PRICE FIVE CENTS

KALAUPAPA'S CHURCH BURNED EARLY SUNDAY

Accident to J. A. Pritchard of Honokaa--Kapiolani Estate Case at Lihue--Movements of Inter-Island Steamers.

(By Wireless Telegraph.)

LAHAINA, Maui, August 15. The Inter-Island steamer Likie arrived here at 7 a. m. and brought news of the burning of the Catholic church at Kalaupapa. The fire occurred at 5:30 a. m., Sunday. No other structures were damaged.

ST. FRANCIS (R. C.) CHURCH AT KALAUPAPA JUST BURNED DOWN.

St. Francis church was started in 1898 and dedicated by the late Bishop Gulstan on June 29, 1900. Most of the alms for its construction were subscribed in Europe, though the leper parishioners raised the first \$125 of the fund among themselves. Father Wendelin was then the priest in charge and really built the church. The ground dimensions of the edifice were 90 feet by 36 feet. It had two towers flanking a Gothic gable and, as will be seen by the accompanying illustration, its facade was altogether imposing.

The loss will be about six thousand dollars, including the value of furnishings. Among these were beautiful vestments and a marble altar, the gift of an Italian princess, which came direct from Italy. There was also a beautiful statue of St. Francis, dedicated to the building's patronymic, in honor both of Bishop Gulstan Francis and of the Sisters of St. Francis (Franciscan) in charge of the Bishop Home.

At present the Kalaupapa mission is in charge of Father Maxim. Father Ulrich, who sent news of the fire to Father Valentin yesterday, is only a temporary visitor at the Settlement. The late Father Damien's church is at Kalawao, about two miles from Kalaupapa village. Through the courtesy of Father Valentin a picture of the burned St. Francis church is herewith presented.

NEWS OF THE DAY ON WINDWARD HAWAII

HONOKAA, Hawaii, August 15.—Heavy rains throughout this district have left the roads in bad condition.

PRATT AND WILLIAMS.

Land Commissioner Pratt and Subagent Williams are on their way to Hilo. They were kept busy during their stay at Honokaa in the celebrated homestead case.

ACCIDENT TO PRITCHARD.

Joseph A. Pritchard, manager of the Hamakua and South Kohala Telephone Co., in returning from a meeting of telephone managers at Walua, met with a painful accident. The wheel of his buggy stuck in the road, the buggy overturning on top of him. The frightened horses made a wreck of the buggy.

YESTERDAY'S DOINGS ON GARDEN ISLAND

LIHUE, Kauai, August 15.—The Kapiolani Estate case was heard before Judge Hardy this forenoon. The own nieces, Elizabeth and Rose, are declared to be the heirs.

THE STEAMER MAUI.

After discharging freight at Nawiliwili and Ahukini landings the steamer Maui left for Makaweli this afternoon with forty laborers.

KAUAI WEATHER.

The weather is fair with occasional little showers and the roads are in very good condition, neither muddy nor dusty.

KENNEL SHOW OPEN TO ALL

The American Kennel Club of which the Hawaiian Kennel Club is an auxiliary, compels the entry of all dogs in the coming show to be made at least seven days prior to the date of the show. Consequently those desiring to exhibit their dogs will confer a great favor upon the local organization if they will immediately communicate with the secretary, C. T. Littlejohn, and procure the necessary blanks for entries.

It is desired to impress upon the public that the entries are open to all, whether members of the Kennel Club or not, and it is not necessary that dogs to be exhibited possess a pedigree. The making of early entries is desired.

also that the show management may be able to provide the necessary kennels, the contract for the building of these being about to be given out. An official judge will be on hand from San Francisco, the services of John Bradshaw, having been retained.

HOT STUFF FOR JUIZ ROBINSON.

O rabsador d'estas linhas acaba de receber a Liberdade de 2 de Agosto que no seu editorial traduz o insulto do juiz Robinson a colonia Portuguesa. No comentario que faz ao mesmo, refere-se a ignorancia do juiz Robinson, a respeito da falta de conhecimento que inculca sobre o nosso modo de viver, diz-lhe com as lagrimas d'uma receiosa Magdalena que somos descendentes d'uma nação liberal e que tem mais competentes Portuguezes para occupar a posicao de juiz do que Robinson.—A. Setta.

COMMERCIAL CLUB A GO

Committees at Work on Organization and Location.

The Commercial Club project received an impetus at the meeting held last night in the Promotion Committee headquarters, at which between thirty and forty of those interested were present. Throughout the meeting only favorable opinions of the possibility of the organization were heard and two active committees are now at work arranging the details.

The only difference of opinion among those present was in regard to the advisability of having apartments and dining room for ladies, some of the speakers inclining to the opinion that the presence of ladies at the club would not be conducive to the free exchange of "shop" talk, one of the prime objects of organization. The majority, however, expressed the idea that there should be a ladies' branch for the wives and daughters of members, a dining room to which they could invite their friends to lunch and apartments where downtown appointments could be made, where a rest could be taken from arduous shopping tours and where letters could be written.

After the election of Geo. W. Smith as temporary chairman and J. M. Riggs as temporary secretary, a number of short addresses in favor of the promotion of the commercial club were made. Among those who strongly advocated the club organization were F. W. Macfarlane, J. F. Morgan, Jas. A. McCandless, H. P. Wood, A. G. M. Robertson, J. Edinger, W. T. Lucas and F. L. Waldron.

These speakers described the efforts being made as a step in the right direction. Such a club would induce a spirit of community among the merchants, not of Honolulu alone, but of the entire Territory. The usefulness of such organizations on the mainland was referred to by practically each one, the clubs of Portland, Ore.; Cheyenne, Wyo.; Denver, Colo., and San Francisco being mentioned as models from which the Honolulu club could be formed.

Chairman Smith reported that the list circulated for membership in the proposed club now contained 110 signatures, all representative men in the commercial circles of Honolulu, while there were a number who had professed a desire to sign but had not as yet done so. He was not in accord with the suggestion that the Merchants' Association amalgamate with the club, as had been proposed, because the association had sometimes occasion to discuss matters of a more or less political nature, something which should be barred from the club. He then named the following committees, with the request that they complete their work as soon as possible and report back to the club members.

Committee on Organization—A. G. M. Robertson, Wm. Thompson, W. T. Lucas, F. L. Waldron, R. Reidford, A. Humburg, R. H. Trent and H. P. Wood.

Committee on Location—F. W. Macfarlane, H. L. Kerr, E. A. McNerny, C. J. Hutchins, J. M. Riggs and W. R. Farrington.

In an address on the advisability of leaving the membership list open for some time yet, which suggestion was approved, R. Reidford expressed his approval of the club proposition. Honolulu was in need of such a place, where the merchants could meet and establish a clearing house of ideas. If the need for such a place did not exist among the business men, why, then, did so many of them take their lunch at a certain restaurant? It was not because of the meals served there, nor the way they were served, nor the kind of dishes they were served on. It was in spite of these and because they wanted to meet their fellow merchants and business associates.

W. A. Mears, the representative of the Portland Chamber of Commerce, was at the meeting, being introduced by the chair. In a short address he congratulated the merchants on the inception of a commercial club, such as had been found a factor for much good by the merchants of Portland.

Before calling for a motion of adjournment, Chairman Smith gave notice that the Committee on Organization would meet tonight in the Promotion Committee room, requesting each member to be present.

WHAT ARCHER IS CHARGED WITH

It is said that the charge his political enemies have against County Supervisor Archer, with some reference also to Road Supervisor Nawaakoa of Ewa, is that of building private roads with public money. Whatever it is, it will likely come up at next meeting of the Board of Supervisors.

The outbreak of cholera is being held in check at Manila but is increasing throughout the Philippine provinces.

CHAMBER OF COMMERCE

Annual Meeting and the President's Report.

The Honolulu Chamber of Commerce met yesterday in the Stangenwald building to hear the annual report of the president, F. J. Lowrey. There was an unusually large attendance of members. Mr. Mears of Portland and George B. McClellan, secretary to Delegate Kuhio, were interested spectators.

After reading the minutes, President Lowrey read the following report of the work of the organization during the past year:

To the Members of the Honolulu Chamber of Commerce,

Gentlemen: As another year in the life of the association is brought to a close it becomes my duty under the by-laws to review the doings of the past year and to make suggestions looking to furthering the interests of the Chamber, and in conformity therewith I beg to submit the following:

WORK OF TRUSTEES.

Under the present order of things the business of the Chamber is practically all done by the trustees, the meetings of the Chamber being to receive the reports of the trustees as to what they have done from time to time. While probably in some respects it is better that a few members should transact the business of the association, it will be unfortunate if this method results in the loss of interest on the part of the general membership. The present trustees have urged upon members that they bring to the attention of the board matters which they think should be considered but there has been a poor response. It was thought by some that if meetings of the Chamber were held more often it would be better and during the year the by-laws have been changed so that now they are held every two months instead of quarterly as before.

The trustees have had many meetings both regular and special and they have been well attended.

The archives have been arranged and indexed and are here in this handsome piece of furniture for reference whenever wanted.

PROMOTION COMMITTEE.

The Promotion Committee while not entirely a committee of this body, has two of its five members from our number, and the gentlemen appointed for the year were Messrs. E. I. Spalding and J. A. McCandless, whose terms of office expire with the election of new officers of the Chamber. This committee has I believe done fine work during the year and deserves the thanks of the community for what it has done in the past, and the interest and support of all in the future. During the year Mr. H. P. Wood was placed in charge of the work and the unanimous opinion so far as I have heard is that of having "the right man in the right place." Work on promotion lines is in the beginning necessarily slow but I think all appreciate results which are showing and there is every reason to look for greater results in the future, from work which has been under way during the last few months. While the San Francisco disaster may have a tendency to divert tourist traffic in a different direction, probably all who have followed the matter believe that the coming year will bring more desirable tourists to us than we have ever had before, and gatherings on our shores of such bodies of men as will be represented in the editors soon to be with us will certainly advertise the Territory as nothing else would.

Mr. Wood while giving most of his time to the promotion work has also acted as Assistant Secretary of this association.

REQUEST FOR CUTTER.

One of the first acts of the trustees was to send a letter to Secretary Shaw requesting the assignment of a revenue cutter to this district, and a prompt reply was received to the effect that the department had intended to send a vessel here for the winter and that one might be permitted to remain for a year. Later a vessel was sent and has been stationed here ready for any emergency which might arise, but fortunately nothing serious has arisen. It was hoped by some that an appropriation for a special vessel might be made at the last session of Congress but this was not done. The vessel now here or a similar one will probably be with us until one specially adapted for the place is provided.

After the pleasant reception tendered the Taft party just at the close of our last year, arrangements were under way for making the stop of the party on its return trip a pleasant one and at the same time have the gentlemen return to the mainland with the needs of Hawaii prominent in their minds, but a change of plans which took them home another way foiled this good intention.

At a special meeting of the trustees the needs of the harbor both as to lights and wharves were considered, Lieut. Slattery and Superintendent of Public Works Holloway being present. (Continued on Page 3.)

REIGN OF TERROR IN THE CITIES OF RUSSIAN POLAND

Murder Stalks Among the Soldiers and Police--More Disorders in the Caucasus--Immense Recruitage for the Czar's Army.

(Associated Press Cablegrams.)

ST. PETERSBURG, August 16.—A carnival of murder, the victims being troops and police, has been inaugurated in Russian Poland. In Warsaw a score have been assassinated. Chita reports that the chief of police has been slain. At Viotlasak a captain of police has met a similar fate and at Plock several police have been wounded. News of a dynamite outrage comes from Lodz where three bombs were thrown, wrecking the police station but wounding only six soldiers and three policemen. At Viborg attempts to murder police were ineffective.

STRENGTHENING THE ARMY.

ST. PETERSBURG, August 16.—A draft of 369,718 recruits has been made for the army.

DISORDER RENEWED.

Disorder has been renewed in the Caucasus, where martial law has been declared. There is great unrest among the workmen at Baku and trouble at Tiflis is increasing.

DEATH AT A BARGAIN SALE.

ST. JOSEPH, Mo., August 16.—One woman was killed and several injured in a bargain sale rush here yesterday.

TEXAS STANDS BY BAILEY.

DALLAS, Tex., August 16.—The Democratic State Convention has endorsed Senator Bailey for re-election.

FATAL EXPLOSION IN MEXICO.

CHIHUAHUA, Mexico, August 16.—Thirty people have been killed here by an explosion of dynamite.

JAPAN'S NEW RULES FOR EMIGRANTS TO HAWAII

The Japan Times makes the following important statement:

Mr. Chinda, Vice Minister of Foreign Affairs, summoned seven representatives of the Emigration Companies' Union to the Foreign Office on Tuesday afternoon, and showed them the contents of the proposed revision of the regulations relating to emigrants to Hawaii. Principal points in the revision are as follows:

- 1.—To decrease the fee for collecting emigrants from 20 yen to 10 yen.
- 2.—To increase the maximum limit of the number of emigrants from 1000 a month to 2000.
- 3.—To abolish Emigration Companies' agencies in Hawaii.
- 4.—To allow vessels, not plying the regular services, to carry emigrants.
- 5.—To abolish the system of the show-money (amounting to \$50) which emigrants ought to possess at the time of landing.
- 6.—The Emigration Companies to solely collect emigrants and not trouble themselves about the voyage of emigrants.

The Emigration Companies will shortly hold a meeting in connection with the proposal.

MEXICAN PLANTER COMES HERE FOR A SUGAR MILL

Whether or not a nine-roller sugar mill will be built by the Honolulu Iron Works in this city, or built in the East under the direction of one of its experts, to be shipped to the Tabasco Plantation Company of Mexico, is a matter which is not only being studied by Manager Hedemann of the iron works, but is one which deeply concerns Mr. Davis, second vice president and manager of the company, who is now in Honolulu making a personal investigation of the various sugar mills on all the islands and studying cane cultivation. Mr. Davis is stopping at the Moana Hotel.

The whole question of the building of the mill here or elsewhere depends upon freight rates. The Tehuantepec Railway will be completed and opened for traffic in January. The Atlantic and Pacific terminals, with their equipment of docks, railway sidings, warehouses, etc., will be in readiness to handle freight and the American-Hawaiian line of steamships will then make direct connections with the ter-

minals. In the Pacific the freighters will ply between San Francisco, Hawaii and Salina Cruz, the western terminus. Machinery made in Honolulu can easily be loaded onto the freighters and shipped direct to that port, loaded thence upon cars and transported to the Tabasco plantation, eighty miles from the coast and but eight miles off the railway line. When this line is established, the Honolulu Iron Works will be in possession of all the data necessary to figure on the building of the mill.

"We have an estate of 33,000 acres of land," said Mr. Davis at the Moana yesterday; "25,000 are in the state of Vera Cruz and 7000 in the state of Tabasco, on the north coast of the Isthmus of Tehuantepec, and more to the Atlantic side. About 15,000 acres are on level ground about seventy feet above the level of the sea. "Our estate is practically virgin forest and of such a formation that a machete is needed to cut a way through the underbrush. It is a brand new plantation of course, and the work of preparing the land for the planting of cane is difficult. We have 800 acres planted with cane and will increase (Continued on Page 4.)

Dr. Deimel Underwear

(LINEN-MESH)

The peer of all
UNDERWEAR

—DR. DEIMEL'S LINEN MESH UNDERWEAR—

Is the peer of all Underwear. They are ideal garments for summer wear, being clean, cool, comfortable and durable. Hundreds of Honolulu people are wearing these goods with pleasure and also with profit. A man can work better and play better who uses

—DR. DEIMEL'S LINEN MESH UNDERWEAR—

The touch of linen is most grateful to the human skin, imparting to the body a sense of relief and freedom, found in no other underwear. In Hawaii a person perspires very easily and on this account is apt to catch cold very easily. When

—DR. DEIMEL'S LINEN MESH UNDERWEAR—

is used the chance of catching cold is reduced to a minimum. We carry two weights in these goods, in men's garments only.

STOVES-CROCKERY-SEWING-MACHINES

These are lines we have just added to our general stock.

The Michigan Stove Company have just transferred their agency from the Pacific Hardware Co. to us and our stock of their products is complete. This is a well known stove and is popular.

The agency for the Wilcox and Gibb Sewing Machines has also been given us. We have a stock of these machines in the store and an operator who will teach buyers how to use them. The service is free. There are ladies here who will not sew on any other sewing machine—that is the reference we offer.

We will give special attention to Crockery, Glassware and Household Goods. The stock is now being placed in position for convenient display.

ADAMS NOT SUPERVISOR

Has Left the Country
and Lost His
Job.

And here's a pretty mess. According to a section of the County Act, appearing on page 53 of the volume, a Supervisor must reside continuously during his term in the district from which he was elected. Ed. Adams was elected from the Fifth, but neither district, nor precinct, has laid eyes on him since April, when he departed for California. He is now in Seattle in charge of the office of Alexander & Baldwin, and will probably remain there until next January. The framers of the County Act provided for the appointment of successors to men who had died, resigned or moved away, and while Mr. Adams has not done either of the first two things mentioned, he has certainly moved and may be considered out of the board.

WILL PROBABLY RESIGN.

Now that this matter has been decided Mr. Adams will, it is said by his friends, tender his resignation as a Supervisor at Large. He has notified his friends here that he will not again be a candidate for election, and, as far as that goes, if he is to remain away until next year it would not be possible for him to be elected in November. The question of the legality of his position since it was rumored that he would not return has been pretty generally discussed among the lawyers who are interested in the campaign, and it is said the opinion is general that he is out of the board.

M'GURN IS EMPHATIC.

Albert McGurn, a deputy warden at the jail, and a mighty popular Hawaiian, denies in pretty decided language that he will be a candidate for the office of Deputy Sheriff. He says he has never been asked to be a candidate, has never asked to be and would not be under any circumstances. His name has been used without his knowledge and he wants it understood that he will stay where he is in preference to being Deputy Sheriff.

SOME KICKING.

There is a bit of kicking being done against the Supervisors for not taking greater interest in the appointments to lunas' positions in the Road Department. One of the kickers said yesterday: "It is all very well for Mr. Lucas to say he is out of politics, but is he? And if he is, is it right? It does not seem to me right for the Road Supervisor to have all to say as to who shall be given positions on the roads and streets, and yet I understand this is being done. It seems to me to be giving too much power into the hands of Sam Johnson, power that should be in the hands of the Supervisors."

Echoes of this kick are heard in all precincts and it is annoying to some of the members of the county committee. It is said that that organization is not consulted by Mr. Johnson on any of his appointments and it is not known that Lucas has been spoken to at any time since he declared himself out of politics.

VIDA IS SMILING.

While some of the powers are looking around for a man to run for Deputy Sheriff, Vida smiles and wonders. He is as complacent as some of the witnesses in his defense were at the hearing on Tuesday night and looks as though the actions of his opponents are real funny to him. There is a desire in some quarters to take the lid from the Sheriff and see what is going on in his noodle. There are a few who believe Brown does not want Vida and there are others as innocent as a "come on" or John Lane. After a while Lane will wonder why he had not heard all the things against Vida before the primaries.

IN AID OF THE AILING

Palama Settlement work conducted by the Hawaiian Board of Missions under the direction of Rev. Mr. Beth of the Palama Mission Chapel has one strikingly practical phase in that a trained nurse makes the rounds of the community and administers to the wants of the ailing. This is one of the advanced stages of the settlement work and it is reported to the Board of Missions that some splendid results both from pathological and hygienic standpoints, are achieved.

The nurse administers to the common wants of those who are ailing, but in the case of sick persons, a physician's services are requisitioned. Following is a report of the District Nurse for the month ending August 10:

Number of cases visited, 24; number of visits made, 89.

Cases as follows: Pneumonia, 1; axillary abscess, 1; scabies, 1; conjunctivitis, 1; infected mosquito bites, 1; infected foot, 1; tuberculosis, 2; myelitis, 1; eczema, 1; gastro enteritis, 1; nail wounds, 2; accident by hack running over, 1; hemorrhage after tooth extracted, 1; abscess on face, 1; eye ulcer, 1; toxemia, 1; insect sting, 1; scalp wounds, 1; typhoid fever, 2; warts, 1; bronchitis, 1.

Nationalities of patients—Portuguese, 3; Hawaiians, 5; part Hawaiians, 1; American, 1; Korean, 1; Chinese, 12.

Charity cases, 19.

Ones who paid for medicine, 2. Number of cases sent to doctor, 9. Districts visited—Palama, Punch-bowl, Kalihi.

A thoroughbred, gentle driving mare is offered for sale at a bargain. For particulars address P. O. Box 561.

HONOLULU'S ATMOSPHERE

Compared With Places
in Arid Belt It
Is Dry.

Away out two thousand miles and more in the wet, Honolulu may be presumed by people on the mainland to be a damp spot. Such a presumption must, however, be acknowledged to be a thousand miles off whenever and wherever the official figures of Uncle Sam's meteorological caretakers are exhibited.

Instead of being especially humid the normal atmosphere of Honolulu is particularly and conspicuously dry, not as compared with ordinarily humid climates but with many widely separated places in the arid regions of the mainland.

Wm. B. Stockman station director of the Honolulu office of the U. S. Weather Bureau, last night furnished to a reporter of the Advertiser the following data, the figures denoting the degrees of "normal relative humidity" in the atmosphere at the places named respectively. The normal is obtained from the annual averages of a considerable series of years. In the list will be recognized many places noted for dryness of atmosphere, including some well-known health resorts such as Charlotte, N. C. This is the list as taken by Mr. Stockman from the official records:

Places.	Rel. Humidity.
Honolulu	63
Pierre, S. Dak.	65
Valentine, Neb.	66
Dodge, Kas.	67
Sacramento, Cal.	67
San Antonio, Tex.	67
Wichita, Kas.	68
Sioux City, Ia.	69
Williston, N. Dak.	69
Concordia, Kas.	69
San Luis Obispo, Cal.	69
Bismark, N. Dak.	70
Huron, S. Dak.	70
Kansas City, Mo.	70
Lincoln, Neb.	70
Miles City, Mont.	70
Omaha, Neb.	70
Yankton, S. Dak.	70
Charlotte, N. C.	71
Atlanta, Ga.	72
Los Angeles, Cal.	72
St. Paul, Minn.	72
Palestine, Tex.	74
Raleigh, N. C.	74
San Diego, Cal.	75

Of twenty-four other places here named but six are dryer than Honolulu, while fourteen places show greater humidity. Four are the same as Honolulu. Of the six dryer places the greatest excess is four degrees, and of the fourteen more humid places the maximum excess of dampness over Honolulu is six degrees. The average of all twenty-five places given is eight-tenths of a degree more than the relative humidity of Honolulu.

So Honolulu is a town more than ordinarily dry, when moisture in its normal atmosphere is considered.

SULLIVAN MUST TAKE OFF WEIGHT

Editor Advertiser: I did not come down here to dictate to Mr. Sullivan. Before I left the Coast, I was told that Mr. Sullivan would fight me, at 140 pounds, but upon my arrival here Mr. Sullivan refused to fight me at any weight but catchweights. In order not to disappoint the public, I offered to fight him at 147 ringside which is two pounds heavier than ever he fought here before. At that weight I am giving nine pounds the best of it, as I cannot enter the ring heavier than 138 pounds.

"SPIDER" (JOE) WELCH.

A RELIABLE REMEDY FOR DYS-ENTERY AND DIARRHOEA.

As the season is at hand when diarrhoea and dysentery are prevalent a reliable remedy should always be kept in the house for immediate use. The success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel trouble, has brought it into almost universal use and the following letter indicates it is giving satisfaction in South Africa, Mr. J. H. Morris, Chemist at George, Cape Colony, says: "I have stocked Chamberlain's Remedies for some years and find them thoroughly salable, and in all cases answering the purpose for which they are intended." For sale by all dealers and druggists; Benson, Smith & Co., agents for Hawaii.

Not one person in a thousand can tell what constitutes normal, or perfect, vision.

Less than one in every hundred has normal vision.

We can show you what normal vision is; Can give it if glasses will accomplish it.

Normal vision—easy vision—restful vision.

Bausch & Lomb - Zeiss

TESSAR

The Lens of the Camera

is the most important feature. This year Kodaks, Premos, Hawkeyes, Centuries, Graflex and other cameras can be had fitted with the Tessar Lens, a lens that will make all kinds of pictures under all kinds of conditions. This lens requires only about half the light required by lenses usually furnished on cameras. It is therefore possible to use it for home portraiture, photographing the babies, as well as the most rapid outdoor pictures, with equally good results. No other lens has so wide a range of usefulness, and is at the same time so compact and perfect optically.

Ask us to show you a Tessar and tell you what it will cost to have your Camera or Kodak fitted with one.

Honolulu Photo-Supply Company

"EVERYTHING PHOTOGRAPHIC."

GOOD SOAP

There is nothing in the use of cheap soap—dirt does not appeal to the cleanly woman and she cannot remove it from the floors, nor the clothes, with inferior soap.

To be good, soap must contain tallow, an ingredient missing from soap made on the Mainland. Our bills for tallow are silent evidence of the superiority of our product—clean floors and cleaner clothes are corroborative testimony. Any dealer will deliver you a case of our Honolulu-made soap for—

\$3.75

and each bar is worth two of the other.

Elegant Table Desk,
Elegant Desk Chair,
Elegant Remington Typewriter, Stand
and Chair,
Elegant Letterpress and Stand,
Fine Large Safe,
1 Smaller Safe,
All may be seen at salesrooms.

WILL E. FISHER,
AUCTIONEER.

At Auction

Saturday, August 18, 1906,
AT 10 O'CLOCK A. M.,

Buildings

Corner King and Alakea streets, being
premises formerly occupied by D. G.
Camarinos (deceased).

I will sell upon the premises, corner
Alakea and King streets, the corner
buildings and fences attached thereto.

—ALSO—

1 two-story building adjoining on
King street.

—ALSO—

The building on Alakea street occu-
pied by barber and bootblack.
Terms, cash.
Reasonable time granted to remove
buildings.

WILL E. FISHER,
AUCTIONEER.

At Auction

SATURDAY, AUG. 18, 1906,
AT 10 O'CLOCK A. M.,

I will sell
A Handsome Bird's-eye Maple
Dresser.

—AND—

Elegant Iron Bedsteads,
Cooking Utensils,
Etc., etc., etc.

WILL E. FISHER,
AUCTIONEER.

CHICKENS

I have for sale one hundred fine
chickens:
Barred Plymouth Rock and White
Leghorns; and To Let, small 3-room
Cottage on Lot, fully equipped for
Chicken Raising with good Chicken
House, Chicken Runs, Brooders, In-
cubator, etc., etc., situated in center of
Honolulu; first-class locality.
Price \$125. Rent \$25 per month.

WILL E. FISHER,
AUCTIONEER.

CHAMBER OF COMMERCE

(Continued from Page 1.)

and explaining the proposed work. The
Territory has since gone on with the
improvement of the waterfront and
work is now under way which when
completed will enlarge the docking
capacity of the harbor a great deal
and make it much easier to handle the
large steamers which are now coming
to the port, and furnish a place for
arriving and departing passengers
which will in all respects be an im-
provement upon present locations.

SUPPORT TO MILITIA.

The Chamber has continued its sup-
port of the Militia during the year as
it had done before, contributing from
its own funds and seeking to interest
others. The matter was taken up in
the interests of the community as a
whole with the idea that it be con-
sidered by the next Legislature.

The matter of storage of oils, use
of open lights on vessels and smoking
on the wharves has had serious con-
sideration. In the opinion of many
the storage of oil on the edge of the
waters of the harbor constitutes a se-
rious menace to the safety of all ship-
ping in the harbor and to the wharves.
While the companies interested in the
business show a desire to use all prac-
tical precautions (for their own sake
as well as that of others) and while
they have carried out certain sugges-
tions made as a result of the investi-
gations of our committee, and while
they have some vested rights no doubt
having been given permission to es-
tablish the tanks where they are, the
menace remains and the new officers of
the Chamber may well have the mat-
ter before them, to take such action
as may be possible to avert the danger.
Our committee reported due care on
the part of those using open lights
on vessels and did not see that any
further action was necessary. In re-
gard to smoking on the wharves, no-
tices have been put up prohibiting it
and there is an endeavor being made
to stop the practice.

Upon invitation to send a represen-
tative of the Chamber to the Lake
Mohonk conference, Mr. C. Hedemann
was appointed to represent us. He did
so and sent an interesting report of
the visit. He returns filled with the
idea that those conferences present the
most favorable place for the dissemina-
tion of facts and figures in regard to
conditions existing here which could
be found, and thinks that the Terri-
tory should be represented at every
meeting by the most capable men
which we have. When the subject
comes up next year if there is any
doubt on the part of the trustees as
to whether a representative should be
sent or not, may I ask them to con-
sult with Mr. Hedemann before de-
ciding not to send anyone.

COMMISSIONER HATCH.

During the year Mr. F. M. Hatch
was commissioned to represent the
Chamber in Washington, and we also
contributed toward the salary of Mr.
McClellan as secretary to the Delegate.
The work of the Delegate assisted by
the two gentlemen mentioned has been
well done and all have worked in har-
mony for the good of the Territory
and are to be congratulated on the
success which has attended their labors.
Without doubting the ability of
these gentlemen, when the matter came
up of the President recommending that
75 per cent. of the receipts from the
Customs and Revenue departments col-
lected here be set apart for use in
the Territory it was thought that our
interest should be shown in sending a
delegation of representative men from
here to appear before the committees
of Congress and to in all ways pos-
sible assist in the passing of the bill,
at least so far as giving any and all
information in regard to matters here.
Joining with the Merchants' Associa-
tion and representatives from other is-
lands a delegation was sent and the
gentlemen composing the delegation
gave freely of their time, knowledge
of conditions and needs which prac-
tically convinced their hearers of the
justice of the bill, and hopes were
entertained until nearly the end of
the session that the bill with some
modifications would pass. While in the
end it did not, yet there is a general
belief that the next session will see
it become law, and largely through the
efforts of our delegation of business
men. All will join in an expression
of appreciation of the good work done
by these gentlemen.

Invitations were sent on behalf of
the Chamber, the Merchants' Associa-
tion and the Planters' Association, to
Representative Burton, Chairman of
House Committee on Rivers and Har-
bors, and to Representative Dalzell,
Chairman House Committee on Rules,
to visit Hawaii during the summer
vacation of Congress but unfortunately
neither was able to accept. It was
felt that these gentlemen were in posi-
tions where if they knew personally our
wants could do much in the way of
assistance and we had reason to be-
lieve that they would extend their
trip from the Pacific coast to our shores
but other engagements made before our
invitations reached them prevented
their acceptance.

The Chamber has helped to defray
the expense of sending a shipment of
various fruits to the mainland recently
which was under the direction of the
Federal Experiment Station and it is
hoped that the knowledge obtained in
regard to different methods of pack-
ing and shipment may materially as-
sist in making such shipments more
successful and profitable.

The trustees have placed themselves
on record as endorsing the action of
the promotion committee in seeking to
reform the "billboard nuisance."

SYMPATHY TO SAN FRANCISCO.

On April 18 a special meeting of the
trustees was held upon receipt of news
of the disaster which had come upon
our sister city of San Francisco. It
was decided to send our message of
heartfelt sympathy and an offer of
financial assistance. Severance of cable
communication made this impossible
and a communication was sent to the
Acting Governor asking him to take
steps for the formation of a relief
committee. This was promptly acted
upon, the Chamber heading the list of
subscribers, the individual members
following in with other members of
the community of all classes in raising
the very substantial amount of \$45,-

000. One of our members, Mr. J. F.
Morgan, was sent as the representative
of the committee to San Francisco to
attend to the disbursement of the
fund acting in harmony with the gen-
eral relief committee which he found
in charge, and looking into the cases
of unfortunates from Hawaii. Mr. Mor-
gan did valuable work on these lines
and his efforts met with the hearty
approval of the men in charge. He
deserves our thanks as well for the
able way in which he discharged his
arduous duties. In addition to the
amount mentioned it was estimated
that other contributions from here
which did not pass through the hands
of this committee amounted to \$25,000
or a total of \$70,000 from Hawaii as
a practical expression of our sympathy
for our suffering and needy neighbors.
The Chamber lost one of its most
faithful and valuable members in the
death of Mr. H. A. Isenberg, manager
of H. Hackfeld & Co., Ltd. Proper
resolutions of regret at his early de-
cease were spread on the records of
the association and copies sent to the
family of the deceased.

FEDERAL IMPROVEMENTS.

Much work has been done during the
year by the Federal authorities. We
have seen a small village making its
appearance at Kahanui where the new
army post is being established. Work
already contracted for amounts to
\$218,000 and by a recent mail authori-
ty was received to expend \$21,000
more on grading, roads and sidewalks.
As planned the camp will accommodate
two companies of men with their offi-
cers, but it is hoped by those in charge
that fourteen more buildings may be
allowed soon which would permit of a
full battalion being stationed here.
Congress allowed us \$100,000 for light-
houses and work will be started soon
on the range light at the foot of Fort
street at a cost of \$10,000, on the new
lighthouse in the harbor at \$30,000 and
one at Makapuu point at \$60,000. There
is also available \$150,000 for fortifica-
tion sites and \$250,000 for fortifica-
tion works. It is expected that a large part
of this money will be spent within the
year. Work in the harbor which had
been provided for by Congress has
been performed to the great improve-
ment of the port but \$1,000,000 more
is wanted to carry out the whole pro-
ject. We hope that soon there may be
a beautiful little park on the sand spit
at the entrance to the harbor to wel-
come visitors and returning residents.
Work at the Naval Reservation shows
how quickly results may be expected
after the work has been commenced.
Many improvements have been made
on Quarantine Island and the approach
to the city. There is no doubt we shall
have a model station here at our doors
and while some \$30,000 more will be
required to complete it, it is now in
condition to care for any ordinary
emergency, and when entirely equipped
will be ready for the extraordinary
emergency which we hope will never
arise. Before another year closes
probably the leprosyarium at Molokai
will be opened for its work of devising
help for suffering humanity.

An important matter now before the
community is that of the selection of
a site for a new Federal building. This
concerns each and every one of us
and action should be taken if possible
looking to the selection of such a site
as should be most suitable, and ar-
ranging with the owners for the sub-
mission of a fair offer for same. Ad-
vertisements are now running for the
submission of offers so that proper
attention should be given to the mat-
ter at once.

FUTURE APPROPRIATIONS.

While the Delegate is here in the
city the matter of future appropria-
tions from Congress should be taken up
with him, and if I may suggest cer-
tain matters in this connection, they
should include a liberal amount for a
Federal building which all admit is
badly needed; an amount sufficient to
put up the necessary buildings to make
the army post station for a full bat-
talion; \$1,000,000 for further improve-
ment of the harbor \$400,000 to be
available at once and contracts allowed
for \$600,000; \$60,000 for a first-
class light on the north point of Ka-
naloa; \$400,000 for fortifications, and
\$200,000 for survey and project for Pearl
Harbor so that there may be the
necessary information when asking for
appropriation for actual work later.
This does not pretend to cover all
that is needed but is given in the
way of suggestion. No doubt other
departments have their needs as well.
Of course it is understood that the
matter of 75 per cent. of the Federal
revenue will be pushed to what it may
become a successful issue.

Good conditions for the year may
be said to have been very satisfactory.
Our staple crop of sugar has brought
good returns and the outlook for the
coming crop is promising. The can-
ning of pineapples is assuming large
proportions. Arrangements are being
completed for shipment of koa to the
mainland on a scale never before at-
tempted. In the near future much is
looked for in the way of success with
tobacco and rubber, while coffee raisers
hope for a change in the tariff which
will permit of that article being put
on a market for a profit.

New markets for our produce seem
to be opening up in the northwest and
new relations tending to reciprocal
trade between the cities of Puget
Sound, Portland and Hawaii will prob-
ably soon be entered into. An ac-
credited representative from the Port-
land Chamber of Commerce is now
in our city in connection with this
matter.

TOO NARROW LINES.

If I may be allowed a criticism on
our association it is that it is run
on too narrow lines. When matters
are brought up there has been a ten-
dency on the part of some to ask "is
that a commercial question?" and if
not, to turn it down. In doing this
we are missing large opportunities
for service to our city. A body of
this kind, non-political, and repre-
senting the largest commercial inter-
ests of the community is in a posi-
tion to exert a powerful influence in
all public matters as well as in those
which pertain more specially to busi-
ness affairs. The coming session of
the Legislature will soon present one
opportunity for practical work. Refer-
ence to the unsatisfactory working of
liquor and tax laws will suggest il-
lustration of how well they may well be
considered. It is true that the broader
lines would require more attention and
take more time on the part of our
officers, but I believe this body should
seek to advance the welfare of this

city in particular and the Territory as
a whole to a greater degree in the
future than it has done in the past.
This should be done on constructive
lines in inaugurating improvements as
well as in exercising a watchful care
that nothing detrimental is allowed.
Proper representatives of the Chamber
should be in close touch with those in
charge of county affairs, and also with
territorial and Federal officers and our
experience has shown that in all cases
such men are willing to meet us fully
half-way. The opportunity to mat-
erially assist in moulding public senti-
ment in the interests of civic right-
eousness should be used to the utmost.

I thank you all for your support and
assistance during the year, and hope
that under the new officers now to be
elected that a year of greater useful-
ness may be before us.

Respectfully submitted,

F. J. LOWREY,
President Honolulu Chamber of Com-
merce,
Honolulu, August 15, 1906.

James G. Spencer then presented his
report as treasurer, which is as fol-
lows:

**TREASURER'S REPORT, HONOLU-
LU CHAMBER OF COMMERCE.**
AUGUST, 1905, TO AUGUST, 1906.
RECEIPTS.

August, 1905:	
Balance on Hand	\$ 4,200.23
Received from Honolulu Ship- ping Agents	12,500.00
Received from Entrance Fees	50.00
Received from Dues	1,791.00
Received from Rent of Room	30.00
Received from Merchants' As- sociation for Joint Meetings	29.38
Received from Militia Fund	
Committee	87.91
	\$18,688.52

DISBURSEMENTS.

Hawaii Promotion Committee	\$10,500.00
Seamen's Institute	500.00
Rent of Room	600.00
Advertising	66.30
Telephone	48.00
Geo. B. McClellan—Salary	901.50
Atkinson, Judd & Mott-Smith, Retainer	25.00
Stationery	12.75
Expense—Postage, Hacks and Sundries	53.69
F. M. Brooks—Indexing	100.00
Salary Secretary	50.00
Cablegrams	191.80
H. P. Wood—Salary 10 Months	500.00

Entertainment—Members, San Francisco Chamber of Com- merce	33.35
Jared G. Smith—Expense Experimental Shipment of Fruits	50.00
Balance on Hand	\$78.22
	\$18,688.52

August, 1906:

Balance on Hand	\$ 78.22
-----------------	----------

Before a motion to file was put, Mr.
Spalding asked if the report had been
audited, and was informed that the
chairman of the Finance Committee
had audited the books and certified to
their correctness; there was a slight
error in the typewritten statement that
would be corrected. The error was a
transposition of figures and was cor-
rected by Mr. Spencer when his at-
tention was called to it.

SECRETARY SPENCER RESIGNED.

Mr. Spencer at this point presented
his resignation as secretary and treas-
urer owing to his retirement from
mercantile business in Honolulu, due to
the merging of the Pacific Hardware
Co. and E. O. Hall & Son.

Mr. Tenney remarked that the by-
laws do not provide that a member
must be in commercial lines and saw
no reason why the secretary should
withdraw. A section of the by-laws
was read by Mr. Spencer which seem-
ed convincing to the other members,
and on motion of Mr. Morgan the
resignation was accepted and filed. Mr.
Morgan in making the motion said he
was sorry that the resignation was
presented, as Mr. Spencer had been a
valuable member of the Chamber, but
if he insisted upon withdrawing there
was nothing to do but accept.

THE NEW OFFICERS.

The chair announced that he had ap-
pointed a committee to select candi-
dates for office to be voted for by the
members. This report was in hand and
he took pleasure in reading the fol-
lowing names: President, Walter M.
Giffard; vice president, James F. Mor-
gan; secretary and treasurer, H. P.
Wood; trustees, F. M. Swamy, W.
Protenhauer, Alex. Garvie, E. I. Spald-
ing, L. Tenney, George J. R. Galt, Geo.
W. Smith, E. E. Paxton and W. A.
Bowen. When he had made the an-
nouncement Mr. Lowrey withdrew and
introduced his successor, Mr. Giffard,
who, on assuming the office, thanked
the members for the honor conferred
upon him and promised to bend his
efforts toward increased membership
and increased good. He hoped to see
more interest taken in the affairs of
the chamber and that the members
would assist in continuing the work
that had been undertaken by his pre-
decessor.

WANTS OPEN MEETINGS.

Mr. Tenney referred to the executive
session and said he opposed them for
obvious reasons. The only way for the
members to know what is going on in
the chamber is through the press and
he hoped the trustees would see their
way clear to have open sessions. He
referred to the courtesy shown by the
reporters in not publishing matters
that would be injurious to interests if
they were made public before the time
was ripe. The proceedings of the
chamber are interesting, he thought,
and the rank and file could not keep
in touch except with what is in the
papers. If the papers do not fully re-
port, or do so incorrectly, the secre-
tary will be able to rectify that.

Mr. Lowrey said the trustees had
decided upon 2 p. m. as the hour for
holding the meetings. The morning
paper was never represented and the
afternoon papers did not fully or cor-
rectly report the proceedings owing to
a lack of time. It was decided then

SPECIAL SALE PACIFIC HARDWARE STOCK

By order of the Trustee
there will be a clearing out
sale of all goods in the stock
of the above company, now
out of business.

Sale Now Going On A Golden Opportunity

BEAUTIFUL
JAPANESE ART GOODS, SILK
SCREENS, EBONY WARE, DELI-
CATE CHINA BITS, PURE SILKS.

Sale is being held in the
company's store, corner of
Fort and Merchant Streets.

Everything Must be Sold
The Prices are Unusual

"De Maltis Nil Nisi Bonum"

The translation of the above Latin means, "Concerning
malt products speak nothing but good," or in other words,
"All ale is good." Admitting the truth of all this we would
here remark that

PRIMO LAGER

is not only good, but better than any other beer on the local
market. Its flavor, purity and reliability have won for it
golden opinions wherever it has been drunk and the beer-
drinking world swears by PRIMO.

If you are unacquainted with its merits order a case at
once and get next to the best thing in the drinking line on
earth.

to exclude the press and have the sec-
retary supply the newspapers with a
such of the minutes as it was thought
advisable.

In response to Mr. Giffard's request
for the expression of opinion, Mr.
Tenney said he could appreciate the
feelings of the trustees in having the
land at every opportunity. It would not
be possible for Honolulu to have so
large a club as you have not the popu-
lation but you could have a similar
organization, perhaps, out of which
could come good.

"Your attendance here is unusual. I
heard your secretary say you have
sixty-nine members and I find here to-
day about one-third? That is better
than we have in Portland except on
special occasions like the one I referred
to when we had four hundred present.

I am sent here to try and reestablish
trade relations with Honolulu. A gen-
tleman over there is starting at me
pretty hard so I had better explain by
saying that sixty years ago Portland
received supplies from Hawaii. In our
State Capitol we have a printing press
that came from Hawaii. [W. W. Hall
stated here that the press was the first
to get beyond the Rocky Mountains and
was sent to Portland from Honolulu
by his father, the late E. O. Hall.]

EXPECTS ANOTHER LINE.

"During the past few weeks a
steamer service between the islands
and Portland has been inaugurated
and I hope by the end of the year to
hear of another steamer going on the
run. I am aware that San Francisco
has a monopoly of the business both
importing and exporting; I know the
difficulties surrounding my position;
I know of the associations here and
there. These relations, I realize, can-
not be changed in a night; it will take
time and we are willing to wait until
you gentlemen can come to us. I met
a gentleman the other day who is in-
terested in shipping koa lumber to San
Francisco and he told me he was just
sending a representative to San Fran-
cisco to negotiate a deal. When I asked
him if he had thought of sending him
to Portland he confessed he had not
thought of it. I gave him letters and
informed him that Portland is shipping
hundreds of thousands of dollars worth
of furniture to San Francisco every
year; that no Portland man would
think of sending to San Francisco for
furniture. He might establish profit-
able relations with our people if he
would pay them a visit. I am here
after reciprocal trade, that's the kind
of trade I am after."

Mr. Giffard thanked the speaker for
the information conveyed and said the
letter would have attention at the
hands of the trustees.

Mr. Tenney asked that the communi-
cation be referred to the president and
board of trustees and the motion car-
ried.

GEORGE B. McCLELLAN SPEAKS.
Mr. Morgan stated that the secretary
to the delegate at Washington was
(Continued on Page 4.)

COMMERCIAL ADVERTISER

WALTER G. SMITH

EDITOR.

THURSDAY

AUGUST 16.

THE STATE OF RUSSIA.

In the opinion of M. Leroy-Beaulieu, the Russian revolution may drag on for twenty years, but neither he nor any other foreign observer, who has written much on the subject, believes that it will be foiled in the end. The capital facts to be considered are that the apathy of the peasants and the sanctity of the crown have both been broken. When that state of things came to pass in France, revolution was inevitable and it reached its triumph quickly. Revolution was also inevitable in Russia, and if its triumph is delayed, that is because Russia is so vast and because St. Petersburg is not the empire as Paris was France. The coup d'état is difficult in Russia but, as the history of the empire shows, the land lends itself readily to civil war. And civil war is precisely what has been going on ever since the trouble started. Observe the present rising which began in southern Russia about the middle of July. Bands of peasants marched about the country, systematically burning one estate after another, their numbers swelling at every step. Attempts to suppress the rising by military force failed. Half a dozen provinces were soon in a state of partial or total anarchy, and the landlords abandoned their homes and fled to the cities. In Poland the government liquor shops were regularly plundered.

"Prince Orloff's vast estate at Padi was ravaged, but the Prince's men succeeded in driving the horses of the famous Orloff stud to the steppe. At Tula the workmen in the government cartridge factory joined the armed peasants and the factory was closed. The climax was reached at Syzran, in the province of Samara, where the whole town of thirty-five thousand people was set on fire and the surviving inhabitants fled to fields and neighboring cities. The government put a number of military trains with steel blinds in service on the Southern Railroad, in anticipation of a strike of railroad employees."

These conditions are likely to arise anywhere for years to come. A new policy of government may incite them or it may be a sporadic outrage of the military or oppression of taxpayers. Meanwhile the discipline and loyalty of the army will be steadily undermined. Plainly, in such a state of things there is little eventual chance for Czarism, even if the present Czar should hold his state for years longer.

ALONG THE LUNCHEON ROUTE.

The public facilities for eating are to be much increased and improved in Honolulu, though some of the restaurants are likely to suffer by the enterprise of clubs. The projected Commercial club is intended, partly, to supersede the informal noon-gathering places of merchants and professional men, while the purpose of the Elks is to provide a down-town eating place for their large membership. Here will be two new cafes, similar to the ones carried on by the University and Pacific clubs, though in the case of the Elks' club a caterer may be found in a long-established restaurant. To these eating places Alexander Young will add his ground-floor cafe, for the general accommodation of the public; and he has in mind a rathskeller also for those to whom the German type of eating-house appeals. Soon no one need go hungry in this town for any kind of a meal if he has the price, for besides the places mentioned, there is a variety of small "virtual rooms" which the present saloon law has instigated and some Oriental dining halls where typical dishes of the Far East are served.

When Hawaii was brought under the flag this city was very deficient in short order eating places, Nolte having the down-town merchant's trade, Steiner the Hotel street business and George Lycurgus the popular beach resort. Up-town no culinary frills were tried and the menu, though wholesome, was plain and lacked variety. Delicate feasting was unknown, except in private houses and, on special occasions, at the Royal Hawaiian Hotel. But now the town is getting up-to-date in the character of its cooking and soon will be in the quality of its service. We are doing well gastronomically, by ourselves and by the tourists; and the general effect, not only upon the public health, but upon Honolulu's reputation among travelers, should be beneficial in a high degree.

ROOSEVELT FOR THE SENATE.

It is said that the President wishes, after 1908, to become a senator from New York. The ambition is a worthy one and is not without precedent. One of the earlier presidents, after serving two terms, entered the lower house of Congress and one of the later ones, a four year man, entered the upper house, both of them being the more useful to the country because of what they had learned in the highest office. The custom of relegating a man to private life, after his ability to do public service has been signally illustrated in the chief magistracy, is one by which the country—which has no surplussage of trained statesmen—does not profit. The nation ought to have had Benjamin Harrison in the Senate or in the diplomatic service, from 1893 until his death. Grover Cleveland should be in a dignified public place today, the Senate preferably. In all cases the "elder statesmen" are serviceable; in emergencies they are likely to be invaluable.

When Mr. Roosevelt's term expires he will be about fifty years old—the prime of life. Gladstone and Bismarck, Disraeli and Cavour, Lincoln and Chamberlain, Washington and Webster, did their greatest public work after that age. There may be thirty years more of labor, of sound thinking and well-directed patriotism in Mr. Roosevelt of which the United States should have the advantage. For a man of the President's broad usefulness there is no collegiate cloister wide and high enough. His place is in the field of affairs. New York has always been first in its appreciation of Mr. Roosevelt and if he wants the first senatorship from there which becomes vacant after 1908, the state, if in Republican hands, will be very likely to give it to him.

HONOLULU'S DRY AIR.

There is less moisture in the air at Honolulu than there is in the air of Los Angeles, San Diego and other health-resorts in the desert belt of California. This surprising information comes from the local station of the United States Weather Bureau and is authentic. Surrounded by the greatest ocean; situated at a point most distant from other land of any foothold of the sea, Hawaii is yet enabled to invite people whose health seeks the benefit of dry air, to come to its chief city and be well.

There is a new prop to Honolulu's reputation as a health resort. It is worth advertising, in an official table of comparisons, because of the thousands of people who want dry air and yet are debarred, by the effects of altitude, from seeking it among the high mountains and from a distaste for arid scenery from staying in the resorts of the southwest.

The Advertiser has often agreed in advance with Mr. Lowrey's advice to the Chamber of Commerce to broaden out and assist, in every way that it can, the general interests of Hawaii. Like Chambers of Commerce on the Coast it ought to be the motive power behind colonization measures, civic improvement, diversified agriculture, promotion work generally and of every good secular cause that may appeal to it.

Let us hope that the Chinese emperor's aunt was good-natured enough to let him have something of a time on his own birthday.

CHAMBER OF COMMERCE

(Continued from Page 3.)
present and he might be called upon to speak of the conditions. The secretary replied he was present by courtesy of the president and had little to say. He and the delegate had worked during the session with the accredited representative of the Chamber, Mr. Hatch has done particularly creditable work considering his hurried departure from Honolulu to reach his post. In saying this, Mr. McClellan said he was simply repeating the words of the delegate in that respect. He said he believed dispatching the delegation to Washington was one of the best things that had been done by the business men and while they had not accomplished the main business of their mission, they had put it in the way of passage and the work of the delegation is bearing fruit. The needs of Hawaii have been brought to the attention of Congress through that commission and much good would result.

The chair appointed Messrs. J. A. McCandless and E. I. Spalding, representatives of the Chamber on the Promotion Committee. Many pleasant comments were made on the selection and the gentlemen responded thanking the chair for the honor. Mr. Spalding said he had come to the meeting with the intention of withdrawing but the remarks made by the chair and the members had taken the ground completely from under him. Mr. McCandless also responded and after thanking the Chamber paid his respects to Mr. Spalding for the assistance he had rendered as a member of the committee. There being no further business the meeting adjourned.

There being no further business the meeting adjourned.

NEWS NOTES

FROM THE ORIENT.

The Russian cruiser Novik, recently raised by the Japanese, was towed into Otaru on the 1st inst.

Sir Robert Hart has recommended a Japanese as director of the Antung Customs, with a European as vice director.

Mounted bandits have made their appearance near Pitsuwo, in Manchuria, and are terrorizing the people. They are armed with Russian weapons, stolen presumably during the war.

The military administration at Mukden and Tieling, Manchuria, was withdrawn on August 1, at Liaoyang on the 3rd and will be withdrawn at Antung on October 1.

MEXICAN PLANTER COMES FOR A MILL.

(Continued from Page 1.)

this at once to 2000 acres, and eventually plan to have a plantation of about 10,000 acres.

"Sugar planting on modern methods is practically unknown in Mexico. There are only two 6-roller mills in the whole republic. They don't plow the ground as you do in Hawaii and the plows we have sent there have never before been seen by the people. The methods are primitive. Conditions down there now are about the same as here thirty years ago, so I am told."

"But our plantation is to be patterned after those of Hawaii. We will plow the land properly and fertilize and lime it, although the soil there is rich and of great depth. It is not of volcanic origin as that of Hawaii."

"The labor question is practically solved for us and we will have either Japanese or Chinese working under contract; that is to say, they will be contract laborers. The government of Mexico is anxious to develop her resources and needs laborers and therefore has opened the way for Japanese and Chinese to enter."

"The question of water is solved also. We will cultivate cane by rainfall. We have an average rainfall of about 150 inches a year, well distributed. Then there is a lake of about 1000 acres in extent right in the center of the property. Besides we are right on a river and have sixteen miles of the plantation along the river front. That river is navigable for eight months of the year. It is a trip of 115 miles by the river to Coatzacoalcas on the Atlantic coast. The mill will be located about eight miles off the line of the Tehuantepec railway and within a year we will put in a switch to connect with the main road."

"The Honolulu Iron Works are our consulting engineers. The mill proposed for our plantation is of the 9-roller kind, something like that at Olua, and arranged so that it can be enlarged, if necessary. We will take off about 600 or 800 tons of cane this year and will make alcohol from it, instead of sugar. The first crop of sugar will be taken off in January, 1908, from about 2000 acres. We will not need the mill for about a year. Therefore, we can afford to see what the freight rate will be before the mill is ordered built in Honolulu or elsewhere."

"We have not made use of steam plows yet, owing to the lack of roads to get them to the plantation, but they will come in time."

"About the only cane now grown there is Rose Bamboo. I am going to take this matter up of having some of the Hawaiian varieties of cane experimented with, with a view to cultivating them."

"I have visited the sugar mills, or rather many of them, on Hawaii, Maui and Oahu, and made an automobile trip with Mr. Hedemann to Oahu plantation today. I have met a fine lot of men on the plantations, and I really have never seen such open hearted hospitality as I have found all over the islands."

Mr. Davis is a Vermonter and has resided in Mexico for about ten years. His residence is at Santa Lucracia, State of Vera Cruz. He will remain in Honolulu about two weeks longer.

The Tabasco plantation is also cultivating rubber trees and has cattle ranches as well. While on Maui Mr. Davis visited the Nahiku rubber company's estate. He was surprised at the growth of the trees and believes the enterprise will be successful.

May's OLD KONA COFFEE

We can't say too much in favor of MAY'S OLD KONA COFFEE. There is no other coffee that can approach it in flavor and general quality. The coffee is well aged. This is one of the reasons why it is so good. Coffee must be carefully stored to be at its best. Nearly all coffee is too new.

Roasting and grinding are most important operations in preparing the coffee bean for use. We pay special attention to these very vital processes. Our coffee is freshly roasted and is ground fresh for every customer.

Taking the above facts into consideration, is it wonderful that no other coffee can compare with MAY'S OLD KONA COFFEE?

NEW SCHOOL BUILDINGS

Seven to Be Built at a
Total Cost of
\$19,004.

Four out of the eleven school buildings for which bids were opened on Monday cannot be built at present. Owing to the advanced price of lumber the appropriations in the loan bill for the different islands cannot be made to cover contractors' figures.

Seven structures at once, however, are a good many, and that number of school sections are going to be favored with new houses. It means hundreds of children in school next year who could not be there this year for lack of accommodation.

C. S. Holloway, Superintendent of Public Works, yesterday awarded contracts as follows for four school buildings on Hawaii and three on Maui:

On Hawaii J. D. Lewis is to build a one-room schoolhouse in 35 days at Paauhau for \$1620, a three-room schoolhouse in 70 days at Hakalau for \$3497, a two-room addition in 25 days at Honoumuli for \$2120 and a two-room schoolhouse in 60 days at Hilea for \$2635.

On Maui Peter O'Sullivan is to build a four-room schoolhouse in 120 days at Waihee for \$3995 and a two-room schoolhouse in 60 days at Kihel for \$1990, and H. H. De Fries a one-room schoolhouse in 120 days at Nanihiki for \$3147.

The total amount of these seven contracts is \$19,004.

Buildings deferred for the present, but for which the plans are prepared, are those intended for Waialeale, Kaunamano and Kaunama on Hawaii, and Huelo on Maui.

Danger in Delay.

PROMPT ACTION MUST BE TAKEN
TO PRESERVE HEALTH.

Kidney troubles are dangerous because they creep on so stealthily that they get a firm grip on the victim before he is aware of it. They manifest themselves in such varied forms that they are easily mistaken for other diseases.

Make no mistake!
Do not delay!
Treat the kidneys now!

The kidneys are sick and will not get well unless you use a kidney medicine. Doan's Backache Kidney Pills is the certain, safe and prompt remedy for the kidneys only. It cures. It has cured people right here in Honolulu.

A. J. Cahill, of Fort Street, this city, night watchman in the employ of Messrs. T. H. Davies & Co., Ltd., says: "Whilst a young man I was a sailor and at one time worked for the Inter-Island service. I was, however, obliged to give up sea life on account of severe suffering from my back and kidneys. For this I had tried various remedies, but the one which restored me to health was Doan's Backache Kidney Pills—procured at Hollister's Drug Store. They relieved me completely after years of suffering. If any one desires further particulars he may apply to me. I am to be found at Yan Doan's Ship Chandlery, Fort Street."

You should get the same medicine which helped Mr. Cahill. See that the full name, DOAN'S BACKACHE KIDNEY PILLS, is on the wrapper and refuse any imitation.

Doan's Backache Kidney Pills are sold by all chemists and druggists at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

SUCCESSFUL BIDDER WAS NEARLY CLUBBED TO DEATH

LIHUE, August 13.—The Garden Island says: Only the strong constitution of a Japanese and the timely advent of some Porto Ricans and Hawaiians prevented a number of Kaka Japanese from being arrested on the charge of murder last Saturday; as it is, they are now awaiting trial on the charge of assault with a deadly weapon.

It appears that two Japanese, one from Lawai and the other from Kaka, had been bidding on a contract at Makaweli which the former succeeded in obtaining. This circumstance so angered the other party that he decided to get even with his competitor in one way or another.

The successful bidder moved to Camp IV, Makaweli, and here he attended a meeting at one of the houses at eleven o'clock he was called out by the Kaka man, who pretended that he had come over to discuss the contract with him. He was sitting, Japanese fashion, on the heels, talking, when he was suddenly seized, dragged away from the house and set upon by a number of men armed with clubs.

While this was going on two other men had rushed to the door of the house and prevented the men who were inside from coming to their friend's assistance by threatening them with clubs.

Meanwhile the attacking party was belaboring their victim with cudgels made from oak oars which had been sawed into three-foot lengths. One of them picked up a boulder weighing some 150 lbs., evidently with the intention of crushing the man's head

MEARS GETS INFORMATION

Meets With Favorable
Reception in
City.

"I have met with a very favorable reception in your business community," said W. A. Mears, special representative of the Portland Chamber of Commerce, yesterday. "I have been listened to and have listened to them with a great deal of interest and am piling up data which our business men in Portland Oregon want."

Mr. Mears has also been visited by several Honolulu men and he has put them in the way of establishing reciprocal trade relations. One man who has koa, or Hawaiian mahogany, to dispose of, learned that in Portland there are three big furniture manufacturing concerns and a branch of the largest furniture factory in the United States is there. Portland disposes of a tremendous lot of furniture every year, San Francisco, from which place furniture is shipped to Honolulu, being one of its best customers. There is one opportunity opened up to island products.

Then a pineapple man was put in the way of working up considerable business in Portland and thereabouts. Another man who has honey for sale can find a market and a ready one there.

These are but samples of the way Mr. Mears is dispensing information and getting island data in exchange.

Next Tuesday he goes to Hilo, returning the following Saturday.

At an early date there will be a joint meeting of the Chamber of Commerce and the Merchants' Association which Mr. Mears will address. He will be armed with data to answer questions.

A SURVIVOR OF PORT ARTHUR

Dr. Hubbenet, head surgeon at Port Arthur, and one of the Russian delegates to the Red Cross Convention now in session at Geneva, in conversation with a member of the local press, stated:

No fewer than 45,000 out of the 48,000 besieged men were wounded, some of the officers being struck seven and eight times. The death roll reached 11,000. There were twelve hospitals and one hospital ship, all of which were congested almost from the first days of the siege. The speaker rendered high tribute to the scrupulous manner in which the Japanese invariably respected the Red Cross flag. During the latter month of the siege, prices reached an extraordinary figure; eggs fetched \$3 each, a half-starved chicken \$30, and champagne cost you \$25 a glass. "Twenty cows were the healthiest-looking of the lot of us," added the doctor, "for it was necessary to feed them well at all costs, the milk being essential for our sick." When finally these poor brutes had to go with the rest, the last survivor fetched \$2500, "and tasted like leather." The soldiers lived on black bread, and were given a quarter of a pound of horseflesh twice a week. Asked about General Stoessel, Dr. Hubbenet said that this question was sub judice, and he could say nothing. The doctor, however, hastened to excuse the much abused commander, saying, "Of course, you must recollect that none of us were ourselves. We were all greatly enfeebled, by actual sickness, as much as by the long strain, and the general was no exception to the rule."

with it, but, seeing that the noise had aroused the camp and men were running to succor, dropped the rock within two feet of the victim's head. The assailants then ran to the road, where they got into an express wagon and drove away.

J. H. Wilson, who has his camp at the same place, was aroused by the noise and at first thought that it was a row among his Porto Ricans, as he heard the voice of his Porto Rican luna, and therefore went out to pacify them. He arrived just as the Japanese were driving off. Seizing a lantern, he went down to the road and there found that a wagon arriving from the Waimea direction had turned there and driven back over the same road. He therefore at once telephoned Deputy Sheriff Crowell to watch out for the men, with the result that, when they arrived at the Waimea bridge, they found the police there ready to convey them to jail. There two of the men at once confessed.

Two Porto Ricans and two Hawaiians had witnessed the affair from the distance and it was they who had raised the alarm which scared the assailants away. They had also seen the arrival of the express wagon with a lot of men, without, of course, suspecting their intention.

The victim has a number of wounds in the head and only the fact that he ward the blows to some extent with his arms saved him from having it crushed to a jelly. His arms and legs are so swollen and lacerated that the doctor declares that he can not be moved for eight or ten days. The perpetrators will be held to await trial at such a time as their victim will be able to testify.

JAPANESE DESIRE CHANGE IN TRACHOMA REGULATION

Would Have "Curable" Cases of Immigrants
Undergo Treatment Period in
Quarantine.

There is a proposition on foot among the Japanese to draw attention at Washington through the proper diplomatic channels to some proposed changes in the health precautions exercised by the Marine Hospital Service against Japanese immigrants afflicted with trachoma, who come to Hawaii.

The present law requires the physicians to order deported any Japanese immigrants who have trachoma. They must return to Japan. The regulation on this point is very strict. The result is that families are often separated here, naturally causing considerable hardship to those whom the order affects. Sometimes a wife is sent back home, the husband, not being afflicted, being permitted to remain. Families on leaving Japan for Hawaii often go to considerable expense, disposing of their property in order to make the trip. When a member of the family is sent back to Japan it is to face hardship.

The proposition now is to have the law changed so that the examining physicians here may diagnose the cases. Those which may be cured are to remain here in quarantine for a certain period undergoing treatment. If at the end of this period any immigrants are cured, then they are to be

landed. If not cured, then the final order of deportation may be made. If a physician decides in the first instance that a case is incurable, well and good, for the order of deportation goes into effect at once.

Prominent Japanese state that local friends of the afflicted ones would be willing to stand the expense connected with their period of quarantine and treatment, rather than that the family itself should be obliged to incur additional expense through deportation and the disheartening separation of families.

It is understood that the matter will be brought to the attention of the local immigration authorities, and possibly include Secretary Atkinson, chairman of the Territorial Board of Immigration, and ultimately through the Japanese ambassador at Washington to the immigration and health departments there.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

This is a perfectly reliable medicine for bowel complaints, and one that has never been known to fail even in the most severe and dangerous cases. For sale by Benson, Smith & Co. Ltd., agents for Hawaii.

MRS. ANNA B. FRYE.

WHAT OVERWORK REALLY MEANS.

What a long story is condensed in that one word, which Mrs. Frye uses in her letter—as if "over-work" were a matter of course.

How many persons ever stop to realize that "over-work" simply means that their vitality has not been sufficient for the duties of the day—the work has probably been no more than a normally healthy person could do with ease.

Instead of calling it "over-work," it would be truer to speak of it as—"Under-vitality."

Remember, your strength is not in your muscles—the muscles simply work when the nerve force tells them to. Even your brain does not work by itself—the substance in your brain cells depends on getting energy with which to do its work; and this energy is nerve force—the same great power-of-life that actuates every function of the body.

Every form of weakness, or sickness, or disease, results from a lack of the strong nerve force which should keep the organs working properly.

When one speaks of "a good constitution," one simply means a sound, strong nerve system.

When the nerve system is not strong and well-nourished, it follows inevitably that one is easily "over-worked"—easily run down—just as Mrs. Frye describes:

"As a tonic and invigorator I am sure nothing equals Paine's Celery Compound. I have it always on hand."

"When weak and nervous, or restless from overwork, a dose of it soothes and strengthens me so that I wake up bright and refreshed, and fully capable of going through a strenuous day's work."—Mrs. Anna B. Frye, 122 DeKalb Ave., Brooklyn, N. Y., August 5, 1904.

The nerves need food to keep up their strength. Their food is not the same food that we usually know.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine—the great enlightening truth, that the nerve system rules all the body's health.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Doctors know and value this prescription and make constant use of it in their practice.

Its effect is almost instantaneous—the nourishment and vigor given to the nerve system by Paine's Celery Compound is felt at once.

The patient feels this at once and gains confidence by it.

The stronger nerve forces have begun at once to make each organ of the body do the work that nature expects of it.

Two days' treatment with Paine's Celery Compound will prove its marvelous power.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable druggists sell and recommend it.

THE HARD LUCK OF A MAN WHO WAS ROBBED

A Japanese Who Thinks He Had Better Have Been the Burglar Than the Property-Owner, as Things Came Out.

The following remarkable story appears in the Hawaii Shimpō:

The statement of Kamitani, published in herein below, discloses some very remarkable proceedings, assuming it to be the truth. It means that the ordinary machinery of the law is worse than useless for a Japanese, for if Mr. Kamitani had suffered in silence as a victim of a burglary he would have been much better off. The result of his appeal to the police is a term in prison for himself, the expense of getting bail, two years' prevention of a trip to his home, and the loss of all the personal effects he had with him when arrested. The outrage extends over the terms of more than one head both of the police and attorney general's departments, so it would seem to be quite an established customary way of handling such matters.

Kamitani's place was burglarized in December, 1903. It was May, 1905, when, after he had been told that the burglar had been caught, after he had been arrested and detained as a witness because he was talking of answering a summons to visit a dying mother in Japan, Kamitani was told that the case was paid, presumably it was nolle prossed. Then, replying to the police station to get his "things," he is sent back and forth from police station to circuit court and to attorney general's department, and finally all departments fail to find the things at all. They are supposed to be still trying, two and a half years after the case started.

It is another case of a Japanese being forced to appeal to his consul in an attempt to get ordinary justice. There was nothing else for Mr. Kamitani to do, and nothing for the consul to do but write a letter of inquiry, the answer to which was that a search was being made.

Japanese who have heard of Mr. Kamitani's experience will be slow to invoke the aid of law as it is enforced in Honolulu. The sufferer, it seems, is not the criminal but the man who lodges a complaint against him. Yet Japanese are urged to "respect the law" and as naturally law-abiding people they try to do so. But it is dangerous to fool with a police system that is the sort of buzzsaw Kamitani found it to be. Mr. Kamitani would probably rather be burglarized again than ask for the protection of the Honolulu authorities.

KAMITANI'S LETTER.

To Mr. C. Shiozawa, Editor of the Hawaii Shimpō: On the night of December 29, 1903, a burglary was committed on my premises and I was robbed of tailoring goods to the extent of three hundred dollars worth. The robbery was duly reported by me next morning to the police. Nothing, however, was heard of it until April 12, 1904, when, during my absence at the island of Maui, detective McDuffy came to my shop and reported that the perpetrator had been arrested, of which fact I was informed by my men on the 17th of the same month upon my return to the city. Thereupon on the 18th, I presented myself at the police station, only to be told to go to the circuit court. Directly I repaired to the court where I was told to call again next day, which, of course, I respected. The next day and the day following I received the same order, and thus there was nothing doing until the visit was repeated in like manner for at least half a dozen times or more, when, one day, the officials condescended to hear my story—regarding how I was robbed. Then and there I was told to go home and wait till I was summoned. Again nothing was heard several months.

Becoming impatient of the silence, I resorted to the court several times to find out how the matter stood, but only information I was able to gather through Interpreter Yamada was that the Attorney General "really felt sorry for me for this unusual delay," and hoped I would wait a trifle longer.

Meantime my aged mother in Japan fell dangerously ill and my folks over there wrote me repeatedly urging me to pay a visit home. Therefore, on the 30th of November, I went to circuit court and requested that the matter be settled soon, as my folks at home had urgently written me to come home on account of the critical condition of my mother. A week or so afterwards, to wit, on the 5th of December, at about 5 p. m., I was surprised to be arrested and taken to the police station. I asked of the cause of arrest through Mr. Miki, as I could not speak nor write English. Mr. Miki told me that it became known that I was going to Japan, and that, as the case would soon come up, if I should go away the government would lose an important witness, and that I was detained for the purpose, and that I could be released on bail of \$500. Thereupon, I telephoned to Mr. C. Miyamoto, by the assistance of Mr. Miyamoto and Mr. Anno I was released about 10 p. m. that day.

I have been waiting since for the day of trial, expecting it would come today or tomorrow; weeks and months passed, but nothing came to my knowledge. On the 6th of May of next year, about 2:15 p. m., I met Mr. McDuffie (?) who told me that the case is paid and that I can get things at the court, if I go there on Monday or Tuesday following. I went court on the following Monday, which was the 8th of the month. The Attorney General told me to come next day. So I went to the court again on the 9th, when the Attorney General told me I could get my things in the police station, and he said something to a policeman in the court, who gave me a piece of paper on which he wrote something,

and told me to take it to the police station and I can get my things. At the police station, I handed this scrip to a person who looked a happy. He told me to accompany him, and we made a search for about half an hour, but failed to find the things. He advised me to see "Charlie," as it was already noon by this time, I returned home. And in the afternoon I again repaired to the circuit court and asked assistance of Mr. Yamada. Failing to find any remedy I turned to the Japanese Consulate.

On August 15th I called on the Consul, when Vice Consul Matsubara told me to wait a little longer as the police court answered to a letter of his by saying that the court was making search for my things. Since then I have been to the Consulate five or six times, yet I could not get my things back. I despaired.

I considered what is best to do. Finally I asked the assistance of Mr. Fujisawa, and he consulted Attorney Charlie. Mr. Charlie said that he has turned it over to Henry, and Henry says that he turned it over to the Circuit Court, and the Circuit Court says that it had not received it. It was extremely surprised at the turn of the affair. How many times the principal officers may change, and no matter how long a period of time may intervene, the police and the court itself should preserve record of all business transacted therein. There must be some way to get at things if these records are examined. I then asked Judge Geary to find me my things. He has done all he could. But he could not get me my things.

In my opinion, the thing is thus left in mystery as I am a Japanese. Should I be a white man this thing would have been squarely fixed up very soon. If the police court faithfully enforce the laws and regulations, it would be a very easy thing to find out the things and offenders, in the course of a few days or weeks. I beg to ask your opinion in the premises.

Respectfully,
SHINICHI KAMITANI.

Offer to Men

If you come to me and I tell you that I can cure you I've got confidence enough in my treatment to take all the chances. I am curing hundreds of weak men and women every day, and I know what I can cure and what I can't. If I say that I can fail I will.

PAY YOU \$1000

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book, in which I describe how I learned that strength was only electricity, and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical manhood.

I want you to read my book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells, or any ailment of that kind that weakens you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed, free, if you send this add. Call for free consultation.

906 MARKET ST., SAN FRANCISCO, CAL.

Furniture at Your Own Price

The old established furniture house of J. HOPP & CO., the store in the Young Building, which recently bought the stock of furniture which belonged to the Porter Furniture Co. which is retiring from business, will place on sale at J. HOPP & CO.'S stores this morning, the entire stock of Porter's at prices which have never been placed on furniture here before.

J. HOPP & CO. carry on their own account a large stock of furniture and they have no room for Porter's stock, so they will almost give away the latter. Bring your money with you and the price will be less than you expect to pay.

Closing Out the Stock

The Porter Furniture Co. had a stock which included some high grade goods. We will "murder" these. We have a new lot of new furniture due to arrive here and must put Porter's stock out of the way.

PORTER'S STOCK AT YOUR FIGURES.

REMEMBER THE PLACE!

CHINESE FOR CHINA

Honolulu Boys Are to Study in Empire Schools.

There is to be quite an exodus of Chinese boys within a few weeks. Fourteen are going to the Boone school, Wuchang, and twelve to St. John's College, Shanghai. Both of these institutions are under the American Episcopal church. Many of the boys who are going are members of St. Peter's church, Honolulu, and their loss will be felt. Nearly all of those who are going were born in Hawaii and so can return if they desire as they have proof of their place of birth. The desire of the parents is that their sons shall have a good education in China.

Dr. Potts of St. John's College, Shanghai, where fourteen Honolulu boys are at present, testifies as to the other teachers, as to the great influence of these boys in awakening in their fellow students a spirit of patriotism and of instilling progressive ideas. They are leaders in sports and in all societies of the college. Some of the Honolulu boys who are graduates occupy important positions in China.

It is interesting to note also that two Chinese women are studying in the Eastern States with a view to work among Chinese. One of these is the young widow of Lam Chin who met an untimely death over two years ago and is already engaged by Bishop Root's for work in Hankow. The Bishop wanted a Chinese woman worker who had the enlightenment coming from residence in Hawaii. She and Sara Chung will be the first Chinese Deaconesses in the American Episcopal church.

A farewell service for the boys going to Boone College was held at St. Peter's church last night after which they were addressed by Bishop Root and the Rev. Kong Yin Tet. The Bishop said he was sorry in one sense that the boys were going but glad that China would get the benefit of what they had gained here. If they desired to live here they would soon have a vote and be of influence, but if they wished to live in China they would no doubt have a wide influence for good there. They had received a good training in schools here in Hawaii and elsewhere and now they went to the land where their fathers and they took back with them some of the spirit of Western civilization gained in Honolulu. He begged them to act in such a way that we should all be proud of them. The Bishop then bade them Godspeed and gave them his blessing.

Chang Kim, Yap See Young and

Subscribed and sworn to before me this 26th day of July, 1906.
JAMES MASON,
Notary Public.

In and for the City and County of San Francisco, State of California.

Kong Man Tet, vestrymen of St. Peter's, also made addresses. At the close refreshments were served to the large number present.

The Chinese Consul recently told Bishop Root that Mandarin is the language spoken in Hankow. There is a movement, he said, to make Mandarin the language of the schools, so that that language will eventually become the common language of China and displace the dialects which prevent China from becoming a cohesive nation. Most of boys here speak Hakka, which resembles Mandarin.

Summer Traveling

The standing of the man is often written in the clothing he wears. The cut, the style, the finish tell the story. We make clothing for men who travel and we put both cut and finish to the suit that will pass muster on Broadway. We think well of our effects and the public endorses our prices by their patronage. Ours are the clothes that fit and hold shape.

H. T. MOORE, Command.
R. H. LONG, Adjutant.

GARNISHEE TEST CASE

Auditor's Return--Will of Dr. Taylor--Mrs. Kaa's Plea.

J. H. Fisher, Auditor, has made a return to the appeal of Isaac Harbottle to the Supreme Court from his action in requesting out of Harbottle's salary as assessor's clerk, under service of garnishee process, \$18.75 as one-fourth of what was coming to him in September, and drawing a warrant for that amount payable to Lewers & Cooke, Ltd., a judgment creditor of Harbottle's. The judgment was payments made by the Auditor thereon out of Harbottle's salary amount to \$423.83. The latest warrant as above has not been delivered, being held to await the decision on Harbottle's appeal. This is the case in which the statute of garnishment relating to Government appeals is to be tested.

DR. TAYLOR'S WILL.

Smith & Lewis have filed the petition of Bertha S. Taylor for probate of the will of her late husband, Dr. William Edwin Taylor, in which she is named as sole devisee and legatee, as well as executrix to serve without bonds. The estate is described in the petition as "personal estate consisting of cash, surgical instruments, office furniture, and horses and carriage, valued at about three thousand dollars, and book accounts, the value of which is uncertain. The will is a model of conciseness, being as follows:

"William E. Taylor, M. D., Honolulu, T. H., March 9th, 1903. "Realizing the uncertainty of life, and being of a sound and disposing mind, I do hereby, at my death, give all and everything of which I may die possessed to my wife Bertha Stone Taylor, to dispose of as she may see fit, and I do appoint her sole administratrix without bonds.

"W. E. TAYLOR. "Medical Inspector, U. S. Navy." Drs. Arthur G. Hodgins and James T. Wayson sign as witnesses.

CLAIM SATISFIED.

A. G. M. Robertson for plaintiff has discontinued the suit of John F. Bowler against the late Louis Marks, acknowledging full satisfaction of the claim by Charles Bon, administrator of defendant's estate. The claim was for \$350 with 6 per cent interest from April 13, 1900.

MRS. KAA'S TROUBLES.

Jessie K. Kaa, executrix of the will and administratrix pendente lite of the estate of Margaret V. Carter, deceased, has filed a petition for leave to withdraw her accounts. She is advised that she was under a misapprehension of her powers in the offices above named, in consequence of which the court had surcharged her with sums aggregating a large amount. With her new knowledge she is convinced that she ought not to have such surcharges against her, with one exception mentioned of an item of \$63.50. C. W. Ashford is her attorney.

JUDGMENT AGAINST KUHI.

Judgment for \$186.54 has been rendered against Prince Cupid, the amount being the sum of his indebtedness to a New Zealand client of Holmes & Stanley, with the costs of action. The claim is one of long standing, the defendant having promised to pay at different times before the action was filed, excusing his neglect because so much of his time had been consumed in attending to his duties as Delegate to Congress. In consideration of the judgment not being pressed against him until October, he had agreed to appear at the District Court and acknowledge the claim. He failed to appear, however, and judgment was rendered against him by default.

A GOOD RULE FOR THE HOME.

Make it one of your regular habits to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy in your home as a safeguard against a sudden attack of bowel complaint. It is certain to be needed sooner or later, and when that time comes it will be needed badly. For sale by all dealers and druggists; Berson, Smith & Co., Ltd., agents for Hawaii.

HAWAIIAN TRIBE NO. 1, I. O. R. M.

Meets every second and fourth FRIDAY of each month, in I. O. O. F. Hall, Fort street. Visiting brothers cordially invited to attend.
W. F. DRAKE, Sachem.
A. E. MURPHY, C. of R.

HONOLULU AERIE 140, F. O. E.

SAM'L McKEAGUE, W.P.
H. T. MOORE, Secty.

HONOLULU HARBOR NO. 54, A. A. OF M. & P.

Meets on first and third Sunday evenings of each month, at 7 o'clock, at K. of P. Hall. All sojourning brethren are cordially invited to attend.
By order Worthy Captain,
F. MOSHER,
FRANK POOR, C.C.

HONOLULU LODGE 616, B. P. O. E.

Honolulu Lodge No. 616, B. P. O. E., will meet in their hall, on Miller and Seretania streets, every Friday evening. By order of the E. R.
HARRY E. MURRAY, E. R.
HARRY H. SIMPSON, Secty.

HE CHOOSES QUICK TRIAL

Captain Woods Waives Jury -- Bankruptcy Refereeship.

Captain George W. B. Woods, master of the British steamer Chiswick, is going to stand his trial at once, without a jury, and have done with the trouble into which he has got over allowing a stowaway from Newcastle, N. S. W., to land as alleged without the consent of the immigration authorities.

In the meantime the stowaway, it is said, has shipped on board another vessel and left this port.

Yesterday morning Captain Woods waived examination before U. S. Commissioner W. B. Mallig and was committed, under a bond of \$500, to the Federal grand jury. Later a criminal information was entered against him for the offense stated and the case was continued by Judge Dole until this morning to be set for trial. The respondent, by his counsel, W. L. Stanley, filed a stipulation waiving trial by jury and consenting that the case may be heard in court tomorrow morning. In the meantime Captain Woods stands released under the bond already mentioned.

Judge Dole yesterday continued the hearing of the Ahni bankruptcy case until amended schedules are filed. C. R. Homenway was appointed by Judge Dole to be referee in bankruptcy. This is believed to be a temporary appointment while W. T. Rawlins, the regular incumbent, takes a vacation from the office to enable him to act as a member of the Territorial board of registration for Oahu.

SEPTEMBER TERM JURORS DRAWN

Grand and trial jurors for the September term of the Circuit Court of the First Circuit were drawn by Job Batchelor, clerk, before J. T. De Bolt, First Judge, yesterday morning. There will of course be changes after the return of the lists in court, from absences and excuses for other causes, but meantime the panels are as here given.

Grand jurors to appear before Judge De Bolt on Tuesday, September 4, are the following: George C. Potter, E. L. Marshall, F. P. Dillon, Hugo C. Koelling, Wm. H. Heine, Fred. M. Lewis, F. L. Waldron, D. G. May, Aug. Ahrens, John H. Schnack, J. S. Low, F. E. Blake, J. M. McChesney, W. H. McInerney, W. A. Bowen, Samuel Dwight, F. S. Lyman, C. J. Campbell, Clinton J. Hutchins, John Effinger, Jas. D. Dole, J. J. Lecker, John Kidwell.

Trial jurors to appear before Judge De Bolt, for criminal cases, on Wednesday, September 5, are the following: Bruce Hartman, Geo. H. Cowan, John C. Abreu, Wm. E. Kimball, Manuel Freitas, Horace N. Crabbe, John Mallina, J. Ordenstein, Arthur P. Wall, David Fuller, James E. Jaeger, Ed. P. O'Brien, Wm. A. Akerman, Fred. J. Smith, Walter C. Gilman, R. L. Auerbach, C. H. Clapp, Henry Wise, Howard W. Adams, Henry Foster, Richard Weedon, W. H. Hutchinson, Robert Scott, Joseph Brown, B. F. Beardmore, T. S. Chinn.

Judge Robinson's jurors for civil cases, to appear on Thursday, September 6, are the following: Charles Butzke, C. W. Bridges, John Coffee, Chas. G. Cooper, Adolph Cramer, James Cullen, Frank J. Dutra, John H. Fuller, Thomas Gill, W. G. Hillis, Charles Johnson, Thomas Jones, A. G. Kannegiesser, S. Lesser, Nelson B. Lansing, Charles Lucas, A. E. Lloyd, J. Homer Nishwitz, Louis Schweitzer, George W. Scott, Fred. E. Steere, George P. Thiele, Harry R. Tuck, Frank J. Wallace, Wm. Wehrlich, Jesse O. Young.

Trial jurors to appear before Judge Lindsay on Wednesday, September 12, are the following: W. R. Foster, James Young, Henry M. Rodgers, A. M. Mellis, C. M. Lovsted, Wm. Allen, D. G. Jaeger, F. B. McStocker, A. C. Dowsett, E. C. Bruns, John Waters, J. Oswald Lutted, Archibald S. Robertson, Frank C. Atherton, Andrew Nelson, Wm. F. Wilson, Walter K. Waiamau, Edwin Mitchell, C. Christopherson, Walter Starbird, Jack Mansfield, A. B. Arleigh, David Houk, S. W. Spencer, Wm. Buckle, F. L. Dortch.

The legal opening day of the term is the first Monday in September. That is Labor Day and a legal holiday, so that to make everything right Judge De Bolt, presiding at the term, will formally open court that day and immediately adjourn until Tuesday.

PORTUGUESE DRIVE THINGS HOME

Yesterday the resolutions of the recent Portuguese-American mass meeting, on Judge Robinson's letter to Senator Perkins, were presented to Secretary Atkinson. One copy was for Governor Carter and another one for President Roosevelt.

The Portuguese not American citizens will convey their sentiments respecting the Robinson-Perkins letter through Consul Canavaro to the Minister for Portugal in Washington.

It is reported from Nagasaki that the organ of Russian revolutionists, under control of Mr. Russel, a leader of the revolutionists, and eight others, is now publishing about 2000 copies per issue, for Siberia via Vladivostok. Accordingly the Russian government has sent an emissary for the observation of their movements, and he is now in the Russian Consulate there—Japan Gazette.

Investment

NOT

Speculation!

KING STREET.

HERE IS THE LIST.

BUY THEM AS LOW AS YOU CAN.

(1) Two-story residence (fine condition); will pay 10 per cent. on \$3000; house cost alone \$3800; valuation \$5240. Buying this under \$3000 makes an investment better than stocks or bonds.

(2) Same except valuation, \$4730.

REMEMBER YOU ARE BUYING.

(3) Store and lot now occupied. A running soda water making concern; concrete floors. My valuation \$1000.

INVEST 50 PER CENT. OF THAT.

(4) 1 large two-story store; pays regularly \$240 a year; should pay \$300.

FIGURE OUT WHAT YOU CAN PAY

(5) Same kind of building; upstairs tenement house; pays \$20 a month.

(6) Separate lots, cottages thereon; pay now \$45 a month; want some repairs; should rent for \$72 then.

(7) 7 lots, without cottages.

(8) 3 lots on King street, just right for rough board stores; will pay good interest; worse lots than these are valued \$750. You'll perhaps get these about \$350.

FIGURE OUT ON THOSE NINE COTTAGES AND LOTS.

Bought at \$300, repairs at \$25, total \$325; rents \$72 a year. About 22 1-2 per cent. after deducting taxes. Where can you do better with your SMALL SAVINGS?

Regular terms: 1-4 cash, balance 7 per cent.

A BATSKELLER

THE NEXT THING

In addition to his plans for a cafe in the Hotel-Bishop street store of the Young building, Mr. Young has in contemplation the establishment of a ratskeller in the basement beneath.

What is a ratskeller? It is a refined beer-hall, a cool, inviting place, sometimes equipped according to Germanic ideas for such places, where the Wurzburger flows from early morning until near midnight and where you learn to like typical German food. Almost every town and, of course, every city on the mainland, has at least one ratskeller, and before long it is not unlikely that Honolulu will fall in line.

"Well, the idea of a ratskeller has been suggested," said Mr. Young yesterday, "but it's too early just now to say whether or not it will become a fact. However, we have the matter in mind."

BUSINESS LOCALS.

Go to Sachs' today.
Read Morgan's columns.
The Rough Riders are coming.
New fancy white shirt waists with short sleeves at \$1.50 at Sachs'.
A. N. Sanford, optician, Boston building, Fort street, over May & Co.
A safe for the home may be purchased at auction Saturday at Fisher's auction rooms.
Good pasture near town. Plenty of water and feed. For particulars call at Club stables.
A fine roller top desk like new, may be seen at Fisher's auction rooms, to be sold Saturday.

Opportunity of a lifetime is the Pacific Hardware Co.'s closing out sale. Japanese goods at cost prices.

If you wish a new desk, a safe, type-writer, letter-press, or any office furniture, attend Fisher's sale Saturday.

There is nothing in using California made soap. Ours, made here at home, sells for \$3.75 a case and is all soap.

If you want to keep cool, wear one of those porous knit undershirts, sold only at Land's stores. Just the thing for this warm weather.

Tenders will be received at the office of the Supt. of Public Works for the construction of a one-room schoolhouse at Kawaihāpai, Waialua.

First-class tickets to all stations on the Oahu Railroad and Haleiwa coupon tickets are now on sale at the office of Trent & Co., 936 Fort street.

When you visit San Francisco stop at the Hotel Jefferson. Car lines transferring to any part of the city pass the door. Hotel auto or omnibus meets all steamers.

On Saturday next Morgan sells at his rooms valuable land on King street, Palama. See his columns and find out the possibilities of a home, or investment of small savings at a paying rate.

The Sachs Dry Goods Co.'s offering of underwear, corsets and hosiery for Thursday, Friday and Saturday only will surpass all records. Over 1000 dozen pairs of hosiery will be offered at startling values. Come and be convinced.

See Sachs' ad. today.

LOCAL BREVITIES.

Sumida, suspected of insanity, is in custody for examination.

A card party will be given tonight by the officers of the cableship Restorer.

C. H. Jennings, the Koloa merchant, is in town, and returns today to Kauai.

Olive Branch Rebekah Lodge No. 2 meets this evening at 7:30 o'clock in Odd Fellows' hall.

Messrs. Scott, Derby and Wright of the yacht Hawaii party are making the ascent of Haleakala.

Chun Soon, a Chin with an appetite for chickens belonging to others, will serve sixty days for larceny.

Auditor J. H. Fisher has taken a few days off to see his wife comfortably settled at Wahiawa for a season.

A depth of 42 feet of water in the Wahiawa dam yesterday morning was reported by Superintendent Kellogg visiting the city.

There will be a full rehearsal of the Myrtle boat club opera "Ship Ahoy" tonight at the Elks hall. A full attendance is requested.

Dine at the Royal Hawaiian Friday. Concert of best Hawaiian music from 6:30 to 8:30 o'clock. Dancing later. Reserve places now.

L. D. Timmons has been given thirty days in jail as a vag. Judge Whitney advising him to put in this spare time making up his mind to brace up.

Olive Branch, Rebekah Lodge No. 2 I. O. O. F., will give a dance at Odd Fellows' hall, on the evening of Sept. 1, 1906. An enjoyable time is promised to all who attend.

Governors of the Auto Club, under the presidency of John A. McCandless, will meet at the promotion rooms at 4 p. m. tomorrow, to consider the constitution and by-laws.

Governor Carter did not come up from his seaside place at Kaalawai yesterday, he sent from there for the new law relating to naturalization, whose provisions he is studying.

U. S. Marshal E. R. Hendry is likely to extend his vacation on Hawaii. Office Deputy F. L. Winter has advised him that not much is doing at headquarters and everything is running smoothly.

All members of the Honolulu Symphony Society are kindly requested to be present for the first rehearsal of the opera "Ship Ahoy," music at the Symphony Club Friday evening, Aug. 17th, at 8 o'clock.

Raiders were made last night on two Chinese gambling joints, one near the corner of Hotel and Kekaulike streets, the other at Pauahi and River streets. In each raid eight gamblers were caught with the goods.

A meeting of the Citizens' Workmen Club will be held this evening in Waverley hall, corner of Bethel and Hotel streets. Some very important business is to be transacted and all workmen are requested to attend.

Dr. J. H. Raymond has sold his two meat markets in Honolulu to the Metropolitan Meat Co. He retains his Wailuku market, but any cattle from his ranch on Maui sent hereafter to Honolulu will be consigned to the Metropolitan.

The condition of Captain Sam Leslie was reported to be very serious at a late hour last night, Dr. Baldwin being called in for consultation with his physician, Dr. Humphris. During the day Leslie had held his own, but relapsed towards evening.

Lester Petrie is to be promoted from road master to master mechanic of the C. R. & L. Co., succeeding Charles Musgrave, who will leave for Seattle the end of this month. Gerald Hughes will take Petrie's vacated place, being promoted from assistant to his brother, John A. Hughes, foreman car builder.

Gerard Barton has resigned his position as organist of St. Andrew's Cathedral and Mr. Bode has been appointed in his place. Mr. Bode will have charge of the choir at once but will be unable to take the organ until the third Sunday in September owing to his engagement at the Methodist church.

Miss Louise Manning and Mr. Robert Churton were married last evening at 6:30 o'clock at St. Andrew's Cathedral by Rev. Canon Ault. The groom is a young Australian who has resided here a number of years. Besides being a stenographer he is one of the best "socket" football players in the Honolulu league.

It is reported that Chinese merchants are considering the advisability of importing opium direct from China, instead of through San Francisco as has been the custom since annexation. Difficulty of obtaining supplies from San Francisco since the disaster is the cause of dissatisfaction. Three consignments were received in June and July from Victoria.

Today is the popular day for celebrating the Emperor of China's birthday, yesterday having been the official date. He is 47 years of age. Yesterday the big flag of ceremonial occasions was flown from the main turret of the Capitol and the consular flags were all flying in honor of the event. Chang Tso Fan, the Chinese consul, gave a reception to the consular corps in the morning and last night gave a select dinner party at the consulate. Tonight a public reception will be held at the clubhouse of the United Chinese Society, King street.

THE SALVATION ARMY.

Colonel French and the local corps will conduct the first meeting in the Chinese and Korean outpost tonight at 7:30 o'clock. The hall is located at 153 N. Beretania street, near River street, and will be used for meetings and school for the Chinese and Koreans. Everybody is cordially invited to the opening meeting.

Colonel French and Adjutant Bamberg will leave by the Claudine tomorrow for Maui and Hawaii. They will conduct meetings in Wailuku, Kaunaloa, Paia and Lahaina, on Maui, and in Hilo and Mountain View, on Hawaii, returning to Honolulu Saturday, August 25, by the Kinau.

S. S. ALAMEDA, AUG. 22,

takes the next shipment of Tropic Fruit Co.'s selected pineapples to the Coast. 6 fruits to the crate. Office with Wells-Fargo, King street.

CHEAP GAS

The advantages of a Gas Stove are numerous. Here's a few:

Cheaper fuel, quick heat, cool kitchen, no wood to chop or coal to carry and no ashes.

Have you ever run your stove for \$2.60 a month?

Honolulu Gas Co.

Make Your Own Bread

by using a "Universal" Bread Mixer. Anyone can make bread in the "Universal." Any flour, any yeast, any recipe that will make good bread by hand will make better bread in the "Universal."

CLEAN, QUICK AND ECONOMICAL.

The dough is not touched by the hands at all. This little time and labor saver does the mixing and kneading of the dough in three minutes. Think of it, twenty to thirty minutes of the work of hand kneading with all its labor is

DONE IN THREE MINUTES

thoroughly and scientifically, and the bread is much better than when kneaded by hand. Come in and let us show you this mixer, and we are sure that you will be convinced that

THESE ARE FACTS.

DON'T GET LOW ON STATIONERY!

You waste valuable time and temper when you wait till the last sheet's out of the stationery closet before ordering—and the "sample" may not be found. Keep in touch with our constant renewals of stock, and our prices which are right and we'll both profit.

Special efforts made to please buyers by mail.

Everything for the Office.

WALL, NICHOLS CO., LTD.

HAMS AND BACON

Smoked here at home. No paying for canvas at the same rate you pay for meat and the ham is a better quality because it is more carefully smoked. A few at a time and the pieces are more judiciously selected.

The same attention to detail follows the curing of our bacon. What you get here is fresh and not last season's dried-out product.
