FOREIGN NEWS

Must Sell or Fortify.

LONDON, June 20.—The Copenhagen correspondent of the Daily Mail cables his paper saying that the United States has sent another note to Denmark in the matter of the sale of the Danish West Indies, to the effect that if Denmark is not willing to sell the islands the United States must demand that Denmark fortify and garrison the islands of St. Thomas and St. John, which would command the Nicaragua canal. The situation is regarded seriously here, as Denmark cannot dream of undertaking the erection of fortifications and the maintenance of garrisons, which would cost several millions.

Spain and England.

MADRID, June 18.—The Diario de la Marina, a service organ, in an alarmist article sees in the Gibraltar agitation a menace by Great Britain against the integrity of Spain. The newspaper urges the reconstruction of the Spanish army and navy as the only means to ward off the threatened blow. The article concludes with these words:

"Let us abandon the peace budget, for we must be in readiness for war."

Boers Capture Colonials.

LONDON, June 16.—Lord Kitchener has cabled from Pretoria under today's date as follows: "Near Welmansrust, twenty miles south of Middelburg, 250 Victoria mounted rifles were surprised in camp at Steenkool-spruit by a superior force of Boers at 7:30 p. m., June 12th. The enemy crept up to within short range and poured a deadly fire into the camp, killing two officers and sixteen men and wounding four officers and thirty-eight men, of whom twenty-eight were slightly wounded. Only two officers and fifty men escaped to General Beaton's camp. The remainder were taken prisoners and released. Two pompoms were captured by the enemy. Full details have not yet been received."

Ravages of Plague in India.

WASHINGTON, June 13.—The fearful ravages of plague in British East India are increasing. In the Presidency of Bombay during the week ended April 12 there were 1947 new cases and 1632 deaths. This is an increase of 172 cases and 127 deaths over the previous week. The increase is notable in Karachi, where 230 fresh plague cases and 209 deaths were reported and 492 others suspected in Bombay city. There are many thousands of plague deaths reported from other provinces of India, the largest number being in the Patna division of Bengal where, up to April 27, the total of 437,681 cases were reported.

Cuba Accepts Platt Amendment.

BUFFALO, (N. Y.), June 12.—Secretary of War Root was tonight shown the dispatch from Havana announcing the adoption of the Platt amendment by the Cuban Constitutional Convention. He said: "If the Cuban convention has adopted the Platt amendment it has done the wisest and most patriotic thing possible for Cuba. It means the independence of Cuba, and all that is best and freest in Cuba with be backed by all that is best in the United States."

When Secretary of State Hay read the dispatch he said: "As an old friend of Cuban independence for the last thirty years, I am most gratified to learn that the Cuban convention has done what is so clearly to the advantage of the Cuban people."

TELEGRAPHIC ITEMS

The British troops will soon leave Peking.

London is fairly overrun with Yankee tourists.

A new coin for the Philippines is being talked of.

The Santa Fe will not establish a trans-Pacific line.

The Ministers at Peking are not pleased with German methods.

The tobacco magnates of the East have organized in a giant trust.

Summer Normal School.

The summer term of the Honolulu Normal School will begin July 8 in the High School and will continue for eight weeks, or until August 30. This is not what has been known in the past as the summer school, although the features will be similar. It is merely a special session of the Normal School, being held at that time for the benefit of teachers.

During the term there will be a number of lectures. Among the speakers will be Prof. M. M. Scott and Dr. Jared Smith. It is the intention of the Department of Education to secure, if possible, the services of Dr. David Starr Jordan for one or more evenings. Mr. and Mrs. J. W. Gilmore, who were scheduled as instructors in nature study and English during the term, will not be able to respond as they have accepted positions in the Philippines and will shortly leave for Manila. The following is the course of study and list of instructors:

Methods—Reading, Spelling, Writing, History, Nature Study, Geography, Number, School Management. Teacher—Edgar Wood, principal.

English—Myths, Legends, Historical Stories, Evangeline and The Grandmother's Story. (a) Expression work—painting, drawing, modelling, etc. (b) Oral and written expression, presentation of correct forms, etc. (c) Formal Grammar. Teachers—Miss Margaret Burton and one other to be selected.

Mathematics—Review of Arithmetic, Algebra, Geometry. Teacher—J. Bicknell.

Geography—Observational Geography, Geography of the Hawaiian Islands, and Current Geography. Teacher—Mrs. L. G. Marshall.

Nature Study—Study of Insects, their habits and habits. Lessons and suggestions for carrying out the requirements of the course of study. Teachers—To be selected.

Agriculture—Formation and preparation of soil. Plants in relation to their environment. Propagation of plants. Teachers—To be selected.

Art—Chalk modelling, painting, charcoal work, illustrations of geography, stories, etc. Teacher—W. H. Hilt.

Music—Course in music leading to Primary and Intermediate Certificates. Teacher—Mrs. Anna B. Tucker.

Manual Training—Making of Apparatus necessary in school work. Teacher—C. A. Donald.

Physical Culture—Exercises for school room and play ground. Teacher—Miss Nina Adams.

During the last week of the term examination of teachers for certificates will take place.—Semi-Weekly Star.

Athletic Notes.

Work is proceeding slowly on the new base ball grounds at Wailuku, for the reason that money is coming in quite slowly. The grounds are now about ready for the roller, and funds will soon be on hand to finish the work on the diamond.

On Sunday afternoon at two, the Morning Stars will play the K. K. R.'s at Kahului. The Stars will for the first time appear in their new uniforms.

The Wailukus have conditionally accepted the challenge of the Puunene's, as will be seen from the following:

Mr. George Sykes,
Sec. Puunene Club;—

The Maui Athletic Association hereby accepts the Puunene Club's challenge for a game of baseball at Kahului for a purse of \$50, providing the following members of the above Association are allowed to play: W. R. Boote, W. H. Cornwell, Jr., J. Garcia, G. H. Cummings, C. Bailey, A. Jackson, T. Pickard, T. Wilson, and L. R. Crook and a few others as substitutes.

As several members of the Maui Athletic Association contemplate taking a trip to Hilo for the Fourth of July races, we would ask that the date of the game be changed.

Geo. H. Cummings,
Capt. Maui Athletic Association Baseball Club.

The approaching polo game to be played at Maunaloa on July 19, between the Makawao Club and the Honolulu Club is a source of pleasurable anticipation. Personally, the two teams will be well matched, but the Honolulu boys will be much better mounted, and as the pony has as much to do with the success of the game as the player, the Makawao team have some hard work to do, but they are determined to give the Honolulu team some work to do.

The Makawao polo grounds are rather smaller than the regulation size, and if the Maui Athletic Association will lay off a polo ground at Wailuku, for which their grounds are well suited, and will organized a local polo team, future polo games will doubtless be played here instead of at Makawao.

The News jested editorially a week ago at the proposition of making the Islands a part of California. It has since developed that there is a serious move on foot to accomplish the annexation. Were the people of the Islands a unit race, such a proposition would not be tolerated by them for an instant. But with the diversity of races and interests here, it becomes a serious question whether it would not, after all, be a natural solution of the problem. The United States government would be willing and California would be willing. And when the people of the Islands have had time to look in to this matter fully they too may exclaim, "Barkis is willin'."

The race horse on Maui is passing away like the dodo and ichthyornis, and it is a question if there are enough thoroughbred horses on the Island to save us from scrub races. Even the high grade trotting blood so predominant here some years since is becoming scarce, and there is not a man or rancho on the Island engaged in raising fast horses. Where there is so much horseback riding, and where riding is so enjoyable as on Maui, it is singular that more attention is not paid to the industry of raising high class horses. Racing, as a dignified sport, will have to be abandoned on our race track, if we cannot get a better class of horses than we now have.

It is useless to hope to educate the people of the United States as to the degree of advancement which the Islands has attained. Those of them who have seen us or read intelligently about us know better, but as for the bulk of them, even the flaming hula posters spread broadcast don't make matters much worse. Hawaii however is not alone in her afflictions in this respect. Even California has to suffer from the same misconception at the hands of the easterners, who even today have an idea that the Mexicans dance fandangoes in Golden Gate Park, and that Indians and grizzlies roam at large through the dense forests of Oakland and Alameda.

In the matter of building material, the Islands are taking valuable lessons from ancient Rome. In recent excavations, the foundations of the house of Sallust, (B. C. 40), were encountered, and it was necessary to use dynamite to remove them. This demonstrates the practicable indestructibility of concrete for building purpose and the concrete buildings now being constructed in Honolulu, notably the Stangenwald building, the Hawaiian Automobile building, and others in course of construction, will stand for the next thousand years, an imperishable monument to the proper and natural building material.

Just before the adjournment of the regular session of the legislature, the News suggested that Governor Dole extend the session, provided the legislature would satisfy him that they would confine themselves to the matter of passing an appropriation bill, and raising funds to meet the appropriations. It is to be hoped that by this time both the home rulers and the governor have learned certain lessons of self abnegation, and that when another special session is called, there will be less personal feeling on both sides, and that proper legislation will be enacted.

There are many industries lying dormant on Maui, waiting for the right man to come along and develop them. To illustrate, take for instance the pineapple industry. There are thousands of acres on Maui which would produce sweet, juicy, succulent pineapples which could be canned for the world's market. If a cannery were established on Maui to handle pineapples, many would cultivate them to sell to the cannery. By and by, this identical thing will happen.

No alarm need be felt concerning the fluctuations of the sugar stock market on the coast, as the price of stock has nothing to do with the output and price of sugar. Notwithstanding the difficulty in securing labor, the sugar industry of Maui was never in a more flourishing condition than it is to-day. It is the cultivation of the cultivators rather than the speculation of the speculators that measures the success of our sugar industry.

If a special session of the legislature could be called to pass nothing but the appropriation bill, why could not another special session be called to pass nothing but the loan bill? If to obtain the passage of a loan bill, nothing but an extra session would answer, at which the present legislature would have full swing to tinker at general legislation, a temporary financial strain would in many respects be the lesser evil.

It is a very serious mistake to attempt to apply the land laws of the United States to the government lands of Hawaii. The sensible plan would be to set aside all such lands to the territory in trust to be sold or leased for the sole benefit of the roads and schools of the Islands. This can be done.

It is perhaps too late now to further urge a proper celebration of the Fourth of July on Maui this year, with its necessary concomitants of public speaking, barbecued beef and fireworks, but another year better things are to be hoped.

WANTED.—An Agricultural Society. No more beneficial organization could be effected on Maui, not only to exploit cane culture, but also to encourage the raising of small fruits and vegetables.

What Maui Will Get.

The following are the items in the appropriation bill for salaries on Maui, as it passed the House:

JUDICIARY DEPARTMENT.

Second Circuit.—
Salary of Clerk, Second Circuit 1,800.00
Salary of District Magistrate, Lahaina, 3rd class 2,200.00
Salary of District Magistrate, Wailuku, 2nd class 2,880.00
Salary of District Magistrate, Makawao, 3rd class 2,200.00
Salary of District Magistrate, Hana, 4th class 1,680.00
Salary of District Magistrate, Kipahulu, 7th class 800.00
Salary of District Magistrate, Honouliuli, 7th class 800.00
Salary of District Magistrate, Molokai, 5th class 1,200.00
Salary of District Magistrate, Lanai 8th class 600.00

DEPARTMENT OF THE ATTORNEY GENERAL.

Salary of the Sheriff of Maui 4,500.00
Salary of the Clerk to Sheriff of Maui 1,800.00
Salary of the Deputy Sheriff of Maui 3,000.00
Salary of the Deputy Sheriff of Makawao 2,400.00
Salary of the Deputy Sheriff of Lahaina 2,400.00
Salary of the Deputy Sheriff of Hana 1,440.00
Salary of the Deputy Sheriff of Kipahulu 900.00
Salary of the Deputy Sheriff of Molokai 1,600.00
Pay of Maui Police 54,080.00
Pay of Jailors' Guards and Lunas of Prisoners, Maui 5,000.00
Salary of Superintendent of Wailuku and Kahului Water Works 1,200.00

PAY OF GOVERNMENT PHYSICIANS.

Lahaina, Maui 2,400.00
Wailuku, Maui 2,400.00
Kihei, Kula, etc., Maui 1,440.00
Makawao, Maui 1,440.00
Hana, Maui 2160.00

PICK UPS.

Edison's invention of a real, practical, cheap storage battery will revolutionize manufactures and commerce.

With such a storage battery in existence, and cheap, coal will cost little more than sand, for there will be few uses to which coal can be put. Steam, smoke, soot, ashes will nearly disappear.

There need be no coaling stations for these huge floating fighting machines, the modern battleships. A fleet can keep at sea so long as its provisions last. So, in all probability there will be fewer wars, for wars will be more destructive.

There will be no more trolley lines, nor trolley cars; locomotives will move almost silently, steam and gasoline automobiles will be of the past.

There will be no more last winter's coal bills to hang like millstones round the necks of housekeepers. Production will also be revolutionized. Farmers will run their plows by electricity. The produce will be raised on soil tilled by machines run by storage batteries. Stock will be fed on the products of that same soil. The linen shirt a man wears will have been transported by electric power from factories, where it was made by electric power, out of a plant raised on land tilled by electric power.

But why multiply these examples? The twentieth century, thanks to Edison, will be the age of stored electricity. Nor will there be long to wait before the wonders done by a real storage battery manifest themselves.

The "unkindest cut of all" among unintentional sayings capable of a satirical application was that of an old pew opener in a southern country. She was in attendance on the rector, the church warden and a city architect down with a view to church restoration. Said the architect, poking the woodwork with his cane, "There's a great deal of dry rot in these pews, Mr. Rector." Before the latter could reply the old woman cut in with, "But, law, sir, is ain't nothing to what there is in the pulpit."—Chambers' Journal.

LOCALS

Cool and cloudy weather on central Maui this week, with some rain.

Quite a number of the gilded youth of Wailuku will take in the Hilo races.

Our country cousins are all invited to attend the dance and the races at Wailuku next week.

The racing program for the Fourth has all been filled, and good sport may be expected at Kahului next Thursday.

Mrs. A. J. Rodrigues, dressmaker, has the agency for BUTTERICK'S PATTERNS for the Island of Maui.

If you want a dainty, refreshing and healthful toothwash, write to Hackfeld & Co., Honolulu, for ODOL.

It is currently reported that Hamoa Plantation has been permanently shut down because of failure to pay dividends.

Contractor Burlem is making rapid progress on the residence building for the settlement teachers, at the south end of the settlement grounds.

The Maui Athletic Association hold their regular monthly meeting on Monday evening, July 1, and all members are earnestly requested to be present.

A fire on Front Street, Lahaina, on Monday night about 10:30 destroyed three Chinese buildings, including the store of Yee Lee, which was insured for \$1,500.

Chas. Crowell is erecting a new blacksmith shop for James Painter, on the corner of Church and Lyons streets, and will soon have it completed. Mr. Painter will occupy it about the first of July.

On Monday the Iao Stables will begin to run a daily mail stage between Wailuku and Lahaina. The stage will leave Lahaina for Wailuku every morning at 7, and will leave Wailuku for Lahaina every day at 12.

The building diagonally across Main street from the News office, formerly occupied by Dr. Weddick as an office, has been rented and fitted up for an office by Eldredge & Kahookale, surveyors. P. E. Lamay, Engineer, has desk room in the same office.

Wailuku now boasts a third class post office, Mr. T. B. Lyons having just received his commission as third class postmaster. Uncle Sam will now pay office rent, and allows \$10 per month for clerk hire. The salary for the postmaster is entirely inadequate however, and should be increased.

Duncan Murdoch, bookkeeper of Ewa Plantation, and F. E. Atwater, principal of the Hailu school, in attempting to cross the crater of Haleakala on the route to Kaupo, lost their way and were compelled to remain out all night in a cold, drizzling rain, near the summit.

Joseph Cockett has become the owner of a very choice piece of town property on the corner of Main and South Market streets, having a frontage of 135 feet on Main and 315 feet on South Market. He will subdivide and sell this property, and this is an excellent chance to secure a choice building lot in the best portion of town.

WEDDING BELLS.

The wedding of Mr. W. J. Forbes of Honolulu and Miss D. Watson of the Maunaloa Seminary took place in the parlor of the seminary last Thursday evening, June 27.

The decorations were in green and white and while not elaborate were pretty and effective. Suspended from the ceiling and extending around three sides of the parlor was a festoon of netting very prettily woven with Maile and Peruvian Pinks while back of this hung a large white net draped with Maile. Scattered here and there around the room were pots of ferns and palms and resting on the piano a jardiniere of Ascension Lilies. About half past eight the groom and groomsmen emerged from the left wing of the building and passing along the veranda entered the parlor to the music of Wagner's Wedding song, rendered by a chorus of girls from the seminary and accompanied on the piano by Mrs. J. J. Hair. At the same time little Oliver Lindsay and Bertram Aiken, each bearing a basket of flowers to which was attached the end of a white ribbon, preceded the bridal party from the left wing, making a passage through which the bridesmaid and the bride, accompanied by the mother passed along the veranda to the parlor.

The bride looked charming, dressed in a dainty white organdie and bearing a bouquet of white carnations. The ceremony was performed by the Rev. Dr. Beckwith and after congratulations refreshments were served. There was a large number of guests present among whom were the Hon. H. P. Baldwin and Mrs. Baldwin, Mr. and Mrs. W. J. Lowrie, Mr. L. D. Loveland and Mrs. Loveland, Mr. H. A. Baldwin and Mrs. Baldwin, Mr. F. F. Baldwin and Mrs. Baldwin, Mr. W. O. Aiken and Mrs. Aiken, Mr. F. W. Hardy and Mrs. Hardy, Mr. J. J. Hair and Mrs. Hair, Mr. and Mrs. Murdoch, Mr. and Mrs. W. E. Beckwith, Mr. and Mrs. Atwater, the Misses Hart, Smith, Fyfe, Forbes, Fleming, the Messrs. Hagg, Baldwin, Fleming, Aiken, Dondas, Anderson, and many others.

Pala Kindergarten.

The Pala Kindergarten held its annual closing exercises on Thursday, June 29, in its large and attractive room.

Of the forty-seven children enrolled, forty-three were present. The program was carried out by them in a sweet and spontaneous manner, all the children joining happily and freely in everything, showing that a real interest and love has been aroused in them for the Kindergarten songs and games.

The Pala Kindergarten was the first one opened on Maui, and for two years has held out open arms to the little ones of the neighborhood in which it is located, and the invitation has been responded to by an eager company of little ones. Miss Mosser, our trained Kindergarten, and her assistant, Miss Mary Tilton, have made it a success from the start.

Miss Mosser shows rare ability in arousing the interest and enthusiasm of the little ones and a great improvement can be seen in those who have come under the healthy, happy influence of this Kindergarten.

If it should be that the lessons learned in this Kindergarten go with these little ones in after life, helping to enrich and ennoble their characters, there will be a rich and satisfying return for any work or sacrifice or thought which has come with the flying weeks and months.

AN INTERESTING WAR MAP.

Mr. P. E. Lamay, who, in connection with Surveyor Harry Eldredge has fitted up an office in the building formerly occupied by the office of Dr. Weddick, has a wall map of the Philippine seat of war, of rare interest. Mr. Lamay, who was connected with the Engineer Corps in the Philippines, made surveys of the region shown on the map, and afterwards prepared the map and had it published at his own expense. Being present during the campaign, he has noted all historical events, so that map is really a compendium of the history of the Philippine war.

The channel through which Dewey entered Manila Bay, the position of the Spanish fleet at the time of attack, the points where each was sunk, the lines of maneuver of the attacking vessels, the point where the American forces landed, the road of march to Manila, the fortifications erected by the insurgents, the place

where Funston and his men swam the River, Aguinaldo's headquarters at Malolos, in fact all points of interest are mapped and noted, making of the map a most interesting study of Manila and the country surrounding for a radius of over sixty miles.

Delightful Guild Entertainment.

The Ladies' Guild of Wailuku, which is noted for its charming entertainments, gave another enjoyable social last Saturday evening at Alexander Hall.

An elaborate program of instrumental and vocal music and recitations was presented, in which Miss Huntington, Miss Nape, Mr. Ault and Mr. Scroder won repeated applause and encores, to the latter of which they responded generously.

The last piece on the program was the farce, "Mrs. Ruggles' Family," which was an exquisitely amusing skit. Miss Mollie Cummings as "Mrs. Ruggles", with a number of the staid and dignified people of Wailuku dressed in knickerbockers, kilts and short dresses as her interesting family of juveniles, were in training to go out to dine in society. The efforts of the dainty little mother to inculcate proper ideas of etiquette in the minds of her boisterous family, and the drollery of the failure that she made, was the leading idea of the farce, and was well worked out. Where all did so well, all deserved to be considered "star" performers, and save that our fingers still tingle with the desire to thank Dr. Boote, who represented the spoiled baby of the family, no separate mention is made.

At the close of the literary exercises, a light supper was served, after which an informal sociable time was indulged in, consisting of music, chatting and games. There was a large attendance, among whom Kahului and Spreckelsville were well represented.

Aloha Lodge Ball.

Aloha Lodge, K. of P., will give a very swell dance at Wailuku Court House next Wednesday evening, July 3, for which nearly 300 invitations have been issued. The Maui Hotel will give the supper dance on the upper verandas of the hotel, and as Manager Field is a high class caterer, a fine spread may be expected. Free trains will be run from Pala, Spreckelsville and Kahului, to Wailuku and return, for the accommodation of the invited guests.

Residence Burned.

Yesterday afternoon the residence of Mrs. Helen Alexander, above Makawao, was entirely destroyed by fire, together with the barn and all except one of the surrounding buildings. The furniture was saved. No one lived at the place except a Chinaman, who states that the fire originated from burning trash. This is the building formerly occupied as a seminary for boys.

Personal Mention.

Attorney Jas. L. Coke has been confined to his bed for the past two weeks with a severe attack of inflammatory rheumatism.

Mrs. S. D. Heapy, daughter of the late John A. Moore, is expected to arrive in Honolulu shortly from an extended visit to Europe.

The many friends of Miss Lillie R. Stack, the charming little ex-postmistress of Spreckelsville, who spent the winter on the coast, will be pleased to learn that she returned to Honolulu on the last City of Peking, and will probably visit Maui.

THE ALABAMA MINSTRELS

Will give an entertainment at Skating Rink

WAILUKU MAUI SATURDAY, JULY 7, 1901.

BY AUTHORITY

WATER NOTICE.

In accordance with Section 1 of chapter XXVI of the laws of 1886:

All persons holding water privileges or those paying water rates, are hereby notified that the water rates for the term ending December 31, 1901, will be due and payable at the office of the Wailuku & Kahului Water Works, on the 1st day of July 1901.

All such rate remaining unpaid for 15 days after they are due will be subject to an additional 10 per cent. All privileges upon which rates remain unpaid August 15, 1901, (30 days after becoming delinquent), are liable to suspension without further notice.

Rates are payable at the office of the Water Works in the Wailuku Court House Building.

W. E. Bal, Supt. Wailuku & Kahului Water Works. Wailuku June 29, 1901.

NOTICE OF SUMMER SCHOOL.

A Summer Session of the Normal School will open Monday, July 8th, and continue eight weeks.

The course of study has been arranged with special reference to the requirements of teachers and those desiring to become such.

An able corps of instructors has been engaged. Tuition will be free. Those desiring to attend will be required to register on or about the opening of the school, for which purpose application may be made to Mr. Edgar Wood, Principal of the Honolulu Normal and Training School.

Examinations for teachers' Certificates will be held Aug. 29 and 30. T. H. Gibson, Insp. Gen. of Schools.

REMOVAL.

On December 1st I will open an office for general business at the Malakal-Ewa corner of King and Bethel streets, Honolulu, down stairs. All business of whatever nature entrusted to me by my Maui neighbors will be promptly attended to.

SHIPPING NEWS

The Zealandia which left Honolulu
for San Francisco on Saturday after-
noon, returned on Sunday afternoon
to repair her leaking boilers.

We clip the following statement
from the shipping news of the Hon-
olulu Republican of last Tuesday:
The Claudine sails this morning.
The Maui people are not inclined
to deny the foregoing statement.

The Island schooner Golden Gate,
Capt. Macey, was wrecked on the
beach at Mauna Lei Gulch, Lanai,
on Wednesday. On Thursday morn-
ing the Lehua went to her rescue,
but was not able to pull her off the
reef. Her freight was taken off,
and she was abandoned. No insur-
ance.

SAN FRANCISCO, June 14.—Catherine Brady, widow of the Second As-
sistant Engineer Thomas H. Brady,
who was drowned on the occasion of
the wreck of the Rio de Janeiro on
the 22nd of last February, filed suit
in the United States District Court
yesterday against Frederick W.
Jordan and nineteen other pilots to
recover \$15,000 damages for the
loss of her husband.

SAN FRANCISCO, June 11.—The
schooner Helene is almost ready to
sail again for Honolulu. She has now
been a year in commission, and Cap-
tain Christensen is more than pleased
with her. She is not the fastest of
the sugar fleet, but she can always
be depended upon, and there is not a
more handsomely fitted out vessel in
the fleet.

A reduced rate of fare for the
round trip to Hilo and return has
been made by the Wilder Company,
and on Tuesday next the Kinau and
Claudine will leave Honolulu for the
big Island. The Kinau sails at noon a
usual and will take her regular route
to Hilo, taking passengers from
Maui ports. Returning she will leave
Hilo on the evening of the 6th, arriv-
ing here on Sunday afternoon.

The Claudine leaves at 5 o'clock in
the afternoon of the 2nd, and takes
in her regular Maui ports, arriving
at Hilo on the evening before the 4th.
She will remain at Hilo until after
the celebration and leave there the
same evening that the Kinau leaves,
returning here on Sunday night, via
Maui ports. The bookings on both
vessels for the trip are many and
the vessels will have all the passen-
gers they can carry by the time the
last Maui port is reached. The band
will go on the flagship Kinau. The
fare for the round trip has been fixed
at \$15.

Vessels in Port—Kahului
