SEARCH FOR THE UNSEEN

The Hawaiian Microscopical Society held its first regular meeting, since permanent organization, at the Art League rooms last Saturday evening. Among those present were: Dr. Cooper, E. C. Shorey, Dr. Garvin, Arthur Johnston, Brother Bertram, Dr. Cleveland, Brother Louis, Dr. Sloggett and several invited guests.

Several slides of the bacilli of leprosy, double stained so that the bacilli appeared red upon a blue background, were exhibited by Dr. Sloggett and Mr. Johnston. The slides were taken from material furnished by Dr. Camp, which was procured from Molokai for the bacteriological department. The same members also showed slides cut from the intestine of a typhoid fever patient, changing to which had been found five species of diatoms known to inhabit the waters of the Nuuanu reservoir. The material was furnished by Dr. Garvin and the examinations were made to discover, if possible, the typhoid bacilli in the intestinal ulcerations; this, however, failed, and the presence of the diatoms was discovered incidentally.

The feature of the evening was the reading of the President's annual address by Dr. Sloggett, who gave a clear explanation of the microscope and its uses. The theory of microscopical vision was gone into at some length and the fact made apparent that the instrument was one of the leading factors of modern education and medical science. As an instrument of research the microscope, he pointed out, now occupies a position second to none. There is not a department of science in which the student can hope to reach eminence without familiarity with the instrument. Botany and zoology have been developed almost wholly by its aid. Medicine has long acknowledged the aid of the microscope and by the most skilled physicians it is regarded as an indispensable means of diagnosis in many diseases.

At the close of the address, which was lengthy, Dr. Cooper requested the President to read the paper before the next meeting of the Medical Association and suggested that the members of the Microscopical Society be present. The next meeting will be held early in June.

\$200.00 IN PRIZES

The BULLETIN offers to the persons who, between February 1st and July 31st, shall send in the largest number of new subscribers, the following prizes:

1st Prize Cleveland Bicycle, \$70.
The winner of the 1st prize is at liberty to choose between models 90, 92 and 94 of the 1000 Cleveland Bicycle. Model 94 is a road racer, weight 20 pounds. Model 92 is a light road wheel, weighing 22 lbs. and Model 90 is a heavier road wheel, wt. 24 lbs. The bicycle to be selected from the stock of the Honolulu Bicycle Co., agents for Cleveland Bicycles. (The choice may be made between the corresponding ladies' models, should the winner of 1st prize be a lady).

2nd Prize, Singer Sewing Machine, \$60.00.
The winner of this prize may choose between these three styles of machines: that with oscillating shuttle and top cover, that with vibrating shuttle and cabinet top, both five-drawer machines, or the "Automatic" with three drawers. This machine will be furnished by B. Bergstrom, sole agent for the Hawaiian Islands.

3rd Prize, Premo Senior Camera, 4x5, with outfit, \$40.00.
The Premo, Sr., has Double Swing Back, Double Sliding Front, and Rack and Pinion for focusing. This camera may be used with either Plates or Films. The outfit includes 1 Plate Holder, Tripod, 3 Trays, Developer, Fixer, Negative Rack, Graduate, Stopping Rod and Lens. Camera and outfit are from the LeMunyon Photo-Supply Co., sole agents.

4th Prize, a Zonophone, the Latest improvement on the Gramophone, with 6 Records, \$30.00.
This is the loudest and most natural talking machine yet invented. It is to be selected from the stock of the Bergstrom Music Co., sole agents for the Hawaiian Islands.

The following conditions of the contest must be observed:

1. All subscriptions must be prepaid at least three months in advance.
2. No renewals or transfers of subscriptions will be counted in this contest as new subscriptions. Each name must be a bona fide addition to the subscription lists.
3. Subscriptions should be sent in as soon as secured, together with the name and address of the person to whom the subscription is to be credited, as well as of the subscriber. Great care should be taken to give ACCURATELY the full name and address of each new subscriber.
4. Any person in the Hawaiian Islands is eligible to try for these prizes.

Subscription Rates: \$8.00 per year, \$2.00 for three months; strictly in advance.

THE WATERMAN IDEAL FOUNTAIN PEN. All sizes, all shapes. H. F. WICHMAN.

STRIKERS ARE SATISFIED

Kihel Agitators Make a Failure of Their Scheme.

Majority of the Men Return to Work—Few Malcontents Held Out But Have a Very Small Following.

As indicated by the Bulletin's exclusive story of Thursday, the Kihel strike has been the all absorbing topic for Maui the past week.

The Bulletin's Waikuku correspondent writing under date of May 3, details the origin of the strike as already given in this paper, and the efforts made to bring the 500 malcontents to their senses. When the first batch of strikers appeared before Judge Robertson all pleaded not guilty and every one of the twenty-five Japanese made a statement, claiming that when Mr. Pogue found them late at work that morning, he ordered all of them to go home for the day, which of course Mr. Pogue denounces as a willful fabrication. The Court could not believe their side of the story and fined each \$3 and at the same time ordered all to return to work. When asked, all stated with one accord that they would rather go to jail than back to Kihel.

The order of the Court was that the men be imprisoned at hard labor until they should be willing to return to work, and that the cost of \$3 be paid by the plantation to be taken out of their wages when they return to work. After being assured that they will not have to pay for their meals in jail, but only work without pay, they all went to jail.

On Wednesday evening a batch of 112 were tried. At first they all pleaded not guilty but one of the men who had more spunk and moral courage than the rest—for it might be a matter of life and death to him at the moment—pleaded guilty. All of the rest followed in his footsteps until only about four were left who pleaded not guilty. All those who pleaded guilty were fined only \$2, that is \$1 each man for the one warrant issued for the 112, and \$1 judgment, making over \$200, the Court remitting the cost of feeding them at the rate of about twenty cents each man per day of two meals.

On Friday morning another batch of 100 were tried and all but three pleaded guilty, and were likewise fined the regulation \$2. Another batch of 100, the last of the 500, were tried on Friday afternoon and about twenty pleaded not guilty, while the rest pleaded guilty and showed their willingness to return to work at Kihel where they will get their regular three meals a day which they greatly missed by being in Waikuku the last three days on an unholy cause.

Magistrate Robertson has been hearing these cases night and day since last Monday evening and the courthouse has been crowded with Japanese and other nationalities during the progress of each trial. Mr. Lennox, of Spreckelsville, acted as interpreter during the entire trial. The Japanese during their brief stay in Waikuku under police surveillance, have been very quiet, even under circumstances that would have led others to do otherwise. For instance, the batch that came to trial on Wednesday night state that they had had only one meal that day and that in the morning. Sheriff Baldwin on behalf of the government replied that food was sent to them that evening before being brought to trial, but that they had preferred to go into secret session prior to coming to the courthouse, and thus their meals were not touched. After trial the men were fed and all became contented and happy and promised to be at Kihel on Friday morning. The Japanese women have also come from Kihel to watch the trial of their husbands and it is no uncommon sight for a Japanese lady attired in a European fashion to appear in the courthouse and eyeing around the room to find her lover in the dock. Mr. Yokokawa believes that the Japanese have acted very unwisely in their present strike as their grievance was of too trifling a nature to justify their present attitude.

Physician at Ewa.
Dr. C. A. Davis, who has been a call physician during the epidemic and was formerly a well known practitioner in California, has been appointed as physician for the Ewa plantation and will go to his new post tomorrow.

For fine full dress shirts at \$1.00 each L. B. Kerr & Co., Queen street. These shirts are strictly high grade as to fit and quality.

NAHIKU SUGAR COMPANY

Favorable Reports of Affairs Are Submitted to Stockholders.

Special Meeting Without Quorum—Directors Regret Any Necessity of Delinquent Stockholders Losing Their Holdings.

A special meeting of Nahiku Sugar Co. was held at the Chamber of Commerce rooms this morning. There was not a quorum present, but the reports in printed form were distributed and affairs discussed. The officers excepting two directors were in attendance, viz.: J. B. Castle, president; Jas. F. Morgan, vice president; J. P. Cooke, treasurer; Harry Armitage, secretary; H. C. Austin, auditor.

A. Hocking, manager, in his report and answering questions at the meeting, gave information of work done and intended. The first crop, for harvesting the first of 1902, will consist of about 500 acres planted by the company and 100 by outside planters. Buildings provided include laborers' quarters for 400 people, stables for stabling 64 animals, cottages for lunas, workshops, etc. A ditch line five miles long has been laid out to bring water from gulches at 1800 feet elevation. There will be ample water for fluming, also irrigation if necessary. It is not believed that irrigation will be required, or, if at all, for more than 200 acres of the lower lands.

The treasurer reported operating expenses for the eight months of the company's existence in 1899 as \$27,742.78. The resources amounting to \$89,209.10, including \$25,906.35 in freehold land, \$10,163.44 in buildings and \$27,742.78 in plantation.

The president goes into details. He considers that Nahiku offers, upon a small scale, all the advantages expected at Olua upon the virgin soils of Keaau as well as the lower altitudes of Olua. "In fact," he says, "coming as I had directly from an examination of the latter fields, I was forcibly impressed with the similarity of conditions, and there seems to be no adequate reason why we should not produce and market our sugar crop from Nahiku for as low a cost as any plantation of similar general conditions."

Mr. Castle estimates the total expenses, up to January 1, 1902, at \$585,000. This includes a new mill at \$300,000, but the directors are considering an alternative of getting a mill from Spreckelsville, which would reduce the estimate by \$100,000. There would be a surplus of \$40,000 on the first crop of 3,000 tons at \$60, taking the larger estimate of expenditure, being 5 per cent on the capital stock, or 7 per cent on the amount paid in. A correspondingly larger result would accrue if, as is probable, the factory will cost no more than \$200,000. To bring affairs up to this stage will require assessments up to 85 per cent. The entire area of land south of the gulches affording water resources is over 2500 acres, and will suffice for the plantation's needs for several years to maintain a 5000 or 6000 ton product. Within three or four miles to the north of these gulches the manager estimates a total of not less than 3000 acres of fine table and gentle sloping lands, which can find no practicable or profitable outlet except in cane cultivation for Nahiku mill.

The president states that the assessments necessary for the full development of the plantation will not be called for on short notice, nor probably in larger instalments than heretofore for a year or more and the satisfaction felt by the directors and agents lead them to specially regret the necessity of any of the stockholders being compelled to lose their holdings by sale of delinquent stock. Others, in our opinion, will be bound to reap the benefits for which the present holders will have borne the first burden and heat of the day.

About one-third of the stock is delinquent on the second, and two-thirds on the third assessment.

Want Deed Cancelled.
Sarah Swinton has brought suit against Priscilla E. Hassinger, Henrietta E. Ross and Annie Turton to have a deed of land on Beretania street declared null and void and to have the same cancelled.

Nahiku-Hana Road.

Waikuku, May 3.—Judge W. A. McKay returned last Saturday from Nahiku where he had been engaged the last four or five months building the new government road from Hana to Nahiku.

G. A. DAVIS ACTING JUDGE

Judge Stanley Opens May Term First Circuit Court.

Geo. Houghtaling Pleads Guilty—Several Defendants Released—Pleas Deferred a Murder Cases—Native Jury Sitting.

Geo. A. Davis took the oath of office as Acting First Judge of the Circuit Court of the First Circuit, before Justice Whiting of the Supreme Court this morning.

Judge Davis has been in this country six years and for downright sterling qualities and integrity no attorney is better known. He has tried on this and the other islands, some of the most celebrated cases that have come up during that time. He is a graduate of the Boston University Law School, L.L.B., of the class of '79. Justice Whiting was a member of the same class. He practiced first in St. John, New Brunswick, where he was Alderman in 1885, 1887, 1890 and 1891, as well as a member of the Municipal Council in 1890.

Judge Stanley presided at the opening of the May term of the First Circuit this morning. The calendar was called. Judge Davis sat on the bench with Judge Stanley.

George Houghtaling pleaded guilty to liquor selling without a license, and sentence was suspended to November term.

Hallele, larceny second degree, was released on nolle prosequi.

Kil, malicious burning third degree, Attorney General declines to present indictment, and defendant is discharged.

John Antone, forgery of school teacher's salary draft; discharged same as previous defendant.

Geo. Cavanagh, perjury, nolle prosequi.

Susan Kollet, disorderly person, having taken French leave had her case struck off the calendar.

Charles Downing, murder second degree, will plead to indictment later, as will William Ester, murder first degree, on Friday.

Kaluna, burglary first degree, will be tried by a native jury this afternoon.

WATER AT MAUNALEI.

A letter from Engineer Lowell to Manager Stodard of the Maunalei plantation received by the Maui mail states that the new Ridsdon pump started up Saturday at full speed. The letter says the pump ran as high as 70 revolutions and the water was not lowered in the wells. This shows that the supply of water is ample, as at this rate the pump was drawing from the six wells connected at the rate of 6,000,000 gallons a day.

ROAD MATTERS TODAY.

S. H. Mahuka's appointment as District Magistrate of South Kohala, Hawaii, by President Dole was approved by the Executive Council today.

Minister Young read a letter from the Bishop Estate dated May 5, granting rights of way through lands belonging to the Estate, upon certain conditions, for the new road at Kahalo. It was voted that the Minister of the Interior be authorized to accept this proposition and to appoint a road jury and negotiate with the other property owners for the construction of said road.

A letter was also read from the Bishop Estate, accepting the proposition of the Minister of the Interior in regard to the widening of Richards street, and it was voted that this be approved.

Hypnotic Experiment.
It was neither accident nor riot that collected hundreds of people in front of the Pacific Cycle Co.'s store, Fort street, Saturday afternoon. The attraction was a hypnotic exhibition in the window of the store. J. I. McLaughlin was the hypnotist, assisted by Mr. Cowan. Two men were put to sleep beautifully, and while under the strange influence were handled like automatons or sticks as desired. Experiments were also performed on fowls. The scene is the latest advertising device imported from the big cities, and repetitions are promised for future Saturday afternoons.

Art League Musicale.
There was a meeting of the musical circle of the Kilohana Art League on Saturday morning for the purpose of taking preliminary steps toward a musicale to be given in June.

The Art League will without doubt keep up its reputation for first class entertainments, and the members and friends may look forward with pleasure to the musicale in the near future.

Daly Made a Hit.

That the boys at the N. G. H. camp fire in the drill shed Saturday night went home with their palates perfectly satisfied, is due to Dick Daly, the man who made all the tempting dishes. The spread was looked upon as one of the very best that has ever been served on any occasion of the kind in Honolulu.

LOWER ROAD IS FAVORABLE

New Diamond Head Boulevard a Question of the Hour.

Prompt Construction Urged—Opportunity for the Bishop Estate—Government Property Also Opened Up.

The interest which has been exhibited in the proposal to open up a road around Diamond Head, to connect with the Waialae road, has become general and, as there has been some difference of opinion on the route to be selected, the following gentlemen interested in the matter have been asked to briefly express an opinion. There is no difference of opinion as to the necessity and utility of the road, but as two routes have presented themselves there has arisen some discussion thereon.

Mr. L. A. Thurston said: "I am thoroughly in favor of the road because we have reached a point in the development of the city where water front property is unavailable elsewhere than beyond Diamond Head. This necessitates a road around the Head. As to whether the new road should be located on the beach or be a prolongation of the road which runs past the light house is a question. I am in favor of the upper road, for two reasons. There will have to be more cutting along the beach at the base of the bluff in order to get a permanent roadway secured. If the road be built on the beach, where it is now, the first heavy kona will wash it all away. The road to be safe would have to be built at an elevation of at least eight feet. Again, the upper road will cost no more and probably less than the lower, and will have a fine sea view throughout the entire length. Therefore, I favor the upper route."

Mr. A. W. Carter said: "We sent in a petition for a road around Diamond Head along the beach. The matter was brought up in the Council of State and Minister Young expressed his approval of the route selected, but stated he did not consider that the amount asked was sufficient to construct the road as far as Waialae; and he therefore recommended that the amount of \$15,000 instead of \$5,000 be appropriated. This sum will undoubtedly be needed to construct the new road all the way to Waialae. The main road to be built will be about three or four miles long and will meet the Waialae road recently constructed by Mr. Paul Isenberg. The new road will open up a considerable tract of Government land, which will be available as building property as soon as water is laid on. In addition to this there is a large tract of the Bishop Estate land which the trustees hope to make available. This is now about the only land left near the city which has a wide white sand beach frontage and good bathing."

Mr. A. V. Gear said: "The Minister of the Interior promised in the Chamber of Commerce that as soon as funds were available he would start upon the construction of the road around Diamond Head. The route was selected by Minister Young and the Road Supervisor, who drove over a portion of the present road accompanied by Mr. Isenberg, Mr. Dodge, Mr. Alfred Carter and myself. I understand this road will run over Government property up to Kaalawai, where it will branch to Waialae and pass through private property. I also understand that the bulk of this private property belongs to the Bishop Estate, and I believe it would be a public spirited action if the Bishop Estate would locate the road through their property and along the sea beach."

What Mr. Humphreys Said.

Clarence M. White, who took issue with A. S. Humphreys at the Friday evening discussion of party allegiance, states that Mr. Humphreys did not say, as asserted by the Advertiser, "If they (the Party nominees) are corrupt we should still vote for them."

"Mr. Humphreys did not utter a single word that could be honestly interpreted to mean what has been put in his mouth," says Mr. White. "He did forcefully support the proposition of demanding that those who take part in the organization should give unbiased allegiance to the nominees of the Party. To support his position he quoted from the call issued by the Republicans of California, which requires that voters taking part in the primaries shall support the men elected by the majority vote. Mr. Humphreys said it stood to reason, the men put forward by the party would not be corrupt."

THE JAPANESE PROCURERS.

The police are having great trouble in the matter of serving warrants on the Japanese procurers, charged with vagrancy. As suggested in the Bulletin the men have become acquainted with the fact that the police are after them and have removed to parts unknown.

Up to date only fifteen Japanese have been captured. Police officers spent all day Sunday hunting for the remaining men and only succeeded in capturing one.

At the Orpheum.

Tonight sees an entire change of program at the Orpheum. There will be presented a musical comedy, "Winifred's Husband" written by Ernest Hogan. It is said to be unusually amusing and full of catchy music, songs and dances. An unusually good house is expected tonight on account of the incoming island steamers. There are several new features in the olio part of the entertainment. One novel in particular has made a big sensation in the States but is yet new to Honolulu, that of illustrating a topical allad with stereoscopic pictures. The second series of shadowgraphs, life size will be put on. Dodson and Miss Moss will sing and Baby Ruth repeat her last week's triumphs.

Cases Continued.

Case after case in the Police Court this morning was put over by Judge Wilcox at the request of attorneys with cases in the Circuit Court. One of these gentlemen began to tell Judge Wilcox of the numerous cases he had in the Circuit and the necessity for his presence there at 10 o'clock, but he was stopped in full career and told that he remedy for this was to refrain from asking so many cases.

TWO WEEKS ONLY.

We will hold a reduction sale in very fine line, commencing from May 5th, 1900. Call in and judge for yourself: Wakami, Hotel street.

LADIES HOSE

We have placed on sale THIS WEEK a line of Ladies Fast Black Hermsdorf dyed hose, received direct from the factory in Germany (thus avoiding the American duty) which we are offering at the very low price of 6 pairs for \$1.00. Now this is an opportunity not often offered for ladies to supply themselves with a good staple article of everyday use at such a very low price. We do not claim them to be the finest, but a good strong article of absolutely fast dye.

In addition to the above we have our usual complete line of Ladies', Gents', Misses' and Children's HOSIERY, which have their own established reputation. We have just received a small choice line of Genuine Scotch Zephyrs. Now we do not advertise these as cheap goods, at all, but just the kind a lady would select to make a gown of that she wanted to look stylish in, but that would stand the kind of laundrying it would receive here.

A small and carefully selected lot of printed pure IRISH LINEN LAWNS in neat and modest designs and colorings 12 yds. lengths which we are offering at just about half the price that they will have to be sold for when imported under the American tariff laws.

Of course all ladies know of the great durability of Irish linen and its delightful coolness, and here, where we use wash goods the year around, it pays to buy a good article that one can feel justified in expending the time and money necessary in making up in a manner that one would not on a cheap article that one would have to cast aside after the first laundering. For trimming these same goods we have a very complete assortment to choose from of embroideries of all kinds, Jambic, nansook and Swiss, edgings, insertions and all others, and laces of every description, these all imported by us direct from Europe in bond.

JUST RECEIVED direct from the factories at Troy, N. Y., a splendid line of GENT'S SHIRTS, in dress, colored and negligee.

In buying these shirts we have exercised the greatest care, first as to their fit and correctness of style and in case of the colored ones, in the very exacting manner of our examination in regards to their fastness of color, we doing our best to satisfy ourselves that we were getting nothing but absolutely fast colors in these shirts, and hope we have succeeded.

Call and see them and the line of GENT'S FURNISHINGS AND UNDERWEAR we carry. To housekeepers who might require them in a hurry, we wish to state that we have in stock a complete line of SHEETS AND PILLOW CASES, ready made, in all sizes and qualities and at prices we believe will be found satisfactory.

HILLO RIOT AVERTED

Hilo, May 3.—But for the intervention of Ah Hip, the Chinese merchant at the corner of Church and Front street, there might have been a riot in Hilo last Sunday afternoon. The trouble began on Saturday night when Officer Peter Elemakule attempted to arrest one of the clerks in Ah Holt's store for riding a bicycle without a light.

According to the statement of Ah Holt, who was present, the young man was riding up and down in front of the store shortly after 9 o'clock. Peter Elemakule rushed up and pulled him off the wheel and was going to arrest him, but when the young man stated that he was not doing anything that endangered the lives of people, he let him off and took the wheel to the station house. Some one there twitted him about taking the wheel and not the man so he returned and found the clerk sitting on a box in front of the store and immediately grabbed him by the neck. Tong On, a man connected with the store, remonstrated with the officer who immediately directed his effort to him, striking him a blow in the face. There was a scuffle and a crowd gathered. Clerk Lyman of the sheriff's office was in the vicinity and seeing the crowd rushed into it and took hold of Tong On and while holding him struck him three times in the face. Peter Elemakule took hold of the offending clerk who had been guilty of riding a wheel without a light and a hack was called. Tong On refused to get in and Clerk Lyman forced him. The arrested men were shortly afterwards released on bail. This affair angered the Chinese somewhat and they became thoroughly aroused by the occurrences of the next day. For on Sunday afternoon, William Keolanui, night clerk at the station house, accompanied by Officer Peter Elemakule, entered the premises of a Chinese laundryman on Front street near Church to see if anyone was gambling there or smoking opium. The Chinese objected and asked their business there. The officers finding no lawful reason to give demanded that the Chinese show their tax receipts. This the Chinese refused to do on the grounds that these special officers had no right to make the demand and especially on Sunday. Hot words followed and a fight ensued in which the officers were roughly handled. The proprietor of the laundry blew a police whistle and Norman Lyman rushed in and told the Chinese to yield. The men were arrested and taken to the station house.—Herald.

Bruce, Waring & Co. desire to inform their patrons that the construction of the Electric Railway and other improvements, now going on, upon their Pacific Heights property, will in no wise be interfered with, or the sale of lots restrained by reason or any action or suit as between former owners. MONDAY.....MAY 7, 1900.

It will be impossible for the morning organ to endorse the appointment of George A. Davis to the Circuit Bench. Mr. Davis was one of the prominent supporters of what the organ has asserted was the machine program at the Republican mass meeting.

"For want of a better name" the morning organ entitles its "machine" nightmare the "Sewall-Gear-Humphreys combination." All of which points to the fact that the object of the organ and its constituents is to manufacture material for the accomplishment of selfish personal ends. There is not the first scintilla of truth or honest purpose in the charges which this organ prefers against the men whom it has singled out for attack in order to destroy Americanism in these islands.

THE OBJECT OF IT.

Harpies of the morning organ have carried their campaign of jealousy and spite to such lengths, that the object of their nefarious work shines out in marked contrast to the principles of majority rule which they pretend to uphold. There is not a single incident of the temper in a tea pot, into which these people seek to force the Republican Party, to prove the assertion that any attempt has been made to force corrupt rule upon the Party or that the men charged with being machine politicians have been exerting their effort to any other purpose than the success of the Party in Honolulu and throughout the islands.

Clash of opinions there must be and they will continue in evidence so long as the people take an honest interest in political conditions and enlist their effort to secure for the Territory the popular and successful government that will gain the support of the people, the workmen as well as those of high intelligence and assumed superiority. When this clash of opinion reaches the point of making unfounded charges against men whose loyalty to the Party cannot be called in question, who accept the will of the majority though believing the course taken will carry the Party to defeat, the only object of such an attack is to discredit the Party before the people and force its defeat at the polls.

This campaign of misrepresentation was taken up by the morning organ immediately after the Wednesday evening meeting and is continued to the present to the utter disgust of every honest Republican and every true hearted American. The campaign lies uttered by this organ have been repeatedly proved. It has flattered before the people a machine cry that has not one element of fact or honest political reason.

The eventual result of the Advertiser policy, if it had the least chance for success, is to continue in Territorial politics the old warfare of "missionary" and "anti-missionary," "royalist" and "annexationist." This old fight it apparently prefers rather than the amalgamation and division of both these old bitter fighting forces on the broad political lines of the Republican and Democratic parties. The people, however, will not have it. The morning organ is simply accomplishing its own undoing which it is free to continue until its howl expires in the death rattle following the apoplectic fit brought on by its jealous and spiteful rage.

A MACHINE MEASURE.

One of the suggestions made by Mr. Carter regarding the holding of primaries is that the registration of Republicans close twenty-four hours previous to the voting for delegates to the district convention. Just what is to be gained by such a course is not yet made manifest. Certainly it will accomplish nothing in combating machine politics. It is in fact a method highly approved by all machine politicians and productive of corruption at the primaries and the "fixing" of tickets to assure the election of machine puppets to the conventions of the party. With the registration closed previous to the day set for balloting, full opportunity is given for the machine manipulators to go over the lists, pick out their men and select those who are amenable to the cajolery and favors of those who have other ends to accomplish than the fulfillment of the

American principle of a free and untrammelled vote.

That Mr. Carter should lend his effort to advance the interests of any machine seeking to control the Republican Party is not to be supposed. That he should play into the hands of machine politics of any character is doubtless highly distasteful to him and any for whom he may speak. Yet machine politics is the practical outcome of the proposition advanced. It merely increases the difficulties of enrollment, shuts out a large number who through business engagements may be unable to enroll their names and gives the manipulators plenty of time to operate.

The object of party work is to obtain as many voters as possible, not restrict the number by hard and fast rules which take advantage of a degree of political indifference existing in all communities.

NOW FOR TENNIS.

So far only three tennis players have entered for the men's singles in the tournament that begins Wednesday and three for the ladies' singles. These are as follows: E. R. Adams, W. H. Babbitt and S. G. Wilder of the Pacific Tennis Club and Mrs. S. G. Wilder, Mrs. A. M. Brown and Mrs. Gunn. Although this number is very small it is by no means an indication of what will be entered today and tomorrow. From talk among the tennis players it is learned that there will be a very large number entered for the tournament. The book closes at Pearson & Potter's at 5 p. m. sharp tomorrow.

Excellent play may be expected during the coming tournament, the excellent weather of late having afforded all the opportunity necessary for hard practice.

PASSENGERS ARRIVED.

From Maui ports, per steam. Maui, May 7—J. J. Durmond, P. O'Brien, Mrs. J. W. Davidson, Miss Julia Thomas, W. Anderson and wife, F. Wittrock, H. Halversen, Miss B. Mossman, W. H. Cornwell, R. Hair, P. Burns, R. A. Woodward, M. L. Decker, H. A. Jaeger, Miss E. Gillus, Akana-lili, Ah Yon, Geo. W. Hayselden, J. J. Combs, Chock Ken, Goo Lit, Tong Keung and 56 on deck.

MONEY FOR YOU.

This will interest you if you are a Descendant of any one of thousands of foreign families whose money or estates are now in chancery.

WE HAVE

A complete list of persons who have left money or estates to the value of

\$388,468,845,

The heirs of which are now supposed to be in the United States but whose present whereabouts are unknown. You may have money, heirlooms, or estates.

WAITING FOR YOU.

It is not surprising that in a population so vast and among a people containing families which can trace back their ancestry for centuries, that even with families of no note the ramifications are extraordinary, the ties of relationship often varying from Peers to Peasants, though all springing from one tree. The announcement that there is nearly \$400,000,000 in money and estates going to a beggarly son of a little extravagant but it will not appear so extraordinary when it is remembered that the amount is based on a registered alphabetical list of persons who have been advertised for all over the world since the beginning of the century, including chancery heirs, next of kin, and legatees of persons who have died intestate in Great Britain, Europe, America and the British colonies. The main sources of unclaimed monies are: unclaimed dividends on Government stocks; dormant funds in chancery; Army and Navy Prize Money; Estates of persons who have died intestate without known next-of-kin; unclaimed dividends in bankruptcy; general unclaimed dividends and unclaimed bank deposits. We are prepared to furnish certificates of Birth, Death and Marriage and official Cert or Coat of Arms of your family.

REMEMBER

We are the only firm in America who make a specialty of establishing claims of heirs-at-law and next-of-kin.

WE ASK NO FEE

Until claim has been settled. Enclose five-cent American stamps or ten cents in silver for mailing, wrapping, etc., and we will send you a book containing full information FREE. Write and see if you are among the lucky ones. Address

The Heirs At-Law Collection Co.,

PROSPECTUS

—For A—

Cemetery - Association

An order has been issued by the Board of Health of the Hawaiian Islands, prohibiting, after July 1st, 1900, the burial of the dead in Honolulu within a radius of four miles of the Executive Building.

It is now proposed to form a stock company to procure a suitable tract of land near Honolulu and prepare and preserve the same as a cemetery. Ordinarily the large returns upon an investment of this nature is most surprising to one who has never given the subject a fair attention. In San Francisco the price of a single lot ranges from \$100.00 to \$500.00 according to location.

With allowance for broad paths and wide drive ways, there are 1,122 single (1 ft by 7 ft) plots to an acre, a 4 (for example) taking the lowest figure quoted above—a uniform rate, the gross receipts for a lot would be \$112.20.

The average death rate for the past year is over one hundred per month (and this rate must steadily increase in proportion as the population increases), which at \$100.00 each would bring the month's receipts to \$10,000.00. The probable monthly expense would be:

One Gen. Mgr and Sup't \$100.00
Two grave diggers at \$40.00 each 80.00
One gardener 50.00
Office rent 30.00
Sundries 25.00
Total \$285.00

It would take about one year at the above death rate to fill one acre, and a probable total annual expense of \$1,200.00. Deducting this amount, plus \$500.00, the reasonable cost of land per acre, from the gross receipts of \$50,000.00, I have a net profit of \$48,500.00 which, in a radius of fifty acres at a capitalization of \$50,000.00 would return an annual dividend or interest of a trifle over 12 per cent for fifty years, besides the turn of the principal.

The pauper class has not been considered as it is supposed that the number is so small that it would not prove a disturbing factor, but even with them a cemetery could doubtless be made with the government at a reduced rate, thus probably affecting the foregoing figures one or two per cent.

The proposed plan is to divide a fifty-acre tract in five parts, one each for Catholics, white people of other denominations, Hawaiians, Japanese and Chinese respectively.

The Bishop of Honolulu has agreed to use a portion of the land of this Association for a Catholic cemetery, thus disposing of the great obstacle usually encountered by cemetery corporations.

Several suitable sites are available at prices ranging from \$20.00 per acre up.

The question of transportation is not a serious one as the firm's company is being anxious to secure it, having offered very low estimates.

Cremation is so very unpopular and expensive that it would not affect the dividends of a cemetery company one-half of one per cent.

This company will be capitalized at \$500,000.00, divided into 2,500 shares at \$200.00 each. Subscriptions are now open at the office of the undersigned. All subscriptions must be accompanied with a cash deposit of ten per cent.

NEW
SPRING
NECKWEAR

Is coming. Cupid calls it good and beautiful. No article of wear partakes of so many patterns and makes as does neckwear. When you see the new tie old that you thought beautiful grows stale. We have just received our new spring stock and if you don't say that they are swell when you see them we will quit importing.

WE ARE NOT exactly selling our goods at auction, but we are doing the next best thing by selling them at greatly reduced prices. It is not our habit to carry goods over from one season to another, so we must sell our remnants of sizes at once, and at such prices that you will save money by buying of us. These goods must sell even if we incur a war in doing so. Boys' and Men's Clothing, Underwear and Men's Furnishings. We mean business. Call and have a look.

A special invitation is extended to everybody to visit Honolulu's most delightful residence site

PACIFIC
HEIGHTS.

+++++

Via Maxima

Kaiulani Drive aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

Electric Railway.

Contracts have been let for material, and the work of construction, equipping and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish electric power for lighting, heating and other purposes, to our home builders at most reasonable rates.

As Promised.

Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application.

An inspection of the attractive homes now building, or the names of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

NOTICE.
HAROLD T. HAYSELDEN is given
full power of attorney to act for me from
this date.
CAROLINE HAYSELDEN.
Lahaina, Maui, May 1st, 1900. 1523W2

Opportunity is given to purchase in
Manoa Valley a beautiful situated property
containing all the necessary essentials for
a homestead and where healthful climate
and picturesque scenery are in the midst
of historic surroundings and all in contact
with improved grounds, planted with
various foreign fruits as well as supplied
with fruit trees indigenous to Hawaii.
The acreage of 45.64 acres in fee simple
and 31.16 acres under long and favorable
leases.

Included in the improvements on the
fee simple portion is a roomy, modern
dwelling house furnished with sanitary
and other conveniences; there is also sit-
uated thereon a roomy carriage shed and
stables.

The celebrated Waikeakua (Water of
the Gods) Falls is in near proximity, and
the cool, clear, sparkling water therefrom
flows through the grounds, supplying
ample opportunity for increased irrigation
to the acreage already planted and which
is capable of considerable improvement.

For further information apply to J. H.
Boyd, Interior Department.

LOCAL AND GENERAL.

W. G. Hall for Nawiliwili and Hanalei at 5 p. m.

Captain Mitchell has been promoted to be master of the steamer Maui.

T. W. Carter is out again after a siege of illness that began about Christmas.

Nicely furnished rooms at the Popular House, 154 Fort street, from \$1.00 per week up.

Unfurnished house with latest improvements is wanted at Kailhi. See next column.

A locket has been found. Owner can obtain same at this office. See Found column on page 8.

Notice is given By Authority of the appointment of George A. Davis as Acting First Circuit Judge.

The Tribune is enameled in either blue or black and possesses the qualities of a high grade wheel.

W. H. Cornwell and Geo. H. Hayselden were among the passengers from Maui in the steamer Maui today.

The Kinai sails on her regular route at 12 m tomorrow. The Claudine returns to her regular Maui route.

Jas. F. Morgan will sell at auction about 960 bags of fertilizer chalk at the old fishmarket wharf at 10 a. m. May 15th. See his column for particulars.

No further arrests have been made in the Canavaro affair. The two men arrested the other day are still in jail but they have given out nothing yet.

G. L. McComb, the representative of Wall, Nichols Co., on the ninth edition of the Encyclopedia Britannica, is meeting with great success in distributing the work on the small monthly payment plan. He deserves success as he is a born hustler. All Bulletin readers should subscribe for a set of this valuable work.

With Honolulu's Yachts.

There was an exciting race between the Eva (formerly the Gladys) and the La Paloma from the anchorage off Clarence Macfarlane's place in the Peninsula to Honolulu, yesterday afternoon. The breeze being a good stiff one, the two boats were able to try their racing qualities under one reef.

The Eva came out unquestionably the winner but the La Paloma crew gained a knowledge of her shortcomings and it is understood, a change will soon be made so that she will be able to cope with the best in the harbor.

The La Paloma started out quite a distance ahead of the Eva, the latter leaving the anchorage mentioned at 1:30 p. m. The La Paloma kept well ahead until outside the Pearl Harbor bar, when the Eva passed her. Making the rough water, the La Paloma behaved badly, offering the Eva an opportunity to get still farther ahead. The wind was blowing a great rate and the Eva kept on gaining. Off the channel she was so far ahead that she went out and sailed around a clipper ship bound in, arriving at her anchorage in the harbor at 3:40 p. m., 2 hours and 10 minutes from Pearl Harbor. The La Paloma sailed out to Waikiki and then came in.

The Abbie M. went down Saturday and returned Sunday afternoon. She was expecting to race with the Pooki but the latter did not take kindly to the proposition.

Oscar White, who sailed the Eva yesterday, states that he changed the name of his boat because T. W. Hobron has reserved the name Gladys. This will probably be given the new schooner yacht that Mr. Hobron expects to have here in the near future. Eva is the name of Mr. White's sister.

Yachtmen complain of the lack of buoys in the Pearl Harbor channel which lays yachts open to continual running aground. They state that an appropriation for this purpose has been made and ask that the matter be attended to as soon as possible.

Sunday next will probably see a big yacht run to Pearl Harbor and return. Arrangements are now being made for the event.

which is the same as Greenwich Oh. 0m.

LOWRIE SILVER WEDDING.

Walluku, May 3.—Mr. and Mrs. W. J. Lowrie celebrated their silver wedding at Spreckels Hall last Saturday evening. Free trains took intending guests to Puuene from Walluku and Kahului, but owing to the inclemency of the weather that evening, a very large number of those who had promised to participate in the evening's pleasure were unavoidably forced to remain at home and content themselves with listening to the music and merry voices of the dancers through the telephone. The affair is said to have been a grand one and successful in every way.

Regimental Camp Fire.

The N. G. H. camp fire at the drill shed Saturday night drew forth a large crowd. At about 8 o'clock the soldiers formed in their respective rooms and marched in companies to the tables set in the hall where a fine supper awaited them. The band played and then the fun began. Pipes, cigars and cigarettes were then brought into play and an interesting musical program was listened to. Among the prominent guests were Hon. S. M. Damon, Col. E. M. Boyd and Col. Soper.

Gleaners' Lawn Party.

The annual lawn party of the Missionary Gleaners was held at the home of Theo. Richards Saturday afternoon. There were several hundred people present. Booths, set about on the lawn, were filled with various articles for sale. Ladies of the society succeeded in gathering in a large amount of glistening coin. Nearly \$100 was cleared.

Sugar on Hawaii.

The Claudine reports the following sugar left on Hawaii up to May 5: Pauhau, 9,000 bags; Ooakala, 1,000; Kukulale, 5,000; Papekalo, 9,500; Hakalau, 23,000; Honoumuli, 7,500; Pepekalo, 9,000; Papekalo, 9,000; Wainaku, 5,500; Waiakae, 5,000; Punaluu, 13,400; Honuapo, 12,000; Kukulale, 2,000; Honokaa, 20,000. Total, 136,200 bags.

Inspect Spreckelsville Labor.

Walluku, May 3.—Messrs. Yokokawa and Yamada left Walluku today to accept an invitation from Hon. H. P. Baldwin to pay a visit of inspection among the two thousand or more Japanese on Spreckelsville plantation. Next week these gentlemen will proceed to Hana on the same business.
