VOL. VI.

HONOLULU, H. I., THURSDAY, JANUARY 25, 1900.

No. 2464.

NO ALARM EXISTS AT HANA

A NUMBER OF LABORERS HAVE REMITTENT FEVER.

But There is Not a Greater Amount of Sickness in the District Than Last Year.

Full information has come from Hana regarding the sickness reported as existing there of which publication was made in The Star of January 8. Dr. McGittigan who is in medical charge there, reports to the Board of Health that a number of laborers have been suffering from remittent fever. For convenience of care and attendance these were all placed together. But they were not quarantined nor isolated, nor did he consider it necessary to do so, nor did he consider that there was anything alarming in the situation. There has been the usual number of remittent fever cases in the different plantations' camp, but there is no greater amount of sickness in the district than there was at this time last year.

CRIME AND PUNISHMENT.

A Horrible Story From Near Bombay Presidency.

An extraordinary story of revenge comes from Dehra, Small Khan, on the northern border of Bombay Presidency. The workmen employed on the additions to the fort of a prominent frontier Mullah quarrelled, and in revenge one faction went at midnight to the cave where the others slept, and shut up the mouth with boulders and clay. Four days later, as the result of encephalitis, the Mullahs opened the cave and extricated eleven corpses. As a punishment three of the ringleaders were hoisted to the top of a pole, and left to starve, the bodies being eaten by vultures.—Japan Gazette.

NEW ADVERTISEMENTS

POWER OF ATTORNEY.

During my absence from the Islands, Mr. J. H. Fisher will act for me under power of attorney.

ALBERT RAAS,
Honolulu, January 24, 1900.

BY AUTHORITY

REGULATIONS OF THE BOARD OF HEALTH.

Office of the Board of Health, Honolulu, H. I., Jan. 24, 1900.

Notice is hereby given that W. L. Stanley, Esq., has been appointed a member of the Citizens' Sanitary Committee.

Paragraph III of the regulations constituting the Citizens' Sanitary Committee is hereby amended by adding the words "or abode" after "residence" in line two, so that the same shall read as follows:

"All persons are hereby prohibited from changing their place of residence or abode from one of said sanitary districts to another without a permit from the Citizens' Sanitary Committee."

C. B. WOOD,
President Board of Health.

NOTICE.

Persons owning safes in the burned district, and desiring to remove the same, are requested to make written application therefor to Robertson & Wilder, attorneys for the Board of Health, giving a description thereof and the locality of same at the time of the fire.

C. B. WOOD,
President Board of Health.
Dated, January 23, 1900.

Sugar Plantation Bonds...

Are desirable investments for trust funds.

We make a specialty of the bonds of such companies as have first been subjected to a thorough legal and financial examination; and we are prepared to furnish full data regarding the properties of the companies whose bonds we have purchased and offer for sale at prices to yield a safe income and good investment.

We will take subscriptions for the following at 2½% premium:
KAHUKU, 3-10 year 6% gold bonds; security, \$750,000; issue, \$200,000.

EWA, 3-10 year 6% gold bonds; security, \$5,000,000; issue, \$500,000.

We are TRUSTEES for both of the above issues.

MEDEIROS HASN'T PLAGUE

SOLDIER TAKEN FROM PRISON LAST NIGHT.

Dr. Hoffman's Judgment is That There Are No Symptoms—Mrs. Roth's Servant Dies at Pest House.

Thursday—Plague deaths, 0; plague cases, 0; suspicious cases, 0. Private A. Medeiros, Company C, N. G. H., who was taken from Oahu prison yesterday afternoon on suspicion of having the plague, is not afflicted with the dread ailment, according to the judgment of Dr. Hoffman this noon.

Dr. Hoffman had been with the man at the pest hospital a great part of the forenoon. The Board of Health was greatly pleased by his report. Of course it is possible that symptoms may become more manifest later.

Medeiros was court-martialed a week ago for leaving his post while on guard duty in Chinatown, and sent to Oahu prison under a sentence of imprisonment for ten days and a fine of \$25. If his case had been one of plague it would have opened up a new difficulty, as all the prisoners would have been sent to quarantine as well as quite a batch of National Guardsmen.

Ng Gee, Mrs. Roth's Chinaman, died at the pest hospital last evening of plague. It will be remembered that he was taken there Tuesday afternoon. Late this morning a post mortem was held on the body at the Board of Health morgue and a verdict as stated returned.

While there is conceded to be no especial danger the Roths, out of consideration for their friends, have gone into voluntary quarantine at their home for the period usually prescribed by the Board of Health. A guard has also been set over the rear part of the premises to shut off access to the former infected district. A board fence will be built around the burned quarter in a few days.

National guards were withdrawn from Chinatown at 12 o'clock last night and the special guards under the police department took charge.

Company G packed up this morning and will this afternoon march to Kaili to join the first battalion in guard duty there. This extra force will be great help as the three companies on duty at the detention camp have had their hands quite full.

All the uniforms of the National Guard were fumigated this morning.

Another long procession of Chinese marched out King street yesterday afternoon to Kaili. In front of the column were a number of drays loaded with the effects of the unfortunate people. The departure of this large number greatly relieved the situation at Kawaiahae church.

Two hundred and ninety-four Hawaiians were removed yesterday to the Labor Camp at Honouliuli to the detention camp at the Kerosene warehouse.

THE WEATHER.

Weather Bureau, Punahou, 1 p. m.
Wind light north; weather cloudy and hazy; light misty showers in the valleys.

Morning minimum temperature, 50; midday maximum temperature, 76; barometer, 9 a. m., 30.00 steady (corrected for gravity); rainfall, 24 hours ending 8 a. m., 0; dew point, 9 a. m., 56; humidity, 9 a. m., 65 per cent.

CURTIS J. LYONS, Observer.

DIED.

BOOTH—At Kalahele, district of Kona, Island of Oahu, Jan. 25, Catherine Emma Kahalelauka, youngest daughter of Mr. and Mrs. Charles W. Booth, aged one year and nine months.

GOOD THING, THIS.

S. M. Damon, agent for the Austin Estate, has notified the tenants of the shack on West's paint shop and the Metropolitan Meat Market on King street that they must vacate as soon as possible as the buildings there are not considered to be in a sanitary condition and it is proposed to replace them at once.

It is understood that a fine business block, three or more stories high, of brick and Kamehameha stone, will be erected on the premises. William Mutch will probably be the builder.

DR. M'WAYNE'S ESTATE.

M. P. Robinson, administrator, has filed an inventory of the estate of the late Dr. A. McWayne, accounting for property valued at \$50,000. The property consists of three acres of land in North Kona, lease of 130 acres in the same district, 112,000 coffee trees, mill, machinery, tools, vehicles, etc.

A POSSIBLE INSULT.

It might be construed as an unfriendly act if Uncle Sam should send a representative to South Africa who knows something about the art of war.—St. Louis Globe Democrat.

ADOPT BUILDING RULES

HEALTH BOARD ACTS ON OLD REPORT.

Regulations That Will Affect Every House to Go Up in Honolulu in Future—Bids for Fence.

The Board of Health held a meeting at 10 o'clock this morning to consider the building regulations recently submitted by the sanitary commission. Each section was read and debated separately. Quite a number of minor amendments were put in.

One amendment put in requires that all cesspools be emptied once every three months at the expense of the owner of the property. Debate was on the question of whether the expense should fall upon the property owner or the occupier. It was finally decided that the Board must have the responsible party to look to.

All the details of building were gone into. It is proposed that these regulations shall stand and shall affect all future houses erected in Honolulu. It will be impossible for the Superintendent of Public Works to grant a building permit until these regulations are prescribed, and the building can not be approved until they have been followed out to the letter.

It was impossible to finish the regulations today so some of the sections went over until tomorrow.

During the session tenders for building fences around the burned Chinatown district were opened and resulted as follows: W. H. Russell, 39 cents per lineal foot; Henry Burrows, 40 cents; Henry K. Moemano & Company, \$475 for the whole job; Albert Trask, 75 cents per foot; John Wise, 77½ cents; D. L. Davis & Company, 99 cents. The two lowest bidders are unknown to the Board of Health and they will be investigated before the contract is let.

AALA DISTRICT IN ASHES

EYESORE TO HONOLULU BURNED THIS MORNING.

Fire Swept From King Street to the Knoll Above Chinese Theaters—Tai Kee's Place Investigated.

The long row of buildings on King street near the Oahu railway depot is in ashes. Included in the burned district are the Bay View hotel, several stores, a restaurant and the houses back to the junction of Aala lane with Aala road. The old Chinese theater was burned. In fact the whole district was swept, leaving only a charred expanse of valuable land and a great stagnant pool to tell the story. The latter will be filled as soon as possible.

Numbers 2 and 4 engines, assisted by Number 1 hose cart and crew, did the business. The engines went down at 9 o'clock this morning and began the fire at about 10:20. At noon the job was practically complete.

At 9 o'clock this morning the Board of Health went out to the corner of Beretania and Pensacola streets and examined the lodging house of Tai Kee, about which there has been so much complaint. Every part of the building and the surrounding area were looked into. President Wood, Mr. Lowrey, Mr. Hatch and George W. Smith were in the party. No vote was there taken on what should be done but private expression had a leaning toward a condemnation of the premises. It was intended to take a vote on the matter at the subsequent session of the Board, but it could not be reached and went over to this afternoon.

Several other Chinese shacks in the neighborhood were investigated and will be discussed in connection with the Tai Kee place. While it will not appear justifiable to submit these houses to the flames it is almost certain that some of them will be condemned as unfit for human habitation. This will necessitate abandonment or considerable alteration. The Tai Kee place, if found at all, will most probably be condemned outright as a case of plague is supposed to be traceable to it.

LATE LOCALS.

Dr. McGrew was given permission by the Board of Health this morning to visit his place near Pearl Harbor 19 look after an artesian well which is reported to have run dry.

There was not a meeting of the Cabinet this morning. President Dole was not in town.

The Board of Health is this afternoon making final payments to the guards transferred last night to the police department.

In Wing Chong Wah Company vs. Margaret V. Carter, bill for specific performance, plaintiffs have joined in the demurrer of defendants.

A concert was given by the band on the grounds of the Executive building at 10 o'clock this morning.

IN BEAUTIFUL DESIGNS.

Dress goods in beautiful designs can be found at L. B. Kerr's, Queen street, and at prices that are remarkably low.

Going out of the business of importing harness and vehicles. Rare chance for bargains. W. W. Wright.

Clearing sale of harness and vehicles this week at W. W. Wright's.

HAS FEW EQUALS.

For light running, easy adjustments, and good work the Singer Sewing machine has few equals and no superiors. B. Bergersen, agent, Bethel street.

HERE AT LAST.

"The Hawaiian Scenic Calendar" published only by The Golden Rule Bazaar, 316 Fort street, was received by the S. S. "Mariposa" and is the hand-somest piece of work in this line ever offered the public. Secure one and send it to the folks at home. They will greatly appreciate it, and it only costs 50 cents.

HOW THE HAT WAS TAKEN

CLERK DISCHARGED FROM THE CUSTOM HOUSE.

Marshal Brown Says That an Injustice Was Done—Efforts to Have the Matter Readjusted.

A clerk in the custom house was discharged on Tuesday on account of charges preferred against him that he had mis-used the position he temporarily occupied as an inspector for the Citizens' Sanitary Committee. It was alleged that he had robbed a Chinese store of a hat after the first. Complaint was made to L. A. Thurston, who communicated with collector-general Stackable, with the result that the young man was at once told that his services were not needed in the custom house.

According to Marshal Brown and others who have been looking into the matter, the action taken in the case, without investigation, was a great injustice to the custom house clerk. It is stated that he lost his hat, as well as spoiling a suit of clothes, while at work during the fire. On Sunday, with the hat smashed in, he entered the Chinese store and asked to be given a hat, promising to pay on Monday and giving his name and address. The Chinaman refused to give credit, there was an altercation and the young man took the hat, leaving with the proprietor of the store the card on which were his name and address. It was this card that enabled his identity to be established at all, and his friends point to it as conclusive proof that no dishonesty was intended. The young man says that he offered the money to the Chinaman on Monday, before he heard that any complaint had been made, and was surprised to find that the Chinaman had been told not to accept payment.

"I have investigated," the marshal said. "I am satisfied that there is nothing in the charge against the young man. He was certainly indiscreet, but I think he was pushed to the wall with unnecessary severity. The story that he left his name and address with the Chinaman is true, as I have found."

Many efforts have been made to have the young man vindicated, as a result of the discovery of the real circumstances of his act. The charge was withdrawn by the Chinese merchant and Mr. Schweitzer who was acting in his behalf and Marshal Brown, made an appeal to Mr. Thurston. The latter declined to take any new step in the matter, giving as a reason the many reports that have been made of swindling and robbery of Chinese by men who are employed by the Board of Health or the Sanitary committee. The clerk who was discharged has lived in Honolulu all his life and many friends declare that he is above suspicion of such work as that attributed to him. Other positions have been offered him and efforts are still being made to vindicate his character. "There is no other charge in the case than that growing out of the hat business," said Marshal Brown. "and among all the other cases of robbery in Chinatown, none are traceable to the young man in question."

MORE PASSENGERS BOOKED.

People to Travel by the Next Australia.

Passengers have already begun to book for the next trip of the Australia from here, on February 20th, according to program. As the vessel left here a little late and may be slightly detained in San Francisco, she may not make her schedule trip. Those booked to date are: M. Cheesman, Captain W. B. Godfrey and wife, Misses May, Ruth, Cora and Sophia Godfrey, George Godfrey, F. W. Alston, M. Brach, A. P. Jackson and wife, J. A. Calvin and wife, Mrs. H. Mehrens and child Mrs. C. D. Warren and daughter, Mrs. H. M. Lyman, F. F. Pettibone, Miss H. E. Cooke and maid.

DEAD IN A FLUME.

The body of a Japanese baby about six months old was found in the water flume at the new Kaili detention camp yesterday afternoon. It was taken out and will be cremated at Maui. A report is being made into the matter is being carried on today.

PLANNING SETTLEMENTS.

The Australia carries an important communication to President McKinley. It asks approval of the expenditure of \$500,000 by the Hawaiian government for damages to those who have suffered losses on account of the sanitary fire. The President is also requested to appoint a court of claims to arrange settlements with the various people interested.

HE HAD CAUSE TO REJOICE.

"A young man came into our store yesterday suffering from a severe attack of cramp colic," writes B. F. Heas, miller and general merchant, Dickey's Mountain, "a. He had tried various home remedies without relief. As I had used Chamberlain's Colic, Cholera and Diarrhoea Remedy I gave him a dose and it soon brought him out all right. I never saw a fellow so rejoiced." Sold by all druggists and dealers. Benson, Smith & Co., general agents, Hawaiian Islands.

EXQUISITE RUGS.

If you want to decorate your home buy one of those 14-4 rugs that are being sold at L. B. Kerr's for \$17. They are good value, exquisite patterns, charming colors, and must be seen to be appreciated. Do not fail to see them before they are all sold.

PASS THE TIME PLEASANTLY.

Steamer men in quarantine pass the time pleasantly by playing gramophones purchased from The Bergstrom Music Co. New improved gramophones sold on easy payments.

STORY OF THE MANAUENSE

AN OCEAN SENSATION FADES AWAY.

Facts About the Reported Typhoon and Leak and the Bucket Brigade—Colonel Hayes' Bad Discipline.

Here is the story of the trip of the transport Manauense from Honolulu to Manila, as related by Captain Barneson and First Officer Barneson, his son, and confirmed by the log of the vessel. There is nothing in it about a leak that nearly sunk the steamer before she could make Manila harbor, nothing about terror-stricken bucket brigades working in darkness amid a terrible typhoon to save the leaking vessel after the lights had given out, nothing about shortage of provisions. The officers have to tell only of a trifling accident to a donkey engine and the electric light plant and of very wretched military discipline under Colonel Webb C. Hayes, things being so bad in Manila harbor on the arrival of the vessel that Officer Barneson interfered to stop the soldiers opening beer barrels and drinking too much.

"We left Honolulu on the 6th of November and made the trip to Manila in average time, twenty-two days," say the officers. "On December 24th, three days from Manila, our donkey engine, which was used to pump bilge water and water that naturally comes in over the tail shaft, became disabled. It was necessary to put the crew and thirty of the soldiers on duty with buckets to keep the water down. They worked in two hours shifts. The electric light machinery had given out, but we had an unlimited supply of candles and candle sticks, and lamps for the decks and hatchways. For a day the bucket work was kept up and then it was stopped, as the water was low enough. Work was resumed the next day, the last of the journey, and we arrived at Manila at about two o'clock on the morning of the 25th, in good condition."

"We had rations for sixty days on board when we left San Francisco and discharged nearly a thousand tons of stores at Manila. At the present day we are living on foods that were in the stores when we last left Honolulu. The men had not only all the ordinary rations, but were actually given beer and other liquors when they helped the crew. There was not a single case of sickness on the trip, which is conclusive proof, if the other things are not, that the rations were all right. The amount and variety of the commissary stores was something surprising. The men were actually able to draw candy from the canteen, a thing probably never heard of in an army before."

"After arriving at Manila we discharged the troops and went to Yokohama to have the donkey engine repaired. A report upon the vessel was asked for from Lloyds and a survey was made, resulting in the report that she was in absolutely first class condition. Without any repairs whatever, since the terrible leak and 'nights of terror' we started back and here we are. For four days on the return we had a real gale and we passed through a slight typhoon. Yet the leaky old transport did not sink. In the teeth of a southeaster she made from eight to ten knots a day, and on other days, though she is rated as a ten knot vessel, she made twelve and thirteen knots."

"The story of disaster is simply due to the drink the men were allowed to imbibe and to the fact that many of them had never even seen the sea before and thought every ocean ripple a billow of water. The statement that the steamer was not in proper condition before she left San Francisco is disproved by our returning as we are, with no repairs, and passing safely through a typhoon, and by the complete report of the committee of officials and holders at San Francisco."

Colonel Webb C. Hayes, who is the officer of the President Hayes, is declared by the officers of the Manauense to have been utterly unfit to command the men under him, and to have maintained no discipline, snubbing every officer who came to him with a suggestion. Most of the officers are spoken of very highly, however, and the men were a splendid lot, though utterly uncontrolled. In Manila harbor, while anchored alongside a British man-of-war, they were allowed to bring beer barrels on deck and open them, till the ship's officers feeling it a disgrace, gave the order that no more should be opened on the vessel.

The Manauense is owned by the Western Commercial Company of San Francisco. She was at one time a Red Cross liner of the famous Liverpool line. Her officers are: Captain J. Barneson; First Officer J. B. Barneson; Second Officer J. Hughes; Third Officer J. Johnson; Purser A. Hart; Chief Engineer MacDonald; First Assistant J. Walters; Second Assistant C. Williams. She is taking coal from the hold of a deep water vessel at the Pacific Mail wharf and will leave for San Francisco tonight. On board is quartermaster clerk Palmer, who was on the vessel the last time she passed through. He confirms the story told by the ship's officers and the captain of the City of Peking, which vessel accompanied the Manauense to Manila, with the 31st infantry, is quoted to the same effect. The account of the Manauense's horrible experience was published all over the states. The officers are very indignant and would like to meet the Manila correspondent who put it on the wire without coming near the vessel to investigate.

MANAGER PAIN FINED \$5

STREET RAILWAY CASE BEFORE WILCOX.

An Appeal Taken at Once to the Circuit Court—Nol Pros as to Foreman and Laborers.

Contrary to expectation created by statements in court last Tuesday, the charge of common nuisance against Manager Pain of the Hawaiian Tramways Company, his foreman and three laborers, was not nolle prossed in the District Court this morning, but went to trial. Deputy Attorney-General Dole appeared for the government. Minister Young was present in court, and so was S. M. Ballou of the Rapid Transit Company. Paul Neumann appeared for the defense.

Marshal Brown was called and testified that acting under instructions from the Interior department he found the employees of the company digging in King street in the process of track laying. He told the foreman it must stop, and Manager Pain coming up at that instant saying the work was being done at his discretion. Pain, the foreman and three laborers were put under arrest. On cross-examination Marshal Brown said that there were two rails in position as though they were to be connected as a switch to the main line and that Mr. Pain told him it was the intention to make the connection.

The correspondence between the Minister of Interior and Paul Neumann giving directions to the company to quit tracklaying until the question of right was settled in the courts, was put in evidence.

Road Supervisor John Oudekerk testified that he had given no permit to do the digging complained of. He could not however say that his predecessor had not. With this testimony the government rested.

Neumann moved the discharge of the defendants on the ground that the action of the law under which the charge was made did not require a permit. This motion was argued at some length.

Paul Neumann argued that the law did not give the Minister of Interior the power to issue an order which was virtually an injunction to stop the company from work, when the courts in the same matter had twice refused to grant an injunction.

The court fined Manager Pain \$5 from which judgment an appeal was at once taken. A nol pros was entered as to the foreman and laborers.

THE MARSHAL'S GUARDS.

When the Board of Health guards and guarding was turned over to Marshal Brown the latter selected from the 300 or more guards turned to him those whose records and recommendations pointed them out as the best men. In all ninety-one guards are now on the Marshall's force. Twelve places are to be guarded night and day and besides a detail is kept at the Board of Health office for emergency calls. The places to be guarded are the Chinatown quarantine district, Punchbowl below Queen street, the Gilman house, the camp on the Kaplan estate opposite Kawaiahae church, Punchbowl and Hotel streets, Printer's lane, Nuuanu and Beretania streets, Kukul street, its whole length, River street above Kukul, Aala lane, Desha lane, the Boardman premises, and the Roth premises.

CHINATOWN ROBBERY.

George Piggett and L. Kaus are charged in the District Court with complicity in the looting of Yuen Chong's store in Chinatown on Saturday. A number of people are held for investigation at the police station. Marshal Brown is of the opinion that there was a large number of people engaged in the looting and that it was carried on over a considerable period of time new people coming in to share the plunder as they saw others taking it.

ARRIVING.
Wednesday, January 25.
Bkt. W. H. Dimond, Nilson, from San Francisco January 9: 800 tons mds.

Thursday, January 25.
Stmr. Ke Au Hou, Mosher, for Kilauea January 24: 3000 bags sugar.

DEPARTING.
Thursday, January 25.
Stmr. Mokoli, Dower, for Kaunakakai, Kamalo and Maunaloa: 5 p. m.
U. S. transport Manauense, Barneson, for San Francisco, 5 p. m.
S. S. Nippon Maru, Allen for San Francisco.
Sp. Antiope, Murray, for Kihel with coal from the sound.

PASSENGERS.
Arrived.
Per bkt. W. H. Dimond, from San Francisco January 9.—H. M. Freek.

MEMORANDA.
The Japanese steamer Yorohime Maru, which has been at anchor outside for some time, entered the harbor this morning.
The ship Antiope leaves for Kihel to discharge her coal there rather than enter Honolulu harbor.
The Nippon Maru was not able to get away yesterday and did not leave till about eleven o'clock this morning. It is doubtful now whether she will beat the Australia, which has the mail to San Francisco.
A bark was reported off Koko Head early this morning and another one was sighted ten miles west later on.

HANA.
Arrived, Jan. 22, schr. Viking, Peterson, with lumber, coal and giant powder for Hana plantation.

KAHULUI.
Arrived, Jan. 16, bark Edward May, from British Columbia with coal; S. S. Cleveland, Klitgaard, 12 days from San Francisco, with general merchandise and pipe for the Walluku water works; brig Lurline, Turfitt, 18 days from San Francisco with general merchandise; Jan. 20, bkt. Mary Winkelman, Beneche, from San Francisco, with lumber and lime.

KIHEI.
Departed, Jan. 16, schr. Metha Nelson, Rice, for Makaweli, in ballast, to load sugar from the Hawaiian Sugar Company's plantation.

BRITISH SHIPPING.
Review of the Industry for the Year 1899.

Reviewing the shipbuilding industry of 1899, the Glasgow Herald estimates the shipping output for the year at 1,713,000 tons as compared with 1,661,000 tons in 1898, in which year the amount of tonnage launched exceeded all previous records. The output on the Tyne, Thames and Humber this year has fallen somewhat short of that of 1898; but all other districts show an increase, and as usual, the Clyde heads the list with an output of 491,974 tons, or more than one-fourth of the entire production of the year. With regard to the year's work, two special features are noted. One is the almost entire extinguishment, so far as new building in this country is concerned, of the sailing vessels. "Not a single ton of the old 'sailing' class of ships," we are told, "has been constructed this year by any of the Clyde yards." And the other feature has been the enormous size of the steamers that have been built during the year, not here alone, but in other countries, as to which the Glasgow Herald writes: "An admirable example of the new leviathans, the Saxonia, was launched from Clydesbank on Saturday. This latest addition to the Cunard fleet possesses a gross tonnage of 13,900 and is expected to be able to carry no less than 20,000 tons of cargo. Another steamer of an almost equal size, the Ivernia, was launched earlier in 1899 for the same company, while the White Star line and various lines in Germany and the United States have also had equally mammoth ships built for them. The full meaning of the late development in size of steamers has not yet, perhaps, been properly grasped, but no doubt it is partly due to the fact that, while the larger vessels will carry a great deal more than those of smaller dimensions, the working cost will only be slightly increased."

BOER AND FILIPINO.
"Shall We Gather at the River" is not a popular song in London.—Omaha World-Herald.
How would Great Britain like to trade General Buller for General Otis? Cincinnati Enquirer.
It begins to look as if Cecil Rhodes were quite a costly luxury.—Memphis Commercial-Appeal.
Oom Paul can now boast of one of the largest collections of British officers ever seen in captivity.—Chicago News.
London says three columns are moving in South Africa, but no mention is made of the direction.—Kansas City Times.
"How will young Hay rank in the State Department?" "He'll rank a long ways below pa."—Cleveland Plain Dealer.

To say the least, the end of the Philippine war were not delayed in transmission.—Detroit News.
We will never realize the extent of the Philippine problem until the insurrection is quelled and the amigos begin to come in from the hills for their rations.—St. Louis Globe-Democrat.

GENERAL BATES.
General Bates, accompanied by his staff, Captain S. E. Smiley and Lieutenant H. M. Reeve, arrived on the Churruca from Zamboanga, Saturday. They visited the Military Governor at headquarters, and accompanied him and Major Murray to Maianan.
The general looks as if his duties as governor of the Sulu district agreed with him. The district is quiet and peaceful, and the natives seem pleased with American rule. The general will remain in the city for Christmas and will possibly return South about the first of the year.—Manila Freedom, December 25.

THE NEXT MAILS.
There is a long interval ahead now before Honolulu has any mail from San Francisco or is able to send any to the coast. The next news will be a week from yesterday, when both the Moana and China are due. The next mail for San Francisco will be on February 2nd, by the Alameda.

KEPANO NOT REPRIMANDED

**NO PROOF THAT HE MOVED HIS
 RESIDENCE.**

Was Arrested But no Witnesses Ap-
 peared Against Him—The Deputy
 Marshal Compelled to Nol. Pros.

Kepano, an aged Hawaiian gorgeously
 decorated with leis appeared before
 the district court this morning charged
 with changing his residence without
 permission of the Citizens' Sanitary
 Committee. In an impassioned address
 in a deep voice like one of the major
 prophets denouncing Jerusalem he de-
 nied the charge explaining that he had
 been at the Lunalilo Home and that he
 was asked to eat his meals on the floor
 of the home as he was from tables.
 In the absence of those who caused
 the arrest and were notified to be here
 with their evidence, I enter a nolle
 prosequi," said the deputy marshal.

"What do you want done with him?"
 asked the court.
 "This warrant was sworn to by Judge
 Perry, and Mr. Ballou was to be here
 to prosecute the case," replied Deputy
 Marshal Chillingworth. "Both were no-
 tified to be here, but neither is. I ask
 that the man be reprimanded and dis-
 charged."

"I'll not reprimand this man without
 testimony showing that he deserves it,"
 said Judge Wilcox. "If men are arrest-
 ed the complaining witnesses ought to
 be here to prosecute. Because a man is
 arrested it does not follow necessarily
 that he is guilty, as some of the cases
 lately before me would indicate some
 people believe. This man pleads not
 guilty. Until there is proof of guilt,
 I have no right even to reprimand him."

"In the absence of those who caused
 the arrest and were notified to be here
 with their evidence, I enter a nolle
 prosequi," said the deputy marshal.

ELECTRIC SPACE SIGNALS

**NEW INVENTION IN MARCONI'S
 WAVE.**

Inventors Getting Marvelous Results
 in Space Communication Without the
 Aid of Wires—Kite Tests.

Inventors seem nowadays to have en-
 tered a competition to see who shall de-
 vise the greatest number of applica-
 tions of electric space-signaling. Among
 those recently reported is the invention
 of A. F. Hamilton for facilitating ap-
 proach to the harbor of Halifax, N. S.
 The Electrical World reports that the
 apparatus consists of "what may be
 called an electrical buoy on which is a
 bell connected with the land by means
 of a submarine cable. In addition to the
 bell, the buoy is intended to hold a Mar-
 coni transmitter from which signals
 may be sent from land to a distance of
 four or five miles." All vessels having
 suitable receivers can thus be readily
 warned of danger as they approach the
 coast and can also ascertain their exact
 situation by paying due heed to the
 signals transmitted. Other applications
 of wireless-signaling systems are thus
 noted in the same paper.

"In a despatch from Chicago, under
 the head of Marconi Tests At Sea, Out-
 done," an account is given of tests of a
 wireless telegraph by Prof. W. S.
 Johnson and C. L. Fortier, of Milwau-
 kee. What these gentlemen accomplished,
 according to the information at hand,
 is this: "They succeeded in telegraphing
 without wires through a suite of seven
 rooms, with all doors closed, and through
 seven walls. The signals were conveyed
 through three fireproof vaults and an
 ordinary telegraph switchboard, in which
 thirty wires were connected up and about
 forty dead wires were located. Notwithstand-
 ing the fact that this switchboard con-
 tained live wires, the current passed
 through all of the vaults and through
 this board. This probably is the most
 severe test ever given wireless telegraph-
 y. A third test was made, in which
 the sending instrument was placed inside
 of one of the steel vaults and both doors
 were closed and the combination lock
 turned. The signals were then transmitted
 clearly from the inside of the vault to an adjoining
 room. The professor claims that his in-
 vention is materially different from that
 of Marconi, and that an instrument
 can be constructed to be carried on
 horseback. Other information tells
 of another system of wireless telegraph-
 y tested at Lexington, Ky., by Prof.
 G. R. Sturtevant. The system, Profes-
 sor Sturtevant says, possesses qualities
 superior to Marconi's system, in that
 instead of transmitting in waves which
 travel in every direction sent, the mes-
 sages are sent in parallel lines in two
 directions, and can not therefore be
 taken indiscriminately by persons not
 intended to receive them. The system,
 he says, originated in England."

In an article on the applications of
 kites to this form of signaling, Electric-
 ity says:
 "Of the various kite experiments of
 recent date none have investigated the
 subject as carefully or as thoroughly
 as William A. Eddy. In studying the
 workings of the Marconi wireless
 telegraph, Mr. Eddy is said to have
 come to the conclusion that a kite wire
 would be far better adapted to catch-
 ing electric oscillations in the atmos-
 phere than Marconi's wires attached to
 poles driven in the ground."
 "Mr. Eddy is furthermore of the opin-
 ion that if the two vertical points of
 sending and reception extend high
 enough into the air, enough electricity
 will be obtained from the atmosphere,
 even in a clear sky, to do away with
 the batteries now made use of. Whether
 Mr. Eddy is correct in his surmise can
 of course only be determined by ex-
 perimenting, and it is along this and
 kindred lines that he has been working
 of late. Among other things he has de-
 vised a sparking apparatus which,
 when attached to a kite and sent up
 four or five hundred feet, can be made
 to emit sparks by means of atmospher-
 ic electricity, at one-second intervals,
 or much more rapidly if desired, and
 in this way Mr. Eddy believes was
 signaling aloft could be carried on."

WHEELER VISITS OTIS.
 General Joe Wheeler was in the city,
 Saturday, and was closeted with the
 military governor during the earlier
 part of the day. He has the appear-
 ance of a man who was tired of the
 outside world and the North line,
 and is anxious to resume some active
 service. He is looking much thinner
 than he did when he first arrived on the
 islands, but he is as active and as lively
 as usual. He will spend Christmas in
 the city—Manila, Freedom, December

A FALSE RUMOR TRACED

**EFFORT TO PROSECUTE THE
 MAN WHO STARTED IT.**

However There is No Law Under
 Which This Can be Done—Action of
 the Board.

The Board of Health has been annoy-
 ed the past two or three days by a false
 rumor persistently circulated that two
 plague victims has been taken dead
 from the Queen hotel, and that the
 Board was trying to suppress the fact.
 So persistent was the rumor, and it was
 circulated with such circumstantiality
 that the Board felt called on to take
 some steps to trace it to its source and
 find out the motive for its circulation
 and upon what it was based.

In the course of its circulation the
 statement that two bodies had been
 taken from there, had had added to it
 the further statement that the reason
 for its alleged attempted suppression
 was that Senator Waterhouse owned
 the building and that his influence was
 securing the suppression.

G. W. Smith started out to trace the
 rumor, and succeeded in finding a man
 occupying a responsible position in a
 business house here who admitted that
 he had repeatedly made the assertion
 that two bodies were taken from the
 Queen hotel on Sunday. When asked
 his ground for the assertion he was
 making or his reasons for making it
 he would give neither.

It is known that he was near the
 Queen hotel Sunday forenoon, when an
 injured man who had been taken there
 from the burning district Saturday af-
 ternoon was removed to one of the de-
 tention camps. In the haste and dan-
 ger of Saturday afternoon he had been
 taken to the Queen hotel for safety.
 He was not in the building occupied
 by the members of the Boardman
 household, nor anywhere that a plague
 patient had been, and was taken from
 there to a detention hospital.
 Mr. Smith consulted Marshal Brown
 to see if there was any law under
 which there could be a prosecution for
 circulating false reports, intending if
 there were to prosecute this man. But
 there is no law under which such pro-
 secution can be maintained.

NEW DISTRICT MAGISTRATE.
 WAILUKU, January 23.—G. B. Rob-
 ertson, appointed District Magistrate
 for Wailuku vice W. A. McKay resign-
 ed, has assumed the duties of his office.

GET MONTH'S PAY.

The Board of Health has presented
 the firemen with a month's pay each in
 recognition of their hard work and
 splendid service during the plague vis-
 itation. The men signed for their money
 yesterday. This is conceded to be
 a deserved recognition. It is rumored
 that the Board of Underwriters will
 take similar action in the matter.

WE INVITE INSPECTION Pacific Heights

Residence lots on Pacific Heights are now offered for sale.
 No residence property having similar advantages and attrac-
 tions, as far as healthfulness of location, having an elevation
 of from 170 to 800 feet, and affording the grandest marine and
 scenic views, as also its proximity to the business part of the
 city being less than a mile from the Progress Block, has ever
 before been presented to the people of Honolulu.

One of the main features of this property, and procured at
 great expense, is the abundant supply of pure spring water,
 pronounced by Dr. C. B. Wood as being the purest and best
 drinking water obtainable in the Island, which is now being
 conducted into storage reservoirs upon the property by an in-
 dependent pipe line, and will be supplied to residents at Gov-
 ernment rates.

OUR GUARANTEE.—We guarantee to all purchasers of lots on
 Pacific Heights that we will, within six months, provide rapid
 transportation to the highest lots on the property, connecting
 the same with the Honolulu Rapid Transit Co.'s line on
 Pauoa Road at the beginning of Kaiulani Drive.

TERMS.—One-third cash, ½ in one year, ½ in two years; in-
 terest, six per cent per annum on deferred payments.

Our carriage will convey parties desiring to inspect the
 property to and from the same.

For maps and full particulars, call at our office, rooms 7 and
 8, Progress Block.

THURSDAY, JANUARY 25, 1900.

It is easy to make charges, but before they are made they should be substantiated. Sometimes when things look very black they are quite explainable. Indiscretion is certainly not crime and should not be punished as such.

The condemnation of the shacks and shanties at the corner of Fort and King is a thing to rejoice over. The place is utterly unsanitary and has been an eye sore for years. But then think of the rents that have come in and not a cent laid out in repairs. A good block of stone like the Waverley will make a handsome addition to the city.

Under present circumstances wouldn't Brother Dutton be a good man to send for. He has been organizing for many years, more than people have any idea of. Brother Dutton, who is now buried in Molokai, was a dashing officer during the war of the rebellion. Brother Dutton would be an invaluable man at such a place as Kalihl. Good executive minds are wanted and that is what Brother Dutton certainly has.

THE RUMOR FIEND.

The circulation of rumors when the city is anxious about every case of plague that may occur, is the meanest thing a man or a woman can do. It seems impossible for some people to believe that there is truth in man when once he occupies an official position. The Board of Health has made the statement that no information about plague patients would be suppressed, and one can confidently say that nothing has been suppressed. No one can judge better of this than the reporters on the newspapers. Their business is to watch for information, and they would very soon detect if anything was held back.

It is a great pity that there is no means of punishing the circulators of false rumors. There is none except holding them up to public reprobation. In one case the rumor that two plague patients had been taken from the Queen's Hotel was traced by a member of the Board of Health to a man named Irvine. This rumor was especially vicious as it charged the Board with suppressing the news of the cases, because the premises belonged to Senator Waterhouse. Of course there was no truth in the tale, but it served as a basis for frothy talkers of a certain stripe to abuse the Board, the government and of course the missionaries.

Yesterday afternoon there were half a dozen stories flying round about the domestic servants of various private families having the plague, and the names of the families were given. There was not a particle of truth in any one of the statements. They were made out of whole cloth, but were being passed from mouth to mouth and in many cases believed.

The newspapers give the cases as they are reported at the Board of Health, and are reliable. If people would cease listening to the rumor crank it would be very much better for the peace of mind of many nervous persons. The Board of Health is composed of honest, honorable gentlemen and for any suspiciously minded person to charge them with what Irvine circulated is beneath contempt.

The mainland papers have had paragraphs from time to time expressed a belief that the extreme limit of expenditures for pensions had been reached, and that gradually the pension roll must decrease. But the filing of claims for widows and orphans of the Civil war still goes on, and naturally these are the pensions due to the veterans of the Spanish war, so that as fast as the rolls are reduced by death, they are increased by new names. There are many bills before Congress now for increase of pensions, so that instead of decreasing, the amount is likely to increase. The present pension roll costs something like \$150,000,000 annually. The pension office is one of the most striking in Washington and employs a perfect army of superintendents and clerks.

CHARACTERISTICS.

The issuing of ammunition to the guards at Kalihl has had a very quieting effect upon the turbulent Japanese. The Japanese are the most unruly of the people in that detention camp. This comes in a great measure from their mercurial temperament, and in part from their self importance.

When the people were being moved from the burning Chinatown, it was the Japanese who made the most trouble. The Chinese and Hawaiians were comparatively quiet in spite of the excitement and hurry of a sudden migra-

tion. It is not that the Japanese are as a mass unruly, but they are easily stirred up and there are designing men among them who make it their business to stir them up. This has been the case at Kalihl, where there is one agitator at least, who makes speeches to his countrymen, and seems to urge them to break forth.

On the other hand, the Japanese when not so stirred up are very amenable, as witness their conduct at the drill shed, where they certainly have been in very narrow quarters and have unavoidably suffered some considerable discomfort. They have, however, been very well fed and have been contented in consequence.

But the Japanese have not the best of records in the community, for they have more crimes of violence against them than any other race on the Islands. They are quick tempered and prone to use the knife when enraged. It is only necessary to note the three recent cases of cutting on Maui, one of which resulted fatally. The Ewa murder, the Wai'alua murder, in both cases women being the victims, and the riot in Kahuku, which was a saturnalia of killing and wounding.

Then again the better thinking and quieter class of Japanese are evidently dominated or intimidated by the criminal or quasi-criminal class. They readily hide the criminals, knowing them to be criminals, and the efforts of police and detectives are constantly baffled by the simple looking rustics. The Wai'alua murder still remains a mystery, so does one of the cases upon Maui.

With such a people it is very evident that an armed guard is required to keep them within the detention camp at Kalihl. The very fact that the Japanese enquired of the guards at Kalihl whether they had ammunition or not showed what they were meditating. Had the guards had no ammunition it looks very much as if they had made up their minds to make a rush.

The better class of Japanese, from the Consul downwards, have done as much as possible to urge good conduct and patience under difficulties. It is not from above that the trouble comes, but from the agitators among the lower ranks, and there is no doubt but that some of these agitators belong to a very low class indeed, and some of them should, be sent back to their own country. The Consul would like to see their backs as much as any one else.

Meanwhile the mass of the Chinese accept their fate most philosophically. The lower classes, though they have been heavy losers seem determined to be contented and to make the best of the circumstances. Unlike the Japanese, the attempt to make the Chinese discontented comes from above and not from below, and there are certain white men who are willing to foster such a feeling. Why this should be so is not clear, but there must be some reason.

It is very fortunate for us that we are now an integral portion of the United States. Were we still an independent little Republic or a petty monarchy we would be bullied right and left at such a crisis as this. This would have been just the opportunity that the East wanted to lay a paw on us, and mayhap gather us in. Every American and European can thank God that annexation came when it did. We have troubles enough with plague, but we would have had a peek of political troubles in addition, and like enough serious riots. It is the aegis of the Great Republic which is now sheltering us.

One story is always good until another is told. The Manuense has a terrible reputation on the coast. There were lurid descriptions of the hardships the soldiers had suffered in what was dubbed a floating coffin. Now the captain comes forward with quite another story and says beer had a great deal to do with the matter. The captain's tale is a consistent one and agrees with the ship's log.

THE BRIGHT SIDE OF LIFE.

It is a feeling common to the majority of us that we do not get quite our amount of happiness. We are entitled to it in the world. Among the two things which tend to make a more or less miserable life health takes first place. Hannah More said that sin was generally to be attributed to biliousness. No doubt a scurvy liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. A chronic dyspeptic, says an eminent English physician, is always on the verge of a mental upset. And who can reckon up the fearful aggregate of pain and fear persons thus afflicted have suffered. You can see these people everywhere. For them life is scarcely to be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like

WAMPOLE'S PREPARATION have not attained their high position in the confidence of the people by wild assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. Nothing has such a record of success in Fevers, Rheumatism, Scrofula, Lung Troubles, all emaciating complaints and disorders, that tend to undermine the foundations of strength and vigor. Its use helps to show life's brighter side. Genuine only is effective from the first dose. "You cannot be disappointed in it." Sold by chemists everywhere.

Marshal's Sale.

IN THE CIRCUIT COURT OF THE FIRST CIRCUIT OF THE HAWAIIAN ISLANDS, ISLAND OF OAHU.—IN ADMIRALTY.

In the matter of a petition for the sale of the Barkentine "William Carson."

Petition for Sale.

To the Marshal of the Hawaiian Islands and his Deputy, Whomsoever, Greeting:

WHEREAS, the Judge of the Circuit Court of the First Circuit, of the Hawaiian Islands, Island of Oahu, in a certain business, civil and maritime, moved and prosecuted before him in said Court against the Barkentine "William Carson," whereof John Piltz is now master, now lying submerged and wrecked about two miles from the harbor of Honolulu, her tackle, apparel and furniture, and against all persons lawfully interfering for their interest therein, has decreed a warrant for issue for the sale of said ship (justice so requiring). You are therefore by these presents, charged and commanded, that you expose or cause to be exposed, the aforesaid Barkentine "William Carson," her tackle, apparel, furniture and other appurtenances to public sale, and that you sell or cause the same to be sold to the best bidder, and that you bring or cause to be brought the money arising from said sale into the registry of this Court immediately after said sale, for the use of the persons who shall be entitled thereby; that at the same time, you duly transmit the account of such sale subscribed by you to the aforesaid judge of said Court, together with these presents.

WITNESS the Honorable W. L. Stanley, 2d Judge of the aforesaid Court at Honolulu, the 22nd day of January, A. D. 1900.

HENRY SMITH,

Clerk Judiciary Department.

Order is hereby issued to the Marshal of the Republic of Hawaii directing him to sell at public auction at twelve o'clock noon Saturday, January 27th, A. D. 1900, at the Judiciary Building in Honolulu the Barkentine "William Carson," her tackle, apparel and furniture to the highest bidder, first giving notice of said sale by publication daily in the Pacific Commercial Advertiser.

AMUSEMENT FOR THE JAPS

GET THEIR FLAG AND ARE NOW SATISFIED.

Chester Doyle Introduces Games for the Amusement of His Countrymen. At the Other Camps.

Chester Doyle today hit upon a new plan to amuse and keep quiet the Japanese under his charge at the dill shed camp. This morning he promised them that if they would behave themselves and keep quiet he would hoist the Japanese flag over the camp and get prizes for tugs of war. A pin might almost have been heard drop in the big camp after Doyle's announcement. The idea of having their own flag over the place tickled the Japs immensely.

From the Japanese consul's office Doyle secured a flag and it was duly hoisted over the camp. The patriotic Japanese have been "swelled up" ever since and they think the camp is twice as good as place as it was before.

This evening the tugs of war will be held. The consul donated money for prizes and there will be a series of exciting contests.

At Kawaiaha church today all has been astir. Special effort was put forward from yesterday to clear the church as soon as possible. This morning the people remaining there were informed that they would leave during today and tomorrow morning for Kalahe. Every one appeared to receive the announcement with pleasure, as they began packing up at once and seemed happy, withal.

About 12 o'clock nearly 400 were formed in the streets. Mounted patrolmen took the procession as far as the railway depot where all took passage on quarantined cars for the Kalahe camp.

At Mr. Richard's camp, Honoukaha, there has been a great deal of business. A large number of people of all nationalities, who are free from any plague infection receive employment at that place. It is a gratifying fact that a very large number of applications for labor have poured in. These orders are filled as rapidly as possible, and new batches of laborers take the places of those sent out. Mr. Richards urges that any in need of help send in their applications at once, stating the kind of labor they want. Some of the best of cooks, waiters, yard men, etc., will be available from today.

Nothing out of the ordinary has happened in the other camps, save for the death of a Japanese baby at the Kawaiaha warehouse of meningitis and the death of the man from the Roth place late yesterday in the pest hospital.

WELL BEHAVED NEGROES.

How They Are Taught anners in Alabama Counties.

In one county which we visited there are 46,000 colored people and 8,000 whites. At the last presidential election 2,000 votes were cast.

One of the prominent business men of the town, who sat in a reserved seat section and chatted during the afternoon show, paid a very high compliment to the colored residents of the county.

"We've got the best niggers in the world right here in this county," he said. "Yes, sir! You'll find 'em quiet, civil and well-behaved. 'Them that didn't want to be quiet and civil we have disposed of. Some of 'em were very troublesome for a little while. They'd voted a few times and got spoiled. They wanted to run this county. We rose up one night and got rid of twenty-seven bad ones, and 'tho' they been no trouble since. They don't try to vote, and if you drive up behind one of 'em on a country road and yell, 'Hello, theab!' at him, he turns around and says, 'Scuse me, white man,' and drives his mule off into the ditch. You work and any better-behaved niggers on earth. They get plenty to eat and plenty to wear, and they have money enough to go to the circus."—Chicago Record.

LUCKY.

How lucky it is for an inferior race which is incapable of self-government that there is always a superior race ready to undertake the job!—Chicago Record.

Hawaiian**Electric
Company.**The cleanest, brightest, safest and really
in the long run, the cheapest and best light
for use in the family residence, is the incan-
descent electric light. Safe; nothing could
be safer. A few days ago a prominent gen-
tleman of Honolulu came rushing down to
the office of the Electric Company and said:
"Give me figures for wiring my house, and I
want it done at once; no more lamps for me.
Last night a lamp tipped over and it came so
near setting fire to the house and burning my
children and I take no more risks."This is the sentiment of quite a number in
the past few weeks, who have ordered their
houses fitted with the perfect light.
Just think it over and make up your mind
that you want the best and safest light; send
for the Hawaiian Electric Company and tell
them what you want.We have a complete stock of everything in
its line and have just received a lot of the

Pale, Thin, Poor Blood, No Energy.

These are the symptoms of impure
blood, starved blood. Take out the im-
purities, feed the blood, and health
quickly returns.Mrs. George Mitchell, of Yuille St.,
Buninyong, Victoria, send us her pho-
tograph with the following story:"I suffered terribly from general debility.
I had no energy. I was tired in the morning
as at night. It did not seem possible for me to
keep up. I was thin and pale and my blood
was very poor. I had no appetite. I gradually
grew weaker and weaker. When almost com-
pletely exhausted I read about**AYER'S
Sarsaparilla**I immediately tried it and began to improve
at once. A few bottles completely restored me
to health."You cannot get the best results from
Ayer's Sarsaparilla if your bowels are
constipated. Take just enough of
Ayer's Pills each night to cause one
good free movement of the bowels the
day following.

Note Heads, Bill Heads, Statements
and Fine Commercial Printing at the
Star Office.**THE COST OF CANONADING**SHOTS THAT REPRESENT \$500
A PIECE.With the Increase of Range in Or-
dinance the Cost of Using Big Guns
Vastly Increased.The use of artillery in the Anglo-
Boer war—the most extensive and skil-
ful, so it is claimed, in any recent con-
test between nations—lends peculiar
interest to the following statistics of
artillery-fire published in La Nature
(Paris, December 2). The excellence
of the Boer artillery is said to be largely
due to their use of French ordnance,
which, especially for shrapnel (which
was what drove back General Buller's
troops at the Tugela), is now unexcelled.
The statistics given in the note are
not only for French, but also for Ger-
man (Krupp) guns. Says the author:"The importance of the range of can-
non and artillery combats is now well
proved: the Transvaal war is a new
demonstration of it, the advantage re-
maining generally with the side that
has guns of the longest range.""During the war of 1870, and particu-
larly at Sedan, the German artillery
covered us with a hail of shot, our own
shells and balls falling 200 yards short
of the enemy's batteries, and produc-
ing no effect.""Since this time we have made a
great progress, and our new field ar-
tillery has reached the maximum of
range for small-caliber guns. Longer
ranges are, of course, reached with
siege guns.""The first rifled cannon of 16 centi-
meters (6½ inches) caliber could not
carry further than 6,500 yards. In 1870,
a range of 8,500 yards was attained. In
1875, by using steel guns, 12,000 yards
was reached, and, by increasing the
caliber, 15,000 yards was attained. Since
this time, by using new powders and
by lengthening the guns, the range has
steadily grown.""In 1888, on the occasion of the jubilee
of Queen Victoria, the English artil-
lerists at Shoeburyness fired a cele-
brated round of shots under the name
of the 'jubilee round,' which attained a
range of about 20,000 yards. The Ger-
mans imitated the English and reached
about 23 yards further under the same
conditions.""The French artillery is not behind
hand. It has now a cannon of 34 centi-
meters (13½ inches) which, firing with
an initial velocity of 900 yards a sec-
ond, can send a projectile to a distance
of 22 kilometers (13 miles). A longer
cannon, which is not yet in service,
could, it is thought, send its shell 21
kilometers (13½ miles) with an initial
speed of 1,200 yards. When this initial
speed shall have been attained with the
34 caliber, the range will reach 30 kilo-
meters—just the distance from Dover
to Calais.""The expenses of making a cannon
and of firing each shot have enormously
increased of late. A German military
review has just published interest-
ing figures on this subject. There
are on the other side of the Rhine can-
non of 110 tons, the most powerful that
the Krupp factory has turned out,
which cost, every time they are fired,
exactly 8,500 francs (\$1,700). The pro-
jectile is worth 3,250 francs (\$650), and
the powder not less than 950 francs
(\$190).""The German navy has had recently a
77-ton gun costing 250,000 francs (\$50,-
000), which can be fired only 124 times.
Each discharge represents the sum of
4,600 francs (\$920).""The 45-ton guns can be fired at least
150 times. At the Essen factories they
can be built for 184,000 francs (\$36,800).
The price of each shot does not be ex-
ceed 2,500 francs (\$500).""Finally, for less powerful arms, the
prices fall to \$50,417, and even 325 francs
(\$170, \$83, and \$65) for each shot."—The

of instantaneous and complete loss of
memory has occurred here.R. Sabrook, Vice-President of C. P.
Ritchie & Co., Limited one of the largest
shipping and wholesale firms of the
Northwest, being the victim. He has
for many years devoted himself assid-
uously to business. Suddenly, after an
especially business week, he lost his
identity.He was at the time on his way to his
office in the morning and had left the
street car at his customary corner. At
that instant it occurred to him that he
did not know his own name or where
he was going. He stopped dazed. Then
he realized that he had no recollection
of any circumstance of his life, identity,
position or name and when he had as
suddenly recovered his normal faculties
consulted expert physicians, by whose
advice he is now visiting Honolulu, giv-
ing his mind the rest it had been too
long denied.**A GOOD THING.**There's one good thing when they feel

TAI KEE'S LODGING HOUSE

ANOTHER COMPLAINT ABOUT THIS PLACE.

Residents of the Plains Repeat That It is Insanitary and Ask the Board of Health to Act.

Tai Kee's lodging house on Beretania near Pensacola streets was the subject of discussion before the meeting of the Board of Health yesterday afternoon. The Board will inspect the place and may condemn it unless it is placed in good sanitary condition and kept so.

There has been a great deal of trouble about this place in the past few years. At one time, acting upon a petition of nearly all residents of the locality, Minister King refused to renew the license. Tai Kee went to court and after nearly two years secured mandamus and his license. The place has since been running in full blast to the annoyance and disgust of many people. Mr. Lowrey thinks cases of plague can be traced to the lodging house.

The name of Judge W. L. Stanley was added to the Citizens' Sanitary Committee.

On recommendation of Superintendent Brown, of the water works department, 150 feet of fire hose will be secured for Kailahi and the chemical engine will not be sent there as was at first intended.

The matter of perishable goods in charge of the merchants' committee again came up. Mr. Humberg stated that he did not believe the entire lot was worth over \$35,000. It was voted that if the amount stated will cover the loss the goods should be burned.

President Wood reported on an inspection of the stores along Nuuanu street and said that he was not prepared to recommend that they be allowed to open for a while yet. The back yards of these establishments were found to be in an exceedingly filthy condition, fully as bad as many of the premises in the old Chinatown district. Before they could be opened thorough cleaning and disinfection would be necessary.

It was reported at the meeting that Minister Damon was considering the matter of erecting a bonded customs warehouse to relieve the terribly congested condition of the wharves.

SUGAR WAR HURTS TRUST.

It May be Necessary to Reduce the Dividend.

NEW YORK, January 10.—President H. O. Havemeyer's annual report to the stockholders of the American Sugar Refining Company at their annual meeting in Jersey City today forecasts the reduction of the next dividend. Mr. Havemeyer said there was no such settlement of the sugar war and no signs of such settlement, nor had there ever been since the war began by the independents. The recent advance in refined sugars was not altogether due to a shortage of the Louisiana crop, but to an advance in raws.

President Havemeyer said: "We have abundant capital for business and will have as long as I have anything to do with the company. If the same conditions exist in March it will be necessary to reduce the dividend on sugar common as a result of the sugar war."

CUSTOMS DUTY MUDDLE.

Congress Will Determine Status of New Possessions.

WASHINGTON, January 10.—The Ways and Means Committee of the House held a meeting today at which an important resolution was adopted upon motion of Mr. Newlands of Nevada, as follows:

Resolved, That a committee of five be appointed by the Chair to report the authorities and the law as to the meaning of the term "United States" in that provision of the Constitution which declares that "all duties on imports and excises shall be uniform throughout the United States," i. e., whether it includes simply the area included within the boundaries of the States or whether it covers also the territories belonging to the United States.

Chairman Payne appointed Messrs. Daboll of Pennsylvania, Grosvenor of Ohio and Hopkins of Illinois (Republicans) and Messrs. Richardson (Democrat) and Newlands (Silver).

The resolution was the outcome of considerable discussion in the Ways and Means Committee, covering several meetings as to whether the customs laws of the United States were not extended to our new possessions when they became United States territory. The immediate cause of its adoption was a resolution to extend the customs and internal revenue laws of the United States to Hawaii, which it has under its consideration.

The committee will make a favorable report on Mr. Payne's bill to transmit goods in bond through the United States without payment of duties, with a proviso authorizing the Secretary of the Treasury to suspend the operation of this Act so far as it relates to the transmission of goods in bond into the free zone of Mexico so long as the Mexican free zone law exists.

CHRISTMAS BOXES.

The boys in blue of the Eighth Army Corps have not been forgotten by the good folks at home. Three thousand boxes containing Christmas presents arrived on the Hancock and are being brought ashore as rapidly as possible. They will all be in the hands of the men by today.—Manila Freedom, December 25.

THE DOG'S ADVANTAGE.

Diplomats' dogs are not allowed to be muzzled in the District of Columbia. "Thus the dog has more liberty than his master."—New York World.

TO THE PUBLIC.

I want to let the people who suffer from rheumatism and sciatica know that Chamberlain's Pain Balm relieved me after a number of other medicines and a doctor had failed. It is the best liniment I have ever known of.—J. A. Dodgen, Alpharetta, Ga. Thousands have been cured of rheumatism by this remedy. One application relieves the pain. For sale by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Islands.

POWER OF ATTORNEY.

During my absence from the Islands, Samuel Dwight will act for me in all business matters under full power of attorney.

W. H. CUMMINGS,
Honolulu, November 1, 1899.

TORTURING DISFIGURING HUMOURS

ITCHING, BURNING, AND SCALY ERUPTIONS OF THE SKIN AND SCALP, WITH LOSS OF HAIR.

The agonizing itching and burning of the skin, as in Eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura remedies are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

Those who have suffered long and hopelessly and who have lost faith in doctors and medicines may make trial of these great curatives with the most gratifying success. The treatment is simple, direct, agreeable, and economical, and is adapted to the youngest infant as well as adults of every age. *Bathe the affected parts with Hot Water and Cuticura Soap to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and lastly take the Cuticura Resolvent to cool and cleanse the blood.* This sweet and wholesome treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humours of the skin, scalp, and blood, and points to a speedy, permanent, and economical cure when all other remedies and even the best physicians fail. The SET, consisting of Soap, Ointment, and Resolvent, or each separately, may be had of all chemists and stores where medicines are sold throughout the world.

UP-TO-DATE DIAMOND WORK

Manufacturing and Repairing, Engraving and Fine Watchwork

THE MAIL WHARF TAKEN

WILL BE USED FOR STORING FREIGHT.

Minister Damon Makes a Big Move for the Benefit of Merchants and Shippers—Goods to be Delivered.

Minister Damon this morning completed arrangements for storing freight and relieving the present congested condition of the wharves.

The arrangement removes the Pacific Mail wharf, however, from the list of shipping accommodations, the Minister having taken over that entire property for the storage of Oriental merchandise. Every foot of the wharf from Likiep wharf to the Government reservation has been engaged. European merchandise will be stored in the custom house and delivered by the department as rapidly as possible. By some changes in the arrangement yesterday the house was made large enough to hold everything now in sight. Mr. Damon has his eye on another warehouse, however, and if the situation becomes worse he will take it.

The Board of Health has detailed Mr. Reynolds to attend to the fumigation of all Oriental merchandise. It will then be delivered to Mr. Damon, when the authority of the Board of Health will cease. The custom house authorities, acting under Mr. Damon, will attend to the delivery of the goods at the proper time. European goods which will require no fumigation, will be delivered as rapidly as possible. Committees have been selected by Japanese and Chinese to classify Oriental goods now here. Perishable merchandise will be set aside and destroyed by fire. Such goods will be paid for by the Board of Health.

Captain Reese was this morning appointed to take charge of the work for the customs department. He is given a commission under the department of Harbor Master Fuller.

POWER OF ATTORNEY.
Albert Raas...Page 1

NEWS IN A NUTSHELL.

Bits of Paragraphs that Give Condensed Notes of the Day.

J. H. Fisher will act for Albert Raas, during the latter's absence.

Debris on the burned district near Union square was fired this morning.

Next mail from the coast will be by the China and Moana next Wednesday.

Theo. Richards asks everybody in need of laborers to call on him at Honolulu.

A discontinuance has been filed in the case of A. R. Rawatt vs. Nick Braham, assumpsit.

The transport Manauense leaves for the coast at five o'clock this afternoon but will not take any mail.

The transfer of the paid guards from the Board of Health to the police department was effected at 6:30 last evening.

John Waterhouse sailed by the Australia for Oakland where he will be married to Miss Alexander on February 6th.

The appointment of W. L. Stanley as member of Citizens' Sanitary Committee is announced by the Board of Health.

In W. C. Achi vs. Kaul, bill for injunction, Judge Stanley will sign a decree dissolving the bill and dissolving the temporary injunction heretofore issued.

Chief Hunt finds that Engine No. 1 can be repaired so as to give good service again. Ten lengths of hose were lost in last Saturday's fire.

The Japanese Consul will feed about fifty of his countrymen at the school house on Pihikoi street until they are able to shift for themselves.

Captain Simerson, purser Tufts and other men from the Mauna Loa have been transferred to the Iwawani, which takes the route of the Mauna Loa.

Persons owning safes in the burned district are requested to make written application for them to Robertson & Wilder, attorneys of the Board of Health.

Frank J. Wallace and Miss Edith Berrey were married Tuesday evening at the residence of Rev. Wm. M. Kincaid. Their bridal season will be spent at Waikiki.

Forty-three deaths from plague in Honolulu, the last one occurring yesterday, is the statement contained in a bill of health given to the steamship Nippon Maru.

James H. Boyd while at the fire on Saturday was struck in the face by a stream of water from a hose which was being moved around. He was knocked over and his eyes were temporarily injured.

The mounted patrol at Halawa under Lieut. Norton has been withdrawn. The plantations will guard this exit from the judicial district of Honolulu hereafter. The patrol at the Pali and at Makapuu is still maintained.

There was no trouble at Kalihii last night. Some of the guards fired a round or two to let the unruly spirits in the camp know that they really did have ammunition as well as rifles and there was no attempt at trouble.

Wall, Nichols Co. has published a number of beautiful Hawaiian songs, music and words by local talent. The selection is gotten up in first class style and will prove a valuable addition to the port folio of Hawaiian music.

On Monday there were 248 Chinese men removed from Kawaiahae church to Kalihii. On Tuesday there were 152 taken to Kalihii from the Gilman house. On Wednesday there were 464 from Kawaiahae, 4 from the military guard house and 31 from Ania. These were all removed under charge of Allan Judd.

STATESMAN'S GARB.

Many of the young men in the South affect the garb of the statesman. They favor the William J. Bryan make-up—broad slouch hat, black frock coat, turned-down collar, black bow tie, hair rather long behind, face smoothly shaven to accentuate the aquiline features.

In some sections of the country a man who goes about in this attire, working the eagle flash of the eye and scattering courtly "Sirs" right and left is already something of an orator before he makes his first speech, and he feels himself marked for congress before his name is mentioned in any convention.—Chicago Record.

OVERLOOKED ONE CHANCE.

The fact that Mark Hanna has a war record appears to be a surprise to some people. Perhaps Mr. Hanna made a mistake in not giving prominence to this portion of his career by applying for a pension.—Washington Post.

BRIEF AND TO THE POINT.

County Attorney Bransom of Franklin county appears to be an exceedingly business-like and unsentimental sort of a fellow. Those who visited his office last Saturday found this brusque card pinned to the door: "Am at home. Was married today."—Kansas City Journal.
