PURE FOOD MILL GRIST FOR DECEMBER

Report of Commissioner Shorey to Board of Health.

SCORES OF MILK SAMPLES ANALYZED

Minimum Standard Tentatively Made --Legislation Wanted to Fix the Standard and Lia- bility--Drugs.

E. C. Shorey, Food Commissioner, in his report for December mentioned in the Board of Health proceedings elsewhere, states the basis of distinction between pure and watered milk. "There is not here as there is in many States a legal standard for pure milk fixed by the Legislature. To take the place of this I have established by analyses of milk direct from all of the dairies here the following average: Total solids, 12%; butter fat, 3.5%. Minimum: Total solids, 11%; butter fat, 3%.

"And in deciding whether a sample of milk is watered I not only make use of this average but also the analysis of pure milk from the dairy in question. Any sample below the minimum given above I regard as suspicious but in some cases in order to be sure of doing no injustice it is necessary to pass samples a little under this."

Mr. Shorey presents the analyses of 67 samples from 22 dairies and two Chinese restaurants, with one submitted by a private party, which range from 12.60 to 11.30% solids and from 4.80 to 2.90% butter fat. It is interesting to observe that the Chinese restaurant furnished the high minimum of 12.60% solids and 4% butter fat.

Adulteration is charged against six samples of two drivers from the Star dairy, the proportion being from 6 to 15%; one from Kapena dairy, with 8%; one from M. Pecheo, with 5%; one from Kwong Gies restaurant in Fort street with 8%; one from Chinese restaurant, Nuuanu and Hotel streets, with 8%.

The Commissioner visited all the stores from which samples of adulterated coffee were obtained in the two previous months, in the majority of cases finding either that the dealer no longer kept coffee, that it was pure or, if adulterated, properly labeled. In two cases the adulterated coffee was still exposed but the dealer refused to sell him any. A sample bought of Yung Kee, Emma street, was adulterated with chicory and cereals. Mr. Kee was fined \$25 in the Police Court for selling this compound.

Yung Kee's store also yielded an extract of lemon that contained no oil of lemon, and the brand of which the Commissioner had not seen elsewhere. "In the matter of extracts," he observes, "people allow themselves to be defrauded in their desire for a cheap article."

One sample of beer was examined for salicylic acid without finding any, and one headache powder refused to yield morphine or other alkaloid. Samples of pulverized sugar from five of the white man's grocery stores had no adulteration in any of them--the reputable grocer must have given up, some time within the nineteenth century, the practice of sanding the sugar which set our forerunners' teeth on edge and caused trouble in the church.

Amendments recommended to be

nounced Soon by the
SALES AGENTS.

made in the law are as follows: Instead of "manufacture, offer for sale, or sell," make section 1 say "manufacture, offer for sale, or deliver." Add a clause making the presence of any food or drugs in a salesroom or delivery wagon prima facie evidence of offering for sale. Add to clause in section 3, "distinctly labeled as mixtures or compounds," some description of the size of type to be used, so that the law cannot be evaded by making the word "compound" or "mixture" inconspicuous. In section 7, defining the duties of the food commissioner, the word "drugs" is not found, so that it is not his duty by law either to examine drugs or to make complaint in case of their adulteration. It is evident from the other sections of the Act that it was meant to apply to drugs as well as food, and the Commissioner recommends that the section should be amended to cover this point. He also asks the Board of Health to consider the advisability of recommending a legal standard for milk and other foods.

MANDAMUS AFFIRMED

BOARD OF HEALTH EXCEEDED ITS POWERS

Building Permits Must be Issued When Statute Relating Thereto Has Been Complied With.

D. L. Akwal has fought and won the battle of building permits in Chinatown, and a host of desiring proprietors will no doubt quickly grasp the advantage. Only yesterday T. B. Murray gave in to the health regulation that, at the very moment, was made void by a decision of the Supreme Court.

Superintendent McCandless refused Akwal a building permit on the ground of the Board of Health's regulation made to prevent the erection of buildings within certain described areas until the ground had been filled up to street grade. Mr. Akwal applied for a writ of mandamus to compel the Superintendent of Public Works to issue the permit. Judge Humphreys granted a peremptory writ. The Government appealed, but the Supreme Court, in a unanimous opinion written by Chief Justice Frear, affirms the order of the Circuit Judge. Lorrin Andrews appeared for the applicant, and Attorney General Dole for the respondent.

The gist of the decision may be found in the following paragraph:

"The resolution of the board was directed to the granting of permits and not to the use or occupation of alleged insanitary premises or to the making of such premises sanitary. Not only had the Board nothing to do with the building permits and had no authority to pass a resolution in direct contravention of the statute which made it obligatory on the Superintendent of Public Works to grant the permit upon the applicant's complying with the provisions of the statute, but it went out of its own proper sphere of action as to the method of accomplishing the desired end. While it has large powers for the protection of the public health and safety, it must use appropriate means to accomplish ends to accomplish ends within the scope of its powers. It could no more prohibit the granting of a building permit than it could prohibit the execution of a lease of the premises or the execution of a contract to erect a building thereon. The grant of a permit would not of itself endanger the public safety nor would it necessarily lead to anything that would endanger the public safety. Many good reasons may easily be imagined for obtaining a permit upon certain premises even though in an insanitary condition without any intention of doing anything prejudicial to the public health or safety."

All along the Attorney General had been advising the Board that it had limitations to its powers which only the courts could certainly determine. In the building permit matter the Board deemed it wise to take some action for preventing rebuilding of Chinatown wherever the ground lay below street grades. According to the courts, it was ahead of its powers. These come into play when it comes to inhabitants moving into insanitary houses. Also, there is a law, that has hitherto stood the test, for condemning lands "deleterious to public health." Building permits do not belong in that category.

There was to have been a meeting of the Manoa Cemetery Association of Chinese merchants at the noon hour yesterday but there were not enough members present to constitute a quorum so it was decided to adjourn until next Monday. The meeting is for the consideration of various matters in connection with the ownership of plots in the Manoa graveyard.

THE WATERMAN IDEAL FOUNTAIN PEN. All sizes, all shapes. H. F. WICHMAN.

THE CENTURY TELEPHONE

New Company Will Soon File Papers of Incorporation--George Smith, President, Dr. Wood and F. Lowrey, Officers--Going to Put in Perfect System to Compete with Old Affair--Nichols and Howard are Promoters

On Monday next there will be filed in the office of the Superintendent of Public Works, the articles of association of a new telephone company in which George W. Smith as president, C. B. Wood, M. D., as vice-president, F. J. Lowrey as treasurer, A. Barnes as secretary, K. B. McClanahan as auditor and Henry W. Howard, M. D., as one of the promoters, will appear as the incorporators. A. E. Nichols, D. D. S., together with Henry W. Howard, M. D., are the promoters. This new company has been in contemplation for some time past and its formation has been brought about by the numerous complaints that have been coming in for many months past against the present system.

The new corporation is to be known as the Century Telephone Co., Ltd., on account of its inauguration during the first month of the new century. The principal office will be in Honolulu.

Article 3 of the articles of association reads as follows: "The purpose for which this corporation is organized are to own and operate a telephone system in the city of Honolulu and in other portions of the Territory of Hawaii; and for such purpose to own or lease real estate in the Territory of Hawaii that shall be incidental and necessary to the operation of said telephone system; to acquire, to own or lease telephones, switchboards and all necessary apparatus and paraphernalia used in connection with and as part of a telephone system; to make and enter into contracts and agreements and all other necessary instruments incident, and necessary to the construction and operation of said telephone system and incident and necessary to the ownership, acquisition or holding of franchise or other grants or concessions from public or private corporations or bodies, to acquire and hold stock in other corporations where such acquisition and holding shall be necessary or beneficial to the successful operation of this corporation, to manufacture and produce telephones, switchboards, and all other necessary paraphernalia and apparatus used in connection with a telephone system, and for such purpose to acquire and hold real estate within the Territory of Hawaii, to build or construct in connection with said telephone system underground conduits; to erect and maintain telephone wires and poles beneficial and necessary in connection with said system; to acquire, hold and deal in stocks and bonds of other corporations when done incidentally to the main business; to acquire and hold and to sell and deal in such personal property and such easements, rights and privileges and franchises as may be usefully held and dealt in, in connection with its said business; and the transaction of all business and the doing of all things which may be lawfully done in connection with the purposes aforesaid, or any of them."

The capital stock of this corporation is to be \$150,000, divided into 15,000 shares of the par value of \$10 each (this to insure a large representation of the citizens of Honolulu on the list of stockholders), with the option of increasing this capital from time to time to a sum not to exceed \$1,000,000 and the issuance of shares of the same par value accordingly. Each of the five officers of the corporation, mentioned above, bind themselves to take top shares while Dr. Howard will be responsible for 1500 shares of paid up and 13,400 shares of assessable stock in his own name, as trustee. To show that the new company has an excellent backing in addition to the officers, it might be mentioned that Halstead & Co., brokers, will handle all the stock and have absolute charge of the stock that is to be placed on the market. It is the intention of the corporation, through the agency of Halstead & Co., to send out agents immediately to secure subscriptions for the new telephone system. Article 6 of the articles of association reads as follows: "This corporation shall have succession by its corporate name for the term of fifty years and shall have all the powers and be subject to all the liabilities provided by law for incorporated joint stock companies and be subject to all general laws now or hereafter to be enacted in regard to corporations."

The new corporation has two systems under consideration. The first of these is the ordinary, up-to-date circuit system, guaranteed to work in a perfectly satisfactory manner and free from all induction. The second is the automatic system that, installed recently in San Francisco, has proved such a boon to the business men of that place. This system requires no "Hello, Central!" the operators having no ear pieces whatever. Each person makes his own connection by means of a push button and also attends to the work of disconnecting when the talking has been finished. Each number is marked up in the telephone office by means of the push button and makes its appearance above the number of the person making the connection. Thus, there is absolutely no danger of not being "heard" by "central" and the number can never be mistaken. When a number appears "central" uses the pegs and the thing is done. The conversation over the lines will be perfectly private, there being no ear piece in "central" office and outsiders being in no way able to know of what connections are being made.

Naturally, this system has met with most favor on the part of the men who have associated themselves together in the company. One of the number has already tested it in San Francisco and brings back the report that it is simply wonderful.

This automatic system as the first named, will have all its wires in underground conduits, doing away with the present cumbersome and faulty system. This means that there will be no more reports of "wires crossed" from the central office. In addition to this, all possibility of induction, which is so annoying in the present system, will be done away with, and people will be able to talk with each other with freedom.

It might be mentioned here, that when the company is fairly started (assuming, of course, that the automatic system will be chosen), the "ticker" attachment may be put into the offices here. By this means, a person wishing to communicate with another and not finding him in, may leave his name and number so that the latter, on entering his place again, may know who has called him up.

The names of the men behind the corporation constitute a sufficient guarantee that the thing is to be a go from the start.

The second is the automatic system that, installed recently in San Francisco, has proved such a boon to the business men of that place. This system requires no "Hello, Central!" the operators having no ear pieces whatever. Each person makes his own connection by means of a push button and also attends to the work of disconnecting when the talking has been finished. Each number is marked up in the telephone office by means of the push button and makes its appearance above the number of the person making the connection. Thus, there is absolutely no danger of not being "heard" by "central" and the number can never be mistaken. When a number appears "central" uses the pegs and the thing is done. The names of the men behind the corporation constitute a sufficient guarantee that the thing is to be a go from the start.

NEWS TO VICE PRESIDENT

James B. Castle, vice president of the Honolulu Rapid Transit Co., was at his office in the Judd block today. On being asked regarding the report that Mr. Thurston's visit to the Coast was connected with a scheme of amalgamation of the Rapid Transit and Hawaiian Tramways interests, Mr. Castle replied:

"It is news to me. I don't know anything about it beyond what I have read in the papers. Of course it is possible that word might have come to others without my knowing it, as I have been kept at home part of the time lately by illness."

KAHN BILL CAN'T PASS

Wm. Haywood, writing from New Orleans, Dec. 28, to Jas. G. Spencer, Secretary Chamber of Commerce, states that his Washington mail, which should have posted him on matters there as he had arranged, had been sent to Honolulu, adding:

"I have gone over, carefully, a file of the newspapers since Congress convened, and find that the general opinion prevails that nothing will be done at this session except the appropriation bills and one or two of the more important measures of national importance. This would seem to make it impossible for the Kahn bill, which affects Molokai, to pass at this session."

A complete new stock of shoes has been received at L. B. Kerr & Co.'s shoe store, corner Fort and Hotel streets and will be sold at the merest shaving of profits.

Dr. Russell and J. T. Brown, successful candidates of the Home Rule party, arrived in the Claudine.

Paul Isenberg returned in the Claudine after a short trip to Lahaina.

"Ma, I bought you some candy down town."

"That was kind, Tommy; where is it?"

"Well, ma, I was so long coming home on the cars that it didn't last till I got here."

ATTORNEY DAVIS'S PATHETIC PRAYER

He Throws a Bouquet at Judge Humphreys in Passing.

SUPREME COURT DECISION IN LAZARUS ESTATE

Guardian Dayton Suing for Minor's Rights--Papers in Probate Matters --Fowler & Co.'s Suits--An- other Chinatown Insurance.

David Dayton's action, as guardian of Thomas Metcalf, minor, against Helen K. Roland and others is for ejectment from land at Kawalahou yielding rentals of \$40 a month, and \$400 damages are claimed. The answer of defendant above named, relying on fraud as a defense, has been already noted. The minor's claim is based on the will of his grandfather, Theophilus Metcalf, devising the property to the minor's late father, Frank Metcalf, and his bodily heirs after death.

M. Garcia Cordeiro petitions for the appointment of M. G. Silva as administrator of the estate of M. Gomes Garrido, deceased, who was his son-in-law. In an affidavit he says the discontinuance filed by A. G. Correa, acting as his attorney, was without his knowledge or counsel. His attorney is J. M. Vivas, in whose stead while ill Correa acted.

Apana is suing D. Kui for \$649.65 debt.

Kwong Lee Yuen of Hongkong, China, is suing Sam Wo Hop Kee of Honolulu and, as garnishees, Nam Chong Wal of Hanapepe, Kauai, and Yau Lee of Lahaina, Maui, for a debt of \$1347.03 and interest. All the foregoing are firm names and not personal.

Tong Chong Chan has brought suit against the New Zealand Insurance Co. for \$500 insured on merchandise destroyed in the Chinatown fire of January 20 last year. He declares his loss to have been \$3000.

Neumann, Henshall and Davis, solicitors for plaintiffs, have filed a motion to set for hearing on Monday, 21st inst., the bill for injunction of Harry R. Hitchcock and others against Frank Hustace and others. Geo. A. Davis appends an affidavit in which, after stating the history of the case and saying the affairs of the Kamalo Sugar Co. are in such a condition as to call for a speedy termination of the suit, also that \$155,000 is involved and that delay would jeopardize the rights of the plaintiffs, he addresses these words to Judge Humphreys:

"That your affiant is well aware of the present state of cases awaiting judicial action and that your Honor has given faithful attention to the business of the Court--in fact more has been done by you than could be reasonably expected, but one or two days for the hearing and determination of this suit, it is submitted, is both reasonable and fair under the facts as presented and existing."

In the matter of the estate of Joseph Lazarus, deceased, a unanimous opinion of the Supreme Court by Justice Perry affirms a charge against J. S. Walker, executor, of \$340 cash in his first inventory, and another of \$324 interest on \$4550 for one year. The executor disputed the cash item because, after putting it in the inventory on information, he could not find it in the safe of the dead man. He is further required to pay a master's fee of \$100 out of his commissions. Davis for executor, appellant; Holmes & Stanley for appellees.

J. A. M. Osorio, administrator of the estate of J. A. da Silva, deceased, files an inventory with a valuation of \$1075, with a mortgage of \$500 on four lots at Kapihulu.

The estate of Maria Borges is valued at \$660.10 in an inventory filed by J. A. M. Osorio, administrator.

Robertson & Wilder for plaintiffs move to set for hearing the cases of Macfarlane vs. Catton and Fowler & Co. vs. Catton and Macfarlane.

GOOD DAY'S WORK AHEAD.

Judge Humphreys returns from Waiwala tomorrow, and has the following work cut out for him on Monday:

Guardianship David Manuel, appointment of guardian.

Estate David W. Low, petition for administration.

Guardianship Margaret B. Hitchcock, petition for guardian for discharge and master's report.

Estate James Hutchings, petition for administration.

Estate J. Cabral Medeiros, petition for administration.

Estate Lau Tseung alias Lau Chong, ancillary administration.

In re B. P. Bishop Museum Trust, master's report.

Estate James Hoare, accounts (contested).

Estate W. C. Clench, petition for administration.

Estate On Kee, accounts and discharge.

Estate Wo Hing, accounts and discharge.

Estate Katy Ellen Sims, petition for administration (contested).

Estate A. C. Pestana, petition for administration.

Estate August Kraft, petition for probate of will.

H. R. Macfarlane vs. Emilie Macfarlane, motion.

Geo. Macfarlane vs. Robert Catton, motion.

Fowler & Co. vs. Robert Catton, motion.

H. R. Hitchcock et al. vs. Frank Hustace, motion.

Tonight's Concert.

The sale of seats indicates a good house at the Orpheum tonight to hear the first concert of Egly's orchestra. This is as it should be. The organization in the two concerts given by the Orpheum management, in which most of the members played, has fully demonstrated their ability to render good music in first class fashion. Egly's ability as a virtuoso and a leader is well known and the program is thoroughly that of a "popular" concert. There are few cities with a larger percentage of music lovers than Honolulu and the inauguration of these popular concerts should establish them as a regular thing. The Hungarian Fantasia for tonight will be right in accord with Egly's best efforts, the music of his own fatherland, music for which he obtained considerable fame when playing on the Mainland. Egly, however, prides himself particularly on the Strauss Waltz for this evening and promises to play it Strauss fashion, a consummation not often or easily arrived at. The Turkish March and the time overture will suit the crowd while the connoisseurs are looking forward to the cello solo and the numbers of the string quartet. The seats are on sale at Wall, Nichols and Bergstrom's being transferred to the box office as usual for the evening sale.

Sweet Emelie Insane.

Sweet Emelie is again in the Insane Asylum where she was taken for safe keeping by her relatives last night. The woman had been drinking a great deal of late and had become so insane from liquor that she was considered a menace to people living in the vicinity of her home. She has not been examined yet by Dr. Emerson but that work will very probably be attended to this afternoon and the papers may be signed on Monday.

Prince David and Party.

Prince David Kawanakoa is enjoying a pleasant outing at his place in Waiwala. He will probably return on the afternoon train. Among those in the party are the following: Mrs. Campbell, the Misses Campbell, Mrs. Cunha, John A. Cummins, John H. Wise, A. R. Cunha and a number of others. The Kawaihau Quintet Club went down the road with the party to furnish the music.

A dainty piece of lacquerware or some odd-looking Japanese curio would make an excellent Christmas present. For sale by Iwakami, Hotel street.

Special attention is called to the display of toys and Xmas goods at L. B. Kerr & Co.'s. A full line is in stock and of the very finest.

Rev. A. E. Cory will preach in the Christian church at 11 a. m. Sunday on the subject, "The Lord's Secret Places." No service at night on account of the Murphy meeting at Central Union.

Those wishing reliable horses, experienced drivers, new rigs, fair prices and courteous treatment should call at the Territory Stables. Their telephone number is Main 35. They deliver and call for rigs free of charge.

Cammarinos receives for his refrigerators all the California fruits of the season by every cold storage steamer. He always has on hand a stock of fresh apples, grapes, oranges, etc. Send your orders by phone. No. Main 378.

The San Francisco Post devotes an extensive write-up to "Ja Petite Rose, the only female that has ever graced the Celestial stage." This lady is Rose Berliner who started her celestial stage career in Honolulu. She now appears in Chinese costumes.

Miss Ada Murett will occupy the pulpit at Kawaiahae church Sunday morning at 11 o'clock. In the evening, the congregations of Kawaiahae and Kaunakapili church will meet at the latter church for the closing service of the Week of Prayer. Rev. W. D. Westervelt will lead.

Miss Jessie Ackerman will address the mass meeting at the opera house Sunday afternoon at 3:30 o'clock on the subject: "Western Civilization in the Orient." Miss Griswold and H. F. Wichman will sing. Francis Murphy will be present at the meeting and he will make a few remarks.

Messrs. N. Kay, George Dall, D. Macrae, J. C. McGill, T. Murray, A. S. Guild, J. H. Catton, R. Anderson and J. C. Brown have been appointed a committee to take charge of the celebration by the Scottish Thistle Club of the Burns Anniversary set for Friday evening, January 25, at 8 o'clock.

Bids for the construction of the storm sewer at the corner of Alakea and Halekauwila streets were opened in the office of the Superintendent of Public Works yesterday. The contract was awarded to J. J. Belsar, the estimate of this contractor being \$1,304.58. The sewer will be 54x36 inches.

At 7:30 p. m. will be held a Union Gospel temperance meeting in charge of Francis Murphy who has been so favorably received as a temperance speaker for the past thirty years. Meetings will be held every evening of the week except Saturday, and on Wednesday afternoon Mr. Murphy will hold a meeting for school children at 2:30.

The steamer Noeau is loading today at Makawili with a full cargo of G. & R. sugar and will leave for this port Saturday night. The steamer Kauai is at Eleele with about one half her machinery discharged and expects to leave for Honolulu Saturday night. The W. G. Hall is at Ahukini and will take away a full cargo of Ahukini sugar. There is on Kauai 29,280 bags of sugar. The Waiialele reports rough weather on Kauai with strong N. E. trade winds. Nine miles south of Barber's Point she picked up the Fannie Adele and towed her into port.

Water.

Water will be supplied at the rate of \$15 per year for each lot, from our Pacific Heights Water System. This is less than city rates.

Low Prices, Good Terms.

Prices of lots range from \$400 to \$750 each, according to size and location. One-fourth cash only is asked. Balance in installments at 4 per cent.

Heating and Cool.

The air is always cool and bracing. We can recommend this property as being especially desirable for an attractive location for a home at a moderate cost.

This is a Day of Imitation!

Do you know of any High Grade Article that is not counterfeited? Look for yourself and observe the many brewers who imitate the Pabst trade mark, follow the Pabst style of label, and adopt the Pabst shape of bottle. Every bottle of the genuine PABST MILWAUKEE BEER bears the trade mark, "PABST MILWAUKEE," in a circle. Do not accept any other.

FOR SATURDAY SADNESS
BY DIOGENES.

Japanese civilization in Hawaii has reached the stage of runaway horse fancying. Catch the little brown men getting left—if they have to smash things getting there.

WAR MEWS.

Bumps—The old saying, "When the cat's away the mice will play," seems to be disproved in the fierceness of the Boer war since Oom Paul has gone to Holland.

Jinks—Not a bit. Old Whiskers left plenty of Mausers at home.

WHEN THE CANE GROWS.

Minnie—Why can't I go to dancing school, Mamma?

Mamma—Papa is paying for some sugar stock, dear.

Minnie—What's sugar stock?

Mamma—Oh, it's what keeps a sugar plantation going until the cane grows and they can't sugar out of it to sell. Then whoever owns stock gets money paid back to him.

Minnie—(the evening after the foregoing lesson in a speculative economy)—Jennie Sucre is going to dancing school, Mamma. I guess her papa's cane has grown.

History repeats itself even if it has to do it by contraries. In the middle ages the barons were ready to fight for a charter, and here in the nineteenth century the barons are fighting against a charter for Honolulu. The charter was a winning card in King John's time.

REFORMED REGIMEN.

Wilkins—Since our boarding missus has begun to read a health journal she is trying a hygienic diet on us.

Hamenegs—Sort of opposition board of health, eh?

One good turn deserves another, as the meat trust man said when he gave the editor a roast.

You cannot have your cake and eat it too. A gentleman cannot preserve his native gallantry and at the same time keep his seat for a mile ride home in a 5 o'clock car. If the cars were half ample for the traffic, or the ladies went home at 4:49, it would be different.

Some people think the first fresher will choke up the storm sewers. Well, if they fail to serve their original purpose, perhaps they may be utilized to carry off the water extracted from milk at the food inspection laboratory, also, if not thus over-flushed, to drain the moisture from the stock market.

Journalism that aids confidence operators in attempting to "do" a town, then makes capital out of exposing the gentry after their flight, incidentally congratulating the town upon its not having been "done" worse, reflects the era of Robin Hood, when chivalry in flower graced the bosoms of freebooters.

Major Pond, in a current magazine, expresses the opinion that American wit has grown ineffective through excessive blandness. He advocates more "biting" humor in the interest of moral effect. The gallant Major's advice is apt to send all the funny men to the dentists.

THE DEFICIT.

Teacher (to class in civil government at the night school)—When the expenditures exceed the revenues, what term is used to describe the result?

Jack Knowitall (who has read campaign papers)—Gross and criminal extravagance.

CALLED DOWN.

Our esteemed fellow citizen, Captain Marlinspike, master of the clipper Flyfast, was stupidly misreported by a staff eavesdropper of the Morning Mixer, as being deady opposed to municipal government. Listening Johnny overheard the skipper telling his consignee's clerk that the charter party was a denominated swindle, and thinking the old gentleman was discussing the great tonic of the time ran away to the office and wrote a tommyrot story of Captain Marlinspike's views. When the captain collared the callow pencil for his bad break, asking him if he didn't know the talk was about the ship, the young fellow said he did, but thought it was the ship of state. "You'll end up in the reformatory ship," was the captain's freezing adieu.

HONOLULU'S GROWING TIME.

While fast our town doth grow in lordly architecture toward the skies, we point with pride to evidences of progress that arise; but, if of kindly strain we are, the gentle stranger we'd advise, to keep a handy kerchief for wiping mortar from his eyes.

Bitters**

HOUSE FOR BACHELORS

New York, Jan. 1.—May Irwin announces that she is going to encourage and foster bachelorhood by building a bachelor apartment house with a lot of new wrinkles for the ease and comfort of the tenants. To do this has been one of her pet schemes ever since she began to invest her surplus revenue in New York real estate several years ago.

The valet service in Miss Irwin's new house will be in charge of a woman housekeeper, who, figuratively speaking, is to be the mother to every tenant. The size of the building and style of architecture has not been fully determined upon, but the details are to be the chief source of comfort of the bachelors. The suites will have from two to six rooms, with bath, plunge, sponge, needle, shower and other kind that may be devised by Miss Irwin for the comfort of the bachelors. Each suite is to have a shoe tree, a series of large pigeon holes for hats and a row of electric buttons, the punching of which will cause to spring out of wall closets the latest things in trousers, handkerchiefs, etc. Shirt casings and cravat casings will be built in. There will also be a button sewing and trouser pressing adjunct.

The Singer in millions of homes knows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. All our sewing machines are of the best construction, beautifully decorated, and are mounted on selected woods in finely finished cabinets of artistic design. B. Bergersen, agent, 16½ Bethel street.

DEVERY MUST GO

New York, Jan. 2.—Positive orders
were given Chief of Police Devery to-
day by the controlling powers of Tam-
many Hall that he must resign at once
or suffer the humiliation of removal
from office. The orders came from
Richard Croker and were communicated
to Devery in a way that left no
doubt as to their authenticity. No
time limit was given, but he was told
that he must get out or be put out be-
fore the Legislature can remove him.Devery knew today for the first time
that there was absolutely no hope of
continuing as Chief until he was legi-
slated out of office. He had counted on
the long friendship that has existed
between himself and Croker and also
upon the support of Commissioner
Sexton and Mayor Van Wyck. Today
he learned that these men would vote
to retire him unless he sent in his
resignation. President of the Police
Board York, Commissioner Hees, Com-
missioner Sexton and Mayor Van
Wyck.Tammany leaders hoped to save
Mayor Van Wyck annoyance and the
embarrassment of having him vote for
the retirement of Devery, but they
found they could do nothing to swerve
Commissioner Abell from his deter-
mination to stick to Devery to the last.The HONOLULU PHOTO SUPPLY

BOARD OF HEALTH
HAS BUSY SESSION

Mr. Lowrey in the Chair
Condemns Noxious
Newspapers.

DR. CARMICHAEL WRITES
OF FEDERAL QUARANTINE

Ruling of Public Works Superinten-
dent Overruled—Another Plumb-
ing Dispute—Science Wanted
in Asylum Reports.

A meeting of the Board of Health was called for 3 o'clock yesterday afternoon, and at that hour were present Attorney General E. P. Dole, E. J. Lowrey and Dr. C. B. Cooper. A quarter of an hour later Dr. Emerson's arrival made a quorum and Mr. Lowrey was immediately elected to the chair in the absence of Dr. Raymond, president. Dr. Pratt, executive officer, and Chas. Wilcox, secretary, were in attendance, and F. M. Brooks, attorney, and T. B. Murray in waiting on business with the Board.

Chinatown Building Permits. Mr. Brooks appeared for certain Chinatown properties, their applications for building permits were filed in November. Afterward Mr. Hemenway, city sanitary officer, informed them the lots had to be filled up to grade. This was done. Next Mr. McCandless, Superintendent of Public Works, refused the permits on the ground that the latest amended regulation of the Board of Health did not allow any building in certain districts until all of the proprietors therein had complied with the filling up requirement.

Dr. Pratt stated that he drew up the amendment and did not consider it should hold down proprietors who had complied with it. This was made the sense of the Board on motion, the permits being ordered to be issued.

Mr. Murray wanted permission to build on a part of his leased ground, Maunakea and Kukui streets, which had been filled to grade. The remainder of the lot would be treated properly as soon as possible. For the present the unfilled portion was only to be used for the back entrance of a blacksmith shop. It did not seem to him that the sanitary requirements of such an establishment should be extreme.

Dr. Pratt, on a motion to refer the matter to him for report, stated that the regulation was simply that an entire lot must be graded before building could be done upon it.

Mr. Murray then proposed to fill an area of 40 by 50 feet for his building and surrender the remainder of the holding to the lessor. This was accepted as settling the matter.

Uncle Sam's Dr. Carmichael, medical officer in command of P. C. Marine Hospital Service, wrote saying a search of custom house records showed no importation of eggs packed in soil from China since early in June, 1900, prior to the time the United States Marine Hospital Service took charge of quarantine matters in the Hawaiian Islands. "Eggs and other articles," the letter said, "packed in soil from plague infected places are prohibited from entry into United States ports unless accompanied by a certificate of a medical inspector of the Service at the port of departure relative to their freedom from danger."

"From June 14, 1900, up to the present time all Asiatic freight arriving at Honolulu has been subjected to disinfection by sulphur dioxide, at the Pacific Mail wharf, prior to delivery to the consignees. It is the intention to continue this practice until plague conditions in the Orient show decided improvement."

"Vessels departing from ports in the Orient for ports in the United States are now inspected prior to departure by a medical officer of the Service who certifies to the condition of the vessel, passengers and cargo."

The report of E. C. Shorey, Food Commissioner, for December was read. On motion of Dr. Emerson the report was accepted, its recommendations approved, and copies ordered to be furnished to the press.

Breach of Discipline. Dr. Pratt read a statement regarding a breach of discipline committed by David Nahoelewa, an officer of the Board, in sending lepers from a steamer to the Kalia experiment station in public hacks.

Mr. Lowrey remarked that more real injury, it seemed to him, had been done to the community by the treatment of the incident by some newspapers than by the act of the officer, especially in view of the prompt disinfection of the hacks by order of the executive officer.

Dr. Emerson thought something that would be felt should be done to the offender by way of discipline, such as suspension or deprivation of pay for a period.

Mr. Dole moved that David Nahoelewa be suspended for one month without pay. In seconding the motion, Dr. Emerson said that while realizing that the public danger from it was slight, this fact should not be taken as condoning the offense. None of them imagined that it did.

Mr. Lowrey thought the worst part of it was sending the lepers clear out to Kalia without a guard.

The motion carried.
Dr. Emerson remarked that if there were danger from carriages in which lepers had been carried, there was much more from personal contact of the well with the diseased. At a recent deportation of people to Molokai a leper and a friend were seen locked in each other's arms on the wharf while a hundred might be counted.

Special Committee. Mr. Lowrey submitted, on motion from the committee on Reports burials, an amendment to regulations, which, being further amended by the Attorney General, passed. Its purpose is to prevent superincumbent burials in one grave. No report was forthcoming from the committee on methylated spirits.

Dr. Emerson was granted time for the committee on visitations to the Settlement.

The matter of medicines for kindergartens was referred to the executive officer, with authority to have such furnished as deemed necessary from the public dispensary.

The reading of the Walluku sanitary regulations was concluded from the previous meeting. On motion of Mr. Dole, they were made applicable to all populous communities in the Territory outside of Honolulu.

to Kalia without a guard.

The motion carried.

Dr. Emerson remarked that if there were danger from carriages in which lepers had been carried, there was much more from personal contact of the well with the diseased. At a recent deportation of people to Molokai a leper and a friend were seen locked in each other's arms on the wharf while a hundred might be counted.

Special Committee. Mr. Lowrey submitted, on motion from the committee on Reports burials, an amendment to regulations, which, being further amended by the Attorney General, passed. Its purpose is to prevent superincumbent burials in one grave. No report was forthcoming from the committee on methylated spirits.

Dr. Emerson was granted time for the committee on visitations to the Settlement.

The matter of medicines for kindergartens was referred to the executive officer, with authority to have such furnished as deemed necessary from the public dispensary.

The reading of the Walluku sanitary regulations was concluded from the previous meeting. On motion of Mr. Dole, they were made applicable to all populous communities in the Territory outside of Honolulu.

More Plumbing. C. H. Brown, plumber, made a statement regarding certain appliances disallowed by Inspector Keen upon the premises of J. A. Gilman. An article allowed by the rules, the low hopper closet, was forbidden in all cities of the Mainland. The Golden Gate closet disallowed was far ahead of it. It was in many of the best houses of Honolulu including the Hawaiian Hotel. In the case in question the article was proposed to be put in a servants' house fifty feet away from any other dwelling and connected with the sewer.

Mr. Lowrey said if this statement was correct, the rule should be changed.

Mr. Keen was called in and said that the low hopper was capable of being cleansed, which at some times the Golden Gate could not.

Dr. Emerson at this withdrew a motion to allow the work, and the rules were left to be enforced.

It was voted to put the photographing work of the Board up to competition.

Dr. Pratt offered to read the insane Asylum report.

Scientific. Dr. Emerson, before reading, observed that statistics should be had of that institution. It appeared to him that no report was ever received going into the scientific phases of the institution. They ought to call for such a report, and he believed Dr. Herbert was capable of making it. He moved that a report be invited from the superintendent to contain studies on mental diseases based on his observations, which should be ready for submission to the Legislature. Seconded by Dr. Cooper and carried.

Adjourned at 4:55.

Two Band Concerts.
The band will play the following selections at a concert in Emma Square this afternoon, beginning at 4:30 o'clock:

The Whole Story
in one letter about

Pain-Killer

(PERRY DAVIS')

From Capt. F. Loye, Police Station No. 8, Montreal: "We frequently use PERRY DAVIS' PAIN-KILLER for pains in the stomach, rheumatism, stiffness, frost bites, chilblains, cramps, and all afflictions which befall men in our position. I have no hesitation in saying that PAIN-KILLER is the best remedy to have near at hand."

Used Internally and Externally.
Two Sizes, 50c. and 50c. bottles.

GOV. STONE'S LETTER.

Mr. Murphy, the temperance apostle, is greatly pleased with a letter he received from the Governor of Pennsylvania on the eve of his departure for the present journey, which he showed a Bulletin reporter. It is on an engraved form, attested and sealed by the secretary of the commonwealth, and reads as follows, after the usual formula of address to all and sundry:

"It having come to my knowledge that Mr. Francis Murphy, one of the most foremost temperance lecturers of the United States, intends traveling abroad in the interests of the temperance cause, I commend him to the special confidence and courteous attention of all friends, officials and others whom he may meet, as a person of the highest standing and character, and fully entitled to the greatest respect and regard."

"WILLIAM A. STONE"
"I have also a nice letter from the President, and another from Benj. Harrison," Mr. Murphy added.

SIMPLICITY OF SCIENCE.

Science is always simple. It's only quackery that juggles with jargon. Medical treatment of the past dealt with "simples," the pure vegetable remedies provided by nature. Sagwa is compounded of simples. It is purely vegetable. It is scientific, because it is based on the known curative properties of the herbs, roots, barks and gums which it contains. It is the most efficient blood purifier and blood builder known. Ninety per cent of diseases are curable by the prompt and proper use of Sagwa. It expels from the blood all corrupting and corroding elements and builds up a new body with new blood. There is no substitute for Kickapoo Indian Sagwa. Hobson Drug Co., agents for the Kickapoo Indian Remedies.

Reduce Lumber Rates.

Charles McClure, manager for Ward & Co., exporters at Vancouver, returned that that place from San Francisco on December 31, where he interviewed the shipping firms, requesting them to reduce rates for lumber ships leaving British Columbia ports, as the present rates, 60 cents a thousand higher than on the American side, practically shut the British Columbia Lumber Company out of the markets of the world, no other ships being available.

The ship companies informed McClure that the idea prevailing in British Columbia among shippers that the California ship companies desired to export high freights from British Columbia shippers was wrong. The high freight rates were necessary, owing to the alleged unnecessary delay for British Columbia ports and for other reasons. On McClure's assuring the California ship-owners that the matter of despatch and other details could be adjusted, he was promised with that understanding that freight rates should be sufficiently reduced to at once revive the lumber industry on the Canadian side.

TO CURE A COLD IN ONE DAY.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

DIR. DALTON'S AURAL CLINIC,
100 La Salle Avenue, CHICAGO, ILL., U. S. A.

Charter Committee
of Republican Party

There was another meeting of the charter committee of the Republican party last evening. In the beginning, there were but twelve present. As this constituted a quorum, business was proceeded with. An hour later, Mr. Pratt found it necessary to leave on account of the distance of his home away from the city, thus leaving the meeting without a quorum.

W. O. Smith, chairman of the committee on draft, handed in an additional report the substance of which is contained in the following paragraphs:

While the members of the committee have endeavored to be diligent and are ready and willing to devote all the time they can spare to the work, none of them are prepared to give the time and effort necessary for the proper preparation of the full draft. And believing that it is necessary for the accomplishment of the undertaking that some competent person be engaged to do the necessary detail work we ask to be authorized to employ such a person. We would not feel authorized to enter into such an engagement unless assured of not less than five hundred dollars to pay for such services and not less than two hundred and fifty dollars to employ suitable clerical assistance.

The report was signed by W. O. Smith, Joseph G. Pratt, A. V. Gear and T. McCants Stewart.

Mr. Gilman reported that the finance committee had done nothing as yet but that he knew of \$250 he could lay his hands on at a moment's notice.

Mr. Smith presented three drafts of an outline for a city government which were prepared previous to the action of the general committee last Tuesday night, fixing the limits of the municipality at the boundaries of the District of Kona. The first of these was by Geo. A. Davis, the second by T. McCants Stewart and the third by J. G. Pratt.

Mr. Pratt suggested that nothing could be done until the committee were assured of funds. Mr. Gilman, treasurer, said he did not know where the funds were to come from. The men he had been in the habit of going to for purposes of the kind, had absolutely refused to subscribe. On the strength of this showing, Mr. Stewart introduced the following resolution, which was adopted:

"That the finance committee be requested to report at the next meeting whether they have secured pledges toward the finances of the general committee amounting to at least the sum of \$750, or whether there is a probability of securing such pledges for that, and such other matters in connection with the report of the charter committee adopted this evening as in their judgment they deem necessary to promote the objects covered in that report."

Mr. Stewart brought up a resolution to the effect that the general committee meet only once a week, on Friday nights, instead of twice as heretofore. This resolution was laid on the table until the next meeting.

Those present at the meeting were as follows:

J. H. Fisher, chairman; J. A. Gilman, treasurer; W. R. Sims, secretary pro tem; W. O. Smith, chairman, and T. McCants Stewart, A. V. Gear and J. G. Pratt of the committee on draft; J. H. Boyd, Enoch Johnson, James Notley, W. C. Roe and Philip L. Weaver.

Sea Serpent Yarn.

Vancouver is responsible for the following sea serpent story but as the serpent and the story are both of reasonable length, it will not be out of place to republish it.

A sea serpent of large dimensions has been captured alive in Kootenay Lake. The big snake is more than ten feet long and measures twenty inches in circumference at its thickest part. It was captured on Saturday in the lake in front of Nelson by Frank P. Graves, a prominent merchant, and his son, who were out fishing in a row boat. They hooked the sea snake and the way he made the water foam around the boat showed his tremendous power. They tried to pull him in, but he turned the tables on the two men and they were nearly thrown out of the boat.

TO TEST THE CHALLENGER.

London, Jan. 2.—British yachtsmen are preparing to give Sir Thomas Lipton every assistance in thoroughly testing the Shamrock II. Kenneth M. Clark of Paisley has purchased C. D. Rose's Distant Shore, principally for the purpose of using her for trial purposes with the new challenger. Captain Hoar will be the skipper of this cutter designed by Watson and built in 1900, but not launched.

James Coates, with a similar intent, has practically completed negotiations for the purchase of the Valkyrie III. With these two and with the Sybarite and the Meteor the new cup challenger will be tested with a class of yachts such as no previous British competitor ever met.

Rebekahs Installed.

The following officers of Rebekah's Lodge, No. 1, I. O. O. F., were installed Thursday evening: Noble Grand, Sister Ellen Clark; Vice Grand, Sister Mary Saxton; Secretary, Sister Sallie L. Williams, P. N. G.; Treasurer, Sister Clara Petrie, P. D. G. S.; Warden, Sister Alice Nicholson; Conductor, Sister Jennie Murray, D. S. N. G.; Brother H. H. Williams, P. D. D. G. S.; L. S. N. G., Sister Margaret Platter; R. S. V. G., Sister Fannie Block; L. S. V. G., Sister Ethel L. Andrews; Outside Guard, Bro. A. Petrie; Inside Guard, Bro. L. Petrie; Chaplain, Bro. A. F. Clark, J. D. McVeigh, D. D. G. S., was the installing officer. He was assisted by the following: Sister Sallie L. Williams, P. N. G. as Grand Marshal; Sister Clara Petrie, P. D. D. G. S., as Grand Warden; Sister Louisa Dee, P. N. G., as Grand Secretary; Sister Ida Turner, P. N. G., as Grand Treasurer; Bro. E. C. Rowe, P. G., as Inside Guard.

Funeral of George McIntyre.

The funeral of George McIntyre took place from St. Andrew's Cathedral at 3:30 o'clock yesterday afternoon. The service was read by Rev. V. H. Kiteat. Wray Taylor presided at the organ. The remains were interred in Nuuanu cemetery in the presence of a large number of friends. Following were the pall-bearers: E. Faxon Bishop, Wade Armstrong, J. S. Walker, S. A. Walker, Hugh A. Walker and Allen Walker.

From the Reports of the dealers in this city, we think no proprietary medicine has a larger sale than PAIN-KILLER. Its valuable properties as a speedy cure for pain can not fail to be generally appreciated. In case of accident, or sudden attack of dysentery, diarrhoea, cholera morbus, Montreuil Star. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c. and 50c.

WEAK MEN!

It seems that the Creator has ordained that the vital seminal fluid next to the blood itself, is the most precious substance in the body of man, and any unnatural loss thereof will always lead to disastrous results. Many men have died of common diseases such as diseases of the heart, liver, kidneys, lungs, etc., through having allowed their vitality to be wasted, thus exposing themselves to become the easy victims of these diseases, when a few boxes of our specific taken in time would have prevented those debilitating losses and preserved the proper vitality to resist the attacks of those dangerous intruders.

Many men have been slowly but surely drifting into a hopeless invalidity because of these losses, without knowing the real cause of their sufferings.

Are These Your Symptoms?

Inclination to nervousness, emissions either during the day or at night, loss of sleep in the presence of a person of the opposite sex or of entertaining lascivious thoughts, pimples, contractions of the muscles (the precursors of epilepsy), voluptuous thoughts and dreams, feelings of suffocation tendency to drowsiness or sleep, feeling of numbness, loss of self-power, want of energy, impossibility to concentrate the thoughts, pains in the legs and muscles, feeling of sadness and depression, disquietude, failure of memory, indiscretion, melancholy, weariness after the least effort, specks floating before the eyes, weakness after copulation or involuntary loss, losses while straining at stool, noise or ringing in the ears, loss of the sense of smell, and clammy, fear of approaching death or misfortune, partial or total impotence, premature or late discharge, loss or diminution of desire, decline of the sensibility, undeveloped or weak organs, dyspepsia, etc.

Any of these symptoms is Nature's warning to a man that he must repair his wasted vital forces or become the easy prey to some fatal disease. We ask all men who suffer from any of the symptoms enumerated above TO HEED THE WARNING, and communicate at once with our company of specialist physicians who have had twenty years' experience in treating diseases of the nervous and sexual system, and who alone can guarantee a radical and permanent cure.

Send us a complete statement of your case, giving us your full name and address, age, occupation, married or single, which of the above symptoms have already appeared in your case, and whether you have ever been treated for gonorrhea, stricture, syphilis or any other venereal disease. Our medical staff will at once carefully diagnose your case (gratis) and inform you of the cost of a complete treatment which will effect a radical cure and restore you to health and full manly vigor.

If you desire treatment at once, and will send us (as a guarantee) a good faith equivalent of five United States' dollars in draft on London or New York, or in postal order or currency money of your country, we will send you, by registered mail, the proper remedies immediately after our staff of physicians have decided the requirements of your case. Write us in English if possible.
