Three Hundred Is Last Estimate of World Press Party

Chairman Lorrin A. Thurston of Honolulu Entertainment Committee Sends Information Which Maui Wanted.

Three hundred are expected in the Press Congress party that will reach Kahului on the morning of October 15 and remain on Maui until late on the night of Sunday, October 16, advises L. A. Thurston, chairman of the World's Press Congress Honolulu entertainment committee. His letter will be read to the meeting of the Maui Press Congress committee at its meeting in the Chamber of Commerce rooms this afternoon, at 3:30.

Mr. Thurston's letter, mailed Saturday morning in Honolulu, is the first definite information as to the number to be expected. Previously it was said there would not be less than 250 and perhaps 350. The new figures strikes an average equally between the two.

"Our latest information from Dean Williams," writes Mr. Thurston, "is that his estimate is there will be 200 from the mainland alone, including 60 ladies. This is in addition to the European, South American, oriental and Australian and New Zealand delegates. It looks, therefore, as if we would certainly have not less than 300 people to care for."

Mr. Thurston has prepared from the information sent him a detailed and comprehensive program of the Maui entertainment and itinerary planned with a considerable amount of comprehensive information as to what is to be offered.

"We are planning on having a selected number of kamaainas accompany the party on the Hawaii-Maui trip," he continues, "so as to give opportunity to get better acquainted with the delegates and see that they get full and correct information. The Honolulu committee from the funds it raises will pay their expenses and if Maui desires to send one or more along in the inter-island trip, your committee paying their expenses, we shall be glad to arrange accordingly and notify the Hilo committee so that it also can arrange."

As to the Haleakala trip in the detailed program he has prepared, Mr. Thurston says to the delegates: "The trip to the summit of Haleakala involves an automobile trip followed by a horseback ride to an elevation of more than 10,000 feet, a stay over night in the summit rest house, which is a one room shelter, equipped with bunks, returning the next morning. It is cold at night—about freezing—and warm clothes or wraps and sweaters should be taken. The limit to the number of persons who can be taken on this trip is 30. Those desiring to make the trip are to notify Mr. Thurston, not later than Thursday night, October 13. His description of the beauties of the Iao Valley is particularly attractive."

Nearly Three Hundred Miners Are Indicted

LOGAN, W. Va., Sept. 17.—The Logan county grand jury adjourned today after returning a blanket indictment charging 325 persons with murder in connection with the recent disturbances in the coal mining regions. Among those indicted are C. F. Feeney, president, and Fred Mooney, secretary of district 17 of the United Mine workers.

H. W. Blizard, also a United Mine Workers' official, was indicted, together with 200 others, on a charge of insurrection and carrying weapons.

Tempest Does Great Damage; Many Killed
(ASSOCIATED PRESS)
CUENTA, Spain, Sept. 20.—A terrific tempest did great damage at and around Mothilla del Palancar Sunday night. Forty houses were blown down, whole families are missing and at last reports 12 bodies had been recovered from the ruins.

American Shot and Killed at Tampico
(ASSOCIATED PRESS)
WASHINGTON, Sept. 20.—Advices received by the state department from the American consul at Tampico say that C. R. Crabb, an American, was killed there by "Mexican soldiers."

COLLEGE DEDICATED
(ASSOCIATED PRESS)
PEKIN, Sept. 20.—The Union Medical College, costing \$8,000,000 of dollars, erected by the Rockefeller Foundation was dedicated by Oha D. Rockefeller Jr., who came from New York for the occasion.

Homes Commissioners Select George P. Cooke for Their Executive

Organization of the Hawaiian Homes Commission was perfected at a meeting held in Honolulu Friday. The board is composed of the members mentioned in Maui News last week, J. K. Kalaniana'ole, Rudolph Duncan, Rev. Akaiho Akana, George P. Cooke and Governor Farrington. George P. Cooke has been selected to be the executive officer at the salary of \$6,000 per year.

Friday's meeting of the homes commission was, in a sense, an informal one, for the commissions of the members had not been made out, hence the choice of Mr. Cooke was a selection and not an election, which it will become at the first regular meeting.

It was informally agreed that lands on Hawaii and Molokai which have been set aside for the next five years under the Hawaiian Homes measure and which will not be immediately used, be turned over to the commissioner of public lands for leasing. The law has set aside 39,000 acres of land for this colonization purpose, 33,000 of which are on Molokai and the balance on Hawaii. It is understood that the initial movement will be made on Molokai, and as a result the Hawaii lands will be leased and all of the rental derived therefrom will be placed to the account of the Homes Commission.

Oklahoma Bandit Makes Daring Effort to Escape

LITTLE ROCK, Ark., Sept. 18.—(Associated Press)—Tom Slaughter, Oklahoma bandit, in an attempt today to escape from the prison farm, killed one and probably fatally wounded two trusty guards with a rifle which had been smuggled in from outside.

Slaughter was in the bathhouse of the prison. He made more than a hundred convicts flatten themselves on the floor while he began picking off the guards. A life term, Sam Payne, fired at Slaughter with a pistol forcing him to surrender.

The loyalty of a small band of trusties prevented the escape of more than 200 convicts.

A. Lewis, Jr. Chosen by Farrington for the Office of Treasurer

A. Lewis, Jr., will be the next treasurer of Hawaii, succeeding Delbert E. Metzger. Governor Farrington presented his name to the Republican Central Committee Friday, that body endorsed his nomination and the governor then announced his appointment. Lewis was on the Big Island at the time, but was reported from there as signifying that he would accept the appointment.

General approval of the selection of Lewis is reported from the business interests of Honolulu, and similar satisfaction is heard on Maui. He possesses unusual qualifications for the office in that he has both banking and legal training, besides which he is thoroughly familiar with territorial financial affairs by reason of his having served as chairman of the house finance committee in 1919.

Mr. Lewis is 48 years of age, a graduate of Stanford University school of arts and of law. He came to Hawaii shortly after securing his degree in law and entered in the practice of his profession in Honolulu, later becoming identified with the Bank of Hawaii, of which he was for some time cashier. In 1918 he was elected to the legislature and in the 1919 session was chairman of the finance committee of the house. Shortly afterward he resigned as cashier of the bank and resumed the practice of law, joining the firm of Thompson & Cathcart, which then became known as Thompson, Cathcart & Lewis. His wife is Alice Hall (Jones) Lewis, a daughter of the late P. C. Jones.

Mr. Metzger's term of office does not expire until July next.

THREE FLIERS KILLED

(ASSOCIATED PRESS)
DALLAS, Tex., Sept. 17.—Lieutenant James Armstrong and Sergeants Andrew Gibson and P. J. White were killed when the De Havilland plane in which they were flying nose-dived from a height of 150 feet at Love field.

WOULD BUY ZEPPELIN

(ASSOCIATED PRESS)
WASHINGTON, Sept. 17.—The national advisory committee for aeronautics has recommended to President Harding, Secretary of War Weeks and Secretary of the Navy Denby that the United States obtain a dirigible of the Zeppelin type from Germany if possible to replace the ZR-2 and to complete the hangar at Lakehurst, N. J., to house the new ship and the ZR-1.

Frame-up to Save Arbuckle Charged

District Attorney Announces Evidence Presented to the Grand Jury Which Investigates Witness Tampering.

(ASSOCIATED PRESS)

SAN FRANCISCO, Sept. 20.—District Attorney Brady, following the adjournment last night of the grand jury which is investigating charges of "witness tampering" in connection with the Arbuckle case, issued a public statement in which he said:

"The investigation brought out evidence that Miss Joyce Clark, Tabor Kingstone, Mrs. Ruby Morley and Regy Morley, the latter president of an Italian oil company, had discussed the probability of making some money out of the Arbuckle case by 'framing' Joyce Clark to impeach the testimony of Miss Provost, an important witness for the prosecution. It developed that Morley and Kingstone saw Milton Cohen of Arbuckle's counsel and asked him as to what they should testify. Brady admitted, however, that Cohen said this was 'untrue.'"

The United States attorney's office announced that a number of witnesses who it had been expected would testify before the federal grand jury in connection with the liquor phase of the Arbuckle party have disappeared.

(ASSOCIATED PRESS)

SAN FRANCISCO, Sept. 19.—Roscoe ("Fatty") Arbuckle's wife, whose stage name is Minta Durfee, arrived here today from New York to assist in the motion picture comedian's defense on a charge of manslaughter in connection with the death of Miss Virginia Rappe, motion picture actress, about 10 days ago in a hospital here following her removal from a party in Arbuckle's room. Arbuckle had been separated from his wife for five years.

District Attorney Matthew Brady telegraphed the Los Angeles authorities Saturday night requesting that all men who were guests at the party in Arbuckle's rooms at the St. Francis here which, according to charges, resulted in the death of Miss Virginia Rappe, be prevented from leaving the jurisdiction of California courts.

The district attorney took this action when informed that Lowell Sherman, an actor, was leaving Los Angeles for the east.

LOS ANGELES, Sept. 19.—Eight thousand persons visited the bier of Miss Virginia Rappe, motion picture actress who died in a San Francisco hospital September 9. Private funeral services were held today.

Big Island Planters to Reduce Acreage

HILO, Sept. 17.—The plantation managers of the island of Hawaii at a special meeting behind closed doors, decided to man their fields under a decreased acreage for more intensive cultivation unless there is an immediate change in the labor situation.

They estimate there will be 20 or 25 percent less production with a prospect of 10,000 acres being uncultivated and 45,000 tons less of sugar made.

There was a general feeling of pessimism as to the present status of the labor bill.

New Episcopal Bishop to Visit Maui First

Maui will be the first of the islands to receive a visit from the Bishop of Honolulu, Dr. La Mothe, since his arrival in Honolulu last month. He will arrive at Kahului, Saturday morning, and on Saturday evening the Woman's Guild will give him a community reception, to be held at the rectory, to which the guild extends an invitation to all.

On Sunday at the Church of the Good Shepherd, Bishop La Mothe will preach at the 11 o'clock morning service. There will be a confirmation service. Bishop La Mothe will also be the celebrant at the early, 8 o'clock service of Holy Communion. The Bishop will spend several days on Maui and so will have opportunity to get acquainted with Maui's people, and to understand the meaning of "Maui No Ka Oi". He will be the guest of Rev. and Mrs. J. C. Villiers.

Great Balloon Race Narrows to Three

NEW YORK, Sept. 20.—Hudson called the aero club that the "Belgique" had landed in North Wales in the balloon race to the Bennett cup, traveling 120 miles. From St. Louis comes advice that the aero club there had a message from Berlin saying that the balloon "City of St. Louis" landed in the North Sea. The American balloon board are safe.

BRUSSELS, Sept. 20.—News is constantly awaited of five balloons in the James Gordon Bennett cup race, including the "Belgique No. 1," piloted by the American, Ralph Upton, C. J. Andrews and others are in the unreported balloons.

(ASSOCIATED PRESS)

LONDON, Sept. 19.—The British balloon Banshee, which left Brussels yesterday in the competition for the James Gordon Bennett trophy, landed today at Sarnau, Wales, according to advices reaching here.

Ralph Upton, United States; M. Demuyter, Belgium, and M. Bienneau, France, were the favorites in the betting, said Brussels dispatches.

The race was begun under intermittent showers and strong easterly winds.

Sugar Commission of Cuba Will Continue

(ASSOCIATED PRESS)

HAVANA, Cuba, Sept. 20.—Rumors that the sugar finance commission would soon be abolished were put to rest by the issuance of a national official statement to the contrary. The statement says that the commission will continue to operate and exercise the old powers conferred upon it by law until the surplus of the 1920 and the 1921 sugar harvests have been liquidated.

Sheriff and Officers Run Down Murder Case

"My son has murdered his wife; send for the police and get him," tearfully wailed a Japanese to the camp boss at Ulumalu between 4:30 and 6:30 o'clock last Thursday afternoon. Substantiation was lent to his story, for blood flowed from a cut on the informer's forehead as well as tears from his eyes. He appeared to labor under great sorrow and excitement also.

In haste the camp boss notified the plantation policeman. He in turn telephoned the alarm of murder to Deputy Sheriff Silva of Paia, and he passed the word on over the telephone wires to Sheriff Crowell.

As the news spread through and out from Ulumalu a crowd assembled and waited the arrival of the officers, and the three of them, a policeman, deputy and sheriff motored up all in a bunch, practically at one and the same time. Without delay they hurried off to the house of the complainant, whom they found seated on his doorstep in a semi-somnolent condition. He was asked to conduct them to the scene of the murder, and just then the "murderer" and his "murdered victim" strolled up together.

The crime was "committed" only in the mind of the Japanese, disordered by overindulgence in "oke." His soon had slapped him for not attending to his work and the inebriated man fell and cut his forehead. The rest of the story was pure fabrication of the imagination.

Meantime it had commenced to rain at Ulumalu and the rain became a downpour. Some slushy night, reports the sheriff. Chains were put on and the homeward journey was an uncomfortable one.

SHIPS COLLIDE

(ASSOCIATED PRESS)
NEW YORK, Sept. 17.—The freighter Malden, bound from Norfolk to Boston, was in collision tonight with the freighter Jonacy off Long Island. A radio message received here says there is very little hope for the Malden.

SHACKLETON SAILS SOUTH

(ASSOCIATED PRESS)
LONDON, Sept. 17.—Sir Ernest H. Shackleton departed today aboard the "Quest" on a two-year voyage to explore the uncharted regions of the South Pacific and Atlantic oceans.

PEACE CONFERENCE

(ASSOCIATED PRESS)
TOKYO, Sept. 19.—Receipt of the American note giving tentative proposals upon which it is expected to build the program for the conference at Washington on far eastern questions and reduction of armaments, has stimulated new discussion and interest, which already was intense.

It is believed that the Japanese government is giving consideration to the ideas of the American administration regarding China, Siberia and such topics as equal opportunities for countries, and the general question of preferential economic rights and concessions, monopolies and extension of railways.

Manager of Chronicle Pays Second Visit to Pacific's Paradise

For more than a week past W. H. B. Fowler, general manager and assistant publisher of the San Francisco Chronicle has been on Maui. He returned the first of the week from a trip over the Ditch Trail. While on this island Mr. and Mrs. Fowler and Mrs. Ernest Livingston have been guests in the Wailuku home of Harry B. Penhallow. Mrs. Fowler is the daughter of C. B. Wells, formerly for many years manager of the Wailuku plantation.

This is the second visit Mr. Fowler has made to the islands, his former visit having been about five years ago. On this trip he is securing a much more comprehensive knowledge for, accompanied by Mr. Penhallow he made a trip around the Big Island and has been pretty thoroughly over Maui since. He will leave tomorrow night for Honolulu and purposes starting back to the mainland September 30.

Mr. Fowler is one of the really big men in the newspaper world of the Pacific Coast as is shown by the important positions he holds in the Chronicle company and the Islands which benefit largely as a result of the added knowledge of them and conditions here that he will take back with him. He says that one of the disadvantages under which Hawaii laborers is a lack of common knowledge about the islands in the business world of the mainland, he says he is surprised to find out how much there is to be learned about them from such a trip as he is enjoying. He considers the coming visit of the Press Congress delegates important to the islands in that respect.

Much impressed with the scenic beauties he has viewed on two islands of the group as well as by the changes in plantations, the sugar industry and the growth of the pineapple industry in the five years since he was here before, Mr. Fowler is enthusiastic in his praise of the islands and, always their friend, to that friendship will be much increased as a result of his second visit here. He hopes to persuade the publisher of the Chronicle to make the trip over in the near future. For himself he has grasped quickly the essential needs of the islands, especially those arising from the labor shortage.

Mr. Fowler is a Stanford University man, as is Mr. Penhallow and their association during the Fowler's visit is a renewal of old friendship. Mr. Fowler especially notes the many changes that have come to Maui since the days of her girlhood here.

Newspapers of the islands generally are praised by the visiting newspaper man who says they are superior to those found in communities of the same English speaking population on the mainland. He was highly commendatory in his expressions as to Maui News.

Federal Wireless System For China Contemplated

(ASSOCIATED PRESS)
PEKIN, Sept. 20.—The department of communication is finding support for a bond issue leading up to the establishment of federal companies for wireless communication. The proposed contract has had the opposition of Japan and Great Britain, who have contended that the plan would be an infringement upon their rights.

The plan contemplates the establishment of a high power station at Shantung and smaller stations at Harbin, Peking, Canton and Hankow.

DISORDER GROWS

(ASSOCIATED PRESS)
LONDON, Sept. 19.—The situation in India arising from riots and disorders is much worse than was believed at first, according to the report today of an official investigation. Formidable bands of rebels are in the Malabar coast hills, threatening British troops, the report said. The disturbances grew out of agitation by religious fanatics, and were accentuated by the grain shortage.

GREEK ARMIES RETREAT

(ASSOCIATED PRESS)
CONSTANTINOPLE, Sept. 19.—The Greek column in Asia Minor has begun a retreat toward the positions held before the recent offensive. Indications point to a retreat across the Sakaria river.

PLANS RELIEF

(ASSOCIATED PRESS)
WASHINGTON, Sept. 19.—Herbert Hoover, secretary of commerce announced today that the proposed national unemployment conference would be held here, beginning next Monday. A practical working program will be planned and there will be no charity involved, Secretary Hoover said.

Efforts For Peace With Ireland Are Being Continued

Lloyd George Unwilling to Force Issues to a Breaking Point. Communication With Dublin Constant.

(ASSOCIATED PRESS)

LONDON, Sept. 20.—Lloyd George has determined not to force negotiations so as to jeopardize the prospects of peace with Ireland. The Daily Mail says it is hopeful that negotiations will be resumed and a conference held.

The only wires to Gairloch are being occupied exclusively with government business, being used day and night in dealing with telegraphic correspondence with Dublin.

(ASSOCIATED PRESS)

LONDON, Sept. 19.—Eamonn de Valera, "president of the Irish republic," wired Premier Lloyd George of England today, asking whether the premier's letter of September 7 was intended to be a "demand for surrender on our part or was an invitation to a conference without prejudice if an agreement was reached."

The letter of de Valera said that if the premier's message was an invitation, "the Sinn Fein is ready to meet Britain's representatives."

De Valera's letter declared that at no time had the Sinn Fein thought of asking acceptance of any conditions for the conference. The letter asserted belief that a treaty of "accommodation and association between Great Britain and Ireland and between Ireland and the British dominions would end the dispute, forever enabling the British and Irish to work together in friendly cooperation in the affairs of agreed common concern."

(ASSOCIATED PRESS)

LONDON, Sept. 19.—Premier Lloyd George added another telegram to the series of messages interchanged between Dublin and Gairloch, which has left Eamonn de Valera's search for a formula enabling him to accept the premier's invitation to participate in a cabinet conference at Inverness, Scotland, still unsatisfied.

The position of the Irish question remains the same as it was Friday. The premier remains firm in refusing to meet the Irish delegates as representatives of an independent sovereign. He declares that unless the section of de Valera's letter insisting that the delegates shall act as representatives of an independent Ireland is withdrawn, the conference will be impossible.

Notwithstanding its firm tone, the premier's message was interpreted as displaying solicitude for the continuation of negotiations toward peace in Ireland. It is thought to furnish de Valera a valuable opening for abandoning his uncompromising attitude.

(ASSOCIATED PRESS)

GAIRLOCH, Scotland, Sept. 17.—His physicians today issued a statement that Premier Lloyd George had attended to only urgent business for the past few days on account of a chill and septic abscess from an abscess on his face. Dentists have lanced the abscess.

(ASSOCIATED PRESS)

LONDON, September 17.—De Valera's reply seems to insure the conference at Inverness. The reference in the message to "self recognition" without mentioning recognition as an independent state is considered as outside the international definition as to raise no obstacle to the conference.

Railroads Cut Rates on Livestock Freight

(ASSOCIATED PRESS)
SAN FRANCISCO, Sept. 20.—Reduction of 20 percent on rates for cattle shipments over transcontinental routes is announced by the railroads, effective from September 20 to December 1.

In connection with the announcement it is added that the action is taken as an emergency measure and as a means to aid livestock men in their present serious situation.

SPANIARDS TAKE TOWN

(ASSOCIATED PRESS)
MADRID, Sept. 19.—Spanish forces in Morocco have occupied Nador, which is considered the key to the Moorish positions around Melilla.

Victory of Wacs Gives Easy Lead

Puunene Lands for Three Homers, but Makes Enough Bingles to Throw Game to Lively Pony Outfit.

STANDING OF CLUBS	Won.	Lost.	Pct.
Wacs	5	1	.833
Paia	4	3	.571
Puunene	3	3	.500
Lahaina	1	6	.143

Last Sunday's Results
Wacs, 10; Puunene, 7.

Next Sunday's Card
Wailuku Ground—Lahaina vs. Puunene at 1:30; Paia vs. Wacs at 3:15.

The Wacs took another step upward and the Puunenens went back into third place as the result of an encounter between the two nines last Sunday on the Wailuku diamond which went to the former 10 to 7. Only one game was played. With a game and a half lead Wailuku's championship hopes are rosy.

Ten errors, some of them on mighty hard, hit balls, and most of them costly ones, stuck the label of defeat on Bill Bal and his teammates even though the Puunenens landed on Cockett for three homers but those four-base hits and two bingles were the only ones secured off him. The Wacs gave their twirler a fine support. Affonso and Wells Cummings were the only sinners, each getting one miscue. Bal was touched for seven hits.

It was a crazy game of ball through out made so by the avalanche of errors by Puunene. The Wacs took all kinds of chances on the bags and their own root, rabbits foot and horse shoe stood them in good stead.

Game by Innings
Things began humming right off the reel, when Puunene scored three; Silva beat out an infield hit, stole second and took third on a wild pitch. Silva walked and in the play to get him at second Silva scored. Haake connected for four bases sending in Silva before him. Bal was out short to first. Enos fanned and Masachi met Bal's fate.

The Wacs showed that they meant business too by getting two across the pan. Curtis singled, stole and on Wm. Cummings' sacrifice got third. Silva drove one to left and Curtis scored Silva getting second. Wells Cummings was given free transportation being hit by pitcher and when Sousa muffed Cockett's grounder Silva romped home. Affonso likewise got life on an error but T. Cockett fanned and L. Cockett died pitcher to first.

In the second Puunene again scored. Dutro walked, Sousa, fanned. Dutro was thrown out at second on fielders choice on Freitas hit. Silva hit one to left which took a bad hop and resulted in a homer. Shim retired S. O. route.

The Wacs half saw the Puunene's ascension. Rego fled out to center, Curtis tripled, Wm. Cummings walked and stole, on Bal's error Curtis scored and Silva got first. Short error giving Wells Cummings life and Cockett came through with a single, scoring Silva. Cockett stole and made the plate when Sousa erred. Affonso too, made first on Sousa's error going on to third with the Puunenens throwing the ball everywhere but the right place. T. Cockett and L. Cockett were struck out.

In the fourth the Wacs increased their lead. Silva was safe on third's error and pilfered the next sack. Wells Cummings was again hit by pitcher and trotted to first. On trying to cut Silva's steal, Freitas pegged wild and the runner advanced home. Cockett fled out to center and Affonso forced Cummings out to third base. After the Wacs backstop and stolen second, T. Cockett bingled and Affonso added another run. A miscue at the keystone sack gave L. Cockett first. Rego singled but Curtis fanned for the third out.

Double Play Timely
A double play spoiled Puunene's chances for scoring in the fifth. With the bases full and none down the sacks being populated in this wise: Silva walked, pilfered, Shim was passed, Haake got four balls. T. Cockett pulled himself out of a deep hole by fanning the mighty Bill Bal and making Enos hit into a double play Wells Cummings to Wm. Cummings to L. Cockett.

The seventh gave Puunene one more: Silva got four balls and proceeded to take second, Shim whiffed. Wells Cummings erred and Silva took third and home on fielders choice when Haake grounded to short. Bal fanned.

Sousa figured in a four base walkoff in the ninth when he sent one of T. Cockett's speedy ones over to the canefields beyond left field. Freitas died second to first, Silva, fanned and Shim popped out to Bill Cockett at third for the last out.

The box score follows:

Star Swimmers of Islands Invited

Five Men and Six Girl Stars Are Asked to Participate in Water Carnival in the Puunene Tank.

To participate in the October swimming carnival in the Puunene tank there have been invited the Islands' four leading men swimmers, a diver, five fastest women swimmers and a Hilo star girl swimmer. Acceptance by them is anticipated and the greatest exhibition of aquatic sports that Maui has ever known is promised for the private exhibition that will be tendered to the Press Congress and at the public competitions which have been sanctioned for the succeeding nights, October 17 and 18.

Maui Athletic Club, the new organization, which is in charge of the coming swimming meet, has sent invitations to Duke P. Kahanomoku, W. W. Harris, Jr., Pua Keajoha and Warren Kealoha, all world's champions or world's record holders; R. K. Fuller, diver; Dad Center, manager of the Honolulu team, who is expected also to serve as an official at the meet; Misses Mariechen Wehselau, Estelle Cassidy, Helen Moses, Ruth Scudder and Mrs. Moses as chaperone, and Miss Kuu Aloha Kelipio of Hilo to attend and participate in the meet. The latter has issued a challenge to Honolulu girl swimmers and it is expected her challenge will be accepted by one or more of the Honolulu girls for events in the Maui meet.

Never outside of Honolulu has there been brought together such a galaxy of swimming stars as will be seen in the tank at Puunene. The committee is now busy with the program of events and expects to complete it for public announcement in the very near future. Sanction for the meet has been secured from the A. A. U. and use of the tank granted by the Puunene Athletic Club. New Island and perhaps world's records will be the order of things those two October evenings. The Honolulu swimmers are forecasting a smashing of times right and left.

In addition to its generosity in offering the use of the tank for the meet, the Puunene Athletic Club once more opens its tank for practice for contestants in advance of the meet on Tuesday and Wednesday afternoons and evenings.

There will be plenty of events for Maui swimmers as well as those in which the Honolulu stars will participate, the committee on program says.

GYM TEAM WINS

Boys baseball team representing the Gym and Hamakuaupoko met on the latter grounds Saturday afternoon and a hotly contested game resulted. The Gym boys took the lead early and held it all the way through but Hamakuaupoko made things look interesting when it piled up 8 runs in the sixth. Final score was 14 to 10.

Any team whose players are under 16 years can secure a game by writing to F. J. Weissblatt, Box 177, Wailuku.

Past Good Record Is Given Consideration

Because of his previous good record, leniency was shown to Curtis E. Newby when he confessed to stealing a watch from a teachers' cottage at Lahaina in Judge Burr's court. He was sentenced to serve ten days in jail. Newby was one of the party of naval sailors who entered the Lahaina cottage and used a camera they found to take photographs of members of the party in the nude. It was that prank that led to their undoing, for the sheriff had the films developed, prints made, furnished them to the navy department, and that department did the rest. Court martial was the order of the day for the culprits.

Before Judge Burr it developed that Newby is in his second enlistment and has previously had a good record. He might have been let off with a suspended sentence had it not been that he was M. P. for the shore party and joined them in their libations and subsequent drunken escapade. He will be punished by the navy as well, and Judge Burr believes the lesson will be sufficient.

Makeshift Match When Bowling Teams Short

Inability to put two teams on the alley, caused postponement of the George Cummings' Amalgamation-Moura & Co., match in the weekly bowling tournament between the two rivals to the coming Saturday when it is said both quintets will be out to get each others goat, scalp and blood plus sundry other unmentioned things. But despite the fact that the teams did not scrap it out Jean Bal's Selects and George's Makeshifts proceeded to engage in a tournament of three games for a Chinese feed and the former won out. The total pinfall was as follows: Selects, 1472; Makeshifts, 1416.

It may be worthy of note that while only six men engaged in the affair twelve attended the banquet, the other six being made up of the bowling referee and five ball players and fans.

Selects	Aver.
Jean Bal	148 157 169 474 .158
P. Ledward	166 165 180 511 .170
W. Affonso	149 186 152 487 .162

Totals	Makeshifts
Cummings	145 170 186 501 .167
L. Destill	159 134 154 447 .149
Palmatier	154 159 155 468 .156

Tennis

TENNIS CHAMPIONSHIP

Ecklund won the singles championship of the Islands in Honolulu by defeating Johns, and on Saturday Castle and Ecklund won the doubles finals from Parker and Balthis. After losing the first set, love six, the champions came back into form and won three straight sets, 6-1, 9-7 and 6-3.

BABE RUTH'S RECORD

(ASSOCIATED PRESS)
NEW YORK, Sept. 17.—Babe Ruth knocked out his fifty-sixth home run in the game with St. Louis yesterday, passing his last year's record by two.

Convicts Make Tour Famous Ditch Trail

Three territorial convicts can boast to their fellows on their return to Honolulu that they have traversed Maui's famous Ditch Trail and witnessed its scenic wonders. Since the territory does not furnish personally conducted tours for its prisoners who may from time to time sojourn on the Valley Isle, the three convicts took matters in their own hands and arranged the trip for themselves. It is expected that they will soon be returned to the penitentiary, but they will have memories to take back with them.

As they were journeying the upper Ditch Trail in the direction of Kailua the three "scapers from the prisoners' camp at the Fair Grounds were captured Saturday evening. They spent the night in irons and were then marched back in the direction of Wailuku and confinement. The sheriff has notified the office of the high sheriff of the escape and recapture of the prisoners and is awaiting instructions from Honolulu.

The tip to the sheriff's office that the escaped convicts were or had been in the Hana district was a straight one. They were traced and caught up with. Then it was learned they had made their way, hiking it, from Kahului to Kailua and thence over the Ditch Trail into the Hana district and were headed back on their sightseeing tour when overtaken.

Hilo's Crews Win Regatta Day Races

(ASSOCIATED PRESS)
HONOLULU, Sept. 17 — Hilo's crews took both events this morning, upsetting the traditions of rowing in Honolulu. The senior event was beautifully contested but the Junior was somewhat of a walkover for the Big Islanders.

In the senior event Hilo and Myrtle went almost nose to nose until near the finish when Hilo put on more steam than the Myrtles could respond to. Hilo, first; Myrtle, second by a half length and Healan, third; time 16 43.4.

In the Junior race Healan cut in front of Myrtle and was disqualified though finishing second. Time 15 30.2. In the girls' race Myrtle was first nad Kumalu No. 1, second.

With the Alert Boy Scouts of Maui

Haiku Scouts

A big meeting was held at Haiku at which more than 50 boys were present. It was a rousing and enthusiastic meeting that was conducted, and the interest shown by the boys speaks well for the future growth of the troop.

The teachers are much interested in the movement and we are sure the boys who join the troop will soon convince them that scouting will be of great help in discipline and general conduct at school.

This bunch can certainly sing and took hold of the new scout songs with pep and vim. We have a scout master for this troop.

Troop No. 2, Puunene

Saturday night the Puunene scouts had their first meeting since the opening of school. It was fully attended and with the old scoutmaster, Mr. Martin at the head it is hoped that a number of the boys of the camp will soon join. This troop is going to show fine form in pyramid building. They will meet Tuesday night in the armory. All boys interested in scouting are invited.

Troop No. 5, Lahaina

The meeting was held on September 15, in the Kamehameha School building with 35 scouts present. Mr. Douglas the scoutmaster, who had to take the steamer for Honolulu made arrangements with the troop for a hike to take place as soon as he returned. On the hike the troop would be put through a course of sprouts on tracking and also a stiff practice drill in preparation for the County Fair. The troop then made payments on uniforms and the commissioner then drew a plan on the blackboard of

what he wished the scouts to do during the fair.

A jolly sing of a number of songs from the new scout song book and the scout oath and the meeting closed.

Troop No. 7, Spreckelsville

Spreckelsville troop held a get-together meeting at the old school house on Wednesday evening. The commissioner explained what he wanted the troop to do during the fair. Then a practice of the new scout songs. The regular meeting will be held next Wednesday night. All members are requested to be present without fail.

Swimming Meet October 18, 1921

Wanted. A relay team from each troop. Six scouts to the team. Get in a dig. Get your teams at work so as to make a good showing.

Tests Passed, Second Class

Troop 5, Lahaina

Tracking—Richard Kalepa, Masuta Manriki, Haruo Kato, Rokitchi Takatsuko, Naoto Minami, Saburo Tonal, Soichi Hamai, Shige Yamamoto, Tsukamoto Shimagawa, Morita Mimura, Mamoru Oda, Hideo Kasaka.

Cooking—Wai Tong Chong, Richard Kalepa, Masuta Manriki, George Leong, Sato Omoto, George de Melor, Minoru Tsuda, Haruo Kato, Rikitchi Takatsuko, Naoto Minami, Saburo Tonal, Soichi Hamai, Shigemichi Iketa, Androculus Cano, Shige Yamamoto, Charles Apo, Tsunisuke Shimagawa, Morita Mimura, Mamoru Oda, Hideo Shimamura.

Firemaking—Sato Omoto, Charles Apo, Tsunisuke Yamamoto, Tsukamoto Shimagawa, Morita Mimura, Mamoru Oda, Hideo Shimamura.

Tenderfoot—Mamoru Oda.

Troop No. 3, Wailuku Tests 2nd Class

Thrift—George Bal.

Important Notice

All troops are hereby requested to start meetings at once so as to get ready for the program to be given at the Maui County Fair.

A special program is to be given on one of the afternoon's and only those scouts in good standing will be allowed to take part.

Troop 6, Makawao

The meeting was called to order in the Makawao School House at 7:15 p. m., on Tuesday, September 13th. Eleven scouts present, four having left the district to attend school in Honolulu and other places.

Senior patrol leader Louis Marciel took charge of the meeting and called for the scout oath and law. It was then moved and seconded that the troop have monthly dues of ten cents beginning October 1, the money to go into the troop treasury to be used as a general fund for the uplift of the troop.

Owing to the fact that Mr. Langa the scoutmaster not being able to be present next Sunday the week end camp was postponed for two weeks. After the regular business meeting the troop adjourned to the outside and pyramid building for the fair was directed by Pop. Then games was the program after which the troop entered the school house and pledged allegiance to the flag the troop was dismissed.

DR. S. OHATA

THE NEW TRAFFIC ORDINANCE

By LUKE McLUKE

Dear Mister Editor of the Maui News:

Me and Liza has just been reading over the proposed traffic ordinance that you published. Now I don't care much about automobile regulations, as I never drive a car myself—but Liza is all het up about some of the things that your ordinance says. And it so being that I wear the pants about our house, she said "it was my marital duty to express my opinions about that ordinance that our board of supervisors are contemplating."

So here are my real opinions about some of the things it tells. First off, when Liza read about a vehicle being defined as something that might have "runners" she wanted to know just what months of the year in Maui it were when the sleighbells jingled, (or was that put in just to include Santa Claus?)

Also, there is that No. 7 of Section 1, where "garage" is defined. Now seeing that nothing further is said about a garage, Liza wants to know if the feller who writ that ordinance put in that definition just to show that he knew what a "garage" is?

Then there is that Section 4 of Section 2: (that is the way it is writ), that tells about them mufflers that prevent the escape of steam and oil and smoke and gas. Now what Liza wants to know is where she can get one of them. Liza also says that when the ordinance become a law that she wants it enforced against the automobiles of one of the plantations up country. The cause being that when them up country machines pass her she always thinks of the injustice that was done by the Eighteenth Amendment.

Another section of that ordinance that Liza is strong against is section (e) of Section 4, (that is the way it is writ). You see Liza went to a first class school when she was young—that was some time before she married me—and she is strong on logic, as she studied it once. Well this here last section I been telling about says:

No person shall drive, operate or propel a motor vehicle without an approved device or adjustment upon its headlights, unless the said headlights shall have been tested and approved."

Now Liza says, "what in Sam Hill does that mean to a respectable woman who has studied logic?"

Another section of that law Mister Editor that got Liza all riled up is that there section 12, which says that no person can drive a automobile on the highways of Maui that uses "narcotics." The reason for Liza getting all riled up over that there is because Liza has one of them there Dictionaries by Mr. Webster, and it says that "tobacco is a narcotic." And Liza says that she just aint agoing to give up her old clay pipe for any old ordinance about automobiles. So I think you better tell our board of supervisors that they better go easy on the tobacco question. But then, they will any way if they know Liza.

Then there is another part of that section 12 that offended Liza, it being the portion that reads:

"And it is hereby especially provided that proof that any person driving a motor vehicle has or had partaken of intoxicating liquor, within one hour prior to the time such person is or may be charged with violating this section shall be prima facie proof that such person was so driving such vehicle under the influence of intoxicating liquor."

The reason Liza being offended by this here is because Liza's father before her, was a Justice of the Peace back in Kentucky—and she just knows that no dinky county has a right to pass ordinances fixing the law of evidence. She says that is the business of the Legislature. Any way, that is what she says, and what she says goes about this place, let me tell you.

Then there is that provision (a) of Section 15 (that is the way it is writ), that tells that all vehicles shall come to rest when on the highways, with the right wheel not more than twelve inches from the curb—and Liza wants to know, since when has all the highways and alleys of Maui had curbs?

Now Mister Editor, perhaps you

may think that Liza has been hot under the harness when she was discussing for your benefit them things that I been telling you of,—well, if you have you should have seen her when she had read all that ordinance and found that the provisions applied to every person, including the police, fire department and the doctors. Any way she says it applies to them because they are not exempted from its provisions—except that section (g) of Section 16, provides that the police and fire department automobiles of incorporated towns of which there are none on Maui, can travel the wrong way on a street. Now such being the case it means that if a doctor travels faster than fifteen miles an hour when going to save life in a business district, why he is guilty of breaking the speed law and is subject to a fine. Likewise if the fire department autos go faster than the traffic provision allow when on their way to save life and property, they likewise are law breakers. An the sheriff, he could not travel more than fifteen miles an hour going down Market street to catch a criminal—without becoming a criminal himself. But then Liza says that aint nothing new—because once upon a time the city of San Diego, California had a fool ordinance like that and for a while, that is until the city Dads could change their ordinance, the people almost laughed themselves sick watching the fire department trucks traveling ten miles an hour—so as not to be law breakers—when going to a fire.

TUESDAY : : : : SEPTEMBER 20, 1921

HOUSING OF TEACHERS

Indignation was expressed at the meeting of the education department of the Maui Woman's Club at the condition of many of the teachers' cottages when the new teachers arrived, as appears by a communication published in this issue under the heading "Teachers' Cottages Reported Found in Sorry Condition," which deserves comment and an explanation which may give the members of the department and others interested, including the teachers themselves, a better understanding of the situation.

Efforts of the Maui Woman's Club and the education department to secure more desirable conditions for the teachers are praiseworthy and have the support of this paper carried out to a reasonable degree, and it is the intention here to show interested persons what is necessary to secure betterments in housing conditions so as to more nearly satisfy the teachers.

There exists a more or less general misunderstanding that the teachers are promised a furnished cottage or room. Such is not the case. They are told a cottage or room is to be furnished to them, but the facts of the case are they are to understand they must supply the furnishings, beds, bedding, etc. Hence the complaint that "godmothers" have had to contribute furnishings from their own homes is one that must be directed against the rules of the department of public instruction and the legislature and cannot be changed until the next legislature convenes, and then only by securing an additional appropriation for furnishings for school cottages. The teacher in Honolulu receives the same pay as the teacher at Spreckelsville or Haiku and she has to pay for her living accommodations from her salary, while the latter teachers are given rent free vacant room for accommodations, so that the teacher in the more isolated school is actually receiving a higher compensation. If a furnished room is to be supplied the teacher on Maui or Kauai, must not a furnished room be supplied the Honolulu teachers also?

However, without doubt the greater number of teachers would prefer to pay room rent rather than to pay out a lump sum for furniture, bedding, etc., after just having borne the expense of a trans-Pacific trip.

There is an effort being made on Maui to have furnishings made for the teachers' cottages by the boys engaged in vocational work, tables, wash stands, bureaus, chests of drawers, book shelves, etc., a policy urged by School Commissioner Lindsay, but comparatively small progress has been made in it because of the limited number of boys engaged in such work and the still more limited funds available for the purchase of wood to be worked upon. The taxes for the schools are based on the assessed valuation of the counties, but the amount the counties receive is based on the number of scholars in the county. Thus Maui helps pay for the schooling of children of Hawaii and Kauai counties, pays into the school fund more than it takes out. The distribution of funds for vocational training is based on number of children above a specified grade, and Maui has many schools which do not teach above the fifth or have very few children in or above that grade. Maui has too many small, one and two room schools. Thus the other islands get a larger proportion of the money that might be spent in furniture making by the boys than does this county.

So far as the complaint as to furnishings of cottages goes, then, the Woman's Club must secure redress from Honolulu, from the department of instruction and from the legislature at its next session.

As to the state of affairs complained of at Pauwela, where there was no water and where the bathtub and other toilet facilities were described as filthy, it would appear some one is to blame. It would seem that in each school the school property is in charge of the principal of each school and that the principal or the acting principal should be at the school in advance of the school opening to see the property is in condition for occupancy by teachers and scholars before the opening day. He or she is paid by the year and the extra pay of the principal is a compensation for extra responsibility and extra work. Such principal should report to the supervising principal anything that needs attention, and he in turn should report the needs to the board of supervisors at the meeting before the opening of the schools. The latter body could then have the county engineer do any repair work necessary. It is not, it would appear, the province of the board of supervisors or the county engineer to make inspections of the school property during and at the close of vacation to find out what is necessary. That would appear to be the duty of the department of public instruction, and the principals and supervising principals would seem to be the ones to be held responsible, not the supervisors or county officials.

It is remarked that "crowded condition of some of the cottages may be unavoidable for lack of funds," which is not the true explanation. Maui had much school building and school cottage building on its program of work to be done during vacation. The number of contractors is limited and the number of carpentry workers still more limited. To have asked for bids for all work at once would have made the building costs unavoidably much higher than by spreading it over a period. Contractors would have had to send away for labor, pay transportation and other expenses, and such costs would have to be included in their tenders. Hence it was that the letting of the contracts was "spread out" and that some of the cottages are not completed yet.

It should be understood that if the county pays house rent for a teacher, buys furniture, supplies transportation, the money would have to be taken from the general fund of the county, the money that is needed for roads, the maintaining of the government and other public needs.

The county cannot touch the school funds for its needs, its proportion for school purposes being determined in Honolulu. When the county has been in the funds, it has depleted such funds, however, to augment the school funds. It cannot and should not be asked

THE OPTIMISTIC PESSIMIST

A soft answer may turn away wrath, but a soft drink rouseth it in the man who searcheth for something with a kick in it.

Like a green apple, hard times will soften in due season.

It has been well remarked that it takes a lot of horse sense to maintain a stable government.

Life is largely guesswork after all, and when the guesser hits it right he boasts of his good judgment.

With the highball almost obsolete, the next move is to scrap the cannon ball.

It is reported that Chicago possesses a sign reading "Autos will slow down to a walk." Perhaps it's just a warning against tire trouble.

The pessimist says it is truly sad that Eve did not live long enough to know how stylishly she was dressed, yet the same pessimist looks at least thrice at the pretty women he meets.

In Honolulu ten thousand persons are reported to have attended the anti-booze mass meeting. Figures do not show what proportion went merely to hear what was said and what proportion were there because there were no saloons to go to.

The rural teachers may be better off financially in the long run because they have no room rent to pay, but, after having pungled up for transportation, to be called upon to outfit the room looks to them more like a hardship than a blessing. That's always the way; one never knows when one is well off, and even an attack of indigestion may be a blessing after all.

Recently 99,000 pounds of American cigarettes were burned near Paris and many a person at the business end of any one of them. Now for loud applause from the anti-cigarette league. However, Popocapetle is reported as smoking again.

to do so at all times and to curtail all necessary improvements to augment school funds.

Maui's board of supervisors has been very liberal with the schools and the teachers. It should be remembered the department of public instruction is a territorial and not a county department. Thus the root of the evil the Woman's Club seeks to reach is in the system which takes the schools out of the county, centralizes the power over the schools in the Territorial capital and strictly limits the powers which the county government can exercise.

Nor is the school commissioner of Maui to be blamed. His is a thankless job at the best, and it would be hard to find another who could and would do so much for the Maui schools and give more time and attention to them than has D. C. Lindsay.

THE SILVER SWORD

Maui Chamber of Commerce through its secretary has taken up with the department of public parks at Washington the necessity for action to save the Silver Sword that still remains on the summit of Haleakala. The action followed complaints voiced at the last meeting of the chamber that considerable numbers of the plant are being brought down by visiting parties, sometimes thrown into the streets, and that unless some protection for it be furnished there are indications soon there will be none left.

The Silver Sword is one of the rarest plants known. Some have said it is found only on Haleakala, others that it is found only there and in one or two other high points in the world. In any event it might be said to be unique to Haleakala. To carry it away is a sort of desecration of the most marvelous beauties of nature. To bring about its extinction on Honeakala would be a community calamity.

As yet Haleakala has been taken over as a National Park in little but in name. There is no territorial law that prevents the wanton destruction of the wonderful plant; no park officials here to enforce rules that would have that effect. When rules are made and there are authorities to enforce them, it may be too late. Meantime a public appeal is made to all not to lose to Maui and to Haleakala its cherished plant possession.

Two Big Islanders are quoted by the Hilo Tribune as saying that Maui cannery have nothing new for Kohala pine men. The high school graduate or the youth just leaving college ever thinks he knows more than those who are more experienced. Maui cannery are learning something from others all the time, even if it be only the mistakes that others may make.

In the state of Washington a federal judge has ruled that prohibition agents cannot enter a home under a search warrant unless they have evidence that liquor is being manufactured or sold there. In other words, they must have the evidence before they can seek the evidence, under such ruling. And then there are complaints that the law is not being enforced.

Sailors from the naval vessels at Lahaina last week were permitted to come ashore in bathing suits and shoes, no place to carry money for the purchase of oke. This plan might be commended to Honolulu in its fight to prevent booze being furnished to the soldiers and sailors, except that the Desha Bathing Suit Law stands in the way.

Such disturbances as occurred near the corner of Main and Market streets Friday evening, if repeated, will cause a demand for rigid prohibition enforcement in Maui. The only excuse for the affair thus far heard has been "too much oke."

MAUI TWENTY YEARS AGO

(From Maui News, Sept. 7.)

L. von Tempisky and family, who have been enjoying a two months vacation in British Columbia returned home Wednesday. Mr. von Tempisky bringing half a dozen fine trout on ice.

Tenders are being sought for the building of a one room school house at Ulanio in the district of Hana.

A retail liquor license has been granted to T. B. Lyons who purposes to open a saloon shortly adjoining the city meat market.

At noon Tuesday Miss Sigrid Helene Oss was married to George Wilbur of Hamakua at the home of the bride on Victoria street.

Last Sunday afternoon the body of a Porto Rican was found in the Grove Ranch reservoir, Paia. Manager D. C. Lindsay at once summoned Deputy Sheriff S. E. Kalama. All appearances indicate the man was accidentally drowned while taking a bath.

Last Saturday night a number of the gilded youth of Lahaina and Kanapali indulged in a drunken frolic, got in a row with Japanese and several shots were fired. Ten arrests were made as the result of the affair.

The question of a hospital for Lahaina is being agitated.

Recent high tides have submerged the road between Olowalu and the Paia so that horses have to wade ankle deep through the water.

The scarcity of water for the taro and rice patches of Wailuku and Iao Valley is causing considerable friction between the various farmers and serimagers are the order of the day. If the mangled remains of one China man are found on the highway, a tap blown up by gas powder fired into him by a passing gun no one need be surprised.

The successful raids of a number of Chinese stores and the seizure of liquor demonstrates that the refusal to grant liquor licenses does not suppress traffic in liquor.

A cable line from the coast to the Islands would benefit the Islands greatly but it is another question as to how far the Islands would benefit the cable lines.

T. C. Forsyth has closed his beer and wine saloon at Kula. His son will soon open an establishment at Kihel.

To Close Cannery—Libby, McNeil and Libby, Ltd., have announced they will not operate the pineapple cannery at Libbyville, windward Oahu, next year because they have only a small pineapple crop on their lands.

Deputy Named—Roger J. Taylor, for many years connected with the customs service here, has been appointed a special deputy by Collector of Customs Murray. Taylor entered the service in 1900 and has had more than 21 years' service with the local office.

To Ask Extension—Papaian, Hawaii homesteaders have decided to request an extension of time in which to make their payments, which are due next month. It is understood a petition will be forwarded to the commissioner of lands, C. T. Bailey, in Honolulu, by the local sub-agent, J. G. Andrews, requesting an extension for the payment of the purchase price and interest, so framed as to tide them over the present sugar crop.

Kuhio's Plans—Unless his services are particularly required at Washington in connection with the Hawaiian labor bill, Prince Kuhio will remain in Honolulu this fall.

Mauna Loa Highway—Construction of the highway from Kilauea to the summit of Mauna Loa, urged by the Board of Trade in a resolution sent to the national park service of the Department of the Interior, is near realization, according to a letter received by the Board of Trade from Arno B. Cammerer, acting director.

Will Measure Quakes—A seismograph is being installed at St. Mary's School, Hilo, under the direct supervision of Dr. Romberg of the University of Hawaii and T. A. Jagger of the Volcano Research Society.

Law Says Innocent—Fred Law, extradited from San Francisco on charges of embezzlement made by Lorrin Andrews, has been brought back to Honolulu and said he is "innocent of wrong doing in any business relations with Andrews."

Will Add Librarian—Hilo Library has decided to add another librarian to its staff whose chief duty will be to care for the children whom the library serves.

New Manager—Alexander Black, head luma of Kohala plantation, Island of Hawaii, has been named manager of the plantation succeeding Robert Lindsay who was named to fill the vacancy caused by the death of Anthony Lidgate.

Huber Names Soares—United States Attorney S. C. Huber has named O. P. Soares, secretary of the Republican central committee, to be assistant United States Attorney in Huber's office.

Enrollment Increases—University of Hawaii has 60 percent increase in full time students over such attendance last year.

Fuel Alcohol—The alcohol manufacturing plant at Hilo plantation in Kohala, Hawaii is located at the big mill of the company at Hilo and last week a trial run was made of the plant, the result being that 800 gallons of spirits run through the distilling apparatus. That 1,000 or more gallons will be manufactured every 24 hours is a conservative estimate, according to Henry Hind, assistant manager of the plantation.

Generous Offer—Mrs. W. A. Clarke, wife of former Senator Clarke, the millionaire mining man of Montana has announced she would pay the expenses on the mainland for the education of Pua Keoloha, Sam Kahana-moku and Joe Bisho, the singer.

Exhibits of Leis at Fair Sure to Produce Strong Competition

Displays of floral leis will be the especial feature in floral building at the Fourth Maui County Fair on Children's Day, Friday, October 14. Two sets of prizes are to be awarded, one for the best lei made and exhibited by any school child and the other for the best lei made and exhibited by any person, irrespective of age or sex. A special committee of judges has been selected to make the awards. It is expected that more than ordinary competition will be aroused and that more than ordinary interest will attach to the large and beautiful exhibit that is sure to result.

There will be 15 divisions for the lei exhibit which is to open at 10 o'clock in the morning, this means 30 premiums in addition to special prizes will be offered for competition. The list of divisions follows:

Red flowers with or without greens.
Yellow flowers with or without greens.
Blue flowers with or without greens.
Orange flowers with or without greens.
White flowers with or without greens.
Pink flowers with or without greens.
Mixed color flowers with or without greens.
Maile and hala.
Awapuhi (ginger) and pala.
Hala and pala.
Papaya flower.
Rose and palapala.
Maile.
Lehua.
Ilima.

The leis may be either hat size 26 to 30 inches long, or neck size 48 to 55 inches long.

ORDINANCE NO. 56

AN ORDINANCE PROVIDING RULES AND REGULATIONS COVERING AND FIXING RATES FOR THE WAILUKU-KAHULUI WATERWORKS SYSTEM, THE LA-HAINA WATERWORKS SYSTEM, THE MAKAWAO WATERWORKS SYSTEM, AND THE PAUWELA WATERWORKS SYSTEM, IN THE COUNTY OF MAUI.

Be It Ordained by the Board of Supervisors of the County of Maui, Territory of Hawaii, that;

1. Any person, firm, or corporation desiring to be supplied with water from any public waterworks system hereinafter referred to in the County of Maui, shall make application therefor on a printed form supplied by the County of Maui for that purpose, which application shall be signed by such applicant. Every privilege granted upon such application shall be subject to the rules and regulations herein provided for. Blank applications will, upon request, be furnished by the local Superintendents of waterworks.

2. The Applicant shall pay, in advance, at the office of the local Superintendent of Waterworks an amount sufficient to cover the actual cost of tapping, connecting and laying of the service pipe leading into the premises upon which the privilege is to be situated to a stop-cock inside of said premises; provided however, that a minimum charge of \$5.00 shall be made for such tapping, connecting and laying of such pipe.

3. All meters shall be owned by the County and shall be under the control of the local Superintendent of Waterworks, or his authorized agent.

4. Each Superintendent of Waterworks shall have charge of the water system placed in his control, and he shall have authority to grant and sign all permits for water privileges and make all agreements in connection therewith, so long as the same are not at variance with the Rules and Regulations governing the water system over which he has control. He shall be responsible, on his official bond, for all government property connected with and comprising said system, and for all moneys paid by consumers to him or his authorized agent for either services rendered or water used.

5. No person other than the local Superintendent of Waterworks or his duly authorized agent, shall tap main pipes and turn on or turn off water therefrom.

6. The local Superintendent of Waterworks, or his duly authorized agent, shall at all reasonable hours, be permitted to enter upon the premises of a privilege holder for the purpose of inspecting, shutting off, or turning on, the water, or for the purpose of making repairs to the service pipes, stop-cocks or meters, and to see that the provisions hereof and the rules and regulations herein provided for are being complied with.

7. All water rates shall be paid quarterly. They shall be due on the first days of January, April, July and October of each year; shall be payable at the office of the local Superintendent of Waterworks, and shall become delinquent thirty days after due.

8. The local Superintendent of Waterworks or his authorized agent shall at the end of each quarter, promptly make out and present to each consumer a bill for all sums then due.

The local Superintendent of Waterworks shall acknowledge receipt of all payments made to him upon an official numbered receipt signed by him, the form of which receipt shall be approved by the County Auditor.

9. In all cases of non-payment of water rates within thirty days after the same are due, ten percent in addition to the regular rates shall be charged to, and become due, by the person holding such privileges, and the local Superintendent of Waterworks may forthwith, without notice, shut off the water from such privilege and charge the expense of the same to the holder of the privilege. The water so shut off from such privilege shall not be again turned on until the rates for such privilege and all expenses incurred, shall have been paid in full.

10. Water rates shall be charged to and payable by, the privilege holder, for all premises, whether occupied or not, until such time as the water is, in writing, ordered shut off, or is actually shut off.

11. The owner of the premises shall be held responsible for the settlement of all water rates.

12. Unless authorized, in writing, so to do, by the Board of Supervisors, persons supplied with water from the Government pipes, shall not be permitted to use, and shall not use, the same for any purpose or purposes other than those stated in their agreement, nor shall they be permitted to supply, and they shall not supply,

water in any manner whatever to other persons or property.

13. Consumers shall prevent all unnecessary waste of water, and shall make no concealment whatsoever of the purpose for which it is being used.

14. No alteration shall be made in any water pipe or fixture without first giving notice, in writing, to the local Superintendent of Waterworks, of the intended alteration, and having first received his approval thereof.

15. All service pipes shall be kept clean and in good repair by the holder of the privilege at his own expense.

16. Persons having irrigation or other like privileges shall, in case of fire alarm, immediately discontinue the use of all water for such purposes and shut off the same.

17. In all instances where premises are used for residential and commercial purposes under the control and in the occupation of one privilege holder, all water used therein shall be charged for at the prevailing commercial rate.

18. All water sold under these Rules and Regulations for the Waterworks Systems, unless otherwise specially permitted by the Board of Supervisors, shall be sold by Meter measurement.

19. The rates governing the WAILUKU-KAHULUI Waterworks System shall be:

(a) For domestic purposes and lawn irrigation six (6) cents per thousand gallons, or fraction thereof.

(b) For commercial purposes such as cultivation of fruits and vegetables, and other plants for sale, railroads, manufactories, hotels, lodging houses, offices, stables, garages and other business enterprises, ten (10) cents per thousand gallons or a fraction thereof.

(c) Provided, however, the consumer of water shall pay a minimum charge of \$1.50 per quarter for water used, even though the meter charge for water consumed may be less than that amount.

20. The rates governing the LA-HAINA Waterworks System shall be:

(a) For domestic purposes and lawn irrigation six (6) cents per thousand gallons, or fraction thereof.

(b) For commercial purposes such as the cultivation of fruits, vegetables and other plants for sale, railroads, manufactories, hotels, lodging houses, offices, stables, garages and other business enterprises, ten (10) cents per thousand gallons, or fraction thereof.

(c) Provided, however, the consumer of water shall pay a minimum charge of \$1.50 per quarter for water used, even though the meter charge for water consumed may be less than that amount.

21. The rates governing the MAKAWAO Waterworks System shall be:

(a) Fifteen (15) cents per thousand gallons or fraction thereof.

(b) Provided, however, the consumer of water, shall pay a minimum charge of \$1.50 per quarter for water used, even though the meter charge for water consumed may be less than that amount.

22. The rates governing the PAUWELA Waterworks System shall be:

(a) For domestic purposes and lawn irrigation fifteen (15) cents per thousand gallons, or fraction thereof.

(b) For commercial purposes such as the cultivation of fruits, vegetables, and other plants for sale, railroads, manufactories, hotels, lodging houses, offices, stables, garages, and other business enterprises, twenty-five (25) cents per thousand gallons, or fraction thereof.

Provided, however, the consumer of water shall pay a minimum charge of \$1.50 per quarter for water used, even though the meter charge for water consumed may be less than that amount.

23. Rates for shipping: The rates to be charged for water furnished for shipping from any of the public Waterworks herein referred to shall be two dollars and a half (\$2.50) per thousand gallons.

24. Provided, however, the rates to be charged for water furnished from any of the Waterworks systems covered by this ordinance to any church or schools taking water therefrom shall be as follows:

(a) For water furnished and used for domestic and household purposes only one (1) cent per thousand gallons.

(b) For water furnished and used for purposes of lawn irrigation three (3) cents per thousand gallons.

Provided, however, that a minimum charge of One (1) Dollar per quarter shall be made for water used, even though the meter charge for water consumed may be less than that amount.

Any and all churches and schools desiring to avail themselves of the provisions of this Section shall make written application therefor to the Board of Supervisors of the County of Maui; such application shall set forth the facts with sufficient definiteness as to enable the Board of

Supervisors to determine whether or not such application is entitled to such privilege.

25. In times of emergency, drouth or scarcity of water in any of the water systems covered hereby, the local Superintendent of Waterworks may with the approval of the Chairman and Executive Officer of the Board of Supervisors, make regulations covering the use of water for purposes of lawn irrigation during such reasonable hours as may be deemed proper and necessary during such emergency, drouth or scarcity of water, and shall give reasonable notice to privilege holders of such regulations.

26. Any privilege holder violating any of the provisions hereof, or any rule or regulation made as hereinabove provided shall be liable to a suspension or termination of such privilege and such privilege shall not be renewed until all water rates due together with costs and expenses incurred in connection with such violation shall have been paid in full; and in the event of such violation or any provision of this ordinance or any rule or regulation made as hereinabove provided, other than the non-payment of water rates, costs, and expenses, the person, firm, or corporation guilty of such violation shall be deemed guilty of a misdemeanor and upon conviction thereof shall be liable to a fine of not more than One Hundred (\$100.00) Dollars for each violation, together with costs of court.

27. Ordinance No. 27 of the County of Maui as heretofore amended is hereby repealed.

28. This Ordinance shall become effective from and after the 1st day of October, 1921.

The Board of Supervisors of the County of Maui.

By S. E. KALAMA,

Chairman & Executive Officer.

Attest:

WM. FRED KAAE,

Clerk.

I hereby certify that Ordinance No. 56 of which the foregoing is a true and correct copy, was passed on final

reading by the Board of Supervisors of the County of Maui, on the 9th day of September, 1921, at the Regular September 1921 meeting of said Board all of the members of said Board voting in favor thereof, and a true copy thereof ordered to be posted upon a bulletin board in front of or near the rooms occupied by the Board of Supervisors of the County of Maui and copies thereof ordered to be published in one (1) issue of the Wailuku Times and the Maui News, newspapers of general circulation published at Wailuku, Maui, Territory of Hawaii.

(Seal)

WM. FRED KAAE,
County Clerk of the County of Maui, Territory of Hawaii.

Agriculture

(By J. F. O'Brien)

We have learned that the various types of soil are designated according to the quantity of rock particles or vegetable matter they contain. So the soil weight is also influenced by the size of the particles, humus and water. The coarse or sandy soils are naturally the heaviest and the peat and muck soils the lightest, because they contain more humus. The color of the soils, depends also upon their composition. The sandy soils are lighter in color. Humus makes the soil darker and of course water temporarily darkens the soil. Therefore if we want to buy a farm, or choose a good piece of ground, we can make a pretty good estimate of its value by its composition and color. We have learned that plants live upon liquid food, so that water in the soil is absolutely necessary for the growth of plants. Ninety percent of cabbage and lettuce is water and 80 per cent if corn and potatoes. Water is also composed of oxygen and hydrogen, two of the ten essential plant foods. Of course to have the plant water-logged would drown it out, but provided the drainage is good, so that the excess water can flow off, it is seldom the plant gets too much moisture from rains. After a rain or irrigation the surface of the soil should be cultivated to admit air to the roots because air as we have already seen is necessary for the germination of the seed and the successful growth of the plant. This brings us to the next essential condition for the successful growing of crops.

Plant food in the soil. Hawaiian soils already stated are very deficient in some of the most important plant foods. Plant food in the soil depends upon (1) the size of the soil particles, the larger the particles the less plantfood, (2) Formation or slope of the land, sloping land like we have in Hawaii leaches or washes more quickly than level land (3) humus, which contains plantfood and liberates other plantfood in the soil by its decaying process and (4) the crop system. The farmer who grows the same crop continually eventually exhausts the plantfood for that particular crop, and the yield becomes so poor as not to pay for the labor. Some farmers call it "crop sick" land, not a bad name for it. Even the sugar plantations cannot grow the large crops of cane they originally did and some of them spend many hundred thousand dollars on fertilizers each year when by rotation of crops, growing of legumes, returning the humus to the soil, and increasing the length of the stalks by scientific seed selection the same amount could be grown upon a much smaller acreage.

The third and final step in the process of successful crop growing we might term:

Plant environment. Plants like animals throw off extra or waste and unless this waste is disposed of they will sicken and die. We must clear out the poisonous materials by letting in air and light through cultivation and by rotating the crops. We might sum up this portion of our study by stating that plants must drink, plants must feed, plants must have a healthy home to live in.

Plant Food Elements. All agricultural plants are composed of ten essential chemical elements and the growth of any crop is absolutely dependent upon the supply of these ten plantfood elements. If any one of them is limited the crop will be limited. Four of these, oxygen, hydrogen, nitrogen and carbon are taken from the air and the remaining set, iron, calcium, potassium, magnesium, phosphorus and sulfur are taken from the soil. There are others such as silicon, aluminum, sodiums but they are not essential to the growth of plants. Plants are largely composed of oxygen, carbon, hydrogen and these are taken from the air. The younger the plant the greater the proportion of hydrogen, because the proportion of water is greater, and water is simply oxygen and hydrogen (H₂O) 2 parts hydrogen and 16 parts oxygen. The soil is never deficient many of the plantfoods but 4 viz. nitrogen,

Teachers' Cottages Reported as Found in Sorry Condition

(Contributed)

At the meeting of the education department of the Maui Woman's Club held last week, which was attended by about a dozen women, much indignation was expressed at the condition of many of the teachers' cottages, few of which seem to be equipped in a manner fit for habitation. In the Pauwela cottage not a drop of water could be obtained, there seemed to be no place of any kind furnished for clothes, not even a closet, and the bathtub, if such it could be called, was in an unspeakable condition. The girls found it impossible to live there and were taken in by a kindly neighbor for a few days.

This state of affairs is nothing new. Year after year many of the teachers face conditions similar or even worse and nothing is done to remedy the matter. These girls have a right to expect comfortable quarters of some kind to live in and if they were not the good sports that they show themselves to be by making the best of a trying situation, many of them would take the first boat back to the mainland.

In the outlying districts where conditions are hardest, the least is done to relieve the situation. In many instances the godmothers of the schools or those living nearest to the cottages have done their best, even contributing things from their own homes to help furnish the cottages, but no teacher likes to feel that she is an object of charity, and at the same time they should not be expected to spend their first month's salary or more for furniture which they will only need for a few months.

The crowded condition of some of the cottages may be unavoidable for lack of funds to build as many cottages as are needed, and just who is to blame for the neglected appearance of the premises and shortage of furniture is not clear, but it should be somebody's duty to see that the cottages are put into habitable condition by the time the teachers arrive and the teachers should not be required to buy furniture and pay for it from their own pockets. What are we going to do about it?

A great deal has been said and written about Americanizing the children who attend our public schools and everything is done to attract good teachers from the mainland to the end that American principles shall be at first hand taught the foreign speaking population. Would it not be better to try to keep those already here for at least another year's work by making them as comfortable as possible so that they will be in no hurry to leave? Many of the teachers like their work and would gladly stay on, but they are disgusted with their living conditions.

The Woman's Club expects to take up the matter vigorously and going to expect the assistance of the entire community.

phosphorus potassium, calcium the last three being mineral plantfood elements. Nitrogen the most valuable plantfood is a colorless gas forming three-fourth of the atmosphere; but to be available it must be in the form of a compound that is soluble in water, so as to form the liquid food for the plant. All these plantfoods can be applied to the soil in the form of commercial fertilizers and it is quite a common thing to see the plantations dissolving nitrate soda, which contains a large percentage of nitrogen in the irrigating ditches, so that the cane may feed upon the liquid plant food. This nitrate of soda comes from Chile and is very expensive, but you can get all the nitrogen you want from the air free for the taking. And, this brings under consideration the extremely important and interesting subject of bacteria in the soil.

"What is a budget?"
"Well, it is a method of worrying before you spend instead of afterward."—Boston Traveler.

A LETTER TO TEACHERSBy VAUGHAN MacCAUGHEY
Superintendent Public Instruction

Honolulu, September 12, 1921.

To All New Public School Teachers: Your entrance into the service of the Department of Public Instruction of the Territory of Hawaii places you in one of the most important organizations in the entire Pacific region. You undoubtedly realize the strategic importance of Hawaii as a world center of international goodwill and Aloha. You also understand the tremendous significance of Hawaii's American public schools in the building of genuine democracy and in the welfare of the Pacific.

It is necessary and desirable, at the outset of your new work here, that you should become familiar with some of the guiding ideas and traditions of this great school organization:

1. You are directly responsible to the Principal of your school and to your Supervising Principal. You should transact your business with department through these officers.

2. The Department Rules and Regulations have the force of law. Please familiarize yourself thoroughly with these important and necessary regulations. Note particularly those regulations relating to leave of absence, salary, duties of teachers, etc.

3. The Twentieth Century spirit in team work and cooperation. You will cooperate, of course, heartily and happily in all the common duties and activities of the school. As a member of your "school team" the esprit de corps of your school depends upon the way you "play the game."

4. Your own personal satisfaction in your work, and your monthly salary comes not only for your regular classroom teaching but also for your participation in the general activities of the school. This includes care of the buildings and grounds; games and sports; special exercises; school dramatics and entertainments; and all general matters relating to the school welfare. You have a direct personal and professional interest not only in your own particular classroom but also in the school buildings, cottages, grounds, etc. These will reflect your personality and your attitude of helpfulness and service.

5. Any official matters pertaining to your rating, salary, etc., should be taken up promptly with the department, through your Supervising Principal. Nothing is gained by yourself or the Department through needless delay in these matters.

6. As a member of a dignified and honorable profession, and as a representative American citizen, you will wear modest and sensible clothing. Grace, beauty, poise and attractiveness are not expressed in extreme or sensational apparel.

7. Your general deportment, of course, will endeavor to conform as closely as possible to the highest standards of the true Christian American lady. Note particularly your own voice-tones and mannerisms in the classroom.

8. The Hawaii Educational Review, which you receive and read each school month, is the department's official organ. Contributions are welcomed from teachers and all interested in educational work. We should be pleased to have your educational impressions of Hawaii, or constructive statements concerning your own work along the lines of your special school interest.

9. The New Course of Study for the elementary schools is official for the present year. However, this first edition is looked upon in the nature of "proof sheets;" extensive revisions shall be made during the present school year. We wish every teacher and principal to send us corrections, suggestions, additional material, etc.

10. Throughout our schools the spirit of instruction is that of the best modern educational idealism.

We believe in the informal approach; in vitalized subject-matter; and that the boys and girls of Hawaii should be trained in terms of the beautiful natural background and the great basic industries of Hawaii.

We believe in fun, and good times, and the sweet ringing laughter of children; and the joyous, contagious atmosphere of comradeship; and that every schoolroom can be a radiant living fountain of happiness.

We believe that the greatest human asset is personality and that the only and final product of the school is character.

11. The United States of America is a republic, governed by its citizens. Discipline comes from within rather than through external force from without. The best modes of school discipline, in training boys and girls for citizenship, are those forms that train in self-discipline.

12. You will become a member, of course, of your own island or district Teachers' Association. For further information, inquire of your principal. You will not take merely a languid passive interest, but an active whole-hearted interest in the affairs of your local association. This will connect you with the Hawaii Educational Association, which embraces the entire Territory and which is affiliated with the great National Education Association.

13. You will undoubtedly become interested in some line of community service in addition to your regular school—you may be a leader of Girl Scouts or Girl Reserves, a worker in the Sunday School or Church of your choice; or a helper in any one of our many lines of modern community service. You will find here a happiness that is not ephemeral, but based upon the substantial joy of service. "R. L. S." writes: "Little do you know your own blessedness; for to travel hopeful is a better thing than to arrive, and the true success is to labor."

It is well-nigh impossible, of course for the superintendent to become closely acquainted with all the fifteen hundred people in this great organization. I hope that you will look upon this as a personal letter and that you may write me concerning any interesting or significant phases of your own school work.

Personal Mention

Mrs. W. E. Bal is home from a visit to friends in Honolulu.

Frank Lufkin made a business trip to Honolulu at the week end.

Mrs. A. Enos was a returning passenger on the Kilauea this morning.

Frank Lacey brought a shipment of mules over on last Saturday's Kilauea.

Mr. and Mrs. D. H. Case spent Sunday at the Castle place at Oahu.

Mrs. Henry Washburn Baldwin returned Saturday morning from a visit to Honolulu.

Dr. and Mrs. Durney of Kula were home coming passengers on the Kilauea last Saturday.

A. F. Judd of the board of agriculture and forestry came over from Honolulu Saturday on the Kilauea.

Manager H. A. Baldwin of the M. A. Company returned Saturday from a business trip to the capital city.

J. H. Trask of the Pala branch of the Bank of Maui returned Saturday from a business visit to Honolulu.

Mrs. Ida Kalanipili returned to her Keanee home yesterday after a visit to relatives and friends in Wailuku.

Rev. and Mrs. J. P. Inaina returned to Huelo this week after having attended the church convention in Lahaina.

Louis Amiel, sales manager of the Boston Store, went to Honolulu Saturday after more goods, returning this morning.

Mrs. M. R. Pereira and two children returned to their Wailuku home this morning after a visit to relatives in Honolulu.

Mrs. Charles H. Atherton has been visiting at the Castle place in Oahu. She came over from Honolulu on the last Wilhelmina.

Mr. and Mrs. Walter Engle and family returned from the mainland this morning. Mrs. Engle has been away for more than six months.

Otto Rose, former representative for the County of Hawaii, stopped in Maui today on his way from Honolulu to Hilo and is visiting his brother, Carl F. N. Rose.

Moses K. Inaina returned to Huelo from the church convention at Lahaina last night and will leave for Honolulu prior to October 1, to resume his theological studies.

Dr. Aiken Attends Two Mainland Conventions

After attending two dental conventions during his absence of three months from Maui, Dr. George S. Aiken returned from the mainland last week. He attended the California State Dental Assembly, to which Hawaii is attached and the National Dental Assembly to which he was the accredited delegate from Hawaii. The night of his arrival in Honolulu there was a meeting of the Hawaiian Institute Dental Society to which he rendered a comprehensive report of the two conventions, more especially the national assembly.

Dr. Aiken says he was fortunate in his opportunities of meeting specialists of different parts of dentistry and being with them in their offices and laboratories. He has added a second chair to his Wailuku office and brought back other new equipment also.

Dr. Aiken will not make his Pala trip this month but will start there the 21st of next month.

Foresters' Dance and Concert

Court Valley Island No. 9239, Ancient Order of Foresters, will give a musical concert and dance at Foresters Hall, Kahului, on Saturday evening, October 1. All members and their ladies and companions of the Forest have been invited. The committee in charge of the affair has been hard at work and an enjoyable time is assured.

Pertinent Paragraphs

Alumni Association Dance—In the face of the counter attraction of the big dance at Puunene, St. Anthony's School Alumni Association held its dance at the Territorial building, Fair Grounds, Saturday evening. The attendants reported a thoroughly enjoyable evening.

Teachers' Sunday—Many teachers accepted the invitations of members of Makawao and Wailuku Union Churches, Sunday and enjoyed the hospitality and the sight seeing rides tendered to them. Both churches were filled, the Makawao church at morning services and the Wailuku church in the evening.

Daylight Burglaries—Three daylight burglaries were perpetrated in Lahaina last week, a tailor shop, barber shop and billiard room being entered. There was taken about \$140 dollars in cash and some goods. The sheriff's officers have a Filipino under arrest who has confessed to one of the crimes and who, they believe, committed all three.

Second Guard Dance—Company A, 2nd Infantry, Hawaiian National Guard announces that it will hold its second dance in Lahaina Armory next Saturday evening. Its first dance was held September 3, was largely attended and was in every way an enjoyable success. Captain Bowker, its commander says that it is the intention to hold dances twice a month during the autumn and winter months.

Masquerade Ball—Preparations have been made for a gala time at the Pala Orpheum Saturday night when Haleakala Nest Order of Owls, will hold a masquerade ball the proceeds of which are to go to the Children's Home fund. It is softly rumored that some of the dancers have been busy for days and days past in preparing costumes for the occasion and that some unique effects have been planned. There will be good music and a jolly social evening.

Would Sell Books—There has been called a meeting of the trustees of the Maui Library Association to be held Thursday afternoon at 3:30 to consider sale of the property of the association to the Maui County Free Library. It was intended to transfer the books to the Maui County Free Library but the association is indebted to the Baldwin Bank to the extent of \$162.22 and now it is proposed to sell the property to the new library for that amount and thus cancel the association's indebtedness.

Flag As Mop—There was consternation at the County Attorney's office last week when it was discovered that a trusty from the jail was using red, white and blue bunting as a mop and a Filipino prisoner is sadder and wiser from the dressing down he received. The trusty was a new hand at office cleaning; did not like the mop he found and dug up some bunting that had been used for decoration of the court house on occasions of celebration. He thought it was a perfectly good mop and was using it assiduously but will not do so again.

PUUNENE DANCE

Gay and colorful was the adage given by the Puunene Athletic Club Saturday evening which took the place of the annual Harvest Home Celebration. Five hundred invitations had been issued by the management and the responses to the invitations were so large that the capacity of the dancing floor was frequently taxed during the evening, though not overcrowded or uncomfortable at any time. The music was excellent, the management left nothing to be desired and the affair goes down as the largest and most enjoyable event of the year.

Methodist Conference Transacts Important Affairs in England

LONDON, Sept. 5.—(Associated Press Correspondence.)—Important world problems, including the reunion of Christendom, marriage and divorce, capital and labor, international cooperation and the causes underlying the change in "moral standards" of the present age, are to be discussed at the fifth Ecumenical Methodist Conference which opens in Central Wesleyan Hall, Westminster, tomorrow evening and continues until Friday, September 16. The speaker will be leaders of Methodist thought throughout the world and will include editors, educators and other prominent laymen as well as bishops and ministers.

It is ten years since the last previous similar conference was held in Toronto, Ont. Since then, according to official figures, Methodism has gained 3, 935, 341 members, probationers and adherents.

The number of delegates to the present meeting including African M. E. Church representatives, is 555 of whom 251 are from the United States, 84 from Canada, and 220 from all Wesleyan bodies in Great Britain and its dominions and mission fields.

The opening sermon will be preached at the historic Wesley's Chapel here tomorrow evening by the Rev. S. P. Ross D. D. of Montreal, Que.

The Rev. Dr. H. K. Carroll, of Plainfield, N. J., will present to the conference an estimate showing the Methodist population in the world, including members, probationers and adherents to have totaled 36,622,190 in 1919. In 1910 it was given as 32,728,547.

"The Methodist population of the world," says Dr. Carroll, "on the accepted basis of four adherents to each member in the Eastern Section and of two and a half in the United States and Canada, has reached highly satisfactory figures. It is probably the largest population of any Protestant communion except the Lutheran."

Among the announced topics and speakers at the forthcoming sessions are the following: "Reunion of Christendom"—The Rev. David G. Downey, New York; "The Moral Necessity of International Alliance"—United States Senator Crater Glass; "Changing Moral Standards of the Age"—Bishop F. J. McConnell, Pittsburgh, Pa.; "Temperance and Divorce"—Bishop James Cannon, Jr., Birmingham, Ala.; "The Responsibilities of Capital and Labor"—E. L. Kinnear, Pittsburgh, Pa.; "The Future, Its Great Tasks"—The Rev. Dr. A. S. Tuttle, Alberta College, Edmonton, Alberta, Can.

Others announced to speak are: Bishop Kogoro Usaki of Japan; Judge Samuel B. Adams, Savannah, Ga.; Sir Robert W. Perks, Bart.; Sir George Smith, ex-Governor Henry C. Stuart of Virginia; the Rt. Hon. Walter Runciman; Sir R. Walter Essex; Newton H. Rowell, M. P.; Judge Charles A. Pollock; Judge J. E. Cockrell; Arthur Henderson, M. P.; and "Gipsy" Smith.

Thousands Climb to Mt. Grappa Heights to Restore Statue

(Associated Press Correspondence.)—This mountain, 5,000 feet high amid the rugged crags of the Alps, has just been the scene of a vast pilgrimage of 15,000 veterans of the world war, women and children, who for days have been climbing to reach the summit where the statue of a Madonna and child was reconsecrated in memory of the Italian heroes who fought in these mountain fastnesses.

The road to the summit is 18 miles in length and winds through passes, skirts the edge to bottomless ravines and rises finally to giddy heights, where to the south one sees the plains of the Isonzo to the sea, to the north continue chains of towering Alps. It was thus that during the war, the army that occupied Monte Grappa controlled the plain. It was the mountainous battleground of the Italian and Austrian armies and its changing of hands during the course of the war is the story of the whole campaign.

The Madonna which has now replaced here in 1910 by Cardinal Sartorio, patriarch of Venice. In May 1918, while the stronghold was in possession of the Italians, an Austrian bomb struck the pedestal on which the statue rested. A captain of engineers and handful of men left their dugouts among the rocks and in a terrific bombardment lifted the statue and took it to a place of safety. On a convenient day, it was taken down from the mountain and carried back to the road to remain until the end of the war so that it could be erected with safety.

For the ceremony of replacing the Madonna, which has just taken place the king was represented by the Duke of Bergamo who delivered an address on the sacrifices made by Italian troops in the defense of Grappa. Former Premier Orlando made the principal speech, in which he recounted the heroic exploits of the Italian army in overcoming the seemingly unsurmountable difficulties of the mountain strongholds. There were special commissions at the ceremony from the Senate and the Chamber of Deputies. After the addresses, a mass was celebrated. The Cardinal of Venice with five bishops of the Venice officiated in the religious ceremony.

General Giardino, known as the "Defender of Grappa," received a gold medal from the city of Treviso. While the ceremonies were performed a huge Italian dirigible hovered over the mountain heights signaling to the mountain villagers. It also carried a message to Grappa from the city of Venice, which read as follows, "The bulwark of the air salutes the bulwark of the mountains."

The Garden Isle

(By Miss Dollie A. Lee.)

Four Mauians arrived at Nawiliwili, August 17, at 6:00 a. m. (Mr. and Mrs. A. J. Cockett and the writer).

The moonlight voyage was a wonderful one. The glassy sea and its caps of foam made the ocean a garden of moonlight paradise.

The Claudine anchored off the landing, we got into small boats and were towed to the wharf.

Mr. J. K. Cockett was there to greet us and we drove to Koloa, 11 miles from this landing to his wonderful home. The house is situated on a hill which has a commanding view of both ocean and the moon tains.

As we left the town of Lihue, we neared the sweet scented forest of different kinds of foreign trees.

Koia like Hilo, is very deceiving to strangers. It rains when one least expects it.

We had a dandy breakfast after which we visited the "McBride Park" which is really a heaven on earth. Its uniqueness and commanding views are surely inspiring to one's heart and soul. The different varieties of flowers, trees, ferns and relics are beyond description in beauty.

Thursday, August 18, we visited the Spouting Horn which was running unusually high at Kakuula. It certainly is a wonderful place. The huge, mountainous waves come in, dash under a large cave and spurt through an opening from 50 to 100 feet high, a mass of snow-white foam.

From there we went to visit the McBride beach home, the "Kauai Garden of Eden."

We met Mr. McBride who seems to be a very good natured, kind hearted man. He gave us bananas and coconuts.

We next visited the Poipu beach, had a nice swim and then back to Hibiscus Top.

On August 20, we visited the windward side of island. The scenery and drive over were lovely. We left Koloa at 11:45 a. m., with all the stops and punctures we got home at 10:00 p. m. It was a good long 100 miles ride.

The three most interesting places are Hanalei Valley, the Dry and Wet Caves.

Just a few lines on these wonderful places.

Hanalei Valley is a beautiful rice covered valley which is both near the sea and mountain with a large stream winding in the center to feed the rice patches. Scare-crows and the flags of all nations are seen in this place floating like kites at a flight.

The Dry Cave is a very large cave, large enough for the largest automobile to drive in and turn, with lots of extra space. On the left hand side of it there is a continuation of this cave to which I was told no end has been found.

The car only goes as far as this cave but within a few months the motor road to the Wet Cave will be completed.

From the Dry Cave to the wet caves is about half an hour's walk. Both of the latter are said to be bottomless. One has very clear water. It is about 100 feet deep at the edge before you get to the surface of the water. The whole cave looks like a large open mouth. Two of us had a swim in the icy cold water.

Right above this cave is a high, steep mountain where the Hawaiians in olden times used to display their "O ahi," (meaning shooting fire).

The Hawaiians took bundles of hau branches with the ends sharpened and went up this mountain, burned the ends and then threw them towards the ocean, making comet like effects.

I was told tourists stay out in the ocean on boats and watch the natives perform for \$10.

On Monday, August 22, we visited the leeward side of the island.

The places of interest are Hanapepe valley where the Minehaha Falls are, Waimea Stream, over which the longest bridge on Kauai is found and the "Barking Sand."

The "Barking Sand" is composed of several hills located near the seashore about 30 feet to 50 feet high. The sand is very hot and by taking it in both hands and bringing them together it barks or rather makes a "woo-woo" sound. I took some and put it in a bottle and it also barked.

The soil on Kauai is very rich. I was told from good authority that the Kekaha plantation grows cane 29 times before it is replanted.

Tire-covers at the Auto Top Shop.

Protest of Puunene Game Not Allowed

Puunene victory over Puunene stands. The protest lodged against the Pala team by the Puunenes last week was thrown out at a meeting of the baseball committee held last Friday evening at the Chamber of Commerce rooms. Puunene protested on the grounds that B. O. McCluskey, third sacker for Pala was not eligible to play on Sunday, September 11 as in violation of the residential clause which exists for 20 days on the island.

The action of the committee in turning down the protest made in accordance with Rule 4 of its By-Laws which states that all protests should be made to the chairman of sub-committees. In this case it was made to the chairman of the main athletic committee.

ed a message to Grappa from the city of Venice, which read as follows, "The bulwark of the air salutes the bulwark of the mountains."

Society

RECEPTION TO TEACHERS

On Friday evening a reception will be held at the Makawao Community House for the teachers of central Maui. The invitation embraces the teachers of Wailuku, Puunene, Kahului and Spreckelsville as well as those of the Makawao district, and is extended to all engaged in the work of the schools in the names of the pastors of central Maui, Rev. Mr. Villiers, Rev. Mr. DeKay, Rev. Mr. Jones and Rev. Mr. Pleasant.

The program as outlined by the program committee consists of short addresses of welcome by the ministers, followed by several musical numbers consisting of a solo by Mrs. Clark, Hawaiian numbers by an Hawaiian quartet, and a cornet, cello and piano selection by C. D. Lufkin, F. N. Lufkin and Mrs. J. P. Villiers. The evening will then be spent in social dancing and the enjoyment of the refreshments prepared by the ladies. The community is invited to share in the evening, giving a genuine Maui "Aloha" to its teachers.

CARD OF THANKS

Mr. David Kaina and family extend their sincere thanks to friends for the gifts of flowers and kindly attention shown in other ways by their friends on the occasion of the death of the wife and mother, last week.—Adv.

CARD OF THANKS

The family of Arcenio Jo Rego extend their sincere thanks to their many friends for gifts of flowers and for other kindly acts and expressions on the occasion of the death and funeral, last week, of Arcenio Jo Rego.—Adv.

"How do you know that Perkins didn't go to college?"

"Why, he said he knew Babe Ruth when she was a chorus girl."—Fort Mason Marking Pot.

MAUI

Out in the broad and blue Pacific
A thousand miles or two,
Lay the Hawaiian Islands
Under tropic skies open to you.
And Maui is there pride.

Haleakala is a beautiful sight
Of massive form ten thousand and
and thirty two feet in height,
In days gone by so it's said by some
That the people of that time in jest
in fun,
Called it the House of the Sun.

'Twas a volcano of burning lava
And sometimes over the rim it
would go,
And down to the water's edge it
would creep
To fill up the holes in the briny
blue deep.

It did it work well and with a will
And now we have Maui, the Isle of
valley and hill.
Maui, so beautiful, wonderfully fine,
with scenery so grand,
The Isle of God and not of Man.

Haleakala towers high above
And a view from there one that we
all love.

Iao Valley, on Maui and Maui alone,
The pride of the Hawaiian Islands
made of dirt and of stone.

From anywhere on Maui within a
couple of hours ride
You will find all the beauties of nature
upon which the whole
world looks with pride.

So think of Maui, the Isle of valley
and hill

And pass on with a word of good will
By LAURENCE J. BOEDKER,
Box 322, Haiku, Maui, T. H.

AGAINST VOLSTEAD ACT

(ASSOCIATED PRESS)

COLUMBUS, Ohio, Sept. 15.—The convention of the International Association of Fire Fighters today passed a resolution asking congress for modification of the Volstead act so as to permit the manufacture and sale of light wines and beer.

Mr. Motorist:

Have you ever figured your tire expense? Remember that U. S. Tires will save you money.

It is not the question of what you pay now for a tire, but it is the question of how much service you can get for your money.

U. S. Tires are backed by a reputation of many years and are unexcelled by any other tires of their price.

Equip your car with U. S. Tires if you want to be economical.
