KAUAI KEGEL KLUB
Jumps To Prominence
IN FIFTH PLACE

ST. LOUIS COLLEGE CLOSE ON THE ADMIRAL

Any person who thinks the other fellow can be scared out of this automobile contest business might well take out one of the Continental Casualty Insurance policies supplied by the Henry Waterhouse Trust Company, for he will certainly be disappointed and it will hurt his feelings.

The lively jump taken by Admiral Beckley last week started things moving at a great rate, which proves that this contest will be a contest right up to the closing of the polls. St. Louis College is close on the trail of the Admiral and so close to the hundred that the boys are not worrying over the outlook.

And the others are moving up the line in a style that demonstrates that any one or all are sufficiently close to easily strike a winning gait. Among the steamship men Purser Friel of the Mauna Loa bids fair to give the Kinaiu Admiral a pretty good chase. Friel was on the Kauai route for some years and is setting votes from there as well as along his present steamer route. Speaking of Kauai brings the Lihue

Kegel Club to the front. It is coming all right. In fact Kauai registered the largest proportional advance this week. The Kegel Club men are in the race to stay. Their name ought to be a mascot.

Maui did well for Judge Kepoikai, holding him in third place with fifty thousand votes. The judge's friends say they are not out for sensational sports. All they want is the auto. Co. D. of Hilo has taken a place among the leading ten and Leo Lorrillard Cummins had a large bunch of ballots entered to his account this week. Jack McVeigh is no tail-end and Tommy Kearns can go some.

Among the ladies Mrs. Wright of Kauai hold her own, while Miss Sheldon, the school teacher, has good prospects of either going to school in the auto or knowing the reason why Mrs. Dickerson's friends are consistent in their steady work in her behalf. All those in the list are making very comfortable progress and very few Bulletin votes are being wasted anywhere in the Hawaiian Islands. The standing for this week follows:

Mandamus
To Settle
Park Fund

County Attorney E. A. Douthitt today sent a letter to Kaploani Park Commissioner Lorrin A. Thurston in which he advised a means of settling the question as to whether the Board of Supervisors has a right to appropriate money for the maintenance of Kaploani Park.

Attorney Douthitt suggests that, for the purposes of the test, the Board of Supervisors pass a resolution appropriating a sum of money for the benefit of Kaploani Park and that the Park Commissioners then call upon County Auditor Bicknell to issue a warrant for the amount. The idea is that Bicknell shall refuse to issue the warrant, whereupon the Park Commissioners will seek to enforce him by instituting mandamus proceedings.

By this method the question will be settled in the courts. The method proposed has the advantage over the proposition of submitting an agreed statement of facts to the Supreme Court in several ways. County Attorney Douthitt has already given an opinion to the Board of Supervisors in which he says it has no legal right to appropriate money for the park, and for him to

ATTORNEYS' ROW
ENDS IN PEACE

A side issue in which considerable strenuousness was shown by the attorneys on both sides today enlivened the Brown vs. Spreckels case, which for over four weeks has dragged on wearily before Judge De Bolt. The trouble was caused, quite innocently, by the following paragraph, which appeared in The Bulletin yesterday:

"Judge De Bolt said that he was inclined in favor of the plaintiff, but did not want to grant the motion for a directed verdict, as there was still some doubt in his mind. He might say, however, that should the jury render a verdict for the defendant and should a motion to set aside that verdict be made, he might do so."

This item came to the notice of the attorneys for the defendant, Kinney and Ballou, and they immediately took action in the matter, as the statement was made by the Judge in the absence of the jury, and they did not wish it to

Law Demanding Fee
For Doctors' License
Is Declared Void

DISCRIMINATION KILLS AMENDMENT

"That portion of Act 48 of the Session Laws of 1905, which Act amends the first paragraph of Section 1068 of the Revised Laws (Medicine and Surgery), providing that 'no license shall be granted under the provisions of this section unless the applicant shall pay an annual fee of \$10,' is invalid and void on the ground that it discriminates between the holders of licenses under the amending Act and the holders of licenses issued prior thereto."

The Supreme Court this morning rendered an opinion in Territory vs. Dr. J. T. McDonald, of which the above is the syllabus. Justice Wilder writes the Court's findings and says, in part, as follows:

This is an appeal on points of law from the District Court of Honolulu. Defendant was charged with violating Section 1068 of the Revised Laws, as

amended by Act 48 of the Session Laws of 1905, for that he did at Honolulu during one month prior to October 6, 1905, practice medicine and surgery without having first obtained from the Treasurer of the Territory of Hawaii a license so to do. Defendant was found guilty and appealed to this court. It appeared that he was practicing as a physician and surgeon on September 27, 1905, and prior thereto, and had taken out a license in 1900 and paid the fee of \$10 required by an applicant for such a license.

Section 1068 of the Revised Laws prior to being amended read as follows: "No person shall practice medicine or surgery as a profession in the Territory of Hawaii, either gratuitously or for pay, or shall offer to so practice, or shall advertise or announce

Peacock Given Time
After Battle
To Make His Return
BALLOU WANTS ORDER MADE TODAY

A preliminary legal battle in the Garvie petition for a restraining order to prevent Peacock from acting as manager of Peacock & Co., was fought before Judge Lindsay this afternoon, but did not reach an issue, a continuance being granted. S. M. Ballou, representing Garvie, wanted the temporary order issued forthwith, but C. W. Ashford and R. W. Breckons fought this proposition and finally secured a continuance in which to make their return.

Ashford opened with a statement that he had accepted service of process at 10 and had immediately set to work with his answer, the typewriting of which had not yet been finished. It was therefore impossible to produce an answer, and Ashford asked that the matter be continued until tomorrow morning. The testimony on the petition and the answer would take considerable time.

Breckons said he joined in Ashford's request. A great many questions, both of law and of fact, had been raised in the petition, and it was impossible to prepare an answer which would properly protect Peacock's rights in so short a time. Peacock was not trying to delay the matter more than absolutely necessary.

Ballou said he agreed that there had been too little time to prepare an answer. That was not the issue at this time, however. The Court should not consider the merits of the bill, the question to be decided now was what status was the controlling one until the main matter was settled. Pending the time in which the answer was made it was up to the Court to protect the long established possession and not the one which had been recently acquired and by force. To do this it was not necessary to look much to the merits of the case. The opposite side should be able to answer the order to show cause why a temporary injunction be granted within a few hours. The sun should not set without the temporary injunction matter being settled.

Ashford wanted to know what the Court should consider if not the merits. He was not preparing an answer to the bill, but an answer to the order to show cause. The opposite side should be able to answer the order to show cause why a temporary injunction be granted within a few hours. The sun should not set without the temporary injunction matter being settled.

Ballou repeated his request that a

Forester Hosmer received a telegram at noon from Fred Carter at Honolulu stating: "Heavy rain. Fire out."

Forester Hosmer this forenoon received a wireless message from Manager James Gibb of the Paahau Sugar Plantation to the effect that the forest fire on the Parker ranch land, three miles above the plantation, near Hanalei gulch, had reached as far as the Kalapa gulch, but that it had been partly subdued by rain falling during the night.

The wireless message reads as follows: "Fire has reached Kalapa gulch. Partly subdued by rain during the night. Will report by Kinaiu (on Saturday)."

Yesterday afternoon, at 5:15, Forester Hosmer received the following wireless from Manager Gibb: "Fire broke out this morning Parker ranch land, Paahau, three miles above plantation. Big gang fighting fire. Very strong Kona blowing."

In the first week of the year the temperature at Forty Mile and Eagle, in the Klondike, was 59 degrees below zero.

The setting aside of forest reservations at Ewa and Kealia was yesterday approved by the Acting Governor after a public hearing had been given by himself and the Board of Forestry. The only objection to the Ewa reservation came from the Dowsett estate, which had 800 head of cattle on part of the land. There were no objections to the Kealia plan. The Ewa reservation takes in 28,550 acres and that at Kealia 9935 acres.

"Every drug store in Honolulu is violating section 1095 of the Revised Laws of Hawaii for 1905 in permitting Chinese boys to serve their soda-water stands from which bromo seltzer is dispensed," Judge A. S. Humphreys is quoted as saying yesterday. GERMANY IS UNEASY.

Berlin, March 7.—The fall of the Rouvier ministry has caused serious misgiving here, as it is feared that it may be followed by a revival of the Delcasse policy.

Delcasse was the French Prime minister who took firm ground against German encroachment upon what he deemed French rights in Morocco—so firm that the Kaiser almost demanded the dismissal of the Minister. Delcasse resigned, but his policy in Morocco was not changed farther than that France agreed to a conference to consider the affairs of Morocco.

"THE HIT OF 1906"

There is so much that can be said of the Elks minstrels, to be presented tonight at the Hawaiian Opera House, and so little space to say it in, that to say it will be the best thing ever put on here by our local amateurs is not speaking too highly of it. In fact, I think it will make some of our professional companies look like thirty cents.

ED OFF PORT LAST
NIGHT.

The United States transport Thomas from Manila via Nagasaki, is at the Navy wharf, having arrived off port about 10 o'clock last night, and was docked at 8 o'clock this morning.

On board are eighty-five first class passengers from the Philippines and a small lot of casuals and discharged men of the hospital corps. There are twenty-three invalids and five insane men, nine "indigent citizens" and eighteen prisoners.

An uneventful voyage is reported from Manila and the big transport will sail at 5 o'clock this evening.

Among the passengers on the Thomas was Miss L. M. Ripley, a daughter of Architect C. B. Ripley of Manila, formerly a prominent resident of Honolulu.

Passengers aboard the Thomas are as follows:

MIOWERA ARRIVES FROM THE COLONIES

The Canadian-Australian liner Miowera docked at Bishop wharf at 8 o'clock this morning, from the Colonies via Fiji, a day late. Commander Hemming reports that the vessel left Sydney at 1 p. m. February 19th and experienced moderate variable winds and fine weather to arrival at Brisbane, Feb. 21st at 8 a. m. Left Brisbane at midnight same date and experienced moderate E. N. E. wind and sea with fine weather throughout, arriving at Suva at 2 a. m. February 27. Left Suva at 4 p. m. same date and experienced light to moderate N. E. winds and fine weather. Passed Alofa Island the following day, Mary Island March 2nd, and crossing the Equator same date at 10 p. m. in long. 171 deg. W. Thence fresh E. N. E. trades with rough sea and squally weather to 29 deg. N. Lat., where wind came from W. S. W. Moderate gale with squalls and high irregular sea to arrival. The Miowera sails for Vancouver via Victoria this evening.

KRUGER OBJECTS TO THE NECESSITY OF CUTTING HIS PRECINCT

Ten men gathered at Republican headquarters on Fort street last evening, representing thirteen members of the Republican Territorial Central Committee, for the adjourned regular monthly meeting, but since fifteen were required for a quorum no meeting was held.

Those present waited until nearly half past 8 o'clock for a quorum. Chas. Clark pulled a proxy signed by Henry C. Vida from his pocket, making the second proxy in his hands, but the new rules say that a member can hold but one proxy.

While waiting, hoping for a quorum the cutting up of the districts was briefly discussed. All precincts with over 300 voters, taking the lists from the last election, must be divided.

Frank Kruger said: "For heaven's sake, don't cut up the Second of the Fourth; I've got that all laid out. If you have to cut it up, keep Keeaumoku street on the town side. We need it."

The next meeting day falls on the first Saturday in April.

ODD QUESTION RAISED BY EXECUTION ORDER

An odd state of affairs has been caused by the mandate of the United States Supreme Court in the Bishop Estate fishery case, whereby the local Supreme Court is directed to reverse the judgment of the Circuit Court and to remand it with direction for a new trial. It is also ordered that Bishop Estate recover from the Territory \$116.87 costs and has execution therefor. In view of the decision given by the Attorney General in the matter of the Eleu sale, the title of the Territory to its property is a doubtful quantity, as the Organic Act provides "that the public property ceded and transferred to the United States by the Republic of Hawaii under the joint resolution of annexation, * * * shall be and remain in the possession, use and control of the government of the Territory of Hawaii, and shall be maintained, managed and cared for by it, at its own expense, until otherwise provided for by Congress, or taken for the uses and purposes of the United States by direction of the President or of the Governor of Hawaii."

There is no appropriation with which to pay out the \$116.87, so the question as to what property the execution can be levied on will have to be decided.

YACHT CRUISE FOR OREGON GIRLS

The Commodore and officers of the Hawaii Yacht Club have tendered a yachting entertainment in honor of the Oregon Journal party of girls now visiting the islands, and the following program has been arranged by the committee in charge.

It is proposed to have a cruise around Pearl Harbor Sunday afternoon next, leaving the club house at the Peninsula on or about 2:30 o'clock, followed by a chowder in the evening in the pavilion, adjoining the club house, the party returning to Honolulu by the train leaving Pearl City at 9:30 o'clock p. m.

It is also planned, if time will permit, to include in the entertainment a dip in the large swimming tank at the residence of C. A. Brown, on Ford's Island. It would be well for those intending to avail themselves of this to take with them bathing suits.

The guests and all non-yacht owning members will be cared for by assignment to the various boats of the fleet and it is hoped that as many members of the club as can find it possible to do so will be present at this entertainment. Any of the members of the club desiring further information are asked to confer with W. H. McInerney.

It is also hoped that all members of the club planning to participate in this cruise and chowder will notify the committee in advance in order that proper arrangements may be made for the proper entertainment of the party.

CAN HELP MISS BLUNT

Miss Olive M. Blunt, the missionary en route the second time to Japan and serving temporarily as general secretary of the Y. W. C. A., will soon sail for Japan. She gave the recent stereopticon lectures on Japan, hoping to earn a little fund for the famine sufferers in the Mikado's country, but while the audiences were large and added interest was given to missions and temperance, yet the majority were children, who were complimented, and consequently after all expenses were paid there was less than \$2 for the fund. However, it will make a start and anyone willing to contribute may give to Miss Blunt.

PARASITES ARRIVE

A large and important consignment of parasites for combating the cane pests arrived on the Miowera from Suva, Fiji, having been forwarded to Entomologist Muir of the Sugar Planters' Supply Company.

Members of Parliament having raised their own pay, are eligible to a place in opposition public prints as writers.

Russia's voting list when compared with the population figures, shows that Nicky is decidedly of the opinion that "there are only a few of us left."

Perhaps it will be decided that there never was any serious difference between the good intentions of the planters and the plans of the Immigration Board.

Municipal ownership has won another victory in a leading city of the country. It will soon be proper for those classing municipal ownership as a fad to change the subject.

If Castro reads the dispatches passing over his French cable line, he has good reason to conclude that France has enough on its hands without worrying over the antics in Venezuela.

Times are changing in Hawaii despite the apparently extraordinary delirium with which old customs are pried loose. Here we have a Supreme Court upholding a law which one of the family once solemnly declared to be good.

It ought not to be difficult to discover the Hawaiian planter said to be soliciting Molokans at Los Angeles. Immigrants are not usually enlisted on dark nights when no one is around. And real Hawaiian planters don't travel in disguise.

Schools should advertise Hawaii. Certainly the Territory should keep them up to such a standard that mention Hawaii schools is to infer efficiency and excellence of equipment. Then Hawaii schools will advertise themselves and Hawaii.

The Congressional investigation of railroads and coal and oil monopolies will not lack sensational features. It is only a question of whether the investigators will go at the task with a probe or whitewash brush.

The State of Washington is soon to bring a case before the Federal Supreme Court that will be followed with much interest locally. A young man who killed his father was acquitted by the jury on the plea of insanity. The judge then remanded the man to the custody of the Sheriff. The United States Court will determine whether he should go free.

The life of the land is tied up in sugar-bags, no doubt; but for a liberal amount of promotion-air is not let in, the critter stands a good chance of suffocating. This season's experience with tourists ought to convince sensible men that promotion—even a yacht race—pays, and there is no interest in the Territory that does not derive a benefit.

The only signed editorial in the current issue of The Friend is that signed by "D. S." commending the Advertiser. The natural inference is that Doremas was the only one willing to father that particular idea.—Bulletin
If anybody ever commended the Bulletin in print he would probably sign the initials D. F.—Advertiser.
Possible but not probable. The relationship to D. S. is too close.

Business men of Honolulu, some more than others, should "read, mark, learn and inwardly digest" the statement of Mrs. Weathered before the Promotion Committee that Oregon has fallen behind California because it ex-

pected results to come immediately and was unwilling to wait. Honolulu will go forward or drag behind according to the support given its promotion work.

CANNON BLAMES THE PEOPLE

Uncle Joe Cannon has given his opinion on what ails things in general within the United States,—and when Uncle Joe Cannon passes his sober judgment on any matter the American people look up.

The occasion for the latest utterance was an assembly at the Union League Club of Philadelphia, and the main topic, the best methods for handling the railroads and kindred or worse monopolies. Cannon passes the whole responsibility back to the people; tells them that they are at fault and government is becoming too centralized. The leading points of the address follow:

"In my judgment the greatest danger to the Republic comes from the citizen who refuses or neglects to participate in governing in local, State, and National affairs, and seeks protection from the Government to which he does not contribute according to his ability or means.

"In my judgment, the danger now to us is not the weakening of the Federal Government, but rather the failure of the forty-five sovereign States to exercise, respectively, their function, their jurisdiction, touching all matters not granted to the Federal Government. This danger does not come from the desire of the Federal Government to grasp power not conferred by the Constitution, but rather from the desire of the citizens of the respective States to cast upon the Federal Government the responsibility and duty that they should perform.

"If the Federal Government continues to centralize we will soon find that we will have a vast bureaucratic government which will prove inefficient if not corrupt.

"The Governor of one of the States has within a few days written to a Senator in Congress that his State is powerless to compel the railroads within its borders to extend to its citizens facilities by proper connection, switching, and the furnishing of cars to enable its people to have equal and fair treatment under similar conditions with other citizens—and that this condition comes from inability to enforce law in existence and to enact additional necessary legislation, and in effect appealing for relief to the Federal Government.

"There is no adequate remedy for this condition except by the people of that State, clothed with plenary power, through the enforcement of the law and the enactment of additional legislation. If necessary, to exercise the functions of the government. If I were asked what I'd do in this case, I'd say:

"The gods help those who help themselves. You're up against it."

"The Federal Government has no power to intervene, except by virtue of its power to regulate commerce among the States, and the people of the State would not be relieved as to traffic within the State."

No one will argue against the wisdom of Speaker Cannon's advice that the people should help themselves more vigorously, but it does appear rather ridiculous for the Speaker of the House of Representatives to be preaching against the dangers of centralization. When the people of the various States wake up, as they are urged to do, the man who controls the House of Representatives will find the reform reaching methods used in the high places of Washington. Cannon is right, but he refuses to set an example by practice.

BANK OF AMERICA BROKE.

Chicago, Feb. 15.—The Bank of America, incorporated last December with a capital stock of \$250,000, was placed in the hands of a receiver to be liquidated by Judge Chytrous of the Superior Court, on complaint of John E. Kavanagh, one of the stockholders. The bill asking for the receivership holds former Judge Abner Smith, president, and three officers of the bank responsible for the insolvency of the institution.

Territory Will Pay The Costs

The matter of the Bishop Estate fishery, case in which the United States Supreme Court ordered the Territory to pay the costs of the case in the sum of \$115, came up before the Supreme Court this morning through a motion by H. L. Marx, representing the Bishop Estate, that the matter of the costs be taken up before the matter was remanded to the Circuit Court. Just at what time to get at the matter of the costs seemed to puzzle the court as well as the attorneys, but the matter was finally set for next Monday.

The U. S. Supreme Court's order that the plaintiff recover costs against the Territory by execution, as it is not quite plain, in view of the fact that the title in the Territory's property is claimed to be vested in the United States, what property there can be to levy on.

"I doubt very much if an execution would issue in a case like this," said the Attorney General today. "However, it is no more than right and justice that the Territory should pay the costs of the opposing side in a case where it has lost, and we shall probably pay the money from the incidental fund of the Attorney General's Department. We are, however, not able to make the payment now, but will have to wait until he have caught up sufficiently with our incidentals to afford to pay. Of course the legislature did not intend that such expenditures should be paid from the incidentals, and as the legislature meets early next year, it might pass an appropriation to make this payment. On the other hand I think we shall be able to pay the amount from the incidental fund and the other side will probably have no objection to waiting."

KAUAI SOCIAL SET.

Lihue, Kauai, March 5.—Mrs. C. A. Rice gave one of her charming parties Saturday night in honor of her guest, Mrs. C. Elston. Down by the beach, where the cool breezes fanned the cheeks heated by the excitement of the contest the merry players vied with each other at cards and wit, passing a few hours of pleasure after the week's care.

Pedro is the game of sociability par excellence, and in this case allowed the full enjoyment of the company of the champions of the fair sex. The tournament over, the score cards were added and compared and the champions of the evening found to be Miss Mable Wilcox and Mr. J. M. Spalding, who were the recipients of a jar and a loving cup in blue ware respectively. Mr. W. H. Rice and Mrs. J. M. Spalding were scored for being down in luck with a few each. Over and after the excellent refreshments the guests discussed the games and other important issues for another hour or two. A feature of the evening was Mrs. Elston's songs, which she rendered with unusual success and unusual willingness. Mr. Harold Rice also rendered a couple of vocal solos. The participants were Mrs. Elston, Mr. and Mrs. A. H. Rice, Mr. and Mrs. W. Rice, Mr. and Mrs. D. Sloggett, Mr. and Mrs. Spalding, Dr. and Mrs. Wilkinson, Mrs. J. A. Palmer, Misses Mable and Elsie Wilcox, Messrs. N. Forrest, S. Mahelona, Harold Rice, C. Wilcox and Willard—Garden Island.

RACE AND LABOR QUESTIONS IN HAWAII.

[Chicago Record-Herald]
Hawaii is a small Territory, but it has a large interest in labor problems and race problems. Its laboring population is made up chiefly of Orientals, Chinese and Japanese, and of the native race, but the Portuguese have made contributions to it for many years, and since the Spanish war there have been experiments on the sugar plantations with Porto Ricans.

To this remarkable assemblage there will now be added about 750 families of a peculiar Russian sect called Molokans. A contract has been signed with these people, and they will reach the islands some time in March. The sect to which they belong was first heard of in the south of Russia. It is without priests, its meetings are held in private houses, and its creed is very far removed from that of the orthodox Russians. The miracles of the New Testament are discarded and so is the divinity of Christ. The Scriptures, however, are the foundation of the Molokans' faith; they are close students of the Bible, and they believe that they are closely related in principle and practice to the early Christians. But since they cultivate freedom of thought they have broken up into divers subdivisions. As a matter of course they have suffered from persecution, and yet they number; it is said, several hundred thousands.

A Honolulu paper waxes enthusiastic over the contract. It declares that the date of its signing will be regarded as a great date in the history of the islands. It says that the elders of the Molokans believe that Hawaii offers their people what they have sought for two centuries, and adds: "If the experience of the pioneers bears out this faith then white civilization will occupy this land forever, and a prosperity will befall it such as no one ever saw before or could have anticipated as the fruit of a single industry."

At the same time the Portuguese are asserting themselves. Their organ at Hilo says: "The settlement of Hawaii with citizens, or those eligible to become such, is rapidly beginning to be, if it is not now, the pre-eminent issue in this Territory." The paper finds a resemblance between the great trusts of the mainland and the landed interests of Hawaii, and argues vehemently against a land trust, against the Oriental and for small holdings by the tillers of the soil.

Evidently the Hawaiians need not go outside their own borders to find subjects for discussion.

JAPANESE DEFIES URGENT DEMAND OF COURT

Sasahara, a Japanese living at Ewa, will very soon learn that the law brooks no delay. A couple of days ago a writ of habeas corpus was directed by the petition of Sasahara's daughter's adopted father against Sasahara commanding him to produce his daughter in court forthwith. The petitioner showed that he had legally adopted the girl, but that she was being held by Sasahara in spite of the fact that he had long since relinquished his control over her.

Yesterday the writ was served on Sasahara by Officer Miki. Sasahara accepted service and genially remarked that he would come to court with his daughter when he found the time to do so. As a consequence R. W. Breckons, the petitioner's attorney, today had a bench warrant issued against Sasahara, made returnable tomorrow morning, so that that gentleman will now most probably have to find time to obey the orders of the court.

Chairman Robertson of the Republican Central Committee is arranging a special meeting for next Sunday to take up the matter of changing precincts for the next election.

It is now assured that the steamship Olympia, Captain Truebridge, will be successful in her plans for the transportation of Japanese laborers from this port to Seattle.

Over six hundred will be taken to the Coast on the present return trip and the Olympia will come again for more Japanese, who will be ready for her.

Altogether three thousand Japanese laborers are expected to find their way to Seattle by means of the Olympia.

subscribe to an agreed statement of facts would necessarily place him in the position of compromising his opinion already given; besides, agreed statements of facts are not the most satisfactory means to the settlement of questions of this nature, as often as not obtaining decisions determining only certain points of a general question.

The power of the Board of Supervisors will in all probability be determined in the manner suggested.

SPLENDID ADDITION TO BUSINESS DISTRICT

The mauka-Waikiki corner, in local parlance, of Hotel and Fort streets has taken on a wonderfully improved appearance in the last few days and now boasts a finely finished double-decker store where all the wants of man in the wearing apparel line can be satisfied.

For a week or so the management of the Kash clothing stores has been busily engaged in consolidating the two establishments under its control. Formerly one store was located on Hotel street, between Bethel and Nuuanu, and the other on the present site. The Hotel street store is now given up and, the second story of the Fort street premises having been acquired, the present establishment accommodates the entire business. Upstairs is the general clothing department, while on the ground floor attention is confined to furnishings. A large entrance is situated on the corner and through this portal one may step almost directly to the broad stairway leading above, or walk into the furnishing department as he desires.

Special attention has been given the fixtures and everything possible has been done for the accommodation of the public.

Eighteen of the latest improved 100-candipower electric, handsome in design, have been installed for illumination. Large show windows front on both Hotel and Fort streets and ample opportunity is given for an artistic and tempting display of the latest and most desirable things in male attire. The interior of the establishment is finished in an elegant manner and one feels it a pleasure to be able to do business in so well-equipped and attractive a place.

The Kash Company's improvements are in harmony with the spirit of these improvement times and the new headquarters adds materially to the general appearance of the business district.

TERRITORY AGAIN VICTOR.

(Continued from Page 1.)
quash or dismiss the writ, mainly on the ground that a writ of error does not lie to an order granting a new trial, contending that such an order is not a final judgment, but an interlocutory ruling only.

Says the Court: An order granting a new trial is usually interlocutory and not reviewable on error, whatever may be the rule on exceptions, until after the new trial has been had and final judgment entered; but if there was no jurisdiction to make the order, it is final in its nature and may be brought up immediately on error.

Under R. L., Sec. 1805, on a motion for a new trial, the bond for costs and against disposition of property to plaintiff's detriment, as well as the motion itself, should be filed within ten days after verdict, whether judgment has been entered or not.

The filing of such bond within the time prescribed by the statute may be waived either expressly or by implication, but the mere fact that plaintiff's counsel did not raise the objection that no bond had been filed on the seventh day after verdict when defendant's counsel intended to present the motion according to notice given by him, but instead sent word to the court that he was not ready, and desired a postponement, being then otherwise engaged, would not constitute a waiver or prevent his raising the objection on the eleventh day after verdict, which was the day to which the postponement was made on the seventh.

In view of the foregoing it will be unnecessary to decide whether Judge Gear's order for a new trial by cable or subsequently by mail, was void upon the ground that it was made in California and outside of his jurisdiction, or on the ground that the mailed decision was made after the expiration of his term of office.

The motion to quash or dismiss is denied.

MAUI PROTESTS
The first batch of felons which High Sheriff Henry is now busy gathering from the prison on the other islands in order to have the entire lot of them in the Oahu prison, arrived this morning on board the steamer Claudine. There were eight of them, serving sentences for various offenses, and they came from Maui in charge of Deputy High Sheriff George Sea, who had been sent to fetch them. Next Saturday a batch of twenty-three felons will arrive from Hilo in charge of Albert McGurn. Kauai has but one lonely felon in its prison, but he also is expected to arrive in the near future.
High Sheriff Henry expected, when he made up his mind to take the felons from the other islands that there would be some kicks from the County officers, who would thus be deprived of road laborers, whom they could employ for their keep only. He was not disappointed, for accompanying the Maui prisoners was the following letter:
Honolulu, March 7, 1906.
W. Henry, High Sheriff,
Dear Sir:—Deputy Sheriff Sea informs the Board that he is here for the purpose of taking to Honolulu all prisoners who are charged with a felony. After being so informed, the Board unanimously decided to ask you, if possible, to

HOLLOW HORN BEAR.

Year by year the noble red man becomes less and less in evidence, and chiefs in their war bonnets are rarely seen except when in exchange for coin of the realm they pose for artists or photographers. One of the picturesque chiefs of today is Hollow Horn Bear, who is an imposing figure when decked out in the feathers and trappings of war days long gone by.

ATCHERLEY SIDE TALKS

DOCTOR SAYS HE IS NOT
SEEKING ANY NOTORIETY

THINKS HE KNOWS WHOSE SIDE
THE BULLETIN IS ON—MRS.
ATCHERLEY HAS ANOTH-
ER LAST WORD.

Editor Evening Bulletin:—I have
said my last word on every subject ex-
cept one and that is just a word con-
cerning the threatened spread of
plague last year in North Kohala. For
other matters as I said before and as
your recent correspondence—more so-
berate writers suggest—I am content
to wait till the April jury term.

Had all previous communications
been as temperate as these last, I
should have had no violent attacks to
reply to, in equally violent language.
You say the affairs in Kona remain
intricate—perhaps they do; for all is
not out yet and it cannot be made
public till after the trial—for fear of
prejudicing our cases, in giving the
opposite parties the evidence they have
to meet. There were undoubtedly
cases of plague in North Kohala. We
lived there and knew it to be so, while
your friend Editor resided in Honolulu.

I had not drawn attention to them,
would Dr. Pratt have come over to
investigate and clean up Mahukona
and so prevented its spread? To fol-
low up the advice in your paper that
the plague spots should be covered
over and not a word said would be, as
every knows, the worst possible meth-
od of procedure.

[The Bulletin refused to publish
Mrs. Atcherley's letters stirring up a
plague scare, because the Federal and
Territorial authorities were fully in
touch with the Kohala situation and
looking after it.—Editor Bulletin.]

As for interferences—I admit I wrote
the contents of my letter from Presi-
dent Roosevelt to several members of
the Legislature last April, which un-
doubtedly, precipitated the reappoint-
ment of Government physicians.

Again, the leper talk has resulted
in regulations forbidding the arrest of
any one as a leper, without obvious
specified signs.

It seems incredible that any one
should pretend to deny that many per-
fectly healthy people here in Kona
were arrested as lepers; or that, our
school land case in the only occasion
in which Mr. Scott (the North Kona
school agent) has made trouble for
the Board of Education. There is trou-
ble now, in this same district, where
Mr. Scott has in two or three places
built Government school houses on
land which the Government has no
claim. In these cases, his (Scott's)
own safeguard is the poverty of the
owner who cannot afford to go to law,
to protect his property, and may be
glad enough to get a small proportion
of the amount paid by the Board of
Education to Mr. M. F. Scott.

If this is not corrupt officialdom I
don't know what is?

We only call corrupt officials, cor-
rupt and can rest easy under your
babyish charge of "accusing all officials
of corruption."

Where it exists we have in reply to
attack, taken the liberty of point-
ing it out. As in the case, where an
official declared a petition not genuine,
when he knew perfectly well that it
was genuine; and again, another of-
ficial, arresting and locking up in a leper
den, a perfectly healthy man.

In another case, where an official is-
sues warrants, unsworn to and unsig-
ned by complainants.

Do not these cases illustrate corrup-
tion, or are they only amiable excentric-
ities? All must now wait for the
April term, and in the meantime, let
those who wish to supply their own
premature verdict to their own taste
plume themselves on their cleverness
and enjoy their breathe Paradise.

The Davieses and I only await pay-
ment for our property and in the mean-
time, strong newspaper attacks will
get a strong reply. That is all our
position.

You insinuate political motives—but
who dragged in politics?

Did not the insulting treatment of
over 200 voters (by the Board of Health
and its President) in ignoring their

signatures, drive their representative
to call on their only means of retali-
ation?

As voters ignored, as voters they
would find their remedy.

Is not the attempted removal of Ke-
liioha on the leper and school warrant
question a political move to substitute
a Republican Deputy (so that he can
aid the above corrupt officials of his
party)?

Investigations by all means, we ask
for nothing better.

Before closing this note, I wish to
say that by the time you get this, you
will probably have received a letter
from one Spencer. In all likelihood
containing some tremendous denuncia-
tion and perhaps some would be in-
jurious statements concerning us. I
therefore take this opportunity of con-
tradicting him and excusing him as
merely the paid agent of certain an-
tagonistic parties too cowardly to take
the responsibility of writing them-
selves and mean enough to use such
a cat's-paw. We have this information
from the most reliable source, namely
the Spencer himself.

Yours respectfully,
MARY H. ATCHERLEY.

Holualoa, Kona, Feb. 22, 1906.
P. S.—I have not called you before
for leaving some important points out
of my former letters—but in this case,
I must really ask you to print the
whole, in justice to me and mine.

[The point to which Mrs. Atcherley
refers was a paragraph of innuendo
concerning some alleged incident on
Kauai. As the Bulletin was not in-
formed as to the facts, and Mrs. Atch-
erley was evidently in great haste to
have her letter printed the paragraph
was eliminated.—Editor Bulletin.]

DR. ATCHERLEY AGAIN

Editor Evening Bulletin:—Allow me
to thank you for a recent article which
by comparison seems both fairly mod-
erate and moderately fair. I can under-
stand your difficulty at arriving at a
clear understanding of Kona-complica-
tions. The only clear explanation is
to suppose us absolutely in the right
and since you cannot suppose any evil
in high places the affair appears enig-
matical. If you will say just what
puzzles I will explain—if you really
want to know. In spite of strong lan-
guage, we have used moderation, and
I suppose your idea, that all our heavy
guns have been brought into play, adds
to the confusion. The account you re-
ceived of the unprovoked assault on
Mrs. Atcherley was if anything a very
mildly expressed one.

The Mills-Davis-Atcherley combina-
tion is opposed by the Scott-Clark-
Goodhue and these are equally few ad-
herents on either side.

But each side includes a "Bulletin"
correspondent.

The rest of Kona neither knows nor
cares anything much of the details of
the party differences, but they are
amused by the letters and I know some
who only open the paper to read them.

They are at least of more interest than
local news. Thus there is writing out
of all proportion to the actual events.
Everything cannot be told now. As
regards the Government physician, if
Akau the alleged leper, brings his case
in April, you will then hear all the
details; details that I cannot write but
which will nevertheless all come out
one way or another, but not now. As
I said before, I can write and explain
anything you wish to know and you
may depend on my accuracy, for we
are mighty careful what we do write.
Do not misjudge. If we get excited it
is merely a literary enthusiasm.

I have, I regret to say, sometimes writ-
ten no "coincides scribbled" troubles
me. I assure you, I have tried to be
brief and I apologise for the failure.

I am Sir, respectfully yours,
JOHN ATCHERLEY.

Holualoa, Kona, Feb. 22.

HANALEI NEWS NOTES

(Special to The Bulletin)

Hanalei, Kauai, March 5.—J. A.
Palmer, the administrator of the es-
tate, sold at auction on Saturday, Mar.
3d, all of the personal property of the
late C. H. Willis. The sale began at
10 a. m. and lasted until about 4 p. m.
Everything movable and imaginable
was sold. Mr. Palmer, who acted as
auctioneer, states that he was well
satisfied with the results of the sale.
The purchasers at times did not bid
high, so some went home with bar-
gains, and others, well, they got what
they wanted anyhow. Altogether the
sale netted about \$1,030. The majority
of the purchasers were from Hanalei
and Kilauea with a few from Kea-
lia.

Takahashi, a Japanese luna working
for H. A. Jaeger at Wainiha, putting
in the foundation of the Kaul Electric
Co.'s power-house, met with a serious
accident on Saturday. It seems that
when he was walking over the frame-
work, which is about fifteen to thirty
feet high, he slipped and fell down,
striking on some rocks at the bottom.
The man was unconscious until Mon-
day morning and from last reports
seems to be doing well. It was at first
feared that he had received some in-
ternal injury. He is now under the
care of Dr. Yanagihara of Kilauea.
Weather in Hanalei dry.

picture of the Molokans assembled on
the deck of the steamship China. Promi-
nently placed in the photograph is a
Molokan youth engaged in the inter-
esting pastime of thumbing his nose
at either the photographer or some one
in his direction. One who noticed it
this morning remarked that the Mo-
lokan "Pilgrims," as The Friend called
them, were obviously better schooled
in worldly gaiety than the Pilgrims
who landed on Plymouth Rock.

ADVERSITY AND SUCCESS.

On "Adversity as an Aid to Success"
ex-President Grover Cleveland has
written:

He who, seeking success, finds ad-
versity in his path must, if he is to
win, bring to his encounter with this
opposing force determination, persist-
ence and unflinching courage.

These will not permit him to fail. In-
stead of this they will urge him to
brave resistance, and force him to
struggle, and thus he will be so
strengthened in his moral and mental
slews and so developed in the muscles
of his character that he will not only
win in the battle immediately pressed
upon him, but will gain a training and
fitness promising future triumphs in
the arena of high achievement.

The timid and weak that are lost can
well be spared. The brave who win
the fight are saved for great and noble
things.

How to get votes to win a place in the BULLETIN'S \$2000 Contest

The Bulletin office has been asked a hundred times in the last
week, by contestants and their friends, for a list of its subscribers.
This cannot be granted, as it would be unfair to the persons not
having the list. The real, live, earnest prize-winning way is for
contestants to solicit votes from ALL their friends—if they already
take the paper (which is likely), then their votes on old subscrip-
tions may be secured; if they do not now take The Bulletin, it is
up to the vote-hunter to see they subscribe at once, thereby getting
the needed vote coupon and placing in the hands of the new sub-
scribers the best newspaper publish in the Territory of Hawaii.

The prizes are a \$1400 REO TOURING CAR, 16 horsepow-
er, seating five people. The Second Prize is a \$350 KROEGER
PIANO; Third, a \$5000 INSURANCE POLICY; Fourth, A
SILVER PUNCHBOWL; Fifth, a \$40 STORE ORDER;
Sixth, a DOMESTIC SEWING MACHINE; Seventh, a
LEATHER GOLF BAG AND SET OF STICKS; Eighth, a
WINCHESTER REPEATING RIFLE; Ninth, a SOLE
LEATHER SUIT CASE; Tenth, a KODAK DEVELOPING
MACHINE.

Votes may be had as follows:

For New Subscriptions.	Votes.	For Old Subscriptions.	Votes.
Daily, 1 year	\$8.00 3500	Daily, 1 year	\$8.00 3000
Daily, 6 months	4.00 1500	Daily, 6 months	4.00 1200
Daily, 3 months	2.00 750	Daily, 3 months	2.00 600

Weekly, 1 year	1.00 425	Weekly, 1 year	1.00 400
Weekly, 6 months50 200	Weekly, 6 months50 175

THE BULLETIN'S TEN PRIZES are of interest to ev-
erybody, and everybody is given an opportunity to win them.
POPULARITY AND VOTES will win in this contest—
NOTHING ELSE CAN.

Yale Would Ride Depew On a Rail

Chicago, Feb. 21.—Senator Depew was scored severely by Robert R. McCormick, who spoke at the Washington birthday celebration of the University of Chicago, in Mandel Hall today. McCormick reviewed the corruption in politics brought to light recently and paid his respects to Depew in the following words:

"While I was in Yale, undergraduates wished to learn something about practical politics, so we cast about for some one to enlighten us and secured Chauncey M. Depew, United States Senator and member of the Yale corporation. He came down and discoursed most eloquently. We cheered him, put him into a carriage and dragged him over the campus. If he were to return to Yale today, they would drag him over the campus again, but this time on a rail. He is safe now only among his own kind in the Senate. We graduates of Yale who are in politics are working to erase the stigma placed by Depew upon our alma mater."

In closing the speaker said the burden of saving the nation rested upon the educated man.

DRUG THE FLOWERS.

Ithaca, N. Y., Feb. 20.—Cornell horticulturists believe they have made a discovery which will revolutionize the present methods of raising plants and vegetables. A series of successful experiments in the past few days show that flowers and vegetables can be drugged into existence. They are put into airtight dens filled with ether for twenty-four or thirty-six hours, until they become so permeated with the fumes that they mature in about one-half the time it takes to develop naturally.

Lilies, for instance, will bloom at least ten days sooner under this treatment than when they develop naturally or by the ordinary means of forcing. As will also azaleas and rhododendrons. Easter lilies in twenty-four hours have put forth magnificent blooms with the help of warm acetylene light at night, and narcissus plants have doubled the size of their flowers after spending a day and a half in the den.

FORFEIT THE FRANCHISE.

Chicago, Feb. 17.—Assistant Corporation Counsel MacLain Hoyne today submitted a report to Mayor Dunne upon the litigation now in progress between the city of Chicago and the Chicago Telephone Company, in which he urged that the franchise of the company be forfeited to the city.

LIKED THE SCHOOL

PROBATIONARY OFFICERS AND INDUSTRIAL SCHOOL.

TALK TO THE BOYS—FIRE DRILL EXHIBITION—WHAT THE BOYS DO AND WHAT THEY EAT.

Probationary officers who made the trip down the road to the Industrial School at Waialeale Monday are very enthusiastic over the good appearance of the institution and the work done there.

The party was made up of Senator C. H. Dickey, the father of the Juvenile Court law, L. A. Dickey, Rev. A. B. Turner, P. L. Horne, P. W. Ryder, J. A. Rath and Father Stephen. They arrived by the 9:15 train from town and were most cordially greeted by Mr. and Mrs. Gibson who had prepared a sumptuous lunch, largely made up of fruits and products grown by the boys of the school. After being shown through all the buildings not excluding the pig sty, which was perfect in its appointments, the party prepared to witness the fire drill.

At the sound of the bugle alarm the boys who were working at their several tasks about the ground, responded with the promptness of the best fire company. There are two companies, A and B. In this contest Co. A won. In less than two minutes from the first alarm blast Co. A had its ladder up on the two story dormitory, the boys were on the roof and the water flowing full force.

After this exhibition the boys were lined up and photographed by J. A. Rath. Then the visitors were called upon for a few remarks. Fr. Stephen being the first, said that the probationary officers had been agreeably surprised with the excellent condition of the school. Under the new law delinquents were placed under probation for a time, and no doubt had some of those now in the school this opportunity they might have straightened out without going to the school. They should not regret the time spent in the school however, for the opportunities some had there were better than they could obtain amid their old surroundings. If they would avail themselves of these opportunities they should take a prominent place in society.

Rev. A. B. Turner told the boys that the visitors came not as enemies but as friends ready to do anything for their welfare. You are all future citizens of the Territory and when you come to vote you cannot do better than vote for Senator Dickey, the father of the Juvenile Court law. Mr. Turner said that next June the Boys' Club would camp near Waialeale where they would play a match game of ball. Senator Dickey told the boys that he worked very hard to get the Juvenile Court bill through the Legislature, its object being to keep the boys from going astray. Those who were willing to reform had a chance to do so.

As Senator Dickey was closing his remarks the members of the party began looking at their watches and it was a race to the train. As the guests left, the boys gave them the Industrial School yell: "Waialeale, Waialeale! We do our work and enjoy our play. Whoop! Whoop! Hooray! Hooray!"

Mr. Ryder had the largest number of acquaintances among the boys, ten having been sent from his section. Senator Dickey had one and Judge Dickey one. Father Stephen acted as press agent and did the task well.

ENERGINE

Lihue, Kauai, H. T., February 9, 1906.

Messrs. E. O. Hall & Son, Honolulu.

Gentlemen:—Yours of February 9th to hand, inquiring how I liked the fuel "Energin." I would say that this fuel after eight months use has given me entire satisfaction, and has proved to be all that is claimed for it. My average per gallon of "Energin" is twenty-five miles, with gasoline it was about fifteen miles. The best run I have made with "Energin" was twenty-nine miles to a gallon, this run was made under very favorable conditions. What pleases me most, is the increased power which "Energin" gives, hills that my runabout would only take on the low speed with gasoline, now takes them on high speed with no trouble. The spark plug has been in service for the past six months and has never given me one moment of trouble. I took it out the other day to show a gentleman from Honolulu, and he was surprised at its perfect condition. I cheerfully recommend the above fuel to all users of autos.

Yours very truly,
JOHN A. HOGG,
Manager Kauai Telephone Co.

exercise its pernicious influence on the minds of the jurors. That the quotation was correct was, however, admitted by Judge De Bolt in a statement he made to a representative of another paper.

When Kinney saw the article yesterday afternoon he immediately accused the attorneys on the other side with being responsible for its origin for the purpose of influencing the minds of the jurors.

Counsel for the plaintiff, Magoon, Lightfoot and Stanley, strongly represented this statement. They denied Kinney's charge, said they did not want the case to go to the jury with this slur cast on their side of the case, and demanded that Kinney prove his allegations.

The matter was taken up as soon as the court convened this morning. Judge Hopkins was called on the witness stand. He testified that he had seen H. W. Kinney, a Bulletin reporter, under the court room yesterday, and have a short conversation with Geo. E. Sabin, an expert stenographer, who has been attending the hearing for purposes of practice.

Hopkins did not know what was the subject of the conversation.

H. W. Kinney was called next and examined by W. A. Kinney. The reporter, stated, in answer to questions from the attorney, that he had written the article in question. He had received his information from Geo. E. Sabin. He had entered the court room shortly before noon and had been spoken with Sabin, who was already in the room, having been attending the case for some time.

Judge De Bolt asked if Sabin was already in the room when the witness entered and engaged in conversation with him. Kinney said he was. "I withdraw the accusation," said Attorney Kinney. "I am pleased to be relieved of the feeling that I had received unfair play from the other side. And I wish to withdraw any remarks that I made in consequence of it," said Magoon.

Judge De Bolt instructed the jury not to regard the quoted statement, the angel of peace again hovered over the assembly and the argument proceeded. The case will go to the jury this afternoon.

LAW DEMANDING FEE.

(Continued from Page 1.)
himself, either publicly or privately, as prepared or qualified to so practice, without having first obtained from the Treasurer under seal of his department, a license in form and manner substantially as in this chapter set forth. Such license shall be granted only upon the written recommendation of the Board of Health.

All licenses to practice medicine or surgery granted by the Minister of the Interior upon the recommendation of the Board of Health, and in force on June 8, 1896, shall remain in force, subject to the provisions of this chapter. The Legislature has said in plain and unmistakable words that any one getting a license under the amending Act shall pay an annual fee of \$10, and has failed to provide that those who held licenses prior to the enactment of the amending Act should be treated in the same manner. It will be seen that only the first paragraph of Section 1968 was sought to be amended, leaving in force by the second paragraph all licenses issued prior to June 8, 1896. And even if the amending section were treated as running from the time of the original enactment, namely June 8, 1896, still those licenses then in existence and issued prior to that date would not be affected by the requirement of an annual fee of \$10. Thus, there is a discrimination between the holders of licenses under the amending Act and the holders of licenses issued prior thereto. Therefore, it is clear that that portion of the amending Act providing that "no licenses shall be granted under the provisions of this section unless the applicant shall pay an annual fee of \$10" is invalid and void.

It is unnecessary to pass upon any of the other questions argued. The appeal is sustained, the judgment of the District Court reversed and the defendant discharged.

M. F. Prosser, Deputy Attorney General, for the Territory; C. F. Clemons (Thompson & Clemons on the brief), for defendant.

temporary injunction issue forthwith pending the preparation of the answer and the consideration of the merits of the bill. Ashford said that if Peacock was now ousted on temporary injunction he would have a hard time to regain possession, as even if he gained a decision the other side would have possession. This whole thing might be a scheme for this purpose by the Garvie faction.

The court allowed the continuance of the matter until 10 o'clock tomorrow. An order directing W. C. Peacock to appear at 2 o'clock this afternoon to show cause why a temporary injunction should not issue against him restraining him from acting as manager of Peacock & Co., was signed this morning by Judge Lindsay upon the petition of J. G. Rothwell.

Rothwell shows in his petition that for many years he has been peaceably in possession of and done his duties as manager of Peacock & Co. Yesterday, however, at about 7:15 a. m., Peacock, accompanied by A. A. Rosehill, entered the office, forced the lock of Rothwell's desk, opened it, and has since then remained in the office.

While in possession Peacock and his forces are alleged to have done great deeds of valor. They attempted to forcibly eject E. A. Mott-Smith, did eject R. B. Anderson, forcibly prevented Alex. Garvie from entering the office, and attempted to eject, by force, T. R. Weight and S. M. Ballou.

It is further alleged that Peacock claiming to be manager, took possession of the keys of some of the entrance doors and threatens to change the front door locks so that only he and his adherents will have the keys. Rothwell shows that Peacock is not the manager. Peacock claims to be such by virtue of an election by a purported directors' meeting which took place last November, and at which T. R. Lanning, Andrew Brown and Peacock were present. Rothwell claims that at that time Brown and Lanning were not directors, and that Peacock's election was therefore void. This contention is based on the by-laws of the corporation and also on a bill filed in court by Peacock in October, 1905, in which Peacock made the sworn statement that there were only four legally elected directors, namely, Peacock, Brown, Weight and Auerbach.

It is further shown that on account of Peacock's actions the business is practically at a standstill, that Peacock refuses to allow Rothwell to act as manager, and that the corporation is suffering irreparable injury in consequence thereof. Rothwell asks that a decree be entered commanding Peacock to desist from acting as manager and interfering with Rothwell's man-

LIHUE'S LITTLE FROLIC.

Lihue, March 5.—It seems that the little that Lihue people are preparing for Saturday is attracting attention even in Honolulu. The lawyers, who are coming up for tri-annual harvest at the court term, are reported to intend bringing their ladies along. Mysterious packages keep arriving by every boat and are carefully hidden away from sight. The sale of tickets is quite brisk and proves that nobody wants to take the risk of finding the house sold out. The grand march before the Bar of Judgment will begin promptly at 8 o'clock and as nobody wants to miss the chance of being awarded the prize for the best costume, all will be pretty sure to be on time and a brilliant pageantry be assured from the start.—Garden Island.

GEAR WANTS ANOTHER CHINAMAN SET FREE
Judge Gear and S. F. Chillingworth this morning presented before Judge Lindsay a motion to discharge one Choy Look, charged with aiding the maintenance of a lottery, on the grounds that there was no sworn complaint against the defendant. Gear showed that a sworn complaint was necessary, otherwise the officials might with impunity charge any man with any offense they saw fit, and the defendant would, in such a case, when he was discharged have absolutely no redress in the way of an action for false imprisonment or malicious prosecution, as no one had sworn to a complaint against him. After hearing argument by Gear and County Attorney Douthitt the Court took the matter under advisement.
