POSTMASTER TO WORK FOR EARLY ACTION

Realizes Need of More Commodious Quarters and Will Exert Influence in Capital

ANY OLD SITE WILL BE SATISFACTORY TO HIM

William F. Young Pleased With Sub-Station Suggestions of Chamber of Commerce

That Postmaster William F. Young has every intention of cooperating with the patrons of the local office by using his influence to hasten the selection of the federal site and the completion of the government building, was the statement made by him this morning. At the same time, he remarked that the matter of a new postoffice building rests with the treasury department and not with the postoffice department, and then cited the necessity of more commodious quarters for the Honolulu office in order that a service of higher efficiency might be given.

"You must bear in mind that I am not the one to select the site for either a new postoffice or a federal building," he said. "I can only use my influence toward securing early action in these matters. I am not acquainted with the present plans of the treasury department in this respect, and neither am I familiar with the contents of the report which was made by the government representative recently sent here. Any site for a new postoffice which may be selected by the government will be satisfactory to me. Regarding my suggesting a site, I think that is more than could be expected of me with my limited knowledge of the city."

"I do believe, however, that more commodious quarters should be furnished the Honolulu postoffice which would expedite the distribution and delivery of mails. It is now an impossibility to perform a satisfactory service with the present accommodations of the Honolulu office."

"I am now in communication with the Chamber of Commerce of Honolulu regarding the selection of a site for the proposed postal substations and I am confident that the selection made at a meeting yesterday afternoon of the committee on municipal improvements will be of great help to me and satisfactory to the patrons of the local office."

"The Chamber of Commerce has volunteered to furnish me with a map of the city suitable to designate routes for two additional carriers. Recommendations already have been forwarded the department in Washington for the appointment of one additional clerk. These will be followed by recommendations for two more additional clerks and for the authorization of two additional carriers."

"In case these recommendations are favorably acted upon, it will mean an additional clerk to handle Hawaiian mail in San Francisco, two additional clerks for the Honolulu office, and two additional carriers."

"Through the Star-Bulletin, I want to thank the people of Honolulu and the patrons of the local office for the interest which they have shown in the proposed improvements, and I assure the public that I will give every suggestion proper consideration and do all in my power to improve the postal service in Honolulu."

A regular meeting of the Kaimuki Improvement Club has been called for tomorrow night, at which time Mr. Young will be present to lead a discussion regarding a site in Kaimuki for one of the proposed postal substations.

ATTORNEY-GENERAL TO ATTEND TO SEVERAL MATTERS ON HAWAII

With several matters awaiting his attention in Hilo, Attorney-General Stanback sailed on the Mauna Kea this morning.

He expects to be back next Tuesday.

The opening of Front street, the trial of the Waikahakiaheki boundary suit, and the location of the proposed new Hilo cemetery are matters that will be disposed of while he is in the town.

All of these three matters are of considerable interest to Hilo residents, and a few have been "hanging fire" for quite a while. The cemetery site has been virtually settled and will be, as it is now planned, on property at present owned by the Bishop estate within a short distance of the town.

The attorney-general will also represent the territory in a water rights suit, and G. K. Harrison, engineer in charge of the United States hydrographic survey work in the islands, accompanied him in the capacity of a witness.

The Matson Navigation steamer Mauna Kea has 344 tons of mainland cargo for discharge at Kahului, Maui.

HOUSE AGAINST SALARY SLICE FOR LOCAL MEN

Senate of Opinion Governor and Secretary Might Worry Along on Little Less Coin

By C. S. ALBERT.
[Special Star-Bulletin Correspondence.]

WASHINGTON, D. C., June 17.—Pending a renewal of activity in the matter of handing out federal patronage in Hawaii the proposed slicing down of salaries for the governor and territorial secretary has attracted some attention. The matter hangs on the difference of opinion entertained by the senate and house. The senators believe the governor or should worry along with a thousand a year less, while the secretary must economize to the extent of \$500. Representatives hold to the contrary. The final adjustment will be fought out by the conference committee and approved when completed by each branch of Congress.

As an indication that great interest is being manifested in the subject by the folk back home, Vice-president Marshall brought the subject up in the senate. He presented this cablegram, which was read and referred to the committee on Pacific Islands and Porto Rico.

"President Senate and Speaker House, Washington.
"Board of Trade of Hilo earnestly remonstrates proposed reduction salaries governor and secretary. Present salaries inadequate. Should be increased. Reduction means only rich men can afford hold these offices."
"METZGER, President.
"DEYO, Secretary."

The communication came from the Hilo Board of Trade.

This reference was purely perfunctory and means nothing. The committee on appropriations has recommended the reduction, which was approved by the senate.

CYRUS GREEN IS CONVICTED AND HEAVILY FINED

Candidate for United States Marshal Declared Guilty of Illegal Liquor Selling

Cyrus T. Green, candidate for the position of United States marshal and a man of whom it was said a few weeks ago that he had the personal backing of a large number of senators and representatives in Congress, was this morning convicted in police court of illicit liquor selling.

Following his conviction on the charge of running a "blind pig" in the vicinity of Fort Ruger, Green was given a heavy fine by District Magistrate Monsarrat. "You are found guilty of illegally selling liquor in the vicinity of a military post," declared Judge Monsarrat in passing sentence, and thereupon clapped on a fine of \$200 and costs, the latter being \$5.50.

The case has been hard fought both by prosecution and defense, and Deputy Attorney Brown's strong marshaling of an array of damaging facts held by those following the case to have won for the government. In working up the case he had the assistance of License Inspector William P. Fennell, who caused the arrest last Wednesday afternoon and who brought forward to give evidence a number of soldiers.

Green runs a store on the outskirts of the military reservation and complaints have been made that he was selling illicit liquor. Fennell's investigation resulted in the swearing out of the warrant.

Green's defense, vigorously conducted by Attorney A. L. C. Atkinson, was that the case was the result of a conspiracy among soldiers who owed him money and who were thus trying to get out of it. A bill introduced by the prosecution was held to be damaging evidence of the sale of liquor. Throughout the trial Green stoutly maintained his innocence of any wrongdoing, declaring that he was the victim of circumstances.

The fine imposed by the judge this morning was heard of with gratification by the police and county authorities. It is felt that it is heavy enough to serve as an example to illicit liquor sellers.

Incidentally, Green's business address is on Monsarrat avenue.

Ft. Shafter Officers May Get The Bungalow Type of Quarters

FRONT ELEVATION.

Lieutenant-Colonel B. Frank Cheatham Has Prepared Plans For Tropical Abode

The bungalow type of quarters for army officers, an innovation in the service, will probably be constructed at Fort Shafter in the near future, when the permanent post is enlarged from battalion to regimental strength. The sturdy civil bill carries half a million dollars in round numbers for barracks and quarters at Fort Shafter, and as soon as this is available, work will be rushed to completion.

At the present time, the 2nd battalion, 2nd Infantry, occupies the permanent barracks, while the 1st and 3rd battalions are in cantonment quarters, separated from the main post by a deep gulch. The plan is to build two new barracks, to accommodate a battalion each, and 28 sets of officers' quarters, which, in addition to the commodious quarters in the old post will provide suitable homes for all the regimental officers. The site of the new barracks has not been definitely decided as yet, although it is believed that they will be located mauka of the main road and Waikiki of the present quartermaster storehouse, near the coral. The officers' quarters will be laid out in a wide loop, back of the present line, and extending as far as the Damon property.

POLITICS INTERFERES WITH LABORS OF HARBOR BOARD

The board of harbor commissioners, ceased from the labors of a meeting for a few moments yesterday to "do politics."

It all came about when a letter was read from the wharfinger at Hoopuloa, who, having occasion to tell the board about some paint and cement which he has lying idle, took the opportunity to urge the board to provide work for some of the unemployed "voters."

"The letter should, by right, be sent into the Democratic and Republican committees," remarked Commissioner James Wakefield.

It reads as follows: "I have in my possession four cans of paint and six bags cement lying in the warehouse. I don't know what to do with it so I am asking you. This better time for 'repairing' or to do some little work to make these people happy. You know election is drawing near. The voter wants a job so our candidates will pull through this year. So I think you will look the matter into and decided earnestly, or if you wish me to go down to Honolulu and talk the matter over, I will do so."

"I have just received a cable from San Francisco informing me that has been corpus proceedings have been instituted on behalf of Miss Mary Feraz, and my permission has been asked to allow the girl to remain with her brother pending the proceedings," stated Judge Whitney of the circuit court this morning.

The girl was to have been put in a detention home here. She, however, took the Sierra as a steamer passenger, and was arrested in San Francisco on cable information sent to the police there by Judge Whitney. She informed the San Francisco officers that her brothers here had bought her ticket for her, and that she had left her home because of her dislike of her stepfather, M. C. Martin.

It is not likely that she will be brought back. Judge Whitney says he is only concerned in seeing her in safe hands.

TIDY SUM IS CLEANED UP IN POLO GAME

\$200,000 Is Gate Receipt for Two Days' Play—Over-Eagerness Blamed for Loss

[Associated Press service by Federal Wireless.]

MEADOWSBROOK, N. Y., June 16.—Over-eagerness to win lost the American team the second game of the international series yesterday. So much was at stake that the players took desperate chances toward the last of the game, and for brilliancy the American combination of yesterday has probably never been equaled. In the opinion of polo experts from both sides of the Atlantic, the game was the greatest ever played in any country. England was penalized one goal for fouling, while the American team was set back 2 1/2.

It is announced today that an American team will challenge next year.

Receipts of the two games aggregated \$200,000.

STACKABLE GOES TO COAST FOR HIDALGO PROBE

Former Collector of Customs Will Represent Local Stockholders in Investigation

E. R. Stackable, whose position as collector of customs was relinquished in order that President Wilson, and Secretary McAdoo might name a mainlander, will leave for the coast next Friday, but not to remain. He expects to maintain his home in Hawaii and his trip to the coast is as a representative of the local stockholders in the Hidalgo rubber company.

The company's involved affairs have been the subject of investigation here and it was voted to send a representative to the coast, the choice of the man being left with the investigating committee. Mr. Stackable was chosen and will sail on the Sonoma next Friday. He does not expect to be gone many weeks.

Local stockholders have something like \$850,000 sunk in Hidalgo and now the question is how they are going to get it out.

[Associated Press service by Federal Wireless.]

MAZATLAN, Mexico, June 17.—The Constitutionalist gunboat Tampico was sunk in 20 fathoms of water by the Federal gunboat Guerrero today after a four-hour engagement.

The cruiser New Orleans and the destroyers Preble and Perry saved many of the men from the Tampico from drowning and gave surgical aid to all the injured.

The results of this water engagement leaves the Guerrero as the sole water-going representative of any section of the Mexican political parties in Pacific waters.

[Associated Press service by Federal Wireless.]

GEORGIAN IS HELD FOR LACK OF PAPERS

On her maiden voyage to the Hawaiian Islands, the American-Hawaiian freighter Georgian was detained at quarantine for a number of hours following its arrival from Puget Sound ports this morning, the cause being assigned to an alleged failure upon the part of the officers to secure the necessary health documents before clearing from Seattle. The matter was straightened out this afternoon, and the Georgian was brought to a berth at Pier 19, where about 1000 tons of general mainland cargo will be discharged.

One principal item in the shipment brought to the islands in this vessel were 35 head of cattle and horses and 400 head of hogs.

The Georgian has been employed in the Pacific for about three years. The vessel has been engaged on a run between Salina Cruz and San Francisco and Seattle since coming into the western ocean. Modeled much along the lines followed in the Kentuckian, the Georgian has a capacity for about 8500 tons of cargo. It is the intention to dispatch the vessel for Port Allen, Kahului and Hilo on Saturday, the steamer to leave the latter port for Delaware breakwater on June 29. Captain C. M. Nichols, former master in the Columbian, is in command of the Georgian.

GIVEN SWIMMERS SAILING TODAY

Honolulu gave a rousing send-off this morning to the crack swimmers of two clubs who will compete for Hawaii in the San Francisco championship events on July 4.

Laden with leis and shaken by hundreds of cordial hands, the Hui Nalu and Healanu water-men boarded the Wilhelmina at 10 o'clock, together with President Rawlins of the former organization and Trainer Harvey Chilton. A big crowd was at the dock to see the boys off and they were assured of the support of the "home folks."

Duke Kahanamoku, Clarence Lane, Lukela Kaupiko, the veteran Mark Bertelmann, Richard Holstein and Freddy Wilhelm are the Hui Nalu entries. The Healanu are sending George Cunha, Walter Grace, Harold Kruger, Allen Cunha, and Frankie Kruger. The Kruger boys are the youngsters so far as inter-club competition is concerned as well as in years.

Rawlins will manage the trip and Chilton, who is the Hui Nalu trainer, and a very capable one, will also look after the Healanu boys.

"We'll win if we can," says Rawlins.

The expedition, which is in charge of one Captain Munn, who has served in South Africa, who was in the Klondike rush, and who has been in the Arctic four times, confidently expects to find some gold. He is being assisted, so that even if no gold is found there will be no loss. The prospectus states that the trade returns alone, with the moving picture rights, will make a profit of \$50,000, or 20 per cent on the preferred stock. Captain Munn purposes to establish his base at Pond's Inlet, in Baffin Bay, and to establish relief posts at Melville Island for the Stefansson expedition. Visits will be made to Knud Rasmussen's base at Meteorite Bay and to the base selected by the McMillan expedition to explore Crocker Land.

The 17-day tour of Hawaii announced from San Francisco with the departure of the Oceanic liner Sierra from the coast on June 23, is meeting with much favor with tourists, according to report received today through the agency of C. Brewer and Company. Inquiries have been received from a score of prospective passengers. The tour that includes a round trip to Honolulu, covering expenses at hotels in this city, Hilo and at the volcano, with auto drives to the Paoli, Punchbowl and around Diamond Head are inducements which are said to meet with the approval of the traveler. The party now secured at San Francisco is due to return to the coast in the Sierra arriving there on July 10.

HOME COMFORTS MUCH ACTIVITY AT JAPANESE YARDS

An opportunity for an Arctic exploration trip under the most comfortable circumstances, with none of the hardships one is accustomed to associate with the great white spaces, will shortly be offered to prospective adventurers at the cost of \$1000 apiece.

The Arctic Gold Exploration Syndicate, Ltd., proposes a four months' passage next summer, with a fine chance for hunting. "Each passenger will be allowed one polar bear, one seal, one walrus, two musk ox, one wolf and two white fox, which he must shoot himself." To make it easy and comfortable for all of the polar explorers, the ship will be fitted with electric lights, bathrooms, with hot and cold water, a competent ship's doctor and a selected chef, as well as "a supply of cigars and tobacco, wines, spirits and mineral water of the best brands and qualities." In fact, the company expects to help finance itself with the revenue from the cigars and wines, together with the passage money, and so no one will be allowed to have any private stock in his own cabin. In addition to all these other comforts, a good library, a piano and a gramophone are promised, as well as early tea, breakfast, luncheon, tea, dinner and supper. "So all an explorer will have to do after luncheon will be to go to the gun rack, select whatever bore rifle he likes and wander out for a pot shot at a walrus or polar bear and then come back to eat the three or four remaining meals of the day."

The real purpose of the expedition is to search for alluvial deposits of gold in Baffin Land. About a quarter of a century ago, an able seaman named Charles Smith was sent ashore from a whaler on the coast of Baffin Land to find fresh water. Whether he found the water is not revealed in the prospectus, but it is said he picked up two nuggets, and later a canny Dundee jeweler gave him \$5 each for them. Smith gave a merchant named Browning, of St. John's, Newfoundland, a map showing where he found the nuggets, and Mr. Browning at the time made some notes on the man's statement.

The expedition, which is in charge of one Captain Munn, who has served in South Africa, who was in the Klondike rush, and who has been in the Arctic four times, confidently expects to find some gold. He is being assisted, so that even if no gold is found there will be no loss. The prospectus states that the trade returns alone, with the moving picture rights, will make a profit of \$50,000, or 20 per cent on the preferred stock. Captain Munn purposes to establish his base at Pond's Inlet, in Baffin Bay, and to establish relief posts at Melville Island for the Stefansson expedition. Visits will be made to Knud Rasmussen's base at Meteorite Bay and to the base selected by the McMillan expedition to explore Crocker Land.

The 17-day tour of Hawaii announced from San Francisco with the departure of the Oceanic liner Sierra from the coast on June 23, is meeting with much favor with tourists, according to report received today through the agency of C. Brewer and Company. Inquiries have been received from a score of prospective passengers. The tour that includes a round trip to Honolulu, covering expenses at hotels in this city, Hilo and at the volcano, with auto drives to the Paoli, Punchbowl and around Diamond Head are inducements which are said to meet with the approval of the traveler. The party now secured at San Francisco is due to return to the coast in the Sierra arriving there on July 10.

'BILL' SHELDON MAY ENTER RACE FOR SHERIFF

Attorney W. J. Sheldon has been approached by some friends among Republican party workers, asking him to consider the advisability of running for sheriff of the city and county of Honolulu. He admitted this morning that with a certain degree of encouragement the suggestion would be seriously considered.

Bill Jarrett Sheldon, once known as "Eagle-eyed Bill," lays claim to no little experience as a conservator of the peace. He was a deputy sheriff of Wailuku and of Lahaina, Maui, Waianae, Oahu, and Waiman, Kauai. He distinguished himself under the moonrhy by the capture of the schooner Henrietta with more than a ton of opium. For the past five sessions of the legislature, "Bill" was one of the representatives of Kauai. He has since removed to Honolulu.

BERT BOWER'S CAR IN WRECK -SUNDAY EVENING

G. A. (Bert) Bower is alleged by A. Farber, the traveling representative of a coast manufacturer, as the cause of extensive damage to automobile number 1650, a new machine that had been in commission but a few days when wrecked on Kalakaua avenue at 3:30 o'clock Sunday night.

Special Officer Perry, who made an investigation of the accident reports that Farber was proceeding in the direction of Waikiki when he approached machine number 1650, employed by Bower in the rent service, with Paul Beyer at the wheel, and Bower, two sergeants from Lihue and two women as passengers.

Officer Perry says that the car, containing Bower and the party was traveling over the road in a decidedly erratic manner. Farber, who was conveying a Japanese man and woman servant to the home of H. Smith, started to pass the Bower machine, when at a point on the highway where the parking of Kalakaua avenue terminates, Farber alleges that the forward car crossed in his pathway, resulting in a collision, that damaged car number 1650 to the extent of a twisted frame, broken running gear and a wrecked fender and radiator.

The left front wheel of car 1650 is reported by Perry to have caused some damage to the fender of the Bower car.

Officer Perry took the statements of the drivers as well as passengers of both cars.

It was stated this morning that Bower anticipated instituting a suit for damage.

DEATH OF MENELIK NOT ADMITTED BY ANY OF SUBJECTS

[Associated Press]
LONDON, June 16.—The mystery of Menelik, the emperor of Abyssinia, whose death has been reported innumerable times, only to be denied, remains unsolved. W. Thesiger, British minister to Abyssinia, has reported that even in Addis Ababa, the capital of Abyssinia, the facts are still unknown. No one will admit that the emperor is dead and outside the palace there is complete ignorance on the subject.

The diplomatic corps has been unable to get at the truth; all the ministers can say is that they have not seen Menelik for years. The general belief is that the emperor's embalmed body lies in the innermost room of the Gebel.

The capital is, however, completely tranquil and it is believed that no danger to foreigners is past.

Mr. Thesiger has just completed a three months march along the Abyssinian frontier of British East Africa to inquire into the wounding of two British officers by traders. He was accompanied by an Abyssinian escort over 100 miles of lava strewn plain where 38 camels had to be employed to carry water for the caravan. The party marched to Nalrobi, a total distance of 1116 miles.

LOCAL AND GENERAL

The following petitions for naturalization as citizens of the United States were filed in the office of the clerk of the federal court yesterday afternoon: Daniel Michael Cummins, a woodworker, born in Cork, Ireland; Manuel de Colto, a machinist, born in San Miguel, Azores.

Deputy Marshal David Sherwood yesterday afternoon arrested a Korean woman who, with a Korean man, is charged with having committed a statutory offense. The man is yet to be arrested and, following his apprehension, the couple will have a hearing before United States commissioner George Davis.

After almost three weeks of trial, the \$50,000 suit of George E. Ward for personal injuries sustained while an employee of the Inter-Island Steam Navigation Company was completed this morning, as far as the introduction of evidence goes. Tomorrow morning the instructions to the jury will be agreed upon, the jury instructed and left for their verdict. Ward took the stand this morning again and testified to the mechanical equipment of the machinery on which he was engaged when injured.

Personal Mentioned

GOVERNOR PINKHAM was not in his office except for a few minutes this morning. He is occupied at his home in preparing an address which he will deliver tomorrow afternoon on the roof garden of the Young hotel under the auspices of the Chamber of Commerce.

MRS. C. C. KENNEDY of Hilo was a departing passenger on the Wilhelmina today, leaving for the Coast upon receiving a cablegram with the sad news of her father's death. She had planned a trip to the mainland and possibly abroad and her arrangements were hastily changed by the news received by cable.

ODA J. PICKLE, who has made many friends here during his management of the Federal Wireless Service in the islands, sailed for the coast on the Wilhelmina this morning. He is leaving the wireless field to become associated with a large trust company in Texas.

S. B. MADDAMS, who today became manager of the Federal Telegraph Company in the Hawaiian Islands, is a veteran wireless man and has spent the last five years in Hawaii. He started his work in England, was later in charge of a wireless station at Victoria, Vancouver Island, then chief of the United Wireless station at San Francisco and then spent a year on steamers of the Matson Company to familiarize himself with every detail of marine work. He then was put in charge of the wireless work of the Mutual Telephone Company at Kahuku, where he remained for three years. Leaving the Mutual Company to go with the Poulsen wireless people when the Federal Telegraph Company entered Hawaii, he has been at the Heela station for two years. He now takes charge of the work in Hawaii, his headquarters being at the Alakea street offices.

REWARD OF \$50 OFFERED FOR THE DOPE ON RITCHIE

Wife of Escaped Prisoner May Also Have Succeeded in Eluding the Police

A reward for information pertaining to the whereabouts of R. J. Ritchie, alleged to be the Seattle, Washington, authorities to be an embezzler, was today made public by Detective Sergeant McNamee who, now in this city, had intended to return to the north Pacific coast in company with Ritchie and A. Deputer in the Wilhelmina this morning.

"I have been instructed to offer \$50 for information that might lead to the recapture of Ritchie," said McNamee this morning.

The Seattle officer does not propose to give up the quest for Ritchie until he has personally investigated each possible avenue of escape from the island.

Has Mrs. Ritchie, charged by the police in aiding and abetting the sensational escape of her husband from the city for parts unknown, in the Sunday night, succeeded in eluding the vigilance maintained by a large force of police and detectives and left the city for parts unknown? Is the question asked by the police today, following unsuccessful efforts to locate the woman.

At the arrival of the Canadian-Australasian liner Marama from Vancouver and Victoria this morning two officers were immediately stationed at the forward and after gangway. They have been instructed to maintain this position until the vessel is far from the wharf and well into the channel.

GERMAN CANAL COMPLETED IN PRESENT MONTH

[Associated Press]
BERLIN, June 15.—It is announced that the five years task of deepening and widening of the Baltic-North Sea canal so as to accommodate the largest battleships will be practically completed by "Kiel Week," the latter part of this month.

The locks at two ends, which do not raise the water level, but simply serve to prevent tidal currents, have been greatly enlarged and now exceed the dimensions of the Panama locks.

The new width of the canal is 323 feet, and its depth 36 feet. At four points the width will be such that the largest warships can easily turn around in it and reverse their course, thus enabling them to obey any sudden change of orders.

ORGANIZED BAND OF CHAUFFEURS ENTICING YOUNG GIRLS IS CHARGE

A serious charge, said to be the outgrowth of a thorough investigation, has been made by the Hawaiian-Japanese Daily Chronicle against certain taxicab and automobile drivers in Honolulu which, if called to the attention of the proper authorities, may result in a score or more of arrests. The Chronicle alleges that a large number of these chauffeurs have banded themselves into a hui for the purpose of enticing young girls into lives of shame, and that in many instances they have been successful.

When the office of the Chronicle was visited this morning, two of the members of the staff admitted that that publication was making an investigation in this respect, but were not inclined to make known the contents of any articles published regarding the matter. A translation of an article appearing in the Chronicle of June 15 says in part:

"According to what the Chronicle has learned, these chauffeurs first telephone to the girls and induce them to go by automobile either to Moanalua, Pacific Heights or the Nuuanu Pali. After they arrive there, the chauffeur demands that the girl accede to his immoral persuasions. If she refuses, she is left there and the chauffeur returns to town. But the majority of these girls, we learn, of the ages of 16 and 17 years, are afraid of being left alone in these places, and their fear causes them to yield to the demands of the chauffeurs."

HAWAII AND THE ANTI-TRUST BILLS

Hawaii is definitely included within the scope of the Wilson administration's anti-trust bill. A question raised here several months ago when the series of free bills was introduced is answered by the report of a recent debate in the House of Representatives.

On May 26 a lively debate took place in the house, during which the Democrats staunchly defended the anti-trust bills and made several explanations of doubtful points. The debate shows that the principal anti-trust measure has been changed since the legislation was first introduced. The amendment now before the house begins in this way:

"Be it enacted, etc., That 'antitrust laws,' as used herein, includes the act entitled 'An act to protect trade and commerce against unlawful restraints and monopolies,' approved July 2, 1890; sections 3 to 7, inclusive, of an act entitled 'An act to reduce taxation, to provide revenue for the Government, and for other purposes,' of August 27, 1894; an act entitled 'An act to amend sections 73 and 76 of the act of August 27, 1894, entitled 'An act to reduce taxation, to provide revenue for the Government, and for other purposes,' approved February 12, 1913; and also this act.

"Commerce," as used herein, means trade or commerce among the several States and with foreign nations, or between the District of Columbia or any Territory of the United States and any State, Territory, or foreign nation, or between any insular possessions or other places under the jurisdiction of the United States, or between any such possession for place and any State or Territory of the United States or the District of Columbia or any foreign nation, or within the District of Columbia or any Territory or any insular possession or other place under the jurisdiction of the United States.

The word "person" or "persons" wherever used in this act shall be deemed to include corporations and associations existing under or authorized by the laws of either the United States, the laws of any of the Territories, the laws of any State, or the laws of any foreign country.

The words printed above in black type shows that under the amended bill Hawaii, as a territory, is distinctly included in the scope of the measure and that business within the territory will be subjected to the scrutiny of the federal officials to determine whether or not trusts are existent here.

The discussion of the interlocking directorate bill brought out some points of direct importance to large businesses in Hawaii. For one thing, the mere fact that a man is a director in many large corporations simultaneously will be no proof of law violation. Interlocking directorates are only illegal when the affected corporations by combination violate the law.

Representative Charles C. Carlin of Virginia, one of the leaders of the judiciary committee, gave the following explanation of this point:

"As to interlocking directorates, I have pointed out one evil that comes from them. That is not all. The director sits on the great railroad corporation directorate and buys supplies from himself. He is a fiduciary, for that is all a director is. He sits on the one board and buys supplies for himself from the other corporation upon whose board he sits, until we find him buying and selling to himself, and we are big enough not to object to that, if it were not for the fact that he is doing it with other people's money, and so we put a provision covering that into the bill. We divided this interlocking directorate bill into three subdivisions, —first, the railroads and the common carriers, over which Congress has undisputed jurisdiction; second, national banks, over which we have undisputed jurisdiction; and, third, industrial corporations and combinations. We have exempted the little fellow, the mutual savings bank, and we have gone to the limit of two and a half million dollars in other banks. When a bank gets to be the size of two and a half million dollars it is pretty well grown, and when you get them into a combination the opportunity for evil is very great.

Mr. GRAHAM of Pennsylvania. "The gentleman does not mean that the two million and a half exemption has any application to the industrial corporations?"

Mr. CARLIN. "Oh, no; we apply an entirely different rule to the industrial corporations. A man can be a director in as many industrial corporations as he pleases under our bill, unless those corporations would of themselves constitute by combination a violation of the Sherman law."

The general purpose of the legislation is thus stated:

"We have supplemented the language of the (Sherman law) statute and taken a forward step. We have gone forward, not backward. The Sherman law in its operation is limited to three things: First, a contract or combination in the form of a trust or otherwise; second, a conspiracy in restraint of trade; third, an attempt to monopolize. There is nothing about

competition in the Sherman law to bring anyone under either its civil or criminal process.

"Under this bill there has to be only a lessening of competition. Competition may be lessened without restraint of trade. Competition may be lessened without attempt to monopolize. Competition may be lessened without conspiracy. It may be the natural effect of the pulling together in close relationship through a holding company of two corporations that are natural competitors, or ought to be. Yet there would not be restraint. So, instead of subtracting from the Sherman law, as the gentleman has told the country, we have added to the Sherman law a most effective rule, by which the actions of these combinations in the future may be determined; but still, with due regard to the gentlemen who have come to love the Sherman law, we have left it intact, and have said by an express provision of our bill that nothing in our bill shall be construed to alter, amend, or repeal the Sherman law. It is as effective now as it has ever been."

PUTTING IT UP TO THE CANDIDATES

The Ad Club has hit upon an excellent idea —to invite before it candidates for various political offices at the coming election and to ask them for an expression of views on problems now before the people.

This plan is exactly in line with what the Star-Bulletin has been advocating—a demand by the voters that candidates be required to show that they have some definite ideas on municipal or territorial government. At every election since the territorial form of government was established men have been elected to local office on a platform of flubdub and flowery generalities — and when in office have proved miserable failures. But this is true less and less as each election passes and the failures become apparent. One of the splendid possibilities of the new direct primary law is that candidates can no longer rely on the Glorious Record of a Grand Old Party, or the Sterling Virtues of the Jeffersonian Organization to boost them into nominations for the purely local offices which have nothing to do with national parties. At the primaries every man, if the voters will only demand it, must stand or fall by his own personal worth, ability and character and his own personal willingness to be of service to his city, his county and his territory.

Under these circumstances it behooves every candidate to work out some definite platform ideas. He will run on a party platform, it is true, but if he is worth electing he will be able specifically to interpret that platform to the electorate in terms of what he is going to do should he be successful at the polls.

The Ad Club numbers now about 600 members. An invitation to appear before it may justly be esteemed an honor by any candidate, and those who appear may expect to be asked some straightforward questions that should be answered in the same way.

MORE THAN PLEASURE JAUNTS.

Every lad sent by Hawaii to compete in clean sports on the mainland is pretty sure to be a better man for it, in character as well as in body. Young men such as the sturdy athletes who left today to take part in the San Francisco swimming races grow in pluck and energy as they maintain strict training and rigorous discipline to fit themselves for their strenuous competition. They carry with them the responsibility of representing Hawaii loyally and well, and experience in the past has shown that they live up to this responsibility. This year two clubs are sending teams to San Francisco, the funds being supplied mostly by the proceeds of entertainment and subscriptions. The trips of these teams and the cordial support given them by the people of Hawaii furnish a strong incentive for thousands of youngsters to engage in amateur athletics, with resultant recreation and physical and moral stability.

"Delegate Kuhio will run as a Republican" asserts one of his friends. The filing of his nomination will be awaited with some curiosity.

The Lahui party is reported to be out for a number of candidates, but the chances are it is out principally for itself.

Villa apparently would rather be a leader in war than second in command in peace.

British poloists can now give Sir Thomas Lipton a tip on how it's done.

ALUMNI OF PUNAHOU ACADEMY TO RECALL THEIR SCHOOL DAYS

Although the name of this institution has been changed to Punahou Academy, this fact will make no difference to the old grads of Oahu College, members of the alumni association, who will gather on the campus near Old School hall tomorrow afternoon to hold their annual meeting, elect officers for the coming year and recall former school days. The exercises will commence at 4 o'clock, and all members of the association now in Honolulu are requested to be in attendance.

Last year the alumni association was instrumental in securing the renovation of Old School hall, which is one of the first college buildings to be erected, and it has been deemed appropriate by the members that the exercises be held near this historic structure, which now forms an important part of the new academy. The program will include several interesting features, prominent among which will be vocal solos by Allan Renton and violin selections by John Gifford.

OFFICERS FOR COMING YEAR ARE NOMINATED BY ST. LOUIS ALUMNI

At a meeting of the members of the St. Louis College Alumni Association last Friday evening, the following nominations were made for officers to serve during the coming year: B. F. Hollinger, president; Paul Jarrett and C. P. Osborne, vice president; M. G. K. Hopkins and Joseph C. Leong, treasurer; H. Ahong Yin and A. J. Thevenin, recording secretary; Vincent Fernandez, Jr., financial secretary; C. B. Schraeder, J. C. Leong, George Dunn, Paul Jarrett, H. Lemke, M. V. Ferreira, Mark Ned, T. Pedro, C. H. Rose and C. P. Osborne, directors, four of whom are to be elected; and Manuel K. Cook, auditor.

Elections will be held the second week in July subject to the call of the president. Preparations for the annual reunion at the college grounds Saturday evening, June 27, are nearing completion.

—MAYOR J. J. FERN: I went around the island Sunday and did a little politics. I'll qualify in the primaries all right!

—J. J. SMIDDY: I still believe a local man will be made U. S. marshal. The duties of the office require that a man very familiar with the territory hold that position.

WELL-KNOWN RESIDENT IS LAID AT REST

Samuel A. M. Green, well-known employee of the Inter-Island company who passed away at his residence, 646 South King street, last night, will be laid to rest this afternoon, funeral services being held from Williams' undertaking parlors at 3 o'clock.

Stricken with apoplexy shortly after 5 o'clock last evening, Mr. Green passed away at 8 o'clock, never having regained consciousness following the stroke, which was unexpected and proved a great shock to his wife and family.

Mr. Green was a native of New England, coming to the territory when a very young man and entering the employ of the Inter-Island company in the capacity of purser, later occupying the position of freight clerk, filling the latter position up to the time of his death.

Deceased is survived by a widow, a son and a daughter.

POSTMASTER YOUNG TO MEET KAIMUKI PEOPLE

Postmaster Wm. F. Young intends to be present at the meeting of Waialae, Kaimuki and Palolo Improvement club tomorrow evening, when he will confer with residents of the district in attendance on the subject of establishing a substation of the postoffice there. One of the first announcements of policy made by the new postmaster was the creation of substations in populous suburbs with special mention of Kaimuki.

Mr. Young will be admitted to membership in the club as soon as the meeting opens, he having taken up his residence in the Daggett place on 12th avenue. The executive of the club wishes a full attendance of the membership as well as other residents of the triple jurisdiction, to hear the postmaster's views on the extension of the free delivery as well as the proposed substation. His intended presence not having been known when the notices of the meeting were issued, it is hoped that every member will exert himself to get the people out.

Massachusetts has more towns and cities of over 12,000 inhabitants than any other state in the Union. In 1910 there were fifty such cities and seventeen towns of city size. New York state, which contains about six times the area of Massachusetts, has but forty-two urban communities of over twelve thousand inhabitants, and Pennsylvania but forty-five. — Providence Journal.

Most interesting commencement ex-
ercises were held at the Honolulu
School for Boys on Monday afternoon.
This school, by the way, is becoming
celebrated for its charming entertain-
ments, and this one added more glory
to its already splendid record.The rooms were beautifully decorated
with red, white and blue pen-
nants worked artistically into a back-
ground of tropical plants of every de-
scription. One corner of the dining
hall was set off for the tea tables,
which were adorned with red and
white flowers representing the colors
of the graduating class. At one end
of the hall was the stage which was
banked in palms and ferns, while in
the center, suspended on gauze, was
a large silver "1914."The exercises took place in the
court yard where the queen sat in a
decorated box overlooking the same.
The speakers, faculty and guests of
honor sat in a lovely pergola which
stands in the court yard, while the
audience took positions on the lawn.
The following program was given:
Songs..... Hawaiian Glee Club
Polk Dance..... Little Boys in Costume
Speech..... Judge W. L. Whitney
Presentation of Diplomas.....
Judge Sanford B. Dele
Military Review..... Company AAt the conclusion of the program
a matinee dance was held. The Royal
Hawaiian band and the Hawaiian or-
chestra alternately furnishing most
inspiring music. Later in the after-
noon, delicious refreshments were
served.A large and lovely wedding took
place last Monday evening at 8:15 at
St. Andrew's cathedral when Miss
Carrie Ellison James became the bride
of Mr. Owen Thomas Webber. The
ceremony was performed by Canon
Auld in the presence of several hun-
dred relatives and friends.The bride wore a lovely white robe
de chine gown, trimmed with point
lace and made in train. Her beautiful
long tulle veil extended to the end of
her train, falling in graceful folds,
which it was caught with orange bloss-
oms.Miss Ethel James acted as maid of
honor for her sister and looked charm-
ing in a sea-green tulle gown. The
bridesmaids were Miss Kathleen and
Miss Bonnie Walker who were gowned
in beautiful creations of pink and ap-
ricot yellow tulle.Mr. Webber was supported by Dr.
Leonard Newton Case as best man,
while Mr. Frank James, Mr. Patrick,
Mr. W. Roseman and Mr. Percy Not-
tage acted as ushers.The wedding cake was an ex-
ceptional one, prepared by Mr. Werner
Smith, son of Mr. Jared G. Smith, be-
ing cross-bearer.Mr. and Mrs. Webber left yester-
day on the Makura for British Colum-
bia. From there they will journey
straight across to Europe where they
will spend their honeymoon.On last Wednesday evening, Mr.
and Mrs. J. O. Young celebrated their
twenty-fifth wedding anniversary by
being hosts at a very enjoyable sur-
prise party. After congratulations
and good wishes had been expressed
by the guests, an impromptu musical
program was given which was most
interesting. Delightful numbers were
furnished by Mrs. Charles Weight,
Mrs. E. A. Mott-Smith, Miss Kulu-
manu Ward, Mrs. D. Howard Hitch-
cock and Mr. Arthur Wall. Mr. Mott-
Smith made an excellent congratulatory
speech which was enthusiastically
applauded by the other guests.
Later in the evening, a delicious sup-
per was served.

ing offered tonight for the benefit of
the new Catholic church, the Sacred
Heart chapel, near Punahou. A num-
ber of the leading musicians of Hono-
lulu will appear, among them being
Mrs. Bruce McV. Mackall, who will
sing a number of splendid selections.
Mrs. A. G. M. Robertson, who will
sing three exquisite little songs; Mr.
W. A. Love, who will contribute a vi-
olin solo; Mr. Arthur F. Wall, who will
sing, and Mr. Carlos Caceres, who is
down for several piano solos.Mrs. D. Howard Hitchcock will act
as accompanist. The musicale is to
raise funds for the furnishing of this
new chapel. The excellence of the
program and the prominence of the
artists whose names appear thereon
are enough to assure the success of
the affair.A number of young society girls of
Honolulu will act as ushers and will
pass the baskets for the contributions.The program has been arranged and
supervised by Mrs. Robertson and con-
siderable credit is due to her for the
excellence of the same.Mrs. Bessie Abbott Howland, the
prima donna who has been visiting the
islands for the past two months,
left on the Wilhelmna today. While
here she has been collecting material for
an opera, and she is returning to
New York to complete the writing of
the American-Hawaiian part which she
has contracted to do.Mrs. Howland stated that she en-
joyed the Hawaiian music very much,
although it did not date back as far as
she had expected. The chant and the
peculiar Hawaiian vodie were the only
forms which she found to be original
to the people themselves. The other
forms are of course based on the mod-
ern music introduced here by the mis-
sionaries.On last Friday evening, Mrs. Wil-
liam McIntosh Graham was hostess
at a masquerade party for the young-
er members of her dancing class and
a number of other children of the
neighborhood. Costumes of every im-
aginable sort were there, both beau-
tiful and comic, and ranging all the
way from prince to pauper. As is
the usual case with masquerades, a
gay and intensely exciting evening was
enjoyed. Dancing was participated in
by all present and the latest steps
were very popular with the young peo-
ple. Later delightful refreshments were
served, bringing a very merry even-
ing to a close.News has just been received of the
marriage of Miss Clarissa Constantine
Tinker to Mr. Alfred John Cottrell in
San Francisco on Wednesday, June

ker left Honolulu with her mother,
Mrs. Annie Tinker, on the Matsonia,
sailing June 3, arriving in San Fran-
cisco on the 9th. Here Mr. Cottrell
was awaiting her and the marriage
took place on the day following.Mrs. Cottrell is a native of Hono-
lulu and has a great many friends
here, while Mr. Cottrell is in business
in Toronto, Canada.Miss Florence Ballou was the
complimented guest at a very enjoy-
able dancing party last Saturday eve-
ning given at the Whitney place at Ka-
alawai by the Misses Seabolt. The
guests included many of Miss Ballou's
classmates who, like herself, after re-
ceiving their Punahou diplomas next
Saturday night, expect to depart later
in the summer for eastern colleges
and finishing schools.A good food, splendid music, and
delicious refreshments made the even-
ing a very pleasant one.
Prof. and Mrs. Arthur L. Dean, withtheir two children, arrived from the
coast on the Ventura Monday morning,
and are at present guests at the
Pleasanton hotel. Mr. Dean is the
new president of the College of Ha-
waii, and in her role as wife of the
president Mrs. Dean will doubtless
take a very prominent part in local
society.On Monday afternoon, Mr. and Mrs.
Dean were the guests of Mr. and Mrs.
J. R. Galt on a motor trip around the
island.On Monday afternoon, at the home
of Mrs. Theodore Richards, the pupils
of Prof. L. A. De Gracia gave a very
interesting recital. Among those tak-

year, Miss Sutherland's mother and
sister are both here in Honolulu and
she will spend the summer with them.Little Miss Virginia Watson, daugh-
ter of Judge and Mrs. E. M. Watson,

Saturday afternoon by entertaining a
number of her little friends. After an
exciting peanut hunt and several
merry games, the little ones sat down
at a prettily decorated table in the

day cake. It was a very happy after-
noon for all of the little people there.Colonel and Mrs. F. P. Reynolds en-

Before returning, they expect to
motor over Hawaii.Mrs. Baldwin Wood, who has been
spending a strenuous couple of weeks

she also spent a week with her sister,
Mrs. Harold Dillingham, at the Vol-
cano House, Hawaii.Miss Harrison of the Punahou Pre-

she does not expect to return in the
near future.Mrs. Clarence R. Edwards, wife of

her daughter and niece, is a recent

mained behind her husband in the east
until her daughter had completed the
year in school.Mr. and Mrs. William A. Bryan left
yesterday for Molokai, where they
will spend the summer out-of-doors,
camping and hiking, at the same time
collecting material and specimens to
be used in Mr. Bryan's zoological and

The Changing Age

Girls and boys from 14 to 19 years of age undergo physical changes which tax their strength to the utmost and the strain is always apparent from pale cheeks, colorless lips, and tired bodies—sometimes eruptions of the skin and the utter lack of the ambition and animation with which their younger years were filled.

Budding into womanhood and manhood, with the duties of school or business, demands concentrated nourishment which is readily convertible into red blood corpuscles, energy and strength, and the very best thing for this changing age is the medical nutriment in Scott's Emulsion—it possesses the rare blood-making properties of cod liver oil in a predigested form; hypophosphites for the nervous system, with the healing, soothing qualities of pure glycerine.

Its nourishing force promotes assimilation, yields direct returns in abundant, red blood, fills hollow cheeks, tones the nerves, makes all good food do good, and does it in a natural easy manner.

The sustaining nourishment in Scott's Emulsion is so helpful to this changing age that it should never be neglected—every druggist has it.

COAST CRITIC

WARMLY PRAISES MARION DOWSETT

Alfred Metzger, the well-known San Francisco musical critic, has written the following appreciative criticism of the singing of Mme. Marion Dowsett (Marion Dowsett Worthington) on the occasion of her recent appearance in the Golden Gate city:

"Mme. Marion Dowsett, mezzo soprano, assisted by Herbert Riley, cellist, and Gynia Armay, pianist, gave a concert at the Colonial ballroom of the St. Francis Hotel on Thursday evening, May 28th. A very select audience was in attendance and the frequent outbursts of applause proved beyond a doubt that Mme. Dowsett understood perfectly how to please her listeners. The program was representative of the very best of musical literature, including principally concert songs, but also including works of an operatic nature. The selections were varied in character and demanded exceptional talent for adequate interpretation. Mme. Dowsett possesses a warm, rich mezzo soprano of 'velvety' quality, which has been properly placed and which is used with fine artistic intelligence. Among the songs on the program that taxed Mme. Dowsett's ability more than anything else were the two works by Franz and Strauss. Any singer who can give these two songs such satisfactory interpretation as to expression and phrasing as Mme. Dowsett did on this occasion does not need to be afraid of giving satisfaction in any of the other works in vocal literature. The possessor of a beautiful voice will never find any difficulty in singing the notes of a song, but to extract a sufficiently pronounced sentiment from these notes to match the words written to express the same is an art of which but few are capable. We are pleased to state that Mme. Dowsett gave complete satisfaction both as to beauty of voice and intelligence of expression, and this is something we can not too often say of our resident artists."

YE LIBERTY THEATER.

A production as a war picture, one of the most wonderfully realistic that has yet been attempted and has received extensive notice and praise on the mainland and along the Pacific coast is "The Battle of Waterloo," to be offered as a stellar attraction at Ye Liberty theater beginning with Thursday evening and continuing throughout the week with a matinee Wednesday and Saturday afternoons at which time other added features will be offered, especially for the young people.

Probably one of the most dramatic events in history was that stirring one which put an end to the destructive career of Napoleon Bonaparte. Fascinating as was this upstart, who ruled by virtue of superior military genius, or remarkable character and lofty ambition, he was a perpetual menace to the peace of Europe, an active volcano of sudden and terrific eruption. His tremendous egotism made him ruthless—he destroyed friends and foes with equal indifference—and the civilized world gave a sigh of relief when he was at last sequestered at St. Helena.

The high point of his history was reached at Waterloo, where his masterly militarism was declining because of physical infirmities, and also because he met in Wellington a genius of determination.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic trouble of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—advertisement.

If Your Bowels Don't Act Right Read This

We believe your doctor will tell you that about ninety-five per cent of all human ills are indirectly caused by "unclean and constipated bowels. You know the first question the doctor always asks is, "Are your bowels regular?"

To make and keep your bowels regular use Rexall Orderlies. We believe they are the safest, most dependable, easiest to take and most thoroughly good remedy for bowel troubles ever made. We back this belief with our honest promise that, if they do not satisfy you in every way, we will give back the money you paid for them as soon as you tell us.

Rexall Orderlies taste like candy. Soothing and easy in action, they do not cause griping, nausea, purging or excessive looseness, as do most physics and especially salts. They tone and strengthen the nerves and muscles of the bowels, promptly relieving constipation; and helping overcome its cause, thus relieving sick headache, biliousness, bad breath, nervousness and other ills attendant upon inactive bowels. In vest pocket tin boxes; 10c, 25c, 50c.
You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us.—Benson, Smith & Co., Ltd., Honolulu.—advertisement.
