## SIX-PAGE EDITION

Be just and fear not;  
Let all the ends thou aim'st at be  
Thy Country's, thy God's, and Truth's.

SATURDAY, JULY 2, 1892.

THE RESUSCITATION OF THE LEGIS-  
LATIVE HASH HOUSE.

The "Gibsonian Hash House"  
was a proverb in 1884 and 1886;  
the Cummins successor to this es-  
tablishment in 1890 was continued  
at the old stand in the rear of the  
Music Hall. It seemed as though  
the legislators of 1892 were to be  
allowed to pay their own board  
bills until about a week ago, when  
the old hash house methods were  
revived, and the midday visitor at  
the Hawaiian Hotel can now see  
the daily coralling of the Hawaiian  
members of the House and stuffing  
them with beer, corn beef and cab-  
bage and other delicacies of the  
season.

What the object of this continu-  
ous festivity may be; why certain  
gentlemen in the House belonging  
to the administration and the Re-  
form party should suddenly con-  
ceive such an admiration for Reps.  
Bipikane and White, and others of  
that ilk, that they take to feeding  
them by the week, does not  
yet appear. One thing is certain,  
they do not do it for fun.

There is nothing creditable in  
this kind of business, either to the  
entertainers or the entertained. It  
can but lower the standard of esti-  
mation in which the members of  
the House who accept this enter-  
tainment are held, whether it af-  
fects their votes or not. If Hawai-  
ians expect to be respected, and to  
be judged by the standards that  
are applied to other nationalities,  
they must show that they are  
above being boarded at private ex-  
pense while filling offices of public  
trust.

## THE OCEANIC SUBSIDY.

Yesterday afternoon the matter  
of the subsidy to the Oceanic S. S.  
Co. came up, and Rep. Koahou  
moved that the appropriation be  
\$24,000 for the biennial period,  
with an additional \$12,000 on the  
condition that the Australia make  
the voyage from San Francisco via  
Hilo, returning from this port to  
San Francisco direct. The matter  
was referred to a special committee  
for consideration.

Rep. Ashford expressed the wish  
that the committee investigate also  
the question whether the Oceanic  
S. S. Co. have made an arrange-  
ment with the Pacific Mail not  
to come to this port, and this  
suggestion gave rise to a great  
deal of discussion. That this is a  
proper subject for argument, and we  
are utterly unable to fathom the state  
of mind of intelligent men who can  
rise in their places in the House  
and claim that the country has no  
interest in knowing whether a  
steamship line which it subsidizes  
uses this subsidy, or a part of it,  
to compound with a rival line, and  
thus buy off competition. The sole  
object of a subsidy to any common  
carrier is simply to secure a better  
service than would otherwise be  
obtainable. It is a purely business  
question into which senti-  
mental considerations do not enter  
on either side, which must be  
settled by the same rules as  
business transactions.

Mail Co. have to recom-  
mend not to put  
any sub-

sidy. If that is so, the country is  
paying the Oceanic S. S. Co. to  
establish a monopoly!

We would not be understood to  
imply that the facts in this par-  
ticular case are as indicated above.  
We merely wish to point out that  
the subject is a proper one for in-  
vestigation. Neither have we any  
animus against the Oceanic S. S.  
Company; on the contrary, we  
cordially recognize that the line  
has furnished the country with an  
excellent service, and one which  
the public interest requires should  
be maintained. But, as a general  
rule, when the trade is a lucrative  
one, every common carrier should  
look for its profits solely to its  
receipts from freight and pas-  
senger traffic, and not expect more  
from the Government than a rea-  
sonable compensation for carrying  
the mails.

In any case, it is most earnestly  
to be hoped that the plan to have  
the Australia visit Hilo will be car-  
ried into effect, and that as soon as  
possible. It will greatly increase  
tourist travel to these islands, and  
will be of general benefit to the  
community, without hurting any  
class. It will boom Hawaii, and  
be the beginning of the develop-  
ment of the rich resources of that  
splendid island.

## HOUSE NOTES.

THEME.

Tune—Dundee. Common meter.

How doth the little busy bee  
Delight to bark and bite;  
He gathers honey all the day,  
And eats it all the night.

The great and happy statesman  
In scheming for his fee,  
Does not get honey every day  
Like a busy little bee.

But wait until that Banking Act  
Doth come upon the floor,  
How many in this varied pack  
Will follow, rant and roar.

And when the Constitution Bill  
Comes with spleen amain,  
Their voices will the chamber fill  
Till chaos reigns again.

THOUGHTS ON A RECENT DEBATE.

How did that witty statesman, White,  
With his too ready tongue,  
In gabbling on, from noon till night,  
Enrage good Noble Young;  
And how that doughty Noble  
Screamed and scolded?

And shook his fists in air—  
Until, to me it fairly seemed  
That White might lose his hair.

But lucky Bill was out of reach,  
And held his pose serene—  
Assured the angry Noble's screech  
Was merely verbal spleen.

Col. Carter remarks, upon Rep.  
Smith's observation that "the Ap-  
propriation bill was introduced by  
the Ministry," that the statesman  
from Lihue, should have added—  
"but that is not the only point I  
shall make against it."

On the principle probably that  
the Committee of the Whole has  
no rules, Chairman Rep. Kauna-  
mano never recognizes anybody.

The Ministry introduced the Ap-  
propriation bill, but the House has  
rudely cut it ever since.

The Hawaiian Banking bill has  
come back from the printers. The  
sub-title, "Horne's Folly," seems  
to have been stricken out by the  
proof reader.

A bill has been introduced to  
permit the members of the House  
to go into some new industry after  
the session is over. With two  
amendments, one to strike out the  
word "new," and the other to make  
the permission immediate, the bill  
ought to pass.

There is a Hawaiian idol at the  
Bishop Museum which would make  
a better chairman for the Commit-  
tee of the Whole than Rep. Kauna-  
mano.

Who is going to express the want  
of confidence which all feel?

The Committee of the Whole  
presented a scene of confusion  
worse confounded on Friday. Pan-  
demonium was simply not in it.

## Hawaiian Hardware Co., Ltd.

Monday, June 27, 1892.

We are believers in the  
efficacy of advertising, whether  
it be in the form of display or  
the colloquial, but the three or  
four-line local, which appeared  
in this paper last week regard-  
ing a set of China imported by  
us from France for one of our  
customers, has brought to our  
store so many of that person's  
friends who wanted duplicate  
sets that we have had our  
hands full waiting upon them.  
Fortunately we have some sets  
so nearly like it in shape and  
coloring that it would take a  
"Connozer" to distinguish one  
from the other.

The shapes are odd and ir-  
regular, as different from the  
conventional dinner plate as  
French ware is from the  
English. The crimped edges  
reminds one of the New  
England housewife's decora-  
tions on her Thanksgiving pie  
while the fleur de lis design is  
so delicate that it will har-  
monize with anything from  
soup to cheese. The ability  
of the artist is shown even  
beyond the tinted decorations,  
for, pressed lightly into shape,  
are exquisite scroll designs  
scarcely discernable except  
when the piece is held to the  
light. The beautiful combina-  
tion of shape and color is so  
artistically blended together  
that it is doubtful if the manu-  
facturers have ever shown a  
more perfect product—we  
never have. The price is easy.

These goods arrived last  
week and with them came  
other things perhaps not so  
beautiful but quite as useful.  
Hand Sewing Machines for  
instance—we've been out of  
them for months—and our cus-  
tomers have written that they  
must have the "New York  
Favorite," and would take no  
substitute. It was impossible  
for us to get this Machine un-  
til now, because the demand  
was larger than the output of  
the factory. Everyone who  
has ever seen the "New York  
Favorite" knows it is the best  
Hand Machine in use—and  
the cheapest.

Do you remember what a  
run there was on Bean Pots  
when we imported the first lot  
from Boston a few months  
ago? We have more of them  
—large and small size,—the  
best in the world and you can  
get a delicious dish if you fol-  
low this recipe in cooking:

Take beans, not too old and without  
imperfection  
Immerse in cold water to stand through  
a night.  
Then, boil in a moderate way, till inspec-  
tion  
Shows them to touch and taste ten-  
der and right.  
Now transfer for baking, your condiments  
adding—  
Don't leave out the pork! such omissions  
were strange  
And last, to conclude the important pro-  
ceeding  
Let them bake slow and sure in a Fischer  
Steel Range.

Mammoth Lamps suit ole  
for stores, reading rooms, or  
places where much light is  
needed, are offered to you now  
at lower prices than you have  
ever dreamed of and, if your  
dividends have been reduced  
and find retrenchment the or-  
der of the house, a water  
monkey will be of great as-  
sistance in economy in the ice  
question. They're excellent  
to have in your room at night,  
some people wake up with a  
thirst; to these folks the water  
monkey is indispensable.

Supplementary to the  
marks to the retail trade we  
desire to say that our stock  
of Barbed Fence Wire is com-  
plete as any in Honolulu.  
We have one ware house filled  
with this material—also led  
enough to fence in the Island  
Kegs and kegs of nails, to is-  
have been added to our stock,  
because there is a constant de-  
mand for them and we have  
the stock to draw from.

Perhaps you don't know  
just how large a stock we  
have?

Henry Prell, cook on board the barkentine Sonoma, was arrested in San Francisco on the 16th inst., for attempting to smuggle Chinese ashore. The vessel carried six Chinese from this port. At his own expense Captain Lee placed the men on the schooner Transit, to be returned to this port. The cook was to receive \$85 for each man he landed.

A. F. Judd, Jr., and E. S. Damon, recent graduates of Oahu College, have passed their Yale College preliminary examinations under President Hosmer very successfully. They will leave for Yale probably next August. This speaks well of the training these young men received at the hands of Prof. Hosmer, at Oahu College. A successful future lies before them.

The Million Dollar Suit.

A reporter of the ADVERTISER met Colonel Macfarlane last night and asked him if the item in the Bulletin's local column last evening, that "the Million Dollar Suit had been decided against the Waikapu Sugar Co.," was correct. The Colonel smiled, and said the Bulletin reporter had misinterpreted the meaning of a Banco decision given by the Court yesterday on a technical point as to whether the case could be brought before a jury or in an equity suit in the Supreme Court, the Waikapu Co. desiring a jury trial. The Court decided against us on this point. We will now have to bring our suit in equity, but my counsel have been prepared for either course, and we are ready for our case to come up on its merits any day, but a suit in equity will be long, tedious and complicated, while an action at law would soon settle matters.

The preliminary work for the construction of the San Francisco and Great Salt Lake Railroad is said to be progressing nicely. The public knows nothing of the progress, however.

## American Politics.

The Democratic National Con-  
vention met at Chicago on June  
22d, and got down to nominations  
on the afternoon of the second day.  
Ex-Secretary of the Navy, W. C.  
Whitney, had charge of Cleveland's  
fight, and showed himself to be  
one of the smartest politicians in  
the country. Before the conven-  
tion met, he succeeded in getting  
all the other candidates except  
Hill and Boies to withdraw in favor  
of Cleveland. Hill, however,  
backed by Tammany Hall, de-  
clared himself in the fray to stay,  
and his Tammany tigers  
stood by him nobly. Their fight  
against the man of destiny availed  
nothing, although the contest was  
a bitter one. The Hill crowd de-  
clared that Cleveland could not  
carry New York, and that they  
would see that he did not if he  
were nominated. The nominations  
began at 5 o'clock in the afternoon,  
and the convention was a pande-  
monium nearly all the time. Hill's  
followers resorted to filibustering  
in all shapes, particularly for an  
adjournment and an abolishment  
of the unit rule, but Whitney had  
his forces too well in charge, and  
held the convention till 3:20 the  
following morning, when the first  
ballot was completed. Cleveland  
was nominated on that ballot, the  
result being

## The Vice-President.

On the next day Stevenson, of  
Illinois, was nominated for vice-  
president, and the Convention ad-  
journed. It is said that the Tam-  
many crowd were pacified by prom-  
ises of patronage. At any rate  
they buried the hatchet and prom-  
ised to support the nominees.

Judging from the ratification  
meetings throughout the country,  
the action of the Convention gives  
the Democrats good satisfaction.  
Still it is not a year for enthusiasm  
in either party. It is declared that  
Cleveland cannot carry Indiana,  
and that Harrison cannot beat  
Cleveland in New York, but the  
new States vote in the coming  
the first time, and their  
important figure  
of them are  
alike.

perb type of American in physique,  
manners, courage and record. A  
Kentuckian by birth, he settled in  
Illinois in 1858 and won the spurs  
that brought him into national  
prominence by his fearless work as  
a prosecuting attorney, his impar-  
tial rectitude as a master in Chan-  
cery, his aggressive Democracy  
while a member of Congress and  
his admirable conduct of postal  
affairs while First Assistant Post-  
master-General under Cleveland.  
He is thoroughly in accord with  
his old executive chief and present  
colleague on the ticket, in hostility  
to the machinery of public affairs by  
the machinery of despotic rings.

## Blaine's Resignation.

A dispatch from Washington June 16,  
says:  
Many causes have been alleged for the  
action of Mr. Blaine in terminating his  
relations with the President so abruptly.  
The final cause, however, was not dis-  
closed until to-day.

The Canadian officials who came to  
Washington to talk over the questions  
pending between the State Department  
and the Dominion had had one confer-  
ence the day preceding the resignation,  
and met on Saturday, June 4th, to con-  
tinue the discussion. Mr. Blaine at-  
tended the Cabinet meeting on June 3d,  
but remained only half an hour, excus-  
ing himself because of his desire to proceed  
with the business of the Canadian.

AS INTERRUPTED EXPRESSION.  
At the Saturday conference he was  
making a statement of his views of the  
points in dispute and what in his judg-  
ment was the question at issue and the  
remedy for the differences between the  
two countries. There was also present  
John W. Foster, who has been attending  
to much State Department work during  
Mr. Blaine's absence and illness, and  
in the midst of the remarks of Mr. Blaine  
he said to have interrupted him with  
the suggestion that the views just  
expressed would hardly have the Presi-  
dent's approval.

## A REBUKE TO FOSTER.

Mr. Blaine proceeded with his re-  
marks and reiterated what had already  
been stated, and adding with emphasis  
that the State Department was able  
to take care of all the business belong-  
ing to it without advice or interference  
from any one occupying a subordinate position  
in it. Thereupon Mr. Foster said he  
knew Mr. Blaine was not presenting the  
views of the President, and proceeded to  
state them by his direction and in his  
name.

"Gentlemen," said the Secretary,  
"this conference is adjourned," and he  
quickly left the room, penning his resig-  
nation while his indignation was at its  
height.

This statement now explains the con-  
cluding sentence of Mr. Blaine's resig-  
nation: "The condition of public business  
in the Department of State justifies me  
in requesting that my resignation be ac-  
cepted immediately."

In other words, Mr. Blaine construed  
Mr. Foster's statement as an announce-  
ment that he, and not Mr. Blaine, was  
the President's representative in the  
State Department and that his official  
rights and faculties as the President's  
mouthpiece had been suspended.

## Death of Emmons Blaine.

Emmons Blaine, the eldest son  
of James G. Blaine, died at Chi-  
cago on the 18th of blood poisoning  
following an attack of inflam-  
mation of the bowels. He was  
vice-president and manager of the  
Chicago branch of the Baltimore  
and Ohio railroad. Mr. Blaine  
was a conspicuous figure at the  
Minneapolis Convention when he  
warmly pushed his father's candi-  
dacy and took his defeat very  
much to heart. He was 35 years  
of age and left a widow and one  
son. His death was so sudden  
that it was a great shock to Mr.  
Blaine. The National Democratic  
Convention was in session at Chi-  
cago shortly afterward and amid  
great cheering a message of con-  
dolence was sent to Mr. Blaine.

## American News.

Dr. H. M. Scudder of Chicago  
who killed his mother-in-law, Mrs.  
T. H. Dunton, committed suicide  
by morphine in the Chicago jail  
on the 20th. He was well con-  
nected in San Francisco. A post  
mortem showed that his brain was  
badly affected and he was un-  
doubtedly insane.

The police of Oakland have as  
yet secured no clue to the robbers

The levees of the Mississippi in  
Louisiana have given away in  
many places during the past fort-  
night, and at one time the devastation  
extended over nearly one-  
third of the parishes of the State.  
Lake Pontchartrain rose at one  
time to such a height that the city  
was threatened.

A fearful cyclone swept over  
Minnesota on the 15th. It is esti-  
mated that in all fifty people were

loss mounts into the millions.

## Foreign News.

Ravashal, the infamous anarch-

accomplices were acquitted. The  
condemned man has the reputation of  
being one of the worst wretches  
in the history of France.

Liverpool has been visited by a

to make a compromise as to repre-

## THE YACHT RACE.

## Table of Time Allowances and Other Particulars of the Regatta.

The yacht race on the Fourth of  
July promises to be one of the  
most exciting events of the day.  
It is understood that four yachts  
will compete for the cup and pen-  
nant donated by the Hawaiian  
Rowing and Yachting Association;  
their names are Helene, Hawaii,  
Healani and the new Scotch yacht  
the Bonnie Dundee.

The race will start promptly at  
10:30 o'clock, under the direction  
of the Regatta Committee, Hon. C.  
B. Wilson, Hon. C. P. Iaukea and  
Mr. J. M. Dowsett. Captains  
Griffiths, King and Fuller will act  
as judges, while Hon. C. B. Wilson  
and Captain Fuller will be time-  
keepers.

The Government tug Elen will  
be placed at the disposal of the  
judges and the committee. The fol-  
lowing table of time allowances  
was prepared by Mr. W. M. Giffard,  
the Secretary of the Yachting As-  
sociation, and is made on a basis  
of a twenty-three mile course, as  
governed by the Royal Canadian  
Yacht Club rules and table.

## SPEAKS FOR ITSELF.

HONOLULU, June 30, 1892.  
DEAR MR. LOWELL—I feel it would be  
ungrateful of me to return to New Zea-  
land without expressing in writing my  
joy and thankfulness to almighty God for  
the complete cure of my cancer by your  
instrumentality. More especially con-  
sidering mine had been cut twice, and  
so aggravated so much that our great  
doctors here said that there was no cure for  
it.  
But him who works in men both to will  
and to do guided me here, in answer to  
my prayer. And I hope the time is at  
hand when the obstruction to your suc-  
cessful treatment of this people will be  
swept away.

## TRADEMARK CASES

Hiram Walker & Sons, of Canada, Get an  
Injunction Against a Chicago House.

A case recently heard before Judge  
Gresham, of the United States Circuit  
Court for the First District of Michigan,  
goes to show that persons who use  
whisky must be on the alert if they  
would escape being imposed upon.  
The plaintiffs are Hiram Walker &  
Sons, Limited, of Walkerville, Canada,  
distillers and bottlers of a whisky known  
as "Canadian Club." Under the Cana-  
dian excise regulations whisky may re-  
main in bond indefinitely, and the dis-  
tiller may, if he so wishes, bottle it while  
still in the custody of the government  
officers, and thereby obtain an excise  
certificate of the age and genuineness of  
the liquor in the form of an official stamp  
over the cork of each bottle. This guar-  
antee is naturally very much prized by  
the distillers who have the whisky to  
secure it, and all whisky bottled by the  
Walkerville establishment is so guaran-  
teed.

A Chicago firm have put up a spirit  
which they call "Montreal Club," al-  
leged to be made by the "Montreal Dis-  
tilling Co.," which was shown to have  
no existence. In all but name, the  
Walker labels were closely imitated, as  
was also the official stamp of the Cana-  
dian excise. The proceedings were re-  
ndered somewhat novel by the appear-  
ance of Mr. Z. A. Lash, Q. C., of Toronto  
on behalf of the Dominion government,  
to support the application of the plain-  
tiffs to restrain defendants from further  
use of the counterfeit certificate. The  
defendants were promptly enjoined from  
continuing to infringe upon plaintiff's  
trade-mark or labels, or to copy the Do-  
minion excise stamp.

A significant feature of the case was  
the production by the defendants of af-  
davits by several liquor dealers of Chi-  
cago, who could hardly be ignorant of  
the character of the goods in question.  
It would appear that the consumer  
must depend upon his own care and  
judgment for immunity from such at-  
tempts to defraud.—Bonfort's Wine and  
Spirit Circular.

## ARRIVALS:

Many of the arrivals by each  
"Australia" go to the Hawaiian  
Hotel, still a great many put up at  
E. O. Hall & Sons for a short time.  
Our arrivals by the last "Austra-  
lia" were from several parts of the  
world. A large excursion party  
came to us from Sheffield, England,  
by way of Panama and San Fran-  
cisco: they were the Pocket Knife  
branch of the Knife family, \$525  
worth in Sheffield, not a very big  
sum you may say, still enough to  
get a few dozen each of thirty-  
three different styles, and if you  
want to see some choice Knives  
drop in and look them over, they  
are right near the Fort Street en-  
trance. People that happened in  
the day we were opening them up  
evidently thought they were good,  
as we sold 39 to different ones dur-  
ing the afternoon. The above  
family wishing to be in Sharp  
Company on their long trip, started,  
and came all the way in the same  
Compartment with over a gross of  
assorted Razors. All we have to  
say about these are that they are  
the three famous makes, "Rodgers,"  
"Bengal," and Wade & Butcher.  
Every "little Shaver" knows these  
makes, and uses them. But you  
want to know what other arrivals  
we had by the last Australia, so let  
us run down the list together; be-  
sides Knives and Razors from  
England, we had Brass Cup Hooks,  
Hall's Rice Sifters, Eley's Cart-  
ridges, Irmay's Charts, Clark's &  
French Horse Clippers, 65 dozen as-  
sorted Stubs Saw Files, 32 dozen  
assorted Stubs Jewelers' Files,  
Mattress Needles, 100 boxes Shoe  
Thread, 100 lb. Emery Powder,  
assorted, Stubs Plyers.

Now from Boston (by rail) via  
San Francisco we had, 64 assorted  
Bailey's Patent Planes, and some  
48 in. Cotton Duck. A big lot of rail  
goods started from Boston the same  
time as above but in the race over-  
land these two items must have  
beaten the balance to San Fran-  
cisco as nothing more on this in-  
voice came along by the Australia.  
We have an idea the Planes (which  
we were short of) and the Duck  
(which we were all out of) knew  
they were badly needed and took a  
"Vestibule Train," and hurried  
through. The balance of this in-  
voice, which will come along by the  
"Mariposa," have among the items  
No. 1 and 2 Ship Pumps, Metaline  
& Roller, Bushed Sheaves, Disston's  
Files, Saw Screws and Saws, Bin-  
nacle Lamps, Galvanized Row-  
locks, Carpenters' Hammers, Top  
Mauls, Fodder Cutter Knives,  
White Shellac, Coopers' Vices,  
Horse and Barbers Clippers, Bronze  
Powder, "Thoms Navigator," Hand  
Levels, and Pedometers, Whip  
Sockets, Grommets, Steel Letters  
and Figures, 1-1-3-16in., Prun-  
ing Shears, Tailors' Squares, Cop-  
per and tinned Wire, on spools etc.,  
in all a 9-page invoice of assorted  
Hardware.

Last of all comes our list of ar-  
rivals from San Francisco: Leather,  
39 rolls of Sole, Harness, Saddle,  
Splits, Buff and Lace; 45-70 405-  
500 grain Frankfort Arsenal Bul-  
lets, Turkey and Ostich Feather  
Dusters, Cotton Hose, Block Tin,  
Tin, Phoenix Horse Shoes, Mill and  
House Brooms, Horse Collars and  
Collar Pads, Paper Bags, Rifles,  
Revolvers, Belting, Carriage and  
Machine Bolts, Log and Wood  
Screws, Brass Stencil Combination,  
1 to 2 in., Fence Wire Pullers, 2½  
and 2½ in. Clinch Nails, Blue  
Stone.

You now see we had our share of  
the arrivals by last Australia.  
Many of our arrivals started in,  
soon after putting up at our place,  
to see the islands, a number hav-  
ing gone to Hawaii and Maui, and  
the 39 members of the Knife family  
are skipping all over town, in the  
pockets of their owners.

Come in and see some of our  
Goods and take some with you,  
if you wish.

## THE CONTEST.

Lishman Jumps to First Place  
This Week.

Angus Second and Mahuka Third  
—Four Hundred and Ninety-  
Three Votes Polled  
This Week.

Percy Lishman played a good game of ball on last Saturday afternoon and his friends, both adult and juvenile, showed their appreciation by depositing enough ballots during the past week to put him in first place for the Volcano trip. He received 193 votes, which makes his grand total 882.

George Angus was not forgotten, and tallied 176 times, more than enough to give him second place.

Mahuka, of the Kamehamehas, received 58 votes; but his playing to-day is expected to be of that order that his friends will rally next week and send in enough votes to send him a trifle higher than the position he occupies this week, which is third place.

J. O. Carter, Jr. still retains his clench on fourth place; but who knows but what he may be a dark horse.

HONOLULU, H. I., JUNE 30, 1892.

MESSRS. HAWAIIAN HARDWARE COMPANY, Honolulu.

Gentlemen:—Regarding the "Hendry Breaker" purchased from you for use by the Pioneer Mill Co. at Lahaina, I take pleasure in saying that it is the best breaking Plow I have ever had in use and the best I have ever seen. The draught is very light, and it turns the furrow as evenly as it is possible to do. We are using the first "Hendry Breaker" you ever sold, and I believe it has not cost us one dollar for repairs since we bought it.

Gentlemen:—Replying to your inquiry regarding the Hendry Breaker which we bought from you I wish to say that it is quite the best breaking Plow I have ever seen. We have tried it on a small piece of land and it gave such perfect satisfaction that the men expect an easy task in breaking the two hundred acres which we contemplate working in a short time.

## THE LEGISLATURE

Twenty-ninth Day.

FRIDAY, July 1.

The House was called to order at 10 A. M. Minutes of the preceding day read and approved.

## PETITIONS.

Minister Widemann presented a petition from John H. Paty for refund of taxes paid twice. Referred to Committee on Finance.

Rep. Kamaooha presented a petition from residents of Kakaako, asking that the water system be extended to that district. Referred to Public Lands Committee.

Rep. Kanealii presented a petition from a man in Kau for \$100 road damages. Referred to Public Lands Committee.

Rep. Iosepa presented a petition from Honolulu, praying that the subsidy to the Mokoli'i be discontinued because she carries lepers, and that no more lepers be sent to Molokai. Referred to Sanitary Committee.

Rep. Kamaooha presented a petition from Kakaako asking for an electric light. Referred to Public Lands Committee.

## STANDING COMMITTEES.

Noble Williams reported Bills 80, 81, 74, 79, and answers of Attorney General to questions of Rep. Waipulani printed.

Rep. Kapahu presented a minority report of the committee on the Peter Lee road, recommending the purchase of the same for \$5000.

Noble Young presented the report of the majority of the committee. It recommends the purchase of the road at a maximum price of \$6000, upon the furnishing of a clear title by the grantor. Signed by Nobles Young and Anderson, and Minister Spencer. Both reports were laid on the table with the Appropriation bill.

## RESOLUTIONS.

At 10:40 the House proceeded to the ORDER OF THE DAY.

Consideration of the Appropriation Bill in Committee of the Whole. The President called Rep. Kaunamano to the chair.

The hon. member being in a brown study, the President said: Wake him up!

## POSTAL BUREAU—(Continued).

Salary of Clerks, \$36,000. Noble Marsden moved it pass at \$33,120.

Rep. Waipulani wished the salaries of all clerks appropriated separately. Rep. Smith asked how the House could possibly judge which was the most important of all these clerkships. He for one did not know.

Nobles Macfarlane and Baldwin presented arguments in favor of passing the items in a lump sum, showing very clearly that passage in that way was not only absolutely indispensable to the efficient conduct of the bureau, but was in the interests of economy. It remaining possible on this plan for the head of the bureau to still further reduce the cost of conducting it in case of necessity. Noble Macfarlane held that before long such further reductions would be necessary. Noble Baldwin compared the attempt of the Legislature to regulate these salaries, to an effort of a commission house in Honolulu to regulate the details of plantation management.

Rep. Bush held that the present system led to favoritism. The House was the head, and should control. Clerks did not dare to complain, because their heads would be cut off. He did not know why "members" should be sticklers about it, and leave the heads of bureaus to do as they pleased. Well, excuse me; I didn't mean to say that.

Minister Parker, speaking for himself, not for other Ministers (laughter and applause), said he thought the idea of appropriating the salaries individually a good one.

Noble Baldwin saw no objection to passing specifically salaries of head clerks, but to go into all the petty salaries would require the separate passage of the pay of every one in the Government employ.

The House took a recess at noon.

## AFTERNOON SESSION.

The House re-assembled at 1:40 P. M. The item under discussion (salary of clerks, Postal Department) was finally analyzed as follows:

Secretary of the Post Office, \$4200.

Chief Clerk of Postal Savings Bank, \$3600. Carried.

Chief Clerk, Money Order Department, \$3600. Carried.

An effort to further sub-divide the item was defeated.

Remaining clerks, \$21,720. Carried.

Salary of Postmasters, \$30,000. Carried.

Pay of mail carriers, \$28,000. Carried.

Incidentals, \$13,000. Carried.

Postal Money Order reserve, \$5000.

Noble Marsden moved it be stricken out.

Minister Widemann favored that motion.

Noble Baldwin said the item had been necessary because postmasters issuing money orders had not remitted promptly, but they were now required to do so, so that the Government had no trouble in meeting the drafts.

The item was stricken out.

Deferred items:

Return of taxes illegally collected (judgments of the Courts), \$4404.05. Carried.

Salaries, last period, not paid, \$1516.93. Carried.

Rep. Koahou moved to insert, subsidy to Oceanic S. S. Co., \$24,000, to be \$36,000, in case the S. S. Australia stops at Hilo coming down; if the S. S. Australia will stop at Hilo on the down trip. He was not in favor of stopping the subsidy altogether, but the opportunity was a good one to start steamship communication with Hilo. The idea had been first suggested to him by the Spreckels in San Francisco. The idea advanced by them was that the best plan would be to have the Australia go directly to Hilo rather than to have a fast inter-island boat. Less than a third of the tourists go to Hawaii. They are scared by what they hear of the rough voyage. If this change is made, they will go, and the inter-island companies, instead of being losers, will double up their business. There were

great advantages in the plan, and no disadvantages. It would be a great stroke of business for the island of Hawaii, which had been neglected in the past.

Minister Widemann was very glad to be able to coincide with the views of the hon. Noble from Maui, and would be glad in his capacity of Minister to execute them.

Rep. Ashford favored the reference to a committee, and would wish the committee to inquire whether the Oceanic S. S. Co. was in a pool with the Pacific Mail S. S. Co., and whether the country was really paying a subsidy to keep the Pacific Mail S. S. Co. away. He had no quarrel with the Oceanic S. S. Co., nor with the subsidy, but the House should know the facts. It was well known that the Pacific Mail S. S. Co. would not take freight, nor in general, passengers; and it was well understood that this was due to an arrangement between the two companies. He was going to follow the example of the illustrious Noble for Oahu (Noble Neumann) and ask the President to place him on the committee.

Rep. White moved the committee be of seven members. He also was troubled with not too much modesty, and would like to be member.

Rep. Smith wanted to know what the use of a committee was.

Rep. Bush said there is the pool to find out about.

Rep. Smith—What pool? How can the committee find out about any pool?

Rep. Ashford said if he were on the committee he would engage to find out about it. The pool had been stagnant so long that it stank. He would stir it up.

Rep. Smith said the member must be very fond of a bad smell.

Noble Thurston said he saw no need of reference to a committee. The question of the subsidy was an old one. It made no difference to the country whether the O. S. S. Co. was paying another company to keep away or not. The member for Honolulu could go on a private smelling expedition if he wanted.

Noble Ena did not agree with the member from Maui.

Rep. Ashford said his interest in the matter was not a private one at all. If we were going to furnish the money to drive out competition we must be bigger fools than the speaker supposed. The object of the subsidy was to improve the service, but it worked in just the opposite way. He did not know what the facts were as suggested, except as everybody knew it. The matter should be thoroughly investigated.

The item was referred to a select committee of seven.

## BUREAU OF CUSTOMS.

Salary of Collector-General, \$7000, passed at \$6000.

Salary of Deputy Collector, \$6000. Rep. Bush said the Collector-General was so busy with his social duties that he was never in his office at all. It might be well to strike out the item for the Deputy Collector to do some work.

If Mr. Clegg was a favorite let him be supported some other way. If he needed money to maintain his state as Governor let him be paid for that. (Noble Marsden: "Aboish the office of Governor, this is the best way.") Well, I am in favor of that. Economy is needed. What we want is roads and bridges. My district is in a sad condition.

Rep. Smith did not want the office abolished, but he wished the Collector would supervise his subordinates a little more.

Minister Widemann said Mr. Clegg-horn was a hard working man, and so he believed, was Mr. Boardman.

Rep. Ashford said the fact that the Collector had been absent from his office for months and the work went along smoothly showed that his services could be dispensed with altogether. The salary, however, had now been passed; \$4000 a year for the Deputy Collector, and he would move that amount.

After a scene of confusion and several counts the item was declared passed at \$5000.

Rep. Kanealii said he thought the Chairman was getting a little confused.

Salary of Harbor Master, \$6000.

After a lengthy discussion the item passed at \$5000.

The committee rose at 4:03 P. M. and reported and its report was accepted.

Under suspension of the rules, Rep. Kapahu read his amendment to Rule 84. It was referred to the Committee on Rules.

Notice of a meeting was given to the Finance Committee.

Rep. Kapahu asked the following questions of the Attorney-General: 1. In opinion cases in Honolulu arising between January and April, 1892, have the police officers giving information been paid their share of fine? 2. In how many cases have police officers given information? 3. Has the pay of any police officer been withheld on the ground of sickness?

Notice was given to the committee to visit Molokai to meet at 9:30 Saturday.

Notice was given to the Opium Committee to meet.

The President appointed the following committee on the Oceanic Steamship Company's subsidy: Nobles Thurston and Cornwell, Reps. Na'awale and Ashford, Nobles Hind, Marsden and Baldwin.

The House adjourned at 4:13 P. M.

## IN ORDER

To be a true follower of Hahnemann and obtain the best results in using Homeopathic Remedies, several things must be considered.

In the first place, the Medicine must be fresh. While a few months will not impair the medicinal properties of Homeopathic Remedies yet it is evident that with age it value as a medicine will have depreciated.

Secondly—Homeopathic Remedies must have proper care. Being very sensitive to light and atmospheric changes, they must be protected from strong lights and damp air.

That they should be kept separate from odors of strong and powerful drugs, must not be ignored.

When these precautions have been complied with, Homeopathic Remedies will have a fair chance in combating diseases.

We have recently added to our stock, not only a complete line of Boericke &amp; Runyon's Homeo. Remedies, but a full line of Humphreys' Specifics, both domestic and veterinary.

In Boericke &amp; Runyon's line we have the different remedies of the Materia Medica, and many of their specialties, such as Schuessler's Tissue Remedies, in single bottles or cases. Homeopathic Cough and Croup Syrup, commonly called B. &amp; S. Syrup.
