IT HATES HAWAIIANS.

From some inexplicable motive the Advertiser is raking up ancient history to throw mud in the face of the native Hawaiian race. One of its latest freaks in this line is to dig out of a newspaper file of 1840 an account of the execution of Kama-nawa, grandfather of Queen Liliuokalani, for the murder of his divorced wife. Upon the face of it this is a shocking episode in comparatively recent Hawaiian history. Yet when viewed in the light of ancient Hawaiian superstitions universally held within the memory of the generation then living, the ghastly hue of the event becomes very greatly modified. In the olden times the high chiefs held the power of life and death over all their vassals and subjects. Under the surviving influence of this heathen superstition Kama-nawa, from authentic accounts, felt he was within his rights in getting away with his divorced wife, to permit him to marry a new wife which he could not do, while the first one lived, under the missionary laws. Neither the aristocracy nor the commonalty of the Hawaiians regarded his crime with horror, and his execution only made a sort of interesting holiday for them. But it hardly lies with the English race to upbraid the Hawaiian race with bloody crimes committed in the infancy of Hawaiian civilization. When the light of the gospel of Calvary had been shining on merry England for ages, it is not ancient history that records it, many a prince and princess, as well as other men and women—some more noble in nature even than in name—were foully done to death to clear the way to the throne or make safe its tenure for ambitious aspirants or ruling sovereigns with uneasy-resting heads. And then when the same race carried the "lamp of life" across stormy seas to America, what a record of brutal and most barbarous murder and torturings was made in the name of the same religion that is claimed to have regenerated Hawaii! The burning, and hanging, and drowning of helpless old women for witchcraft in Massachusetts, and, later, the infamous bounding to grave of Roger Williams, an apostle of the same Christianity, in Rhode Island—these are modern historical incidents that might as justly be flung in the faces of the professed white Christians in Honolulu to-day, as the crime of Kama-nawa and its expiation are in the faces of Hawaiians and their royal family.

One of these journalistic scavengers amidst the stale debris of the dead past has sneered at Kalakaua in his youth as an unkempt loafer of the water front. The fact is that in 1843 the family to which Kalakaua belonged was regarded as the leading one of the kingdom. Its members were the largest landowners, but Kalakaua's father like himself being a spendthrift got rid of much of the property. To show the standing of Kalakaua's family, the following extracts are taken from a missionary book—Rev. Sheldon Dibble's History of the Sandwich Islands, published at Lahaina-luna in 1843. What appear in brackets are notes on the margin of the copy before us at this writing:

The number of the young chiefs is 14, and, as there is hope that they will hereafter be persons of importance in the nation it may not be amiss to give here their names, ancestry and rank.

Moses Kekuaia, son of Kekua-nawa and Kinau, born July 20, 1823, adopted by Kai-iowa, and now prospective governor of Kauai.

Lot, Kamehameha, brother of Moses, born December 11, 1830, adopted by Hoapili, and prospective governor of Maui. [Died Dec. 11, 1872.]

Alexander Liholiho, brother of Moses and Lot, born February 9, 1834; adopted by the king, and heir apparent. [Died Nov. 30, 1863.]

Victoria Kamamalu, sister of Moses, Lot and Alexander, born November 1, 1838; successor of her mother. [Died.]

William Charles Luualilo, son of Kekuaia and Kamaia, born Jan. 31, 1835. [Died 1873.]

Bernice Pauahi, daughter of Pahi and Konia, born Dec. 19, 1831; adopted by Kinau. [Died Oct. 16, 1884.]

Abigail Maheha, daughter of Namile and Liliha; adopted by Kekua-nawa, born July 10, 1832.

Jane Loeau, half sister of Abigail, daughter of Kalanulunu and Li-

liha; adopted by Ahukai (Kaukua); born—probably in 1828.
Elizabeth Kekuanani, daughter of Laanui, born Sept. 11, 1834.
Emma Rooke, daughter of Fanny Young; adopted by F. C. B. Rooke, M. D. (English); born Jan. 2, 1836. [Died July, 1885.]
Peter Young Kaseo, son of Kaseo and Lahilahi, adopted by John Young; born March 4, 1836. [Died.]
James Kaleokalani, son of Kapakapa and Keohokalo, born May 29, 1835. [Died.]
David Kalakaua, brother of James, born Nov. 16, 1836; adopted by Kini-maka and Haaboo (Kaniui).
Lydia Makaha, sister of James and David, born September 2, 1838; adopted by Pahi and Koni.
This latter scholar did not come into the family until June, 1842. Emma also did not commence coming to school till January, 1842.
[Kaimiunani, adopted by Kamehameha III, and his Queen Kalamau; born 1842, died 1845.]
[Likelike, sister of Kalakaua, born 1851.]
[William Pitt Leleiohoku, born Jan., 1854.]
On the mother's side the great-grandfather of Kalakaua and sisters, was first cousin of Kamehameha I.
What the Advertiser expects to gain by its abusive campaign against the native race at this juncture is something "no fellow can understand." It appears all the worse from the fact that the person responsible for it all gained all the little prominence he ever enjoyed from licking the hands of Hawaiian royalty. Judged by the style of the literature he fathers, too, he would benefit now by taking a few lickings from the hands of an average native Hawaiian schoolmaster.

The Mounted Police

EDITOR BULLETIN—

The late outrageous conduct of the captain and lieutenant of the above corps has been so severely commented upon, not only by the deputy marshal but by all classes in the community, that it now becomes a serious question for the Attorney-General (I believe) to consider whether or not it is worth while continuing the services (sic) of such a distinguished body of braves, a body inimical to the people and one never spoken of but with jeers, derision and expressions of disgust. The monthly outlay for this quasi-political club is about \$900, and could be well directed into useful channels.
The public is full to the throat with the club's rapaciousness in its own interest and its still hunt after its own sweet will, and to a unit demand the abolition of a mounted armed police force as at present constituted. It would be well if it be thought proper to disband that force that a sum of money be voted out of the public funds, or by private subscription, to deport those exiles to some land where their peculiar idiosyncrasies will be appreciated and in demand. We are overstocked just at present.
It is pretty certain that the Marshal and deputy Brown (to their everlasting credit be it said) have no use either for the Klemme gang or its superabundance of "ghost stories." The public awaits the action of the only Smith, and at present desires to be informed if Klemme and Cordes are still on duty (an appeal in their case still pending)?

A Good Appetite

Always accompanies good health, and an absence of appetite is an indication of something wrong. The universal testimony given by those who have used Hood's Sarsaparilla, as to its merits in restoring the appetite, and as a purifier of the blood, constitutes the strongest recommendation that can be urged for any medicine.

Hood's pills cure all liver ills, biliousness, jaundice, indigestion, sick headache. 25c.

MORE ABOUT THE FIELD DAY.

Good Contests Assured—College Colors Will Flutter.

The second field meeting of the Honolulu Amateur Athletic club will take place to-morrow afternoon on the League Baseball grounds, rain or shine. The prediction, however, is that the weather will be salubrious, and an agreeable outing will be enjoyed by lovers of outdoor sport. The boys have gone in for the event heart and soul, and the result will be some of the finest performances ever seen on a local track. The track is a fast one. As witnessed on the grounds the boys are evenly matched, especially so in the running events. There is a perceptible improvement in the sprinting of some of the lesser lights, while those in the foremost ranks are away ahead. The one hundred and two hundred and twenty yard races will be hotly contested, and it is the opinion of the knowing ones that the races lie between Tom Pryce and Cupid. But the Punahou and St. Louis College athletes must not be lost sight of. They have entered and they intend to stay with the club competitors. The members of the club will leave the Y. M. C. A. hall at 2 o'clock in a bus, carrying with them the club colors, crimson and white, and will meet the Punahou's buff and blue on the grounds. The sports will begin at 2:30 o'clock, and the Government band will be in attendance. The admission is only twenty-five cents.

The following firms have put up prizes for the Obstacle race: T. G. Thrum's Bookstore, J. M. Tracy, Elite Ice Cream Parlors, H. W. Schmidt & Sons, M. McInerney, B. F. Ehlers & Co. and J. J. Egan.
It is gratifying to learn that Brother Louis of St. Louis College intends to instill into the boys attending that school the necessity of outdoor sports and healthy exercise. Athletics will be a part of the studies of the college hereafter.

The S. S. City of Peking from the Orient was telephoned off Waianae at 2:20 o'clock this afternoon.

LADIES' COLUMN.

Do you really mean it? Is it a fact that you are going to give a ticket to the Volcano? Doesn't it make any difference how much I purchase? These are undoubtedly the leading questions of the day. You would think so if you knew how many times we have answered them in the last week—but we never tire of answering any and all questions, our only regret is that we are unable to give one grand excursion and take all our customers to the Volcano; there is a way through that, everyone can get there through their dealings with us. Quick Sales and Small Profits mean simply this. Economy to you and if you will save the difference between our prices and fancy prices it won't be long before you will realize that judicious buying will pay for pleasure tips. KEEP EVERY PURCHASE CHECK you get between now and Christmas, and if you want to you can give them to some worthy friend.
It looks as though the rainy season has set in and we are going to make a run on rainy weather goods.
UMBRELLAS & PARASOLS, COMFORTERS AND BLANKETS, from \$1 up.
FLANNELS & FLANNELLETTES, SHAWLS & WOOLEN GOODS. The goods are all new and just what you need.
Do you want to go to the Volcano? If you do, you have just as good a chance as any one else.

The attention of the road department has been called, one way or another, to the "leaning tree of Waikiki." To persons who ride or drive to the beach once or twice a day this leaning tree is a constant menace and it occurs to "old subscribers" as though the time has arrived when something should be done before the tree falls into the road and does some damage. It is hardly of sufficient value for the owner to make any objections to its removal particularly as it can be done at little or no expense. The tree may hang in its present position for a long while and not do any damage but if it should fall when horses were in the neighborhood it is quite probable there would be a runaway.

We've had another invoice of PORCELAIN-LINED BATH TUBS suitable for persons who do not wish expensive articles. Our stock is now complete in this line and we can fill orders for plain or ornamental tubs in all sizes. We have also a complete assortment of WASH-STANDS, either enamel or Italian marble tops.

It is rather amusing, the inquiries that are made here regarding the STEEL AERMOTOR. Some people imagine that, like other windmills, wind is required to run them. This is a mistake. All you have to do is to set the mill going and the law of gravitation or good common sense on the part of the wheel sets it in motion and keeps it going. We have never heard of a wheel that will turn as easy or that will develop the power shown in an AERMOTOR. This fact makes the geared mill doubly valuable to the plantation man, because besides pumping water it will saw wood, run a grindstone and a half dozen other articles, with one attachment now being evolved in the brain of an inventor it will be able to run a newspaper or a government. There are other windmills manufactured, but they are not geared mills and consequently will not do half the work of an AERMOTOR. We have all sizes of wheels and pumps in stock and can give you water quicker than you can say Jack Robinson.
The PANSY STOVE has given better satisfaction than any iron stove ever introduced in this country. Our sales in them have increased largely in the past six months and indications point to a still greater demand for what the people recognize as the best stove on the market.

The rain is causing mud; mud is next to dirt, cleanliness is next to an IMPROVED STONE FILTER, and we sell the Filters. In our business office is a filter exactly like the kind we sell except that it is made of glass so that the entire operation of filtering is open to the gaze of the public. The water as it comes from the tap is of seal brown color and contains more liver fluke to the cubic inch than you can imagine. When it passes through the filtering stone it is as clear as crystal and entirely free from impurities. The cost of one of these filters is slight compared with the benefits derived. If you have any regard for your family get an IMPROVED STONE FILTER.

JUDICIAL NOTICES.

Will of S. N. Castle \$10,000 Damages Claimed of the Government.

Wm. R. Castle petitions for probate of the last will and testament of S. N. Castle, his late father. The real property is valued at \$15,000 and the personalty at \$450,000. The will reads as follows:

"In the name of God, Amen! I, Samuel N. Castle, of Honolulu, Hawaiian Islands, being of sound and disposing mind and memory, but conscious of the uncertainty of life, do hereby make, publish and declare this to be my last will and testament, revoking all former wills by me at any time made or published. 'After payment of my just debts and funeral expenses, I give and bequeath to each of my surviving children one hundred dollars, and one hundred dollars to the two children of my deceased son, Charles Alfred Castle. 'All of the rest, residue and remainder of my property, both real and personal, I give, devise and bequeath to my beloved wife, Mary Castle, for her sole and separate use and behoof, and of her heirs and assigns forever. 'I hereby nominate and appoint my said wife as sole executrix of this will, to act without bonds. 'In witness whereof I, Samuel N. Castle, have hereunto set my hand this 13th day of June, 1893, at the same time declaring it my last will and testament."

The witnesses are J. B. Atherton, Geo. P. Andrews and Sarah D. Andrews. Decedent was 85 years of age when he made his will. He left, besides a widow, four sons, four daughters and two granddaughters as heirs at law and next of kin.

Charles Scharf has complained to the Circuit Court, claiming \$10,000 damages of the Hawaiian Government, for injuries received by him in falling through a grating left open in the sidewalk on King street, whereby he was laid up in the Queen's Hospital for five weeks, and, as his doctor tells him, received incurable injury to his body and nervous system, and, as a further consequence, his nervous system was so severely shocked as to temporarily destroy, and permanently impair, to the extent of almost total blindness, the eyesight of the plaintiff.

Judge Whiting has appointed J. I. Dowsett as guardian of Annie T. K. Parker, his granddaughter, under \$5000 bonds, contrary to the objection of S. Parker previously reported.

The same Judge has appointed Makalei administrator of the estate of Kahalo under \$1500 bond.

Judge Whiting has confirmed the sale of real estate of the late Antonio Monteiro, intestate, by Henry Smith, commissioner. Geo. R. Grau was the purchaser at \$150, the land being on the corner of Beckwith and Metcalf streets.

The same Judge has confirmed the accounts of Hanakaula Holt, guardian of the Holt minors.

LITTLE GIRL'S ESCAPE.

Chas. Creighton in Trying to Make a Rescue Hurts Himself.

Little Rachel, daughter of Fred. H. Hayselden, Lunalilo, had a narrow escape a few days ago. Repairs were being made on the kitchen cistern, when the box fell in with all the timbers, precipitating the child along with a native workman into seven feet of water. Mr. Hayselden sprang into the cistern without waiting to divest himself of his outer clothes or even his watch, and extricated his daughter unhurt. Rachel was still holding on to a comb, that she had in her hand when she fell in. Chas. Creighton, who was rusticated at Mr. Hayselden's, sprang into the cistern when running for a ladder.

A Correction.

Mr. Goo Kim, the Chinese Commercial Agent, says that he did not notify the police of the death of a Chinaman on Nuuanu street, but that the police notified him and requested that he should call and make an investigation. He did this and his friends of the dead man came forward and gave him decent burial.

LOCAL AND GENERAL NEWS.

Dailey's Stock Company gave "Jim the Penman" to a middling house last night. The stage setting and the ladies' dresses were superb. A smooth rendition of the sensational society drama was given, applause being frequent and rising to an ovation over the closing scenes.

C. A. Fogarty, the hop beer man, was on trial in the District Court this morning, for forgery of a bill of sale. The charge was preferred against Fogarty by his partner in the hop beer business. Part of the evidence for the prosecution was taken and further hearing was continued until the 17th inst.

Sandford Fleming, C. M. G., of Canada, visited the Foreign Office Wednesday in company with Mr. Mercer, who is here in the interest of the Canadian Pacific cable. Readers of the BULLETIN will remember an interesting interview on cable matters with Mr. Fleming when on his way to Australia last year.

Some remarkable Japanese carving is to be seen at Mr. Levey's saleroom. There are jars cut out of solid ivory with engravings of human figures and filigree work almost as fine as lace. It is said that one of these jars took four Shinto priests four years to carve. Several other smaller pieces of carving in ivory are at the same place.

RE-USED A KNIFE.

A Chinaman Tries to Make Mince Meat of a Portuguese

A Chinaman giving the name of Tai Loy gave himself up to the police at 11 o'clock this forenoon, and fled a bond at the same time for his appearance in the District Court to-morrow morning. Loy is the man who assaulted a fifteen-year-old Portuguese boy at Pauas last night. The boy appeared at the Police Station last night covered with blood. Three cuts about two inches long were found on the top of his head and one over his forehead. The lad stated that he had been assaulted with a knife by a Chinaman near the Pauas road bridge. A warrant was issued early this morning, and while the police officer was scouring the valley in search of the Mongolian the latter gave himself up to the police. He is charged with assault with a deadly weapon and will appear for trial to-morrow morning. The injuries are not considered serious.

TEHU WANDERS.

The Tahitian Servant of the British Commissioner Lost and Found.

Tehu, the sixteen-year old Tahitian servant of British Commissioner A. G. S. Hawes, left the house of his master on Monday morning, and forgot to return. Mr. Hawes felt uneasy about his servant, thinking perhaps that Tehu had gone to the other islands. He reported the loss of his servant to the Deputy Marshal yesterday and Senior Captain Parker watched the W. G. Hall this morning, to see whether Tehu would be a passenger on her. The steamer sailed and Tehu had not put in an appearance. Captain Parker heard that a number of young boys were having a good time in a house on Emma street, near Bereania street, and he went there. The captain entered the house, a two-story building, and standing at the foot of the stairs called out, "Tehu!"

No sooner had the name been uttered when the answer came, "Yes, sir!" Tehu was located; he was having a glorious time, playing the guitar and singing. The prodigal was returned to his master. Tehu, before being taken back, told Capt. Parker that he was fond of wandering around; he didn't care about staying at home all the time.

Theatrical Notes.

"Jim the Penman" was produced last evening at the Opera House and was another gem in the Dailey diadem. The play is one of absorbing interest and was rendered in a very creditable manner. The leading roles were sustained ably by Mr. Snow and Miss Dalgleish. Mr. Belmour and Miss Nannary also acted with usual skill. The costumes of the ladies were elegant and beautiful. It is the general opinion that Miss Nannary has a bright dramatic future. She has never slighted a single part she has had. Those who remember her as Francesca in "Galley Slave" would like before the season closes to see her in a strong part.

To-morrow night "Charles's Aunt" will tempt the feline risibilities. Between acts Miss Nannary and Miss Stockmeyer will execute a beautiful Spanish dance. Both are appreciated as Terpsichoreans and a great treat may be expected. "Corner Grocery" at the matinee to-morrow afternoon.

Good Advice Quickly Followed

Cured of Rheumatism by Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass. 'I was taken down with rheumatism over a year ago. I was sick for over six months. Often I would have such pains that I could hardly endure them. A friend came to me and advised me to try Hood's Sarsaparilla. I took him at his word and got a bottle of it, and since have taken eight bottles of it. 'It has cured me. When the doctors could do me no good whatever. After being benefited so much from this medicine I describe Hood's Sarsaparilla as a wonderful medicine. I also advise every one who is troubled with rheumatism not to be without Hood's Sarsaparilla. I am a farmer, and the medicine has given me much energy and strength to perform my work.' GEORGE W. The War

between China and Japan will cause prices for their silk fabrics to go higher; no country can fight and weave silk at the same time. The price has already advanced and the papers state that the war is likely to be "on" for two or three years. It behooves the careful buyer to purchase now. We had an immense stock of Japanese Goods ordered before war was declared, consequently we can continue to sell at the old price as long as our present stock holds out, and then the war will force prices up. Our last consignment consists of Silk Dress Goods, both figured and plain; Morning Gowns for Ladies and Gents, Silk Kimonos, Smoking Jackets, Silk Pajamas, Japanese and China Ware, Screens, Lamp Shades, Lunch Baskets, etc., etc.

IT IS NECESSARY that milk for babies, invalids or sick people should be pure; it is just as important to have the best quality for well people. The Purveyor of the Queen's Hospital takes a portion of the daily supply and places it on ice until it reaches a temperature of 60° and then tests it for adulteration. The WAIALAE DAIRY, of which Paul Isenberg is proprietor, supplies the milk to the hospital, and Mr. Eckardt pronounces it absolutely pure. If you have any suspicion as to the quality you now use suppose you try the Waialae milk for a month and note the difference. Mr. Isenberg makes no butter, consequently you get the milk on which cream will rise in an hour or two. Orders by telephone, either line, promptly filled.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE SHREDDERS are thoroughly established and acknowledged by Planters generally.

The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim.

The use of the SHREDDERS very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%).

It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill.

The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juice without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them.

In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDERS is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center line shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hani Mill, Kohala, where they are giving great satisfaction.

Price and further particulars may be had by applying to WM. G. IRWIN & CO., Ltd.

COMING CYCLE MEET.

The Program Arranged and Good Races Anticipated.

The Honolulu Cycle Race Meet Association met yesterday evening and arranged a program for the coming meet to take place on Thanksgiving Day, November 29. The executive committee deemed it advisable to arrange the program some time in advance so that intending participants would know what they are training for. The Rambler medal will be put up for a three-mile straightaway race, and there is talk of Champion Giles giving wheelmen a handicap.

1. One mile open-prize, one gold medal; if first enter, one silver medal for second.
2. Half-mile boys' race—First prize, one gold and silver medal; second prize, silver medal.
3. One quarter mile handicap open-prize, one gold medal.
4. One mile novice handicap—First prize, one gold and silver medal; second, one silver medal.
5. One-half mile open scratch—First prize, one gold medal.
6. One mile (3 minute class), handicap—First prize, one gold and silver medal; second, one silver medal.
7. One mile, for "green" riders—First prize, one gold and silver medal; second, one silver medal.
8. Three mile open scratch—First prize, Rambler trophy; second, gold and silver medal; third, silver medal.

FOR THE FLOWER MISSION.

Auspicious Opening of the Queen's Beautiful New Charity.

The Uluhaimalama Nursery in Pauna Valley was formally opened yesterday morning. From 9 o'clock until noon, ladies to whom had been set aside a plot in the nursery were busy planting various flowers, trees and shrubs. The Hawaiian National band discoursed music during the ceremony. David Kawananakoa broke the ground and sowed the first plant, which was a lehua. The members of the band planted banana trees and sugar cane. After the planting the ladies retired to the residence of Mrs. Mann, where a collation of Hawaiian food was spread, and all enjoyed the many good things provided, appetites having been whetted by the toil of the forenoon. There were about seventy five plots set aside, and each lady will have full control and attend to her own. Although the nursery was watered yesterday, still the ladies are so anxious to see the plants sprout up, that they awoke bright and early this morning to give it another watering. The nursery on property owned by Queen Liliuokalani.

Rare Chance.

Ladies who are on the lookout for Christmas presents should call at the Ceylon Jeweler's store on Nuuanu street, where they can buy the best gems out from Ceylon at clearance sale prices. These are rubies, sapphires, emeralds, pearls, cat's eyes, etc. Also hand-made lace, and everything is being sold out regardless of cost.

Carefully Weighed

Calculations Lead to Correct Results.

Where people make a mistake is in supposing that good pictures are necessarily expensive.

We are selling pictures every day, fit to grace any home, the prices of which would astonish those not acquainted with the fact.

It is not necessary to get a first proof etching or engraving in order to have a work of art. The method of reproduction now in vogue, makes it possible for people of moderate means as well as their wealthier neighbors, to gratify their taste for the beautiful.

Great range for the display of taste, in the selection of subjects, is afforded by our keeping pictures in sheet form and mouldings from which to select the frames.

One need never be at a loss to know what to give as a present, at any time or for any purpose, for there is nothing better than a picture. And KING BROS. is the place to get them.

LUCOL :-

IS THE

BEST PAINT OIL!

Save Half the Amount of Your Oil Bill Through Saving in Pigment.

Every painter should use LUCOL instead of Linseed Oil, because:

1. Lucol is more durable than Linseed Oil.

2. Lucol is more economical than Linseed Oil.

PROOF THAT LUCOL IS MORE DURABLE.

Six years of actual use in exterior house painting in California (the most trying climate for paints), in the burning heat of the Arizona Desert, the Arctic cold of Alaska, and on the Atlantic coast, have fully and practically shown that LUCOL always outwears Linseed Oil under the same conditions. All the acid works in San Francisco have discarded Linseed Oil for Lucol.

ILLUSTRATE THIS YOURSELF.

Put strong ammonia on Linseed and Lucol paints. The Linseed paints are destroyed in a few minutes; the Lucol paints are practically unaffected.

PROOF THAT LUCOL IS MORE ECONOMICAL.

Break up 1 lb. paste white lead in one pint of Lucol, and the same quantity in one pint of Linseed Oil. Spread the paints on similar dark surfaces for comparison. The Lucol paint spreads as far as and covers much better than the Linseed paint. To get equally good covering with the Linseed paint you have to use 2 1/2 lbs. of white lead to one pint of Linseed Oil. This means a saving of 1 1/2 lbs. of paste lead to each gallon of Lucol used, or 6 lbs. to every gallon, equivalent to your saving more than half the first cost of the Lucol.

Lucol is not in competition with cheap Linseed Oil substitutes.
