GOVERNMENT AT A STANDSTILL WHILE OFFICIALS DO POLITICS

Struggle Between Mayor and Supervisors at Last Night's Session—Republicans Still Hold the Fort.

The deadlock between the Mayor and the Board of Supervisors was undisturbed at the first regular meeting of the city fathers last night. If there be any change in the situation, it is that the complications are more complicated, the mutual attitudes of the contending parties more hostile, the situation worse. Everything the Mayor attempted to do was sidetracked and flouted by the Supervisors; everything the Supervisors tried to do was blocked by the Mayor's refusal to present the motions. There was no particularly acrimonious talk, no jibes, and only one threat, that made by Logan, who intimated that the position of the Mayor's secretary might be attacked. The assembly room was jammed by those who came to see the fight, and there was considerable applause at times, some shouted comments from the spectators, and a great deal of laughing.

The Mayor announced his choice of committeemen, filed a letter with the County Attorney asking for some kind of a short cut out of the maze, stated his disbelief in the validity of everything that was being done, and appealed several times for harmony.

The Republican Supervisors repeated each of the moves made by them at the special meeting on Monday, passed a resolution legalizing each of the actions taken at the special meeting, introduced an appropriation bill for a quarter of a million dollars and passed it over the Mayor's head, confirmed various appointments, recognized their own standing committees, and ignored those of the Mayor, and generally rode roughshod over His Honor and Supervisor McClellan.

The Mayor had little to say and said that according to the notes handed him, while the County Attorney wrote a few notes on his own account and passed them around among the Supervisors. He also officially recognized the Supervisors' committees and ignored those of the Mayor.

Dan Logan presided over the meeting for about two-thirds of the time, having been apparently recognized as the supervisory leader. From him Fern took the count a score of times. The Mayor put only three motions during the evening.

Minutes Objected To.

The row started immediately after the minutes had been read. The clerk had incorporated everything that had been done on Monday, including the business prior to the official calling of the meeting. Mayor Fern stated that he would put no motion to adopt the minutes as they were wrong. He stated that he wished to secure advice from the County Attorney on this point and asked that the adoption of the minutes be not pressed until he had done so.

Supervisor McClellan sustained him, but the majority demanded the question. The Mayor asked for a suspension of the adoption as a matter of courtesy.

"We do not want to appear discourteous," answered Quinn, "but these minutes are just exactly as we remember what took place. Every member of the board is satisfied with the minutes. I ask that they be adopted."

Fern put the motion, which carried six to one.

Mayor Announces Committees.

Mayor Fern beat everyone to the floor as soon as this vote was taken and proceeded to announce the names of the standing committees selected by him, stating that he did so under the advice that the rules of the former Board of Supervisors were still in force. Cox interrupted to tell the Mayor that he was out of order.

The standing committees and the members, as announced, were those named as the choice of Mayor Fern in this paper yesterday.

As soon as the reading of the list was concluded, Aylett, Ahia and Logan all rose, but were waved back to their seats by the Mayor, who announced that he had a letter for the County Attorney that he wanted presented and read by the clerk. The letter was:

Many Questions Submitted.

"In view of the apparent differences of opinion that have arisen as to the meaning of certain portions of the Municipal Act, I desire your legal opinion, in writing, on the following points:

"Section 142 of the act incorporating the City and County of Honolulu provides as follows:

"Section 142. All ordinances, orders and resolutions of the Supervisors of the County of Oahu in force at the time this charter takes effect and not inconsistent herewith shall continue in force until amended or repealed by the Board of Supervisors of the City and County of Honolulu.

"Under this provision, when did the charter provided for in said act take effect? Was the charter in effect during the month of December last?

"If you are of the opinion that the

charter did not take effect until noon of January 4 of this year, what effect, if any, did the resolution passed by the retiring Board of Supervisors of the County of Oahu, doing away with all offices and positions not expressly created by the County Act or by ordinance, have upon the appointments made by me as Mayor during the month of December, pursuant to Section 146 of the Municipal Act?

"Again, I would further ask your opinion on this point: If, as a matter of fact, appointments were duly made by me as Mayor under Section 146 of the Municipal Act between the first day of January of this year, and the persons so appointed thereupon qualified, as in the Municipal Act provided, and were ready to take office before the passage by the Board of Supervisors of the County of Oahu of the resolution above referred to, on the 4th day of January, would or could such action by said Board of Supervisors annul the appointments made by me as Mayor at a time when the offices filled by me existed under lawful regulations of the Board of Supervisors of the County of Oahu?

"What appointments is the Mayor required to make under Section 146 of the Municipal Act?

"Assuming that the Board of Supervisors of the County of Oahu had authority to do away with offices and positions filled by me as Mayor under Section 146 of the Municipal Act, during the month of December, is the resolution as passed by them on the 4th day of January, 1909, a valid and legal resolution, particularly taking into consideration that it attempted to sweep away at once all boards, committees, commissions, offices, positions and employments theretofore created by the Board of Supervisors of the County of Oahu, except those created by ordinance; and taking into consideration further that it attempted to do away with all motions, votes, orders, resolutions, rules and regulations creating or tending to create such boards, committees, commissions, offices, positions and employments, and taking into consideration that it also attempted in the same resolution to do away with all rules and regulations adopted by said Board of Supervisors and then in force?

"In other words, I desire to have your opinion as to whether such a sweeping resolution is valid or whether it is not invalid and abortive, as unreasonable and arbitrary, making no provision in said resolution for the substitution of any other rules, resolutions or orders providing for the maintenance of the business of the county.

"Turning to the action taken by the Board of Supervisors under the Municipal Act at the special meeting of said Board, held on the 4th inst., I desire your opinion on the following points:

"Does the resolution and vote under which the Board of Supervisors assumed to adopt certain rules and regulations for the government of that body come within the provisions of Section 20, Chapter 4, of the Municipal Act? In short, should that resolution properly come before me for approval or veto? And in that connection I desire further to ask whether the provision in said rules purported to be adopted by the present Board of Supervisors, particularly Section 13, authorizing the Committee on Roads and Bridges, etc., to engage all employees under said department, constitutes a provision involving

GOV. FREAR RETURNING ON THE S. S. SIBERIA

Governor Frear is due to arrive here on the Siberia from San Francisco on the 15th. There are a number of matters which Acting Governor Mott-Smith is holding up until his return, among them being Marston Campbell's report on his trip to Kauai. In this report Mr. Campbell takes up the question of the monster waterworks system at Kapaa. Land Commissioner Pratt's report is also on file in the Acting Governor's office. No action on either of these will be taken now.

HOLLOWAY REAPPOINTED.

C. S. Holloway has been reappointed as executive officer of the Board of Agriculture and Forestry by Acting Governor Mott-Smith. Holloway sent in his resignation some time ago, but was prevailed upon to continue.

GEN. WESTON SAYS LEILEHUA IS IDEAL

"Leilehua is a fine site in a beautiful country and it is an ideal location for a great army post which I understand is to be built there."

Major General Weston, United States Army, made this statement aboard the transport Sheridan as the transport was about to leave for San Francisco last evening. The General had spent most of the day at Fort Shafter and Leilehua as the guest of Major Foster, Major Dunning and Captain Castner. They went to Leilehua by auto and the General critically inspected the reservation. He was greatly impressed with it. As he will in a measure be interested in the development of the Army post there, as commander of the military department of California, it is a good thing that he is satisfied.

In the last few days about 250 Hawaiians and Japanese laborers have gone to Leilehua to rush the completion of the cavalry cantonment. Some of the troops who are to man it left San Francisco yesterday on the transport Thomas and will be here about January 12, so that the cantonment must be completed in haste.

Over 200,000 feet of lumber arrived from Seattle on the American-Hawaiian freighter Alaskan last week, but so far only about 30,000 feet have been gotten out and shipped up to Leilehua. This lumber was stowed away underneath lumber consigned to other parties. It will be rushed to Leilehua as fast as discharged. Captain Castner, constructing quartermaster, in charge of the building of the cantonment, expects to have the camp completed by the time the troops and horses arrive.

Mr. Kinney for Mayor Fern

Editor Advertiser: It seems to me you are rather hard on Mayor Fern, particularly in making him your text to prove the low status of the electorate of Hawaii and the failure of local self-government. Mayor Fern's two chief acts have thus far been the selection of appointees to take office under the Municipal Act and the naming of committees on the Board of Supervisors. While it is true he has named appointees for many subordinate and minor offices, where there is doubt that these appointments are to be made by him, yet the fact remains that he has continued in office for leading and responsible positions most of the present incumbents. The Fire Department, the

County Engineer's office, the Electric Works and the Fire and Police Alarm System are left in the hands of old appointees, everyone of whom, I understand are Republicans.

The committees the Mayor had prepared to appoint in the Board of Supervisors give but one chairmanship to McClellan, the Democratic member, and the selections otherwise certainly seem as good as the selections made by the Supervisors themselves. In the latter selections McClellan is given no chairmanship at all, but occupies a subordinate position on a committee of minor importance.

In this connection, it should be re-

PLIGHT OF JAPANESE EMIGRATION COMPANIES.

The prohibition of emigration to Hawaii has dealt a serious blow to the Japanese emigration business. Over thirty emigration companies in this country have almost all suspended business and some of them, says the Japan Times, have closed their doors. Those continuing business are the Morika Co., Empire Emigration Co. and Meiji Emigration Co. They remain in business with no small difficulty by sending emigrants to South America, chiefly Brazil and Peru. But the steady growth of national expansion, the Tokio paper remarks, does not allow the Japanese to confine themselves any longer within the limited extent of their fath-

erland, while of late the national tendency is greatly prone to overseas development. Some time ago Messrs. Hase and Otsuki, of the Sendai Emigration Co., organized the Canada Farming Co. as a joint stock enterprise. The company is now engaged in farming work in Canada for furtherance of the object with which it was started. Quite recently a party of the shareholders of the Empire Emigration Co. started a new emigration company named the Teikoku Shokumin Kaisha, with a capital of 2,000,000 yen, to send emigrants to Brazil and other South American states. Should these new concerns be successfully floated and aim at the development of their business under the government's aid and assistance, the emigration business will revive.—Shipping Illustrated.

No More Tire Trouble if you use

Standard Tire Protectors

They take all the hard knocks, stone or glass cuts and bruises that a tire tread is constantly subject to, and preserve the tire in its original strength, thus eliminating the danger of the blow-out, the "bug-bear" to the automobilist.

When once in place it positively cannot creep or come off. It adds to the resiliency of the tire. It actually saves more than half the tire expense.

A number of sets of these protectors are in constant use here, and are giving entire satisfaction.

WANTS INSECT-EATING BIRDS

Van Dine Will Investigate the Mainland Varieties for Islands.

D. L. Van Dine of the United States Experiment Station departed on the transport Sheridan on a long leave of absence, to be spent mainly in the Eastern States.

While he is on leave to attend private business yet he will attend to several matters of public interest here. One of these will be an investigation of varieties of insect-eating birds which may be introduced to experiment with. The introduction of such birds cannot be made here, however, until an aviary is built. The latter is being planned by W. Alanson Bryan.

Another matter will be to ascertain the market for Hawaiian honey. Mr. Van Dine has taken a special interest in bee culture in the islands and will see where the product can best be marketed. He will try to secure an appropriation to carry on silk culture experiments in the islands.

Now that the American Association for the Advancement of Science has decided to hold its next conference in Honolulu in the summer of 1910, Mr. Van Dine will be active in working up interest in the excursion.

WALLOPS CLUB****The Association Boys Pile Up
Mighty Score of
29 to 2.**

It was all Y. M. C. A. last night in the indoor baseball game played at the gymnasium of that institution between the lads of the Kawaihau Boys' Club and a picked team from the Association. The final score was 29 to 2, and the long end of the tally did not count for the Boys' Club team.

There was a large crowd in attendance at the game, for it is not often that the local fans are treated to an exhibition of the indoor variety of the national game, and they were right royally amused, even if the game was not exactly a classy performance. It was simply a walk-over of the genuine, Simon-pure, unadulterated quality for the veterans of the Y. M. C. A. team, the only thing, apparently, that kept them from scoring all the time being the valiant efforts of the gamey little pitcher for the Boys' Club. He was in a class by himself, so far as the rest of his teammates were concerned, and he ranked well up with the star players of the Association.

Captain Herbert of the Boys' Club also took all kinds of chances in order to score, but his work was of small avail against the cracks of the Y. M. C. A. The latter team simply scored at will on their younger opponents. There is plenty of fun in this indoor game, and never was this fact proven more conclusively than it was last night. The game lasted an hour and ten minutes. Jim Nott captained the winning aggregation.

More indoor baseball games may be

arranged in the near future, to be pulled off in the spacious gymnasium of the Y. M. C. A. Dr. Hand, athletic instructor, is taking an interest in them and he will probably arrange for a series of contests.

**BASKETBALL GAME
BEING ARRANGED**

Basketball is now coming to the front, and it may be that a game will be arranged between the team of the Y. M. C. A. and the Fort Shafter throwers. Dr. Hand has taken the matter up, and will get into communication with the basketball management out at the Fort some time today to learn if a contest can be arranged.

Monday night is the date mentioned on which the game may be played in the Y. M. C. A. gymnasium. The soldier lads have an all-round star bunch of players, and the town team does not much expect to carry off the honors in the first game, though it may be that they will spring a surprise.

Sport Notes

The U. S. Engineer Corps baseball team was defeated by the Fort Shafter nine last Saturday by the score of 12 to 9.

It may be that a practise game will be arranged among the big League ball-players for next Saturday as a sort of tryout.

More fans should turn out to the baseball practise held at the League grounds each afternoon. There is a goodly turn-out of players, but the right kind of enthusiasm is sadly lacking. The boys are getting into shape rapidly and will work out every night until the professionals arrive here. Come on out, you fellows, who want to see the best kind of baseball in the Islands!

**ENTRIES CLOSE
THIS WEEK****Saturday Is the Last Day for
Walkers to Enter
Names.**

Entries for the elimination race next Sunday afternoon close Saturday evening at six and no post entries will be permitted. Enter now and you'll be sure to be a contestant; if you put it off to the last minute you may be detained somewhere and fail to get your name in. With the exception of the ones who covered the course in December in the necessary nineteen minutes, no one can compete in the cup and prize event of the 17th without competing in this elimination race.

If you happen to be out on the Waikiki road these fine evenings and here and there note a flitting whiteness, don't think of ghosts and such for it's only one of the many interested ones trying out for time. The splendid moonlight evenings of the past week has brought many out "just to see if I could really walk that far." Some surprising results have been obtained though one's walking without competition or a peacemaker is apt to be much slower than in a race. It's a safe bet that if you can cover the course in twenty minutes unopposed, you can finish around seventeen in competition.

The wireless news that Ayres had defeated Sullivan in Hilo in a one mile walk was in line with most predictions around town of those who have a line on their forms. Ayres is in a class all by himself in the mile or shorter distances, while his weight and age tell against him in longer contests. Sullivan is still looked upon as a winner in the cup race of the 17th though there's always a chance of the dark-horse showing up and upsetting all calculations. By the way, a Honolulu man who was connected with many of the great walking events in the 80s in New York and elsewhere, in which world's champions were made and unmade says that without doubt Ayres is the cleanest and fairest heel-and-toe walker he ever has seen compete. This taken in connection with Ayres' records made here and elsewhere place him pretty well up to the top in the walking game.

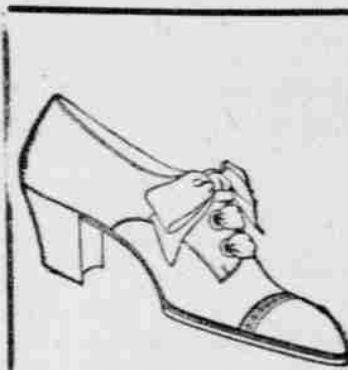

Ayres is expected back from Hilo Thursday morning and by Friday afternoon or Saturday morning at the latest, the committee in charge will announce the list of prizes. The original plan was to have prizes only in the main event of the 17th, but this may be changed and some of the many prizes offered will be put up for the elimination event next Sunday. Jack Densham of the committee is still laid up with a bad knee and his friends are afraid that he will not be in shape to compete for the cup in the race of the 17th. His showing in the last race was such that with a little training, he would finish pretty well up with the winner.

**MRS. WIGGS NOW ON
THE BOUNDING DEEP**

"Mrs. Wiggs of the Cabbage Patch" will arrive on the S. S. Aorangi January 7.

Seldom does a play possess one fresh and striking type, but in "Mrs. Wiggs of the Cabbage Patch," which comes to the Honolulu Opera House, are four that everyone who sees the play remembers with equal sharpness of pleasurable mental definition. Around them are gathered a score more characters and types, however, and each role is fastidiously cast. In casting the Australian company great pains were taken to make the players fit their roles as though moulded to them, and the success attending these endeavors is sufficiently attested by the fact that the play is now in its fifth year of enormous business in America, past its 300th performance at Terry's Theater in London, England, and the company to appear here made an instantaneous and most emphatic success at the Princess Theater, Melbourne, during a six weeks' season just concluded there.

Book plays as a rule are not long lived, but "Mrs. Wiggs" bids fair to run on for a generation. It is already an American humorous classic, and as the public waited long for a great woman humorist, so to, it will cling long to such a striking conception as that of "Mrs. Wiggs of the Cabbage Patch," and the satellites of good humor and innocent jollity around her. The play is as clean and fresh and morally uplifting as possible. After the average problem play it is as refreshing as a breath of morning air after a night of champagne. Dear old, kindly Mrs. Wiggs, is the Arch-Deaconess of American fun. Moreover she has the approval of the Rev. Charles Wagner, who says that hers is "the simple life lived humorously." Seats are on sale at the Bergstrom Music Co.

There may be trouble ahead for County Auditor Bicknell because of the opinion of County Attorney Cathcart, that all garnishees of employees of the county lapsed at 12 o'clock noon, Monday, January 4. That opinion was to the effect that all pending garnishments became null and void with the ending of the official existence of the County of Oahu.

However, attorneys prepared new garnishee papers on employees holding over and filed them as soon as possible after learning of this disposition of the old garnishee cases. Attorneys have intimated to the County Auditor that they may take the matter into the courts to determine whether or not the County Attorney's opinion is valid.

**COUNTESS OUTWITTED
BY ADDISON MIZNER**

Although Addison Mizner has made his home in New York and Europe for years, those who have seen him say that he retains the same exuberant mode of thought and action which characterized his behavior in his San Francisco days and made him the subject of endless discussions. Last summer Addison was in the country in France and stayed at the same little inn where he abode for the time being a French countess and her four children. Chickens was always a part of the menu, and by reason of her rank the countess was always served first. She would help herself liberally to the choicest bits, and then call upon her offspring. "Louie, pass your plate to mama; Jean, your plate for some chicken." "Marie," "Gaston"—and the four little counts and countesses were given of the best the platter contained, leaving a choice collection of necks and legs for the other guests, including Addison. He accepted his portion meekly for several days, and then he rebelled. Half rising in his chair as the chicken was carried past him en route to the voracious nobility, he applied his tongue hastily to his forefinger and tapped a particularly tempting bit of white meat, saying in audible tones and his best French, "This piece is mine."—San Francisco Bulletin.

W. H. Taft's glass remained turned down throughout the little dinner that he gave recently at Hot Springs to some political visitors, and this fact aroused comment. "Yes, and it is going to stay turned down," said the President-elect. "I am not going to drink anything again, ever." "You never did drink enough so that any one could notice it," said a boyhood friend present. The remark was as superfluous as the boy's indorsement of his grandmother's nestness: "Grandma can take snuff when she is making bread and not get a bit in the dough," he asserted to the circle of visitors. "Why, how can you say such things?" cried the old lady, in distress. "Well, you may have dropped a little," was Johnnie's compromise. "But not enough to make any difference."

ALL IS VANITY.
Sentimentalist—"And is that the pretty little pig I saw frolicking before my window yesterday?"
Farmer's Wife (cutting up the pork)—"Yes, miss."
Sentimentalist—"Alas, such is human life!"—Fliegende Blätter.

At the meeting of the Hawaiian Association football players last night, it was definitely decided to have a match game between the champion Maile team and a team picked from all the rest of the teams in the league. This should be a corking good fight.

HOTEL BATHS**Re-Opened**

The Hotel Baths have been opened under a new management, and the public is now assured of having a first-class bathing place in the center of town.

BETTER SERVICE.

The Baths will be under the management of the Alexander Young Hotel, which has given them a thorough cleaning and overhauling, and guarantees the public the very best service that can be given in a public Baths.

New, well-made suits have been provided, plenty of clean, good towels, and the dressing-rooms have all been put into shape.

WATER.

The water will be changed daily, and the tank cleaned out thoroughly with each change. It will be artesian water, as, before.

An even temperature will be maintained at all times. When it is too cold to swim at Waikiki, the water at the HOTEL BATHS will be "just right."

FOR BUSINESS MEN.

Business men will find the Baths just the thing they need to keep them feeling right up to form through a hard day's work. A little brisk exercise, followed by a fifteen minutes' swim, will brace any man up. It's a natural tonic that can't be beat.

SUPERVISORS AND ECONOMY.

The word economy was under tabu last night in the Board of Supervisors, the effort being to find a way to expend, in the next six months, every cent of the income, all the money bequeathed by the last Board of Supervisors, and as much more as can be got. The appropriation bill was permitted to exceed the estimates and the idea of referring any of the expenditures to a committee to see if they could be safely cut down, though suggested through the Mayor, was not entertained. Though retrenchment might easily be made, especially in some of the county offices, the spirit to undertake it was absent.

If the Supervisors who know how, expect reelection, they would do well to consider the unwisdom of a spendthrift policy. The voting body in this county is going to change very fast after the Fifth district gets its navy yard operatives and the Fourth and Fifth receive the further non-official population which the constructive boom here and the promotion work is sure to bring. There will be somebody else to consider besides the voting proletariat that looks upon government merely as a suckling calf looks upon a milch cow; and before long many unpleasant questions will be asked about the overloaded personnel of office and the perfectly unrestrained outlay for incompetent road service for the sake of votes.

Granting extraordinary conditions in the present Board, it remains true that a expenditure of a quarter of a million dollars deserved far more consideration last night than it got. If there is yet a chance to give retrenchment a hearing, we urge the Board, for its own sake as well as for the sake of the taxpayers, to put itself into a more hospitable frame of mind.

POLITICAL CONTRASTS.

Probably, also, there never was a time under centralized government when, close to the end of a financial period, there was so much money on hand available for continuing public improvements as the municipal treasury today contains. The county has quit with \$18,000 as a legacy to its successor, the municipality, and that with a record of more work done for the money handled than any centralized governments of the Islands ever produced.—Star.

On the 20th of November, 1899, more than a year after these Islands had been annexed and on the brink of their incorporation as a Territory of the United States, there was a surplus of about two millions of dollars in the government treasury, the possession of which sum enabled the people to make a successful fight against the epidemic of plague. Later, after the Territory had been established, about one million dollars were secured from Washington toward treasury reimbursement. This was part of the financial record of a highly centralized government of Hawaii under the American flag.

When the Territorial regime came in, the finances had to be reorganized to pay the expenses of administration without the customs and postal revenues to draw upon, which had produced the \$2,000,000 surplus, and it was incumbent on the people of Hawaii then to reduce expenses and still further centralize powers rather than to increase the bill of costs and employ more officials. When a man loses the major part of his income, he retrenches, cuts down his expenses, employs fewer servants and buys no luxuries. But the voters here including the taxpayers, took the opposite course. Though barely able to maintain one system of government respectably, they concluded to have two, and now they have got three, though the money to pay the bills has only increased in ratio with the natural growth of the population and of agriculture, which would have been as great under the Territory alone as it has been under two or will be under three governments. Indeed, it is strongly to be suspected that county government in some parts of the Territory, notably the debt-ridden county of Hawaii, has actually decreased the population and repelled investors. Meanwhile, a public debt has grown up, the proceeds of which largely represent the "progress under county government," of which the Star boasts in another paragraph. It is easy to "progress" on borrowed money—up to the inevitable day of reckoning.

To merely argue that the county, from its tax funds, has extended some public utilities during process of time is to ignore the fact that the Territory would have done the same thing and was doing it, according to its means; and the further fact that, when a second government was organized to supply such utilities, the extra cost of that government had to be figured into the cost of the utilities themselves. It is obviously cheaper to hire one agent for a given job and pay one salary than to hire another agent for the same work and keep the first one also on the payroll, which is precisely what was done when the people gave county officials control of various public works. As the original party—the Territory—could not be cut out of the system, it was simple common sense to keep it at its old duties and forego the luxury of another public agent to cover part of them.

Now, more than when Mark Twain coined the phrase, we have, in the public administration of these Islands, "the machinery of the Great Eastern packed in a sardine box." Any man of common sense sees the absurdity of this. Every man of common sense knows that a board of five men, which is sufficient to conduct a vast railway, could give Hawaii a better, cheaper and more respected government than we now have in our triple administrative system. The most casual observer knows that our three governments would be more than we could afford if they were in a high state of efficiency and that two of them are, judged by business rules, in a low state of efficiency with no prospect of getting better. That is to say, they cost more than they come to; and the only excuse for them is that they keep ignorant voters in line for the party in power.

Politicians may pretend to think differently; newspapers eager for political favors may talk differently, but the bald fact remains that the Territory was far better off under one government by able men than it has ever been since under three governments, two of them characterized by or yielding to the pressure of ignorance and appetite.

The forcing up of the bottom of the Strait of Messina 1400 feet, looks like nature's attempt to restore to the Italian peninsula the land taken from it before the dawn of history. Geology shows that Sicily was once a part of the mainland and was separated from it by the subsidence of the strip of territory which now appears to be rising to its ancient topographical place. It is quite possible, as a result of the seismic activity now going on, that the union of the severed parts may be completed, Sicily, as an island, thus disappearing from the map.

It would be a pity to have the monitor Cheyenne kept away from here because she is a warm ship to live in. While the land defenses are incomplete, a floating battery like the Cheyenne—one nearly as powerful in her way as the Waikiki battery will be—would promote respect for the flag and lend dignity to our one-tug naval station. If naval men can stand the Monterey and Monadnock in Manila bay, they ought to be able to endure the Cheyenne in Honolulu harbor.

Talk of putting out Mayor Fern because he, as an ex-member of the old Board of Supervisors accepted a pair of cuff-buttons from the former county employes, is as ridiculous as the threat made before election of prosecuting, for a violation of the election law, those who had offered to support the Republican ticket in case it was cleaned up. There is little doubt that the statute book where all this law comes from has a special calfskin binding.

The order sending the United States fleet to Naples instead of Messina shows that the Navy Department has its wits about it. The sea around Sicily is no place just now in which to risk \$80,000,000 worth of ships. If our sailors are needed to help out, they can be sent from Naples to Calabria by rail.

The Supreme Court of the United States has found against the \$29,000,000 fine and that ends it. In the general plan of subsidence there seems to be ample room for Keneas Mountain Landis.

The President remarked the other day about War Scare Hobson that if he had a little sense he would be almost half-witted.

If there is anything the Star won't defend or apologize for, it must be something that hasn't a cent of public printing in it.

KINNEY ON FERN.

Mr. Kinney's plea for Mayor Fern is really one for the men behind Mayor Fern. They and not he drew up the program of which Mr. Kinney speaks in terms of merited praise, while the Mayor himself stood by uncomprehending. It was plain enough at the meeting of Monday afternoon that Mr. Fern did not understand his own message, could not take a cue from his managers, and was bewildered by the simplest parliamentary rules. Are we wrong in condemning a system which makes it impossible for the able men behind this executive figurehead to be elected to the high places in the municipality and which makes Fern and others like him the chief beneficiaries of the popular voting? Shall we hurrah over a system which leaves Mr. Kinney unavailable for the office of Mayor and makes that office the prize of men who never contributed an idea or very much else worth having to the general scheme of things?

Mr. Kinney assumes that, in this discussion, the Advertiser has picked out the natives for special censure. Certainly there was no intention of so doing. There are white voters in the community who are more dangerous to good government than any natives; and there are Hawaiians who give value received in or out of office. One of these last the Advertiser supported for Mayor. But the fact remains that we have a large unqualified vote derived from various races; and that this vote exercises its power to keep first-class men out of office, to make government costly and officials incompetent. That such officials can often be held in check and directed wisely is no apology for the system which produces them; it is simply our good luck. Taking a lesson from the utter failure of local self-government in some other parts of the United States, where similar conditions prevail, we should have known better than to enlarge its scope here before the people were ready for it.

It is indeed a "comical" government.

CONFUSION IN HAYTI.

Hayti was in the midst of a revolution. As a phase of it two armed bodies were approaching each other so that a third was about to be caught between them.

The commander of the third party saw the predicament. On the right, government troops; on the left, insurgents.

"General, why do you not give the order to fire?" asked an aide, dashing up on a lame mule.

"I would like to," responded the general, "but, Great Scott! I can't remember which side we're fighting for."—Philadelphia Public Ledger.

SWAM BEFORE HIM.

Banks—"I had a new experience yesterday, one you might call unaccountable. I ate a hearty dinner, finishing up with a Welsh rabbit, a mince pie, and some lobster a la Newburg. Then I went to a place of amusement. I had hardly entered the building before everything swam before me."

Binks—"The Welsh rabbit did it," Bunks—"No; it was the lobster," Bunks—"I think it was the mince pie."

Banks—"No; I have a simpler explanation than that. I never felt better in my life; I was at the Aquarium."—Judge.

Last summer the congregation of a little kirk in the Highlands of Scotland was greatly disturbed and mystified by the appearance in its midst of an old English lady, who made use of an air trumpet during the sermon, such an instrument being entirely unknown in those simple parts. There was much discussion of the matter, and it was finally decided that one of the elders, who had great local reputation as a man of parts, should be deputed to settle the question. On the next Sabbath the unconscious offender again made her appearance and again produced the trumpet, whereupon the chosen elder rose from his seat and marched down the aisle to where the old lady sat, and, entreating her with an upraised finger, said sternly: "The first toot—ye're oot!"

You Can't Be Happy With a Headache

Probably more pleasure is spoiled because of headaches than from any other reason.

When your head aches it not only makes YOU unhappy, but it is very apt to interfere with the pleasure of everyone else around you. One can't be expected to be very cheerful and pleasant when one's head is simply splitting.

And there is no need of suffering. Keep a box of

Stearns' Headache Wafers

in the house when you are at home—carry it in your bag when you travel. That insures you against the annoyance of headaches—your own and other people's.

Stearns' Headache Wafers are as pure as they look, and the snow-white wafers certainly indicate purity in the highest degree. One dose cures, and leaves your head "clear as a bell."

They are so much better than any other kind that your own interest demands that you insist on STEARNS'—the genuine.

SALVAGE FOR INTER-ISLAND

Judge Dole Allows \$6000 for
Pulling Chiusa Maru
Off Reef.

Six thousand dollars is the sum
which Judge Dole has allowed the In-
ter-Island Steam Navigation Company
for salvaging the Japanese freighter
Chiusa Maru, which grounded here in the
early morning of November 3, 1906.
The decision of the court was read the
other day. Along with the sum of
\$6000 which the Toyo Kisen Kaisha
Company, owners of the vessel, will
have to pay, the costs of court, which
will not be inconsiderable, were assessed
against them.

Not the least interesting feature of
the case lies in the fact that the Chi-
usa Maru ran into a storm about seven
months ago and was foundered off the
coast of China. She is now lying at
the bottom of the sea. It is a case of
"paying for a dead horse" with the
Toyo Kisen Kaisha Company.

The Chiusa Maru, in approaching the
harbor of Honolulu from Kobe, Japan,
grounded her bow a little southeast
of the entrance to the harbor. The
Inter-Island boat Ke Au Hou, coming
in from Kauai, offered its services,
which were accepted on the understand-
ing that the compensation should be
arranged afterwards. A hawser was
taken out to the Ke Au Hou and she
began to pull dead astern.

A short time later, the Kinan, com-
ing into the harbor from Hawaii, land-
ed her passengers and returned to the
assistance of the stranded vessel. The
two Inter-Island boats kept up the
strain on their hawsers from early
morning until shortly after one o'clock
in the afternoon, when the Maru float-
ed off. The United States revenue cut-
ter Manning also assisted (for a short
time) in pulling the Japanese freighter
off.

The Inter-Island Steam Navigation
Company brought a libel for salvage in
the sum of \$10,000, alleging that the
value of the Chiusa Maru was \$150,000,
her cargo \$65,000, and that freight
money was earned in the sum of \$5000.
It was also alleged in the libel that
the Kinan, valued at \$200,000, and the
Ke Au Hou, said to be worth \$45,000,
were in great peril during the time
they were salvaging the vessel owing to
the heavy swell that was running shore-
ward.

In rendering his decision, Judge Dole
takes occasion to give high praise to
the masters of the Inter-Island boats,
saying as follows: "The conduct of the
masters of the Ke Au Hou and Kinan
was highly creditable and stands
in marked contrast to that of the mas-
ter of the Fearless, which arrived first
on the ground and who declined to do
anything without the promise of \$20,
000 salvage—conduct most discreditable
because of his attempt to take advan-
tage of a ship in distress, and most un-
businesslike because no court of admir-
alty would sustain an unconscionable
contract forced on a ship under such
circumstances."

Judge Dole also commended the prac-
tice of bringing the crews into the ap-
plications for salvage compensation. He
stated it as his belief that they de-
served extra compensation and there-
fore the award was made to include in
its benefits a reasonable proportion to
"the masters and crews of said steam-
ers, Ke Au Hou and Kinan, and other
servants of the Inter-Island Steam
Navigation Company, Ltd.," according
to the value of their services and the
danger and hardships to which they
were respectively exposed in the sal-
vage operations.

In the Divorce Court.
Sixteen-year-old Ah Lum, a Chinese
girl, has filed a suit for divorce from
her 53-year-old husband. She states
in the libel that her parents compelled
her to marry the aged Wong Kua See.
Mrs. Mak Yau Kwei, also known as
Mrs. Mak Yuen Kwei, also known as
Fung Kuan, also known as Chan Fun,
has secured a decree of divorce from
Mak Yau Kwei, also known as Mak
Yuen Kwei, on the ground of deser-
tion.

Judge De Bolt yesterday morning
granted the divorce of Charles M.
Bradley from Anna M. Bradley, on
the ground of adultery.

Accounts Approved.

The final accounts of C. H. Dickey,
administrator of the estate of W. F.
Williams, were filed in the Circuit
Court yesterday afternoon and were
approved by Judge Bachelar, as master.
The administrator charges himself with
\$1593.52 and asks to be allowed the
sum of \$1370.96. There now remains
of the estate a house and lot valued
at \$700 and \$222.56 in cash.

De Bolt's Recommendations.

Judge De Bolt, in his report to Chief
Justice Hartwell of the work done in
his court during the past year, recom-
mends that the Circuit Court terms be
abolished. He maintains that the cir-
cuit courts should always be open, and
continuing, says: "Justice and reason,
as well as economy of time and money,
demand that cases be tried and finally
disposed of whenever they are ready
for trial." He also suggests that it be
made necessary by law for a male,
at the time of contracting a
marriage, to be of the age of
twenty years and a female to have
reached eighteen years, and that a
marriage license should be obtained at
least ten days before the date of the
marriage.

Big Estate of Boy.

The annual accounts of Mrs. Irene H.
Holloway, guardian of the estate of
Francis Hyde H. Brown, were filed in
the Circuit Court yesterday. The in-
ventory showing the lad's estate at pre-
sent to be valued at \$98,369.81. The
income of the estate during the past
year amounted to \$6507.30, the li-
quid assets paying eight per cent. per
annum.

PRIZEFIGHTER IS INDICTED

Antone Silva, or "Punchbowl
Demon," Is Charged With
Smuggling.

Antone Silva, who is commonly known
as the "Punchbowl Demon," a prize-
fighter of some local fame, was indict-
ed by the Federal Grand Jury yester-
day afternoon, and was immediately
placed under arrest on a bench war-
rant. The charge against Silva is
smuggling.

For several months previous to the
time Silva was first apprehended, the
customs officials were convinced that
smuggling from the ships arriving here
from the Orient was going on. Finally
Silva was caught in the act by In-
spector Dick Young. He had gone on
board the ship, one of the Pacific Mail
line, apparently looking for work as a
stevedore, where he was given a quan-
tity of peculiar Chinese liquor. This
was dropped over the stern of the
liner into a small boat, in which the
stuff was taken over to the Inter-Is-
land wharf.

Here it was that Inspector Young
caught the alleged smuggler and took
him, as well as one other companion,
into custody. Later developments
showed that the companion of Silva in
his illegal enterprise had been forced to
assist in the work through threats
of dire things made by the latter. He
was a recent arrival, knowing but lit-
tle of the ways and customs of the
country, and on account of the show-
ing he made in the preliminary exami-
nation, was allowed to go free.

United States District Attorney
Breckons is convinced that Silva is
one of the ringleaders of an organized
gang of smugglers. According to the
officials, they have probably discon-
tinued the perilous work until Silva's
fate is determined. Evidence in the
case of the ex-puglist pointed to the
fact that most of the goods smuggled
into the country was sold to the
officials. It was also shown beyond any
doubt that Silva had confederates on
board the ship.

The indictment of Silva was the only
one brought in by the Grand Jury yester-
day afternoon. It is probable that the
inquisitorial body will meet this
morning and again bring in a partial
report.

Tompkins had suffered terribly, and at one time it appeared that his illness might have a fatal termination. But skillful doctors and a pretty nurse tended him most carefully, and the crisis was successfully passed. The pretty nurse was Tompkins' one ray of sunshine during his weary hours, and he fell desperately in love with her. "Nurse Edith," he said one day, "will you be my wife when I recover?" "Certainly!" replied the console of suffering humanity. "Then my hopes are realized. You do really love me?" queried the anxious Tompkins. The pretty nurse stammered. "Oh, no," she said; "that's merely part of the treatment. I must keep my patients cheerful. I promise this morning to run away with a man who has lost both his legs."

LOCAL BREVITIES.

Poultry entries close today.

Hugh McIntyre of May & Co. is going to Australia on a visit.

The Oakley telephone girls are going to appear at the Opera House soon.

Theodore Roosevelt Camp, No. 1, U. S. W. V., will meet in Waverley Hall this evening at 7:30 for installation of officers.

Mr. Geo. R. Andrews, of Fresno, Cal., who is to judge Honolulu's big poultry show next week, left San Francisco yesterday on the Lurline.

The next term of the United States District Court will probably be held in Hilo, and the case of Moses Koki may be taken to trial there at that time.

The different cups offered by the Hawaiian Poultry Association as prizes for the poultry show competitions are now on exhibition in Hall & Son's window.

J. Charles Green, the millionaire advertising man from California, says that Honolulu has a magnificent future before it but he advises that there be more boosts and less knocks here.

Carl Buschjost died January 4 at 4 p. m. The funeral will be held at 3 o'clock this afternoon from the Honolulu Undertaking Parlor. Interment will be in Nuuanu cemetery.

Brother Joseph Dutton has written from Molokai to the effect that the Baldwin Home people had a splendid time on Christmas. Thanks were extended to a number of friends who donated things of good cheer.

Taunton (Mass.) Gazette: As it will take until 1912 to complete the defenses at Pearl Harbor, Hawaii, Hobson may be induced to calm his belligerency and dire prophecies for a while so that Japan can be taken unprepared.

Cups, medals and cash for the winners, who will also be listed in the American Poultry Show Record and Guide. Enter with the secretary at 296 East Vineyard street, or with L. C. Ables at Messrs. Hall & Son's.

The free use of the Hawaiian Opera House and the electric lights has been granted for the dramatic performance of Mrs. McLennan, the proceeds of which will go to the fund for the aid of the earthquake sufferers in Italy.

"My Tropical Hula Girl" is the title of "Sonny" Cunha's latest local song, just issued by the Bergstrom Music Company, the title page work being done by the Hawaiian Gazette Company. It is a clever piece of music.

In the meeting held yesterday morning, the Ministerial Union adopted a resolution condemning the marrying of divorced persons, other than the innocent party in a case where the court has granted a divorce because of Scriptural grounds.

Judge A. N. Kepoikali has written to Honolulu stating that he has not resigned his office, nor has he given his resignation to the Governor or anyone else to be used in Washington in case the Department of Justice should demand it. The Governor himself was authority for the contrary statement.

Contractor L. M. Whitehouse says that work is progressing slowly at Nuuanu dam. He has a dozen men at work now, and will be able to give them something to do for a couple of months yet. If the drought is not broken before that time, Whitehouse will be forced to discharge all his workmen.

Miss Josephine C. Locke will give an introductory talk upon "The Modern Drama and the Religion of Peter Pan" on Wednesday, January 13, 1909, at 3:30 p. m. at "The Courtland," corner of Punahou street and Beretania avenue. The committee of arrangements extends to former members of Miss Locke's classes and those interested in the New Movement a cordial invitation to attend.

James R. Love has brought suit against Edmund R. Hart, clerk of the Circuit Court at Wailuku, to recover \$400 loaned on a promissory demand note. Auditor J. H. Fisher is named as the garnishee. It is stated in the suit that Hart earns a monthly salary of \$125. The demand note was given on November 30, 1908, and it is alleged that, although demand has been made for the return of the money, Hart has persisted in a refusal.

HAPPY.

"That young couple seem to be enjoying themselves immensely. Are they married?"

"Yes, but not to each other."—Flegende Blaetter.

LEAH CHAPTER INSTALS OFFICERS

Beneath a beautiful trellis of artificial roses and amid a wealth of real roses, ferns and palms, the newly-installed officers of Leah Chapter, Order of the Eastern Star, and a large number of members banqueted and listened to addresses. The menu comprised the following good things:

Oyster Cocktail
Turkey Cold Ham Cranberry Sauce Potato Salad French Rolls Pickles Candy

Olives Salted Almonds Bonbons Coffee

The Masonic Hall was tastefully decorated by a committee of six ladies headed by Mrs. Emma L. R. Crabbe, P. W. M. The columns of the hall were wound with garlands of roses and a huge star of roses was hung upon the wall behind the master's rostrum. The banquet hall has seldom looked so well. The ceiling of roses and the adornments of palms transformed it into a garden.

The installation exercises were appropriately carried out and the following officers inducted into office:

Anna S. Wright, Worthy Matron; Harry E. Webster, Worthy Patron; Elva B. Evans, Associate Matron; Adelaide M. Webster, Secretary; Amelia B. Reedy, Treasurer; Nellie J. Stephens, Conductress; Carrie B. Riley, Associate Conductress; May E. Paty, Adah; Elizabeth Amerbach, Ruth; Belle Heilbron, Esther; Margaret P. Smith, Martha; Ada A. Sharp, Electa; Caroline W. Miller, Warder; Ray B. Heinz History

A German woman, locally famous for her preserves, jellies and pickles, began peddling them around the town.

Her sons helped her. They grew up with the business. Soon the demand for their goods grew among the small merchants, and they established a manufacturing house, but took good care to keep in their goods the OLD HOME-MADE QUALITY.

There lies the secret of their success; the best housewife cannot improve upon the HEINZ VARIETIES, nor can she make them as cheaply as she can buy them at her grocer's.

VIGOROUS OLD AGE

Even ruddy-cheeked youth is not more beautiful than the mature vigor of healthy old age. This, however, is not seen so often as it should be, partly because many persons mistakenly suppose that weakness and ill-health are inseparable from ripe maturity of years.

Yet in the majority of cases enfeebled old persons require nothing but the simple, natural treatment afforded by

Stearns' Wine of Cod Liver Extract

which acts by increasing the appetite, aiding digestion and putting more iron into the blood. It has neither the taste nor smell of cod liver oil, but is as pleasant to the taste as a superior table wine. It is as valuable to old persons as to young ones and many of its most remarkable effects have been achieved with the aged. Get it at your chemist's and be sure you get STEARNS'—the genuine.

HAVE YOU SEEN THIS MAN, WHO IS WANTED IN DENVER?

MARK G. WOODRUFF

Fugitive, Former Register State Land Board of Colorado, Believed to Be in Honolulu.

Denver Times, Dec. 10.—Mark G. Woodruff, register of the state land board during the administrations of Governors Peabody and MacDonald, is now sojourning in Honolulu, where he is kept informed of conditions and changes in Colorado, and, in addition, is being supplied with money by his

former friends, the "men higher up." Insinuations, amounting almost to charges, have been circulated against the public officials who constituted the land board while Woodruff was register. According to one of the present officials in the land board, the persons who are sending advices to Woodruff are the land grafters who used him and who are fearful of their own safety if he should return. Hiding securely behind Woodruff's absence these erstwhile accomplices of the fugitive are loud in their denunciations of him, and lead in the hue and cry for his extradition and prosecution.

"Some persons here in Denver are in communication with Woodruff, of that we are certain," said Register John F. Vivian.

"Every time we have gotten a clew as to his whereabouts he has flown. A short time ago Governor MacDonald told me he was in Pendleton, Ore. I informed the sheriff's office and the fact got into the papers. Woodruff promptly changed his residence.

"Yesterday I learned he was in Honolulu."

After Woodruff's removal from the land office, investigation indicated that he had been involved in numerous shady transactions.

Efforts to find Mr. Woodruff here have so far proved fruitless.

THE EMPIRE.

The automatic banjo at the Empire moving picture show keeps the audiences in excellent humor during the intervals when the pictures are not on the screen. This is the regular day for a change at this theater, and, as usual, the scenes will be exciting and the characters those met in real life. The Empire is cool and comfortable, and there are no long waits between pictures. The admission for adults is ten cents and children five cents.

The housewife who appreciates prompt and careful filling of all orders will do well to try J. M. Levy & Co., the family grocers. Fancy and staple groceries of all kinds. King street, near Bethel. Phone 76.

Sayegusa is selling at very low prices his elegant stock of china and porcelain. It comprises tea and chocolate sets, bouillon cups, etc.

MORE EARTHQUAKES IN THE NEAR FUTURE

The following excerpt from the Glasgow Weekly Herald of November 28, 1908, has been sent to the Advertiser:

Mr. F. E. Tillemont-Thomason delivered a lecture in the Queen's Rooms, Glasgow, last week under the auspices of the Scottish Society of Literature and Art and the Empire Educational League. The subject was entitled "San Francisco, Valparaiso, and Kingston, in ruins and before their destruction." In his preliminary observations the lecturer stated that in January, 1906, there commenced a series of seismic disturbances the like of which had never occurred before, and he thought he might venture to predict that that series was not yet completed. In all probability there would be more earthquakes in the near future. Even within the past two months, he believed, there had been some evidences of liquid in the hard-baked crust of Scotland, and even more recently there had been hundreds of earthquake shocks in Germany and Austria. The lecturer contended that there was a striking similarity between the various earthquake-ridden regions of the world, in climate and in geological formation, pointing out that in each of the cases to which he would refer the places destroyed had high mountain ranges behind and the deep sea in front. Moreover, the scenery was very similar, particularly in Jamaica and California; the characteristics of the people also bore a strong trace of similarity; and, stranger still, the chief industries were similar. There was a connecting link there which was very full of suggestion, although he had not time to pursue it on that occasion. In California, Chile, and Jamaica one of the chief industries was the growing of immense fruit crops. Going on to describe the earthquake at Kingston the lecturer stated that that town was destroyed within the space of 27 seconds. For several hours later, however, the earthquake continued in a minor degree. He explained how in many places the lower parts of buildings were not wrecked as well as the upper parts. Their substructure was built of stone or brick, but the superstructure was of wood, and the earthquake first attacked the weaker part, especially at the point where the different material was joined. This peculiarity was fully illustrated on the screen by a most interesting collection of pictures.

MAYFLOWER

I WAS AMUSED

the other day when an Elderly Gentleman backed me up against the corner cigar store and enquired if I was the "OPPORTUNITY" Man. I admitted the soft impeachment and also smiled widely. The E. G. grabbed me by the coat lapel and delivered himself to this effect: "There never was a gold mine. There isn't one today. There never was a cent made in any kind of mining. The only reason a gold mine is called a gold mine is because people are foolish enough to dump their good gold into it. They never get any out. And as often as not there's no mine at all. He knew. He had invested in mining stock once. The thing was a fake, of course. No more mining stock for him. Not in a thousand years."

Now, wouldn't that upper-cut you? Where his Nibs thought the world's present supply of gold came from, gets me. Perhaps he thought it all came from Bishop's Bank. The E. G., nevertheless, is representative of a class of people who swallow the bait of any fly-by-night fakir, or wildcatter who peddles out cheap stock and promises the earth, or at least a thousand dollars for every one put in. His proposition may be the wildest kind of "Wildcat," his rosette statements entirely unsupported, his "mine" a pipe-dream, and he himself belong in jail, but if his stuff is only cheap enough—a cent or two a share—they will buy it. Such people are not investors—they are "suckers" buying experience. But they hurt legitimate mining because ever afterwards they will keep on telling how they "invested" in mining and lost their money.

With regard to the Elderly Gentleman I steered him along to my Office, showed him ore specimens, photos, charts, maps, Government Reports, and statements of Honolulu people who have visited the "MAYFLOWER." He revised his conviction about gold mining to the extent that there was, at least, one gold mine, and that we owned it. Before he flew, he broke in for 1000 Shares. Other mining stocks and other Mayflowers can be bought at less prices, but our Mayflower is the Mayflower Quartz & Channel Mining Co. and the price is 25 Cents a Share. Drive a tack in that fact.

Yes, our "MAYFLOWER" is the real thing, with assurances attached. Buy the Stock at 25 Cents. You're missing a trick if you don't. Be brisk and get in your order. Buy it. It's a brilliant buy. BUY "MAYFLOWER" STOCK. BUY IT NOW!

NO FURNITURE AT BOYS' HOME

Money Is Lacking for the
Interior Equipment at
Kalihi.

What is a home without furniture?
Not much, if the opinion of some may
be taken into consideration. Although
the new building known as the Ka-
lihi Boys' Home, built for the non-
leprous boys who were brought over
from Molokai some time ago, is now
completed—and President Mark P.
Robinson of the Board of Health is
planning a great housewarming and
luau there on Saturday—it has no in-
terior furnishings, and, from the pre-
sent outlook, there doesn't appear to be
good prospects to get any until the
Legislature meets.

The boys, of whom there is a con-
siderable number, are now living in
quarters that are none of the best, and
it was planned to move them into the
new building as soon as it was com-
pleted. But the legislature will have to wait.
The sum of \$15,000 as a loan appor-
portioned to build the home for these boys,
and of that amount only about \$1300
remains. The contractor's price was
\$12,779 for erecting the building, and
in addition to this there was a good-
sized sum paid out for plumbing and
other incidentals.

Auditor Fisher has been consulted on
the matter to find out whether there
is any way by which the money for
furniture and fixtures for the building
could be secured in the near future,
but the present status of affairs leaves
it up to the Legislature to appropriate
more money. For maintenance of the
home, \$6000 was appropriated, but this
cannot be applied to the purchase of
interior furnishings.

Around the Police Station

Officer Waipa, the oldest officer in
point of service in the police depart-
ment, had the honor of making the
first town arrest under the Jarrett
regime. He brought in a Hawaiian at
five o'clock on January 4. Waipa has
been in the police department about
thirty-five years.

Was a False Friend.

Matsuda, a diminutive Japanese bar-
ber, fell in with Nakamura of the trans-
port Dix on Monday evening. Naka-
mura had a bottle of sake, and they re-
paired to a Japanese restaurant and be-
came friendly. Then they went to Mat-
suda's place of business at the junction
of King street and Beretania avenue.
Then trouble began. Nakamura locked
the door. Matsuda couldn't understand
this proceeding. Finally he got out of
the place and searched for a police of-
ficer. He found Captain Charles Baker
and told the officer that he thought
Nakamura was playing a game on him
and might try to steal something from
his shop. On their return they caught
Nakamura stowing away some of Mat-
suda's implements of trade in his
clothes. At the station they found
other curios. However, the case did not
seem strong enough to judge Long to
hold the man and he was discharged.

Lua's Cases Go Over.

When the cases of John Lua were
called in court yesterday morning the
prosecution asked that they go over
until this morning. Lua is charged with
entering the room of a Japanese
woman in an upper Port street tenement
about December 21, and also with steal-
ing \$49 belonging to a Japanese woman
living in the tenement on King street
opposite the Waikiki road. The loser
of the \$49 says she saw a man around
her place about December 22 wearing
clothes which resembled those of Lua.
In connection with Lua they are tell-
ing a story at the expense of Chief Ka-
lakaia. Some weeks ago a lady had
her room robbed and among the jewel-
ry was a watch. After Lua was taken
to the police station as a burglar sus-
pect the chief sent for the lady and
said that he believed he had the man.
She was overjoyed, of course. The chief
assured her that he and his men had
been watching the fellow ever since he
left prison on December 13, and weren't
likely to be mistaken. The lady then
calmly informed the chief that her
watch had been stolen about Decem-
ber 5.

New Chinese Officer.

T. Ah Kong has been added to the
detective force as a new Chinese officer.
Ah Kong has been well known in gam-
bling matters for several years. It was
on his evidence that the famous "68"
gambling case was brought to the at-
tention of a grand jury and the house
raided by the members of the Hutchins
grand jury and the case carried suc-
cessfully through the courts. The de-
tective force is now made up of the
following officers:

Chief Kalakiela, Assistant Chief Me-
deiros, Specials Minvielle, Ahi, Kong,
Pearce, David Manuel, Sam Kaahu,
Kong (Korean), and Senaga (Japa-
nese). In addition the newly-formed bi-
cycle detective corps of six men is un-
der the orders of the chief of detec-
tives, although they are assigned to reg-
ular residence beats by the deputy
sheriff.

THE SMALL FARMER

Can secure our assistance in endeavoring to find a market for his products. We are engaged in the business of selling Groceries, Provisions and numerous articles required by the farmer for the daily use of his family. We believe we may be able at the same time to sell his products; some of them anyway if not all.

If the farmer will let us know what he has to sell, when it will be ready for market, how packed and how to be shipped, with probable quantities in each shipment; give us in advance all the information he can; we will at once start investigating the market conditions and advise him of same.

We sell to family consumers throughout the Islands for CASH, money with order, and many acknowledge that they are saving money every month. We want the farmers' family trade and will sell their products for CASH also, so as to furnish the necessary "GOLD LUBRICANT" to keep the farm running smoothly. No order too small or too large for us to undertake.

HONOLULU GIRL ONE OF DEFENDANTS IN FREAK SUIT

OAKLAND, December 23.—Are door knobs, window shades and electric light fixtures sacrificed when sorority girls initiate neophytes? Do initiations and similar jinks call for diminishing the luster of interior finish and for the scraping off of paint?

These considerations were presented when a suit for \$135 damages was filed in the superior court today by Mrs. Helen Irvine of Detroit, Michigan, against W. H. Chickering and T. C. Coogan. Chickering and Coogan were bondsmen of Miss Anna R. Tucker, a former University of California student, who leased the house at 2515 Le Conte avenue, Berkeley, and who established there members of the exclusive Kappa Kappa Gamma sorority, successors to the Chi Psi fraternity, as occupants.

The house was to be turned over to the owner in as good condition as it was when occupancy was taken under the terms of the lease in August, 1906. But when in May of this year the house was abandoned another story was told.

Many Signs of Jinks.

Mrs. Irvine complained that there remained but little of the interior furnishings of the house which bore no marks of the jinks of the girl occupants. Electric fixtures suffered most, and a perplexing problem was outlined in the minds of viewers when the height of the fixtures from the floor was considered.

Bolts and locks had been unavailing to check the tides of merriment and girlish fun, and these had been broken. Window shades had been pulled down until they could not be made to go up again. The woodwork bore traces of missiles weightier than those involved in pillow fights. Paint had disappeared in spots until the original effect of the whole had been considerably dimmed.

Electric fixtures, window shades, door hinges, bolts and locks, and other fixtures were destroyed or removed from said premises, the walls and woodwork were marred, soiled and otherwise injured, and said premises were otherwise injured, all as a result of the carelessness, negligence or wilful recklessness of the said Anna Tucker and the persons being upon said premises in her right and by her invitation, by which said dilapidations and injuries the plaintiff was damaged to the amount of \$135.

Thus were all of these things set forth at length in the chilling legal terminology of the complaint, and the alleged frolics of the girls were made to assume a dark aspect which savored of plotting against property.

Damages \$1125 as Rent.

A feature of the complaint was a request for \$1,125 for rent which would have become due had the lease run its natural term. The lease extended from August, 1906, until August, 1909, at \$75 per month. In May the house was given up, but rent had been paid in advance up to the last of July this year. Coogan and Chickering were asked to make the balance good.

Miss Tucker left for the Hawaiian Islands recently, where she will engage in teaching.

The Kappa Kappa Gamma sorority is one of the largest and most exclusive Greek letter societies of the coeds of the University of California. Pi chapter was established in 1880, and after a brief existence disbanded. Reorganization, however, was completed in 1897, and since that time few sororities have enjoyed its prestige, gained alike from its national character and its membership drawn from some of the most prominent families in this and

THE BRIGHT SIDE

of life. It is a feeling common to the majority of us that we do not get quite the amount of happiness we are entitled to. Among the countless things which tend to make us more or less miserable ill health takes the first place. No doubt a crippled liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. And who can reckon up the fearful aggregate of pain, loss and fear arising from the many diseases which are familiar to mankind; like a vast cloud it hangs over a multitude no one can number. You can see these people everywhere. For them life can scarcely be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like **WAMPOLE'S PREPARATION** have not attained their high position in the confidence of the people by bald assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains all the curative properties of pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. Nothing has such a record of success in Scrofula, Influenza, Throat and Lung Troubles, and emaciating complaints and disorders that tend to undermine the foundations of strength and vigor. Its use helps to show life's brighter side. Professor Reddy, of Canada, says: "I have much pleasure in stating that I have used it in cases of debility and found it to be a very valuable remedy as well as pleasing to take." You cannot be disappointed in it. Sold by chemists.

other States. Representatives of the Morrow, Chickering and Coogan families of Oakland; the Meneses of Vallejo, the Knowltons of Berkeley, the De la Cuestas of San Francisco, and hosts of others in the State are on the rolls of the society. The sorority was only a temporary occupant of the Le Conte avenue place, which had been a home of the Chi Psi fraternity. The women vacated their temporary home in Le Conte avenue and removed last May to 2534 Hilgard avenue, where they own one of the most desirable chapter houses in this city.

CHEMAWA SCHOOL HAS SPEED RECORDS

"Aloha Oe" is now one of the selections played at the Salem Industrial School, Oregon, copies having been sent the school in advance of Alex. Hume Ford's recent visit. When Mr. Ford arrived at the school the band was out to meet him and struggled with "Aloha Oe." The parts had not been written out for the various instruments, but the Indian bandmaster will attend to that later on.

Ford says that their gymnasium is more than a hundred feet square and has a gallery running entirely around the building, all built by the boys. The seven hundred students were all present, the boys in uniform in the gallery and the girls sitting on benches against the wall of the main floor. The band and distinguished guests were on the stage.

A basketball game was played. The young braves hold the Pacific Coast record for relay racing and other speed records. Boys from Nome and from interior Alaska, men born in teepees in the foothills of the Rockies were there. When the Coast Indians scored against the Indians from Alaska the great roar reverberated with the yells and shrieks of partisans. Between games the band played and the children swung into line and marched to the music.

To Mr. Ford it was like a day at Kailani school. The Coast Indian boys and girls could easily be distinguished by their Oriental cast of features, and the Alaskans could be picked out also as many were as fair and white as Caucasians.

While there Ford saw a couple of Flathead Indians stop two Hawaiian boys, left there when the Hawaiian band was in the Northwest, and endeavor to talk with them. They tried several dialects. They took the Hawaiian boys for Indians and were surprised the island boys were foreigners to them. Mr. Ford requested the earnestist to play "Aloha Oe." He said the effect upon the seven hundred students was magical. They stopped and listened intently, and when the selection was finished they broke out into prolonged applause and the piece had to be played over again. "Aloha Oe" has won its way fairly into the repertoire of the Indian band and will be heard at many state fairs in the Northwest. The children wish to learn the words, but Ford says he did not have the nerve to perpetrate his pronunciation of Hawaiian words upon an unsuspecting and confiding Indian school.

Mr. Ford has sent a request to the Kailani school to send to the Salem school a photographic disk of the song. In return the Indian girls are sending their school banner to Kailani. It is a red pennant with the word "Chemawa" worked lengthwise in white. This is the Indian name of the school, and means "Happy Home." Ford told the children about Kaahumanu and Kailani schools entering into correspondence with mainland schools. The Indian school now wants Kaahumanu pupils to write letters to the pupils of Chemawa and they will be answered.

The originator of the Outrigger Club also states that he was sounded by the Superintendent of Chemawa as to the possibility of making an exchange of students with the Kamehameha Schools, or other Hawaiian Industrial school. That is, take five pupils of Chemawa and send them to Kamehameha, receiving five Kamehamehas in return. Mr. Ford hopes that some one will take up the matter here and write to Edwin L. Chalcraft, Chemawa, Oregon.

The Indian boys have a splendid harness shop where they make and sell harness and also construct wagons. In the tailor shop they make their own uniforms and send out clothing for sale. The girls are taught domestic science. The pupils get out a weekly paper called the Chemawa American, which Mr. Ford is having sent regularly to Frank Damon's school and Kailani and Kaahumanu. The boys are also taught practical farming, raise their own cattle and grow their own crops.

THE PACIFIC FLEET.

The first two divisions of the American Pacific fleet, under Rear Admiral W. T. Swinburne, arrived at Panama, December 13, and dropped anchor before the eyes of thousands of enthusiastic spectators, who crowded the waterfront awaiting their arrival. The first division was composed of the West Virginia, the Colorado, the Maryland and the Pennsylvania, and the second division, under Rear Admiral Uriel Sebree, consists of the Tennessee, flagship; the California, the South Dakota and the Washington. The rear admirals paid visits to President Obaldia of the republic and the Governor of the Canal Zone, and the visits were returned. The men were granted shore leave. Records made by the cruiser squadron in their battle target practise at Magdalena eclipsed in many respects former records, it is said. It is reported from Washington that there are strong indications that the Colorado and the Pennsylvania average with the highest vessels. In the practise with the smaller caliber guns several splendid records were made, the firing by night at targets discernible only by searchlight being no hindrance.—Army and Navy Journal.

HEADLESS BODY FOUND ON LAVA

A Ghastly Murder May Have
Been Committed on
Hawaii.

Headless, and with her left arm hacked off close to the shoulder, what was left of the body of a Porto Rican woman was found on the lava between Kau and Kona on Hawaii a short time ago, according to a report brought here by Chief Clerk Lloyd Conkling yesterday.

A blood-stained cane knife was found near the corpse by the three Hawaiian boys who discovered the dismembered body. The boys did not move the body, but started off immediately for town where they communicated with the authorities. A policeman took them in charge and, with the native boys acting as guides, started for the scene of what apparently will prove to be a most brutal murder.

The policeman had not returned before Conkling left Kona, and consequently the latter knows nothing further about the matter. The place where the boys stated they found the body is the most recent lava flow on Hawaii. This flow occurred in 1906.

JAP NEWSPAPERS ADD TO THE SICILY FUND

The Japanese newspapers have started a relief fund for the Sicily disaster victims. The papers are the Hawaii Shinpo, the Daily Chronicle, the Jiji and the Jiyu. The papers will call for generous subscriptions, and the amounts will be turned over to the Italian consul, F. A. Schaefer, as soon as possible.

THE DROUGHT ON MAUI.

Reports from Kula district, Maui, show that the drought there is making life a misery to the inhabitants. Water for domestic use has to be brought ten miles. One resident pays fifty cents a day to a water-carrier. One day in the week the people of Kula go to Makawao, a distance of about ten miles, to do the family washing. Similar reports come from other sections of Maui along the slopes of Haleakala.

IN THE UNITED STATES DISTRICT COURT IN AND FOR THE TERRITORY OF HAWAII.

In the Matter of Joseph Spencer Martin, a Voluntary Bankrupt—No. 159.
Petition for Discharge.

To the Honorable Sanford B. Dole, Judge of said Court:

Joseph Spencer Martin of Honolulu, in the County of Oahu, in said Territory, respectfully represents that on the 8th day of January, A. D. 1908, he was duly adjudged a bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all of his property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy.

Wherefore, he prays that he may be decreed by this Honorable Court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are by law excepted from such discharge.

Dated this 5th day of January, A. D. 1909.

ANGLO-AMERICAN MOTOR CAR COMPANY, LIMITED.

19-21 HEDDON STREET, REGENT STREET, W.

LONDON, 25th November, 1908.

Messrs. The Cadillac Motor Car Co., Detroit, Michigan, U. S. A.

Dear Sirs.—We have much pleasure in writing to you relative to the Olympia Show and the reception of the new Cadillac "THIRTY." THE ORDERS RECEIVED BY US AT THE SHOW BROKE ALL OUR RECORDS OF THE LAST SIX YEARS. The car was naturally the centre of attraction, and even our biggest competitors could not but admit that the Cadillac Company had surpassed anything they had done previously in manufacturing such a fine car at so low a price. The opinion was unanimous that never before had Olympia seen its equal at, or near, the price.

Amongst those who have given us orders are some of the best engineers in the country, and are recognized as the finest experts in motor car construction.

We are anticipating a great year's business with the new "THIRTY," and wish to convey our congratulations to the Cadillac factory for giving such a fine proposition for 1909. It commanded success from the first and has certainly obtained it.

Yours faithfully,

B. D. H.

(Signed.) F. S. BENNETT, Manager.

We have just received and delivered our first car, which certainly is a revelation in automobile construction.
