

RIOTING IN SAN FRANCISCO

(Associated Press Cable to The Star.)

SAN FRANCISCO, September 10.—Two hundred and fifty of the strike breakers who arrived several days ago to work for the United Street Car Companies, left today for the east.

A crowd of strike sympathizers wrecked two street cars run today by non-union crews.

DISINHERITS HIS WIDOW

NEW YORK, September 10.—The estate of the late Herman Oelrichs has been left to his brothers and sisters. His souvenirs were left to his son while the widow was cut off from any share in the estate.

VIM WINS ROOSEVELT CUP

MARLBHEAD, September 10.—Vim won the Roosevelt Cup here today in the race for German and American yachts.

MOUNTAIN COLLAPSED WITH FATAL RESULT.

TIFLIES, September 10.—The side of a mountain slipped in the township of Kwarell today burying 255 persons under the landslide.

TERRIBLE MASSACRE OF JEWS.

SIEDLICE, September 10.—Soldiers have massacred 200 Jews and wounded 1,000 more.

WRECK ON THE SOUTHERN PACIFIC.

SEACLIFF, Cal., September 10.—The Sunset Express was derailed here today, twenty-seven people being injured.

CUBAN REBELS ARE REPULSED.

HAVANA, September 10.—A government troop train was attacked by a force of rebels who were repulsed.

REVIVES OLD CASE OF II WILL

FEDERAL COURT MAY BE CALLED UPON TO CONSTRUCT INSTRUMENT WHICH SUPREME COURT OF HAWAII RULED UPON MANY YEARS AGO—IMPORTANT LITIGATION, IN WHICH DOLE IS DISQUALIFIED, MAY RESULT.

The case of the United States against the John II estate and others, heard this morning in the federal court here, may be made the basis of a big will contest from Hawaii in the Supreme Court of the United States. It may also be the occasion of the first sending of a federal judge here from California to sit as a substitute for Judge Dole, as there is a claim that he is disqualified to hear the matter. The suit came up this morning before Judge Dole in the form of an application by

District Attorney Breckons for a decree giving the government title to the land, for Pearl Harbor land, for naval purposes. As to this part of the case, it was held that Dole is not disqualified. The suit was brought to condemn 50 acres of land at the makai end of Waialae peninsula, the government setting a valuation of \$5,000 on it. The defendants were the John II estate and all the parties who were heirs under

BROWN MAY HAVE A RIVAL

SAM JOHNSON OR SOME OTHER FOURTH DISTRICT MAN MAY BE BROUGHT OUT FOR SHERIFF

Sam Johnson may be brought forward as a candidate for county sheriff it is now stated. The biggest kind of a split between Johnson and Brown is threatened, unless harmony is secured at the caucus to be held this evening. It is all over the off reported Brown pledges. Johnson threatens to withdraw his support of Brown unless the latter comes out openly for the Johnson supervisors, as against men who are understood to intend to fire Johnson if they get elected. It is said that a failure to agree tonight is not unlikely to see either Sam or some other Fourth district man, brought forward with the road machine working for him, thus suddenly developing the possibility of a close convention contest for the nomination for sheriff.

Coelho Named For Senator

(Special by Wireless to The Star.)
WAILUKU, Sept. 10.—The County Convention in session here today nominated W. J. Coelho for Senator. Philip Pail of Lahaina, M. P. Waimaleole of Wailuku, J. K. Kapoe of Hana, K. Nakaleka of Molokai and John Kaluna of Makawao were nominated for Representatives.

M'CELLAN WILL LEAVE BY ALAMEDA

George B. McClellan, the secretary to Delegate Kuhio, will leave on the Alameda Wednesday for the Coast and will proceed direct to Washington. He came to Hawaii about six weeks ago the object of his visit being to get into closer touch with public opinion and the sentiment of the community.

Mr. McClellan returned Saturday on the Kinau from Hilo where he went to collect data regarding the Hilo breakwater. Upon his arrival in Washington he will present to the Board on Rivers and Harbors his report on the matter.

This board will pass upon the matter and present the same to Congress.

Mr. McClellan thinks that the conditions are more favorable at present than they have ever been before for favorable legislation for Hawaii. However much depends upon the co-operation of all classes.

Mr. McClellan will proceed directly to Washington where his wife is at present.

EDITORS ARE AT HALEIWA

SPECIAL TRAIN TAKES THE SOUTHERN CALIFORNIA VISITORS DOWN THE LINE OF THE OAHU RAILWAY, TO VIEW PLANTATIONS, PEARL HARBOR, THE SISAL FARM, AND TO HAVE LUNCH AT HALEIWA.

County Treasurer Trent was abducted this morning at the Oahu Railway depot, when the special left for Haleiwa with the members of the Southern California Editorial Association. Trent said he wasn't able to make the trip and he was deaf to all persuasions. He rashly went aboard the train, however, and Fred Smith and others made a strenuous effort to hold him by force. The voice of a friend who called to him when the train started, and the strenuous efforts of Trent himself resulted in his release, and the train was stopped just outside the station to enable him to jump off.

The entire party of visitors left on the excursion. All were in fine humor for sightseeing and much pleasure was expressed at the arrangements. There were four chair cars, provided by the

TRANSPORTS DUE WEDNESDAY.
The transport Thomas and transport Buford are due here Wednesday from San Francisco and Seattle respectively. Supervising Engineer Donnelly and his assistants will arrive by the Thomas to take up the work of trying to float the Sheridan.

PASSED THE COOPER BUCK TO J. C. LANE

The effort to ring in an endorsement of H. E. Cooper as successor to Governor Carter in the Republican platform, and the cutting out of Governor Carter's name from the plank endorsing his administration created a lively discussion at the Merchants' meeting on the Young Hotel roof garden at 2 o'clock today. There was a report received by some of the merchants that in the committee on platform at Wailuku, W. R. Farrington had represented that the merchants were in favor of Cooper and in favor of leaving out Carter's name, and it was because of this report that many in the meeting were ready to take very summary action. Farrington denied complicity and passed the buck up to John C. Lane.

J. P. Cooke offered a resolution against naming any successor by the merchants to Governor Carter. The resolution was carried.

The resolution offered by Cooke, and adopted, said that it had been represented at the convention that the business men of Honolulu were "outspoken" in their desire for an endorsement of "a certain person" for governor, at the end of Carter's term. The name of Cooper was not given, but it was generally known that he was the certain person.

THE WIND-UP AT WAILUKU

CHANGES MADE IN PLATFORM

THE DRAFT AND FINAL COPY OF PLATFORM OF REPUBLICAN PARTY DIFFER MATERIALLY.

The Republican Territorial convention completed its labors at Wailuku on last Saturday afternoon at 5:30 o'clock after being in session all day with the exceptions of recesses taken by the convention to await the reports of committees appointed for various purposes. On the whole the convention was very successful in its work, for all factions are apparently satisfied and every one of the delegates expressed himself as satisfied with the platform as drawn up and they think that on it they will proceed to victory in the coming campaign.

Several important changes were made in the platform from the draft of the platform that was first drawn up. The chair appointed the following to act as a platform committee.

First District, J. T. Moir and J. W. Moanau; Second, F. W. Greenwell and H. L. Holstein; Third, W. T. Robinson and W. O. Aiken; Fourth, W. R.

(Continued on page seven.)

After a whereas setting forth the fact of the Wailuku representatives, the resolution declared that the business men of Honolulu, as represented at the meeting, had not endorsed anyone for governor, and did not deem it expedient at this time to do so.

W. R. Farrington arose and said that he had been accused of doing underhanded politics at the Wailuku convention. He said that it was J. C. Lane that had offered the resolution there. Farrington said that he was not in any way connected with the proposed endorsement of Cooper. He stated he had fought four hours in the Platform Committee for Governor Carter. He disclaimed all knowledge of it.

J. P. Cooke broke in on Mr. Farrington and said that it was represented to H. P. Baldwin at the convention that the business men of Honolulu were back of it. It was this that he did not like.

"If I acted in bad faith with any of the business men of this city I am sorry," concluded Mr. Farrington, "but I do not think I acted in bad faith."

J. P. Cooke urged that the resolution be passed, for J. C. Lane did not do what was right, and that he misrepresented the business men at Wailuku. He said he was glad to hear that Mr.

(Continued on Page Eight.)

KUHIO NAMED AMID EXCITEMENT

CONVENTION CHEERED WILDLY WHEN HE WAS NAMED AS DELEGATE—SANG NATIONAL AIR.

Without one dissenting vote Jonah Kuhio Kahanalanaole was chosen on Saturday last at the Republican Territorial Convention as their candidate for Delegate to Congress, the highest gift in their power. The nomination was made amid the wildest of excitement and was followed directly afterwards by the singing of the national Hawaiian air "Hawaii Ponoi." For a few moments in the convention old men and young men slapped each other upon the back and all shouted with one accord, "Kuhio for Congress." Then the glee club started the famous air, so dear to all Hawaiians and then it was that the convention sobered in a moment and with bowed heads sang the national air.

It was Stephen L. Desha, the silver tongued orator of the Hawaiians, that placed Kuhio in nomination. His remarks were interpreted by W. J. Coelho an orator of no mean merit. Desha spoke of the work accom-

(Continued on page seven.)

Farrington had nothing to do with it. The resolution was passed.

"Whatever Mr. Farrington has to say to the Merchants does not concern me," said John C. Lane this afternoon, when told of the speech made by W. R. Farrington at the meeting of the Merchants at the Young Hotel. "Mr. Farrington speaks for himself. The record of the Convention stands and I have nothing to say. As I said before, Mr. Farrington speaks for himself, and for himself alone."

The second meeting of the business men was called to order by Chairman Morgan this afternoon at 2 o'clock. Most of the representative men of the city were present.

The object of the meeting today was the endorsing of county candidates. Chairman Morgan stated that the meeting today was an adjourned meeting from the one on Thursday last.

T. H. Petrie took Secretary Wood's place and read the minutes of the previous meeting. The letters written to the Republican Territorial convention which was held at Wailuku, Maui, on Saturday last were read. Each letter contained one of the resolutions passed

(Continued on Page Eight.)

DELEGATES GIVEN A GRAND LUAU

SPLENDID TIME HAD BY DELEGATES AT WAILUKU AFTER THE CLOSING OF THE CONVENTION.

Following the Republican convention at Wailuku the delegates were all invited to a grand luau given by the people of Maui. H. P. Baldwin invited the convention to attend the luau which, as he informed them, was "to be held in the armory just below the jail." He added that he hoped none of them would get into jail by mistake or otherwise.

At 6 o'clock all of the delegates gathered at the Armory where four long tables were placed and upon which all of the Hawaiian dishes were served. After a short prayer by Stephen L. Desha the delegates seated themselves and enjoyed the repast.

After an hour had been spent in eating the delegates went to a church fair which had been arranged. Admission was charged and as is the custom at all fairs several booths were in evidence where all kinds of trinkets were sold. Soon after the arrival of the

3 p.m.	1.7	7.19	5.47	6.03
4 p.m.	1.7	8.00	5.47	6.02

*Times of these tides not stated in tables.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Honolulu and Hilo occur about one hour earlier than at Honolulu, Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. DEPARTMENT OF AGRICULTURE-WEATHER BUREAU.

The following data, covering a period of 30 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed during the month in question for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month September for 30 years.

TEMPERATURE (1890-1905.)

Mean or normal temperature, 78°

The warmest month was that of 1891, with an average of 80°

The coldest month was that of 1905, with an average of 77°

The highest temperature was 88° on Sept. 9 and 16, 1890; Sept. 29, 1891; Sept. 14, 1892; Sept. 10, 1896; Sept. 12, 1900.

The lowest temperature was 65° on September 15, 1890.

PRECIPITATION (rain), (1877-1894, 1904 and 1905.)

Average for the month 1.27 inches.

Average number of days with .01 of an inch or more 14.

The greatest monthly precipitation was 2.95 inches in 1888.

The least monthly precipitation was 0.36 inches in 1883.

The greatest amount of precipitation recorded in any 24 consecutive hours was 1.27 inches on September 8, 1888.

RELATIVE HUMIDITY.

Average 9 a. m., 65%; average 9 p. m., 72% (1890-1905) average 8 a. m., 69%; average 8 p. m., 71%; (1904-1905)

CLOUDS AND WEATHER (1890-1905.)

Average number of clear days, 14; partly cloudy days, 14; cloudy days, 2.

WIND. (1904 and 1905.)

The prevailing winds have been from the northeast (1875-1894, 1904 and 1905).

The average hourly velocity of the wind is 7.7 miles.

The highest velocity of the wind was 28 miles from the northeast on Sept. 18, 1905.

Station: Honolulu, T. H.

Date of issue: Aug. 30, 1906.

*9 o'clock averages from records of Territorial Meteorologist; 8 o'clock averages from Weather Bureau records.

WM. B. STOCKMAN, Section Director Weather Bureau.

Wood Baths

is not the correct term except to show that water brought to a boil over wood is more costly than over gas. You can get a hot bath from a gas stove for three cents and no wood to chop nor ashes to carry out, two things for your consideration. Perhaps you will decide to try a hot plate, which we will give you free, and later put in a gas stove.

PLATFORM THAT WAS ADOPTED AT WAILUKU

The following is the Republican platform as adopted at the Wailuku Convention:

The Republican Party of the Territory of Hawaii, in convention assembled, hereby reaffirms its allegiance to the principles and traditions of the Republican Party of the nation and to its policies as outlined in the national platform.

We heartily endorse the honest and vigorous administration of the office of Chief Executive by President Roosevelt.

We heartily endorse the successful administration of the public affairs of this Territory, commending particularly the honest, able and business-like management of the finances of the Territory, which has brought our expenditures within our income, and been the means of extending and improving needed public works, and we commend also the policy of encouraging immigration.

We again pledge our support to Delegate Kahanaloale in all his endeavors to secure Federal aid for this Territory, and we congratulate him on the success he has already achieved in this respect.

The Republican party claims credit for having given to the people of this Territory, through the enactment of the County Act, a larger share of popular self-government than they have ever heretofore enjoyed, and we ask the support and assistance of the people in extending, improving and perfecting such government upon lines which may have been suggested by experience in the practical working of the law. We congratulate the several counties on the successful administration of their local affairs under said Act.

We believe that the water works systems throughout the Territory should be brought under the immediate control of the several counties.

We believe that the law should be amended so that the income tax of corporations shall be payable in the county within which the property of the corporation is situated.

We stand for the equality of labor and capital, and we uphold the Territorial executive in the strict enforcement of the statute requiring that all labor on public works shall be performed by citizens of the United States, or those eligible to become such.

We favor the rapid opening of public lands, and believe in the disposal thereof to bona fide settlers on the most favorable terms. We advocate that adequate appropriations be made for the prompt surveying and plotting of all lands available for settlement.

We will urge through our delegate the amendment by Congress of Section 73 of the Organic Act so as to give to our Legislature the right to amend the land laws.

The wide interest aroused for the advancement of the public schools shows that the people are alive to the necessity for the protection and development of this great factor of our American progress. We pledge our legislative representatives to the adoption of appropriations that will secure for the teachers of the Territory, the remuneration which their training and experience justifies, under the rules and regulation of the Department of Public Instruction. We favor the extension of manual training in the public schools. We favor the appointment of a local Board of Education for each county, which such boards shall have full charge of the public schools in their respective counties, under and subject to such general rules and regulations as may be prescribed by the Department of Public Instruction.

Hawaii has reached the point in its educational progress which warrants the establishment of a college of Agriculture and Mechanic Arts on the same lines as the institutions founded in every State and Territory of the mainland under the Morrill Act, and later endowed by the United States Congress. To obtain this Federal endowment it is necessary for the Territory to take the initiative. We believe this can be best brought about by the setting aside of income bearing public lands, the returns from which shall be permanently devoted to the maintenance of such college, and we pledge our candidates to the support of an executive and legislative policy which shall bring about the desired result.

The promiscuous granting of licenses for the sale of spirituous liquors under the present statute, whereby irresponsible persons are enabled to sell an inferior quality of intoxicants without discrimination to the detriment of respectable dealers, and to the injury of the public at large, necessitates a careful revision of the liquor law. We favor the enactment of a high license law, with provision for the inspection of liquors, and such other provisions as will properly safeguard the traffic and prevent its abuse.

We favor the enactment by Congress of the 'Refund Bill' by the terms of which seventy-five per cent of the customs receipts collected in this Territory shall be expended here.

We favor the enactment of a general primary law for this Territory, under which the nomination of candidates for the legislature and elective offices shall be made directly by the voters.

We favor liberal appropriations for the maintenance of our unfortunate fellow citizens who are segregated at Kalaupapa and Kalaupapa, and advocate the continuance of Federal assistance in the attempt to a cure for their malady. We advocate a suitable emergency appropriation to be at the disposal of the Board of Health for the purpose of guarding against epidemics.

We advocate further improvement of our harbors, wharves and landing facilities throughout the Territory; the erection of needed public buildings and other necessary public works.

We favor a Territorial appropriation for the purpose of assisting in the maintenance of the work of the Hawaiian Promotion Committee.

We desire legislative investigation into the matter of private wharves and landings, with a view to the regulation of charges at the same, and to consider the feasibility of the acquisition thereof by the government.

We endorse the measure introduced by our Delegate in Congress asking the appropriation of the sum of \$250,000 for former Queen Liliuokalani, and in the meantime favor the continuance by the Legislature of the present appropriation.

We oppose and denounce all trusts, monopolies and combinations of capital as they tend to control supplies, increase prices, lower wages, and check the opportunities for labor.

We favor the appointment of a commission for the purpose of considering the subject of taxation, and to report at the following session of the legislature recommending ways and means for the revision and improvement of the tax system of this Territory.

We ask the support of all voters who desire and believe in an honest, efficient, and economical administration of affairs, for the candidates of the Republican party who stand pledged to the foregoing platform.

a long report on the Kellogg report, by Inspector Smith. Howland asks for quick work and suggests that Whitehouse put three or four hundred men on the job next Monday. Whitehouse is therefore after laborers.

TWO MISFIT PRIZES

At least two of the prizes awarded at the dog show gave the winners a considerable shock. The announcements made Friday gave news of the award of one first prize to a well known young lady of Honolulu, recently married. It happens that the prize in question is a pair of pants, to be made by Martin. They will come in handy for the husband, but he is a man of very generous physical proportions, and Martin is reported as saying he is practically stuck for cloth enough for two pairs.

In another case the prize was a week's free shaving at a local barber shop. This prize went to a boy who will not be shaving for about ten years yet, and he is anxious to make a trade for pants.

Fine Job Printing, Star Office.

THE LEONARD IS BEST

Leonard Cleanable Refrigerators are built with eight walls, each wall as follows: Outside is wood, then dead air space, then a layer of parchment sheathing, then a layer of mineral wool then a waterproof sheathing and finally the inside zinc wall. Air cannot possibly pass through these barriers and the air within is dry and pure. The doors are airtight.

The ice is protected from outside heat and cannot melt rapidly. Take a match and leave it in the Leonard all night, then strike it. This is the test for dampness. Very few refrigerators can stand it. The Leonard is dry and keeps food pure and fresh.

The Leonard Cleanable Refrigerator is easiest in the world to clean. The inside parts are made to be removed and you can get into every corner. The circulation of air is founded on the latest scientific principles.

It is economical because it saves ice and is strongly constructed. We guarantee satisfaction in every one we sell.

An Unworthy Party Act

The Republican convention at Wailuku is not to be congratulated on its action in striking the name of Governor Carter from a paragraph of its platform commending the businesslike administration of public affairs. The Star will not be accused of holding a brief for Governor Carter, yet it has never failed to give him credit for working some valuable reforms in the administration of Territorial affairs, particularly in a financial way. There is no good reason why the Republican party should not fairly acknowledge this, even though a great majority of the party is in an attitude of strong opposition to the governor on account of his mistakes and some of his policies.

One of the very things for which the governor is severely criticized serves of itself to show how illogical is the attitude taken by the convention. It is charged that the executive likes to be "the whole thing," that he wants to run, and does run, all the departments and assumes to be, in fact, a dictator rather than an American governor. If there is anything in this charge—a charge made by the very men who struck his name from the platform of the party—it follows that if the administration of affairs has been praiseworthy at all, Carter must necessarily be the man who did the most to make it so. To strike his name from a paragraph praising what he has done was not an act of fairness and it will not weaken him nor strengthen those of his enemies who did it.

The Wailuku Platform

The platform adopted by the Republican party at Wailuku, aside from the suppression of Governor Carter's name where in all fairness it ought to have been, and one or two other minor matters, is an excellent document in its class.

While it enunciates no new principles nor contains profound statements of old ones, it displays close touch with popular sentiment. It is rather a discriminating enunciation of the practical things, the political things, that have been crystallized in public thought since the last legislature was in session, rather than an attempt to lead public sentiment along lines of policy or legislation. It is evident from a reading of the platform that every element of the party has had a hearing, and there is embraced in the platform, not everything that has been proposed, not everything that is wanted, but most of those things for which there seems to be genuine sentiment, and which are practicable.

One of the really important planks is that regarding county government and the improvement of the county act along the lines suggested by experience. County government in the sense of local self government has come to stay. The experience of the past year has confirmed the opinions of those who favored it, and reassured most of those who hesitated and feared. Yet there are left some implacables, and they are ready to do any injury they can. The best thing for county government is a constant search and endeavor to improve it. Such an endeavor will have two effects. It will keep attention directed to the principles of local self government, and it will have a tendency to secure better men to carry it on.

The plank on the subject of liquor licenses, is a partial reflection of public sentiment created by experience under the present law. The proposal for local option is left out—which is a matter of doubtful expediency, as the demand for local option is probably quite as strong as that for any other amendment of the present law, and those who favor it are probably more deeply in earnest in behalf of it than those who favor any other change. The plank would have been honest, if not stronger, had it included the local option feature.

The demand for a provision in the law for the "inspection of liquors and such other provisions as will properly safeguard the traffic and prevent its abuse," though plausible enough, will be accepted by a large element as a promise of more public or political jobs, and the partisan efficiency of the plank will doubtless be greater in this aspect of it than as a promise of protection to the drinker from impure or deleterious liquors. In truth, as a rule, the drinker is the last person concerned regarding the purity of liquor. But many votes are often gained for a party by a deft suggestion of loaves and fishes to be distributed.

The plank endorsing the measure asking congress to appropriate \$250,000 for Queen Liliuokalani, is one of those things which no one will object to. The bitterness of the past have so far been softened that there are none but well wishers of Liliuokalani in the Territory; and who would object to Congress giving her a quarter of a million or any other sum? Much more practical is the part of the plank favoring the continuance of the present appropriation for her until Congress acts.

On the whole it is a pretty good platform; from the vote getting standpoint it ought to prove an excellent one.

A Possible Farm Crop

In the report on Agricultural investigations in Hawaii by Dr. Jared Smith, there is the following regarding cassava, which has been much spoken of as a possible farm crop for these islands:

"In Hawaii cassava grows as a perennial, although commercially it is best to treat the crop as an annual. It thrives from sea level on the Kona side of most of the islands up to 3,000 feet elevation, except in very wet districts. It requires about the same soil as sweet potatoes and maintains an existence for a surprisingly long time, even under the most adverse conditions of neglect. A few plants are usually to be seen in the gardens of native Hawaiians, who give them less care and attention than they bestow upon their sweet-potato crop. If the production of this crop is undertaken on a commercial scale, the land should be selected so that it can be given the proper cultivation. Shallow plowing, 6 to 12 inches, is preferred to deeper cultivation, as it tends to keep the roots nearer the surface and facilitates harvesting. After the land is thoroughly prepared the seed, which consists of cuttings of the stalk, are planted in furrows 2 to 4 feet apart. The best results obtained in Hawaii are from plantings made from November to February. A field should be cultivated sufficiently to keep down the weeds, and at the end of the wet season the plants will be high enough to care for themselves in this respect. No irrigation is required, but a moderate application of low-grade fertilizer is recommended. As Hawaiian soils are mostly lacking in potash, this element should be used rather freely.

When planted as directed above, the roots will be ready for harvest the following October or November. The roots will remain for a long period in the soil, and if allowed to grow for two years will greatly increase in size and weight, but the increase is at the expense of the starch. The two-year-old roots are often hard and fibrous.

FOURTH DISTRICT RIVALS DEVELOPING SORENESS AGAINST BROWN.

The Fourth District Republicans hope to straighten out their troubles in the caucus to be held this evening in San Antonio hall. There is a prospect of a considerable row, and some of the active ones are even talking of a movement of opposition to Brown. This comes from the rival supporters of the various aspirants for the supervisors' nominations. Each has been claiming Brown's support and each wants it, and those who do not get it will be fighting him.

In the second of the Fourth, which held a test primary on candidates and therefore has an instructed delegation, there is talk of giving up the instruction. It is claimed that the precinct club has the power, if it so desires, to meet and rescind the resolution which provided that the delegation should be instructed for those who got a majority at the primary. This is all a part of the supervisors' row.

Brown, it is said, will keep his hands off the supervisors' fight and let the others scrap it out—if he can. But there are those who claim promises of support and though the promises are by no means acknowledged by Brown, there are more of them claimed by others than could possibly be fulfilled. The claimed promises conflict. Hence the soreness which is causing a lot of dark horse talk in the Fourth. Some of it may come out in the caucus tonight.

Local comment was general today on the smallness and unfairness of the Carter episode in the Territorial convention, and a reaction has resulted which has given the governor some increase of popular strength. The Oahu County convention will not be able to do the same, it is said, without a fight. "If an effort is made to pass a plank approving the administration and cutting out Carter's name," said one delegate, "I will move an amendment and make the convention go flatly on record one way or the other."

The cutting out of the Carter name at Wailuku is said to have been largely the work of the Lane element, and a part of the long, seemingly endless fight for Henry E. Cooper as the next governor, though Cooper's personal knowledge of it is not stated.

THE COOPER
BOOM PUT IN
TRAINING

PLATFORM COMMITTEE SPENT MUCH TIME IN DISCUSSING THE ENDORSEMENT OF COOPER.

It was a current report at the convention held on Maui last Saturday that one of the reasons that kept the Platform Committee out for such a long time was a clause of the platform endorsing H. E. Cooper for the next Governor of Hawaii. It is said that much of the time of the Committee was held in discussing that.

Most of the delegates to the Convention were of the opinion that it was far too early to endorse anyone for the office of governor. It was this that led the committee to throw out that clause and let it go over.

It was also rumored that if the committee should report and include that plank in the platform that it would be contested before the convention, as a number of the delegates were opposed to such action being taken.

CHINA HAS A
SMALL CROWD

VESSEL ARRIVED FROM THE ORIENT WITH 11 PASSENGERS—SAILS TOMORROW.

After a pleasant trip from the Orient the S. S. China arrived this morning about daybreak. She left Yokohama September 1. Nothing of special interest occurred during the trip. Captain Friele heard of the disaster to the Manchuria, but the news of the grounding of the Sheridan had not been heard up to the time the China left the Orient.

The China carries probably the smallest crowd in her history. Exactly eleven cabin passengers are aboard her and three of these stop off at Honolulu. The vessel landed 309 Japanese and 9 European steerage. She has 227 tons of freight of which 152 tons are for Honolulu. The vessel has 10 people from India aboard for San Francisco. There has been a very large emigration of Indians to the mainland recently by the Empress vessels.

Among the passengers on the China is E. E. Norval, who had a terrible experience in the Philippines, as a captive of the insurgent Moros.

KOREA MET
SEA FLOATING
PUMICE

LINER ENCOUNTERED EVIDENCE TWO DAYS AGO OF SOME SUBMARINE ERUPTION.

Striking evidence of either the Valparaiso earthquake or some submarine eruption, was met by the S. S. Korea on her recent trip to this port from San Francisco.

Day before yesterday the vessel passed a wide patch of discolored water, evidently due to broken pieces of pumice stone. The sea took on an oily appearance in the discolored section. There was no other evidence in the way of currents or activity of the water to indicate any immediate submarine activity.

Naturally the keenest interest was taken in the condition of the water and the general impression seemed to be that the discoloration was due to the Valparaiso earthquake.

Dr. Herbert who was a returning passenger, on the vessel acquainted himself with the longitude and latitude of the discoloration and will make a report of the occurrence to a British scientific bureau where records of phenomena are kept.

It is by no means unlikely that the pumice may have been due to the submarine eruption that scalded fish to death off Hawaii last week.

EDITORS ARE
AT HALEIWA

(Continued from page one.)

Many of the Honolulu men and women who were expected to go on the train failed to show up. The members of the Promotion Committee went, however, and Secretary Wood, and the visitors will not suffer for guides to show them the plantations' features of interest, the alisal, Pearl harbor's shores on which, some day before the millennium, Uncle Sam is expected to do more than condemn land—to build a big naval station in fact—and the beauties of Haleiwa. At the Haleiwa hotel the party will have luncheon and this afternoon they will return in the special train.

VICTIM OF
THE MOROS
ON THE CHINA

E. E. NORVAL AND FOUR OTHER AMERICANS WERE SHOT WHEN CAPTURE SEEMED IMMINENT.

Scared by eight wounds made with rifle and machete, E. E. Norval a through passenger on the S. S. China, is going home for a rest. He carries the marks of a deadly conflict with the savage Moros of the Philippines. That the man is still alive and able to tell of his remarkable experiences seems little short of a miracle.

Norval was and is still, connected with the custom service in the Philippines. He was in the neighborhood of Iloilo some months ago when he was captured by one of the bands of marauders. Another American was also taken prisoner with him. Norval expected that he would be tortured to death if he were captured so made a desperate struggle. He was taken prisoner however but not until the savage natives had inflicted a number of wounds upon him. He and his companion were taken away into the wilds of the island. Subsequently three American soldiers were taken prisoners.

The pursuing American troops were pressing so closely on the Moros that the latter decided to kill their prisoners. The entire five were lined up and the Filipinos proceeded to shoot them. Two of them fell dead at the first volley and the others including Norval, fell to the ground, severely injured. Norval moved and a second shot was fired into his body. Subsequently he was found by the American troops and sent to Iloilo where he was nursed to health. One of his hands was so badly injured that he has but little use of his fingers.

RESERVE YOUR ROOMS.

If you have a day to spare try Haleiwa as a comforting resort. The guests at that now famous place are loud in their praises of the rooms, cuisine and service. The climate is ideal—every night a cool one with a blanket in demand. The breeze at Haleiwa blows continually and is at all times refreshing. During the balance of the summer season special rates will be made for guests. Week end tickets from Saturday until Monday.

The China will take on coal and depart for San Francisco tomorrow morning at 8 o'clock.

Fine Job Printing, Star Office.

THE Y. M. C. A.

This is a town where the cost of living is high and the competition for good positions is keen. The problem of holding one's position and more especially of advancing in responsibility and salary is a live one. The average young man is ambitious and wishes to "better his condition," but when a good opening occurs he is often blocked from entering it by a few simple questions. "Do you know stenography and shorthand?" "Can you keep books?" Or if it is a position in the trades he cannot read plans and draw. To help men to remove these and similar obstacles to advancement the educational department of the Young Men's Christian Association was organized. The classes meet at night twice a week from 7 to 8 or from 8 to 9. The instruction is of a good quality and the cost puts it within the reach of all. There were about one hundred students in these classes last year and a larger number is expected when the classes open October 1st.

The courses to be offered are Elementary and Advanced English, Elementary and Commercial Arithmetic, Book-keeping, Stenography and Typewriting, Mechanical Drawings, Civil Government and the Hawaiian Language. The committee in charge of the department is sufficient guarantee of high class work. They are: Messrs. Edgar Wood of the Normal School, A. P. Griffiths of Oahu College, A. M. Merrill of Mill's Institute, P. L. Horne of Kamehameha School and Alexander Mackintosh of the Royal School.

ALONE ON PALM ISLAND.

Excitement is intense over the discovery of that wrecked company of sailors that was cast ashore on the island of Palms. After wandering around for a few days looking for habitation, they have discovered fair Honolulu, and arrangements have been made with them to meet with the Honolulu play-goers at the Opera House on Thursday evening to relate their experiences.

The orchestra, an excellent organization, will be there to help out, for music lends charm, and all the company will be on deck in best bib and tucker to narrate all their weird experiences.

Seats are now on sale.

TO PULL THURSDAY

A 10,000 pound anchor for use in floating the wrecked Manchuria arrived by the S. S. Korea today. Conditions are said to be about the same with the Manchuria. Pulling on her will probably start on Thursday. All of the freight that is to be discharged was brought to the city yesterday. The revenue cutter Manning departed today for Waimanalo to stand by to aid the Manchuria work and the U. S. S. Iroquois will depart tomorrow for a similar purpose.

SCHOOLS OPEN

Today is the day for opening of the public schools for the fall term, and teachers were busy throughout the islands, enrolling their classes. There was large attendance in all the local schools.

RAYMER SHARPE RETURNS.

Raymer Sharpe the appraiser at the local customs house, returned by the S. S. Korea today from an official trip to the mainland. He went up on the last homeward trip of the Manchuria.

Fine Job Printing, Star Office.

To The Voters
Of Honolulu:

In view of my candidacy for the nomination by the Republican Party to the Office of Deputy Sheriff of Honolulu, and because of certain attacks that have been made upon me, I desire to recall to public attention some facts relative to my first assumption of the duties connected with the Sheriff's Department.

I was appointed deputy to the High Sheriff of the Territory of Hawaii in November, 1904, by Mr. William Henry, High Sheriff, in place of Albert McGurn, who was removed. My appointment by Mr. Henry was approved by Hon. George R. Carter, Governor of the Territory.

When upon the extradition of Henry Kapea, a defaulting clerk of the Hawaiian Trust Company, it became necessary to send an officer to London to receive the prisoner, I was selected by Lorin Andrews, Attorney General, with the approval of Governor Carter, as best qualified to perform that duty. It seems hardly necessary to say that the trust so committed to me was important, and that it was satisfactorily fulfilled.

Upon my return prominent leaders of the Civic Federation used every endeavor to prevail on me to run on an independent ticket for the office of Deputy Sheriff with Mr. William T. Rawlins, whom they hoped to induce to oppose A. M. Brown for the office of County Sheriff. Believing my allegiance due to the Republican Party, I declined their offer and actively supported the nominees of that party during the election campaign that followed.

I have been a supporter of the Republican Party since the Territory of Hawaii was organized and an active worker for that party in several campaigns. In the election of 1902 I was elected

as a member to the House of Representatives from the Fifth District, receiving 1352 votes, giving Prince Kuhio and being the only Republican elected from that district theretofore overwhelmingly in favor of the Home Rulers.

During my absence in June, 1905, on the mission to London, the County Convention of the Republican Party was held. I can confidently assert that had I then been here to give the pledge to support the nominees required by the rules of the convention, I would have received the nomination for Deputy Sheriff of Honolulu.

To those who entrusted me with their confidence, placed me in positions of trust and sought me as their candidate I was well known. I must have been favorably known when High Sheriff Henry appointed me his Deputy and Governor Carter approved the appointment.

I must have been deemed honest and efficient when the Attorney General with the approval of Governor Carter selected me as the officer to represent the Territory in the extradition of the defaulting clerk of the Hawaiian Trust Co.; my performance of the duties of Deputy to High Sheriff Henry and in the extradition matter must have been creditable and have commended me to the confidence of the Civic Federation when I was sought as their candidate; I must have been popular when I was elected as a Republican from the Fifth District and when I could have been nominated as Deputy Sheriff. Up to my refusal to lend myself to a scheme to disrupt the Republican Party no fault was found with me or my character by those who now oppose and criticize me. Against a record sealed with the approval of Governor Carter and stamped upon the commissions he issued to me; against the confidence in my integrity, ability and efficiency, implicitly given to me by High Sheriff Henry the Civic Federation and Sheriff Brown, nothing has been urged but the unproven charges of convicted criminals, seeking either revenge for, or escape from just punishment.

To a candid public I appeal from the malice that hesitates at no falsehood and shrinks from no slander. Of that same public I ask and hope for a just consideration of these facts, which may have been forgotten. I beg to remain, Your most humble servant, HENRY C. VIDA, Assistant Sheriff, County of Oahu.

JACKSON RE-ENTERS.

Nigel Jackson has reconsidered his
determination to retire from the ring
and has been matched to box six rounds
with Ah Sam, the Chinese Wonder, as a
preliminary to the Sullivan-McIlvain
battle at the Zoo next Saturday.

Four seamen who deserted from the
ship Fairport were arrested Saturday
by Deputy United States Marshal
Winter, at the request of the British
consul, made yesterday by Marshal E.
R. Hendry. They were given a hear-
ing before Commissioner Davis and
committed to Oahu jail, to await the
order of the consul.

AFTER SICKNESS

the heart is almost sure to be left in a
weakened condition, and should be
treated with Dr. Miles' New Heart
Cure, a remedy that will rebuild and
invigorate the heart nerves, and enable
it to offer assistance to the convales-
cent organs, by furnishing an abun-
dant supply of pure blood to nourish
them. Money back if first bottle fails
to benefit.

SAN FRANCISCO, CALIF.

ARCHER UPHELD LOW CRITICIZED

BOARD OF SUPERVISORS ADOPTS A REPORT ON THE CHARGES AGAINST EWA SUPERVISORS.

The Board of Supervisors on Saturday night received the report of its committee on the Archer-Low controversy. The report exonerates Archer and quite severely criticizes Low. The report says in part:

"In answering the first statement made by Mr. Low, namely, that of furnishing gratis all the rocks used by the Board of Supervisors for macadam on the roads in Ewa district, we find that a large proportion of the rock was gathered from the new field on the Ewa side of Lehua avenue by the carts and teams of the county government at considerable expense, and since that field was cleared the crusher was put on a lot Honolulu side of the courthouse, and all the rock used from that location was blasted and broken by the road men and not taken from rock fences, as set forth by Mr. Low. The rock from said rock fence was used under Mr. Low's direction on the contract road built from Alen to Lehua avenue under Mr. Low's management, said contract being first held by a Mr. Springsteen and afterwards by Mr. John De Fries. Every yard of rock the County Supervisors have used in Ewa district has cost us money.

"Furthermore, the county is at a loss of several hundred dollars on account of having to leave rock blasted and broken ready for the crusher. This loss was caused by Mr. Low forcing us to move our crusher and bunkers. * * "Your committee do not feel that they are called upon to answer certain sections of Mr. Low's letter, as it is clearly a personal attack on Mr. Archer, when, in fact, the work done in Ewa district has been done after the same was ordered by the entire Board of Supervisors. Had the necessary arrangements been made for the transfer of the right of way, this board would, long ago, have completed both sections of road work that Mr. Low seems to make a basis of his complaint, and he was so informed by the County Engineer. * * *

"Mr. Low says he feels justified in withholding further material until some action is taken on the road work to be performed in the vicinity of Alen station. We think this shows that Mr. Low has only the interest of his own plantation at heart, and he seems to forget that there are other sections of Ewa district that require attention from the Board of Supervisors, which are as justly entitled to have good roads as the district around Alen.

"Your committee will say that they feel that some of the work done in Ewa district shows extravagance. We refer particularly to the abutments and work done on the bridge at Waiakalaua stream, but we cannot see that this can be charged to neglect of any individual, the work done showing that too much labor was put in on the preparation of materials used.

"The communication from the O. R. & L. Co., dated May 19th, to Mr. Archer, as a member of the Board of Supervisors, should have been presented by Mr. Archer to this Board on May 28; but this was overlooked by Mr. Archer, he understanding that the communication simply called his attention to the fact that it would be necessary for the work done on the Peninsula road, to be kept within the right-of-way granted by the Railroad Co. This board has now in its possession, a copy of said letter, endorsed by a majority of the directors of the O. R. & L. Co., and a letter setting forth the fact that the R. R. Co. will execute an agreement with the government for the right-of-way used for the road on the Peninsula as soon as said work is completed. This, we think, will answer the charge that work had been done on funds in the district of Ewa.

"In conclusion this committee fails to see any misappropriation of funds in the district of Ewa.

"Respectfully submitted,

"H. T. MOORE,

"S. C. DWIGHT,

"Committee."

Lucas moved the adoption of the report, and Paele seconded. Chairman Smith said if anyone had any criticism to offer the Board would like to hear it at once. Senator McCandless asked that correspondence with the Oahu Railway Company, regarding the roads in question, be read into the report. Moore, of the committee, said they had been omitted by mistake. The letters showed the willingness of the company to deed the roads when the work on them was completed. One of the accusations against Archer was that he was spending money on a road that was private property, and McCandless said the letters showed the charge to be true.

Chairman Smith asked Archer if he admitted that the letters should have been turned over by him to the board, instead of being kept private by himself, and Archer acknowledged that he had been wrong in this respect. The report of the committee was adopted with no vote against it.

Petitions regarding roads were received from Sydney M. Ballou regarding Judd street, and A. S. Cleghorn regarding Smith lane, and from the Pauoa Republican Club and a number of residents of Liliha street above Judd. All were referred to the committee on roads and bridges.

A request from the County Club, for permission to construct a road at its own expense, from Nuuanu to its newly acquired premises, was granted.

BOXERS CAUSE ANXIETY.

SHANGHAI, Sept. 10.—Twelve Boxers have been killed and forty-two captured at Tseutsien. Uneasiness is felt in the Yangtze valley.

CHANGES MADE IN THE PLATFORM

(Continued from page one).

Farrington and A. G. M. Robertson; Fifth, John C. Lane and A. S. Mahaulu; Sixth, Arthur Rice and Enoka Lovell.

The committee went into session at 11:30 a. m. and did not complete its labors until after 3 o'clock. It then made its report which upon the motion of H. W. Baldwin was adopted as a whole.

One of the most striking changes in the platform was the striking out of Governor Carter's name and not giving him any credit for the administration. It is said that the action cost the committee some two hours of time.

All of the suggestions made by the business men at their meeting on the roof garden of the Young Hotel were embodied in the platform as adopted. They provide for a commission to be appointed on taxation, the assistance of the Promotion Committee and appropriations for the Board of Health.

Over the matter of the elections of representatives and elective officers of the Territory there was considerable discussion. The change in the platform was not changed but the following resolution was read in connection with it.

"Whereas, the election law of this Territory requires amendment in many particulars to meet existing conditions. "Resolved, that the Governor be requested to forthwith appoint a commission to consider and revise said law, and to make report prior to the next regular session of the legislature.

"Resolved, that a copy of this resolution be forwarded to the Governor." Before the platform committee had made their report A. G. M. Robertson called a caucus of the Fourth District delegates to consider the matter, as he did not believe that it would pass the convention. It was passed however together with the resolution.

As soon as the platform had been read to the convention, H. P. Baldwin sprang to his feet and said in part:

"Gentlemen of the Convention, I do not believe that this body can improve upon the platform, as it has been offered to us by the committee. They are all of them learned men and they have spent several hours in discussing it and have made their report. I move the adoption of the platform as a whole."

Amid a storm of cheers the motion was carried.

Immediately after the adoption of the platform the Territorial Central Committee was named. They are as follows:

First Representative District—E. P. McCann, S. L. Desha, James Mattoon, J. W. Moanau.

Second Representative District—J. K. Nahale, G. P. Kamaoaha, H. L. Holstein, H. H. Renton.

Third Representative District—W. T. Robinson, George Dunn, J. Kaiwi, H. R. Meyer, John Kallio, J. C. Cockert.

Fourth Representative District—E. R. Hendry, William Savidge, W. R. Farrington, Sam Manu, A. G. M. Robertson, C. G. Ballentyne.

Fifth Representative District—A. S. Mahaulu, W. H. Kahumoku, E. J. Crawford, J. C. Lane, W. Ahia, W. H. Crawford.

Sixth Representative District—G. Mahikoa, A. Knudsen, J. O'fergelt, Arthur Rice.

After the convention adjourned the Central Committee held a short session and elected the following officers: Chairman, A. G. M. Robertson; vice-chairman, John C. Lane; secretary, William Savidge; treasurer, not yet elected. Executive Committee: S. L. Desha, First District; H. L. Holstein, Second District; W. T. Robinson, Third District; W. R. Farrington and William Savidge, Fourth District; John C. Lane and W. Ahia, Fifth District; Arthur Rice, Sixth District.

KUHIO NAMED AMID EXCITEMENT

(Continued from Page One).

plished by Kuhio in Congress during the past four years and spoke of how he had carried the ranks of the Republican Party to victory twice. He paid a high tribute to the man himself and then to his work as a delegate. Finally he exclaimed, "Gentlemen I have the honor to place in nomination the name of Jonah Kuhio Kalaniana'ole for Delegate to Congress."

Kuhio was visibly affected by the way in which he was nominated. Although he went there knowing that the nomination would be tendered him he evidently did not expect such a demonstration and ovation that was offered him.

He was then called upon by the convention for a speech.

Kuhio without any hesitation walked upon the platform and facing the delegates said in English:

"My friends I thank you for the honor that you have conferred upon me. And I promise you that I will do the same in the future as I have done in the past—I shall do all that is in my power for the good of Hawaii, the land that I love, and I shall base my campaign upon that platform of which I am justly proud.

"Gentlemen I know that I cannot make a speech, but it is not the men who go to Congress with the ability to speak well that win. It is the men who have the ability to make friends and that is what I strive to do. To make friends for Hawaii so that they will assist when the Territory asks for anything.

"I realize that it is the man who makes friends that will do the most good in Congress and as I have a large

number there already I will probably be able to do more during the coming years than ever before. And I shall be glad to welcome such a chance.

"Still the office of the delegate is limited in power. The offices to which you want to be sure and elect good men are the offices of Representatives and Senators. Those men make your laws for you and you must have good men there. Be sure that you choose the right ones and ones that are steadfast.

"Beware of traitors, my friends. If a man is to be a Republican let him be a Republican. If he is to be a Democrat let him be a Democrat, get off of the fence and be what you are. Do not be a traitor. I have been jeered at by my own people for becoming a Republican but I did so because I saw that that was the only party that could do for Hawaii what should be done.

"Fellow Hawaiians, regard the haole as your brothers. Remember that it is haoles that you have to deal with on the coast. All if you work for the Republican party and help convert the other natives to the Republican ranks. My haole friends, treat your younger brothers right and teach them steadfastness.

"Gentlemen, I have finished. I realize that I am a poor speaker, yet I know that I am a d—n poor speaker, but I thank you all and can only say in closing that I will ever be true to my party and to the land I love."

Kuhio was continually interrupted during his remarks by great applause. He is said to have improved wonderfully during the past two years as a public speaker. He addressed the Hawaiians in their native tongue for some moments.

Kuhio was warmly congratulated after the convention by the members of the convention.

DELEGATES GIVEN A GRAND LUAU

(Continued from Page One).

delegates the prices were elevated considerably but all bought with an abandon that was marvelous.

It was here that the exuberant spirits of the delegates were allowed to overrun. All of the leading politicians of the islands seemingly forgot their dignity for a few moments and a scene of the wildest enthusiasm ensued. If a man was to be found who had not purchased anything he was rushed into the hall and up to a booth where lanterns were held to his head so that all might see the "honest man" and he was kept there until he bought whatever it was the pleasure of the gentlemen who held him there, that

he should buy. All were treated in the same manner.

In the garden of the fair there were several torches which supplied the light for the occasion. These were seized by the delegates and a long line was formed which marched about Wai-luku and awakened the town as it was never awakened before. Each man that was met was given three cheers and advised to vote the straight Republican ticket. It was a scene that will long be remembered by the people of Maui.

Not only on the streets did the line of delegates march. They entered the hall in which the fair was held and marched round and round the hall giving three cheers for everything that could be found for which to cheer. At one time three cheers for Governor Carter were asked for but only an ominous silence followed. Aside from that one time there was at no time silence.

It was only when President Kennedy of the Inter-Island Steam Navigation Company announced that the steamer was awaiting at Kahului that the party broke up. The train was quickly boarded and the party left for home.

The Kinau had the misfortune to get stuck in the mud at Kahului and the passengers were forced to wait an hour before boarding the steamer and starting for home. Once started however there were no mishaps, the party reaching Honolulu at 7:30 a. m. yesterday.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months. Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 35 E. Hunter St., Atlanta, Ga.

BLASTING NEARLY FINISHED.

The blasting in the Kilauea slip is now practically completed. There may be a few light blasts set off but the slip has about been dredged out and only some final cleaning up will be necessary. The sea wall has nearly been completed.

G. N. Wilcox returned by the Korea today.

For real estate bargains read Waterhouse Trust Co's ad.

Alexander Young was an arriving Honolulu by the Korea today.

The public schools throughout the Territory opened today for the year.

Dr. George Herbert and wife returned today from a visit to the mainland.

The Hobson Store will continue open for the sale of regular lines of drugs.

It will pay you to try a gas stove in preference to continuing the wood fire.

H. F. Wichman the jeweler returned today from an absence on the mainland.

Mrs. Mary Gunn returned by the Korea today from an extended absence on the mainland.

Associate Justice A. S. Hartwell of the local supreme court, arrived today from the mainland.

W. H. Hoogs returned from a business trip to the mainland. He was a passenger on the Korea.

Secretary Wood of the Promotion Committee accompanied the visiting editors to Haleiwa this morning.

Mrs. Chalmers wife of Manager Chalmers of Waimanalo Plantation, returned from the mainland today by the Korea.

E. H. Hand of the Y. M. C. A. who is to be the new physical instructor at this place, arrived by the S. S. Korea today.

Several Japanese got into a fight at Ewa the other night and one was cut. They were arrested by Deputy Sheriff Jack Fernandez.

W. F. Fleming of the attorney general department, returned from a trip to San Francisco accompanied by his wife and child today.

The concert at St. Louis College Saturday night for the benefit of the Moanalua and Marquessville churches was well attended and thoroughly enjoyed.

Choice new shipment of the finest apples ever seen in this city just opened at Henry May & Co., Bellflower, Fall Pippins, Gravenstein and King varieties. \$1.75 a box while they last.

Mrs. S. M. Angus and two daughters and Miss Howe who is to become the bride of Fred Angus, arrived by the Korea today. Mrs. Angus and daughters were in San Francisco during the earthquake.

A transom in the building owned by James Steiner on Hotel street fell yesterday and broke one of the large plate windows. The damage amounts to about \$150. Mr. Steiner who was in the building at the time said that he thought that the San Francisco earthquake had reached Hawaii.

The well known firm of the Honolulu Tobacco Co., Ltd., has moved across the street; however that is the only change that has occurred in its business, the same manager being still with the company and the same policy of friendship to all being still pursued. Users of fine tobacco will be glad to know that Ching shortly expects a fine shipment of Manila cigars. A continuation of old and a beginning of new trade is earnestly solicited.

An extended and interesting report on the commerce and transportation of the Hawaiian Islands, made to the French government by Dr. A. Marquis the vice consul of France at this port, has been published by the French government.

The Native Sons and Daughters of the Golden West will give a dance at the Young Hotel this evening. No one will be allowed upon the floor but those holding cards.

The militia was left out in order to effect a compromise. The country districts objected and the blank referring to the Promotion Committee was added to the platform in its stead.

Clarence Cooke made a motion to the effect that a committee be appointed to report on the county candidates.

George W. Smith seconded the motion and stated that the merchants were in a position to demand who should be named as candidates for representatives, and supervisors. He suggested that action be taken within twenty-four hours.

Other members of the gathering objected to the amendment of a time limit of twenty-four hours. Mr. Smith stated that if a committee was appointed at once and they go into executive session he would say why he asked twenty-four hours before action be taken.

Chairman Morgan appointed the following to act as a committee to report as soon as possible to the body J. P. Cooke, Clarence Cooke, J. R. Galt, E. D. Tenney, George W. Smith.

The committee then went into executive session.

The committee reported that they recommended the following for nomination by the County Convention:

For County Clerk—D. Kalaokalani Jr.

For Treasurer—Fred T. P. Waterhouse.

For Auditor—James Bicknell.

For Representatives Fourth District—A. D. Castro, W. T. Rawlins, E. W. Quinn, John Hughes, E. K. Liliakalani, instead of for senator.

For Supervisors—W. W. Harris, C. Hustace Jr., S. C. Dwight, Walter P. Dillingham.

For Senator—W. O. Smith.

The offices left vacant were done so purposely by the merchants. They endorsed all that they saw fit. Upon motion made by W. R. Farrington and seconded by E. H. Parls the report of the committee was adopted.
