Metcalf's Report Sent to House Committee

(Associated Press Special Cable)
WASHINGTON, D. C., Dec. 18.—President Roosevelt has transmitted the report of Secretary Metcalf on the Japanese question in San Francisco to Congress. The report maintains the former views. The Coast members of Congress still hold to their original opinions regarding the situation.

Japanese House Committee

(Associated Press Special Cable)
WASHINGTON, D. C., Dec. 18.—Congressmen Kahn, McKinley and Hayes have been appointed as House Committee on Japanese legislation.

VERMONT LAW IS BETTER THAN OURS
The case against W. C. Peacock, charged with selling adulterated liquor, was continued this afternoon till Friday at 2 o'clock by Judge Whiteman, so that no argument on the advisability of the plaintiff's demands could be had. The defense brought out that the Vermont law, upon which the Hawaiian law is based, provides that copies certified to the Secretary of State shall be distributed to the various townsships, thus making them official. In the mean time there is no such provision which makes it weak.

The argument will be continued on Friday and Deputy Attorney General Foster, who, with Attorney Andrew, is conducting the prosecution, states that he will bring in authorities which will clinch his arguments. Attorneys French and Ashford are just as confident on their side.

FILIPINOS ARE TO BE SENT TO OLA'A

Fifteen Single Men On Doric Will Work On Trial

The Filipinos, who will arrive here under the leadership of Albert Judd in the Doric next Friday, will all be sent to Ola'a plantation. There are only fifteen of them, all single men.

On the result of the hearing and work of this sample of fifteen the decision as to whether more Filipinos should be imported or not will largely be based.

Comparatively little is known about the Filipinos who are coming, and the arrangements which Judd has made. The fifteen who are coming here speak one of the numerous Filipino dialects, but it is believed that one of them is sufficiently acquainted with the English language to be able to act as interpreter. About the sample he can not be satisfactory; they will undoubtedly be followed by a larger shipment. No definite information has been received as to what arrangements Judd has made for the securing of such future shipments. While he was in Manila he is known to have engaged an agent, and it is quite probable that this man may be ready to look after them, should they be wanted.

BISHOP DYING

NEW YORK, N. Y., Dec. 18.—Chas. C. McCabe, Methodist Bishop of New York since 1896, is dying.

STEAMER TOTAL LOSS

KINGSTON, England, Dec. 18.—The German S. S. Prinzessin Victoria Luise, which ran aground here on the 17th, is thought a total loss.

PANAMA LABOR

WASHINGTON, D. C., Dec. 18.—A delegation of Pacific Coast Senators and Representatives will visit Panama to investigate the employment of Chinese in the work on the Canal.

William T. Schmidt petitioned today for letters of administration for the estate of Alfred Benjamin Schmidt, who died intestate. The estate is valued at \$22,37. Judge De Bolt set January 23 for hearing the petition.

Judge Lindsay, accompanied by Mrs. Lindsay, will leave for Hawaii Thursday. The judge is called there by the serious illness of his mother.

He is in favor of admitting the book as evidence, offering the fact that the book had been copyrighted and that it had been adopted by the association of phar-

macists.

"If you add water to whisky it will adulterate. That is to add water to some whisky would adulterate it and that if water were not added to other whisky it would adulterate it."

Prosser made a strong argument in

favor of admitting the book as evi-

dence, offering the fact that the book

had been copyrighted and that it had

been adopted by the association of phar-

macists.

in laundry yard offices. Apply to Bill
G. T. Tracy, Post 30. 2567-11

LOST.

Lady's handbag containing jewelry.
Reward at this office. 2567-11

TAKE POOR MAN'S OATH

George Shuster, one of Hawaiian's regular
school teachers, arrived in the
Waikiki Jan. He will spend the day
here in town.

Mr. John Wagner of Hilo is an
agent for the holidays. While here he
will be the guest of Mrs. Paul Davis
and Miss Pauline P. Janice.

J. K. H. Adams, who took his wife
back to the United States Court this
morning to have the poor man's oath
taken, was remanded last fall of
probating a postoffice on Maui. On ac-
count of their trouble they got off with
light sentences, a man to jail and a
fine of \$1 and costs of \$25 each.

Being unable to pay the fine and
costs, they each served a month behind
the bars of their jail sentence, and
were then permitted to take the
poor man's oath, which removes them from
further time in jail and from having
to pay any part of the fine and costs.

CUT-GLASS DISPLAY

Known & Co. a cut glass department
is a very superior one, in quality and
variety. Offers a wide range of
superior articles. The fed is for our
clients, cleaned or mounted with silver
Holiday shoppers will find the other de-
partments of this "Crystal Palace"
equally as well stocked.

TERRITORY ANSWERS

The Territory, through Agent Attorney General Fred Alfonso, today filed suit against three Honolulu residents for their failure to register as dealers in firearms.

The case is that of John Kauanui who filed a petition to register and regis-
ter title to certain firearms located at
the corner of King and Punahoa. The Territory claims a strip of land be-
tween the lot and the street.

In the other case, an action brought by
George Kauanui to recover and恢復
title to land at the corner of
Queen and Punahoa, the Territory
claims title to a triangular piece of
land between the corner and the street.
The Queen and Punahoa streets are
newly paved and the Queen and
Punahoa are new roads.

Both cases are to be heard before
Judge Lindsey this morning on the
charge brought against him by the
Grand Jury, of running a slot game.

He claimed a place of no public
importance not to be used as a slot

game, but the court held that he had

been using it as such.

Both cases are to be heard before
Judge Lindsey this morning on the
charge brought against him by the
Grand Jury, of running a slot game.

P. H. BURNETTE,
Rotary Public, First Judicial Circuit

TUESDAY DECEMBER 18, 1906

Perhaps Roosevelt has heard of the
last proposition before

With the new jail complete Waikiki
can boast full equipment for up-to-date
civilization

Armenian Day prices for which the Gov-
ernor was a liberal contributor have
been fixed more than a hundred-fold

Japan's official representative repre-
sents war with the United States.
There is nothing in it for either side

Make your holiday purchases while
the weather is good. And "Touch wood"
that the spell of typical holiday
climate may not be broken

With Mactan at the head of the
Navy Department there ought not to
be any lack of executive interest in
proper protection for the Pacific.

Hauswirth's message on the Panama
canal should be of special interest
since he is the first President to leave
the country in order to learn exactly
what he is talking about.

Increase of the number of bank cash
ers short in their accounts is additional
proof that the money shortage
of the great financial centers is the
result of speculation.

Call for Democratic product meetings
will be of especial value to determine
how many realist Republicans
have seen the light and now feel they
have always been Unterrified.

Miss Rhoda Green's letter regarding
one month's demonstration that it is pos-
sible for an uninformed public to interpret
the strength of its sympathy. In this instance
the mother needs it more than the
son.

The return of A. Philip Judd is an
eight because Hawaii needs all its
good citizens at home. But there will
be enthusiasm over his return when they prove themselves de-
serving it.

Hawaii could draw on its 1900 popula-
tion for a dozen of Pan-Pacific
legations to grace the Pan-Pacific Con-
gress. Patagonia is perhaps the only
country not drawn upon to add to our
population.

If the pump purchased by the Terri-
tory had never installed were more
useful, would it then be necessary for
the people to drink mud while the
pumps of the inadequate water supply
are undergoing repair?

It may be all right to tell the user
of chlorine-mixed water that he
should boil and filter, but what of the
children of their play who drink the
dangerous stuff from outside taps, do
spite repeated warnings?

Enthusiasm over the New Year was
not carried at Waikiki shows that Ha-
waii would get a outfit of water
works. Aside from the fact that in
it, the revised map of the old
Hawaiian water works will be of great
value.

J. B. H. Biddle's letter on the mis-
ery and land-grabbing in Hawaii

is a valuable contribution to the lit-
erature on this much-discussed ques-
tion. Keola is a native born son who
certainly would not criticize his own
people maliciously or shield their real
enemies.

The only reason why Hawaii will
not suffer from the Honolulu sinking
into-the-sea-like followed by fire in
Kaimana is that mainland people have
become accustomed to interesting
facts regarding Hawaii freed from the
impossible.

President Woodrow Wilson is one
of the latest victim proposed for
democratic Presidential honors in
1908. The public has immediately be-
come interested in what they may
have against Wilson that the date for
working off a grudge should be set so
soon.

TUE HAWAIIAN BAND.

The Hawaiian continues ignorance of
the cause for the non-activation against
the Hawaiian band which has been
fostered by Supervisor Moore.

This paper believes, however, that
the proposition did away with the
band as far as possible, if ever to the
territory, since no one with the approval
of the government American part of
Oahu taxpayers.

It is true that the members of the
band are entitled to the benefits of
the Hawaiian, but they will be for-
ever passing any bill or amendment
that will turn over any of the present
business of American ports to foreign
ships.

The subsidy program once started
should give this Territory more fast
clipper steamers in the through traffic
and make certain the inauguration of the
Southern California service, now
generally accepted as one of the enter-
prises that will increase business for
Hawaii without doing an injury to any
of our present shipping connections.
But subsidies in no subsidies can
country must have a navy second to
none. If it is to maintain itself on this
side of the globe.

The present program when complete
will give us a navy second only to
Great Britain. The tremendous wealth
of our country and the great interests
that must be protected in this ocean
warrant expenditures that will put our
navy on equality with the most power-
ful.

Here is a single point in Supervisor
Moore's address to the Supervisors
against the continuance of the band
that is well taken. It is so carefully
hidden as to be beyond the view of the
ordinary citizen. The suggestion
that the band be supported by the
Promotion Committee is brilliant.

Dear the honorable gentleman ever
stop to think from whom the Promotion
Committee gets its support and in
whose interests it is working?

One has only to attend the concerts
given by the band on any Sunday afternoons
or weekday evenings to learn
why it is patronized and enjoyed
by the people.

The Hawaiian band is an institution
quite as necessary as the police in this
community. Regardless of how many
times and conditions may be able to get
along without one.

The general sentiment is so well es-
tablished on this point that we are in-
clined to think that the honorable
supervisor took a shot in the air and
hit the wind.

One has only to attend the concerts
given by the band on any Sunday afternoons
or weekday evenings to learn
why it is patronized and enjoyed
by the people.

There are two measures before Congress
at this short session which should
receive more than the cursory attention of
Hawaii—the President's plan
for naval expansion and the ship sub-
sidy bill.

The success of this dealing with
these matters is as important to the
permanent progress of this Territory as
the defeat of Philippine independence or
Cuban annexation.

As has been the case for years past
the strenuous opposition comes from

the same sources as the police in this
community. Regardless of how many
times and conditions may be able to get
along without one.

The general sentiment is so well es-
tablished on this point that we are in-
clined to think that the honorable
supervisor took a shot in the air and
hit the wind.

hit the wind.

There are two measures before Congress
at this short session which should
receive more than the cursory attention of
Hawaii—the President's plan
for naval expansion and the ship sub-
sidy bill.

The success of this dealing with
these matters is as important to the
permanent progress of this Territory as
the defeat of Philippine independence or
Cuban annexation.

As has been the case for years past
the strenuous opposition comes from

the statesmen of the interior whose
constituents have never seen the ocean
and can't appreciate the necessity for
keeping to the front in naval power
or for maintaining the American mer-
chant marine.

The point will probably be made that
Hawaii, although it understands the
importance of a great navy and more
American ships have no vote in Con-
gress and therefore no influence. It is
not true that we can exert no influence.

Every step taken by organizations of this
Territory to impress the people of the
country and the members of Congress
with the importance of American trade
in the Pacific, the demand for
commercial assistance that the compa-
nies like be carried on under the
American flag, and be protected by a
powerful American navy, strengthens
the hands of the men serving men of
Congress who are doing their utmost to
atomic our countrymen of the interior
states to their duty.

Hawaii, unfortunately, has in former
days put itself on record as advocating
the amendment of present laws on
concern shipping and thereby allow
the use of foreign ships between this
and mainland ports. The same amount
of interest shown in the ship subsidy
bill would more specifically bring about
the increased transportation facilities
we seek.

The Hawaiian continues ignorance of
the cause for the non-activation against
the Hawaiian band which has been
fostered by Supervisor Moore.

This paper believes, however, that
the proposition did away with the
band as far as possible, if ever to the
territory, since no one with the approval
of the government American part of
Oahu taxpayers.

It is true that the members of the
band are entitled to the benefits of
the Hawaiian, but they will be for-
ever passing any bill or amendment
that will turn over any of the present
business of American ports to foreign
ships.

The subsidy program once started
should give this Territory more fast
clipper steamers in the through traffic
and make certain the inauguration of the
Southern California service, now
generally accepted as one of the enter-
prises that will increase business for
Hawaii without doing an injury to any
of our present shipping connections.
But subsidies in no subsidies can
country must have a navy second to
none. If it is to maintain itself on this
side of the globe.

The present program when complete
will give us a navy second only to
Great Britain. The tremendous wealth
of our country and the great interests
that must be protected in this ocean
warrant expenditures that will put our
navy on equality with the most power-
ful.

Here is a single point in Supervisor
Moore's address to the Supervisors
against the continuance of the band
that is well taken. It is so carefully
hidden as to be beyond the view of the
ordinary citizen. The suggestion
that the band be supported by the Promotion
Committee is brilliant.

Dear the honorable gentleman ever
stop to think from whom the Promotion
Committee gets its support and in
whose interests it is working?

One has only to attend the concerts
given by the band on any Sunday afternoons
or weekday evenings to learn
why it is patronized and enjoyed
by the people.

The Hawaiian band is an institution
quite as necessary as the police in this
community. Regardless of how many
times and conditions may be able to get
along without one.

The general sentiment is so well es-
tablished on this point that we are in-
clined to think that the honorable
supervisor took a shot in the air and
hit the wind.

ACCIDENTS ON FRONT

Editor Evening Bulletin—Drowned

persons are being picked up in the
water along our docks with such fre-
quency nowadays that more than a
passing glance is given to the fact.

They are coming to the surface in
twins of late. Must be a cause for it
some place outside of a few drinks.

Nearly every one of us has experienced
the most delightful trips when
in the dark, we have placed a boat
forward with the intention of taking a
step and find the heel resting on the
ground and the toe on a rounded sur-
face. The result is, over you go.

If you have unknowingly cleared the
obstruction and the feet rest with heel
on rounded surface and toe don't reach
the ground at all, why, over you go.

Build a few more concrete bulkheads
along the waterfront that rise above
the ground about six inches, and with
top of some rounded off, we perfect
that a seagull could hardly stand on it
and we may pick them up by three
and four right alone.

WATERFRONT.

WEEKLY WEATHER BULLETIN

GOVERNOR T. B. BISHOP, DECEMBER 10, 1900.

WEATHER SUMMARY: Yesterday many rains descended during the night, mostly on the hills of Koolau, except in the Ko'olau and Waianae districts, and in Waiau and Waipahu, while on Oahu and Lanai.

In Oahu during a period of ten or more years, the total rainfall for the year was under the average of all those of Ko'olau and Waianae, and in the northern part of the island, and in the southern portion less than those of Waianae. In Waipahu the greatest excess did not exceed 10 inches, on which this was based, and ranged from 3 to 4 inches. In Koolau they ranged from 10 inches to over 20 inches, the greatest amount of rainfall for the year was on Waianae, ranging from 10 inches to over 20 inches, and measured in the Ko'olau, Waianae, and Waipahu districts, and measured in the Koolau, Waianae, Waipahu, and Waipahu districts, so the precipitation varies considerably throughout the districts, though from 10 to 15 inches in Waianae, 12 to 15 inches in Koolau, and can be 20 inches in Waipahu.

The total amount for the year was greater than that during the preceding year, in amounts ranging from 130 to 180 inches on the hills, and 100 inches in Waipahu, and 80 inches to 100 inches in the Ko'olau and Waianae districts. On the hills the excesses were small, but the deficiencies in all districts, according to the rainfall ranged from 1 to 10 inches.

The mean temperature for the year was generally higher than that of the preceding year, and measured at the stations on Koolau and Waipahu, and measured at the Koolau and Waipahu.

The following table shows the average of temperature and rainfall for the principal islands and the groups.

TEMPERATURE: RAINFALL

Island	Temp.	Rainfall
Koolau	71.8	130 inches
Waipahu	71.0	100 inches
Waianae	71.5	90 inches
Ko'olau	71.1	130 inches
Waipahu	71.0	80 inches

Earthquake: 12.1 3.10 miles.

At the late hour of 12.10 a. m. a tremor occurred in Honolulu, 3.10 miles off the coast, and 3.10 in the land, and a total of 9.10 miles off shore. The surface and 3.10 miles from shore last week. The maximum amplitude was 9.10 inches off shore, and 3.10 miles from shore. The average amplitude was 3.10 inches off shore, and 3.10 miles from shore. A maximum amplitude of 11.10 miles from shore occurred in the early morning of Dec. 10.

BEHIND THE BUREAUS

There are behind the scenes of a nation-wide the men who control the government.

SECRET OF HAWAII

Brown's Ranch (1) The total rainfall was 22.10 inches, 10 inches more than the average, and the total 10.10 inches.

Brown's Ranch (2) Total rainfall was 22.10 inches, 10 inches more than the average, and the total 10.10 inches.

Brown's Ranch (3) The rainfall measured at 10.10 inches, 10 inches more than the average, and the total 10.10 inches.

Brown's Ranch (4) The rainfall measured at 10.10 inches, 10 inches more than the average, and the total 10.10 inches.

Brown's Ranch (5) The rainfall measured at 10.10 inches, 10 inches more than the average, and the total 10.10 inches.

MANY PASSENGERS AND MUCH FREIGHT

Mauna Loa Brings Very
Many Shoppers To
This City

The Mauna Loa arrived this morning at 6 o'clock from Hawaii and Maui ports, bringing a large passenger list and one of the heaviest freight lists that she has carried for some time. In fact, Purser Friel states that the freight which was brought down on the present trip is the largest which she has carried since this season last year.

On account of the extremely heavy freight which had to be taken aboard at Kona the Mauna Loa was delayed for several hours and came in much later than she generally does. Turned to grace the Christmas dinner and sightseeing was a part of her cargo which will be greatly appreciated in Honolulu, where both these delicacies are rather scarce at present. Among the first royal will probably be in abundance when the Alameda has arrived with her cargo of cold storage birds.

The Mauna Loa had good weather all the way down and a pleasant trip was reported by the passengers of the ship. There were a large number of people on board who have come down from the other Islands to do their Christmas shopping and the merchants of the city should have a busy day as the result.

The Mauna Loa brought the following freight: 6341 bags sugar, 1267 bags coffee, 448 bags beans, 175 bags taro, 5 bags awa; 2 bags ginger, 47 bags empty bottles, 91 bunches bananas, 12 barrels oranges, 26 boxes oranges, 36 barrels dried fish, 8 kegs butter, 29 crates turkeys, 57 crates chickens, 63 crates pigs, 30 bundles hams, 35 turkeys, 1 cow, 4 horses, 71 bags, 84 packages sundries.

COMMANDER POND DON'T LIKE MATCH

Vallejo, Dec. 5.—Matrons among the most set of Mare Island are whispering to each other that the marriage of Elizabeth Keith Pond and Dr. Francis M. Stock may not take place, owing to objections against it by Commander Pond, the girl's father. With the story they are telling in understand is the gossip that when Miss Pond disappeared from home last week and around the island to hunt for her, she took a blanket along and planned her abode for the night in the barn, where she was found in the morning. It was Miss Pond's mother, according to this tea-cup gossip, who started naval officers and men of the island hunting for her daughter. While the search was being made, they say, Commander Pond sat at home smoking his pipe and discussing the propriety of the household. He felt confident that the girl could be found and that there was no need for alarm over her whereabouts.

The disappearance of Miss Pond, it is declared, followed upon a family difference over her coming marriage with Dr. Stock. Commander Pond's objection to the marriage is not shared by his wife, it is declared by close friends of the family, and when the girl disappeared she became alarmed lest the family difference had mildly affected her.

Miss Pond was noticeably relieved when her daughter reappeared in the morning, but it is declared that the commander's objection to the marriage has not since disappeared.

Great among island circles over the matter leading up to the girl's disappearance is general and has already drifted over to Vallejo, where it is freely discussed.

Both Miss Pond and Dr. Stock have friends here and the announcement of their engagement several weeks ago created much interest.

PARTNERS DISAGREE

David Kahatena doesn't think that his partner Louis Peterson is giving him a square deal. The two men own certain property located in Honolulu in common. Kahatena has a hunch that his partner is collecting the rents for the property and keeping all the proceeds himself. David doesn't think this is right. He wants his share, and since he and his partner do not seem able to come to an agreement in the matter, he thinks they had better separate.

Therefore he petitions the court for a partition of the property owned jointly by Peterson and himself, and for an order of accounting, to make his partner clear up on the rents already collected. The matter comes up before Judge Te Holt.

CAPTAIN GODFREY ELL

Word has been received that Captain W. H. Godfrey, who presided John Ell as president of the Inter-Island Steam Navigation Co. is in a precarious state of health at his home in Oakland, Calif., where he has lived for a number of years past.

RED MEN.

The order is splendid condition, Atoms the Trail.

I am pleased to have the honor to report that the order is in splendid condition throughout the great reservation. While from peculiar circumstances in one or two localities the tribes have failed to prosper and have accomplished little or nothing during the great and the general situation is most gratifying. Harmony, prosperity and numerical and financial increase mark the serious effort of the chiefs and brothers. Our order has made most satisfactory gains and is today stronger in numbers, better fitted to accomplish the beneficial, social and patriotic purposes for which it was organized and in greater accord as a Fraternity than at any period of its existence—Great indeed.

Elevated new tribal bands have been lighted in the Pennsylvania reservation since last month.

The Improved order of Red Men is steadily and rapidly approaching the half million mark in the size of its membership.

Past Great Incidence Thomas G. Harrison was recently elected great chief of records of Indiana for the nineteenth time.

In the Maine reservation during the past nine months twelve new tribal fires were lighted and nine councils of Peacemakers instituted.

The order now has three active tribes of Red Men in the Philippines, Asie tribe having consolidated with Red Cloud tribe.

KNIGHTS OF PYTHIAS.

New Grand Chancellor of Illinois Pythian Briefs.

The newly elected grand chancellor of Illinois, Frank C. Smith, has been a member of the order ever since he was old enough to join it and for a number of years was an officer of the grand lodge. He was born in Casey-

ville, Ill., in 1862, was educated in the public schools and in a business college and for a time was chief train dispatcher of the Alton road. Meanwhile he had studied for the bar, and in 1885 in his home town of East St. Louis he began the practice of law and was appointed a master in chancery in 1890. Mr. Smith served last year as vice-chancellor of the grand lodge of Illinois.

Recent reports from Texas show the Knights of the Lone Star domain to be in a most flourishing condition. The membership is about 22,000.

One thing that is needed in all lodges is a committee that will make it its duty to make the newly initiated and visitors feel at home.

The endowment fund has \$115,287,500 production in force. It has \$1,200,000 on hand as an emergency fund.

The supreme chancellor recently ruled that an Indian is not eligible to become a member of the order.

The total assets of the order, according to the latest report of the supreme keeper of records and seal, are over \$12,000,000.

MODERN WOODMEN.

Large Gains Made in 1908—From Various States.

The order increased 42,431 in membership during the first six months of 1908, and large gains were made during the balance of the year.

A class of 263 candidates was initiated by the Modern Woodmen of Milwaukee recently.

On Nov. 1 the Wisconsin jurisdiction had over 60,000 members in good standing.

There are now over 15,000 members of the order in New York state.

Good gains in membership were made in Nebraska during the past year, and the jurisdiction now numbers over 48,600 members.

The Foresters of America recently initiated a class of 1,400 candidates in New York city.

The Ladies of the Marquesses has made large gains in membership during the year 1908 and is in a most flourishing condition.

Do not eliminate the business idea in pushing the interests of the organization. Remember that business and fraternity form a combination that is hard to match.

The 1908 reports of the fraternal societies show that large gains in membership were made by many during the year.

Supreme Berlitz Charles E. Piper of the Royal League is pushing work in the auditorium in New Mexico.

No other Christmas Gift Can compare with the

Pianola

In any home where there is a Piano

THIS IS SHOWN BY THE INCREASING DEMAND FOR THESE INSTRUMENTS DURING THE HOLIDAY SEASON.

THE GIFT of a Pianola is a present to the entire family. Except from actual experience, no one can realize what a difference the Pianola makes in the use of the piano—in the pleasure of music.

Even where a piano is in frequent use (and most pianos are NOT) its enjoyment is immeasurably increased because with the Pianola so many more persons can produce the music—themselves—a pleasure entirely different from hearing other persons play.

The Metrostyle Pianola will enable anybody not only to play but to INTERPRET the works of the great composers.

A Kodak Makes A Merry Christmas

Pictures telling of past good times are treasures now. Present pleasures will soon belong to the past. Are you collecting pictures of the good times you are having now?

You enjoy pictures. So does your friend. Then get him a Kodak. It means the beginning of an enjoyment that is greater with time and is shared equally by old and young.

**Kodaks, \$5 up; Premo Cameras, \$3 up;
 Brownie Cameras, only \$1 up.**

Has your friend a Kodak already? Then get him a protecting side-leather carrying case for it, having both hand and shoulder straps.

Has he both these things? Then give him a tank developing machine, by which he can develop his own films in an ordinary room.

Among the other suggestions we can give are: Fine genuine seal-grain leather-covered albums in which to preserve and display his pictures; or an album to preserve and register his film negatives; or a portrait attachment enabling him to take large portraits with his Kodak.

Also an album made specially for displaying souvenir post-cards is the proper thing these days, and who among your friends has not a number of cards to start the album with?

PROGRESS REPORTED IN SAN FRANCISCO

Commercial Conditions Prosperous And Healthy

Secretary, House of the Peoples Committee has received the following letter from the Chamber of Commerce:

NEWSPAPER SOLD

Sacramento, Dec. 18.—E. A. Fortune has purchased the Record Union newspaper.

STEAMER SINKS SHIP

Dover, Dec. 17.—The British steamer Arlington Court collided with the Belgian ship Cape Judy yesterday in the English channel. There was a heavy fog at the time. The Belgian vessel was sunk and twelve of her crew perished.

TUNNEL UNDER SEA

London, Dec. 17.—A bill has been introduced into parliament empowering an Anglo-French company to tunnel under the English channel from Dover, England, to Sangatte, France. The estimated cost of the work will be eighty millions.

VISCOUNT AKIKI TALKS

New York, Dec. 17.—Viscount Akiki, the Japanese Ambassador, in a speech delivered here yesterday, pronounced the present situation as a dream of the peaceful. He declared that all talk of a war between the United States and Japan over the present differences is ridiculous.

CAPTAIN SUICIDES

Kingston, England, Dec. 17.—The German R. S. Princess Victoria Liner arrived last night at Port Royal. All the passengers were safely landed. Captain Brinewig, the commander of the vessel, committed suicide by shooting himself. The vessel was without a pilot at the time of the catastrophe.

to meet the growing increased demand for our capital in right conditions for purposes of developing the country and furthering its interests. This is because of the great increase in the value of land and buildings conditions are now more favorable than ever before. The Chamber of Commerce has done much to help the business community to meet the growing demand for our capital in right conditions.

Balmain recently raised £100,000.

HOT BATH, 5c

CASE OF A COW IS CONCLUDED AT LAST

The cow which has figured as the bone—or bones—of contention between Henry E. Cooper and Charles Bellina in the long drawn-out trial which was concluded yesterday before Judge Robinson and a jury, was a healthy cow when Bellina sold her to Cooper, was the conclusion of the jury.

Bellina sold the cow to Cooper last February. It was an unfortunate speculation for Cooper, for the cow died some time afterwards. Her complaint was add to live like Cooper did. He claimed it wanted his money back. He claimed that the cow had the disease when he bought her. He also claimed that there had never been any liver fluke on his place and therefore it was impossible that she should contract the disease after he became the owner of the animal.

The testimony of Dr. Rowat, the veterinary surgeon proved rather disturbing to Cooper. Rowat testified that for the past year and more he has been pasturing a cow of his own on Cooper's place. A couple of days ago the cow up and died.

Rowat made a post mortem examination and discovered that she had liver fluke. No other cause of death could be discovered.

It took the jury just seven minutes to return a verdict for the defendant. Cooper doesn't get his money back.

ACCIDENTAL DEATHS.

Verdicts of accidental drowning were returned last night by the coroner's juries investigating the cases of John A. Hansen and an unknown negro whose bodies were recovered from the harbor on Sunday. There was no identification of the negro and no evidence to show that the drowning was other than accidental.

Hansen, the marine off the transport Sherman, was a Canadian, having been born in Sarnia, Ontario.

LAST VIEW.

Although the Kilohana Art League exhibition closed on Saturday afternoon, it will be open to visitors this afternoon from 3:30 to 5. This will give an opportunity of seeing the pictures to those who have been unable to attend the exhibition in its set time. 4th-Captain Godfrey III.

Dr. Harold Pottie, connected with Pottie Bros. of Sydney, arrived in the Sonoma and will make a tour of the islands, investigating the pasture and forage plants. He is a veterinarian of the New South Wales Government, from which he has received a six-months leave of absence. Clarence W. Macfarlane, agent of Pottie Bros. here, has been urging this visit to Hawaii upon Dr. Pottie for years.

NERVOUS CHILDREN.

Let Parents Care Them by Taking Lessons From the Japanese. How many parents give any attention to their children's nervous? "A child is not supposed to have any nerves," I hear some one say.

No, it ought not to have any, but parents as a rule make it a present of some. There is nothing so easily communicated as nervousness. Even a tiny baby can absorb an irritable, restless disposition from its nurse if that person is a woman of jerky movements and changeable temper. Many a mother wonders where little Mary's peevish disposition comes from, but if she could hear her own sharp, rasping voice around the house she wouldn't wonder.

Oh, those voices that go through us like the rasping of a file! If they af-

fect us, how much more will they affect the sensitive ears of little children?

Really, American mothers might easily take lessons from the Japanese.

Japanese women are said to be exceptionally healthy and strong—stronger even than their men kind.

One reason why the Japanese woman is so healthy is because her nervous system has never been racked to pieces as a child. That health is largely dependent on peace of mind no one doubts nowadays, and the Japanese baby is brought up in an atmosphere of quiet simplicity and leisure. She is never roughly pulled around or hustled. No one screams at her or makes swift movements in her direction. She is dressed loosely and comfortably. She lives largely in the open air, for even in the house the windows are always wide open. Nothing conduces quicker to nervousness and irritability than the lack of plenty of fresh air, although few people seem to realize it. Her food, too, is simple and light, so that it is easily digested. She does not fret and cry because of the misery her poor little stomach is in.

BEATRICE MILLER.

THAT SMALL ROOM.

How to Furnish It Simply and Attractively.

Very often in the modern home there is a small room leading from the parlor or reception room. How to furnish this is sometimes a problem.

Why not adopt the idea suggested in the illustration and make a writing den of it?

A pretty desk and two chairs are the essentials. The satinwood secretary in the illustration is really a thing of

beauty.

BEATRICE MILLER.

MEXICAN DRAWNWORK.

There are hundreds of men and women who have not eaten a hearty meal for years. Their stomachs have "gone back" on them. In such cases the Bitters will be found very helpful. It strengthens the stomach and cures Dyspepsia, Indigestion, Poor Appetite, Heartburn, Bloating Cramps or Kidney Ills.
