

MAKE ALIENS PAY ALL SCHOOL TAX

DEMOCRATS HAVE A RADICAL TAX PROPOSITION

ALSO PLAN TO PLACE TAXATION AND ASSESSMENT MATTERS IN THE HANDS OF THE COUNTY GOVERNMENTS—PLAN TO RAISE THE SCHOOL TAX AND MAKE ALIENS PAY IT ALL—ASK FOR CITIZEN LABOR.

Democratic members-elect of the school tax from \$2 to \$7, and exempting voters from the payment of this tax. This would increase the personal taxes of non-citizens from \$5 to \$10, and assist the school fund in a corresponding ratio.

Again, a joint resolution to Congress was decided upon, asking that a law be passed requiring the employment of citizens only on United States government work.

Two bills favorably considered were: The first providing a sinking fund for loan redemption; second, redeeming the sewer bonds and assessing the cost of sewerage upon the owners of abutting property.

A second joint resolution to Congress asks for the purchase by the United States of all vested rights in deep-sea fishing, and the turning over of the same for the benefit of the citizens at large.

The election law was also discussed, but no definite action was taken. Another meeting will be held on Friday evening.

HURRY PEARL HARBOR ROAD

It is not the intention of the Pearl Harbor Traction Company to let grass grow under its feet. All of the details of rights of way have been settled, and preliminary work of taking charge and starting work is now only a matter of a short time. There will be a meeting of the stockholders, probably on Friday, at which the work as so far mapped out will be formally approved.

C. G. Ballentyne, the superintending director, expects to sail by the Korea on February 20 for the east where he will purchase and hurry forward material required for the road. As this will not take long, track laying will likely begin in two to three months.

Army and navy people are as anxious about the completion of this system as are city folk. It is their desire, and the intention of the company, to reach Pearl Harbor before work there is in full blast.

MANDAMUS DEFERRED

THE CASE BETWEEN MAYOR AND SUPERVISORS GOES OVER TO LINCOLN DAY.

The mandamus suit of Charles Coster against City and County Treasurer H. H. Trent, to compel the respondent to pay a warrant of salary voted by the Board of Supervisors, was continued by Judge Robinson until 10 o'clock Friday morning owing to the absence of E. M. Watson, of counsel for respondent.

No doubt it will have to be further continued, for Friday is Lincoln Day, a national holiday by Act of Congress. There is no chance therefore of the controversy between the Mayor and the Board of Supervisors involved in this suit reaching the Supreme Court this week.

GUNS IN A GALE; MAST SHAKEN OUT

TRANSPORT WIRELESS THAT LURLINE LOSES AND REGAINS HER TOW—BARK MOHICAN, WITH PEARL HARBOR ORDNANCE, IN DANGER OF DUMPING HER PRECIOUS FREIGHT—ARRIVAL EXPECTED ON SUNDAY OR MONDAY.

Came a lightning message from the transport Sheridan telling of fearful weather at sea. The Sheridan does not say she was in the midst of the terror, but she passes along a spark from the Matson S. S. Lurline which conveys intelligence of a gale that has partially dismasted the bark Mohican and which threatened to land on the bottom of the ocean the great guns destined to defend Pearl Harbor.

At 9 o'clock last evening, or thereabouts, the long-distance wireless station at Kahuku, this island, received a message from the Army transport Sheridan to the following effects:

"The Matson steamship Lurline, Captain Weeden, now two hundred and fifty miles astern of us, and towing the American bark Mohican, reports that the Lurline's towline, dragging the Mohican, carried away on Saturday night last, and that the bark lost one mast, the steamship standing by all night in a heavy gale, picking up the Mohican again on Sunday morning. The Lurline will probably arrive at Honolulu on Sunday or Monday with her tow. We expect to reach port early Saturday morning."

The story of the wireless from the Sheridan is simply told, but when it is remembered that the bark Mohican is carrying two immense guns for Pearl Harbor defense, weighing fifty-seven tons each, and a lot of ammunition and other ordnance freight in addition, it may be imagined that when the towline carried away and the bark was partially dismasted in a gale,

she had no easy time of it. If either one of the fifty-seven-ton guns, or both, got loose in the Mohican's hold, even if they did not go through her bottom, they would cause the good bark to roll tremendously. The wireless, not going into details, throws no light on the immediate cause of the Mohican losing a mast and does not even specify what mast was lost. The Lurline, too, is bringing ordnance and other military supplies and the pair of them have a mighty precious consignment.

The bark Mohican is a veteran and none too recuperative. The story of how she was dismasted will be awaited here with intense interest. The Lurline sailed from San Francisco on February 5, at 3 o'clock in the afternoon, with the Mohican in tow, the idea evidently being to hurry the delivery of the guns and other ordnance.

Judging from the meager wireless information the towline must have parted early in a heavy gale, while in the storm the Mohican lost a mast either through the force of the blow or through shifting her awkward cargo, the guns possibly breaking their confinement below and tumbling about among other cargo. Necessarily the Lurline stood by and got a line on the bark as soon as the weather sufficiently moderated.

The storm encountered by the Lurline and Mohican, if not the Sheridan, was perhaps the continuation of that which hit Honolulu about that time and which was characterized here as an unusually severe electrical storm.

MORTGAGE ALLOWED

FOR \$9,000 ON HOLT PROPERTY—PROBATE AND DIVORCE MATTERS IN COURT.

Judge Robinson granted the petition of Helen A. Cushingham, guardian of the Hilo minors, for leave to mortgage the property of the wards for \$9,000 to pay off certain mortgages and to provide funds for expenses of the estate. The guardian's eighth and ninth annual accounts were approved.

Following a hearing of several days, Judge Robinson gave judgment for the defendant in the suit of Alexander Lazarus against Lena Grace Rosewarne, a bill to declare a trust.

James J. Harvey, guardian of his four minor children, was discharged by Judge Robinson. All of the money has been expended and the father is keeping the children out of his own resources. Their late mother was a daughter of the late Louis Adler.

Judge Lindsay granted the petition of F. A. Schaefer, one of the executors of the estate of August Dreier, deceased, to confirm his action in transferring a life insurance policy to W. L. Castle.

Henrietta Amochiona Kellimunama was appointed administratrix of the estate of Goo Tai Hing alias Akai Huna under \$400 bond by Judge Robinson.

DIVORCE CASES.

Judge Robinson granted a divorce to Martha Hanapi from Charles Hanapi for cruelty and non-support.

Oliver Mathews denies the allegations of cause for divorce in his wife Eva's libel.

THOROUGHLY TESTED.

Chamberlain's Cough Remedy has been examined by eminent analytical chemists who certified that it contained no narcotics. It is not only a safe and harmless medicine but the best in use for coughs, colds and croup. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

INSANITY TESTIFIED

DEFENSE OF GEORGE KALEIKINI FOR WIFE MURDER WAS CLOSED THIS MORNING.

Dr. N. B. Emerson, physician to the police station, testified that George Kaleikini, on trial for murdering his wife, was a subject of epileptic insanity.

W. C. Achi, attorney for defendant, rested the defense at 10:35 this morning. City Attorney Cathcart then put on evidence in rebuttal, after Judge De Bolt had denied a request by Mr. Achi, because not made at the proper time, that the court and jury visit the premises.

Before the conclusion of his case Mr. Achi persisted, under objections and adverse rulings, in what amounted to a cross-examination of his last witness. This was the sister of the victim, who had been a witness for the prosecution. She was present when Kaleikini shot his wife.

There was a burst of laughter from the jury, with smiles all around, while the attorney was having the witness, with Bailiff Hopkins and Detective Lake as lay figures, show the relative positions of Kaleikini, his wife and the witness at the instant of the shooting. After fending off a series of objections Mr. Achi was asked by the court to repeat his last question.

"I forget what I asked, there were so many interruptions," he plaintively confessed.

When the mirth had subsided Stenographer Horner was directed by the court to come to the attorney's rescue with the forgotten question.

K. YAMAMOTO.

Wholesale Merchant on Hotel street has received the largest consignment of Japanese goods which he is disposing of at very reasonable prices. Mr. K. Yamamoto is always the first man to import the first crop of goods from Japan, and we can promise the best of treatment from this popular merchant.

HAS A FIT IN COURT

INSANITY DEFENDANT STARTLES JURY BY HAVING SEIZURE DURING TRIAL.

George Kaleikini, pleading insanity in defense for murdering his wife, having the benefit in that connection of Dr. Emerson's testimony that he is epileptically insane, together with the exhibition of epilepsy given by his mother a few days ago just outside the courtroom, today gave object evidence in court to his claimed infirmity. Whether the tremendous fit he threw was voluntary or involuntary perhaps the jury will decide, for the exhibition was in their presence, and they may be aided by Dr. Collins who was called in after the man had been in violent throes for twenty minutes. At all events the moment was the psychological one.

It was when a witness in rebuttal of the insanity theory was undergoing examination, at half past eleven o'clock, Jurors had observed something uncanny adding to the sinister look in the defendant's eyes, that during the trial had been almost constantly set in a straight ahead gaze into vacancy.

All at once Kaleikini sprang out of his chair alongside of Attorney Achi and emitting an unearthly yell whirled about and dashed out of the door.

Court officers sprang after and grappled with the seeming maniac, while his yells brought people from both floors of the Judiciary building to the scene.

Brought back to the room struggling Kaleikini flung himself to the floor, where four men held him down by the arms and legs. Someone had a vial of ammonia and drops of the pungent stuff were let fall on the man's nose but without making him either more or less violent.

Kaleikini rolled his head from side to side and desperately tried to wriggle his limbs free of restraint. Stertorous and rapid breathing, full two respirations to the second, was accompanied at short intervals with screaming exclamations, sometimes repeated over and over.

"Go, go, go-o-o," he would yell, changing to "Helema!" (come to me) and "Come."

Dr. Collins watched the man's action for a few minutes, making a manual examination of the muscles of face and neck, also looking into his eyes. Then the doctor called City Attorney Cathcart outside for a consultation.

When the exhibition had lasted ten or fifteen minutes a detail from the police station arrived with the patrol wagon. The policeman in charge was about to handcuff Kaleikini but was prevented by those holding him. After twenty minutes from the seizure had elapsed, the man was raised to his feet and in a stooping posture led outside and placed on a bench in the clock tower corridor. While being given a breathing spell there before his removal downstairs to the patrol wagon he emitted a few more blood-chilling screams.

Bailiff Hopkins, Detective Lake, Clerk Marcellino, who had run in from Judge Lindsay's court room, and a policeman who had run from the Judiciary clerk's office, were the men who held Kaleikini down most of the time. Opinions of the spectators varied as to whether the fit was faked or genuine.

The case of the two Port Shafter soldiers charged with holding up and robbing J. E. Rodgers, the painter, a few nights ago, will come up in police court tomorrow morning. Officers at Port Shafter have engaged United States Attorney Breckons to defend the men.

13	11:23	1:6	8:47	3:20	11:42	6:33	5:58	0:18		
14			10:35	4:20	7:27	6:30	5:59	1:14		

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Honolulu standard time is 10 hours 20 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m. which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

THE LOG-BOOK

The Asia may arrive here Friday from the Coast, as she is fairly fast. She is not really due, however, until Saturday.

The barkentine Irmgard will not get away for the coast until early next week, she having to wait until about Sunday for the balance of her cargo.

Sampson poles, to be used for steadying the dredgers while at work at Pearl Harbor, were brought by the Robert Lewers.

Captain Underwood, of the Robert Lewers, remained behind this trip on account of the bad health of his wife. He expects to come out next trip. Captain Alwen, the present master of the Lewers, has been on a vessel plying between the Sound and Alaska.

The Likilike, which should have sailed 5 o'clock yesterday afternoon for Hawaii ports, failed to get her cargo aboard and was obliged to wait over until this morning. She got away about 8:30.

Purser Chaney, of the W. G. Hall reports the following sugar left on Kauai: P. 4,170; H. M. 3,600; K. P. 2,860; Hakee 25,000; K. S. Co., 600; K. S. M. 4,300; V. K. 1,500; G. R. 8,685; McBryde 24,658; Diamond W. 700.

Full as she can hold, the ship Wm. P. Fry will spread her white wings tomorrow for Delaware Breakwater. She will strike the Horn in the early autumn and should be safely toward the tropics again before the winter comes to the South American coast.

The freighter Hyades will sail at 5 o'clock this afternoon for Kahului where she will discharge freight and pick up sugar. From there she will go to Eleale, thence back here and will sail direct from Honolulu on the 16th.

Both the Helene and Nihau, of the coasting fleet, sailed at noon today for the northwest Hawaii coast. The weather is fine up there now and they will probably be able to work rapidly and return by the last of the week or Sunday.

An arrival this morning was the W. G. Hall from Kauai ports, reporting fine weather throughout cruise. She brought several passengers and the following cargo: 5500 bags sugar, 148 bags taro, 11 gas drums, 48 wine barrels, 11 beer barrels, 34 car wheels, 25 ca. honey, 15 ca. wax, 1 bull, 1 horse, 50 packages sundries.

The dredger Reclamation will be towed to Pearl Harbor next week and will be followed a very few days later by the dredger Governor. Both will begin work before the end of the month. Superintendent George Denison has taken full charge of the work there.

Commodore Charles L. Tutt, who was here in charge of the Anemone in the first trans-Pacific yacht race, died in New York on January 21. While in Honolulu the Commodore entertained and was entertained by many people. He was a very wealthy man but had been in poor health a number of years.

Mique Fisher's All-Star baseball team was the leading attraction at the Tenyo Maru prior to the sailing of that vessel last night for the Coast. Most of the baseball fans and many other friends were down to see the boys off.

It was all of 5 o'clock yesterday afternoon before the British tram steamer Elveston tied up at the Bishop wharf, although she was reported before noon and was in sight all of the afternoon. For a long time she was thought to be the Japanese tramp Kitakata Maru, which is overdue. The Elveston brought 5372 tons of coal consigned to W. G. Irwin & Co. but for the I. I. S. N. Co. After discharging the tramp will return to Sydney for a new charter.

SLEEPLESSNESS

You will have no difficulty in procuring rest and sleep if you will let Dr. Miles' Nervine soothe and strengthen the tired, agitated, weakened brain nerves. So long as they remain in this condition, you will be restless, irritable, melancholy. You are welcome to your money back if first bottle does not help.

日布時事社

To ATTRACT THE JAPANESE TRADE advertise in THE DAILY NIPPON JIJI, the most popular and widely circulated evening paper among the Japanese colony.

A RIP-SNORTER

in the aggregation of successful mines around us is the great "Champion," a photo of which can be seen in our Prospectus, and which has a production record to date considerably in excess of \$13,000,000.00. It is mining now from the 2400-foot level, and affords another demonstration that the formation in our district is exceptionally regular and particularly conducive to deep mining operations. The "Champion" owns an immense plant, having enlarged its milling capacity several times to handle its increasing ore tonnage. And if we have our case sized up just right, as we are sure we have, it will be necessary for us to expand the "Mayflower" Plant also, in due time, for exactly "Champion" reasons. In the meantime we are going after a record with our present 20-Stamp equipment which can handle 80 tons of ore a day and grind out minimum dividends, according to our figuring, of about 80 per cent per annum to the Stockholder who secures his holdings at 25 Cents a share.

This is an investment which you should glare into at once. You'll find it will look better to you the more you investigate it, and the better you get acquainted with it. You cannot get away from the absolutely proven and convincing facts about the "Mayflower." There is not a single question you can ask about the proposition which cannot be answered to your full and complete satisfaction. The property and its record are there to speak for themselves. The Mine has a production at its credit to date of nearly One Million Dollars; in equipment of all kinds it is second to none in the district; it owns more timber than it will ever need for uses of its own; it controls its own waterpower, a very valuable asset; its 160 acres of ground are held under the U. S. Patent title; it has the raw material in the shape of eight quartz veins and an auriferous gravel channel, and facilities for the cheapest and most scientific method of mining the goods. If this is not a genuine gilt-edged proposition for even the most cautious and sagacious of investors, then we never heard of one. Grab hold of some stock, while the price remains at 25 Cents. But get a hump on yourself and be speedy, for it will cost you 35 Cents by the dawn of March 1st. Play ball today. BUY "MAYFLOWER" STOCK. BUY IT NOW!

THE EVACUATION OF CUBA

HAVANA, January 28.—Cuba again is free. With bands playing Cuban airs till his ship was beyond hearing, Governor-General Charles Magoon sailed away today, leaving President Gomez in charge of the island republic. A pretty piece of sentiment was brought out when Governor Magoon departed. He had requested that the band play Cuban airs instead of American, and all the way to the steamship dock the route was lined with cheering people, while the band played the Cuban national hymn.

"Please continue that music until the ship is out of sight of land, for I love this island, not as an American, but as a Cuban," said Governor Magoon just before his ship sailed away.

CUBANS UNCOVER.
An immense crowd stood with bare heads in the Plaza de Armas, facing the palace, when President Gomez stepped out on the palace balcony and took the oath of office from the Chief Justice of the Supreme Court. The president was surrounded by the dignitaries of state and members of the diplomatic corps and the special envoys in brilliant uniforms. There was little or no cheering from the holiday throngs lining the thoroughfares over which the inaugural procession passed, the Cubans contenting themselves with raising their hats as a joint salute to the new president and the departing American governor.

One of the first ceremonies this morning was the placing of a wreath on the tablet marking the house in which Jose Marti, the Cuban patriot, was born. **MEMENTO FOR WASHINGTON.**

Next came the presentation of the new Cuban flag, which was raised on the flagstaff of the palace, marking the end of the American intervention. The Cuban flag has flown throughout this period, the American civil governor and the American army officer detailed to supervise the various governmental departments having really served throughout as Cuban officials. The old flag will be sent to Washington and placed in the national museum.

For the second time in history the United States has voluntarily withdrawn from territory which many of its citizens believe ought to be under American rule. The United States for a second time has kept its pledge to the world—a pledge that Cuba should be a free-self-governing nation.

Governor Magoon sailed away bearing with him the best wishes of practically every man on the island. He became governor on October 13, 1906, after the United States had landed 6,000 troops and taken military possession of the island a second time in order to prevent a bloody civil war.

FIRST EFFORT AT AUTONOMY.

Cuba's first effort at self-government ended in disaster and revolution. In 1906, with the victorious insurgent armies in sight of Havana, President Palma resigned, leaving the island republic in chaos. The American troops

were at once dispatched to the island. Secretary of War Taft proclaimed himself military governor. A few weeks later Governor Magoon assumed control.

Under Governor Magoon's administration the municipal, judicial and provincial branches of the Cuban government have been completely reorganized. Governor Magoon began from the ground and built on a broad foundation. He practically educated the Cubans in the art of self-government.

The United States has maintained about 6,000 soldiers in the island since the occupation of September 1906. So well did the American soldiers perform their work that not a single clash between Americans and Cubans occurred. The withdrawal of the American troops began six weeks ago and ended today.

THIS COUNTRY'S FRIENDSHIP.
WASHINGTON, January 28.—A message expressing hope for Cuba's success was sent by President Roosevelt to the president and congress of the Republic of Cuba today.

AN INJUSTICE DONE HIM.

Lady—Why don't you clean the snow off the pavement? I don't believe you want to work?

Hobo—Dat's where you do me an injustice, loidy. I remember de time when I pined for de sight of a snow shovel.

Lady—And when was that, pray?
Hobo—When I was down in Florida, loidy.

HEADACHE

Frequent, or periodical headaches, weaken the brain, and very often extinguish the light of reason. Dr. Miller's Anti-Pain Pills will cure headache quickly, by soothing the irritated nerves of the brain. They also prevent pain if taken when first symptoms of headache appear. 25 doses, 25c. Never sold in bulk.

Fire broke out again in the coal pile at the foot of Fort street yesterday afternoon. It was first discovered by a marine, who telephoned to the proper office of the fact. "Let 'er rip" came the reply, and the intention evidently was to "let her rip" for no heed was paid to the matter all night nor this morning. As much of the coal has been carted away, not much damage can now be done. This coal pile, by the way, seems to be either badly located or improperly set, for it has had fire in it almost from the day it was established.

The Marie Hackfeld also has her story of stormy weather, adding somewhat to the long chapter of such told by Pacific ocean vessels this winter. In a gale off the Lorn she lost some of her deckwork, and there was some damage to her cargo by rilling. Had she been an old, wooden ship in place of one of the very stoutest on the seas it would have been all-night with her without a doubt.

Fine Job Printing, Star Office.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

Letters to THE HAWAIIAN STAR should not be addressed to any individual connected with the office, but simply to THE HAWAIIAN STAR, or to the Editorial or Business Departments, according to tenor or purpose.

GEORGE F. HENSHALLMANAGER

WEDNESDAY.....FEBRUARY 10, 1909

Roosevelt's defiance of Congress has been in no case more striking than in his insistence upon the part-negro Crum as Collector of Customs for Charleston, South Carolina, whose confirmation, as reported by cable yesterday, is not to be attempted at this session of the Senate. For about six years now the Senate has refused to confirm him, but Roosevelt has simply commissioned him over and over again.

A recent magazine article on national secret services is interesting to recall in view of the British press agitation against Germany reported by cable a few days ago. The article plainly intimated that French money was the stimulant to the periodical outbursts of Germanophobia in the English newspapers. With honorable exceptions no doubt, the British press is mercenary. George Macfarlane discovered this fact when he negotiated the Hawaiian loan in London twenty-two years ago. He explained to the Government that a portion of the heavy expense was due to the necessity of paying a large sum for editorial exploitation of the loan in a financial journal.

What? Getting anxious about County and City finances already? The taxpayers, in the presence of the Great Boon, are willing to pay any price for it.—Advertiser.

Probably the Advertiser would rather discern recklessness than anxiety in the municipal government's attitude toward finances. "Already," however, applies to the earliest mention of finances at the board. It was realized from the beginning that there would be extraordinary expenses in starting the new system, a large portion of which is compulsory under the charter. That the Board of Supervisors should agree on the policy of keeping the expenditures within the revenue, no matter in what circumstances, is not a symptom of something wrong but decidedly the contrary.

All the movement for one-man-power and centralization in city government will likely prove to have been an ephemeral fad. In the few cities trying it the method is still a new broom that may sweep clean for a while.—Star.

As the one-man charter was made for Brooklyn half a generation ago—Seth Low being the first mayor under it—and as it has been steadily gaining since in municipal favor, the remark about its being an "ephemeral fad" begins to sound a bit antique.—Advertiser.

Yes, and Brooklyn today is as Nineveh and Tyre so far as municipal identity is concerned. It is a mere borough of the metropolis ruled by Tammany—as a rule.

SENATORIAL JIBES AT TEDDY.

Even the United States Senate allows a bit of time now and then for humor, and the discussion of proposed increases of salaries a few days ago gave Senator Rayner a chance to indulge in a happy bit of sarcasm at the expense of the President. "We are increasing things all along the line," he said. "It has only been a few weeks ago that the Smithsonian Institution appropriated \$25,000 to a great naturalist who is about to proceed to the jungles and forests of a distant continent in search for animals that, so far as I have been able to discover, have never had any existence in all the periods of geologic time. This is not exactly germane to the subject—I will get to the subject in a minute."

Here the Senator was interrupted, and the following dialogue took place:

Mr. BORAH. I want to know if the Senator is a naturalist?
Mr. RAYNER. I am not a game butcher; but I am a sort of zoologist and naturalist both. I know something about zoology, and I know that there never has been any such thing on the face of this earth as a white rhinoceros or an orang-outang with a nose 3 inches long, that the President proposes to encounter, so far as my research of natural history extends.

Mr. BACON. Does not the Senator think it is very dangerous to express an opinion as to natural history?

Mr. RAYNER. I will ask the Senator from Georgia why he says that.

Mr. BACON. I decline to say why.

Mr. RAYNER. The Senator from Georgia is one of the directors of the Smithsonian Institution, and I should think the Senator would certainly not be afraid to express an opinion on natural history, even if I am.

Mr. BACON. I do not claim to be an expert. The Senator does.

Mr. RAYNER. I am an expert on this particular business. I will get to the judges in a minute when I finish this. I want to say that while there might be a doubt about the existence of these animals, there is no earthly doubt but that if they do exist they will be rapidly exterminated and annihilated at the hands of the great naturalist who is about to proceed to the African Continent. I want you to understand that I have no objection at all to his going. I think this donation of \$25,000 will be very conducive to the peace and welfare of the Nation, temporarily at least. I have no feeling about the money at all, and I hope that the President will achieve new triumphs in those distant fields of combat and of carnage. When he returns I believe that he will bring back to the museums and menageries of the world animals that have never yet crossed the track of any explorer and have never yet been mentioned among the classifications of zoology.

Here came another interruption, somewhat spoiling the point of the Senator's remarks, for Senator Bacon said: "It is not true that the Smithsonian Institution devotes a dollar to that expedition. It is true that the expedition is, in compliance with the request of the President, to be under the auspices, as it were, of the institution, but the money is procured from private sources, and not one dollar is appropriated from the funds of the Smithsonian Institution or from any amount appropriated by Congress."

REVELRY TO REIGN WASHINGTON NIGHT

The gods of trade and the spirit of merrymaking willing, revelry will reign in the heart of this city on the night of Washington's Birthday, one week from next Monday, February 22.

It is planned to draw forth the democratic and cosmopolitan crowds, to get men, women and children into the streets with as many of them as may desire attired in fancy, freaky, striking and entertaining costumes, or disguises, and have as many who feel so inclined armed with confetti, chopped paper, unlimited paper tape and similar harmless missiles, all such wicked weapons as flour, talcum powder, tooth-powder and firecrackers being strictly prohibited.

It is expected that merchants and other business men on Fort between King and Hotel, on Hotel between Fort and Bishop, on Bishop between Hotel and King, and on King between Bishop and Fort, will decorate their stores, put up as many extra lights as they can afford, keep their places open and, perhaps, induce their clerks to enter into the joy of the occasion with costumes and merry jests and confetti, all to add to the festivity of the occasion. Here, also, is an opportunity for business men to advertise, for they will not be permitted to put any trade flags or other ads in the floral parade. What they can't do in the parade they may do at night. They can send out freak sandwich men, shout their wares through megaphones, sing the praises of their goods from the front doors of their shops through the mouths of quaint clubs, or otherwise use their ingenuity to proclaim the superiority of their effects to the populace and at the same time increase jollity.

The Floral Parade this year is to be photographed as it never was before. Arrangements are now being made for having several photographers stationed at vantage points in the Capitol grounds to take pictures of every individual vehicle which will take part in the procession. Preparations are being made to do this work very expeditiously. Besides this, R. K. Bonine

will have a place arranged just opposite the King street entrance of the Capitol grounds, from which he will take moving pictures of the procession as it starts. He will then be hurried out to Kapiolani park, where he will take another picture as the parade passes in review. He also hopes to be able to take a number of panoramic views with his new style panorama camera, with which he has already done some splendid work.

Director T. H. Petrie is again urging that persons who contemplate taking part in the parade let the fact be known as soon as possible to the chairmen of the various committees. A large number have already done so, but many have not, and it is very important to get some approximate idea of the size of the procession in order that preparation may be made for taking care of it. Only one week remains after this, and delay should not be made longer than necessary. J. M. Dowsett is chairman of the automobile committee; G. F. Bush, of floats; Frank Armstrong, of carriages; Manuel Peter, of bicycles. Notification should be made to one or the other of these persons.

Mrs. Vivian Richardson, of Waianae, a most skilful and handsome rider, has consented to take the place of Mrs. Harry Holt, as Oahu's representative, in the event Mrs. Holt is prevented from taking part on account of her health, as now seems probable.

Some time next week Tom Sharp, who is very busy on the prize banners, pennants, etc., expects to have the entire lot finished and placed on display in some prominent show window. They are going to be especially handsome this year. The silver souvenir badge for the Hawaiian Princesses, which was designed by Mr. Sharp, is now being executed by a local silversmith. It is in the shape of a horseshoe, pendant from a silver bar. It will be embellished with the praises of their goods from the front doors of their shops through the mouths of quaint clubs, or otherwise use their ingenuity to proclaim the superiority of their effects to the populace and at the same time increase jollity.

ARE STILL COMING IN

CALIFORNIANS TELL OF INCREASE OF JAPANESE AND WILL INSIST ON EXCLUSION.

WASHINGTON, D. C., January 22.—There was less Japanese talk around the White House today than at any time in the last few days.

The most warlike man around the building was Secretary Strauss. He is not satisfied with the suspicious of the California people that the figures of his immigration department as to Japanese decreasing in this country in the last six months are incorrect.

"I stand by my figures," he asserts. "They are absolutely right, and I can prove that they are by any commission the California people will send here."

"Away with the figures," said Californians. "We know what the facts are. We don't see any decrease and we don't believe there is any."

Secretary Strauss again repeated to the President at the cabinet meeting today his confidence in the accuracy of the immigration figures. He says that it is impossible for many Japanese to get across the Canadian or Mexican borders, and he is further satisfied that the immigration officers at the ports are not hoodwinked sufficiently to let any of them in.

The President seemed satisfied today that the outlook is better all around. The cabinet gave little consideration to the subject, at least not as a whole. Members of the cabinet began departing from the executive offices earlier in the day than in the past few weeks. If there was any serious talk it was with Secretary Root, who left about 12:30 o'clock, going to the District grand jury room to testify in the Panama libel suit.

All reports reaching the President are to the effect that Gov. Gillett has squatted heavily on the leaders in the legislature seeking to put through hostile legislation. With the legislature putting aside all enactments bearing on the question and postponing further consideration for two years, it is now hoped that agitation of all kinds will likewise be suspended.

CALIFORNIANS TALK TO PRESIDENT.

California citizens who saw the President today were ex-Mayor James D. Phelan, Dr. A. H. Giannini, chairman of the board of supervisors of San Francisco; Marsden Manson, another city official, and J. D. Galloway, civil

engineer. Their call was personal, but quite naturally the Japanese situation was discussed, the President earnestly presenting his views.

"The President told us," said Mr. Phelan, "that everything is being done by the United States and Japan to restrict the immigration of Japanese, and that he believed the decrease of this immigration would finally solve the problem if legislation should be left alone for awhile. The President said that he fully understood the nature of the opposition to the Japanese and the desire to restrict the ownership of lands in that state by certain aliens, but he refused to consider the Japanese in a class by themselves and insisted that any legislation in this respect should be directed against all aliens alike."

"He reiterated his opinion that the time is inopportune and premature to pass the law, especially until a fair trial has been given to the question of whether the Japanese are coming here in larger numbers than they are going away. He desired to see the Japanese here treated with the consideration their standing under agreement warranted."

"What is your view of the matter, Mr. Phelan?"

"I have no authority to speak for any one except myself, but the fact is that the California people cannot see that there has been any decrease in the number of Japanese, and I am afraid the situation will continue to be an aggravating one. The Japanese are crowding out the white man on the Pacific coast, pressing him to the wall by a system of low living that the white man can not get down to, and deteriorating civilization as a whole. We are inviting immigration of a good class of white people. We can't expect to have it under the circumstances, the facts of which are not appreciated in the east or where the Japanese are not present in large numbers. It is simply impossible for the two races to continue to live together and the question will have to be settled sooner or later."

GRAVE QUESTION FOR THE FUTURE.

"Is the situation in California as serious as would appear from the published dispatches and the activity of the administration in endeavoring to suppress the anti-Japanese legislation?" Senator Flint of California was asked today.

"Yes, and no," replied Senator Flint, reflectively. "I don't think there is any danger of a break with Japan at the present time. Neither do I think that any hostile legislation will be passed now by our legislature, but the question is one that will have to be dealt with in the future. There is no doubt that Japanese are still coming to this country in large numbers."

HUGE SUCCESS

The new Park Theatre is going full speed. Last night was the crowning glory for as great a success as ever attended an opening visited the Park. All evening long the crowds came back and forth and all were more than satisfied. The illumination of the trees, fences and interior was unsurpassable. The music was excellent being in the open air there was certain spice to the music which no interior could give. The pictures were of a superior quality, 9 in all they played havoc with the critics of the new amusement. The rendering was perfect, the pictures plain and not a hitch obstructed any part of the evening. The theatre is roomy, comfortable and realistic.

Mr. Werner's face carried a smile and he worked with a willing purpose to make everyone as comfortable as possible.

There is nothing tiresome in watching the pictures such as is found in inside theatres. No foul air no stifling and no uncomfortable heat. If the good work is kept up the Park will enjoy prosperity.

ARE STILL COMING IN

(Continued from Page Four.)

bers. I know that many people are giving out figures to prove the contrary, but the Japs are there, and their number is growing.

Senator Knox, who is to be Secretary of State in Mr. Taft's cabinet, is concerning himself with the Japanese situation with a view to becoming thoroughly conversant with the subject. He has consulted with Senators Perkins and Flint, and has also considered the question in conference with members of the committee on foreign relations. He regards the question as one of great moment, requiring infinite delicacy and tact in approaching a settlement. He considers the question one that cannot be disposed of at this time, and one that is liable to come to the surface again and again as Japanese labor comes into conflict with American labor on the Pacific coast.

TWO VALLEY LOTS SOLD

Marston Campbell, Superintendent of Public Works, officiated as auctioneer at noon today in selling two of the government lots in Nuuanu Valley. O. A. Steven, Morgan's auctioneer and real estate expert, was a bidder on this occasion and a game one to his limit. He butted in with a raise while J. R. Galt of the Hawaiian Investment Co. and Major George C. Potter were competing for the first lot. It soon became a duel between Galt and Steven. Finally each lot went to the Hawaiian Investment Co.

Lot 10, containing 37,100 square feet and having a frontage of 229 feet on the new road to the Pail, was sold for \$1340.

Lot 11, containing 16,010 square feet and having a frontage of 182.6 feet on the same road, brought \$705.

The old Pail road is the rear boundary of both lots.

BETTER BOULEVARD FOR HONOLULU

Tomorrow work will start on King street at Punahou and move toward town, for the repair of the main thoroughfare. The main city streets have now about been completed, as far as needed repairs are concerned, and tomorrow the suburban section of the King's Highway will receive attention. Kalakua avenue and the drive to the Moana Hotel and beyond will also be attended to and in a few weeks the main avenues of travel in this city will be in as fine condition as could be desired.

Chairman James Quinn of the Roads Committee of the Board of Supervisors is kept busy these days with rushing improvements.

At the earnest request of M. F. Prosser of counsel for the defendant, the trial of Moses Koki, former postmaster of Kamuela, Hawaii, has been put off until March 15. U. S. Marshal E. R. Hendry this morning sent a wireless message to Harry Holt, his office deputy, directing him to change the subpoenas for witnesses at Kamuela accordingly. He also sent messages to Hilo and to Robert Horner in Hanalei giving notice of the changed date. Counsel for Koki agreed to pay the telegraph tolls.

NOTICE.

All members of Geo. W. De Long Post No. 45 G. A. R. and visiting comrades are requested to report at Fraternity Hall, Odd Fellows Building at 8:30 o'clock a. m., February 12 for the purpose of taking part in the parade on Lincoln's birthday.

JOHN W. FRANCIS,
Post Commander.

Tourists Turnpike

A wrong impression has been created among the uninformed, by the statement in the morning paper that the Supervisors were alarmed at the alleged financial confusion in regard to the affairs of the City and County.

There is not a member of the Board of Supervisors, nor is the Mayor, worrying over the state of Honolulu finances. The only consideration in mind when Supervisor Quinn last night, at the Board meeting, suggested that the City and County go slow in the matter of appropriations and expenditures, was to have enough money left aside for the improvement, repair, rebuilding and perfection of about a half mile stretch of road between Laie and Kaneohe, on the windward side of this island, for the sake of making the tour of this island by tourists a happy event rather than a bumpy affair in an automobile. About \$12,000 will do the job and will remove from the circuit of the island what is at present a serious obstacle in satisfactory progress.

FRIDAY NEXT LEGAL HOLIDAY

The Congressional Record, arrived in the last mail, reports the passage of a concurrent resolution in both houses, making Lincoln's Birthday, February 12, a legal holiday in the District of Columbia and in the Territories. So Friday next is a legal holiday in Hawaii.

CLOSE LINCOLN DAY.
Governor Frear has given notice to the heads of departments of an authorization for them to close on Lincoln Day, February 12.

The James Makee returned this morning from Molokai. As stated some days ago by The Star, she went to Molokai to rescue a gasoline launch belonging to Eben Low and others, which had drifted ashore. She brought the launch to Honolulu.

Governor Frear has called Washington to inquire whether or not Lincoln's Birthday is a legal holiday.

SHERIDAN HAS NEXT MAIL

From out of the blue this morning came a wireless from the U. S. transport Sheridan, stating that she would arrive here Saturday morning from San Francisco.

The Sheridan did not state her position, or distance from Honolulu. She left San Francisco last Friday, and is bringing the mail up to the afternoon of that day. The Asia, which will also arrive Saturday or, maybe, Friday afternoon, will bring one day later.

LOOKING AHEAD.

Cook—I thought you swore off drinking on the first of the year?
Hook—So I did; I always do.
Cook—But you're drinking now.
Hook—Of course; if I hadn't sworn on again how could I swear off next year?

THE ROADS ARE GOOD.

There has been rain around town, enough to stop entertainment, but the road to Haleiwa has not been disturbed by it. The soil is hard packed, free from mud and dust in delightful contrast to what it was a few months ago. Manager Biddgood has had the hotel renovated so the guests are, if possible, more pleased with the surroundings than ever. The golf links attract a number of persons every Sunday and the men's place the public always. The fact that it is possible to secure liquid, as well as solid, refreshments at Haleiwa is appreciated. Manager Biddgood is a genial host and looks to the comfort of the patrons.

Mr. A. J. Oram of Seattle arrived by the S. S. Aorangi last Saturday to take charge of the Repair Work for the Office Supply Co., Ltd. Mr. Oram was here formerly with the J. A. M. Johnson Co., Ltd., a few years ago.

HIGH SHERIFF'S SALE NOTICE.

Under and by Virtue of a certain Writ of Execution, issued out of the District Court of the City and County of Honolulu, Territory of Hawaii, on February 4th, 1909, in the matter of Lau Tong, Plaintiff, vs. Chang Kau et al doing business as the Honolulu Carriage Co., a Copartnership, Defendants for the sum of \$32.40 I did on the 6th day of February, A. D. 1909 make a demand on Defendants through Chang Kau at Honolulu, City and County of Honolulu, Territory of Hawaii aforesaid, for payment of said Execution, and said Chang Kau having failed to comply with such demand, either in whole or in part, I did on the 6th day of February, A. D. 1909 levy upon, and shall offer for sale and sell at Public Auction, to the highest bidder, at the City Auction Company, Waverly Building, Bethel Street, in Honolulu, City and County of Honolulu at 12 o'clock noon of Friday, the 12th day of March, A. D. 1909, all the right, title and interest of the said Chang Kau, et al, Defendants in and to so much of the property hereinafter described as may be necessary to satisfy the said Writ of Execution, unless the sum of Eighty-two and 40-100 (\$82.40) Dollars that being the amount for which said Execution issued, together with interest, costs and my fee and expenses are previously paid.

PROPERTY TO BE SOLD.

All the right, title and interest of said Chang Kau et al in the following personal property:

1 wagon; 1 lot blacksmith tools; 1 lot carpenter tools; 1 blacksmith vice; 1 bench vice; 2 carpenter benches; 1 lot carriage rims, spokes and hubs; 1 drilling machine; 1 anvil; 1 small table; 1 clock; 1 lot hard wood; 1 lot carriage bolts; 2 jack screws; 1 blacksmith bellows.

Dated at Honolulu, City and County of Honolulu.

February 10th, A. D. 1909.
Terms Cash.

WM. HENRY,
High Sheriff, Territory of Hawaii.

BY AUTHORITY

ORDINANCE NO. 4.

AN ORDINANCE TO PROHIBIT THE CONSTRUCTION OR ERECTION OF BUILDINGS OR STRUCTURES DESIGNED OR INTENDED TO BE USED FOR LODGING OR TENEMENT HOUSES OR THE KEEPING OR MAINTENANCE OF THE SAME IN THE CITY AND COUNTY OF HONOLULU IN THE VICINITY OF PUBLIC SCHOOLS.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. No person shall construct or erect or cause to be constructed or erected in the City and County of Honolulu any building or structure designed or intended to be used for a lodging or tenement house or shall keep or maintain any lodging or tenement house, within 500 feet of any public school premises.

SECTION 2. Any person violating this Ordinance shall, upon conviction, be fined in a sum not exceeding \$200.

SECTION 3. The continuance of any violation of this Ordinance shall be deemed a new offense for each day on which the same is so continued.

SECTION 4. This Ordinance shall take effect from and after the date of its approval.

Date of Introduction Jan. 25th, 1909.

Introduced by

R. W. AYLETT.

Approved:

JOSEPH J. FERN,
Mayor.

February 9, 1909.

10th—Feb. 10, 11, 12, 13, 15, 16, 17, 18, 19 and 20.

SPORTS

MARATHON IS NOW ASSURED

After weeks of discussion the Marathon race has finally taken definite shape.

At a meeting of those interested, held yesterday afternoon in the roof garden of the Young Hotel, it was decided to have the race on March 14. The course will be from Fort Shafter to Haleiwa and the trophy will be a handsome cup presented by the Haleiwa Hotel management.

The race will be of a go-as-you-please nature and contestants may run, walk or use both methods of progression.

Half an hour before the Marathon starts a bicycle race over the same course will start.

In order that only genuine entries may be sent in an entry fee of fifty cents must accompany each entrance application, same to be refunded on the party putting in an appearance at the start.

The following committee were appointed to arrange details of the race: George Lowe, Jack Denham, H. M. Ayres, Lieutenant Chilton, Professor Blanchard, representing the High School; Mr. Arnold of Oahu College, Mr. Hopwood of Kanehameha, and E. M. Cheatham.

Mr. Denham went to Haleiwa this morning to hold a conference with St. Clair Biddgood, concerning arrangements for the race.

Training will start right away and will be continued steadily for the next month. It is expected that there will be over a score of entries for the Marathon.

There is much discussion as to how long it will take to cover the course. The consensus of opinion is that five hours will about win the cup.

A call will be made on owners of automobiles to each accompany one of the contestants over the course in order to supply him with refreshments when needed and to pick him up should he break down.

COMPANY G. WON ANOTHER

Co. G of the Twentieth Infantry beat Co. E of the same command in a game of baseball played at Fort Shafter yesterday afternoon, by the score of 9 to 6.

MAJOR COLLIER MAY COME HERE

There is more than a possibility that Major Collier, John O'Rourke's crack Hawaiian-bred racer, will be shipped to Honolulu in the near future. His owner is out with a statement that he is willing to back Major Collier against Adion for \$1,000.

It is understood that Adion has found friends during the past week and that a match at a mile and a quarter for a thousand a side will shortly be made, the race to run on the Kapiolani Park track.

It is to be hoped that the race will come off as stated for Honolulu has not had a real horse race for a long time and the match proposed looks like furnishing as memorable a contest as has been witnessed in the history of the Hawaiian turf.

TAKE IT NOW.

It's not too late to prevent serious heart troubles if you will take Dr. Miles' Heart Cure at once, when you have dizzy spells, shortness of breath, fluttering of the heart, irregular pulse, weak or hungry spells. These are early, but urgent, symptoms of heart weakness, and must be given immediate attention. Money back if first battle fails to benefit.

BOXERS ALL FIT AND WELL

Betting on the Sullivan-Peterson battle which takes place at the Orpheum on Saturday evening is commencing to take shape and the odds appear to be 10 to 8 with Peterson at the short end.

It is understood that the Peterson people want two to one for their money and are hanging back on that account. Taking everything into consideration 10 to 8 seems to be very fair odds.

Promoter Cohen reports a record-breaking advance sale and it looks as if the Orpheum would be jammed to capacity limit.

Camp Very alone will send a delegation of a hundred and fifty to root for their man Nelson who is matched with Hercules II.

Dick Sullivan did a very hard day's work yesterday and came through the ordeal as satisfactorily as his friends could desire. He boxed with Hercules II, McFadden and Frankie Smith and the latter two clever boys set a very fast gait.

Peterson has practically finished his hard work and will confine his efforts to keeping on edge until the night of the contest.

Nelson is doing his winding up stunts at Camp Very and is looked on as a certain winner by his comrades in arm.

Young Scott is working with Peterson and is improving visibly every day. His go with Soldier McCullough should be a crackerjack. The boys of the Twentieth have been solidly for him ever since he first put on a glove and now expect him to win a good go at last.

REACH BOYS ON THEIR WAY

The All-Stars got away by the S. S. Tenyo Maru at 10 p. m. yesterday. The Reach representatives were liberally decorated with leis and other things and were bidden farewell and aloha by a big crowd.

Half an hour before the boat left an interesting race was pulled off on the wharf. Mike Fisher and McDuffie ran thirty yards for a small bottle, the latter winning by over a yard. "He came home on the bit and never sweat," as Jerry Broderick succinctly put it.

The Reach boys are first chop players and treated the town to some fine baseball. They are also a clean, gentlemanly crowd and any or all of them will be heartily welcome here again at any old time.

SPORTDRIFT

The regular monthly meeting of the Chinese Athletic Club will be held on Friday night at 7:30 at the Chinese Y. M. C. A. All members are requested to attend.

A game of basket ball played at the Y. M. C. A. last night resulted in the Live Wires beating the Punchbowl Tigers by the score of 24 to 17.

There will be interscholastic soccer on Saturday. The games will be played on the Kanehameha campus and will be between High School and Punahou and Kanehameha and Aliolani.

The line-up of the All-Prestige is as follows. Gaze long and hard at it, oh ye fans:

Chi Bul, c; Lota, p; Jim Winne, 1b; Akina, 2b; Henry Chillingworth, 3b; Sing Chong, ss; Kingsland, lf; Bob Chillingworth, cf; Pau Fa (Ea Sue's brother), rf, and Will Prestidge, manager.

Burns and Bliss, the borrowed battery who won the game for the Part-Hawalis on Sunday, were presented by the league trustees with souvenir cuff links bearing the Hawaiian coat-of-arms on one button and the date and occasion engraved on the other.

BAND CONCERT

The following program will be played by the Hawaiian band at Aala park at 7:30 this evening:

PART I.

March—United FlagsGabriel

Overture—Poet and Peasant.....Suppe

Ballad—Alice Where Art Thou.....Asher

Selection—Soldiers ParadeHume

PART II.

Vocal—Hawaiian Songs.....Ar by Berger

Selection—The Pageant Williams

Waltz—AoreadorBoyle

Finale—VivatsZikoff

The Star Spangled Banner.

LANDS WORTH \$110,000,000 WERE ILLEGALLY ACQUIRED

(Correspondence of The Star)

WASHINGTON, D. C., January 20.—After several years of more or less sensational and successful prosecution of persons charged with the fraudulent acquisition of public lands in the West, the Interior Department is now anxious to turn its efforts to recovering title to lands acquired in violation of the law. It is for this work, largely, that Secretary Garfield, in a recent report to Congress, asked for an appropriation of \$1,000,000 for special agents, in order to facilitate the collection of evidence to be used in suits and other proceedings, looking to the recovery of title to all lands fraudulently acquired.

The request for this large amount is likely to pass unheeded, for Congress is in no frame of mind to deal liberally with requests of this character, especially in view of the incensed feeling over the Secret Service. To the average congressman and senator, a land office special agent is a species of secret service agent, and that is enough to condemn him. For this reason therefore, Congress will probably turn down the request of Secretary Garfield.

Up to a year ago, the annual appropriation for special agents of the General Land Office was \$250,000 annually. At the last session, the amount was doubled, on the representation of Secretary Garfield that this larger amount was needed to properly handle the business of the Land Office. Now the Secretary comes back with another request that the unprecedented appropriation of last session be doubled, or made four times the regular appropriation up to 1908. In support of this request, he presented a startling array of facts, showing the value of lands which he hopes to recover, and the extent of the operations of individuals who have been acquiring government land contrary to law.

Viewed in one light, the request of the Secretary is entirely reasonable. The amount he asks, it is explained, will be used in an effort to recover title to \$110,000,000 worth of public lands, more than one hundred times the appropriation asked. He says there is reasonable prospect of recovering much of this land, provided Congress acts promptly, but prompt action is necessary in many cases if action is to be instituted before the statute of limitations runs. The suit instituted against C. A. Smith to recover nearly \$1,000,000 worth of timber land said to have been fraudulently acquired in Oregon, was filed last May, only a few weeks before the time limit expired. But in most other instances, the government has not yet been able, with its present force, to prepare suits, and unless special aid is given, many such suits must necessarily fail. Suit to recover title to lands erroneously patented can not be brought after six years has elapsed following the date of patent.

Secretary Garfield makes it plain that new fraud is not as prevalent today as in times past, nor are the opportunities for fraud so abundant as of yore. "The present administration of the public land laws is such as to prevent the recurrence of further illegal acquisition," he says. But the point he makes is that no time must be lost if the government hopes to recover, not for its own use, but for the benefit of future honest settlers, countless acres of timber, coal and agricultural land now held by persons whose title is assailable.

During the past 17 months the special agents of the Land Office have recovered 10,933 acres of erroneously patented lands, worth \$624,555; 518,240 acres of unpatented lands worth \$3,547,100, have collected from timber trespassers \$136,694 and collected in fines \$8,597. This is a total of recoveries of \$4,516,853, which is \$1,016,853 in excess of the salaries of the special agents employed in the recovery. In addition the special agents have caused to be released from unlawful inclosure 1,007,684 acres of grazing land and this grazing land, estimated at 5 cents an acre, represents an annual grazing value to the government of \$50,385.

Nor have the operations of the special agents been confined to the work outlined. An examination into nine Carey act projects, involving 199,259 acres of land, showed that 62,070 acres had not been reclaimed, and ought to be turned back to the government. The Secretary's statement continues:

"The investigations of the past two years by special agents, aided by an aroused public sentiment, have produced evidence and information of wholesale and astounding frauds upon the public lands. As a result we have of record 32,000 distinct cases, demanding further field action, notwithstanding that during the past 17 months there have been investigated a total of over 28,000 cases."

"This letter lays considerable emphasis upon the money value of the public domain, and its natural resources. Important as is this feature of our work it is second to that of preserving for home builders the lands fit for home, and aiding, to the fullest extent, every settler in his effort to establish himself upon the public domain."

"We are really in a race with the statute of limitations. A most cursory knowledge of the necessity of immediate action—action before the statute of limitations intervenes, and witnesses die, or memory clouds—show the inadequacy of \$500,000 per annum to recover a hundred million in jeopardy. It is my hope that the present Congress will give us a million dollars for the work. We will return it ten-fold in recoveries of national resources, now held unlawfully by private parties."

SEATTLE FAIR BUILDINGS NEAR READY

SEATTLE, January 23.—Agriculture, horticulture and kindred subjects of interest to the farmer will occupy more than 50 per cent of the entire exhibit space at the Alaska-Yukon-Pacific exposition, to be held in Seattle during the summer of 1909, June 1 to October 16. In addition to the agricultures building every section of country that has its own building will make a feature of its show of farm products, the transportation building will be used to exhibit the latest development in the manufacture of farm machinery and the United States government, through the department of agriculture, will give a comprehensive display that will be of interest to every farmer, stockman, horticulturist, poultryman and dairyman.

In the bureau of animal industry the exhibit will consist of photographs, transparencies, medallions in cases showing pathological zoological specimens; chemical examinations of meat for adulterants and preservatives; methods of dipping cattle and sheep for scab; inspection of meats, importation and exportation of live stock; dairy products; utensils used in dairies; preparation of tuberculin and mallein used in testing cattle and horses for tuberculosis and glanders; dips and disinfectants; experiments in animal breeding and feeding of farm animals.

The exhibit of the bureau of plant industry will illustrate some of the more important lines of investigation that are being carried on. There will be photographs, transparencies, charts and cases containing exhibits showing forage crop investigation; commercial fiber and paper making materials; plants imported from foreign countries; the development and improvement of cereals; results of the im-

provement of corn by breeding and selection; grain standardization, plans for farm management; methods and process in sugar beet culture and manufacture of beet sugar; models showing method of storage, handling and shipping fruit; samples illustrating diseases of fruit; working laboratory showing manner in which seeds are tested for germination and purity.

In each of these departments the exhibits will be the subject of illustrated lectures by government experts.

The principal exhibit to be made by the state of Washington which will be of interest to farmers and dairymen is a model dairy, which will be operated under the direction of the state pure food and dairy department. This dairy will be model in every respect and will show the best methods of handling butter, milk and cream and the most approved sanitary methods of handling the barns, cattle and milk houses.

The United States government and the State of Washington will cooperate in the exhibit of good roads and the best methods of road construction, which is of great importance to the farming interests in every section of the country. The exhibits will be composed of photographs, transparencies and cases containing specimens of every material known in road building; two or three of the latest machines for testing the physical properties of road materials; a working model showing the various stages of construction of every class of improved road with working models of road machinery.

The exposition live stock show will be one of the largest ever held in the

(Continued on Page Seven).

YOU WANT The News First.

You Want Your Ads Read

Here Is Some Advice--

Honolulu more than any other city in the World, is a place where the Evening Paper gets the news first. The clock here is over two hours behind the clock at San Francisco, four hours behind Chicago, five hours behind New York and ten to eleven hours behind the clocks in the Europe an capitals.

This means that when The Star is going to press THE DAY IS CLOSED in Washington, Chicago, New York and Europe and almost over in San Francisco. The news of the day is here for The Star.

Under modern conditions it takes practically no time to prepare and transmit news and THE STAR gets every evening the cable dispatches giving

The News Of All the World

For the Day Just Ended--

Here are some of the features that go to make the evening paper the predominating factor in an advertising campaign:

It is delivered at the home each night when the whole family has plenty of time to read it.

It is carried home by the business man when his day's work is done and it stays there. A morning paper is usually carried down town by the head of the family and hurriedly read.

The evening paper is not read hurriedly, but thoroughly, so that all the advertisements receive their share of attention.

It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

The evening paper presents the news the day it happens. The morning paper the day after.

The evening paper presents the news first. The morning paper merely elaborates it.

The evening paper prints daylight news. The morning paper takes what is left.

CHINESE WANT ALIEN EQUALITY

They Are Jealous Of Consideration Shown Toward Japanese Feelings.

MEMORIAL TO THE PRESIDENT.

California Conference—Adverse Senate Report On Panama Canal Bond Issue.

WASHINGTON, February 10.—A Chinese memorial, addressed to the President, complains of discrimination in the general treatment of Chinese in the schools as compared with Japanese, and enters a strong protest. It proposes to have the school laws tested in the courts, as President Roosevelt threatened in case discrimination was followed up against the Japanese.

CANAL BONDS DEFEATED.

WASHINGTON, February 10.—There was a long discussion in both Houses yesterday about a change in the administration methods of the canal, the debate involving its construction and type. The Inter-oceanic Canal Committee of the Senate has reported the bill adversely which calls for a bond issue.

DUVAL FOR PHILIPPINES.
WASHINGTON, February 10.—General Duval, has been appointed to the command of the Army in the Philippines.

A CALIFORNIA CONFERENCE.

SACRAMENTO, February 10.—The Governor was in conference last night with the leaders and opponents of the anti-Japanese agitation. Those present refused to divulge the result.

CHINESE OFFICIALS CHANGES.

PEKING, February 10.—Hsu Shin Chang, Viceroy of Manchuria, has been appointed president of the Board of Communications. Hsi Liang, Viceroy of Yunan, has succeeded Chang.

SEATTLE FAIR BUILDINGS NEAR READY

(Continued From Page Three.)

United States. The best known breeders of the United States and Canada have already made application for space in the stock yards. One hundred thousand dollars has been appropriated for premiums in this department.

On January first the construction of the exposition buildings and grounds was more than 90 per cent complete and when the gates are formally opened to the public every detail of the big fair will be complete, every building will be finished, all of the exhibits placed and the debris of construction removed from the grounds.

After all, the Tenyo Maru did not get away until very close to 10 o'clock last night. To begin with, she took enough oil to last her to San Francisco and back to Japan. Then her cargo, which did not look so big in weight as it was in bulk (being light Japanese merchandise) took a long time to discharge. Despite the late hour quite a few people gathered to see the big Jap leave.

A POPULAR REMEDY IN SOUTH AFRICA.

Chamberlain's Cough Remedy has been in South Africa for a number of years, and the fact that it still retains its popularity as a cure of coughs, colds and croup is certain proof that it gives satisfaction. Horum Bros., general merchants at Tarkastad, Cape Colony, make the following statement: "Chamberlain's preparations have a steady demand all the year round and continue to be popular. We always keep a stock of these medicines on hand." For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

On the boards to sail at 5 o'clock tomorrow afternoon is the W. G. Hall, for her regular Kauai ports.

While the Tenyo Maru was in port she was inspected by Captain Howe, who is now in charge of that work here. Hull and boilers were found to be in first class condition and the liner was given the proper certificate to that effect.

PROOF.

Tom—I don't think old Stockson is going to let me marry his daughter.
Dick—How do you know?
Tom—The last tip he gave me on the stock market was a loser.

IN THE DISTRICT COURT OF THE United States, For The Territory of Hawaii.

The United States of America, plaintiff vs. John A. McCandless, et al., defendant.

Action brought in said District Court,

and the Complaint filed in the office of the Clerk of said District Court, in Honolulu.

THE PRESIDENT OF THE UNITED STATES OF AMERICA, GREETING:

To JOHN A. McCandless; ELLA McCandless, wife of JOHN A. McCandless; ELIZABETH K. PRATT; GORDRICH PRATT; KATE KENNEDY; MARIA BREWER; EMMA PRATT; LEVI GORDRICH PRATT; EMILY G. PRATT; ELIZABETH S. NOYES; SARAH E. PRATT; WILLIAM PRATT; ROBERT PRATT; EVELYN PRATT and FRANCES PRATT, unknown heirs at law of FRANKLIN S. PRATT, deceased; JAMES H. MONSARRAT, Trustee for SUSIE F. CARTWRIGHT; SUSIE F. CARTWRIGHT, HATTIE M. DAMON; SAMUEL M. DAMON; JAMES BLACK, MARY PURPLE; JOHN BROWN and JANE BLUE, unknown owners and claimants, and the TERRITORY OF HAWAII, Defendants.

You Are Hereby Directed to Appear and answer the Complaint in an action entitled as above, brought against you in the District Court of the United States, in and for the Territory of Hawaii, within 20 days from and after service upon you of a certified copy of Plaintiff's Petition herein, together with a certified copy of this Demurrer.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or it will apply to the Court for any other relief demanded in the Complaint.

WITNESS the Honorable SANFORD B. DOLE, Judge of said District Court, this 10th day of December, in the year of our Lord one thousand nine hundred and eight and of the independence of the United States the one hundred and thirty-third.

A. E. MURPHY, Clerk.

UNITED STATES OF AMERICA, ss. Territory of Hawaii, City of Honolulu.

I, A. E. MURPHY, Clerk of the District Court of the United States of America, in and for the Territory and District of Hawaii, do hereby certify the foregoing to be a full, true and correct copy of the original Summons in the Case of UNITED STATES OF AMERICA vs. JOHN A. McCandless et al., as the same remains of record and on file in the office of the Clerk of said Court.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of said District Court this 10th day of December, A. D. 1908.

A. E. MURPHY, Clerk of United States District Court Territory of Hawaii.

Endorsement, No. 58. District Court of the U. S. for the Territory of Hawaii. The United States of America vs. John A. McCandless, et al. Summons Robert W. Breckons, Plaintiff's Attorney. Filed December 12, 1908.

A. E. MURPHY, Clerk.

IN THE DISTRICT COURT OF THE United States, for the Territory of Hawaii.

The United States of America, plaintiff, vs. Joseph O. Carter, et als., defendants.

Action brought in said District Court, and the Complaint filed in the office of the Clerk of said District Court in Honolulu.

CITY IN SESSION

There is nothing wrong with the finances of the City and County of Honolulu, for it was well understood that the first month of the new dispensation would require more than ordinary for the initiation of departmental labor programs. At last night's meeting of the Supervisors, that the Board might more surely get into the stride of routine work and careful expenditure, Supervisor Quinn suggested the cutting down of certain expenses, but there is no confusion other than that which might be expected as the result of the dispute between Mayor and Board in regard to appointments and appropriations.

Numerous maintenance bills were passed last night by the Board, the Mayor frequently allowing the members to act without him, inasmuch as he continued, in matters in which he disagrees, to put the action up to the Board over his head. Office expenses for the several departments were provided for and the Auditor was authorized to obtain a new set of books.

The road committee, in regard to the need of a twenty-horse power road engine for Ewa, had their recommendation allowed and a petrolitric oil road roller was voted, to cost about \$750. The committee reported that the agreement with the Bishop estate in regard to grading Kakaako lots was being carried out and a concrete wall will be built on the lower end of the Kawaiahae storm sewer; the Rapid Transit has run its track over to the Saratoga road Army track and has relayed the road in fine shape.

Quinn criticized bills for supplies emanating from business houses and thought they should be in by the first of the month and Logan thought a statement should be presented as to how the County stands financially.

Sheriff Jarrett reported for January doings of the police. Quinn moved the report referred to the police committee to ascertain about fees received and not included in the Sheriff's report. There were 382 arrests in January, fines amounting to \$1,973.

The notice of the claim of John Haskett who wants damages for a broken leg received in a collision between his Army wagon and a fire hose wagon in November last, was received and referred to the City and County Attorney.

Judge Andrade wrote to say he had appointed Leong Yet Shun as Chinese interpreter in the police court, at \$75.

The road committee had referred to it the matter of curbing streets acquired by the Territory. Hustace, Peck Co. asked for permit to move a house from Nuuanu to Kakaako. Col. Jones asked for two water wagons at Moanalua while the National Guard is in camp. The fire department was given permission to join the Floral Parade. Property owners near Sheridan street petitioned for extension of their storm sewer. Quinn reported in re proposed widening of Bethel street between King and Hotel and it was suggested that an effort be made to get it back seven feet, Quinn believing that an exchange of property could be effected with the Robinson estate.

The Clerk reported that the Mayor had approved the tenement ordinance, prohibiting erection or maintenance within 500 feet of a school. The Board also approved a new seal for the City.

At the Hackfeld wharf last night to all the square-face they could drink.

Lloyd Childs and A. F. Knudsen waited on Governor Frear yesterday to ask that an appropriation of \$25,000 be recommended for the Hawaiian exhibit at the Alaska-Yukon Exposition.

Joseph F. Smith, president of the Mormon church, and his first wife are coming to Honolulu the latter part of this month. Bishop Woolley, head of the church in Hawaii will return from the mainland in their company.

Allan Herbert has rendered a report of the relief committee of the Humane Society. He opposes the sending of children under fifteen to reformatories, also the parading of prisoners through the streets to and from their labor.

T. Nonaka, Japanese storekeeper at Wahiawa arrested yesterday for selling liquor without license, was brought to the city by a country policeman this morning. His case will come up before the district magistrate tomorrow morning.

Philippine tariff wants to be discussed at a meeting of the trustees of the Chamber of Commerce at 3 o'clock this afternoon. H. M. Pitt of the Manila delegation to Washington discussed the matter yesterday with President J. F. Morgan and Secretary H. P. Wood.

News has been received of the death of Commodore Charles Leaming Tutt, who participated with his yacht Anemone in the first Transpacific yacht race. He died suddenly in New York City on January 21, aged 45 years and survived by his wife and two sons. His funeral was held in Denver, his home town.

BERGER PLAYED NUPTIAL MARCH

The good ship Alameda did not get away this morning till ten minutes after ten o'clock, greatly to the consternation of a number of old waterfront hands who are in the habit of regulating their time-pieces by the steamship's departure.

When ten o'clock arrived and the gangway was still up a humorist in the crowd shouted to an officer aboard:

"Are you waiting for the moon to come up?"

"What do you take us for?" asked the officer indignantly. "the Pacific Mail?"

Berger was there with his usual chime of bells and had played "Annie Laurie," "The Glory March of the Crimea," and "There'll be a Hot Time in the Old Town Tonight," when a strange thing happened.

The romantic melody of the "Wedding March" crashed out and folks forgot for the moment that they were on a dusty old wharf and let their thoughts revert to churches, orange blossoms and honeymoon trips.

"Who's going to get married?"

"Whatever is Berger playing that tune for?" "The Kappelmeister has got his music mixed," were a few of the remarks heard as soon as the band started to play the march.

Young ladies blushed and young men looked guilty and the stream of humanity passing up and down the gangway was so taken aback that it halted and had to be moved on by a patted officer.

The mystery was finally solved by the presence at the foot of the gangway of Henry Crane who went to the Coast on a business trip and to get married. Henry's lady friends were out in force to see the last of him as a bachelor. They all brought rice and threw it at the doomed man as he went upstairs. One girl slyly emptied a small package of the cereal down the back of Henry's collar.

Even Crane's Chinese boy assisted at the send-off. Either through a misconception of foreign custom or actuated by an Oriental sense of humor he brought and threw boiled rice.

ATCHERLEY CASE

The Territory's appeal from Judge Robinson's order discharging Dr. John H. Atcherley from the custody of Dr. Peterson, superintendent of the Insane Asylum, on the ground that the law providing for commitments of insane persons is unconstitutional, was argued and submitted before the Supreme Court this morning.
