**IT IS WILLIE ROTH**  
Won Out in Well Played Tennis Finals Yesterday.

**HE IS NOW CHAMPION OF 1898**

Clarence Cooke Put Up Good Opposition—Many Spectators See the Match.

The tennis tournament in singles is over and Willie Roth, a member of the Junior branch of the Pacific Tennis Club, stands undisputed winner, having bested Clarence H. Cooke of the Senior branch of the same club in a

**WILLIE ROTH,**  
Tennis Champion, 1898.

very hard fought and interesting match. Roth is yet in his teens and, if he continues to improve in his playing he will be a wonder. He has demonstrated during the past week his supremacy over the remainder of the players of the city and over the senior members of his own club. However, there is no disagreeable feeling entertained for him for the boys are all glad to see the boy win. He is a quiet, unassuming young fellow who never brags about his playing and who is always ready to concede a doubtful point to the other side. In this manner he has won himself a place in the hearts of the members of the P. T. C. who all join in giving three cheers for the youthful winner of the tennis singles laurels of the present season.

The club house of the P. T. C. and the lawns surrounding, were crowded with friends of the club yesterday afternoon. The finals in singles was the drawing card. Clarence H. Cooke of the P. T. C. Seniors and Willie Roth of the Juniors were the contestants. E. R. Adams was chosen umpire and S. G. Wilder of the P. T. C. and W. A. Wall of the B. T. C. line men. Cooke took the Ewa court and served, winning the next five games. He lobbed beautifully and sent swift returns down the side lines past Cooke. The latter was not long to catch the drift of Roth's play and won the next three games, making the score "deuce." He picked out Roth's weak points nicely and sent his returns right to those places. Roth became a little careless and Cooke saw his opportunity, winning the first two games by his serve and fine playing at the net. Roth appeared a little frightened at first but soon showed an improvement, winning the next two games. This gave him the first set. Score 7-5.

In the second set Roth and Cooke came forth, apparently as fresh as when they began. Roth played his criss-cross play and drives to advantage, winning three games in succession. Cooke then took a brace and won two. Then Roth followed suit for two. The next game was Cooke's and the last Roth's. This gave the set to the latter. Score 6-3.

The sets were one-all. Cooke took the first game and then Roth the second, winning out on a score of 9-40 by magnificent serving. Cooke took another game and then Roth won three in succession, these by adopting Cooke's own game of short "chop" strokes. Cooke braced and won another game. Cooke did the same again and then Roth took the last. It was a hard fight, but the boy won. Score 6-4.

In the fourth set, Cooke showed signs of a winded condition. He had fought a hard, stubborn fight. He took the first game and then Roth managed to get the second. Cooke took the third

game and then Roth made five in succession, winning easily.

This gave the junior member the match of best 3 out of 5 and won for him the honor of being singles champion for 1898.

Roth was enthusiastically greeted after the contest and three cheers were given in his honor.

The many people present seemed to enjoy every moment of the match.

This was shown by frequent and hearty applause.

Following is a review of the sets:

- 1.—Cooke, 7-5.
2. Roth, 6-3.
3. Roth, 6-4.
4. Roth, 6-2.

The first of the men's doubles will be played as follows: At Pacific courts 4 p. m., Jones and C. H. Cooke vs. Fuller and Berger; 5 p. m., J. Waterhouse and Carter vs. Ross and Woods. At Beretania courts, 5 p. m., Adams and H. Waterhouse, Jr. vs. Wodehouse and Mott-Smith; 5:30 p. m., Shanks and Wall vs. Dickey and J. P. Cooke.

## Annexation.

A letter received here from the Orient by the Coptic has some annexation news current at that cable end. It is to the effect that the joint resolution "has passed." It is believed that the telegraphic advice were that the resolution had gone through the House and to the Senate. There are a number of people in Honolulu who believe that the most acceptable annexation news yet will be received from the coast by the Moana tomorrow.

**For the Championship.**  
Willie Roth, the victor in the tournament just finished, was challenged by the champion of 1897, Will Godfrey. The match has been set for Wednesday at 4 o'clock on the Pacific courts.

## ESCAPE FROM THE DEEP.

**Three Men in a Boat Have Quite an Adventure.**

Mr. Campion and Lieut. Carlyle went out yesterday for a trial trip in a sloop for which Campion had been negotiating. "Rheumatism Jack" was the pilot. The party was near the center buoy at the mouth of the harbor when it was discovered that the boat was making water in great rate. Without delay the sloop was put about for the harbor. All hands baled, but the flood gained headway rapidly. It was decided to make for the reef back of the lighthouse. Campion and Carlyle prepared to swim. "Rheumatism Jack" announced that he was helpless in water and would not be able to reach shore. The other two men said they would tow him in somehow. Just in the nick of time a native boatman came along. At this stage Campion and Carlyle were picking up the oars and gear of the sinking sloop. The native warned them that there were sharks in the vicinity and the two young men lost no time in joining "Rheumatism Jack" in the boat of the native. The sloop that was to be purchased lies at the bottom of about thirty feet of water. An attempt will be made to raise her. Carlyle and Campion are congratulating themselves on their escape and "Rheumatism Jack" will give a grand luau next Saturday in honor of the native boatman.

## A Trip Aboard.

Dr. Maxwell expects to leave for Europe on July 6. He will go by way of Canada in order to confer with the executives of his late younger brother's affairs, news of whose sudden death upon his ranch was brought to Dr. Maxwell by the last mail.

Dr. Maxwell will then go to London and will be some six weeks in Europe, and will return to Honolulu in October.

## In Supreme Court.

A session of Supreme Court was opened in the Judiciary Building with the Chief Justice and Associates Frear and Whiting on the bench. Three cases were argued, as follows:

Wailuku Plantation Company vs. Hale, water controversy.

Estate of C. Akana, land matter.

K. Holt, vs. Kaunkai, land matter.

There was quite an attendance of attorneys upon the opening of the court and the calendar was called as usual. Cases in which Judge Hartwell is counsel were postponed.

## UNPRECEDENTED BARGAINS.

For one week, L. B. Kerr offers sheetings, table linen, pillow casings, napkins, dress goods, ribbon, laces, embroideries and millinery at one-half the cost price. Not only this but the whole stock goes at half price.

## CAPT. DYER SPOKE

Baltimore and Company in the Manila Fight.

PAMPHLET FROM CRUISER

Men So Well Known Here in Thick of the Fray—Note From the Printer.

Harry F. Humphrey, the printer of the U. S. S. Baltimore has a good many friends in Honolulu. Another man of the ship who made friends ashore here is J. A. Wisner, of Capt. Berryman's marines. These

**CAPT. N. M. DYER,**  
U. S. S. Baltimore.

two have published aboard the Baltimore a pamphlet of fourteen pages giving some new matter on the famous battle of Manila. The little book is a very creditable production, with "Old Glory" in correct colors on the first page of the cover and this complete on the last page:

When the din of battle was o'er  
Reverend were the boys of the Maine,  
We had made the enemy lower  
The flag of ancient Spain.

In enclosing the pamphlet to a friend on the Advertiser, Mr. Humphrey writes a characteristic note. He says:

"This little pamphlet will tell you all about the battle of Manila. The town is at our mercy. We are only waiting for troops to occupy it after we take it. We are not having much of a variety in the line of eating, but all are well. The beer is all gone and lots of the boys miss it. Please send us a few Advertisers occasionally. We want Honolulu news very much."

Following are some interesting extracts from the work of Messrs. J. A. Wisner and H. F. Humphrey:

The fleet left Mirs Bay at 2 p. m. Wednesday, April 27th, after this ship had been taken on board the U. S. S. Consul to Manila as passenger. That evening our suspense was brought to a close by Captain Dyer assembling all hands on the quarter-deck, reading a statement from the Governor-General of the Philippine Islands to which a Hong Kong newspaper, in which he stamped the United States as a "Nation without a history, populated with the scum and offal of Europe, and a Nation capable of any dastardly deed," adding numerous other insults tending to ignite a spark of hate for all that was Spanish in the heart of even the most conservative American, he he such by right of birth or by adoption. When Captain Dyer in closing said: "Men we are now going to Manila under orders from our Government to capture and destroy the Spanish fleet and we can do it," the ships company fairly went wild with excitement, the air was rent with loud cheers, and when he added: "If I ever entertained such a thing as a doubt about the boys of the Baltimore at a time like this, it had been entirely removed, and I know now that we'll succeed," he was given three cheers with a will. He then introduced Mr. Williams, U. S. Consul to Manila, who in a few well chosen words told us about the situation at that port and gave us a brief outline of the work before us. He was also loudly cheered. Everybody turned in that night with his mind perfectly at ease and if there was anybody among us that was the least bit afraid, he did not show it.

We were now at sea steaming slowly in the following order: Olympia, Baltimore, Raleigh, Petrel, Concord, and Boston, forming one column, and the McCulloch, Nanshan, and Zafiro, forming another to our starboard. The time was taken up by getting everything ready, sending spare gear below, throwing woodwork such as mess chests, tables, benches and partitions

overboard, securing and covering boats, etc. On Saturday night we were nearing the entrance to Manila Bay, and a sharp lookout was kept. We were going in under cover of darkness and right below and in range of their guns frowning down from forts on both sides of the entrance. No lights were shown except a stern-light on each ship. All hands were at quarters and all guns loaded, with extra charges ready at hand; every eye was strained and every ear was on the alert to catch the slightest sound. Now and again lights could be seen flashing from the surrounding hill-tops and an occasional signal flared up at one moment to be swallowed by the unbroken darkness the next. At twenty minutes past twelve there was a sudden flash inshore and about our starboard quarter, followed a second or two later by a dull report and that peculiar awe-stricken swishing sound of a flying projectile—the first shot had been fired and the game was on! Owing to the darkness or to the poor marksmanship of the Spaniards, that shot flew wide of its mark as did two more fired in rapid succession from the forts and answered by the Raleigh and Boston. When day broke on that never to be forgotten Sunday morning, May the 1st, Manila harbor with its handful of merchant vessels bore right ahead, and off our starboard bow we could make out the enemy's fleet dimly looming up in the early dawn lying outside of Point Cavite, their battle fleet Navy Yard and general stronghold. The Olympia was steaming slowly at the head of the column, the Baltimore a couple of ship-lengths astern of her, and the balance of fleet following. The McCulloch and the transports were left standing off in bay. The most critical moment of our lives was drawing near, and when at 5:05 the flagship made signal: "Prepare for general action," when the Stars and Stripes were broken at every masthead and every peak, when Captain Dyer solemnly pointing up at the waving folds of "Old Glory," said: "There it goes, men; we have an empty stomach this morning, but we have a full heart; now let us see, what we can do under this flag," when every man silently took his station, there was nothing but grim determination to "do or die" to be seen written on every face. The Spanish were again on the aggressive for at 5:15 they fired a shot from one of their forts, following it up by a regular fusillade from their vessels and shore batteries. The most of their shots fell short and a few carried over us, dropping into the bay all around the ships, too far off to do any damage, but yet too close for comfort. We seemed in no hurry to return the fire, and fully 25 minutes were spent in maneuvering for position, the range being diminished steadily if slowly by our fleet steaming closer and closer right in the teeth of the enemy's fire. Those minutes seemed hours, and some of our men were actually begging permission to shoot. At last the first shot was fired by our ships at about 6,000 yards range, and the battle was on in earnest. A small torpedo boat was seen to emerge from the shore making for our transports at a high rate of speed. The secondary batteries of our ships were made to bear on her, shells fell around her in a veritable shower, and finally turning she was rung high and dry on the beach and abandoned. Our fleet was now steaming back and forth off Cavite Bay, making three "logs" to eastward and two to westward, forming a large figure "8" and delivering broadside after broadside with splendid results. All this time the enemy's vessels Reina Christina (flagship), Castilla, moored head and stern with port battery in use, Don Antonio de Ulloa, Isla de Cuba, Isla de Luzon, the large transport Mindanao and a number of smaller gunboats were keeping a steady fire, the smaller ships retreating inside of mole several times during action. The forts were not idle but kept thundering forth their tribute with no noticeable effect. The enemy's fire seemed to be concentrated on the Baltimore, and she was hit six times. A 4.7 inch armor piercing shell punctured our side on main deck line, tore up the wooden deck and, striking the steel deck under this glanced upwards, went through after engine-room hatch

## Remington Standard Typewriter!

### WHAT IS IT?

A simple, compact, and durable machine, which successfully performs the work of the pen, with a tremendous saving of time and exertion.

### WHAT WILL IT DO?

It produces, with speed and certainty, in clearly legible printed characters, one or many copies of any kind of writing, excepting such as must be done in books.

### TO WHOM IS IT USEFUL?

To every one who has writing to do. In business circles its desirability is assured. Lawyers and journalists cannot do without it. Professional and scientific men realize its worth to them. The author and thinker find it invaluable. It conserves the most potent kind of energy—that of the brain—by reducing to a minimum the mechanical labor of writing, and distributing it among all the fingers of both hands. Writer's cramp disappears where it is used. It presents the printed appearance of the work to the mind at once.

### WHO CAN OPERATE IT?

Any one of ordinary intelligence. A very few trials enable any one to write upon it readily. Thereafter it is only a matter of practice.

### A COUNCIL RESOLUTION

Representation — Proceedings in  
 Detail — Resignation and  
 Acceptance.

Ecclesiastical Council held in Central Union Church, June 8, 1898.

Pursuant to letters missive, an Ecclesiastical Council assembled at the house of worship of the Central Union Church, Honolulu, June 8th at 4 p. m., to advise in regard to the resignation of the Pastor Rev. Douglas P. Birnie. The letter missive was read by Rev. C. M. Hyde, D. D. Rev. O. P. Emerson was chosen Moderator and Rev. C. W. Hill, scribe. Prayer was offered by the Moderator. The roll of the Council was completed.

The list of the churches and delegates is as follows: Kawaiahae, Honolulu, Rev. H. H. Parker, D. L. Naone, Kaunakapili, Rev. E. S. Timoteo, Chinese, Mr. Goo Kim, Japanese, Rev. T. Okumura, Portuguese, Rev. A. V. Soares, Mr. Felix Tranguada, Union Church, Kohala, Rev. C. W. Hill, Foreign Church, Makawao, Maui, Mr. H. P. Baldwin. Also Rev. Hiram Bingham, D. D., Rev. O. H. Gulick, Rev. J. M. Lewis, Rev. C. M. Hyde, D. D., Rev. O. P. Emerson, Rev. J. M. Lydgate, Rev. S. E. Bishop, D. D., and Rev. J. Leaningham, Committee of the Church. The Pastor's letter of resignation and the record of the action of the Church, conditionally accepting the same providing for the calling of the Council, together with the resolutions adopted by the church, were read by the clerk. No other statement being offered, it was voted that the papers be accepted as in due form and order, and that the council approves the action of the church and recommends that the pastoral relation be dissolved. A committee consisting of the Rev. H. H. Parker, the Moderator, and the Scribe, was appointed to prepare the result of the Council and made the following report:

Resolved: That while endorsing the action of the church and Pastor, we desire to say for ourselves that it is with sincere regret that we part with one whom we have learned to esteem very highly. Rev. D. P. Birnie's pastorate in Honolulu, though brief, has been fruitful. Through the leadership by the blessing of God, large additions have been made to the Church roll, while as pastor and preacher he has endeared himself to the hearts of this people. He has proved himself well adapted to work for the young, especially young men. In organizing and carrying out plans for the moral and intellectual improvement of the youth of this city, we believe he has had no superior. We feel assured that this historic field of religious effort has been greatly blessed by his ministry, and that the best wishes and earnest prayers of God's people will follow him into other parts of the Master's vineyard, where he may be called to labor. We affectionately commend him to the churches, as a man of lofty Christian character, a wise pastor, and an effective preacher of the vital truths of the Gospel. We congratulate the members of this church on the service which has been rendered them, and pray that upon them the divine blessing may still rest; that the Great Head of the Church may send them another leader of like wisdom and devotion.

The Scribe was ordered to send a copy of the proceedings to the Rev. D. P. Birnie, and to the clerk of the church and the Council dissolved.

OLIVER P. EMERSON,  
 Moderator.

CHAS. W. HILL,  
 Scribe.

### REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."

The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel.

IT WILL INTEREST YOU TO CALL AND SEE IT.

The SHIRK is the best thing that ever happened.

The waterfront people will be very busy today and tomorrow if indications go for anything. Certainly the transients and the Monterey should be here today and tomorrow means the Moana and the Alameda.

### WATER NOTICE.

In accordance with Section 1 of Chapter XXVI. of the laws of 1886: All persons holding water privileges or those paying water rates, are hereby notified that the water rates for the term ending December 31, 1898, will be due and payable at the office of the Honolulu Water Works, on the 1st day of July, 1898.

All such rates remaining unpaid for 15 days after they are due will be subject to an additional 10 per cent.

All privileges upon which rates remain unpaid August 15th, 1898, (30 days after becoming delinquent) are liable to suspension without further notice.

Rates are payable at the office of the Water Works in the Kapuniwa Building.

 Minister of the Interior, ad interim.  
 Interior Office, June 16th, 1898.

IN THE CIRCUIT COURT OF THE First Circuit, Hawaiian Islands. In the matter of the British Schooner "Labrador"—In Admiralty.

ORDER TO THE MARSHAL. Republic of Hawaii to Arthur M. Brown, Marshal of the Republic of Hawaii, greeting:

Whereas a libel has this day been filed in the Circuit Court of the First Judicial Circuit, in Admiralty, by the Government of the Republic of Hawaii, acting by and through the Attorney-General of the Republic of Hawaii, against the British Schooner "Labrador" together with her boats, tackle, apparel and furniture, and ten packages of opium or preparations of opium, containing five hundred tins of opium or preparations of opium, for reasons and causes in said libel mentioned, praying that the usual process of the said Court in that behalf be made and issued, and that all persons interested in the said Schooner "Labrador" together with her boats, tackle, apparel and furniture, and the said packages of opium or preparations of opium, may be cited to answer the premises, and, all due proceedings being had, that the said Schooner "Labrador" together with her boats, tackle, apparel and furniture, and the said opium or preparations of opium, may, for the cause mentioned in said libel, be condemned to be forfeited to the use of the Government of the Republic of Hawaii, and that such other and further decree may be had in the premises as the law and the circumstances of the case may require.

Now Therefore, You are hereby commanded to attach the said Schooner "Labrador" together with her boats, tackle, apparel and furniture, and the said packages of opium or preparations of opium, and to detain the same in your custody until the further order of this Court respecting the same; and to give due notice to all persons claiming the same, or having any interest therein, or knowing or having anything to say why the same should not be condemned as forfeited according to the prayer of said libel and the statute in such case made and provided; that they be and appear before the said Court on the 27th day of June, A. D. 1898, at 10 o'clock in the forenoon of said day, then and there to show cause, if any they have, why the prayer of said libel should not be granted.

And you are further directed to, after service, give notice by publication at least six times in the Daily Pacific Commercial Advertiser, a newspaper published in Honolulu, of the action and proceeding and invite all persons interested to show cause against it on or before the day assigned for hearing.

And of what you shall have done in the premises do you then and there make due return together with this Writ.

Witness the Honorable ANTONIO PERRY, First Judge of the Circuit Court of the First Circuit, at Honolulu, this 17th day of June, A. D. 1898.

GEORGE LUCAS,  
 Clerk of the Circuit Court of the First Circuit.

I allow this Writ this 17th day of June, A. D. 1898.

A. PERRY,  
 First Judge of the Circuit Court of the First Circuit.

### NOTICE.

In pursuance of the above Order, I have attached the Schooner "Labrador" together with her boats, tackle, apparel and furniture, and all parties interested in the above proceedings

are notified to be present at the time and place above stated to show cause why the prayer of the above stated libel should not be granted and why the said Schooner "Labrador" should not be condemned and forfeited according to the statute in such case made and provided.

CHARLES F. CHILLINGWORTH,  
 Deputy Marshal of the Republic of Hawaii.  
 Honolulu, Oahu, June 18, A. D. 1898.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Pumps, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also, attention is given to House and Marine Wiring.

THEO. HOFFMAN, Manager.

**Monuments and Headstones.**

The undersigned is prepared to do CEMETERY work of all kinds, and supply MONUMENTS and HEADSTONES of which he has a great variety of the latest and most artistic designs, and will also supply stone coping separately for surrounding cemetery lots.  
Estimates given in Marble, Granite, Hawaiian Stone, etc.

## THE GREAT ALLIANCE.

The British papers continue to comment on Mr. Chamberlain's speech, in which he openly, and emphatically suggested an alliance between Great Britain and the United States. His suggestion is cordially approved of with the exception of some of the more conservative journals. These suggest that there have already been some epidemics of good will between the two countries, followed by equally severe epidemics of bad temper.

The proposed alliance must have a sound business basis or it can not last. No mere sentiment will sustain it.

As a rule, the Anglo-Saxons and the Latins do not make successful business partnerships. The racial traits prevent it. Even the Anglo-Saxons do not work well in harness with the Germans or the Russians. Temperament and habit tend to separate them. Political institutions and thought prevent them from becoming congenial companions.

Between the British and Americans there is a strong similarity in racial instincts, in their political institutions, in the construction of their laws and the administration of them. Their business and industrial methods are also alike, and a common language brings them closely together. The separation of the countries by an ocean, and the unfortunate revolution have kept them apart. Chauncey Depew said last year, that if there was a war between Great Britain and the United States, it would be largely due to the histories furnished the American school children that perpetuated the original grievances of the Americans and even misrepresented facts. But the new histories are less frantic now, and the Jingoism of the two nations don't make such dreadful faces at each other.

The British understand the value of foreign trade, and have built up an enormous shipping. The Americans have permitted their commercial flag to be virtually driven from the seas. The British desire to hold their enormous foreign trade as against the continental nations, and they need a strong and healthy partner. The Americans begin to see the absolute need of foreign trade, and that it may be secured through a partnership with the only nation that has points in common with them.

There is no sentiment in the proposed union. It is a matter of self interest in which racial resemblances and common ideas on political government make the union easy. It is give and take on both sides. And it is especially convenient in the state of present Christian civilization where the merchant marine must trade under cover of the guns of the cruisers.

In the period of the early part of the eighteenth century, the merchantmen were conveyed by ships of war. At the end of the nineteenth century, the world seems to be no better off.

If Great Britain will throw into the dicker with America, her great fleet, and a share in her foreign trade, and America promises to throw in her coming navy, and her growing strength, we shall see "The greatest show on Earth," as showman Barnum called his amalgamated menageries.

## UNWISE ENLISTMENTS.

He was a wise Colonel of a New York regiment who said to his men, after they had offered their services to the Government: "Very many of you have offered to enlist, because you are afraid of being called cowards, if you do not. Many of you have wives, children, or relatives dependent on you. You have no right to enlist until those who have none dependent on them have had the chance, nor, until you are actually needed. I will examine each case, and if I refuse you permission to enlist you can tell your friends that I am responsible and refuse to let you go."

In the hysterical patriotism of the crowd injustice is done, and much distress is inflicted upon women and children. We hear of young men, in the troops which passed through this place recently, that have left their families practically destitute. During the great war in America such cases were common and flagrant. After the hysterical period passed off, volunteering stopped, to a large extent, and the armies were recruited by conscription, which treated all alike.

In a war for the sake of humanity, inhumanity or suffering should not be an incident on the side of its defenders. War is savagery. Its miseries must be strictly bounded. Those who should go to the front are those who can be spared, with the least suffering.

It has been often said that the last two years of the American Civil War were fought out, on the side of the North by "Irishmen and Dutchmen." There is much truth, but not all truth,

In the statement. General Sherman endorsed it. Just so long as good soldiers could be obtained from the foreign element, by purchasing substitutes, there was no reason why good men should be sacrificed. Should the war continue in the Philippines, some of the splendid fellows that stepped on our shores will perish, and for years to come their deaths will cause unnecessary suffering in many homes. In these hours of excitement even Patriotism becomes restive in the hands of Common Sense.

## JAPANESE CHIVALRY.

After the capture of the Chinese fleet at Wai-hai-wai, during the late Chinese-Japanese war, the Chinese Admiral Ting, after surrendering, committed suicide on his battleship, rather than face trial and death at home. Admiral Ito, who had received his surrender, was an old friend of his, and desired to give him the honor of military burial at his home in China. He resorted to this extraordinary and chivalrous method of doing it.

The Chinese war ships that had surrendered and were in possession of the Japanese forces, had become the property of the Japanese Government, and Admiral Ito could not dispose of them. But the warship on which Admiral Ting had killed himself had not been taken possession of. Admiral Ito thereupon said to the Chinese officers: "I do not accept the surrender of your vessel. Take her, and go to China with the body of your Admiral, and give him all the naval honors."

This is in its noble sympathy, and the enormous sacrifice of a valuable war ship, perhaps the most chivalrous incident recorded in authentic history.

Admiral Nelson, after the battle of the Nile, would have been startled if one of the seamen had, with permission, stepped up to him, on the quarter deck, made his bow, and handed him a printed pamphlet, saying: "Admiral, here is an account of yesterday's battle written by a f'istle hand."

We have before us a small pamphlet lettered, "A brief description of the battle of Manila Bay," by J. A. Wisner and H. F. Humphrey of the Baltimore's crew, composed and published on the Baltimore, after the recent engagement. Extracts from it appear in another column.

The next newspaper ventures will be "extras" issued every half hour, in naval engagements, from the Flagship, and sold at the usual prices to passengers who have taken round trips for the war, in "liners" which can steam about at a safe distance from the engagements, and insist on having the news hot and immediately.

## SOMETHING NEW UNDER THE SUN.

Never since the discovery of this beautiful Paradise of the Pacific has a first class iron fence (not wire or wood), but all malleable Wrought and Steel been heard of at such prices, 30 inches high 58 cents per foot; 37 inches high 62 cents per foot. Erected complete in Honolulu, painted one coat at factory and one coat after set up. We have a beautiful line of different styles and prices of fencing; also, Vases, Chairs, Settees, Hitching Posts, Rabbits, Lawn Ornaments, Stable Fixtures, etc.

We import all kinds of Structural Iron Work, Building Material, Jails and Bridges, and Wire Work of all kinds. Cemetery Railings and Grave Guards, Gates of all kinds and sizes. Don't be selfish but throw your grounds open to view (which is modern) and allow strangers and others to feast their eyes on your beautiful tropical grounds and at the same time make it private with a neat iron fence. You will not have to figure one minute to see the economy from any standpoint in these fences. They have not an ounce of cast iron, are guaranteed against breakage and will last 50 to 100 years.

Call and examine our goods, and get our illustrated catalogue and be convinced. THE HAWAIIAN IRON FENCE CO. J. H. ANKRON, Prop., 315 Fort Street, opposite Wm. G. Irwin & Company.

## EYES CAN KILL.

A prominent lawyer in this city admitted he had no idea that all his nervousness, loss of memory, sleeplessness and other consequent disorders of mind and body were due to eye strain.

Sleep is impossible if the nerves are not at rest. The nerves rule the body. Eye troubles are often the result of shattered nerves and stomach disorders. If you cannot sleep, it's probably due to your eyes!

## Buttermilk Soap

Has gained a larger measure of popularity to the years it has been on the market than any other soap made.

It is the Highest Standard of Quality in every detail and particular.

You cannot be too cautious about the quality of soap used on your face or hands. Many of the so-called "purity" face soaps are nothing more than a mixture of harmful ingredients put up in an attractive wrapper to sell at sight.

## BUTTERMILK TOILET SOAP

Over 1,000,000 Ladies who have used it pronounce it the Best Soap in the World For the Complexion. Exceeds any 25c. Soap. Ask your dealer for it. Full size sample, 12 cents. Beware of imitations. Cosmo Buttermilk Soap Co., 84 ADAMS STREET, CHICAGO.

Unfavorable Report on  
Opium Bill.**SENATE.**

One hundred-sixth Day, June 20.

The Chinese immigration act came  
up on third reading and passed with-  
out discussion. Senators Horner and  
McCandless were excused from voting  
as they had been absent during discus-  
sion. No votes were cast in the  
negative.Notification was received that the  
House had refused to concur in Senate  
amendments to the bill relating to the  
jurisdiction of Circuit Courts and a  
conference was asked. The request  
was complied with.The bill imposing a duty of 25 cents  
a pound on chicory was taken up with  
the recommendation of the Commerce  
Committee that the bill be laid on the  
table. Senator Baldwin said in fur-  
ther explanation that there was noth-  
ing deleterious in coffee adulterated  
with chicory. Until two years ago the  
adulterated coffee came from the coast.  
A duty was placed on coffee and now  
Hawaiian coffee is used as a foundation  
for adulteration with chicory by peo-  
ple who cannot afford pure coffee. The  
bill was laid on the table.The Judiciary Committee brought in  
a substitute bill granting a franchise  
for a street railway in Hilo. The bill  
passed first reading.

At 11 o'clock the Senate adjourned.

**HOUSE.**The House took up for consideration  
Senate bill 5, now well known to the  
public and at once there was an at-  
tempt on the part of some of the mem-  
bers to raise the salaries of various  
holders of Government offices, while  
there was a strong tide against this.While the Sergeant-at-arms went  
out to look for one of the Ministers,  
Rep. Gear, under suspension of rules,  
read the report of the Committee on  
Health and Education on Senate bill  
41, relating to the importation of opi-  
um. This was laid on the table to  
be considered with the bill.The opium bill will undoubtedly  
provoke much discussion in the House  
and, from the looks of things now, it  
is very likely that the Speaker will  
have to cast the deciding vote. The  
report is given in another column.Rep. Kakaulele moved that the  
salary of the Deputy Marshal be raised  
from \$4,000 to \$4,500. The Attorney-  
General arose and said he was in favor  
of \$4,000. No explanations were made.  
Rep. Pogue stated that he believed in  
economy but he was likewise on the  
side of the fitness of things. He  
should certainly get as much as the  
Deputy Collector of Customs. He was  
sure that the attempt to keep the salary  
of the Deputy Marshal down to  
\$4,000 was due to the personnel of the  
office. It was not the man that should  
be considered but the work that was  
necessary to be done. Rep. Achi said  
that the Sheriff of Hawaii was get-  
ting \$5,000. The Deputy Marshal was  
above him and yet it was sought to  
keep his salary down. Upon being put  
to vote, Reps. Isenberg, Kakaulele,  
Achi, Kaai, Pogue, Richards and  
Kaeo were found to be in favor of the  
raise. Rep. McCandless was the only  
one who stood up when the other side  
was called for.Rep. McCandless wanted the salary  
of the Jailor at Oahu Jail raised. Rep.  
Pogue had voted for his friends. He  
felt he was entitled to the same privi-  
lege. The position of Jailor was not  
an important one.The salary of the Jailor was not  
raised.  
Then came the items under the  
head of Department of Education. The  
Commissioners of Education had set  
their heart on having a deputy inspec-  
tor for Hawaii and another for Maui,  
Molokai and Lanai combined and such  
items had been inserted in the bill.  
The report of the Educational Com-  
mittee, framed by Rep. Atkinson, had re-  
commended the striking out of these  
two items and the appointment of a  
traveling normal inspector. Rep. Mc-  
Candless said that Mr. Atkinson was  
a man very much used to such matters  
and his advice should be taken. Rep.  
Robertson moved that the items re-  
commended be stricken out and that  
the department go back to the old or-  
der of things with an inspector and  
deputy inspector. The items for two  
deputy inspectors were stricken out  
and the other for a traveling normal  
inspector, passed.

House took a recess at 12 m.

**AFTERNOON SESSION.**Upon considering appropriations  
for school teachers, Rep. Isenberg  
made a plea to the Minister of Educa-  
tion that some effort be made to teach  
the Hawaiian children their native  
language. At the present time there  
were only about 60 per cent of the na-  
tive children who understood their  
mother tongue.Next came the consideration of the  
salary of the Minister of the Interior.  
This was raised to \$12,000. Then a  
motion to the effect that the salaries  
of all the Cabinet Ministers be con-  
sidered, carried. A motion was next  
made to place these at \$12,000 each.  
Rep. Robertson asked that \$10,000 be  
the mark. The Treasury would cer-tainly be in a sad state if this sort  
of thing continued. There would be  
no money left for the roads. The sala-  
ries were raised by a vote of 7 to 6.The salary of electoral registrar was  
raised from \$600 to \$1,200.The salary of the Surveyor-General  
passed at \$6,000. When it was read,  
Rep. Pogue said, sotto voce, "make it  
\$10,000."When it came to the salary of  
draughtsman in the Survey Depart-  
ment, Rep. Kaai showed a fine map  
of Molokai that had been done by the  
present incumbent of the office, Mr.  
Chris. Willis. The young man had  
been employed to do work for the  
United States Government at Pearl  
Harbor and complimentary advices  
from Washington expressing satisfac-  
tion, had been received. The young  
man's salary should be raised to \$2,-  
400.Then came a long discussion by the  
members in the attitude of certain  
members in not voting. This lasted  
about three-quarters of an hour or  
more. The item finally passed at  
\$2,400.The salary of the Superintendent of  
Water Works was allowed to remain  
at \$5,400.At 4 p. m., House adjourned but not,  
however, until even this matter had  
been thoroughly discussed.**TRIBUNES

## A Warm Weather Policy.

The best at the lowest price at HOPP'S.

During the last fortnight we have refrained from talking shop for three reasons:

First—Every one felt so wrapped up in the "Boys in Blue" that they did not care much about furniture or listening to any lengthy talk on our part.

Second—The weather having been such that people would much rather stay at home and keep as cool as possible in preference to moving around in the sun.

Third—This reason of course is of more interest to us than to our customers, unless they are directly interested by having goods in our repair shop. Regardless of the hot weather we have had as much, and some days more, than we could handle in the repair and upholstery department. So that while you folks have been entertaining or keeping quiet we have been operating a bee hive.

We do not object at all, in fact we will be more than pleased to see the orders roll in to such an extent that we would be forced to employ additional upholsterers.

## Table Talk.

The biggest shell doesn't always hold the biggest kernel. It doesn't take a page of advertising to tell of these

## Oak Extension Tables.

But a whole page could not offer you bigger bargains. They are from Hopp's stock—which means Hopp's values. They are reduced because there are only a few of them. The first time you are down town drop in and examine them, they are just what we claim for them.

There is no necessity to buy if you feel they are not worth more than we ask for them.

## A House Committee Does Not Like the Opium Bill.

## ON A HIGH MORAL PLANE

Criticises Construction of Act. Board of Health and Physicians—Officials.

The act placing use of opium in the Islands under control of the Board of Health has passed the Senate. The adverse report given below has been presented in the House, but the act has some strong advocates in the lower branch and the fight will be a close one. The committee says:

The claim of those who favor the act is that it will put an end to smuggling of opium and that it will restrict its use. This claim your committee does not think can be good. Inquiry shows that though it may make the gains of the smuggler less, there will still be inducement for him to smuggle. As to the restriction of its use, your committee sees that the act provides that opium shall only be supplied to those who are now habituated to its use, but what is to prevent those habits from furnishing the drug to others who have never used it, thereby swelling the number of its users, who will in time, demand their supply of the legal purveyor of the institution created by law to pander to the appetites of the victims of this habit.

Under Section 1, your committee would point out that there is no proper definition of opium. For instance, the form of opium used for smoking is not the medicinal opium, nor can opium as prepared for smoking be used in medicine or for the manufacture of medicinal preparations of opium.

Under Section 2, the Board of Health is constituted a body for the importation of that which is forbidden to firms and individuals; the importation of an article which all agree is the most harmful and degrading drug within the reach of man. Boards of Health are constituted to conserve the health of people, they should not be the agents that assist in hastening them to a miserable grave.

Section 3 is one that will strike every one who gives it thought as essentially a vicious one. The Government Physician, the District Magistrate and the Sheriff or Deputy Sheriff, of the different judicial districts, are, by this act, constituted an "Opium Board." Would any one propose the appointment of Government officials to act as a board to allow other vices incident to weak humanity?

Can any one think that a self-respecting educated physician, one whose mission in life is to heal the sick, restore to health the afflicted, and lead to a higher hygienic life, would so far forget his duty and his calling as to serve on a Board whose duty it is to serve out the means of degradation to erring fellow creatures? And what would be the action of our Board of Health supposing any Government physician refused to serve on an Opium Board? As the law reads there must be a Government physician on the Board, and should a conscientious man refuse to serve there would be nothing to do but cancel the commission and appoint a man who could put his conscience in one pocket, while he put dollars in the other.

The constitution of another member of the "Opium Board," the District Magistrate. On the one hand, he is the dispenser of justice, on the other he furnishes a victim with the means of crime. This is an anomaly which is self-apparent and self-convicting. An opium smoker might commit a crime under the influence of the drug and might have to be sentenced to punishment by the very member of the Board who assisted in furnishing him with the drug.

One of the many reasons that are advanced for the licensing of opium, is that unlicensed it corrupts the officials. While we have good material both among District Magistrates and Deputy Sheriffs, it does not seem as if there is any better material than there has been among our police and customs officials and the means of corruption are as likely to be used to defeat the present law, as ever they were to defeat prohibition of the drug.

The act provides that no minor shall be enrolled on the list of habitual users. This will not, cannot, from the very circumstances of the case, prevent minors from obtaining access to the drug through the habitual users, whether from curiosity, weakness or as a bribe to greater crime and misfortune.

Under Section 4, the Board of Health will have to furnish the Opium to the Opium Boards, in such quantities as they, in their discretion, think sufficient. By whom and by what standard is the "quantity sufficient" to be determined? Who of the Board, unless he be a user of opium, can say when the "quantity sufficient" has been reached?

A member of the Opium Board is required, by this act, to dole out to each holder of a permit, fifty grains of opium a day. That is, on each and every day of the year, every holder of a permit, weaker, more debased, nearer to the end, by authority of law, by act of Government, will tremblingly approach this Government dispenser and obtain his further allowance in order that he may be still further degraded.

It is not necessary to go into the further details of this act. That those who support it are entirely honest in their views, is to be presumed. But

that it will work harm and be a source of corruption appears on the very face of it. Aside from all political reasons, and these in the minds of the committee are strong, for it must be remembered that it was the attempt to pass an opium license bill and a lottery bill which finally overthrew the monarchy, was in fact the tetrilla causa of that cataclysm, there is the consideration of the man's duty to man, no mere sentiment, but the duty of the stronger, the better in evolution, to his weaker, his less educated, the man further advanced advanced brother, not further to degrade him, rather to assist him as far as possible by removing from his path, by putting out of his reach, all means, all temptation which may further cast him down.

Your committee therefore recommends the bill be laid on the table.

## Bargain in Shoes.

We hear the expression used constantly. So much so that in nine cases out of ten it really has no significance in connection with facts.

A bargain in shoes represents standard value, at the right price and at the right time.

The cheapest is not always the best neither is the best always the cheapest. Buy a good article and you will get satisfactory wear out of it in the long run. Buy a cheap article and it will keep you on the jump continually to duplicate, then you might buy shoes on this basis every week in the year and never get your money's worth. Turn over a new leaf and buy an honest shoe at an honest price. This is the kind of values we offer you.

# CAPT. DYER SPOKE.

(Continued from First Page.)

and emerging struck the cylinder of port 6-inch gun on quarter-deck temporarily rendering the gun unfit for use. In its mad flight it also struck a box of 3-pounder ammunition, exploding one shell which in turn slightly wounded a few of No. 4 guns crew. The other hits were as follows: One shell pierced our starboard side forward of No. 2 sponson and lodged in a clothes-locker on the berth deck; another one struck us on our port beam a little above the water-line, and a few feet forward of and above this another shell came crashing across the berth deck striking a steam pipe and exploding behind starboard blower-engine with no serious results. A fragment of a shell went through one of our ventilators and the Colors at our main were shot through during the first part of action. The concussion from our 8-inch guns on poop shattered our two whale-boats and they had to be cut adrift. The engagement lasted from 5:43 until 7:35 a. m., when the flagship signalled: "withdraw from action." We then stood out in the bay, the men left their stations and "mess-gear" was sounded. There was hand-shakings and congratulations on every hand as smoke-begrimed friends, parted during the battle, met again, and loud were the cheers that went up from the various ships in passing.

The pamphlet tells of more fighting and of the surrender.

## ART AND SCIENCE.

At the World's Columbian Exposition art and science was thoroughly exemplified. The greatest achievements of modern times were on exhibition. Among the many beautiful displays none attracted more attention than that made by the Singer Sewing Machine Company. It won the enthusiastic praises of all. B. Berger, Agent, Bethel street
