WORKED HARD FOR ANNEXATION.

Thurston Labored Earnestly and Per-
sistently to That End.

OBJECTIONS OF THE PRESIDENT.

Any Treaty or Argument Drawn Up Must
Concede That the Conditions of Labor
in Hawaii Shall Not Be Disturbed.
Conferences—McLean in Command.

NEW YORK, June 1.—A special to
the Tribune from Washington says:
Interesting information relating to
some unpublished views of the presi-
dent respecting Hawaiian affairs has
been obtained from an official source.
It appears that Thurston, while Ha-
waiian Minister to Washington, even
in the face of constant discouragement,
tried zealously to bring the adminis-
tration to a realization of the many
advantages that would accrue to the
United States through annexation.

He labored earnestly and persist-
ently with this object in view and
there were frequent conferences be-
tween himself and Secretary Gresham
at the State Department on the sub-
ject. The arguments brought out
were communicated to the president,
from whom Secretary Gresham re-
ceived instructions from time to time.

From the start the president was
opposed to annexation. He wanted
the Secretary of State to be in hearty
accord with his views. Through
Gresham he made known his opposi-
tion to Thurston. His arguments,
and those made by the Secretary of
State, were ably met by Thurston,
and finally the discussions eliminated
all but two serious objections.

First, the president held to the view
that it was not good policy for the
country to acquire what might be re-
garded as foreign territory, however
great and many would be the ad-
vantages following the annexation of Ha-
waii. It was, no doubt, a valuable
possession in many ways. As a mili-
tary or naval outpost it was impor-
tant; besides, it was on the road of
travel to the Orient, and therefore des-
tined to figure prominently in future
commercial questions arising in that
quarter.

These points and many others the
president and Mr. Gresham conceded,
but the abstraction that the country
should not hold territory lying outside
its present eastern and western bound-
aries stood in the way of any course
looking to the acquisition of the is-
lands.

The president's second objection re-
lated to the presence in Hawaii of
what he termed a large undesirable
alien element. My informant, in
speaking of the interview which took
place between Thurston and Secretary
Gresham, made the remark that the
ex-Minister at no time consented that
in the event of annexation any change
in the relation of the aliens in his
country could be brought about.

It was said that Thurston insisted
that if the republic became part of the
United States it must be under exist-
ing conditions in this respect, and an
agreement to that effect would have
to be the basis of any convention en-
tered into. It has been believed that
the position of Hawaii was the oppo-
site of this, and that she was ready
for annexation under such conditions
as this country might impose. The
speaker said he had heard the point
discussed several times, and Thurston had
constantly maintained the position
that any treaty or other agreement
drawn up must concede that the con-
ditions of labor in Hawaii must not
be disturbed.

Col. McLean in Command.

INDIANAPOLIS, Ind., June 1.—A pri-
vate letter from Honolulu, under date
of May 20, printed in the News to day,
says, among other things, that Mc-
Lean, late of the United States army
and navy, who had charge of General
Grant's funeral procession, has been
made colonel of the Hawaiian regi-
ment.

He arrived on the last boat and took
charge at once. He is regarded by the
troops as thoroughly military, and
has made some radical changes and
inaugurated a course of strict disci-
pline which has heretofore been rather
lax.

The letter adds that there are lots of
rumors afloat on the island of a flib-
ustering expedition that is supposed
to be on its way down to the island, or
else getting ready to come. The Gov-
ernment has hired a steamer, placed a
cannon on board, and has it patrolling
around the islands watching for any
suspicious vessels that come in sight.

Minister Matt Ransom is returning
from Mexico, and there is some sur-
mise that he may be offered the posi-
tion of Secretary of State.

CABINET CHANGES IN JAPAN.

Popular Clamor Will Cause Count
Ito's Immediate Retirement.

FORMOSA DELIVERED TO JAPAN.

Proposition Made By the Powers Regard-
ing Corea-Chinese Slaughtering Japs
in Shinking—Record of Cholera and
Army Statistics—China-Corea Treaty.

TOKIO (Japan), June 1.—The popu-
lar expectation of ministerial changes
in Japan grows stronger every day.
Although nothing has yet happened
to prove that Count Ito contemplates
an immediate retirement, his early
disappearance from the political stage
is regarded as a certainty, and the at-
tention of the official class is directed
chiefly to questions bearing on the
succession.

Reports are received from Kioto
that Count Yamagata will be request-
ed to form a cabinet, and that the
position now held by Viscount Mutsu
will be tendered to Viscount Aoki, the
present Envoy to Germany, or to
Count Okuma.

Formosa Handed Over.

SHANGHAI, June 5.—Li King Fang
returned here last night, the formalities
for handing over Formosa, be-
tween the respective commissioners,
having been effected in a Japanese
man-of-war.

Corea and Foreign Powers.
YOKOHAMA, June 5.—Russia, France
and Germany made a few days ago,
an important proposition to the Ja-
nese government with regard to
Corea, but what reply the latter made
is not yet known.

Chinese Killing Japs.

BAKIN, June 4.—In places from
which the Japanese troops have with-
drawn, in Shinking, the Chinese sol-
diers are committing depredations and
have killed many people connected
with the Japanese troops in the vicin-
ity of Hsueh-li-tien.

New Treaty and Officials.

YOKOHAMA, June 5.—Lord Li King
Fang, son-in-law of Li Hung Chang,
is said to have been appointed as the
Envoy Extraordinary and Minister
Plenipotentiary to Japan.
The treaty now existing between
China and Corea will be revised at no
distant date. It is reported that the
new treaty will be negotiated in
Tokio between the respective minis-
ters, and therefore the Corea Em-
bassy to be sent to Japan will be
vested with the plenary powers.

War and Cholera Reports.

YOKOHAMA, June 5.—According to
official returns, the casualties in the
army, exclusive of the navy and
coolies, since the outbreak of the war
in July last year, up to April this
year, were as follows: Killed, 638;
died from wounds, 180; died from dis-
eases, 1,417; died from other causes,
42; missing, 24; total, 2,301.

Up to May 31st there were 735 cases
of cholera since the outbreak this year,
180 resulting fatally.

CHICAGO POLICE.

Important Changes Affecting Three
Hundred Officers and Men.

CHICAGO, May 31.—Never before in
the history of the city has occurred
such a shaking up of the Chicago po-
lice force as that which will take
place at 7 o'clock tomorrow morning
by virtue of general order No. 16, is-
sued this evening by the chief. More
than 300 officers and men are dis-
missed reduced or transferred by Chief
Badenoch's order. Besides cutting
down the Irish contingent, it brings
the department expenses within the
appropriation by abolishing one in-
spector, two captains, three lieuten-
ants, twelve sergeants, and reducing
the detective force at the central sta-
tion from 136 to sixty men.

The most important change is that
one retiring Captain John Shea. For
a number of years he has held the
office of inspector and chief of detec-
tives, and has been to Chicago what
Inspector Byrnes was to New York.
There was nothing in particular the
matter with Shea except his national-
ity, yet Chief Badenoch abolished
the old office of Captain Shea entirely
and transferred him from the central
station to the West Side to succeed
Inspector Lewis, who, with Acting
Assistant Superintendent Joseph Kip-
ley, has been retired on a pension.

Captain Kane, another Irishman of
the Deering street station, is sum-
marily dismissed. Captains Byrne
and Duffley tendered their resigna-
tions, which were accepted. Horace
Elliott, an American, is reinstated as
captain, and will have charge of the
detective bureau at the City Hall,
under the supervision of Inspector
Fitzpatrick of the First district. Ex-
Captain Shippey is reinstated and as-
signed to the Woodlawn station. The
detective bureau loses about forty
men, twenty of whom are dismissed
and others are sent to ordinary patrol
duty.

PAT ROONEY AND HIS CLAIM.

Deems Himself Aggrieved to the
Extent of \$50,000 Damages.

OPINION OF CONSUL C. T. WILDER.

Royalists Not Content With Beefsteaks,
Ham and Eggs During Their Imprison-
ment—Fitzburg Man Says Seward
Should Have Had Seventy Years—Etc.

The Hawaiian exiles are work-
ing hard to create sympathy for
themselves and the royalist cause.
Almost every day San Francisco
papers contain some statements
from members of the colony.

P. M. Rooney, of Holomua fame,
recently executed a statement re-
garding his connection with the
January insurrection, arrest, incar-
ceration and subsequent release on
condition that he leave the coun-
try. The San Francisco Call, the
avowed, bitter and unscrupulous
opponent of the Hawaiian Repub-
lic, prints in its issue of June 2d
the following statement of Rooney:

I, P. M. Rooney, an American
citizen, I was born in Dutchess
county, State of New York, in 1849;
arrived in California in 1868; resided
at Lincoln, Placer county, until 1879.
I then went to the Hawaiian Islands
and became engaged in the sugar busi-
ness, during which time I was for
several years the chief overseer of the
large Spreckelsville plantation and
was for four years manager of the Re-
ciprocitiy plantation, both on the isl-
and of Maui

threats and prospects of mob violence to be wreaked upon all the political prisoners, to which was added the dread of being carried before the military commission. The record of the early trials and proceedings before that commission had created the impression, not only among prisoners (including myself), but in the community at large, that arraignment before the commission upon whatever charge was sure to be followed by conviction and sentence to penal servitude and fine irrespective of the guilt or innocence of the parties arraigned.

I was further uncertain of the duration of my imprisonment, and under the then existing conditions I knew not whether I should be even accorded the poor privilege of a trial before the military commission, whose proceedings I was led to believe had been illegal from the first.

With all these uncertainties before me, in which only imprisonment for no offense seemed sure, I accepted the offer of the Government merely as a means of terminating my most unjust and wearing imprisonment, which had affected my health injuriously and was similarly affecting my wife and family. I therefore signed an agreement to leave Hawaii, not to return until the Government should give its consent to such a return. I acknowledged no complicity in the matters of the revolt (or riot), and signed under the duress of past or present imprisonment, with the threat and prospect of its indefinite continuance for no legal cause.

I had established my home, intending to reside there permanently. I own my own home there, and there my children were born. My enforced exile has broken up my family relations, for my family remains in Honolulu. I have been put to a great expense in the premises, and have been obliged to mortgage my home to raise money to maintain my family in Honolulu during my absence.

My rights under the treaties existing between the United States and Hawaii, and those guaranteed to me by the constitution of Hawaii, have been most wantonly violated by the Hawaiian Government, and I deem myself aggrieved to the extent of \$50,000 damages.

P. M. ROONEY.
Subscribed and sworn to before J. M. Poeppoe in Honolulu and E. H. Tharp of San Francisco, Cal.

"I have only to say 'sour grapes.' They have brought it on themselves. Let them stand it." Mr. C. T. Wilder, the Hawaiian Consul, was commenting on the plight of the exiles, as brought to mind by the statement and claim of P. M. Rooney, made public yesterday.

"Of course, I was not at the islands at the time, but I am told by reliable persons that the political prisoners at Honolulu had the best of treatment. Captain Davies, who is now on the steamer Homer and will not be in the city again for a few days, was one of the first prisoners. I asked him for a candid statement of his treatment while in prison, and he told me he had fared worse in many hotels than in Honolulu prison. There was plenty of fresh air, and the bedding was clean. There were beefsteaks or ham and eggs for breakfast every morning. Why, the Palace wasn't in it, so he said.

"A Pittsburg man, whose name I don't recall, has lately returned from a visit to Honolulu for the purpose of interceding for Seward, who is sentenced for thirty-five years. He says he found him living in the greatest comfort, and thinks he should have had seventy years."

Peter Camarinos, one of the refugees, said he had not decided to bring suit, but it is reported that Harry Juon and Harry von Werthen will do so.

Sequah's Visit Nearly Ended.

Sequah continues to attract large audiences at his evening lectures on corner of Fort and Beretania streets. He explained to his hearers Saturday evening that he expected to conclude his visit here in two weeks; afterward he would most probably visit Hawaii. During Sequah's stay in Honolulu a great many persons have derived benefit from his medicines, and several who, previous to Sequah's advent, were crippled with rheumatism, now testify nightly and declare themselves cured. Hawaiian, Chinese, Japanese and Portuguese interpreters assist Sequah at his evening lectures. Musical selections are given by members of the government band.

Another Horror in 'Frisco.

Mrs. Ellen Harrington, a San Francisco lodging house keeper, was murdered in her apartment at 1017 Ellis street on June 1st. She was making her toilet and only partly dressed when death overtook her. The murderer poured kerosene over the woman's remains and attempted to burn up the body. A Japanese who rented a room in the house a few days prior to the murder, is under arrest for the crime.

Death of Mrs. Phillips.

Mrs. John Phillips died at 8 o'clock last night from consumption. She had been ill for several years. The funeral will take place from St. Andrew's Cathedral at 3 p.m., today, interment in Nuanu Cemetery. H. H. Williams will conduct the funeral.

Mr. Spreckels and His Trunks.

LONDON, June 2.—Claus Spreckels and wife, with 150 trunks, arrived at a prominent hotel here yesterday and engaged a suite of rooms. Mr. Spreckels had no sooner settled down in his apartments than he accidentally heard that their former occupant had suffered from fever. Consequently he and Mrs. Spreckels hastily left the hotel, with all their baggage, in the middle of the night.

OVER EUROPE BY WHEEL.

Novel Tour to be Taken by the Alexanders of Oakland.

S. T. Alexander, the wealthy sugar planter of Hawaii, whose home is in Oakland, Cal., has in contemplation a long journey with his daughters, Misses Anna and Martha Alexander, over Great Britain and the Continent by wheel. The family is intensely interested in cycling, and they all ride well. Mr. Alexander is a great traveler, and he proposes now to give his daughters a journey which will take them over many miles of the beautiful lands across the Atlantic. The party will leave Oakland this month. They will go directly to New York, thence to Liverpool. They propose to devote about three weeks to wheeling in the more picturesque portions of England and Wales. Then they will depart for the Continent. The party will resume their bicycling after reaching Paris, and will go by wheel directly to Switzerland, returning down the Rhine and over the Pyrenees.

The journey contemplated has great delights in prospect for the young ladies. The news of the trip has aroused unbounded interest among the host of friends of the family.

NEW FEED STORE.

Larry Dee Will Open Business at the Old Armory.

Larry Dee has concluded to give up the hack business and will go into the mercantile line. He has secured the old armory on Bere-tania street and will open an extensive hay, grain and feed business at that point about the middle of July.

An experienced feed man from California will be associated with Mr. Dee in his new venture. He was recently in Honolulu looking over the field, and returned to the Coast to purchase necessary supplies.

The new firm has sufficient financial backing to enable it to compete favorably with any other in the same line. They propose to sell only the best quality of products, and being satisfied with small margins, expect to build up a lucrative trade.

ASSAULTED BY DESERTERS.

Special Officer Hammer Knocked Down by Two Sailors.

Special officer Hammer while out looking for deserters Saturday from the Helen Brewer, came unexpectedly upon two of the number just back of Punchbowl. While in conversation with them, he was struck by Edwards, designated by Hammer as having whiskers. Hammer was knocked down and the pair ran away.

Yesterday afternoon a party composed of Lieut. Holl, special officer Hammer, officers Fernandez and Puhi made another search for the deserters. They found eight sailors in a luna's cottage on Tantalus, but not being acquainted with the men, no arrests were made.

Captain Webber in Port.

Among the through passengers by the Coptic is Captain H. Webber. He is well known in Honolulu and throughout the islands as one of the most popular officers that visited the ports. As master of the Zealandia when that vessel was running to Honolulu, Captain Webber made many friends, who will be glad of an opportunity to renew old ties, if for but a short time. Citizens of Honolulu presented the genial captain with a beautiful silk Hawaiian flag during the time he was in the local service.

Farewell to Popular Officer.

During the sojourn of the Philadelphia at this port no officer of that warship made more friends than Gunner Eilers. These tendered him a farewell dance at the Healan clubhouse Saturday night. Some twenty couples graced the occasion, which was particularly enjoyable.

Dancing and pleasant tete-a-tetes were indulged in until midnight, when the gathering broke up. Music was furnished by the Kawai-hau club. Refreshments were served during the evening.

Goodbye to Philadelphia

A large number of people will visit the flagship this morning to say adieu to officers of that vessel. Invitations have been issued to numerous ladies and gentlemen to come aboard the Bennington, where they will be able to watch the popular white cruiser out of sight.

Prominent citizens on board the tug will accompany the Philadelphia to sea, the Hawaiian band furnishing music.

The Beauty

OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist.

The Kroeger Pianos

All have handsome, tasteful, durable cases; but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case, and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

TIMELY SUGGESTIONS.

Why Worry About It?

IS IT WISE to worry about your advertising when we are willing to take the responsibility?

NO BUSINESS MAN can afford the time to thoroughly master the art of advertising. It is "time elaborately thrown away." He might be more profitably employed.

EVERY MAN TO HIS SPECIALTY.

WHEN an advertiser does his own advertising it is "speculation;" when he does it through an experienced agent it is "investment."

WE WRITE YOUR ADS.

SELECT your agent carefully. You engage a lawyer who has made a reputation; a doctor who has wrought cures; a bank which has weathered financial storms. We have helped two generations to make money and save it by showing how, when and where advertising should be done to produce

The Best Results With the Least Expenditure.

If you can't afford to advertise, discharge one clerk and put his salary in newspaper space. You'll soon have to hire him back again to take care of the increased trade.

A paper showing no wasted space, but every inch used to the best advantage for reading matter or advertising makes the same impression on a prospective advertiser as a well-stocked store does on a customer—"It looks like business."

When all signs fail, try newspaper advertising.

A single year of judicious advertising is often equal to a life-time of hard work in the building of a business.

UNBIASED OPINION.

"My experience in advertising covers the past seven years. Several single advertisements have brought back fifty times their cost, not to say anything of the great indirect results which have followed. I have also found the best mediums are the most profitable, and cheap advertising never pays. It is the tenth, some times the twentieth insertion that fetches."—Chas. F. Wingate, N. Y.

CONTINUAL ADVERTISING IS THE PRICE OF BUSINESS SUCCESS.

The Hawaiian Gazette Company's

Semi-Weekly HAWAIIAN GAZETTE, DAILY PACIFIC COMMERCIAL ADVERTISER and Weekly KUKOA (Hawaiian), are everywhere recognized as the leading newspapers of the Hawaiian Islands and no further assurance of their value as an advertising medium is necessary.

Successful advertisers always place these publications first, for long experience has proved to them that they give the quickest and largest returns.

TO CELEBRATE THE FOURTH.

Hearty Response to the Call of Minister Willis.

CLEARLY STATES HIS POSITION.

Committee of Twenty-one Chosen to Prepare Program—Mr. Murray Wants Antiques and Horribles—Mr. Jones Wants Boat Races—Committee Decide

FOURTH of July in Honolulu will be celebrated in true American style this year, as it has on previous occasions.

Pursuant to the call issued by American Minister Willis, some fifty citizens gathered at the parlors of the Astor Hotel Saturday night to discuss the program and the general outline of the celebration for the coming Fourth.

The meeting was called to order by Mr. Willis, who took occasion to make an explanation of his position in taking an active part in any local celebration. Mr. Willis stated that there was no occasion for the imputations made by a local paper. One of the instructions to the diplomatic representative of the United States that had existed for years was that no representative of that country should take an active part in the local affairs of the country to which he was accredited. The Republic of Hawaii had been duly recognized by the United States, an act that was done in all friendliness and good faith.

Mr. Willis stated that as a foreign Minister he was ready and willing to give any assistance he might render by his presence at any function which might be held under the auspices of the Republic, but as for taking an active part, his official position prevented any such action. Mr. Willis' remarks were often interrupted by applause, and there was no doubt of the tenor of the meeting, so far as the American Minister was concerned. At the close of his remarks Mr. Willis called upon J. B. Atherton to act as chairman.

Mr. Atherton expressed his gratitude for the honor and asked that the gentlemen proceed at once to business. Mr. Lansing moved that it be the sense of those assembled that they should make preparations to celebrate the anniversary of the American independence. This motion was accepted. Mr. Lansing as a member of last year's finance committee reported that the committee started in with a debt of over \$400, and was now able to report a surplus of \$312, which could be used for future celebrations. The report was accepted, the committee discharged and a vote of thanks tendered.

After some discussion as to the place of this year's celebration, it was decided to follow the plan of former years and the following general committee of twenty-one was elected: T. F. Lansing, W. F. Allen, L. C. Ables, W. G. Ashley, F. B. McStocker, E. A. Jones, Ed. Torrey, T. B. Murray, G. P. Castle, J. H. Fisher, C. D. Chase, J. A. Kennedy, Consul-General Mills, J. W. Jones, George Stratemeyer, J. N. Wright, J. A. McCandless, W. C. Wilder, Jr., and J. S. Martin.

Then discussion opened on what should be done. All were in favor that the literary exercises be held at Independence park and that salutes should be fired at daybreak. Mr. Murray wanted antiques and horrors to replace the boat races, because the people enjoyed the former but didn't care much for boat racing. Mr. Jones objected to this idea and a number expressed the idea that both might be included in the events of the day. There was a general discussion pro and con as to sports, the ball and numerous other events, which finally wound up with leaving the matter in the hands of the committee to do as they thought best and provide for such events as the finances would allow. It was voted to invite the Republic of Hawaii to participate in the ceremonies. The committee of twenty-one will divide into sub-committees which will begin their labors at once and prepare for a celebration that shall do justice to both American independence and the Republic of Hawaii.

Junior Ball Tossers Kick.

The ninth game of the junior baseball series was played between St. Louis and Fort street clubs Saturday morning on the league baseball grounds. In the sixth inning the score stood 2 to 3 in favor of Fort street, with St. Louis at the bat. A runner between third and home was called safe by the umpire. This called forth vigorous kicking on the part of the Fort street men, whose captain retired the team. In five minutes the Fort streets failed to put in an appearance and the game was forfeited to the St. Louis team.

Consumption and its Cure

So profuse and so long have been the efforts of the medical profession to cure Consumption and Lung Trouble, by its inhalation of various essences, that it is now a well known fact that the only reliable and permanent cure is the use of the **Consumption Cure** and its Inhalant.

When doctors disagree

who shall decide? Who indeed? You will always notice that when the trouble is weakness, debility, nervousness, neuralgia or impure blood that the doctors do invariably agree on iron—the patient must take iron? Nothing strange about that, because iron is nature's natural strengthener. But here comes the rub! Iron

in the forms in which is generally given causes constipation, headaches and injures and discolors the teeth. What then? Why, if you are to take iron, take **BROWN'S IRON BITTERS** only. Its effects are marvellous on the system. Its use does not discolor the teeth. It's constant use means perfect health—but get the genuine. Look for crossed red lines on label.

MR. WILLIS AND THE CELEBRATION.

Minister Willis' remarks at the gathering of citizens on Saturday evening were sensible and to the point. The only matter of regret is that any imputations should have been made that should necessitate the American Minister making a statement of his position. There is only one course for him to pursue. He has to keep strictly within his instructions as the diplomatic agent of the United States and questions as to what he might or might not do are not pertinent. There is but one thing for him to do—follow instructions—and he has done it. On the Fourth of July, the first anniversary of the Hawaiian Republic and the one hundred and nineteenth anniversary of the American Republic will be celebrated. The speaker of the day in Honolulu will have an opportunity to expand upon the blessings of a free and stable government which the day commemorates in one or both countries, but as for the general celebration the man who burns red fire and sets off sky rockets can unreservedly say, "Hurrah for all of us." As for the official functions, President Dole, Minister Willis, Commissioner Hawes and all the diplomatic and consular corps will undoubtedly be only too willing to add to and participate in the festivities of the day so far as the prescribed customs of their positions will allow. With such a committee as was appointed Saturday evening at the head, there ought to be a celebration that will be a credit to the Hawaiian Republic and the United States as well.

JAPAN NEEDS PEACE AT HOME.

Advisers from the East brought yesterday by the Coptic give anything but reassurance of peace in the political life of Japan. The sharp censorship of the press prevents a clear statement of the opposition which the Government is meeting in its policy of submission to the mandates of European nations, yet there is an undertone which proves the truth of discontent reported by American correspondents. The Japan Gazette pertinently remarks that "The present peace is illusory, it is not a peace, but a truce." The prediction that Japan had quite as hard a task in handling its own victorious armies as it did in overcoming the Chinese hordes, is being demonstrated in a manner that portends serious conditions that will demand all the diplomacy and firm assertion of power that the Emperor can summon.

The Government is dealing with thousands of ignorant soldiers who know nothing of reverses and from that fact have not learned one half the lesson of warfare. They have not become imbued with the wholesome fear that teaches the driver of a truck horse to keep his money and his horse off the race course. They have never had the experience of being mowed down by a solid phalanx of trained soldiers, as sturdy fighters and as loyal to the national flag as they themselves are, and they can see no reason why Japan should be afraid to fight Russia or any other nation. From the point of internal quiet, one of the best things that could happen to Japan would be a six months' campaign with either Russia, Germany or France.

For the future welfare of the nation, the heads of the Japanese Government are fighting a battle of far more moment than the Korean campaign. By a shrewd business policy they are holding what little they have gained, and what would most certainly be lost if the war continued. The common people

would show vastly more loyalty by keeping quiet and allowing their rulers to devote all their time to foreign relations, rather than creating local strife which borders close upon a revolution.

SINCE the Kaula and the monarchy yarn has not borne the fruit of a semblance of truth, the Washington gossips have started a story concerning Mr. Thurston's conversations with members of the Administration on the subject of annexation. Possibly, Mr. Thurston told President Cleveland that the United States cannot have Hawaii unless it submits to the conditions imposed by this country, but we don't believe it. There is another phase of the story which may be a feasible explanation. President Cleveland has never expressed an opinion on annexation so far as the general public knows, and just at the present time Republican politicians would be very willing for him to make a declaration against such a policy. If, by means of newspaper correspondents, they could get the President to put himself on record as firmly opposed to the annexation of this country, it would make more material for the campaign workers to dish up for political purposes.

IN A MAUI FOREST.

(WRITTEN FOR THE P. C. ADVERTISER.)

Here, where the woodlands with music are ringing;
Here let us rest from the dust and the heat,
Lie in the shadows and list to the singing—
Listen to bird voices tender and sweet,
Piped their loving; how sweet their attuning
In time with the song of the wind in the trees!
Here we are safe from the sun in his noon-
ing;
Low in the valley the waters are crooning;
Lying at rest, we are lulled by the tuning
Of babbling of waters and sighing of breeze.
Winds kiss the leaves with the kiss of a lover;
Waters lie still 'neath the green-spreading cover,
In a glimmer of shade, where kukuis hang over,
And butterflies over the lush blossoms hover.
Drinking the nectar of blooms to the lees,
Twilight is coming, long shadows are lying
On the slopes of the hills, the daylight is dying,
And songs of the birds give place to the sighing
And low, muffled music of indolent seas.

"The rich grow richer and the poor grow poorer." Such is the general impression. Is it true? The rich have grown richer, the well-to-do have become rich, the poor have become well-to-do in some cases. The poor however are still with us. Many are found in extreme poverty. Do industrial conditions tend to extremes? Have the hoards of the rich been filled from the pockets of the poor, as is implied in the above quotation.

Riches and poverty are relative terms. Considered relatively, the very rich and the very poor, are farther apart than ever before. This may be true, and still the very poor may be at a higher point in conveniences and even the comforts of life, than was attainable in the past.

It must be remembered that better pecuniary conditions encourage artificial wants, and that under the stress of such wants, that what were once considered luxuries became necessities. Gratification of artificial wants cannot easily be denied. So it comes to pass that the style of living is advanced.

The laborer out of employment finds that in prosperous times he has lived up to the limits of wages earned. Envy seizes the suffering employee. Can we rightly blame him? Sympathy will not relieve his distress. Charity is distasteful to him. Work, whereby he may secure food, clothing and shelter, is his desire. But work is not always at hand. What means can he use to secure support in times of forced idleness? One answer rises to every mind: While employed and earning wages he should have foresight enough to lay aside a part of his daily earnings.

If a home is not attractive there is something wrong. Anyone can make it attractive if they will only make an effort. It isn't altogether a question of beauty; it is largely a question of health. Leaving out all considerations of attractiveness and looking at the matter only on the side of comfort, a person's health should be the object of greatest care and thought. One of the first things in building or renting a house is the sanitary condition. See that the drainage is perfect in every respect. This one particular point you can't afford to overlook.

Those having homes or intending to build will do well to examine into the merits of our Porcelain Lined Soil Pipes and Fittings; they are coated on the inside with the same material as our celebrated baths, and prevent rust and the accumulation of dirt, in addition to adding great strength to the iron by being annealed by the process. The baths are one of the many things we have considered in our selection of stock and wish to make a thorough examination of these as well.

The Enameled Rolled Rim Bath Tubs are one of the many things that go to make a nursery complete, and for hospital use they cannot be duplicated.

We have the same thing suitable for families, being so arranged and partially sunk in the floor that they utilize all waste space. The Enameled Plain Kitchen Sink, Laundry Tubs and Standard Open Lavatory go to make your home complete, and the sanitary condition of your house is perfect.

ATHLETICS OUT AT THE PARK.

Most Successful Field Day Ever
Held on the Islands.

RECORDS MADE BY CONTESTANTS.

Hundreds of Enthusiasts Witness the
Events—Remarkable Pole Vault
Made by Willis—Why Crozier Lost
the Greenhorn Bicycle Race, Etc.

THLETICS in Honolulu never received a more vigorous and decided boom than that inaugurated by the Honolulu Amateur Athletic Club in Saturday's field day sports. The afternoon was a good one for the occasion, although weather indications of the morning were slightly disappointing.

Long before the appointed hour people filled the grand and Jockey Club stands; carriages containing enthusiastic admirers of the boys and their friends, occupied positions near the judges' stand; horseback riders cantered here and there. All eagerly awaited the beginning of the sports.

The bell tapped and the mile bicycle race was on. Jack Atkinson and Ruby Dexter were the favorites. The former won. Time, 2:46 2-5.

The 100 yards dash (handicap) was a very pretty race. The runners kept closely bunched. For a time it was very hard to tell which would win. Very soon Tom Pryce's head was seen jutting beyond the others. At the finish it was still ahead, with that of Thos. White closely following. Time, 10 3-5 seconds.

Jas. Spencer and Wm. Chamberlain were the contestants in putting the shot (handicap). Spencer's muscle proved too much for Chamberlain. Record, 34 feet 1 inch.

The half-mile boys' bicycle race was a good one. Little fellows, dressed in imitation of professionals, with their blood up for the contest, stepped out into the track followed by backers leading their wheels. Kluge, scratch, forged ahead and caught his opponents, but at the stretch Giles made a good spurt, winning the race in 1:20 1-5. Giles is a coming racer, his excellent judgment and good form in riding showing to good advantage.

The half-mile dash (handicap) was the tamest and most uninteresting race of the day. Beardmore did not enter, reserving himself for the mile dash. Murray dropped out near the finish, as the pace was too fast. George Clark won in 2:46 4-5.

The running high jump caused considerable speculation. Chris Holt was not in very good training, and after a few jumps struck the cross bar on the ascent. Willis became weaker and weaker, leaving the contest in the hands of Jas. Spencer. Both Willis and Holt spent too much of their strength in preparatory runs. Spencer preferred to take shorter ones, reserving his strength for the jumps. Spencer's record was 5 feet.

There were but three entries in the 220 yards dash. Tom Pryce started in the lead, but Chris Holt interfered with his plans, and after catching up made a spurt about fifteen yards from the finish, which brought him in winner, with a record of 24 2-5 seconds.

The half-mile bicycle race (handicap) was a decided surprise. Wagers were in favor of the Columbia combination. Dexter made an unsuccessful effort for the lead near home. Angus doubled himself over the handle bar, said some words of mesmeric influence to his wheel, waved his hand in adieu to his followers and finished in 1:13.

The pole vault was one of the best contests on the program. Jas. Spencer and Chris Willis contested their respective vaulting powers. Spencer was found wanting at 8 feet 9 inches. Willis continued for a record. At 8 feet 11 inches he created a surprise, but when he shot up into the air and then over the bar for 9 feet 1 inch, there was a mighty cheer from the excited spectators. It was the nearest jump of the kind ever made on the islands. There was apparently little effort on the part of Willis.

In the 120 yards hurdle race, H. Hapai and James Spencer contested. Spencer took the lead. Very soon the patter of Hapai's footsteps began to get unpleasantly close. A little later Hapai took the lead and finished in 17 1-5 seconds.

The one mile novice bicycle race (handicap) was fraught with more than ordinary interest, as it was a case of small boy against man grown, young A. Giles answering to the former and Joe Silver to the latter. Giles was given 100 yards. Silver, with an air of "I-can-catch-you-when-I-please," started at a leisurely pace, but soon found Giles was more of a figure than at first supposed. Giles fell a little behind Silver, but soon rallied, almost catching his opponent, when the latter swerved the finish, fouling and shutting out the former. Giles knew what was due him, and riding up to the judges' stand, said, in a piping voice while holding up his finger, "He bumped me." "Yes, I know," said Thomas Wright, and the race was given to Giles. Time, 3:11 1-5.

In the quarter mile dash, Tom Pryce had nothing but "time" to race against. Time, 1:35.

The mile race was one of great disappointment to many, so far as concerned. The sports were backing Beardmore and Chamberlain as the favorites. Beardmore started at a quick pace; Chamberlain made the mistake of dropping too far behind.

At the half there was a string of runners spread out from an eighth to a quarter of a mile. At the three-quarter pole Beardmore, still in the lead, stepped on a pebble, twisted his ankle and stopped. On the home stretch, Arthur Rice got ahead and steadily increased the distance, winning in 5:23.

In times to come, whenever the subject of "dark horse" is broached, the three-mile lap bicycle race of Saturday will be referred to as having contained the darkest horse known in the history of athletic events. Sylvester Garida, a Portuguese lad, started ahead. Atkinson broke his pedal near the first three-quarter pole and was forced to stop. Contrary to all expectation Garida came in ahead on the first lap.

In the second he did the same with a better lead than the first. Just at this moment his followers began to get a little worried. There seemed to be a vacuum in front of Garida. The harder he was pushed the harder he worked. Dexter spurred, leaving Giles and Angus behind. Giles looked surprised, and Angus muttered something about it's being "very, very strange." Garida kept on, never relaxing his pace for a second. On the last lap he finished a good 120 yards ahead of Dexter, second man. Time, 9:24 4-5. The crowd looked bewildered while Garida received the congratulations of friends.

Following are the points by laps:

	1st lap	2nd lap	3rd lap
Sylvester.....	3	3	4
Dexter.....	2	0	2
Angus.....	2	1	1
Giles.....	1	0	0

Next came the joke of the day—the insatiable desire of a few to excel in the mile greenhorn race (handicap). Dave Crozier did his best at pedal pushing and might have won the race but for an unlucky incident at the three-quarter mark. A wild-eyed chicken, real, or imaginary, Crozier's hoodoo, appeared suddenly in the mile greenhorn race.

William Nott ran into the fence for a finish. W. F. Schmidt pushed ahead and finished with a record of 3:07 4-5. As anticipated, the ring tournament was the most interesting contest of the day. Aside from good riding and careful poises for action, close rivalry between three contestants heightened the interest.

After the three courses had been run, Charles Rice and Harry Wilder had five rings apiece. This necessitated another course, which simply a suggestion for the next ring tournament.

For Charles Rice, with seven rings to Harry Wilder's five.

Following is the result by courses:

	1st	2d	3d	4th
Charles Rice.....	2	1	2	2
Arthur Rice.....	3	1	0	...
Harry Wilder.....	2	1	2	0
Palmer Parker.....	1	1	2	...
Charles Hyde.....	1	1	1	...
W. F. Schmidt.....	1	2	0	...

A half-mile horse race finished the day's events. Fifteen horses took part. W. Vida won with Captain Cook's horse.

NOTES OF THE DAY.

It sprinkled during the ring tournament. Pretty girls galore watched the athletes work.

"The bicycle races weren't as they ought to have been," said a loser. Some \$200 was taken in at the gate, programs and entrance fees.

Some one seeing J. H. Fisher on the track thought he was going to enter the half-mile race and acted accordingly.

Misses Bella Vida, Kate Cornwell and Kitchen were among the spectators on horseback.

The police had a hard time to keep back the excited throng. Beardmore wants to run a mile race with any one.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs: I have been in poor health for 20 or 25 years, and have been taking doctors' medicines more or less all the time. I did not get much relief. My blood was in a bad shape and my system was all run down. I thought I must die, but noticing several testimonials in the papers in behalf of Hood's Sarsaparilla I bought three bottles and found that it did me so much good that I continued taking it. I was without appetite, sleepfully sleep, and had a headache most all the time. In fact I cannot describe my feelings. After using one bottle of Hood's Sarsaparilla I found it was doing me

much good and now I cannot praise the medicine too much for what it has done for me. I am a disabled soldier 69 years old and was afflicted with many ailments, including kidney, bronchitis, and catarrh. Since using 6 bottles of Hood's Sarsaparilla I am like another man. In fact I think Hood's Sarsaparilla saved my life." R. H. Bishop, Box 400, Hammon, N. J.
