## NO CABLES

Up to the hour of going to press no press cables had been received today from San Francisco.

There is no delay in the cable company lines, it is announced in answer to inquiries at the cable office.

It is supposed that the big telegraphers' strike has again tied up Associated Press operators, hence the suspension of reports.

## THINKS LUKA LOST

To Admiral Very, Commandant United States Naval Station, Honolulu, H. I.

Iroquois 18, Laysan 15. Schlemmer believes Luka lost.

CARTER,

(Commanding U. S. S. Iroquois.)  
Admiral Very received the above cable this morning from Captain Carter of the U. S. S. Iroquois at Midway Island. Interpreted, the cable reads: U. S. S. Iroquois arrived off Midway on August 18. She called at Laysan Island and on August 15. Max Schlemmer believes that the schooner Luka, Captain Olsen, is lost.

## AFTER CASES OF CRUELTY TO HORSES

MANUEL SEBASTIAN IS FINED  
AND MISS DAVISON WILL ARREST OTHER OFFENDERS.

Manuel Sebastian was fined \$15 and costs in police court this morning for that he abused a horse, hiring him for a Sunday drive from a livery stable and trying to get his four-dollars' worth out of the beast by driving him beyond endurance and plastering his hide with hurry-up cracks of the lash. Humane Officer Miss Rose Davison brought him to judgment as she intends to bring other of his stripe to the justice-and-mercy seat, only there will be less mercy than justice at the next session.

It has come to the attention of the humane officials that many are the dumb ones sacrificed on a Sunday, hired for the day and belabored unmercifully to do three days' work therein. Sailors and soldiers and lovers are not the ones guilty of such treatment to horses on Sunday rides, for sailors and soldiers generally hitch a horse somewhere while they spend most of their time within doors imbibing or calling, and lovers treat horses better than other people treat hired animals, as a rule, for they let the reins go slack and trust to Cupid and the sagacity of the beast. They are town boys who abuse the beasts on the holy Sabbath and after them comes Miss Humane officer hot-foot and without gloves.

## The Dix A Collier

TRANSPORTS NOW BEING PRESS-  
ED INTO SERVICE TO BRING  
COAL FOR THE FLEET.

When the Army's horse and mule transport Dix has discharged her muscular freight at Manila she will go to Newcastle for a load of coal for Honolulu or San Francisco, for the United States Navy.

As has previously been published in this paper, coal is in great demand on the Pacific coast and at this port since the Pacific operations of the Navy were announced. A quarter of a million tons of coal is being arranged for to be delivered on the Coast and at least 75,000 tons are to be brought here.

The problem of transportation is gradually being solved by the department. So difficult is it to secure all the vessels necessary that it has been decided, according to the latest reports, to put what transports can be spared into the coal carrying business and the Dix will be the first to go from Manila to Newcastle, Australia, to take on a big cargo of fuel for Honolulu or Mare Island.

The Dix will probably make several round trips, bringing coal to Hawaii or taking it to the Coast and then transporting animals back to the Philippines.

The Dix has received all the coal here she needs for fuel, having taken aboard 500 tons. She is now discharging 150,000 feet of lumber for the Engineer's department here and expects to sail for Manila on Thursday, taking aboard her animals, which are at present enjoying liberty in the corral Thursday morning or tomorrow evening.

## NO CLEWS TO SUNDAY FIRE BUG

FIRE CHIEF THURSTON HAS LIT-  
TLE HOPE OF CAPTURING WARE-  
HOUSE INCENDIARY.

Chief Thurston of the Fire Department stated this morning that he was still making an investigation of the fire at the kerosene warehouse last Sunday, but that he had been unable to find out anything definite as yet, as he was working without any tangible evidence and it was very hard to find out anything at all, as no one saw any one leaving the scene of the fire, and what evidence he had heard has proved unreliable.

"I have not given up hopes as yet and will keep at it until I find out something," he said.

## Detectives Trail Frank Gould's Wife

The Gould family seems to have been with the exception of Edwita, singularly unfortunate in its matrimonial speculations and now Mrs. Frank Gould, wife of the youngest of Jay Gould's sons, charges that she is followed by ailments in the employ of her husband and still another divorce suit is possible. Even George Gould, now looked upon as a paragon of marital perfection, was pursued by the notorious Zella Nicholas, while the troubles of

Anna, Countess de Castellane, and Howard are fresh in every mind. It is understood that Frank Gould refused to have his children's education interfered with by Mrs. Eugene Kell, mother of his wife and a Roman Catholic, and that this is the true reason for his estrangement from his wife. Mrs. Gould, not to be outdone, has also hired detectives, who are trailing the ones who are shadowing her wherefrom there may be some early and interesting developments.

## GUARDIAN NOW GETS AFTER SIMS

GUARDIAN OF HIS SON OBJECTS TO HIS PLAN TO BORROW ON  
AN INSURANCE POLICY AND ASKS THE COURT TO REVOKE  
PERMISSION WHICH WAS RECENTLY GRANTED—WANTS TO  
BORROW \$900.

W. R. Sims will be cited, probably tomorrow, to appear before Judge De Bolt to show cause why an order of guardianship granted him a week or two ago for his son, should not be rescinded.

The petition is filed by W. H. Charlock, secretary of the Board of Health, who learned of Sims' appointment as guardian through the newspapers. The boy in question is the son of Sims, but was adopted by Charlock some six

years ago. The reason Sims wanted the guardianship arises from the fact that he wishes to borrow \$900 on a life insurance policy in which the boy has an interest.

When the papers were filed in the guardianship matter Sims requested Clerk Scott to whom they were handed, not to put them in the usual box, as he did not wish the newspapers to get hold of them.

## HO SAN MUST GO BACK HOME

COMMISSIONER HATCH DECIDES  
CHINESE IS UNLAWFUL IN  
THE COUNTRY.

United States Commissioner F. H. Hatch this morning passed judgment on the case of the Chinaman, Ho San who since the 15th of May has been held here on a charge of being unlawfully in the country, ordered him deported. He will probably be taken back to China by the Nippon Maru, due here tomorrow.

Ho San came here about the middle of May from the Coast. He claimed that he had been born in the United States, and that he had been a sailor on numerous American and other vessels. However he is totally unable to speak English, and is unfamiliar with American customs, besides being unable to remember the names of any of the various vessels he claims to have served on.

DEPARTING.  
Wednesday, August 21.  
S. S. Helene, Nelson, for Hawaii  
ports, at noon.

FIVE-YEAR-OLD RUNAWAY.  
The police have a five-year old Hawaiian-Chinese boy who persists in running away from his parents. He is booked for investigation.

COURT NOTES.

The case of the Territory vs. Ah Sing and 67 other Chinamen will tomorrow morning be taken up in the Supreme Court on appeal from the District Court.

The case of the estate of Laima Kapu will also come up in the Supreme Court tomorrow morning. The equity suit of Jim Ah Hoy vs. J. H. Raymond et al has been settled out of court and a discontinuance was this morning filed by the plaintiff. The case has been in the Circuit Court for the past six months.

## Played Very Fast

CONGRESSMAN LONGWORTH  
PASSES HIGH COMPLIMENT TO  
ISLAND POLO MEN.

A meeting of the Inter-Island Polo Association will be held tomorrow morning at 11 o'clock at Walter Dillingham's office, to talk over and decide about the team that will go up to the Coast to play in the coming tournament in February, at the Hotel Colorado, for the championship of the Pacific coast. The matter of ponies will be considered very thoroughly at this meeting and it is very probable that the different people who own polo ponies will be asked to lend the ponies to the team, so that it will be possible to have a good string for the matches.

Dillingham stated that they were very anxious to have an A1 team to represent the islands and that he could see no reason why Hawaii should not be able to get one together that will give any team a very hard rub.

Congressman Longworth, in his after-dinner talk at the Polo dinner Saturday night, said that he had seen many polo games throughout the United States, but he had never seen any team play as fast as Maui and Oahu did the first three periods of the game. Dillingham in speaking of the result of the recent matches stated that "we played for all that was in it, but the best team won."

FOR A LAMB BACK.

When you have pains in the small of the back, dampen a piece of thick flannel slightly with Chamberlain's Pain Balm and bind it on over the seat of pain, and quick relief will follow. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Judge Dole of the United States District Court will probably take his vacation next month.

## DOLE BEGINS A BIG DAMAGE SUIT

TRYING WITTHOFF'S CLAIM FOR  
COMPENSATION FOR LOSS OF  
RIGHT ARM.

In the United States District Court Judge Dole this morning began hearing the testimony in the case of Witthoff vs. the barkentine Fullerton, for damages in the sum of \$50,000 as the result of injuries he received which caused the loss of his right arm.

The plaintiff in the case was mate on board the vessel at the time the accident happened, just after leaving the coast for the Territory. He claims that instead of putting back to port where his injury could receive proper surgical attention the vessel kept on her course with the result that his arm had to be amputated.

Attorneys Douthitt and Peters are representing the plaintiff in the matter, while Attorneys Smith & Lewis are representing the vessel's owners.

TO ARBITRATE.

An agreement for arbitration was this morning filed with clerk of the Judiciary department by which a controversy between the Kona Development Co. and F. B. McStocker, of one part, and M. F. Scott of the other part, is to be submitted to the decision of Hon. J. A. Matthewsman, Hon. A. W. Carter and George Clark for decision, reserving right of appeal to Supreme Court on points of law.

The controversy is with regards to an agreement for the growing and cultivating of certain cane on Hawaii.

## NOBODY AGREES ABOUT NUUANU DAM

HOLLOWAY DENIES THE CHARGE THAT PUMP IS A FAILURE OR  
IS TO BE MOVED, BUT GOES UP AGAINST FINANCIAL DIS-  
PUTES LIKELY TO KEEP THE GOVERNMENT AND THE COURTS  
BUSY.

From the money still available on the contract of L. M. Whitehouse on the construction of the Nuuanu dam, Superintendent of Public Works Holloway estimates that the work will be able to continue until the 10th of September, but not longer.

At the present time there are probably 75 or 80 men working on the dam. There is no other money available than that due on the contractor's agreement, and the cost of putting in the new pumping plant for the purpose of sluicing in the fill for the structure, amounting to upwards of \$2000, which was turned down by the Territorial Auditor when demands were made on the fund for Maintenance of Honolulu Water Works, have also been paid by the contractor.

Superintendent Holloway stated this morning in connection with the statement published that the new pump just installed at the dam for the purpose of sluicing had proved a failure, that the pump when properly connected up will do all that was claimed for it. The pump, he says, at the present time had delivered about three-fourths of the water it is supposed to, but a larger pulley is being put on the engine by which the pump will be driven faster. Holloway maintains that the pump has not yet come up to the guaranteed capacity of the makers, and

that if it does not, the manufacturers are responsible.

Superintendent Holloway denies also that there is any truth in the statement that the pump is not located in the most advantageous place, and that it is to be moved. A portion of the pipe-line and sluice, however, are to be moved in order to get a better kind of material for the fill.

In shutting down the work, as will have to be done unless some way is devised of supplying money for it pending the time that it may be possible to raise money by a bond issue as permitted by an act of the last Legislature, Superintendent Holloway says that the uncompleted structure is perfectly safe in its present condition from possible washouts, and that the chief deterioration will come from the timberwork which will rot out rapidly if left exposed to the air for any great length of time.

It is understood that Contractor Whitehouse expects his contract to be good as soon as money is available, but this is not the view, apparently of any of the Territorial officials, who hold that the contract is good only so long as the money lasts which was appropriated for the purpose. It seems that there is a chance for a hot legal battle as a result of this difference of opinion.

## HAVE TO BE GOOD

THE STORY OF THE "BROWNS-  
VILLE REGIMENT" AND ITS  
HARD DISCIPLINE NOW.

The "Brownsville regiment," which left here this morning on the transport Crook, is better behaved than the average white regiment. So say its officers, and they see to it that the claim is pretty nearly made good. Since the Texas shooting affair, the discipline in the regiment has been very severe. The white officers take no chances now. A party of the soldiers walking along King street yesterday passed and saluted an officer who, noticing some unbuttoned coats among the men, made them walk back, button up and salute him again. That is the sort of control kept over the Brownsville men.

Officers of the regiment themselves do not seem to know whether or not the regiment was guilty of the acts which caused the President to discharge two companies and thus create a national row that filled volumes of the Congressional Record. "The truth will never be known to a certainty," said one of them, whose opinion was

A party of Honolulu people strolled on Naval Wharf No. 3 about 10 o'clock this morning to see the U. S. Army transport Crook get away for Manila. From the ship's deck floated music of great excellence and everybody enjoyed it.

"There, that's what I call a real fine band," remarked a lady, "just listen to it. Will you—doesn't that beat Berger?"

A merry laugh greeted the lady from

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 6 hours, 9 minutes. The Sun and Moon are for local time for the whole group.

## SHIPPING NOTES

British S. S. Valdivia will sail for Newcastle about 5 p. m. today taking mail for the Colonies.

S. S. Hongkong Maru sailed from Yokohama on August 17. She is due here on August 27.

The Army and Navy Register says the Atlantic fleet may stay only a short time in the Pacific.

Sheriff Lauka speaks very highly of the behavior of the soldiers aboard the Crook. The negroes of the Twenty-fifth are well behaved and have done very little drinking.

Files of the San Diego papers show that the crew of the S. S. Missouri had a free for all fight at Salina Cruz. The row started again at San Diego. Petty officers Benjamin Payne and Thomas Droody were badly beaten.

Within a few months two men have left the postal service to join the revenue branch of the Treasury department and last week four took the civil service examinations to fit them for positions in that service. They were Harry Hanakahi, Owen Powell, Henry Sniffen and Joe Kube, Pay and the chance of promotion is better in the customs service.

The steamers Nederland and Highland Monarch have been chartered to bring coal to Honolulu for the use of the fleet which is expected here during the next few months. **Wonderful Violinist To Be Here This Week**

MISS MARIE HALL.

The history and life of Miss Marie Hall who will play here this week on the arrival of the Aorangi is rather interesting. Born of poor parents, at the early age of five she began to show more than the ordinary amount of interest in the violin, and music in general. At night after she was supposed to be in bed, she used to go out and sit on the stairs and listen to her father, who was a musician of no little note, while he played over some of the old compositions of the famous masters. Her love of music seems to have been born with her, and in the last few years she has made for herself a name that is not only equal, but far superior to any other woman today as a violin player.

Many women have studied the violin, but few have ever attained pre-eminence as violinists. Miss Hall is without a doubt far ahead of any of the others today, and ranks as one of the greatest woman violinists that have ever lived. While her technique is wonderful, her other blessings are a musical nature, an artistic temperament, and a remarkable musical intelligence. While she revels in the virtuoso compositions of Paganini, she also plays with wonderful feeling Mozart, Beethoven and Bach. At the time of her playing on the streets of London many people who heard her remarked that it was wonderful, and that it seemed a pity that some one with money did not offer her the chance to complete her education. Sir Edward Elgar and Wilhelm heard her playing and offered to give her lessons free. These did not last very long, as she was forced to go back to the streets to make her daily bread, being too poor to live without some means of livelihood. She was able to win the Wesley scholarship at the Royal Academy of Music in London, but was unable to stay there on account of poverty. Soon afterwards a high dignitary of the church who was in London heard the soulful music from her violin and at once interested some of his wealthy friends to give her the necessary means to continue her education. She was sent over to Vienna where she stayed until her debut at the Queen's Hall in London where she played before one of the largest and most enthusiastic audiences that has ever filled the famous hall.

Queen Alexandra of England, by Royal command had Miss Hall play before some of the crown heads of Europe at Buckingham Palace, and requested her to play encore after encore. After this Miss Hall made a tour through Europe and then to the United States where she first made her appearance in Carnegie Hall in New York. From that time her triumph has been wonderful. Miss Hall has a strident voice that had been in the Royal collection in London for many years and for which she paid \$8000. The famous Paganini has played on this violin on several occasions and considers it the finest violin in the world today. Miss Hall will be welcomed by the music loving public here, and it is earnestly hoped that she will play in the evening instead of the afternoon of the 22nd.

ed said Petitioner, couched it in such language and omitted to state facts, as to bring this Respondent through its publicity into a position of odium and contempt, without regard and irrespective of the real merits of the subject in issue.

"3. That Petitioner has lied absolutely, unblushingly and intently, in stating the premises leading to the quoted remarks of Respondent, in the conversation alleged in said Petition, as of August 13th, 1907, between said Petitioner and this Respondent."

At a continuance of the matter until the afternoon, Sims supplemented his answer in a wordy speech in which he had many warm and not overly complimentary things to say about Thayer.

THE NICE UNDERTAKER.  
ELKHART, Ind., August 2.—At the grave of her husband, Mrs. M. Joles of Bronson, Michigan, received a proposal of marriage from Edward Turner, the undertaker, and she promptly accepted. He was so gentle in his treatment of the corpse and so sympathetic in his bearing toward the family that Mrs. Joles was moved to admiration. As the two stood at the open grave the widow burst into tears and buried her face against Mr. Turner's shoulder.

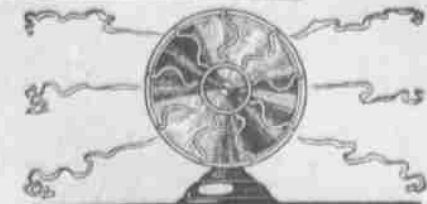

Because she was afraid of adverse criticism Mrs. Joles decided that they had better go to Elkhart for the ceremony, which will take place tomorrow.

### Patrick's Retirement

They pass compliments nicely nowadays in San Francisco, witness the following from the sedate and respectable Argonaut: "Patrick McGushin, confessed boodler, saloon keeper, common drunk, representative of the old order of things, is as we write still a supervisor. He first kept out of the way of the big stick, and finally when found refused point blank to resign. That he will resign when he sobers up sufficiently to write his discredited name under the form prepared by the district attorney's office is not seriously questioned."

Patrick resigned, of course. He has passed with his sixteen boodler colleagues into disgrace and into oblivion except when used as a horrible example with his companions, who make up about the most successfully "landed" lot of grafters the country has seen. As examples they will long serve a purpose. There is less bribery now, says a funny paragraph maker, because "it's getting so that a man can't tell whether an offer of money is a bona fide transaction, or merely a trap to get a man before the grand jury." This is a joke over which San Francisco ex-supervisors will not smile.

### Unjust Criticism

"It would appear to be a compliment to call ex-Deputy Attorney General Milverton a cad. A man who will take a two months vacation at public expense and then get out, without notice, leaving unfinished work in the office simply because he was not appointed to an office which he was not competent to fill, comes pretty close to the genus 'sow's ear.'—Advertiser Editorial August 20. "Everything is in the best possible shape in regard to the work which Mr. Milverton left." Ex-Attorney General Peters, Milverton's chief, in Advertiser of same date.

The outrageous discrepancy between the editorial sentiment and the authoritative statement of fact in these two quotations makes the attack on Attorney Milverton appear very vicious. As a matter of fact he did not leave any cases which called for a delay in his planned departure. The Advertiser says that it is offered in Milverton's defense that if he had not taken the Alameda he might have had to wait two or three weeks for another steamer, and by way of answer it declares that he might have taken the Aorangi or the Korea, in less than two weeks. Yet this same paper is arguing for removal of shipping regulations because there is no certainty of getting passage on through steamers. Such a malicious inconsistent attack upon a man who has just left creates a disagreeable impression. It seems to be still the rule that it is hard to leave these shores without catching just beyond Koko head the echo of the swinging hammer.

### The Case Of Brownsville

The "Brownsville regiment" which left this morning after a couple of days in Honolulu represents a curious problem in both politics and law. It is the subject of a controversy which is having much to do with the chances of fulfillment of the prophecy cabled yesterday from Ohio, that Taft would be the next President, for Taft is the Roosevelt candidate and his Ohio enemy Foraker has captured an immense negro support by his defense of the regiment. It seems strange after the Booker Washington dinner, the Crum incident and other cases in which the President stood firm for negro appointments against powerful opposition, he should be today bitterly assailed by the negroes for race prejudice. Yet since he discharged two companies of this regiment, negro associations of all sorts and negro publications everywhere have denounced him with increasing bitterness, and it appears to be recognized that by espousing the cause of the negro Foraker gained support which makes him a much more dangerous opponent of Taft. The Republicans want their candidate to carry Ohio.

As a problem of law, the Brownsville incident is a very extraordinary one. There was shooting enough done in Brownsville on the night of the trouble to sound like a small battle. There was open fighting between citizens and—the soldiers, if soldiers they were. Naturally many people were present. Yet those who should know best declare even now, after several investigations, that they can't feel quite certain whether the soldiers were guilty or not. The two companies accused stood firm to a man, in claiming that they never left their camp. Acting on evidence which convinced him that the bullets came from their rifles and declaring that though all might not be guilty, all must have knowledge, Roosevelt discharged both companies "without honor," and the storm has raged ever since. It will be resumed in the next session of Congress, when a Senate Committee is to report. As an example of the difficulties that some times exist in ascertaining the truth, in criminal and other investigations, the Brownsville affair is hardly surpassed. If some of the members of the two companies are guilty, the rest have certainly shown remarkable loyalty to them. If not, who "shot up" the city of Brownsville?

### Earthquake Prophet

Have they got a successful earthquake prophet in South America? Here is a peculiar sequence of dispatches: On August American papers had the following: "Quake in Uruguay Prophesied. Serious Trembler Is Due on Aug. 6, Say the Forecasters. (By The Associated Press.) Montevideo, Uruguay, Aug. 2.—A serious earthquake is prophesied to take place in Uruguay on Aug. 6." On August 6 a cable was received here stating that an Albany, New York, seismograph had registered a ten-minute earthquake, locality unknown. A later dispatch of the same date showed the shock to have had for its center Santiago de Chile. This is straight across South America from Uruguay, so that the prophet has something to brag about. Presumably if the quake in Santiago

## GOVERNMENT BUILT BATTLESHIP BEST

THE CONNECTICUT MAKES BETTER SHOWING THAN THE LOUISIANA MADE.

ROCKLAND, Me., Aug. 8.—The government-built battleship Connecticut, in her trials over a measured course outside the harbor here, made a highly satisfactory showing, and which Rear Admiral Evans, of the trial board, said was much better than was expected of her.

The average speed of the best five runs was 18.78 knots. The number of propeller revolutions required to make that speed was 127.7. The fastest mile was made in 19.01 uncorrected. When the tidal corrections are made it is estimated that these figures will be reduced to 18.8. In her five best runs the Louisiana, a sister ship of the Connecticut, which was built by the Newport News Shipbuilding Company, attained an average speed of 18.9.

The trial was marred by a fatal accident. L. M. Turner, a fireman of the first class, who was borrowed from the battleship Ohio for the test, was killed by a bucket of ashes falling on him.

## HAYWOOD ON DUTY.

DENVER, Aug. 5.—William D. Haywood, secretary-treasurer of the Western Federation of Miners, was at his desk in the headquarters of the federation this morning. A constant stream of visitors poured through the room, offering greetings and their congratulations. Mr. Haywood expressed his pleasure at his reception in this city, and spoke enthusiastically of the demonstration at Colorado Springs and other points along the road.

## MAKING UP THE BIG OIL CO.'S FINE

STANDARD COMPANY CAN EVEN UP IN TWO YEARS WITHOUT LOSING DIVIDENDS.

CHICAGO, Ill., August 5.—Effective September 1 a reduction of 8 cents a barrel will be made in the price of crude oil in the Southern Illinois field, according to a well-defined report that is going on. This field is a new one, not connected with a pipe line yet, and in point of production is second only to the midcontinent or Indiana Territory field. The price paid for the oil is now 68 cents, while that in the adjoining field of North Lima and South Lima, said to produce the same grade of oil, is 94 cents and 89 cents a barrel, respectively.

Should this reduction be made general to all the oil-producing territory in the United States it would afford a way for the Standard company to pay the enormous fine of \$29,240,000 in two years, providing a slight increase were made at the same time in the price of refined oil.

According to the latest report of the commissioner of corporations the Standard's consumption of crude oil in 1904 was 55,698,000 barrels. A reduction of 8 cents a barrel in the price would mean a "saving" to the trust of \$4,455,840. The same source gives the total production of refined oil by the Standard for the same period at 21,341,179 barrels of fifty gallons each. An increase of 1 cent a gallon on this refined oil would yield a "profit" for the Standard of \$10,570,559.50. The sum of this "saving" and "profit" totals \$15,026,429.50, or over one-half the fine which Judge Landis imposed on the company. In this way the fine could be raised in two years and not disturb the dividends.

## LANDIS AT WORK.

CHICAGO, August 5.—Judge Landis in the United States district court today ordered the dissolution of the church and school furniture trust recently punished by fines amounting to \$43,000 for admitted violation of the anti-trust laws. The court entered a decree making permanent the injunctions recently granted against the company which were further fined restraining them from further trust agreements or conspiracies to monopolize and restrain trade in violation of the law.

# ACQUITTED OF MURDER, RUN FOR PRESIDENT

WASHINGTON, D. C., August 1.—The socialist party in the United States will nominate William D. Haywood, recently acquitted at Boise, as their candidate for the presidency, according to statements made in New York city last night. Haywood's boom will be launched at once, it was said, and Haywood himself will probably come east to give it impetus.

The announcement of Haywood's candidacy from an authoritative source was made in New York last night by Morris Hillquit of the national executive committee of the socialist party, who said:

"The nomination will be tendered to Mr. Haywood when the proper time comes, and there is little doubt that he will accept, not as an honor, but as a duty. He was fixed on as the man who, above all others, will give added vitality to the party, and with Haywood as candidate the socialists will poll a larger vote than they have ever done before in this country."

Morris Hillquit, who made the foregoing statement, is the leader of the socialist party in the eastern section of the country, as Debs is in the middle west. Hillquit, however, is a different type from Debs and a more able and adroit man. The writer has talked with Mr. Hillquit in his New York offices in previous campaigns, and can speak of personal knowledge as to his attainments and influence with his followers. He is a student, literature and lawyer. He has a large and, it is said, lucrative law practice, and is regarded as the brains of the socialist movement in this country. He is also the American representative of the international socialist bureau, and is in close touch with the foreign section of socialists.

Under his direction the socialist party in the east has waged a systematic campaign in recent elections, resulting in the polling of a constantly increasing socialist vote. It has a newspaper and a large printing plant which turns out campaign literature in vast quantities, appealing in characteristic style to the classes among which its recruits are made.

In the last presidential campaign the socialist propaganda was in evidence in every town and city in the east. Every night their speakers, often illiterate and untutored, but terribly in earnest and speaking with a sort of rude eloquence enhanced by their zeal, could be found addressing small groups at street corners and in out-of-the-way parts of town. They did not rent halls, had no bands nor processions, but mounting a storebox or a stool, or old chair, would soon have their audience listening to what was more frequently only a harangue, but casting lavishly the seeds of socialism, some of which must have found lodgment and nutriment, from the election returns.

Another feature of the socialist campaign was to accost workmen as they came from the shops, handing out literature to the workers who were too hungry and weary from the day's labor to stop them, but were asked to take and read. Then, that night, when the tired laborers were resting on the

expectations aboard the Crook and many are to be stationed on what is termed the Japanese coast of Luzon.

front stoops the socialist talkers would appear in the residence districts and gather audiences at the front doors of the workmen.

In New York state the socialist propaganda was wonderfully helped by William R. Hearst's campaigns for mayor and for governor. His newspaper articles, cartoons and utterances of his speakers were adroitly turned by the socialists to their own advantage. "All this and more, too," they would say of Mr. Hearst's arrangements, and then they would appeal to the workmen to take no halfway measures, but to go the whole length and embrace socialism to remedy the evils alleged.

The difficulty the socialists experienced in the past was to dissociate the real socialist campaign from the anarchists. The "reds" would insist upon trailing along with the socialists' procession and seeking prominent places at every socialist meeting. The Patterson group, the Chicago group and the New York city group of genuine "reds," who are loathed and detested by the rank and file of the workmen, were always tagging on to the socialist picnic, and every time they became in evidence their mouthings would awaken the workmen to the dangers of the theories advocated by the socialists and show into what dangerous and despicable paths they were likely to be led.

Already there is indication that the same handicap will befall the socialism in their espousal of Haywood's candidacy. In The Star of yesterday was a dispatch from Oyster Bay reciting the contents of a telegram which President Roosevelt had received from Emma Goldman, Alexander Berkman and Hypolite Havel rejoicing in the acquittal of Haywood. The President was swift to make that dispatch public, without comment, but leaving a sinister conclusion to be drawn by the public.

The strength and importance of the socialist movement in the next election, based upon the candidacy of Haywood, will depend altogether upon how successful the socialist leaders can be in shaking off the anarchists. The labor unions in large numbers have endorsed Haywood and deprecated President Roosevelt's characterization of him as an undesirable citizen, prior to his trial. The laboring men have made Haywood's cause their own. The socialists say they will make Haywood their candidate. Will the workmen thereupon take up socialism as their creed, with its alleged attendant strain of anarchism? President Roosevelt's action in giving out the telegram yesterday may be regarded as very significant.

Without enlisting the workmen in a mass the socialist movement, although constantly spreading, is still far from being a real menace in politics. If it can entice the labor unions it may become a power. In the last presidential election the total socialist vote was only 3 per cent of the total popular vote for President. The whole socialist vote in all the states was 402,283.

In bulk, therefore, the socialists were not an element worthy of consideration, although in some of the states

# MILVERTON LEFT CASES ALL RIGHT

PETERS SAYS FORMER DEPUTY FINISHED UP WORK BEFORE GOING AWAY.

The accusation against ex-deputy attorney general Milverton, that he left here without arranging cases which he had been handling for the department, is very emphatically denied by his former chief, ex-Attorney General Peters. The latter says that Milverton told him he wanted to try and get away on the Alameda and in preparing to do so he went through all his cases and turned whatever notes or information he had, also that there was not a case which required Milverton to stay.

"Mr. Milverton wanted to get away long ago," said Peters, "and at my request agreed to stay until the end of my term. After that he became a candidate for attorney general and when he found he was not to be appointed he decided to try and catch the Alameda. The day before doing so he and I discussed his cases. There is not one of them with which I am not thoroughly familiar, but Attorney General Hemenway has not had time yet to keep appointments with me for the purpose of going over them. There was absolutely nothing for Milverton to spend even a week in Honolulu waiting if he wanted to leave.

"Mr. Milverton had some fishery cases but had settled nearly all and the ones pending had to wait for judges. The law, however, is settled, and the proceedings now are merely formal. Other cases in his charge were some boundary cases, one awaiting decision and one delayed on appeal by failure of counsel on the other side to prepare transcript. It does not call for Milverton's presence. The Territory vs. McCandless, Territory vs. Frank Husace and the Thompson Settlement Association matter are others which Milverton was handling. He turned them all over to me in proper shape, before saying good bye. If he wanted to go he would have been foolish to hang around Honolulu a week simply for these matters."

## MASQUERADED ON KOREA.

When the Korea passed this way for the Orient there was aboard an Ohio school teacher going to the Philippines with his wife. The pedagogue wore the uniform of an Ohio regiment and had another uniform in his cabin. He wore the drab and reserved the blue. His dress was the subject of remark and a Korea passenger wrote the Army and Navy Register, protesting against this abuse of the National Army clothes.

## HE LEFT THE HOUSE.

While a lady was feeding a hungry tramp the other day she discovered he was pocketing her silver spoons. Opening the door, she exclaimed: "Drop those spoons, you scoundrel, and leave the house!" "But, madam—" "Leave the house, I say!" screamed the infuriated woman. "Leave the house!" "I go, madam," said the tramp, as he reached the front gate, "never to return; but before I go I would like to say that I did not intend to take your house."—Philadelphia Inquirer.

## POINTED PARAGRAPHS.

How easy it is to be liberal with other people's money. The more a man blows the less likely he is to come to blows. Any man can find work if he will go to work and look for it. It's awfully hard to be grateful for a gift that doesn't please us. A man seldom does much good in the world until he stops trying to do harm. Coffee is a bad thing for a man's temper—especially if his wife doesn't know how to make it. You can tell when a woman is interested in what you are saying by the way she pretends she isn't. Lots of people who are sure they are right don't go ahead. Idle curiosity is one of the busiest things in the world. Don't give up just because you happen to be down. If a man's acquaintances are unable to discover that he is in love he isn't.

They were beginning to make themselves felt. In California they polled practically 9 per cent; in Wisconsin they polled 28,000 votes; in Illinois, 69,000; in agricultural Iowa and Kansas together about 30,000; in New York 36,000; the same in Ohio, about 22,000 in Pennsylvania and smaller proportionate numbers in other states.

# HAVE TO BE GOOD

(Continued from Page One.)

Inclined to the view that soldiers were guilty of the shooting and who plainly said that the boys had done some "lying" in the investigations.

"The Senate committee will recommend, I think, that the discharged men be allowed to re-enlist with clean records. In the great mass of contradictory testimony there is no getting at the truth with certainty. The investigation was not properly made the first time, and it was too late when it began again.

"We have no trouble with the boys now. They are a well behaved lot, and in fact know they have to be." The Brownsville row was an outcome of race prejudice, say the officers. The regiment was so ill treated by the citizens of Brownsville, Texas who didn't want a negro regiment stationed in their town, that some sort of an outbreak was inevitable. One night the town was "shot up," by two companies of the regiment according to the President. The regiment already had quite a record of rioting and shooting up towns, and Roosevelt summarily discharged the two companies "without honor," declaring that a lesson was needed.

## THE PROPER SPORT.

Down at Haleiwa the wish of most of the boarders and occasional visitors is to get to the golf links before lunch and after. Some of them are so enthusiastic that they overstay the luncheon hour and depend upon the genial Bidgood to pick them up something when they come in. The rush to the links is due to the excellent condition of the ground. The manager is something of a player and this impels a desire to keep the place in order. Better go down and try a round. ## TENNIS DOUBLES BEGUN YESTERDAY

RESULTS OF CONTESTS PLAYED AND GAMES ON SCHEDULE FOR THIS AFTERNOON.

The first matches in the double tennis tournament were played yesterday afternoon on the Pacific and Beretania Club courts. The easiest match of the day was between the Bockus-Grey combination against the army team composed of Lieuts. Shipp and McCleary. Bockus seemed to have regained some of his old form and put up a very good game. Brock and Williamson were able to defeat Baldwin and Krumpholtz without very much effort.

The following is the list of the matches played yesterday and the ones that will be played today:

A. T. Brock and W. Williamson defeated S. A. Baldwin and C. C. Krumpholtz, 6-1, 6-2; A. J. Lowrey and G. T. Fuller beat G. Waterhouse and M. K. Kihio, 6-4, 6-4; A. L. Castle and R. A. Cooke beat B. Kennedy and I. Scott, 6-2, 6-3; D. W. Anderson and E. Horner beat Capt. Humphrey and S. H. Derby, 6-2, 6-3; J. P. Cooke and R. D. Mend beat A. Rice and J. Waterhouse, 6-4, 6-4; C. G. Bockus and H. S. Grey beat Lieuts. Shipp and McCleary, 6-0; 6-0; A. F. Griffiths and W. H. Babbitt beat D. Blanchard and F. E. Steers, 6-4; 7-5; A. M. McKeever and F. J. Greenfield won from W. and H. Dillingham by default.

The following matches will be played this afternoon on the Pacific Tennis Club courts—4 o'clock: Brock and Williamson vs. Lowrey and Fuller; Griffiths and Babbitt vs. McKeever and Greenfield; 5 o'clock: Castle and Cooke vs. Anderson and Horner; at 4:30 o'clock, J. P. Cooke and Mend vs. Bockus and Grey.

## BACK FOR SCHOOL OR LOSE TERM

BOARD OF EDUCATION ADOPTS A STRICTER RULE REGARDING TEACHERS' VACATIONS.

At the meeting of the Board of Commissioners of Public Instruction held yesterday afternoon, the matter of leave of absence occupied most of the time and it was decided that in the future teachers who go away for their summer vacation and ask to have their time extended, the substitute appointed should be allowed to fill the place for the whole term, and that in case a teacher failed to notify the Board of a delay in returning, the place should be filled permanently.

The discussion started with application of Miss Blanche Soper, a teacher in the Normal School for an extension of her leave of absence, and in accordance with the decision a substitute will be appointed for the entire fall term in her place.

Canon Mackintosh's application received similar consideration, he being granted leave for the fall term without pay; and the same action was taken in the case of C. F. True.

Miss M. J. Coursen's resignation as teacher in the Central Grammar School was read and on motion accepted.

Mr. Muller, whose appointment as teacher to the Kailua school had been protested against by a number of persons at Okana, where he had previously taught, was not allowed to go back to his old place, but must take the Kailua school.

An opinion was read from the Attorney General with reference to the application of F. P. Rosecrans, a teacher at Punahoa, Maui, for pay for improvements which he had made to the school property, to the effect that there was no legal obstacle preventing the Board from making such remuneration, or from removing such improvements from the school premises provided the original property was not damaged thereby. No action was taken in the matter.

The Board is mailing to each of its teachers copies of the resolution adopted on August 5th relative to their doing work outside of school hours. The communication is designed as a hint that the teachers would do well to heed the resolution if they desire to stand well with the Board.

## POLO MEN WILL GO TO COAST

FOUR PLAYERS WHO ARE READY TO ENTER GAMES AT HOTEL CORONADO.

The Hawaiian Islands will be represented at the Polo tournament that will be played at the Hotel Coronado next February, unless something comes up that will change the plans that were made yesterday, at a meeting of the polo players of the different teams who are in town at the present time.

The team that will represent Hawaii is as follows: Shingle, No. 1; Charles Rice, No. 2; Walter Dillingham, No. 3, and Frank Baldwin, No. 4. This team is not the best that could be obtained, as with a little shifting a team could be decided upon that would be stronger. At the tournament that was played last year the championship was won by the Burlingame team, and a person stated who saw the game at Monahua the other day that they never played as fast as the players did in that game on Saturday.

Alex. Clough, who has acted in the same capacity on the coast as he does here, also says that he never saw better polo on the coast and there is no reason why local boys should not have a good chance to carry away the honors next year. The exact details have not been decided on as yet, but it is the plan now to take 16 ponies up and stay long enough on the coast to get the ponies used to the climate and also the field, so that when the games start they will be on equal terms with the other teams.

In the game tomorrow Maui and Oahu will be represented by three players, while Kauai will have two. Bob Shingle will act as umpire and some good, fast polo will be the order of the day. The game will start at 3 o'clock and a large number of people will not doubt go down to see the game, as just at present everybody is talking polo, and they are anxious to see some more of the game that is well named the "King of Sports."

## LAST WRECK CASE OF MANCHURIA

THE WAIMANALO SUGAR COMPANY'S CLAIM FOR SALVAGE ON HEARING YESTERDAY.

The last of the libel cases against the Pacific Mail Steamship Company as a result of the Manchuria wreck on the Waimanalo reef a year ago, was concluded in the taking of testimony before Judge Dole yesterday afternoon. It was the case of the Waimanalo Sugar Company, owners of the S. S. J. A. Cummins, for salvage work on the stranded vessel.

The case will be submitted on briefs and H. E. Cooper, representing the sugar company agreed to have his brief ready by September 4 in order that E. B. McElanahan, representing the Manchuria owner's interests may have opportunity to examine it before he leaves for San Francisco where he expects to locate permanently. He announced to the court yesterday that this salvage case would be the last court work he expects to do before he sails on the 6th of next month.

## JAP WOMAN JUMPS A CAR

IS STUNNED BUT SAYS SHE IS ALL RIGHT—DR. MOORE ON HAND.

Japs may come and Japs may go, but the cars go on for ever. A Japanese lady, a servant of Mrs. High, stepped off backwards from a moving Punahoa car as it was rounding the curve at Fort and Beretania streets yesterday and hit her head on the ground and became unconscious. Most women get off a car backwards. They do this because. That has been settled. The difference between a Japanese woman and any other woman is that the Japanese woman gets off while the car is in motion. So do her brothers, as witness the records of the coroner.

Dr. Moore was near when yesterday's victim did the stunt. He took the woman off for treatment. She opened her eyes before the doctor's office was reached and said she was all right.

## SHOT HER HUSBAND AND IS INSANE

THE TERRIBLE MISTAKE MADE BY A WOMAN IN SAN FRANCISCO.

SAN FRANCISCO, August 9.—Mistaken for a night marauder, Edward Farquahr, 42 years old, was shot and killed by his wife at their home, 817 Twentieth street, last night with a revolver he had bought and given to her yesterday to protect herself against burglars.

Farquahr who had been a driller employed at the Union Iron Works, went out on a strike recently and was to leave San Francisco today to accept work out of town with the Ridson Iron Works.

Fearing for the safety of his wife and their twelve-year-old crippled son, Eddie, Farquahr went out and bought a 36-caliber revolver yesterday and gave it to his wife.

"Keep this always under your pillow while I am away, Laura," he said to her "and don't be afraid to shoot if anyone enters the house at night. Don't give them a chance to fire first. Be sure of this, or the revolver won't do you any good."

"All right, Ed," she replied. "I won't be afraid to use it when necessary."

Farquahr had intended to be up early today and the family went to bed before 10 o'clock last night.

Less than an hour later Mrs. Farquahr was awakened by a noise in the front room. The door leading from

the bedroom was open, and against the dim light coming through the window of the front room she could see a moving figure.

"Ed," she called softly, "some one is in the front room." She received no answer. The bedroom was very dark, but she managed to feel for the revolver under the pillow. Gripping it tightly she got out of bed and called to the moving figure:

"Who are you?"

She heard no answer, and after repeating the question with the same result raised the revolver and fired.

The figure in the front room fell groaning, and the report of the revolver aroused the crippled boy, Eddie.

Together with the boy the woman rushed into the front room and pulled up the shade.

Quivering on the floor was the prostrate form of her husband. The shot had entered the right femoral artery and the carpet was stained with great red blotches.

Dr. William Peters of 1402 Eighteenth street was sent for, but although he responded almost immediately Farquahr had bled to death before he arrived.

Peters found both the mother and the son hysterical. Mrs. Farquahr has been ill for a month or more and her hearing has been impaired. It is believed that her husband may have answered her when she called out to know who he was and that she failed to hear him before firing.

Mrs. Farquahr was removed to the Central Emergency Hospital, where she continued to rave hysterically up to an early hour this morning.

She is believed to be incurably insane.

## WEEKLY WEATHER BULLETIN

For the week ended August 17, 1907.  
Honolulu, August 19, 1907.

## GENERAL SUMMARY.

Rains excessively heavy to torrential  
in rate of fall and amount occurred on  
the 9th and 10th, and 14th and 15th, in  
the Hamakua, Hilo and Puna districts  
of Hawaii—ranging from 11.39 to 15.71  
inches in the Hamakua and Puna, and  
from 15.54 to 29.72 inches in the Hilo  
districts. In the Kona and Kohala dis-  
tricts of Hawaii the amounts varied  
from 2.57 to 5.13 inches. In the Kula  
district of Maui the rainfall was light,  
while in the Waikuku, Hamakua and  
Hamakua districts the amounts  
ranged from 2.10 to 7.70 inches. In the  
Koolau district and at the higher  
altitudes in the Honolulu district of  
Oahu the rainfall was considerable,  
ranging in the former district from  
2.10 to 5.52 inches. In the remaining  
districts of Oahu the rainfall did not  
equal .50 inch. On Kauai very light  
rain was reported from the western  
portion of the Kona district, and  
amounts ranging from 1.04 to 3.06 in-  
ches were reported from the remaining  
sections. Amounts ranging from .31  
inch at the higher altitudes to 2.75  
inches near the south coast were re-  
ported from Molokai.

Rainfall equalling or exceeding 2.50  
inches in 24 consecutive hours occurred  
on Hawaii: 9th—Honolulu, 5.67  
inches; Paauhau, 5.60; Ookala, 5.00;  
Papaala, 12.47; Honohina, 6.53; Ha-  
kalau, 5.72; Pepeekeo, 4.21; Papaikou,  
7.40; Hilo, 6.35; Ponahawai, 9.43; and  
Kaunama, 9.24. 10th—Ookala, 5.25;  
Laupahoehoe, 9.94; Honohina, 5.33;  
Hakalau, 5.89; Pepeekeo, 5.57; Papaikou,  
7.35; Hilo, 6.20; Ponahawai, 6.67;  
Kaunama, 6.72; Kapoho, 5.13; Pahala,  
4.30; and Naalehu, 4.55. 13th—Ookala,  
3.50. 14th—Ookala, 2.50; Papaala,  
6.26; Papaikou, 2.90; Ponahawai, 4.36,  
and Kaunama, 4.75; and 15th—Paau-  
hau, 3.05; Ookala, 4.50; Laupahoehoe,  
4.90; Papaala, 3.94; Honohina, 4.18;  
Hakalau, 5.03; Pepeekeo, 3.65; Papaikou,  
7.00; Hilo, 6.60; Ponahawai, 8.03;  
Kaunama, 7.58; and Kapoho, 6.75; Ha-  
kalau, 4.21; Maunawili Ranch, Oa-  
hu, 3.05; and Maunawili, Molokai, 2.75.

The rainfall for the week was more  
than that of the preceding one at the  
great majority of stations in the sec-  
tion, the excesses being specially mark-  
ed in the Hamakua, Hilo and Puna  
districts of Hawaii, where they varied  
from 10.79 to 22.10 inches.

The mean temperatures, as a rule,  
were higher than those of the preced-  
ing week at the majority of stations on  
Hawaii, Maui and Oahu, and at all  
stations on Kauai and Molokai, the  
greatest changes, however, did not  
equal +2 deg., and were reported from  
Kauai, the interior of Molokai and the  
southwestern portion of the Hilo dis-  
trict of Hawaii.

The following special reports were  
received: Hawaii, Paauhau—The rain-  
fall for the week was the heaviest in  
any August since 1890. Laupahoehoe—  
During a portion of the 9th, the rain  
fell at the rate of 1.59 inches per hour.  
Papaala—The water is high in all the  
gulches, and washouts have occurred  
along the government road. Maui,  
Waikuku—Heavy rains in the moun-  
tains on the 14th caused Waikuku  
Creek to become a raging torrent on  
the 15th, doing much damage along its  
course.

The following table shows the week-  
ly averages of temperature and rainfall  
for the principal islands and for the  
Group:

	Temperature.	Rainfall.
Hawaii	73.0 deg.	13.54 ins.
Maui	76.9 deg.	3.19 ins.
Oahu	78.4 deg.	1.57 ins.
Kauai	76.5 deg.	1.46 ins.
Molokai	76.6 deg.	1.53 ins.

Entire Group 75.4 deg. 8.18 ins.

At the local office of the U. S. Weather  
Bureau in Honolulu, cloudy weather  
obtained on the last three days, at-  
tended with showers, amounting to .46  
inch, .11 more than the normal, and  
.19 less than during the preceding  
week. The maximum temperature was  
84 deg., minimum 71 deg., and the  
mean 78 deg., 3 deg. below the normal  
and .9 deg. higher than last week's.  
The mean relative humidity was 72.7  
per cent, and the prevailing wind di-  
rection NE., with an average hourly  
velocity of 8.7 miles.

JAPAN WAITS TO  
HEAR FROM ISHIIWILL NOT TAKE UP MATTER OF  
EXCLUSION TILL HE MAKES  
REPORT.

SEATTLE, Aug. 4.—Mr. Ikutaro Aoyagi, a prominent merchant of Tokyo, arrived in Seattle yesterday on a pleasure tour to the United States. Mr. Aoyagi is greatly opposed to the mutual exclusion idea. He said yesterday at the Butler:

"Many of the people of Japan do not believe that a mutual exclusion agree-  
ment between our country and the  
United States would be at all fair be-  
cause of the great difference in num-  
bers emigrating to the individual  
countries.

"Of course, we can see the fairness  
of the view taken by your people—  
your fear of ruining the labor market  
by the excessive immigration of for-  
eign laborers to this country, but we  
cannot see that this view applies to  
the Japanese phase of the question.  
There are a great many less Japanese  
laborers coming to the United States  
than are coming from other countries.  
Of course, most of our laborers who  
come to the United States come di-  
rectly to your Pacific coast, but I do  
not believe they remain here.

"The Japanese government will not  
make a further move in the mutual  
exclusion matter until the return of  
Mr. K. Ishii, who is now on his way  
to the United States to make a thor-  
ough investigation of this phase of our  
relations. Mr. Ishii is director of the  
bureau of commerce, and great re-  
liance will be placed upon his conclu-  
sions. He is now in Honolulu, and will  
later come to San Francisco and Seat-  
tle before going East."

Mr. Aoyagi says that political mat-  
ters are very quiet in Japan, but that  
they will soon given up as the elections  
are due in December. He says that  
Marquis Saloni, who has been long a  
power in Japan, is in no danger of

WORLD'S NEWS

dency, but reiterated his opinion as to  
the necessity of a revision of the tariff  
and the imprisonment of the heads of  
the trusts who persist in violating the  
laws.

## AUTONOMY IS ENDED.

TOKIO, August 20.—Marquis Ito re-

Mr. Aoyagi denied the report that  
the lower classes of Japan are sym-  
pathizing with the sensational stories  
of the "yellow journals" regarding the  
proximity of war. He says that the  
would-be "yellow journals" of Japan  
have lost their influence through the  
publication of war scares.

## TURF RULES MAY BE CHANGED

When a man can, by the lifting of a finger, record bets on race horses and then, if he loses, repudiate the transaction the Metropolitan Turf Association believes that the time has come when the rules of betting should be revised. This conclusion has been reached because of the charge that an alleged betting commissioner of Dr. Carlos F. McDonald, expert alienist and physician to the Four Hundred of New York, has recorded \$20,000 worth of wagers on the metropolitan course and that Dr. McDonald declines to pay the lost "markers." The physician says he was in the Canadian woods fishing when the commissioner

ELECTION OF OFFICERS OF THE  
CHAMBER OF COMMERCE TO  
TAKE PLACE TOMORROW.

The annual meeting of the Chamber of Commerce will take place tomorrow afternoon at three o'clock at their rooms in the Stangenwald building. New officers will be elected for the ensuing year and other important matters will come up for their attention.

PRISON ESCAPE  
IS RECAPTURED

PORTO RICAN BURGLAR WAS  
TRYING TO GET AWAY ON THE  
KINAU.

Juan de la Cruz, disliking the confinement of the prison on the reef a couple of weeks ago dug his way out and enjoyed liberty until today he endeavored to take passage to Hilo in the S. S. Kinau and was caught by the police and replaced in a cell in the Iwilei fortress.

Chief of Detectives A. P. Taylor and his trusty men have been on the lookout for Juan and they had his sphere of movement narrowed to such an extent that it became uncomfortable. Today they had decided that he was trying to get away on one of the island boats and the wharves were watched. He was seen on the Kinau wharf and then disappeared. Another Porto Rican finally helped in the capture by putting High Sheriff Henry, also looking for the escape, wise to the burglar's movements and the High Sheriff, while following the tip, ran right into his man and the capture was complete.

Coast. Several rehearsals had been held, but it was decided to wait until later before the tuneful comedy should be put on the stage.

In police court this morning Manuel Perreira was put under \$250 bonds to keep the peace. He had been parading with a gun and frightening his women folk.

A trust company is the ideal administrator of any trust or executor of a will. Being always at home, never sick and operating under the most approved business methods, it is more desirable in fiduciary capacities than an individual. Hawaiian Trust Co., represent the highest qualities of a trust company.

mad the wagers and that he was not authorized to do so. It would appear that the bookmakers are the victims of their own loose business methods and it is likely that a rule will be established, to be followed throughout the country, whereby a recognized racegoer will be obliged to issue daily written credentials to any persons whom he may employ to lay wagers for him when cash is represented by "markers." And incidentally "society" pretends to be shocked at the size of the wagers taken in Dr. McDonald's name, he being merely a racegoer and not an owner whose privilege it would be to back his own horses heavily.

BRIG GALILEE  
IS HERE AGAIN

SCIENTIFIC EXPEDITION TO  
STUDY MAGNETIC VARIATIONS  
IN THIS PART OF THE WORLD.

The scientific expedition brig Galilee is expected this way before many days. Private cables were received here this morning to the effect that she was heading this way to study magnetic variations of the compass. The results of her visit to this part of the ocean may explain many things, among others why Captain Olsen missed Laysan Island.

The Galilee was at Tahiti in February last, leaving on February 19 for an extended survey cruise. She is owned by Matthew, Turner and has been here before.

REGRETS TO LOSE  
C. R. HEMENWAY

JUDGE WEAVER ACCEPTS HIS  
RESIGNATION AS EXAMINER FOR  
THE LAND COURT.

The resignation of C. R. Hemenway, the new Attorney General, from the position of examiner of titles in the court of Land Registration, upon assuming his new duties, together with the acceptance of some by Judge P. L. Weaver of the court, were filed in the clerk's office this morning. The answer of Judge Weaver follows:

"Hon. C. R. Hemenway, Attorney General, Territory of Hawaii.

"Dear Sir: Your communication of August 15th, 1907 received.

"It is with regret that I am compelled to accept your resignation for the reason that your place will be hard to fill with a successor whose work will equal yours.

"Permit me to compliment you upon your appointment to your new duties.

"It may not be out of place to say here that our official relations have been very pleasant to me and that by your conscientious discharge of your duties as examiner, your care, skill and promptness, have lightened the work necessarily falling upon the judge of the court.

"I wish you great success in your new office, and feel your loss in the old one.

Yours respectfully,  
"P. L. WEAVER."

BOARD OF COMMISSIONERS CONTINUES THE TURNING DOWN OF SALOON APPLICATIONS.

The would-be liquor dealers whose applications for licenses came up for a public hearing before the Board of License Commissioners yesterday afternoon, were turned down cold with but little ceremony by the license body, after the attorneys for the four applicants had made their little speeches.

Wong Chung Lung wanted a license for a saloon at 1114 Maunakea street. Formerly he had been refused a license at Hotel and Kekaulike streets, and this is a second throw down for him.

Pang Lum Mow, who like Wong Ching Lung had formerly been saloon-lets in the tabued Fishmarket district, was also refused a permit to do business at Hotel and Maunakea streets.

Loon Goon wanted to open a saloon in Harry Juen's old place at King and Beretania streets, but he also got the frosty mit from the commission.

The fourth applicant was a Jap, Ichiro Nishio, who wanted to open a wholesale business at Aiea, but the board couldn't see it that way.

A. M. Brown, Colin Campbell, P. H. Burnette, and A. G. M. Robinson were attorneys who presented the cases to the board and plead for their clients in eloquent phrases, but their efforts availed not, and their arguments fell upon unresponsive ears. It only took a little bit of secret session work to return the verdicts as stated above.

A final decision on the case of Fred Kiley's application was postponed until tomorrow, although Kiley's bartender appeared for his employer and begged until the 30th inst in order that Kiley might have time to get home from the coast. Under the law, however, a decision must be rendered in ten days after the public hearing, and hence the request could not be granted.
