MORE ARMY TRANSPORTS

Senator And Benmohr From San Francisco on Sunday.

Forty fifth Infantry, U. S. V., Aboard—
Personnel of Army And Ships' Officers
—Sixth Artillery to Leave.

The transports Senator and Benmohr from San Francisco with the 45th Infantry, U. S. V., on board, arrived off the harbor Saturday night, but were not docked until 6:30 Sunday morning. The Senator was placed at the old Fishmarket wharf and the Benmohr at the Irmgard.

Both transports left San Francisco at 11 a. m. November 16, and encountered very high northwesterly winds and strong head winds on the way. The Benmohr being a slow boat, made the voyage a long one, the Senator being compelled to slow down continually to keep company with her.

Shortly after their arrival the regiment was marched ashore and given a short drill and such drilling has seldom been seen in Honolulu. The men have been brought to a state of efficiency which reflects considerable credit upon the officers. The spectators, of whom there was a large crowd, showed their appreciation by applause.

The 45th Regiment was mustered in last September at Fort Snelling, Minn., and is one of the crack regiments of the Provisional Army, being composed of officers who have all seen active service, and men, two-thirds of whom fought in Cuba and Porto Rico during the Spanish-American war. The regiment has received considerable favorable comment all over the country. The officers take pride in their men and the men are proud of their officers.

The headquarters of the regiment is on board the Senator.

Col. J. H. Dorst, the commanding officer of the 45th, stands high with the administration and is an officer of considerable experience and ability, having seen continual service for the last twenty-six years. He was formerly major of the 2d Cavalry in Cuba, and adjutant general of the army corps on General Lee's staff.

There is a fine band in the Senator under Drum Major Hannay, whose father and brother are commissioned officers in the Third Infantry. He was born in the army and has been with it ever since.

Major Frederick, commanding officer on the Benmohr, has also seen considerable service. He is a graduate of West Point and has been twenty-two years in the army. He was formerly a captain in the Seventh Infantry in Cuba.

There are five men of the 45th who were formerly of the famous First Regiment of Volunteers, Washington, D. C. This regiment made a record for itself at the battle of San Juan Hill, in Cuba and on its return from the campaign each man was presented by President McKinley personally, at Convention Hall, Washington, with a bronze medal of honor.

These medals were struck off in the mint at Philadelphia and were made from a cannon from the battleship Maine. They are extremely handsome in design and are worn by the following: Sergeant Major Callahan, Sergeants Shepley, Murray, Smith and Hickey.

The transport Senator has the following officers of the 45th on board: Col. J. H. Dorst (commanding), Majors Birkhauser and Ireland; Captain Art and Captain Simpson (Q. M.), Lieut. Morrison (commissary), Lieut. G. P. Tyner (Battalion Adjutant), Lieut. J. H. Owens, Captains Lee, Ross, Coss, well, Capps, Loye and Lieutenants Flynn, Lawrence, Taylor, Odell and Long.

Officers in command of recruits are Captain Anasmit, Lieutenants O'Connell, Kump, Brown and Dr. Athey (assistant surgeon). There are 610 men and 24 officers all told.

The Senator's officers are: Captain Patterson, First Officer Swanson, Second Officer Bewnes, Third Officer Anderson, Purser Sargeant, Engineer Dawson and Steward Walters.

The Benmohr is a new transport in the service, this being her first voyage in that capacity. She is a fine large ship and well adapted for the purpose of carrying troops. Formerly running between London, China and Japan in the Ben line of China steamers, she was on September 14 chartered by the United States Government.

There are 556 men and 19 officers on the Benmohr. The officers are as follows: Major D. A. Frederick (commanding), First Lieut. Hilgard (Battalion Adjutant), Lieut. W. C. Burling (Assistant Surgeon), and Lieut. C. A. Moses (A. A. Surgeon); Captains Munford, Sternhauser, Rickman, Haud, Rodgers, Lieutenants A. S. Tibbets, Blaker, Watson, McCormick, Ryan, Munford, Howard, Barber, Mender and Shuman. Lieut. A. M. Wilson of the 20th Infantry, is ship's Quartermaster, Captain S. M. Foote of the 6th Artillery is also on board.

The ship's officers are as follows: Captain Wallace, First Officer Mann, Second Officer Beaumont, Third Officer Gilmore, Engineer Mitchell and Purser Blair.

Two of the batteries of the 6th Artillery now stationed in Honolulu will be taken to Manila in the Benmohr.

The tenor of the order is as follows: "That Batteries A and N of the 6th Artillery now stationed in the Hawaiian Islands are relieved from further duty and will proceed to the Philippine Islands in the U. S. T. Benmohr."

Both transports will take on coal and, after a few necessary repairs are made, they will proceed to Manila. This will probably be about Wednesday.

CHASING CHINESE PRISONER.

Wailuku, Nov. 25.—There is a standing reward of \$100 offered by the sheriff's department for the capture of Sam Pack, one of the Chinese prisoners who escaped from the gang while at work on the Spreckelsville road on the 15 inst. The police department are in hot chase for the man who is supposed to be in hiding in the cane fields at either Camp No. 3 or Camp No. 4, Spreckelsville plantation.

Several of the police officers caught sight of him on the 17th inst., but the prisoner escaped in the cane fields near by and was not seen again. Several shots were fired by the officers to frighten the Chinaman, and he is reported to be nursing a wound in the leg caused by a pistol shot from one of the officers.

HOTEL SITE SELECTED.

Geo. H. Paris stated this morning that he had obtained an option on the property bounded by Kapiolani, Beretania and Young streets from C. M. Cooke. This land will be the site of the new hotel which is being promoted by local parties. The location is a very desirable one being in easy access of the business portion of the town and between two car lines.

Thomas square which the property faces will serve with its five acres of garden the same purpose of a larger area of hotel property.

The purchase price of the lot is given at \$20,000. The company to be incorporated will be capitalized at \$250,000.

Wailuku Dancing Party.

Wailuku, Nov. 25.—A dance was given at the Wailuku Court House last evening by Mrs. Dr. Weddick. The court room was tastily decorated with evergreens for the occasion. Dancing commenced at 8 o'clock promptly under the able management of Geo. H. Cummings as floor manager. About twenty couples were present and enjoyed themselves very immensely. Light punch were served to the guests during intermission. A special train was run from Spreckelsville to bring the Wailuku folks to the dance, which kindly offer on the part of Superintendent Miller was highly appreciated. The dance broke up at 2 a. m.

FEARS FOR GARONNE

The worst storm that has been experienced in years has been raging along the North Pacific coast for the past two weeks. Evidences of the fury of the seas and weather encountered are borne by the steamer Miowera from Victoria and the animal transport Port Stevens, from Seattle, both having arrived here yesterday.

The Miowera left Victoria, B. C. November 17 and ran into the storm off Cape Flattery, the wind blew a hurricane and the decks were continually swept by the terrible seas that were, figuratively speaking, mountains high. For eight days the Miowera battled with the elements, endeavoring to arrive at Honolulu on time, but notwithstanding the best efforts of her powerful engines she was a day and a half late, coming into harbor Sunday night with her sides, rails and smoke stack encrusted with salt.

The experience of the United States animal transport Port Stevens, which left Seattle November 9, for Manila, via Kobe direct, was even worse than that of the Miowera. This may be judged from the fact that although orders had been received to take the northern route, and the Port Stevens is a staunch ship, after a week's struggle with the storm without making headway, coal running low, and danger of the stock on board drying of exhaustion, Captain Whitehead decided to take a southerly course and put into Honolulu.

Although having 500 horses and mules on board, when leaving Seattle only two were lost on the way, one dying of exhaustion and the other of pneumonia. This is a remarkable showing considering the large number of animals; the largest number in fact that has ever been sent to Manila on a single transport.

A great many of the animals arrived in a very battered condition, although strapped in their stalls during the whole of the storm, but the seas were so heavy that they were banged around fearfully, and in many cases the straps gave way, which necessitated constant care and attention from Quartermaster Captain J. C. Byron.

Grave fears are entertained for the transport Garonne which left Seattle November 15, with stock on board for Manila. The orders were for her to take the northern route and proceed to Manila direct; as orders were probably followed the Garonne felt the full force of the storm, and news of her arrival will be anxiously awaited for.

SURPLUS IS ONLY \$317,000

Minister Lansing Makes a Statement in Reply to Query.

Inference May Be Drawn That Money Appropriated by the Legislature Is Still Unexpended—Appropriation.

What is the actual surplus in the Hawaiian treasury over and above the amount of money necessary to satisfy all the appropriations made by the Legislature from current expenses?

This question was this morning propounded to Minister of Finance Lansing. The reply was:

The surplus in the Treasury on Nov. 1, 1899, was in round numbers \$317,000. Since that time the taxes have come in and the figures will probably be increased.

Minister Young was asked how many or how much of the appropriations made by the Legislature from current expenses remained unexpended or unexpended by the Executive. Mr. Young thanked the Bulletin for the question, but he would require time to go over the matter carefully.

The statement of figures obtained from Minister Lansing indicates that while there may be a two million dollar cash balance in the Treasury, the actual surplus is not a large one, provided the Executive goes ahead and does the work outlined for it by the Legislature. Thus in one fell swoop the much talked of million dollar surplus is knocked into a cocked hat, and the question arises, Has the Executive failed to do the work outlined by and provided for by the Legislature? The business men generally believe that the way to dispose of the surplus question is to spend the money appropriated.

\$500,000 EWA BONDS SOLD

The Hawaiian Trust and Investment Company and its friends joined forces and put in a bid of 3/4 of one per cent premium and took the whole issue of Ewa Bonds amounting to \$500,000. The bonds are ten year bonds, but payable any time after three years. They bear interest at the rate of 6 per cent. The Trust Company will have a limited number to offer to its patrons. Already a premium of 2 1/2 per cent is offered, which goes to show the high esteem in which the Ewa bonds are held. The bonds will all be held by Island people except such as are already promised in the States.

Mr. Phelps Dead.

The funeral of the late Caspar Phelps took place from the Masonic Temple under the auspices of Lodge No. 21, F. & A. M., of which Mr. Phelps was a member.

Mr. Phelps' health had been failing for some time past. He died Saturday evening at the residence of Mr. and Mrs. Henry Wright on Beckley street.

McIntyre-Kluegel.

The engagement of Geo. T. Kluegel to Miss Nellie McIntyre is announced. Miss McIntyre passed through Honolulu in company with Miss Harriett Lewers on the Coptic, Saturday.

Wireless Telegraphy Stock.

At noon today the assessable stock of the Inter-Island Telegraph Co. was subscribed twice over.

The Malle-Ilma team will make arrangements with the Punahou to play a match game Thanksgiving Day. It is estimated that 20,000 tons of sugar will be turned out from the plantation of Kaanapali during the present season.

Remember your friends by mailing them a copy of the "Aloha Collection of Hawaiian Songs," per the Australia which sail tomorrow afternoon. For sale at the Hawaiian Bazaar, Masonic Temple, corner Hotel and Alakea streets.

The transports Pathan and City of Sydney did not get away as expected Friday. The delay was caused by the loading of ice and meat on the City of Sydney, taking up more time than was anticipated. Both vessels put to sea at 8 o'clock Saturday.

The bark C. D. Bryant is the first foreign vessel to discharge coal at Kaunapali. Since her arrival she has caused the Custom House guard considerable anxiety, he apparently thinking there was considerable opium on board. Last Sunday with a dozen assistants he searched the ship from top to bottom, but with no results. The crew finally presented him with a gold brick, which was eagerly seized.

AH FAR WINS THE TRIBUNE

Practically An Even Race And Lubeck Gets a Wheel.

Everybody Happy—Opera House And Orpheum And Thanksgiving Luau at Long Branch—Mine Host Vida.

After a struggle of three months, which was tightly contested, the great Tribune bicycle race instituted by the Bulletin for the newsboys came to a finish on Saturday last amid great rejoicing on the part of Ah Far the winner and his constituents, and a corresponding disappointment in the ranks of Lubeck and his helpers.

For the last two months the contest for first place has been between the two boys named who have made a great record for themselves as hustlers with live Bulletins and when the results of the contest were summed up it was found that the win was by only fourteen papers.

Recognizing that the race was virtually a tie and taking into consideration the efforts of the two boys, the management of the Bulletin has decided to give Lubeck a Tribune bike the counterpart of the wheel won by Ah Far. The enterprise of the lad will be thus rewarded in a fitting manner.

This will be a great week for the Bulletin newsboys. Forty of them having the highest scores will be taken to the opera or the Orpheum and on Thanksgiving Day all the Bulletin boys will be given a grand luau at Long Branch.

So as to give them a day without business care there will be no issue of the Bulletin on the holiday and from early in the morning until sundown the boys will own the popular beach resort so well conducted by mine host Henry Vida.

Thanksgiving Baseball.

Wailuku, Nov. 25.—The first baseball match for a long time will take place at Spreckels Park, Kahului, at 1:30 o'clock next Thursday afternoon. Thanksgiving Day, between the Ulukukua and Wailuku nines. The first named team is under the captaincy of Mr. Crooke while the Wailukuans will be under the care of Dr. Boote, a Southern all-round athlete. The positions of the Wailukuans will be as follows: C. Geo. H. Cummings, c; P. Chas. Bailey, p; Ed. Montgomery, 1b; Wm. Edmonds, 2b; W. H. Cornwell, Jr., 3b; Dr. R. N. Boote, ss; S. Kellinot, lf; Jim Molekha, cf; Kalol Cockett, rf. Subs—D. Kuikahi, F. Scholtz and W. T. Robinson. The losers will pay for a champagne dinner at the Windsor.

Jack the Grabber.

Saturday evening just about eight o'clock as two ladies were making their way unaccompanied to the opera, they were accosted by a man in the darkness just Ewa of Likellie street on King who grabbed violently at one of the ladies. The lady screamed and she and her companion started to grab the fellow who took to his heels and disappeared in the darkness, there not being a single light on the street excepting the lamps of passing carriages.

ERMINIE SATURDAY NIGHT.

The opera Erminie was produced Saturday night by the Boston Lyrics to a good sized house.

The music of the opera is familiar to all lovers of music and was greatly appreciated. The libretto as sung by Miss Stanton, was particularly well done. Messrs. Henderson and Kuunkel's comedy work was up to its standard as was also the singing of Miss Andrews.

The company so far has proven a source of great pleasure, as everything connected with good opera to make it successful has been done. Good principals, a good chorus and beautiful costumes are bound to insure the Boston Lyrics a continued success.

Mrs. Gibbon (nee Lani Atkinson), was a passenger from Vancouver in the Miowera Sunday. Mrs. Gibbons, who is the wife of an English officer now in South Africa, comes to Honolulu to spend a short time with her father and mother, Mr. and Mrs. A. T. Atkinson, in the land of her birth.

"BOB" WILCOX HAS GONE

To Washington To Fight For The Crown Lands.

Will Join Attorney Edgar Cayless Who Will Lecture on Hawaiian Islands—Wilcox's Intentions.

Robert W. Wilcox is now on his way to San Francisco in the steamer Coptic. About a half hour before that vessel left he procured a ticket in the place of an Italian friend he had booked several days previous. But few of his friends knew of his intended departure, as he had taken great pains to keep the matter quiet.

Robert has gone to Washington to confer with ex-Queen Liliuokalani in the matter of Crown Lands. Later on he will join Edgar Cayless, the attorney who has made a study of the genealogy of Kamehameha III, whom he claims was the rightful owner of the Crown Lands.

It is stated on good authority that Mr. Cayless will soon tour the United States from North to South and from East to West, lecturing on the Islands and getting the sympathy of the people in the matter to which he has devoted so much time. He believes that by doing this he can gain more than by appealing to the Government at Washington direct.

Mr. Wilcox goes to furnish such information as may not be available. His intention is to work tooth and nail for the recovery of the Crown Lands and not for the governorship of the Territory of Hawaii.

A NEW MAP OF OAHU.

A new map of this island has for a long time been greatly needed, the old government map which was issued in 1881, having been compiled before many of the recent improvements, including the Oahu Railway and the large sugar plantations were in existence. Mr. Jas. T. Taylor the hydraulic engineer, has met this want, having had a carefully compiled map drawn which shows in great detail all important improvements up to date. The map was made under Mr. Taylor's supervision, by Mr. T. D. Beasley, an experienced draughtsman, who was employed for years in the United States Surveyor General's office in San Francisco and has since compiled and published official county and other maps in California. Mr. Beasley will leave on the Australia tomorrow for San Francisco in order to supervise the lithographing of the map, which will be for sale shortly after Christmas.

Tried To Blow Up a House.

Last Wednesday a Portuguese attempted to blow up the place of Luis Andrade by means of a section of a very large pipe, loaded with a goodly amount of powder and scraps of iron and fastened securely at both ends. The bomb was not set in a good place so that the damage was not great. However, pieces of iron went through different houses in the vicinity and quite a little harm was done. Frank Ferreira, who has had the case in hand, has caused the arrest of the man he believes did the job. His name is Vicente and his age is about twenty.

Wailuku's New Paper.

George B. Robertson of Wailuku, Maui, is in town on legal business and also in the interests of the new weekly paper he is to publish for Maui. Mr. Robertson has ordered a first class job and news plant which has been shipped from San Francisco and it is hoped will arrive in time to enable publication on the first Saturday in January.

Certainly scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn. Outward applications do not cure. Emollients may palliate, they cannot abolish the evil. There is one sure way out, and that is to eliminate the taint from the blood. For this purpose Hood's Sarsaparilla is absolutely without an equal.

"I have taken Hood's Sarsaparilla for scrofulous humor and impure blood and am now almost entirely cured of the eruptions with which I have been afflicted for the past year. My face, chest and back were badly broken out." FRED E. ORRWAY, Woodstock, Vt.

Dr. Marques With Australia Theosophists

The steamer from the Colonies yesterday brought a private letter from Dr. A. Marques, dated Sydney, N. S. W., Nov 7th, from which the Bulletin is permitted to make some extracts, which no doubt will prove of interest here, where the doctor has resided for a good many years. It will be remembered that he left Honolulu a few weeks ago, upon a call to accept the General Secretaryship for the Theosophical Society of Australia.

"I am safely arrived here, and find Sydney a very interesting town, much fuller of life and push than I expected, although decidedly English in appearance. The climate so far seems very much better than I anticipated; it is now their spring, and with the exception of a little rain and some thunder, puts me in mind of December weather in San Francisco, minus the disagreeable cold winds they have there as contrasted with the hot sun. Of course I know nothing of the winters here, which are decidedly more severe than in California.

"We had a very pleasant trip down, and in Auckland I was given a royal reception, and a most brotherly welcome by the members of the Auckland Branch, who spent the night in turns, on the wharf waiting for our steamer, which was late, so as to be on hand to lay hold of me when we arrived. I was dined, etc., and when the time of departure came was escorted down to the steamer by a couple of dozen of ladies and gentlemen, who wished me God speed, with accompaniment of beautiful flowers. The Theosophists of Auckland are a very energetic, hard-working body, and hold a much respected place in the community.

From Auckland to Sydney we got rough weather, but arrived safely. In Sydney the same kind of reception was given me as in Auckland, and I have been installed with all honors in the functions of General Secretary for the Australian Section, T. S. I have a fine field of work, embracing the whole continent, with twelve large branches, a number of centers, and many untapped members. Theosophy is certainly flourishing in Australia, and the Australians seem very earnest, as well as studious and scientifically inclined by temperament and thorough environment. I shall have to visit and lecture in all the branches; but at present I am leaving this week, via Melbourne and Adelaide, for Adyar, India, where I want to be in time for the Christian General Convention, at which I shall not only represent officially this Australian Section, but also the New Zealand one. So you see I have enough to keep me busy, more so than ever before.

"From India I intend to come back via Queensland, so as to visit the northern branches on my way to Sydney, where I expect to be till winter, when I expect to be able to take a trip back to Honolulu to avoid the coldest months here."

Manager Campbell for Puna.
Wailuku, Nov. 25.—William H. C. Campbell, manager-elect of the Puna plantation, Hawaii, returned from Puna last week and is taking up his old position as manager of the Hamoa plantation until his successor is appointed. Mr. Campbell and family intend to move to Puna about the 1st of January.

THE LAST CAR.
The last cars of the King street line going to Waikiki and Palama pass the Anchor Saloon. The cleverest mixologists in the city are there always to put you up anything you may desire. Drop in and take a drop before you take the car. The celebrated Seattle beer is to be had here on draught. A full line of liquors, including the famous Jesse Moore Whiskey, etc., always on hand. Received per Warimoo, Rainier Beer on draught. The Anchor Saloon is here to please its patrons.

"Experience is a dear teacher." So they say; yet King Bros. throw in 20 years experience when you have your pictures framed by them, without extra charge. They are now opening a lot of the newest designs in picture mouldings. Remember, this is the only firm in Honolulu that deals exclusively in pictures and art goods.

MONDAY, NOVEMBER 27, 1899.

It may be well for the people to remember that not even in his message does the President assert what Congress will do.

Justice Frear makes the public statement that the Executive and Legislative departments of Hawaii have sometimes gone astray, the Judiciary never.

The island of Maui is large enough and progressive enough to warrant the launching of a weekly paper. May success attend the efforts of Mr. Robertson.

When the newcomers are the most earnest advocates of a liberal franchise, it ill becomes resident advocates of restricted franchise to express the fear that Hawaiians will be overridden by the strangers.

The Bulletin has no desire to bear the market, but the people should remember that the same forces, whose work in the last Congress caused Delegate Kinney to suggest a Honolulu public meeting, are still at work and have been since the last session.

A contemporary describing the banquet tendered W. O. Smith, says, "Each toast was drunk in champagne, the guests standing." Here is an evidence of Hawaii's temperance in all things. At too many of the Mainland banquets someone goes under the table.

Speaker Reed's successor in Congress has given notice that he will support the expansion policy outlined by the President. Thus the Speaker's former private secretary finds himself obliged to desert many of Reed's personal opinions in order to fulfil his duty to the people.

The public is reminded that ex-Governor Black of New York is still a factor in politics, notwithstanding his loss of the support of the Republicans for a second term. In the recent elections, the Republicans carried the city of Troy the first time in thirty years, ex-Senator Murphy leading the fight against Black who had headed the Republicans. It was in Troy that Black gained his first prestige and he seems well on the way to regain it.

Judge Wilcox's suggestion, that an old fashioned spanking is the best thing for some of the troublesome boys brought into his court, finds an endorsement in the action of the Police Court Judge of Newark, N. J. Five boys caught stealing from freight cars were brought before this judge, who, when assured of their guilt, sentenced each to receive twelve lashes with a policeman's belt. It is said the youths agreed to behave themselves in the future, while their compatriots in delinquency have manifested an uncontrollable desire to be good. More than one boy goes astray because he thinks it manly to be tough, and confinement with criminals is a mental corrective fraught with questionable results.

If the Cullom Hilo letter, as set forth in the columns of the Tribune, is a correct statement of Senator Cullom's personal opinions and his published interviews are accurate outlines of what he intends to do in Congress, it is apparent that this staunch friend of Hawaii is to lead in the course which every honest American should follow. Center every influence to secure prompt enactment of Territorial government for Hawaii. We feel confident in predicting that Senator Cullom will not offer as an excuse for his action, past, present or future, that he has been misled or charge that the Hawaiian situation has been misrepresented to him. If the official circle will drop this foolish part of their campaign, Hawaii can present a solid front before Congress.

NEWCOMERS AND HAWAIIANS.

In the account of Mr. Dole's latest public remarks, the following is published as a direct quotation:

"The Anglo-Saxons here and their foreign allies have made the Hawaiians what they are and are indebted in turn to them for confidence and help. As a result the Hawaiian community is the

most advanced of all the dark races in the world. It should be our pleasure and duty to carry on the old policy of friendly co-operation and teach it to the new-comers who are identifying themselves with the present and future of Hawaii. The strangers are now within our gates. They are energetic, ambitious and unrestrained by our traditions. They may carry us off our feet; but I hope and trust that we shall be able to imbue them with our policy of justice to the native so that they will draw no color lines and adopt the Hawaiian as part of the social life of this country."

To whom does Mr. Dole's "our" and "us" refer?

What evidence can Mr. Dole offer to make good his inference that the new-comers will refuse to co-operate with the native Hawaiians, deal unjustly with the Hawaiians or fail to adopt the Hawaiians as part of the social life of this country?

Is it necessary to the maintenance of peace and good will, that the native Hawaiians be taught to fear antagonism, injustice or social discrimination from the newcomer?

LIMIT TO THE BENEFIT MUNICIPAL OWNERSHIP.

Of the various reforms suggested for improvement of conditions in American cities, none assumes greater prominence at the present time than "municipal ownership." As outlined by the enthusiasts and more than half believed by the people who stop to note the greed of corporations, the acme of municipal blessedness will be reached when the cities own their street lighting system, street railways and various other enterprises in which the taxpayers are directly interested. Cities of Great Britain where municipal ownership, under the name of municipal trading, has been extensively developed, are held up as beacon lights marking havens of taxpayers' Paradise, as compared with corporation bound cities of our own country.

The current number of Public Opinion publishes extracts from an article, by Robert P. Porter for the New York Times, in which it is pointed out that there is a limit to the benefits of municipal ownership and the cities of Great Britain are going beyond the limit. Individual effort in England is characterized as stifled by municipal interference, "and unless a vigorous opposition is organized against these encroachments of the municipality, the national consciousness will be stifled in the coils of the box constrictor bureaucracy as effectually as it has been in Germany. The facts in relation to this important movement (against municipal trading) which only crystallized a few months ago, will come as a surprise to those in the United States who have accepted without question the conclusion of enthusiastic writers or half-baked economists in relation to the achievements of municipal trading in England."

Increase of local indebtedness and consequent taxation is said by Porter to be the immediate cause for alarm and dissatisfaction among the taxpayers. From 1878 to 1897 the local debt of England and Wales more than doubled and now stands at \$1,250,000,000. More than half of this represents enterprises owned by the municipalities, "which may or may not be worth the original capital invested." Electrical experts state that if English authorities are to keep pace with the industry they must spend \$500,000,000 where they have now spent \$50,000,000. Furthermore, in no less than 104 cases "provisional orders" have been granted the municipalities for electric lighting and nothing has been done. The city pushes private industry aside but does nothing itself.

Another result of municipal ownership is the association of the municipalities to prevent individuals from entering the field of competition. Thus the municipal town clerk, his contractors and friends have a complete monopoly. They stand as a blockade to progress. Manchester and Glasgow not content to manage their own tramways seek to reach out to adjoining districts. These cities give no guarantee that the additional tramways will be constructed, but contend that none shall be constructed of which Manchester and Glasgow do not approve.

No less than seventy municipalities are applying to either parliament or the board of trade for the right to manufacture electrical fittings, thus coming into direct competition with private enterprise. The taxpayer has to pay the bills whether the business is a success or not. The city employees like it, but it is death to the outside laborer. Nor is corruption lacking. Candidates bid for office by promising to pay higher wages to the thousands of city employees who have a powerful vote.

The results of municipal ownership as set forth by Mr. Porter show that the city can go as far in the abuse of power to the detriment of the people, as can the soulless corporation.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: ½ cash, ½ in one year, ½ in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

Some Interesting News

From Island of Maui

Wailuku, Nov. 25.—Messrs. R. R. Berg and J. W. Waldron, superintendent and bookkeeper, respectively, of the Kahului Railroad Co., both leave per Claudine this evening for Honolulu to enter their new fields of labor.

There was a lull in the Wailuku district court this week. Magistrate McKay is over at Nahiku and is expected back today, while Second Magistrate Kalekale is laid up with the grip. A native bawled up for selling liquor without a license, is in jail awaiting trial.

Defendant's demurrer in re damage suit of A. Furtado vs P. N. Kahoku-luna et al., was argued before Judge Kalua last Wednesday. The decision was reserved. Messrs. Hons & Coke for plaintiff, J. M. Kaneakua for defendant.

The petition of J. M. Dowsett, administrator of the estate of the late Randall von Tempaky, of Kula, Maui, for approval of accounts and discharge, was heard before Judge J. W. Kalua in the probate court last Wednesday. The accounts of the administrator were: Receipts, \$6193.98; expenditures, \$6158.81, leaving a balance of \$35.17. Accounts were ordered approved and administrator discharged.

Kipahulu plantation will commence grinding next week. The Wailuku plantation will start about the second week in December.

W. Goodness, proprietor of the Bismarck stables, Wailuku, has just recovered from a severe illness.

HIGH STEAM SPEED AT SEA

As to the speed of the future, I re-
call impossibilities written about twenty-
five years ago. It was well written,
and possibly it was generally correct,
but one operation, which was cited as
impossible of accomplishment, was
that of propelling a steamer at a rate
of twenty-five miles an hour across the
ocean. At that time the Atlantic had
never been crossed by a screw steamer
at so high a rate of speed as fifteen
miles an hour, the Scotia being the
fastest liner in those days, she having
crossed the Atlantic at an average rate
of fourteen and one-third knots. Steaming
across the ocean at the rate of twenty-
five miles an hour might, therefore, well
have been looked upon at that date as
impossible, but today there are steamers
which have reached that speed, and there
are others in course of construction which
may probably exceed that rate across the
Atlantic.

Although, roughly speaking, the
power required to propel a steamer varies
with the cube of the speed, yet before
a third of the next century expires
another increase of at least 50 per cent
in ocean speed may safely be prophe-
sied. How this is to be accomplished
it would be too hazardous to attempt to
surmise; but I may point out how I
think it may not be done, and that is
by carrying and handling 5000 tons of
bunker coals in a hull drawing nearly
fifty feet of water. The model of the
ocean steamer of the next century will
probably be that of a very much en-
larged "destroyer" of great breadth
and length and small draught of wa-
ter forward.

Lighter and stronger materials will
compose the structure, which may be
moved by multiple propellers, possibly
working in a tunnel, so that a number
of wheels could be worked by a separate
shaft actuated by rotary motors, as
the sizes on screw shafts and en-
gines and now under construction are
perilously large; or the motive power
may be produced by compressed air or
gas. Then, the form of least resist-
ance probably being discovered, the
hull, broad and light in comparison
with the augmented dimensions, will
rise on top of the waves rather than
pass through them. The rolling and
pitching may be more severe than at
present, but with improved cabins and
a shortened voyage, the difference may
not be noticed. The construction of a
steamer of 65,000 tons will probably not
trouble the constructors of the future
nearly as much as did the building of
the Great Eastern those of the past.
There will be infinitely less labor, both
mental and physical, than was required
for the construction of a great ship in
those days.—Cassier's Magazine.

Fortune in Royalties.

The amount of money paid by the
Neill Company in royalties far exceeds
that of any other dramatic organiza-
tion that has ever attempted to tour
this country. The author of such strik-
ing successes as "A Bachelor's Ro-
mance" demands the sum of \$500 per
week for the use of her play, and an
equally high figure is paid for the
right for the Neill Company to present
such plays as "A Gilded Fool," "A Pa-
risian Romance," "Amy Robsart,"
"Madam Sans Gene," and a dozen oth-
ers of equal importance. This com-
pany has the exclusive rights to pre-
sent these plays in America.

"THE LOSS OF GOLD IS GREAT;
The loss of health is more." Health
is lost by neglecting to keep the blood
pure, but it is gained by purifying, en-
riching and vitalizing the blood with
the great health restorer, Hood's Sars-
aparilla. Thousands who thought
health had been permanently lost have
been made perfectly well by taking
this great medicine. Your experience
may do the same.
Hood's Pills are gentle, yet always
effective.

Japanese Want Instruction.

Walluku, Nov. 25.—About two dozen
Japanese tots of both sexes were
marched into the Walluku government
schoolhouse last Friday by a recent ar-
rival (a Japanese) with the strange re-
quest that the children be taught in the
English branches in the morning ses-
sion, while he will teach them the doc-
trines of Buddha during the afternoon
Prof. Moore took the children under
advisement, and will write to Honolulu
about the matter.

Nahiku Road Progressing.
Walluku, Nov. 25.—Mr. Wittrock,
who is to succeed H. Z. Kaipao as deputy
sheriff of the Hana district, was in
Walluku this week and returned to his
district last Wednesday. He reports
that the Nahiku road is in a fair way
to completion and that carriages will
be running between Nahiku and Hana
early next year.

The notion that skyscrapers are of
modern American design is controvert-
ed by Prof. Lanciani, who notes that
in ancient Rome, in the time of Au-
gustus laws were passed (on the
ground of danger from fires), against
the high buildings, some of which
reached an altitude of ten or twelve
stories.

COMMUNICATION.

Editor Evening Bulletin: At the love feast given to W. O. Smith last Friday night, several gentlemen making dwelt night, several gentlemen making speeches, dwelt largely upon the care that should be taken of the native people, very fearful that the newcomers might treat them harshly. A little buncombe. They are now trying to pull wool over the eyes of the native. When Congress annexes us the native will have a vote. They are about to lose the loaves and fishes. They must use some means to keep themselves in office. One of the speakers who felt very much interested in regard to the matter, has a record that the native will not entirely forget. He made a speech not long ago at the rifle meeting. The following is copied from that speech:

"Coming to politics Mr. Thurston said he hardly thought it time to organize a Republican Club in Honolulu, as Hilo had done. It would be years before the work would count. The speaker referred to the grand work of Senators Morgan and Gorman and the several Populists for Hawaii, and added that it was not time now to say we were Republicans, Democrats, or Populists. Let us go to the United States as Hawaiian-Americans pure and simple. Mr. Thurston said his next went out in greatest sympathy for the native Hawaiians, who had not worked for annexation. He had felt this strongly when at Washington. He hoped that everything asked at Washington would be for the benefit of native Hawaiians as well as their brethren who had worked for annexation."

Another one of the speakers a few years ago, sat, rifle in hand in the cupola of the old theater, shooting down natives as they would make their appearance over the walls of the old palace grounds.

FATHER JOHN.

The Coptic brought a total of 573 passengers for Honolulu, there being 11 cabin and 489 Japanese and 73 Chinese steerage; also 517 tons of general merchandise, consigned to H. Hackfeld & Co.

A NATIVE INJURED.

A native named Kulu was severely injured in the hold of the Miowera at 3:30 this morning by the falling of three barrels of beer on him.

He was engaged in putting the sling around some barrels, preparatory to having them hoisted out, when suddenly the three barrels that he had just sent up a second before came tumbling down after him, the wheel in the pulley of the hoisting machine having broken.

He was immediately sent to the hospital and at last reports was doing well. No bones were broken but the poor fellow was very badly bruised.
