THE DAILY BULLETIN.

Pledged to neither Sect nor Party,
But Established for the Benefit of All.

MONDAY, DEC. 12, 1892.

The mail brings among the latest news information that the Governments of England, Germany and the United States have agreed to common action to restore order in Samoa. It is part of the agreement that each shall keep one or more ships there all the time.

THE LEGISLATURE.

Our legislative report of this morning is crowded out. A brief summary is as follows: H. von Werthern petitioned for \$7000 damages for breach of a promise of the late King Kalakaua to employ him as a military instructor. Macfarlane & Co. petitioned for \$511.75 for liquors furnished to the Samoan Legation in 1886. The Commerce Committee reported favorably on a subsidy to the Puget Sound and Hawaiian Traffic Co. The archives matter was revived and \$2500 appropriated. On motion of Mr. White an item was inserted for back pay to Representatives under the Constitutional Amendment allowing their sessional allowance to be raised from \$250 to \$500. The vote being disputed the matter was referred to the Judiciary Committee. A balance due Customs Guards of \$960 to Nov. 30 was voted, and \$2000 was voted to aid a telephone line from Kailua to Kawaihau.

ASSAULT ON THE AUDIT ACT.

The Advertiser, with its customary perversity of judgment, selects for its editorial approval and approbation that clause in the proposed amendment to the Audit Act, which takes away the independence and impartiality of judgment and action of the Auditor-General by making his salary depend on the caprices of a temporary majority in the Legislature or his own ability to logroll or give luans. That the Legislature has power to break the implied contract with the present occupant of the office made by his appointment in the terms of the present law—that his salary should not be diminished during his continuance in office—we do not for one moment believe, and we feel confident that any court of justice will uphold this opinion. Mr. G. J. Ross, the present Auditor-General, has fearlessly and impartially made his office of great value to the Government and people of the country by preventing everything which savored of illegality or jobbery in the expenditure of Government finances without regard to party or Ministerial personnel.

FALSE CRIES.

Rev. W. B. Oleson in a letter to the Advertiser records his views against annexation from the standpoint of an American. As he is shortly to leave for the United States to live there, this definition of his position should have no little weight. Mr. Oleson says: "I may be alone, but I am convinced that by retaining its autonomy, this country is likely to gain greater commercial advantages than by amalgamation with any other country." He concludes, "To cry 'Annexationist' after one who advocates such a policy may serve present small political purposes, but it balks and retards the broader policy that would foster Hawaii's independence and promote her commercial prosperity." Well said, and the remark applies equally well to those who, to "serve present small political purposes," cried "anti-American" against the BULLETIN, when it had always been foremost in advocating closer commercial relations which the United States, because it was not afraid to express like views to that of Mr. Oleson, and other intelligent Americans, nor feared to criticize the conduct of high American officials when such seemed, in one instance, to be an infringement on Hawaiian independence and, in another, a violation of the claims of humanity.

Natural Curiosity.

Mr. H. von Holt has shown at the BULLETIN office and placed on exhibition at the Hawaiian News Co.'s store a natural curiosity. It is the end of the root of a vine obtained on Honolulu Island, Ewa. The root ran 25 feet into a tunnel to a wooden plug in a T-way of a water pipe, and, forcing itself between the plug and the pipe, got to the water and grew until it stopped the flow in the pipe. The main root is thickly and evenly enclosed in fine tendrils, making the whole look like a rope of untwisted hempen fiber.

A Defaulter Arrives.

Joseph B. Cook, the defaulting clerk of the San Francisco Police Court, arrived in Honolulu by the barkentine S. N. Castle to-day. Embezzlement is not in the crimes of the extradition treaty, although John W. McCarthy was surrendered by the Hawaiian authorities, as an act of friendship, on a requisition from the Governor of California a few years ago. No requisition has yet been received by the authorities from the Governor for the arrest and surrender of Cook.

Notice to the Public.

The Honest People of Honolulu:—

The Shirt Question is still in the minds of the public and I wish to make a standing statement in regard to the Luning-Johnson matter. On or about the 21 day of December a lot of old shirts was left in my office with instructions to repair them by one signed Luning. I did repair the shirts, and a few days later this man Luning, accompanied by his wife, called and brought another shirt to be repaired, and also asking to see the first lot of shirts. I showed them and they were both well pleased and said the job was well done, and told me that the Chinaman would call on Monday and take them to be re-laundried. This was on Saturday previous to Monday mentioned, and when I finished the last shirt I brought the bill to Luning at his office. He got excited but I did not scare, and I simply told him I would like to collect money for my work. He used some very hot words and said I had a cheek to ask for my money then, and he said he would ruin me, but still I did not scare. I told Luning in presence of a witness that he was welcome to call at my place of business, where I have a room enclosed, and he could try on the shirts there, but he would not do it. No doubt Mr. Luning thought he had dead easy game, but he was like the man that fell out of the balloon—he was simply not in it. I will say this, that in any case I make new shirts and if they do not give entire satisfaction I will alter them, make new shirts, or refund the money. Can any person do more? I will also keep in repair all shirts made by me for two years free of charge, for I am as quiet as a lamb.

A. L. JOHNSON.

The Christmas Menu contest closes on the 16th inst.

The dinner is to be for five people and not to cost more than \$10.

The Menus will be judged entirely on their merits and without regard to the persons submitting them.

\$10 goes to the amateur and \$5 to the professional furnishing the best Menu.

On the 21st inst. the Menus will be published in the Bulletin and the best of them will be appropriately illustrated.

COME

Referring to the above we invite every subscriber to the BULLETIN to contribute to the contest. Understand that the entire family, though there may be only one paper sent to the house, is entitled to compete. The more Menus submitted the more interesting will be the publication. Names of persons submitting the Menus will not be published if they request us otherwise.

The demand for good chandeliers at low prices last week was brisk, but we have some excellent ones left that go to you at the same reduced price until they are sold. It is an opportunity you may not have again. If you need light grasp it.

This year our stock of Cut Glass is composed of small pieces which come within the reach of the thinnest purse. Last season when coin was

more plentiful we had larger and more expensive dishes and were lacking in the smaller table pieces. Cream Pitchers, Rose Bowls for one or two flowers; Olive Dishes, Sauce Platters and Water Pitchers so delicately cut and shaped as to attract the attention of people who enjoy a meal more when the Viands are placed in appropriate settings. Cut glass is like gold, age does not detract from its appearance. Among some people collecting odd pieces of cut glass is as much a fad as gathering pieces of old lace. But it's less expensive. The prices marked on our assortment are surprisingly low while the pieces are as beautiful as any we have ever had. There is nothing more appropriate for Christmas.

The lamp business is still booming and the indications point to a long continuance of it. There's nothing like having what people want when it comes

to lamps. Two or three new designs, have some very fetching points about them. One with a black frame work around a brass fount is the handsomest we have among the inexpensive hangers. While it is strong and everlasting the absence of anything too massive or bungling adds to its superiority over the others.

We've had an unusual run on parlor stand lamps but we were well prepared for it. We still have some very choice ones, marvels of cheapness. Our stock was considered perfect last year but the lamp workers have been improving and a recent visit to the factories in the East enabled us to get hold of some that fairly discount anything we have ever shown you. The prices have been

McKinley out of sight. One of them made of brass and inlaid with genuine Mexican Onyx will win any one's admiration.

MUTCH—In this city, December 12, 1892, Mrs. William Mutch, aged 29 years. Funeral to-morrow.

Between Assignees.

Judge Dolo has filed a decision in chambers in the matter of the bankruptcy of Tai Lung. Lee Chun and Winam, assignees of the bankrupt estate of Wong Kwok Hing, allege the proof of claims against the estate of Tai Lung, and move for an order requiring the assignee of Tai Lung's estate, J. Rubenstein, to file his account and distribute the funds. The motion is opposed by the assignee of Tai Lung, on the ground that he had given these claimants notice that he disputed their claims. The claimants denied that they had received such notice, but the Court on evidence taken decided they had. Such a notice gives the claimant a right of action against the assignee; it does not make him a creditor, but finds that he was and is one. In this case, therefore, the burden of proving their claims against the denial of the assignee is placed upon the claimants, and this must be done at or before the final settlement of the assignee's accounts. The decision upon the motion before the Court will be suspended until it is ascertained whether or not the claimants are creditors. A. S. Hartwell for the motion; C. L. Carter, against.

Co.'s steamer Colon, on her way round from the Atlantic to the Pacific, had her machinery and propeller damaged in a terrific storm in the South Atlantic, and put into Montevideo in distress. He never had an accident on his ship before in forty years' service. Captain Cavarly is a brother-in-law of Mrs. John H. Paty of Honolulu.

SPRECKELS VS. BISHOP.

An Episode in the Waikapu Commons Controversy.

The San Francisco Chronicle of Dec. 6th has the following item: "Claus Spreckels sued Charles R. Bishop yesterday to recover \$10,000 damages for the alleged breach of a contract by which the defendant agreed to sell and deliver to the plaintiff a note of G. W. Macfarlane made to C. R. Bishop & Co. for \$100,000, together with 1250 shares of the stock of the Waikapu Plantation Company, pledged as security. The total number of shares issued by the corporation is 2500."

It was the getting wind of a move on the part of Col. Spreckels to get hold of Waikapu stock which sent Col. Macfarlane off to San Francisco by the steamer Australia. Of course if Col. Spreckels got control of the stock, there would be an end to the "million dollar suit."

LATE FOREIGN NEWS.

San Francisco, Dec. 6, per S. S. China.

UNITED STATES.

VARIOUS ITEMS.

Lord Dunraven's challenge for the America cup reached the New York Yacht Club on the 5th. His lordship's yacht Valkyrie is to be a cutter.

Fred. Marsh, one of the most dangerous counterfeiters in the country, was arrested at Milwaukee on the 4th. He was at the head of a gang of Italians in San Francisco who passed \$20,000 of bogus silver and paper money. The Italians were arrested, but Marsh, who is a dead shot and reckless with his gun, escaped.

Lizzie Borden has been indicted for the murder of her parents at Fall River, Massachusetts. Before returning their true bill, the grand jury had obtained the defense to be set up.

The Brotherhood of Locomotive Engineers insist on a new contract with the New York Central Railway without which the men will not work.

There is liable to be trouble at any moment in Wyoming over the two rival Governors.

Nathan Zuckerman is afraid to prosecute two Italians who tried to take his life at Cleveland, O. He is evidently under fear of the Mafia, has aged perceptibly in a few days and declares he will leave the city.

An international controversy is threatened by the killing of an Italian at Cleveland by two policemen. He was killed while resisting arrest for drunkenness.

Charles W. Gardner, the chief detective of Rev. Charles H. Parkhurst's Society for the Prevention of Crime, is under arrest in New York upon a charge of blackmail.

POLITICAL.

Congress assembled on the 5th. The President's message was not ready.

In the Senate Democrats crossed the aisle and chaffed their Republican colleagues about the time when the latter would have to give up the good things in the way of committee chairmanships and other incidents of the patronage which they had so long enjoyed. The Republican Senators said they were more than willing to do this, since it relieved them from the responsibility for tariff legislation.

The Republican caucus talked of bills for the admission of Arizona and New Mexico but took no action.

President Harrison's message will be a strong document. There will be no complaint because the verdict at the polls was against the Republican policy. The President will make it clear that the Democratic party should carry out the Democratic policy and not ask the Republicans to do it.

In its discussion of foreign relations the message will contain some things that are new and much that is of importance. The President will probably have something to say about the enforcement of a vigorous AMERICAN POLICY IN THE PACIFIC,

with special reference to Hawaii and Samoa. The duty of the United States to take control of the Nicaragua canal and encourage its building will be unhesitatingly affirmed.

The argument against an extra session of Congress in the spring is growing daily. During the last two weeks a change has been wrought in the minds of many Democrats who previously favored convening the new Congress immediately after March 4th.

Dr. O'Donnell has double the average number of votes of his three rivals for the mayoralty of San Francisco so far as the official recount has progressed.

Western Democrats are working hard to get W. L. Buchanan a place in Cleveland's Cabinet. Buchanan has charge of the live stock and agricultural exhibit at the World's Fair.

IMPORTANT DECISION.

The United States Supreme Court has modified the decision of Justice Harlan, which confirmed the title of the Illinois Central Railroad to certain lands on the lake front in Chicago. The decision of four against three Justices is that the title to the submerged lands is in the State of Illinois. Chief Justice Fuller and Justice Blatchford did not take part, being interested in the decision. It is considered a very important decision apart from the great value of the property involved. The law is laid down thus: "The State can no more abdicate its trust over property in which the whole people are interested, like navigable waters and the soil under them, so as to leave them entirely to the control and use of private parties, than it can abdicate its powers in the administration of the government and the preservation of peace."

JAY GOULD DEAD.

Jay Gould died at 9:15 o'clock December 3, surrounded by his children, at his home on Fifth avenue, New York. He had been ill two weeks from a cold contracted in driving. Miss Helen Gould was ill when her father was taken sick, and the blow came upon her with terrific force. The wealth left by Jay Gould is estimated as varying from \$10,000,000 to \$100,000,000. He was 57 years old. His family surviving consists of four sons and two daughters. Mrs. Gould died January 13, 1888. The family tomb in Woodlawn cemetery cost \$50,000, and the mausoleum, a copy of the Parthenon in granite, cost \$100,000.

"August Flower"

What is This? It is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, halder-headed boys. Life is an interrogation point. "What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER for?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this fruitful.

We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possessing one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.

KAUAIANA.

Personal Notes—Large Sugar Crop—
Sickness Prevalent.

Monday, Dec. 5, our special election for a Noble to fill the unexpired term of six years caused by the resignation of Hon. G. N. Wilcox took place. Alex. M. McBryde was elected by a very "large majority," he being the only candidate. The customary apathy and lack of interest was evident all along the line of the 61 whose names appear upon the list of registered voters for nobles, but 22 cast votes.

The Makee Sugar Co.'s mill at Kealia started up for the season's grinding and has continued night and day all the week. It is estimated it will require about six months' continuous grinding, double-turns, to get the crop off.

Tuesday, Mrs. John Toms of Kapaa gave an afternoon tea to her many lady friends of Kapaa, Kealia and vicinity.

Thursday afternoon, Mrs. Chas. B. Makee gave a most delightful lunch to her many lady friends and admirers at her elegant residence, "Knob Hill," in honor of her friend the charming Mrs. H. P. Huggs, who leaves next week with her husband, the doctor, for the United States where they will make their future home. They leave many warm friends who will miss their genial presence sadly.

The Misses Kamakee and Maria Cummins, who have been visiting Mrs. C. B. Makee, take their departure for Honolulu next week. This community will miss these young ladies very much, as they are general favorites and exceedingly popular, having by their musical accomplishments and winning ways won for themselves many friends and admirers, and we opine that one or two masculine hearts will be filled with sadness during their absence. H. R. H. Prince K— will accompany the young ladies to Honolulu.

We were pleased to greet our old friend, Mr. A. T. Atkinson, Inspector-General of Schools, Friday. He surprised us by a brief call, and returned to Honolulu by the James Makee last evening.

The weather still continues stormy with extremely low temperature, and as a result we notice a number of our friends have been confined to their homes by illness, among whom were Mrs. H. Z. Austin, Miss Tennie Toms, Miss Violet, daughter of Mrs. C. B. Makee, and several others, all of whom suffered with a low intermittent fever with accompanying headaches, loss of appetite and general lassitude, over which quinine has not the slightest effect. We are pleased to state that the above-mentioned friends are convalescent this morning.

Kealia, Dec. 10, 1892.

CHAMPION MALTBY.

He Appears Before the Queen in a
Fine Exhibition.

W. S. Maltby, the far-famed cyclist, gave an exhibition of cycle-riding at Remond Grove on Saturday afternoon. A train left the depot at 1:45 o'clock, followed by another at 2:30, the latter being filled to overflowing. Her Majesty the Queen and suite occupied a special car. The last train arrived at 3:10 o'clock at the Grove and ten minutes later Prof. Berger opened the music with an overture. Seated on the Ewa end of the pavilion were Her Majesty the Queen, Governor Cleghorn, Prince Kalaniana'ole, Major J. W. Robertson and wife, Mrs. Wilson and other prominent people, including members of the Legislature. The place was fairly crowded. Maltby appeared in a duds suit imitating one beginning to learn bicycling. The exhibition caused much laughter. He then appeared on a Columbia safety and performed tricks on it that were truly wonderful. A tall bicycle was his next subject, and the way he played with the wheels was exciting. Maltby even turned the cycle upside down and rear end foremost, and rode them. He made a monkey of the things. After taking the cycle to pieces he rode the one wheel without handles, jumping on the pedals, a feat which was loudly applauded. Every one left the pavilion with the opinion that he is the most wonderful "man on wheels." The band going to and from the Grove played delightful music.

Special Progress.

At the present time, the most prominent investigators, the celebrated Koch in Berlin at their head, are endeavoring to find the proper remedies with which to antagonize the action of pathogenic (disease-making) bacteria. They are trying to discover a ptomaine which will neutralize the effect of the pathogenic ptomaine producing each infectious disease. Professor Lister, on returning from his last visit to Koch in Berlin, said to the English physicians listening to his report, among other things, the following: "But while my lips are sealed with reference to the details, that much may I say, that before a few more years are passed, the world will stand agape at the discoveries made in Berlin. I have seen rats in the agony of lock-jaw, after the subcutaneous injection of a drop of fluid, within a few hours run about in perfect health! We are undoubtedly on the threshold of a new era, on the eve of a revolution, the greatest medical science has ever seen."—Prof. Hugo Engel, in Science.

When on a visit to Iowa, Mr. K. Dalton, of Luray, Russell County, Kansas, called at the laboratory of Chamberlain & Co., Des Moines, to show them his six year old boy, whose life had been saved by Chamberlain's Cough Remedy, it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the Remedy. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.
