Ayer's Cherry Pectoral

For Colds, Coughs, Bronchitis, Sore
Throat, Influenza, and Incipient
Consumption, no remedy approaches
Ayer's Cherry Pectoral. It has long
been the most popular and successful
anodyne expectorant in Pharmacy,
and is everywhere approved and
recommended by the Faculty. It
soothes the inflamed membrane,
breaks up irritating mucus, allays
coughing, and induces repose. As a
family emergency medicine, Ayer's
Cherry Pectoral takes the lead. For
the relief and cure of croup, whoop-
ing-cough, sore throat, and all the
pulmonary troubles to which the
young are so liable, it is invaluable.
No household is quite secure without

SPRECKELSVILLE DOINGS

WHOLESALE DISMISSAL OF WHITE MEN DISCUSSED.

Some Evidence that Incompetency
Cannot be the Cause—Raid
by Police.

I notice in the Star an article
from a San Francisco paper re-
lating to the wholesale discharge
of white men on Spreckelsville
plantation, in which they claim it
is so, and that all those who were
discharged were incompetent per-
sons, and that they were not re-
placed by Asiatics, but an order
has been received at the com-
pany's office in San Francisco for
white men to work on Spreckels-
ville to fill positions of those dis-
charged, or to that effect.

If Mr. Spreckelsville will please
inform us where men from San
Francisco are better up in cultiva-
tion of cane and sugar making
please do so, and let the incom-
petent ones—who are now idle—
know what he wants of a man, as
all the recent discharged white men
from Spreckelsville have had many
years' experience on plantations in
this country. Some have been
fifteen years on different planta-
tions and it is well known that a
number—and the largest propor-
tion too—of the discharged men
are the best on the islands at
plantation work, and yet they
have to lie idle and see inexperi-
enced men imported to fill their
positions, to say nothing of the
poor families.

The San Francisco papers are
not aware of what they are pub-
lishing when they say that no
Asiatics have taken white men's
positions, for in only one instance
has a white man been substituted.
Who is holding Mr. Denn's posi-
tion as stable man? A Chinaman.
Who are running all the steam
plow engines? Japs. Who is
plantation police officer in
place of the so-called incompetent
Mr. Morton? All these are undis-
puted facts and only a
very few of them at that.
The said Mr. Morton was one of
the first white men that worked
on the Spreckelsville plantation
about fifteen years ago before the
mill was built, and has worked a
number of years on the same
plantation, under the successive
managements of Mr. Williams,
H. Morrison, Hugh Center and
D. Center, to all of whom he gave
satisfaction.

The last person discharged was
Mr. Jim Thomas, who has been
luna, camp boss and head over-
seer for the past eighteen years;
of his discharge nothing can be
said, as incompetency of that
nature speaks for itself. By the
time the shipment arrives from
the Coast we may hear of a few
more losing their heads to make
room for the experienced hands.

On April 2 Deputy Sheriff
Scott and a force of police
made a raid on gamblers and
opium fiends at Camp 5,
Spreckelsville. As soon as the
celebrities were aware the police
were in camp they gathered to-
gether and tried to release some
of their countrymen who were
under arrest, and failing in that
they made a desperate attack on
the officers with hoses, sticks and
stones. The officers proved to be
made of the wrong stuff for
Messrs. Pake, who after a few
minutes' engagement with 300 to
14 made themselves scarce and
some are yet able to tell a good
story about the blacksnake battle;
while the officers safely lodged
their captives in the Wailuku jail,
none the worse for the little ex-
ercise.

Camp 5 has always been known
to the police authorities to be a
notorious den for gamblers and
opium smokers, for several years
past, and is in no wise improved
by any means to date.

The funeral of the late W. H.
Daniels took place at Wailuku on
Saturday last from his residence.
A large number of friends from

the outer districts followed the
corpse to its last resting place in
the family lot on the Daniels es-
tate. The following gentlemen,
being old acquaintances of the ex-
judge, acted as pall bearers: W.
H. Cornwell, W. H. Campbell, W.
A. McKay, Geo. Hons, Judge
Halstead, and Deputy Sheriff
Scott. The deceased leaves a
large family and a great number
of friends to mourn his loss.

Albert Toogood, the oldest hand
on Spreckelsville, has just got his
walking papers, is the last report
from the big plantation. This
has caused considerable comment
on Mr. Spreckels' policy
of discharging white men
for cause—mostly incompetency
as the Star has it. Mr. Toogood
has worked on the plantation
from its infancy and had just
completed eighteen years and a
half of service for the company
the day he was fired. Toogood's
incompetency is well proved when
Mr. C. B. Wells engaged him to
work on his plantation the same
day Spreckels discharged him.

Kabului has quite a busy ap-
pearance this week, with the
British ship Dalcarnie, schooner
Jennie Wand and schooner Olga
all busy loading sugar. As the
big ship will take about three
times the sugar that the other
vessels will, she cannot get away
for three weeks.

W. Morton, the Spreckelsville
ex-policeman, is a government
police officer at Kabului.

EXPORTS FROM SEATTLE.

Heavy Cargoes Carried Westward on
Steamship for Japan.

Seattle, Wash., April 11.—The
Great Northern Nippon Yusen
Kaisha's steamship Sakura Maru
has cleared and will early tomor-
row morning sail for the Orient
with a cargo of about 3000 tons,
valued at \$160,500. Its manifest
discloses principally cotton, lubri-
cating oil, paper mill machinery
and flour, consigned to the ports
of Hongkong, Kobe and Yoko-
hama.

The Sakura Maru left behind
on the wharves awaiting shipment
nearly twice as much cargo as it
took. To a greater or less extent
this has been the case since the ar-
rival in this port about nine months
ago, of the Nippon Yusen Kaisha's
maiden ship, the Miike Maru. Of
raw cotton alone there awaits the
arrival of the next vessel, the
Tenshin Maru, over 2000 bales. For
week ending with the clearance of
the Sakura the local custom house
receipts amounted to \$3750.

Coming this way the Nippon
Yusen Kaisha's steamers have not
been so heavily laden. Their
cargoes range from about 100
tons, brought by the first, to 1500
tons by later vessels. It consisted
mainly of teas, silks, rice, matting
and Japanese curios.

Arrival of New Goods.

E. W. Jordan has just received
an elegant line of plain and fancy
Japanese silks, also some fine
jute rugs, assorted sizes; linen
and grass cloth drawn work in
handkerchiefs, doilies, tea cloths,
table covers, bedspreads and
pillow shams. This stock is new
and fresh, unique in design and
pattern, and is undoubtedly the
finest assortment of the kind ever
imported. The prices are sure to
please you.

Durrant Sentenced.

Judge Bahrs sentenced William
Henry Theodore Durrant, in San
Francisco on April 11, to be hang-
ed at San Quentin on June 11, for
the murder of Blanche Lamont.
Durrant was removed to the peni-
tentiary indicated, and, after be-
ing shaved and clothed in convict
garb, placed in the doomed cell.

For War With England.

London, Eng., April 11.—Ac-
cording to Cape Town's leading
Dutch paper the leading officials
of the Transvaal speak openly of
war with England as inevitable,
averring they will carry it into
the Cape Colony itself.

SHELVING OF ANNEXATION

HAWAIIAN REPRESENTATIVE ALARMED OVER JAPANESE.

McKinley and Sherman. However,
said to be in favor of annex-
ing the islands.

Washington, D. C., April 16.—
One of the Hawaiians who is here
urging annexation is representing
to members of Congress and the
State Department that he is seri-
ously alarmed over the prospect
that Japan may gain dominion
over the islands unless this Gov-
ernment takes speedy action. He
complains that the matter of an-
nexation languishes in the office
of the President.

Some weeks ago came news that
there was an unusual influx of
Japanese into Honolulu. At the
headquarters of the ex Queen here
this was understood to mean
something more than the mere
flocking of an unusual number of
emigrants to the island. It was
colonization for a purpose. The
movement of Japanese to the is-
land in large numbers is, however,
not a thing of the past few months.
The recent report made by the
Department of Foreign Affairs of
the Dole Government, of which
Mr. Sherman has a copy, shows
that this colonization has been go-
ing on for four years.

Recently, however, a whole
boatload of the Japanese of the
more intelligent class went over
to Honolulu, and this was the cir-
cumstance which opened the eyes
of this Government. Among the
latest arrivals were many students
from Japanese colleges. They
evidently did not go there for the
purpose of trying the new coffee
boom or of working on the sugar
plantations.

Before this, however, the Japa-
nese movement had been noted by
the representatives of the Govern-
ment who came to this country.
Among them were General Hart-
well, who wrote about the abdic-
ation which ex-Queen Liliuokalani
signed and gave to Attorney-Gen-
eral Smith of the Hawaiian re-
public. It was understood that the
object of their visit was to renew
interest in the annexation scheme,
which was in a fair way to accom-
plishment when Mr. Cleveland
withdrew the treaty from the Sen-
ate. The Hawaiian representatives
were informed soon after the in-
auguration of President McKinley
that the annexation plans would
have to wait till the tariff matter
was out of the way—that is to say,
until it was disposed of by the
House.

Conferences which have evi-
dently meant nothing have been
held between Secretary Sherman
and Mr. Hatch and the Attorney-
General, although it was stated
that these conferences were mere-
ly informal. They have been so
informal that General Hartwell,
the chief legal adviser of the Dole
Government at its formation and
who was here on the annexation
business, has left the city and
gone to Boston. It was the inten-
tion of the Hawaiian representa-
tives to have the old treaty sent to
the Senate, or to ask for a com-
mission, or to have the question
of annexation, failing in both of
the other two plans, opened up in
the House. All of these plans, it
was stated tonight, have failed.

President McKinley and Secre-
tary Sherman both favor annex-
ation, however. If Mr. McKinley
should send the old treaty to the
Senate and it should be disposed
of in short order, as is very likely,
considering the temper of the Re-
publican Senators on the question
to say nothing of Democratic sup-
port, it would have to go to the
House and Mr. Reed
would have to appoint a commit-
tee to consider it. This, however,
would run counter to the House
program which Mr. Reed is
carrying out, not merely for him-
self, but for every interest expect-
ing to be benefited by the new
tariff bill.

Mr. Reed and the House ad-
journments have cut off the hope
of the presentation of the Ha-
waiian matter by any member of
the House, and so the Dole Gov-
ernment stands, or will stand as
long as it can. If it falls, as it is
said it may, by reason of its in-
creasing public debt, nothing can
prevent first a Japanese protector-
ate and then Japanese occupa-
tion.

Secretary Sherman was asked
tonight if there was anything new
in the situation. He said that
there was nothing at all startling
in the present condition of affairs.
He said that the going to Hawaii
of the Philadelphia was of no im-
portance, or of any other Ameri-
can ships. "Why, ships," he
said, "go there every day."

Runaway This Morning.

Dr. Raymond stopped at the
postoffice this morning to get his
mail, leaving a Chinese boy to
mind his horse and brand new
phaeton. The horse took fright
at a piece of flying paper or at
Chester Doyle's new side whiskers
and dashed down Merchant street
towards Fort. On making the
bend into Fort the phaeton was
turned over on its side, throwing
the boy out. The horse kept on
going, dragging the carriage on
its side, until opposite Spreckels'
bank, where it was stopped
by Harry von Holt. The carriage
was righted and found to have
sustained no damage whatever,
and the Chinese boy was not hurt
a particle.

An Opium Seizure.

Late yesterday afternoon Port
Surveyor Stratemyer and customs
officers Peters and Manoha
searched a couple of bundles
of washing from the saloon
of the steamship Australia
which was being loaded on an ex-
press wagon driven by G. Nieper,
finding therein one hundred half-
pound tins of opium. Nieper was
arrested, together with J. Barry,
the second steward of the vessel,
and P. O'Brien, a waiter, and
taken to the police station. They
were released on \$500 bail each
shortly afterward. At this morn-
ing's session of the police court
the case was continued until to-
morrow.

On Trial for Larceny.

The morning session of the po-
lice court was occupied almost
entirely with the trial of Joao
Sylva for larceny in the second
degree. The defendant is accused
of abstracting a miscellaneous col-
lection of articles, such as cigars,
cigarettes, sheets of postage
stamps, cheap jewelry, Hawaiian
postal cards and envelopes, from
the store of James Steiner. Mar-
shal Brown is prosecuting the case
and J. M. Vivas defending.

Chinese Child Drowned.

Word was brought to the police
station this afternoon that a Chi-
nese child, three years old, had
been drowned in a duck pond at
Pawa. The child wandered away
from the house without being
noticed by its mother. Marshal
Brown sent an officer out to ex-
amine into the affair.

SAMUEL SAVIDGE DEAD

PASSING AWAY OF AN OLD FORT STREET KAHAAINA.

Funeral Arrangements Not Yet Com-
pleted—Odd Fellows Will Take
Full Charge of the Interment.

At 20 minutes past noon today
Samuel Savidge, one of the oldest
residents of this city, breathed his
last.

Some two months ago Mr. Sa-
vidge had an attack of heart fail-
ure and was away from his desk
in the office of Tom May for about
two weeks. He seemed to recover
from the attack but in a few days
was stricken down again, and has
been gradually growing weaker
until death came today. The
funeral will take place at 2 o'clock
tomorrow afternoon under the
auspices of the Odd Fellows, the
deceased being an honored mem-
ber of Excelsior Lodge No. 1.
The funeral services will be held
at St. Andrew's cathedral and will
be conducted by Rev. Alex. Mac-
intosh, a very old friend of the
family. The interment will be at
Nauuanu cemetery, where the ser-
vices will be according to the Old
Fellows' ritual.

Mr. Savidge was born at Lead-
ingham, Lincolnshire, England,
and was about 73 years of age.
He first came to Honolulu in 1856
with Henry May, uncle
of Tom May, and together
they embarked in the grocery
business at the wellknown stand
on Fort street under the partner-
ship of Savidge & May. After
some years Henry May returned
to England, leaving Mr. Savidge
in full charge of the business.
Tom May came out from England
on his uncle's second trip here
and the business was transferred to
him, Mr. Savidge being made con-
fidential clerk and bookkeeper.
It is twenty-eight years since Tom
May came out from England and
in all those years there has
scarcely been a day until
the last few weeks in which the
familiar form of Samuel Savidge
has not been seen at his desk in
the old corner.

The deceased leaves a wife, two
sons and a daughter to mourn his
loss. The latter is married to
Theodore C. Porter. One other
son, James, died about four years
ago. The two sons living, Samuel
and William, are employed in this
city.

Tom May closed his store on
receipt of the sad news and it will
remain closed until after the
funeral. The hall and doorway
of Excelsior Lodge also bear
mourning emblems.

Reasons Why.

There are two reasons why
people are now paying car fare
all the way from Waikiki to the
Palama Grocery and back. Reason
1. It is the only place on the
Islands where the celebrated Sal-
vation Army tea is sold. Reason
2. After paying car fare both
ways patrons find they are money
in pocket by dealing at this "live
and let live" establishment. We
also deliver goods between Dia-
mond Head and Moanulua free.

COLONEL BUCK ON JAPAN.

Indications That the Japanese Intend
 to Colonize Hawaii.

Washington, D. C. April 15.—
 Colonel Buck of Georgia, who
 captured the mission to Tokio last
 week, had a talk to-day about
 affairs in Japan with Toru Hoshi,
 the Japanese minister. The con-
 versation touched on the action of
 the Hawaiian Government in pro-
 hibiting Japanese immigration,
 which was followed by sending
 Japanese warships and the United
 States cruiser Philadelphia to
 Honolulu.

Colonel Buck carried away the
 impression that the situation was
 not serious. He said this after-
 noon that he did not see how the
 United States could interfere be-
 tween Japan and Hawaii in the
 present circumstances, as the im-
 migration had been of a peaceful
 character.

The report recently made to
 the State Department by Ellis
 Mills, Consul General of this Gov-
 ernment to Honolulu, contains
 some significant figures about the
 influx of Japanese, which the Ha-
 waiian authorities are seeking to
 check. Mills gives a summary of
 the Hawaiian census, just com-
 pleted at the time of his report,
 showing that 24,407 Japanese re-
 side in the islands, and that they
 lead the list of foreign nationalities.
 Hawaiians exceed Japanese by
 6612 only.

That the Japanese intend to
 colonize Hawaii is indicated by
 the number of women they have
 brought with them. Their female
 population is 5195, while of Chi-
 nese, who rank next in point of
 number at 21,616 persons of both
 sexes, 2449 only are women and
 girls.

THE CHINESE MINISTER.

Gives His Impressions of Honolulu
 Quarantine to a Reporter.

His Excellency Wu Tingfang,
 the new Chinese Minister to Wash-
 ington, is quoted as follows in a
 Call interview:

"My trip here was very pleasant
 excepting for a slight contretemps
 in Honolulu.

"The Gaslie stopped in at Japa-
 nese ports that are infected, and
 it was consistent that we be
 quarantined at Honolulu, but the
 Government there promised to be
 easy with us providing the health
 inspection was satisfactory. In
 accordance, the Health Officer
 and staff boarded our vessel miles
 outside and put us through a rigid
 examination. We were declared
 fit to land and the vessel was
 docked.

"Imagine our surprise when
 we learned then that we were not
 permitted to go ashore nor to re-
 ceive visitors. Still, the passen-
 gers from Honolulu to this City
 were permitted to come aboard of
 our vessel from which I think it
 would have been prudent to keep
 away if our bill of health was not
 clean.

"I fancy that President Dole
 imagined wrongfully that I might
 have some treaty to discuss with
 him, and as he knows nothing of
 the Chinese question he believed
 it best to let down the quarantine
 barrier between us."

Japan's Ideal.

Japan is in the colonization
 business for three reasons, says
 the San Francisco Chronicle. One
 is that her own territory is over-
 crowded. Another is that she
 wants to develop a foreign trade,
 and the third is that she desires
 to make her people cosmopolitan.
 The modern statesmen of the
 Mikado's empire have studied the
 history of England to advantage,
 and believe that it is within their
 power to repeat it, so far as
 geographical limitations will per-
 mit. They want to make Japan
 the England of the East.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

KEEN ENJOYMENT.

It Was Only an Impression, but It Gave Him Pleasure.

The policeman's best led him past a fence which was formerly in demand for the display of theatrical posters, but which had been abandoned. It is eloquent with descriptions of glories that have dazzled and departed. A shy looking man stopped to look at the old posters, and he lingered so long that the policeman grew suspicious and walked up and down the block several times in order to make sure that he was not waiting to signal to a confederate to plan some nefarious excursion.

"I hope I do not annoy you," the shy looking man said deferentially. "I ought not to be doing this. It's not generous or kind of me. But I can't help it."

"I don't see that you are doing any harm at present."

"Of course you don't. You're not a mind reader. It was my guilty conscience that spoke. I have a vindictive nature, and I can't master it. I'm one of those people who dislike Great Britain on general principles. I can't get rid of the feeling that the stamp act was a personal insult, and every once in awhile I forget myself and want to enlist in George Washington's army. Every time anybody suggests some means of twisting the lion's tail it is all I can do to keep from getting up and howling with glee."

"I don't see what that has to do with the case."

"Do you observe the names of English actors that appear there?"

"Yes."

"Every one of them was a shining light at home. They had to be coaxed and pleaded with before they would consent to leave the public whose idols they were. The way their managers have talked about it in their interviews almost brought tears to my eyes. But once here they very rarely go away except on short vacations. Season after season they are with us to tell how they are missed at home. And whenever I think of the manner in which the English public is deprived of all this flower of its dramatic talent, yearning in vain for it year after year, it makes my bosom fairly thrill with fendish joy."—Washington Star.

How Fractional Currency Came Into Use.

In 1863 small silver change was very scarce, and people could not find a medium of exchange for small transactions. Change had to be taken in groceries, vegetables, etc. General Spinner, treasurer of the United States, was appealed to for change. There was no law under which he could produce small currency, so he ordered a large quantity of postage stamps, pasting them on different sized pieces of paper to represent different amounts. This was dubbed "postal currency." From this General Spinner got his idea of fractional currency and applied to congress for the right to make it. The facsimile of postage stamps was put on each piece of currency, and for a long time it was known as "postal currency."

How to Cure Scalds.

Take a camel's hair brush; wash the wound carefully with lukewarm water every day. Wipe brush dry, then dip in linseed oil. Cover the wound with oil. Scrape whitening on same. Bandage carefully. This has cured the worst of scalds without leaving any mark.

How Vegetable Ivory Is Produced.

Vegetable ivory is the seed (corozo nut) of the *Phytolophus macrocarpa*, one of the most beautiful of the many palms which grow in South America. In the heart of its tall and graceful plume of light green leaves are found 6 or 8 heads of fruit, called by the natives "negro heads," each of which weighs from 20 to 25 pounds and holds many triangular nuts. These seeds or nuts contain at first a milky fluid which gradually becomes so hard as to make it a valuable substance for ivory in the manufacture of knobs, buttons, etc.

How to Make Anchovy Butter.

Clean and bone 6 anchovies and beat them well in a mortar; add 2 ounces of butter, mix well and pass through a wire sieve. Serve on pieces of buttered toast.

Citizens Attention.

These are days of considerable anxiety and perplexity to all who have possessions or other interests in the Republic of Hawaii, and it is time that our citizens came to a mutual understanding on several important issues. The prospects for Annexation appear at present vague and indistinct, and our destiny cannot be foretold with certainty. There are those, also, who still fondly cling to the hope of a return to the old order of things, and who cannot be persuaded otherwise, yet this outlook appears far more hazy than that of Annexation even to the most hopeful disciples of the Monarchy. But, fortunately, in the midst of all this uncertainty there is solace in the fact that Buffalo Beer has come to stay and that patrons of all sorts and opinions may equally share the benefits of its invigorating and sustaining properties. We are moreover assured that this favorite brew will continue to be dispensed as heretofore at the Royal, Pacific and Cosmopolitan Saloons.

PRESIDENT DIAZ DECORATED.

BERLIN—The Reichsarzt, officially announces that President Diaz, of Mexico, has been decorated by Emperor William with the grand cross of "Rainier." President Diaz issued an edict to the effect that no beer except the sparkling "Rainier" be served in public places, or on state occasions. On tap or in bottles at the Criterion.

Mr. C. W. MACFARLANE:—It affords me pleasure to recommend, to any one whose hair is falling out, the use of DR. POTTIE'S HAIR OIL. My hair was coming out at such a rate as led me to believe that I would soon become bald. After using the oil for five weeks this ceased entirely; none whatever is now falling out. I consider it the best and only worthy remedy for this trouble and also recommend it as a stimulant to new growth.

The Sunlight is

Those "Orange Rims,"

but unfortunately for us it is not glistening on them in this country, as our shipment of STEARNS wheels was put on the "W. H. Dimond," so is not due here for a week. Our COLUMBIAS also are still out of wheeling range, as they got to S. F. the day before the steamer sailed, and no more freight would be received, but they will come along soon, and in the meantime we want you to know that we received 97 RAMBLERS by yesterday's steamer, and can fit you out with either a '96 or '97 wheel, and we know we can suit you. The 1896 RAMBLER is the bargain of the year and the chance to buy a well known high grade wheel for \$75 and \$80 will not last long, as we are informed by the makers that this is the last lot of '96 wheels they can furnish, for, as they write, "our sales have been phenomenal, and you took the last '96 wheels we had in stock."

WE RENT BICYCLES by the hour, day, week or month, and we rent high grade new wheels, such as RAMBLERS, STEARNS, and COLUMBIAS, so if you want a short ride or a long ride, want to ride single or want to ride double, drop in and see how nicely we can fit you out. You will get just as good a mount if you telephone us, and we will send your wheel to your door. Your chance to buy a '96 RAMBLER cheap will only last a few days, don't miss it.

FACIAL EXPRESSION.

It Is Not Always a Safe Guide to Mental Conditions.

The longer one lives the more convinced one becomes that the expression of the face is not, as a general rule, a safe guide to the thoughts or to the condition of feeling prevailing at the moment. The habitual state of the mind does, of course, impress itself permanently on the countenance. Do we not all know the gloomy, downward lines that mark the pessimist and the peevish woman; the dear little wrinkles round the eyes of the cheery soul who is always breaking into smiles; the thick eyebrows, ruffled at their starting point, that indicate jealousy, and the deep double line between the brows of the bad tempered man? Provided we be sufficiently "up" in the science of physiognomy to distinguish, for instance, between the signs of temper and fineness of yell (for indeed many of these facial indications resemble each other closely while signifying totally different attributes), we can form a fair estimate of the disposition of a friend or acquaintance, but when we come to the mood of the moment our conclusions, based on evidence which is misleading, are usually quite erroneous.

Some people—poor things!—have faces that are gifted with but little mobility. They are commonly said to have "very little expression," and whereas they may be full of tender sympathy for some one's sorrow or anxiety they merely succeed in looking dull, whereupon the person who was confiding in them goes away with the impression that they were bored with her and her troubles. Others, who are naturally vivacious and sensitive, alternate quickly between smiles and frowns, either of which may be taken to mean more than it actually does. We ought to judge others by their deeds principally; by their words to a certain extent; by their looks last of all. Who among us has not smarted severely under the accusation of having "looked cross" or "haughty" or "disagreeable" when she was merely concealing some sorrow—and flattering herself that she was doing it very well—swallowing a mortification or only bearing a very bad headache? Again, many women are cold in manner because they are shy, or because they are uncertain how far to go in the way of making advances. We do not care to wear our hearts upon our sleeves unless we are sure that there are no daws about to peck at them. Indeed in the case of many of us it would be safe to paraphrase the dictum of the wily French diplomatist and say that "Faces were given us in order to conceal our thoughts." Therefore when there is a doubt let us give each other the benefit of it.—London Lady.

An Old Rug.

So many oriental rugs are made in this country that representatives of the industry recently had a hearing before congress to call attention to the prevalent practice of undervaluing imported rugs at the custom houses and to ask for a higher duty. Several Chicago concerns are not only making oriental rugs right along, but they are also wiping out time as well as space.

"Do you make antique rugs here, too?" I inquired the other day of a grinning Armenian, who had risen from a half finished piece of work. "Oh, yes," he said, showing his ivory; "dear rug, when he finished, is two hundred year old."—Chicago Times Herald.

Hard One For the Old Man.
"Papa," said the thoughtful little son of the railroad president, "if husband and wife are really one?"
"As they are, my boy," put in the railroad president.
"—why is it you make 'em pay two fares to ride on your road?"—Chicago Post.

A VOICE FROM THE BLEACHERS.
Local interest in the cricket games as reflected from the "bleachers" is increasing. During Saturday's games the "bleachers" were particularly vociferous and kept the players under a running fire of good natured banter. One small boy brought down the crowd by advising the batsman to "go buy a case of Rainier Beer and get some life in you." The crowd applauded the remark, knowing that Rainier Beer is celebrated for its lark orating and strength-giving propensities. On tap or in bottles at the Criterion.

Printed ducks are just as good, if not better than anything else for boys' shirt waists. They wash and wear well, two very important considerations. Kerr has them in a large variety of patterns at eight yards for one dollar. *

We don't expect you to give us the preference if what we have to sell is inferior or our prices higher than our rivals, but when we offer a superior article for less money, you do yourself a wrong by not looking into the matter. How to Choose Floor Coverings.
For housewives of moderate means,
with one servant, living in a small
house or apartment, rooms can be kept
clean with less labor if the floors or
margins of them are stained and the
center covered with a rug, which can be
lifted every few weeks and taken to the
yard or roof and shaken and thoroughly
brushed. A good Smyrna rug will stand
hard wear for ten years, longer than the
best carpet will present a respectable
appearance.

For bedrooms, whether for city or
country, it has long been conceded that
matting is the best, cheapest and most
sanitary and artistic substitute. Good
matting will give satisfaction for three
years if turned once during that time
and wiped once a month with a cloth
wrung out of warm water containing a
little soda.

It is more than possible, however,
that matting, which has so long held
the field, will be superseded by a com-
paratively new material called "floor
fiber." It is as flexible as the best Chinese
matting, is neat and unobtrusive in de-
sign, comes in many soft colors, and can
be sewed together and bound like car-
pet. It forms one of the best back-
grounds for rugs, and, it is said, will be
largely used for daddies as well as for
ceilings. For hammock and floor and
piazza cushions it is cool, durable and
unrivaled from any point of view.

How to Prevent Black and Blue Marks.
Immediately after the accident mix
an equal quantity of capsicum annuum
with mucilage made of gum arabic. To
this add a few drops of glycerin. The
bruised surface should be carefully
cleansed and dried, then painted all
over with the capsicum preparation. Use
a camel's hair brush and allow it to
dry. Then put on the second or third
coat as soon as the first is entirely ab-
sorbed. A medical journal is authority
for the statement that if this course is
pursued immediately after the injury,
discoloration of the bruised tissue will
be wholly prevented. It is also said that
this remedy is unequalled as a cure for
rheumatism or stiffness of the neck.

How to Mix Good Mustard.
Four tablespoonsfuls best English
mustard, 2 teaspoonfuls salt, 2 tea-
spoonfuls white sugar, 2 teaspoonfuls
salad oil, vinegar to make smooth paste.
Rub the oil into the mustard with a
wooden or silver spoon until absorbed.
Wet with vinegar to a stiff paste. Add
the other ingredients, rubbing together
thoroughly and adding more and more
vinegar until consistency of cake dough.
Beat five minutes and bottle. This will
be mellowed enough for use in two days.

How to Make Brown Bread.
One cup of Indian meal, 2 heaping
cups of rye meal, a teaspoonful of soda
and 1 of salt, a cup of molasses. Mix
well together, add a pint of hot water
to the molasses and stir into meal and
beat smooth. Put in a pudding dish or
a lard pail and cover tightly and boil
8 hours in a pot of boiling water. Add
raisins if cared for.

How to Administer Medicine to Infants.
In giving medicine in liquid form to
a baby place the point of the spoon
containing the medicine against the
roof of the mouth. Administered in
this way it will be impossible for the
child to choke or eject the medicine.

How to Darken Brown Boots.
Wash constantly with saddle soap
and soda water. The soda has the effect
of gradually darkening the leather and
does not destroy it. After the boots are
dry, polish with a dark polish.

Reasons Why.
There are two reasons why
people are now paying car fare
all the way from Waikiki to the
Palama Grocery and back. Reason
1. It is the only place on the
Islands where the celebrated Sal-
vation Army tea is sold. Reason
2. After paying car fare both
ways patrons find they are money
in pocket by dealing at this "live
and let live" establishment. We
also deliver goods between Dia-
mond Head and Moanalua free.

MARINE NEWS JOTTINGS SHIPPING INTELLIGENCE.

ABOUT VESSELS INWARD AND OUTWARD BOUND.

The Likelike Wreck Sold for Eighty Dollars—Archer Sails for the Coast.

The C D Bryant has finished discharging. She will likely sail for Laysan Island at the end of the week.

Tomorrow, high tide large 3:05 p.m.; high tide small 2:10 a.m.; low tide large 7:45 a.m.; low tide small 9:40 p.m.

A sailor who deserted from the bark Seminole yesterday was captured today. The Seminole sailed yesterday afternoon.

A few thousand bags of sugar await the S S Alameda at Pacific Mail wharf. The Alameda should be in from the Colonies tomorrow.

The barkentine Archer sailed this morning for San Francisco with a full cargo of sugar. She had very quick dispatch this trip.

The big ship Kenilworth is finishing loading in the stream. She needs but a few thousand more bags of sugar to complete her cargo.

A white steamer was seen off Kilauea, Kauai, at 8 o'clock Monday morning. It was probably the U S S Petrel bound to China from this port.

Customs officers captured one hundred tins of opium aboard the S S Australia yesterday afternoon. The forbidden drug was packed in several bundles of washing, which were being sent to the laundry.

Two deserters from the ship Iroquois were found hiding in the yacht Pokii near the lighthouse yesterday. They were returned to their ship by the harbor police. The same two fellows were caught at Waialae on Sunday, having deserted.

The steamer Helene arrived early this afternoon from Hawaii with a full load of sugar. Four boats of the wrecked Likelike and some other things saved were brought down. Passengers were President Wight of the Wilder Company and Purser Poor and Freight Clerk West of the Likelike. The Likelike has broken into kindling wood.

The Likelike.

The steamer Noeau arrived from Hamakua this forenoon. She reports that the wrecked steamer Likelike at Honoipu was breaking to pieces, and heavy seas were breaking over her. The wreck was sold to J. Hind yesterday at auction for \$80.

The Three Brothers.

The S F Chronicle says: Word has been received that the famous old ship, Three Brothers, has been converted into a coal hulk at Malta by the English Government. Cornelius Vanderbilt gave the original of the famous ship to the United States Government during the Civil War. She was then the sidewheel steamer Vanderbilt, and was fitted out with guns and armament by the donor for the purpose of sending her against the notorious Alabama. After the war the Vanderbilt was sold to George Jabez and Henry Howes for \$42,000, and after them was named the Three Brothers when converted into a sailing vessel. When the clipper was first here, in 1873, she was the recipient of a great ovation, and left port with 5000 tons of wheat. She made several fast trips to New York during the next five years. Later on she was sold to the British Government and has at last come to the ignoble end of all old ships.

Original Bock.

The Warrimoo that is expected here April 16 from Victoria will bring a large consignment of Original Bock Beer for the Anchor Saloon. While there has been Bock Beer on the Honolulu market, it does not begin to compare with the consignment that the Anchor will have on tap after the arrival of the Warrimoo. The reason for this is that the Bock that has already arrived is too fresh. The Bock Beer in the States is made at the first of the year and kept till May 1. The consignment to arrive is some of the original beer and is guaranteed to be better than any Bock ever imported. Wait for it. It will be on tap at the Anchor after the arrival of the Warrimoo.

Wallace—Why is it you always bet on the wrong horse? Hargreaves—It is so much easier to do.

He—Yes; I came from a fine old English family. She—Did they give you a good character when you left?

"Schymser's awfully afraid of germs." "Is he?" "Yes. He never writes a letter without first boiling the ink."

"Then you don't look for good times the day after McKinley goes in?" "No; it will take me several months to get over my trip to the inauguration."

"Madge has been ordered by her parents to give up Jack altogether." "Will she do it?" "She says she can't; he brings her a pound of caramels every evening."

Tarry de Windt, the Siberian traveler, took a number of wood cuts of the Andree polar balloon for distribution among the natives of Northeastern Siberia. One day he noticed a Tchukchei studying one of the pictures intently and asked him what he would do if he saw it in the sky. "Shoot it!" was the immediate reply.
