VOL. XLV., NO. 7662.

HONOLULU, HAWAII TERRITORY, THURSDAY, FEBRUARY 28, 1907.

PRICE FIVE CENTS.

BOTH HOUSES HAD A LIVELY WORKING DAY

Tax, School, Small Farm, Judicial, Treaty and Loan Expenditure and Various Routine Matters Absorb the Legislature.

SENATE—SIXTH DAY.

Morning Session.

PASSED THIRD READING.

House Bill No. 13, appropriating thirty thousand dollars for expenses of the Legislature.

Senate Bill No. 2, encouraging diversified industries by exempting from taxation all property, for five years after January 1, 1908, actually used in the production of grapes for the manufacture of wine for commercial purposes, such exemption to be allowed only to any person, firm or corporation in respect of land in actual vine cultivation, not exceeding twenty acres where any holding exceeds that area.

INTRODUCED.

By Senator Makekaku: Senate Bill No. 34, entitled an act to amend Act 39 being an act to create counties in the Territory of Hawaii and providing a government thereof.

By Senator Chillingworth: An act relating to writs of error and bills of exception in criminal cases, giving the prosecution the right of appeal.

By Senator Dowsett: An act appropriating \$57,611.44 for departmental uses.

A BUSY DAY.

Quite the busiest day of the session, in point of debate, was the result found in the sum total of the days' proceedings. Unexpectedly there was some discussion over the act to encourage diversified industries by exempting the property from taxation where the land used in the cultivation of grapes for commercial purposes was not more than twenty acres.

Senator Smith was afraid many people with a grape vine in their back yards would claim exemption. Senator Dowsett came to the aid of the bill and explained why the area had been settled. The bill passed.

THE TAX COMMISSIONS.

Another matter that was of still greater interest was bill No. 21 combined with Concurrent Resolution No. 1, relating to the creation of a Tax Commission. The bill and the resolution were practically the same and passage of the resolution was moved by Senator Coelho who contended that under the Organic Act a bill, or resolution, must not embrace two subjects.

Senator Smith favored passage of the bill and said it was splitting hairs to object on the ground taken by Senator Coelho. The Hawaiian constitution, in the days of the monarchy and the Republic, had the same provision but appropriations were made under bills similarly drawn and their legality had never been questioned.

Senator Coelho suggested that the resolution be tabled and a motion to that effect carried. The bill was then referred to the Judiciary committee.

SCHOOL MATTERS.

Still another bill to excite debate was that relating to the appointment of committees on education in the counties.

Among the members from Maui and Hawaii, this measure is looked upon as a sop to soothe any difficulty in the party, keeping its campaign pledge to turn over the schools to the counties. The bill provides for the appointment of five committeemen with the school inspector of the district as an ex-officio member. The five members of the committee are to meet but they are to have absolutely no control, so that turning over the school management in this manner falls short in the opinion of the country members, of fulfilling campaign promises.

Senator Smith warmly supported the bill and gave as his reasons that he believed the citizens would be better satisfied if they were brought into closer contact with the school government.

Senator Coelho supported passage of the bill. In his remarks he made the charge that "for the past twenty years the public school system has not been satisfactory and that the best results have been obtained in private schools." Senator McCarthy opposed the bill and moved reference to the Educational committee. The motion carried.

Among the Senators it is said that this bill will create the liveliest discussion when it is again brought up. Senate Bill No. 6, to amend Section 1793 of Chapter 119, of the Revised Laws, was referred to the Judiciary committee on second reading.

JUDICIAL MEASURES.

Senate Bill No. 7, to amend Section 2210 of the Revised Laws as amended

by Act 11 of the Session Laws of 1905, went to the Ways and Means committee. This provides that the Treasurer of each county shall furnish marriage license blanks to the Sheriffs, Deputy Sheriffs and Magistrates of each county.

Senator Chillingworth's bill relating to girls under fourteen years of age, passed second reading. It raises the maximum punishment from eighteen months to five years. The bill went to the Judiciary committee.

Senator Dowsett discovered several errors in the typography of the bill which were corrected by amendment. Act 33, relating to the crime of burglary, fixing daylight entry with intent to commit a felony, as burglary, passed second reading and was referred to the Judiciary committee.

Afternoon Session.

There was little business done in the Senate after the noon recess.

Senator Smith submitted the following report on Bill 21, and introduced the amended resolution:

FROM THE JUDICIARY COMMITTEE.

Hon. E. F. Bishop, President of the Senate.

Sir: The Judiciary committee has had under consideration Senate Bill No. 21, entitled "An Act to authorize the appointment of a Tax Commission," together with Senate Joint Resolution No. 1, relating to the same subject heretofore referred to, and beg to report as follows:

That to meet the objection of attempting to make an appropriation from the treasury by means of a joint resolution we recommend that the joint resolution be amended as set forth in the substitute resolution herewith presented, and recommend the passage of the substitute resolution.

We further recommend that an appropriation of seventeen hundred and fifty dollars be inserted in the appropriation bill to cover the compensation of members and expenses of the commission; and further that Senate Bill No. 21 be laid on the table.

AMENDED RESOLUTION, NO. 1.

Be It Resolved by the Legislature of the Territory of Hawaii that the Governor of the Territory shall, as soon as practicable after the approval of this resolution, appoint a commission of three members, who shall be experienced and competent persons, to be known as the Tax Commission, which commission shall thoroughly examine and investigate the tax laws of the Territory and consider their legal operation and effect, the manner of their enforcement, and general adaptability with respect to existing conditions, and consider ways and means for revision and improvement of said laws as they shall deem necessary or advisable. They may, in their discretion, employ legal counsel to assist them in their work. Said commissioners shall each receive the sum of two hundred and fifty dollars for his services, and the sum of one thousand dollars be made available for the expenses of such commission and the commissioners shall make report of their work to the Governor not later than July 1, 1908, with the recommendations pertaining thereto, together with some bill or bills for the effectuation of such recommendations.

On reconvening a recess, subject to the call of the chair, was taken to allow committees to get to work. This continued until nearly 3 p. m., when the President rapped for order, the committees having returned.

GOVERNOR'S MESSAGE.

In the meantime the President had been apprised of the arrival of Governor's message No. 3, the deficiency bill.

This was taken up at once and referred to the Ways and Means committee and later Senator Dowsett introduced Bill No. 37 appropriating \$57,611.44 for use of current departmental expenses. Referred to the Committee on Ways and Means.

COUNTY RIGHTS.

Senator Makekaku gave notice of his intention to introduce a bill to amend subdivision 3 of Act 39, Session Laws of 1905. This amendment gives the counties authority to construct new roads without reference to the Superintendent of Public Works. Rules were suspended and the bill passed first reading and went to the Printing committee.

Senator Chillingworth under suspension of the rules introduced bill No. 37, referring to writs of error and bills of exception. Passed first reading and went to Judiciary committee. Adjourned to 10 a. m. Thursday.

THE HOUSE.

The House of Representatives came to order yesterday at 9 a. m., and after the usual opening ceremonies were continued on Page Seven.)

STANLEY ON WARPATH

Gets After Atty. General Peters Before Bar Association.

President Stanley, at the Bar Association meeting yesterday, left the chair to make a statement accusing Attorney General Peters of improper practice in interviewing his client and witness in a probate case. Owing to small attendance the matter was deferred.

A letter from Third Assistant Secretary of State Huntington Wilson regretfully told of the rejection of the Consular Conference proposal.

Frank L. Hatch and L. G. Kellogg were elected as members.

It was noted to ask the Legislature for a salary for librarian and assistant to keep the Law Library open at all hours (Sundays included) other than between midnight and 8 a. m. each day.

At the instance of the Chamber of Commerce it was decided to ask for legislation to modify the jury system, so as to make it less burdensome to the business community.

An amendment to the constitution, pending since November last, relating to the punishment of members for delinquency of dues and unprofessional conduct, was adopted with slight modification.

Those present were President Stanley, Secretary Marx, Messrs. Robertson, Perry, Cathcart, Davis, Greenwell, Clemons, Hemenway, Thompson, Peterson, Watson, Smith, Harrison, Middle-ditch and Rawlins.

STRANGE RELIGION ON NUUANU STREET

"Are we a branch of the Holy Rollers? God forbid that anyone should think so," said the Rev. H. M. Turney last night. Mr. Turney is the evangelist conducting a series of meetings in the Peniel Mission on Nuuanu street, at which his converts profess to receive the power of speaking in different languages and who roll about the floor in their exuberance, shouting and singing in a manner that has anything ever before seen in Honolulu at a discount. Last night the mission was crowded with the curious, anxious to see and hear the Los Angeles exhorter, but there were so many unsympathetic persons in the audience that the chill passed into the converts and they could not be heated up to the effervescent point. At least that is the explanation given by Mr. Turney to a reporter.

"The Lord won't put himself on exhibition just to satisfy the curious," put in the wife of the leader, a sentiment which was approved of by the cluster of young men around who have enrolled themselves in the faith and who had crowded around to hear the interview and gather the words of wisdom which their leader would scatter like pearls before the pachydermous newspaper man.

"Them Holy Rollers is just fanatics," spoke up one of the converts. "Our religion is just the Bible." "That's it," said leader. "We just preach the straight old hell-fire doctrine. We believe the Bible, every word of it and when we get the spirit why we just can't help but shout and sing and dance for joy. Some people think we're crazy, but we don't care. But we ain't any free love or polygamy or monks and nuns. We believe in marriage in the way of the Bible and we don't believe in any divorced people marrying, either. We think that one man ought to have one wife and then stay put."

One of the peculiarities of the "Saints," as the converts to the Apostolic faith call themselves, is to speak in "tongues" and an example of this was given during the meeting, the leader making a violent harangue in some language that was particularly rich in gutturals. A Korean convert, who sat beside the reporter, informed him that this was Korean, but if it was the speaker didn't know it.

"That tongue I was speaking is Egyptian, I think," he said. "I talk Hawaiian sometimes, and Spanish, French, German and others. At least that's what the ones who speak these languages say they are. I know what I'm saying all right, but I don't know what tongue I am talking in. The Lord has promised me that he will give me the tongue of any country I am called to and I am going around the world with that assurance. I expect to go to Korea first, and I expect to preach there in Korean. I will talk to the Japs in Japanese and so on around the world. We don't talk in

KOREANS BARRED OUT

Secretary Root Replies to Governor's Query.

Washington, Feb. 27.

Governor Carter, Honolulu.

New law says "Whenever the President shall be satisfied that passports issued by any foreign government to its citizens to go to any country other than the United States, or to any insular possession of the United States, or to the canal zone, are being used for the purpose of enabling the holders to come to the continental territory of the United States to the detriment of labor conditions therein, the President may refuse to permit such citizens of the country issuing such passports to enter the continental territory of the United States from such other country or from such insular possessions or from the canal zone." Inquiry into facts and preparation of regulations now in progress. Korean laborers bearing Japanese passports for Hawaii only will undoubtedly be excluded.

WITNESS TURNED OVER TO JUDGE

Paul Muhlendorf, manager of Allen & Robinson, Ltd., has been turned over, as a witness in the lumber trust case, to Judge Dole for a decision on the question of how far he may carry his reticence under examination by the United States attorney. Although he gave a good deal of the information desired on his yesterday, his second day on the stand, District Attorney Breckons and Assistant District Attorney Dunne evidently were not satisfied with his answers, either as to fullness or directness, and were pressing him hard late in the afternoon for more explicit evidence when counsel for defendants interfered on his behalf.

Mr. Stanley, as the spokesman, intimated the opinion that the line of examination was unfair.

Mr. Breckons retorted that he was tired of hearing that charge in the course of the investigation before Commissioner Hatch. Thus far every reference on that score made to Judge Dole had been decided in favor of the United States. He now proposed to submit the entire examination of this witness to the judge and ask for his ruling.

Accordingly the Commissioner adjourned his court until 2:30 this afternoon so as to give time for the court reporter to transcribe the testimony and Judge Dole to rule upon both questions and answers.

Messrs. Stanley, Olson, Judd, Hemenway and Greenwell formed the array of counsel for defendants in court yesterday.

KUHIO.

THE CONGRESSIONAL VISIT.

Delegate Kuhio has written to Governor Carter saying that, in connection with the invitation from the Legislature to a Congressional party, there will be a good deal of business relating to arrangements and transportation as he is not going to remain in Washington after the close of the session, he asks that all communications on the matter, sent to reach there after March 4, be addressed to his secretary, George B. McClellan.

MANUKA TO REPLACE MIOWERA.

The C.-A. S. S. Manuka is to take the place of the S. S. Miowera on the next trip up of that vessel from the Colonies. The Manuka will be due here on or before May 1, en route to Victoria and Vancouver.

SAN FRANCISCO, Feb. 28.—The Matson Navigation Company's steamer, Hiloian will sail on Thursday for the Hawaiian Islands. The vessel will tow the ship Falls of Clyde to Honolulu.

BLOW TO CONFERENCE

Secretary Straus Says Hawaii Too Far Off for Meeting.

The map of Hawaii as the "Cross roads of the Pacific" did not seem to impress the Secretary of Commerce and Labor and he has turned down the idea, which it was intended to strengthen, of a consular conference here, in the following letter:

Department of Commerce and Labor, Washington, January 30, 1907.

Sir: I have the honor to acknowledge receipt of copies of letters from the Governor of Hawaii addressed to yourself and forwarded to me, recommending that a conference of consuls located in countries fronting upon the Pacific ocean be held at Honolulu at some time during the current year, and with them your request for an expression of opinion by me with reference thereto.

I have given the matter careful consideration and am unable to agree with the suggestion of the Governor of Hawaii and the committee which he represents. The consuls have already a most excellent means of communication and intercommunication through the publication of their views in the daily bulletin issued by this department and furnished to each consul as well as to the mercantile and manufacturing community of the United States. I am in favor of any process which will bring into personal touch the manufacturers, exporters and importers of the United States and the representatives of the great consuming, producing and trade communities in any of the importing countries, but I can scarcely think that a conference of the character proposed by the Governor of Hawaii and at a point located so far distant from either country would have such result.

I have the honor to be, sir, Your obedient servant, OSCAR S. STRAUS, Secretary.

Hon. Elihu Root, Secretary of State.

ARE PRYING INTO THE NUUANU DAM

The joint committee appointed to investigate the Nuuanu dam met for the second time last night. All members of the committee, Senators Chillingworth, Knudsen, Kalama and Representatives Hughes, Rice and Waiwaioe were present.

The Public Works department had been requested to furnish the committee with all correspondence, reports, estimates, etc., relative to the work. A portion of the request only, had been complied with for some correspondence of importance was omitted from the parcel furnished.

The absence of this retarded the work of the committee and a further demand will be made upon the Superintendent of Public Works today.

Informally Senator Chillingworth reported the receipt of a cablegram from Mr. Schuyler in response to one from the committee.

This expert cabled that he would come here for \$3000, which would include his fee and expenses. Senator Knudsen asked if a report from Mr. O'Shaughnessy would be satisfactory to the public. Ignorance was expressed at his standing as an engineer and the opinion seemed to be that the best authority was none too good.

Incidentally, the chair reported a conversation with Superintendent Holway in which the latter asked permission to be present at the meetings. This resulted in the committee deciding to officially notify the heads of departments that the meetings would be held every evening and the sessions would be public.

Representative Hughes offered the following resolution:

"That the Superintendent of Public Works furnish this committee with the following information:

"Under what contract, or agreement, is work being carried on at Nuuanu dam at the present time?"

"How many inspectors have been employed at the dam? Give names of inspectors."

"The length of time employed and the reason or reasons for changing inspectors."

MODE OF PROCEDURE.

Following is the line of work decided upon by the Nuuanu Dam Investigating Committee:

(1) Plans, specifications, blue prints and contract;

(2) Report of Kellogg, recommendations, plans, specifications and blue prints;

(3) Monthly estimates from commencement of work to date;

(4) Amount of work done by the Territory as extra work;

(5) Amount of work done by the contractor under the contract;

(6) Changes and alterations, if any.

THE NEW IMMIGRATION LAW.

The following is the complete new immigration law, adopted by Congress February 16. The portion which controls Japanese immigration is set in large letters:

An Act to Regulate the Immigration of Aliens into the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there shall be levied, collected, and paid a tax of four dollars for every alien entering the United States. The said tax shall be paid to the collector of customs of the port or customs district to which said alien shall come, or, if there be no collector at such port or district, then to the collector nearest thereto, by the master, agent, owner, or consignee of the vessel, transportation line, or other conveyance or vehicle bringing such alien to the United States. The money thus collected, together with all fines and rentals collected under the laws regulating the immigration of aliens into the United States, shall be paid into the Treasury of the United States, and shall constitute a permanent appropriation to be called the "immigrant fund," to be used under the direction of the Secretary of Commerce and Labor to defray the expense of regulating the immigration of aliens into the United States under said laws, including the contract labor laws, the cost of reports of decisions of the Federal courts, and digest thereof, for the use of the Commissioner General of Immigration, and the salaries and expenses of all officers, clerks, and employees appointed to enforce said laws. The tax imposed by this section shall be a lien upon the vessel, or other vehicle of carriage or transportation bringing such aliens to the United States, and shall be a debt in favor of the United States against the owner or owners of such vessel, or other vehicle, and the payment of such tax may be enforced by any legal or equitable remedy. That the said tax shall not be levied upon aliens who shall enter the United States after an uninterrupted residence of at least one year, immediately preceding such entrance, in the Dominion of Canada, Newfoundland, the Republic of Cuba, or the Republic of Mexico, nor upon otherwise admissible residents of any possession of the United States, nor upon aliens in transit through the United States, nor upon aliens who have been lawfully admitted to the United States and who later shall go in transit from one part of the United States to another through foreign contiguous territory: Provided, That the Commissioner General of Immigration, under the direction or with the approval of the Secretary of Commerce and Labor, by agreement with transportation lines, as provided in section thirty-two of this act, may arrange in some other manner for the payment of the tax imposed by this section upon any or all aliens seeking admission from foreign contiguous territory. Provided further, That if in any fiscal year the amount of money collected under the provisions of this section shall exceed two million five hundred thousand dollar, the excess above that amount shall not be added to the "immigrant fund." Provided further, That the provisions of this section shall not apply to aliens arriving in Guam, Porto Rico, or Hawaii; but if any such alien, not having become a citizen of the United States, shall later arrive at any port or place of the United States on the North American Continent the provisions of this section shall apply: PROVIDED FURTHER, THAT WHENEVER THE PRESIDENT SHALL BE SATISFIED THAT PASSPORTS ISSUED BY ANY FOREIGN GOVERNMENT TO ITS CITIZENS TO GO TO ANY COUNTRY OTHER THAN THE UNITED STATES OR TO ANY INSULAR POSSESSION OF THE UNITED STATES ARE BEING USED FOR THE PURPOSE OF ENABLING THE HOLDERS TO COME TO THE CONTINENTAL TERRITORY OF THE UNITED STATES TO THE DETRIMENT OF LABOR CONDITIONS THEREIN, THE PRESIDENT MAY REFUSE TO PERMIT SUCH CITIZENS OF THE COUNTRY ISSUING SUCH PASSPORTS TO ENTER THE CONTINENTAL TERRITORY OF THE UNITED STATES FROM SUCH OTHER COUNTRY OR FROM SUCH INSULAR POSSESSIONS OR FROM THE CANAL ZONE.

Sec. 2. The following class of aliens shall be excluded from admission into the United States: All idiots, imbeciles, feeble-minded persons, epileptics, insane persons, and persons who have been insane within five years previous; persons who have had two or more attacks of insanity at any time previously; paupers; persons likely to become a public charge; professional beggars; persons afflicted with tuberculosis or with a loathsome or dangerous contagious disease; persons not comprehended within any of the foregoing excluded classes who are found to be and are certified by the examining surgeon as being mentally or physically defective, such mental or physical defect being of a nature which may affect the ability of such alien to earn a living; persons who have been convicted of or admit having committed a felony or other crime or misdemeanor involving moral turpitude; polygamists, or persons who admit their belief in the practice of polygamy, anarchists, or persons who believe in or advocate the overthrow by force or violence of the Government of the United States, or of all government, or of all forms of law, or the assassination of public officials; prostitutes, or women or girls coming into the United States for the purpose of prostitution or for any other immoral purpose; persons who procure or attempt to bring in prostitutes or women or girls for the purpose of prostitution or for any other immoral purpose; persons hereinafter called contract laborers, who have been induced or solicited to migrate to this country by offers or promises of employment or in consequence of agreements, oral, written or printed, express or implied, to perform labor in this country of any kind, skilled or unskilled; those who have been, within one year from the date of application for admission to the United States, deported as hav-

ing been induced or solicited to migrate as above described; any person whose ticket or passage is paid for with the money of another, or who is assisted by others to come, unless it is affirmatively and satisfactorily shown that such person does not belong to one of the foregoing excluded classes, and that said ticket or passage was not paid for by any corporation, association, society, municipality, or foreign government, either directly or indirectly; all children under sixteen years of age, unaccompanied by one or both of their parents, at the discretion of the Secretary of Commerce and Labor or under such regulations as he may from time to time prescribe: Provided, That nothing in this act shall exclude, if otherwise admissible, persons convicted of an offense purely political, not involving moral turpitude: Provided further, That the provisions of this section relating to the payments for tickets or passage by any corporation, association, society, municipality, or foreign government shall not apply to the tickets or passage of aliens in immediate and continuous transit through the United States to foreign contiguous territory: And provided further, That skilled labor may be imported if labor of like kind unemployed can not be found in this country: And provided further, That the provisions of this law applicable to contract labor shall not be held to exclude professional actors, artists, lecturers, singers, ministers of any religious denomination, professors for colleges or seminaries, persons belonging to any recognized learned profession, or persons employed strictly as personal or domestic servants.

Sec. 3. That the importation into the United States of any alien woman or girl for the purpose of prostitution, or for any other immoral purpose, is hereby forbidden; and whoever shall directly or indirectly, import, or attempt to import, into the United States, any alien woman or girl for the purpose of prostitution, or for any other immoral purpose, or whoever shall hold or attempt to hold any alien woman or girl for any such purpose in pursuance of such illegal importation, or whoever shall keep, maintain, control, support, or harbor in any house or other place, for the purpose of prostitution, or for any other immoral purpose, any alien woman or girl, within three years after she shall have entered the United States, shall, in every such case, be deemed guilty of a felony, and on conviction thereof be imprisoned not more than five years and pay a fine of not more than five thousand dollars; and any alien woman or girl who shall be found an inmate of a house of prostitution or practicing prostitution, at any time within three years after she shall have entered the United States, shall be deemed to be unlawfully within the United States and shall be deported as provided by sections twenty and twenty-one of this act.

Sec. 4. That it shall be a misdemeanor for any person, company, partnership, or corporation, in any manner whatsoever, to prepay the transportation or in any way to assist or encourage the importation or migration of any contract laborer or contract laborers into the United States, unless such contract laborer or contract laborers are exempted under the terms of the last two provisions contained in section two of this act.

Sec. 5. That for every violation of any of the provisions of section four of this act the persons, partnership, company, or corporation violating the same, by knowingly assisting, encouraging, or soliciting the migration or importation of any contract laborer into the United States shall forfeit and pay for every such offense the sum of one thousand dollars, which may be sued for and recovered by the United States, or by any person who shall first bring his action therefor in his own name and for his own benefit, including any such alien thus promised labor or service of any kind as aforesaid, as debts of like amount are now recovered in the courts of the United States; and separate suits may be brought for each alien thus promised labor or service of any kind as aforesaid. And it shall be the duty of the district attorney of the proper district to prosecute every such suit when brought by the United States.

Sec. 6. That it shall be unlawful and be deemed a violation of section four of this act to assist or encourage the importation or migration of any alien by promise of employment through advertisements printed and published in any foreign country; and any alien coming to this country in consequence of such an advertisement shall be treated as coming under promise or agreement as contemplated in section two of this act, and the penalties imposed by section five of this act shall be applicable to such a case: Provided, That this section shall not apply to States and Territories, the District of Columbia, or places subject to the jurisdiction of the United States advertising the inducements they offer for immigration thereto, respectively.

Sec. 7. That no transportation company or owner or owners of vessels, or others engaged in transporting aliens into the United States, shall, directly or indirectly, either by writing, printing, or oral representation, solicit, invite, or encourage the immigration of any aliens into the United States, but this shall not be held to prevent transportation companies from issuing letters, circulars, or advertisements, stating the sailings of their vessels and terms and facilities of transportation therein; and for a violation of this provision, any such transportation company, and any such owner or owners of vessels, and all others engaged in transporting aliens into the United States, and the agents by them employed, shall be severally subjected to the penalties imposed by section five of this act.

Sec. 8. That any person, including the master, agent, owner, or consignee of any vessel, who shall bring into or land in the United States, by vessel or otherwise, or who shall attempt,

by himself or through another, to bring into or land in the United States, by vessel or otherwise, any alien not duly admitted by an immigrant inspector or not lawfully entitled to enter the United States shall be deemed guilty of a misdemeanor, and shall, on conviction, be punished by a fine not exceeding one thousand dollars, or by imprisonment for each and every alien so landed or brought in or attempted to be landed or brought in.

Sec. 9. That it shall be unlawful for any person, including any transportation company other than railway lines entering the United States from foreign contiguous territory, or the owner, master, agent, or consignee of any vessel to bring to the United States any alien subject to any of the following disabilities: Idiots, imbeciles, epileptics, or persons afflicted with tuberculosis or with a loathsome or dangerous contagious disease, and if it shall appear to the satisfaction of the Secretary of Commerce and Labor that any alien so brought to the United States was afflicted with any of the said diseases or disabilities at the time of foreign embarkation and that the existence of such disease or disability might have been detected by means of a competent medical examination at such time, such person or transportation company, or the master, agent, owner, or consignee of any such vessel shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of one hundred dollars for each and every violation of the provisions of this section; and no vessel shall be granted clearance papers pending the determination of the question of the liability to the payment of such fine, and in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: Provided, That clearance may be granted prior to the determination of such questions upon the deposit of a sum sufficient to cover such fine and costs, such sum to be named by the Secretary of Commerce and Labor.

Sec. 10. That the decision of the board of special inquiry, hereinafter provided for, based upon the certificate of the examining medical officer, shall be final as to the rejection of aliens affected with tuberculosis or with a loathsome or dangerous contagious disease, or with any mental or physical disability which would bring such aliens within any of the classes excluded from admission to the United States under section two of this act.

Sec. 11. That upon the certificate of a medical officer of the United States Public Health and Marine Hospital Service to the effect that a rejected alien is helpless from sickness, mental or physical disability, or infancy, if such alien is accompanied by another alien whose protection or guardianship is required by such rejected alien, such accompanying alien may also be excluded, and the master, agent, owner, or consignee of the vessel in which such alien and accompanying alien are brought shall be required to return said alien and accompanying alien in the same manner as vessels are required to return other rejected aliens.

Sec. 12. That upon the arrival of any alien by water at any port within the United States it shall be the duty of the master or commanding officer of the steamer, sailing or other vessel having said alien on board to deliver to the immigration officers at the port of arrival lists or manifests made at the time and place of embarkation of such alien on board such steamer or vessel, which shall, in answer to questions at the top of said lists, state as to each alien the full name, age, and sex; whether married or single; the calling or occupation; whether able to read or write; the nationality; the race; the last residence; the name and address of the nearest relative in the country from which the alien came; the seaport for landing in the United States; the final destination, if any, beyond the port of landing; whether having a ticket through to such final destination; whether the alien has paid his own passage or whether it has been paid by any other person or by any corporation, society, municipality, or government, and if so, by whom; whether in possession of fifty dollars, and if less, how much; whether going to join a relative or friend, and if so, what relative or friend, and his or her name and complete address; whether ever before in the United States, and if so, when and where; whether ever in prison or almshouse or an institution or hospital for the care and treatment of the insane or supported by charity; whether a polygamist; whether an anarchist; whether coming by reason of any offer, solicitation, promise, or agreement, express or implied, to perform labor in the United States, and what is the alien's condition of health, mental and physical, and whether deformed or crippled, and if so, for how long and from what cause; that it shall further be the duty of the master or commanding officer of every vessel taking alien passengers out of the United States, from any port thereof, to file before departure therefrom with the collector of customs of such port a complete list of all such alien passengers taken on board. Such list shall contain the name, age, sex, nationality, residence in the United States, occupation, and the time of last arrival of every such alien in the United States, and no master of any such vessel shall be granted clearance papers for his vessel until he has deposited such list or lists with the collector of customs at the port of departure and made oath that they are full and complete as to the name and other information herein required concerning each alien taken on board his vessel; and any neglect or omission to comply with the requirements of this section shall be punishable as provided in section fifteen of this act. That the collector of customs with whom any such list has been deposited in accordance with the provisions of this section, shall promptly notify the Commissioner General of Immigration that such list has been deposited with him as provided, and shall make such further disposition thereof as may be required by regulations to be issued by the Commissioner General of Immigration with the approval of the Secretary of Commerce and Labor: Provided, That in the case of vessels making regular trips to ports of the United States the Commissioner General of Immigration, with the approval of the Secretary of Commerce and Labor, may, when expedient, arrange for the delivery of such lists

of outgoing aliens at a later date: Provided further, That it shall be the duty of the master or commanding officer of any vessel sailing from ports in the Philippine Islands, Guam, Porto Rico, or Hawaii to any port of the United States on the North American Continent to deliver to the immigration officers at the port of arrival lists or manifests made at the time and place of embarkation, giving the names of all aliens on board said vessel.

Sec. 13. That all aliens arriving by water at the ports of the United States shall be listed in convenient groups, and no one list or manifest shall contain more than thirty names. To each alien or head of a family shall be given a ticket on which shall be written his name, a number or letter designating the list in which his name, and so forth, is contained, and his number on said list, for convenience of identification on arrival. Each list or manifest shall be verified by the signature and the oath or affirmation of the master or commanding officer, or the first or second below him in command, taken before an immigration officer at the port of arrival, to the effect that he has caused the surgeon of said vessel sailing therewith to make a physical and oral examination of each of said aliens, and that from the report of said surgeon and from his own investigation he believes that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of his knowledge and belief, the information in said lists or manifests concerning each of said aliens named therein is correct and true in every respect.

Sec. 14. That the surgeon of said vessel sailing therewith shall also sign each of said lists or manifests and make oath or affirmation in like manner before an immigration officer at the port of arrival, stating his professional experience and qualifications as a physician and surgeon, and that he has made a personal examination of each of the said aliens named therein, and that the said list or manifest, according to the best of his knowledge and belief, is full, correct, and true in all particulars relative to the mental and physical condition of said aliens. If no surgeon sails with any vessel bringing aliens the mental and physical examinations and the verifications of the lists or manifests shall be made by some competent surgeon employed by the owners of the said vessel.

Sec. 15. That in the case of the failure of the master or commanding officer of any vessel to deliver to the said immigration officers lists or manifests of all aliens on board thereof, as required in sections twelve, thirteen, and fourteen of this act, he shall pay to the collector of customs at the port of arrival the sum of ten dollars for each alien concerning whom the above information is not contained in any list as aforesaid: Provided, That in the case of failure without good cause

of outgoing aliens at a later date: Provided further, That it shall be the duty of the master or commanding officer of any vessel sailing from ports in the Philippine Islands, Guam, Porto Rico, or Hawaii to any port of the United States on the North American Continent to deliver to the immigration officers at the port of arrival lists or manifests made at the time and place of embarkation, giving the names of all aliens on board said vessel.

Sec. 13. That all aliens arriving by water at the ports of the United States shall be listed in convenient groups, and no one list or manifest shall contain more than thirty names. To each alien or head of a family shall be given a ticket on which shall be written his name, a number or letter designating the list in which his name, and so forth, is contained, and his number on said list, for convenience of identification on arrival. Each list or manifest shall be verified by the signature and the oath or affirmation of the master or commanding officer, or the first or second below him in command, taken before an immigration officer at the port of arrival, to the effect that he has caused the surgeon of said vessel sailing therewith to make a physical and oral examination of each of said aliens, and that from the report of said surgeon and from his own investigation he believes that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of his knowledge and belief, the information in said lists or manifests concerning each of said aliens named therein is correct and true in every respect.

Sec. 14. That the surgeon of said vessel sailing therewith shall also sign each of said lists or manifests and make oath or affirmation in like manner before an immigration officer at the port of arrival, stating his professional experience and qualifications as a physician and surgeon, and that he has made a personal examination of each of the said aliens named therein, and that the said list or manifest, according to the best of his knowledge and belief, is full, correct, and true in all particulars relative to the mental and physical condition of said aliens. If no surgeon sails with any vessel bringing aliens the mental and physical examinations and the verifications of the lists or manifests shall be made by some competent surgeon employed by the owners of the said vessel.

Sec. 15. That in the case of the failure of the master or commanding officer of any vessel to deliver to the said immigration officers lists or manifests of all aliens on board thereof, as required in sections twelve, thirteen, and fourteen of this act, he shall pay to the collector of customs at the port of arrival the sum of ten dollars for each alien concerning whom the above information is not contained in any list as aforesaid: Provided, That in the case of failure without good cause

to deliver the list of passengers required by section twelve of this act from the master or commanding officer of every vessel taking alien passengers out of the United States, the penalty shall be paid to the collector of customs at the port of departure and shall be a fine of ten dollars for each alien not included in said list; but in no case shall the aggregate fine exceed one hundred dollars.

Sec. 16. That upon the receipt by the immigration officers at any port of arrival of the lists or manifests of incoming aliens provided for in sections twelve, thirteen, and fourteen of this act, it shall be the duty of said officers to go or to send competent assistants to the vessel to which said lists or manifests refer, and there inspect all such aliens, or said immigration officers may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve the transportation lines, masters, agents, owners, or consignees of the vessels bringing such aliens shall be relieved of the responsibility for their detention thereafter until the return of such aliens to their care.

Sec. 17. That the physical and mental examination of all arriving aliens shall be made by medical officers of the United States Public Health and Marine Hospital Service, who shall have had at least two years' experience in the practice of their profession since receiving the degree of doctor of medicine and who shall certify for the information of the immigration officers and the boards of special inquiry hereinafter provided for, and all physical and mental defects or diseases observed by said medical officers in any such alien, or should medical officers of the United States Public Health and Marine Hospital Service be not available, civil surgeons of not less than four years' professional experience may be employed in such emergency for such service, upon such terms as may be prescribed by the Commissioner General of Immigration under the direction or with the approval of the Secretary of Commerce and Labor. The United States Public Health and Marine Hospital Service shall be reimbursed by the immigration service for all expenditures incurred in carrying out the medical inspection of aliens under regulations of the Secretary of Commerce and Labor.

Sec. 18. That it shall be the duty of the owners, officers, or agents of any vessel or transportation line, other than those railway lines which may enter into a contract as provided in section thirty-two of this act, bringing an alien to the United States to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers, and the negligent failure of any such owner, officer, or agent to comply with the foregoing requirements shall be deemed a misdemeanor and be punished by a fine in each

case of not less than one hundred nor more than one thousand dollars or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; and every such alien so landed shall be deemed to be unlawfully in the United States and shall be deported as provided in sections twenty and twenty-one of this act.

Sec. 19. That all aliens brought to this country in violation of law shall, if practicable, be immediately sent back to the country whence they respectively came on the vessels bringing them. The cost of their maintenance while on land, as well as the expense of the return of such aliens, shall be borne by the owner or owners of the vessels on which they respectively came; and if any master, person in charge, agent, owner, or consignee of any such vessel shall refuse to receive back on board thereof, or on board of any other vessel owned or operated by the same interests, such aliens, or shall fail to detain them thereon, or shall refuse or fail to return them to the foreign port from which they came, or to pay the cost of their maintenance while on land, or shall make any charge for the return of any such alien, or shall take any security from him for the payment of such charge, such master, person in charge, agent, owner, or consignee shall be deemed guilty of a misdemeanor and shall, on conviction, be punished by a fine of not less than three hundred dollars for each and every such offense; and no vessel shall have clearance from any port of the United States while any such fine is unpaid: Provided, That the Commissioner General of Immigration, with the approval of the Secretary of Commerce and Labor, may suspend, upon conditions to be prescribed by the Commissioner General of Immigration, the deportation of any alien found to have come in violation of any provision of this act, if, in his judgment, the testimony of such alien is necessary on behalf of the United States Government in the prosecution of offenders against any provision of this act: Provided, That the cost of maintenance of any person so detained resulting from such suspension of deportation shall be paid from the "immigrant fund" but no alien certified, as provided in section seventeen of this act, to be suffering from tuberculosis or from a loathsome or dangerous contagious disease other than one of quarantinable nature shall be permitted to land for medical treatment thereof in any hospital in the United States, unless with the express permission of the Secretary of Commerce and Labor: Provided, That upon the certificate of a medical officer of the United States Public Health and Marine Hospital Service to the effect that the health or safety of an insane alien would be unduly imperiled by immediate deportation, such alien may, at the expense of the "immigrant fund" be held for treatment until such time as such alien may, in the opinion of such medical officer, be safely deported.

Sec. 20. That any alien who shall enter the United States in violation of law, and such as become public charges from causes existing prior to landing, shall, upon the warrant of the Secretary of Commerce and Labor, be taken into custody and deported to the country whence it came at any time within three years after the date of his entry into the United States. Such deportation, including one-half of the entire cost of removal to the port of deportation, shall be at the expense of the contractor, procurer, or other

person by whom the alien was unlawfully induced to enter the United States, or, if that can not be done, then the cost of removal to the port of deportation shall be at the expense of the "immigrant fund" provided for in section one of this act, and the deportation from such port shall be at the expense of the owner or owners of such vessel or transportation line by which such alien respectively came: Provided, That pending the final disposal of the case of any alien so taken into custody he may be released under a bond in the penalty of not less than five hundred dollars with security approved by the Secretary of Commerce and Labor, conditioned that such alien shall be produced when required for a hearing or hearings in regard to the charge upon which he has been taken into custody, and for deportation if he shall be found to be unlawfully within the United States.

Sec. 21. That in case the Secretary of Commerce and Labor shall be satisfied that an alien has been found in the United States in violation of this act, or that an alien is subject to deportation under the provisions of this act or of any law of the United States, he shall cause such alien within the period of three years after landing or entry therein to be taken into custody and returned to the country whence he came, as provided by section twenty of this act, and a failure or refusal on the part of the masters, agents, owners, or consignees of vessels to comply with the order of the Secretary of Commerce and Labor to take on board, guard safely, and return to the country whence he came any alien ordered to be deported under the provisions of this act shall be punished by the imposition of the penalties prescribed in section nineteen of this act: Provided, That when in the opinion of the Secretary of Commerce and Labor the mental or physical condition of such alien is such as to require personal care and attendance, he may employ a suitable person for that purpose, who shall accompany such alien to his or her final destination, and the expense incident to such service shall be defrayed in like manner.

Sec. 22. That the Commissioner General of Immigration, in addition to such other duties as may by law be assigned to him, shall, under the direction of the Secretary of Commerce and Labor, have charge of the administration of all laws relating to the immigration of aliens into the United States, and shall have the control, direction, and supervision of all officers, clerks, and employees appointed thereunder. He shall establish such rules and regulations, prescribe such forms of bond, reports, entries, and other papers, and shall issue from time to time such instructions, not inconsistent with law, as he shall deem best calculated for carrying out the provisions of this act and for protecting the United States and aliens migrating thereto from fraud and loss, and shall have authority to enter into contract for the support and relief of such aliens as may fall into distress or need public aid; and under the direction or with the approval of the Secretary of Commerce and Labor. And it shall be the duty of the Commissioner General of Immigration to detail officers of the immigration service from time to time as may be necessary, in his judgment, to secure information as to the number of aliens detained in the penal, reformatory, and charitable institutions (public and private) of the several States and Territories, the District of Columbia, and other territory of the United States and to inform the officers of such institutions of the provisions of law in relation to the deportation of aliens who have become public charges: Provided, That the Commissioner General of Immigration may, with the approval of the Secretary of Commerce and Labor, whenever in his judgment such action may be necessary to accomplish the purposes of this act, detail immigration officers, and also surgeons, in accordance with the provisions of section seventeen, for service in foreign countries.

Sec. 23. That the duties of the commissioners of immigration shall be of an administrative character, to be prescribed in detail by regulations prepared, under the direction or with the approval of the Secretary of Commerce and Labor.

Sec. 24. That immigrant inspectors and other immigration officers, clerks, and employees shall hereafter be appointed and their compensation fixed and raised or decreased from time to time, by the Secretary of Commerce and Labor upon the recommendation of the Commissioner General of Immigration and in accordance with the provisions of the civil-service act of January sixteenth, eighteen hundred and eighty-three: Provided, That said Secretary, in the enforcement of that portion of this act which excludes contract laborers, may employ, without reference to the provisions of the said civil-service act, or to the various acts relative to the compilation of the official register, such persons as he may deem advisable and from time to time fix, raise, or decrease their compensation. He may draw from the "immigrant fund" annually fifty thousand dollars or as much thereof as may be necessary, to be expended for the salaries and expenses of persons so employed and for expenses incident to such employment; and the accounting officers of the Treasury shall pass to the credit of the proper disbursing officer expenditures from said sum without itemized account whenever the Secretary of Commerce and Labor certifies that an itemized account would not be for the best interests of the Government: Provided further, That nothing herein contained shall be construed to alter the mode of appointing commissioners of immigration at the several ports of the United States as provided by the sundry civil appropriation act approved August eighteenth, eighteen hundred and ninety-four, or the official status of such commissioners heretofore appointed. Immigration officers shall have power to administer oaths and to take and consider evidence touching the right of any alien to enter the United States, and, where such action may be necessary, to make a written record of such evidence; and any person to whom such an oath has been administered under the provisions of this act who shall knowingly or wilfully give false evi-

dence or swear to any false statement in any way affecting or in relation to the right of any alien to admission to the United States shall be deemed guilty of perjury and be punished as provided by section fifty-three hundred and ninety-two, United States Revised Statutes. The decision of any such officer, if favorable to the admission of any alien, shall be subject to challenge by any other immigration officer, and such challenge shall operate to take the alien whose right to land is so challenged before a board of special inquiry for its investigation. Every alien who may not appear to the examining immigrant inspector at the port of arrival to be clearly and beyond a doubt entitled to land shall be detained for examination in relation thereto by a board of special inquiry.

Sec. 25. That such boards of special inquiry shall be appointed by the commissioner of immigration at the various ports of arrival as may be necessary for the prompt determination of all cases of immigrants detained at such ports under the provisions of law. Each board shall consist of three members, who shall be selected from such of the immigrant officials in the service as the Commissioner General of Immigration, with the approval of the Secretary of Commerce and Labor, shall from time to time designate as qualified to serve on such boards: Provided, That at ports where there are fewer than three immigrant inspectors, the Secretary of Commerce and Labor, upon the recommendation of the Commissioner General of Immigration, may designate other United States officials for service on such boards of special inquiry. Such boards shall have authority to determine whether an alien who has been duly held shall be allowed to land or shall be deported. All hearings before boards shall be separate and apart from the public, but the said boards shall keep a complete permanent record of their proceedings and of all such testimony as may be produced before them; and the decision of any two members of a board shall prevail, but either the alien or any dissenting member of the said board may appeal through the commissioner of immigration to the port of arrival and the Commissioner General of Immigration to the Secretary of Commerce and Labor, and the taking of such appeal shall operate to stay any action in regard to the final disposal of any alien whose case is so appealed until the receipt by the commissioner of immigration at the port of arrival of such decision which shall be rendered solely upon the evidence adduced before the board of special inquiry: Provided, That in every case where an alien is excluded from admission into the United States, under any law or treaty now existing or hereafter made, the decision of the appropriate immigration officers, if adverse to the admission of such alien, shall be final, unless reversed on appeal to the Secretary of Commerce and Labor; but nothing in this section shall be construed to admit of any appeal in the case of an alien rejected as provided for in section ten of this act.

Sec. 18. That any alien liable to be excluded because likely to become a public charge or because of physical disability other than tuberculosis or a loathsome or dangerous contagious disease may, if otherwise admissible, nevertheless be admitted in the discretion of the Secretary of Commerce and Labor upon the giving of a suitable and proper bond or undertaking, approved by said Secretary in such amount and containing such conditions as he may prescribe, to the people of the United States, holding the United States or any State, Territory, county, municipality, or district thereof harmless against such alien becoming a public charge. The admission of such alien shall be a consideration for the giving of such bond or undertaking. Suit may be brought thereon in the name and by the proper law officers either of the United States Government or any State, Territory, district, county, or municipality in which such alien becomes a public charge.

Sec. 27. That no suit or proceeding for a violation of the provisions of this act shall be settled, compromised, or discontinued without the consent of the court in which it is pending, entered of record, with the reasons therefor.

Sec. 28. That nothing contained in this act shall be construed to affect any prosecution, suit, action, or proceedings brought, or any act, thing, or matter, civil or criminal, done or existing at the time of the taking effect of this act; but as to all such prosecutions, suits, actions, proceedings, acts, things or matters, the laws or parts of laws repealed or amended by this act are hereby continued in force and effect.

Sec. 29. That the circuit and district courts of the United States are hereby invested with full and concurrent jurisdiction of all causes, civil and criminal, arising under any of the provisions of this act.

Sec. 30. That all exclusive privileges of exchanging money, transporting passengers or baggage, or keeping eating houses, and all other like privileges in connection with any United States immigrant station, shall be disposed of after public competition, subject to such conditions and limitations as the Commissioner General of Immigration, under the direction or with the approval of the Secretary of Commerce and Labor, may prescribe: Provided, That no intoxicating liquors shall be sold in any such exclusive privilege; that all receipts accruing from the disposal of such exclusive privileges as herein provided shall be paid into the Treasury of the United States to the credit of the "immigrant fund" provided for in section one of this act.

Sec. 31. That for the preservation of the peace and in order that arrests may be made for crimes under the laws of the States and Territories of the United States where the various immigrant stations are located, the officers in charge of such stations, at any occasion may require, shall admit therein the proper State and municipal officers charged with the enforcement of such laws, and for the purpose of this section the jurisdiction of such officers and of the local courts shall extend over such stations.

Sec. 32. That the Commissioner General of Immigration, under the direction or with the approval of the Secretary of Commerce and Labor, shall prescribe rules for the entry and inspection of aliens along the borders of Canada and Mexico, so as not to unnecessarily delay, impede, or annoy

passengers in ordinary travel between the United States and said countries, and shall have power to enter into contracts with transportation lines for the said purpose.

Sec. 33. That for the purpose of this act the term "United States" as used in the title as well as in the various sections of this act shall be construed to mean the United States and any waters, territory, or other place subject to the jurisdiction thereof, except the Isthmian Canal zone: Provided, That if any alien shall leave the canal zone and attempt to enter any other place under the jurisdiction of the United States, nothing contained in this act shall be construed as permitting him to enter under any other conditions than those applicable to all aliens.

Sec. 34. That the Commissioner General of Immigration, with the approval of the Secretary of Commerce and Labor, may appoint a Commissioner of Immigration to discharge at New Orleans, Louisiana, the duties now required of other commissioners of Immigration at their respective posts.

Sec. 35. That the deportation of aliens arrested within the United States after entry and found to be illegally therein, provided for in this act, shall be to the trans-Atlantic or trans-Pacific ports from which said aliens embarked for the United States; or, if such embarkation was for foreign contiguous territory, to the foreign port at which said aliens embarked for such territory.

Sec. 36. That all aliens who shall enter the United States except at the seaports thereof, or at such place or places as the Secretary of Commerce and Labor may from time to time designate, shall be adjudged and shall be deported as provided by sections forty and twenty-one of this act: Provided, That nothing contained in this section shall affect the power conferred by section thirty-two of this act upon the Commissioner General of Immigration to prescribe rules for the entry and inspection of aliens along the borders of Canada and Mexico.

Sec. 37. That whenever an alien shall have taken up his permanent residence in this country, and shall have filed his declaration of intention to become a citizen, and thereafter shall send for his wife, or minor children to join him, if said wife or any of said children shall be found to be affected with any contagious disorder, such wife or children shall be held, under such regulations as the Secretary of Commerce and Labor shall prescribe, until it shall be determined whether the disorder will be easily curable, or whether they can be permitted to land without danger to other persons; and they shall not be either admitted or deported until such facts have been ascertained, and it shall be determined that the disorder is easily curable or that they can be permitted to land without danger to other persons, they shall, if otherwise admissible, thereupon be admitted.

Sec. 38. That no person who disbelieves in or who is opposed to all organized government, or who is a member of or affiliated with any organization entertaining and teaching such disbelief in or opposition to all organized government, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government, because of his or their official character, shall be permitted to enter the United States or any territory or place subject to the jurisdiction thereof. This section shall be enforced by the Secretary of Commerce and Labor under such rules and regulations as he shall prescribe. That any person who knowingly aids or assists any such person to enter the United States or any territory or place subject to the jurisdiction thereof, or who conspires with any person or persons to allow, procure, or permit any such person to enter therein, except pursuant to such rules and regulations made by the Secretary of Commerce and Labor shall be fined not more than five thousand dollars, or imprisoned for not more than five years, or both.

Sec. 39. That a commission is hereby created, consisting of three senators, to be appointed by the President of the Senate, and three members of the House of Representatives, to be appointed by the Speaker of the House of Representatives, and three persons, to be appointed by the President of the United States. Said commission shall make full inquiry, examination, and investigation by sub-committee or otherwise into the subject of immigration. For the purpose of said inquiry, examination, and investigation, said commission is authorized to send for persons and papers, make all necessary travel, either in the United States or any foreign country, and, through the member thereof to administer oaths and to examine witnesses and papers respecting all matters pertaining to the subject, and to employ necessary clerical and other assistance. Said commission shall report to the Congress the conclusions reached by it and make such recommendations as in its judgment may seem proper. Such sums of money as may be necessary for the said inquiry, examination, and investigation are hereby appropriated, and authorized to be paid out of the "immigrant fund" on the certificate of the chairman of said commission, including all expenses of the commissioners and a reasonable compensation, to be fixed by the President of the United States, for those members of the commission who are not members of Congress; and the President of the United States is also authorized, in the name of the Government of the United States, to call, in his discretion, an international conference, to assemble at such point as may be agreed upon, or to send special commissioners to any foreign country, for the purpose of regulating by international agreement, subject to the advice and consent of the Senate of the United States, the immigration of aliens to the United States; of providing for the mental, moral and physical examination of such aliens by American consuls or other officers of the United States Government at the ports of embarkation, or elsewhere; of securing the assistance of foreign governments in their own territories to prevent the evasion of the laws of the United States governing immigration to the United States; of entering into such international agreements as may be proper to prevent the immigration of aliens who, under the laws of the United States, are or may be excluded

from entering the United States, and of regulating any matters pertaining to such immigration.

Sec. 40. Authority is hereby given the Commissioner General of Immigration to establish, under the direction and control of the Secretary of Commerce and Labor, a division of information in the Bureau of Immigration and Naturalization; and the Secretary of Commerce and Labor shall provide such clerical assistance as may be necessary. It shall be the duty of said division to promote a beneficial distribution of aliens admitted into the United States among the several States and Territories destroying immigration.

Correspondence shall be had with the proper officials of the States and Territories, and said division shall gather from all available sources useful information regarding the resources, products, and physical characteristics of each State and Territory, and shall publish such information in different languages and distribute the publications among all admitted aliens who may ask for such information at the immigrant stations of the United States and to such other persons as may desire the same. When any State or Territory appoints and maintains an agent or agents to represent it at any of the immigrant stations of the United States, such agents shall, under regulations prescribed by the Commissioner General of Immigration, subject to the approval of the Secretary of Commerce and Labor, have access to aliens who have been admitted to the United States for the purpose of presenting, either orally or in writing, the special inducements offered by such State or Territory to aliens to settle therein. While on duty at any immigrant station such agents shall be subject to all the regulations prescribed by the Commissioner General of Immigration, who, with the approval of the Secretary of Commerce and Labor, may, for violation of any such regulations, deny to the agent guilty of such violation any of the privileges herein granted.

Sec. 41. That nothing in this act shall be construed to apply to accredited officials of foreign governments nor to their suites, families or guests.

Sec. 42. That it shall not be lawful for the master of a steamship or other vessel whereon immigrant passengers, or passengers other than cabin passengers, have been taken at any port or place in a foreign country or dominion (ports and places in foreign territory contiguous to the United States excepted) to bring such vessel and passengers to any port or place in the United States unless the compartments, spaces, and accommodations hereinafter mentioned have been provided, allotted, maintained, and used for and by such passengers during the entire voyage; that is to say, in a steamship, the compartments or spaces, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow for each and every passenger carried or brought therein eighteen clear superficial feet of deck allotted to his or her use, if the compartment or space is located on the main deck or on the first deck next below the main deck of the vessel, and twenty clear superficial feet of deck allotted to his or her use for each passenger carried or brought therein if the compartment or space is located on the second deck below the main deck of the vessel: Provided, That if the height between the lower passenger deck and the deck immediately above it is less than seven feet, or if the apertures (exclusive of the side scuttles) through which light and air are admitted together to the lower passenger deck are less in size than in the proportion of three square feet to every one hundred superficial feet of that deck, the ship shall not carry a greater number of passengers on that deck than in the proportion of one passenger to every thirty clear superficial feet thereof. It shall not be lawful to carry or bring passengers on any deck other than the decks above mentioned. And in sailing vessels such passengers shall be carried or brought only on the deck, not being an orlop deck, that is next below the main deck of the vessel, or in a poop or deck house constructed on the main deck; and the compartment or space, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow one hundred and ten cubic feet for each and every passenger brought therein. And such passengers shall not be carried or brought in any between decks, nor in any compartment, space, poop, or deck house, the height of which from deck to deck is less than six feet. In computing the number of such passengers carried or brought in any vessel, children under one year of age, shall not be included, and two children between one and eight years of age shall be counted as one passenger; and any person brought in any such vessel who shall have been, during the voyage, taken from any other vessel wrecked or in distress on the high seas, or have been picked up at sea from any boat, and, in or otherwise, shall not be included in such computation. The master of a vessel coming to a port or place in the United States in violation of either of the provisions of this section shall be deemed guilty of a misdemeanor; and if the number of passengers other than cabin passengers carried or brought in the vessel, or in any compartment, space, poop, or deck house thereof, is greater than the number allowed to be carried or brought therein, respectively, as hereinafter prescribed, the said master shall be fined fifty dollars for each and every passenger in excess of the proper number, and may also be imprisoned not exceeding six months. This section shall take effect on January first, nineteen hundred and nine.

Sec. 43. That the act of March third, nineteen hundred and three, being an act to regulate the immigration of aliens into the United States, except section thirty-four thereof, and the act to extend the exemption from head tax to citizens of Newfoundland and entering the United States, and all entering the United States, and all acts and parts of acts inconsistent with this act are hereby repealed: Provided, That this act shall not be construed to repeal, alter, or amend existing laws relating to the immigration or exclusion of Chinese persons or persons of Chinese descent, nor to repeal, alter, or amend section six, chapter four hundred and fifty-three, third session Fifty-eighth Congress, approved February sixth, nineteen hundred and five, or prior to January first, nineteen hundred and nine, section one of the act approved August second, eighteen hundred and eighty-two, entitled "An act to regulate the carriage of passengers by sea."

Sec. 44. That this act shall take effect and be enforced from and after July first, nineteen hundred and seven:

RHEUMATIC PAINS QUICKLY RELIEVED.

The excruciating pains characteristic of rheumatism and sciatica are quickly relieved by applying Chamberlain's Pain Balm. The great pain relieving power of the ointment has been the surprise and delight of thousands of sufferers. The quick relief from pain which it affords is alone worth many times its cost. A MORNING PAPER.

SUPERVISORS AND SHERIFF.

So firm is the impression in the public mind that the Board of Supervisors is urged by political motives in its policy towards the police department, that the political effect of whatever saving the Board will make, is bound to be in favor of Laukea rather than of the supervisors themselves. A clear majority of the voters elected Laukea to do certain things; and although as clear a majority elected the supervisors now in power, it was assuredly not done with the idea that they would use their authority to thwart the popular will as respects a capable and efficient police force. Had the winning candidates for supervisors said early last fall that, if elected, they would reduce the appropriation for the police, in case of Laukea's choice, considerably below the minimum Brown level, they would have been beaten. The people would not have listened for a moment to a proposition like that. Yet the supervisors are acting along those lines in the apparent hope that they can break down Laukea's prestige and at the same time make a creditable reputation for themselves.

The effect is bound to be just the contrary. Laukea has made good in spite of small resources and the people believe in him so thoroughly that they are going to look with scant patience upon political claims which rest upon attempts, however abortive, to do his administration harm. If the police are crippled so that they can not look after the whole city and properly enforce the law, the voters will know whom to call to account at the proper time—and it won't be Laukea. Such a policy as the County fathers seem to have chosen is tolerably certain, not only to keep the Sheriff's office in Democratic hands for a long time to come, but to put the Board of Supervisors into Democratic control also.

THE JAPANESE SETTLEMENT.

The Advertiser carries this morning the full text of the immigration law. By its terms the public will see that while Japanese laborers are not formally excluded from the United States proper, the President, if convinced that they have obtained passports to the insular possessions of this country or to the Canal Zone or to any foreign country (as Mexico or Canada) for the purpose of entering the mainland territory therefrom, may proceed to shut them out. Japan will issue no passports to laborers seeking direct entrance, so friction on that score will be avoided. The actual text of the law does not seem to bear out the impression of our local Japanese contemporaries that their country has been worsted in diplomacy. The point which Japan most assiduously sought, that of getting her children fairly treated in San Francisco schools, has been gained; and in emigration matters she has lost nothing which she did not originally concede as a legal possibility in the terms of the treaty of 1894. Fairly weighed, the new law simply represents a give-and-take policy, honorable to the good sense and pacific spirit of both countries.

We note in the terms of the treaty that Hawaii is indirectly classed as an "insular possession" but assume that this was done merely for convenience. If there were quibbles in international law processes, however, such loose phraseology might cause trouble.

There is a great deal of "tommy rot" telegraphed from Tokio about the pressure of public opinion. As a matter of fact there is no people on the globe more thoroughly under governmental control than the Japanese. What the government of Japan says "goes," and without much back talk, all the dispatches to the contrary notwithstanding.—San Francisco Chronicle.

We take exception. The final word of the Emperor "goes," but in the meantime Parliament and the Ministry are almost if not quite as much subject to public opinion as they are in England.

The doctrine that park sites should be acquired while lands are cheap and good sites available, justifies the present desire of the Kaimuki and Palolo people to get the Zoo tract for park purposes. To be sure the neighborhood is not yet thickly settled but if one waits for that the price of land is likely to go so high that a park can not be afforded. If Kaimuki and Palolo are to have a park, now is the time to get it. Happily for the existing project its promoters can get along without official public aid if the McKinley Memorial fund can be made available. And by the way: Where is that fund and is it drawing interest?

Latterly the Advertiser has not had faith in the enactment of the Refunding bill, but it has refrained from much expression of its doubts. A precedent, such as was sought to create, would probably have returned to plague Congress in the form of bills asking for the same kind of privileges for Alaska and for internal revenue rebates for New Mexico and Arizona. Speaker Cannon foresaw this and acted accordingly. Hawaii has the consolation, however, of getting more money from Congress than the Refunding measure could have yielded and of having educated that body into a clearer understanding of its needs and worth.

The record of the present session of the Senate will compare favorably with any previous one. Up to the hour of adjournment on the sixth day, thirty-seven bills had been introduced, and seven had passed final reading. Seven resolutions were presented and twelve reports from standing committees considered. Eight House resolutions were received and four departmental communications. Three messages from the Governor were acted upon, and five petitions and one joint and three concurrent resolutions, were presented.

Pauoa spring water would be about a quart in the bucket of what Honolulu uses daily for domestic purposes and irrigation. Nor is it nearly so pure as surface water could be made by a system of filtration costing one-third as much. The best average volume of the Pauoa spring output has been placed by civil engineers at from 859,920 to 1,000,000 gallons per day. Yet Honolulu requires 7,500,000 gallons and is in the way of getting it by the same process which supplies over 95 per cent. of the cities of the civilized world.

Somehow the Bulletin has got hold of the word "Ishmaelite" and is so pleased with the new toy that it is working it overtime. Probably the paper does not know what the word means, but "Ishmaelite" has a seething sound and affords a change from the epithet "liar" which stood so long for the Bulletin's intellectual resources. We have some hope for "Ishmaelite" unless the word gets all out of shape in trying to adjust itself to the Bulletin's editorial grammar.

An evening paper does not like the idea of letting down the coastwise shipping bars for a brief period, thinking it better to pass the ship subsidy bill and then await the building or leasing of big liners under its terms. Meanwhile, for an indefinite number of months, Honolulu could go without its usual passenger facilities. It is unnecessary to name the paper which does this brilliant mental stunt.

Honolulu banana shippers have done well for years in the San Francisco market and it is a pity that the Hilo shippers should not fare so well. The latter seem to be in the hands of the unscrupulous commission men who so nearly ruined the Southern California lemon industry ten years ago. Fortunes have been made by taking a distant grower's fruit, selling it well and sending back a deficiency bill or the curt message, "no returns."

The Representative who thought that the Territory of Hawaii had treaties with Japan and China, may be a Hawaiian Rip Van Winkle who went to sleep in some of the mountain okolehao glades before annexation and has just come to.

It is difficult to see how a casual suggestion of L. L. McCandless about the fishmarket, made him in any sense responsible for the Lanai deal.

AN PO, THE CHE-FA AGENT CONVICTED

The police secured a prompt conviction yesterday in the police court of the first che-fa agent captured this year, a fine being imposed on him of \$75 and costs. Yesterday they captured five more che-fa agents, the bail for whom has been set at \$250 each. The thirteen pai-kau players all paid for their fun, ten of them stacking up six apiece and costs and the other three forfeiting their ten dollars bail. John Davis, who had kicked and beaten Elizabeth Lui and then dragged her about by the hair, was fined \$12 and costs and warned to be more careful in the future. Manuel Robello was committed to the Circuit Court on evidence of an offense against decency, his bond being fixed at \$250. A number of other cases went over, including that of gross cheat against Tin Hoon, who is said to be involved with a special officer in blackmailing some Chinese gamblers.

STRANGE RELIGION.

(Continued From Page One.)

Tongues like the Mormons do. They are just imitators and profess to talk the languages talked on Mars and the other planets and by the prehistoric people. We talk the languages of this earth and have the power of interpretation also.

"I talk in Chinese," said Mrs. Turney, who is a prepossessing young woman, many years the junior of her husband. "I talked in Chinese here the other night. The Chinamen who heard me didn't understand, so I guess I must have been speaking in some of the dialects used way back inland in China."

The reporter guessed the same thing, then asked the leader as to the meaning of the words spoken during the meeting as to the early coming of the Day of Judgment.

"We believe that Christ will return to judge the world during the present generation," said Mr. Turney. "But that is beginning to be believed in all the Christian churches. The Presbyterians, the Methodists, they all think the same thing now, and we Saints know it. Just as soon as we receive the spirit we have knowledge of the fact. Here, on Saturday night, the very first thing one of our boys did after his Pentecostal baptism was to warn the people that the Day of Judgment was at hand. All over the United States our people are preaching this, for although the faith only was found nine months ago in Los Angeles it has spread wonderfully. We have no regular church organization, every one of our branches being independent and self-supporting. We take up no collections and gather no tithes, but depend on voluntary contributions altogether."

The exhorter then related several instances of miraculous cures which he had witnessed, one of the women present assuring the reporter that she had been cured of consumption that very afternoon. Another case, related by Mrs. Turney, was that of a man with an improperly set leg bone, which straightened out immediately after the laying on of hands. In a church paper handed over by the evangelist is told of the power over the sick exerted by handkerchiefs blessed in meeting. For these cures the Saints accept no pay.

"If I took a dollar for anything of that kind I believe the Lord would take my power away at once," said Mr. Turney and his converts nodded in chorus. One of the "signs of the times" foretelling the end of the world is the number of automobiles running around the streets. These, according to Mr. Turney, are the chariots that the prophet saw in the streets at the time of the awakening of the dead, as related in the Revelations.

As these meetings progress the number attracted to them through curiosity and otherwise is growing, the little room being much too small for the gathering. Just when they will end is not known.

"Not before every church in Honolulu is fired with the same spirit, I hope" is the most definite thing that the evangelist can say in the matter, for his mission here is not so much to bring the sinner into the fold as it is to rebaptize the believers into the Apostolic faith.

amount sent from Honolulu to the missionary committee for the famine relief.

Shanghai, February 5, 1907.

My Dear Mr. Thwing: Thanks, many, for the check for \$204.34 for the famine, and I have turned it over to the North Kiangsu & Anhui committee. Much is being done for the relief of the sufferers, but really it is only to touch the fringe of it all. It is so extensive, and the difficulties of getting food or money have been so great, especially on account of the indifference, if not positive hindrances of the officials, that it has been rather up-hill work. However, matters are moving, and tonight we hope to send up four missionaries, foreign, and four Chinese to Dr. Woods at Tsingkiangpu and Hwai-anfu to help enroll and distribute.

In spite of all that can be done, a great many thousands must perish from hunger, and I fear that the famine fever will also carry off a great many. Mr. W. T. Ellis, of the U. S., has just returned from there, and has a fearful tale to tell.

The Central Chinese committee, Shanghai, is doing much, but is not capable for all that is asked of it. We are having daily meetings for the Chinese Christians this week, conducted by a Chinese evangelist, and he is a wonderful example of what the spirit of God can do with a surrendered and consecrated Chinese. We are praying and hoping for great blessings.

The famine will still call for help for the next four months at least. Hope your people can do more.

Yours very truly,
G. T. FITCH.

From this we see that the need will be great, until the first summer crop can be gathered. All who can be kept alive until the first of June may have hope for the future.

The following from the Missionary Journal of Shanghai was also received by yesterday's mail:

"The eyes of the world are being turned to the dreadful famine which is raging, and which will continue to rage for several months to come in North Kiangsu and Anhui provinces. To cope with such a famine might well tax the energies and resources of the wealthiest and best organized government, but China, with her lack of facilities and the proverbial helplessness of her officials on such an occasion, whilst doing much in a way, does most of it in a wrong way, and the results among the famine stricken will be disastrous in the extreme. Two committees have been formed: the first of missionaries, called the North Kiangsu-Anhui Famine Relief committee, with headquarters at Chinkiang; and the other the Central China Famine Relief committee, composed of merchants and missionaries, foreigners and Chinese, located at Shanghai. Both these committees have been and are hard at work, and will be able to accomplish much; but where millions are involved, scattered over so great an area of country and with such woeful lack of transportation facilities, the difficulties are well nigh insuperable, and only a fraction of the suffering and want can be relieved.

"Urgent appeals have been sent to England and the United States, and a generous response is being met with. Special cablegrams have also been sent to the various Mission Societies and funds have begun to be sent in response; one Society having cabled \$2200 in gold almost immediately. The missionaries in the famine districts are devoting themselves most energetically to doing all they can to meet the calls upon them, and we doubt not that if more help is needed, a call for volunteers would call forth quite a number that would gladly go and help."

A great missionary convention is to be held in Shanghai the first part of May of this year. It commemorates the hundred years of Protestant mission work in China. This noble effort of the missionaries, supported by the generous contributions from Christian lands to save the starving Chinese will prove a most fitting testimonial of what Christian missions stand for. And more, perhaps, than years of gospel preaching, will this loving service for those in great distress bring about a large increase and upbuilding of the church in China. It is a cause worthy of most hearty support.

KING OF ALL COUGH MEDICINES.

Mr. E. G. Case, a mail carrier of Canton Center, Connecticut, U. S. A., who has been in the United States Service for about sixteen years, says: "We have tried many cough medicines for group, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects. We are never without it in the house. NEW CALENDAR SUPREME COURT

Judgments and Orders—New Appeals—Probate and Divorce Cases.

There are eight cases on the Supreme Court calendar for the March session to open on Monday morning. The first is the famous Holt will case, with fourteen law firms of record as counsel. In their order the other cases are Keopua v. Holt, Middlemitch v. Kalarian, Le, Holt v. Hawaii Land Co., Malie v. Pratt, Dai Fook Tai v. Lau Kwai Sai, guardianship Roberts minors and Porter v. Kapilani Estate.

TERM CIVIL CASES.

Judgment by default for plaintiff was given by Judge De Bolt in the suit of J. F. Humburg v. Wong Kwai. An exception was noted by C. W. Ashford for defendant. F. E. Thompson represented plaintiff.

Union Feed Co. v. W. C. Achi was placed on the calendar, the trial to be after March 15, in Judge De Bolt's court.

Alice McChesney v. Honolulu Soap Works was also put on the calendar in its regular order.

Wade Warren Thayer discontinued his replevin suit against E. K. Richardson.

Plaintiff's motion to reopen the case of Julia Noar v. Lee Chu et al. was heard by Judge De Bolt yesterday afternoon.

Judge De Bolt's jurors are excused until 10 a. m. tomorrow.

PROBATE MATTERS.

Judge Lindsay at noon yesterday issued an order that R. L. Gilliland, guardian of Amy Gouveia, formerly Amy Aplo, pay to the clerk of court \$369.31. This includes interest and surcharge of commission. As the ward has attained her majority and is married, it is ordered that the money be paid to her on receipt of her attorney, E. C. Peters. Gilliland immediately made full payment to court.

Cecil Brown petitions for probate of the will of the late Andrew Brown, in which the widow, Catherine M. Brown, is named as sole devisee and legatee and the petitioner as executor. Decedent's mother is living in Scotland. The estate is represented as real estate on Tantalus valued at \$2000 and personal estate consisting of 125 shares in W. C. Peacock & Co., Ltd., and 500 shares in Kihel Plantation Co., Ltd., valued at \$10,000 or thereabouts.

A receipt of heirs of the late Alice Mackintosh for their respective shares of the estate has been filed. The amount distributed is \$5158.60.

Cecil Brown, administrator of the estate of Elizabeth Wright, has filed an inventory showing real estate valued at \$3750 and personal property at \$22,767.04, a total of \$26,517.04. Of the real estate \$1000 value is given to two blocks of an addition at Port Townsend, Wash.

Judge Lindsay appointed Ollie B. Taylor as temporary administratrix of the estate of her late husband, Benjamin R. Taylor, under \$1200 bond, for the special purpose of making a speedy sale of a barber shop outfit. Antonio Perry appeared for petitioner.

DIVORCE SUITS.

Judge Lindsay yesterday released two wives from the bonds of matrimony on the ground of desertion, the cases being Malie Nukuna v. Nukuna and Meleku v. Kelama.

Nakaki Kume sues Nakaki Katsutaro for divorce on the ground of failure to provide maintenance. They were married at Wailua on April 14, 1906, and the wife says the husband has made no provision for her support since the month of July. A. S. Humphreys is her attorney.

BIG ADMIRALTY SUIT.

Opportunity of the Siberia being in port yesterday was improved to take the testimony of that steamship's chief engineer, Mr. Hamilton, in the \$30,000 admiralty libel of the Pacific Mail Steamship Co. against the dredger Pacific, the North America Dredging Co., claimant, for damages by the fouling of the Siberia's propeller with the dredger's steel cable last summer. How I Cure Rheumatism with Electricity.

Torturing, grinding, rasping pain. Let it come in the guise of sciatic, muscular or inflammatory rheumatism, I can cure it.

You know that rheumatism is caused by uric acid in the blood, but do you know how the uric acid gets in there? I'll tell you.

You might doctor the blood forever with drugs and medicines, but you can't purify it that way. You've got to find the cause and remove it—find something that will make the kidneys purify the blood.

Electricity is the power that runs every organ of your body. The reason the kidneys fail to do their work is because they are weak from a lack of electricity. Electricity as produced by Electro-Vigor will give new vigor to the kidneys, through the incapacity of which the destructive uric acid is allowed to enter the blood.

It provides them with the energy which has been drained from them and enables them to improve their work of filtering the life fluid. It dissolves the uric acid and drives it through the circulation, back to the kidneys, which in their new-born vigor are now able to cleanse the blood of its poison and free the tissues forever from the disease, rheumatism. Electro-Vigor is a girdle of dry cell batteries, which you wear about your waist while you sleep. It is charged, ready for use, when you get it and

hearing was before Commissioner Hatch. E. B. McCallahan represented the libellant and E. M. Watson the libellee.

COURT ITEMS.

William Crawford's trial for gambling will be resumed before Judge Robinson this morning. Other cases to follow were yesterday set for particular dates.

Judge Lindsay has taken under submission the partition suit of Lyle A. Dickey v. W. C. Cummings and others. W. O. Merithew has given notice of lien of mechanic and materialman on property of the Kaimuki Heights Zoo, Ltd., to protect a claim of \$154.

Y. Ahn has brought an action to quiet title against Opele and Abraham Kaleikau with regard to two pieces of land in Ewa. Castle & Withington are his attorneys.

Pa appeals to the Circuit Court and a jury from District Magistrate Whitney's sentence of imprisonment for ten days and payment of costs for being present at a gambling game known as seven-eleven.

Defendant in the suit of James E. Fullerton v. Lorin Andrews appeals from judgment for plaintiff for \$229.41 by District Magistrate Whitney.

There is an advantage in having a laundress who understands the weakness of a man sufficiently to consider his linen when he forgets. Few laundresses do that here, in fact the laundress in Hawaii is an exception for the average man depends upon the Chinese to loose his washing. You'll know the difference if you have ever tried this establishment. We can do work promptly and deliver it at any time it is needed. And the finish. MARINE

The S. S. Siberia arrived yesterday morning from San Francisco, after an uneventful passage. She left the Coast city February 21, and had five days' later mail. The vessel brought 70 passengers for Honolulu, all but five of whom came as cabin. Of through passengers, the vessel has 183, of whom 87 are in the steerage. The Siberia has a full cargo of through freight. She departed promptly at 5 o'clock yesterday afternoon for the Orient. The vessel brought a great many well known people for Honolulu.

ALAMEDA DEPARTED.

The S. S. Alameda departed yesterday morning for San Francisco, with a small sized list of passengers but a large amount of freight. Owing to the new immigration law, she is unable to carry Japanese steerage passengers so the space formerly used for steerage quarters, is now being utilized for stowing sugar. The Alameda is due in San Francisco next Tuesday. Among the passengers departing by her was D. L. Withington, who goes to Washington, to appear before the Supreme Court, in several cases that have been appealed from the local Supreme Court.

The Japanese who had San Francisco passports, departed on the vessel. They were the only Japanese to leave by the Alameda.

ISLAND STEAMERS ARRIVE.

The steamer Helene from Makahala and the steamer Mikahala from Kauai ports, arrived yesterday morning. The Helene departed at noon for Kohala, after a load of cattle. Good weather is reported on Kauai. Purser Grube of the Mikahala reports the following sugar on hand at various Kauai plantations, on February 26, awaiting shipment: K. S. M., 4000 bags; Mak., 34, 439 bags; G. & R., 11,339 bags; McB., 26,902 bags; K. P., 1650 bags; L. P., 13,302 bags; H. M., 19,661 bags; M. S. Co., 22,000 bags; K. S. Co., 1800 bags; Diamond W., 1300 bags.

MOVEMENTS OF LOCAL VESSELS.

The British S. S. Inveric is scheduled to depart today for Newcastle.

The barkentine Fullerton is scheduled to depart this morning for Port Harford.

The bark Andrew Welch is now loading 16000 tons of sugar for San Francisco. She is likely to depart Saturday or Sunday.

The schooner Helene came off the marine railway yesterday, and begins today to load sugar.

FALLS OF CLYDE COMING.

SAN FRANCISCO, Feb. 17.—The ship Falls of Clyde was brought out of Oakland creek, where she has been lying idle some time. The vessel is to be fitted with tanks for carrying oil, but they are not ready and the vessel is to be put in commission again to carry sugar from the Hawaiian Islands to this port.

STARBUCK IN TROUBLE.

The ship Tillie E. Starbuck is reported to have gotten aground while bound from New York for Philadelphia on February 16. She was floated and continued her way. Apparently she sustained no damage.

MARINE NOTES.

The steamer Mikahala will depart at 5 p. m. today for Kauai ports.

The schooner Metha Nelson was loading at Aberdeen on February 17 for Hilo.

The S. S. China arrived at San Francisco February 18, from Honolulu and the Orient.

The bark St. Katherine arrived at San Francisco February 17, 25 days out from Honolulu.

The bark Edward May arrived at Makahala from Honolulu on February 24, one day out.

The steamer Mauna Loa is due tomorrow morning from her run to Maui and Hawaii ports.

The Claudine from Maui and Hawaii ports, the Maui from Hamakua ports and the Niihau from Kohala and Eleale, are the steamers expected this morning.

SAN FRANCISCO, Feb. 17.—William K. Ashman, who for years was chief steward of the Pacific Mail Company's steamers Korea and China, has given up the sea and is now in charge of the Savoy Hotel grill.

SAN FRANCISCO, Feb. 18.—Peter Owens, for many years in the service of the Oceanic Steamship Company, has received the appointment of first assistant engineer of the American-Hawaiian Steamship Company's steamer Texan.

PORT TOWNSEND, Feb. 19.—The bark Emily F. Whitney, recently arrived from Honolulu, tows tonight to Nanaimo, where she loads a cargo of coal consigned to the Hawaiian Islands. After discharging her coal the Whitney will proceed to San Francisco, according to the latest orders issued.

BANANA INDUSTRY
IS BEING KILLED

The banana industry of the Hilo district is practically killed. A year after the first shipments were made, the S. S. Enterprise carried from Hilo nearly ten thousand bunches a trip. On account of the unfair treatment received by the growers at the hands of the commission men in San Francisco, coupled with the fact that Bluefields bananas are admitted free and carried from the original point of shipment, via New Orleans, for something like fifteen cents a bunch, the Hilo shipments have fallen to less than a thousand a trip. The lowest freight rate given by the Matson line was forty-five cents a bunch from Hilo to San Francisco and the rate from the field to Hilo was ten cents, when the field was near the railway.

There are ninety-eight thousand pine apple plants bearing and to be cropped this year. One Japanese, who pays twenty-five dollars a year per acre rental, cleared nearly five hundred dollars an acre on his land so planted last year. A difficulty between the Cannery Association and the planters resulted in several thousand plants being taken up a few months ago.

BOTH HOUSES HAD A
LIVELY WORKING DAY

(Continued From Page One.)

cluded a communication from the Secretary of the Territory was read informing the members of the House that Governor Carter had signed Senate Bill No. 15.

The chairman of the Public Lands committee reported for the committee favorably on a number of resolutions which had been referred to the committee for consideration and a report.

Representative Keouli offered a resolution that \$1000 be appropriated to build a teacher's cottage at Heali, Kau. Referred to Committee on Education. A second resolution by Keouli provided \$7000 to repair the government road in Kau, Hawaii. Referred to Committee on Internal Improvements.

Representative Akau offered a resolution providing \$20,000 for the building of a government wharf at Hilo. Referred to Committee on Internal Improvements. A second resolution by Akau provided \$600 for the repairing of South Hilo jail. Referred to Committee on Police.

Senate Bill No. 1 came up as the special order of the day. The bill provides for the payment of Senate expenses during this session. It provides \$20,000 to defray the expenses. The bill passed second reading and was placed on the table as the special order for today.

The following resolution was introduced by Representative Rice:

"Whereas The last Legislature saw fit to appropriate certain sums of money to be used in carrying out improvements throughout this Territory, and

"Whereas, The Superintendent of Public Works upon a request of this House to furnish a list of those items expended, in a communication addressed to this House, the Superintendent of Public Works states that a large number of items were not used under the appropriation for which they were made by reason of the direction of the Governor of this Territory that said sums should not be expended;

"Now be it Resolved, That for the future guidance of this House, his Excellency the Governor, be requested to furnish this House with his reasons (if any) for withholding those appropriations."

The resolution was adopted. Representative Sheldon introduced a resolution appropriating \$15,000 for the extension of a breakwater in the Waimea river, Kauai. Referred to the Committee on Internal Improvements.

House Bill No. 30 to amend Section 122 of the Revised Laws of Hawaii came up for second reading and was referred to the Committee on Public Lands.

House Bill No. 31 to amend Act 86 of the Session Laws of 1905 in relation to vested fishing rights, came up for second reading and was referred to the Judiciary committee.

House Bill No. 33, to amend Section 27 of the Revised Laws of Hawaii, relating to elections was referred to the Judiciary committee.

position of Hawaiian Statutes and Supreme Court reports. Referred to the Committee on Education.

The third reading of House Bill No. 5, an act to provide two senatorial districts for Hawaii, came up. The bill was referred by a motion by Hughes to reconsider carried. The bill was referred to the Judiciary committee.

A communication from the Superintendent of Public Instruction furnished the House with information regarding the expenditures made by his department during the past two years under the head of incidentals and stationery.

The Judiciary committee referred back to the House a number of resolutions stating that they belonged to the committee on Public Improvements. So ordered.

A resolution by Alawa provided \$1000 to enlarge the court house at Kailua. Referred to Committee on Public Lands.

The House took a recess until 2 o'clock at 10:50.

Afternoon Session.

The session of the day was sprung in the House yesterday when Representative Kalana of the Fifth District introduced a resolution asking that the Secretary of the Territory furnish the House with copies of the treaties existing between the Territory of Hawaii and Japan as well as one between the Territory and China. He was immediately informed that such treaties did not exist but it caused the House a good laugh. A second resolution asked for the treaties between the United States and the countries named. Kalana's object is to obtain information in regard to certain legislative measures regarding the education of aliens, so that no treaty rights will be endangered.

A communication from the Senate informed the members of the House that House Bill No. 13, passed third reading by title.

Senate Bill No. 2 was submitted to the House. The bill passed first reading by title.

The Judiciary committee reported recommending that House Bill No. 4 be passed. Report was adopted.

A cablegram as follows was read: "To Governor Carter, Harbor Bill Congress \$800,000 for Hawaii passed Congress. (Signed) KUHIU."

House Bill No. 14, to amend Sections 1412 and 1418 of the Revised Laws of Hawaii was placed on the special order of the day for today's session.

Representative Rice introduced a bill making additional appropriation for Territorial departments. Passed first reading by title.

Representative Gomez introduced a bill to amend Section 62 of Chapter 39 of the Revised Laws. Passed first reading by title.

Representative Kaleo introduced a bill to make attendance at school obligatory. Passed first reading by title.

Representative Akau introduced an act providing for a county registry of conveyances. Passed first reading by title.

A message from the Governor was received. Is asked for the sum of \$7,611.44 as additional appropriation to meet Territorial expenses. Placed on file.

Representative Rawlins introduced two bills each of which passed first reading by title. The first amends Sections 2199 to 2205 of the Revised Laws relating to water rights. The second relates to costs of court.

House Bill No. 22, to prohibit drunkenness on election days was referred to the Judiciary committee.

House Bill No. 25, to provide for the weekly payment of certain county employees was referred to the Judiciary committee.

Virgo Jacobsen asked for the work of the House in embossing all communications to be sent to Washington from the House. Referred to the Printing committee.

The House adjourned at 3:40 until 9 o'clock this morning.

COMMITTEE MEETINGS.

The committee on the Lanai land exchange investigation will hold a meeting on Friday evening instead of on Thursday evening.

EMINENT CHURCH LEADERS ARRIVE

Big Meeting at Central Union to Greet Members of the Tokio Conference.

Despite the fact that it began to rain just as people were getting ready for church last night, quite a large audience greeted Dr. Bosworth, who is here to give a series of lectures on the Bible, Bishop Cranston, who will open the Methodist conference tomorrow at nine, Miss Taylor, of the Y. W. C. A. and Miss Conde, who has charge of the student division of the same institution.

The general topic of Dr. Bosworth's lectures will be "The Messages of Jesus to men of his age." The opening lecture will be, "Who is Jesus?" This will be delivered in Central Union chapel today at half past four o'clock. If the audience should demand it, a change will be made to the main auditorium, from the lecture room. Although the cards of invitation were sent only to men, there is no restriction whatever upon attendance. The public generally is invited to all the lectures.

In his introductory remarks, Dr. Sylvester brought out the importance which the visitors bear on the mainland and said that they were kind of "held up" for a time.

Prof. Bosworth was the first speaker. He said in part:

"I certainly feel that my sense of my own importance has vastly increased since I have arrived here. 'This has been a day of revelation to me. The hospitality of these islands is famous in the States, and I know that ever after the traveler must know better than he has before of the welcome which cannot be explained.'"

The speaker went on to say that what the man of today wants is reality—not merely words, but reality, and that men are awakening to a sense of inquiry as regards the future life.

Following Prof. Bosworth, Miss Taylor spoke. She brought the greetings of the Y. W. C. A. of America to the people of Hawaii. In her address Miss Taylor emphasized the fact that the women of Honolulu could help the missionaries greatly if they would pray.

After the singing of a hymn Miss Conde was introduced by Dr. Sylvester. "It is with a pleasure akin to joy that I stand here in your presence, after many years of longing to see you city. Ever since my babyhood almost, I have heard of your islands from my beloved grandfather who worked here nearly twenty years, and I am glad of the opportunity which has come now to spend a few days here."

"We are hoping to have in that Tokio Conference to which we are going, some twenty-six leaders, representing the various nationalities of the world and I hope that the people of these islands will pray for us."

"God grant that every one of us may be true to the sense of obligation that we owe to our God and that we may be ready to do something to hasten the spread of the Gospel."

Bishop Cranston may be an old man, but he certainly has lost none of the vigor of his youth. He is from Washington and is said to be one of President Roosevelt's close friends and advisers.

"I have not been held up," he said. "I stopped because I wanted to, and I don't intend to go until I am ready."

The Bishop's remarks were chiefly wound around the statement which some men have made, that commerce is the civilization of the world, and that battleships were better than missionaries to civilize the world.

"Just now, when China needs leaders for the new era, can you tell me where those leaders are to be found?"

"Can leaders be fired out of guns off a battleship? Will commerce furnish those leaders?"

"Who is to furnish those leaders? They are going out of the schools planted by American churches. (Put that down, young man.)"

The Bishop concluded his remarks by telling his hearers of the need for more love for Christ and less for the almighty dollar.

GOT A BRIDE BUT SOON LOST HER

The immigration sheds were the scene of a Japanese marriage on Tuesday morning. Asa, a young Japanese girl who had arrived on the Mongolia on the 19th and who had been kept by the immigration authorities to await the arrival of her husband-to-be from Molokai, being wedded to Yano. The happy bridegroom had arrived from Molokai on Sunday and had been busy on Monday arranging for the reception of his bride. After the ceremony the happy couple went to the Kawasaki hotel, where the girl was left while the groom attended to having her baggage brought up from the dock. He hurried over to his job for he could not bear to think of his little wife all alone at the hotel watching and waiting for his return, possibly weeping because he tarried so long away from her side.

With such thoughts in his head it came as a considerable jolt to him to learn when he got back to the hotel that his little wife had fled with another man just as soon as she had seen his kimono disappear around the first corner. The man in the case is Morimoto, who had journeyed from Japan also in the Mongolia, but who had been in Hawaii before.

All day yesterday Yano searched the city for his missing bride and her companion. He has promised to do nothing rash when he finds them and will turn the man over to the authorities as the limit of his revenge. Considering that he had paid the freight from Japan on the bride he naturally feels that he has been mistreated somewhat.

This Evidence Should Prove Every Claim Made for Doan's Backache Kidney Pills in Honolulu.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it:

James E. Howard, a resident of Honolulu, writes: "I feel it incumbent upon me to inform you of the benefit I have derived from the use of Doan's Backache Kidney Pills. I had been a sufferer from backache and kidney trouble for years, but after using a few boxes of Doan's Pills, have found great relief and have had no recurrence for at least six months. I am seventy-two years old, having served three years during the late Civil War in the United States where I undoubtedly contracted the kidney disease by exposure and hardships. I feel very grateful for the relief I have received, for I had previously tried various remedies without success. You may use this statement for publication as you see fit."

Doan's Backache Kidney Pills are for sale by all dealers. Price fifty cents per box, or sent by mail on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name Doan's, and take no other.

hold their regular meeting this even-
ing at 7:30 o'clock in San Antonio hall.

Jared G. Smith has received a letter
from Quincy, Ill., addressed "Minister
of Agriculture, Honolulu, Philippines."

Mr. and Mrs. Elmer Paxton will oc-
cupy the College Hills chalet of Mrs.
Mabel Wing Castle from the first of
May.

There will be another local tourna-
ment at Haleiwa on Sunday. The
links are better than they have ever
been.

Polynesian Encampment meets to-
morrow evening to initiate five mem-
bers. Short social with refreshments
served afterward.

Mrs. George R. Carter will hold her
usual monthly reception on Wednes-
day of next week. Mrs. Bishop will
assist her in receiving.

Mr. C. G. Bartlett and Mrs. Gurney
and family wish to thank all the
friends who so kindly assisted them
during their recent bereavement.

Gov. Carter has been invited to the
Jamestown Exposition, along with the
Secretary, executive staff and as many
more people as he wants to bring.

Governor Carter and Land Commis-
sioner Pratt are quoted as viewing
with gratification the action taken by
the Legislature to investigate the La-
nai land deal.

Mr. and Mrs. J. L. P. Robinson, mar-
ried the evening before, left in the
Alameda and were serenaded by the
band, on going aboard, with the Lohen-
grin wedding march.

Mr. and Mrs. W. C. Weedon gave an
entertainment Tuesday evening in hon-
or of their old friends, Mr. and Mrs.

An interesting fact which escaped at-
tention during the visit here of the
Japanese squadron is that one of the
sailors aboard the Itatsushima is an
American, born in America, although
now a naturalized Japanese subject.
He speaks his native language well but
can only speak Japanese in a broken
way.

Yesterday the streets through China-
town had the appearance of a battle-
field or the back yard of a slaughter
house, the pools left standing in the
curbs and on the roads being bright
red in color. This was caused from
the remains of the konohi firecrackers,
the red wrappings of which gave up
their red dye and turned the standing
water into gleaming pools of blood.

In an investigation before Commis-
sioner Hatch yesterday of an offense
against the Edmunds Act, a native
Mormon elder gave evidence of a con-
fession by the parties at a church trial.
An objection to the evidence on the
ground that the confession was a privi-
leged communication will be ruled on
by Judge Dole. The witness said he
understood it was against the rules of
the church to reveal anything divulged
at a church trial.

**MOONLIGHT CONCERT
AT THE YOUNG HOTEL**

The Hawaiian Band will give a pub-
lic moonlight concert tonight, weather
permitting, on the roof garden of the
Alexander Young hotel, commencing at
7:30 o'clock. Following is the pro-
gram:

PART I.

March: Prosl Kuhnol
Overture: Murrumbidgee Forest Bouillon
Ballad: In the Valley Losey
Selection: It Happened in North-
land Herbert

PART II.

Vocal: Hawaiian Songs, arr. by Berger
Selection: Prince of Pilsen Luders
Intermezzo: Georgia Sunset Brown
Finale: Popular Airs Centeno
The Star Spangled Banner.

MIDSHIPMAN LANDO.

Midshipman Ellis Lando, U. S. N., is
at home awaiting orders. This is his
first visit to his parents since he left
here about four years ago to take his
examinations at Annapolis. He has

grown into a stalwart, fine-looking
young man and has an Academy rec-
ord which predicts bright things for
him in the service.

A CASE CONCERT.

The Mary Adele Case concert at the
Marquand Grand Opera House was a
musical treat of the highest order. The
house was crowded with a thoroughly
representative audience of Portland's
most refined society. To say that the
concert was enjoyed and appreciated
cannot express the spontaneous enthu-
siasm which swept over the entire
house. Miss Case has a deep and rich
contralto voice very musical in quality.
Her tones are well sustained and splen-
didly controlled, which gives a finish
and smoothness like an organ tone.
Her singing displayed the possession
of that temperament which is of the
very soul of art, without which no
voice, however excellent, can please a
critic or win any great distinction.—
Portland Telegram.

The Zoo will be open to the public all
Friday so intending purchasers of ani-
mals can carefully inspect the prem-
ises. No charge for admission. Sale
begins on Saturday at 9:30 o'clock and
will be in charge of Jas. F. Morgan, the
auctioneer.

A RAINIER TOAST TO THE JAPANESE FLEET

They have come from far Yokohama,
From the shadows of high Fujiyama,
These men of the mighty Mikado,
Who conquer though scorned bravado.

Then here's to the Japanese tars,
The sons of old Neptune and Mars,
Fujiyama's forgotten,
And aki forsaken,
RAINIER lifts her head to the stars.

So we welcome them here
With a schooner of beer,
These jolly, brave Japanese tars.

A JAMAICAN LADY SPEAKS HIGHLY OF CHAMBERLAIN'S COUGH REMEDY.

Mrs. Michael Hart, wife of the superintendant of Cart Service at Kingston, Jamaica, West Indies, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by Benson, Smith & Co., agents for Hawaii.

Governor Carter's report to the Secretary of the Interior will be delayed in issue until July owing to the work on the county maps it contains.
