Considerable interest attached to the speech at Derby of George Wyndham last evening because it had been semi-officially announced that the Parliamentary Under Secretary of State for War would outline the Government's proposal as to army reform. The chief points in the speech were that the home army should have a higher training instead of being regarded as merely a training ground for the supply of the foreign army and that greater opportunities should be given for cme maneuvers on an adequate war

Rumors are current this morning that the Marquis of Lansdowne, Secretary of State for War, will succeed Earl Cado-gan as Lord Lieutenant of Ireland.

Gibson Bowles, the eccentric comedian of the Unionist benches, followed this lead by increasing his majority in Kings Lynn by ninety-eight votes, while Wigan remained Unionist by almost the identical majority of 1806, and the

The Liberals were disconsolate until Sir Christopher Purness' remarkable victory in Hartlepeol was bulletined. This was the first gain on either side and it was emphasized by emphasized by a great majority. Sir Christopher Furness was Lord Charles Beresford's opponent at York. The warm question is whether Wilcox will be the choice of the party for Congress. While there is a split among the Independents, yet the Caribaldian has the whip hand, and, according to yesterday's outlook, had excellent chances of being nominated. Bob himself is "skeery." In the past few days the Democrats have been making him so many glittering offers and

urging so many propositions on him that his head is whirling. A big Independent mass meeting was scheduled for last evening in front of the drill shed. The rain, which came down in torrents during the afternoon, caused the leaders to change their minds about it, and word was sent abroad that the meeting would be postponed until the weather was not so alarming. However, the evening turned out free from rain and a number of natives presented themselves in front of the platform which had been erected opposite the entrance to the drill shed for the use of the speakers. One native, somewhat the worse for gin, took the platform on his own account and spouted to those gathered about of the evils which the other two parties would inflict on the Indepen Later on "Bob" Wilcox turned up with Kalauokalani, Robert Boyd and a few others. eign Office is unable to confirm the reports of the degradation of Prince Tuan, but the admission is made that there has been an improvement in the disposition of Chi-na toward foreigners. This change, the Berliner Post attributes to Count von Waldersee's arrival.

The Shanghal correspondent of the Frankfurter Zeitung and the correspondent of the Lokal Anzeiger confirm the issuance of imperial orders degrading Prince Tuan, but the Lokal Anzeiger adds that the edicts are regarded as a sham by foreign circles in Shanghal.

The Berliner Post has a long article which tends to exonerate the Chinese Government from responsibility for atrocities and makes concessions in favor of the Emperor, Empress and the mandarins, which are somewhat surprising when coming from a journal that has all along supported the German note. The article "No doubt the Chinese Government was forced by considerations of selfpreservation to yield to the all-powerful Boxers. So great was their hatred against foreigners that the Government feared annihilation if it resisted."

The papers generally do not discuss Emperor Kwang Hsu's letter to Emperor William, although the Lokal Anzeiger remarks that neither Germany nor the oth-er powers will be so easily satisfied. An army order just issued shows that Germany does not intend at present to reinforce her troops in China, but she will be prepared for all eventualities.

TUAN'S DEGRADATION. WASHINGTON, October L-Several impertant dispatches were received today from China. Generally they tend to confirm the events recorded Saturday. From Canton, Consul McWade reports the issue of the decree punishing Tuan and his colleagues, so that there is no longer doubt

as to the accuracy of Sheng's statement on that point. Conger also has received official notification of the Chinese Peace Commission, which was forecasted by Minister Wu's advices several days ago. Conger made no reference to the condemnatory decree, hence it is inferred that it was not issued when his dispatch was sent last Thursday. The text is as fol-

It is evident that the two viceroys mentioned are Liu Kun Yi, the Viceroy of Nanking, and Chang Chih Tung, the Viceroy of Wu Chang, the difference in spelling being in telegraphic transmission. There has been some question as to Yung Lu being a member of the com-mission, but Conger's report settles all

JAPAN IS VEXED.

YOKOHAMA, Sept. 14.-To say in pan is vexed over the present condition of affairs in Chins and her relegation to a subordinate position in the conduct of peace negotiations would but feebly express the state of public sentiment here. The encomiums of the foreign press and potentates on her military preparedness and prowess give this people no pleasure in the face of the fact that now, when she has earned the gratitude of the world by her work of rescue, her natural lead as an Oriental nation and as the one best qualified to treat with China is quietly ignored, while the attitude of some such power as Russia is alone deemed worthy of consideration.

of Prof. Haberty James, the first victim of the siege, were characteristic of the man. More beloved by the Chinese and better known to them than any other foreigner, except perhaps Sir Robert Hart, on the first day after the women and children sought refuge at the British legation he went out alone and unarmed to test his influence with the mob. Meeting them upon a bridge, he raised his hands to show that he was unarmed. The only answer of the mob was a volley, and he sank dead upon the spot.

ST. PETERSBURG, October 1.-The Official Messenger today declares the tenor the Governor's official communication in regard to Russia's tasks in the Far East clearly demonstrates "that the reports of the annexation of Manchuria are devoid of all foundation,"

RINGLEADERS WERE FLOGGED. HONGKONG, October 1.-The British zunboat Robin has shelled the village of Luk Lao, on the West river, in retaliation for the inhabitants firing on a British steamer. The ringleaders were afterward captured and flogged.

WASHINGTON, October 1.-The War epartment is in receipt of a cablegram om General Chaffee indicating that he had received instructions to withdraw most of the United States forces from Chine and had provided, in accordance with those instructions, for a Legation guard. The dispatch follows:

"Received Sept. 30th, via Taku.-Adju-tant General, Washington, Sept. 29th 30th cabled from Tien-Tsin. Received your numbers 42 and 43. The Ninth In-fantry, third squadron of Sixth Cavalry and a light battery will constitute the Legation guard. Shall endeavor to get all supplies to Tung Chow before the water falls. CHAFFEE." CHAFFEE." General Chaffee were those containing

his instructions to withdraw the American troops from Peking. The War Department has also received the following from General Chaffee:

"TAKU, Sept. 30.—Adjutant General, Washington: Health of the command good. Have accepted the invitation of the hospital ship Maine to transfer some of the convalescents to the hospital ship Relief, now repairing at Nagasaki. "CHAFFEE."

TUAN'S DOWNFALL CONFIRMED. WASHINGTON, Oct. 2.—The Chinese Minister has delivered to the State De-

dispatch:

"A cablegram received from Director General Sheng, at Shanghai, states that by Imperial edict, issued on September 25th, Prince Chwang, Prince Yih, secondary Princes Tsai-lien and Tsai-ying are in a few weeks be in operation.

GORDON HALL, IN TIEN-TSIN.

The fine structure which is here reproduced from a photograph is in strong contrast to the average building in Tien-Tsin. It is situated in what is known as the English concession and is used for municipal purposes. The building is named in honor of the famous English general who will always be known to history as "Chinese Gordon." Gordon Hall contains a fine large hall with galleries used for many public functions. The walls are decorated with magnificent embroideries, presented to the municipality by his excellency Li Hung Chang. Besides the municipal chambers the hall contains a good library and reading room, rivaling those of many important English and American towns.

••••••• deprived of all their respective ranks and offices: that Prince Tuan is deprived of office and is handed over to the Imperial clan court, which shall consult and decide upon a severe penalty, and his sal-ary is to be stopped; that Duke Tsai-lan and the president of the Censorate, Ying Nien, are handed over to the said board,

who shall consult and decide upon a severe penalty, and that Kang-yi, Assistant Grand Secretary and president of the Civil Board, and Cho-shu-chiao, president of the Board of Punishment, handed over to the Board of Censors, who shall consult and decide upon a penalty."

Minister Wu's information appears to put at rest all question as to the fall of the reactionary element, headed by Prince Tuan, and including the presidents of the Censorate and of the Board of Punishments. It shows, moreover, that the punishment of Tuan is more severe than heretofore reported, as he is removed from office-a fact not stated in the previous dispatches. The clan court is directed also to decide upon a "severe penalty," in addition to the loss of office, calary and servants.

The State Department received a dispatch from Minister Conger today an-nouncing the departure of the Russian Legation from Peking. Beyond this there was little additional bearing on the Chinese situation. It was stated officially that the reported French note to the powers regarded the opening of negotiations and permanent disarmament of the Chinese had been received. If it proves true that a note has been sent, it is said that the proposition for disarmament can hardly be considered with favor by this government, owing to the commercial standing and recognized sovereign au-

Chinese peace commissioners. The State Department is inclined now to think that he is not as culpable as the first reports indicated, but the authority of Minister Conger and Mr. Rockhill is such that if they learn he is an undesirable negotia-tor, they will be enabled to protest, al-though they have not acted so far upon the matter will come to an issue when the sufficiency of credentials is examin-

Miners Deman't That Other How the Lily of the North Concessions be Made To Them.

PHILADELPHIA, October 1.-The mine owners of the Wyoming, Lackawanna and Ohio regions to-day at a meeting at Wilkesbarre followed yesterday's action of the Reading Company in giving 10 per cent increase in wages. The company decided to reduce the price of powder from \$2.75 to \$1.50 at the Reading Company's mines for a long time.

The action of the Wilkesbarre meetlatter will earn an increase of about 10 per cent by reason of the reduced price of powder.

The meeting was attended by representatives of all the railroad companies which own mines in the region named. Some of the independent miners oppose this proposed increase unless the coal carriers reduce the tolls on their produce to tidewater.

The strikers show no indication of accepting the offer. None returned to work to-day at the Reading Company's collieries in response to the notice of higher wages, and in fact many who had been at work there quit and joined the ranks of the strikers.

SITUATION UNCHANGED. NEW YORK, Oct. 2.-At the offices of the various coal-carrying railroads here, it was said to-day that all the reports received indicated that the strike situation remained unchanged. None of the railway managers are willing to talk about the proposed visit of a delegation of independent mine operators to demand cheaper freight rates in case they should be obliged to grant a 10 per cent advance in wages. The 10 per cent proposition is bringing no miners back fire, water supply, parks, highways and

Piled up on a Reef on Black Island.

NEW YORK, Oct. 2.-Herbert L Bridgeman of Brooklyn has received letter from Russell W. Porter of Springfield, Vt., concerning the loss of the Peary relief schooner, the Lily of the North, which was briefly reported in a dispatch from St. Johns, N. F., per keg. The latter price has prevailed recently. Mr. Porter, who was the leader of the hunting party on the Peary steamship Diana in 1899, writes:

July 20th, with four passengers aboard, Cornelius Hawkins, Westhall Borden, of Fall River, my niece, Miss Marsh, and myself. We were five days getting to Sydney. Then my niece and I left them, returning to Boston.
"I received a few days ago a long

letter from Hawkins, who gave out the following news. The Lily had met calms, gales and headwinds all the way down the Labrador coast, and near Nain the party began to despair of getting to Jensen that summer. heard often the expression, a stock saying to Arctic veterans-that 'the oldest inhabitant had never seen such a seaon of ice.' So the sportsmen went inland hunting and returning in about a week found that the Lily had laid her bones a day or two previous on Black Island, thirty miles from Nain, had dragged her anchor in a gale and bumped her keel off and gone to pleces, losing most of her cargo.

"Now, just draw a picture of Jensen waiting at the Paffin land station for help and news of the busy world, and know his despair; another year facing him; no civilized food, no coal; in fact, keep alive. I think his case is now fairs should never have happened in the first place. Hawkins and Borden took the mail steamer and went on to Ramah, quite far north for the mail boats to go, within ninety miles of Cape Chidley, and returned to St. Johns

The Jensen referred to in the letter is in charge of a whaling station at Cape Mercy, in Baffin land, to which the Lily of the North was bound, and he is the only white man attached to will be no resumption of work without the place. The Peary expedition of 1897 oil and bone collected by Jensen, who in a storm the previous winter nearly perished. He was brought back to Boston, where he was restored to health, and the following summer he returned to the whaling station.

That opinion was not based on personal observation, as I had not been stationed at a military ion among line and medical officers of the army who have had ample opportunity to observe the effect of the army canteen upon the habits of our soldiers. I am obliged to admit that, from a practical point of view, it seems to have accomplished very desirable results in reducing the amount of drunkenness in the army and the disposition of soldiers to leave their stations for the purpose of obtaining spirituous liquors.'

WHY SOLDIERS' PANTS BAG AT THE KNEES

HE REASON the colored soldier's transers have a threadbare appearance around the knees has been made clear. It is his propensity for playing "craps," "7-11," or by whatever name the favorite game of the Afro-American is known. The colored soldier and his civilian brother as well has a palm that itches to throw the "bones," as he delights in calling the two little ivory dice which make and unmake his fortune.

Around the national colored game there has grown a superstition which fairly ranks with the Creole "hoodoo." The colored soldier has his ideas about the special qualities of a pair of dice, and usually manages to have at least half a dozen sets in his trousers, large and small pairs, and of various hues. During a game in which several of his countrymen are interested he quickly forms his superstitions as to the dice which are employed in the "throwing" process. Of one man's dice he will be as wary as if in them there was a something which would put his life in mortal danger, to say nothing of his soul. Arguments over certain sets of dice in use bring out all the humor in the negro race and the arguments used would electrify a member of Congress. Then another man's dice appeal to him as having a power for winning and he cannot keep his fingers off them, even

when another player is tossing them. Yesterday on the Pacific Mail wharf a miniature Monte Carlo was in full blast. To be sure, it was a Blackville Monte Carlo and the stakes were in propertion. It was difficult to thread a path under the sheds on account of the masses of men grouped in small circles wherein the dice were being "throwed" with all the eloquence which the darky uses when he calls for his favorite number. Money seemed plentiful. Crap games were the most numerous and probably the most profitable to many. Then there was the game of "Chuck-Luck," the old soldier's game. Poker, too, was indulged in, but this was too slow for the darkies who wanted to grow rich suddenly. At the time the Rio de Janeiro tied up to the wharf as many as files an arrangement of the property of the wharf as many as files and the respective of the wharf of the property of the property of the wharf of the property of the property of the wharf of the property of the propert tied up to the wharf as many as fifteen crap games were going on under one shed. Not only were the soldiers playing, but a goodly sprinkling of Hawaiians gave the games added interest-to the soldiers. But many of the latter found that the Hawaiians were quite as proficient as they, and many a soldier's pay is now resting in the capacious pockets of the native 'longshoremen.

Pope Pleased With American Government's Spirit of Liberty.

LONDON, Oct. 1 .- Archbishop Ireland, who has arrived here from Rome on his way to the United States, in an interview to-day is quoted as saying: "In one of the audiences which he granted me, the Pope said: 'We are well pleased with the relations of the American Government to the church in Cuba and the Philippines. The American Government gives proof of good will and exhibits a spirit of justice and respect for the liberty and rights of the church. You will thank in my name the President of the Republic for what is being done.'

"When I repeated to Cardinal Rampolla (the Papal Secretary of State) my interview with the Pope, the Cardinal declared such statements were what he personally believed and knew to be true, and that I was at liberty to repeat them to the American people. Furthermore, Cardinal Rampolla said that on no less than three different occasions petitions had been sent to the Vatican, in the name of the Filipino leaders, asking that direct, official relations be opened between them and the Vatican, but the Vatican had always refused to listen to such petitions out of consideration for the American Gov-

I am an enthusiastic member of the Independent Home Rule party, pure and simple. I was the first one to advocate the organization of an independent move-Weekly printed in the month of May of this year, before Robert Wilcox returned from Washington. These articles attracted the attention of the leaders of the translated by Mr. Kaulla into Hawaiian and published in the Aloha Alna and commanded profound attention among

movement was that the Hawalians were this winter. but children in American politics and therefore could not be intelligent Republicans or Democrats. The Independent organization, based upon the two great Hawalian societies, would hold the people together for their future political education. Secondly, there was a great duty to perform, namely, the punishment of the Dole government for its iniquities in depriving the natives of the soil, of their suffrage, unless, forsooth, they took an eath of allegiance to become citizens. I had always imagined Robert Wilcox as the aggressive leader in the Senate carry out this manifest duty, which the Hawalians owed to their self-respect. To my surprise, Wilcox aspired to be Delegate to Washington.

I had always dreamed that some one man might come to the front-Joe Carter was always in my mind-who would be the unanimous nominee of all parties as Delegate to Washington. I did not feel that the Independent party had any right interfere in national politics; that it had enough troubles at home to take care of. But Wilcox got a strong hold on the people, and I dropped out of sight. When the party was in distress and in debt to its employes, I came to its assistance by bringing the leaders in negotiation with a man with an innocent ax to grind, who was willing to put up. But more money could be raised because of Wilcox. I then set myself to bring about conditions which would appeal to Wilcox to retire for the sake of harmony and the good of his people, and enter the Senate. These conditions have been brought about. Half of the central com-mittee and a large part of Wilcox's constituents believe as I do. Last Friday evening I had a long talk

with Mr. Wilcox at his own home, I represented that if he succeeded in going to Washington he practically went to political oblivion, whereas at home in the Senate he could draw around him a large contingent of wealthy friends, which meant future success. He also agreed that the change would be in the interest of harmony and for the good of his people. He asked me to draw up a memo-

randa letter which would put him in the best light before the people and form the asis of his formal letter of resignation to the central committee of thirty. We then agreed upon the terms of the letter, which are as follows:

Delegate to Washington and stand instead for the Senate, provided, of course, that the Central Committee of the Independent party coincides with my views and is willing to accept my resignation and back me for the Senate In consideration of this action on my part, practically in obedience to the minority wing of the party, I shall expect you to raise sufficient funds, from friends of the party, to put us upon a sound financial basis for the campaign. I can give you until the day before the meeting of the convention of the Independent party to arrange matters, when, if satisfactory, I shall place my resignation before the central committee. Yours truly.

Washington, to the detriment of the gen-

eral ticket of the Independent party. I am surprised and chagrined at this state of affairs, but must accept it as a politi-

al condition. Therefore, in the interest

of party harmony, although I feel as

reasonably sure of election as possible, I am willing to resign as candidate for

MARY ANN EVANS WANTS A DIVORCE

She Says Her Husband Drinks and That She is Afraid of Him.

William Evans, whose domestic troubles have been aired more than once in the Police Court, was made the defendant in a suit for divorce brought yesterday in 3 the Circuit Court by his wife, Mary Ann Evans. After ten years of married life she now desires that the law sever the bends of matrimony between herself and husband. She wants an absolute divorce from the man whom she avers in her petition to Judge Humphreys has for the past year or so been gullty of extreme cruelty toward her. She says she is in mortal fear that while drunk he will kill her, and asks the protection of the court Ella K. From this doctrine I most respectfully dissent. My reasons for so doing are set out at length in the opinion of the Court in Ex Parte Edwards, and it will be unnecessary to repeat them here. However, as the dissenting opinion in the Edwards case is relied on as authority for denying the principal contention of the defendant in this case, I am con-strained to state that the authorities relied on, it seems, do not clearly support the contention claimed for them in such dissenting opinion."

Justice Galbraith goes on to cite from a dozen different authorities concerning this much-mooted question, all of which seem as much in favor of his contention as those cited for the opposite side favor their opinion. He concludes: "It clearly follows that the defendant having been convicted by the concurrence of only nine jurors, was denied his constitutional right of a trial by jury and that his conviction was illegal and void. A REVIEW OF THE CRICKET SEASON

Anderson was the Best With the Bat and Took Most of the Wickets.

The cricket season which terminated on Saturday was a short one, being of only five months' duration. It commenced in May and, in accordance with a resolution adopted at the last general meeting of the club, closed after five months of ac

Owing to the difficulty of finding opponents, only two matches against outsidrs were played, the club winning both o heae very easily. A team from the steamship Bloemfontein was beaten ive wickets and 129 runs and a sixteen

drawn from ships in port was vanquishd by 52 runs. The batting and bowling averages for he season show some interesting figures both being particularly creditable to the club. The excellence of the bowling statistics is accounted for by the accuracy

of the concrete pitch. R. Anderson heads the batting list with the astounding average of 84.6. An innirgs of 129 not out is mainly responsible for this, although Anderson's aggregate of 254 for five innings is far ahead of any ne else. The club is fortunate in having such batting talent at its disposal.

A. W. Bottomley, perhaps the most finshed but in Honolulu, comes next with Following closely is J. W. Harvey with 19.7, Pilaniala with 13.8, Cockburn with 10.4 and R. A. Jordan with 10.2, Harvey has recently resigned from the club, which is very regrettable, for he is an athushast and an expert in every departnent of the game.

Others whose names figure well up in le average list are D. W. Anderson, 9.8; H. B. Sinclair, 7.3; L. Parish, 6.8; A. R. Hatfield, 5.3, and L. G. Blackman, 5.2. Of the thirteen players whose averages have been compiled, the names of four only appear in the batting list of the season of 1897-1898; these are A. R. Hatfield, 7.6; R. A. Jordan, 2.3; Donald Ross. 4.5, and S. Woods, 1.7.

The season of 1898-1899 lasted twenty months and over thirty matches were played. During the season of 1899-1900 welve matches were played.

It is to be hoped that interest in local cricket will speedily be revived. There is sufficient material in town to put a team in the field, capable of holding its own against anything that is liable to happen along. The trouble is that with all possible facilities afforded, the men won't practice, and until this difficulty is overcome the outlook for cricket is the reverse of

A number of Japanese were hired to assist in the transfer, and it fell to their let to wield the spade and pick and do the heavy labor leading up to the uncovering of the caskets and bringing them up to the surface of the ground. They opened the caskets, removed the bodies, transferred them to new caskets, sealed them up again tightly, boxed them in redwood outer cases and the box.

Yesterday morning certain of the Japanese began to wish they had not undertaken their jobs. From some of the caskets an odor came which caused them to turn their heads away, and finally they announced they would not work any longer. entered the harbor yesterday and tied up to the Pacific Mail wharf about 5:30 p. m. Although sighted early in the afternoon the vessel made slow progress around Koko Head and opposite Waikiki. The heavy rain almost hid the vessel from the view of the crowd upon the Pacific Mail wharf until she was about opposite the channel. The tug Eleu went out to meet the Rio and the tug came as far as the channel. The Fearless pushed the vessel into position at the wharf. Ten days' mail vas brought to Honolulu and 200 tons But one first-class passenger was booked for the Rio to continue on the voyage from Honolulu. She is scheduled to sail at 10 o'clock this morning.

YESTERDAY A BUSY ONE.

Yesterday was one of the busiest days the waterfront has seen. With nearly a dozen small steamer craft entering and leaving the harbor, two passenger list, there was plenty of excitement for the Customs House men and the exporters. The waterfront was alive from one end to the other. The transport Hancock is coaling rapidly from both sides and will be ready to depart Thursday. The weekly steamers for Hawaii and Maui got away and several smaller ones carried away quite a number of passengers. The rain durthe vicinity of the wharves into quagmires and much freight was wetted in consequence.

MUST USE STAMPED ENVELOPES. Residents who have been in the habit just before they sail to deposit sundry letters with the purser in lieu of placing them in the post office, are meetbrought letters in envelopes on which stamps had been affixed. The steamer people decline to receive them. The reason is asked why this precaution is taken. It is this: Many people receiving such letters steam the stamps off the envelopes and make use of them a second time. The person receiving this letter could remove the stamps in the same manner and so on until they showed evidences of mutilation. On the steamers the pursers not being mail clerks do not cancel the stamps and thus their value is not destroyed.

OPPRESSIVE HEAT ON NAVAL WHARF.

Along the new Naval wharf at the end of Richards street complaints were many yesterday on account of the new asphaltum pavement which is being laid on the wooden surface. The heat which was high up in the 80's all day seemed to find a special receptacle in asphaltum and reflected back enough heat to run a baker's oven. Persons standing on the pavement or nearby found the heat unbearable. On the decks of the Hancock the heat was aboard to the electric fans and the cold storage rooms in the hold. The heat business streets. If the asphaltum pavement tends to reffect more heat than the macadamized pavements, those preferring the latter pavement can find a red hot argument on the Naval wharf.

PASSENGERS FOR PEKING.

Following is the list of passengers booked for the city of Peking for San Francisco: A. McNally, Mrs. L. W. Wright, Mrs. H. Wilder Craft, Mr. W. Palache, W. T. BOSTON SHIP BURNED AT SEA. NEW YORK, October 1.-The board of underwriters received a cablegram from Montevideo today saying that the ship P. N. Blanchard of Boston, Captain Courtney, from Baltimore, April 6th, for San Francisco, had been burn-

ed at sea and was a total loss. Her crew were safe at the Falkland Islands, MOANA SAILS THURSDAY.

SAN FRANCISCO, October 1 .- The Oceanic steamer Moana, which was scheduled to sail to-morrow night at 8 o'clock for Sydney, via Honolulu, Apla and Auckland, with the English mails, will not sail until the same hour Thursday night, owing to a delay in the arrival of the mails. They were brought across the Atlantic by the Cunarder Campania, which reached New York last Sunday morning about twelve hours late as a result of freight and a full list of passengers.

JUSTIN FOR HONOLULU.

SAN FRANCISCO, October 1 .- At 1 o'clock this afternoon the Pacific Mail steamer Rio de Janeiro will sail for Honolulu, Yokohama, Nagasaki, Shanghai and Hongkong with a full cargo of freight and the usual number of passengers. Chief Officer Johnson, who has been on a vacation, will go out in the steamer, and Chief Officer Sandberg, who has been taking his place, will return to the City of Para, Freight Clerk Herdman has been transferred from the Rio to the Barracouta. The engines of the latter vessel are being overhauled. She will be ready to sail of freight. The passenger list was an for Panama by Friday. SAN FRANCISCO, October 2.-Friday last the John G. North arrived from Honoipu and reported passing a broken mast in an upright position on September 25 in latitude 36 degrees 37 minutes north, longitude 123 degrees west. The captain's opinion was that the wreck sailing vessels off for the Coast, and was either the mast of a small vessel the Rio Janeiro coming in with a big or the topmast of a square-rigger, with yards and hamper below water.

On September 22 the schooner Daisy Rowe left here for Grays Harbor. She was caught in the heavy gale that nearly wrecked the Flintshire and was driven south. On Monday, September 24, her mainmast went by the board, and she has been ever since beating her way back to San Francisco. The Mail twenty-five miles southeast by south of a number of passengers. The rain dur-ing the afternoon turned the streets in none was required. The mast seen by the crew of the John G. North was undoubtedly the one blown out of the Daisy Rowe.

GOLD ON THE HANCOCK.

SAN FRANCISCO, October 2.-Seven companies of colored troops belonging of rushing down to the Island steamers to the Twenty-fourth and Twenty-fifth regiments, in addition to 100 marines and other passengers, were taken by the transport Hancock sailing yesterday for Manila, via Honolulu and ing with ill success. The transport dock was filled with friends and relatives of the troops, and of the other passengers. Major General Shafter inspected the Hancock before she sailed.

COPTIC'S EXPERIENCE,

SAN FRANCISCO, October 2.-Dr. Kinyoun, federal quarantine officer, came in for a deal of indignant criticism at the hands of the passengers who landed from the steamer Coptic yesterday. For some time past passengers on incoming steamers have accused the quarantine authorities of needless brutality and outrageous indelicacy in the performance of their duties, and it has been openly charged by many that Kinyoun's methods were having the effect, designedly or unintentionally as the case may be, of driving business away from the port of San Francisco.

The experience of the Coptic's pasengers was not dissimilar from that of other passengers from foreign ports who have landed from incoming steamers during the past several weeks, and a number of them protested vigorously yesterday against what they declared to be a high-handed proceeding unprecedented and unheard of before in a civilized country.

PACIFIC MAIL CHANGES.

SAN FRANCISCO, October 2.-Some weeping changes are contemplated at the Mail dock. With the advent of the new steamers now building at Newport News the Occidental and Oriental vessels and those of the Toyo Kisen Kaisha will move to Long wharf, Oakland, From that time on Oakland will be the port of entry and clearance of these companies' steam-

With the advent of its ocean flyers the Mail Company intends giving battle to the Kosmos line. It will run three of its Panama steamers as far south as Valparaiso and will, if the service warrants, continue on to London, Havre and Antwerp. A regular steamer is to be put on between here and Manila and still another will connect for Port Arthur and Vladivostok. The main fight which the Mail Company has on its hands, however, is with the Kosmos line, and every effort will be made to crush out that opposi-

MAIL STEAMER DELAYED. SAN FRANCISCO, October 2.-The Oceanic Mail Company's Moana will not get away on her trip to Australasian ports before Thursday night. The Cam-pania, which brought the mails from Ergland, was delayed by fog and did not reach New York, until the 30th ult. In consequence the mail will not get here until Thursday afternoon and the Moana has to wait for it.

NOTES.

O. S. S. Moana is due today from the Colonies. Miss Alice Miller will continue her voyage to Japan on the Rio today.

S. Alameda, from the Colonies, is scheduled to sail on Friday for the Coast. The Star's waterfront reporter, George Henshall, went to Hilo on the Kinau yes-

terday on a vacation trip. P. M. S. S. City of Peking was due to arrive last night from the Orient. Heavy head winds are probably the cause of her

delay. Collector of Customs Stackable flew the Revenue flag over the Custom house yesterday together with the national ensign. He also has ready for service Revenue beat and storm flags.

The Rio de Janeiro at 1 o'clock p. m. October 9 passed the American bark Quickstep, bound from Hilo for Puget Sound, in latitude 21 degrees 30 minutes north, longitude 157.07 north.

As a result of a test made in San Francisco upon some tea which was consigned to local importers from Japan, twenty cases of the stimulant were burned Monday in the Lucas planing mill furnace. The testers stated in a communication to Justin sailed yesterday in command of Collector Stackable that the tea was not ip to the standard.

Indiana Coal Mine on Fire.

EVANSVILLE, (Ind.), October 1 .-The Sunnyside coal mine in this city. The Hamburg-American steamer the largest coal mine in Southern In-Frankfurt, for which Grace & Co. are diana, is on fire, and it is feared the euagents, has been turned over to the tire mine will be destroyed. The value Union Iron Works to be altered to car- of the mine is estimated at \$200,000.

With the Change in **Tariff**

Comes a sweeping reduction in the price of all goods of American manufacture.

We have cut on every piece of lewelry and silverware in the house, and you will be surprised at the great difference from former prices. No fear of comparisons here, where quality and pattern are considerations.

What do you think of full-sized solid silver teaspoons being reduced to \$8.00 a dozen, with engraving thrown in, and all articles of silverware reduced in like proportion.

These are by no means catch prices, but regular prices which will prevail here from now on, on all the different lines of goods from the States. While reducing all our Ameri-

can goods we have not changed the prices on any of our European potteries, glass and chinaware, and although the present cost is forty per cent more than formerly, while out present very large stock lasts we will sell at the old rates. This is a very large saving to you, and we recommend that

Ten minutes before the hour for closing a question arose that was one of the most knotty ones that the Board has had brought before it. A man had retained his position and it was as soon as he had paid a visit to friends and relatives in California.

"But did you retain a residence in Mr. Andrews.

"No, I am afraid I did not," said Aa-

WERE PLAYING FAN-TAN

Charles Coney Had to Pay Six Dollars and Costs--George Assessed.

In forty-eight cases presented in yesterday's Police Court thirty-one children of the Flowery Kingdom figured as defendants, and the court room looked like the sittingroom of a Maunakea street hotel before the plague. The simple Celestials had offended chiefly in matters of opium, affray and gambling, the latter eyed devotees of the diverting game of

They were of all ages, sizes, descriptions and varying degrees of cleanliness, and when they lined up they presented a cene through.

The batch was captured during the progress of a game of fan-tan over the store of Kee Chong, on Hotel street. All pleaded guilty, taking chances that His Honor was in pleasant humor. In this they reckoned without their

"You admit you were all playing fan-tan," said the Judge. "You were violat-ing the law, and I don't see why you should receive different treatment from the white men who were fined here yesterday. I fine you ten dollars and costs We must treat every one alike. Otherwise, we should have people running around and kicking about the unjust discrimination against poor white gamblers."

The collection smiled sardonically and "dug up."

Susuki, like Jehu the son of Nimshi,

whose record is printed in Holy Writ, drove furiously, also, as the evidence went to show, heedlessly.

"Hackmen do not own the road," said His Honor. "Pedestrians have a perfect right to be on the street. It is the hackmay cause you to change your mind."

Joe Rosa left his horse unattended.

"That was a very wrong thing to do," remarked Judge Wilcox. "Some of these sober, sedate old hack horses at times develop a surprising turn of speed. Why, that horse of yours might have run as far as Kawaiahao Church while you were biting off a chew of tobacco."

"Oh my! how some of them can go!" reflected the Judge reminiscently. "I reprimand you," he concluded. "Go buy a hitching rope!"

Charles Coney got drunk and assaulted his wife. Judge Wilcox imposed a fine of \$6 and costs, saying that he was willassault appeared to be the proper place to

draw it.

The conduct of the lady in the case did not appear to be altogether without reproach and His Honor, gazing upon her charms, observed that blonde hair in a voman generally denoted temper. (The ady was a native!)

Matthew Ness appeared in the-to himnew role of complainant. His grievance was against Rovan George, whom he al-leges knocked him down and kicked him. Mr. George is the gentleman who recent cleaned out the crew of the Fort
