next year's work.

### How I Like Taro

By MRS. W. D. WESTERVELT.

Plain Boiled

After scraping off the rooty outside, boil and serve as you would boiled potatoes. Mush lightly on your plate with a fork.

(By the way, the most economical way to use potatoes is to boil—not bake—them in the jackets and peel in kitchen where the skins may come off as thin as paper.)

Fried Taro

Cut cold boiled taro in thin slices and fry as you do sweet and Irish potatoes.

Taro Cakes

After boiling mash while hot and form into cakes, either frying or baking. If the latter make thinner and pat with water before setting in oven. This insures a puffy and crisp crust. Left over taro can be used this way. It, however, mashes more easily to reheat it in boiling water.

Soup

Cut little dices of taro and put in soup. It is excellent in old fashioned vegetable soup or added to hahā or luau soup, both of which are made like milk soup. Mash through a colander.

Cocktail

Taro makes, while still hot, good cocktail. Mash and strain if you like for smooth texture, mix with milk, add a pinch of salt and a bit of sugar; or—Cut up hot boiled taro in milk, eating as you would bread and milk. Cut only a few pieces at a time so as not to cool it off too much. Sweet potato is good when cold. Sweet potato is good in milk, too. This makes a good light meal by itself.

Bake

Bake taro as you do potatoes, from an hour to one and a half hours. In serving do not cut but break open to insure a mealy condition.

Mashed Taro

Mash lightly with long tined fork, salt and serve steaming hot.

Taro Cakes a la Doughnut

Pound boiled taro smooth, using as little water as possible; drop in pinch of salt; roll in flour, using latter freely. Fry like doughnuts.

HAWAIIAN COOK BOOK

For Kulo and other receipts with coconut let me recommend "Hawaiian Cook Book," also "Hawaiian Fruits—How to Use Them."

### OLD VETERAN DESIRES WORD ABOUT HIS SON

"Chaplain" W. H. Chase, Castle Home road, is seeking information concerning the whereabouts of one Charles Good, probably a soldier in the army here. Good's father, who is a veteran of the Civil War, desires to see his son, and through friends has communicated with Mr. Chase. The father is in the Letterman Hospital at San Francisco with a broken leg. The son left home seven years ago.

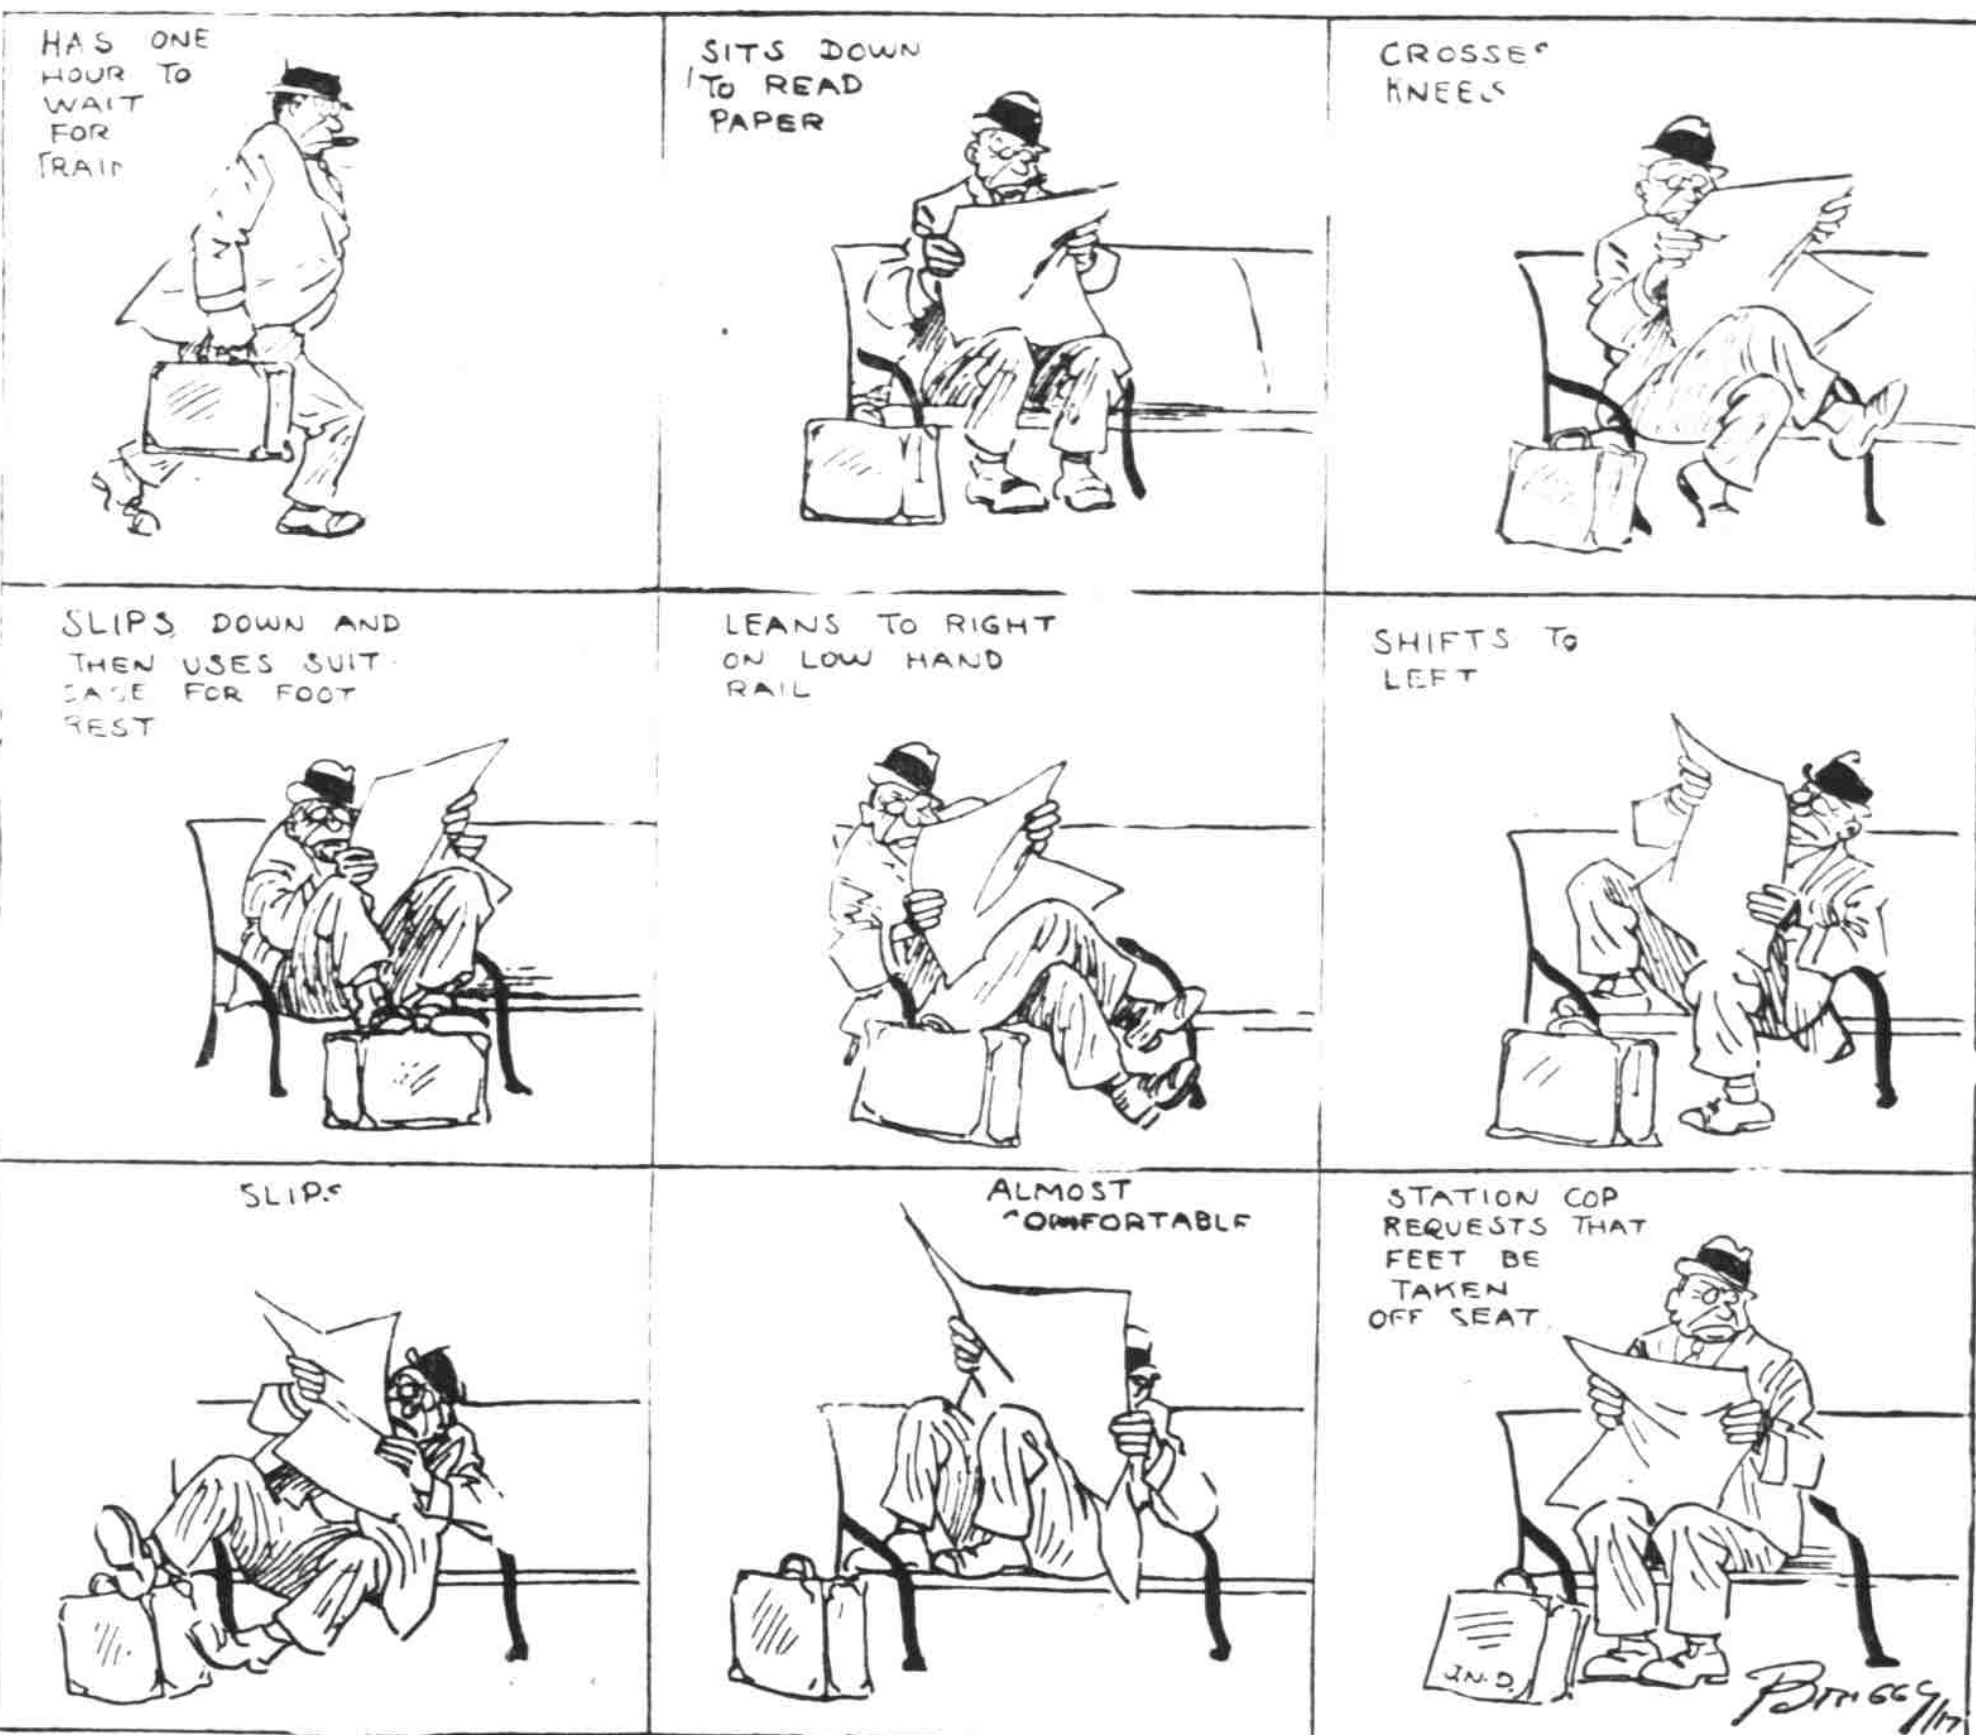

### WHAT BILLY SUNDAY SAYS

In one of his meetings at Boston the noted evangelist said, "I believe that every disease can be cured by some weed if we can only discover it. There is not an ailment that God hasn't somewhere an herb growing that will cure that ailment."

The choice medicinal herbs which will cure women's ailments were discovered more than forty years ago, and have been doing their beneficent work for half a century. Lydia E. Pinkham combined them in convenient form in her famous Vegetable Compound, which is to be found in the drug stores where every ailing woman may conveniently get it at small cost. It does the work!—Adv.

### A Sign Of Age

WHILE HANDS SHOW CLEARLY the condition of one's health, and while they betray one's age much sooner than the face does, they are not the only marks that show the passing of youth. One of the places where age appears is just in back of the ears.

To be sure, the thin-faced woman is always so bony in this little hollow between the ear and the hair, that she should never allow the part to show. In the recent—and past, we hope—skimpy style of hair-dressing, many a youthful face was spoiled in the profile because the hair was pulled back, leaving this bare part exposed.

Thin-faced women are not apt to wrinkle around the ears, but the fleshy ones are. Two fine wrinkles appear, growing more deeply cut with each passing year, and extend down under the ear into the flesh of the neck. Thin women—merely grow thinner and still thinner behind the ear.

One might keep this little tell-tale spot well massaged, of course, in an effort to build up the needed firmness there; but by far the best and easiest plan is to keep the hair combed loosely over the ears, to hide that spot. As a general thing, the nearer the hair is brought to cover the ears, the more becoming it is to the profile.

Besides, few women have time for elaborate massage and many are coming to believe that massage can be overdone, and that it is an overestimated good. Most women use cold cream only every day or so, to clear out the dirt that even hot water and soap will not reach.

### Questions and Answers

To P. Gardner—As your letter is too long to print here, I'll simply answer your questions in order as you wrote them:

First—Internal bathing is an advantage to health, in cases where months and years of waste matter has accumulated.

Copyright by George Mathews Adams

## CHICKEN FAT IS WORTH KEEPING

Do you throw away the body fat of poultry—big layers of clean, sweet, yellow fat around the gizzard and found elsewhere around the intestines of the chicken? If you do, say specialists of the United States department of agriculture, you are throwing away fat which French housewives consider the finest of fats for making cakes and especially puff paste. In certain seasons in New York and other big cities, this fat is so highly esteemed that it brings as much as \$1.10 per pound. So great is the demand for this fat that many people make a business of collecting it from butchers and others who dress poultry before delivering it to customers. Housewives would do well to insist on having it delivered if they buy their poultry dressed. By using chicken fat in cooking they can cut down the amount of fat they must buy for that purpose. To prepare it, try it out in a double boiler, or other vessel set in hot water,

Can you pull your hair back from your ears, and still find it becoming?

Nothing need be added to the water. No one time is better than another to take these baths. I should advise taking one a day for a week, then twice a week or once a week for a month. Then stop, for too much of this will weaken the bowels. Ordinary hot-water bottles can be used, any where from one to two quarts of water is used.

until the fat just melts away from the tissues and can be poured off. This fat becomes rancid early and should be kept cool and covered like butter and used in a very few days. Chicken fat, like goose fat, may be used for shortening in cakes such as spice cake, where the seasoning used will mask any flavor which the fat might have. It can also be used for frying the chicken itself or other meats and for warming vegetables, etc.

A standard of silk colors was presented to the state department of the Grand Army of the Republic by the Massachusetts senate at the close of its annual encampment.

Make your money an intelligent servant for you by investing it. If you give it but the chance, it will surpass your greatest expectations.

—THE AD MAN.

## PROPOSAL TO SUSPEND CHILD LABOR ACT FOR WAR PERIOD DENOUNCED

Members of Congress Privately Discuss Subject But None Advocate It

By C. S. ALBERT  
(Special Star-Bulletin Correspondent)

WASHINGTON, D. C., May 19.—The expediency of suspending the operations of the child labor act until the termination of the war is being much agitated. The sounding of sentiment is proceeding both in and out of Congress. The question has attracted considerable attention, but up to this time seems to meet with but little favor.

Many members of Congress have discussed this subject among themselves but no man of prominence has been found to come forward and openly advocate such action. All those suggested as being behind the movement and ready to take initiative in formally proposing a suspension, have denied any such intention when informed of the matter.

Several senators and representatives from the Southern states, where child labor is declared more essential in the cotton mills and similar enterprises than in any other section of the country, have been credited with standing sponsor for the proposition. Earnest denials have been immediately entered. Thus far it has been impossible to place a finger on the exact origin of this plan.

The reason advanced for the contemplated action is the necessity for

children to take the places of men called for military service. It is contended that these minors could render their country a valuable favor, without being permanently restored to their former conditions. A stipulation would be made that the suspension of the law would not run after the conclusion of hostilities. The bar would be renewed with the establishment of peace.

A storm of protest has been aroused by the widespread dissemination of the suggestion that the child labor act be suspended temporarily. All those who fought for this enactment are indicating their disapproval of letting down the bars, even in the face of an emergency or for any other reason.

It is not now believed that Congress will undertake to face the sentiment prevailing and seriously consider suspension of the act. The plan has been denounced as a crime by Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association.

"There has been no crime committed during the war, and there will be no crime committed greater than would be the repeal of the national child labor law," Mrs. Catt said.

"It required a generation of time and effort to secure it, and its repeal would mean the sacrifice of another generation—the children whom the enemies of that law are lying in wait to exploit."

FRANK T. SULLIVAN, superintendent of mails, is enjoying his annual vacation of 15 days from the post office.

## CENTRAL UNION GRADUATES 121 YOUNG PUPILS

The graduation exercises of 121 pupils of the Central Union Bible School and Church took place Sunday morning before an audience which filled the entire auditorium and gallery. The exercises were conducted by Dr. J. H. Williams, minister, and A. E. Lammie, superintendent. Children who have attained the age of three were given certificates and all who had reached the age of seven were presented with Bibles. Dr. Williams' theme was "Well Done."

Following is the list of graduates by departments:

From Cradle Roll to Sunbeam Class—Geraldene Elizabeth Auerbach, Elizabeth Robson Bowen, Richard Alexander Cooke Jr., Frank Stephens Fitty, Carl Henry Brandson, Elizabeth Gaudner, Robert Alexander Gosling, Dorine Sophia Haglund, Anna Josephine Horner, John Jewett Lowrey, Jessie Macrae McLean, Margaret Lidgate Melanphy, Charlotte Myrtle Nelson, Thelma Henrietta Olsen, Virginia Pemberton, Margaret Evelyn Rath, Alda Sammons, Maybelle Leihulu Steward, Margaret Elizabeth Thoen, Catherine Hamilton Witte.

From Sunbeam Class to Primary Department—Ballard Albertson, Olive Baldwin, Lewis Brown, Northrup Castle, Harry Clark, Betty DeForest, Marian Denison, Eleanor Dole, Billy Driver, Dorothy Erdman, Georgina Friel, Helena Gosling, Edith Guild, Paul Livingston, Annie Loshok, Hamilton MacCaughy, Jean Macintyre, Charlotte Miller, Zele Miller, Richard Nelson, Richard Nieman, Richard Pond, Arthur Rice, Jack Roberts, Dolores Regello, Raymond Smith, Richard Smoot, Rachel Soltonvitch, Ruth Tay, Katherine Warren.

From Primary to Junior Department—Jack Adams, Donald Angus, Jack Beadle, Dorcas Bicknell, Herbert Butzke, Patricia Castro, Clark Chapin, Clio Chamberlain, Carol Corbaley, Anson Dargoe, Lyman Dean, Richard Dole, Frances Forbes, Margaret Frear, Nevada Hayward, Lloyd Hopwood, Clarence Horner, Wilson Johnstone, Richard Leach, Arthur Leithhead, Margrieta Livingston, Caroline Loshok, Janice Lovett, Alice Lyster, William Meyer, Allen Moore, Halford Noggle, Elizabeth Rath, Polly Richards, Carol Skog, Ernest Steiner, Frank Sullivan, Annie Tawelsky, Marion Trotter, Wallace Waterhouse, Donn Young.

From Junior to Intermediate Department—Howard Babbitt, Irwin H. Beadle, Catherine Benner, Jessie Bon Phillips Brooks, Jessie Booth, Estelle Cassidy, Montgomery Clark, Dorothy L. Curry, Tommy De Temple, Lucille Downs, Louise Drew, Blanche Fernandez, Frederick Forbes, Elizabeth Frazier, James Friel, Alonzo Gartley Jr., Amanda Elsie Haglund, Sadao Katsuki, Tokiko Katsuki, Reeve Kocher, Eleanor Lyster, Lani Macintyre, Lawrence Madonado, Irvine Parra, Herbert Montague, Richards, Margaret R. Schmidt, Logan Shepherd, John Young Smith, Margaret Thrum, Fred Trotter, Eleanor H. Wayson, Gordon Young.

Children of the Church Publicly Recognized—Elisha Sidney Hauman, Andrews, Harry Clark, George Paul Cooke Jr., Anson Manuel Dargoe, Carl George Dargoe, James Drummond Dole Jr., Robert Baker Farmer, Richard Maurice Frazier, Will Braly Furur, Walter Damon Giffard, Janet Haugha, Ruth Goward Howland, Smith Hu, Wilsow Irwin, William Clyde Irwin, Yasuo Katsuki, Caroline Loshok, Charlotte Leah McLean, Howard Hoffman Moore, Roger Hersey, Nugent, Maria Nunes, Henry Vincent Rath, Dolores Regello, Joseph Regello, Harriet Elizabeth Rice, Edgar Craig Scheneck, George Alfonso Schurmann, Eloise Constance Skog, Constance von Hamm, Donn Dwyer Young.

FRANK T. SULLIVAN, superintendent of mails, is enjoying his annual vacation of 15 days from the post office.

## The Beauty of Youth—Always

A skin that remains pure, smooth and beautiful. That retains the delicate softness of youth. That always has the wonderful, pearls-like appearance so much in favor among the women in Society. Yours can be such a skin if you will consistently use

## Gouraud's Oriental Cream

the supreme liquid face cream. It purifies the skin, protects and beautifies—results are instant. Facial blemishes are effectively concealed and troubled skin rapidly becomes normal. Non-greasy—in use 68 years. Send 10c. for trial size.

### Gouraud's Medicated Soap

The skin is constantly subject to poison and infection from the dirt, dust and matter that collect in the pores from the air. An efficient antiseptic and cleansing agent is necessary if you would avoid this danger. Gouraud's Medicated Soap thoroughly cleanses the skin. Its refreshing, antiseptic lather penetrates the pores, and destroys all poisonous matter. Ideal for skin troubles. Makes a perfect Skin and Complexion Soap.

Send 10c for the trial size.

FERD. T. HOPKINS & SON, New York City.
