Shriners In Arab Patrol

Originality Reflects Credit
on those Responsible.

Honolulu, November 20.—With thirty-eight candidates to lead to the sacrifice and mysteries of the temple, the Nobles of the Mystic Shrine took possession of the main streets of the city at 2 o'clock this afternoon. In full panoply and flashing scimitars the Shriners began their parade from the Bere-tania avenue entrance to the Knights of Pythias hall, the line of march being on Fort street to King to the Capitol, thence to King to Alakea to Bere-tania and back to the starting point.

The Shriners marched with the Arab Patrol band and the Arab patrol was in line, full strength under the command of Sam Johnson who put the Nobles through their fancy drilling stunts for the edification of the multitude that thronged the sidewalks along the line of march. Shriners are not known for a lack of originality and today's parade reflected credit on those whose fingers have been working merrily in preparing for the proper schooling to the thirty-eight aspiring and trembling candidates.

The high officers of the order of the Fez were all in line, Potentate Charles G. Bockus being followed by the chief rabban, Robert W. Breebons, accompanied by James S. McCandless, assistant rabban.

Next came the high priest and the prophet, Arthur G. Hodgins and following was Charles G. Bartlett, oriental guide. Next came Frank E. Richardson, marshal and Geo. H. Angus, director. The alchemist, H. J. Grindell and E. Munro, past chemist, were next following in the line of march was Christian Storm, standard bearer and in his train was the camel, assistant director. Following came the nobles by twos, the ceremonial masters, the dragon and the Arab Patrol under command of Samuel Johnson and finally the policemen, novices—more policemen and the fire department.

The feature of the parade was the drill of the Arab patrol in Union Square. Sam Johnson, who commanded the Arab patrol that went from Hawaii to the Los Angeles conclave, brought the men up to a high standard of efficiency and the drill in Union Square was the most interesting feature of the day.

The services were led off by the Dam family, consisting of L. M. Whitehouse, contractor of the Nuanu Dam, as Dam, S. S. Paxton as Mrs. Dam, and P. F. Rosecrans as Baby Dam. Cecil Averdam had to play the humble part of the Dam dog.

A. H. Hobart, connected with the dredging operations in the harbor, dragged a small dredger through the streets, his task being to give an illustration of making a canal along the line of march. Ray Jones appeared as Moanua, bearing a placard upon his back labeled "Tee Hee." Charles R. Frazier of advertising fame, appeared as an animated or human billboard, to which no aesthetic member of a civic art organization could find objection. F. A. Batchelor was a good old-fashioned corn doctor, bearing the legend "I blow, they go—so do I."

Harry Bruns tried to look natural in a tailor-made convict's suit. W. L. Decoto marched in the guise of a butcher. George Freeland, the giant hotel man from La-

Bazaar is a Success

Packed House Greeted Musical
Performers.

The concert and sale given at the Alexander House last Saturday evening by the Women's Guild of the Church of the Good Shepherd was a decided success, financially and otherwise.

There was a large gathering to listen to the concert and the various soloists were roundly cheered. The violin solo by Mr. Pogue was well applauded as were also the solos by Miss Leigh, Miss Balcom and Miss Center. The trio consisting of Mr. Pogue, violin, Mr. Lufkin, cornet and Miss Mary Hoffman as pianist was well received.

After the concert two cakes, one containing a gold thimble and the other a gold ring with a jade set were sold at auction, Mr. Lufkin acting as Auctioneer. The cake containing the thimble was bought by the auctioneer and the other was sold to Mr. D. C. Lindsay for \$21. These articles were donated by H. F. Wichman the Honolulu jeweler.

The people then repaired to the rooms where many useful articles were being sold. The prices being reasonable they were sold fast. Ice cream, coffee, and refreshments were also served, and assisted materially toward swelling the receipts.

About \$500 was realized which will be used toward the new church building.

haina, made a good Happy Hooligan, and Hugh Howell was rigged as a Chinese mandarin. W. R. Coombs held the umbrella over the august cranium of Potentate Bockus, Lieutenant D. F. Quinlan and Merle Johnson tried to ride fractions and coltish hobby horses. J. M. Mackinnon looked natural in kilts. John Marcellino was attired as a Chinese mandarin. He looked natural, but could not keep his queue on straight.

The new features of the Shriner parade are the Arab patrol band and the Chinese dragon.

This morning Potentate Bockus received a cablegram from E. C. Crown at Cheyenne, Wyo., reading: "Aloha Nui. With you in spirit today." The cablegram also bore the name of Heastand.

The ceremonial session concludes at 7 this evening, and at 8:30 the Nobles assemble at the Young for the banquet. No time has been fixed for the hour of adjournment.

The list of candidates is as follows:

John Henry Pascoe, Dennis Patrick Quinlan, George Scott Wright, William N. Petersen, James Edger-ton Hamilton, Harold Vaughn Patten, David Arthur McNamara, Norval Beam Young, Walter Rol-and Coombs, Hugh Howell, George Freeland, William Lowrie Decoto, Harry Christian Bruns, Frank Augustus Batchelor, Charles Russel Frazier, Raymond William Jones, Glenn Smith Burrell, Louis Mein Whitehouse, William H. Bennett, John Marcellino, Benjamin Frank-lin Dillingham, Alexander Smart Young, Merle McNaghten Johnson, Arthur Harold Hobart, Frank Ed-ward Howes, John Marr Mackin-non, George Horatio Richardson, Arthur Frederick Wall, Sumner Swisher Paxton, Carl Averdam, Fred Parrshall Rosecrans, Otto Arno Bierbach, Perley Leonard Horne, James Harris Mackenzie, Joseph Dorez Marques, Edward Bates Blanchard, Charles Bon, George Albert Cool.

Wailuku Gets Much Needed Improvement.

A much needed improvement has been made to the Wailuku Post-office by the Supervisors of the County of Maui.

This week acetylene gas lights were installed in the office and a large light placed on the veranda for the convenience of the large number of people who go after their mail on steamer nights.

In the past Postmaster Tim Lyons provided a lantern for the use of the public but the light thus furnished was very dim, and the public will be delighted with the change.

The office of the Board of Supervisors has also been fitted out with acetylene gas lights and the County Fathers holding night sessions hereafter will not "be in the dark."

The light has been furnished from a generator owned by Senator W. T. Robinson.

Honorable H. P. Baldwin went to Honolulu last night. He expects to be gone about ten or twelve days.

Rev. Cannon Ault and Mrs. Ault went to Honolulu Monday evening. They are expected back this morning.

Farewell Dinners

Are Given to Ferdinand
Hons.

Friends of Ferdinand Hons gave a farewell dinner in his honor Friday evening at Kahului.

The dinner was at the Kahului Club Hotel and was largely a tender. It is reported that a very pleasant evening was enjoyed.

On Saturday evening the Elks gave a farewell dinner to Mr. Hons. The dinner was postponed until a late hour in order that a number of the members of the herd might assist at the concert and fair given by the ladies of the Guild.

The dining room of the Kahului Club Hotel where the dinner was given was tastefully decorated with the colors of the order while on the table were four large acetylene lamps decorated with appropriate colors.

The following menu was served: Cocktail, Oysters Raw, Sherry Wine, Celery Soup, Olives, White Wine, Fresh Lobster Salad, Claret Wine, Roast Turkey, with Oyster Dressing, Cream Sauce, Creamed White Potatoes, Early June Peas, Champagne, Nuts and Raisins, Swiss and Roquefort Cheese, Coffee, Cigars, Tea.

The usual number of good stories were told and expressions of good will toward the departing brother were expressed.

A handsome stein set was presented to Mr. Hons. It was an Elks set and will doubtless be highly prized by the recipient.

Among those present were F. Hons, J. B. Thomson, C. D. Lufkin, C. Waldeyer, Hugh M. Coke, D. T. Carey, W. H. Walker, Capt. Parker, W. Searby, W. Lougher, W. W. Wescott, J. D. Kennedy, Captain Wickett, C. Hansen and W. Walsh.

Cane Fire in H. C. & S. Co.'s Field.

On Friday night, the 19th inst, about 8 o'clock, fire was discovered in Field "C," Camp 2, of the Hawaiian Commercial & Sugar Co.'s plantation.

An alarm was turned in and immediately help arrived on the scene quickly put out the flames. There was not much damage done as only fourteen rows of cane were destroyed.

The origin of the fire appears to have been incendiary, and Sheriff Saffery has offered a reward of one thousand dollars for information that will lead to the arrest and conviction of the party or parties who set fire to the cane.

There have not been any differences between the company and its employees in the past and there appears no reason why any person should maliciously destroy the company's property.

The Claudine went down Tuesday evening instead of Wednesday evening this week. In consequence of this there was a small passenger list.

D. W. Burchard of San Jose, California and more recently a practitioner of San Francisco recently arrived in Wailuku and will open a law office here. He went to Honolulu this week and expects to be admitted while there. Attorney Burchard is a brother-in-law of W. F. Cole of the Kaupakaha Wine and Liquor Company.

Miss Marie Grove has accepted a position as stenographer to County Attorney D. H. Case. She was recently employed as a stenographer in the Governor's office.

Senator W. T. Robinson returned from Honolulu where he went to attend the annual meeting of the Mystic Shrine.

Hugh M. Coke, Editor and Manager

SATURDAY, NOVEMBER 27, 1909

The Midget The Kohala Midget, has published a number of pointed articles on public roads and homesteading. This little paper is spicy and to the point.

In a recent issue it said "Hawaii needs homesteaders but can she make good to them? One word answers-- transportation!"

We are glad to see that some of the island papers are awakening to the fact that the transportation situation here kills the homestead proposition dead.

"Facts are staggering things. Just now a homesteader might whistle on the wharves of San Francisco, for a berth to Hawaii. Meanwhile Japanese steamers come with empty berths, because our coastwise laws will not let them bring passengers. What is this but a subsidy? The homesteader could not get goods here promptly: these subsidized steamers are refusing freight.

"But suppose they brought him and his goods? The writer had a shipment, the destination of which was crossed off, on the steamer, and another port substituted. It was six weeks going from Honolulu to a point eighteen hours distant.

"Honolulu will not transfer freight for the other islands until letters have been exchanged and the freight prepaid. This means a delay of two weeks in almost any case. This moribund system of handling freight that survives in Honolulu would make a Mainland dray horse laugh."

Star Chamber Again. In the matter of recommending a successor to associate Justice Wilder whose resignation was discussed in executive circles some six weeks ago Governor Frear adds proof to the charge that he does not take the public into his confidence.

The personelle of the Supreme Court is of the greatest interest to every attorney in the territory and it is but natural that the Bar Association should have been heard from in the matter. It seems that that association was totally ignored in the matter and every effort was made to keep the contemplated resignation from the public until the little inner circle should decide who their choice is to be and have their lines so well laid that the appointment is assured before the public had heard that there was to be a change.

The star chamber methods of Frear alienates respect and confidence in his administration, sows seeds of discontent in republican ranks and strengthens the democratic opposition. The governor seems to imagine that he is at the head of an oligarchy instead of an American territory. The republican party will suffer as a result of his lack of tact.

The Bulletin says editorially: "Six weeks ago the resignation of Justice Wilder was being talked over in executive circles.

"The Bulletin has no special candidate for the post of Associate Justice, but it does protest against the method in which this contemplated resignation has been handled by the Governor.

"The Governor was given an opportunity to speak of the Wilder resignation three days ago, and he evaded it. Then on the hour of his departure for Washington he admitted knowledge of it only after having been pressed to a point that caused him to show personal displeasure.

"Justice Wilder promptly told the truth. "Of course the Governor intends to discuss the man to be appointed in Wilder's place while he is in Washington. There is every reason why he should do so.

"There is also every reason why the people of this Territory should know of Wilder's resignation and be given ample opportunity to make up their minds as to their choice for his successor before the Governor confers with national officers.

"Further, the manner in which the matter was handled by the Executive gives the public many reasons for concluding that the Executive Department did not intend to let the people in on the proposition until the lines had been laid in Washington.

"This is not the system of administration that promotes confidence or respect."

Coupon Tickets for Valley Isle.

Honolulu, November 20.—Worth O. Aiken, who is one of the greatest hustlers in Hawaii and an indefatigable worker for the island of Maui, has at last been able to arrange with the Inter-Island steamship company for the issuing of coupon excursion tickets for tourists for the Maui trip. The tickets, which go on sale today, give tourists the same opportunity of seeing what Maui has to offer as do the volcano trip tickets for Hawaii.

The various trips have been arranged by a cooperation between the steamship company, the Kahului Club, the Maui Hotel of Wailuku, the Union and the Maui Auto companies, the Kahului Railroad Company and the Puuomalei Farm.

The island of Maui, known as "The Valley Isle," is the second island in size of the Hawaiian group, and is in many respects the most interesting to travelers. It has an area of 728 square miles, and on this island is located the largest extinct crater in the world, that of Haleakala. This great crater at an elevation of 10,000 feet is a scenic attraction of unusual interest and is visited by travelers from all over the world. No provision is made for any visit to the interior of the crater in the regular trips scheduled, special arrangements being required for such. Iao Valley, appropriately called "The Yosemite of Hawaii," is also found on Maui and its rare beauties delight all visitors, to whom it is easily accessible. Tourists visiting Maui usually do so on their way to or from volcano of Kilauea, and the following stopover arrangements give ample time to see the principal points of interest.

Trip No. 1—Leave Honolulu by Claudine, Friday evening at five; land at Kahului, Maui, Saturday morning early. Ride by automobile from Kahului to Kapaniawai, Iao Valley, with stopover at Maui Hotel, Wailuku. On Sunday take saddle horse from Kapaniawai and ride to Table Lands, Iao Valley, returning to Kapaniawai or Maui Hotel same day. Take train on Monday morning from Wailuku to Paia, and from Paia go by carriage to Idlewild (Olinda,) then on saddle horse with guide to mountain rest house on summit of Haleakala, reaching there Monday night. See sunrise from summit of Haleakala on Tuesday morning, returning to Idlewild, Paia and Kahului, same day. Have bath and dinner in the evening at Kahului Club, Kahului, or Maui Hotel, Wailuku, thence go by automobile to McGregor's Landing, boarding Mauna Kea at that port. Arrive at Hilo Wednesday morning.

Trip No. 2—Leave Honolulu by Mauna Kea Tuesday at noon. Land at McGregor's the same evening. Ride by automobile to Wailuku, where stop is made at Maui Hotel. Ryan Promises Row In Democratic Camp.

Referring to the action of the Democrats in the Legislature in endorsing the Republican land amendments to the Organic Act, and its possible effect upon the candidacy of L. L. McCandless for Delegate, T. J. Ryan had this to say in The Star:

"It is very easy to tell what the Democrats are going to do about it. They are going to repudiate the action of every Democrat in the Legislature except Furtado and Nawahine, the only two who stood by the pledges of the Democratic platform on the public land issue. The Democrats all over the Territory are not going to be sidetracked by a few members of the Legislature who made the prohibition issue paramount and evidently went straight back on their platform pledges to get the Cohen Resolution through. A man who can see through a ladder can see through that." The fight is young yet, and no one supposed that the few so-called Democrats in the Legislature could turn the scales against a very large majority of Republicans in both houses, but they were expected to stand by the platform on which they were elected or give some good reasons why they could not. It will be up to them to explain. I really can see no reason why Republicans are jubilant unless it be at the traitorous conduct of the Democrats. In that respect they have reason to be jubilant but for no other reason that is clear to me. The special session has handed out a "gold brick" to the people so far as its proposed amendments to section seventy-three—relating to land laws—is concerned. It's the same old land law with a few more strings on it. As to other amendments proposed the Democratic party never disputed them seriously and agreed as to most of them. The Republicans have put themselves in this position: they have played their last card; they have done their best; they can promise no more. They say in their platform they "are progressive," and now they have progressed. The Democrats won't do a thing to that land law. Not till they get around to it."

To The Advertiser, Ryan wrote: "Whether or not Holstein will have any difficulty in holding his job in the legislature, there are others in the same fix. And whether or not any of the other legislators from Hawaii mix in the trouble, there will be something doing just the same. I think your prediction that there will be more than one kind of fur fluttering in the air, will prove to be a true prophecy. It will not all be Republican fur, either. I think the time has come when men are elected on a platform that is plain and unequivocal; then go straight back on such pledges, betray the party to worship Bacchus in the congregation of the Honolulu Whisky Ring, it's about time to call a halt, even though the party losses every seat in the legislature."

Idlewild, then on saddle horse with guide to summit of Haleakala, reaching there Monday night. Return to Idlewild, Paia and Wailuku, the same day. Have dinner Tuesday night and breakfast Wednesday morning at Maui Hotel, and ride by automobile from Wailuku to Lahaina, (the ancient Hawaiian capital), arriving there in time for lunch. Have lunch and dinner at the Pioneer Hotel, Lahaina, and board the Claudine the same evening, arriving at Honolulu, Thursday morning.

Trip No. 4—Leave Honolulu by Mauna Kea, Tuesday, at noon. Arrive at McGregor's the same evening. Ride by automobile to Wailuku, where stop is made at Maui Hotel. Wednesday morning take train to Paia, and from Paia go by carriage to Idlewild, and by saddle horse with guide to summit of Haleakala, reaching there Wednesday night. On Thursday morning, return to Idlewild, Paia and Wailuku. On Friday go by auto to Kapaniawai, and take saddle horse from there to Table Lands, Iao Valley, returning to Wailuku, the same day. Go by automobile from Wailuku to McGregor's Friday evening, boarding Mauna Kea and arriving at Honolulu Saturday morning.

George Freeland of Lahaina is said to have had the best speeches of the season at the shriner's dinner in Honolulu. Special School Tax is Favored.

The school fund commission, appointed by the Governor in accordance with a resolution adopted by the legislature at the last regular session, is proceeding with its work of looking into school matters with a view to trying to find out how the educational system of Hawaii can be bettered. The commission, according to a statement made yesterday by W. A. Bowen, is becoming daily more firmly of the opinion that what Hawaii needs for the betterment of its schools is the imposition of a specific school tax on property, real or personal, or both. This is the system in vogue in nearly all other States and Territories, and the commission, although not fully decided as yet, is gradually coming to the conclusion that this is the system that is needed here.

Another thing that is badly needed is more money in order that there may be provided more schoolhouses, more rooms and more and better qualified teachers. Hawaii has a compulsory school law, yet many of the children who, under the provisions of this law, are obliged to go to school, are turned away because there is no room for them.

More than this, some teachers in the public schools have more than seventy pupils in their rooms to handle, and the number that is here supposed to be a fair apportionment is about forty-five. In other States forty-five would be considered altogether too many.

It will require a great deal more money to get the teachers needed than is now appropriated by the legislature. How much more is not yet known accurately, but will be before the commission finishes its labors. The main question now is how to raise it.
