PRICE FIVE CENTS

LA FOLLETTE'S FILIBUSTER HOLDS UP NAVAL BILL

REPUBLICANS ARE GIVEN CHOICE BY CHAIRMAN BERNDT

"Reorganize Committee or I Will Feel Compelled to Quit," His Attitude

BUSINESS COMMUNITY REPRESENTATION SLIGHT

Party Harmony Can Only Be Reached By Having All Interests Fairly Dealt With

Enil A. Berndt, interviewed this morning on the subject of his attitude on resigning the chairmanship of the Republican party, made the following statement:

"In view of misleading statements that have been made, I desire to emphatically confirm previous statements to the effect that unless it can be arranged to effect a reorganization of the central committee whereby party harmony can be reached by having all elements in the community equitably represented, I am convinced that my efforts would not be attended with success, and therefore feel it incumbent to tender my resignation in order that those responsible for the present organization, and who are in favor of continuing it, may have entire control and the responsibility that goes with it.

"I believe that the committee was fairly chosen, so far as the voting was concerned, but without due deliberation and that it will be readily appreciated that the business community is not adequately represented. Perhaps the fault for this lies more with the business community than anywhere else; nevertheless I believe it would be wisdom on the part of those in control to see that it is given representation. I have naturally regarded that my greatest opportunity for service to the party would be through securing the united support of the business people, and without a fair chance of accomplishing this, my greatest means for usefulness has been destroyed.

"Let those who believe that party interests are paramount give due consideration to the rights of all to fair representation.

Chairman Berndt's statement corresponds precisely to the situation as outlined by the Star-Bulletin yesterday afternoon. Since that time several "harmony conferences" have taken place. John H. Wise, who was prominent in the late platform convention, has worked particularly hard to bring about harmony.

It is conceded by all the party leaders who have followed the developments that the party is on the verge of a big split—a split with the so-called business community on one side and the rank and file of old-time Republican voters on the other.

Predictions were made today that unless Chairman Berndt's attitude brings about a reorganization of the central committee, he and others will resign and the substantial Republicans who have almost always aided the campaign in the past will decline to have anything to do with the campaign managers selected by the committee as it will then shape up.

JUDGE STUART'S LETTER FAILS TO DISTURB WILSON

Jurist's Bomb Touched Off But No Big Explosion Results

BY C. E. ALBERT
(Special Star-Bulletin Correspondent)

WASHINGTON, D. C., July 6.—Judge T. B. Stuart of Hawaii rigged up a bomb and touched it off. The purpose was to shake the governmental foundations, having Secretary Lane, Attorney General Gregory and Governor Pinkham out of the water. Incidentally, it was calculated to jostle the President of the United States.

The net result of the explosion was to disturb nobody and effect nothing. It did not make a ripple on the surface of the water. No public mention was made of the matter. The newspapers did not carry a line of the Judge's letter.

Governor Pinkham, with Judges Robertson and Whitney, will not hear of the bomb except from unofficial sources. The shock will not reach them. Judge Stuart, after this bomb-throwing, could not achieve the governorship inside of a million years. His attack on Secretary Lane and Attorney General Gregory had no effect other than to materially strengthen Governor Pinkham and the members of the bench as a whole.

"Governor Pinkham is a queen compared with Judge Stuart" is the way in which the situation is described by interior department people.

Judge Stuart began the formulation

ATHLETICS WIN A GAME; BLANK FOHL'S TOSSERS

Connie Mack's Baseball School Wins Third Victory of Month; White Sox Lose Twice

(Associated Press by Federal Wireless)
PHILADELPHIA, Pa., July 20.—The Athletics won their third game this month when they shut out the Cleveland Indians in the second game of the double header today. The White Sox, playing in Washington, dropped two close games to the Senators, going from third to fourth place. The Browns and Tigers defeated the leaders today. Second division teams made a good showing in the National League, Philadelphia being the only eastern team to win a game.

The scores of the games today are as follows:

AMERICAN LEAGUE		
At Philadelphia—Cleveland 4, Philadelphia 2; Philadelphia 2, Cleveland 0.		
At Washington—Washington 4, Chicago 3; Washington 2, Chicago 1.		
At New York—St. Louis 4, New York 2.		
At Boston—Detroit 3, Boston 2.		

NATIONAL LEAGUE		
At Cincinnati—Philadelphia 6, Cincinnati 0; Cincinnati 5, Philadelphia 3.		
At Chicago—Chicago 1, New York 0.		
At St. Louis—St. Louis 5, Boston 2.		
At Pittsburgh—Wet grounds.

TALK TO ASK ABOUT

POLK TO ASK ABOUT BRITISH TRADE BAR ON AMERICAN FIRMS

(Associated Press by Federal Wireless)
WASHINGTON, D. C., July 20.—An informal inquiry is to be made by Counselor of the State Department Polk to the British embassy for information concerning the application of the British "Trading with the Enemy" act to American business firms.

JAPANESE TENNIS MEN LOSE TO EASTERNERS

(Associated Press by Federal Wireless)
NARRAGANSETT PIER, R. I., July 20.—Craig Biddle of Philadelphia and Kolmet Canar of Harvard defeated Kumagae and Mikami, the Japanese tennis champions, in four hard-fought set today, 6-3, 7-5, 4-6, 6-4.

The cork oak of Spain is said to grow best in poorest soil, thus proving itself first cousin to the grouch.

Late News At A Glance

PROHIBITION CONVENTION IN UPROAR
(Associated Press Service by Federal Wireless)
ST. PAUL, Minn., July 20.—Efforts on the part of some leaders of the national Prohibition convention here to get the resolutions committee's draft of the platform adopted without distributing copies to the delegates precipitated an uproar here today. For 10 minutes delegates stood on their chairs, shouting, while Chairman Patton vainly pounded with his gavel to restore order. The motion to adopt the platform was withdrawn.

The platform as drafted carries nationwide prohibition, woman suffrage, anti-preparedness and peace planks. An extract reads: "Mexico needs not a conqueror, but a Samaritan. The Democrats have blundered and the Republicans have evaded their responsibility in Mexico."

The appearance of William Sulzer, ex-governor of New York and a candidate for the Prohibition nomination, caused a demonstration.

MANOA PROJECT MAY NOW MOVE AHEAD
W. G. Allen, representative in Honolulu of F. R. Ritchie, the contractor on the Manoa improvement work, has received the following cable from his principal: "Amended power mailed. Bonding company will cable agent all well." This means that the acknowledgments to the power of attorney made out to Allen by Ritchie, necessary under the Hawaiian law, will reach here before July 27, the last date allowed by the supervisors for signing the final contract. If the bonding company carries out the promise in the cablegram Ritchie's bond will be filed Tuesday night, and work on the Manoa project started soon after.

JAMES J. KULIKE SUDDENLY STRICKEN, DIES
James J. Kulike, keeper at Aala Park, died suddenly about noon today, presumably of heart failure. He was about 43 years of age and is survived by his wife and children. There will be a post-mortem examination this afternoon by Police Surgeon R. G. Ayer. Kulike was a member of the police department years ago and was later in the road department.

COL. LINCOLN'S RESIGNATION IS CAUSE OF RUMOR

Friction With Gen. Johnson is Denied Absolutely By National Guard Heads

SOON TO BE PROMOTED TO MAJOR, REGULAR ARMY

After serving efficiently since January 1 of this year, Col. Charles S. Lincoln, U. S. A., inspector-instructor of the National Guard of Hawaii, tendered his resignation yesterday as colonel of the 1st Infantry, N. G. H., and has requested the Hawaiian department that he be relieved as inspector-instructor.

Both Col. Lincoln and Brig. Gen. Samuel I. Johnson, commanding the National Guard of Hawaii, declare that the only reason for the former's resignation is that he is soon to be promoted from captain to major of the regular army, under the new National Defense Act, but reports from outside sources are persistent that the colonel's action is the result of disagreement with General Johnson's alleged political activities.

"I resigned because I am about to be promoted, and under the new conditions prefer to be with the regular troops," said Col. Lincoln this morning when asked for a statement.

"There is nothing to rumors of any friction with Gen. Johnson," the colonel added that he has been in regular army service on Oahu for the last three and a half years, having come to the islands in January, 1913, as captain with the 2nd Infantry at Fort Shafter. He was appointed January 1, 1916, as inspector-instructor of the National Guard of Hawaii and is conceded to have filled the position very satisfactorily. It is reported that he will be assigned to command a battalion of regulars soon as major in battle.

CITY PURCHASING AGENT COMPILES TABLE OF COSTS

Wheat will cost the city 5 cents a ton less, about 1.10 of per cent, and coal \$5.50 a ton more, about 42 per cent this six-month period than during the last. H. E. Wescott, city purchasing agent, has completed his tabulation of bids for materials and supplies for city use and is sending contracts to 27 firms today.

Only two items were found in a partial examination that will cost the city less from now on. As stated, wheat has gone down 5 cents a ton. Meat will cost the city but 8.9 cents, instead of 9 cents a pound.

Asphalt is to cost \$19.30 a ton, instead of \$15.20; gasoline, 18.5 cents a gallon instead of 15.5 cents; cement, \$2.85 a barrel, instead of \$2.65; copper wire, 33 cents a pound, instead of 24 cents; bran, \$37 a ton, instead of \$30, and so on through the list.

Because of the strike on the coast the city is paying lighterage cost of 50c a barrel on cement at present. The city contracts call for the payment of extraordinary cost of material due to strikes and other such causes.

NEW KWANGTUNG GOVERNOR

(Marconigram to Liberty News)
SHANGHAI, China, July 20.—Chow Sun Chun has been appointed governor of Kwangtung province to succeed Lung Chi Quan, who has been removed by Li Yuan-Hung. Lung Chi Quan refused to give up his position, and an armed force has been called upon to oust him.

CIRCUIT COURT BILLS NOT TO BE PAID BY CITY

Opinion From City Attorney's Office Holds New Fund Unavailable for Debts

GRAND JURORS' FEES AMONG UNPAID ITEMS

Members of the grand jury who served in February can not be paid for their services, according to an opinion rendered by W. T. Carden, deputy city attorney, at the request of James Bicknell, city auditor. Neither can members of the trial jury who served in Judge Ashford's court in the same month. And bills rendered by the Hughes Auto and Taxi Stand, Frank Andrade and others can not be paid.

Carden reports, citing the law and numerous precedents to sustain the opinion, that funds appropriated for the expenses of the court for the period of July 1 to December 31 can not be used to pay bills incurred during the first half of the year. The court ran out of funds in February and jurymen and others were asked to wait for their money. They have waited. But unless Carden is overruled by some other authority, or funds are forthcoming from some other source, they will not be paid.

A hasty glance over the list of grand jurors who have fees coming revealed the names of some of the leading citizens of the city. J. J. Belser has \$6 coming to him; W. H. McClellan, \$9; J. A. Humburg, Richard Ivers, H. Stuart Johnson, R. F. Lange, Frank Hustace, R. C. Brown, J. A. Gilman and P. E. Blake, \$9 each and C. G. Heiser, Jr., \$6.

The Hughes bill is for \$105 for transporting the grand jury to and from the Boys' Industrial School. Andrade has \$75 coming to him for defending Gus Anderson, a pauper.

The grand jury fees amount to \$159; the trial jury fees to \$394.30.

CONFERENCE IS HELD WITH GOV. PINKHAM TODAY

For the purpose of going over the matter thoroughly and ascertaining just how far the boundaries of the proposed Kilauea Volcano National Park encroach on the forest reserve of the Bishop estate, a committee, consisting of President George W. Smith of the Chamber of Commerce, A. F. Judd, representing the Bishop estate, and Giles H. Gere, civil engineer and superintendent for the estate, conferred today with Governor Pinkham.

The lines of the proposed park encroach about 630 acres on the Bishop estate, says President Smith of the chamber, which was asked by the estate to appoint one committee members, together with one appointed by it, to go over the matter with Governor Pinkham.

It appears that the original survey did not encroach on the estate's forest reserve, but the second survey made took in considerable land in the reserve. The conference was held today to straighten out the situation and determine where the boundary lines should run.

Longshoremen Back At Work

Unionists in Coast Port Back on Jobs at Old Wages; Question of Closed Shop Awaits Further Discussion

(Associated Press by Federal Wireless)
SAN FRANCISCO, Cal., July 20.—Indications of the breaking-up of the coast port strike which has tied San Francisco shipping and water commerce tight for weeks came today when the bulk of the longshoremen returned to work.

Four thousand of the men, employed in many branches of the shipping business, including the bay and river boatmen, went back to work at the old wage scale. No agreement between the longshoremen's union and the Shipowners' Association has been reached upon the question of an "open" or "closed" shop.

That remains to be settled by negotiations.

Announcement made last night that all the longshoremen who were striking, excepting those loading lumber, would return to work today proved correct.

TACOMA, Wash., July 20.—The striking longshoremen here went back to work today.

Villa Is Likely To Be Captured

(Associated Press by Federal Wireless)
CHIHUAHUA CITY, Mex., July 20.—The capture of Gen. "Pancho" Villa, the wily outlaw who long has eluded Carranza and American pursuers, seems probable today. Villa and a band of 800 men are surrounded in the vicinity of Amador, according to a report today to Gen. Trevino by Gen. Ramos. The latter sends a message that his 4000 men have trapped "Pancho" and the latter will probably be taken.

SAN FRANCISCO BUSINESSMAN IS SUICIDE VICTIM

(Associated Press by Federal Wireless)
SAN FRANCISCO, July 20.—Louis Rosenfeld, member of John Rosenfeld Sons, committed suicide early today by shooting himself in the head in Golden Gate Park. He was in the hospital recently and was suffering from nervousness, which is ascribed as a possible explanation of his deed.

BRITISH TRAP NEW U-BOAT OF CLASS 35; DEUTSCHLAND GETS READY FOR DASH TO OPEN SEA

Engines Tested and Found Perfect--Heavy Fighting on East and West Fronts Continues--French Claim Important Gains--Austrians Repulse Italians

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C., July 20.—Senator La Follette almost single-handed is holding back the administration's "preparedness" program.

Today on the floor of the senate he continued his attack upon the naval appropriation bill and the entire preparedness propaganda. He shows no sign of yielding on his filibuster. This afternoon he aroused the veteran Senator Gallinger when he referred to members of Congress as "representatives of the interests."

BERLIN, Germany, July 20.—The British attack northwest of Fromelles has been defeated and wherever the British entered trenches they have been ejected. Fighting has been resumed on the east front southwest of Lutsk. As a result of Gen. von Linsingen's aggressiveness the Teutons have advanced.

PETROGRAD, Russia, July 20.—The Russians have captured the Turk stronghold of Kugli, in the Caucasus. The Teutonic attempt to advance at the Stockhod river has been repulsed.

(Associated Press Service by Federal Wireless)
LONDON, England, July 20.—British patrolling cruisers or the nets spread in the North Sea and the English Channel have trapped one of Germany's newest and greatest submarines.

First official announcement was made in the House of Commons today by Financial Secretary McNamara of the capture of a diver of the U-35 class. He said that one of the U-35 submarines would soon be brought to London and that the general public would have an opportunity to see it.

(Note.—The U-35 class is said to be practically as powerful as the Deutschland, which is now in harbor at Baltimore after its trans-Atlantic trip. The U-boats, however, are equipped with torpedo-tubes and guns, whereas the Deutschland, for merchantman's purposes, is not equipped with offensive weapons, according to the report of the American experts.)

BALTIMORE, Md., July 20.—Further indications were today that the Deutschland is preparing for her dash under water into the open sea. Capt. Paul Koenig donned his uniform today and studied the charts of the Patapsco river and Chesapeake Bay. The vessel's engines were finally tested out and pronounced perfect.

Fighting on River Somme at Furious Pace Night and Day

(Associated Press Service by Federal Wireless)
LONDON, Eng., July 20.—Fighting on the river Somme continues at a furious pace today. The British made gains at Delville wood, north of Longueval, at Bazentin and east of Leipsic redoubt. At all of these positions the fighting was bloody.

French Deliver Hot Attacks on German, Both Sides of the Somme

(Associated Press Service by Federal Wireless)
PARIS, France, July 20.—The French delivered stiff attacks today on both sides of the river Somme. The north trenches of Harcourt sector were taken by repeated charges.

Southward five miles of the German front-line trenches were captured, between Barleux and Soyecourt.

There is continuous bombardment today at Avocourt and Chat tancourt, on the Verdun sector.

Austrians Smash Enemy With Rocks

BERLIN, Germany, July 20.—Italian forces swarming into the Austrian terrain near Borcola pass were repulsed and shattered when the Austrians guarding the hills rolled huge boulders down on them, says an official Vienna despatch. Machine guns aided the damage done by the avalanche of stones.

Repeated French attacks upon the Germans south of the Somme have been repulsed.

There is intense French and British artillery activity on both sides of the Somme.

German Zeppelin Said Shot Down

LONDON, Eng., July 20.—A big German Zeppelin which recently raided the Russian Baltic port of Riga was hit by the gun-fire

MAY BE UNABLE TO HOLD RIETOW AFTER AUGUST 1

Need of Second Deputy Clerk
Becoming Serious Problem
in Federal Court

Should the department of justice decline to reconsider its recent ruling which allows the expenditure of only \$600 a year for additional clerk hire in the local federal court, it is not likely that Ray B. Rietow will continue in the position of second deputy clerk after August 1, according to information furnished the Star-Bulletin today.

Rietow is now on a vacation on pay, and is scheduled to return to his work on the first of the month. If Rietow is to be paid \$100 for July only \$200 will be available for the services of a second deputy for the remainder of this year.

Clerk George R. Clark says that if the department fails to reconsider its ruling, Rietow may not be further employed, as the \$200 will be needed for a second deputy at the end of the year when the clerk's office is preparing its annual accounts and reports.

It is the belief in federal court circles that the department of justice does not understand the local situation. During the illness of the late A. E. Murphy, the work of the office was done by F. L. Davis and W. L. Ross, first and second deputy clerks respectively, and it is thought that the department feels that, if two clerks did the work then, two can do it now.

Judge C. F. Clements points out that the work of the court is constantly on the increase and that three clerks are necessary to handle the business. He is confident that the needed provision for a second deputy will be made.

COOLING SYSTEM IS MARKET NEED, SAYS LONGLEY

The Territorial Marketing Division needs a refrigeration plant. A. T. Longley, superintendent of the division, says business has increased to such a point that a cooling system in the marketing building is a necessity. When he has nothing else to do, which is seldom, he talks about the plant.

"We had \$2500 appropriated by the legislature last year for such a plant," he says, "but the money was used for extras on the main building which ran higher than estimates. The need of an adequate cooling system is felt here every day, however, and with our increased business \$3000 will be necessary to install one of proper size."

All of the division's meats are kept in the Hawaiian Electric Company's refrigerators which occasionally considerable inconvenience when a buyer comes to the division market to purchase meat and must go to the ice house to see his purchase.

"We have lost many sales just because we have not had our meats here to be shown," says Longley, "and the expense is necessarily greater by the present system. Business in wholesale meats is growing in bounds and our cold-storage plant should be large enough for 50 beefs."

Word has been received from A. E. Larimer, secretary at the Y. M. C. A., stating that he will leave the mainland for Honolulu on August 1. Larimer with Mrs. Larimer is now in Los Angeles.

PILES CURED IN 6 TO 14 DAYS
PAZO OINTMENT is guaranteed to cure blind, bleeding, itching, or protruding PILES in 6 to 14 days or money refunded. Manufactured by THE PARIS MEDICINE CO., St. Louis, U. S. A.

LOCAL AND GENERAL

Phoenix Lodge meets at 7:30 to-night.

Repairing of Liholiho street started this morning.

The regular business meeting of the Honolulu Commandery is in the Maconic Temple tonight.

On the ground of non-support Circuit Judge Whitney has granted to Bella J. Botelho a divorce from Manuel Botelho.

The case of F. M. Costa, charged with perjury, was to be presented to the territorial grand jury this afternoon.

Inventory has been filed in circuit court of the estate of the late Tong Kat Poo. The estate is valued at \$2440.

Preliminary hearing of the case of Dr. K. F. Li, charged with violating the Harrison narcotic act, has been postponed until 2 o'clock next Thursday afternoon.

Following the taking of testimony, Circuit Judge Whitney today discharged Frank J. Conley, who was charged with failure to support his wife.

Water and sewer rates for the first half of this year will be delinquent July 31, warns Harry Murray, manager of the water and sewer department.

Kosaten, a Japanese monthly, was indorsed as an advertising medium by the advertising committee of the Chamber of Commerce Wednesday afternoon.

Olive Branch Rebekah Lodge installs officers tonight in the Odd Fellows' Hall. Afterwards there will be refreshments and a social gathering at the roof garden.

Suits for divorce have been filed in circuit court as follows: Jira Kanagasuku against M. Kanagasuku, cruelty; Simporosa Bangoy against Fausto Bangoy, non-support.

BURGLARS ENTER STORE, TAKE SHOES AND SOCKS

The Sing Yuen shoe store on Beretania street near Ala lane was entered by burglars after midnight and 40 pairs of shoes, six pairs of leggings, three dozen pairs of socks, 12 bottles of shoe polish, a suit case and a sewing machine motor were taken. Three Filipinos were seen near the store shortly before the robbery but no arrests have been made.

Y. M. C. A. DIRECTORS VOTE THANKS FOR GIFT

At a meeting of the board of directors of the Y. M. C. A. this afternoon it was moved that a letter of thanks be drawn up to forward to B. F. Dillingham, who recently presented the association with a handsome endowment. Robert Anderson, R. A. Cooke and Robbins B. Anderson were appointed a committee to thank Mr. Dillingham on behalf of the directors of the association.

Terrific rains have flooded many mines in the Joplin, Mo., zinc district, forcing many to suspend operations.

COL. LINCOLN'S RESIGNATION IS CAUSE OF RUMOR

(Continued on page three)

regular army, probably on Oahu. "Col. Lincoln is an excellent man and I am sorry to see him go," said Brig-Gen. Johnson, commanding the National Guard. He expressed great surprise at being told of rumors that the resignation is due to his political affairs here and denied that he is active in politics.

"There is no politics of any kind in the National Guard of Hawaii," Gen. Johnson declared emphatically. "I am accused of political activity. I have never allowed the use of the armory for political rallies or conventions. The only kind of politics that could be practiced here would be Democratic, and we are not doing that. Officers of the guard who have been dismissed have been put out for inefficiency, not for political reasons. I would very much like to know where these falsehoods started. Col. Lincoln and I are on the most friendly terms."

Gen. Johnson says he does not know who can be secured to fill the place of Col. Lincoln as ably as he has done. "He is an able man and it will be hard to find an officer to take his place," he remarked.

Governor Pinkham says he has no comment to make on the resignation, which is to take effect right away, although Col. Lincoln will continue to act as inspector-instructor until his successor can be appointed. The governor says that the letter of resignation which was given to him contains no reasons.

"It will be at least a month, and perhaps longer, before we can appoint a successor to Col. Lincoln as inspector-instructor of the National Guard," said Brig-Gen. R. K. Evans, commanding the Hawaiian department. "He will be promoted soon. Who his successor will be I cannot say, as I don't want to discount the future, but it will have to be some one on Oahu, in my own bailiwick."

The general plans to confer with Governor Pinkham soon relative to recommending Col. Lincoln's successor to the war department for approval. Much regret is expressed by National Guard officers generally at the resignation of the inspector-instructor. "He worked early and late with the guard," "He was a splendid man," "It is unfortunate he cannot remain," said several.

IMPROVEMENTS RESULT OF ADS

"The call for extreme comfort, quiet, convenience and refinement in motor cars makes one wonder why, in the old horse-drawn carriage days, there was comparatively little advance in respect to this detail," says W. L. Hughson, president of the Pacific Kiesel Kar branch.

"Contrast the deep cushion-tired, wide-spring, thickly upholstered, 'pussy-footing' automobile with the iron-shod, noisy, hard-riding horse-drawn buggy; yet the latter used to be a luxury."

"Why was there so little improvement in coach building then? The easy reply would be that the people were not so particular but that answer is not complete. If they called for less luxury it was because they had not been educated to the present conception of it."

"In these days advertising is the basis of nearly every successful manufacturing business and naturally each manufacturer strives to advertise something better than his rivals. That is why he is constantly endeavoring to build into his product new and better features to distinguish it. Reading of these creates a desire for them. Modern advertising methods therefore are primarily responsible for the higher standards of taste and living that now prevail."

GEISHA GIRLS APPEAR IN JAPANESE DRAMA AT ASAHI THEATER TONIGHT

Japanese geisha girls will present the famous drama, Chusingura, at the Asahi theater this evening. This drama will be given in the benefit performance in memory of Fukuryu, the pretty little Japanese girl who died recently. She was one of the most popular of the geishas.

Rehearsals were held this morning at the Asahi theater with 36 of the Japanese girls present. Among the leading performers are: Ichiko as a Japanese knight, Ichimatsu as another knight, Kinrui as a geisha girl, Kayuki as a prince, and Chirako as the owner of a tea-house. Admission to the performance is 35, 50 and 75 cents. The curtain rises at 7:30. Performances will be given on Thursday, Friday and Saturday evenings.

LONGLEY SUBMITS HIS REPORT FOR YEAR ON MARKETING DIVISION

Superintendent A. T. Longley of the Territorial Marketing Division submits to the department of agriculture through the United States experiment station the annual report of the year's work. The report embraces every phase of the division's work showing unprecedented increase in all departments. It will appear later in pamphlet form.

Twin Boys Get Name Familiar To Englishmen

Youngsters Adopted Out of
Mainland Slums to Be Known
as Desmond Brothers

"I wanted them to bear a good English name, so I selected Desmond," says Mrs. Ethel Mary Scholefield, referring to the little Irish twins whom she adopted in Circuit Judge Ashford's court Wednesday.

"I am positive they are English," she added, a few moments after the adoption.

"They're Irish," argued Harry T. Lake, who "has a little Irish in him." However, Mrs. Scholefield did not like the family name of the youngsters. When she found them on the mainland, practically abandoned by their parents and nearly starving, she determined that they should have a good name. She also decided that their given names should be worthy of them. So she named them Gordon Monroe and Terence Fitzpatrick Desmond.

"I think they are the dearest things imaginable," declares Mrs. Scholefield. And none who saw the twins disagreed with her. "Just look at their little arms. They are getting chubby now, but you should have seen them when I found the babies in the slums. I had to put them both in a sanitarium to get their health back."

The adoption petition shows that the parents of the twins were perfectly willing to have their children taken away. Judging from the way they chirped and laughed when "interviewed" yesterday, the kiddies are pretty glad themselves.

RILEY H. ALLEN

EDITOR

THURSDAY, JULY 20, 1916.

DISPLAYED AT ITS BEST.

McCandless Democrats, faced with the cold question of endorsing or repudiating Judge Stuart's outrageous attack upon the president, give various answers. Here are two of them:

"Anything which Judge Stuart may have done was the result of his own ideas. We had nothing to do with the letter which he wrote to the president and I knew nothing of the nature of its contents until I read the letter in the newspaper. As far as we know, the letter was his own idea. It was not written with our authority, and we have never talked about it."—L. L. McCandless, head of delegation to St. Louis.

"Personally, I advised Judge Stuart not to take the stand he does in the letter, and not to resign. The letter originally was prepared for presentation at the national convention in St. Louis, but I prevented that. It was Judge Stuart's idea that we should do something along the line of this letter, but when we left him in Washington we told him it was not at all the proper course to take."—M. C. Pacheco, chairman of the party.

There is a contradiction here which should be explained in the councils of Pauahi street.

And here is further light on the question whether Stuart's course was talked over by the McCandlessites at St. Louis and Washington:

"Judge Stuart began the formulation of his letter a week before its promulgation. He acquired a press bureau in the shape of three or four aggressive young reporters. With them he conferred and to them he read the rough draft of his letter. Finally he rounded it and took it to the White House in person."—From the Star-Bulletin's Washington correspondent.

As a matter of obvious conclusion, Judge Stuart's intentions were known to his colleagues on the delegation from Hawaii; the tenor of the letter was known; his planned assault upon the integrity of the president and his cabinet officers was known. It was an attack long premeditated. This attack is even now condoned and excused by some of the McCandless Democrats and it is partly upheld by L. L. McCandless himself.

As an attack upon the president, Judge Stuart's letter fell flat, foolishly, ridiculously flat. Its main effect has been to display the Democracy of Pauahi street at its best.

GETTING ACTION ON THE DEADLY WEAPON EVIL.

Less laxity in the registration of deadly weapons is promised by the municipal authorities, since a campaign of publicity has drawn attention to the chronic failure to observe the law. But even the most careful observance of the present law is not enough, for weapons now are not registered until after they are purchased.

What is needed is a territory-wide statute providing that before any person can buy a deadly weapon, he must secure from the police or sheriff's department a permit to carry such weapon. After this, registration will be easy. The only feasible way to keep dangerous weapons out of irresponsible hands is to make the permit to carry such weapons a prerequisite of the purchase.

The Star-Bulletin understands that at the instance of Captain of Detectives MacDuffie an ordinance is now being prepared to cover these points. This ordinance will answer the purpose until the legislature meets next spring, when a territorial statute should be passed rigidly regulating the purchase and carrying of deadly weapons in all counties.

OUR BLUNDERING CONGRESS.

(From the Minneapolis Journal.)

There is a scarcity of machine guns in the army. There are only about a thousand of them all told, including those needed in the Philippines, the Canal Zone, the islands, and elsewhere. Now, machine guns under modern conditions are an absolute necessity. The Carrizans reports indicate that the machine gun of the Carrizans and the lack of one on the American side account for the outcome of that episode.

It becomes of vital interest, then, to inquire who is responsible for this failure to arm the American

army properly. The answer is simple—Congress. Our blundering, pacifist, pork loving Congress.

Congress gave a peremptory order in the 1914 appropriation bill that no more machine guns be made of the kind which all ordnance experts agreed is the best available, but that a new type which it would be impossible to procure for two or three years, must be used.

The consequence of this incredible short-sightedness on the part of Congress is that there is now a shortage of machine guns for the regulars, and that the national guard now being mobilized cannot be properly armed when sent to the front.

If the lives of a large number of American soldiers are lost because they were not provided with modern equipment, the congressmen who are responsible for this overruling of the expert advisers of the army ought to be sought out and pilloried for their mistake.

But this is precisely the sort of "mistake" Congress is making continually in military and naval matters. It will not follow the advice of the experts, but insists on having its own amateur way. Congress needs disciplining—and a lot of new members with better sense.

AS A PARTY INSPIRATION.

The Garden Island hopefully remarks:

Extremely scant interest is being taken on this island in the forthcoming election, although the primary is now not far away. Lack of interest is opportunity for the undesirable in politics, and we hope that, following yesterday's convention in Honolulu, there will be speedy evidences of activity.

About the only evidences of activity in Honolulu after the convention were the "kicks" of disappointed party members and denials of other party members that anything had been put over on the kickers.

A FEAR UNFOUNDED.

(From Teaching, Emporia, Kas.)

Any glance will show that the natural activities of school boys are more pugnacious, more aggressive, and aimed more at direct personal conquest than government military training can be. The football game, the track meet, the class rush, the college election, all rightful interests, embody good and bad, the principles of militarism. Here they are comparatively undirected. They are left to the guidance of the vigorous boy's own tendencies.

Our fear of the moral effect of military training in the schools becomes rather absurd when this is borne in mind. That a maturely directed training in camp life, rifle shooting, and field organization can be more dangerous morally than the football game is not likely. Besides, military training is stated in terms of service to the nation.

It is authoritatively announced in Washington that the American troops will not be withdrawn. But why rush all these thousands of guardsmen from their homes to the borders unless there is a real American job to be done?

"They're going crazy on the mainland over Hawaii," declares William H. Crane, and some of the theatrical stuff staged under the name of Hawaii goes far to prove it.

One of the best things the official announcer in London does is to tell how the Russians are descending from the Carpathians into the rich plains of Hungary.

Judge Stuart's letter may not be without some mysterious use ordained of inscrutable Providence. Remember, it was the cackling of geese that saved Rome.

Swiss minister in Washington hopes for peace. The war has probably shot the Swiss cheese industry all full of holes.

Local Republican politics is strong on the initiative and resignation.

PERSONAL MENTIONS

C. E. BROWN, chief clerk at Silva's Toyery, has gone to Giborine, New Zealand, to join Mrs. Brown, who has been visiting there for some time. He will be gone two months.

MISS THELMA WICKE has been appointed assistant for the recreation work at the summer camp of the Y. W. C. A. at Pearl City. She has already taken up the work there.

BRIG. GEN. R. K. EVANS, commanding the Hawaiian department, paid an official visit to Fort Armstrong at 11 o'clock this morning. He was met by Capt. George T. Perkins, the fort's new commanding officer.

EUGENE BUFFANDEAU, clerk to the supervisors, is coming to work these days with a handkerchief around his neck instead of a collar. He spent three hours in the sun at the beach Sunday and has a badly burned neck and arms.

DR. A. N. SINCLAIR, director of the anti-tuberculosis bureau of the board of health, will return Wednesday on the Lurline from the mainland. He has been studying advanced

LITTLE INTERVIEWS

—CHARLES N. ARNOLD: I have to get up early in the morning these days. I am living at Waikiki and working at Alea.

—W. G. ALLEN: Well, I feel better now that I know the power of attorney has been mailed to me by Ritchie. If the Manos contract is not signed by the 27th, you know, the firm would stand to lose a \$19,000 certified check and several thousand dollars spent on expenses. Now I know everything will run along smoothly.

—JAY A. URICE, educational secretary of Y. M. C. A.: We are receiving a number of calls in our department for young men. Many of the business houses in the city are asking for more than we can place. This is exclusive of our cooperative trade schools, and at the present time we could place 30 young men in good positions.

—A. C. SILVA: Hawaii will benefit enormously by the closing of the war in Europe. When that great struggle is over, American factory owners, finding they have made vast sums of

money and tired unto death with the making will wish for a pleasant life in a southern sea and they will all come to Honolulu to enjoy themselves and recuperate. Also to leave a little "kale."

"BILL" LARSEN: There are a lot of rumors floating around that the board of supervisors will change the specifications on Kalakaua avenue from concrete to bitulithic, but as long as I have a vote I will stand for pushing the improvement project the way it stands now. Why the project, when it knows it will be crying for good roads next winter, I don't see.

TRUSTEES SEEK TITLE TO AINAHU PROPERTY

A petition has been filed in the territorial land court for the registration of title to Ainaahu park, Waikiki, the petitioners being A. G. M. Robertson and J. B. Jaeger, trustees under the will of the late A. S. Cleghorn. The lands in question comprise 11.33 acres.

ENJOINS JAPANESE FROM TAKING JUDGMENT MONEY

Seeking to enjoin the defendant from collecting a judgment for \$1300 recently allowed him against the plaintiff, Tsune Horita has filed in circuit court a suit for injunction against Kotaro Takamoto.

G. O. P. PLATFORM PLANK ON ALIEN LABOR IS RAPPED

Japanese Daily Declares Suggestion is a Menace to Oriental Workers

Criticism of the Republican party in Hawaii for its anti-alien labor plank in the platform adopted last Monday was voiced editorially yesterday by the Nippon Jiji. The Jiji under the head "The Hawaii Republicans and Citizen Labor," says:

"Among the pledges of the Republican party of this territory announced there is one of a most important question for the Orientals to observe—their pledge for citizen labor. It reads as follows:

"We pledge all Republican senators and representatives at the next session of the legislature to memorialize the Congress of the United States to the restriction of the employment upon federal work in Hawaii to American citizens or those eligible to become citizens only, and pledge our delegate to Congress to urge congressional action to effectuate such restriction."

"This question of citizen labor has been presented in the territorial legislature many times before and each time it was killed, but they intended to pass it each time. We are unable to find out at present what pledge the Democratic party of this territory will make on this question, as its platform is not announced yet, but in accordance with the conditions of the political situation, we can judge that the Republicans may be successful in the general election this year. If so, this question of citizen labor will be presented to the territorial legislature as before, and the members may use all their energy to pass it. Enactment of this citizen labor law is anti-Asiatic. Its aim is to oppose Japanese and Chinese in this country, for they are the only aliens whose naturalization is not granted as Americans."

"If this citizen labor bill should pass the legislature and also become a law of this country, the Japanese and the Chinese will be barred from all federal work in this territory."

"There are about 500 Japanese carpenters in this city and about 300 of them are working under employment of federal authorities all the time, their skillfulness and faithfulness giving satisfaction to the U. S. authorities."

"We believe that the federal government will not favor such discriminating action which the Republican party of this territory is going to take towards Orientals. At the same time we ask the Republican party of this territory for further consideration of this question."

SIGNAL CORPS HORSES REMAIN AT FORT SHAFTER

Horses of Field Company E, Signal Corps, Fort Shafter, will not follow their former riders to the border. A cablegram from the war department, received today from Washington by Hawaiian department headquarters, stated that they will remain here.

It was thought for a time that the equines might be sent to the border, where the company now is, but the war department has decided to keep them here to await the return of the company after the Mexican situation has adjusted itself satisfactorily, or been straightened out by Uncle Sam's soldiers. Company M, the other signal company at Shafter, remains here.

ADJUTANTS-GENERAL NOT GUARD OFFICERS, SAYS RECENT RULING

Adjutants-general of a state, territory or district are not under the new national defense act officers of the National Guard of the United States, says an opinion received at Hawaiian department headquarters from the judge advocate-general of the army.

The decision does not affect Hawaii, as all the territories and the District of Columbia are excepted. The section on which the decision is based provides that the adjutants-general of the territories and of the District of Columbia shall be appointed by the president and shall be a resident of the territory.

OFFICER QUILTS ON REQUEST OF DEPUTY SHERIFF

Several Changes in Department Follow Resignations of Two Policemen

Motorcycle Policeman W. R. Chilton has resigned from the Honolulu police department. The resignation was requested by Deputy Sheriff Julius W. Asch, who says Chilton's actions have been objectionable for some time past. J. G. Branco, formerly a patrolman, takes Chilton's place.

A story appears in the Japanese daily paper, the Hawaii Shimpo, to the effect that Chilton extorted \$15 from Chauffeur Tsujimura of the Aala Auto Stand by threatening to have him chauffeured, represented by Tsujimura, arrested for carrying more people than the law allows from Kaimuki to a Japanese picnic at Koko Head.

Deputy Asch says he does not believe this to be true and that so far as he knows Chilton will not be charged with such an offense.

"Chilton's resignation closes the whole matter so far as I am concerned," says Asch. "I have not approved of his methods for some time and I asked him to quit, which he did. That's all there is to it."

There will be several changes in the police department, resulting from Chilton's resignation and also from the recent resignation of Mounted Policeman E. J. Gay, who left the department shortly after he had been charged with, and was about to be tried for, conduct unbecoming an officer.

F. Kauahi, formerly a guard at the jail, takes Branco's place who in turn takes Chilton's, and H. K. Kilachi, formerly a patrolman, goes to Gay's place. Sam Kumane has been selected by Asch from the eligible list for patrolman in Kilachi's place and J. J. Walahia also comes from the eligible list to work as guard at the jail in place of F. Kauahi.

BUFORD TO TAKE NO PASSENGERS FROM HONOLULU

No passengers will be taken from Honolulu by the U. S. army transport Buford, the department quartermaster's office announced today. The transport is due here from Manila and Nagasaki about August 1, having steamed from the latter port July 17.

To date no advices have been received by the quartermaster as to whether the Buford is bringing any passengers from Manila. None will be taken from this port to San Francisco, however, before the next regular transport, due to leave about August 5 for the mainland. The Buford is making a special trip, returning from Manila, to which city she took the 27th Infantry this spring from Panama.

BANK OF HONOLULU HOLDS MEETING TODAY

The annual stockholders' meeting of the Bank of Honolulu will be held this afternoon at 3 o'clock for the purpose of electing a board of directors. Following the stockholders' meeting the newly elected directors will meet and elect officers for the ensuing year.

NATIONAL GUARD ORDERS

July 17, 1916.
Headquarters 1st Infantry, N. G. H.
General Orders, No. 11.
1. The following named officers, unassigned, 1st Infantry, are assigned to companies as follows:
Capt. Luther A. K. Evans to Company L.
1st Lieut. Edward K. Chung to Company L.
2nd Lieut. George K. Moore to Company L.
2nd Lieut. Thomas J. K. Evans to Company A.
2. 1st Lieut. Willard Wayne, unassigned, 1st Infantry, is appointed battalion adjutant and assigned to 3rd Battalion, vice Wichman, relieved.

About 40 per cent. of China's population is in the provinces south of the Yangtze River, with a density of 230 to the square mile. This territory has twice the area of the original 13 states of the American Union and four times the population.

Grouch

And You Grouch Alone, Just Like An In-Growing Toe-Nail

All Grouches Avoid Publicity and the People always avoid the Grouch.

By Contrast, the Grouch causes the man using Paid Publicity to shine out like a beacon light on a fogged and pessimistic shore.

Philosophers cannot smile with a toothache and Grouches cannot continue to grouch under the wholesome, cheery light of Paid Publicity.

Paid Publicity Breeds Good Will.

MAIL ORDER METHODS

Mr. Herman Rosenthal, advertising manager for Sears, Roebuck & Co., of Chicago, recently told the members of the American Ad Club one of the methods by which that company extended its trade. He said: "We have a bureau whose duty it is to read, each week, the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers, and when we find a town where the merchants are not advertising in the local paper, we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants all the time use their local paper."

The Japanese make an imitation of silk from the hemp of New Zealand. An order for 3,000,000 Cossack boots has been placed with London manufacturers.

What is your business aim, Mr. Merchant? Isn't it to make it easy for the buyer to get exactly what he wants? Then why not use the Star-Bulletin to point out how you can do this?

—THE AD MAN.

Marine Code Is Relied Upon To Settle Dispute

What is the meaning of P. D. Q.? The question came up this morning in the harbor master's office and many suggestions were offered. One mariner said it meant "bring a boat quick" and another "bring help quick" and the landlubber who was present thought it meant "pretty (censored) quick," but when the marine code book was brought out it was found that no one had the correct answer. According to the code it means "submersed."

And from this it is evident that the German submarine Deutschland will be P. D. Q. very soon.

Trifles make perfection, but perfection is no trifle.—Michael Angelo.

HONOLULU, TERRITORY OF HAWAII, THURSDAY, JULY 20, 1916.

NINE

HIGH OFFICERS ARE ASSIGNED TO DUTY ON BORDER

War Department Grants Release to Militiamen With Dependent Relatives

(Associated Press by Federal Wireline)
WASHINGTON, D. C., July 20.—The war department last night notified Gen. Funston, in command of the troops at the border, of the following assignments of the newly promoted brigadier-generals to commands under him:

Brig-Gen. Charles G. Morton, formerly colonel of the 5th Infantry, stationed in the Canal Zone, to command of the 7th Infantry Brigade, with headquarters at Douglas, Ariz.

Brig-Gen. George A. Dodds, formerly unattached colonel of cavalry, to command the 2nd Cavalry Brigade with the punitive expedition under the command of Gen. Pershing.

Brig-Gen. Granger Adams, formerly colonel of the 5th Field Artillery, stationed at Fort Sill, Oklahoma, to command of the 5th and 8th Artillery regiments, stationed at El Paso.

Brig-Gen. Edward H. Plummer, formerly colonel of the 28th Infantry, stationed at Mission, Cal., to command of the 4th Infantry Brigade and ordered to report to Funston for assignment.

Guardsmen Released From Duty

The war department announced last night that 75 militiamen have been discharged from the service because they have dependent relatives. Gen. Funston has received thousands of applications from men who wish their discharge on the same grounds.

AMERICAN SAILORS SEIZED BY MEXICANS

SAN DIEGO, Cal., July 20.—Twelve American refugees from Mexico are expected here this morning on board the United States cruiser San Diego. Five members of the crew of the schooner Sweetheart, last reported at Flores, are said to have been seized by the Mexican authorities. No reason for this action is known here.

IN WAR ARENA

TEUTONS FAIL TO HOLD GAINS ON WEST FRONT

LONDON, Eng., July 20.—Last night the London official communiqué reported that the troops under Gen. Sir Douglas Haig, by combined artillery and infantry attack, had again wrested Delville wood and terrain around Longueval from the Germans and beaten back with their artillery all efforts of the Teuton commanders to mass for another attack on the Delville wood.

South of the river the French are again attacking, and last night Paris reported the capture of a number of trenches from the Germans, as well as the repulse of a number of Teutonic attacks on their lines.

In the Asia Minor campaign against the Turks the Russians say that they have made gains south of Trebizond, and Constantinople claims to have driven the British on the Euphrates out of the advanced positions for slight gains. The Turks also claim to have repulsed Italian attacks at Misratah.

ASQUITH FAILS TO GET ELECTION COMMITTEE

LONDON, Eng., July 20.—The Liberal government last night received its most severe rebuff since the outbreak of the war, when it proposed holding a general election as soon as parliament expires in November.

Mr. Asquith suggested that a committee be appointed to prepare for the election during the war, and immediately aroused great opposition. So general did this become that he withdrew the suggestion.

The attitude of parliament is taken here to be a reflection of the feeling of revolt against the government's creation of a multiplicity of committees during the war. This has been done to enable the government to dodge awkward subjects, declare members of the opposition.

BARON SHIBUZAWA TO QUIT ACTIVE WORK

(Special Cable to Hawaii Ship)
TOKYO, Japan, July 20.—Baron E. Shibuzawa, foremost among Japanese businessmen, announced last night that he intends to retire from active life. He has for many years been a leader in the commercial and financial matters in the empire, having been head of the Tokyo Chamber of Commerce, president of the First National Bank and the Shibusawa Bank. He recently returned from a trip to the United States, where he received a warm welcome from American businessmen.

Six persons were killed and eleven injured in a fire in the Imperial Hotel, Liverpool.

SUNDAYS

Special appointments for consultation on Sundays should be made beforehand by telephone. A consultation implies no obligation on your part.

Hawaii Grasses To Be Sent Away For Comparison

Expert Completes Work on Oahu and Goes to Hawaii Next

Specimens of grass from Punchbowl, Diamond Head and the Kaala range will soon begin journeying to Berlin, in London, in Paris and Vienna, all through the civilized world in packets of grass clipped from the hillsides of Oahu.

A. S. Hitchcock is at work on the specimens he has gathered in the few weeks he has been here, separating, classifying and labeling them. He has gathered some three score varieties of grass, of which more than a dozen are native to Oahu or the islands. Many of the imported grasses which he has secured are extremely rare and he has taken as many as fifty specimens, each of which will be carefully wrapped and labeled and either sent off immediately or preserved for future exchange with other scientific institutions.

Dr. Hitchcock, as has been told in the Star-Bulletin, is the leading active grass expert of the world and has been sent here by the federal government to study and classify the grasses of Hawaii and to endeavor, incidentally, to find a forage grass which can be successfully cultivated for army use.

He returned late last week from a ten days' journey into the Kaala mountains, near Schofield, in company with his son, who is assisting him in his work here, and a party of soldiers. Next week he leaves for Hawaii, to spend a month on the Big Island.

Already the eminent "grassologist" ("agrostologist" is the correct and scientific term, but after trying it on a dozen and finding but one who knew what it meant, and he explaining that it was synonymous with "grassologist," the latter term was determined upon) to continue, has familiarized himself with the Hawaiian names of most of the grasses. To one who knows grass as just grass, it is astonishing to hear a man whose brow is not at all wrinkled and who does not look at all like the cartoonist's "professor," call every little blade of green by its first name, reel off its history and then proceed to tell where else in the world it grows and its name in a hundred places on the earth's surface.

What most men probably know as "lawn grass," Professor Hitchcock called by its Hawaiian name of "manileño" in a conversation with a Star-Bulletin reporter. Then he proceeded to explain that it is not native to the islands, but was introduced here many years ago, that it grows all through the tropical and semi-tropical regions of the earth and is fondly imagined native to many places. "They call it 'Bermuda grass' in the south," he declared. "That is all through the south except along the Atlantic coast, say in the Carolinas, Virginia and Georgia. There it is known as 'wire grass.' In the West Indies they call it 'Bahama grass.' In the Mediterranean countries they call it 'dog-tooth' grass, from the little ridges along its edge. In Java they call it 'But the reporter fled."

BLISS DENIES STARVATION OF GUARDSMEN ON BORDER

(Associated Press by Federal Wireline)
WASHINGTON, D. C., July 20.—The War Department last night made public the formal report of Maj. Gen. Tasker H. Bliss, who has been inspecting the national guard camps at the border. Gen. Bliss flatly denies that the guardsmen have been poorly fed and that they were not given good treatment while traveling to the border. He reports that the camps are excellent, sanitary and comfortable, and that the men are well fed and well sheltered.

LUNG CHI QUAN DEFIES CHINESE HEAD IN CANTON

(Special Cable to Liberty News)
SHANGHAI, July 19.—Lung Chi Quan, governor of Kwangtung province, who was asked to give up his position has defied the President of China, and three Chinese cruisers have been sent to Fumen to aid in his capture. Revolutionary troops have joined in the attack on Lung Chi Quan, and an official demand has been forwarded to the governor asking him to resign within five days, or an attack will be made on the government quarters in Canton.

SEVEN-FOOT SHARK IS CAUGHT OFF JERSEY COAST

(Associated Press by Federal Wireline)
MATTAPAN, New Jersey, July 20.—A seven-foot blue nose shark was caught yesterday in a net off the mouth of the creek where two of the recent victims of sharks were killed. The creature struggled so fiercely that he nearly overturned the boat carrying his captors.

BEAR'S ENGINES FOUND IN PERFECT CONDITION

SAN FRANCISCO, July 20.—The wrecked steamer Bear has been pumped out and her engines and boilers have been found to be in good condition. No announcement has been made whether an attempt to float her will be tried.

Wie Gehts!

From the San Francisco Examiner, after the arrival of the Deutschland at Baltimore.

AMERICAN TOBACCO COMPANY WILL PAY EMPLOYEES WHILE AT FRONT

June 21, 1916.
To the Auditor, Factory Managers, Sales Department Managers, Lead Department Managers, Sales Department of the American Tobacco Company.
Gentlemen: It is our earnest desire that all of our employees who belong to military organizations affected by the orders of the president, the secretary of war and the governors of their respective states, with reference to the mobilization of troops on account of the Mexican situation respond to such orders. We desire all such employees in making that response to have the assurance in the

first place that upon their return the positions they left will be waiting for them, and in the second place that full salaries will be paid during their absence from their employment on account of this their performance of their patriotic duty. Please let all employees affected know of your receipt of this communication and get from them directions as to how payment shall be made of their wages or salary during their absence in the performance of this, their country's service.

Very truly yours,
(Signed) PERCIVAL S. HILL, President

THE ATLANTIC PASSAGE BY AIR

The plan of the young Norwegian, George Kulbech, to make the Atlantic passage in a biplane from Jaedre to America in 24 hours, flying at a speed of 112 miles an hour, looks practicable and kindles the imagination. His flying boat will have a seaworthy hull, so that if the skipper and his mate are compelled to seek refuge in the bosom of the deep they may submit to salvage if they do not rise into the air again. But why shouldn't the seaworthy hull be equipped with a motor to continue the voyage on the surface of the Atlantic?

Kulbech's biplane is to have a water-cooled motor of 250-horsepower, and with twin steering devices the two men aboard will be able to take turns at the wheel without moving from their seats. The lifting capacity of the great motor is to be 6000 pounds. The motor is to be self-starting. Apparently the ship could carry enough fuel to keep the air for 24 hours.

If Gumbjorn, the Norwegian sea rover, sailing for the Norse settlement in Iceland in A. D. 876, was blown out of his course and carried west until he sighted the continent now known as America, George Kulbech, another adventurer of Norway, may be the first of the human kind to sight America from the air in A. D. 1916. If George can make a landfall in Newfoundland or, say, on Cape Cod, there is nothing that may not be attempted and achieved by the air route. Estimating the equatorial circumference of the earth as 24,872 miles, it would take about nine days to ascend at Para near the equator and make the long circuit of the globe at a speed of 112 miles an hour, with rations and gasoline enough on board and bunks for the crew. The round the world aeroplane will of course be a great improvement upon George Kulbech's.

And what a glorious voyage that would be! How puny and flat Jules Verne's dash around the earth in 80 days by steamship and railroad train and other mediums of travel! From Para up the Amazon and over the Andes (looking down at Quito), thence across the spacious Pacific past Christmas and the Gilbert Islands, sighting New Guinea, over the spice wafted Celebes and the jungle of Borneo to the Straits Settlements; through the Indian ocean to British East Africa, and right across the Dark Continent to the Gulf of Guinea, and back to Para! What aviator with an imagination would desire another route by sea and land?

Of course the time is coming when the stabilized aeroplane will be as safe and familiar as the automobile that creeps (by comparison) on the face of the earth. There will be round the world trips and excursions in 10 to 20 days with stops to see the historic places and rude half nude people of the otherwise inaccessible wilderness. Everywhere will be aerodromes marked by flags and lights to welcome the air voyager. Friday to Monday trips to England and the European continent will be commonplace. Vacations will be spent in the air, with landings when desired or necessary. Doctors will prescribe the aeroplane for insomnia and other ailments. It will be a great world, and everybody scouring the upper currents will say: "This is the life."

AN UNKIND CUT.

Somebody in Chicago says the largest thing in the world is an unselfish soul. That Chicagoan has traveled. He never learned that there—Hous-

Mainland Scribes Are "Spoofed" By H. J. Lyman On Trip

Henry J. Lyman, Republican delegate from Hawaii to the Chicago convention, has evidently been having some fun with reporters on the mainland.

The Seattle Times recently printed the following:

NOTED HAWAIIAN HERE
"Duke Kaleiokalani of Honolulu, one of the two Hawaiian territorial delegates to the Republican national convention at Chicago, arrived in Seattle last night on his return to the islands, after having visited important business centers of the East and Canada. He is under the name of Henry J. Lyman."

A Seattle resident writes to the Star-Bulletin concerning Lyman's trip as follows:

"He was written up as having sugar plantations in Kapahu."

"He says for obvious reasons he travels under the name of H. J. Lyman."

"Roast him, then send a copy to the Seattle papers!"

THEATRICAL OFFERINGS

DUAL ROLE FOR 'BILL' FARNUM

Almost all of Honolulu remembers William Farnum in "Samson," "The Gilded Fool" and "The Plunderer," not to mention "The Spoilers." Almost all of Honolulu agrees that William Farnum is one of the leading stars on the films at the present day and they will be more insistent upon this point after visiting the Hawaii theater and witnessing William Farnum in his latest work, "The Wonderful Adventure."

"The Wonderful Adventure" is a photo-drama of modern life, filled with thrills and with tense scenes. Farnum is called upon to play a dual role. In one part he is a clean-living, strong man while in the other he is a weakling. The weakling, enticed away from his family by the wiles of a dancer, chooses the other man—who bears a striking resemblance to him—to impersonate him in his home and in his business life.

It is in the home life that the drama grips. When the strong man is impersonating the husband there is a clean atmosphere noticeable in the wife and child, notwithstanding the fact that he endeavors to "act" the man he loathes.

JACK BARRYMORE SCATTERS MIRTH

Another cheerful program comes to the Liberty theater tonight with the opening of "Nearly a King," an adventurous comedy featuring that leader of refined comedians, John Barrymore. Barrymore appears in a dual role, the first time since his appearance on the screen that he has essayed two characters simultaneously. In one role he is "The Prince of Bulwaria" and the other just "Jack Barrymore." Therefore, it is easy to see that the comedy romance was written expressly for John Barrymore.

The story is said to embrace every phase of the playwright's art, from farce to melodrama and from sentiment to adventure. It contains a plot that is fascinating in its varied appeal and it shows Jack Barrymore in one of his best mirth-provoking roles.

"The Broken Coin" also returns with the bill of tonight and picks up the thread where it was broken last week, carrying the serial fans deeper into the mystery and affording further opportunity for Grace Cunard and Francis Ford to display their talents.

HEAVY TALENT AT THE BIJOU

Roscoe Arbuckle, Charles Chaplin, Marguerite Clayton, May Howard, Lillian Drew and E. H. Calvert are a few of the artists appearing on the Bijou program for this evening in "Cultures of Society" and "The Knockout." The former is a drama of a fascinating type while the latter is a comedy, usually branded as "A Chaplin," and equally as fascinating. In "The Knockout" Arbuckle and Chaplin do some clever team-work and the prize-fight scene is a splendid burlesque, with Arbuckle as one of the participants and Chaplin in the role of the "in-bad" referee who interferes with the fight in such a manner as to stop a stiff swing and retire from his job of refereeing to become a subject for the doctor.

"Cultures of Society" is a modern drama which depicts the methods employed by up-to-date crooks to separate the wealthy from some of their surplus wealth and jewels. The story

BIG PARTY OF GAME-FISHERMEN TO COME SOON; MAY BRING OWN YACHT

Sportsmen Likely to Flock Here—Southern California Fishing Poor—H. Gooding Field Plans Clubhouse Near Kihel—Jump's Great Record Lures Rod Men of the Mainland

A big party of game fishermen from the Pacific coast and other mainland points will come to Hawaii this fall, according to a letter received by H. Gooding Field from F. P. Newport of Los Angeles, who has already had a welcome taste of hunting the finny fighters of local waters.

Writing to the Star-Bulletin from Wahiuna, Field says:

"I am just in receipt of a letter from Mr. F. P. Newport of Los Angeles, member of the Catalina Tuna Club, who fished with me in the Molokini waters, off Kihel, Maui, last fall, in which he states that the fishing at Catalina so far has been very poor and only two or three tuna caught and none of record size. Game fishing around San Pedro, with practically no fish at all."

Newport also states that he is making up a party of about ten or 15 game fishermen, who will bring their own boats with them, and possibly charter a private yacht and sail direct from San Pedro to Honolulu, then to fish in the Molokini waters

up here, where Jump broke the world's record in January last for an afternoon's catch of yellow-fin tuna. Newport predicts an exodus of game fishermen to these waters this fall in view of the fact that game fishing is so rotten in southern California waters, and that with us in Hawaii we have all the year around almost every known species of game fish and of phenomenal size.

"I am having my plans to be able to take care of these gentlemen when they commence to arrive here in the fall by equipping a clubhouse for the Hawaii Tuna Club in the neighborhood of Kihel, in the center of the Molokini waters, on this island, where there is excellent wharfage facilities and good automobile roads to any part of Maui. As soon as I have perfected my plans I will advise you. We are going to try our luck off this point the latter part of the week, and I shall have as guests Rodman Fay of Boston, Judge Edgely of Maui, Gerrit P. Wilder, who is visiting the Cornwall ranch, and A. C. Smith of the Star-Bulletin staff."

BITTER ASSAULT ON PREPAREDNESS BY LA FOLLETTE

Scouts Need of Military Increase; Accuses Employers of Mercenary Motives

(Associated Press by Federal Wireline)
WASHINGTON, D. C., July 20.—Senator La Follette, in a bitter attack upon the preparedness program of the administration, succeeded in preventing the final vote on the naval appropriation bill in the senate yesterday.

He declared that the measure would bring the total load upon the already bending backs of the American people up to \$884,000,000.

"If all this preparedness is necessary now why was it not necessary four years ago, when the administration went into office?" he asked, amid the cheers of the Republican members.

Continuing he declared that the thousands of men who have marched in the preparedness parades did so because their employers threatened to reduce their wages unless this was done. He accused the need for a greater navy and army.

THE MOVIE FAN.

His life, by day, is dull and gray. A task-bound round of duties mean, Adventures and romances gay Have passed him by; no stirring scene Or magic moment comes to sway This Philistine.

But when night cancels day's demands, No more a clod of sodden mien, A tireless venturer he stands In Fancy's sumptuous dais: Midst gaudy fancies and coral strands Or isles of green.

He trusts with lovers, then, and shares The fool's mad mirth, the villain's spleen; A part in intrigues dark he bears With cringing sordid and pompous queen; In chariot his spirit fares, And submarine.

And ah! the dullness of his lot— Those sordid days, so romance-jean, Are sought to him, for does he not Collect his heritage of keen Adventure, love and stirring plot Upon the screen? —Dorothy de Jagers, in Los Angeles Times.

WAR CHANGES ETIQUETTE

LONDON.—The war has altered the etiquette of weddings in England. The war-wedding ring is not now always made of gold. A bride may be married with a lead ring made of the piece of shrapnel that injured her bridegroom.

The invitation list is, if not entirely suspended, much restricted. As a rule, only near relatives receive cards bidding them to the wedding. The war-bride has revised the wedding present list also in a most salutary manner. It is understood to be unpatronized to give presents made of gold; silver is welcomed instead.

DUPONT LAYS OFF WORKERS.

WILMINGTON, Del.—The du Pont Powder Company has announced that 2,500 of the 20,000 men employed at its gunpowder plant at Hopewell, Va., have been laid off temporarily. The reason given is that the New Jersey plants are now well stocked with gunpowder, which is used in the manufacture of smokeless powder.

It is particularly interesting for the reason that it carries a love episode that is a trifle different to the usual love-story of the screen. It is a well acted and well photographed film.

INFORMATION ON TOTAL PAY ROLLS IN CITY SOUGHT

Chamber of Commerce is Compiling Data to Be Able to Answer Queries

Through Raymond C. Brown, its secretary, the Chamber of Commerce has commenced an investigation to determine what is the "pay roll" of Honolulu. Already he has secured a number of business houses and secured the information that is desired and he is now engaged daily in visiting others.

To a representative of the Star-Bulletin Secretary Brown explained something of the objects and purposes of the investigation. "In most cities," said Brown, "there is a clearing house from which definite information as to the resources of the community can be obtained. Here we have no such organization and hence the only way to secure required data is through such an investigation as the Chamber of Commerce is conducting."

Brown went on to explain that among the many letters of inquiry received by the chamber there come requests for all sorts of information. One of the common queries is "what do the pay rolls of your city total?" and similar questions are less frequently asked as to the territory or of the island.

To give information of such nature to those purposing coming here to live and enter into business, or planning other investments in the islands and especially in Honolulu, the present investigation of the Chamber of Commerce are directed.

AUSTRALIA WILL FLOAT THIRD WAR LOAN SOON

MELBOURNE, Australia.—A third federal loan for war is to be floated before August 1, though it is not proposed to ask for any fixed amount. On the occasion of the first loan the government asked for \$25,000,000 and it received \$55,000,000, and on the second occasion \$50,000,000 was asked for and the response was \$105,000,000. Parliament has authorized the raising of \$250,000,000 and it is expected the people of the Commonwealth will as before respond liberally. The government will take as much up to that amount as the public cares to lend it. The rate of interest will be 4½ per cent, the price of issue will be at par and the loan will run until 1925.

INVENTORY RUSHED UPON PLANTS FOR U. S. MUNITIONS

NEW YORK, N. Y.—For the purpose of rushing to completion the nationwide inventory of industrial plants, producing munitions and other supply plants needed in time of war, the war department has assigned five officers to the regular service to assist the committee on industrial preparedness of the naval consulting board of the United States.

The officers are Col. Abel L. Smith, quartermaster corps; Maj. William D. Connor and Maj. Douglas MacArthur of the general staff; Capt. Richard H. Somers, ordnance department, and Capt. Charles S. Wallace, signal corps.

The businessmen of the country, it is announced, continue to respond in a most patriotic manner to the committee's appeal for information, with the result that the inventory of industrial plants is progressing rapidly.

POPULATION TERRIBLY REDUCED

RHEIMS, France.—The population of Rheims, which was 115,178 according to the census of 1911, has, according to a new count just made, been reduced to 19,983, of whom 10,915 are women, 8861 men and 4110 children.

BOY SCOUTS OF HAWAII IN ACTION

LEO DE ROO, WINNER OF LIFE, STAR AND EAGLE SCOUT HONOR

Splendid Record Made By
Honolulu Boy; Quick Work
Takes His Ahead

About two years ago Charles Akana of Troop V, "The Queen's Own," met one of the members of the Y. M. C. A. who was very much interested in the Boy Scouts of America. At the time it happened, Charles Akana had a Scout handbook and the contents were explained to him. After discussing the matter of joining the Boy Scouts of this area, he made up his mind to become a member of Troop V. This boy, who did not know anything about scouting two years ago, is Leo de Roo, the first boy of Hawaii to become a Life Star, and an Eagle Scout of the Boy Scouts of America, Honolulu Area.

He joined Troop V in February, 1914, and as he was ambitious to get ahead fast he passed his tenderfoot test within a few days. He attended all the troop activities, except encampments. About the only time he was presented with the Scouts while in camp was at Kaneohe, where he and several others carried home the bacon in several stunts.

This did not make much difference to Leo de Roo, for he got out in his back yard and learned how to cook "kabobs" and "hunter's stew." He cooked his potatoes in great style, only they were a little burnt. After passing his cooking test and the other requirements for a second class scout he was sworn in and cheered for by the other members of Troop V.

It did not take him long to pass his test for a first class scout, as he completed this on October 31, 1914. After passing this test he was considered one of the highest scouts in the troop, and he began making applications for merit badges, which he has been passing for the last two years.

When he became a first class scout he was made the leader of the "Dodo" Patrol. After he became leader of this patrol the "sleepy" scouts woke up and now some of them are first class in standing.

During the last two months Leo de Roo has qualified for several merit badges, which makes him the Eagle of Hawaii nei. The badges which he has won are as follows:

Public and personal health, gardening, business, cycling, firemanship, scholarship, aviation, bird study, camping, carpentry, civics, cooking, first aid, safety first, pathfinding, physical development, athletics, pioneering, music and marksmanship.

After studying for all of these badges Leo de Roo has the honor of being the first Eagle Scout of Hawaii nei, and also for the way in which he has carried out the Scout law, oath and habit.

The scoutmasters of this area, as well as the scout commissioner, are looking forward to the day when Leo de Roo will become a scoutmaster of some strong troop of the Honolulu area.

ANOTHER SCOUT IN FIRST CLASS

TROOP IX

Meeting was called to order at 7:40 o'clock. President Kuehn was in the chair. The roll was called by Scribner Chang; 18 present, 17 absent, 3 officials, 3 visitors. The great number of absentees is due to the vacation; also several of the boys have gone to the states and the other islands.

The minutes were read by Assistant Scribe Crane. They were approved as read.

Tickets were distributed to the boys by Scout Crane.

Candidate Kinney passed his tenderfoot test and was sworn in as a tenderfoot Scout of Troop IX.

The rest of the evening the boys passed tests.

Donald Hall was sworn in as a first-class Scout of Troop IX. He completed his last test at the meeting.

First-Class Scouts Kuehn and Crane will attempt to break their record, established a few weeks ago. The record is for the bicycle ride to Schofield and return. Their record is 3 hours and 23 minutes.

The game of baseball between Troop IX and the Santa Clara baseball team was not played on account of the Santa falling to turn up on the day of the game. Troop IX wishes a game with any team on the island not in any league.

E. J. CRANE,
Assistant Scribe.

TRAIL CUTTING PLANNED

Alexander Hume Ford of the Trail and Mountain Club of Honolulu has given to the Boy Scouts of this city the job of cutting and cleaning the mountain trails. This will help many of the poor scouts to secure their uniforms and other things which they need in order to have a complete outfit.

All Scouts desiring to do such work and camp along the trail, if they wish, will please report at local headquarters, Fort street. Your name will be taken and latter you will be sent out with several boys to do the work.

BOY SCOUT WORK
RECOGNIZED BY
U. S. CONGRESS

Almost daily the executive office of the national council is called upon to act upon some big question of policy affecting the movement as a whole. The office has to be constantly prepared for any emergency so as to act quickly for the good of the thousands of boys and thousands of scoutmasters and other men interested in the scouting program.

This was clearly illustrated in the developments incident to the passage of the new army bill. This bill had been before the committee of the house and the senate for a long time and had been debated pro and con and had received publicity throughout the whole country as perhaps no other piece of legislation before this session. It was not until the bill had actually passed the senate and the house that the attention of the national office was invited by Mr. H. H. Grogan of Washington, D. C., to the fact that section 125 of the bill might seriously affect the rights of the Boy Scouts of America to continue to wear their present uniform.

Prompt Action Taken.
At first the matter was not taken seriously, but after a copy of the bill was secured and it was found that the language used was capable of construction prohibiting the Boy Scouts of America uniform, prompt action was taken. The chief scout executive immediately sent a telegram to each of the members of the house and senate conference committee as follows:

"Provision of section 125 pending army bill prohibiting uniform any part of which might be considered similar to a distinctive part of the regular army uniform is capable of construction prohibiting Boy Scouts of America uniform. This would necessitate over 200,000 Scouts and officials buying new uniforms at great expense. It is not believed to be the wishes of the war department or those responsible to require such drastic action. Could not phraseology be incorporated giving war department considered similar to regular army uniform or a provision specifically making exception in favor of Boy Scouts of America?"

"JAMES E. WEST,
"Chief Scout Executive, Boy Scouts of America."

DON'T EAT PEANUTS!
CAUSE APPENDICITIS

Appendicitis has been directly traced to peanuts. Honolulu people should know that simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieves or prevents appendicitis. This simple remedy acts on BOTH lower and upper bow, removing such surprising foul matter that ONE TEASPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. The Hollister Drug Co.—Adv.

Glass that will not splinter when broken is being made in France by pressing together under heat two sheets of glass with a sheet of celluloid between them.

Twenty thousand delegates attended the opening session of the Fraternal Order of Eagles at Rochester, N. Y.

NOTICE OF STOCKHOLDERS' MEETING

Notice is hereby given that a special meeting of the stockholders of Pioneer Mill Company, Limited, will be held on the 21st day of July at 10 a. m. in the office of the Company, Hackfeld Building, Honolulu, Territory of Hawaii, for the purpose of:

1. Considering proposition of authorizing an increase of \$1,000,000 in the capital stock of the Company;

2. Considering proposition of amending the bylaws of the Company to enable its stock to be listed on San Francisco Stock Exchange and its certificates to be transferred in the City and County of San Francisco, State of California, by officers of the Company thereunto authorized;

3. Considering proposition of amending bylaws of the Company relative to the sale of fractional shares of its stock;

4. Doing all other things necessary to carry out the foregoing objects.

By order of the Board of Directors
J. F. C. HAGENS,
Secretary.

IN THE REALM OF THE FEMININE

(Copyrighted, June, 1916, by Beatriz Michelena.)

No. 26.
 (Copyrighted July, 1916, by Beatriz Michelena.)
 TOWARD THE FIRST of this series of "talks" I devoted three or four
 warnings against fake schools of motion picture acting. I had thought
 this sufficient to put my readers on their guard in respect to the ex-
 aggerated claims of these institutions. This past week, however, has brought
 me no less than a dozen letters from girls who have been "taken in" re-
 cently by "courses" of one kind or another intended to make screen stars
 to order. Consequently I feel the call for at least one or two more "talks"
 on the topic.

These fake schools might be conveniently divided into two classes—
 those which pretend to give immediate and personal instruction, and
 those which advertise that they can teach by mail. While I believe that
 the one has proven about as efficacious as the other in actual practise,
 the claims of the latter are the more patently ridiculous.

In fact, I believe it so unquestionably evident that the correspondence
 school of picture acting is a fraud, that further words here are not needed
 for its conviction. It would be just about as sensible to propose D. W.
 Griffiths directing his "Clansman" by mail or long-distance telephone.

It is not always so easy to see through the sham of the school that
 proposes to give results through the personal touch. It can at times put on
 quite a face of honesty. On this account I consider it by far the more
 dangerous of the two.

One of the best evidences that these fake schools are perpetrating
 their frauds with conscious intent is the fact that they seldom present
 themselves in their true colors. They have round-about and insidious
 methods of getting their pupils. Some of them succeed in combining
 forces with third rate and unscrupulous producers of motion pictures.
 The producers naturally receive applications from inexperienced persons
 who wish to become picture stars and just as naturally they have not
 positions for all. They can, however, very easily make reply that they are
 holding the applicant's name on file for future reference and meantime
 advise him or her to take a course with this or that school of acting.

This advice is no recommendation for the school. It merely means
 that the producer is just as "crooked" as the school from which he un-
 doubtedly receives a good "split" of the tuition fee. I am glad to say that
 there are but few producers who will lend their names to this sort of
 villainy, but there are a few and it behooves the "screen-struck girl" to be
 cautious.

Inducing Deep Sleep

Too LITTLE SLEEP is bad, too much is
 even worse. Many people go about
 complaining that their rest does
 them no good, looking dull and heavy,
 feeling drowsy—when nothing is
 wrong but a torpid liver and a
 clogged colon.
 The woman who has followed the
 advice in this column for the last

Relaxation is the secret of deep sleep.

two weeks or so, since we first sug-
 gested a physical housecleaning for
 beauty, has progressed this far—she
 is sure, from the internal baths, that
 the colon is free from the poisonous
 foods that collect and harm her, she
 is bathing frequently and intelligent-
 ly, sure her outward skin is free and
 clean. She is drinking two quarts of
 water a day, to keep the system
 flushed, to help preserve her youth
 by giving her body the needed
 liquids.

And the next question is sleep.
 Here, also, one deals in general-
 ities. Some need more sleep than
 others. No one should get less than
 eight hours, children need from nine
 to twelve, grown women who are
 weak or anemic need nine or more.
 To induce sleep, have your win-
 dows open, have light-weight, warm
 covers on you, be sure all garments
 worn during the day are removed.

(Prototyped by George Matthew Adams)

CORRECTING YOUR CHILD. BAD THINGS FOR BABIES.

Whispered corrections are best.
 Go near a child to discipline it.
 Hold yourself firmly under control.
 Have faith in the power of example.
 Standards may be imparted by us-
 ing stories.
 Looking ahead is a very good way
 to avoid trouble.
 Too much should not be required of
 a young child.
 Study your child's motives as well
 as deeds and always enter into a
 child's experience before you attempt
 correction.
