Vol. XVII. No. 3070

HONOLULU, TERRITORY OF HAWAII, TUESDAY, MAY 9, 1905

PRIME 5 CENTS.

Leaves Tonight To PREPARE SUBMARINES AND Arm Japan's Army

When the steamship Korea reaches Japan one of her passengers, a quiet, modest sort of a chap, will be with the greatest consideration and politeness, to say nothing of anxiety for his welfare, escorted to the Japanese holy of holies in naval affairs, consulted, made much of and directed to go about the important business which takes him to the Kingdom.

F. H. Cable is the superintendent of the Holland submarine torpedo boat concern and is necessarily an expert in all matters pertaining to the wick-

ed craft. Mr. Cable was discovered at noon today at the Royal Hawaiian Hotel. He shied as soon as he saw a reporter and in soothing tones explained that he could not talk, as much as he might like to relieve his mind of all it holds. Yes, his name was Cable, right enough; he admitted that and even volunteered the information that it was not an assumed name.

Mr. Cable is accompanied by Mrs. Cable.

Although Mr. Cable has not talked for publication he has talked to others and it can be said positively that during the past year no less than twenty-six submarine torpedo boats of the Holland type have passed through Honolulu for Japan. The Russians have these boats too, and it is estimated that there will be no less than fifty submarines in the forthcoming naval battle between the Russians and Japanese.

The first Holland submarine was sold to Russia. The Japanese had been looking it over and while they were deciding the Russian representative came along and bought it. This submarine was buried in the cargo of a collier and sneaked out of Newport News. Since then the Holland people have been doing a thriving business making submarines for both the Russians and the Japanese.

Cable was heard to remark while here that he supposed he might be caught in some of the war operations (Continued on Page 4.)

KONA PEOPLE FOR SCHOOLS

The following resolution calling for liberal appropriations for public schools was adopted at Republican meetings held May 6 in the third, fourth and fifth precincts of Kona, Hawaii, thus securing an expression from the people of Kailua, Central Kona and Hokena.

To the Honorable the Legislature of the Territory of Hawaii. At a meeting of the above named Republican Club the following resolution was passed, and it was ordered that a copy thereof be forwarded to the Senate and House of Representatives and to the public press:

"Whereas the Republican Party, in its platforms of the past and by the utterances of its leaders all the time, is pledged to increase and continually foster the means of Public Education in this Territory, and

"Whereas the party pledges in this matter should be fully kept, "Therefore, be it resolved, That we urge that liberal and fully adequate appropriations be made for the schools of Hawaii, and for their efficient continuance, as, from the education of our people our future will depend."

TENDERS CALLED FOR CONSTRUCTION OF FEDERAL WORKS

"They have been hanging it up some time on the other end and now we will try to make up for it on this end," said Dr. Cofer this morning while contemplating the order received from Washington to call for bids on the work of the new United States quarantine station.

The call for tenders for the construction of the wharf, roadway, laundry, plant retaining wall and dredging for the Federal improvement work at the quarantine station is published in this issue. The appropriation for this work amounts to \$80,000 and besides being an addition to the facilities of the port will give a good many people an opportunity to earn good wages.

TWO NIGHT DANCE FOR ELKS AND TROOPS AT HAWAIIAN HOTEL

A dance preceded by a special dinner will be given at the Royal Hawaiian Hotel this evening in honor of the Elks' Minstrel Troupe which recently delighted Honolulu audiences at the Opera House.

The local lodge will give a dinner to those who worked so hard to make the performance a success. The famous Ellis quintet club will play and sing, both during dinner and afterwards, for the dance, while the Elks themselves promise several solos during the evening.

Tomorrow night a dance will be given at the Hawaiian in honor of the colonel, officers and ladies of the Ninth Infantry, which will arrive on the transport Sherman. All army and navy officers as well as the townfolk are most cordially invited to be present at both dances.

Andrews' Evasive Answers To Questions Put By House As To Test Of County Act

HAWAII'S FUTURE DEPENDS UPON HER SCHOOL SYSTEM

EXTRA SESSION.

EIGHTH DAY.

The House of Representatives this morning received the following from the Attorney General in response to the resolution yesterday adopted, calling upon Mr. Andrews to reply to certain questions:

Honolulu, May 8th, 1905. To the Speaker and Members of the House of Representatives of the Territory of Hawaii.

Gentlemen: Your favor of May 8th, asking certain questions, duly received, and in reply I would answer them as follows:

First: In response to question numbered 1, "have you expressed to any person a doubt as to the legality of the County Act," I have the honor to reply: Since the passage of the County Act considerable doubt has been expressed as to the legality thereof, and any and all conversations by me had in relation to such doubt have been to

the effect that such doubt should be removed by a decision of our Supreme Court.

His Duty to Uphold.

That as Attorney General of the Territory it was and is my duty to uphold and not to attack the laws of the Territory.

Second: In answer to your question as to whether I have "held any consultations or interviews with any persons, who have declared their intention to test the legality of the County Act in the Courts," I would reply, that I believe that the only way we can be assured that local self-government, such as this Act provided for, can be had under the present Organic Act, is by bringing the matter immediately to the attention of our Supreme Court so that a decision might be rendered prior to the involving of the Territory in the large expense necessary to a complete change in the form of government.

To Defend the Act.

I have caused the matter to be taken up for presentation before our Courts, with the distinct understanding and intention of defending the Act against any and all attacks, and such I consider to be my duty in the premises.

Third: In answer to your third question as to whether I have stated to H. E. Cooper and T. McCants Stewart that I desire them to assist me in defending the Act, and as to whether I have had any correspondence with them I would reply, that I requested both these gentlemen, who had acted as Commissioners in drawing up the Act, to assist my office, provided that they would perform said services gratuitously, and that I understood both gentlemen to accept the offer, but later had my doubts as to Mr. Stewart's accepting the same without fee. As a result I wrote these gentlemen the letter attached hereto (Continued on Page 4.)

TRANSPORT PEOPLE ADMIRE OUR LANAI'S

The town is full of transport people and many of them are being entertained in the homes of Honolulu. Many of the officers and their wives, folks who have seen homes in the wild tropical regions of the Philippines and in the cold portions of the Northern United States, say that the chief attraction of Honolulu residences is in the broad lanais. Every house, even if it is only a Chinese shack, has a lanai. But to make one's lanai attractive that place should be furnished attractively—not elaborately but simply attractively. Go to J. Hopp & Co. in their Alexander Young Building stores and you will find a wide assortment of things for the lanai, rattan and wicker chairs, and large comfortable rockers, things which will stand the weather and still look attractive. They also have tables and rugs suitable for lanai use.

DANCE AT YOUNG

On Wednesday evening the management of the Alexander Young Hotel will give a dance in the roof garden pavilion in honor of the visiting transports. As usual the officers and their ladies of the army and navy as well as the society people of Honolulu are cordially invited.

CARTER'S ATTITUDE TOWARD COUNTY LAW MOST REMARKABLE

I see that the Governor has given out an interview in which he says the County Law is a "gold brick" and cannot stand," said a prominent citizen this afternoon.

"If the Governor had said what he meant and what his actions for the last few months have shown, he would have said that the County Law will not be allowed to hold good if he can help it. You will notice also as the game develops that the Governor and all the departments he controls will do their utmost to prevent a determination of the legality of the County Law by the Federal courts, as should be done. The fight for the County Law has just begun and it remains to be seen whether the Legislature will allow themselves and the people of the Territory to be juggled and manipulated out of this law that they have repeatedly and with such direct speech demanded. When Carter talks as he is reported as talking in this interview he presumes to be the Governor of the Legislature and the Supreme Court combined. I never in my life saw such an arbitrary determination to override the expressed demand of the citizens of any country as is now being displayed by the Governor of this Territory."

The most stylish hats ever turned out in Honolulu are being shown by Mrs. Hodson in Kerr's Millinery Department.

Alfred W. Horner has filed a libel for divorce vs. Keake Horner, alleging habitual intemperance.

SUGAR PRICE TO REVIVE ACCORDING TO EASTERN EXPERTS

"Leading sugar men of New York seem to agree that the present drop in the price of raw sugar is due to European speculation and that the market must revive as the statistical situation is unchanged," said Hon. H. P. Baldwin this morning. Mr. Baldwin with Mrs. Baldwin returned in the Korea from a vacation trip to the mainland which took them as far east as New York. They enjoyed the trip and Mr. Baldwin is very much recuperated. Mrs. Baldwin suffered an attack of grippe but made good recovery. "The high price of sugar was due to two reasons: The drought in Europe and the Brussels convention. Two-thirds drought and one-third Brussels convention. The leaders back east believe that the price is due to recover soon and aside from the influence of the drought the Brussels convention is certain to always give an additional half a cent per pound on sugar."

TALK THIRD MAN TO COMPROMISE FIGHT FOR SHERIFF

There is talk of putting a third man into the fight for the Republican nomination for Sheriff of the County of Oahu. Those doing the talking say they are advancing the plan because they are friends of both Brown and Crabbe and are consequently very much opposed to the personal character of the contest is taking. The man who spoke to the Bulletin

WANT WELL PAID TEACHERS

Pearl City, Oahu, May 8.—At a meeting of the 6th Precinct Republican Club of the 5th District, held this date, the following motion was unanimously adopted: Whereas, the Republican Party in its platform declared in positive terms for the maintenance of the public schools of the Territory according to standards of highest efficiency. Resolved, that the members of this precinct club call upon their representatives in both Houses of the Legislature to shape the appropriation bills in such a manner that the teachers of the public schools shall be paid in accordance with the importance of their work.

WILLIAM KANE,
Secretary, 6th Precinct Republican Club, Fifth District.

FRANCE TO ORDER RUSSIANS OUTSIDE

ROJESTVENSKY HAS SAILED AGAIN.
WHATRANG, Annam, May 9.—Admiral Rojestvensky's ships that have been cruising off Vafong Bay sailed this morning, destination not known.

CAPTURED BY REBELS.
HODDIDA, Arabia, May 9.—Thirty guns and 20,000 rifles have been captured by the rebels at Sanea.

CHRISTIAN AND JEW FIGHT TO THE DEATH.
ST. PETERSBURG, Russia, May 9.—An encounter between armed Christians and Jews at Zhitomir resulted in 12 killed and 50 wounded.

DEFALCATION RUMORED.
ST. PETERSBURG, Russia, May 9.—It is rumored that that enormous defalcations have occurred in the commissary department of the Russian army.

TOWN WIPED OUT.
MARQUETTE KAN, May 9.—Twenty-four persons were killed and thirty five injured in a tornado that passed over this town today. A portion of the town was destroyed.

CHANGE OF MANAGEMENT AT THE ALEXANDER YOUNG HOTEL.

BEGINNING May 15th, "The Alexander Young Hotel" will be operated on both the American and European plans.

NOAH W. GRAY, Manager.

representative of the plan said this morning, "I like Brown and I like Crabbe. I don't want to work against either. The contest as it is now shaping is becoming a personal issue between the friends of the two men. The Sheriff fight in the convention will overshadow everything else, everything will be made secondary to it and the first thing we know we will find that we will have an otherwise weak ticket just because all attention has been centered on Brown and Crabbe."

"My plan is to put forward a man like Sam Johnson on whom to compromise."

The case of Ellen Albertina Polyan blank vs. Sam Nowlen has been discontinued upon the payment to the plaintiff of \$537.50 by Mrs. S. S. Robertson, garnishee in the case.

E. M. Campbell has filed an action vs. L. Duval for the sum of \$2500, alleged to be due as payment in a place on Pihikoi street.

Deputy Attorney General H. A. Heen returned in the Mauna Loa this morning from Kailua, where he represented his department at the Circuit Court term.

AFTERMEETING EARNST

"ENEMIES WITHIN
THE FORT" SUBJECT

DR. OSTROM ADDRESSES LARGE AUDIENCE ON SELF-DENIAL—MANY RESPOND TO CALL.

The most earnest and sincere demonstration of a religious awakening in Honolulu came last night, when, after addressing a large audience in the Central Union Church Dr. Ostrom led fully half the assembly into the adjoining church chapel and there for nearly an hour talked and prayed and sang with them. The response to his plea was more general than at any previous service. No one, except those really in earnest, had stayed for the aftermeeting, and the result was most encouraging. Many took their first stand for Christian lives, many confirmed their previous belief. There were several who confessed to backsliding or growing lax in religious matters, and asked the Christian people of the congregation and of the city to help them.

The audience at the general service beforehand was larger than at any previous meeting except the one Sunday night. Mr. Hillis as usual led the chorus, and Mr. Butler sang.

Dr. Ostrom spoke on "Enemies Within the Fort."

He announced his text from Matthew xvi:24. "Then said Jesus unto his disciples, If any man will come after me, let him deny himself, and take up his cross and follow me." He said in part: "We have been suffering in recent years from a cheap religion, not in money value, but in determination, in overcoming obstacles. We have had in the church men who balked, as cheap horses do, or lay down in harness. Many wear religion as a young man wears a button hole bouquet, and we don't like or want a bouquet religion. Men like the heroic in religion as in warfare. Multiplied thousands of people regard religion as a fire escape. The sense that religion means character, means honor and glory and strength seems to have been forgotten. If you want to take a Port Arthur, Jesus would say, get the best shelter you can, but scale the heights and take it. So with religion: If a man would be a Christian man, he will be a frugal, industrious, determined man, not to make money or live in so called society. If Jesus is worthy of being my savior he is worthy to take everything I have, and if I want him I will give up everything to follow him, or he is no Savior of mine.

"Jesus says, 'If any man would come after me, let him deny himself.' There is the enemy within the fort—the man's soul within his own breast.

"If a man really wants to live a life of sweetness and light, let him learn this secret of unselfishness. Philip Brooks called it overcoming by under-going.

"If you want to love God, to know him, to understand Christ's character—deny yourself. The love of God must sway a man if he is really going to live a unselfish life. As a grain of wheat dies to produce a harvest, so with a man whose life is unselfish, his selfishness dying out to bring forth the harvest of sweetness and purity.

"Let us bless and serve."

After the following prayer and hymn Dr. Ostrom led the after meeting in the chapel.

Today at 12:10 the noon meeting opened at the Y. M. C. A. Tonight Dr. Ostrom will again speak at Central Union Church assisted by Mr. Hillis and Mr. Butler. This morning the series of home prayer meetings began. There will be afternoon meetings at the Central Union Church on Wednesday, Thursday and Friday at 3 o'clock.

WAILUKU'S VOICE

RAISED IN EARNEST

FOR SCHOOL FUNDS

The resolution of the Wailuku Improvement Association, calling for appropriations for the Department of Public Instruction, received in the House this morning, and referred to the Maui delegation, is in full, as follows:

Whereas, the existence and perpetuating of American political principles and institutions are dependent upon the efficiency of the public school system, and

Whereas, the schools of Maui are and have been seriously hampered by lack of funds needed for erecting school houses and providing salaries of teachers; and

Whereas, The public school system is essentially a business institution, and efficient employees cannot be obtained for the meager compensation now paid in most of our schools; and

Whereas, The extreme economy now proposed in the appropriations will result in still further diminishing the efficiency of our schools; now therefore

Resolved, That the Improvement Association of Wailuku district, through its executive committee, do hereby, in the strongest manner, urge your honorable body to appropriate to the use of the Department of Public Instruction at least the amounts asked for by that department.

Resolved, That copies of this resolution be sent to the President of the Senate and Speaker of the House.

We hereby certify that the above resolution was unanimously adopted at a meeting of the Executive Committee of the Improvement Association of Wailuku District, May 5, 1905.

CHILLINGWORTH AND**MOSSMAN CASES SET**

Harry C. Mossman yesterday morning filed a motion before Judge De Bolt asking that the cases of embezzlement against him be set for an early date. The motion was accompanied by an affidavit stating that he had a wife and child to support. His bondsman, Chas. Lucas, threatened to withdraw from his bond unless the cases were tried soon.

Chas. F. Chillingworth filed a similar motion with an affidavit showing that his constant attendance on the Court while awaiting trial has prevented him from practicing as an attorney and prevented him from making a living.

Both motions were granted by Judge De Bolt, who set the Mossman cases for trial on June 12 and ordered that the Chillingworth cases should follow them.

KORFA HAS BIG CARGO

LINER ARRIVES

FROM THE COAST

ADMIRAL REITER A PASSENGER FOR THE ORIENT—VESSEL WILL CALL AT MIDWAY.

Bringing many passengers and with her hold jammed with freight for the Orient, the Pacific Mail liner Korea reached port this morning, docking at Hackfeld's wharf at 8:15 o'clock. The big liner made a good run from San Francisco in fine weather, leaving at 1 p. m. on Wednesday, May 3, coming down in about five days and twelve hours.

The Korea has nearly 160 cabin passengers, 37 of whom are for Honolulu. Most of them are residents returning from the mainland. There are a number of tourists.

Among the well-known passengers returning are Mr. and Mrs. H. P. Baldwin, who have been absent on the mainland for some time. Mr. F. H. Humphris, father of Dr. F. H. Humphris; Mr. August Humburg, Mrs. H. B. Cooper and child, Mrs. L. D. Dickey, and Mrs. H. Focke.

Miss Maud Kinney returned from a long trip abroad. She has been studying music in Germany for three years.

Among the through passengers is Rear Admiral George C. Reiter, U. S. N., en route to Hongkong. Admiral Reiter is going out to become commander of the Philippine squadron, Asiatic fleet, succeeding Rear Admiral Yates Stirling, who passed through here from the Orient several weeks ago. Admiral Reiter is accompanied by his flag lieutenant, Lieut. J. R. Y. Blakeley.

Mr. J. B. Farish is an American mining engineering expert, at the head of a party which is en route to Japan to look over the mineral resources of the country with a view to opening up mines there, backed by American capital. Mr. and Mrs. J. H. Rosenthal are making the round trip to the coast and back. Mr. Rosenthal is a prominent Yokohama merchant.

R. Schulbach, owner of immense coffee plantations in Guatemala, is on his way to Japan on a combined business and pleasure trip.

Mr. Daniel S. Kidder, American Consul to Ning-poo, China, is returning from a trip to the States.

John E. Wilkie, chief of the United States Secret Service Bureau, is on his way to the Philippines, where he will look over the local secret service.

The Korea carries a large cargo of machinery for the Orient. It includes 5,000 tons of general machinery for shops, etc., and 200 tons of lead. Besides that she has on board 1,000 rolls of leather, and 2,000 kegs of beef. There is also an unusually large assortment of general merchandise. Owing to the fact that the condition of the Asiatic seaboard is so unsettled and any day may see either Russian or Japanese supremacy, the Korea will call at Midway Island on her way to the Orient for orders and information concerning the fleets. If the Russians win the war, this liner as well as all others leaving the Coast at this time would be in serious danger of having their cargoes confiscated.

The Korea will sail at 5:30 tonight.

ANSWER OF EVASION

The response of the Attorney General to the questions presented by the House of Representatives is a very fair effort at evasion so far as the answer to vital questions is concerned. It is not difficult for the citizens of this Territory to realize that the effort to kill the County law has not ended. The Legislature can see plainly that it must again go on record in defense of the demands of the people against the lukewarm attitude to saw the least—of the executive department sworn to uphold the laws of the Territory.

QUESTIONS OF POLITICS.

What sort of politics is to control the destinies of the Republic in the County nominating convention and the election? Incidentally where do the men stand who have so boldly and loudly announced that they hope for pure politics. The future can only be judged by the past.

The precinct meetings held on Saturday passed off remarkably free from questionable political methods and small trickery—except in one precinct.

This single exception was the precinct in which the name of the Attorney General of the Territory leads the convention ticket that was jobbed through.

Now, the Attorney General is put before the public as a leading member of the Civic Federation. He is on the legislative committee that "considered" the test of the County law. The Anti-Saloon League, first cousin of the Civic Federation, had the Attorney General introduce the great temperance leader of the country at a local meeting. So it may be presumed that Attorney General Andrews has the full approval of the gentlemen who have much to say of the purity of their politics.

Certain members of the Sixth Precinct, who nominated the Attorney General on the ticket to the County convention held a meeting Saturday evening. These certain members assembled previous to the hour set for such meetings. No public notice was given by the precinct officers of the meeting in this precinct. The few necessary to put through a slate and close the nominations were present. When other members of the precinct arrived, the slate headed by the name of the Attorney General had been jobbed through.

Incidentally it is a serious question if the name of Lorrin Andrews appears on the registered voters list of the Sixth Precinct of the Fourth District.

It may be that this is the sort of politics and political jobbery that the Civic Federation and the Anti-Saloon League and any of their associates uphold or consent to. The public generally consider them something in the light of hypocrites. It is up to one or all of these organizations to take a positive stand on the matter that the self-respecting citizens of this county may know what sort of individuals these self-praising combinations are.

It may be that this jobbery of the Sixth Precinct is a sample of the purity of the political methods of the

The person with business to do, who wants to reach the people, will, if favored with common sense, use the medium that reaches the people. The BULLETIN publishes its circulation and is the only paper of the Territory of Hawaii doing so. If others could make a better showing they would do it. That's business and human nature combined. BULLETIN space rates are in keeping with its circulation. The rates are FAIR. A man doing business and interested in doing more business should remember that a fair estimate made by leading advertising agents is that each newspaper is read by an average of three persons. If you are doing business on a business basis you will patronize the

Civic Federation. Silence will give consent. To the average citizen who simply does his duty without parading his piety for others to adore, the Sixth Precinct incident with which the name of Attorney General Andrews is associated appears as a typical example of the methods adopted in the political sewers of the world. What does the Civic Federation think? Silence gives consent.

THE HOUSE.

(Continued from Page 1.) and have received an answer from Mr. Stewart, a copy of which I hereby attach.

Fourth: In answer to your question as to whether I have stated to A. G. M. Robertson that I would be glad to have him hold himself in readiness to assist me, I would state that I have had some talk with Mr. Robertson to that effect, but have not yet decided whether it is necessary to request his assistance.

Duty to the People. In closing I would state that under the Organic Act it is the duty of my office to represent the people in all government suits and I would be derelict in my duty if I should require the government to pay large sums of money to other counsel for attending to these duties.

Yours respectfully,
LORRIN ANDREWS,
Attorney General.

The above, together with enclosure, was ordered filed.

These enclosures were the Attorney General's letter to Attorney Stewart and Stewart's reply, both published

exclusively in the Bulletin yesterday, and Mr. Andrews' letter to Attorney H. E. Cooper, which, as far as reference to the Attorney General's consultation with the Governor is concerned, is identical with Andrews' letter to Stewart. Writing to Cooper, the Territory's legal representative says:

Under the circumstances, if I understand your offer correctly, that you perfectly willing to volunteer your services without fee for the public good, I will gladly avail myself of your offer, and I will ask you to immediately confirm the same, for you will understand the importance of immediate action.

"As I do not understand Mr. Stewart will offer his services free of compensation, I shall not ask him to assist."

Future Depends on Schools. There was received in the House of Representatives this morning the following resolution which was laid on the table to be taken up with the appropriation bill:

Resolution.
Fifth Precinct Club, Second District of Hawaii, to the Honorable the Legislature of the Territory of Hawaii:

At a meeting of the above named Republican Club the following resolution was passed, and it was ordered that a copy thereof be forwarded to the Senate and House of Representatives and to the public press:

Whereas, The Republican party in its platform of the past and by utterances of its leaders all the time, is pledged to increase and continually foster the means of Public Education in this Territory; and

Whereas, The party pledges in this matter should be fully kept;

Therefore be it resolved: That we urge that liberal and fully adequate appropriations be made for the schools of Hawaii, and for their efficient continuance, as, from the education of our people our future will depend.

Done at Hokena, Hawaii, May 6.

The Fifth Precinct Republican Club, by its Secretary,
JOHN S. KAWE.

On Unpaid Bills. Going into Committee of the Whole the House took up Senate Bill No. 5 on second reading. Rep. Long taking the chair. This measure is identical with House Bill No. 5, providing for the payment of unpaid bills.

The various House amendment to H. B. 5 were inserted in S. B. 6, this method saving the time that would otherwise be consumed.

Lewis moved the following new items which were passed:

Hilo Fire Department—To Hilo electric Light Co., \$101.50; to Hilo Telephone Co., \$58; to Richard & Schoen, \$32.50; to E. Fuhr, \$18.

Harris moved:
Treasury Department—Ellen K. Coelho, refund of taxes, \$41.10. Passed.

T. L. Holloway, refund of taxes, \$31.90. Passed.

Lewis moved:
To reimburse Ah Nam, \$2500 (recovery of bail). Passed.

Lewis moved:
To reimburse Ridgway & Ridgway,

for services rendered Fourth Circuit, \$100. Passed.

Smith moved:
W. H. Beers, interpreting in Fourth Circuit Court, \$20. Passed.

Will Sue Territory.

Harris moved:
To pay claims incurred by the County of Maui (Harris) \$2106.65. Tabled.

This proposed amendment raised a storm and Coelho said there would be suits against the Territory for money paid out for the support of prisoners, etc., during the ten days' existence of the county government in 1903.

Following was the vote on this item. To table—Reps. Andrade, Cox, Fernandez, Greenwell, Harris (Harris voted to table his own amendment), Holstein, Kalawala, Kalelopu, Lewis, Mahelona, Pulas, Sheldon, Shipman, Smith, Waterhouse, Knudsen (16).

Against tabling—Aylett, Broad, Coelho, Copp, Hala, Kanoho, Lillikalani, Mahikoa, Nakui, Pali, Rice (11).

Shortly before noon the committee rose and reported the passage of the bill, asking to be permitted to file a written report upon the receipt of which the House will formally pass the measure.

Geo. W. De Long Post No. 45, G. A. R., wrote the House to invite the Representatives to participate in the observance of Memorial day services at 2 p. m.

Invitation accepted.

At noon the House adjourned until 10 a. m. tomorrow.

FRANK LUCWEIKO

WANTS \$1500

FROM GOVERNMENT

Frank Lucweiko, famous in wide circles as Russian Frank, and his wife, Minna Lucweiko, this morning filed before the Supreme Court a claim for \$1500 against the government.

The aged couple, in its declaration, first assures the court that it has never aided, abetted or given encouragement to rebellion against the government.

It is thereupon set forth that the Governor, the Secretary, the Attorney General and the Public Works Department have all been approached regarding the claim but from none of these was anything except the most perfunctory action or recognition obtained.

The plaintiffs claim the sum of \$1500 in consideration of an agreement made with the Territory whereby the Territory secured a certain piece of land at the junction of King and Beretania streets for widening purposes.

One of the considerations of the agreement was that the Territory was to move all the improvements on the land to another lot belonging to Lucweiko. This it failed to do, to the plaintiffs' damage in the sum of \$1500.

LEFT LOT BEHIND

The Territory through the Attorney General, has filed an information for a decree of escheat vs. Irene B. Cornwell and John P. Colburn. It is shown that Colburn is now in possession of a lot on Kinohiki street. Irene Cornwell claims possession of the premises through her tenant, Colburn, while Colburn claims possession adversely to Irene Cornwell, and the Attorney General does not know which of the contentions is true.

It is shown that the lot was granted by King Kamehameha to one Edmund Smith in 1850. In 1851 Smith left the country and nothing has been heard from him or his heirs since. The plaintiff therefore prays that the premises be decreed escheated to the Territory.

RUMOR OF SALE OF NORRIS RANCH DENIED

A persistent rumor was afloat this morning that the 61,000-acre ranch of Col. Sam Norris at Kau, Hawaii, had been sold for \$150,000, and that the money was on deposit in \$20 gold pieces at Bishop's bank. The rumor was strengthened by the arrival of Col. Norris on the Mauna Loa this morning.

A Bulletin reporter called on Mr. Stevens, with Jas. F. Morgan & Co. who was reported to be arranging the details of the sale, regarding the rumor.

"The ranch is now before certain parties for sale," said Mr. Stevens, but it has not yet been sold, nor is the money on deposit." He did not care to state what the proposed selling price is.

The Supreme Court is making arrangements for the hearing of the Magoon disbarment matter, which was set for May 15, but which seemed in great danger of being still further delayed owing to the departure of Judge Robinson, who with Judge Lindsay sat on the case in the places of Justices Hartwell and Wilder and Judge De Bolt, who were all disqualified.

TO ARM JAPAN'S NAVY

(Continued from Page 1.) in which he might get mixed up. "But" as he puts it, "I have friends on both sides."

Some time toward the end of last year a New York newspaper contained an article to the effect that the Holland submarine torpedo people were sending across the continent, en route to Japan, five of the Holland boats, in sections. Whether there are more torpedo boats aboard the Korea cannot be said. It is not impossible. It is even probable. In any event, for numerous little facts make a truth very large and clear sometimes. Cable is going to Japan to take charge of the putting together of a number of torpedo boats made by the Holland people and shipped on to the Orient.

Cable after throwing the machines together, will then proceed to instruct the bright little Japanese in the art of handling this particular craft, for Cable has run these engines of war himself and knows all about them.

How long Cable will remain in Japan he will not say. It is possible, though Cable does not say so, for he will not talk about his mission, that the torpedo boat expert will journey still farther over the earth's rim and attend to certain business in Europe. It would only be business for the Holland people to keep Russia posted on the latest brand of war goods. Cable smiled at this suggestion. He did not deny it, nor did he affirm it. About all he had to say was that he failed to see how the fact leaked out that he was here.

Naturally Japan wants to keep all such matters very quiet. Cable leaves in the Korea this evening, taking with him very pleasant memories of Hawaii. He goes to arm Japan in a very formidable manner against the Russians.

This quiet, clean shaven, unassuming individual slipped through San Francisco without being discovered by the newspapers there and anticipated to questions at Honolulu.

It is understood that he has instructions to make all haste to Japan. The boats are needed. Holland torpedo craft have not yet been used by the Japanese.

Cable will have nothing to do with the manipulation of the machines in actual fight. His duty will end when he has instructed Japanese crews how to handle the boats.

RAIN IS FALLING AND CANE GROWING

The Weather Department gives the following review of conditions for the week ending May 6:

During the past week the weather has been partly cloudy, with average temperatures slightly below the normal on account of the rather cool nights. Strong trade winds have prevailed, attended by frequent showers in most portions of the group. The rainfall has been abundant over the windward side of Hawaii, Maui, and Kauai, but has been rather light elsewhere.

Young cane is generally reported as in good condition although it has suffered slight damage in places from the high winds. Planting for the crop of 1907 and harvesting of the 1905 crop continue, but the excessive amount of moisture in the Hilo district is interfering somewhat with field operations. Pineapple plants are in very satisfactory condition, but would be benefitted by more rain in Oahu, and less rain and more sunshine in Maui.

Windward pastures are in excellent condition, but leeward pastures still need rain, especially along the immediate coast of the Kona district and throughout the Kau district of Hawaii.

Rice is growing well and will soon be in blossom in the northern portion of the group, while it is already heading and ripening in the more southerly sections. Coffee trees are in good condition and display a very fine blossom. In central Maui, barley is maturing with a heavy yield, wheat is heading, and watermelon vines are in flower. Some watermelons are already in market.

Kilauea crater in Hawaii is quite active; during the afternoon and evening of the 3rd instant several sharp earthquakes were felt in practically all sections of the big island.

YACHT LA PALOMA HAS A FINE CRUISE

Clarence Macfarlane returned Sunday morning from his island trip in his crack little yacht La Paloma, enthusiastic over his cruise. He left two weeks ago going direct to Hilo, where he left the yacht while he went to Volcano House to install an acetylene gas plant. Frank Halstead met him at Hilo and they came back together. The first stop was made at Hookena, where the party was royally entertained. In honor of the first visit of a yacht to that port. They remained there two days, went next to Haulua, where they spent one day, arriving at Lahaina Thursday and leaving at 1 a. m. Sunday morning. The La Paloma made a fast run home, tying up at the wharf at Mr. Macfarlane's residence in Pearl City at 11 a. m. the same day.

The cruise was in every way a success, and has the added interest of being the first a yacht every attempted. Mr. Macfarlane reports having several exciting experiences in rough weather along the coasts, and declares that he is in every way satisfied over the performance of his fast little pleasure craft.

ANDREWS MEN WORK

FORMER HAWAII SHERIFF IS AFTER THE OFFICE

POLITICS, COURT AND SOCIABILITY THAT'S GOING ON IN THE KONA DISTRICT—WHAT'S DOING.

(Special to The Bulletin)
Kailua, Kona, May 6.—Republican club meetings of last Saturday were fairly well attended although no opposition was made to the status for delegates to Hilo convention. It seems to be thought that Andrews is in the field and will, through his friends of the convention, attempt to get the nomination for Island Sheriff. Some of the political deputy sheriffs will be delegates elected by their precincts, but they will not go in person, but will give their proxies to the Andrews faction.

John C. Searle is a persona non grata to these men because of his honest methods and they would be willing to see the ex-Car on the throne again as they, then, could play favorites. One of the hind boys will most likely run as Supervisor from West Hawaii, Kahane or J. H. S. Martin are being spoken of as candidates from Kauai, while Woods may be induced to offer himself as choice of the Kohala people. Tom Ridgway of Hilo is the only attorney who is willing to put up the \$25 nomination fee and he will be the Republican candidate for county attorney. Wilfong and Ridgway's brother have been in Kona lately on "private business," of course. J. W. Smith was here a short time ago, also on "business." J. W. wants to be attorney, so they say, but it is conceded that he cannot get a nomination.

Guy Gere was here, too, last week, he is inspecting the new roads now approaching completion. Hare, the Post-office inspector, has been minutely examining Kona offices; he is on a still hunt.

The term of court ended on the 3rd, a fairly fat calendar, but one which did not pan out very well. A gambling case in which two of the four defendants were let out on pleas in abatement, filed by Attorney Mills and an assault charge that the jury acquitted the defendant upon, a liquor selling case out of which habeas corpus proceedings came and an action to declare the office of district magistrate of North Kona vacant by reason of George Clark, the incumbent, being an alleged alien (he thought he was fully naturalized years ago) and which led to his hurried trip to Honolulu to find if he too, were a man without a country, were the principal items on the Circuit Court bill of fare. Civil matters went over till next Kohala term, two of the attorneys, wishing to find out the status of the district magistrate before trying cases in which he had sat at the early hearings.

"Are you a citizen?" was a usual question at Kailua, asked by one man of another. It is said that the status of Jurymen would have been made the ground of attack by one young lawyer if "alleged" citizens had been permitted to serve by Judge Matthewsman. The latter, like Diogenes, now rests in his tub of a boat, as it floats about the placid waters of Kailua bay.

A yacht, trim as a man-of-war, and with its own gun firing at the regular hours, was off the coast last week; several boating parties went off to La Paloma and were well received by the commander.

Young men, jurors and residents, formed what they styled the "Kailua Promotion Committee" and during the term entertained royally. An elaborate dinner was given to about 25 guests on the night of May 1st. The morning paper described the feast as being fine and laudable and that great credit was due Messrs Maguire Jr. and Sam Parker Jr., the sub-committee. It certainly was a time of good fellowship. On the 2nd, an all day luau was had at the large, cool, Kailua wharf. The "Beef Trust" case, so called by the Kau Rapier (an Anglo-Japanese paper), was a fizzle; the trust chewed its cud and went home tail down, while Makino yelled "Banai!"—It was his day.

However, the horns of the "trust" are long, strong and sharp; we await the next encounter.

KONA IS JOYFUL

(Special to The Bulletin)
Kailua, Kona, May 6.—With the coming of rain the whole of the Kona seems to be rejuvenated. The coffee prospects are for a heavy crop of the rosy berries—or cherries. People are talking grass and the cattle low with delight, while butter shipments may be soon made from leeward Hawaii. Taro is being freely planted now, for the reign of Jupiter Pluvius is well assured. Even the bee men rejoice, for have not the abundant orange blossoms afforded nectar to the busy hive.

OVERTAKES THE COPTIC

The little Alameda has again proved herself the "old reliable." The Alameda left here on April 26, nine hours behind the O. & O. liner Coptic, yet the Alameda landed her mails in San Francisco before the Coptic did. The Alameda met head winds and choppy seas part of the time, yet made up the handicap and reached the Coast on time. She got her passengers ashore almost as soon as the Coptic did.

Hilo Sports Looking UP FOR

Races and Baseball

(Special to The Bulletin)
Hilo, Hawaii, May 4th.—Sports are looking up in Hilo as it now looks as though there will be big things doing in the horse-racing and baseball lines. At the present time Dr. Jones has So So, Egyptian Princess, and an unknown horse which J. D. Kennedy recently brought down from the coast, in his charge. These horses are all of top-notchers in the racing line and will be heard from on the Fourth of July should they have a race meet in Hilo then. Maui sports have sent word that they want to monopolize the 11th of June and give Hilo the Fourth as a day for sports. Hilo will send some horses to the other Islands to take part in the races should the purses be large enough. Anyway, Hilo invites all hands to the time which she expects to have July 4th.

There is also a great deal of baseball talk in the Crescent City just now as teams are forming for the coming season. Harry H. Morehead has been asked to captain the all-Hilo team which he has been forming. Hilo has already received challenges to play Paia, Paaloa, Waima, Honokaa, Honoumuli and Olaa. The main trouble in Hilo is that some of the best players do not care to play Sunday and Sunday is the only day that plantation people can all get away from work. When Ex-Sheriff Andrews said that the reason many do not care to play ball now Sunday now is because it is not breaking the law, he made a good guess.

NEW SUGAR SHIP HAS A HISTORY

Another vessel is soon to be added to the local sugar fleet, and the new accession has an interesting history. Word has been received here that the American ship Manga Reva sailed from San Francisco for this port on Tuesday, May 2, and should arrive in about a week.

The Manga Reva has had an eventful existence. In the spring of 1900 she was the wheat-carrier Pyrenees, and sailed from Seattle with a cargo of wheat for England. She took fire at sea. The nearest point of land was the Pitcairn Islands, 1600 miles away. The vessel was headed there and by crowding on sail succeeded in reaching the islands, all afloat but still floating. At the Pitcairn Islands it was found impossible to beach the Pyrenees, so she was taken to the lagoon of Manga Reva, in the South Pacific, and beached there, her crew worn out with fighting the flames. Her wheat cargo was afloat by this time, the deck was bulged and split, and the hold was one mass of smoldering coals. The captain and crew left her at the lagoon.

Later Captain E. A. Thayer, of San Francisco, bought the hulk for \$1200 and took it to San Francisco. The masts were then burned down, the decks burned up and the seams opened to time, till after many vexatious delays she has been made ready for the sea again, renamed the Manga Reva, in honor of the little lagoon where she was beached. She will load sugar for New York here and at Kahului. Captain H. C. Townsend is now commanding the vessel.

SHERIFF SEARLE BUSY

Hilo, Hawaii, May 5th.—Sheriff Searle returned from Kailua last night where he has been attending the court term over there. The Sheriff reports that the Porto Rican who murdered the Chinaman at Kau has confessed. He also says that Kau was pretty well shaken up by the recent earthquakes. The Sheriff leaves this morning in the Kinai for Kohala upon business connected with the police department. There has been considerable doing in police circles lately and both the Sheriff and Deputy-Sheriff Fetter have been upon the go nearly all the time. Dr. John J. Grace returned Wednesday from a seven months trip abroad. He visited the volcano yesterday.

The undercurrent of politics is beginning to run in Hilo. Weather: Sultry and showery.

THIRD OF THE FOURTH.

The Third Precinct Club of the Fourth District nominates the following for delegates to the County convention to be voted for at the primaries: Chas. W. Booth, Robert N. Boyd, N. Marquez, O. Sorenson, A. W. Neeley, John Mana, A. Lewis Jr., A. K. Keo, J. C. Oliveira, A. Manuel, J. P. Dias, David Manuel, D. Kawahiki, Dick Ke-kona, Frank McIntyre, B. J. Wright, George K. Lowe, D. Kaahanaui, F. Souza, S. Kenul, J. S. Nobriga, U. Napoleon, Benjamin K. Kane, M. J. Cabral, J. K. Kahinui, S. Kaumoaana, Kepano, Lima ahaunale, W. A. Kaila, Moses Naehu.

PITHY NEWS OF HILO

FRANCES GAY AND WIFE COMPLETE HAWAII TOUR

BERLOWITZ MAKES LAST TRIP TO HAWAII BEFORE TAKING TRIP TO OLD HOME—PERSONALS

(Special to The Bulletin)
Hilo, Hawaii, May 4th.—Hilo's now famous whistling buoy is still a whistling. Frances Gay left in the Helene which sailed for Honolulu on Thursday morning. Mr. Gay and wife, with Mr. Aubrey Robinson and family, came to Hilo in the steamer American which arrived from Honolulu a week or so ago. The party, as stated before, have been making their first visit to this island. After a day or so spent in Hilo they went to the Volcano House and later took the Mauna Loa at Honuapo, Mr. Robinson and family going to Honolulu, while Mr. and Mrs. Gay went to visit Mr. Robert Hall at Niuli, Kohala. While in Kohala the Gays heard that Kilauea was very active again so they came overland and again visited the volcano. Mr. and Mrs. Gay have had a most delightful trip and spoke especially of the many beauties of Hilo and the immediate vicinity. They thought Kailua was the only really pretty island in the group until they saw Hawaii. The Helene will stop at Lanai to land Mr. Gay, who is to visit his brother, Chas. Gay, who virtually owns the whole island. Strange as it may seem, this will be the first time that Frances Gay ever set his foot upon Lanai.

Wm. Berlowitz, the oldest drummer of them all when the time that he has been travelling is taken into consideration, made his last trip to Hawaii last week as he has severed his connection with the Pacific Hardware Co. and Peacock & Co. and will leave soon for his old home in Germany.

The following people have left Hilo recently, or will leave soon, to remain away from the islands for all time: L. K. Pierson, wife and son, Miss Florence Scott, Miss Genevieve Bacon Venable, Miss Dollie Sumner, Mrs. Nellie Tracy and son Max. Those mentioned below are leaving upon extended trips varying from two months to a year or so: Mrs. Dr. Hays and child, Mrs. David W. Marsh, Miss Esther Pomroy, Mrs. J. H. Moragne and children, Mrs. E. G. Hitchcock, Miss Hattie Hitchcock, Miss Minnie Schmidt, Miss Mary Shipman, W. D. Downer, Mrs. Herman Ludoff and Irving B. Schoen.

J. Castle Ridgway is making a tour of the island. Miss Mary Baldwin, of Santa Cruz, California, was a passenger by the Kinai yesterday and will see Kilauea today, returning to Honolulu Friday. Miss Sillman, of San Jose, is with her. Miss Baldwin called upon one or two of her old Santa Cruzans last night whom she had not seen for a number of years.

Mr. Pearis, secretary of the National Pharmacy Association of San Francisco, is in town.

Harry Irwin, Ex-Sheriff Andrews' partner, has been in Kona where he attended the term of court there.

Weather clear at five o'clock this morning with no unusual signs of increased volcanic activity up to this time. Two Porto Ricans got into a fight at Olaa recently and Tuesday one of the men died from the effects of knife wounds received at the hands of his adversary.

Wednesday and Thursday will be given over to "Other People Money." Friday and Saturday, Dave K. Higgins comedy success "Kidnapped." Incidental to the pieces specialties will be given. Seats for the entire week can be secured at the box office.

LANTERN BLEW UP

Hilo, Hawaii, May 4.—Kawamoto, a Japanese magic lantern operator, was instantly killed at Hakalau on Tuesday while he was filling a tank with gas. The gas tank exploded blowing a hole clean through his head. His partner testified afterwards that he himself had his ear down close to the tank listening to hear if the tank was being properly filled with gas at the time of the explosion, and that he was thrown about twenty feet away from the machine. He had one hand badly injured but aside from that was not much hurt.

FUSION TICKET

The voters of Molokai who assembled at Ualapue church on May 4th formed a Home Rule Democratic ticket and named their preference for County candidates as follows: Supervisor, N. Uahinu; deputy sheriff, F. W. Beckley; county sheriff, Wm. White; Auditor, D. K. Kahaloilo.

SHINGLE INVESTIGATES THE KOA FORESTS

Hilo, May 4.—A. Richley and Robt. Shingle have been up on the Bishop Estate land, back of the Volcano House, recently, looking over the Koa groves which abound in that vicinity. Mr. Richley proposes that Shingle organize a stock company with a capital of \$25,000 with the privilege of increasing the amount to \$50,000, this company to build a lumber mill upon the land in order to turn out Koa lumber for the market. Mr. Shingle, Mr. Richley and A. H. Jackson, the local agent for the Niagara Insurance Co., will leave for the States in the China, which sails from Honolulu on July 1st.

TRUNKS AS TESTIMONY.

Chicago, April 11.—An investigation by the Federal Grand Jury which is inquiring into the working methods of the alleged beef trust of a much deeper nature and wider scope it is asserted, is to result from the examination of the contents of the eight trunks taken yesterday from the safety vaults in the First National Bank building.

When these trunks were opened, it is said, the entire secret transactions of the Aetna Trading Company, a corporation through which the secret business of the big packers was transacted, was revealed to the jurors, and as a consequence many new witnesses will be subpoenaed. The trunks and contents have been impounded on an order by Judge Sanborn, so that no one by legal process can obtain possession of them.

Among the names of new witnesses subpoenaed today is said to be that of G. H. Godfrey, alleged secretary and treasurer of the Aetna Trading Company, and R. H. Cowan, another official of the company. The initials "R. H. C." appear on each of the eight trunks taken from the vaults, and it is believed they belong to Cowan. Cowan and Godfrey, it is asserted, left Chicago the day the investigation by the jury began. They have been traced to Toronto, Canada, where, it is said, all track of them has been lost.

CABLE MESSAGE MAY 3.

Washington, D. C., April 8.—Encouraged by the degree of success attending the last effort to distribute time signals New Year's eve, the naval observatory is preparing to make another attempt in the hope to span the globe itself. Rear Admiral Chester, the superintendent of the observatory, has just issued a notice to all agencies willing to co-operate that the observatory proposes to send out a special series of telegraphic time signals beginning at 11:55 p. m. United States eastern time, May 3 and ending at midnight.

This will be done at the request of the American Railway association in connection with the international railway congress which is to meet in this city on the following day. It is pointed out that as an incident to the test, if care is taken by the telegraph companies the signals may serve to afford fairly accurate determinations of longitude at any telegraph station on the continent.

WHARF CONTRACT ITEM TABLED IN THE HOUSE

Senate Bill 5, additional appropri-
ations, passed third reading in the
House yesterday afternoon.

Some argument was had over ap-
propriations for the expenses of boards
of registration. Harris objected to al-
lowances for transportation of commis-
sioners in the other islands, as there
was no authorization for it, he said.

The Governor would veto the items. It
was wasting time to insert them.

"It's the same old thing," said Rice,
"Oahu gets what it wants." The item
passed.

Waterhouse, representing the expendi-
tures committee, introduced an
amendment to pay the American-Ha-
waiian Construction and Engineering
Co. \$4500 for alleged loss on the can-
celled Brewer's wharf contract. A
motion to table the item was carried by
the following vote:

Ayes—Aylett, Coelho, Copp, Cox,
Fernandez, Greenwell, Haia, Holstein,
Kalepou, Kaniho, Liliakani, Long,
Mahlkon, Nakulua, Puaia, Quinn,
Sheldon—17.

Noes—Andrade, Harris, Kalawala,
Kaniho, Lewis, Rice, Shipman, Smith,
Waterhouse—9.

On motion of Harris an item of \$570
was inserted to cover Pelekunu ep-
idemic suffering expenses and an item
of \$1918.82 was inserted for repairs
to the tug Eleu.

**TRANSPORT SHERMAN
HAS NAVY ON BOARD**

The transport Sherman should ar-
rive tonight or tomorrow morning.
The transport left San Francisco on
the afternoon of May 2 with many pas-
sengers, besides 751 men of the Ninth
Infantry, 250 men of the second squad-
ron of the Seventh Cavalry, 142 re-
cruits and three men of the Hospital
Corps. In the treasure tanks of the
transport are 750 boxes, containing
\$2,000,000 in Philippine pesos, newly
coined, in charge of Captain W. R.
Smedberg, Jr., of the Fourteenth Cav-
alry. Colonel George S. Anderson of
the Eighth Cavalry, who has been
delayed in this country as a witness
in a court-martial, sails as the rank-
ing officer in command of the troops.
Colonel James Regan is the command-
ing officer of the Ninth Infantry, and
the second squadron of the Seventh
Cavalry is commanded by Major Lloyd
S. McCormick.

NEW KONA BUILDINGS

(Special to The Bulletin.)
Kailua, Kona, May 6—Teachers' cot-
tages are under construction at Hona-
una, Central Kona and Hookeua, the
first being about ready for occupation.
The South Kona courthouse, jail and
cottage for the local wardens are nearly
completed and present a villa-like ap-
pearance with their stained shingle
roofs and Swiss eaves. Contractor
Andrews has made a very rapid and
seemingly excellent job of the work.
The Hookeua schoolhouse—a dupli-
cate of the Kona-Waena building—will
be turned over to the scholars in a few
weeks. It is several months since the
contract time for completion passed.
Japanese in the Southern district are
continually erecting their little houses
and clearing the land, the Brunsvic
section presenting quite a busy appear-
ance, but sadly enough, largely Ori-
ental.

**NEW LIGHT ON
BRIGHT'S DISEASE**

The census shows that the annual
deaths from Bright's Disease have in-
creased appallingly, as follows:

An Ape AT The Zoo

A fine specimen of an ape—either an orangutan or a chimpanzee—was received at the Kaimuki Zoo Tuesday afternoon from the island of Borneo.

The ape, together with two other large monkeys, one from Japan, arrived by the Siberia.

Its face, hands and feet resemble a human being and it has no sign of a tail.

It is very tame and takes your hand and walks around on its feet with you like a child.

Its ears and mouth are those of the human race. It is certainly the missing link. It has very little hair and the Zoo people say, they will clothe it with a full suit of man's apparel.

The Zoo is open in the evenings now and there will be a fine program of dance music given by the orchestra on Wednesday and Friday evenings.

SPECKELS' HOUSE OPEN

Speckels' great Punahou mansion, closed for some dozen years, is now to be opened again. Electric, gas, telephone, installers and plumbers are now at work making the long deserted establishment ready for the millionaire's occupancy.

Thus would it appear that Speckels turns again to his old love, Hawaii—this time for health and rest and the soothing influence of this semi-tropical climate.

CREMATORY MEETING

The crematory on Quarantine Island is no longer available to the public. It has been decided, therefore, to call a general public meeting in the vacant store, Young Building, Friday afternoon, May 12, at 4:15 o'clock, when plans for providing a suitable public crematory for this city will be presented. The Hon. S. B. Dole will preside, Dr. F. R. Day, Hon. W. O. Smith, Dr. Wm. M. Kincaid, Mr. F. J. Lowery and others will speak.

Both ladies and gentlemen are invited.

The Supreme Court today affirms the Circuit Court's decree in Territory vs. Wm. McCandless, in which it was sought to restrain the respondent from obstructing a highway, from King st. to rice mill of Y. Ah Hin by a fence, the judge dismissing the bill.

PUBLIC LANDS NOTICE.

On Friday, June 9th, 1905, at 12 o'clock noon, at the front entrance to the Judiciary Building, Honolulu, will be sold at public auction, the leases of the following named lands:

1. 1075 acres, a little more or less, of the grazing land of Nakula, Kaupo, Maui. Term, 21 years from September 1st, 1905. Upset rental, \$250.00 per annum, payable semi-annually in advance.

2. 2400 acres, a little more or less, of the grazing land of Ophihale, S. Kona, Hawaii. Term, 21 years from June 9th, 1905. Upset rental, \$250.00 per annum, payable semi-annually in advance.

For plans and particulars, regarding lands and conditions of lease, apply at the Department of Public Lands, Honolulu.

JAS. W. PRATT,
Commissioner of Public Lands.
Honolulu, May 9th, 1905.

NOTICE TO CONTRACTORS.

DAM AND STORAGE RESERVOIR. Proposals will be received at the office of the Superintendent of Public Works, Honolulu, T. H., until 12 o'clock m. of June 15, 1905, for Constructing Dam and Reservoir, in the Nuuanu Valley, on the island of Oahu, Territory of Hawaii.

Plans and specifications are on file with J. H. Howland, Asst. Supt. of Public Works, copies of which will be furnished intending bidders on receipt of \$5.00, which sum will be returned after depositing bid and returning the plans and specifications.

No proposal will be entertained unless submitted on the blank forms furnished by the Asst. Supt. of Public Works, enclosed in a sealed envelope addressed to C. S. Holloway, Superintendent of Public Works, Honolulu, T. H., endorsed "Proposal for Dam and Reservoir, Nuuanu Valley," and delivered previous to 12 o'clock m. on the day specified.

Each proposal must contain the full name of the party or parties making the same and must be accompanied by a certified check for Thirty-five Hundred (\$3500.00) Dollars, which sum is to be forfeited to the Superintendent of Public Works, if the party or parties making this proposal, fail to enter into contract with approved sureties within fifteen (15) days after the contract is awarded to said party or parties.

This contract, though a schedule contract, is to be awarded as a whole, and the estimated quantities, which are included in the specifications, together with the complete list of prices submitted in each case, are to be used as a basis of determining the lowest bidder.

These estimated quantities however are approximate only, and the Superintendent of Public Works expressly reserves the right of increasing or diminishing the same as may be deemed necessary.

The Superintendent of Public Works also reserves the right to reject any or all bids.

C. S. HOLLOWAY,
Superintendent of Public Works.
Honolulu, T. H., May 9th, 1905.
