### Madman With a Hatchet Shot Down In Desperate Encounter

Collins, the man who was supposed by the officers of the W. G. Hall yesterday to have committed suicide by jumping overboard, his clothes having been found on board the vessel on the morning after her arrival, and the man having acted very queerly on the trip from Kauai, is now in a very precarious condition at the hospital. However, later developments have proved that he was very much alive during the whole time that the police were looking for him and people on the waterfront were gazing down into the depths of the water, thinking perhaps they might see something of the body.

The fellow was seen wandering around in the vicinity of upper Pensacola street and the Makiki district last night and officers were out trying to locate him. He remained in that vicinity all night, and this morning early some of the people of the district heard from him with a vengeance.

At about 4 o'clock, Collins, for he it was, went to the Makiki fire station, where he was employed about two years ago, and from which place he was discharged on account of habitual drunkenness.

In the kitchen at the rear was Ben Foster, one of the horsemen, whose duty it is to get up in the morning and prepare coffee for the boys of the station. He had his fire going and his coffee ready when he walked Collins. The two having known each other for a long time, Collins asked for a cup of coffee, and was readily given it.

While Collins was sitting in the kitchen, Foster noticed that he had a hatchet with him and asked him what was his intention to do with the tool. Collins answered that he meant to chop wood with it.

Foster paid no more attention to the man, but went about his work. Suddenly Collins, who had finished his coffee, jumped from his seat, and, running in the direction of Foster, struck him on the head with the hatchet. The poor fellow fell to the floor with a deep gash on the side of his face, the blow having been a glancing one. The hatchet man made a bound for the door and was soon out in the street.

It was some time before Foster was able to realize what had taken place on account of the stunning blow that had been delivered on his head. When he did realize what had taken place, he crawled to the fire station proper and alarmed the drivers who were at work on their horses. The foreman was awakened and the whole place was very soon in a bustle. Foster was taken in charge and at once removed to the hospital, where it was found that there had been a fracture.

In the meantime, Collins had run down the road and, spying a Portuguese milkman, made for him with the hatchet. The fellow left wagon, milk and all, and took to his heels. The

### O'BRIEN TALKS ON PHILIPPINES

Frederick O'Brien, well known in Honolulu and formerly city editor of the Advertiser, is a through passenger in the Nippon Maru, bound home to the Mainland for the purpose of settling up some of his affairs there and of buying a picture-making plant and other material for the "Cable News" of Manila, of which he was recently made the managing editor by Israel Putnam, the owner.

Mr. O'Brien passed through here several months ago on his way to the Philippines for the purpose of investigating the commercial conditions of the islands for the New York Commercial. Unfortunately, he was laid up for four months while on his way, the trouble being with his knee.

During his short stay of six weeks in the Philippines, Mr. O'Brien was fortunate enough to accompany Governor Taft of the Philippines Commission on his tour of three weeks among the Governors of the various provinces of the island of Luzon. In this way, he was able to note the very conditions which he went out to learn. He does not speak very encouragingly of the present status of the Philippines, but insists that there is a very bright future ahead for the islands. Regarding Uncle Sam's new possession, he said:

"Hawaii is a paradise to the Philippines. There you have hot weather, plague, cholera and high-priced food. It is necessary to keep everything on ice on account of the weather. It is very dull in Manila just now. However, the coinage out there is adjusted, there will be an era of good times within six months after that happy consummation."

Speaking of the sugar industry in the Philippines, Mr. O'Brien said: "There is a miserable quality of cane in the islands and their methods are very primitive indeed. The Philippines are just now suffering from a dearth of transportation facilities and agricultural power. As you know, the only power used out there in the cultivation of rice and sugar is the caribou, or water buffalo. Over 90 per cent of these animals have succumbed to the ravages of what is known as the rinderpest and the people are almost destitute of power to till the soil."

"The condition is so aggravated that a large percentage of the rice fields and sugar plantations lies fallow. There is absolutely no way of cultivating them. The buffaloes are the only animals they have. There is nothing like a steam plow in the place. They have a miserable species of pony but these animals are not suitable for the work. Congress has appropriated \$2,500,000 for agricultural relief in the Philippines and the government of the islands has bought 20,000 caribou from the Straits Settlements and these are to be made rinderpest-proof in Singapore previous to shipment to the Philippines. These animals will relieve the situation somewhat."

"The labor situation is analogous to that of Hawaii, only Hawaii has the advantage of occasional shipments of Japanese laborers into the country. The only salvation, according to the merchants and agriculturalists with whom I have spoken regarding the matter, is the opening up of the gates to the Chinese on the same basis as it is being sought to have them admitted into Hawaii. The Allied Chambers of Commerce of Manila have sent an agent to Washington whose business it will be to work toward the realization of this very much to be desired end."

During Mr. O'Brien's travels he chanced to meet Mr. Hedemann of the Honolulu Iron Works, who has spent a long time in the Philippines studying the conditions there. Mr. O'Brien re-

### Commerce Department And Staff Bills Signed

[Associated Press Special Cable.]  
WASHINGTON, D. C., Feb. 14.—President Roosevelt today signed the bill creating a Department of Commerce, also the General Staff Bill. Labor Commissioner Carroll D. Wright is prominently mentioned as the head of the new Department which will be represented by an additional member in the Cabinet.

### First Anti-Trust Law

[Associated Press Special Cable.]  
WASHINGTON, D. C., Feb. 14.—The Elkins anti-trust bill passed by Congress has gone to the President for signature. This is the first of the many trust bills introduced at this session to successfully run the gauntlet of Congress. It is anticipated that Roosevelt will sign the bill.

### Squadrons Ordered Home

[Associated Press Special Cable.]  
LONDON, England, Feb. 14.—Following the signing of the protocols, orders have been issued to warships to raise the blockade of Venezuelan ports. There is naturally great rejoicing throughout Venezuela. Between the Powers and the revolutionists the people have suffered great privation and much financial loss. Large cargoes of supplies are on the way.

### Germany Highly Pleased

[Associated Press Special Cable.]  
BERLIN, Germany, Feb. 14.—Great satisfaction over the outcome of the Venezuelan affair is manifest in the official circles of Germany. Though starting out on an equal footing with Great Britain and Italy, Germany finds herself the most-favored of the Allies by the final terms of settlement. The radical policy of Emperor William, which caused widespread comment and aroused fear for the results, is now hailed as a master stroke of statesmanship.

### Bryan Not Candidate

### IN THE HIGHER COURT

J. W. A. Redhouse has appealed from judgment against him in favor of Cecil Brown rendered by District Magistrate Dickey for \$165 on account of rent of premises at Kaimuki. Defendant's plea to jurisdiction in the District Court was overruled. It was based on his allegation that the principal of the mortgage under which the place was sold was not due at the time of foreclosure. The First American Savings & Trust Company bought the property at foreclosure sale and the plaintiff bought it from that company. Execution for \$248.47 on judgment for W. W. Dimond & Co., Ltd., against Orpheum Co., Ltd., is returned by the High Sheriff unsatisfied owing to an order by the Chief Justice recalling the remittitur previously issued. Since the defendant's writ of error has been dismissed by the Supreme Court, a new execution will probably be issued. Execution for \$241 in the case of C. K. C. Rooke vs. S. de Nobrega is returned fully satisfied. Execution for \$225.55 in the case of L. J. Sun vs. Jesse Makainai is returned fully satisfied.

### Carter's Exertions Result In Fire Claims News

Washington, D. C., Feb. 14.  
To Governor Dole:  
Bonds will be prepared here. Treasury agent will take million and bonds to Honolulu and disburse at Territory's expense. But Territory should appoint agent here to act now in details and arrange with agency in New York. Suspend preparing transcript.  
SHAW.

George R. Carter, since noon yesterday, has succeeded in effectually clearing up the whole situation with regard to the payment of fire claims. By an explicit expression of ideas in a cablegram, at some expense, he has saved a much greater expense to the Territory.

An agent of the Treasury Department is coming to Honolulu with one million dollars and the bonds for the remainder to pay all of the awards. There is, therefore, no need of the labor and expense of preparing a transcript of the judgments of the Fire Claims Commission, which Mr. Carter was prepared to have done forthwith in accordance with the seeming intent of previous directions from Washington to the Governor.

Yesterday afternoon W. W. Hall, representing the business men's committee received a cablegram from Special Agent J. G. Pratt, saying:

"Awaiting Dole's instructions. Arrangements perfecting sending disbursement agent to Honolulu with bonds and money. Must pay all expenses here."

Mr. Hall showed this cablegram to Mr. Carter, and, as the Governor was absent from his office yesterday, Mr. Carter, after conferring with gentlemen intimate with the intricacies of the fire claims, concluded that Mr. Pratt's message did not clear up the question as to the relation of the negotiation of the bonds with the disbursement of the cash grant made by Congress. He therefore sent the following cablegram to Mr. Pratt:

Honolulu, T. H., Feb. 13.  
To Pratt, Hotel Richmond, Washington:  
Just starting transcript awards. This will cost over \$500. Prefer to stop this and have Secretary Shaw send here immediately a disbursement agent who can bring Hitchcock's instructions as to regulations for bonds. Such agent can investigate attorney's charges, prescribe form of surrender to be attached original certificates award, can see necessity for paying out cash; otherwise Government warrants may have to be discounted. Legislature soon in session. Territory can arrange for agent's expenses, also cost of engraving and sale of bonds.  
See Shaw and Ryan. If plan satisfactory to them, wire at once and will stop work on transcript.

### W. O. SMITH THE AGENT

Governor Dole has appointed W. O. Smith agent for the Territory to arrange the fire claims bonds in New York, as directed by Secretary Shaw. A dispatch to Washington was sent forward this morning announcing the appointment.

Is not sale of bonds a condition precedent to any payment? If so, claimants may take a portion. CARTER.

"There has been a good deal spent in cablegrams," Mr. Carter said to a Bulletin reporter this forenoon, "but the trouble is enough was not spent in that way at the first."

He had received the following reply from Mr. Pratt:

Washington, D. C., Feb. 14.  
To Carter, Secretary, Honolulu.  
Shaw's message Governor answers yours.  
This indicated something definite from the Secretary of the Treasury and Mr. Carter communicated with Governor Dole, who remained at his house again today. It was not until the noon hour that the Governor telephoned Mr. Carter the cablegram given above just received from Secretary of the Treasury Shaw.

### NOTEWORTHY PEOPLE

Among the through passengers in the Nippon Maru is Capt. Buller, R. A., an English army officer who made a great reputation for himself during the Boxer troubles in China. He is on his way to South Africa, there to enter upon new duties.

Lieut. Warren Dean, a cavalry officer of the United States Army, is another passenger. He is the hero who, in the Philippines, stood off five hundred Filipinos with a cavalry troop of only twenty-five men who had all but reached their last round. He belongs to the regular army and rose from the ranks. He was in the Cuban campaign and was with the army of the allies during the Boxer troubles in China.

Surgeons Whelan, Thomson, Riebert and McAndrews, have all finished their four-year term of enlistment in the Philippines and are now bound home.

### \$300 FOR CHARITY

**THE FRENCH PRESENTS**

Alexander's History gives the following statement of the gifts from France to Kamehameha IV., some of which were sold at auction yesterday: "An act reducing the duty on brandy to three dollars a gallon was passed by the Legislature of 1855, whereupon negotiations were resumed by Mr. Perrin which occupied more than two years, the chief difficulty being in regard to the official use of the French language. The new treaty with France was finally ratified September 7th, 1858, with a clause limiting the duties on wines and brandy for ten years more. On the 19th of February, 1858, Mr. Perrin presented the king with a silver epeyne, an ornate clock, a pair of silver candelabra and a Sevres dinner-service from the Emperor Napoleon."

**HOSTETTER'S STOMACH - BITTERS****UNIQUE INVITATIONS**

The following very unique invitation has been sent out by the committee on arrangements of the Honolulu Engineering Association for the first annual meeting, consisting of Robert J. Pratt, F. W. Beardslee and Robert McNaught:

The third meeting of our Association for the consideration of the "Uses and Abuses of Cement," falling as it does on Monday, the 2d of March, the first anniversary of the organization of our Association, it is proposed to celebrate the double event by giving to ourselves and a very few invited guests what might be appropriately termed "a concrete supper." The trouble to commence at eight of the clock on the evening of that date, at Castle & Cooke's Assembly Hall, then to be continued elsewhere and to terminate nobody knows when. The object is to cement in the bond of good fellowship, as far as possible, the various members of our organization into a homogeneous mass that will be able to stand together under any ordinary "pressure or strain."

The program so far as outlined will include:

1st. The gathering of the units together and a "gentle dry mixing."  
2nd. Time for the first or "incipient set" (business meeting and the election of officers) which will be short and as dry as is considered advisable for good work.

3rd. A longer, much longer, period of "setting," under more moist conditions. The authorities do not agree as to just the amount of dampness required to accomplish the most perfect "integration of the mass"; some insisting on only a little, others demanding more. We will thoroughly test both methods.

In order that the committee having charge of this affair may be enabled to accurately gauge the amount of dry and moist material necessary to satisfactorily "fill all the interstices" (a vital point in concreting) it is requested that you use the enclosed card and notify us promptly as to your ability or inability to be present with us on that occasion.

**A BATTLE CRY.**

The night was calm and still. Overhead the twinkling lights shone like diamonds upon the sleeping army of men rolled in their blankets and resting on their arms. The call of a sentinel now and then in low voice alone disturbed the deathlike stillness. The brave men on the eve of facing the Great Leveler saw in their dreams the faces of loved ones at home and the flag as it waved its legend on dreamland's airs. The alarm is given. Each is in his place. The general stands before the silent army and views with pride his men. Erect, a soldier, a hero, he thus counsels them:—

"Remember, men, that the battle cry is 'THE DOUGLAS PATENT CLOSURE.' It is guaranteed against leakage and the annoyance of running water." And, as the light broke, the victorious army of the DOUGLAS waved its banner over the vanquished Bath. The Plumber will tell you why the DOUGLAS excels.

## KAMAALINA TOMMYROT.

The appointment of Philip L. Weaver to the position of Assistant Deputy Attorney General rewards a young man of admitted capabilities and completes the working forces of the Attorney General's Department. It is to be presumed to the satisfaction of those who must be held responsible for its administration, and, it is to be hoped, to the satisfaction of the people. Attorney General Andrews is a young man who has his friends, his deputy, Mr. Peters, is another young man who was prominently mentioned for the judgeship now held by Mr. De Bolt and has proved himself a very capable attorney, and now Mr. Weaver, a young man of good education and a successful legal practitioner, has been added to the list. The Bulletin sees no reason why the combination should not make a very good team. Mr. Andrews has selected the men he wants and as he is held responsible for the administration of the department this is a very proper proceeding on his part. The Bulletin wishes the Attorney General's department every success.

For the officials, the Bulletin has only words of commendation and hopes for their success, but the incidents leading up to the vacating of the several offices in this department and the method of filling them points to an interesting line of thought of especial interest to the public, which for several years has heard a great deal about the necessity of appointing kamaalinas to office.

The term kamaalina as used by those who make most frequent resort to it, and therefore are presumed to know what they are talking about, means an old resident or a son of the soil as distinguished from the American recently arrived in the country, and, although he is a thoroughgoing American, does not possess that superiority of caste, or whatever it may be called, to admit him into the sacred circle which makes him eligible to official favor.

When Attorney General Dole resigned his natural successor was John W. Cathcart, the then Deputy. Mr. Cathcart is an able lawyer as was evidenced by his official record and the endorsement for promotion by practically the whole Bar Association. Even Mr. Andrews had said that he would not stand in the way of Mr. Cathcart's appointment. The kamaalina experts however commanded that Mr. Cathcart should not have the position. A man of longer residence and experience was needed, indeed must be had; too many newcomers, malihinis, were getting in to office; the islands had capable men and the Hawaiian-Americans especially should be shown that the islands produced men able to fill offices without drawing on the influx from the States. After much talk of this character Lorin Andrews was appointed to the office.

The steamship records will doubtless show that Mr. Andrews arrived in the islands after Mr. Cathcart. If Cathcart came to the islands with nothing more than a carpet bag and a determination to make an honest living it is safe to state that Andrews, who came later, had little more additional than possibly a tooth brush and a toothpick and a relationship.

Thus in this instance was the kamaalina cry, Tommyrot, pure Tommyrot.

Then came the important duty of selecting a Deputy to the Attorney General. Mr. Cathcart had resigned. It was suggested to Andrews "For God's sake get a Deputy who has been in the islands for some length of time!" Mr. Douthitt, the assistant deputy, was in line of promotion and had made a good record. He is a comparatively recent arrival, not as recent however as Mr. Peters. Douthitt was not an active applicant for promotion and Mr. Andrews was left practically scot free. There were kamaalinas, sons of the soil, to draw from. Mr. Andrews selected E. C. Peters.

For the second time was the kamaalina cry proved to be Tommyrot, pure Tommyrot. Assistant Deputy Douthitt made certain demands with which Mr. Andrews decided he could not comply and he was in consequence forced to look about for a new Assistant Deputy for the department. Once more the kamaalina question came up. Andrews as a malihini representative of the kamaalina experts would presumably select his man from the young men whose birth and residence entitled them to a place in the kamaalina class. Two candidates of recognized ability and kamaalina qualifications were applicants—W. T. Rawlins and Alex. Lindsay, young men, born here, who had completed their legal education in universities of the mainland and start-

ed law practice in Honolulu. Mr. Rawlins' worth had been recognized by the judge of the United States court by his appointment to the position of Referee in Bankruptcy. Each of these men possessed the kamaalina qualifications and legal knowledge. Rawlins is said to have been endorsed by the Republican committee.

After considerable apparently weighty deliberation these candidates were passed over. Philip L. Weaver, a comparatively recent arrival but with a relationship, presumably a tooth pick and a tooth brush besides his carpet bag and a determination to make a living, is appointed to the office which it was generally supposed would be the especial pigeon of the kamaalina.

So for the third and last time is the public treated to an exhibition of the fact that the kamaalina cry is Tommyrot, pure Tommyrot. The Bulletin has no quarrel with the so-called malihini, new comer, carpet-bagger. This paper would be glad to see one thousand a month of these men coming in on the steamers from the mainland, with or without the carpet-bag, the tooth pick and tooth brush, with or without the relationship; poor but honest men with a determination to make an honest living. The Bulletin, like a great portion of the people of the Territory has, however, and hopes it may always have a quarrel with bare-faced hypocrisy. The Bulletin has always maintained that the kamaalina cry is unadulterated, the quintessence of hypocrisy. The openings and subsequent refilling in the Attorney General's department have furnished a brilliant opportunity for the kamaalina forces to "make good." The Bulletin has offered no comment, suggested no candidates, preferring to allow pristine kamaalinaism to take the even tenor of its way. The Bulletin has no criticism to offer against the young men who have the prosecuting destinies, the legal responsibilities, of the Territory in their hands. It wishes them well. They have much to win and little to lose. But in view of the events of the past few weeks the Bulletin with the public is convinced that the kamaalina spellers will display by far the better part of valor by ceasing their everlasting protestations of regard for the kamaalina as against the malihini. Honesty is the best policy. The people are very well aware that the kamaalina cry is Tommyrot, pure Tommyrot.

## COERPER SELLS

KONA-KAU CONTROL

FOR \$350,000

The deal has been completed by which all of Jacob Coerper's right, title and interest in the Kona-Kau railway, and the Kona Plantation passes into the hands of H. Wilson, president of Wilson, Lyons & Co., railroad contractors of San Francisco. Surveyor Wall and his corps of engineers are forwarding the surveys and construction and will continue to carry on the railroad work to completion.

By the terms on which the transfer was made, obtained from a reliable source of information, the Wilson company agrees to pay all the debts which Coerper guarantees will not exceed \$50,000. Coerper is to receive \$26,250 in cash, \$2,500 in sixty days and \$23,750 six months later. Within a period of four years, during which the railway bonds will be floated, Coerper is to receive \$320,000 in cash. With debts to be taken up by the purchasers Promoter Coerper has closed out his interests for about \$400,000, the large proportion to be received in cash.

At the adjourned annual meeting of the Railway Company to be held in a few days, the new Wilson directors will probably be named. The plans of the new owners have not been developed further than is necessary to carry out their determination to build the road. The Kona-Kau proposition has always been considered a good one, but Promoter Coerper has had a long and hard fight of it to carry his program through in the face of the general financial depression in the Territory and the misfortunes of the Kona plantation. The Wilson Company has the backing to carry the project to completion and with the development of the Kona side of Hawaii, which railway communication will unquestionably guarantee, a good paying railroad is assured. Coerper still retains some stock in the company but the absolute control is now in the hands of Wilson.

## KAMEHAMEHA ALUMNI

# "FOR ALL CATARRHAL COMPLAINTS"

Pe-ru-na is Most Excellent," Writes Congressman John L. Sheppard.

CONGRESSMAN JOHN L. SHEPPARD.

Gentlemen:—"I have used Peruna in my family and find it most excellent remedy for all catarrhal complaints."—Congressman John L. Sheppard.

THERE are two things that the whole medical profession agree about concerning catarrh. The first is that catarrh is the most prevalent and omnipresent disease to which the people in the United States are subject. All classes of people have it. Those who stay in doors much and those who go outdoors much. Working classes have it and sedentary classes have it. The doctor finds catarrh to be his constant and ever-present foe. It complicates nearly every disease he is called upon to treat. The second thing about catarrh on which all doctors agree, is that it is difficult to cure it. Local remedies may give relief but they fail to cure permanently. Sprays or snuffs amount to little or nothing except to give temporary relief. Catarrh is frequently located in internal organs which cannot be reached by any sort of local treatment. All this is known by every physician. To devise some systemic internal remedy which would reach catarrh at its source, to eradicate it permanently from the system—this has been the desire of the medical profession for a long time. Forty years ago Dr. Hartman confronted this problem. He believed then that he had solved it. He still believes he has solved it. He cures thousands of people annually. During all these years Peruna has been the remedy upon which he has relied. It was his first private prescription.

For special directions everyone should read "The Life of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

## MIXED CLAIMS CAUSE TROUBLE

John F. Colburn has appealed to the Supreme Court from a ruling of J. H. Fisher, Auditor of the Territory, on a fire claim award. There were three claims relating to the same property, being those of Colburn, the executors of Lau Chong, and L. L. McCandless. Upon the issuing of warrants for payment of 10 per cent of all awards of the Fire Claims Commission, the Auditor refused to deliver a warrant to Colburn until he produced the written consent of those whose claims were joined with his own in a certain award. Colburn's award was for \$5,523, of which \$505 was without qualification and the remainder in varying amounts subject to six other claims, one of which is further subject to another claim and still another claim is subject to the interest of Colburn's claim. After having offered bonds that he would settle all claims to which his award was subject, he obtained orders from all excepting the Lau Chong executors and McCandless, and then offered a bond to settle with them. The Auditor refused in the following terms under date of January 20:

"Herewith I beg to acknowledge the receipt of your favor of the 19th inst. and in reply thereto, and acting on the advice of the Attorney General, I must decline to surrender warrants where two or more awards are tied up in one, without the authorization or receipt of all the parties interested.

"As to surrendering the warrants as you request, on the filing of an approved bond, I have no authority of law for so doing.

"After considering the matter carefully, I must refuse your request until furnished with the proper receipts, or upon a proper order of the court."

An explanation of the mixing up of claims relating to single properties is the fact that the Fire Claims Commission was not authorized to adjudicate the ownership of property destroyed. It apportioned the losses to the properties. Differences between lessors and lessees regarding improvements, etc., could not be decided by the Commission.

afterwards manufactured expressly for him in large quantities. This remedy, Peruna, is now to be found in every drug store and nearly every home in the land. It is the only reliable internal remedy ever devised to cure any case of catarrh, however long the case may have been standing.

A Case of Nasal Catarrh of Five Years' Standing Cured by Peruna.

Hon. Rudolph M. Patterson, a well-known lawyer, of Chicago, Ill., writes: "I have been a sufferer from nasal catarrh for the past five years and at the earnest solicitation of a friend I tried Peruna and am glad to say it has afforded a complete cure. It is with pleasure I recommend it to others."—Rudolph M. Patterson.

A course of Peruna never fails to bring relief. There is no other remedy like Peruna. Its cures are prompt and permanent.

Mr. Camillus Senne, 257 West 125th street, New York, writes:

"I have fully recovered from my catarrhal troubles. I suffered for three years with catarrh of the head, nose and throat. I tried all kinds of medicine without relief, but at last I have been cured by the wonderful remedy called Peruna.

"I read of Peruna in your almanac, and wrote you for advice, which I followed. After taking one and one-half bottles of Peruna I am entirely cured, and can recommend Peruna to anyone as the best and surest remedy for any catarrhal troubles."—Camillus Senne.

Healing Lost by Catarrh—Restored by Peruna.

Mr. William Bauer, Huron, Texas, a Glaner and Miller, writes:

"Some years ago I lost the hearing in my left ear, and upon examination by a specialist, catarrh was decided to be the cause. I took a course of treatment and regained my hearing for a time but I soon lost it completely. I commenced to take Peruna according to direction, and have taken eight bottles in all, and my hearing is completely restored, and I shall give the praises of Peruna whenever an opportunity occurs."—Wm. Bauer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

## To Sick Ones

I WILL SEND YOU HELP IF YOU'LL ASK IT.

Send no money—just a postal, stating which book I shall send. Simply write me—as thousands do every week—to tell me that you need help.

Then I will do this:—I will mail you an order on your druggist for six bottles Dr. Shoop's Restorative. You may take it a month on trial. If it succeeds, the cost is \$5.50. If it fails, I will pay the druggist myself—and I will leave the decision to you.

I do that to convince you—to prove my faith in myself. I have perfected a remedy so unusual—so nearly certain—that I want all who need it to have it. I have made my offer so fair that no doubt or prejudice can deter any sick one from accepting it.

In the past 12 years I have furnished my Restorative to over half a million patients, on trial. My records show that 39 out of each 40 have paid for it gladly, because they were cured. The rest had the month's test free.

My Restorative is the result of a lifetime's work, in learning how to strengthen the inside nerves. It is the only remedy that can bring back the nerve power which operates the vital organs.

A weak organ means weak nerve power. It simply lacks the strength to do its duty. It is like a weak engine, that only needs more steam.

With the old way we doctored the organ itself, and the results at best were but temporary. The results of my Restorative are permanent, and they are absolutely certain, save where some cause like cancer makes a cure impossible.

With this remedy I have cured cases as difficult as physicians ever meet; and I have rarely found a chronic case that could be really cured without it.

My book will tell you why. If you don't need it, please tell me one who does.

Simply state which book is wanted and address  
Dr. Shoop, Box 117, Racine, Wis.

Book No. 1 on Dyspepsia.  
Book No. 2 on the Heart.  
Book No. 3 on the Kidneys.  
Book No. 4 for Women.  
Book No. 5 for Men (Sealed).  
Book No. 6 on Rheumatism.

Mild cases, not chronic, are often cured by one or two bottles. Dr. Shoop's Restorative is sold by all druggists.

Is an interesting thing to a man who is using a pump daily and finds that the Plunger of his pump is all worn out.

They are such simple little things, and yet so much easier to stamp out by machinery than to cut out by hand.

We have a complete stock of PLUNGERS, LEATHERS, CUP LEATHERS and BOTTOM VALVES, little items that make a pump as new and without which a pump is just so much old iron.

## NIPPON'S ROUGH TRIP

The Nippon Maru arrived from the Orient this morning after one of the worst experiences she has ever had since she has been running on the Pacific Ocean. The day after she left Yokohama she ran into a typhoon which, besides doing minor damage to the vessel and her deck cargo, delayed her considerably. This was on the 6th of February. It was noticed that the barometer was falling and a storm coming on. The vessel continued on her way until about 6 o'clock in the morning, when the storm struck her and at 6 o'clock she was hoisted to the top of the sea. The sea came up in great mountains and threatened to overwhelm the vessel. Air ports were smashed and the carved wood work on the bow, together with the lashings of the lifeboats were carried away. The deck forward was covered with water nearly all the time and it was impossible to get out there to work without serious danger of being washed overboard.

In the afternoon of the same day the wind abated but the sea continued to rage and the vessel was started again on her journey at half speed. Things went well until the 10th when another gale, this time from the south, was encountered. It was not so violent as the first one, but lasted longer. Yesterday, calm weather was met for the first time since leaving the Orient and the crew was put to work making repairs and washing the rust off the white paint so that the ship would make her usual neat appearance on reaching port. With the exception of the woodwork carried away on the bows, the big ship looks as if she had had a most pleasant trip to port instead of a terrible battle with the elements.

The Nippon will sail for San Francisco at 10 o'clock tonight.

## THE NEW ENGLAND DINNER

given by the ladies of the Methodist Church last November was so highly appreciated that the ladies have decided to have another. This will be served Tuesday, Feb. 24th, on the Parsonage grounds from 5 to 8 p. m. Price of dinner 35 cents, or three tickets \$1. The funds realized from the dinner will be used to repair the interior of the church. 2280-td

Will cure deafness, that is, any kind of impaired hearing which is possible to be cured. There are many cases of deafness pronounced incurable by specialists that Kickapoo Indian Oil has cured, so if you are troubled in this way don't despair. The trial will be inexpensive, will do you no harm and doubtless will do you great good.

"I was at times for many years very deaf and always had a great deal of trouble with my ears. I was treated and used different preparations but received no help until I ran across your Kickapoo Indian Oil. It completely restored my hearing. That was several years ago and I have staid cured ever since."—H. Hemingway, Montrose, N. Y.
