PEACE OR DESPAIR.

The Spaniards Favor the Americans in Preference to the Cuban Insurgents.

Special cable to the Call and New York Herald.

MADRID, July 25.—Immense importance is attached here to the words of Secretary Day favoring peace on terms which would avoid the necessity of Spain having to continue the war of despair. At present Spain is absolutely keenly eager to find an opportunity for opening peace negotiations. Secretary Day seems to have given the opening, and it may not be amiss to state that just now peace will be very easy upon what diplomatists here describe as the only possible basis; that is to say, the independence of Cuba under an American guarantee with the good will of Spain. It is estimated here that the Americans, after a brief practical experience in Cuba will realize the enormous difficulties attending its government without Spanish assistance. I have tried several times to emphasize the growing sentiment here that Spain would be willing to accept any honorable means which would safeguard Spanish interests in Cuba. That is the dominating note to which the term of peace are set. To speak plainly, it means almost any proposition which would not mean the predominance of the insurgents. It is felt with satisfaction here that the Americans particularly realize the absolute worthlessness of the piratical, undisciplined insurgents, who pretend to have the necessary qualities to govern Cuba. The Spanish feeling is more in favor of Americans than the insurgents.

RUSSIA'S MOVE NOT HOSTILE.

Will Not Interfere at Manila. Such Is the Official Belief.

NEW YORK, July 25.—The Washington correspondent of the Herald telegraphs the following: Washington is without official confirmation of the report that four Russian warships have started for the Philippines, and that four Japanese men-of-war have been ordered to rendezvous with the other Japanese ships at Saischo. The fact that the report comes from Shanghai, the hotbed of rumors, and so far away from Port Arthur and Tokio, makes the officials doubt its authenticity. In any event none denies the right of Russia to send her warships to the Philippines if she desires to do so, but a collection of four at that point with a German force of about the same number will make the combined fleets far more formidable than that of Admiral Dewey.

The authorities recognize that the collecting of a formidable fleet of foreign warships at Manila will be very embarrassing to the American admiral, as well as to this Government, as it would undoubtedly be for the purpose of exercising moral or restraining influence with regard to the ultimate aims of the United States in the Philippines.

I was told to-night that, so far as is officially known, Russia has not entered into any agreement with any European nation for the purpose of influencing the United States in the Philippines, and it is not believed she would send such a small fleet if she intends to interfere. Russian interests in these islands are small, and the Czar's Government, if it sends ships to the Philippines, cannot therefore have the excuse made for Germany that the reason for sending the fleet to Manila is the necessity for providing protection for her citizens and their interests.

No doubt is felt in administration circles that England's and Japan's ships would co-operate with the American men-of-war in the event

of international complications, but such co-operation will not take place, the authorities predict, because the different ways the European powers are pulling is a splendid guarantee of non-interference with American operations.—S. F. Call.

As to Porto Rico.

ST. THOMAS, D. W. I., July 25.—The United States troops are landing to-day on the island of Porto Rico, near Ponce, on the southern coast.

NEW YORK, July 25.—The Washington correspondent of the Herald says: "Adjutant General Corbin stated to-night that he had received nothing to confirm the report that Major General Miles with troops under his command had arrived in Porto Rican waters and was landing near Ponce. Department officials with whom I talked expressed a doubt as to the accuracy of the report, because, they stated, General Miles would not land near Ponce, but at Fajardo, on the eastern coast."

A Repulse Claimed.

MADRID, July 25.—A private dispatch from San Juan de Porto Rico says a strong American squadron has appeared before Bahia Honda, but that the American attempt to disembark was repulsed with considerable loss.

Residing in Honolulu.

TUESDAY, AUG. 2, 1898.

We can well understand the pleasure the soldiers feel in taking a bath in the refreshing water at Waikiki, but at the same time due propriety and decency should be observed. Several complaints have reached this office from residents of Waikiki, in which they take serious exceptions to the soldiers bathing in a nude condition from the open beach of the most populated part of the suburb. There is no false modesty or exaggerated prudery in the complaints. Our attention is simply called to the fact, that it is contrary to existing laws and to common decency. One complainant says that a nude "excursion" into the briny deep of a large number of men took place yesterday from a prominent private residence to the great annoyance of the neighbors and their visitors. The kind hosts of the "boys" should furnish them with bathing suits or improvise some out of towels, etc. A few days ago a young kanaka in the virtuous town of Lahaina was arrested on a charge of indecent exposure by bathing along the highroad with only bathing trunks on. The magistrate had sense enough to acquit him. Our grandmothers would have been terribly shocked if they could have seen the present generation in its fashionable bathing suits. But in the name of the spirits of our grandmas don't let us discard what little there is left of the *fin de siècle* bathing suits.

FAIR WARNING.

It is pleasing to notice that Consul-General Haywood has not joined the men or syndicates who are interested in bringing "white" laborers to Hawaii.

We have often stated that there is no room in Hawaii for white laborers and we have been roundly abused for our expressions.

The New York Nation in an article on Hawaiian annexation, among other things, says:

"There is no reason, therefore, to expect any material increase of commerce with our new possessions. We had it all before, substantially, and there is no reason to expect it to be enlarged to an extent at all commensurate with the expense which annexation will occasion us. In fact, according to the report of the Bureau of Statistics, the market for labor of all kinds is overstocked in Hawaii, and our Consul-General advises all Americans, except capitalists, to keep away from the islands. Laborers who may go there seeking employment at high wages will be disappointed."

Coming.

The Philadelphia was ready to leave San Francisco on the 27th of July and may be expected here on the 3d or 4th instant. The Commissioners have decided to meet in San Francisco in time to take the Mariposa due at Honolulu on the 17th inst. The "flag" will probably be hoisted on the 5th inst.

The Last Governor.

ED. THE INDEPENDENT:

The Bulletin of last evening, says:

"The Hawaii Herald is historically inaccurate in saying that John T. Baker was the last Governor of Hawaii. Mrs. Baker, or High Chiefess Ululani, was the last to hold the gubernatorial commission for the big island."

In this instance, the Bulletin is wholly historically inaccurate. It may be remembered that the Reform or Revolutionary Party of 1887, at the special session of their Legislature held in that year, abolished the office of Governor; the Legislature of 1890 reinstituted such office.

Ululani was the last to hold the gubernatorial commission prior to 1887; but on the 8th of February, 1892, Hon. John T. Baker was appointed by Queen Liliuokalani, Governor of the Island of Hawaii; on the same day Hon. W. H. Rice was appointed Governor of the Islands of Kauai and Niihau.

HISTORY.

The District Court.

Judge Wilcox disposed of a large calendar in the District Court yesterday morning. Twenty-five Chinese gamblers were fined \$5 each for indulging in a social game of dominoes.

A boy less than six years of age was arraigned for larceny in the second degree. Deputy Marshal Hitchcock when he saw the alleged "criminal" immediately asked to have the case dismissed to which the judge fully agreed.

A white woman charged with disorderly conduct and her young daughter charged with violating the "curfew" law were remanded till this morning and the case postponed till moved on.

A young native boy was sent to jail for one month for hitting old Kiliona in the eye while they were disputing over a subscription for the purchase of "another" supply of swipes.

Henry and William Vida were fined \$25 each for assaulting Jim Carty. An appeal was noted.

Domingo Ferreira was sentenced to 60 days imprisonment for assaulting Miss J. Maouini. Attorney Correa, who appeared for the defendant, gave notice of an appeal.

Educational Notes.

Minister Cooper has been authorized to procure tenders for the erection of two school houses, one to cost \$25,000 at Palama, and another at Hilo to cost \$4500.

T. H. Gibson, late Deputy Inspector of schools, has been appointed Normal instructor.

Henry Cobb-Adams has been elected school agent for Koolauloa and Koolaupoko to succeed Jailer Wm. Henry.

The sum of \$640 has been voted by the Board of Education to the Lahainaluna school for printing and publication purposes.

Armstrong Smith has been granted leave of absence until Christmas in order to take a course under Col. Parker at Chicago.

HER LAST VOYAGE.

The Ship Kenilworth Destroyed by Fire with Honomu and Onomea Sugar on Board.

A private dispatch received by the Merchants' Exchange yesterday stated that the American ship Kenilworth was on fire and that Captain J. G. Baker, Mate H. Piper and a boy named Hobson were dead. The telegram was dated at Valparaiso, and the general impression among shipping men is that the vessel had caught fire and the crew, being unable to subdue the flames, had abandoned her. In the struggle to save the ship the captain, mate and boy had lost their lives.

The Kenilworth came here in the early part of the year from New York with a general cargo. After discharging she went from here to Hilo, H. I., where she loaded sugar for New York. She sailed from here March 31, and on May 22 she started on her voyage around the Horn. The fire must, therefore, have broken out when she was somewhere in the vicinity of the Cape of Storms, and the crew was probably picked up by a passing vessel and landed at Valparaiso.

This is not the first time that both master and vessel have been in trouble. In 1889 the Kenilworth was in the big Port Costa fire. On that occasion she was burned to the water's edge, but her hull was purchased from the British owners by some San Francisco people, who, at great expense, fitted her up again and put her under the American flag. Captain Baker was master of the clipper ship Willie Rosenfeld when she was lost a few years ago. After that disaster he was made master of the Kenilworth.

The Kenilworth was built in 1883 at Port Glasgow by J Reid & Co. She was 2179 tons net burden, 300 feet 2 inches long, 43 feet 1 inch broad and 24 feet 2 inches deep. She was owned by A. Sewall & Co., Bath, Me. Her cargo was insured in this city for \$250,000 and the hull in the East for \$65,000. The freight

money was insured in San Francisco offices for \$17,500. The insurance on cargo and freight money was placed by Balfour, Guthrie & Co., and almost every insurance company in the city is more or less interested in the news.—S. F. Call, July 26.

A Quiet Wedding.

Dr. J. H. Raymond was married on Saturday afternoon at 5 o'clock to Mrs. Phoebe Dowsett-Makee at the residence of the bride by the Rev. H. H. Parker. The wedding was strictly private owing to the recent bereavement in the Dowsett family, and only members of the family were present. Dr. and Mrs. Raymond is spending their honeymoon at the Dowsett ranch at Leihua on this island.

Died at Sea.

On July 26, Private Newell E. Jenks, Co. L, First South Dakota Infantry, from Spear Fish, South Dakota, died of pneumonia. He had been discharged in San Francisco after an attack of the measles, but managed to stow away in the rigging and a relapse ensued. The deceased was buried with military honors.

The Odd Fellows reception on Saturday evening was a grand success owing to the generous efforts of the ladies of the following committees: Reception—Mrs. Berrey, Mrs. Fred. Turner, Mrs. Riley, Mrs. Goddard and Mrs. Petrie. Floor Manager—Mrs. Herick. Floor Committee—Mrs. Gorman, Mrs. Dee, Mrs. Clark and Miss Herick.

HOME, SWEET HOME.

Queen Liliuokalani Returns to Hawaii Nel. and to Her People.

At 2 o'clock this morning, the Gaelic steamed to the Pacific Mail dock through the calm sea, on which the rays of the bright moon were playing hide and seek.

On board the fine boat was One passenger, who experienced the painful happiness of returning to her home and to her friends, after seeing all what was dear to her and her people fading into the Past.

Queen Liliuokalani was on board the Gaelic, and in her unsurpassable dignified style she received her friends, who sought her presence immediately after the docking of the steamer.

The Princess Kaiulani, Prince David Kawanakoa, Governor Cleg-horn, Mr. J. O. Carter, Mrs. Carter and daughters, and many other prominent citizens and many faithful Hawaiians were there to bid a hearty aloha to the Alii, who returns to her home in the day of sorrow and grief to every patriotic Hawaiian.

The Queen was overcome with emotions, when she met her royal relations and the friends who have assisted her in the noble fight for her beloved country and her people.

After a brief conversation and a handshake with the people who presented their respects to the Alii, she proceeded to her carriage which was waiting on the Pacific dock. Attended by Princess Kaiulani, Prince David and Governor Cleg-horn, Queen Liliuokalani drove to her home among the enthusiastic cheers of the people assembled on the wharf and the weird wailing of a number of ancient Hawaiians.

At Washington Place Queen Liliuokalani was received by her numerous retainers and, after a brief conversation with them the royal lady, who was greatly fatigued retired to rest.

Her Majesty looks very well after her nineteen months' absence, but the people are grieved to learn that the health of their beloved ali is far from good, and that she has considered it advisedly to engage the services of Dr. English, a prominent Washington physician, who accompanies Her Majesty.

The Queen will remain here for a short while and will then return to the States, in the care of her physician.

The meeting between Queen Liliuokalani and her royal niece was very affectionate. The distinguished ladies had not met for some time, and the Queen was visibly pleased by finding a niece in the charming and beautiful Kaiulani.

The reports in regard to the Queen's future movements as far as the Crown Lands are concerned are simply the evaporation of "yellow" journalists. No "program" has been laid out for the future actions of Queen Liliuokalani, who quietly will await here the arrival of the Commissioners entrusted with the formation of a government for Hawaii, the latest territorial acquisition of the United States of America.

Sad News.

The Gaelic brought the sad news of two deaths which will cause grief in this community.

Miss Anna Sturgeon died at Seattle last week. The deceased was private stenographer and typewriter to Mr. S. M. Damon for whom she worked during the past 3 years. Feeling in ill-health she was allowed a vacation a few weeks ago and returned to her Seattle home where she passed away. The deceased was a most amiable lady whose untimely loss will be deeply regretted by her friends in Honolulu.

D. Noonan, well known in the Hawaiian Islands died at Chico, Cal., on the 20th ult., from heart disease. The deceased who was married to a daughter of the late Captain Makee of Maui was at one time a prosperous druggist in the States. He resided for a number of years in Hawaii and through his congenial manners made many friends.

Russia and Japan Send Warships Probably to Take a Look at the Philippines.

LONDON, July 25.—A special dispatch from Shanghai says four Russian men-of-war have left Port Arthur, and it is supposed their destination is the Philippine Islands.

Another special dispatch from Shanghai says the Japanese warships Woshino, Chin yen, Itsukushima and Saiyn Yen have been hastily dispatched to Saischo to reinforce the Japanese squadron there, making it the strongest in these waters. It has been ordered to co-operate with the British and American admirals in the event of international complications.

While the dispatch does not explain the matter, it is inferred the squadron is desired to be in readiness for Philippine operations.

Threat of Morocco's Foreign Minister.

MADRID, July 25.—According to a dispatch from Cadiz to the Imparcial of this city, advices from Tangier say the Foreign Minister of Morocco declares that if the Americans enter Moroccan ports they will be notified to leave in twenty-four hours, and, it is added, if they refuse to do so, Morocco will place herself under the protection of the powers.

The probabilities are anxiously canvassed at Tangier since the arrival of the new United States Consul, and the special dispatch adds that the belief increases that the United States does not intend to deprive Spain of anything but the Antilles.

THE CHINESE IN HAWAII.

The Exclusion Act Will Be Strongly
Enforced and Hawaiian Chinese
Cannot Land in the United States
Without a U. S. Certificate.

CALL OFFICE, RIGGS HOUSE,
WASHINGTON, July 22.

Assistant Secretary Howell was
asked by The Call correspondent
what action would be taken by the
Treasury Department if Chinese ar-
rived in San Francisco from Hawaii
after the American flag had been
raised over the islands.

"The Chinese exclusion act now
in operation will be strictly enforced
by this department," said Howell.
"until Congress meets next Decem-
ber, when this department will ask
for legislation on this subject. No
Chinese without a certificate issued
in the United States will be allowed
to land. They will be sent back to
Hawaii until Congress by law de-
cides what shall be their status un-
der the annexation of the islands."

"That settles the whole matter,"
said Collector J. P. Jackson yester-
day when shown the above dispatch
from Washington. "If Assistant
Secretary Howell issues instructions
to me in accordance with the fore-
going there is nothing left for me to
do but to follow them out to the
letter. No, I shall not make a test
case by permitting one Chinaman
from Hawaii to land and having the
matter carried into the courts. The
Assistant Secretary says they cannot
land, and that is all there is to it.
Not one Chinaman from the islands
can enter this port, and if any at-
tempt it they will be sent back."

This statement by Collector J. P.
Jackson is directly opposite to that
made by him the day before and
published in The Call yesterday.
Then he was of opinion that Ha-
waii, being a part of the United
States, Chinese residents of those
islands had a perfect right to pass
from one portion of the United
States to another without hindrance.
He thought that if any Chinese
should apply for admission here he
would be in duty bound to allow
them to land.

Assistant Secretary Howell's po-
sition is indorsed by a leading attor-
ney of this city who has devoted his
attention for years to handling Chi-
nese cases, and is thoroughly fam-
iliar with every phase of the exclu-
sion laws. Speaking of Collector
Jackson's opinion, as given in yes-
terday's Call, this attorney said:

"In the first place it has been con-
ceded from time immemorial almost
that every sovereign power has the
right to regulate foreign immigra-
tion as it sees fit. It can say who
shall and who shall not come into
its territory, and can even go so far
as to exclude such aliens as it
chooses after they have entered its
borders. With the principle fully
recognized by every civilized nation
it only remains for the legislative
power of a country to adopt such
restriction measures as it may deem
necessary.

"In the case of the Chinese in Ha-
waii, they are subject to direct con-
trol by the National Congress, for
like other Territories, the islands
are governed directly by Congress.

The Chinese there are all under
contract and every contract contains
a clause that they shall be returned
to China at the expiration of a
stated period. They are not resi-
dents of the Hawaiian Islands; they
have no domicile there in the strict
meaning of the term; nor do they
expect to remain there permanently.
Having entered those islands on
such terms prior to their becoming
United States territory the Chinese
cannot claim the right to enter any
other portion of the United States
in violation of the existing exclusion
laws passed by Congress and ratified
by treaty with China.

"One thing is certain; Congress
has full power to pass any law re-
garding them it may think proper,
even to banishing them from the
islands, and I have no doubt that
legislation will be enacted bearing
on the Chinese in Hawaii soon after
Congress convenes. In the mean-
time, I know of nothing in the pre-
sent laws that would give Collector
Jackson authority to admit them to

this port. If he thinks they are en-
titled to land let him make a test
case. It is an easy matter to bring
up one Chinaman from the islands
and the Collector can order his
landing. The Chinaman could be
arrested and the case taken into
court. I am willing to stake my
reputation as a prophet that the
court would deport the Chinaman
in short order, for the law is explicit
that all Chinese must be provided
with certificates of registration to
entitle them to land."

PEACE OR DESPAIR.

The Spaniards Favor the Americans in Preference to the Cuban Insurgents.

Special cable to the Call and New York Herald.

MADRID, July 25.—Immense importance is attached here to the words of Secretary Day favoring peace on terms which would avoid the necessity of Spain having to continue the war of despair. At present Spain is absolutely keenly eager to find an opportunity for opening peace negotiations. Secretary Day seems to have given the opening, and it may not be amiss to state that just now peace will be very easy upon what diplomatists here describe as the only possible basis; that is to say, the independence of Cuba under an American guarantee with the good will of Spain. It is estimated here that the Americans, after a brief practical experience in Cuba will realize the enormous difficulties attending its government without Spanish assistance. I have tried several times to emphasize the growing sentiment here that Spain would be willing to accept any honorable means which would safeguard Spanish interests in Cuba. That is the dominating note to which the term of peace are set. To speak plainly, it means almost any proposition which would not mean the predominance of the insurgents. It is felt with satisfaction here that the Americans particularly realize the absolute worthlessness of the piratical, undisciplined insurgents, who pretend to have the necessary qualities to govern Cuba. The Spanish feeling is more in favor of Americans than the insurgents.

RUSSIA'S MOVE NOT HOSTILE.

Will Not Interfere at Manila. Such Is the Official Belief.

NEW YORK, July 25.—The Washington correspondent of the Herald telegraphs the following: Washington is without official confirmation of the report that four Russian warships have started for the Philippines, and that four Japanese men-of-war have been ordered to rendezvous with the other Japanese ships at Saischo. The fact that the report comes from Shanghai, the hotbed of rumors, and so far away from Port Arthur and Tokio, makes the officials doubt its authenticity. In any event none denies the right of Russia to send her warships to the Philippines if she desires to do so, but a collection of four at that point with a German force of about the same number will make the combined fleets far more formidable than that of Admiral Dewey.

The authorities recognize that the collecting of a formidable fleet of foreign warships at Manila will be very embarrassing to the American admiral, as well as to this Government, as it would undoubtedly be for the purpose of exercising moral or restraining influence with regard to the ultimate aims of the United States in the Philippines.

I was told to-night that, so far as is officially known, Russia has not entered into any agreement with any European nation for the purpose of influencing the United States in the Philippines, and it is not believed she would send such a small fleet if she intends to interfere. Russian interests in these islands are small, and the Czar's Government, if it sends ships to the Philippine Islands, cannot therefore have the excuse made for Germany that the reason for sending the fleet to Manila is the necessity for providing protection for her citizens and their interests.

No doubt is felt in administration circles that England's and Japan's ships would co-operate with the American men-of-war in the event

of international complications, but such co-operation will not take place, the authorities predict, because the different ways the European powers are pulling is a splendid guarantee of non-interference with American operations.—S. F. Call.

As to Porto Rico.

ST. THOMAS, D. W. I., July 25.—The United States troops are landing to-day on the island of Porto Rico, near Ponce, on the southern coast.

NEW YORK, July 25.—The Washington correspondent of the Herald says: "Adjutant General Corbin stated to-night that he had received nothing to confirm the report that Major General Miles with troops under his command had arrived in Porto Rican waters and was landing near Ponce. Department officials with whom I talked expressed a doubt as to the accuracy of the report, because, they stated, General Miles would not land near Ponce, but at Fajardo, on the eastern coast."

A Repulse Claimed.

MADRID, July 25.—A private dispatch from San Juan de Porto Rico says a strong American squadron has appeared before Bahia Honda, but that the American attempt to disembark was repulsed with considerable loss.

Residing in Honolulu.

TUESDAY, AUG. 2, 1898.

We can well understand the pleasure the soldiers feel in taking a bath in the refreshing water at Waikiki, but at the same time due propriety and decency should be observed. Several complaints have reached this office from residents of Waikiki, in which they take serious exceptions to the soldiers bathing in a nude condition from the open beach of the most populated part of the suburb. There is no false modesty or exaggerated prudery in the complaints. Our attention is simply called to the fact, that it is contrary to existing laws and to common decency. One complainant says that a nude "excursion" into the briny deep of a large number of men took place yesterday from a prominent private residence to the great annoyance of the neighbors and their visitors. The kind hosts of the "boys" should furnish them with bathing suits or improvise some out of towels, etc. A few days ago a young kanaka in the virtuous town of Lahaina was arrested on a charge of indecent exposure by bathing along the highroad with only bathing trunks on. The magistrate had sense enough to acquit him. Our grandmothers would have been terribly shocked if they could have seen the present generation in its fashionable bathing suits. But in the name of the spirits of our grandmas don't let us discard what little there is left of the *fin de siècle* bathing suits.

FAIR WARNING.

It is pleasing to notice that Consul-General Haywood has not joined the men or syndicates who are interested in bringing "white" laborers to Hawaii.

We have often stated that there is no room in Hawaii for white laborers and we have been roundly abused for our expressions.

The New York Nation in an article on Hawaiian annexation, among other things, says:

"There is no reason, therefore, to expect any material increase of commerce with our new possessions. We had it all before, substantially, and there is no reason to expect it to be enlarged to an extent at all commensurate with the expense which annexation will occasion us. In fact, according to the report of the Bureau of Statistics, the market for labor of all kinds is overstocked in Hawaii, and our Consul-General advises all Americans, except capitalists, to keep away from the islands. Laborers who may go there seeking employment at high wages will be disappointed."

Coming.

The Philadelphia was ready to leave San Francisco on the 27th of July and may be expected here on the 3d or 4th instant. The Commissioners have decided to meet in San Francisco in time to take the Mariposa due at Honolulu on the 17th inst. The "flag" will probably be hoisted on the 5th inst.

The Last Governor.

ED. THE INDEPENDENT:—

The Bulletin of last evening, says:

"The Hawaii Herald is historically inaccurate in saying that John T. Baker was the last Governor of Hawaii. Mrs. Baker, or High Chiefess Ululani, was the last to hold the gubernatorial commission for the big island."

In this instance, the Bulletin is wholly historically inaccurate. It may be remembered that the Reform or Revolutionary Party of 1887, at the special session of their Legislature held in that year, abolished the office of Governor; the Legislature of 1890 reconstituted such office.

Ululani was the last to hold the gubernatorial commission prior to 1887; but on the 8th of February, 1892, Hon. John T. Baker was appointed by Queen Liliuokalani, Governor of the Island of Hawaii; on the same day Hon. W. H. Rice was appointed Governor of the Islands of Kauai and Niihau.

HISTORY.

The District Court.

Judge Wilcox disposed of a large calendar in the District Court yesterday morning. Twenty-five Chinese gamblers were fined \$5 each for indulging in a social game of dominos.

A boy less than six years of age was arraigned for larceny in the second degree. Deputy Marshal Hitchcock when he saw the alleged "criminal" immediately asked to have the case dismissed to which the judge fully agreed.

A white woman charged with disorderly conduct and her young daughter charged with violating the "curfew" law were remanded till this morning and the case postponed till moved on.

A young native boy was sent to jail for one month for hitting old Kilona in the eye while they were disputing over a subscription for the purchase of "another" supply of swipes.

Henry and William Vida were fined \$25 each for assaulting Jim Cart. An appeal was noted.

Domingo Ferreira was sentenced to 60 days imprisonment for assaulting Miss J. Manini. Attorney Correa, who appeared for the defendant, gave notice of an appeal.

Educational Notes.

Minister Cooper has been authorized to procure tenders for the erection of two school houses, one to cost \$25,000 at Palama, and another at Hilo to cost \$4500.

T. H. Gibson, late Deputy Inspector of schools, has been appointed Normal instructor.

Henry Cobb-Adams has been elected school agent for Koolauloa and Koolapoko to succeed Jailer Wm. Henry.

The sum of \$640 has been voted by the Board of Education to the Lahainaluna school for printing and publication purposes.

Armstrong Smith has been granted leave of absence until Christmas in order to take a course under Col. Parker at Chicago.

HER LAST VOYAGE.

The Ship Kenilworth Destroyed by Fire with Honomu and Onomea Sugar on Board.

A private dispatch received by the Merchants' Exchange yesterday stated that the American ship Kenilworth was on fire and that Captain J. G. Baker, Mate H. Piper and a boy named Hobson were dead. The telegram was dated at Valparaiso, and the general impression among shipping men is that the vessel had caught fire and the crew, being unable to subdue the flames, had abandoned her. In the struggle to save the ship the captain, mate and boy had lost their lives.

The Kenilworth came here in the early part of the year from New York with a general cargo. After discharging she went from here to Hilo, H. I., where she loaded sugar for New York. She sailed from here March 31, and on May 22 she started on her voyage around the Horn. The fire must, therefore, have broken out when she was somewhere in the vicinity of the Cape of Storms, and the crew was probably picked up by a passing vessel and landed at Valparaiso.

This is not the first time that both master and vessel have been in trouble. In 1889 the Kenilworth was in the big Port Costa fire. On that occasion she was burned to the water's edge, but her hull was purchased from the British owners by some San Francisco people, who, at great expense, fitted her up again and put her under the American flag. Captain Baker was master of the clipper ship Willie Rosenfeld when she was lost a few years ago. After that disaster he was made master of the Kenilworth.

The Kenilworth was built in 1883 at Port Glasgow by J Reid & Co. She was 2179 tons net burden, 300 feet 2 inches long, 43 feet 1 inch broad and 24 feet 2 inches deep. She was owned by A. Sewall & Co., Bath, Me. Her cargo was insured in this city for \$250,000 and the hull in the East for \$65,000. The freight

money was insured in San Francisco offices for \$17,500. The insurance on cargo and freight money was placed by Balfour, Guthrie & Co., and almost every insurance company in the city is more or less interested in the news.—S. F. Call, July 26.

A Quiet Wedding.

Dr. J. H. Raymond was married on Saturday afternoon at 5 o'clock to Mrs. Phoebe Dowsett-Makee at the residence of the bride by the Rev. H. H. Parker. The wedding was strictly private owing to the recent bereavement in the Dowsett family, and only members of the family were present. Dr. and Mrs. Raymond is spending their honeymoon at the Dowsett ranch at Leilehua on this island.

Died at Sea.

On July 26, Private Newall E. Jenks, Co. L, First South Dakota Infantry, from Spear Fish, South Dakota, died of pneumonia. He had been discharged in San Francisco after an attack of the measles, but managed to stow away in the rigging and a relapse ensued. The deceased was buried with military honors.

The Odd Fellows reception on Saturday evening was a grand success owing to the generous efforts of the ladies of the following committees: Reception—Mrs. Berrey, Mrs. Fred. Turner, Mrs. Riley, Mrs. Goddard and Mrs. Petrie. Floor Manager—Mrs. Herrick. Floor Committee—Mrs. Gorman, Mrs. Dee, Mrs. Clark and Miss Herrick.

HOME, SWEET HOME.

Queen Liliuokalani Returns to Hawaii Nei, and to Her People.

At 2 o'clock this morning, the Gaelic steamed to the Pacific Mail dock through the calm sea, on which the rays of the bright moon were playing hide and seek.

On board the fine boat was One passenger, who experienced the painful happiness of returning to her home and to her friends, after seeing all what was dear to her and her people fading into the Past.

Queen Liliuokalani was on board the Gaelic, and in her unsurpassable dignified style she received her friends, who sought her presence immediately after the docking of the steamer.

The Princess Kaiulani, Prince David Kawanakoa, Governor Cleg-horn, Mr. J. O. Carter, Mrs. Carter and daughters, and many other prominent citizens and many faithful Hawaiians were there to bid a hearty aloha to the Aliiimoku, who returns to her home in the day of sorrow and grief to every patriotic Hawaiian.

The Queen was overcome with emotions, when she met her royal relations and the friends who have assisted her in the noble fight for her beloved country and her people.

After a brief conversation and a handshake with the people who presented their respects to the Alii, she proceeded to her carriage which was waiting on the Pacific dock. Attended by Princess Kaiulani, Prince David and Governor Cleg-horn, Queen Liliuokalani drove to her home among the enthusiastic cheers of the people assembled on the wharf and the weird wailing of a number of ancient Hawaiians.

At Washington Place Queen Liliuokalani was received by her numerous retainers and, after a brief conversation with them the royal lady, who was greatly fatigued retired to rest.

Her Majesty looks very well after her nineteen months' absence, but the people are grieved to learn that the health of their beloved ali is far from good, and that she has considered it advisedly to engage the services of Dr. English, a prominent Washington physician, who accompanies Her Majesty.

The Queen will remain here for a short while and will then return to the States, in the care of her physician.

The meeting between Queen Liliuokalani and her royal niece was very affectionate. The distinguished ladies had not met for some time, and the Queen was visibly pleased by finding a niece in the charming and beautiful Kaiulani.

The reports in regard to the Queen's future movements as far as the Crown Lands are concerned are simply the evaporation of "yellow" journalists. No "program" has been laid out for the future actions of Queen Liliuokalani, who quietly will await here the arrival of the Commissioners entrusted with the formation of a government for Hawaii, the latest territorial acquisition of the United States of America.

Sad News.

The Gaelic brought the sad news of two deaths which will cause grief in this community.

Miss Anna Sturgeon died at Seattle last week. The deceased was private stenographer and typewriter to Mr. S. M. Damon for whom she worked during the past 3 years. Feeling in ill-health she was allowed a vacation a few weeks ago and returned to her Seattle home where she passed away. The deceased was a most amiable lady whose untimely loss will be deeply regretted by her friends in Honolulu.

D. Noonan, well known in the Hawaiian Islands died at Chico, Cal., on the 20th ult., from heart disease. The deceased who was married to a daughter of the late Captain Makee of Maui was at one time a prosperous druggist in the States. He resided for a number of years in Hawaii and through his congenial manners made many friends.

Russia and Japan Send Warships Probably to Take a Look at the Philippines.

LONDON, July 25.—A special dispatch from Shanghai says four Russian men-of-war have left Port Arthur, and it is supposed their destination is the Philippine Islands.

Another special dispatch from Shanghai says the Japanese warships Woshino, Chin yen, Itsukushima and Saiyn Yen have been hastily dispatched to Saischo to reinforce the Japanese squadron there, making it the strongest in these waters. It has been ordered to co-operate with the British and American admirals in the event of international complications.

While the dispatch does not explain the matter, it is inferred the squadron is desired to be in readiness for Philippine operations.

Threat of Morocco's Foreign Minister

MADRID, July 25.—According to a dispatch from Cadiz to the Impar-cial of this city, advices from Tangier say the Foreign Minister of Morocco declares that if the Americans enter Moroccan ports they will be notified to leave in twenty-four hours, and, it is added, if they refuse to do so, Morocco will place herself under the protection of the powers.

The probabilities are anxiously canvassed at Tangier since the arrival of the new United States Consul, and the special dispatch adds that the belief increases that the United States does not intend to deprive Spain of anything but the Antilles.

THE CHINESE IN HAWAII.

The Exclusion Act Will Be Strongly Enforced and Hawaiian Chinese Cannot Land in the United States Without a U. S. Certificate.

CALL OFFICE, RIGGS HOUSE,
WASHINGTON, July 22.

Assistant Secretary Howell was asked by The Call correspondent what action would be taken by the Treasury Department if Chinese arrived in San Francisco from Hawaii after the American flag had been raised over the islands.

"The Chinese exclusion act now in operation will be strictly enforced by this department," said Howell, "until Congress meets next December, when this department will ask for legislation on this subject. No Chinese without a certificate issued in the United States will be allowed to land. They will be sent back to Hawaii until Congress by law decides what shall be their status under the annexation of the islands."

"That settles the whole matter," said Collector J. P. Jackson yesterday when shown the above dispatch from Washington. "If Assistant Secretary Howell issues instructions to me in accordance with the foregoing there is nothing left for me to do but to follow them out to the letter. No, I shall not make a test case by permitting one Chinaman from Hawaii to land and having the matter carried into the courts. The Assistant Secretary says they cannot land, and that is all there is to it. Not one Chinaman from the islands can enter this port, and if any attempt it they will be sent back."

This statement by Collector J. P. Jackson is directly opposite to that made by him the day before and published in The Call yesterday. Then he was of opinion that Hawaii, being a part of the United States, Chinese residents of those islands had a perfect right to pass from one portion of the United States to another without hindrance. He thought that if any Chinese should apply for admission here he would be in duty bound to allow them to land.

Assistant Secretary Howell's position is indorsed by a leading attorney of this city who has devoted his attention for years to handling Chinese cases, and is thoroughly familiar with every phase of the exclusion laws. Speaking of Collector Jackson's opinion, as given in yesterday's Call, this attorney said:

"In the first place it has been conceded from time immemorial almost that every sovereign power has the right to regulate foreign immigration as it sees fit. It can say who shall and who shall not come into its territory, and can even go so far as to exclude such aliens as it chooses after they have entered its borders. With the principle fully recognized by every civilized nation it only remains for the legislative power of a country to adopt such restriction measures as it may deem necessary.

"In the case of the Chinese in Hawaii, they are subject to direct control by the National Congress, for like other Territories, the islands are governed directly by Congress.

The Chinese there are all under contract and every contract contains a clause that they shall be returned to China at the expiration of a stated period. They are not residents of the Hawaiian Islands; they have no domicile there in the strict meaning of the term; nor do they expect to remain there permanently. Having entered those islands on such terms prior to their becoming United States territory the Chinese cannot claim the right to enter any other portion of the United States in violation of the existing exclusion laws passed by Congress and ratified by treaty with China.

"One thing is certain; Congress has full power to pass any law regarding them it may think proper, even to banishing them from the islands, and I have no doubt that legislation will be enacted bearing on the Chinese in Hawaii soon after Congress convenes. In the meantime, I know of nothing in the present laws that would give Collector Jackson authority to admit them to

this port. If he thinks they are entitled to land let him make a test case. It is an easy matter to bring up one Chinaman from the islands and the Collector can order his landing. The Chinaman could be arrested and the case taken into court. I am willing to stake my reputation as a prophet that the court would deport the Chinaman in short order, for the law is explicit that all Chinese must be provided with certificates of registration to entitle them to land."
