EDITION

It requires but a small thing to put the average man or woman on a "frying pan." The loss of a good clerk, a good customer, a good tenant, a pocket book, a servant—any one of these losses is enough; and then it is a case of "nerves," and irritation and fuss and fury until relief comes. The Bulletin want ad. habit cures the frying pan habit.

HONOLULU, TERRITORY OF HAWAII, MONDAY, OCTOBER 30, 1905

POLLITZ SELLS HIS HONOKAA

When Broker Edward Pollitz arrived in Honolulu on his usual vacation he responded to the query of a Bulletin reporter that he did not know anything about anything special doing in Honokaa, in which plantation he has been a leading factor.

Just before Mr. Pollitz left for San Francisco he let it be known that he had sold, through his brokers, the Henry Waterhouse Trust Company, his entire holdings in the Honokaa sugar plantation, involving all told something less than 10,000 shares, at a price between \$15. and \$16. a share. Thus it is apparent that Mr. Pollitz, as usual, included business with the pleasure of his trip to the islands.

Pollitz originally purchased Honokaa at \$250. a share under the old capitalization, which was equivalent to \$25. a share under the present capital and division at \$20. a share. Later he secured another large block at \$285. before putting it on the San Francisco market at \$350. or \$35. a share.

There has been general talk along the street for some days past of a large block of Honokaa changing hands. Mr. Pollitz talked freely of it to his intimates and seemed satisfied with the results. When the Henry Waterhouse Company President, R. W. Shingle, was seen he admitted that he had sold Mr. Pollitz' holdings and Harry Armitage was the broker with whom he dealt.

The presumption along the street has been that F. A. Schaefer was the purchaser, as his house has successfully acted as the agents for the plantation for many years. The deal, involving in the vicinity of \$150,000., is one of the largest stock deals of the year, and brings more of a very good stock back to the local field of investment.

At a recent meeting of the directors the dividend of the plantation was cut, presumably on account of the fall in the price of sugar. The stock, however, remains one of the most popular on the market and it is reported that improvements are contemplated that will enable speedier handling of the good crops the property turns out.

When seen by a Bulletin reporter Mr. Schaefer admitted that he had purchased a number of shares of stock in the Honokaa plantation from Edward Pollitz. "It has been agreed," said Mr. Schaefer, "that the number of shares in the transaction will not be given out."

He was asked about the price paid. "And that's another thing not for the public," Mr. Schaefer replied.

Further, he stated that he did not have a controlling interest in the plantation, nor was he aware whether Mr. Pollitz had disposed of all his stock.

After completing the deal last week, Mr. Pollitz left for his headquarters in San Francisco on the S. S. Mongolia.

Will Reclaim Reef Beyond Naval Reservation For Army Purposes

MAY RAISE QUARANTINE ISLAND

That portion of the United States territorial park, for the United States War Naval reservation which extends to the reef, where the South Sea Islanders once dwelt at ease in mansions of kero-sene tins and drift-wood, whose sense the Territory has dreamed of as a beautiful marine park, providing the Federal Government would turn it over to Hawaii, will never be a Terri-

PROMOTER WOOD ON PROSPECTS

TO BUILD NEW BOAT FOR TRAVELLERS TO HILO AND VOLCANO

KINAU WILL TAKE THE KAUAI RUN

A new inter-island steamer is to be built for the Hilo and Volcano run. The vessel will be larger, faster and be able to accommodate many more passengers than the present flagship of the Inter-Island Steam Navigation Company, the popular and ever reliable Kinau.

While the plans and specifications have not yet been prepared, the building of a new boat is seriously contemplated and the matter will be material for consideration at the next meeting of the directors of the company.

For some time the local steamer people have realized that quicker service was needed on the Hilo run.

Tourists naturally want to spend as much time as possible in viewing the interesting little town and taking in the wonders of the Volcano. With the Kinau service, Honolulu is left at noon on Tuesdays and Hilo is not reached until Wednesday afternoon. It is planned, with the new boat, to leave Honolulu at noon or 1 o'clock every Tuesday and reach Hilo before 7 o'clock on the following morning. Then the new and faster boat will not have to sail as early as the Kinau does now from Hilo in order to make Honolulu Saturday morning. All this time saved will mean added delights for tourists.

The Inter-Island's new steamboat will be a vessel of about 1500 tons. The Kinau is a boat of 900 tons. The contemplated vessel will have a speed of at least fifteen knots. It is said that she will be modeled somewhat on the lines of the Coast steamer Pomona, running from San Francisco to San Diego.

Honolulu harbor, and it is intended to reclaim as far as possible out on the reef away beyond where the South Sea Islanders once had their habitation. In addition to this, it is probable that Quarantine Island, which is bulkheaded and ready for the pumping in of the harbor dredgings, will be reclaimed and the many low-lying portions, beneath sea level, raised so that the entire island will be high and dry.

Speaking on the subject of the getting to work of the big dredge Pacific on harbor improvement work, Lieutenant Slattery said this morning:

"We are of course going to reclaim the naval reservation, but we are going beyond filling in the present stretch above water and intend to reclaim as far as we can out on the reef—the farther the better. The Territory has talked of wanting the property turned over to it for conversion into a marine park, but while the place will one day be made beautiful, it will never be a Territorial park, for even if the navy was willing to give up the reservation, the army has important, very important plans, all completed."

The new boat will be built on the Coast, probably by the Union Iron Works, and will be in commission here by June of next year. In time for one of the busiest Volcano trip seasons.

The Kinau will then probably be put on the Kauai run. Kauai has long needed a larger boat. While the Kinau will be a little larger than the Garden Isle actually needs, the placing of the Kinau on that route seems to be the best arrangement that can be made, since the present flagship is not big enough for the Hawaii route.

One thing that has long bothered Kinau passengers is the stopping of the vessel at Laupahoehoe. Laupahoehoe is in the mail contracts, however, and has to be put up with. In the winter time the weather is often so rough that the Kinau has to pass Laupahoehoe and deliver the mail, for that distributing point, at Hilo, 28 miles distant. It is seldom that passengers have any use for Laupahoehoe and this point of call is a great hindrance in the popular tourist trip. The Inter-Island people have frequently been urged to cut out Laupahoehoe on this run, but have to abide by the mail contract.

It is hoped that when the new boat is ready for service some arrangement will be made whereby Laupahoehoe can be dropped.

It is certain that the directors will take early steps to arrange for the addition to the fleet of the I. I. S. N. Co. and next summer folks visiting the Volcano and Hilo will enjoy more time at Hawaii's greatest wonder-spot.

Pleas of not guilty have been entered by Joseph Boyd and H. E. Jones, mates of the ship Mango Reva, who are charged with assault and battery on sailors.

J. C. Austin of the government nursery this afternoon appeared as a witness in the Parker Ranch case. His testimony was relative to the raising of hogs and cultivation of various crops.

(Continued on Page 4.)

Mr. McAshley of the Weather Bureau, Mrs. Wood and myself and Mr. and Mrs. Mullen of the Palace Hotel of San Francisco, and others, visited the Kilauea crater on horseback and found the scene most fascinating. One cone was quite active. This cone is about 29 feet in diameter and the lava was running about 100 feet. On our return, about 10 o'clock at night, Lycurgus met us with a delightful surprise. He came out with steaks, bacon and coffee and cooked up a fine dinner.

HAMILTON GIVES UP DEFENSE AND PLEADS GUILTY

Considerable surprise was created in Judge Dole's court this afternoon when Hamilton, the soldier charged with counterfeiting, entered a plea of guilty. Throughout the forenoon Hamilton had conducted his own defense, cross-examining witnesses E. I. Spaulding of Spreckels bank and Cooper, a soldier accomplice.

It was probably the strong testimony which the latter gave in favor of the prosecution, which made Hamilton realize that his defense was futile and caused him to throw up the sponge. At least shortly before 2 p. m. he approached Assistant District Attorney Dunne, who conducted the prosecution, with his proposition to plead guilty.

The consequence was that when the court re-opened this afternoon after the noon recess, Hamilton asked to withdraw his plea of not guilty to the second count of his indictment and enter a plea of guilty in its place. This count charges Hamilton with having counterfeited coins in his possession. Dunne entered a nolle prosequi in the first count, wherein Hamilton is charged with making the coins. Sentence

PORCELA is the only preparation made exclusively for cleaning and polishing porcelain enameled bath tubs, lavatories, sinks, closets and other plumbing.

Unfortunately, there are a number of cleaning preparations, advertised to clean enameled plumbing fixtures, but most of these preparations are untrue to their purpose, for they contain grit, acid or flint, and clean principally by removing the surface from the fixtures to which they are applied and in a very short time the fixtures are ruined.

JAVAS AND CUBAN SUGARS COM-
ING INTO MARKET — LIGHT'S
REPORT ON EUROPEAN
BEET CROPS.

Willett & Gray's sugar journal for Oct. 12 speaks as follows of the sugar market:

RAWS.—The market during the week under review has been dull and, for the greater part of the time, no business has been possible. Spot quotations remain practically unchanged, basis 3½¢, for 96 deg. test, at which some Mexican sugars in store were placed.

The principal buyers have been withdrawn because of their heavy receipts recently, making it a physical impossibility to handle further supplies at the moment. Receipts at the U. S. four ports amounted to 61,458 tons, including eight cargoes of Java, aggregating 41,637 tons, while the meltings were reduced to 46,000 tons.

Cuban holders made but little effort to force their sugars on unwilling buyers, and they were generally asking 2½¢, c. and f. for 96 deg. test, but it is reported that several of the largest holders disposed of the balance of their stocks in the island, say about 75,000 bags Centrifugals, at 2.22¢, c. and f. basis, 96 deg. test, equal to about 3½¢, landed for 96 deg. test. It is thought that the purchasers were Arbuckle Bros.

Three unsold cargoes of Java sugars arrived at the Breakwater, and another one nearly due, were on the market for several days without finding buyers, but two of them were finally placed with the Federal refinery on private terms, understood to be 98, or 98, 1½¢, c. l. f., equal to 3.64 to 3.67¢, landed for 96 deg. test.

The last price paid for Javas on the spot was 3 11-16¢, a fortnight ago.

It is expected that the remaining two cargoes in port will be stored by the owners.

In considering the question of supply and demand for the remainder of the calendar year, we estimate that the refiners will be able to draw on the following: Refiners' stocks 165,000 tons, Importers' stocks 65,000 tons, Javas about 145,000 tons, Cuba stocks 156,000 tons, various 50,000 tons, or a total of 581,000 tons, less such quantity as may be carried over to next year by tenacious holders, while the requirements for melting, based on last year's figures, may be estimated at 580,000 tons. After January 1st next the new Cuba and Brazil crops should be available in quantity sufficient for needs.

Louisiana crop reports continue unfavorable, and the harvesting will be late in beginning. No one can yet closely estimate the outturn, but the indications point to less than 350,000 long tons.

The latest official weather reports from Cuba show a deficiency of rain in a few scattered localities but, generally, the new crop promises well.

On the European markets Beet fluctuated narrowly, closing unchanged for the week, while cane sugars declined 4½¢.

The parity of Beet quotations is 3.82¢, for Centrifugals, or about .20¢ above the value here.

There are no indications of an improvement in the market for raws unless the demand for refined increases. **REFINED.**—The market remains practically unchanged, basis of 4.00¢, less 1 per cent, cash for Granulated, which is the actual selling price named by all refiners for prompt shipment. Arbuckle asks 5 points higher for delayed shipments.

Since the freight rates advanced on the 7th inst. to basis of 25¢, to Chicago and 45¢, to the Missouri River by all rail, the demand has been much smaller and confined, principally, to local points, enabling refiners to make progress in catching up with their orders, but all of them still report over-sales.

Eastern refiners are now feeling the competition of domestic beet sugars which is now offering in the west on the usual basis of 10 points below the parity of New York quotation.

In Michigan two factories have begun operations, two more will follow this week and slicing of beets will be general next week.

Further west Colorado, Utah and Idaho factories are at work, while the California product has been on the market for two months.

There are no special indications of immediate change in prices, but buyers see no reason for anticipating their wants.

VISIBLE SUPPLY.—Total stock of Europe and America, 1,017,465 tons, against 1,177,380 tons last year at the same uneven dates and 2,756,298 tons

Rats Completely Annihilated.

It needs but a few months' more use of Stearns' Electric Rat and Roach Paste to completely free the city from the rats and mice with which it was afflicted a year or so ago. Stearns' Paste has been used quite freely in the best residences and in many stores. In all these places there are today no rats, mice or cockroaches. This Paste drives the rats and mice out of the house to die, and can be depended upon to rid the home of these pests. It is a sure death and gives universal satisfaction. Dealers generally have the Paste for sale, or it will be sent, express prepaid on receipt of price, by the Stearns' Electric Paste Co., Tribune Building, Chicago, Ill. Small size, 25¢; Hotel size, eight times the quantity, \$1.00.

at the even date of Jan. 1st, 1905. The decrease of stock is 156,915 tons, against a decrease of 198,210 tons last year, and a decrease of 1,095,749 tons January 1st, 1905. Total stocks and floats, together, show a visible supply of 1,227,465 tons, against 1,515,380 tons last year.

EUROPEAN BEET CROP.—Mr. F. O. Light cables us specially from Magdeburg, October 6, 1905: "The weather is unfavorable for the growing crop. The weather is unfavorable for field work."

October 10, 1905: "Weather is unfavorable for crop work."

Denver, Col., Oct. 19.—"We will not spend another dollar in Colorado until we discover what effect the importation of Philippine sugar, if it is imported will have on the situation."

That is the positive statement of H. O. Havemeyer, president of the sugar trust, who, with Colorado sugar makers, left this morning on a tour of inspection of the sugar plants of the State.

"We have discovered through the report of Aaron Grove that sugar can be raised in the Philippines and laid down in the port of New York at 1 cent a pound. We can't compete with that sort of thing," said C. S. Morey of the Great Western Sugar Company.

Here are some of the facts that Havemeyer asks the citizens of the State to ponder over: "The average wage for the common laborer on American sugar beet farms is \$1.50 to \$2.50 a day. The average wage on the Philippines sugar plantations is 80 cents a week, Mexican money, and a supply of rice, or 6 cents, United States currency a day and rice."

BUSY HOTEL CLERK IN 'FRISCO EXPLAINS BY MAIL

W. A. Whitney, division superintendent of the Union Pacific lines at Cheyenne, Wyo., who is here for his health, received a letter by the mail on the Coyle that he had been looking for. The day Mr. Whitney left San Francisco on the Sonoma for Honolulu, while in his room at the St. Francis Hotel, he was notified over the telephone by the clerk that there was some money—\$125—at the office for him. It had come by Wells, Fargo Express. Mr. Whitney went to the clerk, was handed the money and requested an explanation as to where and who it was from. "I know nothing about that," the clerk told Mr. Whitney, "and as the Sonoma and the Korea sail to-day I am unusually busy." Mr. Whitney again requested an explanation but Mr. Clerk was too rushed and "guessed he knew his business." Mr. Whitney paid his bill, and left his Honolulu address. The letter received Saturday was from the hotel clerk, the young man who knew it all. And it was a nice letter—the kind we all like to get—and full of apologies with assurances that a big mistake had been made and would Mr. Whitney please return that \$125. The money was for H. A. Whitcomb, another guest at the St. Francis. Mr. Whitney does not return to the Coast until November 28th and is wondering whether he would be best to keep the clerk guessing awhile or send it by the next mail with a little note of advice: "An early explanation is better than a late apology."

TREE ROOTS ABOUT TO BLOCK SIDEWALK

A large poinciana tree on the east side of the left hand entrance of the driveway to the Royal Hawaiian Hotel has grown to such an extent during the past few years that its roots have come up out of the ground and pushed a cement wall nearly two feet out onto the sidewalk. The fence weighs perhaps a ton. The wall has an iron fence on top and by the gradual growth of the tree has been cracked several places. Just where the fence is steadily shoved upon the walk stands a telegraph pole. If the roots continue to move the wall from its position it will only be a matter of a few years until the sidewalk will be blocked completely. Pedestrians will then be compelled to walk around the telegraph pole into the street. The tree that has grown against the wall is a large and beautiful specimen and was planted perhaps 30 or 40 years ago.

RIDGWAY WON'T RETURN

Hilo, October 26.—Thomas C. Ridgway, for several years a sojourner in Hilo, where he has been associated with his brother, J. Castle Ridgway, in the practice of law, has written friends that he will not return to Hawaii having received several advantageous offers to engage in the practice of his profession in Los Angeles. Mr. Ridgway was popular in society and was one of the leaders in the days when cotillions were frequent. He will be missed by society folk as well as by his lodge for he is Master of Kilauea Lodge No. 230, F. and A. M., having passed all of the chairs and reaching his present exalted office in December last year. He is at present in Los Angeles.—Herald.

The grass has to be hoed out of the path leading to the church, but not so the path leading to the saloon.

A little vanity is a good thing. Every woman should try, at all times, to look her very best. But it certainly must be discouraging to have your mirror tell you that your hair is gray when you are only thirty or fifty! Gray hair adds twenty years to the age. Why not look as young as you are, or even younger?

Ayer's Hair Vigor

Always restores color to gray hair, always. Brings back all the deep, rich, beautiful color of early youth. Perhaps the color of your hair suits you, but you are losing the hair itself. You are threatened with thin hair, rough hair, scraggly hair. Your hair seems weak, not well nourished. Then give Ayer's Hair Vigor, a true hair-food. It stops falling hair, makes the hair grow, and keeps it soft and silky.

FORGOT THE HEAT

W. A. Whitney, of Cheyenne, Wyo., who is here on a visit, and R. W. Breckons, United States District Attorney, are old friends. Mr. Breckons formerly lived in Wyoming. Mr. Whitney is a railroad man, being division superintendent of the Union Pacific. The other evening the two were at dinner and Mr. Whitney was looking over some mail just arrived. Mr. Breckons had been complaining of the heat and was continuing to do so. At the same time Mr. Whitney opened a letter from his chief clerk at Cheyenne in which he told of the first snow storm of the winter having begun that day. Both were cooled off by the comparison and ate a hearty dinner, forgetting the warm weather.

ENLARGE THE CHURCH

Hilo, October 26.—Under the direction of Father Wendelin the Catholic church will be enlarged and beautified. The structure was put up in 1857 and was built by the Catholic missionaries who were here at the time. It is said that in the original structure not a nail was used, all of the timbers being held together by wooden pegs. It is the intention of the Father to put a gallery on either side of the church for the accommodation of the constantly increasing membership of the church.—Herald.

Philadelphia, Oct. 18.—Because of his stand against race suicide, President Roosevelt will be asked by the Woman's Club of Philadelphia to suggest a remedy for the increasing number of runaway husbands. The women believe the two problems should be considered together.

The question was brought up at a meeting of the club by Dr. Rachel Skidelsky, who said the increasing number of husbands deserting their wives was a proper subject for alarm. "We ought to send an appeal to President Roosevelt," Dr. Skidelsky said. "He is the one who wants the family enlarged and he is the one who ought to advise the association how to keep husbands at home."

The PERFECT Light

Electricity is convenient, economical. It is the light of the twentieth century. Everyone who thinks, and that means everyone who reads, should have Electric Light in their home. There is a mistaken notion among some that electricity is essentially a commercial light, a light for the office or store, but obviously it is equally well adapted for the home—for the hall, the bedroom, the library—for every room in the house down to the kitchen.

Disruptive failures take as naturally
to knocking as swine to the garbage.

Russia's crisis might be settled by
extinguishing a majority of its Grand Dukes.

Hungary is not the only place in the
world that has fought universal suf-
frage and secured universal distrust
as a result.

When an autocrat is in doubt whether
his government is stout or horse-
back, why should it not appear that he
lacks decision?

Trust the Knocker to view with sat-
isfaction any incident that may serve
to injure the town or impede the traf-
fic of the port.

The dispatch telling of Cossacks' re-
fusal to fire on workmen has all the
points of a fake. A Cossack with a
heart would be a discovery.

Russian prisoners headed for home
have little occasion for pleasure be-
yond the fact that home is home whether
the mob rules or not.

Mutiny of the crew of a Russian
cruiser in American waters would in-
sure immediate employment of the
whole outfit in the dime museums.

Are you at outs with the world in
general and disposed to vicious al-
liances?
Join the Knockers' Compact.
Be a Knocker.

Dave's articles on the Civic Federa-
tion will henceforth be confined to the
editorial columns of the Knocker. The
personality that surrounds a commu-
nicant is not altogether pleasant.

What with his bear hunts, sub-
marine trips and ocean voyages, The-
odore Roosevelt will go on record as
having got more fun out of the Presi-
dency than any of his predecessors.

You will notice that the trend of all
financial and industrial deals shows ab-
solute confidence in the future of Ha-
waii. Progress is not promoted, towns
don't go ahead through the medium of
the Knocker.

Seemingly tired with attacking their
own Consular representative, Japane-
se have turned their attention to the
local government. And find hearty sup-
port and enthusiastic echo from the
Knocker organ.

Helping a town along, building up a
community is not aided by Knockers
spending their time to devise means
to misrepresent and work off petty
spite upon public officers of known in-
tegrity and ability. Knockers' Com-
pacts have never been mistaken for
Promotion Committees.

Not all the surplus of prosperity has
gone to the strong-box, when improved
steamship service is contemplated,
backed by island capital. With a first-
class steamer between the chief island
ports and a modern liner between Ho-
nolulu and the Coast, the 100,000 tour-
ists will be in sight. The 100,000 Eu-
ropean immigrants will be required to
assist in making the projects profit-
able.

That the rainy season may influence
volcanic activity and earthquakes
seems reasonable in some instances.
During the drought of last year how-
ever, Hawaii's volcano assumed an ac-
tivity greater and longer sustained
than for several months. Anyway Ha-
waii volcanoes are too valuable as as-
sets to warrant using money for drain-
ing the water off.

When mainland beet sugar forces
are plainly building up a sentiment
against the exceptional tariff favors
proposed for the Philippines, what
good judgment is shown by Hawaii
remaining indifferent. The Philippine
free trade program is worse than a
general opening of our markets to the
world because it contemplates rank
favoritism in a country committed to
equality and a fair deal.

TO MAKE COFFEE PROFITABLE

Representative Sereeno Payne when
asked by a Bulletin reporter about a
tariff on coffee, said he had never
heard of such a thing.

From all accounts, Mr. Payne bids
fair to hear of it before he is many
months older, though it is possible the
power of his position as leader of the
House of Representatives may enable
him to successfully squelch the effort
of the coffee-growers to speedily ob-
tain the desired protection for their
industry.

Porto Rico is working up the coffee
tariff issue with all the enthusiasm
with which Hawaii would wade into a
struggle for a sugar tariff. To all ap-
pearances, the Porto Ricans are mak-
ing a lone fight with indifferent moral
support from these islands and about
as much from the Philippines, but they
are making themselves heard and are
not likely to let go at the first sugges-
tion of defeat.

One of the evidences of Porto Rican
activity is a series of articles in Har-
per's Weekly dealing with the affairs
of the island and featuring coffee. The
leaders of the industry are moving
close to the national leaders and de-
manding a hearing. The campaign is
undoubtedly on, and Harper's deals
with it editorially as follows:

"We shall soon learn how much
foundation there is for the interesting
report that the Republican leaders
who are arrayed against tariff revision
propose to extinguish the deficit and

enlarge considerably the Federal reve-
nue by relieving the dollar war-tax
on beer and imposing a duty of three
cents a pound on coffee imported from
foreign countries. It is computed that
\$45,000,000 might be added to the na-
tional income from the former source
and \$3,000,000 from the latter. The
coffee addition would really con-
stitute a large surplus, for the deficit
has already been much reduced, and
without any new legislation would
probably be done away with in the
course of a few months. One argument
for creating a surplus is that the ap-
propriation of \$10,000,000 for Panama
Canal expenses is nearly exhausted,
and the existence of a surplus would
permit a new appropriation to be made,
while otherwise the President would
be forced to use the power given him
by statute of issuing canal bonds. The
brewers, of course, will fight with de-
spair against the reimposition of the
dollar war tax on their commodity,
and the old clamor for a free break-
fast-table will doubtless be provoked
by the proposal to put a duty on cof-
fee, which is now on the free list. As
a matter of fact, it would be the fault
of the Brazilian government if coffee
should cost the American consumer
any more than it does now, for no one
er did we remove the duty on the Bra-
zilian berry than the Rio de Janeiro
legislature subjected it to an equiva-
lent export tax. If we should now re-
impose a duty, the Brazilian Congress
would only need to repeal the export
tax, and the berry would come to our
consumers as cheaply as before. We
doubt, therefore, whether a duty of
no more than three cents a pound on
the Brazilian staple would afford much
help to the coffee-planters of Porto
Rico. They require more efficient aid
than that. What Porto Rico most
stands in need of is the repeal of the
ill-conceived and insufficiently debat-
ed law obstructing the inflow of Amer-
ican capital into the islands."

It will be noted that the doubt in the
Harper's editorial mind is not based
on opposition to a coffee tariff. Its
sole objection is that the three-cent
duty will not be large enough to ac-
complish especial good to the home
grower.

Though Hawaii be engulfed or ab-
sorbed in its centralized sugar inter-
est, it ought to find time and have
sufficient breadth of vision to lend its
active support to any and every move-
ment that will make coffee a profitable
industry—whether Sereeno Payne says
he knows about it or not.

Mr. Wood concluded his remarks by
saying that he was here to stay and
was anxious to do good work. He said
he felt that the members of the Pro-
motion Committee were men who took
the keenest interest in Hawaii promo-
tion and would accomplish great
things.

for the use of the reservation. No, I
cannot tell you what these plans are,
but they will mean a great deal.

"With the draglines pumped in by
the Pacific we will fill in that por-
tion of the naval reservation now sur-
rounded by the stone wall. We will
then bulkhead at a considerable dis-
tance out on the reef and fill in, greatly
increasing the area of the reservation,
all of which the army will have good
use for. The army will have some very
important uses for this new land."
Lieutenant Slatery announced that
he was now merely waiting for the
contractor to get to work on the dredg-
ing, the engineer's plans having all
been perfected.

It is understood that the army wants
the reservation for fortification and
store purposes, contemplating the
mounting of some great guns there.

E. H. R. Green of Dallas, Tex., son
of Mrs. Hetty Green of New York, has
adopted automobiling as a pastime,
with the result that he has designed an
electric system for the timing of au-
tomobiles on the racetrack. As the
vehicle passes certain points along the
course a record is made of the time at
the judges' stand at the starting point.
The system involves the use of the
wireless method.

CALIFORNIA BOOMING HAWAII.

(Continued from Page 1.)

ner over a volcano crack. This was
my first experience of the kind.

"We beheld with deep interest the
marvel of the lava mounds of great heat
trunks surrounded by the hot lava and
gradually burned out."

"Returning in the darkness from
the crater, a lantern slung to each
horse, the silence of almost oppres-
sively solemn. 'Somebody please talk,'
said one of the ladies. Indeed we felt
the need of conversation, the sight so
fills one with awe and the impression
left on the mind is so inspiring."

"The air is crisp and delightful and
there is no pleasanter trip to be made
anywhere. California is grand but it
has nothing like our Volcano."

Mr. Wood spoke most highly of the
Kinau, saying the table service was as
good as any between San Francisco
and Honolulu. He found officers and
men most courteous and polite. At
the Volcano house he was royally taken
care of and sings the praises of
Lyeurgus loud and long.

"Mr. Mullen's trip here means much
for Hawaii," said Mr. Wood; "he is
looking over the country to be able to
tell people who visit his hotel in Frisco
of our advantages. You see, Coast hotel
keepers are going to boom Hawaii,
for business reasons, of course. They
can get tourists to stay with them
again on the return from these islands.
There will be a big lot of Coast hotel
men down here within the next few
months, informing themselves on Ha-
waii."

"Mr. Mullen this morning left in an
auto for a trip around the island."

"It would be splendid if we could
have, besides the Alameda, another
and larger boat, or two, to accom-
modate people who want to come here.
Tourists particularly want to be cer-
tain of steamship connections, both
coming and returning."

"I believe there is to be a greatly in-
creased traffic to Hawaii. This year
will see the largest influx of tourists
to California from the East that has
ever occurred and California will en-
courage them to take in Hawaii and
get them again on their return. The
railroads, too, are all working for Ha-
waii, realizing that it will greatly bene-
fit them."

"Hawaii will eventually attract a
great number of tourists. Hotel keep-
ers of all California resorts and all
railroads will, in their advertising
work, accomplish much for this coun-
try."

Mr. Wood concluded his remarks by
saying that he was here to stay and
was anxious to do good work. He said
he felt that the members of the Pro-
motion Committee were men who took
the keenest interest in Hawaii promo-
tion and would accomplish great
things.

Dr. J. Holland is booked to return to
Hilo in tomorrow's Kinau.

IMPORTANT FACTS SHOWN IN LETTER

The Parker ranch case continued be-
fore Judge Lindsay this morning, Kin-
ney employing the entire forenoon ses-
sion with further cross-examination of
Magoon.

"Before going on with the cross ex-
amination, I wish to state that I have
refreshed my memory regarding my
attitude in regard to the injunction
against Carter from notes I took dur-
ing the argument," said Magoon at the
start. "They will confirm what I have
already said in the matter, that I
never intended the injunction to act
against Carter as guardian."

Kinney asked Magoon to show that
the notes showed that he gave notice
that there was nothing in the injunc-
tion which would limit Carter's right
to control Annie T. K. Parker's half of
the ranch.

Magoon said he could not show that
The notes only showed the statements
made in his argument. He had said
in his argument that Carter as guar-
dian had a right to go on the minor's
property.

Kinney asked Magoon if he had
brought the Low-McCrosson correspon-
dence. Magoon said he had not. He
had asked Low for the letters, but
Low did not have them and had sent
away the copies he had made from
them. Low had one letter he
had written to Hind, Rolph & Co., but
did not wish to produce the letter
before he was called as a witness. Ma-
goon had this letter in his pocket but
would not produce it.

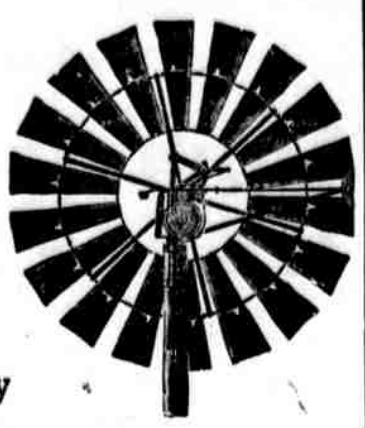

Kinney said he claimed the right to
have the letter produced as he be-
served notice that the letter was want-
ed.

Lightfoot said Kinney had no right
to insist on the production of this let-
ter. Kinney insisted and the Cou-
rt ordered its production and after con-
siderable argument it was read by Ma-
goon.

Oct. 29, 1904.

To Messrs. Hind, Rolph & Co.,
San Francisco.

Yours of the 20th inst. duly reached
me and contents carefully examined.
I was exceedingly surprised at Mr.
John Hind and yourselves being dumf-
founded over my explanation of the
"Parker" case, as I certainly showed
that I considered his and your interest
as well as the interests of this agency;
before I ventured to proceed in the
case, knowing full well beforehand
that I was going to occupy some of
your time as well as a good deal of
my own time outside of office hours in
order to accomplish its ends. In sup-
port of the statements previously sub-
mitted in my letter of the 7th inst. re-
garding this matter and denied by Mr.
John Hind, I enclose herewith for your
perusal certified copies of letters pass-
ing between Mr. John Hind and Mr.
J. T. McCrosson, contents of which I
hope will relieve the dumfounded
feelings of Mr. John Hind and your
selves. When you are through with
same please return to my address. I
also enclose herewith copy of my pri-
vate letter to you under date of July
11, 1904, in which I explained my exact
position in relation to this case and its
effect on my attention to your busi-
ness; also copy of your reply to same
dated July 28th, 1904, in which you
made no material objection. The men-
tion I made of my "intention to pay
this agency a portion of all and any
remuneration I may receive from the
courts in representing the minor in
these proceedings," was not given, as a
reason for my having entered into this
litigation for your behalf, but was di-
rected to you in answer to your state-
ments in paragraph two of yours of 9.
28/04, wherein you stated that "I give
too much time to my own personal mat-
ters not connected with your business
at all, * * * for which you suppose
you pay me salary for my entire
time." I wish to add further in regard
to the "Parker" case, that while I per-
sonally undertook to protect the inter-
ests of the minor in this case as her
next friend, at the urgent solicitation
of those interested in the Hanakua
Ditch Co., I want you to thoroughly
understand that I am not misrepresent-
ing myself in any dishonest way in
the presentation of this suit. It is my
feeling at heart to see that this minor
child, who is a blood relative of mine,
is not robbed of a single cent by any-
one; neither is it the wish of the Ha-
nakua Ditch Co., who are merely ask-
ing for a right of way, which the pres-
ent guardian of the minor absolutely
refuses to entertain. It was a matter
which might well have been taken up
by myself voluntarily and without any
solicitation of those interested in the
Ditch Co., had my time been my own,
but, as this agency was negotiating for
the business of the Ditch Co., and Mr.
John Hind being personally interested
in same, and the suit being no source
of expense to this agency, I deemed it
perfectly proper for me to be person-
ally involved. Now that I am in it, I
will have to see the finish, as I am
no "quitter" and do not wish to im-
press the public that I was not sin-
cere in my actions. As to what little
prominence has been given you and the
criticisms cast upon you, I can
only attribute same to the "dirty"
methods of pleading for which Mr. Kin-
ney is noted, but all of which have
been specifically denied by counter af-
fidavits filed in my behalf. In the eyes
of the general public and business com-

have I lost a single friend but those

views in this matter, and the great ob-
jection to the installation of my bro-
ther E. P. Low, to the management of
the Parker ranch."

The letter, which was cut from a
copy book ended here, the rest of the
page having been cut out.

Kinney and Ballou wanted the rest
of it produced, but Magoon said it re-
ferred merely to immaterial and pri-
vate matters.

Manager Fred Church leaves the Ha-
waiian Hotel within a few days. The
directors, it seems, criticized his en-
tertainment policy, a policy which, by
the way, kept the house always crowd-
ed, so crowded, sometimes, that the
private table linen, silverware and other
effects of Mr. and Mrs. Church were
used to accommodate the guests, the
hotel not being sufficiently supplied
with these goods and chattels. Numer-
ous guests who stopped at the hotel
because of their friendship with
Church, will leave.

**THE QUEEN'S HOSPITAL
PAY PATIENT DEPARTMENT**

THE QUEEN'S HOSPITAL PAY
PATIENT DEPARTMENT offers super-
ior accommodations and attendance
for pay patients. The recent "Pauahi
Annex" addition to the Hospital with its
modernly equipped Operating Room,
Sterilizing, Anesthetic and Bathrooms,
also portable baths, afford an up-to-
date service in every respect, with
Resident Physician, staff of trained
Nurses, &c., also an Elevator Service.
The following are the rates:
Private Rooms, \$2.50 to \$3.50 per diem
Practicing Physicians are invited to
place patients in private rooms, such
patients to remain under the care of
their own Physician, subject to the
Rules of the Hospital; such patients
will, however, have to pay their own
Doctor.

Applicants for admission to the Hos-
pital must furnish the Superintendent
a surety for Hospital charges, or else
pay two weeks in advance, which
must be renewed every week thereafter.
In Surgical cases a charge of
from \$5.00 to \$15.00 is made for use of
Operating Room and materials. Sur-
geons are invited to use the Operating
Room of the Hospital under the above
specified rates, and arrangements for
hours can be made with the Superin-
tendent.

Persons desiring admission to the
Hospital should apply to the Superin-
tendent, on the premises, Punchbowl
and Miller Streets.

For further information or reference
apply to the Superintendent or Resi-
dent Physician at the Hospital, GEO.
W. SMITH, ESQ., Secretary (Benson,
Smith & Co.); or E. F. BISHOP, Treas-
urer (C. Brewer & Co.).

The Sporting World

PUNS 5 KAMS 0

The heavy youngsters from the Kamehameha School went to defeat before the wearers of the Blue and Buff from Oahu College. Fumbling and indirectness of play were directly responsible for the Kam's loss.

It was a real old-time football match and recalled to the older college men, who stood on the side lines, the exciting days when they attended college. The yell leader was there with a pair of leather lungs to urge on the fellow students. Songs were sung and cheers for any mole-skin knight who happened to make a bright play.

A large-sized crowd lined the side line to see the two colleges buck under a red-hot sun. The hot weather proved exhausting and, together with the dusty condition of the grounds, caused slow play.

McDougall, the right tackle of Punahou, proved the bright particular star of the game. He played a great offensive game and carried the ball time after time, netting his team long gains by tackle back formations. He carried the ball over the goal line for the only score of the day. McDougall proved that he has the making of a good man.

After the two 20-minute halves had been played it could be seen that the Kamehameha men left the field in better condition. Their weight was beginning to tell and, had the game been much longer, the boys in blue would have surely scored.

To Punahou belongs all of the glory. They met a heavier team and won out.

First Half—Referee Turner blew the whistle at 3:40 p. m. and Oliver kicked off to Ahrens, who ran the ball in about 15 yards. The Puns were here held for downs and forced to surrender the ball. The Kamehamehas made their distance but were soon held on downs. Joe Pa carried the ball 10 yards over tackle and by steady line plunging the Kamehamehas were slowly forced back until the Puns were within striking distance. Ahrens tried for a field goal but missed. Ahrens was hurt during this stage of the game. He went into the game in a weak condition and was continually delaying the play. McDougall was called back at this period and began to ram into the Kam forwards. He placed their line like paper and in 15 minutes after the sound of the whistle carried the ball over the line for the first and only score of the day. Ahrens missed an easy chance at the goal.

Score: Puna, 5; Kams, 0.

Punahou got the ball in a fumble and Cooper punted. Penalty was given on account of off-side play. End tackled Kam full back before catching the ball.

Second Half—Cooper kicked off to Robinson, who made a pretty run in of 20 yards. Puns' line stiffened and Kams were forced to punt. The center passed the ball over the full back's head and as a result there was a loss of 20 yards. The Kams soon got the ball on downs and began to play fast and furious. Mahukona ran the left end for 20 yards, and other backs assisted in making gains.

There was but few minutes left to play, so the Kams began to force matters and played their hardest to tie the score. Their weight began to tell, but the boys from the other side of town played hard and presented a stiff defense. The game ended with the ball on Punahou's 15-yard line.

This game proved to be one of the best that has ever been played between school teams here. It was free from rough tactics and showed marked improvement over last year's play.

Last season Punahou was not scored against and it looks as though they are out for another record.

The line-up:

PUNAHOU. C. KAMS. Weight R. G. L. Naukana. Lidgate L. G. R. Kawalaca. Robinson R. T. L. Morton. McDougall L. T. R. E. Campbell. Renton R. E. L. H. Robinson. Hanchett L. E. R. E. Williams. Hoogs Q. S. ST. LOUIS DOWN SOLDIERS

The soldiers from Camp McKinley were badly beaten in a game of football at Kapiolani Park on Saturday.

St. Louis ran through and around the boys in blue at will. The final score was 23-5. The soldier boys were only able to score one touch-down and

that proved a gift on the part of the school-boys.

On Saturday the St. Louis and High School met on the Baseball grounds.

ANOTHER RECORD

Jim Melville, the professional golfer, took another record on the Moanalua golf links yesterday. He made two 37s netting 74. This is the best that has ever been done over the course since the ninth hole has been changed.

By looking over his score it will be seen that he played a very steady game. All the 18 holes were made in 4 with the exception of the 1-7-9 on the first round and the 3d on the second round.

The first round was played with Frank Halstead, the second with Dr. Yost. The score was:
Out—5 4 4 4 4 2 4 6—37.
In—4 5 4 4 4 4 4—37.

Had the putting green been good Melville would have made at least 5 less strokes.

One of the largest crowds that has ever played on these links enjoyed the golfing yesterday.

MYRTLES ARE BEATEN IN WATER RACES

The relay swimming match held Saturday afternoon resulted in a victory for the Honolulu Iron Works over the Myrtle Boat Club.

There was little advantage on either side and the H. I. W. only won by a very small margin. Roe and Davis were the first to take the water and swam a very even relay, both reaching the mark at the same time. Neither Kennedy nor Davis took any advantage.

Lubeck of the I. W. was the first to take a lead. He finished a length ahead of Davis. Honan for the Myrtles overcame the lead and finished first. Sharp gave Kopke, who swam the final, a very slight lead and he succeeded in nosing out in the finish.

He was pressed hard by Lyle.

The two teams were:
Myrtles—T. Honan, captain; Geo. Crozier, Will Lyle, Davis, Simpson, G. Beckert.
Iron Works—C. R. Roe, captain; E. Kopke, J. Kennedy, F. Lubeck, F. Sharp, O'Brien.

BOXING CARD ARRANGED

Joe Cohen has completed the card of boxers that will appear on the mat on November 4th at the Orpheum.

The events promise to be of the most interesting nature. The events are all well matched. All kinds of scrappers will appear. The bantam, light, welter and heavy weight will be on hand to furnish the fun.

There will be more swings, hooks, jabs and upper cuts in these matches than would be seen in 50 professional fights. These boys are out to win. They are looking for reputations and do not care for the coin.

The heavyweight match will bring out two hard-hitters in Bill Lang and Red Dixon.

The Nigel Jackson-Wahilani fight should prove the real thing. Both these scrappers are not new to the Honolulu public, having appeared in the ring many times.

Ernest Heine and Young Nelson, the main event, will be a drawing card in themselves. Heine is no spring chicken at the game. He has won all his fights here by the knock-out route.

Young Nelson will be remembered as besting Kid Harris in one of the best fights that ever took place at the Orpheum.

The whole card will be:
Ernest Heine vs. Young Nelson.
Bill Lanz vs. Red Dixon.

ALOHA TAKE 1905 CHAMPIONSHIP

The fans, who paid their 10 cents car fare and rode out to Kapiolani park yesterday to see the final fight for the Winter League championship, came home more than satisfied with their day's sport. Those who were so unfortunate as to miss this game will never stop kicking. Think of it, only three runs were scored and those all in one inning—only one error made out of eighty chances and that after a hard try.

This was one of the best games ever seen here or any other place. If they would play this brand of ball in the big league they could not accommodate the people. It was worth going miles to witness.

Both teams started out to win. Aylett scored in the first inning on Hoopli's home run. It was a fearful drive and brought the large crowd to its feet. For a real home run artist this Hoopli takes the medal. He has scored a home run in every game of the season but two. This is a record that will stand for many a day.

Sam Chillingworth was the only man who could make the circuit for his side. Try as hard as they could neither team could bring a man across the plate after the first.

Both Sullivan and Townsend pitched winning ball. But five hits were made off Sullivan and six off Townsend. These slab artists were given the best of support.

John Soper carried off the batting honors with two safe ones out of three times up, batting .666 2-3.

This gives the Alohas the 1905 championship and the Woods & Sheldon cup. Both the Alohas and Diamond Heads are new teams in the Winter League and deserve much credit for the good showing that they have made.

The score was as follows:

SONGS THAT HELPED

Songs that helped was the topic of the song service held at Oahu Prison last Sunday afternoon, under the auspices of the Y. M. C. A., and led by Mr. J. H. Martin. The services were opened with three songs: "Throw Out the Life Line," "Yield Not to Temptation" and one by the Japanese contingent led by Rev. Mr. Wadman. Secretary H. C. Brown read the scripture from Ephesians 5th Chapter, and offered the opening prayer. After the good old song, "Wonderful Words of Life," Mr. Miller read and commented on the 100th Psalm. Mrs. Crockett portrayed of these words of Christ "I will give you rest," in song was well rendered. After Mr. Martin's announcement of the topic, the Oahu Prison Quartet responded with the anthem "Praise ye the Lord," and the Kamehameha Quartet followed with "Nearer My God to Thee." The violin solo by Mr. Love, was pathetic, inspiring and stirring.

Mr. Hopwood in his address paid high tribute to songs which have power to touch the heart, stir emotion, bring tears of repentance and joy, and exhorted that every one live up to the best that is in each one. Two songs followed, one by the Oahu Prison Quartet and one by the Kamehameha Quartet. The duet by Miss Gertrude Hall and friend, "Saved by Grace," was well rendered, the voices of the two ladies blending together beautifully. A song by the Japanese contingent preceded Rev. Mr. Wadman's address in the same language. The Kamehameha and Oahu Prison Quartets sang and the service closed with prayers by Mr. Johnson. "God Be With You," was sung and the Oahu Prison Quartet sang "Aloha Oe" to their departing friends who also joined. The service proved effectually that songs helped. Take the songs out of the service and what is left will be like eating meat without bread.

HEIGHTS RAILWAY RESALE ORDERED Supreme Court Upholds Circuit Court's Decree

The decree of the Circuit Court, Judge Robinson, setting aside the sale and ordering a new sale of the Pacific Heights Railway, in foreclosure proceedings, is today affirmed by the Supreme Court.

The suit was brought by the trustee for the bondholders of the Pacific Heights Railway Company, most of the stock of which was owned by defendant C. S. Desky. It is claimed that the property cost \$75,000 exclusive of the right of way only four years before. It was bonded for \$50,000. A decree of foreclosure was entered and a sale ordered to be made through a commissioner appointed for the purpose. The property, consisting of lands, right of way, cars, electrical equipment, power house, rails, etc., was sold as a whole for \$1100, excepting a certain cable which was not sold and a steam condenser which was sold separately for \$100. The commissioner reported with a recommendation that the sale be not confirmed owing to inadequacy of price. The circuit judge, after taking much testimony, confirmed the sale of the steam condenser but disaffirmed the sale of the rest of the property and ordered a new sale. He expressed the opinion that a judicial sale before confirmation, unless an execution sale which requires no confirmation or a judicial sale after confirmation, could be set aside in the discretion of the court for mere inadequacy of price and, indeed, that it was the duty of the court to order a resale if it appeared that the price obtained was inadequate to such an extent that upon a resale a price could be obtained sufficiently greater to more than cover the expenses of the new sale. He found however that in this case the price bid was grossly inadequate, that an amount vastly in excess of such price, exclusive of the expenses of the new sale, could be obtained upon a resale, and that a greater price could be obtained for the property if sold in parcels than if sold as a whole, and ordered a resale in parcels, from which order the purchaser, the defendant Ballentyne, and the de-

endant Honolulu Rapid Transit & Land Company, which claims under appeals.

Chief Justice Frear writes the opinion of the court and says:
A judicial sale may be set aside before confirmation for such gross inadequacy of price as shocks the conscience or raises a presumption of unfairness, but not for mere inadequacy unless accompanied by other circumstances such as fraud, accident, mistake, etc. Whether such a sale should be set aside or confirmed is largely a matter of sound judicial discretion and a decision by the trial judge in a case of this nature should not be reversed unless clearly erroneous.

In this case the circuit judge found not only that the price bid was grossly inadequate and that an amount vastly in excess of that could be obtained on a resale, but that the evidence was overwhelmingly that the actual value of the property was at least seven times the amount of the highest price bid and that a higher price could be obtained for the property if sold in parcels than as a whole. It is evident that the property could not be sold as a whole as a going concern; it could be sold only as a wrecked proposition whether sold as a whole or in parcels. Some courts and text writers take the view that matters of this sort are so much within the discretion of the trial judge that they are not appealable, but the better opinion, as it seems to us, elsewhere and the one that is in conformity with our own practice, is that orders confirming or setting aside judicial sales are reviewable but that they should not be reversed except where they are clearly erroneous. Considerable weight should be given to the opinion of the trial judge in a matter of this kind. Under the circumstances we are of the opinion that the order appealed from should not be reversed and accordingly it is affirmed.

Castle & Wilmington for H. R. T. & L. Co. and C. G. Ballentyne, appellants. Smith & Lewis and L. J. Warren for the trustee, appellee.
Thayer & Hemenway for Pacific Heights Ry. Co. and C. S. Desky, appellees.

J. Kenney, second mate on the dredger Pacific, walked off the railroad pier last Friday night and broke his right ankle by striking a piece of timber in the water. He was rescued by members of his crew. A number of men have fallen overboard at the same place before. The wharf at this point makes a sudden turn and there is no railing in position nor a light of warning displayed.

WHITNEY & MARSH WIN EXCEPTIONS

The Supreme Court this morning rendered decision sustaining the exceptions of the defendants in F. E. Thompson vs. Whitney & Marsh, Ltd., an action was brought upon the defendant's indorsement of two promissory notes of the Honolulu and Hawaiian Paper Co., Limited, payable in the sums of \$500 and \$1,000 respectively to the order of Fitzgerald Trunk Co. The defendant's demurrer that the complaint does not show a cause of action, is based on its claim that the complainant shows it indorsed the notes for the accommodation of the maker which, it is contended by the defendant, was beyond its corporate powers. The demurrer, having been overruled, the case comes up on the defendant's interlocutory bill of exceptions.

Justice Hartwell writes the opinion and says:
In an action against the indorser by the holder of a note signed "Honolulu & Hawaiian Paper Co., Ltd., by Walter Gasset, Manager" and indorsed "Whitney & Marsh, Ltd., by H. T. Marsh, Secretary, H. T. Marsh, Fitzgerald Trunk Co., H. F. Fitzgerald," the complaint averred in substance that the note was made and delivered to pay for certain goods on credit of the indorser; that the defendant indorsed the note for the purpose of procuring for the maker a credit with the drawee; that the maker of the note in consideration of the indorsement agreed to deliver to the defendant the said goods purchased by the maker from the drawee, and that at the date the note was delivered to the drawee the maker was insolvent and unable to obtain goods on credit, of all of which the defendant had knowledge; that after the note had matured and

been dishonored the drawee indorsed and delivered it still unpaid to the plaintiff. Held, it is to be inferred that the plaintiff, having been permitted to amend his original complaint in order to show that the indorsement was not made for accommodation, has stated the facts as favorably to himself as the case permitted; that he has pleaded facts sufficient to show that the indorsement was made for accommodation but failed to aver facts showing that this was done in connection with the defendant's business or required by the exigencies of that business. Therefore the amended complaint shows an indorsement given for the accommodation of the maker of the note.

The plaintiff having taken the note after maturity and after it was dishonored is, in the absence of averment to the contrary, presumed to have taken it with notice that the indorsement was not in the usual course of business and was for the accommodation of the maker. The plaintiff, therefore, is in no better position than the drawee and the same defense which the defendant corporation could make to an action by the drawee can be made in this action. The facts that the indorsed note was given in payment of goods which the insolvent buyer could not obtain on its own credit and that the defendant indorsed the note for the purpose of procuring for the buyer credit with the seller, preclude an inference that the indorsement was made by the defendant in its ordinary course of business.

An indorsement by a corporation may or may not be valid according to whether it appears that the collateral transaction involved in the maker's promise of benefit to the indorser is within the scope of the indorser's corporate powers. Consent of all the stockholders cannot add to powers of a corporation given or authorized by statute. A corporation cannot indorse for accommodation of another paper in which it is not interested. A corporation may set up the defense of illegality of its indorsement in an action on its ultra vires indorsement brought by one who is not a bona fide holder for value without notice. Exceptions sustained, order to vacate judgment with further appropriate proceedings.
