### RULES MOSCOW.

Grist of Foreign News by the Latest Mail.

### REFORMERS WERE SENTENCED.

Col. Macfarlane Places a Loan—War-rimoo Makes a New Record—Japanese Make Trouble in Guadaloupe. Opinion on Cuban Affairs, Etc.

PRETORIA, May 20.—The sentences of the leaders of the Johannesburg reformers, as announced today, will stand over till next week, and meanwhile sentences of fifteen years' imprisonment have been substituted for the sentences of death imposed on Colonel Rhodes, John Hays Hammond, Lionel Phillips and George Farrar. Nine other prisoners are discharged. Eighteen were sentenced to five months' imprisonment and twenty-two to three months' imprisonment.

**GRAND ARMY BISHOPS.**  
Methodists Elect Veterans of the Civil War.

CLEVELAND, May 19.—Bishop-elect Charles McCabe was born October 11, 1836, at Athens, Ohio. In 1862 he became chaplain of the One Hundred and Twenty-second Ohio Volunteer Infantry. At the battle of Winchester, Va., in June, 1863, while looking after the wounded, he was captured and taken to Libby Prison, where he remained a captive over four months. After his release he rejoined his regiment, but with broken health, and was sent back to the hospital at Washington. Since the war he has been in the service of the Ohio Wesleyan University and of the Board of Church Extension. In 1884 he was elected missionary secretary, and through his efforts the cry, "A million for missions," once a prophecy, is now one of the brightest facts in the history of the Methodist Episcopal Church.

Dr. Earl Cranston was born on June 27, 1840, at Athens, Ohio. He enlisted in the United States service and rose to the rank of captain. His first service in the church after the war was in the Ohio Conference. He was transferred finally to Denver, Colo., where he was presiding elder. Since 1884 he has been book agent for Cincinnati. He is a pulpit orator of high rank.

### TURKS ARE FRIGHTENED.

Troops Surrounded by Insurgents. Seeking Protection.

CONSTANTINOPLE, May 22.—News from Crete is of the gravest character. The Turkish troops are surrounded by insurgents, who are being aided by the inhabitants.

LONDON, May 23.—A dispatch to the Times from Athens says the successes of the Cretan insurgents have caused a panic among the Turkish rural population, which is fleeing to the towns of the island of Crete for refuge, constituting a great danger of stirring the dormant fanaticism of the Turkish population in the towns, which is greatly in excess of the Christian population.

The dispatch continues: A Turkish detachment has been beleaguered for the past fortnight at Yoxaris by the insurgents, and eighteen Turks have been killed. In another battle at Drama, near the north coast of the island, the Turks lost ten men. It is reported that 1500 Turkish refugees have reached Limoo.

### WARRIMOO'S NEW RECORD.

Makes Fast Time Between Sydney and Victoria.

VICTORIA, B. C., May 22.—The Warrimoo, of the Canadian-Australian line, arrived here this evening from Sydney. She made the trip in twenty-one days and four hours, including stops at Suva and Honolulu. This beats all previous trip between Australia and America. No special effort was made, but good weather favored the steamer.

### PARLIAMENT ADJOURNS.

Close of Session Came With Sigh of Relief.

LONDON, May 22.—After a continuous and at times stormy session of nearly twenty-four hours, the House of Commons adjourned this afternoon un-

til June 1st. The deadlock was over the agricultural rating bill providing for the reduction of rates on agricultural land.

Finally, at 1:30 p. m., all the clauses in the bill were agreed to, and, with many sighs of relief the House adjourned.

### SULTAN IS VERY NERVOUS.

Kurds Said to be Planning Fresh Massacres.

BERLIN, May 21.—The Sultan is suffering from continual nervous attacks. The Kurds have disarmed the garrison of Sivas. They are threatening South Anatolia and are preparing for further massacres.

### COL. MACFARLANE'S MISSION.

Succeeded in Placing Bonds of Hawaiian Commercial Company.

LIVERPOOL, May 20.—Among the passengers sailing today on the Majestic for New York is Mr. MacFarlane, who succeeded in placing in London mortgage bonds of the Hawaiian Commercial and Sugar Company of San Francisco, owners of the Spreckelsville plantation on Hawaii, through the syndicate which floated the Hawaiian loan of 1887. The bonds amount to \$750,000 and bear interest at 5 1/2 per cent. A London Stock Exchange quotation for them has been applied for.

### CANOVAS GIVES OPINION.

He Thinks Insurgents are Playing a Losing Game.

NEW YORK, May 21.—A cable to the World from Madrid says: In an interview Premier Canovas spoke of the efforts of the American Government to get from the inferior courts and United States Supreme Court that well-defined fixed jurisdiction in regard to the filibustering expeditions and cases still sub judice.

The Prime Minister added: "The appointment of General Fitzhugh Lee to be Consul-General at Havana causes no concern or apprehension, as the Spanish Minister at Washington continues to report the excellent disposition of the Executive. The debate in the American and Spanish congresses will not materially affect the relations of the two countries. We understand that the Executive in America cannot interfere with the freedom of speech of the orators, though in Spain we have the advantage that our Ministers present in the Cortes can always point out that the Government and the majority of the nation are not responsible for the utterances of the opposition members."

"My opinion is that the state of affairs in Cuba is improving, both in its military and political aspects. The insurgents are beginning to surrender with their arms, and families are coming in to seek the protection of our forces, which have been able to push operations in May, as the rains began later this season."

### CZAR ENTERS MOSCOW.

Russians Cheer Their Iron Handed Ruler.

MOSCOW, May 21.—The Czar and Czarina made their triumphal entry into this city this afternoon amid the thunder of batteries of artillery, the clanging of countless bells and the cheers of a vast multitude of loyal Russians and equally enthusiastic visitors from all parts of the world. Probably never in the history of nations has there been such an assemblage, and possibly the equal of this gorgeous scene may never be seen.

### FATE OF CANAL BILL.

Minority Will Not Make Report But Decline to Accept.

WASHINGTON, May 22.—The report of the Committee on Interstate and Foreign Commerce on the Nicaragua canal bill has not yet been completed. The sub-committee having the matter in charge, of which Representative Sherman of New York is chairman, expects to have the document prepared within a day or two. It was believed that the minority of the committee would file a report, but some of their associates are inclined to think that they will simply remain silent and not sign the report favorably recommending the bill.

### TROUBLE WITH JAPANESE.

Immigrants in Guadaloupe Again in Rebellion.

NEW YORK, May 22.—A dispatch to the World from Basse Terre, Island of Guadaloupe, West Indies, via Kingston, Jamaica, says: The Japanese immigrants are again in rebellion. The uprising has become so formidable as to cause the planters grave anxiety. The Colonial Government is adopting drastic measures to suppress the insurrection, notwithstanding the stipulations of the treaty.

## SESSION DRAWS TO BUSY CLOSE.

Minister Cooper Declines to Answer Questions.

### HOUSE OBJECTS TO LETTER.

Wine Bill Passes Second Reading—Current Receipts Bill—License Act Passes Senate—Relief to Lepers on Molokai—Improvements Ordered.

### Eighty-seventh Day.

FRIDAY, May 29.

After the opening preliminaries, Minister Cooper made the following reply to Senator Holstein's questions:

Question 1. Does the Executive contemplate amending the Tariff Act of 1892, in relation to an increase of duty on wines or fermented drinks, whereby sake would have to pay a heavier duty? Answer—No.

Question 2. If so, would the proposed amendment be brought in this session? Answered by the answer to Question 1.

Question 3. Would you furnish the Senate with copies of the treaty between Hawaii and Japan? Copies of the treaty have been distributed among the Senators.

Question 4. Are there any provisions in the said treaty which prohibit this Government from increasing the duty on sake? Answer—The treaty provides that the same privileges be granted to the citizens of Japan as are granted to citizens or subjects of other nations; that they shall pay at all times such duties and taxes as may be exacted from citizens or subjects of other nations. There is nothing to prohibit the passing of a law to increase the duty on sake, provided that it be a general law affecting all liquor of a similar character; but a law which should single out sake and discriminate against that liquor would not be in conformity with the provisions of the treaty.

To answer the questions put by Senator Waterhouse regarding claims against the Hawaiian Government, the Minister replied: "To answer the questions propounded by Senator Waterhouse on the 28th instant would require the discussion of subjects now under consideration by the Department, for which reason I beg to be allowed to decline to answer the questions propounded."

The Miscellaneous Committee reported favorably on the wide tire bill.

Senator Baldwin made a favorable verbal report on the wine bill.

Senator McCandless presented a majority report in favor of the income tax bill.

On a ruling by the chair the motion to reconsider the physicians' bill was entertained and the bill passed the final reading.

House bill No. 47, creating an Executive Department of Education, passed the third reading.

Senate bill No. 48, to exempt certain wines from import duty, came up on the third reading.

Senator Brown asked if the term of one year's notice was to conform with the Denmark treaty.

Minister Damon said this was one reason; also after the first of January the treasury would be in a better condition to stand the loss resulting from the decrease in duties.

Senator Brown—Under the treaty with Denmark the Government is obligated to give a year's notice?

Minister Damon—Yes, sir.

No further questions arising, the ayes and noes were called on the final passage. Senators Lyman and Waterhouse were the only ones voting against the measure. The bill passed.

Under suspension of the rules, Senator Lyman submitted the report of the conference committee on the internal tax bill. The report showed nearly all the sections stricken out by the House retained. The report was accepted, which passes the bill.

Senator Waterhouse presented the report of the conference committee on the license bill.

Senator Holstein said he would have brought in a minority report on the milk and boarding house licenses if he

hadn't constituted such a small minority.

Senator McCandless said that the report was a complete surrender of the Senate to the House. The conference committee asked the Senate to accept a report that was entirely against the principles of the Senate. He moved to non-concur in the report.

Minister Damon said the items were of such small importance that it hardly seemed worth while to delay legislation by non-concurring.

Senator Waterhouse said the questions had been reviewed very carefully by the committee. The Senate had gained nearly everything in the internal tax bill. This was a compromise.

Senator Brown said he didn't like the report; in all features, but the matters didn't amount to enough to send the report back to the committee.

Senator McCandless withdrew his motion to non-concur. A motion to concur was then carried, which passes the bill.

The Secretary read a communication from the House stating that the reports of the conference committees had been accepted.

A report from the Executive on the bill to set apart land in Hilo for public purposes was read. The Executive does not approve of certain features of the bill, because the land will be needed in connection with the new wharf; also Coconut Island may be required as a quarantine station. The Executive submitted a substitute bill. This was read for the first time, passed and referred to the Printing Committee.

Senate bill No. 26, relating to manufacture of wines from Hawaiian grapes, was taken up on second reading and passed. The bill will be read the third time on Saturday.

Recess to 1:30.

### AFTERNOON SESSION.

House Bill No. 25, relating to income tax, taken up for consideration in second reading.

Senator Brown moved that Section 1 be indefinitely postponed, on the ground that Section 17 of the internal tax bill, which passed third reading recently, provides for what Section 1 of the proposed bill does. The internal tax bill was introduced first. Next came the income tax bill. This being a subsequent measure, might the point not be raised that it would repeal Section 17 of the internal tax bill? Then again, about the people outside of the Republic. How can taxes on their incomes be collected? The income tax bill should be a part of the internal tax bill and separate from it.

Senator Baldwin—I don't profess to be a lawyer, but I have looked carefully into this matter. I have been guided by lawyers entirely conversant with the matter. I have found that a certain part of the bill is unconstitutional, providing for double taxation. I am not opposed to an income tax, although I was at the beginning of the session. As a member of the committee who had the internal tax bill under consideration, I can speak on the work that was done. We drew up Section 17, making provision for taxation on properties of various corporations or other owners as a whole. In levying this tax, all incomes, properties and increases are taken into account. Section 17 makes the internal tax an income tax bill in everything but name. Our committee talked over the matter and found that some \$150,000 would be collected by the Government over and above the amount at present received. The members of the House said they did not want Section 17 and so they introduced the income tax bill. This they passed, but with the reduction of the tax from 3 to 1 per cent. As I said before, I do not object to an income tax, but it seems to me that the two tax laws will clash and will subsequently be thrown out by the Supreme Court. In the event of such action, the Minister of Finance will be placed in a very difficult position. The trouble has been that the House and Senate have not worked together on the matter. There might have been a different result if they had. A clash will result and one of the laws will have to go out.

Senator McCandless—The principal objection of the first speaker is based on the fear that the law, if passed, might be declared unconstitutional and thereby both tax laws would be jeopardized. I have consulted the best lawyers in town, and with one voice they declare that there would be no jeopardy at all. One Act does not bear on the other. The two are separate and distinct. So far as that is concerned, there is no risk. I do not think that the Supreme Court is going to commit hari-kari and throw out all the tax laws. From time immemorial every reform that has been introduced has been fought, and that too by the best

class of people. It is a peculiar fact, but it is nevertheless so. The income tax bill is irresistible. It does not suit me entirely, but I bow in deference to the lower House, who have made a careful study of it, and passed it in its present form. It is one of the best bills that has ever been introduced, and I intend to stick by it. The time is short, and it cannot be amended now. I believe in a graduated income tax. Some people call this socialism. I choose to be classed with the socialists if such is the fact. When the House drew up this bill they meant it for a graduated income tax. It is all right as it is, and I move that Section 1 pass.

Senator Brown—It is not the fact that the constitution does not forbid making tax bills, but it is the matter of double taxation that I object to.

Minister Cooper—When the income tax bill was introduced in the House I felt there was something in connection with it which I could not favor. It is true the Executive have not asked for it by them, since it was an effort to raise revenue for the Government. If the proposed law is declared unconstitutional in its present form it will not affect the other tax bill. The Supreme Court might declare it in conflict with the internal tax bill, and here would be a source of trouble. Again there is objection to the exemption clause. There seems to be an inequality in its provisions.

After the first trial of strength to see how the vote of the Senate stood, the sections of the bill passed without discussion. The only change likely to be made in the measure is to grant the right of appeal from the Tax Appeal Board to the Supreme Court.

Section 2 passed as in the bill. Sections 4, 5, 6, 7, 8, 9, 10 and 11 took the same course without further discussion. The bill then passed the second reading, Senator Brown voting against it. The bill will be read a third time Saturday.

Under suspension of the rules Senator Lyman presented the report of the Committee on Commerce on House bill No. 12, relating to the disposition of lands in Honolulu deleterious to public health. The committee recommended the passage of the bill without amendment. The bill passed the second reading without discussion. The third reading is set for Saturday.

Senator McCandless' wide tire bill came up on second reading. Senator Waterhouse moved to indefinitely postpone the bill. Two years was short enough time for the bill to be deferred. If the next Legislature wanted such a measure it could be passed then.

Senator McCandless asked the Senate to be sensible. The bill gave plenty of time for the people to change their carriage wheels. Every carriage wheel in the country should be a road maker.

Senator Wright opposed the bill. Senator Baldwin said there were many good points about the bill, but the roads of the country presented such varied character that it was almost impossible to fix hard and fast rules for all districts.

Senator Hocking—There ought to be a section in this Act repealing the law against cruelty to animals.

Motion to indefinitely postpone was lost. The bill was then taken up section by section. Section 1 passed with the amendments recommended by the committee. Sections 2 and 3 took the same course. The bill then passed the second reading as a whole.

The loan bill was made the special order for Saturday.

House bill No. 49, to amend portions of the laws of 1892, relating to appeals, passed the first reading, read the second time by title and referred to the Judiciary Committee.

Senator Brown said a question had arisen as to the constitutionality of the loan bill, No. 46, owing to the provision in the constitution that requires that loan measures should emanate from the Executive. The bill now before the Legislature was a substitute bill. The Executive considered that the Senate had exceeded its authority. Mr. Brown did not take this view. It was important that the matter should be decided, as it might affect the sale of the bonds. Senator Brown brought the matter up so that it might be discussed when the bill was brought up Saturday.

The Senate then adjourned. After adjournment a secret caucus on the refunding scheme was held.

#### House of Representatives.

A communication from the Senate announced concurrence of that body in House Bill No. 47, relating to ports of entry.

The following communication in answer to another from the Clerk of the House was received:

"I beg to acknowledge the receipt of your communication dated May 26th, together with the report of the House Committee on Public Health.

"As president of the Medical Association of Hawaii, and of the Executive Committee of the same, and as chairman of the meeting when the medical fee bill was passed, I may assure the honorable House of Representatives, through you, that there is not the slightest cause for alarm.

"So long as the medical profession is not placed upon the same footing with the vendor of articles of every description, there need be no fear by the honorable Legislature that the members of the Medical Association will be exorbitant in their charges, and that therefore there will be no cause for any body of men, even the honorable Legislature, to step in between the members of the Medical Association and their patients.

"There is not the slightest danger that the profession on the islands will degenerate into a meat, telephone, steamship, well-boring or other monopoly.

"As a class they are educated men of good character, who know too well their humanitarian vocation, their professional rights, as well as their duties and obligations to the people to whom they have never failed to give most tangible and practical proofs.

Therefore, they hardly need any lessons as to the manner of managing their own fee bills."

With great respect and high consideration for that honorable body, I am, Yours truly,

JNO. S. MCGREW, M. D.,  
President Medical Association of Hawaii.

Rep. Richards expressed his opinion on the letter, saying that the doctors had made a mistake in writing it, as they had in their discussions at certain meetings. The letter was in the nature of an insult to the House of Representatives.

The following bills were reported signed by the President:

An Act to amend Section 7 of an Act entitled, "An Act to promote fencing."

An Act to extend certain streets in the District of Honolulu.

An Act to prevent injuring, distorting and deforming the feet of female children under 18 years of age.

An Act to define the procedure in actions of condemnation under the right of eminent domain.

An Act making appropriations for unpaid bills prior to December 31, 1895.

An Act authorizing the Commissioners of Public Lands to cause a reappraisal to be made of certain homestead lots, and to accept payment for the same upon the basis of such reappraisal.

An Act to extend certain streets in the town of Hilo, Island of Hawaii.

An Act to define the field and staff officers and non-commissioned staff of a regiment of the National Guard of Hawaii, amending Section 3 of Act 20 of the laws of the special session, 1895.

Joint resolution relating to the United States of America.

Joint resolution relating to postage stamps, cards and envelopes.

The Conference Committee on Senate Bill No. 9, relating to internal taxes, reported on the same, recommending its passage with a few slight amendments. Report adopted.

Another conference committee report announced concurrence in House amendments to Senate Bill No. 12, relating to licenses, and recommended passage of same. Report adopted.

Rep. Hanama reported for the House committee who visited the leper settlement at Kalaupapa and Kalaupapa, saying that they had met with the lepers and had presented to them certain petitions and complaints. The committee had met with the Board of Health, and that body had seen fit to ask the Legislature for the following appropriations:

First—Home for non-leprosy boys of leprosy parents, \$5,000.

Second—Coffee shop and restaurant at Kalaupapa, \$1,000.

Third—Shed near ration building for shelter of lepers, \$500.

The Board had also recommended that postage be free to the lepers, and that in the matter of rations, sugar, baking powder or other articles be added to the allowance of flour to make up the amount of 50 cents.

The committee recommended insertion of these items in the Appropriation bill. Report adopted.

Rep. Robertson presented the following joint resolution:

"Whereas, the commission appointed the 9th day of October, 1895, to consider and report upon the subject of land transfer and registry of deeds, has made a preliminary report and has asked for further time in which to make a complete report, be it

Resolved, by the Senate and House of Representatives, That the said commission be allowed to continue the investigation and consideration of the different systems of land transfer and registry of deeds, and to make report to the next session of the Legislature."

Resolution adopted.

Rep. Hanama reported for the committee appointed to hand to the Board of Health the resolution regarding people at the leper settlement, from whom all appearances of disease had disappeared, which was introduced in the House Thursday. The President of the Board of Health had read the resolution and stated that that body could take no action on the matter, since it had not been adopted in the House. In cases of such people as were described in the resolution, a board of physicians, already appointed, should make examination and if found to be free from the disease, they should be set at liberty from the leper settlement. This had always been done in the past. There was no room at the Kalihi station.

Rep. Richards then moved to insert the items recommended by the Board of Health for improvements at the leper settlement. Carried.

Rep. Kaeo moved for the insertion of an item of \$600 under the head of appropriations for roads and bridges at Koloa, Kauai. One man at the place mentioned had loaned the amount of \$600 for road purposes and should be paid back. Carried.

Minister Cooper moved to insert another item of \$405.50, for traveling expenses and incidentals, with F. S. Dodge's work on sewerage system. Carried.

Rep. Kamaooha moved to insert an item of \$32 for a horse, saddle, and bridle taken by force from a certain Chinaman during the late rebellion.

Minister Damon moved the item be put in the Attorney-General's department, subject to the approval of the Executive. Carried.

Minister King moved that an item of \$10,605.90, for road damages in favor of Mrs. Victoria Ward, be inserted. Carried.

At 11:15 a. m. House took a recess to 1:30 p. m.

#### AFTERNOON SESSION.

Rep. Richards, under suspension of the rules, introduced a bill relative to franking privilege to be granted to the clerk at the settlement. The bill provides that the letters be sent to Kamaooha in a package, and by the postmaster at that place sent to the Honolulu general postoffice, where they will receive the ordinary cancelling stamp of this office. Bill passed second reading.

Rep. Rycroft wanted something done toward furnishing wood to the lepers. Understood \$1,500 would be sufficient.

Rep. Richards reported verbally the action taken by the Board of Health on Wednesday. There is wood enough in the gulches to supply the people for many years.

House bill No. 46, relating to the practice of medicine and surgery, was brought up, and Rep. Kamaooha then promptly moved to lay it on the table. His reasons were that there has been a good deal of talk about the doctors, and if this bill goes into effect they will get even on somebody, probably the public. We sent a respectful communication to the doctors and this morning we got an insulting reply. The bill was in bad odor in the Senate and was killed there, but in some way it got new life and is down here. We all know that the doctors here occasionally make a right guess and get the right remedy. Well, they may not strike it so often if we go in to regulate them.

Rep. Rycroft said the member evidently had not read the bill. This was an act to prevent quacks from coming here with bogus diplomas and practicing a profession they knew nothing about. It was a measure which prevented people practicing medicine until they had passed an examination before physicians here.

Rep. Kamaooha thought he understood the matter. Physicians have to go through an examination. If this bill becomes a law, the examining physicians can stop really good men from coming here.

Rep. Richards thought the insulting letter received from the physicians this morning should be ignored in considering this bill. The letter was evidently gotten up by the same clique that passed the fee bill, which the majority of physicians repudiate. These examiners are appointed by a Minister, and he will use due care in selecting the right men. It has passed the third reading in the Senate, and we have only to concur or not.

Rep. Kamaooha said it was a House bill and had been amended by the Senate. We have a perfect right to lay it on the table.

The Speaker decided that the motion was out of order according to Section 14.

Rep. Richards said Section 17 would cover it if the member wanted the bill killed.

The bill passed.

The current receipts bill appropriating \$1,797,239.01, passed third reading.

The wine bill, permitting wines of less than 18 per cent alcohol to enter the Hawaiian Islands duty free, passed first reading. Rep. Kamaooha wanted to know why the bill provided for the admission of this wine after June 1, 1897.

Rep. Rycroft said he thought it was because it took in countries all over the world, and it would give ample time for notification to France and Australia. Another thing, it would give dealers time to get rid of their duty paid stock, so they could all start on an equal basis.

Bill passed second reading.

Rep. Richards, under suspension of the rules, reported House bill No. 54, relating to free postage from Molokai, had been printed. He asked that under the same suspension the bill be read the third time. Carried, and bill passed.

Rep. Kamaooha moved that the joint resolution on the liquor commission be taken from the table. Lost on two-thirds vote.

The House adjourned at 3:45 p. m.

For every quarter in a man's pocket there are a dozen uses, and to use each one in such a way as to derive the greatest benefit is a question everyone must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by all druggists and dealers. Benson, Smith & Co., agents for Hawaiian Islands.

The drop in the price of sugar may be depressing to the holders of sugar stock, but the depression will not be lasting. Dividends have been paid this season and they will continue to be paid.

Even if they should cease for a year or two, the effect would not be so dreadful to the housekeepers because, since this store was established, prices have been at such a low ebb that anyone has a chance to possess themselves of articles which a short time ago, were out of reach.

This establishment is essentially a crockery store to one who wants crockery and a complete house furnishing store to one whose home is lacking in requisites.

We have the common "C. C." and the celebrated granite ware for restaurants and the "Trilby" decorated China. Semi-Porcelain is a grade higher and is as pretty ware as has ever been seen here. White English China, just pure China, has no superior in weight or finish and the pieces are firsts and regular. French China, white or decorated, surpasses anything ever seen here as to delicacy and finish. These patterns are stock and every piece interchangeable. Duplicates of every piece sold.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pumps, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 20 miles.

Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also on hand a large stock of wires, cables and all Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.

## SOCIETY NOTES.

A most enjoyable bathing party and supper was given at the home of Mrs. S. G. Wilder, Waikiki, Monday. At 6 o'clock a number of the guests took advantage of the opportunity for a salt water plunge. After this there came a delightful supper. Every one did justice to the good things set before them on the tables distributed among the palms, while the Kamaihaui Club near by played and sang Hawaiian airs as the moon rose over the lawn. Supper being completed, the musicians moved to the lanai, where dancing took up the remainder of the evening. Among those present were: Mrs. S. G. Wilder, Mr. and Mrs. E. R. Adams, Mr. and Mrs. G. P. Wilder, Mr. and Mrs. S. M. Ballou, Mr. and Mrs. E. A. Jones, Dr. and Mrs. Nichols, Mrs. Graham, Mrs. Wight, the Misses Atkinson, Misses Clara Fuller, Edith Hartwell, Nellie Kitchen, Lita Wilder, Pauahi Judd, Agnes Judd, Messrs. S. G. Wilder, George Potter, C. H. W. Norton, Walter Dillingham, Arthur Brown, Paul F. De La Vergne, Charles Hyde, D. Howard Hitchcock, C. W. Dickey, C. G. Stanworth, W. H. McElroy, Roberts, Berg, Robt. Atkinson, Dr. Smith and a number of others.

Thursday evening was the occasion of a delightful supper at the home of Mr. and Mrs. Robert Lewers, Waikiki. Shortly after 7 o'clock the guests walked out through the hall and found confronting them a most beautiful scene—the large lanai on the seashore decorated with Japanese lanterns, which cast their soft light upon several tables laden with an Hawaiian supper, perfect even down to the little pieces of dry squid that mean so much to a native. During supper the Waikiki Quartet sang Hawaiian songs, and after the meal was over all repaired to the dancing lanai to spend the remainder of the evening in the dance. Among those present were Mr. and Mrs. Basford, Mr. and Mrs. E. R. Adams, Mr. and Mrs. George Carter, Mrs. G. P. Wilder, Mrs. Graham, Mr. and Mrs. H. von Holt, Miss Kate McGrew, the Misses Atkinson, Misses Pauahi Judd, Clara Fuller, Edith Hartwell, Paris, Messrs. Armstrong Smith, Paul F. De La Vergne, George Potter, Arthur Brown, Paris, Weight, A. St. M. Mackintosh, Marx, J. O. Carter, Jr., J. Q. Wood, C. F. Preston, Dr. Smith and a number of others.

Mr. and Mrs. Arthur Curtiss James entertained a number of friends in a delightful supper and dance aboard the yacht Coronet last Saturday night. Supper was served between 6:30 and 7:30 o'clock, after which dancing was indulged in to the music of the Kamaihaui Club. After dancing for a short time fireworks were set off from the stern of the yacht, making a delightful spectacle for the guests. While the Kawaihaui boys were taking a rest, guitars, mandolins and ukuleles were produced and a number of the jolly party sang several native airs. The affair was one of the most delightful that has been given in Honolulu for some time. Among those present were: Lieutenant and Mrs. Harris, Mr. and Mrs. George Carter, Mr. and Mrs. E. R. Adams, Mrs. Graham, Mrs. Mills, Misses Kate McGrew, Atkinson (2), Belle Carter, Hartwell, Pauahi Judd, Slade, Captain Watson, Messrs. Slade, Arthur Brown, S. G. Wilder, A. B. Wood, D. W. Corbett and others.

The dinner given at the Hawaiian Hotel Wednesday evening by Mrs. Ralston and Mrs. Hayes was attended by Messrs. Pierrepont Duryea and Madison Jones of New York, Edward Brayton of Chili, E. C. Macfarlane and Robert Montague. The table decorations were unique.

A luncheon for Mrs. Hayes and Mrs. Ralston was given at the home of Mrs. E. Faxon Bishop yesterday. There were present Mrs. Graham, Mrs. Parker, Mrs. C. L. Wight and Miss Walker.

S. W. Loderer and family will be the guests of J. F. Morgan and family at the Elite Cottage, Waikiki, for a few months.

Ku Chin and Ahyou plead not guilty to unlawful possession of opium. Defendants found guilty and sentenced to pay a fine of \$50 and costs each.

## What Is PURIFINE?

It is the new disinfectant which has superseded all other disinfectants, being a scientific compound, having no odor, yet possessing the qualities of a powerful disinfectant.

The automatic distributor should be placed in every house in Honolulu where odors and germs of disease exist. They are placed free of charge, taken care of and kept working day and night for \$1.00 per month. It's an innovation, but on scientific principles, and appeals to everyone of common sense. The idea is this: The distributor drops two drops a minute, day and night. Foul odors are killed, yet no disagreeable smell of carbolic acid or crude disinfectants takes its place. You don't know that a powerful disinfectant is being used if you judge by the lack of odor. But it's doing the duty—doing it well. Can we show you the "Ideal Automatic Distributor"? The Pacific Mail Company will do well to make a livelier bid for the Honolulu business. The tramp steamers and the line from Seattle ought not to get any business, for two steamers a month by the Pacific Mail and one by the Oceanic Company ought to furnish all demands for transportation to this coast.—San Francisco Chronicle.

There's business enough for all of them, and the more the merrier.

Why should not the United States Government send us down one of its new battle ships, just to let Americans here see what the new navy is like. Now, a visit from the Oregon would be highly appreciated by a set of as good and patriotic Americans as are to be found in any part of the United States. The idea is given gratis to the Navy Department. Send the big ship along. Honolulu and the Islands will look after her.

The influx of a colony of 1200 Japanese, with more to follow on the next steamer, ought to set the people of this country to thinking. When John Brown wanted to get a free State majority in one of the possible slave States he set about to gather up Northern men and found them homes in the doubtful section. John Brown carried the day. The Japanese are following John Brown's example. What is the Anglo-Saxon doing?

**MEMORIAL DAY.**

One of the brightest exotics that American custom has brought to Hawaii is the setting apart of one day in the year to pay a loving tribute to the dead. The custom first inaugurated by the veterans of the American civil war has become so thoroughly established in the community that it now may well be classed as a national affair.

There is much that is sad and pathetic about the observances of the day. He must be flint hearted indeed whose heart is not touched at the sight of the veterans, whose ranks death is slowly but surely depleting, marching to the graves of their former comrades to place there a wreath of tender remembrance. Not many years since these same men left their homes to suffer the hardships of the battlefield and to face possible death. They were then in the best days of manhood, and there was no halting tread as they marched to the front to do their nation's bidding. Some gave up their lives on the battlefield, homes were broken and many a bright, promising life was sacrificed. Others remained to help carry on the victory so nobly won, to maintain a united people under the stars and stripes they had learned to love so well, and to keep fresh in the minds of younger generations the memory of the men who had died on the field.

At the same time Memorial Day has its bright side. It has a lesson for every young man and woman, every boy and girl—a lesson of patriotism and the higher duties of citizenship. The men whose names are honored today fought for a principle. Personally there was little for them to gain, but they were willing to give their lives if need be to preserve a nation's honor and maintain the principles of freedom and justice for which their forefathers struggled in years gone by. They were ready at the call to duty, though to fulfill that duty might mean death. Such a record as was made by the American veterans, as was made by Charles Carter, should impress upon the minds of the young people, the future citizens, that to stand by the principles of justice is the first duty of the loyal citizen, and to leave on the page of history the record of having faithfully performed this duty is the highest honor that can be gained.

**JAPANESE POPULATION.**

People are very apt to look at one side of the picture, just as the Knights in the fable saw only one side of the shield and naturally knocked one another on the head, as was the duty of Knights in those happy days when people trotted about the world with tin pots on their heads and the yacht's mast under their arms.

An outcry is often made at the large importations of Asiatics into the country, but people never think that there is a constant stream of Asiatics returning to their respective countries. On inquiry at the custom house we find that for the last two months the figures have been as follows:

April 23, per Rio Janeiro—Chinese, 1; Japanese, 211; total, 212. April 25, per Mt. Lebanon—Chinese, 6; Japanese, 87; total, 93. May 20, per Chittagong—Chinese, 0; Japanese, 67; total, 67. May 27, per China—Chinese, 80; Japanese, 51;

total, 131. Totals, Chinese, 87; Japanese, 416. Grand total, 503.

Further, we hear from Mr. Taylor of the Bureau of Immigration that there are over 200 Japanese in town now who are anxious to get passage to their own country. This practically brings the figures up to 700 departures in two months. If the same rate continues, the number of departures will closely balance the number who enter.

The registration act will enable the Government to keep a proper hold upon the agricultural laborer who does not want to labor, and the test case now before the courts will show if a man can get off his contract in the manner Ho Chit has tried to do. Should the decision be favorable, it will be a death blow to any quantity of loafers around the small Chinese and Japanese stores.

**NOT ARCHITECT'S MISTAKE.**

Plan of Opera House Orchestra Pit Was According to Orders.

MR. EDITOR:—Noticing in the Advertiser of this morning that a "serious mistake" had been discovered in the plans of the Opera House, in that the "orchestra pit" had not been lowered to suit the idea of some of the many visiting critics, allow me to say that the architects of the Opera House discussed this matter with the owners before the plans were completed, and it was decided that as the orchestra sometimes consisted of Berger's full band, requiring a very large space, and sometimes by less than a fourth of that number and requiring only a small space, that no pit should be made or enclosed, but that the orchestra should occupy the room required by its numbers. If it is decided to drop a space in the floor to accommodate a certain number of musicians, it will be done, but not because a "mistake" has been discovered, but to make a slight change which was thought possible from the first study of the plans by the owners and architects.

Respectfully,

C. B. RIPLEY, Architect.

While the failure to provide an orchestra pit is not the fault of the architect, from the point of view taken by the theatrical manager it is none the less a mistake.—Ed.

Mr. R. H. Bishop

Hammonton, N. J.

"C. L. Hood & Co., Lowell, Mass.: "Dear Sirs: I have been in poor health for 20 or 25 years, and have been taking doctors' medicines more or less all the time. I did not get much relief. My blood was in a bad shape and my system was all run down. I thought I must die, but noticing several testimonials in the papers in behalf of Hood's Sarsaparilla I bought three bottles and found that it did me so much good that I continued taking it. I was without appetite, constantly sleepy, and had a headache most all the time. In fact I cannot describe my feelings. After using one bottle of Hood's Sarsaparilla I found it was doing me

much good and now I cannot praise the medicine too much for what it has done for me. I am a disabled soldier 40 years old and was afflicted with many ailments, including kidney, rheumatism, and catarrh. Since using a bottle of Hood's Sarsaparilla I am like another man. In fact I think Hood's Sarsaparilla saved my life." R. H. Bishop, Box 430, Hammonton, N. J.

## MEMORIAL SERVICES.

Kate Field's Grave Will be Decorated by G. A. R.

Line of Procession—U. S. S. Adam's Men Will Take Part Program of Services.

The Memorial Day services today will be, if possible, on a grander scale than those of last year, which stand on record as the best that have been held in Honolulu. The fact that the Citizens' Guard, under the command of Captain Frank McStocker, will take part will add much to the features of the day.

Carrying out instructions from the department commander, there will be no oration, and as a substitute the address of President Lincoln at the battle-field of Gettysburg has been selected, and Judge De La Vergne will deliver this address.

In addition to the graves of the veterans of the G. A. R., will be decorated the grave of Kate Field, who was an honorary member of Kit Carson Post, No. 2, G. A. R., of Washington, D. C.

The Citizens' Guard will decorate the grave of C. L. Carter, who was a member of that organization.

Following is the program of the day: Ritual—R. Jay Greene, Post Com'd'r Music—Wm. McCandless, Chaplain Ritual—Wm. McCandless, Chaplain Reading Orders—L. L. La Pierre, Adj't Ritual—Wm. McCandless, Post Commander Decoration of Graves—Wm. H. Williams, Officer of the Day Ritual—Judge Geo. H. De La Vergne Address—Judge Geo. H. De La Vergne Roll Call of the Dead—Adjutant Salute—Post and Squad Singing—"America"—Choir and Audience.

Benediction—Rev. D. P. Birnie

## ANOTHER SALOON FIGHT.

Falls on the Floor and Cuts His Face With a Glass.

Between 7 and 8 o'clock last night a sailor came running down to the police station crying, "Policeman cut! Policeman cut!" Of course the officers at the station house thought that one of their number was in trouble. Captain Scott and a police officer jumped into a hack and went up to the saloon. The disturbance was all over, but Special Hammer was standing on the sidewalk blowing his double barreled whistle. It was found that a sailor of the Corolla had become excited and had made an attempt to throw a glass at the bartender, who jumped out to protect himself. The sailor fell and the glass was smashed, and the scrapper got a cut on his cheek. He was sent aboard his vessel, but the captain found that he had deserted during the day, so he had him locked up. And then came the rub.

# Safe Deposit Boxes

WE HAVE A FEW MORE BOXES in our Safe Deposit Vault which are not yet rented. There are four sizes, varying in price from \$12 to \$30 per year. Any private papers left in these boxes are perfectly safe, as the vaults are fire-proof and are fitted with time locks, which makes them absolutely burglar-proof. There are two keys to each box, both of which are given to the party renting box, and should these keys be stolen they would be useless to bearer as he could not open the box without our master key being first inserted.

Parties leaving the Islands for their summer vacations will find it a convenient place to leave any valuables. Boxes can be rented by the month or year as desired. Apply to

HONOLULU, H. I., July 20, 1895.

TO WHOM IT MAY CONCERN:

This is to certify that C. Akima has made several suits of clothes for me and the workmanship has been of the best. I take pleasure in recommending him and his work to any and all.

Respectfully Yours,  
JAMES B. ORERTRUFFER,  
Seattle, Wash., U. S. A.The Birthstone for  
May is the Emerald.IF IN  
SEARCH  
OF TIME

you run against something called a time piece, but which is in reality only a turnip, be strong enough to resist the temptation to buy it, because it seems cheap and because the seller has a good enough flow of language to convince you what he himself does not believe: that it is just as good as something else twice as good.

Our Stock of Watches is so large, embracing nearly every desirable pattern made, and only of well known makes, that you run no risk in making your purchase from us. Besides, we tell you just what it is. We try to make you believe just what we know to be facts and what we know will be results.

We back up every article sold with our personal guarantee, which means that you take no risk whatever, that if it does not come up fully to the standard, as you understand it should, we will be pleased to return the purchase price, or to make such an exchange as will be to your entire satisfaction.

Now a word as to prices. You know that the quality of every article in the store is unapproachable; you know that many of our designs are exclusive and cannot be purchased elsewhere, and you also know that where an article is exactly the same,

Our Price is Lower in Every Instance.

than it can be bought for elsewhere.

An instance fully illustrating this, occurred the other day. A lady noticed a silver blouse set in the show case and inquired the price. We told her that the price was \$1. Why, I am astonished, I bought a similar set the other day in another store, and paid \$1.60 for it, and I even bought it in a dry goods store, because I supposed it would be cheaper there. Comparisons revealed the astonishing fact that ours had more of true merit in it than the set costing nearly twice as much. And so it is in everything else. Ours is the place to buy, because the goods are right and because the selling price is right also.

See our watches, that's all.

Don't Forget.

DON'T forget that the quality of the leather in a harness regulates more than anything else its wearing properties. You can not expect poor leather to wear well. Harnesses made from the best leather will look well and wear well, as only the best leather can wear. A harness that always looks well, without much attention, and does not need frequent repairs

IS THE HARNESS.

The demand for colors, both water and oil is the surest indication of a refined taste among the ladies of the Islands. We are in a position to supply the demand.

A full supply of colors, brushes, oils, varnish and canvas always on hand.

Picture framing, satisfactory picture framing, is due largely to the taste displayed in the selection of mouldings that will harmonize with the picture. We have the taste and mouldings. Let us give you a suggestion.

## Handsome . . . Bicycles

The Waverley Wheels are handsome. You want a bicycle that looks well. There is something in having a mount which you are not ashamed of. The Waverley is a clean-cut handsome wheel. One of its charms is the half-nickled front fork, which distinguishes it from ordinary wheels. The pedals are different from other makes. There is no ugly bolt projection to strike against obstacles. A nickled band encircles the entire pedal. It can be changed from rat trap to rubber pedals in one minute.

## Waverley Bicycles

are not an experiment. They are wheels which have a fine reputation behind them in the United States.

### An Inquiry.

P. C. ADVERTISER—Can you answer the following questions: When was the first Registration Act introduced into the Hawaiian House of Representatives? Who was the father of said Act? Was the present law on registration a copy of the first law?

### KUOKOA.

The first registration bill was introduced in the Legislature of 1892 and passed both houses, and was presented to the queen for her signature. In some way it was lost. A copy was found and the one now in force is practically the same. Commissioner Marsden, who was a member of the Legislature of 1892, is the father of the bill.—Ed.

At the dinner of the Schoolmasters' Association in New York the other day President Low, of Columbia University, made a speech which might be incorporated in all bicycle advertisements. "The first thing a school-teacher should know," he said, "is what he doesn't know. The second thing he should know is how to ride a bicycle. Even college presidents need exercise. I am not joking," he remonstrated, when his audience roared with laughter.
