THE DAILY

PACIFIC COMMERCIAL ADVERTISER

SIX-PAGE EDITION

Be just and fear not;
Let all the ends thou aim'st at be
Thy Country's, thy God's, and Truth's.

THURSDAY, MARCH 31, 1892.

C. J. LYONS, in charge of the weather service, has begun a publication which will be of permanent value, and which reflects credit on the department. It consists in a monthly meteorological summary and record, and brings together in a form convenient for reference and preservation all the various observations. The number for January is now out, and those for February and March will soon follow.

JUDGE BICKERTON has rendered a decision in the case of the petition to vacate the election of Oahu Nobles, against the petitioners. On the main contention of the plaintiffs, that the printed matter on the ballots should have been in Hawaiian as well as English, he takes the ground that the law fails to make any such provision. He holds that a printing in either language or in both would have been legal, but that it is not compulsory to use more than one. While a provision that the printed matter on the ballots should be in both Hawaiian and English would have been eminently just and reasonable, the statute fails to make it, and the Court must administer the law as it finds it. The ballots are therefore held to be legal and sufficient. An appeal to the full bench will no doubt be taken.

LAST night's Bulletin regales the public with an article of a column and a quarter on the ADVERTISER, which seems to contain hardly anything requiring an answer except the statement that this journal agreed to make no mention of the sand bag episode. This statement is entirely incorrect. As to the further charge, that the gentlemen going over to the Coast would find their first difficulty in counteracting the ADVERTISER's account of the affair, it would seem that the answer to so foolish an allegation might be left to the intelligence of our readers. There may be no harm in reminding them that the news of the criminally foolish course pursued by the authorities in the sand bag affair could not possibly be prevented from reaching San Francisco. The ADVERTISER editorial ridiculing the idea of there being any danger, was merely an attempt to counteract in that city the damaging consequences of Wilson's folly, and of the suspicious silence of his newspaper creatures.

THE Women's Christian Temperance Union have addressed a letter to the Marshal of the Kingdom, calling his attention to the

great prevalence of gambling in this Kingdom, and urging him to use his power to put an end to it. If this action on the part of the W. C. T. U. is an indication that the community is rousing itself from its constitutional lethargy and becoming in some measure awake to the abuses which are growing great and rioting among us unchecked, then it should be cordially welcomed as a sign of a better time coming—a time when official corruption will be put an end to because the people will no longer tolerate it. The particular form which the protest has assumed in this case savors somewhat of irony. It is to be feared that it will require more than a humble petition from the ladies to bring about any real modification in the conduct of the public business. It needed a Hercules to clean the Augean stables.

STABILITY.

The late Palace episode, with the rumors to which it has given rise brings home to every thinking man, what all are beginning to feel more and more, that the great need of the country is stability. The alarm in this particular case has not been great and the public have been sensible enough to regard the episode as a humorous one. At the same time there is no doubt that the damage which accrues to this country from these constant wars and rumors of wars is serious, and always has been. In individual cases it has rendered nugatory efforts to obtain capital abroad for the development of commercial undertakings which could not have failed to be widely beneficial. It killed the Hilo and Hamakua railway when that enterprise was on the verge of success, and dealt Sam'l. G. Wilder a blow from which he never recovered. It balked Mr. Dillingham in the carrying out of a plan which would have benefited thousands.

But these isolated cases, serious as they have been, are nothing in comparison with the constant disadvantage under which the country labors all the time, as a consequence of the cause indicated. Capital is naturally timid, and it will never seek investment where there are constant changes or rumors of changes—where the Government is not founded on a rock. Until we can attain this much-needed stability, this country never can enter upon a career of solid and general prosperity. Foreign capital will not come here, and the profits of home capital will be withdrawn for investment abroad. Everybody likes to have an anchor to windward.

What can be done to remove this impediment in the path of Hawaiian progress? It is well to look all the facts squarely in the face. Not in villifying political opponents, not in extravagant and unmeasured statements, but in a rational and dispassionate consideration of the situation in its pleasant and unpleasant phases alike, is there progress and safety for Hawaii. The inherent weakness of the present political order lies in the fact that there is no power behind it to insure it respect and enforce its decrees.

The Hermit Crab

is dead. He is now lying in state in our mauka show window. He was a good fellow and we are sorry he died. We might have prolonged his life, however, had we known the true condition of his liver. We discovered it after his demise. Through the thin, transparent skin this organ could be seen. It was in a very unnatural state. No wonder he was looking for the New Drug Store. He was on his way when the fisherman captured him. Beecham's Pills were what he wanted. He knew we had received a large quantity by the last "Australia" direct from the manufacturers. These pills are good for bilious and nervous disorders, sick headache, loss of appetite, and many other ailments. Ours are of recent manufacture and are sugar coated which makes them pleasant to take.

We are now the Agents for Dr. Sheffield's Creme Dentifrice. This tooth paste is made by Dr. Sheffield a distinguished dentist of Philadelphia. It comes in collapsible tubes which make it very convenient to use. Has an agreeable taste and an aromatic odor. So many of our customers call for this dentifrice we believe you will like it. If you have never tried it drop in for a sample tube. We have hundreds to give away.

Have you a horse or any other animal? If so we have a stock of Humphrey's Veterinary Specifics. You ought to have a stable case containing all the remedies you will ever need. If you don't want a case you can buy a bottle or so as you may require them. We've a guide book to go with them.

Monday, Mar. 28, 1892.

The weather for the next few months is likely to be dry.

We did not intentionally deceive you in giving the weather probabilities last week—we were misled by using a back number almanac. The dry weather begins today unless we are again deceived.

Three Aermotors went out of the store last week; two of them to people who had bought from us last year and, being satisfied with their bargain, want more. The other customer is just beginning to irrigate his fruit plantation and he selects the Aermotor as the best medium. While our prophecy may have caused you to go down town last week without your umbrella the changeable weather in no way interfered with the sale of the greatest wind motor, (which is the Aermotor) on earth.

During 1891 there were 20,049 Aermotors sold in the United States. During the current year it is expected that three times that number will be added to those sold in previous years. Just fancy! 60,000 new wheels erected for the purpose of making life easier for the man who has stock or lands. 60,000 people who have been convinced that there is only one mill in existence and that the Aermotor. How many will be convinced here that there is no other mill suitable for use on these Islands?

We quote from a letter received from a purchaser on Hawaii:

"Your Aermotor worked though the last big storm all right. It pumps 400 gallons of water per day, through a half-inch pipe, an eighth of a mile, and a thousand gallons of water through an inch pipe 800 feet, 50 feet above the pump. I find it advisable to oil the Aermotor every day. When the wind blows over 20 miles an hour we shut it half off although it has been left running when the wind was blowing at a greater velocity. In light winds it runs moderately fast, pumping as above—when a Union windmill that we have will not turn around. In heavy winds it runs more regularly than any mill I have ever seen. Further, your guarantee that the pumping Aermotor would do more in a wind that would not turn around the old mill, than the old 14-foot wooden mill would do under the most favorable circumstances has been carried out. I would say in conclusion that you cannot expect a windmill to run without oil any more than you can a wagon, and if an Aermotor is properly put up and properly cared for, I believe that it will give a better return for the money invested than any piece of machinery on the market. The geared Aermotor which I desire you to send me will replace a wooden mill that has been in use less than a year.

Yours Truly,
C. L. WIGHT."

This is Mr. Wight's second rattle at the Aermotor. He buys a geared mill only after giving the pumping Aermotor a very careful test. If the mills will work satisfactorily at Mahukona they will anywhere.

With a 16-ft. geared Aermotor you can run your corn mills—with a 12-foot geared mill you can run your rice mill and save a bushel of money every season. With an 8-foot mill you can irrigate your banana, pine apple or taro beds and increase your business 200 per cent.

LOCAL AND GENERAL.

Entertainment to night.

C. W. Macfarlane has some buggies for sale.

Three cottages are for rent. Apply to M. S. Grubbaum & Co.

A completely furnished seaside residence is for rent. See adv.

There will be a meeting of the Y. W. C. T. U. at the Y. M. C. A. this afternoon.

Henry Poor is said to be a candidate for the position of Secretary of the Legislature.

All people who have claims against the Government are requested to hand them in to day.

Jas. F. Morgan will have an auction sale of hay and feed to day at noon in his saleroom.

The winners of prizes at the regatta can obtain them by calling at the office of the O. R. & L. Co.

A judicial barricade by "Hamilton" is on exhibition in the show window of the Hawaiian News Co.

The returns from the Kawaiahaeo Seminary concert are not all in yet, but they will probably foot up about \$300.

Two natives and one Chinese were found guilty of gambling yesterday and were fined \$500 each. The cases were appealed.

Now that the sand bag affair is over it would be a good idea if the police would arrest the person who is committing burglaries.

During the absence of Mr. E. M. Walsh from the Kingdom, Mr. J. A. Magoon will manage his business under power of attorney.

The sale of seats for the amateur show commenced with a rush yesterday. The performance takes place this evening at the Opera House.

At the Scottish Thistle Club's entertainment on Saturday next, Professor Schmidt will perform on the zither in addition to the regular programme.

The Liberal party will hold a special meeting at the Old Armory this evening, commencing at 7 o'clock. Mr. C. W. Ashford will not address the meeting.

The Crescents and not the Honolulu will play a practice game with the Hawaii on next Saturday afternoon. The game will be played on the old grounds.

It is rumored that the English and Hawaiian weekly newspaper Elele will be discontinued shortly, and a new paper entitled Ka Lei Alii (The Crown) take its place.

The meeting of the Hawaiian Historical Society, which would regularly have taken place last evening, has been postponed until April 7th by order of the Board of Managers.

A lady wrote lately to friends in the States on behalf of Kawaiahaeo Seminary and her eloquence brought back a gift of \$100. Go thou and do likewise. The school needs every cent it can get.

The Kamehamehas and the nine from the cruiser San Francisco will play a game of ball at the League grounds on next Saturday afternoon, commencing at 3 o'clock. The admission will be free.

It will be interesting to hear from Maui how the Clantine got to Kahului with the barkentine Skagit which she had in tow. As soon as the wind struck her in passing Diamond Head, she was observed to plunge very heavily.

Detective Wagner of the "drei hundred" can be seen every day mounted on horseback. His only weapons are that tin badge and a field glass hanging from his side. Wagner presents an imposing sight and looks every inch a real "Sherman" general.

THE REGATTA.

The Judges' Report Has Been Handed In.

The judges of the regatta that took place on the 17th instant have handed in their report. There were but two protests entered—the first by the owners of the Linnie B., claiming that the Puuloa had used an oar contrary to Rule 8. The judges find that the latter vessel did break the rule, and consequently was barred out. The second prize was awarded to the Linnie B.

The second protest was from the San Francisco's crew, and claimed that the yacht Hawaii, while sailing in the boat-race course, interfered and caused their defeat. The decision censures the captain of the Hawaii, but could not alter the result of the race.

Electricity vs. Plowing.

Plowing with dynamite is an agricultural novelty. The inventor of this ingenious tilling of the soil drills holes two or three feet deep and five feet apart, making 1600 to the acre. In each hole is placed a sufficient quantity of the explosive, connected with a wire leading to the battery, and after the holes have been plugged with clay the whole is discharged by a spark. In recent experiments, after the explosion the ground appeared to be lifted two feet, some clods being thrown to the height of thirty feet, while the earth was found to be broken to the depth of thirty inches at the point of explosion and for a considerable distance around the holes.—[Ex.]

WHARF AND WAVE.

The Hawaiian iron bark Andrew Welch, which has been up on the Marine Railway since last Friday, was lowered on Wednesday, having been thoroughly cleaned and repainted. She is now docked at Wilder's wharf where she will take in sugar for San Francisco. The cargo being all out, the Andrew Welch stands very high out of water, drawing only about eight feet of water. If placed alongside the U. S. Flagship San Francisco, her deck railing would be almost even with that of Rear Admiral Brown's flagship. The state rooms, and Captain E. P. Drew's cabin are palatial in appearance. The cabin is fitted up with bird's-eye maple and mahogany, the carved ceilings being in gilt. Few, if any, vessels coming into this harbor, possess a superior or more elegantly arranged cabin than the Andrew Welch. The wood work everywhere is finished with a high polish; the reflective qualities almost equal those of mirrors. Capt. Drew will open his ship for inspection in a day or so. The Andrew Welch carries when loaded about 26,000 bags of sugar which is as much as the steamer Australia can carry.

The barkentine Newshy cleared from the Custom House yesterday. She goes up to Kahului with 200 tons of coal as ballast. After landing it, she will take in sugar for San Francisco.

The barkentine Irmgard went over to the O. R. & L. Co.'s wharf yesterday. She will leave tomorrow for San Francisco.

After unloading lumber, the bark Matilda will take in sugar for San Francisco. Messrs. H. Hackfeld & Co. have chartered her.

The German bark Paul Isenberg was to leave San Francisco for this port on the 15th inst., consequently she is about sixteen days out now. The bark Albert was to leave after her.

The steamer J. A. Cummins' cargo from Koolau and Waimanalo yesterday consisted of 1200 bags sugar.

The following steamers of the I. I. S. N. Co.'s line are daily expected: Waialeale and Iwalani from Hamakua, and James Makee and Pele from Kauai.

The brigantine Consuelo finished discharging cargo yesterday. She will commence receiving sugar this morning, and on Saturday she will sail for San Francisco.

Captain Morrison, formerly of the Hawaiian bark Andrew Welch, is now in England superintending the building of a new steel vessel of 1150 tons for Messrs. Welch & Co. of San Francisco. The new bark will bear the name of R. P. Rithet, and is to be placed under the Hawaiian flag. This new ship measures about 300 tons larger than the Andrew Welch.

THE "DREI HUNDRED."

One Of Wagner's Followers Receives a Small Frigate.

The sand bag revolution is over, and was fully explained last evening to the satisfaction of every deaf and blind man in the community. It seems that the bags were filled by the Palace guards, merely as a drill practice, and that during the lonely hours of the night while they were placing them in position, no idea was had of any impending trouble. If report is true, a number of people have informed the Marshal that they were innocent of any participation in the alleged uprising. There was but one man remaining who did not confess, and if it was not for a little stratagem practiced yesterday he might have lent his aid to the revolutionists.

Yesterday at the Pantheon stables a tackle was placed in position to hoist some hay. An inquisitive German came along and asked some questions about said tackle. He was informed that it was to be used for hanging members of the "drei hundred." The German was frightened out of his wits, and started to run; when last seen he was going in the direction of the Marshal's office to have his name erased from the "spotted" list.

IT IS REPORTED

—That the present Government has built its house upon the sand. "And the rains descended and the winds blew"—you know the rest.

—That Wilson, Nowlin and the rest of the War Department are to be transferred to Ocean Island, where they can make mud pies and sand forts all day, and nobody to laugh at them.

—That Cabinet salaries ought to be reduced. The theory that high pay secures competent men is not working well.

—That the very late afternoon paper's explanation of the sand bag affair is very unique.

—That Wilson and Whiting and Nowlin ought to be given a sand bag each along with a leather medal.

—That that candidate for the Old Ladies' Home, the very late afternoon paper, imagines that the San Francisco papers will not hear of Wilson's "fizzle" because it refrained from making any mention of the affair.

—That if the authorities are to be believed, Honolulu can discount any South American Republic for revolutions.

—That the dope merchants have a signal station on top of Punchbowl to communicate with their vessels.

—That the next Legislature will have a Herculean task to oust incompetent and back-number officials who have been feeding at the public crib for so many years.

—That Kaulukou is a candidate for Sergeant-at-Arms of the House, and that Testa is another; that fat men will be preferred.

—That copies of the GAZETTE, ADVERTISER, TOURISTS' GUIDE, etc., will be placed under the corner stone of the new Bulletin building to be laid shortly.

NOTICE

IS HEREBY GIVEN THAT J

DENIED.

That Is What Happened To Captain
Ross's Petition.

JUDGE BICKERTON UPHOLDS
THE OAHU ELECTION.

Fall Text of the Opinion by the Court
—The Legislature Forgot to Say
That the Ballots Should Be
Printed in Native.

IN THE SUPREME COURT OF THE HAWAIIAN ISLANDS.

In the matter of the Petition of JOHN ROSS and others to vacate an election of Nobles for the Division of Oahu.

BEFORE BICKERTON, J.

The petition sets forth that the petitioners, fifty-one in number, are residents of Oahu; that they voted or were entitled to vote for Nobles of the Kingdom at the general election held on the Island of Oahu on the third day of February, 1892.

That the election was held; that proper returns were made; and that certificates of election were made, signed and delivered to the persons so declared to be elected. That duplicates of the certificates, together with the tabulated returns, were transmitted by said Marshal to the Minister of the Interior; that the following named gentlemen were declared elected: J. N. S. Williams, John A. Cummins and Paul Neumann for the term of six years, John Ena for the unexpired term of four years, and Arthur P. Peterson for the unexpired term of two years.

That C. B. Maile, John Ross, Henry Waterhouse, John Emmeluth, A. Marques and Samuel M. Kaukai, candidates for six years, E. B. Thomas for four years, and James Gay for two years, were formally and legally qualified and registered as such candidates; that their several names appeared, together with those before named, on the ballots provided by the Minister of the Interior for use.

That it then was and is the law that each ballot should express in the Hawaiian language what it did in the English language; that none of the ballots used at said election contained any Hawaiian words expressing what was printed in English.

That in the preparation and printing of said ballots the Minister of the Interior refused and neglected to insert therein the Hawaiian equivalent of the name of said candidate Henry Waterhouse, viz: the word "Wakalahau," although said Minister was formally requested to insert said Hawaiian equivalent, and although all of the said ballots contained the Hawaiian equivalents of the names of all the others of said candidates having foreign names.

That by reason of such omission from said ballots of said words in the Hawaiian language, and of the Hawaiian equivalent of the name of said Henry Waterhouse, it was impossible for Hawaiian voters for Nobles who were unacquainted with the English language (of whom there were several hundreds) to learn the meaning or particulars of said ballots, and consequently were thereby deprived of their legal and constitutional rights under the law.

And prays that said election be vacated and declared null and void.

The specification appended to the petition is in this form:

The law under which these proceedings are brought, is Chapter LXXXVI of the Session Laws of 1890, being "An Act to Amend and Consolidate the Election Laws of the Kingdom." Sections 87, 88, 89 and 90 of said Act read as follows:

"Section 87. In addition to the methods heretofore set forth for vacating any seat in the Legislature, any candidate, or any thirty persons who have voted, or were entitled to vote in the district, may file a petition addressed to the Chief Justice of the Supreme Court, setting forth any cause or causes why an election shall be vacated or a seat be declared vacant. Such petition shall be filed in the office of the Clerk of the Supreme Court within thirty days following an election, and prior to the hearing thereon the Clerk shall receive a deposit of such costs as may be necessary in the case. The hearing may be had before any Justice of the Supreme Court, and shall be held in the Judicial Circuit wherein the election is disputed. Provided, however, that the Supreme Court shall have no jurisdiction over any such case during the session of the Legislature."

"Section 88. A notice of not less than fourteen days shall be given to the inspectors of such election as may be contested, and to the candidate who shall have been returned, or whose seat is contested, and to any other whose rights or interests are particularly affected, who shall be designated by the Chief Justice of the Supreme Court. Besides such notice, a written or printed notice shall be likewise posted in the district, or published in some newspaper circulating in the district, for not less than ten days prior to such hearing."

"Section 89. No person who has voted at any election shall, in any legal proceeding, be required to state for whom he has voted."

"Section 90. At the hearing the

Justice shall cause the evidence to be reduced to writing in full, or sufficiently to ascertain all of the facts involved, and shall thereupon give judgment, stating all of his findings of fact and the law thereupon, which shall then be transmitted in full to the Minister of the Interior, provided no appeal shall be taken. If such finding shall be that the election was invalid, and the seat therefore vacant, a new election shall at once be ordered by the said Minister."

As Section 90 requires the Justice hearing the case to state "all his findings of fact and the law thereupon," I will first proceed to find from the evidence the facts.

I find the following facts to have been shown and proved by the evidence:

1. That thirty-nine of the petitioners have voted for Nobles at the election held on the third day of February, A. D. 1892, on the Island of Oahu.

2. That four of said petitioners, to wit: A. Marques, E. B. Thomas, C. B. Maile and John Ross, were candidates for Nobles at said election, but were not declared elected;

3. That the petition herein filed, was filed in the office of the Clerk of the Supreme Court within thirty days following said election;

4. That notice of not less than fourteen days of said petition and of the time set for hearing the same was given to the Chairmen of the several Boards of Inspectors of said election for the Island of Oahu, and also to all the candidates for Nobles who were returned as elected at said election, by service made by the Marshal upon each of them of a copy of the following order:

"The petition of John Ross and fifty others, having this day been filed in the office of the Clerk of the Supreme Court, addressed to the Chief Justice of the said Court, and setting forth certain causes whereby it is claimed by said petitioners that the late election for Nobles, in and for the Island and Division of Oahu, held on the third day of February, A. D. 1892, was and is invalid, null and void, and should be vacated, and praying for a hearing of said petition, and for judgment that said election was and is invalid, null and void."

"Therefore it is hereby ordered that said petition be heard before said Justice of the Supreme Court as shall be sitting at Chambers, at Alioli Hale in Honolulu, on the said Island of Oahu, at 10 o'clock A. M., on Monday the 21st day of March, instant, when and where all persons interested may appear and show cause, if any they have, why the prayer of said petition should not be granted."

"And also, that a copy of this order and notice be served by the Marshal upon each Chairman of the several Boards of Inspectors of Election, and for the several precincts of said division of Oahu, and upon J. N. S. Williams, John A. Cummins, Paul Neumann, John Ena and Arthur P. Peterson, they being the candidates who were returned and certified as having been elected at said election, as Nobles for said division."

"And also, that a copy of this order and notice be published in the English and Hawaiian languages, respectively, in the PACIFIC COMMERCIAL ADVERTISER (in English) and in Ka Leo o ka Lahui (in Hawaiian), they being newspapers printed and published within said island and division, for the space of ten days prior to the date hereby fixed for the hearing of said petition."

5. That a copy of said order and notice was published in the English language in the PACIFIC COMMERCIAL ADVERTISER and also in the Hawaiian language in Ka Leo o ka Lahui, newspapers printed and published in Honolulu, for more than ten days prior to the hearing;

6. That said election was held and resulted as follows, viz: The several Inspectors of Election for the several precincts of said island and division, made their respective returns to the Marshal of the Kingdom, of the votes cast at the said election in said division, for candidates for Nobles, and that said Marshal thereupon, and acting upon said returns and in conformity therewith, made, executed and signed certificates of election of Nobles for said island and division of Oahu, wherein was duly elected Noble for said island and division to serve for the term of two years next succeeding said election. That an original of said certificates was delivered by the said Marshal to each of the persons so declared to be elected, and duplicates of said certificates, together with the tabulated returns for said election, were transmitted by said Marshal to the Minister of the Interior as provided by Section 83 of Chapter 85, of the Acts of 1890.

7. That at the said election the following named persons, besides those above named, who were declared as aforesaid to be elected as Nobles, were also candidates for Nobles in said division, and were formally and legally qualified, notified and registered as such candidates as required by law in such cases, and their several names appeared on the ballots which were printed and provided by the Minister of the Interior for use, and which were used at and upon the said election, viz: C. B. Maile, John Ross, Henry Waterhouse, John Emmeluth, A. Marques and Samuel Kaukai as candidates for Nobles to serve for the term of six years; E. B. Thomas as a candidate for special election, to serve as a Noble for the unexpired term of four years, and James Gay as a candidate for special election as Noble to serve for the then unexpired term of two years.

8. That none of the ballots for the election of Nobles printed, furnished and used at and upon the election aforesaid, contained any of the words, "Koho ana no ka makahiki (1892)," or any Hawaiian words specifying the name of the office, or the name of the division for Nobles, or the term of the office, nor, in the case of said special elections, any words in the Hawaiian language specifying the unexpired term of the office; nor the words "Koho Balota Kuikawa," but that all of said Hawaiian words were omitted therefrom, as appears by the specimen of said ballots.

9. That none of said ballots contained any Hawaiian equivalent of the name of Henry Waterhouse, and that all of the said ballots did contain the Hawaiian equivalent of the names of all the others of said candidates having foreign names.

10. That there were about seven hundred native Hawaiians, voters for Nobles on the Island of Oahu, at the time of said election.

As to the facts alleged, that many

Hawaiian voters were prejudiced in the exercise of their franchise, or in their voting because of the fact that their words expressing in the Hawaiian language what had been printed in English on the ballots, not having been printed on the ballots, or the absence of the Hawaiian equivalent for the name of Henry Waterhouse, but that they failed to do so. The Court cannot supply a want in the law, or legislate and make laws; the Legislature, which is the representative of the people, makes the laws, and I have to take the law as I find it in the statute books and apply it to the facts of the case before me. I cannot stretch it to suit circumstances; I am confined to its provisions and requirements, and cannot go beyond them.

I have been inclined to reserve this question of law for the full Court, under Section 834 of the Compiled Laws, it being an important one under a new statute; but as Section 90 of this statute specially requires the Justice hearing the matter to give judgment, "stating all of his findings of fact and the law thereupon;" and Section 91 also provides that "The decision in all respects shall be subject to appeal to the Supreme Court in Banco," I feel it is incumbent on me to pass on the question. I therefore hold the ballot used at the last election for Nobles on the Island of Oahu, a specimen of which is here in this matter, being the one in question in this case is a good ballot, and complies with the requirements of the statute; consequently, on the findings of fact and law made by me here, I must deny the prayer of the petitioners and dismiss the petition.

And it is so ordered.

A Few Hints to Bicycle Purchasers.

Before buying a bicycle and paying your good hard Hawaiian dollars for it, stop and consider a few points.

Consider how many different makes of bicycles, both American and foreign, there are on the market.

Consider how little the majority of purchasers know of the quality of metal used in the bicycle they are examining, and how much they must rely on the reputation on the manufacturer or dealer.

Consider how essential it is that a bicycle should be made of the best steel forgings, tubes and wire, and that the greatest of care should be used in putting the parts together to insure long life and ease in running.

Consider all these points, and then ask yourself if you are really a judge of a wheel, or if you are safe in taking the advice of a friend who, possibly, may not know any more about a wheel than you do.

After you have considered, and if you are able to decide to your satisfaction, then buy the bicycle that suits you. If you have any doubts, then be on the safe side and buy the bicycle that is mentioned by the greatest number of persons as the leading wheel.

The COLUMBIA is admitted by all to be of the highest grade and the leading bicycle. I have handled the Columbia from the first and my experience is that it is the most satisfactory wheel for an agent to sell or a wheelman to ride.

The advantages in buying a Columbia are:

First—You get the wheel that is recognized as the leading bicycle, being made of the best metal and shows best workmanship.

Second—You get the prettiest 1892 wheel.

Third—You get a wheel of American manufacture, and can easily replace parts. You can obtain obtain parts of any wheel made by this company years hence.

Fifth—You can always sell a second-hand Columbia quicker and get a better price than for any other wheel.

Sixth—You will, at any time be given information regarding the care or repairing of the wheel purchased, by the local agent.

Have you found the Columbia Bicycle Agent?

BEFORE JUDD, C. J.

HEARING MARCH 24th, 1892, AT WAIOHINU, KAU, HAWAII.

In the matter of the contested Election of J. N. Kapahu, Representative Elect for Kau, Island of Hawaii.

FINDINGS OF LAW AND FACT OF CHIEF JUSTICE JUDD.

A sworn petition signed by J. K. Kauhane, J. W. Smithies, J. K. Naeole, J. C. Kaiewe, R. H. Kaonohi, Lapeela, Kapana, Kamali-kane, E. Awhi, Kaaua, Kepano, H. Kekoa, J. K. Kapaua, P. K. Honolulu, S. Enaena, G. Kauwe, Kuana, W. B. Kamaka, Kapakua, Aola, Kinlao, C. K. Kikaha, Imi-ola, Iauka, J. Paku, Puh, Kaahu, Kailioha, Kawaikapa, Hookano and 16 others, residents of Kau, Island of Hawaii, persons who voted and were entitled to vote for representatives to the legislature from the seventh election district of the Island of Hawaii, to-wit: the Kau district, was filed in the office of the Clerk of the Supreme Court, on the 29th day of February, 1892, this date being within thirty days following the general election held on the 3d of February, 1892. Sufficient costs were deposited by the petitioners. The petition was addressed to me and set out causes why the election of J. N. Kapahu, the person who received a certificate of election as representative for the said district of Kau should be vacated. I set and appointed Thursday, the 24th day of March, 1892, at 1 o'clock p.m. at the district court house at Waiohunu, Kau, Island of Hawaii, the same being in the Judicial Circuit where the election was contested, as the time and place for hearing said petition. I caused written notices of the same to be given to the inspectors of election of the two precincts in the said district more than fourteen days previous to the said hearing and to the candidate who had been returned as representative for the district and whose seat was contested, and also caused written notices of the same to be posted in the said district.

At the time and place of the hearing, there appeared J. N. Kapahu whose election was contested, also T. P. Harris, chairman, Geo. Timoteo and J. W. Kuaimoku, the inspectors of election for the first precinct of said district of Kau, and G. S. Patten, chairman, L. R. Macomber and M. Malakaua, inspectors of election for the second precinct of the said district. Mr. J. N. Kapahu contested the petition and Mr. O. K. Apiki the opposing candidate appeared in support and filed a brief of Thurston & Frear. No other person made any opposition to the petition. The petition was as follows:

(1) Petitioners allege that at the first precinct of said district at said election fifteen votes were cast for the said O. K. Apiki which the inspectors of election of said precinct refused and failed to count, claiming that the same were illegal and contrary to law because they were marked on the left hand side of the name of O. K. Apiki. And petitioners admit that such ballots were marked on the left hand side, but claim that they are therefore not illegal, but that they are legal and that such ballots should have been counted.

(2) That one Kaipoolima a non-resident of said Kau, did register and vote at said election at the second precinct of said district.

(3) That the inspectors of election of the first precinct of said district, contrary to law, held a meeting for the registration of voters in the said precinct on the 30th day of January, 1892, and then there registered over 20 names of persons as voters for representative in said precinct, which persons so registered voted at said election.

(4) That the inspectors of election of the second precinct of said district rejected one vote cast for the said O. K. Apiki, claiming that the cross was not opposite his name and was therefore illegal. Petitioners claim that such cross was opposite the name of said O. K. Apiki and should therefore have been counted.

Petitioners claim (1st) that such meeting of said inspectors of said first precinct and registration of voters on said 30th day of January was illegal and that the said election is therefore void; and (2d) that if all of the said votes for said O. K. Apiki rejected by the said inspectors had been counted, and the vote of said Kaipoolima rejected, he would have received a majority of all the votes cast, and should have been elected.

Petitioners pray that the said alleged election of said J. N. Kapahu be declared void and for such other and further relief as justice and equity and the circumstances of the case may require.

The first ground set forth in the petition was abandoned by the contestant Mr. Apiki, and I am of opinion that it is unsound. Section 64 of the election law requires that the voter shall mark a cross on the right hand side opposite the name of the candidate. The ballots marked on the left hand side of the ballot were contrary to the law and were properly rejected by the inspectors. The only ground of the petition upon which evidence was taken was the third, to-wit, that the inspectors of election of the first precinct of the said district illegally held a meeting for registration of voters on

the 30th of January, 1892, and registered over twenty names of persons as voters for representatives in said precinct which persons voted at the election.

I found from the evidence that thirty and over of the petitioners were entitled to vote at the said election for representative and did vote, that O. K. Apiki received in the first precinct

Votes 43
And in the second precinct.....125

Total.....168
That J. N. Kapahu received in the first precinct..... 51
And in the second precinct.....129

Total.....180
And that J. N. Kapahu received a majority of 12 votes over those counted for O. K. Apiki. I found from the evidence that the inspectors of the first precinct to-wit, T. P. Harris, Geo. Timoteo and J. W. Kuaimoku, held sessions of the board for correcting the electoral roll by adding new names, etc., on the 20th, 21st and 23d of January and not having signed their corrected electoral roll or voting list at their meeting of the 23d, they held another session on Saturday, the 30th of January, 1892, and added 14 new names to the said list or roll, to-wit, W. Cobb, Honokoa, Geo. Kaaua, Kahanamoku, Kamawai, Laimana, W. H. Lentz, Jud. W. Manning, Wm. Mann, Nalehua, Nahinu, Oulu, C. Viebran and Thos. Wills, and corrected the name of a Portuguese to John Gomez Ernesto who had been registered as John Gomez.

I also found from the evidence that all the above named voted for representative except Nalehua who did not vote; making 14 in all who voted, having been registered on the 30th January.

I find as a matter of law that the meeting of the inspectors for registering voters on the 30th January was illegal. The 43d section of the Act requires that the inspectors shall "not less than five nor more than thirty days prior to the date of the election" hold the meetings, etc. The date of the election as fixed by the Act was Wednesday the 3d day of February. The last day, therefore, on which a meeting of the inspectors could be held and comply with the law was the 28th day of January, 1892.

As Mr. Kapahu's majority over Mr. Apiki was 12, the votes of the fourteen persons illegally registered might have elected him. I am forbidden by section 89 of the Act to require proof as to how these persons voted, but as these illegal ballots might have affected the result I deem it sufficient cause for declaring the election of J. N. Kapahu invalid.

The contestant of the petition, Mr. Kapahu, advanced as a demurrer that as none of the said inspectors had been convicted of any of the offenses enumerated in the Act which would subject them to punishment, the court had no jurisdiction to hear the petition. I overruled this objection, as also another one advanced by the contestant that the petition alleged none of the grounds set out in the 84th section of the Act as causes for vacating the seat of a member, such as death, resignation, becoming a cabinet minister, gross misconduct or neglect of the business, bribery, etc. I am of the opinion that section 84 of the Act assigns causes for which the legislature may declare a seat vacated, though some of them might also be grounds upon which the court also might act; but they are not exclusive of other causes. Section 87 on "annulling elections" (proceedings in court) prescribes that the petition shall set forth any cause or causes why an election shall be vacated. Such causes must be sufficient grounds in the judgment of the court for annulling an election or vacating a seat.

The inspectors showed the court printed "Instructions to Inspectors" from the Minister of the Interior to the effect that they could hold a meeting for registering voters on the 30th of January, and Mr. Kapahu contended, that, under section 108, subdivision 9 "the Minister of the Interior may add new instructions to these if he thinks it necessary or advisable," this instruction legally authorized a meeting on the 30th January. I held that where the statute was silent the Minister might "instruct," but a positive provision of the statute could not be annulled by a ministerial "instruction."

I therefore adjudge the election of J. N. Kapahu as representative for the district of Kau, Island of Hawaii, invalid and his seat vacated.

Sail ho! Ship Ahoy!

Captain, don't be bashful, but come right aboard and make yourself at home, and while you are resting after your long voyage just take a look round and see the number and variety of articles we keep, that are always needed and useful on board of any ship. If you are in need of Rope for rigging, we can supply you with pure Manila, from Eastern Manufacturers or from Tubbs Rope Factory, California, or we can furnish Hong Kong Rope, and these in all sizes from 6th to 7 inch.

If your ship happens to be a "lame duck" and you want to refit, we can furnish you with the best of iron wire Rope for standing rigging, galv'd steel, and flexible wire Rope, wire Seizing, Hemp Rope, ass'd; Spun Yarn, Marline, Loglines, Ratline, all sizes; Seizing, Houseline, Hausboline. We can furnish you with any kind of a Block needed on board ship, or common, patent or metaline Sheaves.

If you have carried away or torn your sails, we can sell you cotton and hemp duck all sizes; hemp and cotton twine, etc., for repairs.

If you are in need of SHIP HARDWARE you will find here iron and brass rowlocks, belayingpins, iron or hickory; parrel-trucks, boat hooks, sounding leads, patent logs, hawking mallets, bow chocks, galv'd and brass cleats, fair leaders, lizards, mast head trucks, ship scrapers, rigging screws, wrist shackles, deck buckets; OARS of all lengths, water hose, suction hose, ship pumps.

You may be in need of a pair of marine glasses, a log book, ship compass, quadrant or a sextant, we have them and Nautical Almanacs for 1892.

If you will step across the street to our ware house, we can show you, cases of yellow metal, felt sheathing, sheet lead, pitch, bales of oakum, Stockholm and coal tar, rosin, cotton waste, raw and boiled linseed oil, turpentine, kerosene and sperm oil. It is hardly necessary to mention that we keep in stock as fine a stock of paints of all kinds and colors as can be found in this market.

If there is anything else, Captain, that is wanted on board your ship, we either have it or can get it; from a quarter of beef, or a basket of green groceries to a thousand or more gallons of water.

We sell our Ship Chandlery at very low prices compared with the old Honolulu rates, and our goods are all fresh and of the latest patterns.

Besides SHIP CHANDLERY we keep the fullest line of HARDWARE, METALS, NAILS and TOOLS of all kinds to be found in this town.

Captain, we are glad to have had the pleasure of showing you our establishment, and hope you will call again and often. Thanks for your order which will be filled immediately, if not sooner, and sent on board this afternoon.

SHINING MARKS FOR DEATH.

Four Noted People Who Have Crossed
the Dark River.But a few days ago the reading world
was shocked by learning of the almost
simultaneous deaths of Cardinals Man-
ning and Simeoni and the oldest son of the
Prince of Wales. After a brief interval
the papers told of the demise of Justice
Bradley; Rogers, the artist; C. A. White,
the poet, and several others only a little
less eminent. Deaths in groups are but
natural in such a peculiar season as
this, when la grippe is literally slaying
its thousands.Justice Joseph P. Bradley was within
a few weeks of seventy-eight years old,
and might therefore have been retired
seven years ago, but he preferred to re-
main in service as long as he was able. His
career was curiously varied. He began
life as a Democrat, but on locating in
Newark, where manufacturing was the
leading industry, he became a Whig. He
was severely on the abolitionists and
did not act with the Republicans till
the civil war began. And finally,
though much criticised for his action on
the famous electoral commission of 1877,
he sustained his views by extreme state
rights principles, and in the New Orleans
slaughter house cases and other decisions
his opinions as a judge were those of an
old Jeffersonian. He was twice a can-
didate before the people and was de-
feated both times, so his entire active
career of fifty-two years was as a lawyer
and judge.Randolph Rogers was born in New
York, but reared in and near Ann Arbor,
Mich., and for his education in art he
was indebted to the merchant prince,
A. T. Stewart. While a clerk in Mr.

ROGERS. WHITE.

BRADLEY.

Stewart's dry goods store his talent
was discovered by his employer, who at once
advanced the money for his complete
education in Rome—an act for which
America owes the great merchant a debt
of gratitude. Mr. Charles A. White, the
famous song writer, was born on a farm
in Massachusetts in 1830, and his first
great grief was that his father was "too
poor to buy him a fiddle." He made one
for himself out of a cigar box, and a
very good one it was.His first songs were so popular that he
soon became a publisher and one of the
founders of the White-Smith Publish-
ing company. His best known songs are
"Marguerite," "Come, Birdie,
Come," "When the Leaves Begin to
Fall" and "Put Me in My Little Bed."
"Marguerite" had a sale of over 1,000,
000 copies. Among the recent dead,
also, is Mrs. Mary P. Lemen, for fifty
years a teacher and long one of the best
known women in Illinois. She was born
in New Hampshire in 1811, graduated in
1834 and was sent at once to Salem,
Ill., by the Baptist Educational society.During her half century there as a
teacher she had among her pupils H. C.
Warmoth, late governor of Louisiana;
Isam N. Hayne, late adjutant general
of Illinois; W. J. Bryan, congressman
from Nebraska, and a long array of
eminent lawyers, judges and legislators.
Her maiden name was Rand, and in
1842 she married Benjamin F. Lemen,
who died in 1875. She died at Ne-
osho, Mo.

Senator Gorman.

A very intellectual man is Senator
Gorman, of Maryland. Mr. Gorman
is now the Democratic leader in the
senate, and in all the practical affairs of
the day the national leader of the Dem-
ocratic party. He has a genius for
management, even for manipulation.
His is a fine hand, his a keen eye. Until
within the last few years he was looked
upon as nothing but a politician, but
of late his party friends have been
learning that he is a statesman as well
as a politician. Senator Gorman is one
of the most studious men in Washing-
ton. For years he has devoted himself
to books and literature and to the great
questions of the day. Time which some
people suspect him to be spending in
political scheming is actually passed in
his library. Mr. Gorman is a candidate
for the presidential nomination of his
party.

Dress Goods Now on Sale.

Outing flannels in Saxony wools are
shown in pretty plaids and in stripes
where the stripes are each made up of
several narrower ones, all shaded. The
Scott flannels in their soft colors and
crappy finish are very dainty, and they
make both pretty and useful outing and
morning dresses. They never shrink
when wet.There are a number of new fancies in
French printed flannels for morning
gowns, but I scarcely think they will be
very popular. I cannot tell why, but
there is something lacking about them.
On the other hand, the plain twilled
flannel in navy blue, gray, cream and
dark red will all be largely worn.Governor of Windsor Castle.
Among other places held by the late
Prince Victor was the sinecure office of
governor of Windsor castle. The queen
will name his successor, and she is cer-
tain to appoint a member of the royal
family—probably Prince Christian or
Prince Henry of Battenberg. The place
is worth £1,200 a year, and the salary
for it is paid out of the civil list.The DAILY ADVERTISER and WEEKLY
