## WAR SECRETARY CALLS FOR 16,869 TROOPS ON OAHU

Annual Report Shows Garrison's Figures Under Those of Special War College Board Announced Last Week

### NATIONAL GUARD GIVEN PARTICULAR ATTENTION

"Proposed Not Only to Continue Existing Assistance By Federal Government But Increase It," Says Cabinet Member

Secretary of War Garrison's annual report, made public last week, recommends stationing of 16,869 enlisted men and officers in the Hawaiian Islands.

This is about 4,000 less than the number recommended in the report of the special defense board of the Army War College, which also was made public last week. A peculiar thing in comparing the two reports is that the secretary's plans call for a total regular army of 141,793, while the war college plans are for 20,000 less.

Secretary Garrison's report reached Honolulu by mail this morning and was received with keenest interest by army men and those following the rapid growth of the military on Oahu. Some of the salient features of the war secretary's recommendations are contained in the following quotations: "Our military responsibilities include not only continental United States but also the Philippine Islands, Hawaii, Porto Rico and the Panama Canal. On the military side, as distinguished from the naval side, there is necessity for provision not only for mobile army troops—that is, infantry, cavalry and field artillery—but for coast fortifications and troops to man them.

"At the present time appropriations are available for the maintenance of an army and all of the accessory employees thereof aggregating 5,023 officers and 102,985 enlisted men. Of these 67,000 men are mobile army troops, 20,000 are coast defense troops, and the balance are hospital corps, quartermaster men and other employees of that character. Of this total number, about 30,000 are on service outside continental United States, leaving therein about 48,000 mobile army troops and about 13,000 coast defense troops. Deductions must be made from these latter figures of sufficient troops to garrison the overseas possessions, which will materially reduce each of the totals above mentioned.

"The organized militia in the various states has an enrollment of approximately 129,000 men and officers. Overseas and on Continent.

"The policy as proposed provides for the overseas garrisons in accordance with the approval plan of 1913, and for the presence in continental United States of approximately 50,000 mobile army troops and 20,000 Coast Artillery troops, together with the necessary auxiliary troops, etc.

"The total of the enlisted men and (Continued on page two)

## Christmas Tree For Boys of Waialeale

THE YOUNGSTERS of the Boys' Industrial School at Waialeale are to have a Christmas tree this year, and the public is asked to help make it the best tree possible.

"The boys down here have never had a real Christmas tree and were going to try to give it to them, with the aid of the public," said Juvenile Judge Whitney this morning. Judge Whitney is a member of the new Industrial School Commission, which takes charge of the school January 1, and in speaking of the Christmas tree he spoke for the commission.

"Will you help?" he asked the Star-Bulletin.

"We sure will!" was the answer this paper made. "What can we do?"

"Let the people know about it and receive their contributions." So the plan was all fixed in a hurry. The Star-Bulletin will receive and acknowledge contributions from one penny up to any number of dollars, and will turn over all contributions to Judge Whitney.

Judge Whitney will also receive contributions on behalf of the commission and will acknowledge them through the newspapers.

"Your contributions will be received right now, Mr. or Mrs. Public. The boys down at Waialeale have figured a good deal in print lately, 'mutinying' and wearing leg-irons, and other things of that sort. Well, the plan is to give them a Christmas, the kind all boys like.

Send in your donations. Address them Boys' Industrial School Christmas Tree—and they'll hit the spot.

## What President Said In Message On Sugar Tariff

Copies of President Wilson's message sent to Congress last Tuesday reached Honolulu newspapers by mail today, having been sent out in advance of the delivery to Congress, to be "released" by telegraph. Owing to the distance from Washington to Honolulu, the advance copies were late arriving here.

The summary and lengthy quotations from the speech, secured by Associated Press telegraph and printed in the Star-Bulletin on the day of delivery, contain all the important parts of the address and sum up its spirit comprehensively.

In view of the great interest here as to the president's recommendations concerning the sugar tariff, the reference is published in full, as follows:

"The additional revenues required to carry out the program of military and naval preparation of which I have spoken, would, as at present estimated, be for the fiscal year 1917, \$92,800,000. Those figures, taken with the figures for the present fiscal year which I have already given, disclose our financial problem for the year 1917. Assuming that the taxes imposed by the emergency revenue act and the present duty on sugar are to be discontinued, and that the balance at the close of the present fiscal year will be only \$20,644,605.78, that the disbursements for the Panama Canal will again be about twenty-five millions, and that the additional expenditures for the army and navy are authorized by the Congress, the deficit in the general fund of the treasury on the thirty-first of June, 1917, will be nearly two hundred and thirty-five millions. To this sum at least fifty millions should be added to represent a safe working balance for the treasury, and twelve millions to include the usual deficiency estimates in 1917; and these additions would make a total deficit of some two hundred and ninety-seven millions. If the present taxes should be continued throughout this year and the next, however, there would be a balance in the treasury of some seventy-six and a half millions at the end of the present fiscal year, and a deficit at the end of the next year of only some fifty millions, or, reckoning in sixty-two millions for deficiency appropriations and a safe treasury balance at the end of the year, a total deficit of some one hundred and twelve millions. The obvious moral of the figures is that it is a plain counsel of prudence to continue all of the present taxes or their equivalents, and confine ourselves to the problem of providing one hundred and twelve millions of new revenue rather than two hundred and ninety-seven millions.

## FATE OF KOREAN HANGS ON TINY PIECE OF CLOTH

Corner of Bloody Handkerchief  
on Which "Lee" is Marked  
May Prove Keuk Guilty

On a piece of cloth an inch long and half an inch wide, cut from a handkerchief, may depend the fate of Yee Yo Keuk, the Korean bandit who now lies in the Police Emergency hospital, suffering from bullet wounds inflicted in a battle with the police Thursday morning. The piece of cloth is lost just now, but if found will be an important exhibit at the corner's inquest which was to begin this afternoon at 2 o'clock in the office of Sheriff Rose.

In the meantime, Keuk has been suffering from his wound and last night was feverish. He is not yet beyond the danger point. Dr. Ayer, who is caring for him, said today that Keuk would probably get well.

The piece of cloth for which the whole detective force and a number of Japanese newspaper men are searching was cut from a bloody handkerchief believed to belong to Yee Yo Keuk, and which was found near the room in which Chee Wong Yee, rent collector for E. C. Winston, was found dead the same morning that Keuk was captured.

After questioning every resident of the vicinity and spending hours around the Winston block on King Street near Berea, where Yee was found with a bullet in his head, detectives Saturday ascertained that 14-year-old Suina Natoma had found half of a blood-stained handkerchief, with the name "Lee" on it. She had given the handkerchief to Yokogawa, reporter for the Hawaii Shimpo, and Yokogawa had the name from the handkerchief.

## PLAN URGED TO RETIRE FEDERAL JUDGES ON PAY

Bill in Congress Would Benefit  
Judiciary of Hawaii and  
Alaska

### A. A. WILDER IN CAPITAL PRESSING SCHEME THERE

Hopes No Successor for Judge  
Dole Will Be Named Until  
Idea is Indorsed

By C. S. ALBERT.

(Special Star-Bulletin Correspondence)  
WASHINGTON, D. C., Dec. 13.—Legislation will be sought in Congress to place the judiciary of Hawaii on the same footing as that afforded by the states. It is planned to give the judges retirement with full pay after ten years' service, and upon attaining the age of 70 years.

It is said that Hawaii and Alaska are the only exceptions to this benefit extended to judges. A campaign will be waged to break down this barrier.

A bill will be introduced soon after Congress assembles, providing for the retirement of judges in Hawaii. The usual safeguards, as now prevailing in the States, will be contained in the measure when formulated.

Arthur A. Wilder of Honolulu is leading in the fight to secure retirement for Hawaiian judges. He will see that the bill is presented to Congress. He is extremely anxious that Judge Sanford B. Dole shall become a beneficiary under the legislation, if enacted. For that reason he has conferred with Attorney-General Gregory and urged him to not designate Judge Dole's successor until the outcome of the fight in Congress has been determined. He will seek to have the judge continue temporarily in office until he can retire under the new enactment, if his efforts in that direction prove successful.

It is the intention of Mr. Wilder to conduct a vigorous campaign in behalf of the proposed change. He will confer with many senators and representatives on the subject and urge them to support the proposition when it comes up for action.

In the opinion of Mr. Wilder, special consideration should be shown Judge Dole because of his work at the time of the provisional republic in Hawaii and the transfer of the islands to the American flag without bloodshed.

## CAMPAIGN IN HONOLULU TO END TUESDAY

Evangelist Brown and Soloist  
Curry Leave to Conduct  
Meeting in Los Angeles

\*\*\*\*\*  
TODAY'S PROGRAM  
3:30 p. m.—Address in Central Union church by Evangelist Brown. First of a series of talks on Mormonism, Eddyism and Russellism.  
7:30 p. m.—Service in Central Union church. Address by evangelist on subject "The Unpardonable Sin."

TOMORROW'S PROGRAM  
3:30 p. m.—Service in Central Union church. Second of a series of talks by evangelist on subject "The Name."  
7:30 p. m.—Address in Central Union church by evangelist on subject "The Last Call."

\*\*\*\*\*  
The amount of the gift given to Evangelist John Edward Brown and Soloist C. P. Curry through a collection taken at the meeting in Central Union church last night, probably never will be known by the Honolulu public. This was the announcement made today when the Star-Bulletin asked for the figures.

Rev. A. A. Ebersole, chairman of the publicity committee of the campaign, said that the exact figures have not yet been compiled, and that the executive committee probably will not make the amount public.

A committee headed by George Waterhouse, who was instrumental in bringing the evangelist and soloist to Honolulu, is now at work on the matter of conversions, and within a few days the exact number of persons who have been converted during the stay of the visitors will be ascertained.

According to their present plans Messrs. Brown and Curry will leave for the mainland in the steamer Matsonia next Wednesday. They will go direct to Los Angeles, California, to conduct a campaign.

Advices from the Queen's hospital, where F. J. Testa lies ill following an operation several days ago, state that Mr. Testa's condition is practically unchanged from what it was on last Saturday. He is considered very seriously ill.

## ROW BREAKS OUT ON PEACE SHIP

### OFFICIAL CABLE SAYS YUAN HAS REFUSED THRONE

Urges That Another Be Requested to Become Emperor, Pointing to His Oath

ADDS HE'LL SACRIFICE  
HIMSELF FOR COUNTRY

Refusal May Not Be Final, as He Puts It Up to the People's Wishes

Yuan Shih-Kai, president of China, has declined to accept now the proffered position of emperor of the proposed new monarchy, according to an official cablegram received today by the Chinese consulate of this city.

He has requested the citizens to offer the supreme post to another, at the same time expressing his willingness to make any sacrifice to serve his country and his people.

An Associated Press dispatch a few days ago appeared to intimate that President Yuan would offer the position to the boy emperor of the Manchus, now living in seclusion, and that this emperor would of necessity refuse, after which Yuan would feel justified in accepting the honor. The official cablegram today makes no mention of a possible alternative for Yuan except in the request that "another" be asked to ascend the throne.

The following cable dated December 12 was received by the Chinese consulate early this morning from Dr. Wellington Koo, the Chinese minister at Washington, D. C.: "Essentials of the Presidential Mandate of December 11 follow:

"State Council in communication addressed to the states: This Council with powers entrusted by citizens' convention met today to examine results national election, and found there were 1935 national representatives and 1934 votes in favor of constitutional monarchy. The people's will being thus determined. All laws and ordinances existing (those in conflict with this form of government) are set aside; those in harmony with it are valid; those in conflict with it are null and void. In different periods, presidential election laws are abrogated.

"Herewith are transmitted various citizens' petitions unanimously beseeching you to ascend the throne, and you are requested to act accordingly.

"I, the President, find the sovereignty of the republic resting with the people; and the citizens' representatives having unanimously decided in favor of a constitutional monarchy, there is nothing left for me to say. But the request to ascend throne astonishes me at the beginning. I took oath to use my best efforts to develop the republic. I, making myself Emperor, would break my oath. My primary object, however, is to save the country and people. I do not mind sacrificing myself to obtain this object. But in self-examination I find I have done nothing worthy of recommendation, nothing to justify me in abandoning the great principles of morality and faith.

"I think citizens' representative who love me will not bear to force upon me the task which is difficult for me to execute. I hope general representatives of citizens' convention will take careful and mature consideration to request another to ascend throne. Meanwhile I will continue to act in name of President and over-see existing duties and powers, still maintaining existing conditions throughout whole country. Petitions hereby returned."

### REFUSES TWICE.

TOKIO, Japan, Dec. 13.—Yuan Shih-Kai, president of China, refused the throne today when it was offered by the council of state. A little later he was asked to wear the crown by the senate, but again refused. It is expected that Yuan will accept the crown the next time it is offered.

### SHIRTSLEEVES TABU IN FINE NEW OFFICE OF GOVERNOR PINKHAM

\*\*\*\*\*  
Shirtsleeves are tabu in the governor's offices, by special decree, so it is said, of the chief executive, and this morning clerks and stenographers there presented the unusual appearance of having their coats on. Inquiry developed the fact that the coats were being worn at the request of the governor, and not, as might seem, because of the coolness of the morning air. This afternoon when the sun comes in hot from the makai windows they will continue to be worn just the same, unless the governor withdraws his request.  
Governor Pinkham is taking a great deal of pride in the new offices at the capitol, and it seems that he does not feel that young men in shirtsleeves are quite the proper adornments of rooms that have oiled floors, rubber mats and silvered ceilings.

### CHINA'S NEW EMBASSY HEAD SENDS NEWS OF MONARCHY TO HAWAII

Dr. Wellington Koo.

### GERMAN OFFICIAL CABLEGRAMS

Teuton-Bulgarian successes in the south of Serbia are told of as follows in the following cablegram today from official German sources:

"German Headquarters Report, Dec. 13.—Gen. von Koevess's army has taken more than 900 prisoners. In 1921 modern cannons were found which had been buried by the Serbians behind the German front. During the last few days more than 1000 Serbians cut off from the main party have been taken.

"On the east front von Hindenburg's army has had minor engagements in several places, the advanced posts meeting the enemy's reconnoitering parties. The Russians succeeded in taking an unimportant German post. A Russian attack near Vula failed, the Russians losing about 100 dead and prisoners."

### YESTERDAY'S SITUATION.

The following cablegram from official German sources was received early today:

"German Headquarters Report, Dec. 12.—Austro-Hungarian detachments pursuing the enemy on the frontier mountains of Albania in the last two days captured more than 6500. Yesterday Rozay was taken. Between Rozay and Ipek the enemy left 40 cannons.

"The Anglo-French army, after the energetic and powerful successes of Gen. Todorow, is retreating in miserable condition to the Greek frontier and across it. The enemy's losses in men, arms and materials are extraordinary.

"Feeble Russian forces are advancing in the Vassung lake district, south of Jacobstad and south of Pinsk but have been repulsed. Each of Neuve Chapelle, on the west front and southwest of Lille, attempts of small English detachments to enter our positions failed. In the Vosges isolated patrol engagements without importance are occurring."

### ON ITALIAN BORDER.

Activity on the Italian border is told of by official German despatches as follows:

"Navy air-craft on the afternoon of December 10 successfully bombarded the railroad station, electric works, gas works and military objects at Ancona. In spite of Italian shrapnel fire and bad weather, all of the aeroplanes returned safe."

A despatch from official German sources tells of Austrian submarine activity as follows:

"An official Austro-Hungarian admiralty report on December 9 says that on December 7 an Austrian submarine captured in Drin bay an Albanian motorboat with 30 armed Serbian soldiers and four cars of ammunition. The prize was brought to Cattaro."

The despatch referring to the bombardment of Ancona does not say that the air-craft were those of Austria, but presumably that was the case, as Germany and Italy are not officially at war.

### FOUR PRINCES SHAKE AMERICAN AVIATOR BY HAND AFTER FLIGHTS

(Special Cable to Nippon Jiji.)

TOKIO, Japan, Dec. 13.—Aviator Niles made three flights at the Aoyama parade grounds today. Two of the flights were made in a monoplane and the other in a biplane. He looped the loop a dozen times during his flights. In the afternoon Niles raced with an automobile and won easily.

Prince Fushima, Prince Kuni, Prince Higashi of Japan and Prince Lee of Korea were among the spectators, and when Niles finished his exhibition the four princes shook his hand.

## FORD'S DELEGATES SPLIT ON STANDING BY WILSON; GREECE MAY BE INVAD BY BULGARS

### Czar Ferdinand's Troops Now Only Five Miles From Border—French and British Retreat

[Associated Press Service by Federal Wireless]  
ABOARD S. S. OSCAR II, Dec. 13.—Split by a resolution condemning President Wilson's stand for "preparedness," the Ford delegates aboard the "peace ship" are divided into hostile parties on this subject.

The resolution, which was brought on by the president's announcement of a military policy, in his message to Congress, was offered by the Rev. Jenkin Lloyd Jones, minister and lecturer of Chicago and the Rev. Charles F. Aked of San Francisco. The resolution brought a protest from Judge Ben. B. Lindsey of Denver and S. S. McClure, the magazine publisher, and other prominent members of the party. They declared the resolution unpatriotic and threatened, if it were adopted, to leave the party on its arrival in Europe.

Henry Ford today sent a personal wireless appeal to the monarchs of each of the belligerent nations, asking them to cease the bloodshed.

### Bulgarians Near Greek Frontier

LONDON, Eng., Dec. 13.—With the evacuation of Dorian and Greveli, in southern Serbia, by the troops of the Allies, the Bulgarians are now within five miles of the Greek frontier and are pursuing the Allies closely.

BERLIN, Germany, Dec. 13.—German headquarters today announces that the French and British have been entirely expelled from Macedonian territory. It is declared that two British divisions were almost annihilated during the advance. The army under General Todorow has occupied Dorian and Greveli.

### Paris Says Allies' Retreat Safe

PARIS, France, Dec. 13.—The Allies in Serbia are destroying tunnels and bridges during their retreat, retarding the Bulgarians by every possible means. The retreat is progressing orderly and safely. The Allies are still landing troops at Saloniki.

SALONIKI, Greece, Dec. 13.—The journal L'Opinion asserts that the Bulgarians are preparing to enter Greece. The Greeks are proceeding now to the threatened point with the object of disputing the invasion.

### Winter Hits Dardanelles' Combatants

LONDON, Eng., Dec. 13.—Severe weather is adding to the suffering of the troops at the Dardanelles. It is evident that the Turks holding their positions on Gallipoli peninsula have not prepared for a winter campaign.

### Submarines Sink Many Allied Ships

LONDON, Eng., Dec. 13.—A despatch from Berlin declares that the submarines of the Central Powers have sunk a total of 508 ships with a tonnage of 917,819 tons.

LONDON, Eng., Dec. 13.—The British steamer Pinegrove has been sunk, the crew being saved.

### GREEK WOMAN ON SIERRA NABBED; LARCENY CHARGE

Arrested on a cable request from the San Francisco police, who hold a warrant charging her with grand larceny, Anastasia Elokoumopoulos, a Greek woman, was taken into custody by Deputy Sheriff Julius W. Asch and Detective John Kellett this morning when the Sierra docked.

She engaged first cabin accommodations for Honolulu under the name of May Bonovitz. On the way over, she is said to have told the purser she wanted to buy a ticket for Australia, but did not have sufficient funds. She offered him jewelry in lieu of cash for the transportation, but was told to try and arrange to have funds cable her here from the coast.

The woman was placed in the woman's ward at the city jail, and will probably be taken back to San Francisco for trial. She speaks broken English, difficult to understand. What she is alleged to have stolen was not mentioned in the cable.

Teachers and students at Punahou listened to an address this morning at the school by Richard L. Halsey, federal immigration inspector, regarding the conditions of awarding prizes in the essay contest which is being held under the auspices of the Sons and Daughters of the American Revolution.

No decided change in the condition of Edmond Melanphy has been noted in the last few hours according to word received today from his home. His condition is regarded as very serious.

Five men were shot to death, three wounded, two others killed of injuries received in accidents and a number of knife and pistol fights was one day's record at Hopewell, Va., the powder mill boom town.

### SO THE PEOPLE MAY KNOW

"System" magazine canvassed average women, asking this question:

What method of sales solicitation appeals to you most—sales letters; personal calls; newspaper advertisements; samples, and so on? Why?

By Far the Largest group of answers to the question expressed a preference for newspaper and magazine advertisements—Fifty-seven Per Cent.

Several Mentioned that they like magazine and newspaper advertisements because they can study them at their leisure.

Division of Other methods of appeal were: Samples, 13.4 per cent; demonstrations, 1.8 per cent; sales letters, 6.9 per cent; show windows, 1.2 per cent.

Our Ladies here in Hawaii Mr. Merchant, are no different from other women buyers. Fifty-seven Per Cent for newspapers.

### NILES STIRS JAPAN TO STARTING AERO SQUAD

(Special Cable to Nippon Jiji.)  
TOKIO, Japan, Dec. 13.—The Japanese government has asked that an appropriation of 600,000 yen be made for the study of aviation in army and naval departments. The recent flights made by Niles were discussed when the appropriation was brought up.

# WAR SECRETARY IS FOR 16,869 TROOPS ON OAHU

(Continued from page one)

officers in the regular army, when the plan has been completely carried out, would be 141,842.

"It is proposed that the term of enlistment in the regular army shall be a term of years with the colors and a term of years on furlough, during which latter period the obligation would be to return to the colors in the event of war or the imminence thereof. Under this scheme there would always be in the country a large number of men who had been trained in the regular army and who, during the period mentioned, would be subject to the call of the nation to be placed in the regular army or to be held in reserve to supply wastage or to be utilized in whatever way was thought best.

"The plan necessitates the raising of the following additional organizations and proposes to do this in two fiscal years, one-half in the next fiscal year and the other in the succeeding one:

"Ten regiments of infantry.  
"Four regiments of field artillery.  
"Fifty-two companies of coast artillery.

"Fifteen companies of engineers.  
"Four aero squadrons.

Plans for Officers.

"With respect to providing officers and reserve officers, it is proposed to organize a certain number of cadet companies, to be attached to regiments or other appropriate units of cavalry, field artillery, infantry, engineers, coast artillery, and signal troops. These cadets will be recruited from the National Guard and from students and graduates of educational institutions giving military instruction as well as those of other colleges and universities. They will receive special pay, and will engage to serve one year in the cadet companies and five years in the officers' reserve corps if found qualified thereafter. Their year of service will be one of intensive training in all positions in the company from that of private to that of commissioned officer. On completion of this training, if found qualified, they will be commissioned in the officers' reserve corps with such grade as is warranted by their respective degrees of proficiency.

"It may, however, be found more practicable to consider as an alternative scheme the proposition, which has been advanced of reorganizing the military departments now being maintained in various educational institutions under the direction of officers of the army, detailed under the law for that purpose, so as to make them in effect officers' training schools. The students would receive practical training in annual camps of instruction and on graduation could be commissioned in the army for a limited period—say one year—as additional second lieutenants for further intensive training, after which they would be commissioned in the officers' reserve corps in the grade for which they have demonstrated qualification.

Citizens Encouraged.  
"But, besides such sources for reserve officers, it is also proposed, under suitable regulations and after proper examination, to commission in the reserve any other qualified citizens. They will be commissioned, up to and including the grade of major, in the various arms, corps and departments. Under this provision it is proposed to utilize the services not only of members of the National Guard, graduates of military and other educational institutions, and those who have received sufficient training in the so-called business men's camps, but also of civil engineers, railroad men, those engaged in various kinds of motor transportation, including motorcyclists, aviators, etc. Any such reserve officers may organize and bring into the general reserve of the army bodies of men engaged in their respective occupation.

"Additional training for all reserve officers may be given, so far as appropriations made for that purpose will permit, in connection with the training of the continental army and by attaching them for service in the practical exercises of the regular army.

"It is not now proposed to attempt a rearrangement of army posts. However, undesirable from a military standpoint the location of some existing posts may be, they do exist and can be utilized, and in fact will all be necessary if the increased force is provided. The essential thing at this time is to obtain the requisite men and material, and it is relatively unessential where we house them. It seems the part of wisdom, therefore, not now to ask for money to acquire, erect, and equip new places when the existing ones can be used, and furthermore will be available in great degree, for the training of the supplement of the standing army, which is a part of the plan.

"It is proposed to supplement the army that is constantly under arms by a force of 400,000 men raised in increments of 133,000 a year, obligated to devote a specified time to training for a period of three years and then to be on furlough for a period of three years without obligation excepting to return to the colors in the event of war or the imminence thereof. For the purpose of convenience this force has been designated the Continental Army. It is proposed to recruit it territorially according to population; to have it subjected to short periods of intensive training; and in addition to what officers may be developed from its own operations, to obtain officers for it from those who have served in the

When Your Eyes Need Care  
Try Murine Eye Remedy

National Guard, these who have served in the United States Army and are no longer upon its active list, and those who, by training acquired in colleges and schools or in other ways, have become equipped with sufficient military information and experience to make them available, and in the ways above more particularly described. It is the purpose to have the membership of this force assembled at convenient places and have there such portions of the Regular Army to assist in their training as are desirable, and to obtain all the benefit which can be obtained from intensive training over such a period of time as is possible. For the purposes of the necessary figuring upon costs, etc., as well as for military reasons, the period proposed is two months. It is recognized, however, that with respect to this period of training and other features of the plan a final wise determination can only be reached after the fullest interchange of views between those who collectively represent the wisdom, experience and knowledge to determine these matters properly.

"With respect to pay, it is proposed that the officers and men shall receive pay on the same basis as the Regular Army for the time actually occupied.

National Guard Plans.  
"With respect to the National Guard, it is proposed not only to continue the existing assistance rendered by the Federal Government, but to increase it. In the references previously made to the National Guard the relationship of that body to the military system of the country was stated. With the existing cooperation of the Federal Government and the earnest efforts of the membership of the guard great progress has been made in the last decade and, in the judgment of all those concerned, still greater progress is not only possible but assured. There is the fullest recognition and appreciation of the untiring devotion and patriotic spirit of those who have unceasingly wrought for the improvement of this body. This body has, as above stated, a clearly defined and important part in the military system of the country, and it is proposed in the plan advocated to amplify the federal assistance in every way that it can be done constitutionally, so as to aid this force and make it efficient for the purposes set forth in the Constitution, and for the further purpose for which it is available in the event of war if it volunteers for Federal service. The plan offers to the membership of the National Guard every alternative which a full recognition of their position suggests. With respect to the National Guard system under the Constitution there is to be not only continued but increased Federal cooperation and assistance. With respect to the personnel of the guard opportunity is offered, either in units or individually, to come into the Continental Army whenever by the action of their state they are free to do so.

Totals at Posts.  
"Under this plan there would be stationed the following totals of officers and enlisted men at the following places:

	Enl.	Officers men
Panama Canal Zone	272	9,480
Hawaiian Islands	503	16,869
Philippine Islands	448	14,324
Do	182	5,733
Puerto Rico	32	599
Alaska	16	441
Total over-sea		
garrisons	1,453	47,456
*Philippine Scouts.		
"In continental United States there would be the following organizations aggregating the following totals of officers and enlisted men:		
	Enl.	Officers men
11 2-3 reg. of Cavalry	597	11,973
26 2-3 reg. of Infantry	1,351	25,512
7 reg. of Field Artillery	308	6,599
170 companies of C. A.	510	18,968
Engineer troops	104	3,262
Signal troops	76	654

Total at home, combatant forces 2,956 66,968  
Mobile army, deducting Coast Artillery 2,446 48,000  
"It is proposed to organize the mobile troops in the United States into three infantry divisions, a cavalry division, with two extra regiments of cavalry and the necessary auxiliary troops required for such units in accordance with the approved tables of organization.

"In addition to the above, there are at home and abroad 1,927 officers of the staff departments and extra officers provided by law, and 50 veterinarians. The plan calls for 750 more officers for the proper execution of this plan, involving, as it must, the training of the Continental Army, and more cooperation with the National Guard and with those educational institutions which have military courses.

"In addition to the enumerated forces in the regular army, there must be provided a total of 20,282 men for the quartermaster corps, hospital corps, ordnance department, recruiting service, school detachments, etc., including 792 additional noncommissioned officers to aid in training the citizen soldiers.

"Thus, the total of the officers and enlisted men in the regular army, as proposed above, at home and abroad, will be:

Officers	7,086
Veterinarians	50
Enlisted men	134,707
	141,793

New Organization Needed.  
"To obtain this result, the plan calls for the following new organizations: 10 regiments of Infantry. 4 regiments of Field Artillery. 52 companies of Coast Artillery. 15 companies of Engineers. 4 aero squadrons.  
"Using reserve material as far as available to equip new organizations, the estimated cost of the regular army on the proposed plan of 7,086 officers, 50 veterinarians, and 134,707 enlisted men will be \$127,234,559.70. It is proposed, however, to provide for the additional organizations in two annual equal increments, so that the first year the cost of the proposed army would be \$111,635,716.08. To this must be added for the first year's cost the cost of enlistments at over-sea garrisons, amounting to \$600,000,

making the total for the first year \$112,234,559.70.

"At the present time the federal government appropriates for or on behalf of the national guard an average of \$6,614,532.13 annually. The states individually appropriate for their respective guard an aggregate of \$6,244,214.98 annually. It is proposed this year to increase the federal appropriation to \$10,000,000.

"Using reserve material to the extent available for the personal accoutrement of the continental army and not furnishing them with full complement of wagon transportation, horses for cavalry, etc., it is estimated that the cost of the first year, when 133,000 men are to be trained, will be approximately \$15,000,000; the second year, when an additional 133,000 are to be trained, the cost will be approximately \$29,500,000; and the third year, when the whole 400,000 will be under training, the cost will be approximately \$45,000,000, and this will be the annual cost of the system when in complete operation.

"The first year the estimated items of cost would be as follows:  
For the Regular Army \$111,635,716.08  
For the Cont'l Army 15,000,000.00  
For the National Guard 10,000,000.00

Total \$136,635,716.08  
"When the system is in complete operation, without considering reserves of the different organizations, the results as to numbers and cost would be as follows:

	Officers and enlisted men	Total cost
Regular Army	141,843	\$127,234,559.70
National Guard	129,000	10,000,000.00
Cont'l Army	400,000	45,000,000.00

Total 670,843 \$182,234,559.70

"With respect to reserve material: "In addition to material in the hands of the regular army, the national guard and the continental army already provided for in previously stated estimates, there should be provided and kept in reserve material of the kind which can not be obtained with reasonable promptness, as follows:

Quartermaster material	\$ 19,474,390.97
Ordnance material	74,582,237.85
Medical supplies	716,423.81
Signal material	7,530,928.45
Engineer material	2,022,280.00

Total \$104,326,261.08  
"It is deemed best to provide for this accumulation in four annual increments at the annual rate of \$26,081,565.27."

## USE ELECTRIC DEVICE TO AGE FRENCH WINES

PARIS, France.—A method of "aging" raw wines and spirits by electricity has been perfected by Professor Charles Henry of the University of Paris (the Sorbonne), and it is already being successfully used in some of the Burgundy wine districts.

The process is said to impart to liquors the same properties which they acquire by being kept for a number of years in cellar. The spirit or wine is placed in a special receptacle fitted with two tubes called "burgers," and the tubes are charged with high tension electricity at from 60,000 to 120,000 volts. The result is that all the bacteria, ferments and impurities collect in the tubes and are removed and all further fermentation is stopped. The process is very rapid, and the cost is less than two cents per 100 gallons. Similar experiments are now being made with beer and essential oils.

Philo F. Turner of Portland, Me., was elected governor at the annual meeting of the Maine Society of Mayflower Descendants.

The American bark Andrew Welch was towed into the harbor at Christiania, Norway, by the steamer Russland.

# PACIFIC LANDS JOIN TO BOOST WORK AT FAIR

Building at San Diego Will Hold Many Exhibits, and Help Develop Tourist Trade

(Special Star-Bulletin Correspondence)  
SAN FRANCISCO, Cal., Dec. 3.—There were 25 commissioners of Pacific lands at the Pan-Pacific luncheon on December 1, with Mayor Capes of San Diego and Secretary Penfold of the San Diego exposition to extend an invitation to the club to occupy a building at the southern exposition all of next year. Alexander Hume Ford of the Honolulu Pan-Pacific club was host at the lunch, which was served by Lloyd Childs in the pineapple pavilion in the exposition grounds, and it was a lunch with a typical Hawaiian menu, besides half a broiled chicken for each commissioner and guest.

H. P. Wood, who has been giving the Pan-Pacific movement every assistance at the exposition, introduced Mr. Penfold to the meeting to extend the invitation to the Pan-Pacific Club of Honolulu to gather all of the Pacific lands and states under its wing and bring them to San Diego, where a building would be given for their exhibits and activities.

Niel Nielsen, for New South Wales, stated that his state would go into the Pan-Pacific exhibit. It meant that all of the Pacific lands would go into the exhibit jointly and employ a force of men to boost the whole Pacific. He stated that had Honolulu not been deterred by the war and had presented the proposed Pan-Pacific pavilion to the San Francisco exposition that his country, Australia, and he believed all other Pacific countries, would have gotten far more out of the exposition than they have gotten by the expenditure of vast sums of money they have individually put up, and that in future he was heartily in the Pan-Pacific movement and would advise his country to work with it and for it always, Latin-America to help.

Mr. Fricke, the Victorian representative, followed in the same strain, as did Commissioner Lang for British Columbia; then Commissioner Clarke for Oregon state pledged its support to the Pan-Pacific exhibit. Commissioner Wood of Hawaii stated that the island territory would gladly take the lead and send down an exhibit and make a proper appropriation to assist in the general movement. Through William Fisher of the Pan-American Association the support of the Pacific coast states of Latin America was pledged. S. Sheph of Hawaii and O. Watanabe of the Japan Tourist Bureau of Japan spoke for the Land of the Rising Sun, and promised its cooperation.

Commissioner McDonald for the Dutch Indies promised to cable to Java advising its entry, and even the commissioner for Siam, Mr. Dinkel-spiel, stated that his country was interested and would support the Pan-Pacific movement and if possible send visitors at least to the Pan-Pacific exhibit at San Diego.

Alaska promised her support and an exhibit; the Philippines through their commissioners are urging Washington to send an exhibit and are heartily supporting Pan-Pacific work, and the state of Washington promised a loan exhibit and support from the chambers of commerce.

New Zealand in Line.  
Assistant Commissioner of New Zealand M. O'Brien is working to have his country adequately represented, while the Chinese hope to make a good display. Manager Moore of the San Francisco Counties Tourist Bureau is bringing his people into line to work actively with the Pan-Pacific movement. Before the close of the meeting a unanimous vote was given that Mr. Ford appoint a committee to get to work and put the Pan-Pacific exhibit at San Diego through to success, and the committee is now at work.

It is probable that Lloyd Childs will

establish a Hawaiian restaurant in the Pan-Pacific building at San Diego. Mr. Ford and some of the commissioners will visit San Diego to look the field over and secure the building. It is probable that Ralph J. Staehli, a Portland newspaper man and the lecturer for Oregon state, will go to San Diego to manage the Pan-Pacific "Round-the-Pacific" stereopticon talks and do the press work. The chief work in the Pan-Pacific building will be in the line of inducing tourist travel to Pacific lands. Able men will be released in a few days from the San Francisco exposition and at a moderate cost to each country it seems probable that a splendid Pan-Pacific exhibit and information bureau will be maintained at San Diego, and this it is hoped will be the actual practical beginning of the real "get together work together" movement proposed by the Pan-Pacific Club of Honolulu.

# LACE MAKERS OF AUSTRIA ENJOY REAL BOOM TIME

ZURICH, Switzerland.—While Austrian trade and industry generally are suffering great depression from the war, the little mountainous crownland of Vorarlberg, on the borders of Switzerland is in a most prosperous condition.

In Vorarlberg are scores of small embroidery factories now crowded with orders from Swiss agents, who can get the work done thirty per cent cheaper there than in their own country, because the Austrian crown, usually roughly equivalent to a franc in value, is now worth only seventy centimes in Swiss money. And meanwhile thousands of Swiss workers are out of employment.

Valenciennes, the center of the French embroidery industry, is occupied by the Germans, and Plauen in Saxony, the chief center of Germany's embroidery trade can no longer export any wares. Consequently Switzerland's embroidery exports are rising by leaps and bounds, in spite of the general depression everywhere resulting from the war. Last year the total exports of embroideries amounted to some twenty-four million dollars, this year they will probably reach forty millions. The bulk of the

## FOUR CHARGED WITH HOLDING PRIZE FIGHTS

Manager Hughes of Popular Theater, Two Actors and Soldier are Arrested

W. R. Hughes, manager of the Popular theater; Fred Dyer, an Australian pugilist; Joe Potts, an enlisted man, and Jack Barnes, a vaudeville actor, were arrested by U. S. Marshal J. J. Smiddy shortly after noon today on a charge of having violated section 220 of the penal code, it being alleged that they feloniously conducted a pugilistic encounter "between man and man" for which admission fees were charged and paid.

During the last few days Dyer and Potts have been appearing at the Popular theater in an act advertised as a fancy boxing exhibition of three rounds, Potts appearing as Dyer's sparring partner.

It was expected that this afternoon the defendants would be released on bond pending a hearing of their case before the U. S. commissioner.

"They seem to think that I had gotten out of town and didn't take the trouble to look up the date on which my resignation takes effect," said District Attorney Jeff McCann, at which instance the warrants were issued. "But I am still here, and on the job."

### PLAN TO CURB DEER SALES.

MADISON, Wis.—In an effort to completely suppress the sale of deer to unsuccessful hunters, the Wisconsin conservation commission has issued orders to wardens at terminal points to investigate all suspicious cases, and to wardens at shipping points to make inquiries in regard to the killing of deer. The intent is to prosecute all hunters buying deer and all market hunters in northern districts who sell carcasses to unsuccessful hunters.

## NO INDICATION OF SLAYING IN BROMWELL CASE

Inquiries of Department and From Family Answered With Denial of Murder Rumor.

In reply to inquiries, official and from members of the family, for a report on the death of Lieut. Col. Charles S. Bromwell, positive statements have been sent from Hawaiian Department headquarters here that there is no indication that Col. Bromwell was murdered.

Sensational rumors of a murder seemed to float across the mainland immediately after the news of Col. Bromwell's death was cabled. Before the inquiries came back, a board of officers had made a full investigation and reached the conclusion that it was certain the officer took his own life.

Col. Randolph G. Ebert, medical corps; Col. Frederick P. Reynolds, medical corps; Major Arthur S. Conklin, chief of the general staff; Capt. Edward K. Massee, adjutant general's department, were appointed on a board of inquiry as soon as news of the death of Col. Bromwell reached Hawaiian headquarters, and were at the home before Col. Bromwell died. They found him sitting in a chair in front of a mirror, with a bullet wound in his head. Death came two hours afterward in the department hospital at Fort Shafter.

### Will Made Last Monday.

The members of the board found a will, written last Monday, lying on the bureau, and in front of the body were pictures of Col. Bromwell's wife, Mrs. Carrie L. Bromwell, and their daughter Mildred, which he had taken from a storage place in another room and brought to the room in which he died.

Employees in the department engineer's office in the McCandless building, of which Col. Bromwell was in charge, said today that they were surprised at the act, as Col. Bromwell had been worried for months and had always seemed to them morose and melancholy. An army officer with whom he played tennis Tuesday afternoon said that everyone in the game at the time noticed that Col. Bromwell played very poorly and was not in form. There was a worn and worried expression on his face.

Col. Bromwell, army officers say, was not disposed to talk of his worries and his most intimate friends have no idea what the troubles were that caused him to take his life. They are inclined to believe the primary cause was a threatened physical breakdown.

The funeral service of the late Lieut. Col. Bromwell will take place tomorrow afternoon at 3 o'clock at St. Andrew's Cathedral on Emma street. The service will be in charge of Chaplain William R. Scott, 2nd Infantry.

Following the service at the cathedral the remains will be taken to the Matsonia at Pier 15 under military escort, consisting of one battalion, 2nd Infantry and the Company of Engineers stationed at Fort Shafter.

The pallbearers will be Lieut. Col. Archibald Campbell, Dept. Adj.; Lieut. Col. F. P. Reynolds, Med. Corps; Lieut. Col. W. E. Ellis, Coast Art. Corps; Major E. B. Gose, Dept. Inspector; Major E. L. Butts, 25th Infantry; Major V. A. Caldwell, 25th Infantry.

Lieut. Ziani, an Argentine military aviator established a new altitude record when he ascended to a height of 21,325 feet.

## LOCAL AND GENERAL

Burglars who broke into the New Orleans restaurant, at Merchant and Alakea streets, last night robbed the proprietor, Wong Quong Hoon, of \$2.50 left in the cash register.

According to the story of Maximo, a Russian, he was walking peacefully along the Twelfth road last night when a Japanese stepped out, stabbed him in the head, and fled. Maximo does not know any reason for the deed.

A bar-room at Watertown in full blast, with 27 soldiers as principal patrons and home-made booze, which is said by License Inspector Fennell to be almost poison, was raided yesterday by Detective Rudolph Stein, who has been watching the place for some time, and by Inspector Fennell. Ah-Kana, the proprietor, was placed under arrest.

After eating a sumptuous meal in the restaurant of Yee Chang on Aala street, H. E. Hassett, W. A. Morris and D. Haiser, all of the 2nd Infantry, refused to pay the bill and were arrested and turned over to the military authorities. Their only excuse was that they only had 70 cents and did not want to part with it. Chang told the police they ate nearly three dollars' worth.

Having completed repairs to her steering gear and other machinery, which was badly damaged by the recent typhoon she encountered in the Great Circle route, the Japanese steamer Bankoku Maru, which came here in distress November 30, cleared for Shanghai late this afternoon, and will sail early tomorrow morning. She took on 750 tons of bunker coal from the inter-island.

Permission was today granted Postmaster William F. Young, by Governor Lucius E. Pinkham, to make use of the vacant lot surrounding on three sides the old territorial building adjoining the postoffice, to store mails during the Christmas rush, when the present postoffice quarters are too small to take care of the accumulation of incoming mail and that waiting to be despatched.

An unknown Chinese last night caved in the glass in the King street window of the Gunst clear store, at King and Fort streets, breaking the glass into many pieces and doing about \$25 damage. However, the Chinese had a good excuse. He was propelled through the glass by the fist of W. C. Moore, who punched him in the face. Moore offered to pay the damages, and unless the Chinese makes a complaint he will not be prosecuted.

### ARMY NOTES

Under a new order from Hawaiian Headquarters, army officers on Oahu will be permitted to occasionally wear the blue dress uniform, full dress, special evening dress and blue mess jacket in the winter months, from November to April. The order modifies a previous order which allowed only the white uniform to be worn here.

In the will of the late Lieut. Col. Charles S. Bromwell, Walter F. Dillingham and Lieut. Col. Frederick P. Reynolds, medical corps, are named as executors of the estate. The bulk of the estate is left to Mrs. Bromwell. Mementoes are left to immediate relatives. A cablegram from Mrs. Bromwell to Col. Reynolds, asking him to take charge of the silverware, furniture and other personal property at her residence here, was received last week and indicates that Mrs. Bromwell does not intend to come back to Honolulu. No inventory of the estate has yet been made.

### EMIGRATION FROM IRELAND LESSENS AS WAR LENGTHENS

DUBLIN, Ireland.—Emigration from Ireland for the first nine months of this year shows 7572 persons sailing as against 17,057 for the first nine months of 1914, and the total figures of 30,947 for 1913 dropped to 20,314 in 1914. During the first four months of this year 4653 emigrants went to the United States, as compared with 12,609 in the same period of last year, while only 519 went to Canada, as against 2768. These figures, taken from the latest report of the Irish Registrar General, are interesting in view of the controversy that has arisen about Irish emigration since the war.

## FRANKLIN TELLS TEXAS PAPER OF JAPANESE HERE

Declares They Want No Territory Belonging to U. S.; Praises Patriotism

Malcolm A. Franklin, United States collector of customs at Honolulu, who recently returned from the mainland, is quoted on the "Japanese question" in the Herald of El Paso, Tex., on November 28. Mr. Franklin's interview follows:

"The Japanese people and government are disposed towards the United States most cordially," said Collector Franklin. "The better class of the Japanese subjects are hurt at the treatment accorded them by California, and from their point of view justly. I do not think the American people have recognized the finer qualities of the countrymen of the mikado, and considerable misunderstanding has arisen concerning them. In my official and personal capacity, I have come very close to the real Japanese character and people, and there are no finer race in the western or eastern hemisphere."

### Want No Islands.

"The talk of a Japanese colonization of the Pacific for purposes of ultimate seizure of the string of islands from Japan to the Hawaiian territory, is unjust and untrue."

"I will say this, however, that there exists to my knowledge no people more filled with genuine patriotism and enthusiasm for their country. Every Japanese is a lover of his native land, a loyal son of the island empire, and in every Japanese bosom burns the fire of confidence in the progress and uprightness of his nation."

"We have many Japanese in Hawaii, and Honolulu is well filled with upper class Japanese. A more gentle, sophisticated and educated set of polished men and women it has not been my good fortune to meet."

### Hawaiians Simple.

"And right here let me say something on the natives of Hawaii. Simplicity, unaffected sweetness of disposition, and loyalty are characteristics which mark them as the most lovable race I have come across in all my travels, which have been fairly extensive. And here is something interesting: Hawaii is filled to the brim with the Boston element. Bostonians abound there. And 'Bostonese' is the language. Honolulu is getting to be called the 'Hub of the eastern hemisphere.'"

Mrs. C. B. Wood, arrested for violation of the traffic ordinance, was this morning given a suspended sentence by Judge Monarrat. Had a fine been imposed, it would have been not less than \$50, as this is Mrs. Wood's second offense.

## MORE ENCOURAGEMENT FOR THE NATIONAL GUARD.

Another evidence of the interest of the war department in the National Guard of Hawaii is the detailing of Capt. Charles S. Lincoln, 2nd Infantry, U. S. A., as senior inspector-instructor of the Hawaiian militia. He will be commissioned a colonel of the guard and will give his time to the territorial citizen-soldiery.

The plan should be extremely beneficial. The militia has been greatly helped by the advice, assistance and encouragement of these regular army officers detailed for territorial work. Lieut. A. L. Bump it was some years ago helped give the guard a great forward impetus at a time when a widespread public movement was necessary to save the organization from one of two fates—disintegration or continuance as a perfunctory, listless, unrespected body of men without proper officer-ing or training. That pioneer work has been well carried on by others.

Capt. Lincoln is declared by his colleagues to be one of the ablest officers in the army. He is a graduate of both the army school of the line and the army staff class, and was an instructor of the army War College. He is a veteran of the 2nd Infantry, having been with this command thirteen and one-half years, longer than any other of its officers. He will take up his new duties on January 1 and will without doubt make as many staunch admirers in Honolulu's civilian circles as he has among his associates of the army.

### THE "DERBY PLAN."

"The man with the idea which saved the British cabinet" is the way diplomats and correspondents now refer to Lord Derby, whose success in getting British recruits is one of the sensations of the hour in Europe.

Despatches last Saturday told of the tremendous recruiting under the Derby plan, but there has been little local mention of that plan. It is described in brief as follows:

Lord Derby has taken the returns of the registration of the population, completed last August, which show the age, the condition and the occupation of every citizen. Each man employed in necessary work, that is to say, necessary from the government point of view, such as the manufacture of arms, munitions and war supplies, was marked with a star. Every remaining man, that is to say, every unstarred man of military age, between the ages of 18 and 45, had his name inscribed on a couple of cards, the one white and the other blue, and on which various data concerning him were given. The white card was retained by the general recruiting office and the blue card was confided to the recruiting committee for the district. These committees, whose work is purely voluntary, have made a canvass of the unstarred men in their district and by appealing to their patriotism have been able to induce most of them to sign the cards, in which they agree to hold themselves in readiness for service when called for.

The men thus enlisted are divided into forty-six groups, twenty-three for the unmarried and twenty-three for the married, the groups being graded according to age, fitness and obvious requirements of justice. That is to say, an unmarried man without anyone dependent on him, would be called upon to serve before

an unmarried man of the same age who is the support of some one.

Not until all of the twenty-three groups of unstarred and unmarried men have been exhausted will the twenty-three groups of married men be taken in hand.

Every man who has thus enlisted, either for early or for eventual service, is provided with a khaki armlet bearing the letters "G. R.," standing for "George Rex," and the number of his recruiting district, given in Roman numerals.

Lord Derby's tenure of the important post of director-general of recruiting has been comparatively short but marked with signal success. This success is declared to have saved the present (coalition) cabinet from the rocks. For weeks past recruiting has been on the increase, coming to the climax last Saturday, which originally was the last day in which the "men with the khaki armlets" might join the colors. Lord Derby's friends say that he has made conscription unnecessary.

Apologists for Teuton action in such "incidents" as those of the Lusitania, Arabic and Ancona may say that Americans are mistaken in believing that world-sentiment is against such a method of carrying on war. It is enough for the United States that America is against it, firmly against it, forever against it. And because this method is indefensible in international law and a red-handed violation of moral law, America as the champion of neutral rights is taking the proper stand in demanding an accounting of Austria. No submarine commander is able at his discretion to make and unmake the law of nations or the rights of non-combatants, and no nation can by indorsing a submarine commander's acts thereby render these acts justifiable and legal, technically and morally.

Two more weeks for Christmas shopping. The time is getting short indeed. But there is no need for perplexity, for the holiday buyer has a sure directory to suitable gifts in the advertising columns. The merchants with up-to-date ideas on advertising are also the merchants with up-to-date stocks.

So busy are the Teuton agents and sympathizers in wrecking or trying to wreck munitions plants and supply factories that when a disaster occurs in one of these plants due to natural or entirely accidental causes it is worth particular mention in news despatches.

Senator Owen of Oklahoma would have the constitution amended so that in future the question of war would be put to popular vote. Under those conditions a campaign would mean something more than words.

Postmaster-general Burleson is said to be considering a Honolulu-Hilo aeroplane mail service. But it probably will not be established before the federal building is erected.

City officials need not wait for the New Year to do some municipal house-cleaning, beginning with the streets.

The Great Northern may be considered as an additional Christmas gift for Hawaii.

How many grown men could live at the Boys' Industrial School without "mutiny?"

## BUILDING FENCE AT BAD TURN ON MOANALUA HILL

For the purpose of constructing about 200 feet of fence to serve as a guard rail on one of the dangerous turns on the Moanalua hill, a gang of men was sent out this morning from the road department. The fence will be constructed on that portion of the hill that makes an "S" turn just this side of the polo grounds gate.

Last Thursday night an oil wagon belonging to the city went over the side of the bank along this turn, being crowded out too far by an automobile coming rapidly down the grade. The big tank overturned, landing on some young koa trees, and pouring out its entire contents. It was pulled back into place early next morning, having suffered no damage from the accident. The tank held 16 barrels of road lubricator.

As a guard against future accidents of this sort the new fence is being built today. It will be painted white in order that it may be plainly seen by night drivers, and will stand about

## FATE OF KOREAN HANGS ON TINY PIECE OF CLOTH

(Continued from page one)

kerchief and took this to his office. At the Shingo office the detectives found that Yokogawa had lost the piece of cloth and name.

Yokogawa and other employees of the Shingo said the name cut from the half of the blood-stained handkerchief was "Lee." Today they are searching the office, while detectives search the dumps for the small piece of cloth on which Keuk's life may hang.

The significance of the name "Lee" on the blood piece of linen is that every garment of Yee Yo Keuk is marked "Lee" in exactly similar letters. In the servants' house back of the Villa Lanai where Keuk lived two handkerchiefs marked "Lee" were found, similar to the one found at the scene of the murder of Yee. Keuk's

two and one-half feet high, the posts being firmly planted in concrete. Heavy planks will be placed on the top and side.

undergarments, shirt and all of his clothing is marked "Lee." Today Keuk admitted that his name was "Lee Yo Keuk" and that he had used the name of Lee frequently. He denied that the clothing was his, although some of it was taken from him after his capture and the rest was positively identified by Shin Chin Soo, the servant who harbored Keuk, as clothes which belong to the Korean bandit. Think He Cut Hand on Glass.

Police advance the theory that Keuk, after sticking his fist through the window of Yee's room and shooting him, wiped the blood from his hand, cut by the glass, with his handkerchief and then, wanting to destroy the blood-stained handkerchief, tore it in half and threw away the half he thought had no name on it. In the dark they believe he made a mistake and threw away the part bearing the name "Lee." This was found outside the building, near a door, and half a hundred feet from Yee's room.

The Natoma girl, the Shingo reporter, Yokogawa, the editor of the Shingo and others have been summoned to testify that the blood stained handkerchief had the name "Lee" on it, but unless the name is found and fitted to the handkerchief from which it was cut, it is held doubtful if the circumstantial evidence will be strong enough to convict Keuk of murder.

Keuk says his career as a bandit began when people for whom he worked mistreated him, and that recently he has only been stealing to get enough money to go back to Korea.

## LITTLE INTERVIEWS

—CLAUDIUS M'BRIDE: The more I think of it, the more I think I made a mistake in advising Judge Monsarrat to cut off his moustache.

—JULIUS BAYER, Hackfeld & Company's shipping department: We expect Mr. F. W. Klebahn, secretary of the company, to return to Honolulu December 21 on the Wilhelmina. He has been staying at Byron Hot Springs and San Francisco.

—RAYMER SHARP, deputy collector of customs: Honolulu's prosperity is reflected in no better way than by the importations of goods into the territory. For the first five months of this fiscal year our imports show a gain of \$604,700 over the corresponding period last year.

—BRUCE C. HOPPER, formerly connected with the territorial staff of the Star-Bulletin, is now studying in the University of Montana and is also an associate editor of the New Northwest, a magazine devoted to educational and general matters. In letters to friends here, he expresses an intention to return to Hawaii after completing his college education.

—PAUL SUPER: It is pleasing to hear that Captain Lincoln has been appointed colonel of the 1st Infantry National Guard of Hawaii. The appointment is in line with the desire of many of the Guard officers. Captain Lincoln is one of the "brain trust" of the regular army, and made a great hit with the men in the National Guard two summers ago.

—WILLIAM F. YOUNG: Talk about a rush! We are simply swamped this morning! We had 1073 bags of mail dumped in on us by the Sierra and we don't know where to put it all. We've stacked it seven sacks deep on the sidewalk along Bethel street for 200 feet. We hope to arrange to store part of this cloudburst so that pedestrians won't have to fall over the mail bags on the sidewalk much longer.

—DETECTIVE M. C. SWIFT: I notice in the Star-Bulletin that Tom Merle says:

"When it comes to watchful waiting our detective force has President Wilson skinned a mile (especially when one knows where his man is)."

Well, I suppose if Mr. Merle was in charge of the detective department he would use as much common sense as ex-President Roosevelt did when he tried to take San Juan Hill with his Rough Riders. It took two regiments of colored troops to save them from annihilation. In this instance it would keep detectives busy picking up the pieces (provided Mr. Merle could be dragged to the house on Punchbowl and Beretania streets, which writer greatly doubts) and were no better strategists than he is critic.

## REPRODUCTION COST OF POWER PLANT AND MACHINERY TAKEN UP

Further testimony regarding the cost of reproducing the present-day plant of the Honolulu Rapid Transit & Land Company was introduced today during the trial of the territory's injunction suit against the company. Prof. John Mason Young of the College of Hawaii gave his opinion regarding the reproduction cost of the power plant, machinery and boilers owned by the Rapid Transit.

## NON-COM. CARD CLUB OF FORT RUGER MEETS

The Non-Commissioned Officers Card Club of Fort Ruger met at the quarters of Q.M. Sgt. and Mrs. Widell on Saturday evening. Sgt. and Mrs. Ogel won first prizes, while the consolation prizes were awarded Mrs. Bridgens and Mr. Morris. After playing cards a delicious supper was served. Those who enjoyed the evening were 1st Sgt. and Mrs. Mitchell, Elect. Sgt. and Mrs. Bridgens, Ord. Sgt. and Mrs. Mann, Hosp. Sgt. and Mrs. Ogel, Sgt.-maj. and Mrs. McNails, Miss A. Widell, Mrs. Shore, Mrs. Walty, Mr. R. Mann, Mr. Morris and Mr. Bolster.

## MORNING ON 'CHANGE

Olaa, for the first time this year, is higher than McBryde, the former having advanced to \$8.75 with unsatisfied bids at that figure at the close, and the latter having declined from above \$9 to \$8.50 bid at close. The presumed reason for the McBryde decline is that the stock is now ex-dividend, the second 50 cent per share dividend for the year having been made on Saturday. Two rumors seem to be responsible for the continued strength of Olaa, one that a large block of bonds will be retired, and another that the shareholders may get a Christmas surprise in the form of a dividend. Honolulu Brewing & Malting and Wai'alua were the other market leaders today, each showing fractional advances.

## Personal Mention

MRS. ADOLPH KARPEN of Chicago will sail for Honolulu immediately after the close of the exposition—San Francisco Call.

LAND COMMISSIONER JOSHUA D. TUCKER is back at his desk in the capitol building today following an illness of a few days.

WILL WAYNE of the department of public works returned to Honolulu in the Matsonia Sunday from Hilo where he went on an official business trip.

GEORGE CLARK, secretary to the governor, returned to work this morning after a vacation spent on Molokai. Clark reports that wild goats are plentiful on the island.

REV. R. B. DODGE of Wailuku, Maui, and Mrs. Dodge, who have been touring on the mainland during the last few months, expect to return to Honolulu before the holidays.

CONSUL H. ARITA has returned from a trip to Maui and Lanai, where he went to study the Japanese labor question. Consul Arita was very much pleased with the condition of the Japanese on both islands.

EDWARD WOODWARD, secretary to the mayor, is still suffering from a severe attack of grippe, and is not yet able to return to his desk in the city hall. Peter Kanoe is taking charge of the secretary's work meantime.

CAREY WILSON, nephew of President Wilson, is a through passenger on the Oceanic steamer Sierra today, bound for Australia, China and Japan, to arrange for agencies there for the Fox Film Corporation of New York, for which he is foreign agent.

CHIEF OF DETECTIVES A. M. DUFFIE is rapidly recovering from the bullet wound in the leg inflicted by Yee Yo Keuk, the Korean bandit. The bullet has been removed and given to McDuffie for a souvenir. McDuffie's great strength is aiding in his recovery, and he will probably be able to limp about within a week.

REAR-ADMIRAL JOHN F. MERRY, U. S. N., retired, and Mrs. Merry, are among the through passengers on the Oceanic steamer Sierra today. They visited in Honolulu this morning and are on their way to Australia on a pleasure trip. The rear-admiral's home is at 142 Highland avenue, Somerville, Mass.

AHN CHANG HO, general president of the Korean National Societies, with headquarters in San Francisco, will leave on the Matsonia Wednesday for the mainland, after settling a dispute among Koreans here which threatened at one time to be serious. Mr. Ho has united the members of the society and the feud which existed among them has been wiped out and forgotten.

MISS JOSEPHINE BARNARD of Honolulu, according to the Oakland Tribune, made a 2000 mile trip just to have Thanksgiving dinner at the home of her brother, E. W. Barnard, 2233 Ellsworth street, Berkeley. The Tribune says Miss Barnard "ran over" 2000 miles of the Pacific for the first time in 37 years just for Thanksgiving dinner, and planned to return to Honolulu within 10 days.

RAY WHITE, who until recently has been serving in the United States navy aboard the armored cruiser St. Louis, has arrived in Mesa for a visit with his father, L. R. White. During his service aboard the St. Louis, White has visited numerous foreign countries, among them being Japan, China, the Hawaiian Islands, the Philippines and ports of Old Mexico on the Gulf coast—Arizona Gazette (Phoenix).

MR. AND MRS. CHARLES A. RICE of Kauai were recently in New York at the Hotel Astor for a visit of two weeks, and went from there to Washington, D. C., where Mr. Rice will attend the meetings of the National Republican Committee in that city from December 5 to 10, to decide where the Republican convention shall be held next June. Mr. Rice is a senator from Kauai and Hawaii's Republican national committeeman.

LIEUT. "JIM" ANDERSON of the Fox Film Features visited in Honolulu today, calling on John H. Magoon, treasurer and manager of the Consolidated Amusement Company, on business. Mr. Anderson is going on to Sydney on the Sierra this afternoon with Mrs. Anderson. They are through passengers on the steamer. Mr. Anderson is a former U. S. army man.

WILLARD PARSONS of 185 North Twelfth street, one of the best-known and most popular young men of this city, has accepted a position with the

## ELECTION OF TRUSTEES INITIAL BUSINESS FOR SUGAR PLANTERS' MEET

The election of a new board of trustees will be the first business to be taken up at the annual meeting of the Hawaiian Sugar Planters' Association, which will begin tomorrow morning and continue until December 18, inclusive. The sessions will be held in the rooms of the Chamber of Commerce, Kaulaolani building, and the meeting tomorrow morning will begin at 10 o'clock. After the election of trustees, an adjournment probably will be taken to allow the trustees to elect officers. The afternoon session will begin at 2 o'clock with the new officers in charge. The business of the sessions will include the reading of reports from the various committees and a visit to the association's experiment station and sub-stations. No dates have been set for these visits.

## CREW ON INTERNED GUNBOAT GEIER GET TWO SACKS OF GIFTS

Two sacks of Christmas presents from the far-off Fatherland, sent by relatives and friends of the crew of the interned German gunboat Geier, arrived this morning on the Sierra, coming from Berlin via Copenhagen and New York, to gladden the hearts of the Geier's men here during the Christmas season.

"Du Bureau de Berlin, Marine Post-bureau," is one of the inscriptions on the white, red-striped sacks of the German postal service containing the welcome mail. The address of the Geier is given as 'Honolulu, Sandwich Isles.'

von Hamm-Young automobile concern of the Hawaiian Islands and leaves Wednesday for Honolulu on the Matsonia. This corporation is rated at

## STOCKTON HIGH SCHOOL BOYS TO MAKE TRIP HERE

STOCKTON, Cal.—If plans being formed at present work out 15 Stockton high school boys will take a trip to Honolulu next spring, the 15 to be chosen in an elimination contest. As contemplated the trip will be made next June and at present 40 boys are desirous of going. This number must be simmered down to 15.

The 15 boys must form a very versatile combination. The "15" is planned to be able to play football, baseball, basketball, turn out a good male quartet and also produce a band. Amos Elliott will have charge of the delegation. No boy will be allowed to make the trip unless he is up in his studies, and while on the island he must study on some subject so that he can give a short discussion before the student body upon his return.

The boys will have to raise funds for the trip and they have arranged to secure the Lyric theater for six nights. They will rent the house and make what profits they can. The six nights will be held at intervals of one month. The December date is the 7th. Another date will be announced for January, another for February, and so on, and by the time June comes the boys hope to have made enough money to finance this two weeks' trip to Honolulu.

\$2,000,000 in Bradstreet's and is said to be one of the most influential business concerns in the islands. San Jose Mercury, Nov. 30.

## Your Property

can be handled best by a Trust Company for several reasons.

Stringent laws, both Federal and Territorial, make it obligatory for a Trust Company to keep property in a state of security. The individual may make mistakes in doing this and there is little check on his action. The value of the trust may be jeopardized by the individual, but NOT by the Trust Company.

We are at your service and shall be glad to give you full information for the asking.

# A Merry Christmas

Christmas appeals to everybody --- the youngest child appreciates Christmas. The man with little learning understands Christmas. The man who scoffs at almost everything believes in Christmas. Everybody enjoys Christmas because the spark of Christmas cheer burns in every heart and the Holiday season fans it into a flame. Christmas can be made the more enjoyable by using judgment in the purchase of Holiday gifts.

# SHIPPING & WATERFRONT NEWS

## SIERRA LOSES ONE FUNNEL TO MAKE TANK SPACE

With one of her funnels "amputat-  
ed," the Oceanic steamer Sierra said  
"good morning" to Honolulu today for  
the first time since she sailed away  
from here last Fourth of July for San  
Francisco. She is sailing at 4 o'clock  
this afternoon for Pago Pago and Syd-  
ney.

The extra stack was removed in  
San Francisco because the relocation  
of the steamer's boilers to make room  
for fuel oil tanks having 9000 barrels  
more capacity than her previous set.  
The larger tanks were needed to en-  
able the boat to make the longer run.  
The Sierra formerly ran only between  
San Francisco and this port.

Two days' extremely rough weather  
with west southwest seas, made it ne-  
cessary for Capt. J. J. Koughan to  
slow down the Sierra to half her nor-  
mal speed which is 17 knots. Fine  
weather the remainder of the voyage  
enabled the steamer to make up all  
but an hour and a half of the time  
lost, so that she docked at Pier 10 at  
9:30 this morning.

"Our biggest day's run was 388  
miles," said Capt. J. J. Koughan, the  
Sierra commander. He was formerly  
chief officer on the Sonoma, leaving  
here November 4. The Sierra's cargo  
for Honolulu was 56 tons. Through  
cargo is 2786 tons. Mail for Honolulu  
reported by Purser A. G. Conquest  
was 975 sacks, but the postoffice count  
was 1073, 283 sacks more than the  
biggest dispatch heretofore reaching  
Honolulu. The Sierra will take no  
passengers from here, but will carry  
a small amount of cargo from Hono-  
lulu, including five quarters of beef  
for Pago Pago, 20 copies of the Mid-  
Pacific Magazine for Gordon & Gotch,  
Sydney newsdealers, and some other  
merchandise.

Passengers for Honolulu numbered  
76. Through passengers are 65, of  
whom 27 are first cabin and 38 sec-  
ond. The Sierra brought \$100,000 in  
gold to Honolulu for local banks.

merman, L. S. Strange.

### SIERRA TO TRY FOR NEW WIRELESS RECORD

Improved wireless equipment  
was installed on the steamer Si-  
erra today after she arrived in  
port, and when she sails at 4 o'clock  
this afternoon she will at-  
tempt to surpass the Ventura's  
record of 3480 miles made in  
communication from the ship to  
the Federal's Hecla plant.

The Sierra's radio operators,  
C. R. Parker and F. A. Nickel,  
called on Manager W. Y. Nolley  
of the Federal Telegraph Com-  
pany's city office this morning re-  
lative to the equipment's installa-  
tion. "We are going to try and  
break the Ventura's record," said  
Mr. Parker, "as we are putting  
in improved equipment today."

At present the Sierra can main-  
tain steady communication for a  
radius of 2500 miles night and  
day.

## HARBOR NOTES

The Matsonia returned from Hilo  
yesterday morning, and will sail Wed-  
nesday morning at 10 o'clock for San  
Francisco.

Mail for Pago Pago and Sydney  
leaves this afternoon in the Oceanic  
steamer Sierra, due to sail from Pier  
10 at 4 o'clock.

Another sizable mail, 240 sacks, is  
due to arrive tomorrow morning in  
the Lurline from San Francisco. She  
left the coast December 7, three  
hours after the Sierra, which arrived  
this morning.

The Inveric, first of the Bank line  
steamers to sail from Hongkong for  
San Francisco, left there November  
25. The line's schedule calls for one  
sailing a month.

Fair weather both ways was re-  
ported by the Claudine, in at 11:50 Sat-  
urday night from Maui. She brought  
12 cabin and 15 deck passengers. Her  
cargo included one roller and agri-  
cultural products.

The customs inspector's office was  
moved today to the shipping commis-  
sioner's office on the ground floor of  
the main custom-house, Fort and Al-  
len streets. The change is to allow  
painters a chance to renovate the for-  
mer office.

The Kinai brought in 32 cabin and  
44 deck passengers from Kaula yester-  
day morning. Included in her freight  
were 6905 sacks of sugar. The re-  
mainder of her freight consisted of  
everything from rice, honey and wax  
to sheep and pigs.

Last Christmas mail to reach the  
mainland in time for delivery in Pa-  
cific slope and Middle West cities be-  
fore Christmas Day, will leave Wed-  
nesday morning at 10 o'clock in the  
Matsonia. Mails close at 8:30 that  
morning, at the postoffice.

Capt. H. C. Houlette, former skip-  
per of the Sierra, is suffering from  
eye trouble, which affects his vision,  
according to Capt. J. J. Koughan of  
the steamer today. "Capt. Houlette  
is living at his home in Oakland,"  
said Capt. Koughan this morning.

On her trial trip recently at San  
Francisco, the Oceanic steamer Sierra,  
despite rough weather, made an  
average of 16.7 knots. The run was  
made following recent extensive  
alterations and repairs on the steam-  
er. The Sierra can do 17 knots in  
good weather.

The new territorial pilot boat Pilot  
is expected to make her test run this  
week. She was towed into the  
water yesterday by the dredge Den-  
ison at Pier 15, and work of install-  
ing her engines is being performed to-  
day. The Pilot is 45 feet long and  
should be in service by January 1.

Due here December 20 from Yoko-  
hama is the T. K. K. passenger steam-  
er Tenyo Maru, from the Japanese  
port December 11, on time. A cable  
to Castle & Cooke, T. K. K. agents  
here, gives the steamer's passengers  
on board as 74 Philippine plantation la-  
borers. How many cabin passengers  
or freight she has was not stated.

Fire was discovered last night in  
the inter-island coal pile, on Allen  
street near the Honolulu Iron Works.  
A gang of men and carts was at once  
sent to work opening up the pile and  
moving the coal over to the Bishop  
storage lot. A stream of water was  
thrown on the ignited spot, and all  
was quiet again by midnight.

At noon Wednesday at Pier 17 the  
American schooner J. M. Weatherwax  
will be sold at auction to satisfy libels  
brought by her crew for wages. The  
ship and her cargo up to \$3200 will  
be sold. A representative of the New  
Zealand government is due to arrive  
tomorrow in the Lurline to bid at the  
auction. The Weatherwax's cargo of  
lumber is the property of the New  
South Wales government.

Collector of Customs Malcolm A.  
Franklin intends to request permission  
from Washington to open the custom-  
house an hour earlier than at present,  
and close an hour earlier. Existing  
hours are from 9 o'clock in the morning  
to 4:30 in the afternoon. The col-  
lector wants them changed to 8 to  
3:30. His reasons are that the earlier  
hour in the morning would be better  
suited to this climate, and the corres-  
pondingly earlier closing hour will  
give the employees more of the after-  
noon for their own use.

## THINK CANAL WILL BE OPENED IN FEBRUARY

Good news for Honolulu shippers  
and waterfront men in general arrived  
at the offices of the Inter-Island Steam  
Navigation Company this morning, in  
the shape of a cablegram from the  
Colon correspondent of Lambert Broth-  
ers of London stating that the Canal  
Zone engineers have announced they  
expect navigation through the canal  
will be opened during the first half  
of February.

This is the latest news available  
concerning the canal, and shortens by  
several months the recent estimate  
made by Col. Goethals that it would  
be four or five months before naviga-  
tion could be resumed.

"I am delighted at receiving these  
advices," said President J. A. Ken-  
nedy of the Inter-Island, on making  
the cable public. Mr. Kennedy re-  
turned from San Francisco last week,  
and while there, in interviews with  
shipping men, learned they did not ex-  
pect the canal to be open before late  
spring or early summer.

## HAWAII IS BUYING MORE MERCHANDISE THAN EVER BEFORE

Almost two-thirds of a million dol-  
lars. This is the increase in the  
amount of merchandise and goods of  
all kinds imported into the territory  
of Hawaii in the first five months of  
the present fiscal year. Collector of  
Customs Malcolm A. Franklin an-  
nounced today.

"For the first five months of this  
fiscal year from July 1 to November 30,  
the amount of importations has reached  
a total value of \$2,653,385," said  
Mr. Franklin. "For the corresponding  
period of the last fiscal year the total  
was only \$2,048,685. This is a gain of  
\$604,700."

Duties collected from July 1 to No-  
vember 30, the first five months of  
the fiscal year of 1915-1916, are also  
\$72,253.47 more than for the same  
length of time last year, according to  
Deputy Collector Raymer Sharp.

## VESSELS TO AND FROM THE ISLANDS

(Special Wireless to Merchants'  
Exchange.)

## ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a Distin-  
guished Specialist.

"Acid" stomachs are dangerous be-  
cause acid irritates and inflames the  
delicate lining of the stomach, thus  
hindering and preventing the proper  
action of the stomach, and leading to  
probably nine-tenths of the cases of  
stomach trouble from which people  
suffer. Ordinary medicines and me-  
dicinal treatments are useless in such  
cases, for they leave the source of  
the trouble, the acid in the stomach,  
as dangerous as ever. The acid must  
be neutralized, and its formation pre-  
vented, and the best thing for this  
purpose is a teaspoonful of bisulphate  
magnesia, a simple antacid, taken in a  
little warm or cold water after eating,  
which not only neutralizes the acid,  
but also prevents the fermentation  
from which acidity is developed.  
Foods which ordinarily cause greatest  
distress may be eaten with impunity  
if the meal is followed with a little  
bisulphate of magnesia, which can be  
obtained from any druggist, and should  
always be kept handy. For sale by  
Benson, Smith & Co., Chambers Drug  
Co. and Hollister Drug Co.—Adv.

## NEW SOCIETY TO CHERISH RELICS OF OLDEN DAYS

### "Sons and Daughters of the Warriors" Will Gather Relics and Compile Legends

To accurately record the history of Hawaii and of the ancient chiefs and warriors, to preserve Hawaiian relics, to trace the family history of members of the order, and to take a leading part in all pageants, so that when the old Hawaiian life is depicted it will be done with exact accuracy. These will be the leading objects of the society now called the Daughters of the Warriors under a new plan of organization adopted at a meeting held yesterday afternoon at the home of Mrs. Manuel Reis, Magazine street and Prospect avenue.

It was decided to incorporate the society under the name of "Sons and Daughters of the Warriors," and steps looking toward the incorporation will be taken as soon as officers of the present society can meet and make preliminary arrangements. Preceding incorporation, a meeting of the society will be held about three weeks from now, and new officers will be chosen.

At the meeting yesterday some of the members said the pageants and other representations of Hawaiian life as shown here were not always without faults, and suggested that the new society take charge of every event of this kind and endeavor to make it an exact picture of Hawaiian life as it was before the coming of the haoles. Will Gather Old Relics.

This was agreed to and as a part of the task of showing real Hawaiian life there will be first the work of gathering every possible Hawaiian relic. For this some one probably will be appointed later and visits may be made to all parts of the islands to collect war implements, ancient costumes, household appliances and other things which went with the old life. The new society will take over all the relics which now belong to the Daughters of the Warriors.

After the manner of the Daughters of the American Revolution, the Sons and Daughters of the Warriors will delve into Hawaiian history and legend and try to extract the truth and incorporate it in their records. The society will trace back the ancestry of individual members and by comparing these it is hoped a clearer idea of the history of the islands may be gathered.

No decision has been reached as to whether the Sons and Daughters of the Warriors will take charge of the Carnival pageant, but willingness to do this has been expressed by many of the members.

## DANCE FOR THOSE ON TRANSPORT AT MOANA TUESDAY

Tourists, officers of the army and navy and their ladies and local society folk are invited to attend a dance given at the Moana hotel tomorrow (Tuesday) evening in honor of the officers and first cabin passengers of the transport Sherman.

## CLAIMS TWO OF MUTINEERS WERE GIVEN LASHING

Whether Supt. Hugh Tucker of the boys' industrial school ever issued any orders to his assistants or authorized them to use straps to lash unruly inmates of the institution, is not known by John Thennes, a teacher at the school, according to testimony given by him today during the trial of 11 boys who are alleged to have been ringleaders in the recent "mutiny" at the school.

Thennes was on the witness stand until noon, after which J. M. Johnson, assistant principal, was called. Thennes told how the trouble had started on Sunday, November 21, when he had "gently shoved" Peter August into line when the boys were marching in to dinner. He referred to three of the defendants by number, and testified that David Hawaii and two others had been lashed on the day of the "mutiny." One of the boys who is alleged to have "insulted" Thennes was lashed by the teacher.

Judge Ashford asked numerous questions regarding the food served at the school, and Thennes said that in his opinion it was wholesome and "enough to satisfy a hungry boy."

The case against Peter August, one of the alleged ringleaders, was holted pressed at the instance of City Attorney Brown. It is understood that the prosecution will use August as a witness.

## NEW REGULATIONS FOR EXPORTERS AT CUSTOM HOUSE HERE

New export declaration regulations, affecting all exports from Hawaii to the mainland, and to points outside the jurisdiction of the United States, will become effective January 1. The changes have been devised by the department of commerce to secure statistical data concerning export business done annually by the United States, its territories and possessions.

Island shippers as well as mainland manufacturers and exporters are affected by the revised regulations, which require shippers sending goods from the territory of Hawaii to points in the United States, the Philippines, or foreign countries, to make out ship export declarations in the prescribed form.

Collector of Customs Malcolm A. Franklin and his assistant, Rayer Sharp, have copies of the regulations and forms at the custom house and will be pleased to explain the requirements to shippers.

## MAYOR STARTS ON AUTO TRIP AROUND ISLAND

For a day's trip over the Pali and around the island, Mayor Lane left with a party this morning by automobile. With the mayor are Supervisor Robert Horner, City and County Clerk David Kalanokalani and F. J. Halton, San Francisco representative of the Promotion Committee.

The city officials are making an inspection of road work on the windward side of the island, while Mr. Halton is accompanying them as a guest, and in behalf of his work on the Promotion Committee. The party will return by rail this evening.

## KAMEHAMEHA SCHOOLS GIVEN HIGH PRAISE

In a letter addressed to the President of the Kamehameha Schools, the adjutant general's department at Washington highly compliments the school and expresses gratification at its progress. In part the letter, which is dated November 6, says:

"I take great pleasure in informing you that the Secretary of War is gratified to note the steady progress and improvement in the military department of your institution. This has been shown by the reports of the same inspector who, for the past two years, has inspected the institution."

The letter is signed by P. C. Marsh, adjutant general.

## BEGGAR HOLDS UP POLICEMAN AND FALLS

Peter Murphy, plain clothesman of the Harbor station detail, was standing in front of the Ferry building yesterday, with all the appearance of the prosperous businessman, when along came James Connolly, recent arrival from the Hawaiian islands. Connolly struck up a conversation with Murphy and then ventured to ask for the price of a meal. At this point of the conversation, Murphy exposed his star and Connolly started to run. But the policeman overhauled him.—San Francisco Examiner.

## "OF COURSE THERE WILL BE MUSIC AT JAIL ON XMAS"—SHERIFF ROSE

Sheriff C. H. Rose said today there would be a "Merry Christmas" as usual at the county jail. "Of course there will be music, a dinner and an entertainment. The prisoners, I suppose, will arrange a program. Because of the grand jury investigation, the prisoners are not going to be deprived of a little pleasure at Christmas."

Jailer Fern had previously announced that, because of the grand jury recommendations, no music would be allowed, but Foreman J. H. Fiddes of the grand jury announced that such severity was not intended.

## SYDNEY JAKINS DIES IN NEW YORK HOSPITAL

Sydney Jakins of New York, formerly a resident here and a student of Punahou, died in the metropolis on December 2, says a letter received by a friend here from his mother. Jakins had been operated on a week before for appendicitis and failed to rally from the operation.

## SHERMAN DUE TOMORROW

Apparently making up the 24-hour delay she experienced in getting away from San Francisco last week, the U. S. army transport Sherman wireless in to the quartermaster's office this morning that she would arrive at daylight tomorrow. She is bound for Manila.

Since the new liquor regulations went into effect in England, there has been a decrease of 40 per cent in the number of prosecutions for drunkenness.

Convicted prisoners in England and Wales in the year ended March, 1915, numbered 104,000, a decrease of 37,320 over the year before.

Gen. Pedro Muniz, former Peruvian premier and minister of war, died at Lima.

## FAMILY OF SEVEN SAVED FROM WANT BY PROMPT WORK

Mother is Being Cared for at  
Leahi, Father and Two Old-  
er Boys are Given Work

Tragedies are not necessarily confined to fire and famine and sudden death. A tragedy is that which wrings the human emotions with misery. Well, it happened to this family.

They came from the plantation, but that wasn't the fault of the plantation, which couldn't keep a family where the mother was sick with tuberculosis and would not stay in the hospital or abide by other sanitary regulations. And yet that didn't help the little children any.

So they all came to Honolulu—father, mother, two boys aged 17 and 15, and three other children, aged 12, 6 and 5. They had no money, nothing to eat and no place to stay.

The city and county physicians immediately took charge of the mother and put her into Leahi home. Then he sent the rest of the family to the Associated Charities. The situation of the little children was presented to the humane officer, who advised with the juvenile court. The plan the Associated Charities had made to find a home for them was approved. The home was found and the tired, hungry little ones, after much hardship which they could not understand, were tenderly cared for.

The commissioner of immigration took the man and the boys and found work for them on another plantation. These three will pay what they can towards the support of the younger children.

The Associated Charities fed them until the other agencies took over and ministered to the varying needs of the circumstances. The Associated Charities visitors used their heads and their feet very promptly and to a considerable extent.

Such circumstances require personal service. Salaries are not paid to people to sit and write grocery orders. They are paid for personal service to people in great unhappiness and desolation.

## SHARES ESTATE OF BROTHER WHO DIED RECENTLY

Mrs. J. A. Kennedy of this city shares in the \$200,000 estate of her brother, the late W. D. Kirkland, according to the following article from the Los Angeles Examiner of December 1:

"\$200,000 to Near Kin."  
"The will of W. D. Kirkland, one of the founders of The Owl Drug Company, and a heavy shareholder in the American Drug Company, was admitted yesterday to probate by Judge Rives. By the terms of the will approximately \$200,000 worth of property is disposed of. The estate is left in equal shares to his brothers and a sister. The executors are Mrs. Catherine Kennedy of Honolulu and H. O. Trowbridge, a business associate of Kirkland."

## 18 POUNDS OF BLOOD

Is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children, an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes.

Scott & Bown, Bloomfield, N. J. 15-26

## YOUNG HOTEL TO HAVE CHRISTMAS SEASON PROGRAM

Special Festivities Planned for  
Cafe, Rathskeller and for  
Roof Garden

Many special features, to begin on Saturday of this week, December 18, are being planned by the management of the Alexander Young hotel for this season's period of Christmas and New Year's festivities.

Among the attractions will be Miss Ruth Florence, who was prima donna with the "Madame Sherry" company which played for two seasons in Chicago and New York. Miss Florence later appeared at Albert Hall, London.

Another entertainer coming from the mainland to appear at the Young is Miss Billy Fisher, who has recently been featured at the U. S. Grant hotel, San Diego, and at Harlow's cafe, Los Angeles.

Miss Edythe James, already favorably known to Rathskeller patrons, will also appear, and a Hawaiian quintet club will furnish the instrumental music during the first week.

These entertainers will be heard at the Rathskeller daily during the dinner hour, from 6:30 to 8:30, and every evening, except Sunday, on the roof garden, from 9 to 11:30.

A new feature will be the serving of a light supper each evening, except Sunday, on the roof garden. A new dancing floor will also be laid in the center of the roof garden for the use of guests between the numbers of the entertainers and the cafe will be kept open after the close of roof garden entertainment until 12:30.

Tiffin is to be served each afternoon in the cafe from 2:30 to 5:30 o'clock, for the special accommodation of shoppers. All of the foregoing features will be inaugurated Saturday.

Special reservations are already being made for tables in the Rathskeller and in the cafe for the Christmas eve and New Year's eve dinners, at which the musical entertainment will be enlarged.

## EXAMINER WANTS CITY TO ACCEPT GIFT OF HAWAII

Under the heading, "Hawaii Makes Generous Offer to San Francisco," the Examiner of that city published the following on December 2:

"And now for the aquarium."  
"Hawaii has offered San Francisco its attractive building at the exposition to be used for aquarium purposes. That is to say, the offer is to rent the building to the city for a dollar a year, or some such nominal rental until such time as the legislature of Hawaii can make the donation complete."

"Now, San Francisco always has longed for an aquarium. Many have been the plans and hopes for such an attraction. Aquariums are among the most entertaining and instructive institutions of maritime cities. This city has felt a sense of loss and perhaps a little of shame in not having such a show place of her own."

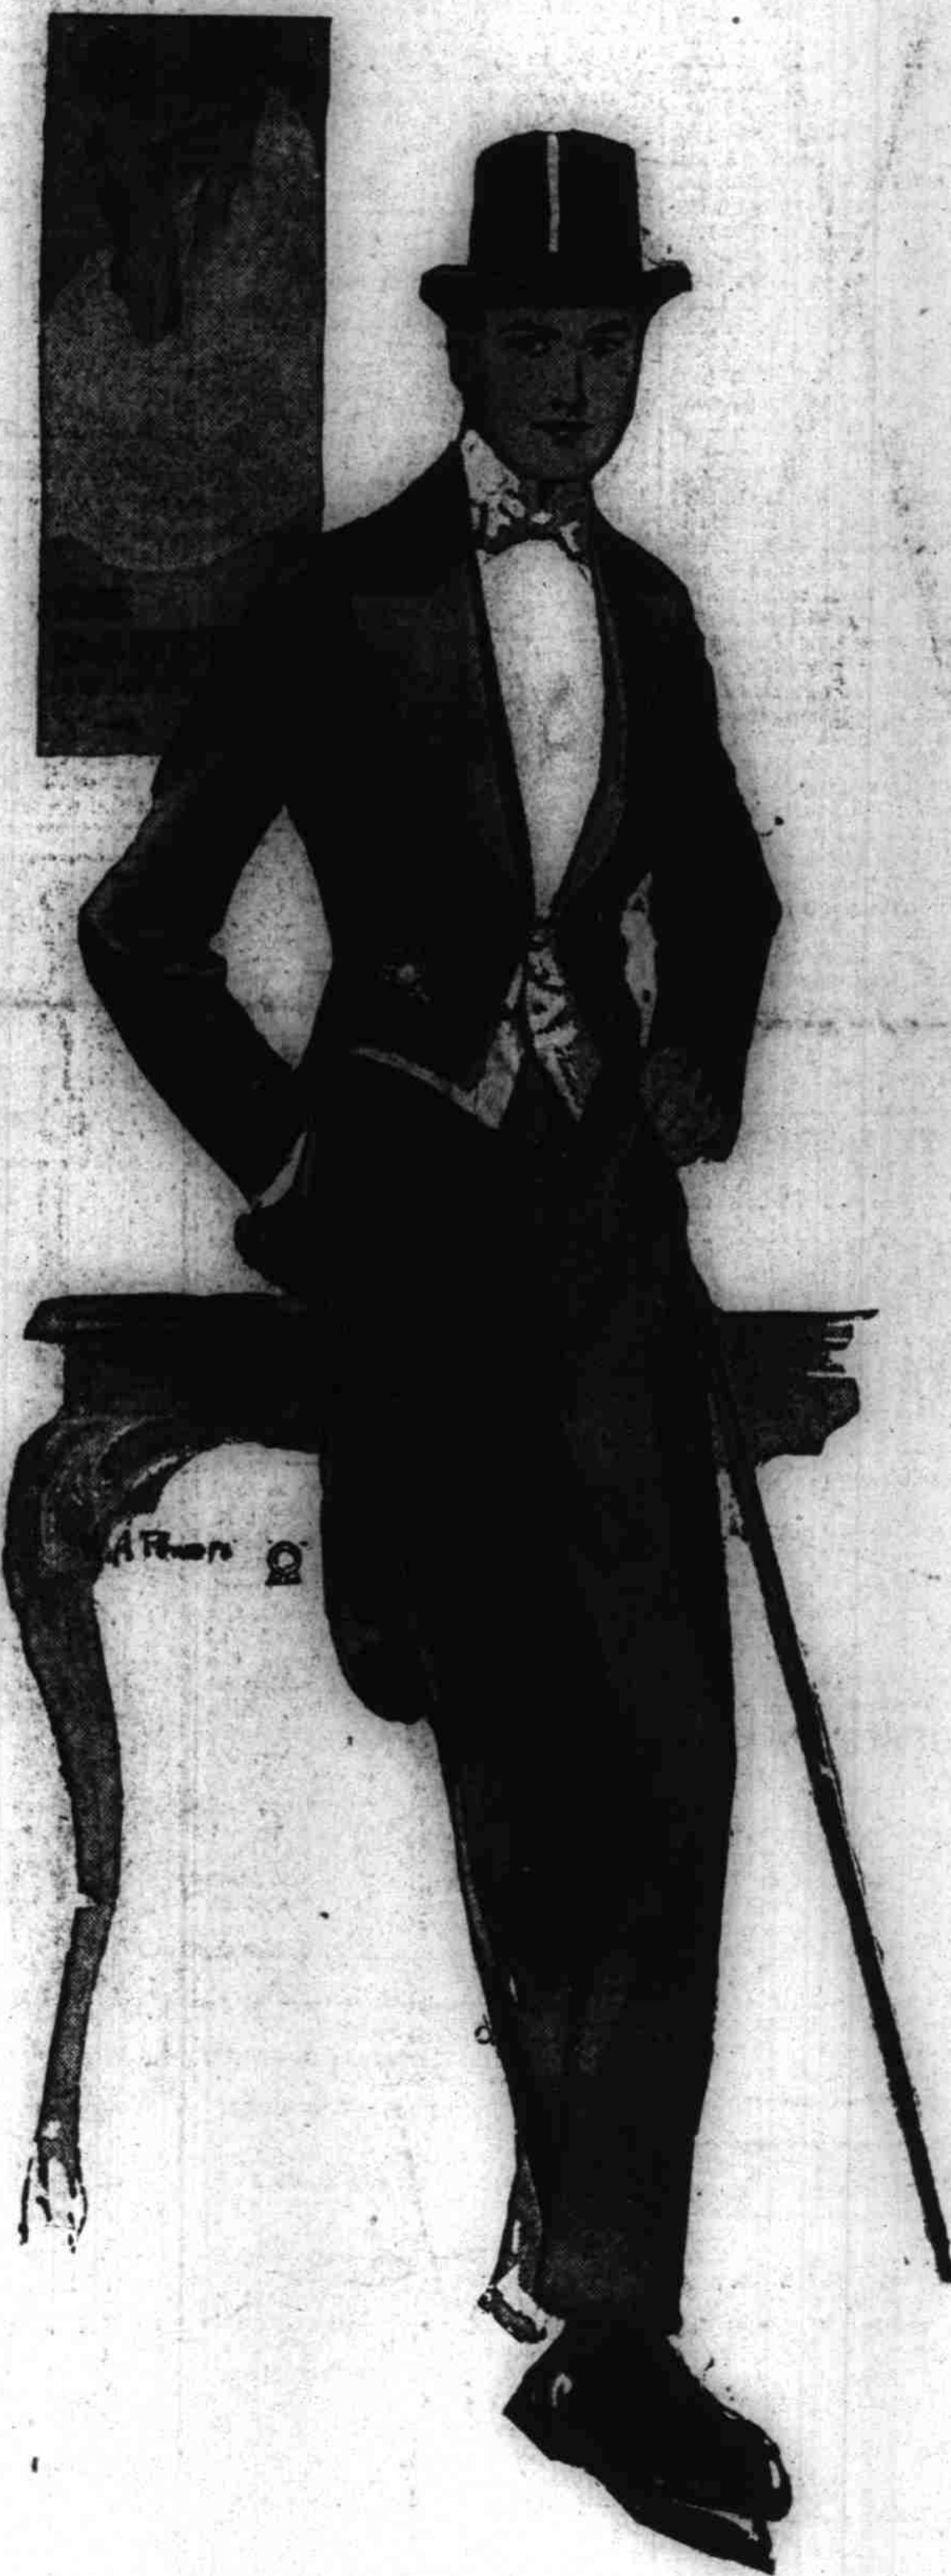

"And here is an aquarium ready to hand. The Hawaiian building is equipped with tanks, heating and cooling apparatus, and all the appurtenances of a modern aquarium. Those who have seen the fishes on display there have been greatly entertained and instructed."

"The Hawaiians say they will keep us supplied with all the fish we want to represent the strange and beautiful marine life of tropical waters. The state fish and game commission could easily keep up a supply to show to visitors the piscatorial possibilities of the waters of California."

"Placed in charge of the University of California this aquarium would become one of the most entertaining and instructive attractions of the city. It is ready to hand. It is offered as a gift. Why not preserve it?"

This morning the Standard Oil steamer Col. E. L. Drake sailed for San Francisco. She arrived Saturday with oil for the Standard's local plant.

# Now, among other things for your grown Boy—

hasn't he been  
wanting his first  
**Dress Suit?**

Of course he has, else he  
would not be a natural boy.

--Remember how you wished for  
your first evening clothes? --And  
how proud you were when you  
first wore them! --Or maybe  
you're still wishing for them be-  
cause you've been too busy to buy  
them.

—But don't prolong his waiting---  
---For the Christmas night festivi-  
ties, let him wear his Full Dress  
Suit, or Tuxedo.

We can render you most valuable assistance  
in choosing. We've helped so many young  
men that we know just what your boy will  
want.

There's a snap and style about the Dress  
Suits we sell that you won't find elsewhere.
