## GRAFTERS' SNAPS LOST

The change in the administration of the office of road supervisor has resulted in some sweeping changes in the methods of handling the forces, as well as in the office, and there has been much lamentation among those who were enjoying soft snaps. In many of the gangs at work there was a luna to every two men working, and practically all the luna jobs have been abolished.

A money-lending system was in vogue in the office which has been done away with by Supervisor Johnson. Laborers who were at work used to come to the office and borrow money, to be taken out of their wages when pay day came, and it is said that they were charged as high as twenty-five per cent discount for the accommodation. The discount was withheld on pay day. Some of them owe money under this system now. The next pay day comes on Friday, and Johnson says he will pay off in person and not allow anything to be taken out of any workman's wages. There will be pillkias over making the collections.

## A CLUE THAT FAILED

The identity of W. S. Hancock who committed suicide at the Hawaiian Hotel January 1 remains as much a mystery as ever. What was hoped would prove a clue to his identity was traced down recently but nothing was learned.

When the news of the suicide of the young man was published a lady living in Honolulu thought that perhaps the suicide might be a brother of an intimate friend who lived in Philadelphia. The brother's name was W. S. Hancock the identical surname and initials given by the suicide. The lady had met the brother of her friend some years before in Philadelphia. In general appearance the Philadelphia man and the suicide were similar. She even visited the morgue and looked at the remains of the suicide. She thought he was the person she had known.

In order to be certain she wrote to Dr. Crandall in Philadelphia who was an intimate friend of the family in that city. Dr. Crandall made an inquiry and ascertained that the Philadelphia W. S. Hancock was not missing and was not the person. Dr. Crandall's letter to the local party was as follows regarding the matter.

"I would like to end my days in Hawaii; have known all about it since an invalid brother lived there owned a plantation and wrote such beautiful descriptive letters.

## ISENBERG'S GIFT TRANSFERRED

The annual meeting of the German Lutheran congregation closed with last night's session. Reports from the different committees showed the church to be in good financial condition. Much has been accomplished in the last year such as the establishing of a school where the mother tongue is taught twice a week. A sewing club has been organized, meeting twice a week and finding much to do to meet the wants and requirements of the poor. This club meets in the school building recently erected. It was toward the fund that was expended on this building that Mrs. Hackfeld of Germany donated \$3000. A library is slowly accumulating. Already many hundred volumes of standard literature have been received from friends.

It was made public at this meeting that the administrators of the estate of the late Honorable Paul Isenberg, father of Consul H. A. Isenberg and Senator Paul Isenberg, had transferred to the church the house and lot now occupied by the pastor, carrying out his wishes so specified long before his death.

The by-laws were amended so as to provide for a committee of twelve consisting of four ladies and eight gentlemen to assist the pastor and the officers of the church to carry on their work successfully.

The new officers of the church are: Consul H. A. Isenberg, president; F. A. Schaefer, first vice president; Pastor W. Felmy, second vice president; H. Schulze, treasurer; C. Du Roi, secretary; P. Lemke, auditor; J. J. Lecker, director.

The new committee consists of Mrs. Grau, Miss Lehnor, Mrs. Rietjen, Mrs. Orenba, Emil A. Berndt, G. Haffner, Fr. Bechart, H. Gehring, W. Bluhdorn, Felix L. Adler and B. Bruhn.

## Man Who Robbed Gen. Miles Escapes From Jail

Pedro Rodrigues the Porto Rican who robbed Lieutenant General Miles and Colonel Maus of valuables over a year ago, escaped from the Oahu prison at an early hour this morning. Rodrigues was serving a sentence of two years for the burglary. He had served about half of his time. The escape of the prisoner was effected in quite an original way and showed some daring.

Rodrigues was locked in his cell last night by Trunk Kaelekal. The turnkey evidently in the hurry of locking the various cells failed to ascertain that the bolt had not been turned completely in the lock. Rodrigues evidently appreciated the omission however and during the night took steps to effect his escape. He removed the hoop from the iron bucket in his room and with this improvised monkeywrench unscrewed one of the bolts which held the cup where the bolt should be turned. Rodrigues was able after releasing this cup to touch the end of the bolt and to shove it back and open the door.

It is not certain what time he left his cell. One circumstance goes to show that it was about 2 o'clock this morning. Rodrigues walked to the Ewa side of the jail yard where a bench was located. This bench was in that part of the yard for the convenience of Federal witnesses. Rodrigues placed the bench on end and mounting it, climbed on top of the prison wall. The man is built something after the fashion of a gorilla. He looks like Barefooted Bill in fact, so with long arms and thin legs, the Porto Rican had no trouble in drawing himself up from the bench. He had to drop about 14 feet from the wall to the outside. He did this drop safely apparently. One of the guards on the jail wall saw some one about 2 a. m. near the side of the jail on the side nearest Honolulu. The guard thought the man was a drunken person going home so did not try to detain him.

Rodrigues is one of the worst of the numerous Porto Rican criminals in these islands. When General Miles as commander in chief of the American army was in Honolulu at the Hawaiian Hotel over a year ago, Rodrigues entered the General's apartment and stole some valuable papers and personal effects. The rooms of Col. and Mrs. Maus of Gen. Miles' staff were also robbed by Rodrigues, watches, dresses and other articles being taken from them.

Chester Doyle and Detective David Kapan succeeded in recovering most of the goods and arresting the thief. General Miles sent a personal letter to High Sheriff Brown complimenting him on the excellent work done by the local men in recovering the stolen articles. A reward will probably be offered for Rodrigues.

RAIN ON MAUI.  
WAILUKU, January 30.—A rain storm prevailed on Maui the early part of this week. It commenced raining last Monday morning early, and the downpour has been very heavy since. On Thursday it cleared up and now the weather is again as usual.

Prepare for Croup.—The time wasted in sending for a physician when a child shows symptoms of the croup, often leads to fatal results. A reliable medicine and one that should always be kept in the home ready for immediate use is Chamberlain's Cough Remedy. It never fails and will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by all dealers. Benson Smith & Co., agents for Hawaii.

MRS. MAYBRICK.  
Associated Press, Morning Service.

LONDON, Jan. 31.—Florence Maybrick has been released from prison.

In Liverpool, in August, 1899, after a trial of just one week, Mrs. Florence Maybrick was convicted of murder in the first degree, and was sentenced to death by Justice Stephen. She was charged with poisoning her husband, James Maybrick, a cotton broker in that city, by arsenic. The sentence was commuted to penal servitude for life.

Mrs. Maybrick was a young American of respectable family, when at eighteen she was married to the middle-aged cotton merchant. He was forty-two. They had two children within a few years afterward. They lived in Liverpool.

LONDON, Feb. 1.—Mrs. Maybrick has not yet been released. She has been removed from Aylesbury prison to a private institution in Liverpool, where she may recuperate from the effects of her long imprisonment before receiving the absolute freedom, saving certain conditions of her release, which is expected in two months.

The Daily Mail states that the conditions of Mrs. Maybrick's freedom are that she shall not appear on the stage, that she shall write no book upon her case, nor in any manner attempt to attract public attention.

SWISS PRESIDENT'S SORROW.  
Associated Press, Morning Service.

DIJON, France, Feb. 1.—A son of the President of Switzerland has committed suicide here.

VENEZUELA COURT DECISION.  
Associated Press, Morning Service.

CARACAS, Venezuela, Feb. 1.—The Federal High Court has decided that the Warren Quiblan claim relative to the Felicidad asphalt mine is null and void.

There was trouble threatened between the United States and Venezuela just three years ago over asphalt mining concessions. A demand by the American Minister of the Venezuelan Government, that it compel its newly favored concessionaire to suspend action in taking possession of their grants, was refused and strained relations ensued. A dispatch of that time said: "The American colony in Venezuela continues to protest against the indifference with which American lives and interests are regarded." In February last year the Venezuela Supreme Court rendered a decision in favor of the heirs of Henry Rudloff, an American citizen, against the Venezuelan government for damages for the annulment of a concession given in 1882 to build a market in Caracas.

## BIG CROWD SAW FAST FIGHTING

TWO KNOCKOUTS AT ORPHEUM SATURDAY NIGHT—BARRY DID UP THE SAILOR IN TWO ROUNDS

The fighting at the Orpheum Saturday night was about the best program of the kind that has been seen in Honolulu. Every fight was exciting and there were two clean knockouts. The Orpheum was packed with people.

The principal event was a ten round go between Dave Barry and Mike Williams of the U. S. Naval station. Both were light heavy weights. Barry was a heavier hitter however than the other man. This fight lasted two rounds. It was amusing and exciting. Williams landed some hard smashes on Barry in the first round but the round belonged to Barry. In the second round both men got to landing right and left swings. Williams began clipping his opponent to an extent that made the audience think that Barry was getting groggy. It looked as if he were but he was not weakened apparently for a few seconds later he landed a left swing on Williams jaw that made the sailor dizzy. "Go it Williams!" shouted his admirers. Williams went—but it was to the floor to remain until Barry helped him to his feet. Barry had followed up the opening with right and left swings to the jaw that dropped Williams for keeps. Barry fought a splendid fight. Paddy Ryan was referee.

The six round go between Bill Hulul and Jack Weday was called a draw. The crowd hooted the decision. Weday did all the forcing but Hulul did the leading. Hulul seemed to have a shade the better of the fight. The Hawaiian weighed 147 pounds so it was announced, and Weday 157 pounds.

Kid Latham the soldier put out a man named O'Mera a 130 pound New Yorker who was baldheaded. O'Mera was about the most amusing thing that has ever been in a local prize ring. He amused the crowd for three rounds and then Latham landed one on the jaw and the man from New York took a flying trip into dreamland.

Nigel Jackson and Anderson fought a draw for six rounds and Kid Gelp and Joe Castro fought a six round draw. Joe Santos and Ah Sam—he of the shoulder work, fought a six round draw. Australian Tim Murphy who is to fight Barry referred all but the Barry-Williams fight. Jimmy Fox got mad because the referee did not award the decision to Hulul and created a scene. Fox was hustled from the ring.

#### AMERICA MARU'S FAREWELL.

Mail Steamer Makes Short Stop in Port Yesterday.

The America Maru arrived yesterday morning from San Francisco coming down in 5 days and 23 hours. The vessel is hurrying as she has to go under orders of the Japanese government to be converted into a troop ship for the approaching war with Russia. The vessel did not remain long in port. She got away at 5 o'clock yesterday afternoon. She goes only to Yokohama and Kobe.

The vessel has only 300 tons of freight. She has 24 passengers, twelve of whom stopped over at Honolulu. W. H. Brill and W. B. Colver are war correspondents who are bound for the Orient.

J. S. Pillsbury is a son of the flour man of Minneapolis.

L. G. Gillette is a steel and iron manufacturer of Minneapolis.

W. Gorman is a member of the firm of Gorman Rubber Co. of San Francisco.

U. S. Marshal E. R. Hendry was a departing passenger for Yokohama. He goes to extradite Adachi who is wanted here to testify in the famous "Ten Dollar Club" cases, and is indicted for perjury.

The America Maru had to stop for a couple of hours on her run to this port as some minor repairs had to be made to her engines.

#### MAILES WIN.

The Maile Hima Association Football Team defeated the Punahou in Saturday's game at Makiki, by a score of two to nothing. The game was witnessed by a large crowd and was a very spirited contest. Wright of the Punahou and Harvey of the Mailes were laid up during scrimmages. The lineup was as follows:

Maile Hima—Goal, J. Belser; full-backs, J. Harvey, R. Anderson; half-backs, A. T. Miles, O. Mayall, White; forwards, E. G. Munro, Harwood, Mackintosh, J. Laird, J. H. Fiddes; linesman, Simpson (Iolani).

Punahou—Goal, A. C. Catton; backs, Gleason, R. McColliston; half-backs, Ryeroff, Wright, J. Clarke; forwards, C. H. Cooke, Campbell, Birkenmyre, J. Cockburn, G. Waterhouse. Linesman, Sinclair (Pacific).

Neglect Always Dangerous.—To the average man it seems childish to doctor a cold, and unless it becomes particularly annoying to him, little or no attention is given it. Often a cold contracted in the winter is allowed to run until the opening of spring. This is a grave mistake, as even though the warm weather may bring relief, the system is thereby weakened and rendered susceptible to disease. A cold should never be neglected, whether it be a child or an adult who is afflicted, as health and often life is risked. A bottle of Chamberlain's Cough Remedy, costing but a small amount will bring speedy relief and by its use all dangerous consequences will be avoided. For sale by all dealers. ## ANOMALIES.

There are certainly some curious anomalies in the two appropriation bills, the one for six months and the other for eighteen months. Take the section regarding contracts. In the one there is a special clause about the lowest bidder, in the other there is no such provision.

Section 6 of the six months' bill says:

Section 6. Every contract for constructing or repairing public works, and for furnishing material, provisions and other supplies, amounting to Five Hundred (\$500.00) Dollars, shall be awarded to the lowest bidder, only upon public advertisement for tenders; providing that the lowest bidder shall file a good and sufficient bond, and shall tender the same with his bid; and no public work, material or supplies shall be divided or parcelled out for the purpose of evading the provisions of this Section.

Section 4 of the eighteen months' bill says:

Section 4. No expenditure of public money for the construction or repair of public works (except street or road work) where the amount to be expended shall amount to Five Hundred Dollars (\$500.00) or more, or for the purchase of material, provisions or other supplies for public purposes amounting in the aggregate to Five Hundred Dollars (\$500.00) or more, shall be made, except by contract after public advertisement for sealed tenders; and no public work or the purchase of material, provisions or supplies for public purposes shall be so divided or parcelled out as to defeat or evade the provisions of this Section.

In the six months' bill the lowest bid had to be taken, and no latitude was given. The bidder might be satisfactory or not, so long as he furnished a bond the lowest bid had to be taken. Previously it had been the right of the department chief to guard the department by stating that he did not bind himself to accept the lowest or any bid. As a fact the lowest bid was accepted in ninety-nine cases out of a hundred, but the hundredth case might be one where the lowest bid was patently too low, or the person patently unfit to carry out the contract. The latitude allowed really proved a saving to the country.

In the eighteen months' bill not a word is said about accepting the lowest bid, and the department head is at liberty not to accept the lowest or any bid as was the custom formerly. The utter lack of care shown in such a detail as this, is simply shown throughout the two bills. We have had the case of the band, but most of the departments are suffering from similar anomalies. It evidently never occurred to the members that the two bills should be made to harmonize. So long as the six months' bill proved satisfactory to them, the eighteen months' bill might take care of itself.

One of the main troubles in our legislature is that they vote specific salaries and vote for particular people. There is always a talk of voting for the place and not for the man, but the idea is never carried out. Another trouble is the long delays and the waste of time at the commencement of the session and the consequent haste and flurry at the end. Until these things and a good many others are overcome we shall always have faulty money bills.

## JAP MURDERERS.

Some signal examples should be made of the Japanese ruffians who resort to violence. The crime of murder is becoming far too common among them. On Kauai the other day a white engineer was blown up with dynamite by Japanese gamblers and their agents. At Honokaa, Hawaii, a Japanese murdered his wife or his mistress in the dining room of a private house and in the presence of one of the young ladies of the house.

Unless some of these men are brought to punishment things will go from bad to worse. The low class Japanese is prone to acts of violence. There are more Japanese in jail for such crimes than any other nationality. Moreover very many succeed in escaping. They are great organizers and their societies protect the members. A Japanese will seldom give information against one of his countrymen.

It is earnestly to be hoped that the Kauai murderers and this recent murderer at Honokaa may be brought to justice. A wholesome example is needed.

Another man gone wrong playing the races. Even the calm of a university is broken by the get rich quick idea. McKown of California University has managed to muddle away \$30,000 of the trust funds. It seems hard for some men to be honest. But it should be remembered that for one dishonest man there are hundreds of thousands of honest men. We hear of the dishonest men, that is all.

The band is finding out the mess that the legislature made in salaries. There never was a greater mix up. For the six months the salaries were at one rate. For the eighteen months they were at an entirely different rate. Some salaries were half as much again for the six months as they were for the eighteen, then again others are larger for the eighteen than for the six. That this was intentional is incredible, but it only shows how crudely the work was done, and how grossly careless the members of the Finance committee must have been. However there is the mess and we must abide by it.

The Macedonian committee is after its usual tactics. A little gentle murdering of foreign official is a favorite method of keeping things seething in the Balkans.

Nihau has never been properly surveyed till now, and it will be satisfactory to add the last map of the group, to the set we now have. It is satisfactory that the work should be done by Dr. Alexander who has been so intimately associated with the surveying of the whole group.

Adachi, who is awaiting the United States Marshal in a Japanese prison will be back for trial somewhere in March. The extradition of a Japanese for a crime committed in Hawaii is really a remarkable event. The criminal has a bad time of it now-a-days. The trans-Pacific cable catches him when he lands in Asia. He can be caught in Australia, Honolulu is no longer a home for him. It used to be a favorite camping ground. His only chance now is Patagonia or the Caroline group. He might try Borneo, but he would be captured in Surawak or

Bruno, and in the uncivilized parts, the natives would attend to him and pick his head. No, the criminal has a bad outlook.

As things are quiet in Korea, the telegrams are now giving us a little sensational news from Panama. Colombia is said to be organizing an expedition against the Isthmus.

The Earl of Devon, who died lately, was the head of the house of Courtenay, to whom Gibbon devotes a full chapter in his "Decline and Fall of the Roman Empire." The history of the family is romantic in the extreme. The title of Earl of Devon was dormant for 265 years and was reestablished by the House of Lords in 1831.

The story of an attack upon the U. S. gunboat Bancroft by San Blas Indians is rather an extraordinary one. Still it is known that some of the tribes on the Isthmus are no further advanced than they were in the days of Columbus. The story reads like a paragraph from one of the old voyagers.

The sea saw continues in San Domingo. The revolutionists, by the way who are the revolutionists, are getting some what the better. It must be difficult down there to know which side any one is on. The only rule must be the Irishman's in a faction fight. When you see a head, hit it. When you see any one, shoot him.

Governor Carter is as fond of athletic exercise as he was when he pulled stroke at Yale. He has been enjoying a chase after wild cattle with the utmost enthusiasm, and has taken some risk too. The Governor should take care of himself, a great deal depends upon him now.

After fourteen years of imprisonment Mrs. Maybrick has at last obtained her liberty. She went to jail a young woman and she comes out an old one. Her mother, who married a Baron is still alive, and has steadily visited her daughter at such times as was permitted. There can be little doubt of her guilt, but she always had sympathy on this side of the Atlantic on account of her youth and beauty. But the case has often been gone into by

many different persons, who must have been unbiassed, as she has been an exemplary prisoner, her sentence has at last been shortened.

What with a large number of American peermesses and several millionaires taking up a permanent abode in Great Britain, a considerable slice of American wealth goes to that country. We shall have to put an export tax upon heiresses and millionaires.

The Jacobite remnant still remember January 30, the anniversary of the beheading of King Charles I. In old prayer books there used to be a regular service for the day but it has long gone out of use, and finds no place in modern books. It was headed "A form of Prayer with Fasting, to be used Yearly upon the 30th of January being the day of the Martyrdom of the Blessed King Charles the First." No one regards Charles I as a martyr nowadays. He was an amicable but very pig headed monarch and brought his fate upon himself. He was forever breaking faith with those who were negotiating with him, and was a menace to British liberty. As being finally the under dog he has had a great deal of unnecessary sympathy bestowed upon him. But his character was pitiful as compared with the grandeur and patriotism of Cromwell. Knowing what historians like Green have taught and proved, it is rather pitiful to see the words, "Blessed King Charles the First" unless one reads them in the ironical sense.

The salaries were paid in cash on Saturday, and there is every prospect of the Treasury being able to continue to do so, in spite of the stringency upon the funds. The county act upset all calculations, but the return to the old system has given the territory more command of money.

How much time is wasted in cutting the leaves of books and of magazines. In the aggregate it must be enormous. The publishers claim that it is a protection to them as a preventive from the book being read and then returned to them. It is a flimsy excuse. No book should be sent out uncut in this hurrying age. Some of the more advanced magazines trim their leaves, but the steady old conservative stick to the barbarous old custom.

A sugar makers strike in San Francisco will throw a very large number of people out of work. It will also affect the price of sugar this side of the Mississippi, for there will most probably be sympathetic strikes as far East as that.

Maul has decided to go into the pineapple business on an extensive scale and is to have its own cannery established. There is also talk of using the fiber for textile fabrics. Pine apple fiber gives a beautiful silky fabric, but

It has not been very largely used. The Bahamas and Jamaica, which supply vast quantities of pineapples to the United States, have made nothing of pineapple fiber. It is worked up by hand in the Philippines. It has always been a surprise that more has not been done with pineapples in Kona. Years ago Kona was the chief place on the islands for growing pineapples, and very well tasted fruit they were. To the liking of many people the Kona pines had a remarkable flavor, superior to the larger varieties now grown on Oahu and Maui. It is very probable that the new varieties would grow well in Kona, and would secure as excellent a flavor as the former semi-wild Kona pine.

Tomorrow the Manchurian railway ceases to carry freight and will only be used for military purposes. No wonder Russian Railway lines prove so costly. No one need be surprised that they cost the government treasury \$125,000,000 annually in addition to their earnings. There is something very significant in this news, which evidently portends a rapid concentration of troops.

## OCEANIC'S ANNUAL MEETING

SAN FRANCISCO, January 21.—"Hopeful but not sensational" was the verdict of the stockholders of the Oceanic Steamship Company who assembled in annual session at the company's offices today to listen to explanations of the reasons why their steamships have not made money the past year. A year ago the company was

he said: "If I did not think so the firm of J. D. Spreckels & Co. would not be willing to lend the company a million dollars." He added that the bond issue had not been made because it was thought just as well to have the company owe the money to J. D. Spreckels & Co. It would have to pay interest anyway and so the firm had shouldered the burden. Mr. Spreckels was asked what interest he was charging on his money and replied that the rate was 5 per cent. He said he thought business would soon improve. The drought in Australia had prevailed through many years and following it there had been a period of uncertain business and small travel. He thought that now the tide was beginning to turn in the company's favor.

## SOME LOOPHOLES FOR ADACHI

The time for which Adachi is to be held in jail in Yokohama to await his deportation by the United States, has expired under the terms of the extradition treaty with Japan, and it appears that there is no longer any legal authority for holding him, to await the arrival of Marshal Hendry. The time when under the terms of the treaty, he had an apparent right to demand liberty, arrived about two months ago, and it has been reported here that he was accordingly released and has left Japan. It is believed, however, that the authorities, knowing that action was being taken here, held him in jail. The extradition treaty was made before the United States had any idea of annexing Hawaii, and did not take into consideration the long time necessary to get papers here from Washington.

Saburo Adachi is said to be the first man for whom the aid of the extradition treaty with Japan was invoked. The treaty was made in 1886, during Cleveland's first term as president, and was signed by Ambassador Richard B. Hubbard for the United States, and for Japan by Count Inouye Kaoru, who appears in the document as "Minister of State for Foreign Affairs, First Class of the Order of the Rising Sun, etc., etc., etc." It contains a number of limitations on which it is said Adachi might hang a contest, and it may be that there will be a contest in the courts at Yokohama before Marshal Hendry is able to start back with him. If he has been released by the Japanese government, the United States will pursue him further. The case is attracting a good deal of attention in the Japanese press, in which it is commented upon as the first case of American extradition from Japan. The main provisions of the treaty which is now used for the first time nearly twenty years after its ratification are as follows:

"The High contracting Parties engage to deliver up to each other, under the circumstances and conditions stated in the present Treaty, all persons who, being accused or convicted of one of the crimes or offenses named below in Article II, and committed within the jurisdiction of the one Party, shall be found within the jurisdiction of the other Party.

"1. Murder and assault with intent to commit murder.  
"2. Counterfeiting or altering money, or uttering or bringing into circulation counterfeit or altered money; counterfeit certificates, or coupons of public indebtedness, bank notes, or other instruments of public credit of either of the parties, and the utterance or circulation of the same.  
"3. Forgery or altering and uttering what is forged or altered.  
"4. Embezzlement or criminal malversation of the public funds, committed within the jurisdiction of either party, by public officers or depositaries.  
"5. Robbery.  
"6. Burglary, defined to be the breaking and entering by night time into the house of another person with intent to commit a felony therein; and the act of breaking and entering the house of another, whether in the day or night time, with the intent to commit a felony therein.  
"7. Perjury or the subornation of perjury.  
"8. Rape.  
"9. Arson.  
"10. Piracy by the law of nations.  
"11. Murder, assault with intent to kill, and manslaughter, committed on the high seas, on board a ship bearing the flag of the demanding country.  
"12. Stalicious destination of, or attempt to destroy railways, trams, vessels, bridges, dwellings, public edifices, or other buildings, when the act endangers human life.  
"If it be made to appear that extradition is sought with a view to try or punish the person demanded for an offense of a political character, surrender shall not take place; nor shall any person surrendered be tried for any political offense committed previous to his extradition, or for any offense other than that in respect of which the extradition is granted.

"The requisition for extradition shall be made through the diplomatic agents of the contracting parties, or, in the event of the absence of these from the country or its seat of government, by superior consular officers. . . . The fugitive shall be surrendered only on such evidence of criminality as according to the laws of the place when the fugitive or person so charged shall be found, would justify his apprehension and commitment for trial, if the crime had been committed.

"On being informed by telegraph or other written communication through the diplomatic channel, that a lawful warrant has been issued by a competent authority upon probable cause for the arrest of a fugitive criminal charged with any of the crimes enumerated in Article II of this Treaty, and, on being assured from the same source that request for the surrender of such criminal is about to be made in accordance with the provisions of this Treaty, each Government will endeavor to procure provisional arrest of such criminal.

"The requisition for extradition shall be made through the diplomatic agents of the contracting parties, or, in the event of the absence of these from the country or its seat of government, by superior consular officers. . . . The fugitive shall be surrendered only on such evidence of criminality as according to the laws of the place when the fugitive or person so charged shall be found, would justify his apprehension and commitment for trial, if the crime had been committed.

nal, and keep him in safe custody for a reasonable time, not exceeding two months, to await the production of the documents upon which the claim for extradition is founded.

"Neither of the contracting parties shall be bound to deliver up its own citizens or subjects under the stipulations of this convention, but they shall have the power to deliver them up if in their discretion it be deemed proper to do so.

"The expenses of the arrest, detention, examination and transportation of the accused shall be paid by the government which has requested the extradition."

## THE SITES FOR FEDERAL BUILDING

Senator Mitchell of Oregon, who was here with the Senate commission which reported on various matters in the islands, has introduced in the United States two bills for public buildings, in Honolulu and Hilo. Both of them contain provisions for heating apparatus in the buildings. Hilo's building is to cost not over \$150,000, while Honolulu is to have a building costing not over \$1,000,000. Similar bills have been introduced in the House by Delegate Kuhio, though the heating apparatus was probably left out of them. The bills contain provisions for acquiring sites in both cities.

## MAINLAND MAIL IS POSTPONEE

Mainland mail for the steamer Nevada and now at Kahului will not be sent from Honolulu this afternoon by the steamer Lehua. Information was received from Kahului to the effect that the departure of the steamer Nevada for San Francisco would have to be delayed until Wednesday or Thursday. As soon as the postal authorities learned of this fact they decided that it would be unnecessary to have the steamer Lehua make a special trip to Maui with the mainland mail for the Nevada, but this mail could as well be sent by the steamer Maui which sails tomorrow afternoon at 5 o'clock on the steamer Claudine's run. The mail will not, therefore, be dispatched today as the Lehua will make only her accustomed ports to Molokai. The Maui will go out tomorrow at 5 p. m. Mail will be received for the mainland up to 4 p. m. at the local post office.

### BASEBALL ON MAUI.

WAILUKU, January 30.—A meeting of the Maui Athletic Association has been called for Monday night, at which time it is expected that the coming baseball season will be fully discussed. The prospects for a successful league are very bright, and a cup will be put up either by the association, or by a generous townsman, whose name it would not be opportune to mention. The Lahaina, who were in the league last year, will not be considered for the coming season, but it is quite certain that a team from Pala and Makawao will be entered.

### WILL LIGHT KAHOLAWE.

Manager Conradt has stated that he will place a light on Kahoolawe at night whenever any steamers are expected at that island. The steamer Maui went to that island last week to get cattle. She returned yesterday morning.

### ILLNESS CALLS HER HOME.

Miss Nora Sturgeon is returning to Honolulu in the steamer Korea, due next Monday from San Francisco, owing to the serious illness of Henry Waterhouse.

### JUDGE DOLE REMAINS OVER.

Judge Dole said to a Tribune reporter that his trip to Hilo this time was the coldest he had ever made. He was pleased to see the great white satiny cloak of snow which covers miles of the slopes of Mauna Kea and like the invigorating crispness of 60 degrees above. Judge Dole will not return to Honolulu by the Kinaiu today, but will

## ALDEN BESSE CAME BACK LEAKING

The bark Alden Besse arrived off the port at an early hour this morning. She was in distress. She was leaking. The return of the vessel was not especially sensational however and there were no very startling incidents connected with the affair.

The vessel left Honolulu January 23 with 1250 tons of sugar and some minor articles for San Francisco. This was the largest shipment of sugar she has ever had. There was a very strong northerly wind blowing so Captain Kessel thought that perhaps some of the seams had opened up on account of her having been lying up so long in Honolulu. The crew were put to work on their respective watches pumping.

There was a very heavy cross sea running and the wind was from the north east and blowing very strong. Captain Kessel kept on with the vessel as he did not anticipate that the leak would prove serious in any respect. The leak did not improve however. As a matter of fact the vessel began to make water much faster than she should so it became evident to Captain Kessel that some of the seams had started and that the vessel was leaking.

On January 29 he decided that it would be wisest for the safety of the vessel, her cargo and the lives of those aboard to put her about and return to Honolulu. The steam pump

remains in the city a week to visit friends. While in the city he will stop at the Severance home.—Hilo Tribune.

### DROWNED AT PAPAIOU.

A second fatality to a member of the Maui crew occurred at Papaiou last Wednesday. A week ago a Japanese was drowned. Wednesday it was Kawaiu, a Hawaiian from Papaiou. With others he was in a boat at work, the cove being smooth. A blind swell came in suddenly capsize the boat. All but Kawaiu swam to the Maui. He struck out for the shore but was killed on the rocks.

The Wilder S. S. Company provided for the funeral which was held at Papaiou yesterday. The company paid the undertaker and secured vehicles for the family of the unfortunate young man.—Hilo Tribune.

### HONOKAA MURDER.

A Japanese murdered his wife last Monday at the home of Mrs. Rickard, near Honokaa. In presence of Mrs. Rickard and her daughter. Both Japanese had been servants in the Rickard home. Mrs. Rickard was paying the woman when in jumped her husband and stabbed her fatally. Miss Rickard rushed between the enraged Japanese and his wife and the descending knife pierced her right arm. The murderer ran from the house and escaped.

Sheriff Andrews was notified and he at once took up the matter but has found no trace of the fugitive.—Hilo Tribune.

### DROWNED AT PAPAIOU.

HILO, January 28.—A Japanese employed on the S. S. Maui was drowned at Papaiou last Saturday. The sea was rough and while one of the small boats was going from the steamer to the landing this Japanese, who was one of the crew, became frightened and jumped overboard. His body was recovered in the river on Monday.

### GOVERNOR STORMBOUND.

HILO, January 28.—The governor and party have been in the vicinity of Waimea during the week unable to do much in the way of investigation on account of stormy weather. Rev. S. L. Desha, who left here on Monday to meet the party at Waipio, was in Honokaa yesterday, storm bound. As it is indefinite when the governor will reach Hanalei, Mr. Desha may return to Hilo and leave again on Monday. There was a rumor that the party would spend Saturday night at Laupahoehoe leaving there for Hilo Sunday morning, reach here in time for the governor to attend the union meeting at Hilo Sunday night. This plan may be interfered with so that the party will not reach here until Tuesday.

### BORN.

### THE MAUI NEWS.

WAILUKU, January 30.—It is whispered that L. R. Crook, who was elected on the Home Rule Ticket as County Auditor for Maui, contemplates the purchase of the "Maui News" from G. E. Robertson, the present editor and publisher. While there is nothing definite known as yet, still this impression seems to have gained ground among his friends.

### WOMAN'S BOARD.

The Woman's Board of Missions will convene in Central Union church on Tuesday, February 2, at 2:30 p. m. "Japanese day" a leading number of the program will be unique in form, a half dozen Japanese ladies reporting work among their people in the city. One of the ladies speaking through an interpreter. Sharing the hour with the Japanese report will be one of a series of papers on the religious condition of Europe. The papers of this series thus far given have been both able and interesting. The theme of this number is "The Present Condition of the Jews in Europe," by Mrs. Selma Kinney. A cordial invitation is extended to all interested.

## OUTLOOK FOR FIBRE INDUSTRY

"The Fibres of the Hawaiian Islands," is an interesting pamphlet by Leopold G. Blackman, and is Volume 2, number 1, of the "Occasional Papers" of the Bernice P. Bishop Museum. The purpose of the pamphlet is thus stated in the first two paragraphs of the pamphlet itself. The cultivation of fibre-yielding plants has of late years been one of rapidly increasing importance. The subject has for some time received exhaustive research in the United States where the total annual importation of raw and manufactured fibrous materials approximates in value the sum of \$100,000,000. The demand for many forms of fibre manufactures, particularly those used in binding, has, it is asserted, always been in excess of the supply, and at the present time is increasing at an extraordinary rate. This, coupled with the decline and deterioration of flax and hemp culture in European countries, has caused a great stimulus to investigation as to the value of new fibres and the possibility of supplying the demand with products of home origin.

It will be the endeavor of this paper to present briefly a review of various fibres, particularly those of native Hawaiian origin and those of possible introduction to these islands. Attention will also be directed to what success has already been achieved in fibre culture in Hawaii and the result given of experiments conducted at the Museum on the preparation and testing of various kinds.

### TRUSTEE BOUGHT THE LAND.

C. Bolte as trustee bid in for \$300, a half interest in about 2 acres of land in Keauhou, Kaili Saturday afternoon. The land was sold by Morgan under a foreclosure of a mortgage given by M. F. Lucas to Bolte as trustee.

### CRIMINAL CASES.

Judge Robinson this morning sentenced Domingo Ferreira, who pleaded guilty of assault and battery, to pay a fine of \$5 and costs. In the case of Puja, charged with larceny in the second degree, a motion by E. M. Watson to quash the indictment, was granted.

### MAUI FIRE FIGHTERS.

WAILUKU, January 30.—A meeting of Wailuku Fire Company No. 1 was held at the Court House last Monday evening to complete organization and elect its officers. The constitution and by-laws which had been prepared by a committee, consisting of J. L. Coke, J. N. K. Keola and W. J. Coelho, were adopted with minor amendments. Balloting for officers resulted in the following election: W. J. Coelho, foreman; J. L. Coke, chief engineer; W. T. Robinson, chief hoseman; J. N. K. Keola, secretary; L. M. Baldwin, treasurer; W. E. Saffery, trustee.

The meeting was attended by many of those who signed the charter roll, and business of importance was transacted. The only thing waited for now, is the sum appropriated by the last legislature.

It's an easy job for the barber to  
part the hair on a head like this.  
It's just as easy to prevent baldness  
if you only do the right thing.  
Baldness is almost always a sure  
sign of neglect; it is the story of neg-  
lected dandruff.

Dandruff is untidy, unnecessary, and  
unhealthy.

## Ayer's Hair Vigor

cures dandruff and prevents baldness.  
You save your hair and you are spared  
the annoyance of untidy clothing.

It also stops falling of the hair, and  
makes the hair grow thick and long.

Do not be deceived by cheap imita-  
tions which will only disappoint you.

Make sure that you get the genuine  
Ayer's Hair Vigor.

CHARITABLE WORK  
OF A YEAR

The annual meeting of the German  
Benevolent Society was held on Sat-  
urday, January 30, at the office of H.  
Hackfeld & Co., Ltd., at which the fol-  
lowing officers were elected: F. A.  
Schaefer, president; H. A. Isenberg,  
vice-president and trustee; H. Schultze,  
treasurer; H. J. Nolte, auditor and J.  
F. Eckardt, secretary.

Rev. W. Felmy, pastor of the Ger-  
man church, was elected as an advisor  
to the Board of Officers and will attend  
all the meetings of the directors.

The report of the treasurer showed  
that during the year 45 persons were  
assisted in various ways and the sum  
expended in charity was \$2,182.58. About  
\$500 is a shortage, which amount was

temporarily advanced by Messrs Hack-  
feld & Co., and to wipe out this indeb-  
tedness, it was decided to sell a \$1000  
bond. For several years the expenses  
have been higher than the income, and  
to prevent this in future, it was decided  
to circulate a list among the members  
asking them to subscribe more than the  
monthly dues, which are \$1. Like all  
other charitable societies in Honolulu,  
the German Benevolent Society, has,  
in many instances, benefitted by be-  
longing to the Associated Charities,  
whose manager, Mrs. E. F. Berger, has  
proven herself to be a conscientious  
and able worker. The society has a  
membership of 75, most of whom live in  
Honolulu, but some are on Kauai, Maui  
and also Hawaii. It was incorporated  
in 1889.

## CHINA SAILED ON TIME.

H. Hackfeld & Company received a  
cablegram stating that the S. S. China  
sailed on time from Yokohama for Ho-  
nolulu. She has 500 tons for this port.

## CARTER'S TRAVELS AROUND HAWAII

GOVERNOR SAYS HE EXPECTS TO  
FLOAT ANOTHER MILLION DOL-  
LAR LOAN THIS YEAR.

Hawaii will call for bids on another million dollars of loan money during the present year. Governor Carter stated at Waimea that he expected to spend all of the million dollar loan which was floated last year in New York, by the first of July, and to issue bonds for the rest of the loan authorized by the last legislature. The legislature passed a general act authorizing loans of five millions and made appropriations for the present fiscal period under which the government is allowed to issue a total of \$2,400,470.

While at Waimea Governor Carter attended a large cattle drive. During the drive a wild bull made a charge at the governor and Forester Hosmer, who were mounted. Hosmer made away in time, but Carter's horse was not quick enough, and the bull made a glancing thrust that bruised Carter's leg. During the drive Carter succeeded in lassoing a wild steer and landing the animal in the paddock.

After a stormy drive he and party arrived at Waimea on January 23, finding a luncheon already arranged for them at Frank Woods' ranch, where the first stop was made after leaving Senator Palmer Woods' place. Forester Hosmer accompanied the party, and the governor called his attention to the destruction of the old-time sandal wood forests of this region, remarking that one of the forester's duties would be to try and grow the valuable trees again.

At Waimea a luau was held in the Parker ranch house. High Sheriff Brown met the party here, with Sheriff Andrews, A. W. Carter and Fred Carter, manager of the Parker ranch. A number of visitors also came to the house, among them being Mr. and Mrs. Carl Widemann, Sam Parker, Jr., Gardner K. Wilder, Frank Johnson, Mr. and Mrs. C. H. Judd, Martin Campbell, George Bell, Frank Spencer, Henry Beckley, James Bright, Mr. Lindsay, S. M. Spencer, Henry Wise, Carl Willing and Kahoonahano.

After feasting Alfred Carter introduced the governor and called upon him for a speech. Carter responded in part as follows:

"I have a great deal of aloha for the Hawaiians and I can assure you that I appreciate very much your coming here, so that I can become acquainted with you.

"As you can see by looking at Mr. Atkinson and myself, this is an administration of young men; it is a complete change from the old one and we have come to you to find out directly how the government can be conducted in a way satisfactory to you all. In

order that the people of Waimea may be impressed with the dignity of the new administration, I have brought Mr. Atkinson along.

"Now as to the County Act—I feel exceedingly sorry to find the wishes of the people have been crossed that their desires are not carried out by the throwing out of the County Act in the Supreme Court. But it seems as if the act as drawn was in conflict with the act Congress gave us for our government. It only remains for us now to get this act passed here adopted by Congress. That was the reason that before it went into the courts I urged Mr. Hatch to go to Washington to ask Deleznia Kuhio in getting the County Act passed by Congress. Immediately after the Supreme Court declared the act void I called Kuhio of the necessity of congressional action. I am saying this because the statement has been made that the administration in the past did not want the County Act. I want it understood that neither the Republican party nor the administration has played false in this matter. We are honestly and sincerely in favor of it. If it falls in Washington the only other course is for the Republican party to appoint a new commission to draft a new County act which will conform with the Organic Act and which can be presented to the next Legislature.

"I want to say that it is a significant fact that the first district that I went to on Hawaii is the one that went Republican and I want it understood that this is a Republican administration and we appreciate the support we get in Republican districts. I want your assistance in helping me make the Hawaiian known as not only the most hospitable people in the United States but also as the most patriotic. I am as fond of the Hawaiian flag as any one of you, white or dark, and tears have come to my eyes at seeing that flag and hearing our national song as often if not more often than to yours. But we must look into the future, our flag is to be the American flag and you must see that the children of the Territory are brought up to have as much love for that flag as you older men had for the Hawaiian flag.

"I hope to do what the majority of you wishes shall be done. It was for this reason, that when the appropriation loan money was to be spent, instead of sitting in my office and looking at maps I came to Hawaii immediately to learn what you wanted. I make no promises, but will try to do as you want, and in the future I ask that you will send a legislature that will work in harmony with me."

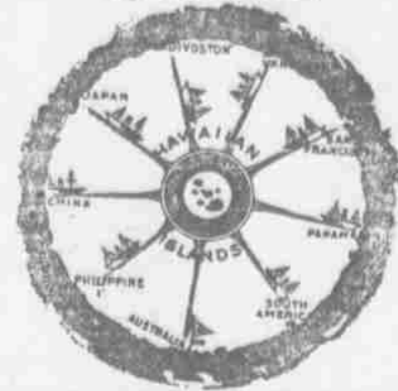

A memorial was presented to Carter at Waimea, expressing the welcome of South Kohala and setting forth the wants of the district. County government was the first they asked for in the petition, but the petitioners objected to another experience such as the one already had with a county act. More openings of public lands, improvements of roads and the changing of the division of Hawaii, in the future county act, so that West Hawaii county shall include Hamakua, the Kohala and the Kona and shall have

Waimea for a county seat, were also asked. The petition was signed by a committee consisting of George Bell, Z. Paakiki, James Bright, S. M. Spencer and F. W. Carter.

The governor and party left Waimea on the 29th, en route to Honokaa, expecting to reach Hilo by Saturday or Sunday. Owing to bad weather delaying the journeying, the return to Honolulu will probably not be made until the middle of this month.

### DIED.

KEMPTON—At the residence of Mr. and Mrs. A. A. Montano, January 31, 1904, George Kempton, a native of Kingston, Mass., born January 22, 1822. He was the eldest son of Abigail Diamond Kingston, the only family name of record left by him. His father was a prominent ship owner of Kingston and at one time he controlled a large fleet of vessels. Kempton came to Hawaii in the sixties and for some time was a contractor and architect. While engaged in superintending some construction nearly forty years ago he was overcome by heat and was removed to the American hospital, then in charge of the late Ben Davison. When Mr. Davison left the institution, Mr. Kempton went with him, and has ever since been cared for by Mrs. Montano's family. His mind remained clouded to the time of his death. He was a well educated man, and was especially keen in mathematics. The remains will be cremated today.

MOREHEAD—In Honolulu, January 29, 1904, Mrs. Margaret Morehead, a native of Ireland, aged about 80 years. She had resided in these islands for forty years. Death was hastened by several accidents which had befallen her in the past few months. About four months ago she broke an arm and

a week ago she fell and broke both arms. Her only relative now here is her grandson, John Hannan. The funeral was held from the Catholic Cathedral at 4 p. m. Sunday and the interment was in the Catholic cemetery.

midday maximum temperature, 74; barometer, 9 a. m., 29.92 rising (corrected for gravity); rainfall, 24 hours ending 9 a. m., 0; absolute moisture 9 a. m., 5.9 grains per cubic foot; humidity 9 a. m., 69 per cent.

R. C. LYDECKER,  
Territorial Meteorologist.

There will be a stated meeting of Hawaiian Lodge this evening.

Next Saturday evening at Pūhāhou College will be presented two plays, "My Uncle's Will," and "An Ugly Customer."

The Juan in celebration of the birth day of Lunello at the Lunello Home last Saturday afternoon was thoroughly enjoyable.

T. Hayashi is an experienced wood carver and cabinet maker. Specimens of his skill can be seen at his shop 98 Beretania Street near Maunakea.

A concert for the benefit of St. Clement's church will be given at the residence of Admiral and Mrs. Terry on Thursday at 8 o'clock.

Ralph Strong of Rochester, New York, father of Mrs. George H. Carter, is expected here on the Korea next week. Mrs. Strong died a short time ago.

Mail for the coast will close at 4 o'clock tomorrow and will be sent by the Maui which sails at 5, to Kahului where it will be delivered to the Nevada scheduled to sail Thursday for San Francisco.

## W. C. T. U. MEETING.

The annual meeting of the Woman's Christian Temperance Union was held last Friday in the Hall Church. The election of officers resulted in the choice of Mrs. R. A. Lyman, President, and Mrs. Terry, Secretary and Treasurer. The society is out of debt and has closed a good year's work. The efforts of these women have put bible teachers among the Hawaiians, and given assistance to the Salvation Army and the Hall Church. The union meeting will be continued through the coming year as a feature of the work—Hilo Tribune.

## REVENUE COLLECTORS.

Hoy Chamberlain, Collector of Internal Revenue, and F. L. Drake, his deputy, have been in Hilo the past week. They are here on business in the Federal Court and took occasion to make an extended tour of this island. Mr. Chamberlain, who has a practical eye, is very pleased with the future prospects of the Big Island. He pins big faith to the Kona district and predicts that it will one day be very rich. Mr. Chamberlain and Mr. Drake will go through the Hamakua district.—Hilo Tribune.

SPEEDY RECORD  
MADE IN HILO

The federal court term at Hilo established a record for speed in the transaction of business which is not likely to be beaten for a long time and which has probably seldom been equalled in any jurisdiction. The grand jury of the term was in session only an hour and a half before it made a final report to Judge Dole, and an hour and a half later the trial of those whom the jury indicted began. It was finished the same day and court was "pan," except for attending to the case of a juror who failed to show up and was fined \$20 on Friday morning.

The charge to the grand jury was the first one to be given by Judge Dole as a federal judge. The only matters to be brought up as far as was known were in connection with some cases of illicit distilling, and aside from references to the law on this subject, Judge Dole gave only the usual formal instructions to the jurors.

Court opened for the term at 8 o'clock on the evening of last Wednesday, and immediately adjourned for the day. On the following morning it was found that there were only eight petit jurors and six grand jurors in attendance. Deputy Marshal Frank L. Winter went forth and by eleven o'clock he had hauled enough Hilo citizens into court to fill both juries, court having adjourned to eleven. At eleven the grand jury was charged and it went to work at once. At 12:30 it made a final report, indicting four Japanese for illicit distilling.

One Jap pleaded guilty and was sentenced to seven months' imprisonment, a fine of \$500 and a penalty of \$500. The trial of the other three began at two o'clock on the same day. Assistant United States District Attorney J. J. Dunne prosecuting. Court was in session till eleven p. m. All three defendants were convicted and sentenced to nine months' imprisonment, a penalty of \$500 and a fine of \$500.

This ended the business of the term,

except for the absence of Juror J. Imagula, of Kalapana. Deputy Marshal Winter started to hunt him up the first thing on Friday morning. Court met at nine. Imagula was reached by telephone and ordered into court by Winter, arriving at Hilo just about the time when court met. Judge Dole imposed a fine of \$50 for contempt. At ten o'clock the same morning all the officers of the court left for Honolulu, Judge Dole remaining for a week's rest in Hilo.

MANY BIDDERS  
AFTER CONTRACTS

Bids were opened in the Public Works department at noon today for a number of school buildings. The competitors for the contracts were numerous in each case and the bidding quite close. The largest contract offered was for a school house at Walluku, for which the bids were as follows:

## ONE YEAR FOR MORGAN

Jack Morgan, who was found guilty of seduction last week, came into court this morning for sentence. The sentencing had been postponed to next Wednesday, but the defendant's counsel announced that he was ready for sentence today. Judge Robinson gave a sentence of one year at hard labor. The limit under the statute is two years. An appeal is being taken, from denial of a motion for a new trial.

## MAUI CORPORATION.

WAILUKU, January 30.—The annual meeting of the stockholders of the Maui Wine & Liquor Co. Ltd., was held at the K. P. hall last Wednesday evening at which time the following officers were elected to serve for the coming year: W. T. Robinson, President; G. H. Robertson, vice-president; C. D. Lufkin, treasurer; J. Garcia, secretary. Directors: R. A. Wadsworth, E. M. Keeney, H. Streubeck, W. G. Scott, J. J. Walsh, W. T. Robinson and C. D. Lufkin. The reports of the manager, treasurer and secretary were read, which showed the business on a fairly good basis.

## Here's a Real Estate Opportunity

I have divided the entire McCully Tract into lots which I now offer for sale.

The former division of small lots has been discarded and a new division of lots, containing from 1 to 7 acres each substituted.

This offers an opportunity to buyers to subdivide their acre purchases into smaller lots and make their profit.

The property comprises fine

## RICE, VEGETABLE, PASTURE AND RESIDENCE LANDS

Nearly 12 acres of this property is now planted with rice.

A large area is good Farming Land now under cultivation.

Several pieces of from two to five acres are fine pasture land and gives a place where your animals can be readily secured when needed.

Now the above tells you what the lands are but the most interesting part is this—WHAT IS THE PRICE?

Well, this property is now offered you at the rate of from

\$300 to \$600 per Acre

Just think of this price!

Land in outlying districts sells today at from 60 to 100 per square foot and here you can buy property adjoining a thickly settled residence section, with Electric Cars passing through the property, at the rate of

3c to 1 1/2c per sq. ft.

You cannot do better than this in any investment.

Parties purchasing over \$4,000 worth can obtain a loan of one-half of the purchase price.

These lands are offered at private sale.

Plans and prices of Lots can be seen at my Salesroom, 557 Kaahumanu Street.

I will be pleased to show intending purchasers over the property.
