

## CAN CARTER SELL THE BONDS?

### IS NOT NOW THE GOVERNOR

A. L. C. ATKINSON, AS SECRETARY OF THE TERRITORY HAS ALL THE POWERS OF THE EXECUTIVE AND MAY BLOCK THE NEW YORK DEAL IF HE SEES FIT—REPORT HOWEVER THAT THE DEAL IS OFF.

Acting Governor Atkinson this morning received a cable from Governor Carter which is believed to deal with the bond selling proposition. The contents of the message were not given out, beyond the statement that it contains news that Carter will start west next Friday. He is now in New York. It is known that some cables were sent to Carter objecting to his plan of selling the new bond issue in New York, without giving local bankers and others a chance to bid on them, but Carter's reply is as yet unknown.

The discussion of the proposition, with its apparent possibilities of Atkinson not agreeing with the plan of selling in New York, has brought out the fact that Carter is really shorn of his power in the matter and as a legal proposition is subject to the orders of Governor Jack in whatever he may do in behalf of the territory, while he is away. Under the Organic Act the secretary of the Territory becomes the acting governor if the governor leaves the territory, or is incapacitated. Hence all the powers of the executive are vested in Atkinson while Carter is on the mainland, and it is said that Atkinson does not approve the New York bond sale. That being the case, it is in his power to stop it, and it is said that he would do so if Carter should complete the negotiations which have been progressing in New York.

The acting governor, however, will

not discuss the bond matter at all. When asked this morning if there had been any new developments, he replied that there had been none. He declined to give out the contents of the cable from Carter further than to say that it stated that Carter was to start west next Friday. One report has it that in view of the local opposition to a foreign sale, the New York proposition will be called off, and that the bonds are likely to be advertised, but there is no definite information as to this. Those who are handling the matter have not made public their plans.

When Secretary Atkinson returned from New York the last time he stated that he was fully satisfied that there was a market for the bonds, and he had in fact practically decided that an offer which had been made was a good one, though no definite action had been done by him to effect an actual sale. The fact that local capitalists have come to the front and demanded to be given a chance to take up the bonds has changed the whole situation. It appears that Hawaii, in this case, does not want the help of outside capital, but wants to take up her own loan. Banking men say that it would be much to the credit of the islands if Hawaii should do this, and as there is a lot of idle money here now, there are believed to be enough investors in Honolulu who are ready to buy the whole issue of \$600,000.

#### SAILOR LOST HIS THUMB.

Incidentally a sailor on the steamer Maui smashed his thumb so badly at Kahului yesterday in the anchor block, that the man had to be sent ashore to the hospital, where the thumb was amputated. The steamer Maui arrived this morning from her run to Maui ports. She brought a number of passengers and will depart tomorrow afternoon for Maui ports.

#### SAILING OF BIG STEAMERS.

The S. S. Nebraska will leave Puget Sound August 7 for Honolulu, direct and the S. S. Arizona will sail from San Francisco for Honolulu, direct, on August 5.

#### STANLEY DOLLAR LEAVES.

Stanley Dollar will depart today by the S. S. Siberia for San Francisco, as the taking of evidence in the libel cases against his steamship was concluded today before Judge Dole.

#### COOL DRESS SUITS.

Sachs is showing this week a swell line of dress goods which look well and are cool and comfortable, even in the hottest days of summer. The Bathing Suit department is exceedingly well served just now.

### Integrity And Justice

## SUGAR VESSELS FROM HONOLULU ARE QUARANTINED

(Associated Press Cable to The Star).

SAN FRANCISCO, July 27.—The barks Annie Johnson and R. P. Rithet from Honolulu and the schooners Transit and Mary E. Foster from Hilo, all laden with sugar, arrived from island ports today. They were ordered quarantined and will be fumigated.

No details of the cause for the sugar vessels from the Hawaiian ports being put into quarantine, have been learned in Honolulu. None of the agencies operating the two vessels from Honolulu or the vessels from Hilo received any advices on the subject.

Dr. L. E. Cofer of the marine hospital service has not been advised on the subject either. In fact Dr. Cofer was surprised to learn of the vessels having been quarantined. He cabled yesterday to the marine hospital authorities at Washington that in his opinion no quarantine on outward bound vessels from Honolulu was necessary.

It is possible that there may be some

state law which has led the California authorities to seek the co-operation of the Federal health officials in quarantining the vessels. If any case of contagious sickness was discovered on a vessel it is natural that she should be fumigated, but it seems hardly probable the four vessels from the islands should each have a case of contagious sickness aboard. The probabilities are that some one at San Francisco has decided to hold up Hawaiian vessels in the supposition that health conditions here are bad, a fact which is not borne out by the reports of Dr. Cofer, the United States health representatives in the Territory.

## ADMIRAL GOODRICH TO DECIDE

SAN DIEGO, Cal., July 27.—Rear Admiral Goodrich has appointed a board to conduct an investigation into the causes that led to the recent fatal explosion of the boilers on the gunboat Bennington and to decide whether it will be necessary to call a board of inquiry.

## SWEDEN SATISFIED

STOCKHOLM, Sweden, July 27.—The Swedish parliament today passed resolutions approving of the dissolution of the federation between Norway and Sweden.

## YELLOW FEVER UNCHECKED

NEW ORLEANS, July 27.—The ravages of the yellow fever is unchecked.

SURVIVORS OF WRECK REACH SAN FRANCISCO.

SAN FRANCISCO, July 27.—The survivors of the Norwegian bark Tricolor wrecked off Cape Mendocino, arrived here today. They report that the vessel is going to pieces.

## MAKES LIBERAL RECOMMENDATIONS

LIGHTHOUSE INSPECTOR ASKS FOR \$300,000 TO IMPROVE THE LIGHTHOUSE SYSTEM HERE.

Captain A. P. Niblack the assistant lighthouse inspector for this district, has completed his annual report for the year ending June 30 and sent the document to the light house board this month. He has made very liberal recommendations for lighthouse improvement in these islands.

It is recommended by Captain A. P. Niblack that the sum of \$300,000 be appropriated for the enlargement of the lighthouse system of the islands. This money which is recommended to be appropriated in a lump sum, is for the construction of new lighthouses and installation of new lights at various places about the Territory. The cost of securing title to lands that may be required, is not included in this recommendation.

## SEEKS STONE FOR ST. ANDREW'S

ROBERT CATTON WILL LOOK FOR BUILDING MATERIAL TO MATCH THAT OF PRESENT BUILDING.

The question of finishing St. Andrew's Cathedral along the lines of the original plans will depend in large measure on the result of the investigations of Robert Catton who leaves for New York on the Siberia today. He takes with him samples of the stone which was used for the building of the existing portion of the cathedral, stone which was brought out from England. It is material of excellent quality for

## PIONEER MILL'S 25,400 TONS CROP

GRINDING FOR THE SEASON AT THE BIG LAHAINA PLANTATION ENDED.

LAHAINA, July 26.—Under the direction of Acting Manager Scribner, the Pioneer Plantation has been very prosperous. The output for the season is 25,400 tons. On July 25 grinding ceases and the machinery will be at a standstill for several months. Meanwhile repairs will be in progress at the mill. It is expected that manager Barkhausen will return in about two months.

The output of 25,400 tons of sugar is largely in excess of the product in previous years. The electric pump and other appliances are working well, and if an additional water supply can be secured, it is hoped that electric lights may be furnished for the town.

a building intended to be absolutely permanent, but with the duty which would now have to be paid on an importation of similar stone from England the cost of finishing the same would be so great as to seriously delay the desired object of the congregation.

It is among the objects of Mr. Catton, who is one of the churchwardens, to find from information of New York architects, some stone native to the United States which will match that of the present portion of the building.

Of course there is any amount of stone of the same quality in the American continent, but experience has shown architects that the process of deterioration works more rapidly on some materials than on others, and in the case of such a building as a cathedral it is in every way desirable that the lifetime of the building materials shall be uniform. The stone to be used must also be of the same color as that at present in the building. It is expected to add one more bay to the Cathedral very soon.

## THE TEST OF OILS

ATTORNEY GENERAL ANDREWS REPLIES TO SUPERINTENDENT

HOLLOWAY'S REQUEST FOR AN OPINION AS TO HIS POWERS TO ESTABLISH A FLASH TEST FOR OILS—TEST IS ALREADY FIXED AT A HUNDRED.

Attorney General Lorrin Andrews today rendered an opinion for Superintendent of Public Works Holloway on the subject of the oil flash tests. Holloway wanted to know what powers he had to make a rule requiring a flash test. The opinion sets forth that there is already a hundred flash test, and that the superintendent of Public Works has no power to change it. The opinion is as follows:

"Your favor of June 26th, 1905, received, wherein you ask for our opinion as to whether the Superintendent of Public Works can refuse to allow the landing of crude oil, at a flash test of less than 150° Fahrenheit, by refusing to accept the tanks at Twile as Government storehouses.

In reply I would state that this matter practically came before our Department and was decided in an opinion rendered May 2nd, 1903, to Hon. Henry E. Cooper, the then Superintendent of Public Works.

"Sections 970, 971 and 972 of the Revised Laws of Hawaii for 1905 set forth the law as to what is required concerning the importation and selling of petroleum within the Territory. Those laws declare that none of the explosives mentioned in said sections, among which is crude petroleum, which give off an inflammable vapor at less than 100° F., shall be sold within the Territory. They also provide that none of those explosives shall be stored in any place within the Territory except

in the storehouses provided therefor by this Territory."

"The Superintendent of Public Works is excluded specifically by Section 973 from making any further rules or regulations regarding these particulars explosives."

"In 1902 the oil tanks referred to were built and to all intents and purposes declared to be Government warehouses for the purpose of receiving crude petroleum, and have been under the supervision of the Government ever since and receiving such oil as was shipped here for storage purposes pending its sale."

"We believe that if the Superintendent of Public Works should deem that it was dangerous to the public safety to allow oil to be stored in these tanks or to be stored in the vicinity of Twile, he could prohibit the further storage of oil therein by providing another public warehouse, but as all the laws of the Territory relating to this matter distinctly declare that the oil shall be stored in such warehouses as shall be provided by the Territory, we believe that it is his duty, if he wishes to prevent the storage of oil in a particular vicinity, to provide another warehouse, at some safe locality."

"It is also beyond his power, in our opinion, to change the flash test from 100° F. prescribed by the Legislature to a higher degree by way of regulation, as this the statute forbids him to do. Yours very respectfully,

"LORRIN ANDREWS, Attorney General."

## CONQUEST OF SAGHALIEN

Washington, July 27th, 1905. To the Japanese Consul-General, Honolulu: Imperial headquarters report our Saghalien army began landing near Alcock at 9 a. m. July 24 without much opposition. Admiral Katoaka, commanding the squadron dispatched north, reports that the squadron left the base as prearranged, conveying military transports previously advanced detachment under Admiral Dewa reconnoitered coast dragging operations.

Operations predetermine landing place near Alexandrovsk; transports conveyed landward as dragging operations progress; marine landed without resistance occupied points necessary for landing; afterward landing of troops commenced; marines returned aboard; enemy burned Numina, set fire to Alcock. Alexandrovsk not burned. Now Japanese flag flying over governor's office at Alexandrovsk and houses in town. No damage to ships or crew. HIOKI.

#### SMOKED SNAPPER.

Here's a snap in snapper. J. M. Levy received a small shipment of the smoked delicacy per the S. S. Sonoma from the Colonies.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 20 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

## U. S. DEPARTMENT OF AGRICULTURE, WEATHER BUREAU.

The following data, covering a period of 20 years, have been compiled from the Weather Bureau and McKibbin records at Honolulu, T. H. They are issued to show the conditions that have prevailed during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

Month—July, for 20 Years.

TEMPERATURE (1890-1904.)

Mean or normal temperature, 78 deg.

The warmest month was that of 1900, with an average of 79 deg.

The coldest month was that of 1894, with an average of 76 deg.

The highest temperature was 88 deg. on July 28, 1900.

The lowest temperature was 63 deg. on July 1, 1899.

PRECIPITATION (rain) (1877-1894.)

Average for the month, 1.48 inches.

Average number of days with .01 of an inch or more, 14.

The greatest monthly precipitation was 6.03 inches in 1880.

The least monthly precipitation was 0.34 inches in 1882.

The greatest amount of precipitation recorded in any 24 consecutive hours was 3.17 inches on July 12, 1880.

CLOUDS AND WEATHER (1890-1904.)

Average number of clear days, 13; partly cloudy days, 17; cloudy days, 1.

WIND (1875-1904.)

The prevailing winds have been from the northeast.

Station: Honolulu, T. H.

Date of issue: June 29, 1905.

ALEX. McK. ASHLEY, Section Director.

## CROSSES OCEAN HELD BY IRONS

PRIVATE ROBERTS, WANTED IN SAN FRANCISCO FOR BURLARY, IS SENT THERE.

SAN FRANCISCO, July 26.—Private John C. Roberts, who for six years served the United States in the Philippines and in China, arrived from Honolulu yesterday and is in custody at the City Prison, charged with burglary. The crime he is accused of was committed last March, when Roberts was on furlough from his battalion, the Twenty-eighth Coast Artillery, now stationed on the islands. The place robbed belonged to John Lawson and is located at Jackson and First avenue. There Mr. Lawson, who is a prominent clubman, has his bachelor's quarters. On March 25th they were entered and a great quantity of clothing and trinkets were stolen. Among the latter was a gold clock which Mr. Lawson had won at polo.

Early in June Detective Harry Reynolds, who was working on the case, in conjunction with Detective Wren, received a letter from Honolulu which intimated that, if the quarters of Private Roberts were searched the stolen property might be recovered. The search was made, and every article stolen from Mr. Lawson's house was found, the prize clock serving to identify the goods positively. Roberts found out that the search was being made, and gave himself up to his superior officer, Lieutenant Trotter, at Camp McKinley. After making a statement of his case Roberts drew a revolver and attempted suicide by shooting himself in the breast. The wound inflicted was only a slight one.

When Roberts arrived on the steamer yesterday he was removed to the Presidio, where Detectives Conlin and McGowan of the Harbor precinct got him last night. At the City Prison, where his name was placed on the detinue book, special precautions were taken to prevent Roberts making another attempt on his life, for the accused man has threatened to kill himself repeatedly sooner than stand trial. Up until the time of his arrest and accusation Roberts bore a good character.

Nature gave an ideal environment to the home of Rainier Beer, fields of waving grain, vineyards of perfect hops, streams of pure water and last but not least a knowledge of how to make better beer. The best beer from the best place.

## This Is Your Chance

### Hobron Drug Co's Offer for a Name and Drawing

Briefly told, our proposition is this. We want to get, if possible, a catchy and more appropriate name for our Anti-Grippe Tablets. They are going to be put on the markets of the mainland. We want to start right by having an attractive, easy-to-remember name, and we believe there are people in Hawaii who could submit something unique in this line. Will you try? If the name you submit suits us we will send you a check for \$15.

Then we want a good drawing, something that suggests some one afflicted with a cold, grip, dengue, etc., and the little white tablet coming to their relief. If you can draw, send us your idea, and if we can use it as a trade-mark, you will receive a check for \$10.

Put the names you submit, or the drawings, in an envelope, mark "Anti-Grippe Tablets Name Competition," and either leave at store or mail to us. Don't forget to sign your name and address. You are not limited to number of names or drawings. They will all receive our careful consideration and the ones selected which we believe will bring us best advertising results. Competition closes October 1st.

ANTI-GRIPPE TABLETS HAVE A PHENOMENAL SALE IN HAWAII, AND ALSO A GROWING DEMAND FOR THEM ON THE MAINLAND. THEY POSSESS GREAT MERIT AS A CURE FOR COLDS AND GRIP. THEY ARE WORTH A WHOLE MEDICINE CASE FOR THE FAMILY—FOR ANYONE. THEY WILL BREAK UP A SEVERE COLD IN A FEW HOURS. SAFE AND EASY TO TAKE. NO ONE CAN AFFORD TO BE WITHOUT ANTI-GRIPPE TABLETS. DON'T ACCEPT SOMETHING "JUST AS GOOD" BUT INSIST ON HAVING THE GENUINE.

Price 25 cents. Mailed to any part of the world on receipt of price.

## GOVERNMENT PHYSICIANS

President Pinkham Reports to the Board of Health Regarding Their Appointments.

The Board of Health yesterday afternoon discussed the matter of a site for the proposed home for non-leprosy boys of the Leper Settlement. A site near the industrial school at Waialea was generally favored, but no decision was reached. President Pinkham will visit the place and examine the site.

President Pinkham made the following report regarding government physicians:

"All the Government physicians have been appointed except in the districts of Koolau-poko (Molokai), Hanalei, and Waimea, Hawaii, where there are no resident physicians.

"Owing to certain circumstances no physician for Puna, Hawaii, has been appointed.

"Dr. Hubert Wood, through an arrangement with Mr. Goodale, manager of the Waialua Agricultural Co., will act as government physician for the district of Waialua. Both desire it understood it is strictly a pro bono publico act.

"The physicians of the Ewa and Waianae districts justly and properly refuse to accept appointment as government physicians at the compensation of ten dollars per month appropriated.

"As the dead must be legally buried, and the death certificates properly issued, the following physicians have consented to act in their parts of the district of Ewa as agents of the Board of Health for the granting of burial permits only, and without compensation.

"Notices will be posted throughout the district.

"Dr. C. B. Cooper—Honolulu plantation and vicinity.

"Dr. K. Hoffmann—Oahu plantation and vicinity.

"Dr. C. R. McLean—Ewa plantation and vicinity.

"A similar disposition of the Waianae district will be attempted."

The matter of the appointment of a physician for Kohala was brought up. The president has written to Senator Palmer Woods to get the people together and ascertain who they want—Dr. Bond or Dr. Atcherly. A case of typhoid fever there was attended by Dr. Atcherly, although a physician from another district had gone to the place after writing to President Pinkham.

The sum of \$200 was voted for the reimbursement of the Catholic mission for the expenses of bringing a Catholic Brother from Belgium for work at the Leper Settlement.

As to cemeteries, President Pinkham reported there were seventeen in the city. A new one had been proposed beyond Diamond Head.

The quarantine hospital has been put in shape again with Paul Smith in charge.

Dr. Judd thought the present morgue was not a sanitary building. As a morgue it should have a cement floor. He said a senator had understood the appropriation of \$8000 for the building now used as the dispensary building was really intended for a morgue.

\*\*\*\*\*

### FIRE IN JUDD BUILDING.

Young Pang the Chinese janitor of the Judd building discovered last evening about 6 o'clock, that the desk of A. T. Brock in the office of Atkinson, Judd and Mott-Smith, was on fire. After a hard fight the blaze was extinguished. The fire department was summoned from Box 13 and a large crowd was attracted to the corner of Port and Merchant streets. From the volume of smoke that poured out of

the building it looked for a time, as if the fire was serious. The fire started in the waste basket under the desk.

For the 'midnight lunch. A sandwich just right, not too thick and not too thin, and a sparkling glass of Rainier Beer. It is a delight you can't afford to miss.

## The Terms Not Synonymous

It is depressing to learn from this morning's paper that the Advertiser thinks that "political harmony" and a "beatific state of harmony" are synonymous terms. The Star did not think yesterday that it was necessary to point out that there is a difference between the two, but evidently it was necessary and the information is here given. The Star on Tuesday referred to a possible desire for "political harmony" in Hawaii and on the following morning the Advertiser proceeded to discuss the proposition as a "beatific state of harmony," "absolute political peace," and "a perpetual love feast." A protest on the ground that "political harmony" did not mean all this seemed to be quite natural, but evidently the fact that there is a difference between political harmony and absolute political peace, or a perpetual love feast or beatific harmony, was not made clear to our esteemed morning contemporary.

## California And Exclusion

The Pacific coast is no longer unanimous in opposing the exclusion law policy. In fact about the most direct statement in favor of allowing Chinese to enter the country has come from the Portland, Oregon, Chamber of Commerce. The manner in which the State of California has been able to shape the national policy for years in the matter of Chinese exclusion forms a remarkable chapter, but she has not done it without some considerable help from other coast states, and if they are to oppose her wishes, the fight to keep up exclusion will be a difficult one. The Portland Chamber of Commerce says that the Pacific Coast sentiment has changed and is now no more opposed to Chinese than the Middle West. In a memorial to President Roosevelt the Chamber urges the free admission of Chinese laborers to an extent not to exceed in any one year one-tenth of one per cent of the population of the country. This would be about 80,000 per year. The Portland business men give the following reasons for their policy:

"The fear that they will exercise a demoralizing influence on our civilization has passed away; their usefulness as patient and intelligent laborers, who give a full equivalent for the wages asked, and practice all of whom return sooner or later to their own land, has been demonstrated. They are needed, especially in the undeveloped portions of the country, to do the work that remains undone because there is an insufficient supply of laborers to do it, and they are wanted as household servants because the sons and daughters of American laborers aspire to higher positions and are not content to perform menial service.

"The objections to their admission for these purposes come mainly, we believe, from those laborers who think the standard of wages and the position of the wage-earner will both be lowered by their competition, but we submit that the average condition of the laborer in this country has constantly improved and still continues to improve, in spite of an enormous immigration of working people from nearly every country of Europe, and that there is no objection to the admission to Pacific Coast ports of a moderate number of Chinese that does not lie with equal force against the entry into New York, Boston and Philadelphia of Italians, Poles, Slavs, Russians and the inhabitants of southeastern Europe.

"Now that the treaty has expired and the negotiations for a new modus vivendi have failed and the Chinese are therefore threatened hostile action, it is easy to see that not only the Oriental trade will not continue to grow, but that there is danger of its complete cessation."

## Society And Blackmailers

If there is one word which has been tortured out of all semblance to its original meaning in the United States of America that word is "Society." In some sense it is a meaningless term, for it is generally applied to any woman or man who can buy or hire or borrow sufficient evening clothing to go to a theater, but in a more restricted sense the term is held to apply to a certain limited number of people who have by fair means or foul reached a place of prominence in the public eye. Since Thackeray wrote his "Book of Snobs" conditions of human thought have changed not at all while the snob exists in every class in greater or less extent it is safe to say that "Society" can claim the greater proportion. Perhaps it is for this reason that the average man will enjoy a quiet grin over the disclosures which have been and are following the arrest in New York of Ahle, editor of "America's Smart Set," on the charge of blackmailing. It is claimed that this man has made large sums of money by the simple process of telling prominent "Society" people that he would expose certain of their doings if they did not subscribe for his book. The well known "Society" paper "Town Topics" was to be the means of attack. The Town Topics people of course deny any connection with the blackmailer, but a connection between different individuals in the deal cannot be and is not denied.

Of course there can be no condoning of Ahle's offense and it is to be hoped that if he is found guilty he will be properly punished, but meanwhile the general public which cares not a whit for "Society" can take a great deal of satisfaction in estimating the amount of hush money that has been paid to a gang of unscrupulous grafters in New York and in other cities as well.

There is much in the life of nearly every man and in that of very many women which would not look very well in print. It is on this sad fact that the blackmailer thrives. His victim must be a person of prominence, either real or fancied, and the more fanciful the prominence of the victim the more real is his or her vulnerability. "Society" is full of the class called in the slang of the day "false alarms," and the fact that these have money is sufficient for the scoundrels who adopt the meanest of advantages for acquiring it.

Meanwhile the so-called smart set is worrying over the matter of the identity of those who have paid the fee for immunity from attack.

A New York paper gives the following list of people who have been, or will be subpoenaed to give evidence in the case:

Reginald C. Vanderbilt, Newport, R. I.; Mrs. Potter Palmer, Chicago, now in Europe; Henry Barton Jacobs, Baltimore; Mrs. George Westinghouse, Erskine Park, Lenox, Mass.; Mrs. E. R. Thomas, 17 West Twenty-seventh street, could not be found; Judge Elbert H. Gary, steel trust magnate, Chicago; Mannon J. Drummond, not located in Manhattan; William K. Vanderbilt, Jr., Newport; John Jacob Astor, now in London; H. McK. Twombly, Newport; A. Van Rensselaer, Philadelphia; Mrs. H. Mortimer Brooks, Tuxedo; Lloyd Phoenix; C. A. Postley, New York, now in Europe; Eugene Higgins, A. T. Van Nest, now in Europe, and W. T. Thompson, Westbury, L. I.

## IOLANI GUILD LUAU

A grand Hawaiian Luau will be given by the Ahahui Iolani on Saturday, August 5th, 1905, on the Iolani College premises, from 12 noon to 5 p. m. Tickets are \$1 each, obtainable at the Hawaii Promotion Committee's office, Young Building, or from the members of the Guild.

When it comes to hard luck stories, Rojstvensky is certainly entitled to the blue ribbon.

Japan seems almost as anxious to make a good impression on Taft and his party as we were.

In his biography it is said that De Martens, De Witte's colleague's pastimes are lawn tennis and fighting. The latter ought to qualify him as a peace commissioner.

The Board of Supervisors is said to be wrestling with the problem of how to protect employees from the usurers. Suppose it tries the expedient of employing men who can live within their incomes. If the employees were half as anxious to keep out of the clutches of the usurers as the Board of Supervisors is represented as being, the problem would be eliminated.

The Kau Weekly as fertile in remedies as original in diagnosis, proposes the following:

Weekly had a dream the other night, it was how to stop the "Frisco-going Japanese."

It is not very hard matter to do at all. Just make out a law that all the steamship Companies must either abolish or give up the steerage passenger traffic except in carrying American citizens. The Orientals only being allowed to go to the continent by paying the same rate as the cabin passengers. This plan would no doubt stop at least a large number of them the very day it is passed.

The San Francisco papers made very little display of the news of the arrival and doings of the Taft party in Honolulu.

It begins to look as though Judge Lindsay had a steady job for the summer in the Parker ranch litigation.

If the governor of Hawaii should be shorn of his power to call out the United States troops, the office would sink almost to the level of the governorship of states and other territories.

Mrs. Collis P. Huntington is said to have given up \$10,000 to a blackmailer. Her late husband never did anything of that kind.

It is hard to see how there could have been anything else the matter with Rojstvensky's fleet.

News of disgrace to two naval officers who are known in Honolulu, has been received at the Naval Station. They are Commander R. O. Scott of the cruiser Detroit and Paymaster John Clyde Sullivan. A court martial has recommended that Scott be dismissed from the service for having been drunk on duty and having run his vessel aground on May 17 at Puerto Plata. The rear admiral commanding the fleet, has approved the finding of the court and sent the matter to the Secretary of the Navy for transmission to the President for final approval.

Sullivan was dismissed from the service for improper discharge of his duties. Both of these men were in Honolulu in 1892. They were on the training ship Mohican. Scott was at that time a lieutenant. The old residents will remember both men who were of a very convivial nature.

A water barge will shortly be sent to this station from Mare Island. The barge was completed at Mare Island recently and has a capacity of 100,000 gallons of water. According to a Vallejo newspaper, the barge was to be towed to Honolulu shortly. The date of departure nor the name of the vessel to do the towing were not given.

That the barge will soon arrive here is certain, as a communication was received yesterday at the local naval station from the department of the Navy, stating that certain things for the water barge had been shipped to Honolulu. The barge is of steel and will be stationed, so the report in the newspaper stated, at Pearl Harbor. It is more than probable however that the barge will not be on duty at Pearl Harbor until after the establishment of the navy yard and will be kept at Honolulu until that time. The barge is to be used to convey water to various warships that may lie away from wharves where water is piped.

## THE MINSTREL SHOW

The program is an excellent one and the cause to which the proceeds are to be devoted, most worthy. A more pleasant or profitable way of spending Saturday evening than by attending the Orpheum would indeed be hard to devise.

Col. J. M. T. Baker was the twelfth in the Parker ranch case in Judge Lindsay's court this morning. Elbert Low's testimony having been completed, Baker appeared as an expert ranch man, to testify regarding alleged unfavorable conditions at the Parker ranch during F. W. Carter's management, and he told of diseases he had observed among the cattle and said that he had seen dead horses and cattle rotting away in the H reservoir from which the cattle drank water. He also gave some testimony that more chutes were needed on the ranch.

"Well," replied the witness "The get a stomach full of water."

Under further questioning Baker told of the rotting corpses in the water. He said that when he saw a corpse he always notified Manager Carter if the corpse was not too old to be removed. If it was he did nothing, and the corpse remained there. "What becomes of them?" asked Magoon.

"Dust into dust" was the reply while under further questioning was amplified into the statement that the corpses of the animals rotted away. When asked how often he had seen dead animals in the pound, he said he had seen three or four.

The need of more chutes was also taken up this morning. Kinney objected to a question as to whether it was advisable to have a chute at one of the paddocks at which there was none.

"It might be a good thing to have"

The witness was finally allowed after a good deal of discussion and objection to testify that if he had the place he would have chuted at the paddock in question.

## OPEN TANTALUS LAND

The Tantalus lands which the government is negotiating for with the Coney estate, will probably be opened to public settlement, except those portions which are needed for a forest reservation, if the government acquires the land. Acting Governor Arkison this morning said that Land Commissioner Pratt was preparing plans for the opening, in connection with the proposed Makiki opening. There will be some fine sites for Tantalus homes in the tract, but the greater part of it is to be kept for a forest reservation.

## BROWN MAN FIRED

Kentelal, a deputy in Oahu jail, has been discharged by High Sheriff Henry and Billy Woods has been appointed to succeed him. The discharged man was a Brown man in the recent campaign while Woods was a supporter of Henry. There has been considerable discussion of alleged desire on the part of Sheriff Brown and others to undertake removals for political reasons in the police force and other departments, but neither the county officers nor the supervisors have carried out any such plan yet.

**SUPERVISORS TO MEET.**

There will be a routine meeting of the Oahu Board of Supervisors this evening. It is expected that the matter of the forms of receipts, vouchers and other documents connected with the Treasurer's department will be discussed.

---

**CARTER ESTATE APPEAL.**

Jessie Kaal, administratrix of the estate of the late Margaret V. Carter, has filed an appeal from the order of Judge Robinson, surcharging her with a lot of sums in her accounts of the affairs of the estate.

COMMITTED SUICIDE.

John Reddy a hack driver, died at the Queen's Hospital this morning from the effects of opium poison which he had swallowed yesterday afternoon with suicidal intent. Reddy had been despondent for some time past, over family troubles. He had married a young Spanish girl who apparently did not care for her husband who was considerably her elder. Divorce proceedings had been instituted and the case was still pending. Reddy evidently became morose over the affair, as he is said to have cared very much for his young wife. He swallowed the opium at his room on Alakea street near Hotel yesterday afternoon and was found unconscious. Dr. Herbert attended him. After working unavailingly to revive the sick man, Dr. Herbert had the man removed to the hospital last night.

DR. COFER HAS NO NEWS.

Dr. Coker, the head of the Marine Hospital Service, has received no official advices regarding the delay in the award of contract for the improvement work at quarantine island. It appears that through an oversight on the part of some clerk, John Oudekirk was notified that a bid from him for the construction of a runaway under changed conditions was desired by the department, so new bids from the various contractors who had originally bid were called for. The reason that there will be a delay for at least three months in the award of the contract. The reason that there was a supplemental bid asked for was because a change was made in the amount of dredging that would be required about the quarantine island, that reduced the length of the runway.

BAILEY DIVORCE GRANTED.

Judge De Bolt yesterday granted a divorce in the case of Helen K. W. Bailey vs. George Bailey, on the grounds of failure to provide. A counsel fee of \$50 was ordered paid to libellant's attorney, Henry Hogan.

**LAHAINA BASEBALL.**  
For several weeks there has been large attendance at the baseball games on Sunday afternoons at Kilaheana Park. Last Sunday there was an additional attraction on the grounds of the Japanese Methodist Mission. Various games were played by Japanese school children. After the sports refreshments were served.

Mrs. N. Alapal.  
Gavotte—"In the Park".....Seide  
(a) "Gypsies Music" (b) "Mosquito  
Dance".....Ellenber  
Waltz—"Town of Songs".....Fahrbae  
"Star Spangled Banner."

HOLLOWAY  
DOES A STUNT

SUPERINTENDENT OF PUBLIC  
WORKS ADDS TO THE ENTERTAINMENT AT THE ZOO.

Superintendent of Public Works Holloway was at the Zoo last night and left a broken chair behind him as a souvenir of his visit. Holloway left a front seat at the show and unintentionally he added greatly to the amusement. He arrived late and seated himself in one of the small chairs whereupon the chair creaked mournfully, for Holloway is no featherweight. The superintendent of public work did not seem to notice the creaking but those around him did. He devoted his attention to the show, while his friends near by wore looks of expectancy which were justified later. When Holloway turned to speak to a friend behind there was a sudden crash. The chair collapsed beneath him like an eggshell under a trip hammer, and the official found himself seated on the ground on a small pile of splinters which had once been component parts of a chair.

TAX APPEAL COURT

Acting Governor Atkinson has appointed the Tax Appeal court for Oahu. The men named are T. F. Lanning, J. F. Morgan and J. E. Brown. The court is to sit and hear appeals from the assessments of Tax Collector Holt. The appeal courts for other islands were appointed some days ago.

**MORE MAIL DUE TOMORROW.**  
The S. S. Korea is due tomorrow morning from San Francisco with two days' later mail.

THE RICE MARKET.

Williams, Diamond & Company give the following concerning the coast rice market:

The market south is strong for Japanese rice selling there at 24c. to 31c. F. O. B. Mill according to quality. Freight to San Francisco being 55c. per hundred lbs. As an actual fact Japanese can be bought cheaper out of stock in San Francisco than can be laid down from Louisiana. Honduras rice bring from 2.85c. to 2.55c., according to quality. Island rice is very slow at 34c. Imported Japan brings 3.55c. duty paid.

**CONSUL TO RECEIVE.**  
The birthday of the Emperor of China will be honored in Honolulu Friday by a general reception at the Chinese Consulate, corner Victoria and Young Streets, from 12 noon until 5 p. m.

HALEIWA

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, croquet and water bathing, shooting, fishing, riding, and driving. Tickets including rail fare and one full day's room and board, are sold at the Honolulu Station and Transit Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two hour train, leaves at 8:22 a. m., returning, arrives in Honolulu at 9 a. m.

### "Grateful Results"

A life of suffering and misery,  
without sleep, without appetite.  
Restored to health by

## Ayer's Sarsaparilla

"I was grievously afflicted with biliousness and liver complaint. My mouth was in a terrible condition every morning, my tongue thick coated, my breath was offensive, food distressed me, I suffered much from headache, my skin was sallow, and the many remedies recommended me did no good. At last I commenced using Ayer's Sarsaparilla, and my improvement began almost from the first dose. It relieved the distress about my liver, caused my food to digest well, cured my headache, improved my complexion, and restored my appetite. These unlooked-for but grateful results were accomplished by only two and a half bottles of Ayer's Sarsaparilla."—Mrs. Lydia M. Tabor, Alton, Pa.

There are many imitations  
Sarsaparillas.  
Be sure you get "AYER'S."  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

## Town Topics And Fads And Fancies

DISCOVERY IN NEW YORK OF WHAT IS BELIEVED TO  
BE A GREAT BLACKMAILING SCHEME BY WHICH  
PROMINENT "SOCIETY" PEOPLE WERE "TOUCHED"  
FOR SUMS RANGING AS HIGH AS \$2500 AND IN ONE  
CASE \$10,000.

NEW YORK, July 19.—Assistant District Attorney Krotel was in-  
formed today that a man pretending to represent Town Topics had  
tried to blackmail Giovanni Morosini, the banker, Morosini, according  
to the story, was asked to subscribe \$2500 for a certain publication,  
with the alternative of being "written up" in Town Topics. Morosini  
used his boot on the man at the top of the staircase. Thereafter there  
appeared in Town Topics paragraphs not complimentary to one of  
Morosini's daughters. A subpoena was served on Morosini at the  
office of Washington E. Connor, Morosini's lawyer. Almon Goodwin  
telephoned later to Krotel that Morosini would be at the District At-  
torney's office tomorrow. It is said there is in existence a letter in  
which a demand for money was made and an effort is now being made  
to secure the letter. The name signed thereto is said to be that of a  
well-known writer on social topics.

From various sources it was learned the persons who subscribed to  
"Fads and Fancies," Town Topics' book not yet published, include  
Chauncey M. Depew, \$2500; J. J. Astor, \$2500; Perry Belmont, \$1500;  
Clarence H. Mackay, \$2500.

From a superficial examination of the books of Town Topics it was  
discovered that nobody had paid more than \$2500 except Mrs. Collis  
P. Huntington, who paid \$10,000. The records showed, however, that  
a number of persons had made additional subscriptions after putting  
up the first \$1500. An attempt has been made by Krotel to have a talk  
with former Judge Gary of the Steel Trust. His name was mention-  
ed by Ahle, the solicitor, in connection with Broker Post, and it is al-  
leged by Post that Ahle said he had obtained a \$1500 subscription to  
"Fads and Fancies" accredited to Gary by threatening to have a story  
published in Town Topics. Gary has been reported to be staying at  
the Oriental Hotel, Manhattan Beach, and last night Krotel called  
there. He is anxious to obtain information as to the methods employ-  
ed by Ahle in getting his subscription. Krotel, when asked today, said  
that he did not see Gary at the Oriental.

## WOOD MAY GO TO PANAMA

GENERALLY BELIEVED IN WASHINGTON THAT GEN-  
ERAL LEONARD WOOD, "THE MAN WHO CLEANED  
CUBA," WILL BE DETACHED FROM SERVICE IN THE  
PHILIPPINES AND SENT TO PANAMA TO CONTROL  
SANITATION ON THE CANAL WORKS.

WASHINGTON, July 13.—In view of the President's praise of the  
executive methods of General Leonard Wood, there is little room for  
doubt that the next Army order to be issued will be one detaching  
General Wood from his division and detailing him for duty on the  
isthmus.

Officers of the Army already serving in connection with the canal  
who are still in Washington are united in the belief that the man whose  
good military and sanitary work in Cuba called forth praise will be

GENERAL LEONARD WOOD.

made supervising chief of labor on canal construction. All Army men  
are not fond of the General personally, but they will be one in hailing  
the appointment of the Army man who will see that things are done—  
come fight, flood, or fever.

There has been a feeling in Washington for some time—and it has  
been making itself manifest recently all over the country—that the  
saving of time and salvation of the men depend largely upon giving the  
Army a large share of control on the isthmus. Army officers "stay  
put," it is said. They cannot leave their posts on the eve of battle.  
Furthermore, the Army learns lessons in sanitation as it learns in  
tactics.

General Wood was a surgeon before he was a soldier. He is a  
doctor and disciplinarian in one, and the feeling here is that civilian  
employees will feel safer in Panama when they know that the man who  
cleaned Cuba is in command.

## ALAS! FOR WAILUKU

WAILUKU, July 26.—There never was a more sorry looking aggr-  
gation of ball players come to Wailuku than the crowd of  
Wailuku enthusiasts who went to Lahaina on last Sunday  
to shut out the Ilima baseball team of Lahaina. The team  
which was selected in Wailuku, was the cream of baseball  
players on Central Maui, with Kruger as pitcher. It was during the  
early hours of Sunday morning that the crowd of ball players left Wailu-  
ku for the palm tree town. Everything was going to go their way,  
and the Lahainas were going to be shut out entirely, but to the sur-  
prise of the team and their Wailuku friends who went to witness the  
game, it was just exactly the opposite. The Ilima team of Lahaina  
had everything their way. Kruger was batted all over the field, and  
Cummings behind the bat couldn't hold a ball. The consequence was  
that the field had to be depended on somewhat to do most of the work.  
This proved too much of a task to the basemen and fielders, as the La-  
haina men at bat placed the ball wherever they desired. The game  
ended with a score of 11 to 5 in favor of the palm city nine, and now  
everybody wonders how it happened. Kruger and Cummings were not  
in the best of condition. It must be said that the Ilima  
team has some good players and batters, and it would take nine good  
baseball players to win from them, but this could have been done by  
the Wailuku team, had all their men prepared for the game. As it is  
the Ilima team will be invited to come to Wailuku in the near future  
and again compete for the pennant.

## MORTON DEPOSES EQUITABLE OFFICERS

CONTROLLER IS SUMMARILY DIS-  
MISSED FOR REFUSING TO TELL  
ABOUT THE BLIND LOAN.

NEW YORK, July 19.—Thomas D.  
Jordan, controller of the Equitable Life  
Assurance Society, was summarily re-  
moved from office today by Chairman  
Paul Morton because he refused to  
furnish information in regard to the  
\$85,000 blind loan standing against  
the Equitable Society on the books of  
the Mercantile Trust Company. The  
loan stood in the names of Jordan and  
James W. Alexander as trustees un-  
til a few days ago, when the State au-  
thorities ordered that it be taken up by  
the society.  
Jordan is to be succeeded by Wil-  
liam A. Day, who was auditor of the  
United States Treasury for four years  
when Cleveland was President and who  
is at present Assistant Attorney-Gen-  
eral of the United States.  
Chairman Morton, it is understood,  
let Jordan know more than a week ago  
that he desired a statement in detail  
concerning the loan for which the  
Equitable Society had for several years  
been paying interest at the rate of 4  
per cent when it had on deposit in the  
trust company a large amount of  
money for which it was receiving 2 per  
cent.

## ANOTHER ROUTE TO THE ATLANTIC

THE TEHUANTEPEC ROUTE IS  
HAILED BY THE COAST AS A  
RELIEF FROM MONOPOLY.

The announcement that the American-Hawaiian Steamship Company had entered into a traffic contract with the Tehuantepec Railroad of Mexico is almost startling in its commercial possibilities for California. It means competition in freight rates with the great transcontinental railroads—something that California has been praying for these many years.

The transcontinental roads have had such control of the Pacific Mail that that steamship company afforded California shippers no relief. The Pacific Mail's freight rates were fixed by the railroads, and the shippers were taxed all the traffic would bear.

No one else could break in, because the Pacific Mail had an exclusive contract with the Panama Railroad. Then the Federal Government took over the Panama Railroad and abrogated the Pacific Mail contract, announcing that hereafter all steamers and sailing lines would have equal rates and privileges on the isthmian road.

The Pacific Mail threatened to take off its steamers. Then, when Secretary Taft was here he said, pessimistically, that the rates at Panama fixed by the Government might not afford California shippers the relief they hoped for from the tyranny of the transcontinental roads. It looked to a man up a tree as if the Federal Government intended to care for the interests of those roads first, without much regard for the wishes of California merchants and producers.

But now comes the American-Hawaiian Company with an announcement that it is going right after those freights, and it will soon be in shape to compete to the very best advantage. It already has a fine fleet of mammoth freighters of the very latest design. It has been operating these freighters between New York, Pacific coast ports and Honolulu, by way of the Straits of Magellan. Two still larger steamers are now being constructed for the company at the Union Iron Works. The steamers burn the cheap fuel oils of California, operating with up-to-date equipment.

The Tehuantepec Railroad runs from Salina Cruz on the Pacific to Coatzacoacoas on the Atlantic. It is a Mexican road, about 180 miles long, and something like \$75,000,000 has recently been spent in putting it into the finest modern condition. S. Pierson & Sons, the famous London contractors, have done the work. Excellent harbors are being made at the two termini, and these are being arranged with special regard to the requirements of the big steamers of the American-Hawaiian Company.

It is calculated that the two harbors will be ready by July 1st of next year, and the steamship company will be ready for the traffic long before that. A glance at a map will show the advantage the company will have over the Pacific Mail. The route from San Francisco to New York will be 1,300 miles shorter by way of Tehuantepec than by way of Panama.

Freight shipped by Pacific Mail now takes about thirty days between San Francisco and New York. The American-Hawaiian Company will make the trip in twenty-five days. When it is considered that the special fast freights of the transcontinental roads consume from sixteen to twenty days in this journey it will be seen how important a competitive factor the big steamship company is to become, and the contract between that company and the Tehuantepec Railroad is to run until the opening of the Panama Canal, or longer.

From E. R. Dimond of the firm of Williams, Dimond & Co., the Pacific Coast agents of the American-Hawaiian Company, it was learned last night that it is intended to put the four single-screw steamers of the company of the type of the California and Hawaiian on the Atlantic side of the run, while the three big twin-screw vessels of the type of the Alaskan will be run on the Pacific. These three steamers will handle freight from and to San Diego, San Pedro, San Francisco, Puget Sound and Honolulu. Smaller steamers are to engage in the coastwise traffic. A special effort is to be made to handle the perishable freights of California.

George Gould tried to get the contract with the Tehuantepec Railroad and the owners of the Ward line of steamers also made an effort to secure it. But the American-Hawaiian Company got in ahead and made the arrangements that promise to be of such vast importance to Pacific Coast shippers.

## THE SUGAR MARKET

Williams, Dimond and Company's latest sugar circular contains the following:

Raw: May 6th to 11th, no sales; 12th cost and freight sale 250 tons at 4.35c; 13th and 15th, no sales; 16th, cost and freight sale 400 tons at 4.37c; 17th, cost and freight sale 800 tons at 4.38c; 18th cost and freight sale 500 tons at 4.33c; 19th, cost and freight sale 1000 tons at 4.5-16c; 20th to 23rd, no sales; 24th, cost and freight sale 800 tons at 4.36c; 25th cost and freight sale 1600 tons at 4.36c; 26th, spot sale 1100 tons at 4.3-8c and on same date, cost and freight sale 1500 tons at 4.36c; 27th, cost and freight sale 600 tons at 4.3-8c; 28th and 30th, holidays; 31st spot sale 3000 tons at 4.3-8c and on same date, cost and freight sale 1000 tons at 4.36c; June 1st, spot sale 700 tons at 4.5-16c; 10th, spot sale 300 tons at 4.5-16c; 12th and 13th, no sales; 14th cost and freight sale 1100 tons at 4.4c; 15th, spot sale 300 tons at 4.4c and on same date spot sale 600 tons at 4.5-16c; 16th, cost and freight sale 300 tons at 4.4c; 17th, no sales; 19th, cost and freight sale 650 tons at 4.24c; and on same date "to arrive" sale 500 tons at 4.4c; 20th, cost and freight sale 500 tons at 4.24c; 21st, cost and freight sale 1300 tons at 4.5-16c; 22nd, no sales; 23rd, cost and freight sale 400 tons at 4.30c; 24th, no sales; 26th, cost and freight sale 600 tons at 4.4c; 27th, spot sale 400 tons at 4.4c; 28th, no sales; 29th "to arrive" sale 1200 tons at 4.4c; 30th to July 4th, no sales; 5th, "to arrive" sale 300 tons at 4.4c; 6th, "to arrive" sale 450 tons at 4.5-16c; and on same date, cost and freight sale 1600 tons at 4.17c; 7th, cost and freight sale 1600 tons at 4.68c; and on same date, spot sale 2200 tons at 4.1-8c; 8th, no sales; 10th, spot sale 1600 tons at 4.1-8c; 11th, no sales; 12th, cost and freight sale 1600 tons at 3.99c; 13th, cost and freight sale 1600 tons at 3.99c; since which no sales establishing basis for 36° centrifugals in New York on that date 3.99c; San Francisco 3.61c.

"Eastern and Foreign Markets. Throughout the period under review prices have continued to decline in this country and abroad almost without interruption. The sagging tendency in European beets has been particularly pronounced and refiners in the United States have not failed to take full advantage of existing conditions. Cuban holders yielding reluctantly to the exigencies of the situation. Periods of comparative quiet and dullness have intervened, broken now and then by cable reports of fresh declines in Europe which have reacted adversely on the course of prices here. Transactions in Cuban have transpired lately at terms clearly indicative of the fact that holders, impressed with the advent of new crop Javas, have abandoned all pretense of maintaining the firm stand formerly displayed and apparently justified earlier in the season by the statistical position of sugars.

"On the other hand refined has displayed little activity and the demand has been disappointing, business proceeding for the most part on the hand-to-mouth basis. Successive reductions in list prices have seemingly not helped the situation materially and prospective buyers even yet consider the margin between raws and refined too large and no inducement for anticipating wants. Recently there have been some heavy cuts in freight rates, notably the reduction to 1c from New York to Missouri river points which becomes effective 20th inst.

"Consumption has fallen off in Europe as well as in America but certainly not to any such alarming extent as to justify the present demoralization abroad and it is encouraging to note from telegraphic advices indicated above that in the last few days there has been a sharp rally in the price of European Beets which however may be speculative in nature and of temporary duration. Moreover it is to be remembered that invisible stocks in the large consuming countries must be considerably depleted and this fact may exert an influence later on in the season. F. O. Licht cables from Magdeburg that the weather abroad is favorable for the growing crop."

## CONTRACTED CHRONIC DIARRHOEA WHILE IN PHILIPPINES.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—Herman Stein, 232 N. Union Ave., Pueblo, Colorado, U. S. A. For sale by all dealers. Benson Smith & Co., agents for Hawaii.

A Pure, Wholesome tonic has been prescribed by your Doctor. Order a case of Rainier Beer. After the first case it will not be necessary for your Doctor to prescribe.

## LEGAL NOTICES.

IN THE CIRCUIT COURT OF THE First Circuit, Territory of Hawaii.—In Probate.—At Chambers.

In the Matter of the Estate of L. BILMAN, deceased.

Order of Notice of Petition for Allowance of Final Accounts and Discharge in This Estate.

On Reading and Filing the Petition and Accounts of Henry E. Cooper, Executor of the Estate of L. Bilman, deceased, of Honolulu, Island of Oahu, wherein he asks to be allowed \$2,057.75, and he charges himself with \$3,467.42, and asks that the same may be examined and approved, and that a final order may be made of Distribution of the property remaining in his hands to the persons thereto entitled, and discharging him and his sureties from all further responsibility as such Executor.

It is Ordered, that Monday, the 21st day of August, A. D. 1905, at 10 o'clock a. m., before the Judge of said Court at the Court Room of the said Court at Honolulu, Island of Oahu, be and the same hereby is appointed as the time and place for hearing said Petition and Accounts, and that all persons interested may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to the said property. And that notice of this Order, in the English language, be published in the Hawaiian Star, a newspaper printed and published in Honolulu, for three successive weeks, the last publication to be not less than two weeks previous to the time therein appointed for said hearing.

Dated at Honolulu, this 13th day of July, A. D. 1905.

W. J. ROBINSON,  
Third Judge of the Circuit Court of the First Circuit.

Attest:  
M. T. SIMONTON,  
Clerk of the Circuit Court of the First Circuit.

4th—July 13, 20, 27, Aug. 3.

## ASSIGNEE OF MORTGAGEE'S NOTICE OF INTENTION TO FORECLOSE AND OF SALE.

Notice is hereby given that pursuant to the power of sale contained in that certain mortgage dated August 24, 1900, made by Maria L. Sea, wife of George Sea of Honolulu, Island of Oahu, Territory of Hawaii, Mortgagee, (the said George Sea, husband of Maria L. Sea joining therein and consenting to said mortgage), to William F. Allen of said Honolulu, Trustee, Mortgagee, which said mortgage is recorded in the office of the Registrar of Conveyances in said Honolulu in Liber 214 on pages 149 to 151 inclusive, and which said mortgage was thereafter, to wit, on the 17th day of August 1903, assigned by the said William F. Allen, Trustee, to F. W. Macfarlane of said Honolulu, which said assignment of mortgage was recorded in the said Registrar's office in Liber 267 on pages 491 et seq., the said assignee of said mortgage intends to foreclose said mortgage for condition broken, to wit, the non-payment of principal and interest when due.

Notice is likewise given that the property conveyed by said mortgage will be sold at public auction at the auction rooms of Fisher, Ables Company, Ltd., corner of Queen and Port streets, said Honolulu, on Saturday the 12th day of August 1905, at 12 o'clock noon of said day; the property conveyed by said mortgage and which is to be sold under said power of sale as aforesaid, consists of all that piece or parcel of land together with all buildings and improvements thereon situated at Kewalo, Honolulu aforesaid, and known as Lot 19 in King Street Tract, and bounded and described as follows, to wit:

1. S. 63° 18' E. true 120 feet along Lot 18
2. S. 24° 40' W. true 60 feet along Lot 24;
3. N. 69° 15' W. true 120 feet along Lot 20
4. N. 23° 40' E. true 60 feet along Road A. to the initial point.

Containing an area of 7124 square feet, and comprising all the land mentioned and described in deed of W. C. Achi to said Maria L. Sea, dated July 26th 1900, and recorded in Liber 208 on pages 487 and 488, records of said Registrar's office, and constituting and being a part of the land described in Royal Patent 5715, Land Commission Award 10065 to Pihoko, and all of the rights, privileges and appurtenances belonging to said piece or parcel of land.

F. W. MACFARLANE,  
Said Assignee of said Mortgage.  
Terms Cash, United States Gold Coin. Deeds to be prepared by the purchaser to be prepared by the attorneys of said assignee of said mortgage. For further particulars apply to said assignee of said mortgage or to Smith & Lewis, attorneys of said assignee of said mortgage.  
Dated Honolulu, July 17th, 1905.

CITY. LEAVE ORDERS WITHW. W. DIMOND & CO.  
Agents for East Niu Ranch.KEEPS SILENCE  
ON EXCLUSIONSECRETARY METCALF ARRIVES  
IN OAKLAND AND REFUSES TO  
DISCUSS CHINESE IMMIGRATIONOAKLAND, July 19.—Victor H. Met-  
calf, Secretary of Commerce and La-  
bor, and Mrs. Metcalf arrived in Oak-  
land from Washington, D. C., this  
morning, and are guests at the home of  
Mrs. Metcalf's mother, Mrs. J. H.  
Nicholson, 1821 Linden street. They  
left Washington fifteen days ago, com-  
ing over the Canadian Pacific and  
stopping at Seattle and Portland."I am here for a rest," said Secretary  
Metcalf this afternoon. "My  
duties at Washington have been arduous  
and my stay in Oakland is to be  
simply one of rest and recreation. No,  
I have not been delegated to investi-  
gate the Chinese exclusion question,  
and the trip to my home in Oakland  
was not taken for that purpose.""I may, while here, consult with  
different persons about exclusion and  
may personally make an investigation  
of the conditions, but my trip was not  
taken for this purpose. I have come  
home to rest, and not to work.""I do not care to discuss the merits  
of the exclusion problem at the present  
time. When I get ready to talk on  
that score, I will let the public know.  
At the present time I must absolutely  
refuse to discuss the problem. When  
the proper time comes I may make a  
statement, but I have nothing to say  
now."The Chinese, Japanese and Korean  
Exclusion League of Alameda County  
is to meet in the hall at 453 Eighth  
street Friday evening. The club will  
make an effort to have Secretary Met-  
calf address a mass meeting with the  
subject of exclusion as the topic. It  
is probable that a committee will be  
appointed at the meeting Friday evening  
to wait upon Mr. Metcalf and as-  
certain his pleasure about the matter.A FISH STORY  
WHICH IS TRUETHE HUMUHUMUNUKUNUKU-  
PUAA IS A PISCINE SPECIMEN  
WHICH HAS A RECORD."Well I'm not much of a fisherman,"  
said Chester Doyle the other day just  
before he started for Kau and was  
buying some provisions for the trip  
from the Union. "I'm not much of a  
fisherman and nobody who knows me  
will accuse me of telling fish stories  
but when I was up on Hawaii on my  
last trip I came across a fish with the  
longest—""Well, here's how," said the expert  
crinologist as he interrupted himself  
in order to assimilate a hard boiled  
egg."What about this fish?" asked a mere  
ordinary person. "It had the longest  
what?""The longest name of any fish that  
I ever came across," he answered. "He-  
witt of Kau had it and he said that it  
was a humuhumunukunukuapuaa. I  
guess he was handling me a bunch of  
fool.""He certainly was not," spoke up  
Charlie Chillingworth. "The name is all  
right and it has an interesting deriva-  
tion. The old Hawaiian style of kill-  
ing a pig for a luau was not by cutting  
its throat but by suffocation. In order  
to do this the custom was to sew up  
the pig's nose and mouth. The fish  
you just mentioned has several  
very sharp spines on its back fin and  
these used to be made into needles  
for the express purpose of sewing up  
the pig's nose and mouth hence the  
word 'humuhumunukunukuapuaa' means  
practically 'sewing up the nose' or  
when fully explained 'the fish that  
provides the needles for sewing up the  
nose of the pig.'""That will be about all," said Doyle,  
but the explanation was correct just  
the same.SIBERIA SALUTED  
THE MANCHURIATWO LINERS PASSED CLOSE TO  
EACH OTHER THIS MONTH—  
SIBERIA FROM ORIENT TODAY.After an uneventful voyage to this  
port except for the exchange of salutes  
with the S. S. Manchuria, the S. S.  
Siberia arrived off the port this morn-  
ing from the Orient en route to San  
Francisco. The Siberia left Yokohama,  
July 18. On July 21, she passed  
the Manchuria bound for Yokohama  
from Honolulu with the Taft party  
aboard. The vessels passed within  
plain view of each other, it being pos-  
sible to count the number of passengers  
lining the decks of the two craft.  
Salutes were exchanged by the two  
vessels. The Siberia did not catch  
any of the storm that wrought such  
devastation at Midway.The Siberia has 795 tons of freight for  
Honolulu. She brought 62 Japanese  
and 9 Chinese in the steerage for Ho-  
nolulu. She brought 13 cabin passen-  
gers for this port which is a much  
larger number of cabin passengers than  
usually stops over from the Orient.Among the through passengers is J.  
J. Paterson the sheriff of Manila. He  
is accompanied by his daughter.Mrs. James S. Pearson is the wife  
of the Shanghai agent of the Pacific  
Mail S. S. Company. Miss Pearson  
accompanies her.Mrs. M. Tugart is the wife of the  
former Hong Kong representative of  
the Pacific Mail.

Orient.Frank Vida arrived for a visit to  
his mother. He is still in business in  
Shanghai.The Siberia will take a good sized  
crowd of passengers from Honolulu for  
San Francisco. She sails at 5 p. m.  
today from the Hackfeld wharf.ROUTING BY  
TEHUANTEPECDETAILS OF PLANS OF AMERI-  
CAN-HAWAIIAN LINE AS STAT-  
ED BY PRESIDENT DEARBORN.NEW YORK, July 18.—President  
Dearborn of the American-Hawaiian  
Steamship Company, which has just  
closed a contract with the Tehuantepec  
Railroad Company of Mexico, through  
S. Pearson & Co., Limited, of London,  
for the transportation of all the busi-  
ness of the steamship company be-  
tween Atlantic and Pacific ports over  
the railroad which will be completed  
the latter part of next year, said today  
that the services planned by the Ameri-  
can-Hawaiian Steamship Company  
were as follows:A triangular line from Salina Cruz to  
San Francisco and Hawaiian ports.  
Full cargoes from Hawaiian ports to  
Salina Cruz for transportation to New  
York.Salina Cruz to San Francisco, carry-  
ing New York freight.Hawaii to San Francisco, two regular  
steamers.Pacific Coast ports and Salina Cruz,  
carrying New York freight.New York to Coahuila, weekly  
service.The Atlantic and Gulf service will be  
operated with vessels of 8,500 tons ca-  
pacity each. The American-Hawaiian  
contract with the Tehuantepec Rail-  
road covers the entire period which will  
elapse between the time of the comple-  
tion of the railroad and the opening of  
the Panama canal, whether five years  
or fifteen.Dearborn remarked: "We are now  
working to have everything in readi-  
ness for the opening of the railroad to  
traffic. Possibly we may order more  
ships soon."

## LAHAINA.

The new school house at Honokohau  
and Kahakulua are quite a novelty in  
this school district. In addition to  
large class rooms, each of these build-  
ings contains four rooms for teachers.  
This will be a convenient substitute for  
teachers' cottages. There is a wall  
between the class rooms and the pri-  
vate rooms. Both of these schools are  
also provided with 5000 gallon water  
tanks. Henry Dickenson has made a  
thorough inspection of the new build-  
ings.

## FRENCH AND GERMAN LESSONS.

French German in 5 weeks. Classes
