Says That University of Virginia Representative Secured the Best Views. Americans Predominated.

F. W. Dyson who represented the British government during the recent observations of the eclipse of the sun in Sumatra was a passenger on the Nippon Maru for San Francisco. He is the first of the astronomers who witnessed that eclipse to pass through here. Mr. Dyson was sent from the Greenwich Observatory in company with two other men by the British government.

"The expedition," he said this morning, "was attended by a large number of people of which the Americans predominated. There were twenty Americans present, four English, four Dutch, two French, three Russians and three Japanese. While the results obtained were not so satisfactory as had been hoped still some of the members of the expedition fared better than the others.

"Our work was done near Panang, May 18. The eclipse could be observed along a narrow space about 120 miles in length. In order to be certain that we would photograph the occurrence we divided our parties into detachments and stationed them at intervals along this space. In the majority of instances the weather was very bad and it was hazy and rained where a number of us were located. We had but six minutes in which to do our work. But little effort was made to observe the eclipse the members of the expedition preferring the more certain method of photographing it. It was not possible to take photographs instantaneously as is done for the kinetoscope but we made exposure of about ten seconds each.

"I was fortunate enough to get thirty views. Dr. E. E. Barnard of the Chicago University who was with the American government expedition was very unfortunate. The weather was probably the worst where he was stationed and the result was that he got little if anything. Mr. Humphreys of the University of Virginia secured the most perfect views as he had perfectly clear weather about his station.

"The idea in having the eclipse photographed instead of being viewed was to secure the absolute evidence. If in observing some one might claim to have seen a certain thing and somebody did not, there would be considerable doubt in consequence. There was much to be said for this. The eclipse was the black ball which was the sun eclipsed and shooting out from the sides were the rays. The American members of the expedition will probably return home on one of the American transports.

"The next total eclipse occurs in 1903 in the South Sea and again in 1905 a second will pass over Spain and Labrador. I cannot recall at the present time when it will be visible in these islands but not, I believe, in the present generations."

Union of All the Ah Sings and One Lung Nearly Doubles Their Wages And Shortens their Hours.

The machinist may have lost his strike but the washer-washer man has won his.

The proprietors of Chinese laundries have been having a disquieting time for the last few days and now the disquieting process will be transferred to the housekeepers of the city.

The patient, submissive, docile looking Chinese laundress who tears the buttons off your clothes and then loses the garments themselves; who sprinkles your linen with her mouth and who seems to be at work at whatever hour of the day or night you pass a laundry, has just won a successful strike by which his wages are nearly doubled and his hours considerably shortened. The strike being so well planned that it was won without the loss of an hour's time. The proprietors of the Chinese laundries were absolutely unable to make a stand against the strikers and gave in to the demands at once. They are now trying to recruit themselves by increasing the prices charged to families and individuals. Practically every journeyman laundress in the city was in the organization which made the demand for increased pay and shorter hours. The demand was made simultaneously in every Chinese laundry in the city.

Previous to the strike ironers in Chinese laundries were getting from \$3.75 to \$4.50 a week and about 12 hours in the morning and work an indefinite number of hours with certain time allowances during the day for meals, smoking and other recreations, the schedule being incomprehensible to the occidental mind. The demands made of their employers were a scale of wages of from \$5.50 to \$7.50 a week and "found" work to begin at 7 o'clock in the morning with shorter hours and more time off during the day.

The ironers won and that is the schedule upon which they are now working. It almost doubles the cost of labor to the proprietor of the Chinese laundry.

"No can do," all the Ah Sings and Wo Fats have been explaining to their customers since the success of the strike; "no can do. Before two dollars a half, I do wash; now \$6.00. Too much shirt waist, too much pet coat. Piece starch, soon he all too much. Iron man no work like before. Before he get three dolla half; now seven dolla. Before he work six clock; now, seven. Stillke all same plumber man. Plenty pillika."

The cruiser Philadelphia is now lying in Naval slip No. 1 coaling for Pago Pago. She is the first war vessel which has ever docked in this harbor. When the Oregon was here May 30th, Captain Thomas intended bringing her inside but after sounding the harbor he decided not to attempt it.

The Philadelphia is one of the best known boats to Honolulu people. She was stationed about here during the Spanish war and often called at Honolulu. The cruiser has been ordered on a special trip to Tutuila to take a quantity of supplies and a new crew to the American ship Abarenda which is stationed at Pago Pago.

The following officers are going out to take service on the Abarenda: Lieutenant J. S. Jayne, Ensign C. C. Bloch, Assistant Paymaster, E. E. Goodhue and Assistant Surgeon R. O. Marcour. In addition to the officers are about 75 sailors intended for the Abarenda. These officers and men will relieve the crew whose time of service has expired.

After discharging her supplies the Philadelphia will return to Honolulu. It is expected that she will reach here about August 1st and remain until the 10th. She will then go to San Francisco and from that city proceed to Puget Sound to join the battleships Iowa and Wisconsin for target practice and a cruise.

The vessel is now being coaled and presents a dirty sight. Guards are stationed on the dock and none of the men on the cruiser are permitted ashore.

The Philadelphia just completed a cruise as far south as Valparaiso before she was ordered to Tutuila. So far as the officers know the vessel was not sent there for any political purposes. This is borne out by the fact that she is to remain in port about a month.

The officers of the Philadelphia are: Captain W. W. Mead, Lieutenant Commander W. S. Hughes, Lieutenant Commander R. M. Hughes, Pay Inspector J. R. Stanton, Surgeon Lewis, Assistant Surgeon, F. E. McCulloch, Captain F. S. Bradman, U. S. N., Lieutenant G. E. Burd, Lieutenant A. G. Kavanagh, Ensign J. A. Hand, Ensign T. L. Still, Ensign C. W. Forman, Naval Cadets J. R. DeFeese, E. P. Svarz, H. T. Winston, B. Morris, J. S. Church and E. E. Dodd. Pay clerk O. G. Haskitt, Pay clerk J. J. Doyle, Carpenter J. A. Barton, Boat-swain J. S. Croghan, Gunner Charles E. Jaffe and Warrant Machinists Powell, Vickers, Hickey and Gates; Lieutenant J. E. Burrows.

She may finish coaling in time to leave on the 4th and if not she will certainly get away by Friday or Saturday. If the vessel be in port on the 4th she will not take part in any celebration except to display flags and fire a national salute at noon.

The new water front saloon which opened yesterday is the one over which it was recently reported that Treasurer Wright and acting governor Cooper had disagreed, the treasurer declining to consult the governor's council as to the advisability of granting the license. The place is now open, and some clicks have been heard on the front about it.

Acting governor Cooper stated this morning that he did not know anything about the "Aloha" saloon, as it is called. The license is the first one granted in many years without the approval of the executive. "I was not consulted about the matter," said Cooper, "and do not know where the new saloon is. The license, if one was granted, was granted without my having any knowledge of it."

The acting governor stated that under the law he had nothing to do with the "malt" license. The license laws provide, in the matter of general liquor licenses, that they shall be granted by the treasurer, with the consent and approval of the governor, but in the case of malt liquors of local manufacture there is no provision that the governor shall have any voice in the consideration of applications for licenses.

Section 479 of the penal laws of 1897 provides that the Minister of the Interior, who is the treasurer under the present regime, is authorized to grant licenses for the sale of malt liquor manufactured in Honolulu, at the rate of \$250 per year. Acting under the authority of this section Wright granted the license to the new "Aloha" saloon.

M. B. Lennon, said to be a friend and protégé of Judge Little of Hilo, was arrested on board the Zealandia at noon today, and taken to the police station, bare and baggage. He is charged with gross cheat in passing a worthless check for \$100 on J. H. McDonough of the Mint Saloon. As soon as his arrest became known accounts of how Lennon had done this one or that one for sums ranging from \$10 to \$200 began pouring in.

Lennon seems to have tried with some inventiveness to get away on the Zealandia clandestinely. He was booked to sail on the Kinau and had told a great many people that he was going on the Kinau. Officer McKinnon of whom the warrant for his arrest was given searched the Kinau for Lennon, and found him on the Zealandia just as the latter vessel was about to sail. His arrest was witnessed by fully 1000 people.

Lennon formerly lived in Northern Wisconsin and was quite a prominent attorney there at one time. Later he came to the coast, and finally from Seattle or one of the Sound cities at the suggestion, it is said, of Judge Little. He came here some time ago with a four page letter of recommendation from Judge Little. He was in Hilo for a time associated in practice with Le Blond. Some weeks ago he came to Honolulu and held forth in F. W. Hankey's office, the understanding being given out that he had charge of Hankey's business during the latter's absence. Some of Mr. Hankey's friends, challenging this statement, it was announced that Lennon was simply occupying these offices during Mr. Hankey's absence. Some who know the circumstances express the belief that he never had Hankey's permission even for this.

Lennon seems to have been industrious in obtaining loans and cashing drafts on his mother and others. About three weeks ago he married a Miss Curtis, but he was leaving his wife as well as his creditors in his efforts to get away on the Zealandia.

MR. NEUMANN'S FUNERAL

The organist will be Wray Taylor. By special request of the family the quartette will sing "Nearer My God to Thee" and "Rock of Ages."

W. H. Wright has charge of the funeral arrangements.

A section of police will head the procession. At the request of Governor Cooper, Colonel Jones ordered out a mixed company of the National Guard to parade as an escort of honor. The men have been selected from the various companies of the First Regiment.

BOYS TO CAMP OUT.

At the meeting of the directors of the Y. M. C. A. held last evening it was decided to have the junior encampment begin on July 22 and continue for ten days. Through the kindness of Walter Dillingham the boys will have the use of the Dowsett grounds at Puuloa, and also the large house near the salt beds. This is an ideal place for a camp. The camp will be under the supervision of John D. Waldron, of Kamehameha school. No plans were made for the senior encampment it being decided to await the results of the junior outing before acting.

The remainder of the meeting was devoted to the consideration of routine matters.

COLLEGE HILLS.

The Electric Car line is being rapidly constructed through College Hills and is to be in operation by September 1st. The private water supply will be laid through every block by July 1st.

Office of CARROLL WHITAKER, Attorney, Hilo, Hawaii.

Hilo, Hawaii, June 7, 1901.

Dear Sir: In my innocence I purchased here in Hilo a jar of your PICKLED PICKLES (put up by Mrs. E. G. Kidd, Richmond, Va.) It brought me great trouble, and one of three things must occur:

1. You must stop making them; or
2. I must get them at less expense; or
3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morning "Pickles" neighbors ring the doorbell and shout "Pickles!" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sir, quote them by the Keg, Barrel, Hogshead, Ton or Shipload, and "preserve" me.

Yours very truly,

CARROLL WHITAKER.

"THE ANGLE LAMP"

The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.80 up.

LAWYER DUNNE'S OPINION

STATUS OF HAWAIIAN-CHINESE
EXPLAINED.

If Born Here Prior to Annexation They
Are American Citizens—Answer to
Correspondent's Query.

The following letter has been received
by The Star, bearing upon a live and
very interesting question, affecting a
large number of part Chinese residents,
now here or temporarily abroad:

EDITOR STAR: Dear Sir—Would a
native Hawaiian, being part Chinese,
upon leaving Hawaii be allowed to re-
turn if he had failed to register under
the Chinese Registration Act?
Please answer this query and oblige.

THOS. D. STROUP.

The letter was referred to Acting
United States District Attorney Dunne
and to the question he replied:

"The matter is one to which I had
given little or no thought, but, offhand,
I should reply 'yes.' Even after mat-
ure reflection I do not think I
should alter that opinion. As I under-
stand it a Hawaiian-Chinese, born in
these Islands, with prior to annexation,
a citizen of the Republic of Hawaii.
The law makes a sweeping declaration
taking in every person who was a
citizen of Hawaii on August 12, 1898, as
an American citizen. I do not think
any other construction could be placed
upon the law in the case. I assume, of
course, that the person to be affected
was born here prior to annexation. Of
course there may be difficulties in the
way of a part Chinese person traveling
from place to place without a certifi-
cate, but if he were able to show that
he was a citizen of Hawaii prior to an-
nexation that would certainly settle the
case in his favor."

AMERICANS NOT PRESENT

"MISSIONARIES" AND CHINESE
BUY FIREWORKS.

Interesting Sale of Pyrotechnics at
Morgan's Yesterday—Unaccountable
Absence of Patriots.

There was something funny about the
sale of fire works at Morgan's yester-
day. Frankly, at this time that has been
put up, it was expected that the auc-
tion room would be full of dyed-in-the-
wool Americans, clamoring wildly for
noise-makers with which to celebrate
the glorious Fourth as "they do back
east." The display of fireworks was
immense. There was enough there to
light the town from Waikiki to Moana-
lu for a short time and to scare even
Pain's mules.

But the audience: F. J. Lowrey was
there and invested a few of his hard-
earned dollars in pyrotechnics. Harry
Armstrong also bought a few packages
of thunderers, and W. H. Hoogs took
away enough to keep the American
spirit alive at his house. There were
two or three strangers present, and the
balance of the audience belonged to the
land of the tom-tom and Boxer.

All effort to find Tom Fitch and other
real Americans in the audience failed.
As the Chinamen bought the pyrotech-
nics to sell again it is a natural as-
sumption that they will buy from the
Chinamen.

Sam Lederer, whose large stock was
being sold, was present and expressed
satisfaction with the prices realized.

THE FOURTH AT SEA.

The Fourth of July is to be gloriously
celebrated on board the Nippon Maru.

While the masquerade ball will be
quite an important feature of the day's
festivities it will not by any means
constitute the entire show. The pro-
gram starts at 8 o'clock in the morning.
The national American colors will be
flown at the foremast and after the
proper salute the passengers will sing
America and the Star Spangled Ban-
ner to the accompaniment of a piano,
violin, harmonica and any other in-
struments which may be improvised. There
will be nothing special during the
morning but at noon the red, white, and
blue punch will be uncorked at lunch
and the crowd toast the country of des-
tination. At one o'clock the games of
the day will commence. Fully twenty
events have been arranged.

There will be 50 yard and 100 yard
dashes, potato race for ladies, and po-
tato races for gentlemen, three legged
race, sackrace, obstacle race, tug of
war between married men and single
men, fancy diving and swimming in
the tank, besides other events. The
masquerade in the evening will close
the performance.

The oration of the day is to be de-
livered at noon, but this important po-
sition has not as yet been filled. As
much as there are three or four pay-
masters of the United States service
aboard one of them may be selected to
tell how money talks.

This makes the first trip of C. Lacy
Goodrich as purser of the Nippon Maru.
He was for a number of years purser
on the Pacific and his ability for making
friends for his employers and himself
has not deserted him on the present
vessel.

RECALLS EXCITING TIME.

Well Known Aeronaut of Kalakaua's
Time Here.

Among the passengers on the Nippon
Maru is a man whose presence will re-
call to the kamaisias a very exciting
time during the reign of King Kala-
kaua. He is Professor P. A. Van Tassel,
the aeronaut.

Professor Van Tassel was here on
November 16, 1899 when the anniversary
of the King's birthday was being cele-
brated. Special interest was attached
to the day from the fact that the Oahu
railroad was thrown open to the public.
As a part of the program one of the as-
sistants of Professor Van Tassel started
to do a balloon ascent and parachute
jump from the palace his idea being to
descend on the Palace grounds. He got
up too high however and was caught by
a strong northeast wind which carried
him over to Pearl Harbor. The man
fell into the water and was drowned.

Another version of the affair however
is that the aeronaut fell into the harbor
and was immediately devoured by a
shark.

Professor Van Tassel has been lo-
cated in Singapore and the Straits
Settlement for some years past but is
returning to the United States on ac-
count of his health.

CAPTAIN DIED AT SEA.

can ship Corypheus 53 days from New-
castle died at sea June 3rd of malarial
fever. He had been ailing for some
time past. He was buried at sea. He
leaves a wife in Alameda. Captain
Davis formerly commanded the ship
Charmar also the Tacoma while she
was in the transport service. Chief
Officer R. R. Grindley brought the ves-
sel to port.

TUESDAY, JULY 2, 1901.

PAUL NEUMANN.

The most genial and kind hearted of men, one of the most brilliant of talkers and raconteurs, one of the ablest and best read of jurists passed away this morning, leaving a blank in many lives outside of those of the inmost family circle.

Paul Neumann, had become identified with Hawaii. Though with strong ties in San Francisco, and a long and successful career in that whirling and cosmopolitan town it was Hawaii that became the land of his adoption from 1882, and from his arrival in that year he has ever been one of the prominent figures in the social, political and legal life of Honolulu.

A firmer or more kindly friend than the late Paul Neumann there could not be. The young men at the bar always had a helping hand and a kindly word from the veteran lawyer. The broken in purse and in spirit found in him a generous giver and a wise adviser. He had a wealth of experience and an inexhaustible fund of true humanity which endeared him to all.

Determined, but not needlessly aggressive, Paul Neumann was among the best of Kalakaua's and Liliuokalani's advisers, and many things which were remedied, and many mistakes which were avoided were due to Paul Neumann's influence. He had no enemies, though of course he had those who disagreed from him. But his urbanity and his savoir faire enabled him to smooth both parties in the most heated of politics and he brought about peace in many trying situations.

As a jurist, as a politician he has his place in our history. But it is as the genial friend, the charming companion, the brilliant wit, the man of well stored intellect that many of us will remember him, embalming his memory as the pressed blossoms of some brilliant flower between the leaves of a book. A remembrance to turn to, and ever the fragrance of the past hovering near. Honolulu has lost a dear friend, his family has lost a loving husband and father.

THE END IN SIGHT.

Those who think they know say that the Legislature will get through with its work in ten days from now. But those who think they know have been so often deceived and proved false prophets that the statement must be taken with a grain of salt. However as the calculation comes from leading men in both houses, there may be a likelihood of its substantiating.

The Houses are in a somewhat disorganized state. Several members have gone home, and others have completely lost interest in the legislative proceedings, lounge in late and leave early. There is a sort of happy go lucky feeling among the opposition and even among the majority there is no longer the determined force that there was. The Home Rule party is hopelessly split. The irreconcilables of the House have been wrecked on the rocks of a conservative majority in the Senate. It is an unhappy condition of affairs for many of the Home Rulers. The mountain has labored and has brought forth a very small mouse indeed.

Dr. Russell is among the Senators who have absented themselves. H. P. Baldwin is another. Dr. Russell has practically retired, like Achilles, to sulk in his tent. His Brisels of ideal government has been rent from him not by his enemies, or rather his opponents for an opponent is not necessarily an enemy, but by the men with whom he elected to make his political fight. The worthy doctor said before leaving for Hawaii that he never aspired to the leadership of the Home Rule party, but he did think that the leaders would listen to advice. "But, my dear friend," said he, "they would not listen. They wanted no advice, they knew it all!"

There are members of the Home Rule party who will regret the closing of the Legislature, however much the minority and many individual members may rejoice over it. These are the men who have filled the halls with windy words, lacking in argument, and have wrought themselves into thinking that they are persons of some importance. Their occupation will be gone. No more pleasant lounging in the shade of the trees, dreaming of great things which will never be done. No more free drinks. No more free rides. The greatness will be punctured, the swelled heads will have to come down to their normal proportions, and the stern realities of life will have to be faced. There will not even be the free lunch at Nolte's subscribed for by the admirers and supporters of the party. There is only one alleviation, and that is that there is yet the opportunity of being relieved from hard manual labor. The Home Rule party can move from the Capitol and oscillate between the Judiciary building and the police station. Its shingles can go up in every district on the Islands, and there will be a boom in the district courts. The session, or rather an aspiring judge has given some consolation.

To the man or woman who really has the advancement of the Territory of Hawaii at heart, the contemplation of the results of the session are truly melancholy. The only consolation that

can be taken is, it might have been worse. If nothing has been done, beyond setting back the advancement of the Territory for the space of a couple of years, no very great harm has been accomplished, no irreparable injury has been dealt to the body politic. We may look forward to a brighter future a couple of years hence, for we are never going to have a Home Rule party again. Some of its elements may appear, but it is quite on the cards that none will come to the surface again. The Home Rule party has tried and failed utterly. It will be the Republican party that will be in the ascendency two years from now.

As to those who think because there is a stringency in the Territorial finances, that the Territory is on the verge of financial panic, they are utterly and completely in the wrong. The cause of the stringency lies in the failure of the Legislature to meet the situation. By annexation the Territory lost its customs duties and its postoffice returns. This took something like one million annually out of the treasury. The majority ignored the situation. It decided it would rather snap at the heels of the executive than provide revenue for the advantage of all. It has proved its success by embarrassing the treasury. But the treasury will not always be embarrassed by any means. The Territory is a wealthy one. Few places of equal area in the United States produce so much wealth and give such magnificent return to labor and industry. The Territorial income can soon be made adequate to its needs, even though at the present moment there is a pinch. All that is needed is sensible legislation, and though we have not had it in the session of 1901 we can look for it with some certainty in 1903. That is now our beacon star.

MERCY.

Fuji-hara, the Japanese who was convicted of murder, had his sentence reviewed by the Supreme Court and has been sentenced by the Judge of the Second Circuit Court. Fuji-hara's case is a somewhat hard one. Whatever the crime, Fuji-hara has had to undergo an amount of mental agony which would break down the nerve and whiten the hair of many an Anglo-Saxon.

When first condemned to death Fuji-hara had to nerve himself to meet death, and he lay in his cell counting the hours as they slipped by while the fatal moment ever crept nearer and nearer. Then came the reaction when there was a period of uncertainty while the case was argued before the Supreme Court, and finally, that going against him, he again has had to face death. This time no date has been set for his execution, that being something that the Governor must settle. He is sentenced and knows not when he will die. What an awful uncertainty.

There are opposing views upon capital punishment, but into that one need not go in Fuji-hara's case. The law is that if a man is proved guilty of murder, the law hangs him. But the law in Fuji-hara's case has treated him very much as a cat does a mouse. It has had him in its claws, and then has let him hobble into sight of liberty, and then has pounced upon him once more. If one is to be hanged, why it is much better to be hanged at once than to wait for months sometimes hoping against hope, and sometimes plunged in the blackest despair. The mental condition caused by circumstances like these must be agonizing in the extreme. Law contemplates death, it does not contemplate torture.

The Fuji-hara case is certainly one where executive clemency might be used with advantage. It may fairly be conceded that Fuji-hara has been punished enough, and the executive might show that quality of mercy which is "twice blest."

The Nippon Maru, though a Japanese boat, is going to celebrate the glorious Fourth in grand style. These entertainments on board ship are as a rule extremely successful. They break the monotony of the voyage, and a very little wit goes a long way at sea.

The usual Japanese stowaway did not put in an appearance from the orient yesterday. The officers of the Japanese mail steamers, after having been bit several times, have reduced the art of inspection for stowaways to a science.

The racing scandal case resulted in a failure to get a conviction. There is a talk of an action for damages. Whatever the future developments may be enough has been shown to make the general public very doubtful about the manner in which races are run. In point of fact the races are a money making concern to a certain clique. The true object of horse racing is to encourage breeders to keep up a good stock and to improve the breed of animals, but the true object is lost sight of and the element of gambling comes woefully in. Gambling is the ruin of all true sport.

Only two days, or rather less than two days, before the race for the boating championship of Hawaii. It is always an inspiring thing to see well trained, strong limbed crews contending against one another, and straining every nerve to win honor for their club. The love of sport is innate in the Anglo-Saxon, whether male or female, and on the morning of the Fourth the shores of Pearl Lagoon will be gay with the colors of the opposing crews. It is a good thing to have the races in the morning, there is a freshness in the morning air, which is lacking in the afternoon. It will be good for crews and spectators as well.

NOT AN EPIDEMIC.

Dr. Shaw Fears No Trouble From
Cases of Glanders.

The scare about glanders in the city
seems to be hardly a scare at all. Dr.
Shaw, government veterinary surgeon,
says there is no epidemic of glanders
and there is not likely to be. In fact
he says there have been fewer cases
of glanders this year than last year
at the same period.

"Cases crop up here and there at
times," he says. "This has been so
all along. But there have not been
half the cases this season as last year
at the same time. I do not think there
is more than the ordinary danger in
the situation."

The two horses found yesterday with
glanders belonged to W. A. Bowen and
P. M. Pond. They were killed. Dr.
Shaw states that the horses had lived
here a long time, so that the disease
had cropped up right here. There was
not, he said, however, any more reason
to fear a spread from these cases
than from others that have preceded
them.

JAMES SMITH FOUND DEAD.

WAILUKU, July 1.—James Smith an
old resident of Maui, was found dead
in a stream of water between Wailuku
and Kihel this morning by several na-
tives who were on their way from Ki-
hel to Maalaea. At about 9 o'clock this
morning was reported to the police au-
thorities, and police officers were sent
to recover the body. Up to this writing
they have not yet returned. James
Smith was well yesterday as well as
Saturday, and it is stated that he had
no complaints whatever of any trou-
ble or internal pain. It is however
generally believed that Smith was in a
state of intoxication as he was strong-
ly addicted to drink.

He leaves a Hawaiian wife and several
children. James Smith has been
employed by the Wailuku Sugar Com-
pany in the capacity of field luna, and
he was an old employee of that com-
pany having first been employed at
Wailuku in the same capacity. "Jim"
as he was always called, was one of the
most enthusiastic men in the com-
munity. Fourth of July races at Kahului, and
his death will be deeply regretted by
his friends especially.

MISSIONARY SCHOONER SAILS.

Yesterday afternoon the missionary
schooner Carrie and Annie sailed for
the Marshall Islands. She was drawn
up alongside the Wilder wharf and
farewell services were conducted pre-
vious to her leaving. Rev. O. P. Emer-
son opened the services after which
Theodore Richards led in singing. Dr.
Bingham offered prayer and Dr. Rife
who with his wife and children is re-
turning to the Marshall Islands after a
year's absence responded. The closing
prayer was offered by Dr. Bishop. The
little schooner took from here a large
quantity of supplies as well as bibles,
tracts and hymn books. As a passen-
ger, Oliver Naupel who has been attend-
ing the Kamehameha School for some
years also went on the boat. He is a
son of Henry Naupel one of the chiefs
of the Marshall Islands.

CAPTAIN FOX RESIGNS.

A. A. Fox captain of the mounted
police force has tendered his resig-
nation to High Sheriff Brown to take ef-
fect August 1st. Captain Fox's resig-
nation is conditional however for if the
Legislature should decide to retain the
mounted patrol he will not leave the
city. If he is thrown out of his position
however he will not withdraw his re-
signation. His intention is to go to
Manila and then engage in prospecting
on the island of Mindanao.

WOULD RUN THE HOUSE

THE SENATE DECLARES AKINA'S
RULING WRONG.

The Two Houses Still at Log-earheads
Regarding Appropriation for Ex-
penses of the Session.

This morning the House was sur-
prised by a message from the Senate
overruling a decision of Speaker Akina
regarding a house proceeding. In the
matter of concurring in the Senate
amendment adding \$5,000 to the House
bill for expenses of the session, the
Speaker ruled when a vote was taken
two days ago, that the amendment did
not pass. The Senate decided that it
did, and told the House so in the fol-
lowing letter:

"By direction of the Senate I here-
with return House bill No. 4 with ad-
vice that the amendments of the Senate
having received the affirmative vote
of the majority of a quorum of your
honorable body, the Senate regards
such amendments as having been con-
curred in under the provisions of the
organic act and more particularly
section 22 thereof.

"EDGAR CAYLESS,
Clerk of the Senate."

When the letter had been read Dickey
once more made explanation that
"final" passage of a bill was the last
passage, and therefore must be by a
clear majority of all the members, as
provided by the organic act. Emmeluth
said that the communication was an
assault to the House, and he hoped it
would not go on the record.

"The Honorable Emmeluth is quite
correct," said Akina.

The fight to adopt the amendment
then began again. A vote resulted in
14 affirmatives as before, with only 4
noes. Akina stuck to his former ulu-
sing. In spite of the Senate's conclu-
sion. He announced that the amend-
ment had failed to pass. Then it was
interpreted John Wise's turn to get
mad.

"I'll hand in my resignation this
afternoon," said Wise. "I'm not going
to work for nothing." Wise had a
vision of an empty treasury, and didn't
think he wanted to wait for a future
legislature to pay him salary for this
session.

Emmeluth stated that all he wanted
was a statement from the senate of
what the extra \$5,000 was for. If he
had that he would vote for it. "What
I and the other members want now
is to end the session," said Emmeluth.
"I don't care what it costs, but I
want a statement, so that I shall know
what we are voting the money for."

With the understanding that such a
statement would be forthcoming from
the Senate at 2 this afternoon a re-
cess was taken till then.

THE LOCK AND THE KEY.

You can operate a lock only
with the key that fits it. Very
well. So you can cure a dis-
ease only with the medicine
that goes down to the cause of
it. Now, many so-called diseases
are in truth only forms of one
disease, branches of one tree, as
we may say. For example, if
we can nourish the body and
enrich the blood, we speedily
get rid of many of our troubles,
such as Anemia, Fevers, Rheu-
matism, Scrofula and Blood
Disorders, Lung Diseases, and
so on—all proofs that the body
lacks vitality and force. No-
thing is so effective a body-
builder as cod liver oil; but,
alas, how many are nauseated
at the very thought of it. In

WAMPOLE'S PREPARATION
which is palatable as honey and
contains the nutritive and cura-
tive properties of Pure Cod
Liver Oil, extracted by us from
fresh cod livers, we have the
rose without the thorn; the val-
uable drug minus its vile taste.
Add to this the Compound
Syrup of Hypophosphites for
making bone, and the Extracts
of Malt and Wild Cherry for
equally excellent purposes, and
we have a remedy indeed; one
as pleasing to the palate and
stomach as it is potent and
successful in banishing disease
in old or young and making
life worth having. "You cannot
be disappointed in it." More
lives have been saved by it,
than by any other medicine;
you get an effective remedy
while seeming to be using only
a palatable food. Dr. G. C.
Shannon, of Canada, says:—"I
shall continue its use with
me, I am sure, great advantage to my
patients, and satisfaction to my-
self." It was made to cure and
it sells because it cures. One
bottle convinces. Effective from
the first dose. Sold by chemists
in Europe, Asia, Africa, Aus-
tralia, North and South America.

THINKS SHARK ATE SAILOR.

Captain Napala of the steamer Moko-
li thinks that one of his sailors, Ana-
kalea was eaten by a shark off Awaolu,
Lanai last Wednesday. The man swam
out from the steamer to try and re-
cover a boat which had drifted away
from the wrecked Golden Gate. Sud-
denly the fellow threw up his hand and
disappeared. No trace was secured of
him. Captain Napala says that the
man was a powerful swimmer and the
only way he can account for the dis-
appearance is that a shark grabbed the
man.

HONG KONG'S BAD PLIGHT

BOARD OF HEALTH GETS SOME
FIGURES.

Nearly 400 Plague Cases in a Day—Dr.
Sloggett Elected President of the
Board.

While in Hong Kong and Shanghai,
Dr. A. J. Minaker of the S. S. Nippon
Maru, made an investigation of the pla-
gue conditions, and yesterday he gave
the figures he had collected to the
Board of Health. They showed the
serious state of affairs existing in Hong
Kong, which seems to be up against a
bad plague epidemic. The figures were
as follows: June 11—Hong Kong, Pla-
gue, 376 cases, 362 deaths; smallpox, 2
cases, 1 death. Shanghai, June 14:
Smallpox, 1 case, 2 deaths. Nagasaki,
June 17: Plague, 2 cases, 2 deaths. The
latter occurred in the harbor at quar-
antine.

Dr. C. B. Cooper, who is to leave for
the mainland, presented his resignation
as president of the Board of Health at
yesterday afternoon's meeting. The
doctor made a happy address of thanks
to the other members of the board, for
their co-operation with him. The board
was adverse to accepting the resigna-
tion, the choice of a presiding officer
pro tem being suggested. Cooper to take
the office again when he returned. The
resignation was finally accepted how-
ever, and Dr. Sloggett was chosen pres-
ident.

A report was received from Dr. Mon-
sarrazat, veterinarian and inspector of
meats, in which it was stated that some
tuberculous cattle had been found at
Waialua. During the past month the
doctor condemned 23,317 pounds of re-
frigerated meat. Much of this was
spoiled by an accident in a local refrig-
erator.

The semi-monthly report of the
plumbing inspector showed unusual
activity in sewer work. The work done
was as follows:

Number of plans filed, 59; number of
permits issued, 59; number of inspec-
tions made, 106; number of finals issued,
40; number of sewer connections, 45;
number of examinations plumbing for
sewer connections, 35; totals for month
of June; number of plans filed, 99; num-
ber of permits issued, 99; number of in-
spections made, 231; number of finals
issued, 61; number of sewer connections
71.

WE'RE OF WEAK MIND.

Natives Bring Suit Against Magoon to
Cancel Deed.

Suit has been filed by Kekaulani
and Kai, two old natives, against J. A.
Magoon, J. O. Carter, W. F. Allen, S.
M. Damon, W. O. Smith and A. W.
Carter, trustees under the will of B. F.
Bishop, to have a deed declared a mor-
gage and to cancel a mortgage, exe-
cuted in 1894, in favor of Magoon, by
the plaintiffs. The latter allege that
they made an absolute deed to Magoon
for some property in Waialua, thinking
they were only making a mortgage.

The plaintiffs declare in their com-
plaint that they are between 70 and 80
years of age and are of "weak mind,"
and had great confidence in Magoon up
to the present time. In 1891 they asked
him to raise some money for them, says
the complaint, and he secured \$400. In
June, 1894, he sent for them, and at his
instance, they allege, they executed an
instrument which they supposed was a
mortgage to him, but which they have
now discovered to be an absolute deed
of the property, reserving to themselves
only the right to live on the land and
rent free to the end of their lives. They de-
clare that they have been paying mor-
gage money under the impression that
they had only executed a mortgage.
The property is alleged to be worth at
least \$2,000, and plaintiffs aver that the
amount they received for it was wholly
inadequate consideration for the mak-
ing of a deed.

All the defendants have been served
with the complaint. The attorneys for
petitioners are Achi, Johnson and Ka-
kualu.

also present and participated in the so-
cial features of the evening. Judge
Este made an address on the subject
of Odd Fellowship. The social program
included songs, recitations and literary
specialties. Refreshments were served
throughout the evening.

PAUL NEUMANN IS DEAD

SUCCUMBS TO PARALYSIS OF THE BRAIN.

Had Lived Here About Eighteen Years.
Was Attorney General Under Kalakaua and Liliuokalani—His History.

Paul Neumann, lawyer, diplomat, and bon vivant, died last night of paralysis of the brain. The funeral will be held at 3:30 o'clock this afternoon. He had been in failing health for some months but at the last his death was sudden and unexpected. Paul Neumann was born in Prussia December 12, 1838, and came to the United States when he was fifteen, locating in California. He was admitted to the practice of law in 1864 and served in the legislature of California as a senator three terms. In 1883 he came to Hawaii taking up the practice of law and occupying for the remainder of his life a prominent position in the life of the islands. He was attorney-general under Kalakaua, and for a short time member of the House of Nobles and received a decoration of the Order of Kalakaua. In 1884 he went to Mexico as Hawaiian Envoy, in 1890 he was sent on a diplomatic mission to Japan in connection with the convention under which laborers were introduced from Japan. Still later he was the representative of the Republic of Hawaii to the Central American states.

He married June 25, 1870, Elise Dinklage of California who with six children survives him. His children are Mrs. Herman Focke of Honolulu, Mrs. W. F. C. Hasson of Honolulu, Miss A. Fowler whose husband is a member of the manufacturing firm of Fowler Brothers, of Leeds and Manchester, Miss Lillian Neumann now with her sister Mrs. Fowler, Paul Neumann Jr., a student in medicine at the University of Edinburgh, and Edward Neumann, a cadet at the Naval Academy, Annapolis.

Paul Neumann was a great friend and companion of Robert Louis Stevenson during the latter's visits here, and Paul Neumann Jr., has recently published in London a poem of considerable merit about Stevenson. At the time of the overthrow, Neumann went to Washington as the representative of the Ex-Queen Liliuokalani, to oppose the first treaty of annexation and to secure her restoration. Following the conspiracy of 1895 Neumann was counsel for the ex-queen and for the more prominent of the royalist defendants in the trials for treason before the military court. Mr. Neumann was a well known member of the Bohemian club of San Francisco.

The paralysis of the brain which caused his death first manifested itself at noon yesterday. A physician was summoned and the stricken man was removed to his home. Here he sank rapidly soon becoming unconscious and never regaining consciousness.

Mrs. W. F. C. Hasson, Paul Neumann's daughter is at present visiting her cousin Miss Pauline Neumann in San Francisco.

The Circuit Court met at 9 a. m. for the purpose of continuing the hearing in the Walter G. Smith perjury case. Immediately after opening Attorney-General Dole announced the death of Paul Neumann, a member of the bar and at one time attorney-general. He moved that adjournment be taken out of respect to his memory. The court promptly granted the motion to adjourn and the Smith case went over to 9:30 tomorrow.

The Attorney-General paid an eloquent tribute to the life and character of Mr. Neumann, saying that he was a personal friend of every member of the bar and that in his death the bar and community had sustained a great loss. The court replied that he felt unable to express the regret he felt in the death of Mr. Neumann. The news this morning came as a great shock, and it was believed that the whole community shared in the same feeling. Mr. Neumann was an honorable man. For his integrity he commanded universal respect and for his many excellent qualities he was beloved by all.

The court then formally adjourned. In the United States district court acting district attorney J. J. Dunne moved an adjournment in memory of the deceased member of the bar. On motion of Dunne, the following order was made by the court:

"Whereas the court has learned with deep pain of the sudden death of Paul Neumann, one of the oldest and most eminent members of the Bar of Hawaii, a lawyer of unquestionable integrity and ability and a man of most lovable nature, endeared to all by his genial kindness.

"It is therefore ordered that this court adjourn until Wednesday at the hour of 10 o'clock a. m., out of respect to his memory, and the court hereby appoints E. P. Dole, Hon. W. A. Whiting and Judge Stanley a committee of three to draft and report to this court fitting resolutions."

The Supreme court adjourned immediately out of respect for Mr. Neumann. General Hartwell addressed the justices making a motion that the court take an immediate adjournment. The general paid a brief tribute to his late friend, eulogizing his personal character as a friend and as a member of the bar.

In ordering the adjournment, Chief Justice Frear also spoke of Paul Neumann's high standing as a lawyer and citizen. On motion of General Hartwell, Friday morning was set as a time for members of the Hawaiian bar to appear in court and present suitable resolutions in memory of the deceased. The flags on the government buildings were placed at half mast at 9 o'clock this morning on account of the death of Mr. Neumann. This was in recognition of the fact that he held the position of Attorney-General in the Cabinet of King Kalakaua and of the former queen. Shortly after the government flags were half masted the various consular flags in the city were lowered to half mast.

LOOKING FOR THE HANCOCK.

The transport Hancock is due today
from San Francisco. The vessel should
have been along last evening or this
morning but nothing had been heard of
her by 1 o'clock this afternoon. Aboard
the vessel is the most distinguished
party of army and navy people which
has ever come to these islands. Adju-
tant General Corbin is en route to the
Philippines as are Congressmen Foss,
Kahn, Metcalf and others. Mr. Foss is
the chairman of the house committee
on naval affairs and has done more to
build up the navy than perhaps any
other person in the legislative branch
of the government. The vessel will
stop here several days and the party
will, no doubt, take the opportunity of
visiting the proposed site for the naval
yard at Pearl Harbor.

THE MARQUARDTS.

The Marquardt concert next Thurs-
day evening at the Opera House prom-
ises to be a musical treat. Among
the violin numbers to be given by Herr
Marquardt will be Sarasate's "Mignon"
fantasie, Sauret's "Babbling Spring,"
and Herr Marquardt's own fantasie on
the Lucia sextet. Among the harp solos
are Gounod's "De la Mer," fantasie by
Gabel.

Among the local people who will take
part are Mrs. J. T. McDonald, James D.
Dougherty and Miss Caroline Castle.

HEALANI DANCE.

The Healan Club will keep open

boat races. There will be dancing from
1 to 6 o'clock. The Quintette Club will
be in attendance.

MISJUDGED THE DISTANCE.

The loss of the schooner Golden Gate
a week ago at Awala, Lanai was due
to her Captain W. Mason making a
miscellaneous regarding the distance.
The moon was out at the time and the
vessel was carried too far inshore. The
captain misjudged the distance and be-
fore he realized his danger she struck.
Her hull was a total wreck but the
cargo and rigging were all saved.

JACKSON GETS HURT.

Police Officer Nigel Jackson has his
left arm in a sling as the result of a
disagreement with a bicycle Sunday
afternoon. His shoulder is dislocated
and the hand and arm are badly
bruised. The fall was a heavy one and
the officer suffered greatly from the
jar.
