ANDREWS INVOLVED IN GRAND JURY INQUIRY READY TO SUE FOR FEDERAL SITE

Subpoena Former Grand Jurymen

Andrews Charged With Improper Conduct In Lane Case

Charges of improper conduct on the part of Lorrin Andrews in appearing before the last Territorial Grand Jury in connection with the indictment of Edward Lane for an attack on a girl, reached the Circuit Court this afternoon when E. A. Douthitt, in Lane's behalf, presented a plea in abatement in the Lane case.

In connection with the proceedings before the Grand Jury which resulted in the indictment of Lane for the alleged crime, subpoenas were issued that brought Foreman McStocker and practically all of the members of the former Territorial Grand Jury to Judge Cooper's courtroom.

The allegations of improper conduct against Andrews are based upon his appearance before the Grand Jury after some of the members of the Grand Jury intimated that they did not consider the opinion of City and County Attorney Cathcart as final in regard to the degree of the offense charged.

FOSS FIGHTING LODGE GOVERNOR-ELECT BUSY

He Calls Veteran Senator Tool of "Trusts"

PROVINCETOWN, Mass., Dec. 8.—Governor-elect E. N. Foss is carrying on a vigorous fight against the reelection of Senator Henry Cabot Lodge, whom he calls a "tool of the trusts" and denounces as being one of the conspirators who forced the Payne-Aldrich tariff bill on the country. Foss announced early in the controversy that he would personally take the stump against Lodge unless the latter should withdraw from the contest for reelection. This Lodge refused to do. Although Foss is a Democrat, he will have considerable influence with the Republican Legislature.

E. N. FOSS

URGE LOCAL MEN FOR HAWAII POSITIONS

Whereas, The Territorial Central Committee of the Republican Party of Hawaii has advocated to the Washington authorities that all appointments for Hawaii should be made from the citizens of the Territory of Hawaii; and

Whereas, Local pride appeals to local appointees to make sacrifices for public service; therefore be it

Resolved, by the executive committee of the Territorial Central Committee of the Republican Party of Hawaii, That it is the sense of this committee that all appointments to local positions should be made from citizens of the Territory of Hawaii; and that a copy of this resolution be sent to Governor Walter F. Frear, Secretary E. A. Mott-Smith and to all heads of departments.

This utterance of the Republican Territorial Executive Committee has been sent to the Governor and the heads of all the Territorial departments. It is a suggestion that the voters of the Territory be taken care of in public office, or be considered, first. There is no objection to the outsiders, but the committee can see no reason why those not voters should be given a preference when the men are available from our own citizens.

PROMOTIONISTS WILL DISCUSS BAND

Threatened Disruption to Come Before Committee This Afternoon.

Public interest over the news that the Hawaiian band is facing dissolution will probably force some kind of action from the Board of Supervisors to preserve the famous musical organization. There does not seem to be a dissenting opinion on the proposition that the band should be kept up, and that if the members need more pay, they should get it.

The matter will be brought up by the Hawaii Promotion Committee this afternoon. Every member of the committee as well as Secretary Wood believes that the band is a big and indispensable feature in Honolulu life, and that it deserves more consideration than it is getting from the Board of Supervisors. One of the influential members of the committee this morning pointed out that an ordinary policeman, regardless of his qualifications, gets more pay than a musician who has devoted years to the study of his instrument.

The Promotion Committee is expected to make some kind of recommendation in the matter this afternoon. The committee can only give its moral support, but its action will undoubtedly be taken as an expression of the sentiment of progressive Honolulu.

Since the news was published in the Bulletin that eight members of the band had quite because their pay was inadequate and they were offered more by local theaters, further losses are threatened. It is said that a new vaudeville house that is soon to open up is desirous of getting an orchestra, and as the bandmen already feel that they are getting little return for long and faithful service, some of them may leave to accept other employment.

CHOLERA BREAKS OUT IN CITY OF FUNCHAL

(Associated Press Cable.)
FUNCHAL, Madeira, Dec. 8.—A bad cholera epidemic has broken out here, and the authorities are working night and day to check it.

Legal Battle On Condemnation

Fort St. Property Owners Retain Counsel To Fight Case In Courts

The entire strip of Fort street land involved in the condemnation proceedings, ready to be instituted by United States District Attorney R. W. Breckons, is held by but two estates. The two estates that will have to defend the Federal valuation of their property are the Austin and Cummins interests, owners of every foot of the land.

The leaseholders for long terms of years are numerous, however, and are nearly as much interested in the outcome of the proceedings as are the fee-simple holders of the land. Upon which business blocks have been erected.

That a determined effort will be made against the condemnation of the land and buildings for the sum of \$350,000, all the money which Congress has made available for the purpose, is evidenced by the fact that those whose interests are affected have retained the firm of Thompson, Clemons & Wilder to consider the methods of legal strategy that will be used to prevent the United States from securing the Fort now available in the Treasury.

The fight will be waged to prevent the valuation of the property by a jury at \$350,000 or less. If successful, it will mean the indefinite postponement of the plan to enlarge the Mahuka site to an entire block, it being considered unlikely that Congress will appropriate an increased amount for the purpose, should a jury find that the property was worth more than the \$350,000.

COMMISSIONER KEEFE OFF TO INVESTIGATE LIFE ON GREAT SUGAR PLANTATIONS

Commissioner-General Keefe, of the Bureau of Immigration, today began a close-to-the-soil study of labor conditions on the great sugar plantations of Hawaii. Accompanied by Mrs. Keefe and Raymond C. Brown, of the local immigration station, he left Honolulu for Wailua and will spend two or three days, according to present plans, on the big plantations along the line of the Oahu railroad.

The Commissioner-General's eagle eye will be focused on all sorts of men and conditions of things during this trip. He will inquire carefully into the conditions of Japanese, Chinese, Filipinos, Portuguese, Porto Ricans, Russians and any other nationalities that may be employed on the plantations. He will look into their mode of living, the accommodations afforded them by the planters, their

treatment by managers, lunas, assistant lunas and near-lunas, and in general will make a detailed study of life on the sugar plantation. It is Mr. Keefe's intention to make a thorough investigation of labor as well as immigration in Hawaii. He finished his personally-conducted tour of "Little Russia" in quick order, after hearing several complaints from immigrants who had grievances. Men familiar with local labor conditions and who have been working to solve the many troublesome problems that Hawaii has to handle, expressed the hope today that the Commissioner-General will take into account not only the complaints of dissatisfied Russians, many of whom are unfortunate or dissipated, but also the statements of the satisfied ones who have found good employment and have already begun to be home-builders and citizens.

U. S. S. BUFFALO GRAND JURY TURNS BACK HOLDS SESSION

The transport Buffalo, after starting at daybreak this morning for San Francisco, turned back to port and arrived this afternoon. After getting well on its voyage, it is reported that a stowaway was discovered and this caused the sudden return. The vessel had mainland mail.

DEMOCRATS ADDRESS HABRORS CONGRESS

(Special Bulletin Cable.)
WASHINGTON, D. C., Dec. 8.—Champ Clark and Governor Harmon, both leading Democrats, today made speeches at the rivers and harbors congress now in session. Both speakers strongly endorsed the movement.

HILO CITIZENS ORGANIZE VIGOROUS OPPOSITION TO M'CROSSON KAU DITCH PLAN

(Special Bulletin Wire.)
HILO, Dec. 8.—Hilo citizens held a public meeting today to consider the proposed amendment to the Organic Act known as the McCrosson bill.

Governor Frear was present at the meeting, at which, after a thorough discussion, a resolution was passed protesting against the presentation before Congress of the McCrosson amendment to the Organic Act previous to its submission to the Territorial Legislature.

The "McCrosson bill" is the bill by which John T. McCrosson and his business associates will secure the right to construct the great Kau irrigation ditch on Hawaii, an irrigation scheme involving \$3,000,000. Mr. McCrosson left several weeks ago for Washington, D. C., where the bill will be presented in the form of an amendment to the Organic Act. Attorney Frank E. Thompson of Honolulu left yesterday for the Coast on the Wilhelmina and will probably go to Washington in the interests of the bill also.

WHAT THE MCCROSSON BILL REALLY IS.

The full text of the "McCrosson bill" is as follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress Assembled, That section seventy-three of an Act entitled 'An Act to provide a government for the Territory of Hawaii, approved April thirtieth, nineteen hundred and eight, and May twenty-seventh, nineteen hundred and ten, is hereby amended by adding thereto the following:

Fifty-Year Lease.

"The commissioner, with the approval of the Governor, may lease for not exceeding fifty years to any irrigation company organized for the purpose of developing, storing, conveying and distributing water for irrigation purposes, any or all such public lands as are capable of being economically irrigated from the waterways of such company. Any lands so leased may, with the consent of the commissioner and approval of the Governor, be subleased subject to the provisions hereof to any individual or corporation using or desiring to use water from the waterways of such company. Any such lease may be made subject to any unexpired lease of any or all such lands, and shall contain appropriate provisions to secure the construction and maintenance of the necessary works for supplying such lands with water, and the reversion of such works to the Territory upon the determination of the lease, and such other provisions as may be deemed necessary or proper by the commissioner and the Governor for the benefit of such lands and their occupants and for the public interest.

Withdrawing Lands.

"Any or all of the lands so leased may at any time during the term of the lease be withdrawn for public purposes, or homesteaded or sold for other purposes under the laws relating to public lands in Hawaii, in which case the rent reserved shall be reduced in proportion to the value of the land so withdrawn, homesteaded or sold; provided, that no the provisions hereof to any individual."

(Continued on Page 3)

EPIDEMIC ON MAUI STAGE SET FOR SPREADS SAYS WIRELESS

The diphtheria epidemic among the school children on Maui is even more serious than was first believed. A wireless was received this morning by Dr. Pratt of the Board of Health, from Chief Sanitary Officer Charlock, stating that the epidemic had spread over a wide area and was of serious proportions. Charlock also asked that a special fumigating outfit be forwarded to him as soon as possible, which will be done on the Claudine tomorrow.

The six schools continue closed, and there is apparently no prospect of their reopening in the near future.

SIMPLE FUNERAL FOR MRS. MARY B. EDDY

(Associated Press Cable.)
BOSTON, Mass., Dec. 8.—Mrs. Mary Baker Eddy, founder of Christian Science, was buried here today. The funeral services were simple and were held at the home, the body being interred later in a vault at Mount Auburn cemetery.

BALLINGER REPORTS TO BE ACTED ON LATER

(Associated Press Cable.)
WASHINGTON, D. C., Dec. 8.—No action will be taken on the two reports of the committee investigating Secretary Ballinger's administration of the Interior department until after the holidays.

STEAMER COLLISION MAY COST MANY LIVES

(Associated Press Cable.)
YARMOUTH, Eng., Dec. 8.—The steamer Blackburn today crashed into the steamer Rook and the former sunk. Two boats and thirty-two people who took to them are missing.

An agreement had been placed on file in the Bureau of Conveyances between the Consolidated Pineapple Company and California Fruit Canners Company wherein it is stipulated that the mortgage of December 21, 1909, shall stand as security for all advances made by the canners to the pineapple company.

UNCLE SAM QUITS ON THE PACIFIC MAIL

Accepts Decision That the Tariff Rates from Orient Need Not Be Filed.

WASHINGTON, November 28.—As the result of an agreement not made part of the court record, the Department of Justice today asked the Supreme Court of the United States to dismiss the appeal by the Government for a review of the quashing of the indictment against the Pacific Mail Steamship Company on charges of rebating. This was done.

The Government charged that the steamship company, acting in conjunction with railroad companies, shipped matting from Kobe, Japan, across the Pacific ocean to San Francisco and thence to inland points at rates less than the joint tariffs of rate for such shipment filed with the Interstate Commerce Commission.

The District Court of the United States for the district of California held that the steamship company was not required by the interstate commerce laws to observe its rates if such a tariff were filed. It therefore threw the indictment out of court.

The Nevada, an American-Hawaiian steamer that for the past months has been under charter by the Matson Navigation Company, has arrived at San Francisco after having brought down a general cargo for the islands.

The Nevada returned to the coast with a small amount of products from the Hawaiian islands. The vessel arrived at San Francisco yesterday and it is predicted that she will not return here for some time to come but may be placed on a run including a coasting route to Salina Cruz.

Band Played at Two Departures.

The municipal band played at the sailing of the Matson Navigation steamer Wilhelm and the Canadian-Australian liner Moana yesterday. The latter vessel sailed from Alakea wharf shortly after four o'clock yesterday afternoon taking on a few cabin and second class passengers. Over five hundred carcasses of frozen mutton, a quantity of fertilizer and Scotch whisky were left here as cargo from the Colonies.

Sierra Due Tomorrow Morning.

The Oceania steamship Sierra, with one hundred and nineteen passengers and nearly three thousand tons of general cargo will arrive off the port at an early hour tomorrow morning according to the latest wireless advice received by C. Brower & Co. representing the Oceania company. The vessel will probably come to the wharf by seven-thirty.

Asia Here Saturday Morning.

Bringing nine hundred tons of cargo from a variety of Oriental ports

the Hawaiian Islands, each sack would weigh in the neighborhood of a hundred pounds.

Henry Vierra, of the Inter-Island Steam Navigation Co. also gave damaging evidence against the defendants and declared that he had seen them hanging about the coal yard after night fall. One defendant had been found guilty of taking coal from the Inter-Island plant some time ago.

Kapue caused considerable merriment as well as surprise at the way he handled his own case. His method of cross examination provoked comment from the bench but the Kapue cause was lost by a preponderance of evidence sufficient to convict.

It is believed that with the elimination of the two offenders, there will be a marked diminution in the more or less continued thefts of coal from local steamship yards.

A Projected Australian Line.

A steamship line in which the government of Australia is asked to take part is to be started from Sydney to Eastern Canada, United States ports and Great Britain, via the Straits of Magellan, until the Panama Canal is completed, according to advice received at Victoria.

The new concern is to operate five steamers and will be known as the Merchants and Shippers Steamship Line. Negotiations have been in progress for some time, and it is said that a prominent firm of British shipbuilders is interested in the enterprise. The fleet will consist of five steel screw steamers, and it is intended to maintain regular monthly sailings. The vessels will be owned and managed in the Commonwealth, and ample refrigerated space will be provided for the carriage of all descriptions of perishable produce. The concern establishing the new line has proposed to the Australian government that it share in the enterprise. It is suggested that the government should either invest money in shares in the company, provide an annual subsidy until the company could become firmly established or lend money to the company at a low rate of interest. It is said that pending construction of the vessels, chartered steamers would be used. It is the intention of the company to send its steamers home from Australia via New Zealand, the Straits of Magellan, and the East Coast ports of America or Canada. With the completion of the Panama Canal the vessels would go by that route. The steamer would be of 10,000 tons register, and have a speed of 13 knots leaved.

Nevadan Back at 'Frisco.

The Nevada, an American-Hawaiian steamer that for the past months has been under charter by the Matson Navigation Company, has arrived at San Francisco after having brought down a general cargo for the islands.

The Nevada returned to the coast with a small amount of products from the Hawaiian islands. The vessel arrived at San Francisco yesterday and it is predicted that she will not return here for some time to come but may be placed on a run including a coasting route to Salina Cruz.

THEFTS OF STEAMSHIP COAL RECEIVE MATERIAL CHECK

PACIFIC MAIL COAL PILE DIMINISHED TO THE TUNE OF TWENTY-FIVE TONS—ROUGH WEATHER PREVENTS ISLAND STEAMERS FROM WORKING ON HAMAKUA COAST—THREE ARRIVALS THIS MORNING.

The "bloated corporations" have had their innings. For months past a steady drain of the coal piles belonging to the several steamship companies now represented at Honolulu, has been going on and the agents have been at loss to account for the continued diminution of their store of fuel.

Through the instrumentality of Col. Norris and others, two Hawaiians who were enlisted at police station this morning as Solomon Kapue and Huihila, were found guilty of taking coal from the pile maintained by the Pacific Mail Steamship Company and after District Magistrate Lyner had concluded the taking of testimony has sent Solomon to the roof for a period of six months. Huihila who was considered as an accomplice in the pilfering of fuel from the storehouse of corporate interests drew a three months' meal ticket at the Hotel Asahi.

Frederick Klebsch, an official connected with H. Hackfeld & Co., and manager of the shipping department of the Pacific Mail stated that the company had been relieved of approximately twenty-five tons of coal from time to time. He was called to state the exact time that coal had been hauled from the Queen street yards and said that no fuel had been ordered taken from the yards until last Saturday afternoon.

Both Kapue and his accomplice declared under oath that the coal that they had sold to a Japanese bath house proprietor for thirty-five cents a sack had been gathered piece by piece as it dropped from the carts, engaged in hauling the coal from the Pacific Mail piles to the wharf.

It appears that some eight sacks had been recovered by the officers from an empty lot near the corner of King and Maunakea streets.

The Pacific Mail representatives secured the legal services of Attorney Ritting to look after their interests at court.

Ritting showed that the defendant, Kapue, had been twice convicted in the lower court upon a charge of stealing coal. The date of the theft that finally landed the two Hawaiians behind the bars at the City and County hall was fixed at Friday, December 2nd.

Colonel Norris stated in direct testimony that he had been watching the movements of the two Hawaiians for a week. That he had seen them each night lugging away sacks of coal and that it was kept in a vacant lot, the large lumps broken up and the fuel was then placed in sacks and afterwards peddled to Japanese and others who desired their coal at reduced rates.

The Pacific Mail valued the coal at about seven dollars a ton at the yard. Norris believed that he had seen fifteen sacks of the coal transferred from the Pacific Mail pile to the post

office of the Hawaiian Islands, each sack would weigh in the neighborhood of a hundred pounds.

Henry Vierra, of the Inter-Island Steam Navigation Co. also gave damaging evidence against the defendants and declared that he had seen them hanging about the coal yard after night fall. One defendant had been found guilty of taking coal from the Inter-Island plant some time ago.

Kapue caused considerable merriment as well as surprise at the way he handled his own case. His method of cross examination provoked comment from the bench but the Kapue cause was lost by a preponderance of evidence sufficient to convict.

It is believed that with the elimination of the two offenders, there will be a marked diminution in the more or less continued thefts of coal from local steamship yards.

Rees, Mrs. Rees, Mrs. E. H. Prentiss, Miss S. Whitman, E. H. Prentiss, Mrs. R. S. L. Morris, H. M. Thomson, Mrs. Thomson, Miss A. Callamole, L. M. Hale, F. T. Clarke.

Per stmr. W. G. Hall, for Kauai ports, Dec. 15.—Miss L. Day, Miss Purvis, Miss Damon, Miss Withington, Douglas Baldwin, C. Damon, B. Damon.

SIERRA IN EARLY

The following wireless message has been received by the agents from the S. S. Sierra, bound for Honolulu: "S. S. Sierra, At Sea, Dec. 7, 8 p. m.—22 miles from port. Fresh trade winds, moderate sea, weather clear, barometer 30.17, air 67. All well. Will be off port 6:30 a. m., Friday morning."

Every public school in Germany has a gymnasium, and there are certain hours on certain days when physical culture of boys and girls of all classes and ages is gone through.

When the doctor tells a man to diet, the patient proceeds to refuse all the things he dislikes.

Five patents upon safety razors have been granted to English women in the last year.

CIRCUS DRAWS AND PLEASES

The circus people at every performance are increasing the quality of their various acts. A number of important changes in some of the difficult acrobatic and balancing acts were noticeable last night. These changes are all the result of an opportunity to practise which the performers had not had for almost a month until they opened Monday night.

What is true of the acts by the people in the show is also true of the dog act. Since the opening performance a number of different features have been included in the canines' turn. The most important is a high jump act by the hounds, which secures a lot of applause from the audiences. The dogs are working a whole lot more willing than they did at first, and their trainer says that they will soon be the talked-about act in the show instead of the big aerial turn.

The performance of the ten trapeze artists is an act that brings praise from everyone. One of the actors in the last performance swung clear across the arena and turned a double somersault in mid-air and was then caught by another performer before he could dive to the net. One of the women performers does a single turn on the trapeze at the time this big act is on that never fails to win her applause. The two musical acts, the exhibitions of the Japanese artist and Beno, the trapeze performer, are improving nightly.

Toto and Tate are not especially well received by some of the critical, but they amuse the children, and that is what clowns are in a circus for. Don't fail to see the circus; you will find that it gives you two hours of exciting enjoyment. There was a matinee performance yesterday and there will be another on Saturday. Performances are given every evening, and the program will be changed next Monday.

SIMPLY LIGHT AND INSERT TUBE Warmer does the rest

The Welkom Warmer
Size 3 1/2 x 5 1/2 inches, weight 4 1/2 ounces.

The only modern, safe, effective and sensible substitute for the antiquated Hot Water Bag.

No water to heat—no rubber to rot. Will last for years.

The Warmer is made of metal heated within one minute by the lighting and insertion of a paper tube containing a blazeless, smokeless and odorless fuel generating a uniform heat which lasts over two hours at a cost of less than one cent. It is curved to fit any portion of the body and held in place by means of a bag and belt allowing the wearer to move about at will.

AS A PAIN KILLER

The Welkom Warmer has no equal. It can be put into constant action and is indispensable in cases of rheumatism, lumbago, neuralgia, sciatica, cramps, etc.</

XMAS GOODS

M'CROSSON BILL IS UNDER FIRE

(Continued from Page 1.)

such land shall be so homesteaded or sold, unless with the consent of the irrigation company, except upon condition that the homesteader or purchaser shall, in addition to the price, if any, payable to the Territory for the land without the water, pay to the irrigation company in half-yearly installments, during the term of such lease, at the lowest rate payable by any consumer of water furnished by the company for any purpose, for such amount of water as shall be determined by the commissioner and the Governor to be required for such land and its occupants for irrigation, domestic and other purposes, not exceeding, however, such proportionate quantity of all the water flowing in the company's waterways as the area of such land bears to the total area of lands capable of being economically irrigated from such waterways; in which case the homesteader or purchaser shall be entitled to, and the company shall be obliged to furnish to him, at such rate, such amount of water from the waterways of the said company, and at the same rate such additional water, so far as available, as he may desire for use on such land, but in no case shall he be obliged to take, or the company be obliged to furnish, any such water except for beneficial use upon such land. Failure to pay any two such installments when due, shall render the land and all rights in respect thereof liable to forfeiture at the option of the company, and in such case at its request, the commissioner shall enforce the forfeiture by entering and taking possession of the land in person, or by agent, or by action in ejectment in the name of the Territory, or other appropriate proceeding, and thereupon the land so forfeited shall be restored to its previous status under such lease.

Powers of Company.

"Such irrigation company shall have power to borrow money and to secure the payment thereof, with interest, by the issuance of bonds secured by deed of trust of all or any portion of its property and the franchises and privileges granted or obtained by virtue of this Act or otherwise, together with all future acquired property, as well as the income and receipts of its property from whatever source derived, and in such form and under such terms as said company may deem advisable. Nothing herein contained, however, shall operate to prevent such company from obtaining the usual business credits and making promissory notes without security.

"Such irrigation company shall have for any of its purposes the right to condemn lands and property, and all proceedings therefor shall be as near as may be in accordance with chapter 64 of the Revised Laws of

Whooping Cough CROUP ASTHMA CATARRH BRONCHITIS

ESTABLISHED 1875

A simple, safe and effective treatment for bronchial troubles, avoiding drugs. Vaporized Cresolene stops the paroxysms of Whooping Cough and relieves Croup at once. It is a boon to sufferers from Asthma. The air rendered strongly antiseptic inspired with every breath makes breathing easy, soothes the sore throat and stops the cough, assuring restful nights. It is invaluable to mothers with young children.

Send postal for descriptive booklet.

Hawaii, as amended, or any other laws that may be applicable.

"The Legislature may provide for the reclamation by the Territory of public lands, or public and private lands together, by irrigation or drainage, and for that purpose may authorize the issuance of bonds, subject to the limitations of section fifty-five of this Act, so far as applicable."

WRANGLING OVER CANE CONTRACTS

There were doings in the cane fields down Waipahu way yesterday and before the clouds that obscured an otherwise peaceful horizon had been cleared, fourteen Japanese had been lined up, placed under arrest and released to appear later to a charge of assault and battery upon the person of one of their countrymen.

Kanagawa is one who is said to have become involved in a dispute that was taken up by the fourteen Japanese. He was unable to state positively who struck him during the season of rough handling that followed and taking this state of affairs into consideration, the prosecution moved that a nolle prosequi be entered. The Court granted the request, and the men were not obliged to make an appearance at Honolulu.

BIT THE HAND THAT FED HIM

A Porto Rican, Selgado by name, whose frequent presence at District Court has proved distasteful to the police and court officials, was given a two-months period for elimination by Judge Lymer. He is alleged to have beaten and cruelly mistreated a woman who had assisted in his support. The man is a vagrant, never known to work and in fact is too old and infirm to help himself. The woman in the case is a dweller at Iwilei.

A woman may dress modestly on \$600 a year; it costs a lot more to dress immodestly. — St. Louis Post-Dispatch.

Being able to distinguish flattery from appreciation has saved money for many a man.

"Our Name In Your Clothes"

A great combination for being well dressed

Have you seen the quality of clothes we handle?

Do you know that we handle only the best?

Are you familiar with our prices?

Knowing these things means ---our name in your clothes makes you one of the best dressed men in town.

THURSDAY DECEMBER 8, 1910

Cheerfulness and content are great
beautifiers and are famous preservers
of youthful looks.—Charles Dickens.

Remember that the clerk wants a
merry Christmas, so shop early.

Mr. Keefe is hearing the worst first
when he starts his information tour
with a call on Iwilei Russians.

Mosquitoes and Reformers who
want to regulate Hawaii through
Congress are all of a kind.

Good managers to properly handle
the tourist crop will soon be one of
the demands of Growing Honolulu.

When warm weather returns the
mosquitoes will follow—unless Hon-
olulu does its duty and kills them.

Having been vindicated Secretary
Ballinger could afford to resign.
There is no certainty that the admin-
istration could stand another one.

Who is there to object to the Ha-
waiian band being kept up to its old
standard. And since no adverse com-
ment is heard why are the necessary
funds not forthcoming.

Texas is a great State, but the
weight of its population argument
should not serve to rob San Fran-
cisco of the Panama-Pacific expo-
sition.

There is hardly any answer to the
request of Hilo people that amend-
ments to the Organic Act should first
be passed on by the Territorial Leg-
islature.

Constitutional government in China
will have the hearty support of all
Americans, more especially if the new
navy to protect the government is
built in America.

If you think there is nothing for
Honolulu but sugar, you are due to
wake up some day and find that the
man who banked on Federal works
and tourists, has made good.

Aviators coming to Honolulu are
requested to avoid the killing stunts.
Our people prefer to see them fly.
Let the bloodthirsty residents of the
Isle east have their fill of the falls.

President Taft should select all
nominees for the Supreme Court from
the ranks of progressive Americans.
Then he will be supported by the
people whatever the Senate may do.

When the partisans disagree so
radically on the worth of Secretary
Ballinger, the average citizen is in-
clined to ask for an officer whose
presence does not give rise to such
extreme opinions.

Democrats of New York confess to
having spent \$328,780 to elect Can-
didate Dix Governor of the State.
And they expect us to believe that Mr.
Dix goes into office with no strings
on him.

It is true indeed that assaults on
young girls must cease, if the law-
abiding citizens of Honolulu do not
wish for lively shooting affairs, re-
sulting from an outraged people tak-
ing the law into their own hands.

Business men whose advertising is
not found in the Bulletin are like
the little boys out in the cold on
Christmas day. Bulletin patrons
are the people selling the goods and
making the people happy.

Hawaii's Legislature has epoch-
making work cut out for it in put-
ting the public school system on a
basis that will place it permanently
beyond the probability of its being
one of the poverty-stricken depart-
ments of the Territory.

In a few days the fathers of the
hamlet will be calling on the news-
papers and asking "For Goodness
sake don't say anything about the
town being full to overflowing; it

will stop people from coming." The
Bulletin would now suggest that
the wise fathers should have sense
enough to see the crowd coming and
get ready to care for it.

Assured success of the Liberals in
their second appeal to the people of
England, marks one of the final chap-
ters in a peaceful revolution, the ef-
fect of which will be felt in every
civilized government on earth.

One of Commissioner Keefe's pre-
decessors in the investigation line
took off his coat and took a turn at
loading cane in the field. And that
did not change his opinion that one of
Hawaii's greatest needs is more citi-
zen workers who will do the work.

A blind man though a pessimist
could understand that Honolulu is
growing by merely listening to the
story of the street car service ex-
pansion. Transportation lines don't
lay new tracks and put on new cars
to accommodate the same people they
carried a year ago.

Why should not the business or-
ganizations of Honolulu lend their
voice in support of the administra-
tion's ship subsidy bill. Revival of
the American merchant marine will
do as much for the prosperity of Ha-
waii as the continuation of the tariff
on sugar.

Having launched the One Hundred
Thousand proposition it is now up to
Honoluluans to make good—to deliver
the goods in 1915. Don't think that
because some half dozen or more pro-
gressive citizens have started the One
Hundred Thousand ball rolling, they
can alone carry it through to a fin-
ish. It needs the cooperation of ev-
ery man, woman and child in the Ter-
ritory. It is worth while.

THE QUEEN AND THE TERRITORY

Very likely there are some people
in the town who would like to be-
lieve that the movement to provide
for Queen Liliuokalani through Ter-
ritorial legislation, is a fake.

Whether these citizens like it or
not, there is no doubt of the proposal
being seriously considered by mem-
bers-elect of the Legislature and a
good number of the electorate.

And the plan is well worth the at-
tention given it.

The outward attitude of our citizens
is one of great friendship for Queen
Liliuokalani. They are practically
unanimous that the Federal govern-
ment should satisfy the claim of the
Queen and have passed resolutions
and applauded platform planks to
that effect for years past.

For reasons of State, the Federal
government does not see fit to recog-
nize the land claim of the Queen as
valid.

Now, does the solicitude of the peo-
ple of Hawaii for the former sov-
ereign cease when the Federal gov-
ernment refuses to grant the request
made by the representatives of the
Queen and backed by the united citi-
zenship of the Territory?

Are the people satisfied of the jus-
tice of the Queen's claim only on the
condition that someone else pays it?

Provided the good will expressed
here at home is not like that of the
humorist who was ready to sacrifice
all his wife's relations in a great
cause, the suggestion of bringing the
Queen's claim home to the Territory
is the natural result of the continued
failure of the effort to secure Federal
action.

WONDERFUL TOYS.

Santa Claus' workshops ran over-
time to supply us with the wonderful
toys that fill our shop. We have all
sorts of beautiful dolls from the tin-
iest baby to the grown-up doll. And
wagons and carts, animals, railroad
trains—but come in and see them. A.

NATANO SHOT HIS MISTRESS

Natano, a Japanese, met his for-
mer mistress last evening and, draw-
ing a revolver, fired a shot that took
effect in the mouth of the woman.
She was taken to the Queen's Hospi-
tal in a serious condition. Chief
of Detectives McDuffie had the man
on the grill through the earlier part
of the afternoon. He learned that
the woman, named Tami, had lived
with the man for four years and had
left his establishment to take up a
residence with a rival.

It is said that this move angered
Natano and caused the shooting.

A charge of assault with a weapon
to commit murder will doubtless be
lodged against the Japanese follow-
ing the investigation of the case by
the detectives.

The woman claims to be forty-

manlike methods in making
our frames as in our Christ-
mas Novelties—all original
with a well balanced stock to
select from.

GURREY'S

three years of age. Natano insists
that she has been leading an immoral
life.

The thirty-two-caliber gun is now
in the possession of the police. Na-
tano is in custody. He denied that
he had purchased the weapon for the
purpose of committing the deed
now charged against him.

We feel sorry for the woman who
is unable to make good at a talkfest.
When we want a thing to happen
we are apt to think it will happen.

PORT AND MERCHANT STREETS HONOLULU, T. H.

JAPANESE FORM A SOCIAL CLUB

Prominent Business Men Are
Among Those Who Pro-
mote Organization.

Actuated by the spirit of social
relationship, and believing in co-
menting it more effectively among
themselves, prominent local Japanese
have formed an organization which
is called the Japanese Club. The
new club, through its promoters, has
leased from Frank Damon the prem-
ises formerly occupied by Mills In-
stitute, on Chaplain lane.

Officers to be named in the near
future will improve the property,
with a view to making it look more
presentable. The lease, which is
signed by Messrs. S. Sheba, Mura-
kami, Miyake, Nakamura and others,
on behalf of the club, is to run for
five years, at a monthly rental of
\$100. During the first three years,
however, the rent, according to the
terms of the lease, will be \$50 per
month.

At noon today a housewarming
lunch was given at the club by the
promoters. Japanese Elevator Con-
sult Mori was among those present.

It is expected that the members of
the club will include the clerks of
the Japanese consulate-general, of
the Yokohama Specie Bank and other
prominent members of the Japa-
nese community.

Those present at the lunch today
were M. Soeda, K. Ono, E. Wada, N.
Hayakawa, S. Tatsuta, S. Nakamura,
Y. Murakami, S. Sheba, J. Fukano,
T. Akagi, S. Mori, K. Naito, R. Mura-
kami, K. Yamamoto, R. Niki, T.
Hata, Dr. Asahina, R. Masuno,
Townsend, Inouye, K. Sadayama, L.
M. Kurokawa, K. Wada, W. Moto-
shige, Y. Ishii, T. Iwanaga, K. Iida,
J. H. Hakuole and others.

SECOND CONTEST IS ON FILE

There are now two election con-
tests pending before the Supreme
Court of the Territory. As stated in
the Bulletin yesterday, Attorney
George Davis filed a second con-
test petition late yesterday afternoon
and the document is returnable in the Su-
preme Court 10 o'clock Monday morn-
ing.

The petition is drawn in a manner
to cover the defects that were found
by the Supreme Court with the first
petition and, according to Davis, it
will be received with favor by the
Supreme Court. Although the second
contest practically covers the same
facts enumerated in the first, it is
signed by other voters and is accord-
ingly a separate case.

The second petition for a rehear-
ing on the first contest, to which the de-
murrer was sustained by the Supreme
Court, is also pending.

What is Castoria?

CASTORIA is a harmless substitute for Castor Oil,
Paregoric, Drops and Soothing Syrups. It is
pleasant. It contains neither Opium, Morphine nor
other Narcotic substance (Narcotics stupefy). Its
age is its guarantee. It destroys Worms and allays
Feverishness. It cures Diarrhoea and Wind Colic.
It relieves Teething Troubles, cures Constipation
and Flatulency. It assimilates the Food, regulates
the Stomach and Bowels, giving healthy and natural
sleep. The Children's Panacea—The mother's
Friend.

The signature of *Dr. H. Fletcher* is on every wrapper
of genuine Castoria.
Physicians Recommend Castoria.

"My patients invariably praise the action of your
Castoria." W. W. TURMAN, M. D.,
Buffalo, N. Y.
"I use your Castoria and advise its use in all
families where there are children." J. W. DUNDELL, M. D.,
Chicago, Ill.
"During my medical practice I know of several
cases where your Castoria was prescribed and used
with good results." K. MORGAN, M. D.,
St. Louis, Mo.
"Your Castoria is the best remedy in the world
for children and the only one I use and recom-
mend." AARON V. SWETLAND, M. D.,
Omaha, Neb.

"Your Castoria is certainly the greatest remedy
for children I know of. I know no other pro-
prietary preparation which is its equal." B. S. SCHWARTZ, M. D.,
Kansas City, Mo.
"I have used your Castoria as a purgative in the
cases of children for years past with most happy
effect, and fully endorse it as a safe remedy." H. D. BENSON, M. D.,
Philadelphia, Pa.

LOCAL AND GENERAL

A cool beer at the Anchor Saloon curio den. Don't forget it.

It goes without saying that everything is best at The Anchor.

The Hotel Arlington will re-open on next Wednesday morning. Everything remodelled.

If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St.

Chauffeur Vierra has been arrested for driving an auto without the proper permit to do so.

Pay cash and ask for green stamps. They're free. Call at the show rooms and see what you get free for stamps.

In planning for the Christmas dinner it is well to remember that there is no preservative used in the famous "57" varieties of Heinz.

Christmas will be a good time to spend at Haleiwa. There will be a two and a half days' holiday, and Haleiwa is the place to spend it.

Raymer Sharp is expected to arrive on the Sierra tomorrow. He is the appraiser of customs at this port and has been attending a conference of appraisers at New York.

The Honolulu Photo Supply Co. make a very acceptable Christmas gift. Have one of your favorite pictures enlarged and framed.

Miss Weltheim Weight has been selected for the representative princess of the big island in the coming Floral Parade. Miss Weight was the Hawaii princess last February.

On Monday morning begins the big sale of furs at Saccas. Newest ideas in white, black, hand-painted, spangled, live and lace furs in ivory, ebony and fancy wood mountings at very low prices.

There will be a good evening's entertainment tonight at the assembly hall of the Seamen's Institute at the foot of Alakea street. A new piano has been installed and a first class time is assured to all who attend.

The Rapid Transit Company is proceeding with its plans already announced for an extension of several of the present short sidings. This plan also includes a new routing for the waterfront cars, down Fort, and the possible suspension of the cars that run on Alakea street to the wharf.

S. A. Luffberry, who holds the government position of master ship fitter at the Naval Station at Cavite, in the Philippines, has become so much in love with Honolulu during his stay here—he being a member on the Buffalo—that he states he will ask to be transferred to this section of the country.

A pair of those elegant slippers for men sold in the McInerny Shoe Store will make a most acceptable present for any friend. Besides slippers for men this store is well stocked with footwear for ladies and children. The Christmas cards, which patrons of the store may have for the asking, are the prettiest shoe orders in the city.

Readers of the Bulletin should not overlook the advertisement of Benson, Smith & Co. Mention is made in it of a number of articles, inexpensive ones, that a lady would appreciate as a gift and there are things in the list which any gentleman may give a lady at this season without embarrassing her. Perfume is always the right thing.

Tomorrow evening at the Kilohana Art League will give a reception to the officers and directors of the different literary and art clubs in the city, at which will be talked over the proposition of a federation of the clubs for the purpose of a permanent home. This scheme was suggested in the report of the outgoing directors of the Kilohana Art League some weeks ago.

A well known character, in the person of Cyrus Edison, passed across the Divide yesterday at the Leahi Home. "Cy" had been a driver of some sort all his life, having driven everything from a six-horse stage coach to a water wagon. He had been an inmate of the Home for a long time. At one time he attempted to drive a tug boat on the bay here but it was not a success. No record of his age can be ascertained.

CORNER KING AND BETHEL

ALL HELP TO
BOOST HAWAIISecretary of Promotion Com-
mittee Tells of Wide-
Spread Interest.

Interest all over the world in Hawaii, and particular interest in the proposed 1914 convention of passenger agents here is shown in the report made by Secretary H. P. Wood to the Promotion Committee this afternoon. The report is as follows:

In view of the good arrivals thus far this month and the number of passenger steamers due between this and the 31st, it is safe to assume that the total number of arrivals for

the month will approximate seven or eight hundred, the major portion being mailships, some for the round trip of their steamer, others stopping over on their voyage to the Orient and the South Seas, a still greater percentage coming to remain an indefinite period, weeks or months as the climate and conditions may appeal to them.

Seattle Excursion.

King and Uhlberg, Managers of the North Pacific Coast Excursion, write under date of Nov. 21st, in part as follows:

"Demands are coming in from all over the United States for information concerning our Excursion due to the publicity we are giving to the matter through the newspapers and railway agents. We are using every endeavor to book the 'Prince George' as well as the 'Prince Rupert'."

Mr. C. H. Nicholson, Manager of the Grand Trunk Pacific Coast Steamship Company, Ltd., states in a letter

just to hand:

"While we are not at present likely to engage in Trans-Pacific travel, yet if the excursion now being worked up proves popular, we may run one or two similar excursions to the Islands every winter."

Chicago in Line.

Mr. W. G. Nelmyer, General Agent of the Southern Pacific Company at Chicago, writes under date of Nov. 22nd as follows:

"Replying to your letter of the 4th instant."

The proposition to enlist the cooperation of the Pacific Coast terminal roads in your midwinter celebration, forming it the Pan-Pacific Celebration or Carnival, will, I believe, prove of interest to the Pacific Coast terminal roads, and that their General Passenger Agents, if solicited, will cheerfully lend their support in that direction.

I think all are interested in reaching the traveling public of the East-

ern States in effort to direct their tours through the Pacific Coast to Hawaii.

I have watched with some gratification the growth of the tourist travel to Hawaii, and believe it would be accelerated very much by just such an attraction.

In these prosperous times there is a large and growing class who desire to evade the rigors of the winter climate in the East, and whose means will permit them to indulge in this tour. I might advise that the Chamber of Commerce, the boosters' club of Chicago, have a project in hand now to plan a tour to Honolulu of about 150 members, provided they can secure by charter the exclusive use of an ocean going steamer of not less than 5000 tons, to make the round trip from San Francisco, of three weeks duration, in January next. I am now negotiating with Mr. Chas. S. Fee, P. T. M., Southern Pacific Co., and Mr. A. G. D. Kerrell,

G. P. A. Pacific Mail S. S. Co., San Francisco, for that result, which I sincerely trust will reach a successful issue.

The writer has for a long time had a great desire to visit Honolulu, and has some hopes of doing so this winter.

H. W. Dunning & Company of Boston send a copy of an attractive folder they are circulating in large numbers entitled, "A Spring Cruise to Hawaii," in which they advertise their excursion by the "Sierra" sailing from San Francisco, March 18th, 1911. This Company has organized the "Pacific Travel Bureau" with offices at Los Angeles, San Francisco and Seattle and propose taking an active part in diverting travel to Hawaii.

By the steamship "Moana" yesterday, we received letters from the Tourist Bureaus of the different Australian States evincing a decided interest in the proposed Congress. Favorable word regarding the plan also came from New Zealand and Fiji. We are also assured of representatives from the leading Commercial bodies of the Pacific Coast as well as from a number of the Pacific Coast terminal railroads.

1914 Convention American Passenger Agents Association.

The Secretary of the Chicago Board of Trade writes under date of Nov. 19th:

"I shall take great pleasure in calling the attention of all the members of our Association to the matter and shall hope for a large attendance from Chicago."

Mr. F. O. Heald, General Manager of Raymond & Whitecomb, writes from Boston:

"We believe it would be a splendid advertisement for Hawaii and Trans-Pacific travel generally if you could get the General Passenger Agents to hold their 1914 Convention in Honolulu and it will give us pleasure to do all we can to assist you in this matter."

The following extract from a letter to hand by the last mail indicates the work accomplished by some of our folders.

"Please accept thanks for pamphlets sent. We are coming; by we, I mean my father, mother, sister, niece, brother-in-law, wife and self; seven in all. We are now completing our arrangements and expect to be in Honolulu sometime next February."

ARRIVAL OF JACK JOHNSON AT SAVOY

Jack Johnson will arrive at the Savoy Theatre tonight and will give a comedy exhibition. He is not the real Jack Johnson of ring fame, but a facsimile, the understudy being Jim McGrath, the darky character impersonator. "The Arrival of Jack Johnson" is the title of the third farce comedy sketch which the Wain-Magrath company will present, and it is in line with the snappy, laugh-provoking sketches which have already been shown at the Savoy.

The management of the Savoy feels satisfied that the theatre patrons are satisfied also, for the big houses to which the company has been playing nightly have been very appreciative of the comedy tour, which also includes Will Wain, Nellie Howard and Dot Raymond. Wain, this week, has been giving an imitation of the comic paper broken-down tragedian, and plays it well.

Dot Raymond will give new baby-drawl songs, songs to which she seems peculiarly adapted, for Miss Raymond is little more than a charming dot of femininity, and renders songs which give her a splendid opportunity to bring out the baby-drawl to advantage.

The motion pictures this week have been excellent. Rex Beach's "With Burning Bridges" being full of human interest and splendidly portrayed.

The Savoy management, which has taken over the Empire as well, has closed the latter house for about ten days to make alterations, when it will be reopened with a big bill, talent having been added for from the Coast.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded.—Made by PARIS MEDICINE CO., Saint Louis, U. S. of A.

Office of the Board of Health, Honolulu, Hawaii. December 7, 1910.

TENDERS FOR SUPPLIES, INSANE ASYLUM.

Sealed tenders, in duplicate, endorsed "TENDERS FOR SUPPLIES, INSANE ASYLUM," for furnishing the Insane Asylum, Honolulu, City and County of Honolulu, with supplies for the period of six months from January 1, 1911, to June 30, 1911, will be received at the office of the Board of Health until 12 o'clock noon, December 29, 1910.

Specifications and a list of the kind and approximate quantity of supplies required, and other information, may be had upon application at the office of the Board of Health. Tenders to be based upon the quantities stated, but the Board will not bind itself to purchase the whole or any particular part of the quantities stated, such quantities being stated merely for the convenience of bidders in submitting their bids.

Tenders must be accompanied by a certified check equal in amount to 5% of the tender.

All bids must be made on forms furnished by the Board of Health and must be submitted in accordance with, and subject to, the provisions and requirements of Act 62, Session Laws of 1909.

THE BOARD OF HEALTH.

By its Acting President,

J. S. B. PRATT. 4793—Dec. 7, 8, 9, 10, 12, 13, 14, 15, 16, 17.

Office of the Board of Health, Honolulu, Hawaii. December 7, 1910.

TENDERS FOR SUPPLIES, KALIHI QUARANTINE HOSPITAL.

Sealed tenders, in duplicate, endorsed "TENDERS FOR SUPPLIES, KALIHI QUARANTINE HOSPITAL," for furnishing the Kalihi Quarantine Hospital, Honolulu, City and County of Honolulu, with supplies for the period of six months from January 1, 1911, to June 30, 1911, will be received at the office of the Board of Health until 12 o'clock noon, Tuesday, December 20, 1910.

Specifications and a list of the kind and approximate quantity of supplies required, and other information, may be had upon application at the office of the Board of Health. Tenders to be based upon the quantities stated, but the Board will not bind itself to purchase the whole or any particular part of the quantities stated, such quantities being stated merely for the convenience of bidders in submitting their bids.

Tenders must be accompanied by a certified check equal in amount to 5% of the tender.

All bids must be made on forms furnished by the Board of Health

and must be submitted in accordance with, and be subject to, the provisions and requirements of Act 62, Session Laws of 1909.

THE BOARD OF HEALTH.

By its Acting President,

J. S. B. PRATT. 4793—Dec. 7, 8, 9, 10, 12, 13, 14, 15, 16, 17.

SALE OF PUBLIC LANDS.

At 12 o'clock noon, Saturday, January 14, 1911, at the front door to the Capitol Building, Honolulu, there will be sold at public auction, under Part IV, Section 17, of the Land Act of 1895, Section 276, Revised Laws of Hawaii, the following described lots:

(1) Government Remnant at the junction of Old and New Fall Roads, Nuanu Valley, Kona, Oahu, containing an area of 5070 sq. ft., more or less. Upset price, \$1.

Terms: Cash. (2) Government Remnant at the junction of King and Beretania Streets, Moiliili, Kona, Oahu, containing an area of 15,500 sq. ft., more or less. Upset price, \$200.

Terms: Cash. Cost of patent and stamp at the expense of the purchaser.

For maps and information, apply at the office of the Commissioner of Public Lands, Capitol Building, Honolulu.

MARSTON CAMPBELL, Commissioner of Public Lands. Dated at Honolulu, November 9, 1910.

4771—Nov. 10, 17, 24; Dec. 1, 8, 15, 22, 29; Jan. 5, 12.

MEN RISKED
LIFE AND LIMB

Strong northerly gales that have prevailed throughout the group for several days following the first of the present month had much to do with preventing the operation of a number of steamers belonging to the Inter-Island fleet along the coasts of the Island of Hawaii.

Three vessels, the Likelike, Helene and the Kaulani arrived at Honolulu this morning. The officers in each vessel have reported experiencing much rough weather and also difficulty in the handling of passengers, mails and freights.

A continuous succession of trades coming from the north accompanied by heavy northerly swell caused the almost complete stoppage of work at windward ports on the Big Island.

The Helene brought seventy-five head of cattle and 14 calves in a consignment for this port. While the Helene was working along the Hamakua coast much rain is reported to have fallen. The ship's boats were unable to effect a landing at the ports along this portion of the island and it was only with great difficulty and at a risk to life and limb that the mails were brought ashore at Lanai, Oahu.

The Helene carried her freight for Paealea, until last Monday when opportunity offered for a comparative safe discharge of this cargo. At other ports no attempt was made to discharge freight save that carried on deck.

The Kaulani, came in from Hilo with thirty head of cattle and a small consignment of sundries after a severe trip along the coast of Hawaii. The Kaulani has been working on Hawaii for a number of months and comes here for her semi-annual inspection. The vessel may go on the marine railway for an overhauling before returning to her station at Hilo.

After remaining several days at anchor off Honolulu, the steamer Likelike was finally discharged of a portion of the freight taken on board at Honolulu. The vessel got away from Honolulu on December 3rd for Pepeekeo and then called at Kukuiahae and Honokaa. During this time the steamer was at the mercy of strong north winds and heavy seas. This vessel returned with a small cargo including "empties," 39 sack peanuts and sundries.

FREAR OPPOSES SCHOOL CHANGE

Governor Does Not Want Institutions Under County Control.

(Special Bulletin Correspondence.)
HILO, Dec. 5.—Governor Frear is opposed to the plan to place the public schools under the control of the counties.

He believes that at the coming session of the Legislature the powers of the counties may be extended in some directions, but he does not think it wise to extend them in this direction.

It was stated to the Governor that in Hawaii county considerable interest was being shown in the question, and as it was regarded as certain that a strong fight would be made for county control by a certain faction, with possibly the bill coming eventually before him for approval or veto, the attitude taken by the executive on the subject is a matter of interest.

"My opinion is that the schools should be a subject to be given much consideration during the coming session of the Legislature," answered the Governor. "Means should be found to provide adequately for the public schools. They have not been adequately provided for for a long time past, especially since 1904."

"Do you think Governor," it was asked, "that county control of the schools would be a step in that direction?"

"I believe that county control of the schools would be a step in the other direction," answered the Governor. "I think it would be a mistake to turn the schools over to the counties at the present time."

DESIGN IS SELECTED FOR ARMSTRONG STATUE

Committee Chooses Idea of English Sculptor for Memorial at Oahu.

The design for the Armstrong memorial statue that will be presented to Oahu College was selected yesterday afternoon at a largely-attended meeting of the Armstrong Memorial Committee in the directors' room of the Bank of Hawaii. Judge S. B. Dole, chairman of the committee, presided. The design selected is for a bronze bas-relief, executed by A. Bertram

The fact that Hostetter's Stomach Bitters has helped thousands of sickly people back to health during the past 57 years should convince you that it is the medicine you need for indigestion, Stomach Ills, Malaria, Fever and Ague.

For sale by Benson, Smith & Co., Ltd.; Hollister Drug Co., Ltd.; Chambers Drug Co., Ltd.; Hilo Drug Co.; and at all Wholesale Liquor Dealers.

Pegram, an English sculptor, from the original, which is installed at Hampton Institute, the school for negroes in which Gen. Armstrong was deeply interested. The permission for the bas-relief was given President Griffiths of Oahu College by E. H. Van Ingen, of New York, who presented the original to Hampton Institute. The replica will be nearly four feet high, and will be placed in the corridor with the memorial bas-relief of the late S. N. Castle and "Mother" Castle.

TO COMMENCE WORK IN MARCH

Kahului Contract to Be Approved By Washington Authorities.

Work on the Kahului Breakwater will probably not commence until about March of next year, according to a statement made by Major Winslow, engineer corps, this morning.

The papers for the contract with Kahului Railroad Company are now in the office of Alexander & Baldwin, the agents for the company, for signature and will probably be returned to Major Winslow so that they may go forward to Washington on Saturday's mail.

Approval will have to be made at Washington and then notification of this approval cabled to Honolulu.

From the time the company is notified of the approval by the authorities it has thirteen weeks within which to begin actual work on the contract, and if this length of time is taken it will be the middle of March before actual work will be commenced.

It is probable, however, that the company will start work before this time and get the contract off its hands as soon as possible.

DIED.

CHARLOCK—At the residence of her daughter, Mrs. A. B. Craig, Oakland, Mary L. Charlock, widow of the late W. H. Charlock, devoted mother of Mrs. A. B. Craig, Mrs. P. W. Craig and N. B. Charlock, all of Oakland; W. H. and Clifford Charlock of Honolulu, and the late Mrs. John Rush, sister of John N. Larkin of Sacramento, a native of New York City, aged 73 years and 17 days.

Tips

—On Finding a Lost Article or Restoring One

"And it was a keep-sake," "I prized it so," "Mother gave it to me"—such common expressions after something is lost. But somebody almost always finds it! And almost always gladly restores it if they know who has lost it. Tell who you are in a little Want Ad in this paper when you lose anything, describing your article. And if you find anything, advertise it in our "Lost and Found" column. The owner will gladly pay the cost. You reach thousands this way.

Read and Answer Today's Want Ads

FORT SHAFTER NEWS

Owing to the fact that the second battalion of the Twentieth Infantry has been stationed in Honolulu for nearly four years, a change has come a last. The battalion will leave on the July transport for Fort Douglas, Utah. The second Infantry will come to Hawaii in June and two of the battalions will be stationed at Schofield Barracks, being the first and second battalions. The third battalion of the second Infantry will relieve the second battalion of the Twentieth Infantry and will be stationed at Fort Shafter. This will be the first time for four years that a change in the Twentieth Infantry occurred. It was expected that this battalion was going to be sent to Fort Leavenworth, Kan., but the change was noticed yesterday, when the mail arrived with the order. This battalion will leave its former post in an excellent condition.

Entertainment Next Saturday

There will be a dance at Fort Shafter next Saturday night, given by the boys of the post. This will be the first dance at Shafter for two years. The dancing will commence at 8 o'clock sharp. A large crowd is expected, as there was a large number of invitations sent out to the townfolks.

To States for Discharge

The following named enlisted men from this post left on the transport Sherman for San Francisco, reporting upon arrival to Fort McDowell, Cal., for discharge: Private Rudolf R. Pfeiffer, Hospital Corps; Corporal Robert E. Brady, Privates George N. Anderson, Frank E. Baumgart, Haze Newhouse, Clarence H. Stone, Stephen Zaiczewski, Company E; Sergeant James J. Osteen, Privates Herbert C. Jorgensen, Charles Larsen and Lars S. Sorenson, Company F; Privates Marcus L. Lashley and Norus S. Moyer, Company G; Privates Amos Peterson, Charles W. Rosa and William Snapp, Company H. This is the start for the men of this battalion to leave. Next month's transport will take about four times as many as this batch, as most all the men are very short timers.

To Cooks and Bakers' School

The following named enlisted men

left on the last transport for San Francisco, Cal., and upon arrival they will report to the commanding officer, Presidio of San Francisco, for a four months' course of instruction in the training school for cooks and bakers: Private Christ J. Rothman, Company E, as cook; Private Clyde L. Roberts, Company G, as baker.

To General Hospital

Upon recommendation of the surgeon, the following enlisted men left on the transport Sherman for San Francisco, reporting upon arrival to the commanding officer, U. S. Army General Hospital, Presidio of San Francisco, for further observation and treatment: Private Carrol Tucker, Company F, and Corporal Patrick H. Barrett, Troop G, Fifth Cavalry.

To Duty

Private George Schaapp, Hospital Corps, and Private Harry Lusk, Troop H, Fifth Cavalry, having been reported fit for duty by the surgeon at this station, will proceed to join their proper stations at Schofield Barracks, and report upon arrival to the commanding officer for duty.

APPEAL TO SKIN SUFFERERS.

If you have a friend suffering from eczema, tell us about it the next time you are in the store.

Many eczema sufferers have tried so many useless remedies and spent so much money with doctors that they practically despair. If they only knew of the simplest home cure for eczema! It is nothing more than oil of wintergreen compound (as mixed in D. D. D. Prescription).

Used with glycerine, thymol and other healing ingredients in liquid form, this simple remedy penetrates the pores of the skin, killing the eczema germs while toning up the healthy part of the skin.

If you will suggest to your friend afflicted with eczema to call, we shall be glad to explain to any sufferer about D. D. D. Prescription.

Honolulu Drug Co., Fort St.

Daddy's Bedtime Story — The King and the Hawk

"A LONG, long time ago," said daddy one evening to Jack and Evelyn after the lamps had been lit and all was quite cozy for the children's bedtime story, "there was a king in Persia named Genghis Khan. He was a great king and a very proud man, who wanted to have his own way always. He was very fond of hunting, and one of the ways in which he hunted was with a hawk."

"How was that, daddy?" asked Jack.

"In the olden days," said daddy, "people trained hawks to hunt for them. The bird would fly high in the air, and if it saw any small animal in the grass it would swoop down and thus show the hunter where the animal lay. Genghis Khan had one hawk of which he was very fond, and he took the bird with him one day when he went hunting."

"Returning from the hunt, with the hawk sitting on his wrist, the king found himself very thirsty. He had become separated from his companions, so he had no one around him to send for a drink. 'I have my silver cup in my pocket,' said the king to himself, 'and I shall go to the spring which is near the place where I am now and have a nice drink of cool, fresh water.'"

"Soon the king arrived at the place where the water was trickling down between two rocks, drop by drop. As he bent over to fill his cup the hawk flew into the air, but when the cup was filled and the king lifted it to his lips the bird flew down and knocked the cup out of the king's hand. That made the king angry, for he was very thirsty, but he bent over and filled the cup again. This happened three times."

"Why did the bird do that, daddy?" was Evelyn's question.

"Listen, child, and you shall hear," said daddy. "When the bird knocked the cup out of the king's hand the third time he lost his temper. 'Three times you have cheated me of my drink,' said he. 'If you do it again I shall cut off your head.' And with one hand he held his drawn sword while with the other he held the cup to be filled. Again the bird flew down and knocked the cup out of the king's hand. This time it fell between two stones, where the king could not get it. But as the hawk struck the cup Genghis Khan swept around his sword and cut off the bird's head."

"But the king was still thirsty, so he climbed the rock to the pool from which the water flowed, and there lying in the water he saw a dead snake of the most poisonous kind. The poor hawk had tried to warn the king of the danger of drinking the water, and when he saw the dead snake he understood the bird's action. 'I will never again do anything in anger,' said the king."

STATES TO BE IN PARADE

Citizens to Prepare Floats Representing Former Homes.

An effort will probably be made by the Floral Parade committee to have some kind of representation in the pageant of every state in the Union. A lead has been taken in this direction by Californian "Native Sons," of whom there are many in the Territory. Director Wall has been notified that California will be very conspicuous in the parade this year.

Ohio is another State which has supplied more than an even proportion of prominent citizens to Hawaii, and which will also be represented. Wyoming will also not be forgotten by the committee, for this State is singularly strong in the islands in Federal office appointees who should be able to make a magnificent showing on a decorated float.

Although almost every state in the Union has furnished a number of citizens to Hawaii, it will of course be difficult to have each commonwealth equally represented, but the committee hopes to get in touch with one or more persons from all of the States, with a view to having some kind of a combination State entry.

"Old Hawaii" is also to be represented in the next Parade in more elaborate style than heretofore. This feature will be looked after especially by A. H. Ford, who has been appointed by Chairman Hughes as a special committee for the purpose. Mr. Ford proposes to reproduce in floats some of the features of the old missionary days, the chief effort in which direction will probably be in the reproduction of a model of the original grass church built by the first missionaries shortly after their arrival here, and which served as the only place of worship in Honolulu for a number of years. The Floats Committee spent some time yesterday in going over the details of a proposed historical section, which if carried out will be of exceeding interest, and will portray a number of important events in the development of the Islands.

The splendid floats in last year's parade entered by the Yale and Harvard clubs (one of which secured a first prize) has been the inspiration of representatives of other colleges to see their alma mater accorded a similar place of honor this year. There is probably no city in the world in which educational institutions are so widely and strongly represented as in Honolulu, and a section of university and college floats would be a revelation to the stranger. Stanford has already been heard from through an enthusiastic son, and others are expected as soon as the committee can get around to look into this matter.

MISMANAGEMENT SAYS SPRECKELS

Trustees of Oceanic Steamship Company Again In Court.

SAN FRANCISCO, Nov. 25.—Argument in the suit brought nearly a year ago by Claus A. and Rudolph Spreckels against the Union Trust Company of San Francisco as trustee for the Oceanic Steamship Company was heard in Judge Murasky's court yesterday. The Spreckels brothers, as executors of the will of the late Claus Spreckels, allege mismanagement and neglect on the part of the trust company and ask the court to dislodge the company from its office of trustee.

The argument heard yesterday, on a demurrer, related to the power of the court to dislodge a trustee.

Attorney E. S. Heller, representing the defendant, in support of the demurrer, held that the court was only empowered to remove a trustee when it was proven that the property controlled had suffered or was in danger of depreciation.

"In this case," Heller said, "the property consists of ships and moneys in bank, none of which has been or is in danger."

It was declared that the terms of the deed of trust were the only rules governing the trustees in administration. Heller declared the case one of interpretation of the deed. He said he was not concerned in the allegations made in the complaint against directors of the trust company.

That the alleged misconduct of the trustees must be specifically set forth, was another contention. He said the complaint was incomplete.

Many points of a more technical nature were taken up by him.

Heller declared that the provisions of the deed had been carried out almost to the letter, the only deviations being by permission of the directors.

In the original suit brought by the executors of Claus Spreckels' will conspiracy among the directors of the trust company was charged, in addition to mismanagement and neglect.

It was alleged that some of the ships had been kept idle, to the loss of the company; that others were suffering from want of repairs, and that Oceanic Steamship Company dividends had been wantonly suspended.

It goes over any route—it runs on no schedule except the owner's will.

A Motor Car Is Worth What It Pays You In Service

Have you ever noticed that it is the man who does not own an automobile who does most all the talking about the expense of running one?

The man who owns a car appreciates that it is worth what it pays him in service, and that this far overbalances what he pays for the service. Whether a man is extravagant or not depends on what he gets for his money. "Economy is the judicious expenditure of money."

If you really need a thing, you are paying for it day by day, whether you own it or not. It would be possible to do without gloves or an overcoat, but the service these things render you far outweighs the price that you would have to pay for them in money. Doing without a motor car means doing without the service which that car would give, and a good car will render more time-saving, labor-saving, efficiency-multiplying, health-building service in a given length of time than anything you can buy.

The automobile is the most efficient private servant that man has ever built for himself. It is ready to go at a moment's notice. It does not have to be watched. It goes over any route. It runs on no schedule except the owner's will. It helps him to entertain his friends and business associates. It takes his wife and daughter out shopping, calling, or to the theater. It takes the whole family out into the country in the sunshine and fresh air, giving them enjoyment and health. It is so durable that it outwears a locomotive, so comfortable that old people and babies can ride in it for hours without fatigue.

For \$500 you can buy a servant that will do all these things for you and many more. What else could you buy for \$500 that would give you as much pleasure and as much profit as this motor car? Twenty horses and carriages could not do it for you, nor one thousand railroad trips. In fact, there is no other way except with a motor car that you can live this life and have these pleasures. Does \$500 seem like a large price to pay for this service?

Steel and brick structure, furnishings cost \$200,000. High class hotel at moderate rates. Omnibus meets all trains and steamers. Hotel Stewart now recognized as Hawaiian Island headquarters. Cable address, "Trawets" A. B. C. Code. Reservations made through Trent Trust Co., Fort Street, Honolulu.

Hotel St. Francis
Union Square, San Francisco
Under the Management of James Woods

FACING the beautiful park in the heart of the city, which is the theatre of the principal events of the famous festivals of San Francisco, this hotel, in environment and atmosphere, expresses most pleasantly the comfortable spirit of old California.

The royalty and nobility of the Old World and the Far East and the men of high achievement in America who assemble here contribute to the cosmopolitan atmosphere of an institution which represents the hospitality and individuality of San Francisco to the traveler.

The building, which marks the farthest advance of science in service, has now the largest capacity of any hotel structure in the West, and upon completion of the Post street annex will be the largest caravanserai in the world.

WHILE THE SERVICE IS UNUSUAL, THE PRICES ARE NOT.

European Plan from \$2.00 Up

Cable News

(Associated Press Cable.)
LIMA, Peru, Dec. 7.—Today word was received here of an invasion of Peruvians, which made an attack upon a Peruvian frontier post. The news has created the greatest excitement and is regarded by the populace as a declaration of war on the part of the eastern republic. The president and his cabinet are awaiting detailed information before making any public declarations in the matter, but orders have been issued to the department commanders of troops to hold themselves in readiness.

Details of the Bolivian invasion are to the effect that a strong force of regular Bolivian troops crossed the border north of Lake Titicaca and surprised the garrison stationed at Guayabal. The Peruvian commander, although taken by surprise, refused to surrender, and a desperate defense was made by the garrison. Many were killed and wounded on both sides before the Peruvians had to give in to the superior force of the invaders.

For over a year Bolivia and Peru have been at odds over the question of a disputed boundary, while Peru has had, at the same time, a boundary dispute with Ecuador.

GEN. MADERO HAS BIG ARMY

DOUGLAS, Ariz., Dec. 7.—According to the reports that reached here today from Chihuahua, General Madero is more than holding his own against the Diaz forces. That he has still an army in the field, capable of taking the offensive, is shown by the persistent rumor that the city of Guerrero has been stormed and captured.

It is stated that General Madero has not been wounded, the report being circulated to have the effect of discouraging the revolutionists. General Madero is said to have a well-equipped army of over 6,000 men, including 1,000 armed mounted scouts.

CAPTAIN MERTZ TO BE REAR-ADMIRAL
WASHINGTON, D. C., Dec. 7.—Captain Albert Mertz was today nominated as a rear-admiral. The new rear-admiral is 59 years old and has served in the navy for 38 years, graduating from Annapolis in 1872. He gained the rank of captain just four years ago this month. He served on the Amphitrite during the Philippine campaign and in the supply ship Glacier during the Philippine campaign. He won the thanks of the Department of Commerce and Labor by bringing six lighthouse vessels through the Straits of Magellan, making the voyage from New York to San Francisco without mishap in 124 days. He has served as commander of the naval stations at Cavite and Olongapo since 1909.

TORONTO CITIZENS SMASH CARS.
TORONTO, Ont., Dec. 7.—A mass meeting of the citizens, presided over by the mayor, held at Massey Hall tonight, for the purpose of denouncing the management of the street railway company for inadequate service, developed into a riot. The auditorium was packed and an overflow meeting was being held in the street. This meeting became disorderly and a number began to attack the passing cars. The police reserves were called to protect the property of the company, which so enraged the crowd that a general riot ensued, in which eleven cars were smashed to pieces. Eighteen persons were injured during the rioting.

TAFT'S SELECTION JOB STRENUOUS
WASHINGTON, D. C., Dec. 7.—President Taft is experiencing great difficulty in selecting acceptable names to send to the Senate as candidates for the vacant position of chief justice of the Supreme Court and an associate justice. He has held frequent conferences with Senatorial leaders, both regular and irregular, but these only develop the fact that there exists a great difference of opinion. The differences have only resulted in increasing the difficulty of a choice.

SMILE, AND YOU SMILE
AT ONE IN TACOMA
TACOMA, Wash., Dec. 7.—At a meeting of the city commission tonight, an ordinance was passed making it against the law for anyone to treat another in a public barroom or

other public place where intoxicants are sold. The ordinance is strict in its terms and provides for heavy fines for first violations and imprisonment for repeated offenses.

The mayor, after the ordinance had been passed, announced that he would take all possible steps to see that it was enforced.

TEXAS POPULATION.
WASHINGTON, D. C., Dec. 7.—The census figures for Texas, made public today, show that the Lone Star State is now fifth in population rank in the Union. The population totals show three million, eight hundred and ninety-six thousand, five hundred and forty-two, an increase in ten years of twenty-seven per cent.

SENEGAMBIAIANS IN FIGHT WITH FRENCH
PARIS, Dec. 7.—News has been received here of a sharp engagement between French troops and tribesmen in Senegal, in which six officers and twenty-six men were killed.

GREAT FISTIC ENCOUNTER ON

Grueling Fight at Dock Where
Young Knocked Out Hip-
pie in the Seventh.

The colored man proved his supremacy last evening, when Demon Young knocked out Kid Hippie at the naval wharf in the seventh round of what was scheduled as a ten-round go.

Both men are from the Buffalo, and the boxing exhibition was given at the end of an evening of vaudeville put on by men from the naval transport.

It was a gruelling fight from the start, and both men took terrible punishment, going to the mat several times, but always coming up before the count finished.

Up to the third round the fight was Hippie's, but after that the black man got the best of it and three separate times he floored his antagonist in the third with jolts to the jaw, and in the fourth the white man went to the mat four times, but was fighting strong at the end of the round.

In the sixth again the white man fought all around the black, landing on his jaw time after time, but being unable to hurt the darky with these punches.

When the seventh opened, Young went after Hippie and twice knocked him down with jolts to the jaw in the breaks, but each time the white man came back. The knockout was given with a left to the jaw and right swing over the heart as Hippie was going down, and although he tried to rise before the end of the count, he was unable to do so.

The black man outclassed the white throughout the fight, and the only time he went down during the struggle was in the third round, when Hippie was rushing the game strongly.

It was a good fight, and no one present could complain of a lack of action from the start to the finish. The men fought from the time the bout began until Hippie got the count in the seventh.

An evening's entertainment of more than ordinary merit was given at the dock last night, artists from the Buffalo showing that they were singers and musicians besides being fighting men. Music was furnished by a stringed orchestra of two white men and three Filipinos.

A purse of nearly three hundred dollars raised by the men of the Buffalo was split between the two principals in the fight.

JACKSON PROMOTING HAS BEEN SUCCESS

Arrangements for Bouts Dec.
26th All Finished and
Card Fixed.

All arrangements have been made for the fight which is to come off on the evening of December 26, the three bouts for the evening all being drawing cards.

That the McGurn-Hoag contest will draw large numbers goes without saying, and the Asahi Theater, where the go is to be held, is the best place in Honolulu for a fight.

The stage there is unusually large and more than three hundred ring-side seats can be placed advantageously, the floor of the house and the gallery holding many hundreds more.

Preliminary events will be good, and those who did not see Bauer-socks and Fink fight at Lihoua a few weeks ago have something coming to them in the way of a fine scrap.

Nigel Jackson is working hard to make this venture a success, and it is his debut in the field of fight promoters in this city.

He has arranged a card that is the best given here for many months and he deserves the support of the fight fans, who should and will turn out to see these scraps on the evening after Christmas.

SOCCER SCHEDULE IS ARRANGED

Four Teams Start Play Next
Week—Series Ends
January 28.

At a meeting last night of the officers of the soccer clubs in the city, held at Scottish Thistle Club, a schedule of games was submitted by the committee recently appointed and was adopted.

There are four teams in the league and the games will start on Saturday, December 17, the last games scheduled being on January 28.

The schedule as arranged is:
December 17—High School vs. Males; Iron Works vs. Punahou.
December 26—High School vs. Iron Works; Males vs. Punahou.
January 7—High School vs. Punahou; Males vs. Iron Works.
January 14—Iron Works vs. Punahou; High School vs. Males.
January 21—Males vs. Punahou; High School vs. Iron Works.
January 28—High School vs. Punahou; Males vs. Iron Works.

SECOND PLAY AT OAHU COUNTRY CLUB

Saturday and Sunday next the second play on the links of the Oahu Country Club, in the President's Cup tournament, will take place, the first

MORE CANNED BALL COMING

Series After Championship at
Y. M. C. A. Is
Decided.

After the championship game between the Whites and the Blues is played, there will be a series of three games played at the Y. M. C. A. between the seniors and the juniors. Dr. Hand is arranging the schedule, and there ought to be some lively sport. These games will show whether the seniors or the juniors are the superior canned baseball experts at the Y. M. C. A. this year.

Both teams are strong aggregations, and the two teams have been picked with care. Honan and Lewis will form the battery for the seniors, while Mills and Klemme will form the junior battery.

The seniors have got it on the juniors in base-stealing, but the juniors will make that up in their stick work.

Following is the lineup of both teams:

Seniors—C. Lewis, c; J. Honan, p; C. Gilliland, 1b; M. Decolito, 2b; J. Clarke, 3b; M. Ferreira, 1ss; G. Dwight, r ss; P. O'Sullivan, rf; E. Cannon, lf.
Juniors—H. Klemme, c; G. Mills, p; L. Rosa, 1b; A. Silva, 2b; N. Maguire, 3b; K. Maguire, 1ss; H. Marinho, r ss; W. Raseman, rf; F. Kannan, lf.

play being last month, at which John Evans made low score, with 83 to his credit.

The tournament is on during the time Walter Dillingham is president, the second Saturday and Sunday of each month being the days named, and the player who has the lowest score at the end of the tournament wins the cup.
