

SIMULATING DEATH SAVED WOMAN'S LIFE

THE LEPER SETTLEMENT MURDER A VERY BRUTAL ONE—WIFE PRETENDS TO BE DEAD AFTER RECEIVING BLOWS AND MURDERER RETURNS TO HIS OTHER VICTIM AND THEN COMMITS SUICIDE.

High Sheriff Henry has received a report from Superintendent J. D. McVeigh, of the Leper Settlement at Moloai, relative to the murder and suicide committed at the settlement last week by Kahoomanu one of the patients. According to the report the crime was a most brutal one, and the suicide's wife narrowly escaped death also.

Kahoomanu, who had a bad reputation, and was frequently in trouble, had had a quarrel with his wife on the morning of the crime, and in a frenzy of anger began to beat her with a hammer, knocking her down and injuring her badly. J. D. Mia, a leper who had been rendered almost helpless by the dread malady, he being unable to walk, was a boarder at the house, and when the brutal treatment of the woman began he protested, and urged

the infuriated husband to desist. The latter's reply was to turn from his wife and strike the defenseless sufferer on the head with the hammer he held, crushing his skull and killing him instantly.

In this interval the woman managed to drag herself out of the house, where she fell, and when Kahoomanu followed her, evidently bent on killing her also, she simulated death, holding her breath while the madman with the hammer turned her over and examined her. Evidently believing her dead he returned inside the house and after badly mutilating the head of his victim with the hammer, secured a small butcher knife, and stabbed himself a number of times. He died within half an hour later in spite of all that physicians were able to do for him.

The woman, although painfully injured, will recover.

WILL BUILD WHERE IS THE ROAD THIS SHIP?

TAKING STEPS TO HAVE ROAD MADE TO THE CRATER OF KILAUEA.

Governor Frear has taken steps toward having the road down into Kilauea crater, as projected by ex-Secretary Atkinson at the time he was acting Governor, carried out.

Tomorrow a surveyor from the Survey Office will go to Hawaii and look out for the most feasible place for the descent, while High Sheriff Henry, who also goes to Hawaii on official business, will take the opportunity of looking into the matter of having the convicts with which it is proposed to build the road, cared for while the work progresses.

Governor Frear, in speaking about the matter this morning appeared to be quite favorable to the project.

"The plan is," he said, "to have the work done by prison labor. The transportation would be furnished free by the steamship company, and the maintenance of the thirty or more men necessary for the work would be met by the County of Hawaii, so that the Territory would really be at no greater outlay than in working the men here in Honolulu. It is a very big proposition being estimated roughly that it would cost about \$5,000 by contract, while the cost with convict laborers will be very much less."

INSURANCE SETTLED.

Insurance in the matter of the burning of the cottage which was being completed for the president of Oahu College has been adjusted, for \$12,000, and the College purposes erecting a new building, itself arranging for the work instead of letting the contract.

RAPID TRANSIT MEN HOLD MEETING

NIGHT FORCE HAS MIDNIGHT
SESSION AND OBJECTS TO AC-
TIONS OF MANAGER.

After all the cars of the Rapid Transit Company had returned to the barn last night a special meeting of the night force of motormen and conductors was held at the club house, which lasted until 2 o'clock this morning, to discuss the reasons that General Manager Ballentyne had given for prosecuting Conductor Lockwood and for discharging Silver.

President Tosh of the Employees' Benefit Association addressed the men with a good deal of force in support of Ballentyne, but at the end of the meeting the men by an unanimous vote decided that Manager Ballentyne was in the wrong, and censured him

BIG FLEET MAY BE IN QUARANTINE

VIRGINIA'S QUICK ACTION JUDGE.

Judge William R. Barksdale, of Virginia, who sat at the trial for murder by his fellow citizens. He is particularly noted for his snappy decisions most active men in the Old Dominion, and has rarely been reserved on appeal. He is a very capable man, thoroughly versed in the law and highly respected by his fellow citizens.

Warning To Autos Holloway Knockers

SHERIFF HEARS OF SPEEDING
CASE YESTERDAY AND SENDS
OUT NOTICES.

Sheriff Iaukea has sent out a warning to certain automobile drivers to the effect that when next they are caught speeding furiously they will be placed under arrest.

Yesterday on the Walkiki road one man drove his machine right at a crowd of thirty or forty people passing across the road to get from the Seaside Hotel to the electric car and there was some quick jumping on the part of men and women to save their lives.

The police secured the number of the auto car and the man was among the first to receive a cautionary notice today.

For some reason the police consider the feelings of the reckless autoist and are not giving out his name. If he kills anybody or if he is caught repeating his daredevil tactics he will, presumably, be exposed.

NAVAL HOP AT SEASIDE TONIGHT

In honor of Captain G. H. Peters and the officers of the cruiser Raleigh as well as for Captain G. H. Quinby and the officers of the cruiser Cincinnati. There will be another dance Tuesday evening in honor of the officers of these vessels, as they will both be in port. Keep up Honolulu's reputation for hospitality, and go to the Seaside to welcome the officers of these ships.

SACHS SATURDAY SPECIAL.
Another opportunity to secure gloves at special prices begins tomorrow at Sachs; remember, this offering is for Saturday only, store closes at 1 p. m. See ad on page 8.

TREATMENT HERE OF CRUISER RALEIGH

NAVAL AND QUARANTINE RULES WHICH ARE SAID TO MAKE IT
LIKELY THAT THE GREAT FLEET OF BATTLESHIPS AND CRUISERS WILL BE KEPT IN QUARANTINE WHILE IN HONOLULU HARBOR.

Under the Naval or Marine Hospital rules in vogue here now, it is said to be very likely that the big fleet of battleships and cruisers coming here early next year will pay their visit in quarantine. This would mean none of the men allowed ashore and officers only when necessary. That is the rule adopted with the Raleigh yesterday, and with all transport and various other vessels.

Even when the port is clean, as it has been now for a long time, the rules continue for sixty days if there is an odd case of dangerous disease. If it is in vogue when the fleet comes, Honolulu may see but little of the officers and men aboard, and the latter may not have a chance to see the city.

The rules are said to come from Washington, and to be for the satisfaction of federal health authorities at San Francisco. In this connection it is said that much depends upon the destination of the fleet after leaving here. If it were going to the Far East there would be much more freedom, assuming that the rules remain the same, than if it were returning to the coast.

Three hundred men aboard the United States protected cruiser Raleigh, Commander G. H. Peters, which arrived yesterday from Yokohama, homebound, are prisoners of quarantine. They cannot come ashore for the few days the cruiser remains here to coal, nor may they be visited by people of the city. There is plenty to keep them occupied, if that is any consolation, for there are nearly five hundred tons of coal to be put aboard and drills and washing fill in what might otherwise be hours of yearning to land and tread the streets of Honolulu.

The Raleigh dropped in out of the Orient rather unexpectedly yesterday and docked at Naval wharf No. 3 at 1:30 o'clock in the afternoon, thirteen days from Yokohama. She was originally ordered to cut out the Japanese port as were also, it is said, the cruisers West Virginia (flagship), Pennsylvania, Colorado and Maryland. Conditions changed and the orders changed with them.

The Raleigh is going out of commission upon reaching San Francisco and her men will be transferred. She will be repaired and perhaps put into commission again about the time the Atlantic fleet comes to these waters.

Some of her men report that things looked black in the Orient July 3 last

and that at Cebu, Raleigh, West Virginia, Colorado, Pennsylvania, Maryland and other American warships were prepared for action, the officers of the fleet consulting aboard the flagship over cipher messages from Washington which were responsible for the alertness of the fleet. There were several Jap war vessels at Cebu at the time.

Barber's point wireless station and the Naval wireless yesterday received messages from the Raleigh several hours before she was sighted. Barber's point being first communicated with.

Half way from Yokohama the cruiser encountered a fierce storm and a boat on deck forward was broken and washed overboard by one of the many heavy seas shipped.

The cruiser Cincinnati, Commander John G. Quinby was to have sailed from Yokohama five days after the Raleigh left and may be expected here the latter part of the week, arriving soon after the departure of the Raleigh.

The Raleigh is 300 feet in length, 42 feet beam, 18 feet draft, 3213 tons displacement and has 19 knots speed. Her main battery consists of eleven five-inch guns and her secondary battery includes eight six-pounders, four one-pounder rapid-fire guns and eleven Gatlings. She has a protected steel deck 2 1/2 inches thick, and a complement of 303 men. She cost \$1,100,000.

Officers of the U. S. S. Raleigh are as follows: Commander G. H. Peters, commanding; Lieutenant-Commander W. W. Bush, Lieutenant C. C. Sweet, Ensign C. S. Vanderbeck, Ensign A. Claude, Ensign H. A. Stuart, Ensign C. A. Richards, Midshipman A. J. Chantry, Assistant Surgeon L. H. Wheeler, Assistant Paymaster E. M. Hocker, Boatswain A. H. Hewson, Carpenter J. W. Costello, Warrant Machinist H. E. Fish, Warrant Machinist G. J. Peary, Pay Clerk J. A. Rehtelisch.

**WORLD'S NEWS
TEDDY NOW
BY CABLE
BOTANIST**

PEKING, August 26.—The Dowager
Empress has summoned Yuan Shih-
Kai, Viceroy of the province of Cheli,
to become the head of the war depart-
ment.

She has become alarmed at the in-
creasing weakness of the imperial gov-
ernment, and at the rapid spread of
the anti-Manchu sentiment.

Yuan Shih-Kai is considered one of
the ablest officials of the Chinese Im-
perial Government and one whose fi-
delity to the throne is undoubted. He
has displayed much military ability
and much organizing ability. He is
about 51 years of age and originally
came from the province of Hunan. He
began his career as a military officer.
He was afterwards Minister to Korea.
He was afterwards Viceroy of Shan-
tung province and governed with abili-
ty.

As a military man he showed his
ability by organizing what is undoubt-
edly the best military force in China.
It was his troops that occupied Pek-
ing after the withdrawal of the allies
following the Boxer outbreak.

Yuan succeeded Li Hung Chang as
Viceroy of Cheli in 1901. He is Li
Hung Chang's natural successor both
in ability and in fidelity to the Man-
chu dynasty, which probably could not
maintain itself but for him.

That the Dowager has called him to
that post is evidence of her recogni-
tion of his fidelity, and may be a re-
cognition of real danger to her power.
Cheli is the province in which Peking
is situated.

JAPAN FINDS GRIEVANCE.

TOKIO, August 26.—The Japanese
Government, as a result of its investi-
gations into the shooting of Japanese
seal poachers by United States Re-
venue Service men at the Prebloss Islands
last June, has reached the conclu-
sion that the shooting was unprovoked.

The American Government at Wash-
ington has been notified of this conclu-
sion.

Numerous attempts at seal poaching
in the Prebloss Islands by Japanese
have been detected in the past two or
three years by the revenue or naval
service of the United States, which
owns the Prebloss Islands and claims
the right to preserve the seals that re-
sort there.

As the Japanese Government has
found to its satisfaction that the
shooting in June was unprovoked, it
will doubtless demand reparation and
may add this to her other causes of
complaint against America.

INCREASE SIGNAL CORPS.

WASHINGTON, August 26.—General
James Allen, Chief Signal Officer of
the United States Army, urges an in-
crease of fifteen hundred privates and
officers in the signal service.

DEATH TO MANY.

COUTRAS, August 25.—Ten were
killed and twenty-five were injured in
an express train collision here.

BRYAN TALKS AGAIN.

LINCOLN, Nebraska, August 25.—
William Jennings Bryan charges Pres-
ident Roosevelt with scheming for the
centralization of power at Washington
through his advocacy of the Federal
control of railroads and the elimina-
tion of the rights of the individual
states to control their own internal af-
fairs.

AIRSHIP CARRIED PASSENGERS.

PHILADELPHIA, August 25.—A
successful ascension was made yester-
day by the largest dirigible balloon
ever made in America. Six passengers
made the ascent and were carried for
forty miles.

CABRERA SHOWS CLEMENCY.

GUATEMALA, August 25.—President
Cabrera has ordered the release of
many political prisoners, including the
Mexican implicated in the plot to as-
sassinate him.

enant Cone has been named as the
commander of the torpedo boat flotilla
which is to be sent to the Pacific.

MOORS AMBUSHED.

CASABLANCA, Morocco, August 25.—
The French troops yesterday am-
bushed the invading Moors, killing
many of them in the fight.

TAFT OPPOSES CONSTITUTION.

OKLAHOMA, August 25.—Secretary
Taft, in a speech delivered here last
night, urged the defeat of the constitu-
tion adopted by the state convention
of Oklahoma, the ratification of which
is to be voted upon at the coming
election.

DIED.

KEAU, in Honolulu, Hawaii, August
24, 1907, of injuries received by fall-
ing from the second story of a build-
ing on King street near the Palama
junction, Sam Keau, a Hawaiian.

Fine Job Printing, Star Office.

**MASTERS THE SCIENCE IN TWO
WEEKS AND PROPOSES TO
TACKLE BUGS.**

NEW YORK, August 26.—Arrangements have almost been completed by
the political managers of William K.
Hearst for a national conference of In-
dependent League leaders from various
states, which is to be held in this city
next month. At this conference, it is
understood, plans for the national cam-
paign in 1908 will be very fully dis-
cussed.

Democratic politicians who heard of
this yesterday did not by any means
receive the news with equanimity.
They regarded it as indicating that Mr.
Hearst, though he has publicly re-
fused himself out of the party, intends to
become a disturbing factor in democra-
tic national politics during the presi-
dential year, very much after the same
manner that he was in 1904 in na-
tional politics and last year in New
York state politics, only on a larger
scale.

Mr. Hearst now has Independence
League organizations in a number of
states. The league is an element in
politics in this state, in Connecticut,
Massachusetts, Illinois and California.
It is learned now that Mr. Hearst is
harboring plans to invade Colorado and
Idaho to reap there whatever benefits
can be obtained through the acquittal
of Haywood and the turn things have
taken there generally as a result of
that acquittal in regard to the relations
between organized labor and the large
employers. It is also known that Mr.
Hearst's agents for some time have
been at work feeling their way into
Missouri with a view of obtaining a
foothold there for the ideas represent-
ed by the Hearst Independence League
and building up some sort of an or-
ganization.

At the conference to be held here
next month ways and means for a fur-
ther spread of the propaganda of un-
rest and discontent on which Hearst
hopes to ride to political eminence will
be discussed, according to persons in
the confidence of the Independence
League leader.

Persons close to Mr. Hearst and
familiar with his plans declare that,
despite the crushing rebuke Mr. Hearst
suffered personally in the last gub-
ernatorial election, his agents before
long will be sent out through the
length and breadth of this state with
a view of building up an organization
on the ruins of the old one which vir-
tually went to smash the moment the
last returns were in at the November
election. That this is being done with
no other end in view than to force a
surrender of the democratic party ma-
chinery to Mr. Hearst, very much after
the same fashion that this was done
at the Buffalo convention last year, is
an impression that is gaining strength
among the old-line democrats in this
state.

That the chaos and confusion which
at the present moment predominate in
the democratic party in this state,
where there is a complete absence of
responsible and intelligent leadership,
will greatly aid Mr. Hearst in any such
design, old-line democrats admit with
regret. In certain responsible quarters
it was even asserted yesterday that Mr.
Hearst had received assurances from
William J. Connors, chairman of the
democratic state committee, and
Tammany leader Charles F. Murphy,
that, as they did last year, they would
throw all the support of the democratic
machine, of which they are in control,
for any candidate Mr. Hearst might
designate as his preference for a presi-
dential nominee next year.

If connection with this it was pointed
out as something that might be
more than a mere coincidence that
Mr. Hearst has carefully refrained
from committing himself through his
newspapers to any candidate. That
his choice will not be Mr. Bryan, who
has been more talked of than any other
man for the democratic nomination,
can be stated on the best of authority.
There has been a great coolness be-
tween the Nebraska commoner and the
Independence Leaguer for the last
two or three years. During Mr. Bryan's
recent trip through Europe he was vir-
tually shadowed by Mr. Hearst's agents
and when he returned and a grand wel-
come was prepared for him in this
city the lukewarmness with which Mr.
Hearst's newspaper entered into the
spirit of the occasion was a matter of
much comment. Nor did Mr. Hearst
receive any support from Mr. Bryan
when he made his race for the govern-
ment. The months that have passed
since Mr. Bryan's return have only
tended to widen the breach.

SICKNESS COMES WHEN LEAST
EXPECTED.

A little forethought may save you
no end of trouble. Anyone who makes
it a rule to keep Chamberlain's Colic,
Cholera and Diarrhoea Remedy at
hand knows this to be a fact. For
sale by all dealers, Benson, Smith &
Co., agents for Hawaii.

**WOULD REPLANT
FOREST BURNED**

ALBERT HORNER APPLIES FOR
LEASE OF 27,000 ACRES IN HA-
MAKUA DISTRICT.

Governor Carter and Land Commis-
sioner Pratt are considering a propo-
sition which comes from Albert Hor-
ner, of Hawaii, for the lease of about
27,000 acres of land in Hamakua. The
tract which Horner wants was forest
land which was burned over by the
big forest fires in 1901.

The applicant wants the land for
grazing purposes and agrees to refore-
st the tract as a consideration for
the use of the land. He proposes to
fence it up in blocks and set out 500,
000 trees, protecting them from the
cattle by fence until they are large
enough to not be injured by grazing
animals.

The land in question is said to be
above where it is practical to use it
for either plantation or homesteads.
The Governor is gathering data on the
subject and will come to a decision in
a short time.

**NEW HEARST
MACHINE**

THE INDEPENDENCE LEAGUE AND
BREACH WITH WILLIAM J.
BRYAN.

NEW YORK, August 26.—Arrangements have almost been completed by
the political managers of William K.
Hearst for a national conference of In-
dependent League leaders from various
states, which is to be held in this city
next month. At this conference, it is
understood, plans for the national cam-
paign in 1908 will be very fully dis-
cussed.

Democratic politicians who heard of
this yesterday did not by any means
receive the news with equanimity.
They regarded it as indicating that Mr.
Hearst, though he has publicly re-
fused himself out of the party, intends to
become a disturbing factor in democra-
tic national politics during the presi-
dential year, very much after the same
manner that he was in 1904 in na-
tional politics and last year in New

CORNCOB BREAKFAST FOOD.

In Pennsylvania department of agri-
culture has discovered that coffee, oat
hulks and ground corncobs figure in
the composition of certain patent foods.
Most consumers have suspected the
existence of bran and excelsior, but
corncobs are a new element. Perhaps
they are put in to prevent the diet
from being too concentrated on the
same principle that stock raisers add a
judicious mixture of cornstarch of other
"roughage" to the oats and corn fed
to their cattle.—Indianapolis Star.

WILL DISCOURAGE CRIME.

By a law just enacted in this state
and which will become operative on
September 1 all concealed weapons
captured by the police must be destroyed.
The practice in the past has been
to periodically sell these weapons. This
course gave the dangerous element in
the community a cheap and easy sup-
ply of implements with which to per-
petrate crimes. If there is an officious
nobody to question the constitutionality
of the new law we hope he will
do so at once, so that it may be affir-
med as soon as possible.—New York
Herald.

BORN.

GARCIA.—In Wailuku, Maui, August
21, 1907, to Mr. and Mrs. J. Garcia,
a daughter.

BACKACHE.

Delicate women who are subject to
nervous spells, backache, bearing-down
and periodical pains, take Dr. Miles'
Anti-Pain Pills and find in them a
pleasant and sure relief. They cure by
their soothing influence upon the nerv-
ous system. They do not affect the
bowels in the slightest degree, and are
perfectly harmless. 25 doses, 25c. Ne-
ver sold in bulk.

INFANTILE PRECOCITY.

A crowd of people were gathered in
a room one day discussing how young
a child could be and talk. One of
them said 10 months; another one
a year; still another one said 2 years.
"A child I heard about talked when
it was 3 months old," said one gen-
tleman present.

"A certain mother had a very sick
child, and fearing the worst she went
to the doctor and asked him if he
could do anything more for the child.
He said, 'Nothing.' The mother wrung
her hands and repeated, 'absolutely,'

nothing, doctor?" and he answered
"Absolutely nothing."
Then the child, looking up into
their faces, said absolutely nothing,
too."

FORT STREET, BELOW KING.

**KEEP COOL**

ELECTRIC FANS are the best
known antidote for hot weather.
They are made in a variety of
styles and sizes.

Some stand on a desk or table.
Others hang on the wall. And still
another pattern may be suspended from
the ceiling.

All accomplish the same result—cool
suffering humanity and dissipate flies.
The cost of an Electric Fan is quite
small compared to the comfort to be
derived therefrom.

Cost little to operate.

MONDAYAUGUST 26, 1907

Will Fleet Be Quarantined?

It will be nice to look at a fleet of cruisers and battleships coming round Diamond Head, or to see them at our wharves, and Honolulu is looking forward with pleasure to the visit of the fleet. But unless something is done to alter present conditions the fleet will do us no good, and will give us one of the worst black eyes, as a community, we ever received. It appears likely that the eyes of the whole country are about to be turned on Honolulu as a center of sickness so dangerous that it is not safe for men-of-war to have communication with the shore. The Raleigh lies here now under almost the strictest possible quarantine,—against nothing, for we haven't any sickness now, haven't had any that was serious for so long that most people have forgotten it, and at our very worst have always had a tolerable death rate.

If there is no way to end the ridiculous quarantining the visit of the fleet will be only a disappointment, except as a spectacle, and the worst advertisement our city ever had. For the men on board,—a large proportion of whom enlist, in times of peace, for the chance to see the world,—the trip will be equally disappointing. It is altogether probable that if we could get the attention of the right persons, rules certainly not made for present conditions here might be relaxed. In spite of federal reports, San Francisco forced Washington to withdraw quarantine when she had an odd case or two of plague and a great tying up of the entire city was threatened.

As the matter stands now, if there are six cases of sickness here in a year, and they happen to be distributed at even intervals, we are under quarantine the whole year round. In the annals of red tape there is no greater absurdity. We don't want a battleship fleet here under quarantine, and we don't deserve to have it that way.

Newspapers' Inaccuracy

It is an old American joke that everyone knows how to run a newspaper, and those engaged in the business know that everyone outside of it thinks he could. And everyone thinks he could be more truthful, or accurate, if running a paper, than those already in the business. Hence many people love to charge that the newspapers are untruthful, inaccurate, and sometimes foolish persons who know nothing about the business, think that newspapers actually manufacture reports and rumors, whereas they kill more rumors and reports every day than they publish in a week. Our ex-governor is the latest critic to charge inaccuracy, and as a sample of the accuracy of those who make such charges, his criticism is well worth looking at. It certainly illustrates the fact that while nearly everyone seems to know how to run a newspaper, many persons of high intelligence don't seem to know how to read one.

The statement was published about Carter that "It is rumored that George R. Carter, the lately retired Governor of Hawaii and head of the Hawaiian Trust Co., Ltd., will start a new bank in Honolulu backed with New York capital." Asked about this statement, which is as true and accurate as any of the carefully prepared financial statements in Carter's state papers, the ex-governor said it was "about as accurate as most of the reports published in the Honolulu papers," and that the papers here "get wrong about all they publish." Of course the real inaccuracy in this case was in Carter's reading and not in the publication. The statement that there was a rumor that he was to start a bank, is a simple statement of a fact. The rumor may have been and it appears was, incorrect. But there is not the slightest inaccuracy or impropriety in publishing the fact that such a rumor existed. Many persons here heard it. To accuse a paper of inaccuracy for such a publication only shows inaccurate reading on the part of the one who makes the charge.

In general the newspapers are fairly accurate. They are far more so, on an average, than most of their sources of information, for anything of importance is usually investigated through more than one source before publication. Certainly few papers would commit the error of interpreting a report of a rumor into a statement that the rumor was true.

Fights Over "Rooting"

Fighting a grandstand occupant who does some "rooting" not satisfactory to a player or umpire is better than throwing a ball at him and risking injury to other people, but it is a mistake to encourage either. We appear to have some very sensitive ball players in Honolulu. Yesterday one of them hunted up a man who had been shouting comments on his playing and gave him a thrashing. In the published account of the affair he is actually called a "hero," and the whole incident is treated as one of which the team owning the fighting member should be proud. It is a pity that the police, if present, did not arrest him for assault and battery or disturbing the peace. The incident, as treated by the crowd, seems to mean that in local baseball we must put a stop to rooting or else risk having disgraceful brawls at the end of games.

"Rooting" is usually quite a feature of ball games. The insults hurled from the great American grandstands at the biggest stars in the land would be deplorable and would lead to trouble constantly if taken as meaning anything serious. The terms are used in a baseball-Pickwickian sense, so to speak. They help to entertain the crowd, to keep up the excitement and often to "rattle" pitchers and win big games. There is no star of the diamond in America who is not repeatedly called all kinds of names designed or invented to indicate his utter incompetence. It is part of the great, enthralling excitement of the American game.

Of course rooting can go too far. It may become ungentlemanly, or descend to use of improper language. In such cases the place to regulate it is from the grand stand. In any event the player or umpire whose ears are on the alert for what the grand stand is saying is showing a weakness that will impair his value on the diamond.

Nature Stories

PORT JARVIS, N. Y., August 7.—A remarkable cure of cancer has been effected on Mrs. Wilhelmina Ludwig, a farmer's wife.

Mrs. Ludwig has suffered from a cancer on the left leg just above the knee for a long time.

While out picking huckleberries two weeks ago she was bitten on the ankle by rattlesnakes. Her nephew, Karl Ludwig, came to her assistance and killed three rattlesnakes.

The woman's leg had swelled to an enormous size, but the swelling did not go above the cancer.

The cancer, which had always had the appearance of ink, fringed with red, turned into a running sore.

It remained in this condition for four days. On the fourth day the discharge stopped and proud flesh began to make its appearance. The snake poison had worked all through the cancer, the swelling disappeared, and the heretofore ugly looking cancer began to heal and turned to a healthy flesh color.

Last Thursday the wound began to heal and yesterday Mrs. Ludwig was in town, almost cured.

An eel dating from revolutionary days was caught alive at Bloomfield, N. J., yesterday. Gen. George Washington might have breakfasted on this eel when it was younger and tender, for Washington and his army, on their way to Middletown, tramped in a little stream which then flowed from the hills to Tony's brook and which is now degraded to the uses of a sewer. Laborers were cleaning the accumulated mud of ages from the stream where it runs through Hugh D. King's lands, on Washington street, between Clinton and Thomas streets. And there they found the gigantic eel.

"Water snake," yelled some of the laborers, as the eel thrashed about with its tail, and knocked out Jose Phellipino's front teeth. The workmen killed the eel with their spades; it proved to be quite a historical museum or aquarium, if you please. The most interesting article in its midst was a silver spoon. No, the initials "G. W." were not engraved on it, but the spoon is of purest colonial pattern. Besides, the eel contained several large old copper cents and a lead bullet, which seems to have been used as a fishline sinker, and which never fitted anything but a musket of '76.—New York World.

FLY'S DEATH EXPLAINED.

Before sailing for Egypt for the winter James Hazen Hyde said at a farewell dinner in New York:

"The only drawback to a tropical winter is the flies. In the hot sun of a January day in Egypt, Morocco or Algeria the flies are an incredible pest. You see them in the corners of the eyes of native children, and men lie asleep in sunny places with flies crawling over their lips.

"The natives don't mind the flies. In fact, they like them. At a board, or native inn, in the Sahara, a traveler said to the waiter, pointing indignantly at his stew of barley and goat's flesh:

"How comes this dead fly in my cous-cous?"

"Monsieur," replied the waiter, "I cannot tell you. Perhaps the fly had not eaten for many days, and, throwing itself ravenously on the cous-cous, fed with too great heartiness, thereby contracting an inflammation of the stomach severe enough to cause death. The poor little thing can never have been strong. When I brought the cous-cous it was dancing and humming merrily on the surface. Perhaps this idea has just presented itself to me—it endeavored to swallow too large a piece of meat. The morsel stuck in its windpipe. A terrific coughing fit, inaudible to our gross ears, ensued. Alas, soon all was over."

"The waiter wiped his eyes and said in a broken voice:

"I can account in no other way for the poor creature's death."

Ayer's Sarsaparilla Makes Good Blood

Prick your skin with a needle. You will see that it is full of blood. But what kind of blood? Rich and pure? Or thin and impure? Impure blood covers the skin with eczema, rashes, pimples, pustules, salt-rheum, boils, carbuncles, and other sores. These simply tell of something bad down deep in the blood itself. Ointments, washes, powders and cosmetics will not reach the evil. You must take out all impurities from the system with

AYER'S Sarsaparilla

and then see how quickly the skin troubles will disappear. As now made, Ayer's Sarsaparilla contains no alcohol. There are many imitations. Be sure you get "Ayer's."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

SPORTS

THE SAINTS WON THE CHAMPIONSHIP

Both series of the baseball league are over, and the Saints have once more demonstrated to the public that they know how to play the National game.

The games on Saturday were very poor exhibitions of baseball, but the tail-enders, the Puns, were able to take the Kams into camp by the tune of 7-2. In the second game it seemed to be a hit run game, as the champions were able to wallop the Diamond Heads to the tune of 17-8.

The work of Johnny Williams in the box for the Puns was the one reason that the learned boys were able to win. Williams pitched a very good game, only allowing two men to take their base on balls, and was able to retire seven men at the bat by striking them out. Lota the third base man for the Kams helped the Puns a good deal, as every time the ball came anywhere near him he managed to let it go by as if it was a red hot bullet instead of a baseball. The old veteran Bill Vanatta played for the first time this year in something like his old time form, but he was not able to do the whole thing. Reuter was hit very hard but if he had had better support he would have been able to do much better. Hampton for the Puns played a fair game, and if he has the support of his team is one of the best men playing ball today in the islands. The following is the line up and score:

SUMMARY.

Two-base hits—J. Desha, E. Desha. Three-base hit—Vanatta. Wild pitch—J. Williams. Base on balls—Reuter 3, J. Williams, 2. Sacrifice hits—Hampton, Winne, D. Desha, Jones, Plunkett, J. Desha, J. Williams. Passed balls—Jones 1. Struck out—Reuter 4, J. Williams 7. Double plays—D. Desha-Winne. The second game between the Diamond Heads and the Champions was a large size singling match from start to finish, coupled with errors too numerous to count. Leslie seemed to be up in the clouds, instead of being on the earth. Seven times he threw so wild that it would have been necessary for Hampton to have had stilts on to come anywhere near the leather-bound sphere. Bushnell, although not as bad as Leslie, was very much off his game.

Clark and Darcy were the star batters for the Diamond Heads, each having three hits to their credit. Crook did not have his eye on distance at all, as sometimes he played too far back, and very often not in far enough, and taking it all in all he was far from being in form. The Saints never had to play ball to win as it seems that they were booked to win without any effort and the finish was a very poor exhibition of what has been baseball a trifle over the average, with the exception of the Punahou team which has been very ragged the last series. The following is the line-up of the two teams:

Umpire: Sing Chong.									
Scorer: Tom Nelson.									

The baseball games in the Riverside League that were played at Aala Park yesterday afternoon resulted in victories for the two Chinese teams. The first game between the Palama A. C. and the Chinese A. C. was one of the fastest and best played games that have ever been played at Aala Park. Sing Chong, one of the star players of the Chinese team, did not put in an appearance until the game had started and the Palama team made a protest about his playing, but it did not carry through, as Umpire Fernandez told them that if they refused to allow him to play that the game would be given to the Chinese team. John Lo pitched a very good game, and it was by his extra exertions that the Palamas did not make any more hits than they did. In the second game the Chinese Alohas kept the Japanese from scoring until the last inning and it was only by a lucky hit of Jack Flores after two men had retired that the Japs were able to score. Ho Yip, the regular pitcher for the Chinese team, did not appear on the grounds and his place was well filled by J. Kaimi. The following was the score and line-up:

Chinese A. C.—John Lo, p; W. Ayau, cf; Chi Bui, c; E. Ayau, 3b; Mor Yon, lf; Hong Chack, 2b; Eng Sang, 1b; K. Y. Ching, rf; E. S. Kong and Sing Chong, rf, and ss.
Palama A. C.—H. Kokaha, c; Kahanawhi, ss; Kealoa, p; Paaluh, 3b; Walker, 2b; Donagoo, rf; H. Zerbe, cf; Kama, lb; Kaopua, lf.
Score by innings:
1 2 3 4 5 6 7 8 9

Palama A. C.....3 0 1 0 0 1 0 0-5
Two-base hits—J. Lo, 2; Kahanawhi, Donagoo.
Base on balls—Lo, 1; Kealoa, 4.

Struck out—Lo, 3; Kealoa, 6. Japanese A. C.—Arno, lf; Sadahide, 3b; Maesaka, cf; I. Flores, c; J. Flores, p; Say, 2b; Yasu, rf; Tetsugi, ss; Junishi, lb. Chinese Alohas—A. Akana, c; V. Ayau, ss; J. Kaimi, p; Lee Kwai, 2b; Mahukona, 3b; Kua, 1b; G. Lim, lf; J. Wong, rf; Aukal, cf. Score by innings: 1 2 3 4 5 6 7 8 9 Japanese A. C.....0 0 0 0 0 0 0 1-1 Chinese Alohas.....2 0 0 2 1 1 0 *-6 Two-base hit—Sadahide. Base on balls—Flores 5, Kaimi 3. Passed balls—I. Flores 3. Struck out—Flores 14, Kaimi 8. Umpire—E. Fernandez. Scorer—W. Tin Chong.

In the baseball game yesterday afternoon between the Police and the Post Office team at Kapiolani Park, the stamp takers were able to prove to the pets of the Sheriff, that they were not able to hit balls as well as they sometimes are able to hit the heads of offenders of the law. A number of people watched the game, and one of the most enthusiastic rooters was Postmaster Pratt. The game was very mild in all respects, and it was not necessary at any time to call out the ambulance, or the hurry-up wagon. Deputy Sheriff Jarrett was on hand to see that the mail boys did not impose on the upholders of the law, but that was entirely unnecessary. The following was the line-up and score:

In the baseball game yesterday afternoon between the Police and the Post Office team at Kapiolani Park, the stamp lickers were able to prove to the pets of the Sheriff, that they were not able to hit balls as well as they sometimes are able to hit the heads of offenders of the law. A number of people watched the game, and one of the most enthusiastic rooters was Postmaster Pratt. The game was very mild in all respects, and it was not necessary at any time to call out the ambulance, or the hurry-up wagon. Deputy Sheriff Jarrett was on hand to see that the mail boys did not impede

CRICKET WON BY LOCAL TEAM

PLAYERS FROM THE CABLESHIP RESTORER NOT A MATCH FOR HONOLULU.

On Saturday afternoon at the Makiki grounds, the local team were able to take the cables ship boys into camp at cricket by the large score of 152 to 21. The game was one of the best that has ever been played here, as far as fielding goes, but was indeed very one-sided.

Buchly, who was coached by one of the best players in England, did not come up to his form at all, and perhaps in the next game will remember some of the fine points that he forgot on Saturday. Gill, Broadfoot and Thompson played the best game during the match, and it seems that it will not be necessary for the local team to play again for the championship, as the sailor lads have demonstrated beyond a shadow of a doubt that they are not in it with the local men.

The following is the line-up of the game:

HONOLULU CRICKET CLUB.	
R. E. Cape, b Broadfoot.....	2
C. E. Edmunds, b Thompson.....	11
C. P. Morse, run out.....	6

SPORT NOTES.

In the tennis match for the Championship of Hawaii in singles at Hilo on Saturday last, Scott was able to beat Hapai by 6-1, 6-2, 3-6, 6-2.

This afternoon on the Pacific Club courts at 4 o'clock, Dick Cooke and Alfred Castle will play Willie Roth and Clarence Cooke for the double championship of the islands. By the way Castle and Cooke have been playing lately the match promises to be very exciting from start to finish.

Selection—"The Grand Duchess".....Offenbach
Waltz—"Paradise of the Pacific".....Berger
Polka—"Nununu Valley".....Berger
"Star Spangled Banner."

TWO JAPS HURT.

Two Japanese were hurt yesterday evening about 7:30 o'clock at the corner of Kalakaua avenue and King street in a collision between a swill wagon and a Rapid Transit car bound for Walkiki. The wagon was struck on the side and the contents spilled. The Japanese on the driver's seat were hurried some distance and both were rendered unconscious. One had a sprained ankle and several teeth were knocked out. The other bruised and possibly injured internally. Both were removed to the Queen's Hospital.

HEART TROUBLES.

Don't sleep with your troubles. If you have palpitation, short breath, pain in chest, side and shoulders, choking sensations, fainting spells, difficulty in sleeping on left side, and you feel anxious about it, don't sleep until you have procured a bottle of Dr. Miles' Heart Cure, and you can rest assured you have a never-failing remedy for your afflictions. If first bottle fails to benefit, money back.

DEDICATED A SHINTO TEMPLE

LOCAL JAPANESE DEDICATE A SHRINE OF THEIR OWN IN HONOLULU.

Sunday was a day of more than unusual importance among the local Japanese from the fact that a Shinto shrine or temple was dedicated in the afternoon with elaborate ceremonies, and is the first of the kind ever established in the Territory.

The shrine is located in an open lot a short distance Ewa-mauka of the intersection of King and Beretania streets. It is small, not being over forty feet square, but is characteristically Japanese throughout, with the heavy roof timbers and widely projecting eaves. It is artistically put together, while at the same time it presents a severely plain appearance, the woodwork being in natural condition without paint or coating of any kind.

The shrine has been completed for several months, but it has been only within the past week or so that there has been in the Territory a priest of sufficiently high rank to perform the services of dedication. The exercises began yesterday morning at 10:30 o'clock and were not concluded until late last evening. The grounds surrounding the temple which have been converted into a veritable Japanese garden, were thronged with hundreds of Japanese, and were decorated in most gorgeous manner with flags and lanterns and bunting.

The actual dedicatory performance was repeated a number of times during the day and evening and was exceedingly interesting. Besides the high priest were a number of other priests and many assistants. A procession would start from the priest's house in the rear of the shrine and with elaborate ceremony, such as having the ground swept with brooms before it, would file to the shrine, where after various preliminaries the devotees with bare feet and heads would see a series of curtains drawn back and finally the principle of the shrine itself exposed. This appeared to be a chrysanthemum shaped mirror in an elaborate frame or case.

A group of little girls in very graceful style, with faces whitened with rice powder with the exception of two black spots on the forehead, danced before the altar. The dress of all the attendants was of most elaborate and brilliant pattern, that of the high priest excelling all the rest in this respect.

The great crowd was furnished with sake and other refreshments, and after each performance of the dedication would toss money into a large chest.

NATIONAL GUARD CALL ON FREAR

OFFICERS PAY AN OFFICIAL VISIT TO NEW EXECUTIVE SATURDAY AFTERNOON.

Officers of the National Guard of Hawaii to the number of sixteen, paid an official call upon the Governor on Saturday afternoon. The call was made between 1:30 and 2 o'clock for the reason that this time was the most convenient to a number of the officers whose business takes up most of their time until Saturday noon.

The call was made in full dress uniforms, and was purely a formal affair. Adjutant General J. W. Jones was spokesman for the militia and made pleasing short address to which Governor Frear responded with some highly complimentary remarks concerning National Guardsmen.

The officers in the party were: General Staff: Col. John W. Jones, Lt. Col. John W. Short, Major James W. Pratt, Captain Archibald N. Sinclair, Captain Alonzo D. Wise, First Lieutenant George E. Smithies, Line Officers: Col. Samuel Johnson, Captain James B. Gorman, Captain John M. Kea, Lt. Thomas Kakalia, Lt. James A. Thompson, Lt. James D. Dougherty, Lt. Fred B. Angus, Lt. Henry Kaimat, Lt. William Ahia, Lt. Clinton H. Tracy.

THE STANDARD OIL FINE.

The assessment of nearly thirty million dollars in fines against the Standard Oil Company of Indiana, which is one of the constituent companies of the Standard Oil Company of New Jersey, is the most colossal in judicial history. It seems unlikely that it will ever be collected, although the officials of the parent company admitted that the earnings in recent years have reached as high as \$80,000,000, and nearly \$50,000,000 has been paid in dividends in a single year upon a capitalization of about \$100,000,000. Evidently, the corporation could pay the fine out of a single year's earnings and pay a handsome dividend. It is certain that long litigation will ensue before this is accomplished—Philadelphia Inquirer.

MAY WED COUNTESS

LONDON, August 12.—The separation papers between the Earl and Countess Westmoreland have been signed and the pair are now free, in

William Waldorf Astor.

high society the goasps say that William Waldorf Astor, the Anglo-American, will marry the Countess in September. Their romance is an old one, and all England has heard it talked about that they only waited for the Countess to secure a divorce.

LA GRIFFE.

Dr. Miles' Nerve not only prevents a gripe if taken in time, but is a remarkable cure for all the after-effects, which usually follow the disease, caused by the nerve-wrecking aches and pains. Sold by druggists, who guarantee to refund money for first bottle if it gives no benefit.
